SCHOOLS OVER AREA ARE CLOSING

HOME TOWN GOSSIP

In the spirit of fun Bobye Neel and Bevo Webb conspired to send graduation invitations to a couple of political "big-shots".

This week Bobye received a very nice letter of congratulations from Governor Alford, which no doubt will become a treasured possession.

Now that Henderson Heights, the little settlement about three miles west on highway 206, has gained three new homes, we'll probably be having more trouble with Ed Henderson, the self acclaimed Mayor.

Ed persists in calling the community "Hendersonville" and says that it is a city within itself.

School days are just about over. The ol' swimming hole and vacation retreats are beckoning.

The month of brides is close at hand. Don't be alarmed at any nuptial announcement within the next few weeks.

Claude Mayes, one of the greatest backs ever to race up and down the local gridiron wearing the purple and gold, launches a business career in the ol' home town this week.

It's interesting to note what's become of those grid famous boys of yesteryear who cleared the way for Claude's sensational scoring spree.

Our nomination for the goofiest politician of the hour: Representative Marion Zioncheck.

Willis Brown and Ed Morgan are back from a pleasure jaunt to California. From all accounts they had a large time but no one has yet heard of their visit to Hollywood.

Miss Lula Mae Hart of Baird, is visiting here at present.

Rural Route No. 1 Extended 9.40 Miles

KENDRICK STATES LENGTHENING ALSO ASKED FOR ROUTE 2

A nine and forty one hundredths mile extension was granted this week on route one out of the Cross Plains post office, to take effect June first.

Heretofore route one upon reaching the Burnt Branch church turned south two miles to the Oplin-Cross Plains road, thence east and south to the Pump Payne Southwest corner, thence east to the W. B. Duncan residence; thence north to the Cross Plains-Oplin road.

As amended and extended, upon reaching the Burnt Branch church the carrier will go on West, North three fourths of a mile, West, South and West two and two tenths miles to the road that leads north to the Burnt Branch church, thence north on this road to the A. Swafford house and then retrace to the Oplin-Cross Plains road and follow the Oplin-Cross Plains road to the Cross Plains postoffice, leaving out the loop by Pump Payne's.

The change will mean nine and forty-one hundredths miles added to the route; additional pay to the carrier including allowance for equipment about \$320. per annum.

This is the second extension secured for route one since I. H. Kendrick assumed the duties of postmaster at the local office.

F.F.A. CHAPTER IN BANQUET THURSDAY

Cross Plains F.F.A. chapter's annual banquet at which parents were to be honor guests was scheduled for Thursday night.

The local F.F.A. chapter has received recognition in several phases of endeavor this year.

Willis Brown and G. E. Morgan returned Wednesday night from a vacation trip to California and other Western points of interest.

Eggs Wrapped In Cellophane Next?

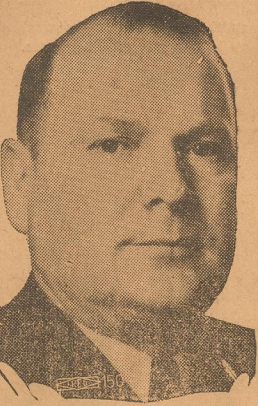

Doubt this is you will but Mrs Maggie Harliss, who lives in the Northwest part of town, has proof.

An egg measuring seven inches around one way and eight the other, was laid last week by a hen owned by Mr. and Mrs. M. E. Howell.

Mrs. Harliss cracked the egg and found it to contain two whites and one yolk and also another perfectly formed smaller egg.

The unusual specimen was laid by a plymouth-rock hen.

Garrett Visits Here

Clyde L. Garrett, candidate for Congress from the seventeenth congressional district, was a visitor in Cross Plains Thursday.

CONTINUANCE SEEN FOR DELLA HENRY ON MURDER COUNT

Although no motion has been filed for a continuance of the Della Henry trial in connection with the H. L. McBee "hanging skeleton" case, set for trial May 18, it is believed that such continuance will be asked, and, if so, will likely be granted.

The opinion has been expressed by prominent Eastland attorneys, other than the attorney for the defendant.

It was believed that if the motion were filed it would be granted if the grounds were all tenable, since it would be the first continuance asked.

It was also rumored that there might be a motion for a change of venue, due to the notoriety of the Raymond Henry trial in Eastland county.

Mrs. Henry was indicted with her husband and Jack and Lynn Smith for the murder of McBee, Mrs. Henry's former husband, in the famous Rising Star "skeleton" slaying three years ago.

Jack Smith died in the Eastland county jail of wounds inflicted with a razor blade.

CHILDREN STUDY BIRDS IN MEETING WEDNESDAY

The Audubon Bird Club, which is composed of third and fourth grade students, met Wednesday afternoon.

Nat Williams and J. C. Huntington were business visitors in Abilene one day last week.

JULY 9TH AND 10TH ARE DATES SET FOR 54TH ANNUAL PICNIC

Dates for Cross Plains fifty fourth annual picnic and old settlers reunion have been definitely set for July ninth and tenth.

A contract was signed this week between the firemen and the Valley Shows, the same company that "played" this place during the picnic last year.

Fire Chief Ralph Chandler announces that all committees have been appointed and that arrangements are well underway—two months in advance—to assure an attractive celebration.

The list of committees follows: Concessions, J. L. Settle and W. J. Cross; grounds, V. C. Walker and J. C. Huntington; program and invitation, F. R. Anderson, St. ley Clark and Paul V. Harrell; advertising, Arthur Mitchell and Jack Scott.

DELEGATION TO GO TO AUSTIN MONDAY

A delegation from Cross Plains will meet with the highway commission in Austin Monday afternoon to ask state designation of the road from here via Cross Cut to Brownwood.

A hearing before the commission was assured yesterday in a letter to County Commissioner B. H. Freeland. As yet a delegation has not been lined-up, however, at least seven have opined that they will be able to make the trip.

GRID STARS OPEN LUNCH STAND ON MAIN STREET

Announcement is made through the advertising columns of today's paper that the Motor Inn, Cross Plains' newest eating establishment, is now open for business.

The residence on North Main Street formerly occupied by Dr. and Mrs. T. G. Edwards and family was purchased last week by C. W. Kemper and the family moved in Tuesday.

Mr. and Mrs. R. E. Wilson had as their guests over the week end Mrs. C. B. Gregory and children, of DeLeon.

School Supervisor Is Welcome Visitor At Cross Plains School

BRYANT WELL 2,900 NOW UNDER-REAMING

The well is now at a depth of 2,900 feet. The last 245 feet has been in the Caddo lime and the last 145 is said to have been saturated at intervals with green crude.

Tom Bryant has temporarily discontinued drilling on the test one mile northeast of town, on the Bryant tract, to underream the five inch pipe.

After the pipe has been under-reamed and water-shut-off, plans call for either the deepening of the hole or possibly an acid treatment.

KEMPER BUYS HOUSE ON N. MAIN STREET

The residence on North Main Street formerly occupied by Dr. and Mrs. T. G. Edwards and family was purchased last week by C. W. Kemper and the family moved in Tuesday.

Mr. and Mrs. R. E. Wilson had as their guests over the week end Mrs. C. B. Gregory and children, of DeLeon.

BANQUET LAUNCHES OIL TEST SATURDAY ON BREEDING FARM

Given one of the most gladsome "send-offs" ever seen in this section, an oil test was launched on the H. L. Breeding tract near Cottonwood Saturday morning.

Probably 75 people were at the location when the well was spudded about 11:30 Saturday morning.

Questions Concerning Old Age Pensions Asked And Explained

Orville S. Carpenter, state pension director, furnishes the Review with the following questions and answers concerning old age pensions.
Q—Why cannot assistance be paid to every person in Texas who is 65 years of age or older?
A—First, because the Texas law says that assistance may be paid only to those "in need"; second,

because the Federal Government will not allow us to pay Federal money to people who are not in need.

Q—Will not Federal money mean a lot to Texas?

A—Yes. It will mean that several millions of dollars each year will be given to the aged people of Texas that they would not otherwise get; it will mean that with it a person will be able to receive as much as \$30 a month, and without it no one could get more than \$15 per month.

Q—What does the Federal law say about "need"?

A—It says that the Federal appropriation is made for the purpose of enabling states to assist "aged needy individuals." (Sec. 1)

Q—Was this "aged needy indi-

viduals" question checked?

A—The Social Security Board stated that this was the correct interpretation of the law.

Mr. and Mrs. R. Brooks were business visitors in San Antonio Thursday.

Mrs. T. D. Little, and daughter, Dixie, were Brownwood visitors Monday.

Mr. and Mrs. John Underwood of Nimrod visited her sister and mother, here Saturday.

ASSURANCE OF SAFE FOOD PRESERVATION

Government Bulletins and health authorities agree that perishable foods must be kept below 50 degrees and above 32 degrees. Meats, milk and other costly foods keep only a short time unless chilled below 50 degrees. Frigidaire is equipped with a remarkable cold making mechanism—the Meter-Miser. Safety Zone temperatures are automatically maintained, even in hot Spring and Summer weather of 110 degrees and over. This is your assurance that Frigidaire will safely protect your food—and the health of your family.

Super Model

Frigidaire builds this Food-Safety Indicator right into the cabinet—visible proof that foods are kept at Safety-Zone Temperature, below 50 degrees and above 32 degrees.

YARD, GARDEN CONTEST IS SPONSORED BY CLUB

The Garden Club held its regular meeting in the W.P.A. building Saturday afternoon with Mrs. Walter Ramsey, president, presiding.

In a business meeting it was decided to change the regular meetings from Saturday to the second and fourth Wednesdays of each month. The next meeting will be held at the home of Mrs. Ramsey on May 20. The club also decided to sponsor a yard and garden contest. The contest will begin June 1, and last through September. All entries are to be made by June 1. Prizes will be awarded to the highest average. First and second prize will be given to the one owning their home, and first and second prizes, will be given to rent houses.

Here are the rules and requirements: Design counts 25%. This means the creating of a picture with plants. It should be formal or informal, never both, cluttered areas of plants are not good designs.

The lawn counts 20%. A good lawn is free from weeds and of one color throughout.

Plants and trees count 30%. This includes not only perfect plants and trees but their proper association with each other for an effect, and to allow each plant to grow naturally.

The upkeep counts 25%. A garden can not score high unless it is properly cared for. Weedless beds and borders and trimmed shrubs edges and lawns are essential cleanliness of entire premises.

Send your entries to Mrs. Fred Cutbirth chairman of the beautification committee.

"A TALE OF TWO CITIES" IS BOOKED AT LIBERTY

The story of "A Tale of Two Cities" is intimately known to millions of readers. It tells of the joys and sorrows, the adventures and the trials of a little group of people, English and French, who are caught in the maelstrom of the French Revolution of 1789. Specifically, it tells of the strange love of Carton and Lucie Manette, played by Elizabeth Allan—a love that was doomed to frustration in life, yet which transcends death in its sublime majesty.

With the star is a cast of 112 stars and featured players, most of them world favorites. Among these, outstanding performances are contributed by Miss Allan, Edna May Oliver, Reginald Owen, Basil Rathbone, Blanche Yurka, Henry B. Walthall, Donald Woods, Walter Catlett, Fritz Leiber, H. B. Warner, Mitchell Lewis, Claude Gillingwater, Billy Bevan, Isabel Jewell, Lucille Laverne and Tully Marshall.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

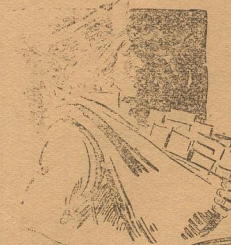

Then you may suffer nagging back-ache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

STEEL MAKERS say—"Ford buys the best steel." Other suppliers of materials and parts will tell you—"Nobody checks up as closely on quality and price as Ford."

This means a great deal to you as a motorist. It is our way of safeguarding the interests of every purchaser and it leads to this—"The mechanical depreciation on a Ford is less than most cars, especially after the first year."

This is one sign of the extra value in the Ford V-8. Accuracy in manufacturing is another. (The Ford is made to unusually close precision limits.) And there is a long list of fine-car features that are exclusive with Ford in the popular field.

Have you a V-8 engine in your car? You pay \$1645 for it in any other car but Ford.

Does your car have Center-Poise Riding? Ford gives you this modern feature—"a front-seat ride for back-seat passengers."

Does your car have fool-proof Super-Safety Mechanical Brakes? The Ford V-8 gives you this proved design, with 186 square inches of braking surface.

Does your car have a genuine steel body structure? Does it have Safety Glass all around? Ford is the only low-price car that gives you this extra protection without extra cost.

You get these fine-car features in the Ford V-8 because of Ford manufacturing methods and low-profit policy.

\$25 A MONTH, after usual down-payment, buys any model of the new Ford V-8 car—from any Ford dealer—anywhere in the United States. Ask about the new UCC 1/2% per month Finance Plans.

'DRUM TAPS' AT LIBERTY FRIDAY AND SATURDAY

The latest picture in which Ken appears is at the Liberty Theatre, Friday and Saturday. Titled, "Drum Taps," the story deals with the efforts of Ken to foil the attempts of a company of land-grabbers to drive homesteaders off their claims. In his drive against these crooks, Ken has the assistance of Boy Scout Troop No. 107 of Los Angeles, with their Scoutmaster. This novel element in the story creates an opportunity for many of the Scout maneuvers, which are interestingly depicted.

In addition to Ken Maynard, who is starred, the cast includes Kermit Maynard, making his screen debut as the brother of the hero, which he is in real life; Junior Coghlan, the boy star of many feature productions; Dorothy Dix, recently cast in prominent roles in Educational's series of "Torchy" comedies with Ray Cooke; Charles Stevens, Al Bridge, Harry Semels and others.

SCRANTON

This community was blessed again Friday morning with a fine rain. The best one for the season, about two-inches, falling in about six hours time.

Fewer Aches and Pains More Health and Pleasure

PAIN drags you down—physically, mentally, morally. Why continue to endure it? Try Dr. Miles Anti-Pain Pills for Headache, Neuralgia, Muscular, Rheumatic, Sciatic, and Periodic Pains. They seldom fail.

Dr. Miles Anti-Pain Pills are pleasant to take and prompt to act. They do not upset the stomach, cause constipation or leave you with a dull, depressed feeling.

Ask your druggist or any of the hundreds of thousands enthusiastic users. Probably you too can find relief.

I think all Dr. Miles medicines are wonderful, but Anti-Pain Pills are my favorite.

Mrs. Doc Blankenship, Stamford, Texas: I have used your Anti-Pain Pills only a short time, but they have given me prompt relief. They did for me in a week more than any other medicine I had taken for a year.

Phil Goller, Milwaukee, Wisconsin: I am never without Anti-Pain Pills. I think they are much better than anything else I have ever used. Sometimes when I am tired and nervous, and feel like I would go under, I take two Anti-Pain Pills and in a short time I feel like a different person.

Mrs. S. Tidabach, Stroudsburg, Pennsylvania:

Your Anti-Pain Pills have been used in my home with wonderful results. I recommend them.

Maggie Belle Dudley, Vanceboro, N. C.

Your Anti-Pain Pills helped me a great deal. I have used them for years. I carry them everywhere in my purse and always keep them in the house. They have saved me a great many sick headaches.

COUNTY AGENT'S COLUMN

Farm Program Sign up Extended To May 23rd

Due to the lateness of the Soil Conservation program being presented to the farmers, the county agents and committeemen have asked the State Board to extend the time for the signing of the official Work Sheets. The time has now been extended to May 23rd.

Some new rulings have further simplified and liberalized the program to the extent that every farmer will about be able to cooperate without seriously changing his farming plans. Those who have planted two rows of corn or grain sorghums and one row of peas or other legumes may now receive credit for one-third of their land to soil conserving crops if it replaces cotton or peanuts. It cannot replace any of the other soil depleting crops. The same is true of every other row being planted to sorghum and to legumes. Example: A farm has 200 acres in soil depleting crops. The cotton base is 100 acres and the feed base is 100 acres. There are planted in 1936, 80 acres to cotton, 80 acres to feed crops interplanted 1 row of feed and 1 row of legumes. This farm will qualify for 40 acres to feed not for soil conserving payments for the diversion of 20 acres of cotton and will qualify for \$40. in the soil building allowance that may be earned by plowing under the soil conserving crops or by terracing. The land so terraced does not have to be the same acres as planted to crops but might be any found on the land. Even pastures may receive payment.

It has been further granted that Sudan is a soil conserving crop regardless of how the crop is handled; that is, it may be cut for hay, pastured, or let stand. This rule will surely let every rancher in and many farmers who had previously not thought they were eligible.

The women should insist that the husband put in for one acre of land about the house to be seeded to grass for lawns. It is a needed home improvement and will be accepted by the government and the cost of feeding will be borne by the government. It will let the kiddies have a place to play upon that will save mother some dirty clothes from the wash.

This program is designed to build up the soil, prevent wind and water erosion and safeguard the price levels of agricultural commodities. Every man should sign a worksheet since it does not obligate him but insures him a cash return on such lands that he uses to build up his soil. He might have a fine crop of cotton doing well on July 15th but a hail might level the crop and a complete failure would be in store for him. If he had signed a worksheet he could plant that land to sudan or some approved legume or grass and get the soil conserving payment which is 5 cents per pound for his yield of cotton and 1-1/4 cents per pound for his peanuts and about the same pay for his feed lands as the cotton or peanut crop would be paid.

In many instances also the yield is going to be raised by the committee on farms that did not receive a fair average. But this is true that no yields are going to be raised on any farm that is not signed on a worksheet. This program is to be based strictly on the producer having done a constructive building practice for his soil. It pays those who become partners with the government and ignores those who do not.

Owing to the remoteness of the districts of Cross Plains, Oplin, and Eula funds are made available to permit George H. Clifton to have

A Million Miles WITHOUT AN ACCIDENT

ON Firestone HIGH SPEED TIRES

★ WILL STOP A CAR UP TO 25% QUICKER!
★ GIVES GREATER BLOWOUT PROTECTION!
★ GIVES 25% LONGER NON-SKID MILEAGE!

THE MASTERPIECE OF TIRE CONSTRUCTION

BUY ON PROOF OF PERFORMANCE

A MILLION miles on Firestone Tires without an accident. That is the record of Ab Jenkins, famous driver, who has driven on all kinds of roads and in all kinds of traffic in every state in the union. What a tribute to safe, dependable, tire equipment! Make this proof of performance your guide in choosing new tires to protect yourself and your family.

There are three important facts you should know about the tires you buy—

1. THE FACTS on TRACTION and NON-SKID SAFETY

A leading university in 2,350 tests has found that the new, scientifically designed tread on the Firestone High Speed Tire stops a car up to 25% quicker.

2. THE FACTS on BLOWOUT PROTECTION

Ab Jenkins used Firestone Gum-Dipped Tires when he drove a 5,000-pound car over the hot salt beds at Bonneville, Utah, in the record-breaking time of 127 miles per hour, covering 3,000 miles in 23½ hours without a blowout or tire trouble of any kind.

3. THE FACTS on ECONOMY and NON-SKID MILEAGE

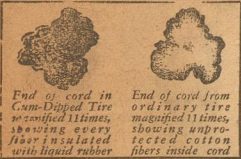

The largest transportation companies in the country, such as Greyhound, to whom safety and tire economy mean business efficiency, use Firestone Tires from Coast to Coast and from Canada to the Gulf. And our own test fleet records prove that the new Firestone High Speed Tire for 1936 gives you up to 25% longer non-skid mileage.

The Firestone High Speed Tire for 1936 proves by performance its superiority in all of these three qualifications. Make this proof of performance your yardstick of safety and value. Decide today to equip your car with new Firestone High Speed Tires for 1936—the safest drive you can buy.

Gum-Dipping not only strengthens the cords but prevents heat inside the cords, where it insulates the tiny fibers against friction and protects Firestone High Speed Tires from blowouts.

This heavy, broad, traction and non-skid tread is held to the cord body of the tire with Two Extra Layers of Gum-Dipped Cords, a patented construction, making the cord body and tread an inseparable unit.

The angles in the scientifically designed Firestone High Speed tread are so placed as to stop a car quicker and without swerve. Its superior traction and non-skid efficiency have also been proved in the famous Pike's Peak Race where for eight consecutive years it has been used on the winning cars.

MAYTAG
FOR THE FARM • WHERE WASHINGS ARE BIGGER!

There are bigger washings of harder-to-wash clothes on the farm. The roomy, one-piece, cast-aluminum Maytag tub is an advantage. The Gyrtator washing action, originated by Maytag, quickly flushes stubborn dirt from badly soiled clothes. The Roller Water Remover, Maytag's exclusive method of wringing, completes the washing in the best way.

ONLY THE MAYTAG HAS THE GASOLINE MULTI-MOTOR. A simple, dependable engine built for a woman to operate. Electric Maytags for homes with electricity.

It's easy to own a Maytag on the divided payment plan
