RATION BOARD TO RECOGNIZE NEWLY BORN

State office of price administration has advised that when requested, the Eastland county board shall issue ration book No. 1 to all babies born since the time of issuance.

Says the board: "We are prepared to issue these books at any time up to Thursday, February 25. If not applied for by that date they cannot be issued until after the registration for war book No. 2."

It is also stated that a soldier on furlough, if he presents his papers, may secure 16 points of war book No. 2.

DAN HORN WOMEN ORGANIZE A HOME CLUB

Women of the Dan Horn community met Monday at the home of Mrs. J. G. Stuteville and organized a home demonstration club. Miss Gladys Martin, county agent, presided at the gathering until a president had been chosen.

The next meeting will be held March 3, at the home of Mrs. C. U. Horn and each member is expected to bring a small dish of pinto beans, prepared as they like them best. Also a corn bread muffin.

Officers elected were as follows:

Mrs. J. G. Stuteville, president. Mrs. M. D. Speegle, vice president.

Mrs. C. U. Horn, secretary-treasurer. Mrs. J. W. Speegle, reporter.

Those attending the meeting were Mrs. W. B. Starr, Mrs. Horn, Mrs. Parks, Mrs. Rosson, Mrs. Lambright, Mrs. M. D. Speegle, Mrs. J. W. Speegle, Mrs. Stuteville and the county agent.

WAAC RECRUITERS BE HERE SATURDAY P. M.

Lieut. Oran G. Booth and Mrs. Billie Wardlaw, women's army auxiliary corps recruiters from Abilene, will be at the chamber of commerce, Cisco, from 2 p. m. to 5 p. m., Saturday, February 20.

Those who desire first-hand information concerning enrollment in the women's army auxiliary corps may contact these recruiters at that time.

PIONEER LADY DIED TODAY AT NIMROD; WAS 84

Mrs. Rosa Estella Townsend, 84, died this morning at the home of her son, Ed Townsend, Nimrod.

A resident of Eastland county for more than 65 years and affectionately known to her many friends as Grandmother Townsend, deceased had been growing weaker for some time and her departure was not unexpected.

She was born in Arkansas, October 16, 1859, and was the widow of Bob Townsend, well known and highly respected Eastland county farmer, who preceded his wife in death by some two years.

The funeral will be held at the First Baptist church in Nimrod at 3 o'clock tomorrow afternoon, with interment in nearby Pisgah cemetery. Rev. Mr. English, pastor of the Methodist church at Nimrod, will conduct the funeral services. He will be assisted by Rev. Mr. Myrick, Baptist minister. Green funeral home is in charge of the remains.

Mrs. Townsend is survived by nine sons, all of whom were present when the last call came. They are Ed Townsend, Albert Townsend, Roy Townsend, Jack Townsend, Dee Townsend, Nimrod, J. T. Townsend, Big Spring, Marvin Townsend, McAlester, Ok., Lon Townsend, Ranger, Walter Townsend, Portales, N. M.

MRS. ROCKWELL DIED TUESDAY IN HOUSTON

Mrs. Sarah Wade Rockwell, 76, widow of the late J. M. Rockwell, died at her home in Houston Tuesday morning. The funeral will be held from the late residence in that city this afternoon, with interment in a Houston cemetery.

Born Sarah Wade Richardson, deceased was married to J. M. Rockwell about 1888, in Cisco, where both resided. He was manager of the Rockwell Lumber company, here, at that time, later becoming owner of a chain of lumber establishments throughout Texas.

Miss Richardson is remembered as having been organist at the First Methodist church before and following her marriage to popular Jim Rockwell. Their eldest son, J. W. Rockwell, now head of the Rockwell lumber interests, was born in Cisco. The family moved from Cisco in 1891.

Three sons and one daughter survive Mrs. Rockwell, as follows: J. W. Rockwell, Houston; C. C. Rockwell, Hereford; H. M. Rockwell, United States navy; Miss Lillian Rockwell, Houston.

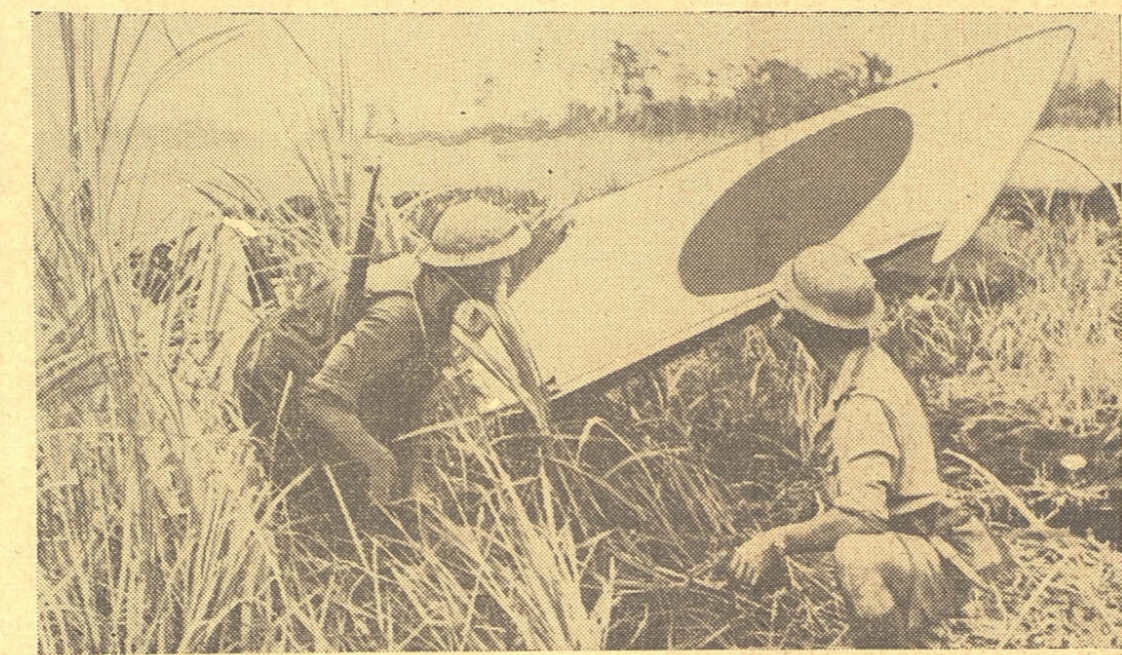

728 TONS OF PEANUTS MOVE TO THE MILLS

Cisco-stored peanuts are being moved to the mills at Carbon and Stephenville this week for processing into oil and cake, the latter to augment the scarcity of hog and cattle feed.

The Consumer's Cotton Oil company bought the entire crop of the Cisco area and W. B. Starr is supervising the moving of 728 tons of peanuts this week.

The sale was handled through the Southwestern Peanut Growers association at Gorman.

Last year was a banner year for peanuts in the Cisco Country and the price was good despite the rain damage that affected great numbers of crops.

HE WON'T FLY ANYMORE—Jap pilot of this Zero came crashing down with his plane, during final assault by Aussies on Giropi Point, Papua. Note plane is new type with square wings. Actual fighting scene taken in Buna area.

FLYERS' SCHOOL POSSIBLE

Cisco MAY secure a flyers' test training school with 300 students to study certain subjects in the Cisco Junior college, and to receive 10 flight hours of flyer training during the five months of the course.

The course is a part of the government's educational department instruction which is given as a prelude to further training for prospective flyer officers.

During this week official investigators flew here to investigate Cisco's fitness for the training school. The gentlemen seemed to be impressed with the Cisco setup, and presumably will make a reasonably favorable report to their superiors. The outcome will be known soon, Secretary Warwick of the chamber of commerce was told.

Recreational and housing facilities were reviewed, as were transportation accommodations, the latter not being so favorable it was suggested. Anyway, they made it clear they liked the town.

The above facts were brought out at the chamber of commerce meeting last night, at which time the idea of having the usual livestock show for Cisco was abandoned, on suggestion of M. D. Fov, agriculture instructor, who had been making investigations as to the feasibility of a show under present conditions.

Directors present at the meeting were Wm. Reagan, A. E. McNeely, C. E. Hickman, E. P. Crawford, A. B. O'Flaherty, L. A. Warren, Nick Miller, J. D. Lauderdale and R. N. Cluck.

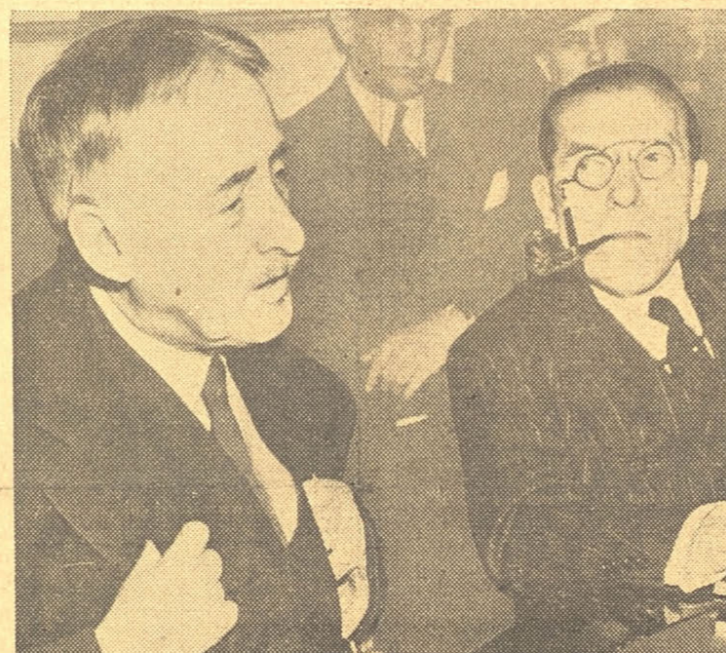

Members present were C. P. Mitcham, M. D. Fox, P. R. Warwick and Charles J. Kleiner.

32d WEDDING ANNIVERSARY IS CELEBRATED

Mr. and Mrs. Frank E. Harrell of Harrell Hill, recent visitors to Houston, were honored with a dinner celebrating their thirty-second wedding anniversary while there.

The dinner was given by their son and his wife, Mr. and Mrs. Wesley Harrell, at the famous San Jacinto Inn, last Sunday night.

Guests at the dinner included J. W. Rockwell, president of the Rockwell Bros. Lumber Co.; Mr. and Mrs. J. M. Sprouse, Houston, and Mr. and Mrs. C. M. Reese, Albany. Mrs. Sprouse is the former Miss Estelle Yeargin of Cisco.

OPA MEETING FUND FOR INFANTILE PARALYSIS DRAGS AT EASTLAND TOMORROW PM.

A meeting has been called for tomorrow—1 to 3 p. m.—at the Eastland county commissioners court room, which all food distributors in Cisco and the county are urged to attend.

Two OPA price and regulation specialists will be present for talks and conferences with those interested.

The talks will have to do with price regulation and with inventories, the Daily Press is informed.

MEETINGS OF IMPORT FRIDAY AND SATURDAY

Two important meetings to be held in the county this week should be attended by large numbers of Eastland county folk, says Floyd Lynch, county agent.

J. E. Rosborough, horticulturist from A. and M. college, will speak at both gatherings and will give demonstrations in orchard spraying, pruning and care and management of orchards in general. The meetings are to be held as follows:

Friday, February 19, 10 a. m., at J. E. Smith's orchard, about three miles south of Gorman, on DeLeon highway.

Saturday, February 20, 10 a. m., at Doss Alexander's orchard, seven miles east of Rising Star on Pioneer highway.

You may have questions in budding and grafting. If so, Mr. Roseborough will be glad to consult with you on any of these problems, as well as discuss locating orchard sites and selecting varieties, Lynch added.

NELSON WINS FIGHT WITH THE MILITARY

WASHINGTON, Feb. 17.—Engineering a clean break with the military critics of his regime, WPB Chairman Donald M. Nelson emerged today with unified civilian control over all phases of the nation's war production program.

In a move which drew a stiff protest from the armed forces but won immediate congressional endorsement, Nelson welded his once-divided agency into a single production unit operating under the direction of Charles E. Wilson, former president of General Electric.

WPB's new "chief of staff" not only will schedule and direct the output of planes, ships, tanks and guns, but also will control the flow of critical materials into production channels. He will rule all WPB industry divisions and branches.

STAMEY TOLD LIONS ABOUT HIGH SCHOOL

Two Lion cubs were introduced at the luncheon today and several visitors were in attendance. Lion Arlin Bini had charge of the program, introducing Lions O. L. Stamey and C. E. Paul.

Lion George W. Downie was instructed to go ahead with preparations for the ladies night banquet, which is to be held soon.

Lion Stamey took as his theme "The High School Victory Corps," a subject that has been introduced into the Cisco high school as a part of the curriculum, stressing the particular phase of physical fitness, with five other courses as optional.

The speaker, who is principal of the high school, said that military drill was given one hour, as a sort of toughening for the softer boys who ordinarily do not engage in any physical exercise. "The other subjects are more or less mental in nature."

"We are now a nation of high school students in our scope," said Mr. Stamey. "In 1900, there were only about 500,000 high school students in the United States, whereas there are now about 10,000,000 in our high schools. Thus it is evident that whatever training we give those in the high school will be more or less universal in scope," he added.

Lion Stamey mentioned the football banquet that Lions and Rotarians sponsor annually, but President N. C. Huston said the ladies night banquet would have to be gotten out of the way first, since it had already been scheduled and arranged for, and lady Lions were expecting the event.

Dr. C. E. Paul was then introduced in piano numbers which were heartily enjoyed.

New cubs were Cecil Kirk and Charles Clark. Visitors were Lion Gene Eio and Rotarian T. J. McCarty, Abilene; P. R. Warwick and Rotarian R. L. Ponsler, Cisco.

ROMMEL'S SEASONED FIGHTERS ADVANCE 35 MILES TO ENGAGE YANKS IN SBEITLA OUTSKIRTS

ALLIED HEADQUARTERS, North Africa, Feb. 17.—Marshal Erwin Rommel's Afrika Korps, developing a powerful offensive against American lines in Tunisia, has made an advance of 35 miles and is engaging U. S. forces in the outskirts of Sbeitla, it was announced today.

The American armored forces, still lacking battle experience, were faced by the war-toughened 21st Armored Division of Rommel's army. Stuka dive bombers flew ahead of the German advance and blasted American positions.

Unless the Axis offensive is halted soon, it was believed the Americans would be forced to withdraw to the high hills north of Feriana, which is 37 miles southwest of Sbeitla.

An American counter-attack died off yesterday in the face of severe losses, it was said, and the Germans succeeded in overrunning some of the U. S. positions.

(There was no indication whether the Germans were attempting a full-scale attack or whether their offensive merely was a stab at the American lines in an attempt to keep the Allies off balance. The Berlin radio said the Tunisian action was not the start of a decisive battle and said "it is believed on the contrary that the opposing forces are still in the phase of concentration moves.")

Today the British Eighth Army told the Axis that it was driving straight toward Medenine, "Verdun of the Mareth Line."

The Eighth Army apparently was not far from the Mareth Line, inasmuch as the Middle Eastern command announced that it advanced yesterday toward Medenine, heart of that desert defense system behind which the remnants of the Afrika Korps were expected to make a stand.

By announcing that it advanced toward Medenine, the Eighth served notice that it meant to crack the Mareth Line at its strongest point, although the German radio expressed fears that the British coincidentally intended to flank the line and swamp Axis positions.

CAN'T STOP THEM.

MOSCOW, Feb. 17.—The Red army captors of Kharkov are delivering powerful blows against desperate German resistance as they push westward from the recaptured industrial metropolis and other Soviet troops are smashing along a wide front on the eastern side of the Donets Basin and west of Rostov as the Germans pull away from their long-held lines, the Russians said today.

PRICE SPIES.

Is it really necessary for the Office of Price Administration to assemble a lot of spies to hunt up violations of official price ceilings and report on them? If the ceilings are posted, as they should be, the customers can certainly be trusted to talk turkey to any shopkeeper found raising the roof. If not in view, can customers not be trusted to see that they are posted promptly?

Most Americans are ready and willing to conform with the rules. They will put up with any necessary discomforts. The minority patronizing black markets and bragging about it as in the dear old days of prohibition, are exceptions to the rule. Decent citizens can report them easily to the OPA on a voluntary basis.

The citizens of these United States have had to take a lot of unpleasant rulings, and know they must take more. They are willing to take them to win the war. But one thing Americans will never stomach is a Gestapo. If we want to kick, we want to stand on the corner or in the store, and kick to high heaven, and who cares if anyone hears us? We cannot keep our self-respect if we think our neighbor may be a spy. We don't want to look over our shoulders before we speak. We don't like that sort of thing anywhere, and we certainly don't want it here. It's not only unnecessary. It is not American.

GEORGE ON TAXES.

Two important dates are about to turn up on the calendar: Washington's Birthday, and soon thereafter the last day for paying the first quarter of the income tax. With these in mind it might be well to read what that clear-headed statesman had to say about the public credit, and war, and taxes. The quotation is from the Farewell Address:

"As a very important source of strength and security, cherish public credit. One method of preserving it is to use it as sparingly as possible; avoiding occasions of expense by cultivating peace, but remembering also that timely disbursements to prepare for danger frequently prevent much greater disbursements to repel it; avoiding likewise the accumulation of debt, not only by shunning dissensions of expense, but by vigorous exertion in time of peace to discharge the debts which unavoidable wars may have occasion, not ungenerously throwing upon posterity the burden which we ourselves ought to bear.

"The execution of these maxims belongs to your representatives, but it is necessary that public opinion should co-operate. To facilitate to them the performance of their duty, it is essential that you should practically bear in mind that towards the payment of debts there must be revenue, that to have revenue there must be taxes; that no taxes can be devised which are not more or less inconvenient and unpleasant; that the intrinsic embarrassment

MRS. YANCEY McCREA HONORS BRIDE-ELECT.

Mrs. Yancey McCrea was hostess at a miscellaneous shower in her home Monday evening complimenting Miss Brenda Warwick, bride-elect of Robert L. Martin. Mrs. B. S. Huey greeted the guests at the door and they were directed to the dining room by Mrs. W. J. Armstrong. Miss Helen Draganis presided at the guest book, which was handmade designed and painted by Wilma Exum. A pink and blue color scheme predominated. The dining table, covered with

imported handmade cut-work linen cloth was laid in silver and crystal. A crystal bowl, filled with pink snapdragons and sweet peas placed on a reflector, centered the table; crystal candelabra holding blue lighted tapers, flanked the sides. The buffet held decorations of carnations and snapdragons and crystal candle holders with blue lighted candles. Presiding at the antique silver coffee urns at each table end were Mrs. Alex Spears and Mrs. A. E. Jamison. Misses Patsy Lois McCrea, Helen Childers, Gene Grantham, Dorothy Nell Pugh and Linda Fee passed crystal plates of pink and blue cookies and mints. A program was presented in which Dorothy Nell Pugh played two violin numbers with Miss Betty Slicker playing piano accompaniment. Bernie Ann McCrea gave two readings, "Baking

a Cake" and "Envy," which were much enjoyed. Following the program a box, decorated attractively in red, white and blue, topped by inflated balloons to which questions were attached, was presented to the honoree; the box was not to be opened until all queries were answered correctly. Miss Warwick luckily knew the correct answers and opened the box which held a number of lovely gifts. Other gifts were then brought in by the house party. The gift packages were opened.

Members of the house party were Miss Warwick and her mother, Mrs. P. R. Warwick; Mrs. R. L. Martin and Mrs. Glen Cottle of Moran; Mrs. B. S. Huey, Mrs. W. J. Armstrong, Mrs. A. E. Jamison, Mrs. Alex Spears, the hostess, Mrs. McCrea and Misses Patsy Lois McCrea, Helen Childers, Gene Grantham, Dorothy Nell Pugh and Linda Fee.

The guest list included Mrs. C. H. Fee, Miss Elizabeth McCracken, Mrs. Sterling Drumwright, Mrs. Bill Childers, Mrs. O. O. Odom, Misses Reda Wray and Lucile Clark, Mrs. Ray Miller, Mrs. J. H. ... AND THE CUPBOARD WAS full

BUY MORE BONDS As part of our war effort it is the job of everyone to see to it that 10% or more of the family income is going into war bonds. Buy more bonds for more escort ships so our convoys will get through.

Looking ahead is one of the qualities which distinguish skilled homemakers. For instance, in early summer they look ahead to winter and process tender, fresh vegetables and fruits so their cupboard will be full and ready to meet the family's winter food needs.

Likewise, the management of a natural gas service must look ahead so its cupboard of gas reserves will not be bare when the tremendous demands of an extremely cold day fall upon its facilities. This is why Lone Star Gas Company maintains a large geological and land department which works to keep Lone Star reserves well ahead of any possible demand.

It is why Lone Star's 4,800-mile pipeline system, which reaches into 75 different gas fields, is interconnected—interconnected so that if one line goes out gas can be re-routed to prevent an interruption of service.

It is this "looking ahead" on the part of the company that gives Lone Star Gas customers the extra value for the small amount—averages about 14 cents a day—they pay for gas service. Whether you use Lone Star Gas in your home, business or in a factory working on war materials you can depend upon it today, tomorrow or next year.
