Country Christmas Plans Made

The Quitaque Chamber of Commerce will be sponsoring Caprock Country Christmas once again this year. The Chamber will also be opening up the Community Center for a Commercial Show.

Anyone with a home business who would like to display their wares should contact Maria Cruz at 455-1456. Businesses such as cosmetics, photography, machine quilting, specialty foods, and tourist related business would be a few of the home businesses available in our area and eligible for a booth in the commercial show.

The Chamber will have the food concession at the Arts and Crafts Show. Cathryn Conner is the chair person for the food concession. Contact Cathryn if you would like to help with this project on Saturday December 14, 1991.

If you are interested in a booth at the Arts and Craft Show call Delores Pigg at 806-469-5317.

Valley FHA Plans Supper

The Valley FHA is holding a Mexican stack to kick-off the first district game of the season against the Harrold Hornets.

The supper will start at 5:30 and last until 7:00 p.m.

Come out, eat and watch the Patriots take the stingers out of the Hornets.

THEN & NOW!

by Eunice McFall

It seems you can not pick up a paper today without there being at least one article written about crime in some degree. Where does it all come from? Is it a fatal disease? Can it be controlled? Do we really try to control it? Hard question to try to answer--of course most of us would immediately say, yes, we want no crime! Now stop and think about how you treat someone's property!

Crime begins in small ways--usually as a young person--a bar of candy, a pack of gum, a balloon--not worth much in the world of finance. But when the child is not corrected for taking something that does not belong to him, he learns to accept the popular concept that it is not wrong unless you get caught!

Well, personally I believe if it is wrong when you get caught, it was wrong when you did the act.

Recently there have been several incidents of glasses being broken out of cars, items stolen from cars, personal items disappearing at school. True these are not major items but it could be the beginning of a lifetime habit of stealing or vandalism. A habit that could place the person in prison for the rest of his life.

Do you, as an adult, respect other people's property, whether your child's, your neighbor's, your boss's, your city's or country's? The repairs and replacements of the city and country are paid out of our pockets, the taxpayers. If each of us would take care to respect others property and teach all our children the same. Think what a peaceful world we could one day live in--no locked doors!!

Of course this puts the responsibility on each of us to clean up our acts--no trespassing, no illegal borrowing, no vandalism!! Can we do it? Let's give it a try!!

Arlene Hinkle Hired As Librarian

A librarian has been hired for the Caprock Public Library. Mrs. Ona Arlene Hinkle began her duties as librarian on October 1, 1991.

Arlene graduated from high school at Lockney, Texas. She has an AA degree from Pensacola, Florida Junior College.

Arlene is married to Bobby Gene Hinkle who is in the military with the Sea Bee Branch of the service. They have two children Roderick of Florida and Michelle Pointer of Quitaque.

"Much more community interest," replied Mrs. Hinkle when asked how the community of Quitaque had changed since she resided here in 1972.

A goal she mentioned for the library was to be able to have something of interest in the library for everyone in the community.

She will be in the library from 8 until 4 on Tuesday, Wednesday and Thursday. Volunteers are welcome on Monday or Friday also, just call Arlene and she will be happy to come any day. The library's phone number is 455-1225.

Briscoe 4-H To Sponsor Team Roping

At Wood Memorial Arena in Silvertown on Sunday October 13 at 2 p.m. the Briscoe County 4-H will sponsor a team roping.

Books will open at 1 p.m. A concession stand will be furnished by the 4-H Club which will be serving lunch and throughout the ropings.

All proceeds go to the Briscoe County 4-H Club.

CELEBRATE THE FIRST

200 YEARS OF FREE SPEECH

Renee Fuston

Turkey Women Graduate From Nursing School

The Clarendon College school of Nursing graduation exercises were held Friday, August 16, 1991 at Clarendon College.

Graduating were 13 students, LeAndra Branum, Patricia Day, Cynthia Fuston, Renee Fuston, Beverly Hedrick, Shirley Hodges, Paula Huber, Angela Keelin, Laura Mize, Trista Moore, Charlotte Ritchie, Christina Swift, Betty Schupe.

Beverly Hedrick

Mr. Kelvin Sharp, Dean of Instruction, was the featured speaker. Salutatorian was Cynthia Fuston, LeAndra Branum gave the valedictorian speech for the group.

Beverly Hedrick trained Clarendon, Texas, and did her clinical in Amarillo. A part time employee at Hotel Turkey, she is the daughter of Ray and Audrey Whitaker of Turkey, they attended her graduation exercises along with Scott and Jane Johnson, owners of the Hotel Turkey.

She is working in Childress, Texas at this time.

Renee Fuston is also a resident of Turkey. Her and her husband, Rex, have 2 boys, Billie Roy, age 9 and Rodney, age 5.

During her training in Amarillo, she won "Nurse of the Week" for two consecutive weeks. This is the first time the award has been given to a student. Renee's long term goal is to get her bachelors degree in nursing. She has one year towards her RN and has three years to go.

Attending her graduation were Mr. and Mrs. Buck Blachney, Mrs. Montgomery, Mrs. Coleen Stone, Debra and Tera Smith, Kay and Elmer White of Amarillo, and Roy Reed of Silvertown.

We wish all of these girls the best of luck and congratulate them on their graduations.

City, Caprock Library Receive Harrington Foundation Grants

The Amarillo Area Foundation and the Don and Sybil Harrington Foundation have announced they will distribute grants totaling \$747,106 to nine organizations. The funds are part of the foundations' unrestricted accounts.

Among the grant beneficiaries is Caprock Public Library of Quitaque. The City of Quitaque will receive \$14,650. The Amarillo Area Foundation grant will

be used to purchase a core collection of books and related equipment to support programs and services of Caprock Public Library. This grant reflects a match of funds that have been raised locally to help create Caprock Public Library.

The purpose of the Amarillo Area Foundation and the Don and Sybil Harrington Foundation is to provide for the enrichment of the quality of life in the 26 counties of the Texas Panhandle.

On January 1, 1988, the Don and Sybil Harrington Foundation was restructured from a private to a public supporting organization for the benefit of and under the control of the Amarillo Area Foundation. Applications are submitted to the Amarillo Area Foundation and reviewed by both boards of directors.

A press conference was held Monday, September 30 to announce the grant recipients. Representing the City of Quitaque and Caprock Public Library was Linda Stark.

A copy of the grant application is on file at the library. The City of Quitaque's grant application was the first one received south of Hereford.

Reception To Honor Wigintons

A going away party and appreciation reception for Tim and Shannon Wiginton will be held at the First Baptist Church in Turkey from 2-4 p.m. on Sunday afternoon October 13. Tim has accepted a position with the Estelline Police Department recently and they have moved to Estelline. Tim and Shannon have been active members of the Fire Department and Women's Auxiliary. They will be missed so come out and show your love and appreciation to them.

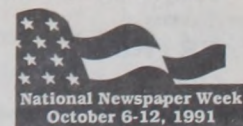

Farm Tour Views Crops In Motley Co.

Area farmers recently gathered at test plots in the Folley Community to assess production practices and potential yields for this year's crops. The tour was hosted by Joe Edd and Kenneth Helms, and Ronald and Joe Ike Clay. Their cooperation with Motley County Agent Rocky Vinson allowed those that attended to gain vital information in producing better peanut yields.

Motley County peanut producers did make excellent yields last year for the most part. This year however, estimates are slightly lower due in large part to the cold weather that the area experienced two weeks ago.

According to records at the Motley County ASCS Office, 1990 crops yielded an average of 2,299 pounds to the acre.

With just at 4,000 acres being planted annually now in Motley County, many producers feel this is now their main cash crop. Most of these acres will benefit from 4.5 million pounds at the quota market. It also shows that this area has the possibilities for further crop diversification.

Alzheimer's Support Group Formation Encouraged Here

Alzheimer's Association Panhandle Chapter Support Group is a national organization committed to easing the burden and finding the cure for Alzheimer's Disease, Related Dementing Illnesses, and Memory Loss in Later Life. This devastating disease is the nation's fourth leading fatal disease among adults afflicting four million Americans.

To aid families touched by this disease ADRDA holds monthly support group meetings free and open to the public. Information on the disease, research updates, practical care techniques, and a list of community resources is provided to those who attend. In addition, time is provided for these persons to discuss the frustrations they feel in caring

for an Alzheimers patient. Perhaps you are aware of individuals or families that would benefit from involvement in a Alzheimer's support group. Assisting our efforts to reach those families and in referring them to an Alzheimer's support group, you are providing a great service to that family.

We are currently trying to start a support group for this area. We believe that there is a strong need for one. We will be having a meeting on Thursday, October 17, 1991 at the Pioneer Room of First State Bank in Silvertown, Texas beginning at 7 p.m. to 8 p.m. Guest speaker will be Collene Carpenter, Panhandle Alzheimer's Support Group Coordinator from the Panhandle Chapter of Amarillo, Texas.

We would greatly appreciate your help and any suggestions that you may have. Please come and join us to make this group a reality.

The public is invited to attend this support group and share with others. For more information call Lois Nance at 847-2582 or Della Boling at 823-2436.

News Reporter To Be Avon Rep for Turkey

Turkey has a new Avon representative. As of October 1, 1991 Shannon Wiginton will be taking orders and delivering Avon supplies for the people in the Turkey area.

Shannon will be in Turkey on Tuesday and Thursday to take orders for Avon and to report the news for the Valley Tribune.

Fairmont Baptist Annual Reunion Set October 13

On Sunday, October 13, 1991 at 10:30 the Fairmont Baptist Church will gather for their annual reunion for the year.

Pastor W. J. Rickey will conduct the morning services. At noon, dinner on the ground will be shared by the church and all their visitors.

In the afternoon, visiting with old and new friends will be on the agenda.

If you need more information, call Janinne Brooks at 847-2559.

Slaton Slates Octoberfest

October 13, 1991 St. Joseph Church in Slaton will be having "Octoberfest." The same German Sausage dishes served for the past 22 years will be served.

However the date has been changed to October 13. Dinner will be served from 11 to 3 at St. Joseph Catholic School.

October 6-12 National Fire Prevention Week

The week of October 6-12 is National Fire Prevention Week, a period set aside to focus on the need for fire prevention in the home, on the job and in our fields and forests.

Forest and grass fires normally increase during the fall months, according to Bobby R. Young, head of the Texas Forest Service Fire Control Department in Lufkin. Most are caused by carelessness, as property owners clear fall garden plots and burn trash, brush and fallen leaves.

"Much vegetation, particularly grasses, will become dormant following the first hard frost," says Young. "No longer able to take up soil moisture, this vegetation will dry out quickly during even short periods of dry, windy weather. To burn trash or debris around such vegetation without taking precautions is just asking for trouble. Every year all too many people find out just how much trouble careless debris burning can be."

Not all forest and grass fires start accidentally, however, some are deliberately set. Though the reasons vary, the results are still the same. Resources are damaged or destroyed. Always report suspicious fire activity to the nearest law enforcement agency.

When forest and fields burn out of control, everyone suffers. Wildlife lose their homes, woodlands lose years of tree growth, and soils lose their protective covering of vegetation and leaf litter. With urban encroachment into wooded areas, wildfires increasingly threaten lives and high value property as well.

Please help your local firefighters protect your lives and property. Practice good fire prevention both indoors and out. It's far less expensive to prevent fires than it is to replace property damaged or destroyed by fire.....and some things just can't be replaced

Billie Loudermilk was taken to Methodist Hospital Tuesday morning. At press time she remains in ICU.

Mable Wilson was taken by ambulance to Methodist Hospital Sunday morning with a broken hip from a fall. She underwent surgery Tuesday morning. She remains in ICU.

Jean, Jarrell, and Elva Rice left Thursday and drove to Ruidoso. While there they took a tour of the aspens and enjoyed a parade Saturday morning. Jean reports one of the best she's ever seen. The Cowboy Symposium was being celebrated at Ruidoso this weekend.

Lockwood McCracken visited Josie Cagle of Silverton Friday on her way to Plainview to visit Leon McCracken in the nursing home. Last week Lockwood had Coleen Taylor and her sister Cleota Burns of California as guests in her home.

Weldon and Billie Jeanne Griffin visited in the home of their daughter and family, Cindy, Steve, Emily, and Ben Venable over the weekend. They helped Cindy celebrate her birthday. Emily returned home with them for a few days visit.

Visitors over the weekend in the Leroy Hamilton home were Bob and Lola Mae Eudy of Joshua, Texas and Clint and Aileen Hicks of Lubbock. While here they attended the 50 year class reunion of Quitaque

High School. Vickie Hamilton and her friend, Jennifer Stephens of Denton visited the Hamiltons Thursday and also visited with Mrs. Ella Colvin of Turkey.

Clovis Native, John Stewart Assumes Air Force Command

courtesy of Clovis News Journal

Army Col. John N. Stewart assumed command of the worldwide Defense Reutilization and Marketing Service for Air Force Col. Raymond M. Agnor Jr., at a change of command ceremony August 27.

The ceremony was presided over by Lt. Gen. Charles McCausland, U. S. Air Force, Director, Defense Logistics Agency.

Stewart becomes the 14th commander of DRMS. DRMS is responsible for redistributing excess personal property and disposing of surplus personal property owned by the Department of Defense. He will oversee operations of five region offices and 221 field offices located in 48 states and 19 foreign countries.

A native of Clovis, Stewart was commissioned a lieutenant of Infantry in June 1967. He transferred to the Quartermaster Corps in 1970.

He holds a bachelor of science degree from the U. S. Military Academy at West Point and a master's degree in business administration from Tulane University, New Orleans.

From 1967 to 1968 he served with the 5th Mechanized Division, Fort Carson, Colo.

From 1971 to 1972 he commanded the Supply and Service Company of the 4th Supply and Transportation Battalion at Fort Carson. Other assignments have included tours of duty with the 2nd Support Command, VII Corps, Federal Republic of Germany; the U. S. Army Logistics Center and the U. S. Army Troop Support Agency, Fort Lee, Va. In 1987 he commanded the 197th Support Battalion.

He then was assigned to the Office of the Deputy Chief of Staff for

Logistics, Department of the Army at the Pentagon. From 1989 to present he has served as the Assistant Chief, Supply Management Division and most recently as Program Manager for the Consumable Item Transfer at Headquarters, Defense Logistics Agency, Alexandria, Va.

Stewart, 46, has been awarded the Combat Infantryman's Badge. He is a Ranger, a Parachutist, and a Parachute Rigger. His awards include the Bronze Star Medal, the Meritorious Service Medal with four Oak Leaf Clusters, the Air Medal, and the Army Commendation Medal.

Stewart and his wife, Jeanne (Kramer), have two children, Laura Lee, 22, and John Kyle, 19. Stewart is the son of Mr. and Mrs. Doc Stewart, Clovis and the nephew of Mrs. J. A. Adamson, Jr. of Turkey. Mrs. Stewart is the daughter of Mr. and Mrs. Melvin W. Kramer, Clovis.

Helpful Tips To Avoid The Flu

Not much is more miserable than a case of the flu. The fever, headache, cough and fatigue seem almost unbearable. The flu is caused by a virus for which there is little effective treatment.

As with many other conditions, prevention is better than treatment. Flu shots are recommended yearly for people over 65 and for those with chronic illnesses such as emphysema, heart disease, diabetes, asthma chronic bronchitis or kidney disease. Also people who come in contact with those in these high-risk groups should be inoculated.

A pneumonia vaccine (Pneumovax) has been recommended for patients with chronic health problems such as diabetes, heart disease, lung disease and malignancy and for healthy individuals older than 50. Side effects are limited to minor discomfort at the injection site. A single vaccination should provide lifetime immunity.

Those in high-risk groups should be vaccinated soon and certainly before Thanksgiving as two weeks are required before the shot can provide maximum protection.

FIRST GRADE NEWS

by Miss Johnson

We want to congratulate our first graders for winning homecoming door prize. We hung coyotes all around the entrance to our room. We have Nadine Davis to thank for the pattern that we used. The first graders made noise makers out of coke cans covered with red, white, and blue. The cans are taken to the pep rallies.

This past week the children brought home a calendar with three words on each day. Please help them spell, read, and say the words. It would be fun to make sentences using the three words.

It is very important to read with your child every day. One of our reading projects will be to label things in your home such as mirrors, doors, windows, etc. Let the children help you to make the words and hang them up.

Miss Barrett has several October art projects lined up for our Halloween theme. Some of these are a handkerchief ghost, confetti pumpkins, and hand painted pumpkins. We joined Kindergarten with several spooky songs.

In math we are using counters to do math. One side of the counter is yellow and the other side is red. We throw the counters and make number sentences. We write all the combinations that add up to one, two, three, four, etc. You could use coins, checkers with a red and black one taped together. We have now completed Chapter 2.

In reading we have completed our first story in DRUMS entitled "A Good Home." We are working on the short and long sounds.

Next week we will begin having weekly spelling tests. I will send a spelling list home on Monday. We will start with the short "a" sound.

Wednesday, special visitors, Ying Lyles and Beth Lyles will give our first grade class an exciting presentation on Chinese culture. We will have fortune cookies and refreshments that will add to the knowledge of the rich culture of the Chinese people.

Our second six weeks has started off on an exciting note. We are still waiting for the results of the T-shirt and cookie making contest that we did with the high school homemaking classes and entered in the Lubbock Fair.

Mother, Son Receive Artist Honors

by Danae' Wilson
Recently Charles Lyles and his mother Jean Lyles were named Artists of the Month by the Deaf Smith County Chamber of Commerce Women's Division.

Charles, principal at Aikman School, has been painting all of his life, according to his mother.

"Charles was an art major at West Texas State University," She said. "Now he paints in his spare time."

His favorite themes are the western motif. He teaches painting at workshops and used to teach at Texas Gallery, which was formerly owned by the Lyles. He and his mother publish art instructions books. They have completed 12 books that are distributed both nationally and internationally.

Jean has been painting for around 25 years.

Flu cases usually begin appearing by early or mid-December and peak in January or February.

Influenza usually strikes suddenly. Symptoms include fever, generalized muscle pain, weakness and a dry, hacking cough.

Victims of the flu should get plenty of rest and drink lots of liquids.

Adults may take aspirin or an aspirin substitute to reduce fever and pain, but people younger than 21 should use only aspirin-free pain relievers. Aspirin has been associated with Reye's syndrome, a complication of flu and chicken pox that can cause vomiting, convulsions, brain damage and death in children.

"I became interested in painting because Charles was interested in it," Jean said. "It is a good hobby. Once I got started, I couldn't stop. You can go as far as you spend time with it."

Her favorite motif is landscape and flowers. She uses all types of media.

"I have taught at 10 national Tole conventions," said Jean. "I was asked mainly because of my books. I've taught in Chicago, Ill., Utah, California and Portland, Oregon and all over the South."

Jean started out by taking private lessons, but soon learned that in order to branch out she had to develop her own style.

"You can paint replicas, but if you want to go into it as a livelihood, you have to develop your own thing."

During the winter, Jean heads south and teaches art classes in the Rio Grande Valley.

"Most of the people who take my classes are from the North," she said. "There are a lot of Canadians."

Jean and Charles enter their work-in-art shows. They have shown in Taos, N.M., Pampa and various local shows.

She and her husband, Euman, were former owners of the Texas Gallery located on West Highway 60 and have resided in Hereford for 17 years.

The Lyles are former residents of Turkey.

VALLEY JV BEATS MCLEAN JV 30 TO 6

by Coach Browning

Our offensive line did an excellent job controlling the line of scrimmage the whole game. We were able to rush for 234 yards and 4 touchdowns. Bubba Powell, Danny Ulrey, and Donnie Calvert came off the ball and opened up some big holes in the McLean defense. Because we were able to move the ball on the ground so well we didn't have to throw the ball very much. When we did throw we were able to gain

Tuesday, October 1, 1991 the Valley Chapter I and Migrant Programs held a meeting at Valley School. There were over sixty present at the meeting.

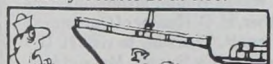

Mr. Jerry Bob Smith gave a brief review of the Chapter I and Migrant Programs. He also explained the funding and eligibility of the above programs. Sara Hinojosa presented information on the "Building Bridges" program.

The video "Where There's A Will There's An A" was shown. This video presented numerous study skills to the parents. The parents showed a great interest in wanting to help their children.

some valuable yards. Bubba Powell was our leading receiver with 3 catches and Ricky Hughes completed 4 out of 6 passes for over 60 yards.

Defensively we had one let down when it looked like we were going to make a big play for a loss and we let up and they turned it into a 62 yard touchdown run which would be their first and last threat of the game. We had 3 fumbles recoveries and 2 interceptions. We always had several players in on each tackle when they ran and a good pass rush when they tried to throw.

We had a good game coming off a loss the week before. The kids were very determined to get back to their winning ways. We are going to work hard this week to get ready for Lazbuddie who beat us two weeks ago. We play them at Valley this Thursday October 10 at 6:30.

A fully loaded supertanker traveling at its normal speed of 16 knots needs at least twenty minutes to stop.

Last Monday night, September 30, 1991 the Valley FHA Chapter officers were installed by candlelight.

Invocation was given by Kacey Fuston, followed by a meal of a variety of foods.

Presentation of Step 1 was given by Claudia Hinojosa, Joni Hancock and Kacey Fuston. Step 1 is a new program to introduce new members to the history and facts about FHA. Those who received Step 1 pins are: Julie Cruz, Amanda Billegas, Amanda Fields, Amy Payne, Krisse Pigg, Lee Farley, Sant Hernandez, Anita Hendrix, Lori Conner, Mandy Adams, Brand Gaddis and Kelly Fierro.

Mrs. Taylor presented those who had paid their dues, their membership cards.

At the end of the supper and presentations, Audra House, President, led the officers and their mothers into a business meeting. The meeting was about raising money for the organization.

DRESSING FOR THE OUTDOORS

Dupre suggests wearing different types of socks which will help keep feet warm and moisture away from the skin. Because moisture in the boot prevents feet from staying their warmest, Dupre recommends using socks made of worsted wool, Thermax® and other synthetic materials which wick moisture away from feet. Socks made of cotton should be avoided, Dupre says, because they retain more moisture than a worsted wool or synthetic material.

Dupre recommends two sock layering methods which he feels are ideal for keeping feet warm and dry.

 Mae Von McDonald of Lubbock, granddaughter of the Tiffins, registered the guests. Over a hundred guests attended.

Agricultural News

Cotton farmers across the Texas High Plains, confronted with a late-planted and late-developing crop, may want to consider using a harvest-aid chemical to help induce boll opening before a killing freeze occurs, according to the Texas Agricultural Extension Service.
 "Although not fully mature, some late set bolls could contribute to yield if the boll opening process is initiated or occurs before a hard freeze," said Dr. James Supak, Extension Service cotton agronomist.
 More than half the High Plains cotton crop was planted or replanted in June. Where moisture was generally adequate and insect damage minimal, the crop fruited up well and retained a relatively high percentage of bolls.
 Below average heat units in July and August, coupled with excessive rains and cool, cloudy conditions in September, further slowed crop development. Consequently, white blooms that occurred after mid-August in the northern counties have a low probability of developing into mature bolls before a killing freeze.
 Still, those late set bolls may possibly contribute to yield if they begin to open before the freeze.
 If by early to mid-October, the crop has only small percentages of open bolls, and relatively large number of bolls at 5 and 6 nodes above the uppermost cracked boll that are still watery, then the harvest-aid chemical treatment may be

economically justified.
 If chemical application is decided upon, Supak suggested that treatment be delayed until 14 to 20 days before the normal frost date. This will provide as much time as practical for boll development, and yet allow time for the harvest-aid treatment to initiate the boll opening process.
 Immature bolls also can be forced to open through the use of a plant growth regulator called Prep. This chemical is a strong formulation of ethephon, which releases the plant hormone ethylene into the plant. Where natural aging isn't conditioning the crop, Prep could possibly be used to force opening of immature bolls to avoid risk of their destruction by a hard, killing freeze.
 The use of Prep could save immature bolls. However, two factors need to be considered, including the crop yield potential and the number of bolls that are sufficiently high in moisture to be susceptible to freeze damage.
