

**PRESIDENT** Bob Conner, right, is shown above passing the president's pin to Jerry McBeth, who was installed as the 1985-86 leader at the club installation dinner Friday night. Mr. McBeth was born and raised in Cisco and his parents, Mr. and Mrs. Claude McBeth of Springtown, were guests at the dinner.

After attending public schools here and in Denver City, Mr. McBeth spent 11½ years in the U.S. Air Force. He was critically burned when an F-4 Phantom fighter plane hit a Radar Unit where he was on duty as an air traffic controller at Sawyer AFB, Michigan, in 1967. He spent some 22 months in and out of hospitals before being retired with 100 percent disability.

Mr. McBeth and his wife Joan live in a new home they built two years ago at 1607 Leggett. —Staff Photo.

## McBeth Installed As Lions President

Jerry McBeth was installed as president of the Cisco Lions Club for the year beginning July 1st in ceremonies last Friday night at the Corral Room of the Laguna Hotel. Mr. McBeth is shown in the accompanying picture (right) accepting the club gavel from Bob Conner, retiring president.

The new officers were installed by Gary Hamill of Breckenridge, retiring deputy district governor, who

urged the new officers to set goals for continued community service. He noted that "yours is a strong club that will remain strong with the full support of the membership."

Other new officers are: Bruce Sellstrom, Rick Whatley and Walter Knowlden, vice presidents; O.L. Robinson, secretary and treasurer; Olin O. Odom, assistant secretary; John McGuire, tailtwister; Brad Kimbrough, assistant

tailtwister; Ralph Glenn, lion tamer; Wyley Peebles, song leader; and Dr. C.M. Cleveland, assistant song leader.

Directors for the coming year are Willard Johnson, Roy Dennis, Bob Conner, Earl Ray, Owen King and Randy Speegle.

The covered dish dinner was served to begin the program. The invocation was given by E.L. Jackson. Program Chairman Ivan Webb introduced the Sweet Carolines, a trio composed of Mesdames Susan Wester, Elizabeth Webb and Claudia Waite, who sang a medley of old favorite songs.

Shawn Fisher, club sweetheart, played piano dinner music.

Retiring President Conner reported that the club has enjoyed a good year. Projects included making improvements at City Park where the club built a picnic pavillion last year. He noted that the club received a plaque at the annual Chamber of Commerce Banquet recognizing the Lions Club for its community service over the year.

Some 50 persons attended the dinner meeting.

Plans call for CISCO to be printed on both sides of the tower in large, black letters on the gold band. The rest of the tower will be left white.

I believe the appearance of the water tower is greatly improved and will be noticed first by those traveling along IH-20. Especially those who have gone by before and seen the way it looked in the past.

WANDA IS on vacation this week from her job at the Press office. She plans on going fishing at least one day during the week but so far she has not been able to, either because of the windy weather or because of some other reason.

On her first day of vacation (Monday) she said she was more tired than if she had worked at the office, since she had done some thorough cleaning of the house.

WE WERE driving around some Sunday afternoon and went over to Breckenridge's Lake Hubbard. The lake is really beautiful and full of water this time of year.

We drove around beside the earthen dam for the lake and parked near the northern end of the dam to look at the lake. With the windy weather and the waves on the large lake, you felt as though you might be looking at an ocean.

We came back through Albany and Moran and had an enjoyable drive.

## Police Arrest Four Men Friday In Connection With Burglaries

Arrests of four young men last Friday has apparently solved the rash of business robberies and home break-ins here for several weeks, according to a report Monday by the Cisco Police Department.

Arrested were Gary Don

Walker, 24, Jerry Crass, 18, Darrell Wayne Boyd, 25, and Charles Ray Northcut, 18, all local young men, according to Detective Sergeant Tom Barrett. The four men were in the county jail Monday afternoon pending \$10,000 release bonds for

each. Mr. Barrett said that formal charges have been filed against each of the men, charging them with burglarizing a building. The charges were prepared by District Attorney Emory Walton, who was working

with Cisco police in the cases.

Mr. Barrett added that police have recovered part of the property reported stolen in the numerous burglary cases. Police expect to make one or more additional arrests and hope to

recover additional stolen property, Mr. Barrett added.

Police believe that the four young men and possibly others have been working together in the robberies. The charges were filed last Sunday in Eastland Justice of the Peace Court after the paper work was completed, Mr. Barrett reported.

Chief Billy Rains reported that the four suspects were picked up last Friday but withheld information pending completion of the investigation.

Gary Don Walker was arrested earlier last week when he sought to escape from police. He led two police cars and six officers on a chase for several blocks before he was apprehended on West 8th Street.

Walker entered a "no contest" plea in 91st District Court after the incident in which he was charged with attempting to evade arrest. He was sentenced to serve 180 days in the county jail by Judge Jim Wright. The burglary charge was in addition to the count on which he was sentenced.

## Five Men & Two Women Arrested During Weekend

Five men and one woman were arrested by Cisco police last weekend on charges of simple assault and public intoxication, according to a report by Detective Sergeant Tom Barrett. Another woman was arrested for possession of a controlled substance.

Arrested last Thursday night was Allen Ray Ingram, 24, who was charged with simple assault. He also was charged with delivering a controlled substance to a county jail inmate. Officers said that Ingram took a gift of men's socks to the state prison. A search showed a quantity of marijuana in the toe of one sock. Ingram was in the county jail Monday

awaiting a \$2,500 bond. Also last Thursday, police arrested a 42-year old Cisco woman on charges of simple assault. She paid a fine in ci-

**John Bailey To Get Lone Star Farmer Degree**

Word has been received that John Bailey, 17-year-old son of Mr. and Mrs. Scott Bailey of Cisco, will be awarded the Lone Star Farmer degree. John, a member of the Cisco FFA Chapter, will be presented the award at the Texas FFA Convention in Houston on Thursday night, July 11.

This award is presented only to the top two percent of the FFA membership each year. To be eligible for this award a student must have earned or have invested at least \$500 from his project program and must exhibit outstanding leadership and scholarship ability.

John is a four-year member of the local FFA chapter and served as President on the Chapter Conducting Team three years. This past year he served as Treasurer of the Big Country District, and as Sentinel for the Cisco Chapter.

John's projects include a cow and calf project and hogs. This past year he had the Grand Champion hog at the local stock show and had the Champion cross hog at the Eastland County Livestock Show. He also was awarded the Swine showmanship trophy at the County show.

John recently graduated from Cisco High School as valedictorian where he was a member of the National Honor Society for two years. The young man was a finalist in the Lions Club Public Speaking Contest and was awarded the Outstanding Rotary Club Citizenship award.

## Rangers Score 15-14 Victory Over Giants

The Little League Rangers scored a 15-to-14 victory over the Giants in a playoff game last Friday night to become the champions of the 1985 season in Cisco. The two teams were the first and second half winners.

The Rangers scored eight runs in the fourth inning after being held scoreless and went on to score the one-run victory.

The Rangers were to play Albany at 7 p.m. Tuesday in Mineral Wells in the city tournament. A victory would send them back to Mineral Wells for the second game Thursday night.

Members of the team, which is coached by Jackie Witt, are: Clint West Ryan Duncan, Randy Boles, Kelly Cozart, LeeAnn Webb, Dave Witt, Robbie Speegle, Jeremy Davies, Shun Chriesman and Brandon Lacy.

The Little League All-Star tournament is scheduled July 11th in Breckenridge.

## New Business In Area

**NEW BUSINESS**— Annie's and Ed's Vegetable Stand, 12 miles south of Cisco on the Cross Plains Hwy. 206, is in the final stages of building as shown in the above photograph. Edwin E. and Annie Williams have recently moved to the Cisco area from Wichita Falls. Mr. Williams is retired from Southwestern Bell while Annie Williams is a real estate licensed associate with United Farm Real Estate of Brownwood. They have three grown sons.

They recently bought 130 acres of land, 10 of which is a garden. They raise beans, peas, cucumbers, squash, and potatoes, just to name a few. Mrs. Williams said these vegetables are not grown with insecticides.

They want to save people money on vegetables and they will also deliver. They stressed that picking time is by appointment ONLY! To get an appointment to pick vegetables or to have your vegetables picked, call 643-3313. They will also sell vegetables from the stand.

Mrs. Williams said that since she has recently moved here from Wichita Falls, she knows what people go through during moving and she wants to help people with their real estate needs. Mr. Williams also does septic tank work and backhoe service. Both stated they would love to get acquainted with their neighbors and say "Hi" to the people in this area. (staff photo)

**SWEET CAROLINES**— Pictured above are three Cisco women who sang a medley of old favorite songs as the entertainment feature at the Lions Club installation dinner last Friday night. They are known as the Sweet Carolines and appear frequently at church and club events. Pictured, left to right, are Mrs. Ivan Webb, Miss Claudia Waite, and Mrs. Dan Wester. —Staff Photo.

## HALL OF REMARKS

By HERBEL HALLMARK

WARM WEATHER, and more to come, seems to be the forecast for our area each day. On Monday, there was a slight chance forecasted for rains, but none occurred in our area.

The ground certainly seems to be drying out and getting extremely dusty. Grass and plants are not starting to turn colors yet, but if we do not get some rains soon they probably will.

Be sure and remember that Cisco is still under a voluntary water conservation ordinance which was placed in effect last summer due to the level of Lake Cisco. The lake has come up some this year, but city officials still believe it a good idea to keep the voluntary ordinance in effect.

Let's all remember to pray for more rain so our lake might be filled up again, as it was in the late 1960s and early 1970s.

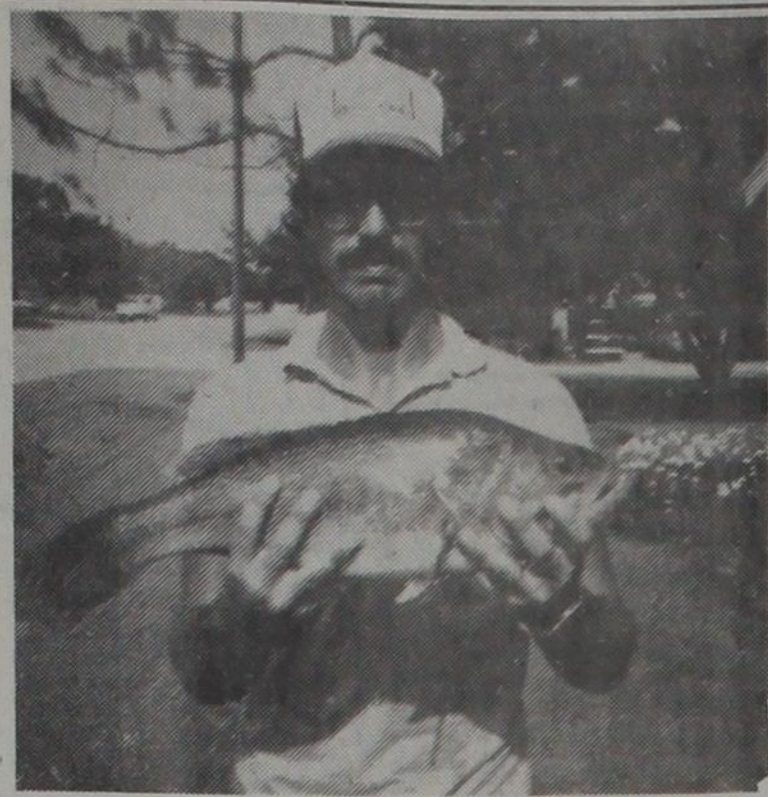

HAVE YOU noticed the elevated water storage tower located near IH-20 in south Cisco lately? The exterior painting of the tower is almost complete and it really looks nice.

# Fishing Outdoors

Terry L. Wilson

Our open jackpot tournament drew well Saturday the 22. A total of 17 anglers were on hand for what turned into a rather disappointing day. There were no fish in the 14 inch or larger range taken. This came as quite a surprise as reports were improving gradually the prior week from Leon.

Sunday, June 30th the San Angelo Bass Club shall hold their first annual Open Invitational on Lake Spence. This will be a one day event; and as has been true with San Angelo, we're sure this event will be one to attend.

We have had a number of inquiries into our request to change regulations on Lake Leon. As you may remember we are asking the Texas Parks and Wildlife to change present 10 inch minimums to 12 inches on Lake Leon. And to also begin stocking in 1986

the Florida strain black bass.

To answer these questions; the increase to 12 inch minimum we feel will increase spawn due to the proven dedication of these fish to raise and protect the nest. Also the introduction of our Southern strain Florida bass not only in size, but in endurance also.

Anyone having further questions please feel free to attend our next meeting which will be held July 11th due to the 4th of July falling on our regular day. We are planning a small surprise for everyone so lets all plan to attend. Plus we shall again have a lovely door prize. And our lake shall be drawn for our July tournament which shall be held Saturday, July the 13th.

Area lakes are well into the summer slump. Daniels

catfish good, bass slow, crappie fair. Leon bass slow, crappie good, catfish excellent, hybrid strippers slow. Champion bass excellent on jigs, crappie fair.

Houston County bass good to 11 pounds on topwater and worms, crappie good. Whitney bass fair on topwater, strippers good, crappie slow. Brownwood bass fair to 3 pounds on worms, hybrid strippers slow, crappie good with stringer of 30 numerous. Proctor bass improving topwater and jigs, crappie fair, catfish excellent on shad and grasshoppers, hybrid strippers good.

Remember the bass you release today is tomorrows future wall hanger. Good luck and good fishing.

Terry L. Wilson

June 1985

# Texas Games Planned For Sesquicentennial

Texas will be the place to be in 1986 for active athletes as well as the "armchair" variety, when the state plays host to several major sports event planned especially for the Sesquicentennial. The latest of these, a convocation of amateur athletic events called the Texas Games, will soon be "signed up" with the Sesquicentennial Commission as an official event.

The Sesquicentennial will provide the ideal vehicle to launch the first Texas Games, based on an idea for a state amateur athletic event that was first proposed to the Texas Legislature in 1983, said Association Executive Director Joe Wilson. The inaugural Texas Games will be hosted by the city of San Antonio July 25-27 and August 1-3, 1986, and will become a yearly event thereafter.

The Games will consist of the following events: adult

baseball, youth and adult boxing, youth and adult golf, men's fast pitch and men's and women's slow pitch softball, youth swimming, youth and adult tennis, youth and adult track and field, and a 10,000 meter run for all ages. A number of other non-competition "demonstration" events, such as polo and soccer, will also be featured and will be considered as competitive events for future Games, said Wilson.

Events will be held at various city and private locations throughout San Antonio, and will be hosted by the San Antonio Parks and Recreation Department. "The Texas Games are also part of the San Antonio Sesquicentennial Commission's overall sports program," said Wilson.

The Games are expected to draw some 15,000 athletes, and many more officials and

other events coordinators. Participants will be those persons who qualified earlier in district events held in each of the Association's state regions.

The Texas Games will open with a gala celebration similar to that of the Olympic games, said Wilson. "We hope to have some kind of torch carrying event, perhaps from the Capitol in Austin to San Antonio, and there will be bands, fireworks, hot air balloons, and other festivities.

For more information about the Texas Games, contact Wilson at 512/835-1434.

**BRINGS YOU THESE IMPORTANT TIPS... YOU AUTO KNOW**

Because tire pressure should always be checked when the tires are cold, it makes good sense to invest in your own tire gauge and test pressure before you start up in the morning. Check at least once a month, more often if the temperature changes rapidly.

Legislation to tie federal highway aid to an over-21 drinking age was signed into law last year. Proponents hope it will lower drunken-driving accidents and deaths.

Fact: your car's engine "breathes" through the air filter about 10,000 gallons of air for every gallon of fuel it burns. If the filter's clogged, your car will "gasp" for air. Check the filter often and change every 24,000 to 30,000 miles, more often in severe conditions.

Air conditioner problems? Most common causes are refrigerant leaks and inoperative compressors.

You'll get better mileage if you maintain a steady speed on level roadways. Cruise control may help.

**New-Used Cars**  
 You'll get better mileage from the well-engineered autos on our lot at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448, 629-2636. We've got the car YOU want.

## Sledge Descendants

### Meet June 22-23

The descendants of the late John and Georgie Sledge met for their family reunion at the Lake Leon home of George and Mildred Sledge Saturday and Sunday, June 22-23.

Good food, visiting, swimming and water sports were enjoyed by everyone.

Those attending were George and Mildred Sledge of Lake Leon; Dianne (Sledge) and Johnny Carson and Gigi, Missouri City; Scott Carson, Galveston; Randy Sledge, Hobbs, N.M.; Robin Cargen, Lubbock; Shelly Sledge and Ronnie Sledge, Austin; Marie Sledge, Ballinger; Billy and Jean Sledge, and Bill and Bryan Sledge, Big Spring. Also Terri and Terry Johnson, Jeffrey and Caanon, Odessa; Steve and Sarah Sledge, Kyle and Ryan, Norton AFB, Calif.; Bobby and Jo Sledge, Big Spring; Russell Wall, Snyder; Mark, Lisa and Alisha Carter, Big Spring; Karen and Larry Nachlinger, Kerry, Kasey and Cindy, Hermleigh; Charlotte (Sledge) and Johnnie Reynolds, Mike and Jason, Red Oak; Pat (Sledge) and Gene Gist, Mike and Amy, Hamby; Vernon Hagar, Eastland; and Vernon Hagar Jr., Tyler.

John and George Sledge are the two living children. Deceased are Bill Sledge, Sr., Howell Sledge and Annie Sledge Hagar.

**SEEDS FROM THE SOWER**  
 By Michael A. Guido, Metter, Georgia

One day I looked out of our windows and wondered, "Why don't our neighbors wash their dirty windows?" But when I washed our windows, I saw that their windows were clean. Now when I am tempted to criticize others, I ask, "Am I looking through my dirty windows?" Our Lord said, "Do not judge, or you too will be judged." Criticism is a bludgeon and a boomerang. If we judge, we will be judged. By whom? Our Father in heaven and our fellows on earth. So only the faultless has a right to look for faults in others. We have enough to correct in our lives without seeking to correct the lives of others. Our Lord said, "Why do you look at the speck of sawdust in your brother's eye and pay no attention to the plank in your own eye?" It is only as the Spirit of Christ dominates us that the spirit of criticism will depart from us.

# AMERICAN HEART ASSOCIATION Texas Offers Three High Blood Pressure Programs

The American Heart Association in Texas announced today the existence of three programs designed to increase the public's awareness of high blood pressure and methods for controlling this serious condition.

High blood pressure—or hypertension, as it is sometimes called—is a major cause of heart attack and stroke. It significantly reduces life expectancy, and the higher the blood pressure, the greater the reduction in length of life.

High blood pressure occurs when the smallest arteries of the body become narrowed and the heart must pump harder to force the blood through. This serious condition afflicts over 37 million American adults.

According to James M. Atkins, M.D., President of the American Heart Association in Texas, a dramatic change in what was known about hypertension took place in the past thirty years. "In the mid-1960s, only about 50 percent of individuals with high blood pressure knew of their condi-

tion. By the late 1970s, studies found that 75 to 80 percent were aware of their condition. In addition, there was a great increase in the number of people with high blood pressure who were under adequate treatment," said Atkins.

The American Heart Association was on the forefront of this wave, offering educational activities aimed at the public and physicians. Millions of individuals had their blood pressures checked at AHA-sponsored blood pressure screenings.

In the 1980s, however, as more and more people became aware of their blood pressure, new methods were needed to reach those who were still unaware of their blood pressure or did not have it adequately under control.

To accomplish this goal, the American Heart Association in Texas developed a program that allows individuals to become familiar with blood pressure and its measurement. It is called the Blood Pressure Awareness Training Program, and is patterned after

the Heart Association's CPR (cardiopulmonary resuscitation) training program. Individuals who take this course include church groups, scout troupes, company employee groups, school groups—virtually anyone wishing to learn more about blood pressure and its measurement. In order to conduct blood pressure screenings or control programs. The course can be carried out in a total of four hours.

The Blood Pressure Awareness Training Program is composed of a number of parts which can be selected to best meet the needs of the audience being taught. Although designed for a lay audience without medical training, the program can be utilized as a review for individuals with medical training, to enhance their technique or knowledge.

This training program ensures quality control for the screening of the public. At the state level, the Heart Association trains instruc-

tors who, in turn, conduct local training programs. This pyramid-type training allows the American Heart Association to utilize individuals in nearly every community to screen for high blood pressure.

Two additional programs tie in to the Blood Pressure Awareness Training Program for successful implementation. A Letter of Agreement Program encourages organizations other than the American Heart Association to conduct blood pressure screenings and educational activities in companies, schools, or for the general public.

The outside organization is responsible for the purchase and maintenance of any needed equipment and

Thursday, June 27, 1985

visual aids. The curriculum, training and screening procedures must meet the standards of the American Heart Association in Texas. The American Heart Association in turn trains the organization's instructors and provides the high blood pressure materials at no cost.

Another AHA program, entitled Heart At Work, promotes cardiovascular health among employees at their work sites. One of the modules of this program deals specifically with high blood pressure. Both the Letter of Agreement Program and the Blood Pressure Awareness Training Program serve as an adjunct to the Heart At Work Program. The company utilizing Heart At Work may become a Let-

ter of Agreement agency and may have staff trained as blood pressure screeners in order to implement their worksite blood pressure control program.

Implementation of this program benefits both employee and employer. Employees who take positive steps to control their high blood pressure improve their overall health. And healthier employees translate into more productive employees. Studies have shown that employees with undetected and uncontrolled high blood pressure have a greater risk of stroke, kidney failure, heart attack and heart failure. These complications increase medical claims against

health care insurance, which, for the most part, is paid for by the company.

Finally, employees view company-sponsored programs such as Heart At Work as a positive display of interest and concern for them as individuals. This added benefit of improved employee morale is valuable to both the employee and

their company.

One or more of these programs may be available in your community. Contact your local office of the American Heart Association, listed in the White Pages of your telephone directory, for more information.

## 8 Jammie Dee Dancers Attend 1985 Big Country Front Line Camp at HSU

A total of 8 Jammie Dee Dancers along with their instructor, Jammie Gentry, from the Dance Studio of Ranger, were participants in the 1985 Big Country Front Line Camp for baton twirlers, flag corps, drum majors, and rifles held on the campus of the Hardin-Simmons University in Abilene June 10-14. Approximately 250 youngsters were on hand for the five-day clinic.

The camp was conducted by Southwest Camps of Cisco, with Mr. Eris Ritchie as camp director. The baton twirlers were taught by a four member staff of twirling instructors and experts headed up by Donna Oakley Mall of Abilene, Texas, a former feature twirler at the University of Texas and West Texas State University, and well-known Texas instructor and adjudicator.

The girls brought home a

total of nine ribbons.

Leanne Connell, Melissa Carmack, Monica Norris, all received hardest worker ribbons.

Receiving Superior Blue Ribbons for performing their fundamentals were Julie Walter, and Monica Norris.

Melissa Carmack, Leanne

Connell, Shauna Brooks, and Kathryn Williamson all received Excellent Red Ribbons for performing their fundamentals.

Questions: How would you like to take your pick from more than 650 free movies each and every month? Have you ever settled down in front of your TV for an afternoon of baseball—and then discovered the best games weren't even broadcast to your region?

## Lights From The Christian World

Josephine Cleveland

### THE ETERNAL FLAME

"Which hope we have as an anchor of the soul both sure and steadfast..." Hebrews 6:19.

The world is reeling and racing in an attempt to outrun time. Rulers, principalities and powers are competing against each other for wealth, strength, and superiority. Each wants

to become more powerful than the other.

Throughout the centuries those in high places have attempted to get control. They have been willing to stop the flow of Christ's Spirit, if necessary, to accomplish their goal. They are not aware that it is like trying to stop time itself; for the eternal, infinite Spirit of God is in control. What a joy to be assured that nothing can extinguish this eternal flame.

Jesus told His followers that He must go away for awhile to prepare a place for them that where He is they may be also. He would return later for them.

John, the Revelator, tells of seeing a door standing open in heaven. To him was revealed the glories of the

eternal home. What a thrill it will be to stand with a hosts of others in the glorious light of His Presence and say, "Holy, holy, holy, Is the Lord, God, Almighty, Who was, and is, and is to come", Revelation 4:8.
