Marijuana Seized Locally Last Sunday

Sunday, September 20, David Ofc and Kenny Shurley, both 26-year-old white males and residents of Abilene, were charged with third degree felony possession of marijuana.

Marijuana plants, bagged marijuana, drying marijuana leaves, and drug paraphernalia were found five miles northwest of Cross Plains.

Randy Pancake, Callahan County Deputy Sheriff, was the investigating officer, assisted by special agent of the West Central Texas Interlocal Crime Task Force; Sheriff Bill Skinner and

Deputy Wayne Knowles of Callahan County; Don Gosnell and Jim Cook, Department of Public Safety Officers; and Steve Williamson, Cross Plains Police Department. Rolan Jones, Justice of the Peace for Precinct 4 in Callahan County, issued the search warrant.

Pancake noted that with the cooperation of Callahan County residents, as in this case, the drug problem can be controlled more effectively.

'Soldier Meets Student Pen Pals'

By VANDA KING
Editor

Recently, members of last year's sixth grade class, who corresponded with soldiers in the Persian Gulf War, were able to meet one of their pen pals. Jeremy Rickabaugh was serving with the Army and received many letters from local students. He has a special connection to one of the class members, Justin Hopkins, who is his cousin.

Jeremy was most appreciative of the letters received and wanted to meet the youths and thank them personally for their thoughtfulness. He stated that the letters and Christmas cards sent to his platoon helped pass the time.

"I don't know if any of the other soldiers wrote back, but I did when there was time," he remarked. He was assigned to a line unit in the infantry and he stated that he saw more action than some. "It was good of the kids to take time to write someone they didn't even know!"

The Cross Plains Middle School students were excited about visiting with this soldier who they had communicated with. Mrs. Webb noted that they were most attentive and expressed enthusiasm about the information he shared.

Rickabaugh brought back some items he collected just north of Basra, which included an equipment belt, assault pack, helmet, a gas mask, photos, and other items of interest. The students took a break from classes in Mrs. Morgan and Mrs. Webb's room to allow the informative visit.

The spoils of war, as he referred to them, were passed around the room and questions were asked concerning their use. Some of their questions included: "Were you ever shot?"; "What was it like?"; "Did you learn anything by the experience?"; and "Were you glad to return home?" Jeremy noted that he had received permission to display the items to the children.

One boy asked if they took any prisoners. Jeremy reported that his squad captured 104 prisoners and explained the procedure.

Rickabaugh exhibited items used by the U.S. Army, including two back packs (one for carrying ammo, etc., and the other for personal gear), and the weight of the packs was amazing. Considering the 120 degree heat of the desert and equipment required, a soldier had to be in top physical condition to just survive.

A collapsible water container,

which held approximately two gallons of water, was another item of interest. Lots of fluid had to be drunk to keep from dehydrating. He stated that they were able to keep the water and other items cool by burying them in the sand.

A photo of the chemical warfare suit was of great interest to the children. He has a gas mask and the rubber gloves which were worn with the suit. Can you imagine the degree of heat inside the protected uniform?

Mrs. Webb related the fact that Jeremy stated that all the ammo terms were in metrics and stressed the importance of learning the system. The math class was studying the metric system that day and his message was helpful.

The camouflage makeup was also viewed with interest. He explained how it was applied and the purpose it played in warfare.

He brought a MRE, a sealed meal, to give the students an idea of what they ate sometimes. The hurricane victims in Florida received these MRE packets and the children were curious to see what they consisted of. They are balanced meals, dried and contained in plastic packing, which are easily distributed and non-perishable. Probably not real tasty, but will keep you alive in desperate situations. They included meats, vegetables, fruits, and even desserts.

Jeremy also reported on some of the places he had been, and presented Mrs. Webb with a poster showing the different units' movements and which ones he participated in.

When they were not in action, they spent their time keeping the equipment and weapons ready and clean, played cards, and wrote home to the United States.

The cards and letters were a great expression of compassion for soldiers serving in the military and it brought the reality of the war into focus for the youth.

Presently, Jeremy is a member of the Army Reserve in Fort Jackson, South Carolina. He is the son of Jimmy and Marlene Meador.

Local Chamber To Meet Sept. 24

Cross Plains Chamber of Commerce will meet Thursday, September 24, at 6:30 p.m. at the Justice of the Peace Office. President Larry Cheshier urges all members and anyone interested in Cross Plains to attend.

Legacy Gifts Now Open

By NELDA WEISS

Legacy Gifts, located on Highway 36 at Pioneer, celebrated its Grand Opening on Friday, August 18. Door prizes were awarded each hour to all guests who registered and a free gift was given to each. \$5 Gift Certificate winners were: Irma Miller, Linda Pringle, Pam Harris, Janice Kelly, and Cindy Clark. \$10 Gift Certificate winners were: Lessie Baum, Donna Pickett, and Geneva Sowell.

Glenda Weiss, Barbara and Arnold Henson, Shirley Davis, Maysie Smoot, Evelyn Petross, Irma Miller, Tammy, Sylvia and Dalton Brown, Cathy Meador, Gayle Bradshaw, Joan Brown, Kimberly Prince, Irma Miller, Evelyn Petross, Vera Powers, and Cindy Clark currently have items on consignment at the shop.

Legacy is defined in Webster's Dictionary as "something inherited." I have a rich 'Legacy,' in that, who I am, what I am, what I know, and whatever I can do, is a result of what I have received from the Lord, my family, and my friends.

The fact that the Gift Shop is located in Pioneer is part of that Legacy, as my family, the Curry's, had a very active part in the very beginning of Pioneer, Texas.

Captain A.M. Curry, my great-grandfather, and his family settled in this community in 1883, (the population at that time was about 325), and was responsible for the name given the

community. He taught school in Cross Plains in the late 1890's, while living in Pioneer, riding to work on horseback.

Ed Curry, my grandfather, obtained a college education in Georgetown in the 1890's, (along with a few other Pioneer men), became owner of a mercantile store, trustee at the Pioneer School, and is noted for bringing the first 'horseless carriage' to Pioneer in 1909. The Pioneer population at this time was approximately 1,500. His oil wells, and many others', prospered during the 'Boom' of the 20's. The population jumped up to 24,000 by 1924. He suffered loss in the depression, as did many others.

My grandmother, Jessie Curry, daughter of State Representative Judge and Lay-Minister I.O. Richardson, operated the (I believe) first telephone switchboard in her home, (which still stands less than 1/2 mile from Legacy Gifts), the home where my dad, E.M. Curry, Jr., my six aunts, and one uncle were all born.

Though the population has greatly decreased since the 20's, many of my relatives and friends remain here. Needless to say, I'm very sentimental about Pioneer, Texas!

Legacy Gifts is a small business at this time, but plans are already underway to expand. Our goal is to provide a wide assortment of gifts, many which are handmade, but it's more than just an 'arts and crafts' store, it's a Gift Shop with a Legacy!

Elementary And Chapter I Buildings Burglarized

The Cross Plains I.S.D. Elementary and Chapter I Building was entered sometime between 6 p.m. on September 1 and 6:30 a.m. September 2 and approximately \$400 cash was taken. There was no vandalism reported.

The investigation is continuing at this point.

If anyone has information leading to the arrest, they may contact Randy Pancake, (817) 725-7456, investigating officer for Callahan County Sheriff's Department or call Crime Stoppers (Austin) 1-800-252-TIPS. A reward for information may be available and the informant will remain anonymous.

Final Parent Workshop Tuesday, September 29

The PTO has been offering a series of workshops called Developing Capable People. The last one will be held Tuesday, September 29, from 7-8

p.m. in the high school library.

Theresa Gilbert is a parent and school board member from De Leon, and will be the facilitator for the series. The workshops are based on the book, "Raising Self-Reliant Children in a Self-Indulgent World" by H. Stephen Glenn.

Anyone interested in parenting is invited to attend. The topic will be "What You Have to do to Develop Self-Esteem." Babysitting will be provided in the home economics room. Ann Watson, school counselor, cordially invites all parents to attend.

1992 United Fund Drive Set

The Directors of the United Fund set Friday, October 2, as the date for the annual drive. The goal for this year is \$4,550.

Citizens of Cross Plains and the surrounding areas have always been generous in their contributions and your support is urgently needed again this year.

This local organization set its own budget and does not pay annual dues. It is in no way associated with the national United Way, which had been the center of controversy.

More information will be published in the Review next week.

ROWDEN NEWS

By MRS. N.V. GIBBS

Summer months are about over, by the calendar, but hot days are still popular with the weather. The West Texas Fair started out with rain, but the remaining days were perfect for the Fair. No one reported going to the Fair and Rodeo from the older people here. I'm sure some of the younger families took in all the activity.
Edna Dye was honored on her birthday Friday. Her brother and his wife, Ed and Betty Sayre of Breckenridge, gathered up part of her family for a meal at Cahoots in Abilene. Those attending were Frank and Mildred Sayre of Eastland, Joe and Sharron Allen, Edwin Dye and his wife, Ann, Tommy Dye, all of Abilene, and Bob and Kathy Dye of Rowden. Sunday, Edna

Dye and all of her immediate family met at the Tommy and Erlene Dye of Possum Kingdom Lake house, who hosted the outing. Those attending were the Bob Dye family and children, Julie and Bryan Patterson and Justin and Breana of Baird, Ed and Ann Dye and daughter, Lori Ann of Abilene, and Tommy and Erlene Dye and Douglas Dye.
Gene and Vernie Belle Mauldin visited Dorset and Lee Harris in Baird during the week. This writer had visits with the Mauldins and Joyce Odom Thursday afternoon. Vernie Belle also reported that she and Gene had been busy shelling three bushels of black-eyed peas recently.
Visitors in the Robert Watson home this weekend were Cody Watson, who was home from Texas Tech, and a friend, Thomas McMillin, son of Mr. and Mrs. Thoms McMillin of Baird. Their son is a student at Wichita Falls University. He has helped the Watson family while they were building the house for Edna Groves on her ranch south of Baird.
Connie and Bill Steele were among the Cross Country racers held at the Lakewood Golf Course Saturday.
Edna Dye and her sister-in-law, Mildred Sayre of Eastland, attended the Al Trusa Antique Exhibit at the Civic Center in Abilene Friday.

Accidental discovery may end obesity

WASHINGTON—Researchers may have discovered a way to end obesity—by accident!

In a study with a potential cholesterol lowering agent, scientists noted an unusual side effect. Instead of lower cholesterol levels, patients receiving a natural plant colloid lost weight while body weight in a control group remained constant.

The scientists say the mechanism behind the weight loss is not clear, but suggest it is partially due to a decrease in the intestinal absorption of calories. Scientists in another study published in the *British Journal of Nutrition*, found that patients consuming the same colloid lost weight in spite of being instructed not to alter normal eating patterns. Despite this evidence, other scientists may not agree on the weight loss benefits of colloids. Someday, pending further study, there could be universal agreement that colloids are helpful in confronting the problem of obesity.

National Dietary Research, whose research topics have been the subject of articles published in recent medical and nutritional journals, has successfully incorporated a series of colloids into a chewable food tablet called FS-1. When used as directed, FS-1 replaces high calorie fats with lower calorie nutrients, thus providing optimum nutrition with a minimum number of fat calories. According to an article published in the *American Journal of Clinical Nutrition*, consciously limiting the amount of food one consumes is not necessary to lose weight, provided you limit the fat.

A Florida company has obtained exclusive distribution rights to FS-1, which is available through pharmacies and other health care professionals.

COTTONWOOD NEWS

By BEVERLY BROWN

A large crowd of patrons and musicians were on hand for "Rehab Night" at the Cottonwood Musical Friday night.

Mr. Bill Snoden, director of the West Texas Rehabilitation Center in Abilene, and Mr. James Hallmark, public relations director, attended the evening's festivities. Mr. Snoden spoke to those attending and was pressed into services by the Cottonwood Quilting Club to draw for the evening's giveaway prizes.

Mr. J. Tyson, of Denison, Texas, was the winner of the "Rehab Night" Starburst quilt. A surprised and crying Mrs. Tyson received the phone call from President Ethel Champion Friday evening of their name being drawn.

The members of the club are pleased to announce the total of \$1,000 will be sent to the West Texas Rehabilitation Center this year. The ladies are greatly appreciative of all who helped make the evening a great success.

Mrs. Jessie Wilcoxon and Mrs. Violet Edwards, of Cisco, were at the home of their daughter and sister, Mr. and Mrs. Blanton Childers, on Wednesday.

Eddie Curtis—Democratic Candidate For Co. Sheriff

As one of the ORIGINAL candidates for the position of Sheriff of Callahan County, I ask for your continued support. I realize there is a growing concern among the citizens for improvement in our county law enforcement.

Briefly, I remind you that I have had four years of law enforcement three years as a constable and one year as a city night watchman. I have attended training courses sponsored by the West Central Texas Council of Governments concerning the handling of child abuse cases and intend to continue any training courses offered to broaden my knowledge of crime control.

I commend the County Commissioners in a job well done in revamping our county budget. Yes, they have had to make much needed budget cuts, but as Sheriff I would strive to stay within the guidelines the Commissioners have set in order to hold down our county tax rate. As I have stated many times before I will implement rotating schedules with the utilization of a night deputy. This can be done in an efficient and simple manner and cut costly man power for the county.

My goal is to be fair and honest and be a favorable role model for the youth of our community. As a father of two young children I realize daily this is very important.

Our law enforcement in Callahan County should be an exemplary pattern for all the Citizens of Callahan County, both young and old.

EDDIE CURTIS
...candidate for County Sheriff

My promise to you is there will be law enforcement for everyone in the county no matter where they live or whatever time it is needed. My door will always be open as well as my mind to whatever suggestions you as citizens have to better improve the county in which we live.

Thank you again for your support through the primary and run-off elections, and I ask you again for your continued support on November 3rd.

Let's Make The Change Together!!
Eddie Curtis, Democratic candidate for Callahan County Sheriff.

County Delays 2 Bill Payments

Callahan County officials will hold-up payment of food and telephone bills for the county sheriff's department until commissioners are able to discuss the bills with County Sheriff Bill Skinner.

When county commissioners met Monday, September 14, in a regular court meeting, commissioners voted to pay all current bills, except for a \$1,177 statement from Roger's Food Store and \$131.70 telephone statement from GTE. Both bills pertain to the county sheriff's department.

County commissioners were informed late last week that Sheriff Skinner would attend the commissioner's court meeting to discuss the statements with county officials. However, County Judge Bill Johnson told commissioners Monday that Skinner would not attend the commissioner's court meeting because he had gone fishing.

Judge Johnson said, "This food bill is ridiculous," referring to the \$1,177 spent on prisoners being fed the previous month.

Johnson said the GTE telephone statement had 423 long distance phone

calls and GTE is not even the county's long distance telephone carrier. Callahan County uses Action as its long distance phone carrier.

The judge stated he hated to take this out on a private business, but suggested to commissioner's they not pay the two statements until they have an opportunity to talk to Sheriff Skinner.

Commissioners Lowell Johnson, Roy LaFoy, Tommy Holland, and Judge Johnson then voted 4-0 to delay paying the GTE and Roger's Food Store statements until Skinner returns from his fishing trip and review the bills with the sheriff.

Commissioners also voted to appoint election judges for the upcoming November 3 General Election in Callahan County. Election judges include: Precinct #1, Silas Tucker and Priscilla Acklin; Precinct #2, R.C. Logan and Mrs. E.C. (Ruth) Gray; Precinct #3, Ladean Brewer; Precinct #4, Sarah Brashear and Debra Childers; Precinct #5, Mita Isenhower and Helen McCollum; Precinct #6, Patsy Hogan and Mrs. Randy (Gaye) Cranfill; and Precinct #7, Shirley Landers and Sybil Johnson.

Student Council Makes Early Plans

By CA

With some time to get reacquainted and reestablished in the school routine again, it became time for the Cross Plains student body to select their Student Council officers and class representatives. Officers and representatives were elected by the student body last week.

Sponsors for the 1992-93 school year are high school science teacher, Brenda Switzer, and junior and high school math teacher, Darlene Webb.

This year, because of changing to the middle school concept, the Student Council now has 2 representatives from the 6th grade in addition to the

representatives from grades 7-12.

Their first official meeting was on Monday, September 21, during the homeroom period. At this meeting they discussed a variety of topics from fundraisers to various civic and/or school projects. Work schedules for the concession stand were also discussed, since that is their major source of income. They talked about the need for the Council becoming more unified and becoming more involved in school activities.

The officers and reps for this year are as follows:

Officers

President — Jennifer Wheeler (Sr.); Vice-President — Sonya Renfro (Sr.); Treasurer — Robbie Hutton (Sr.); Secretary — April Hogan (Sr.); and Reporter — Rhonda Swift (Sr.).

Representatives

6th — Ashley Beggs, Jolena Fleming; 7th — Tasha Webb, Nathaniel Swift; 8th — Lee Wayne Wheeler, Candice Eppard; 9th — Brandi Adams, Chris Rios; 10th — Sheryl Glover, Leah King; 11th — Kelly Barclay, Lori Dillard; and 12th — Brandon Smith, Amy Welch.

FFA Chapter Elects Officers

The Cross Plains FFA Chapter has elected their officers for the 1992-93 school year. A committee made up of students in ag class and the ag teachers selected 16 students for the members of the FFA from which to choose. Six students from those nominated became chapter officers. The results were: President — Michael Cowan; Vice-President — Amy Welch; Secretary — Jason Fleming; Treasurer — April Hogan; Reporter — Jennifer Wheeler; and Sentinel — Sonya Renfro.

Those students represent the FFA throughout the year at various functions such as conventions, stock shows, and the end of year banquet. They provide leadership for all the members of the chapter and help promote agriculture and the FFA.

The first year students in ag are called greenhands and they traditionally elect a set of officers for themselves, also. The AGSC 101 classes nominated students and the results are: President — Misti Strickland; Vice-President — Brock Walker; Secretary — Donnie Dillard; Treasurer — Clint Connelly; Reporter — Karen Dunn; Sentinel — Blake Foster; and Parliamentarian — Brandi Adams.

From Start To Finish

By GREG TURNER

So, Roscoe will be a tough opponent this week. They have only had 7 points scored against them this year and have scored 126 points in 3 games.

Some may wonder what happened to the beginning of this article, I didn't write it. So you see if we do not do the beginnings, we miss out on total finish.

The Bible even starts out with the words, "In the beginning," and ends with the word Amen. We voice Amen to proclaim approval at times, so I believe if you as young men and women will do something from START to FINISH, at the end you can proclaim approval or say Amen, even though sometimes it is very difficult.

See you at Roscoe!!

OFFENSIVE BLOCKING SUPERB — The Junior High Buffs

provide Kevin Nickerson #25 an opportunity to spring for yardage.

They're Still On Top

By CAROL ATCHLEY

The Junior High Buffalo football team came super close to a repeat performance of their 40-0 win last week over Roby. This week the opponent was Santa Anna. 39-0 was the score. In the win, the entire 26 member team was able to get in some playing time.

There were many well executed offensive and defensive plays that contributed to the victory. There were 2 fumble recoveries by Porcius Potter. Jarad Richards was involved in two key plays: he prevented a Santa Anna touchdown when, as the last man between our defense and open field, he caught up with a sprinting Mountaineer. Later, he nearly intercepted a Santa Anna pass, but it fell out of his hands.

Chris Wood, at one point, helped stop a Santa Anna drive when he was able to jump off the line and bat down a pass attempt. Also in on several good defensive plays were Jody Fortune, Cory Switzer, Justin Richey, Richards, Sean Jones, Justin Hopkins, Nathan Swift, and Kevin Nickerson.

Offensively, the Junior Buffs used the running game to score their 6 touchdowns. In the first quarter, only 1:56 into the game, the Buff quarterback Jeremy Barnett outstepped the Mountaineers on a 49 yard run, ending in the end zone for the TD. Kicker, Cory Switzer's point-after attempt was good and the Buffs went up 7-0.

The first offensive drive for Santa Anna was unsuccessful. They fumbled the ball Potter recovered on the Santa Anna 10 yard line. Sean Jones then ran the 10 yards for Cross Plains' second TD. Switzer's kick was deflected as it hit the goal post, and was no good. The score was now 13-0, with 5:10 left in the quarter.

With most of the second quarter gone, the Buffs scored again. Santa Anna was forced to punt. Richards returned punt and with a Mountaineer penalty, C.P. started at the 26. With runs by Nickerson (15 yards), Jones (16 yards and 41 yards), Barnett ended up making the score on a 3 yard run. The point after failed due to a bad snap, but the score going into the half was C.P. 19-0.

Heading into the 3rd quarter, with 4:56 left, C.P. scored again on a 35 yard run by Justin Richey. The point after was good on a short run by Barnett for the 2 points. The score was now 27-0.

Santa Anna then had another short drive which contained their longest run of the game, 20 yards. The Junior Buffs took over on a Santa Anna punt and Nickerson behind some good blocking by C.P.'s offensive line, including Hopkins, Roy Turner, Potter, Switzer, and Swift, carried the ball 68 yards for C.P.'s 5th touchdown with 1:08 left in the quarter. The point after failed...score now 33-0.

The final TD for the young Buffs was in the 4th quarter with 2:51 left. This score came as a result of runs by Barnett 21 yards, Nickerson 28 yards, Barnett 14 yards, and the TD coming on a 9 yard run by Jones. The point after failed.

Shortly after, the Buffs recovered a Mountaineer fumble and were on the move again, but time ran out and the game ended with the Buffs on top 39-0.

Next week, Thursday, September 24, the Junior Buffs will face the Roscoe Plowboys at home, beginning at 6 p.m.

ROLLING TO THE RIGHT — Brock Walker positions for a pass.

GOOD DEFENSIVE BLOCKING — Buffs hold Mountaineers scoreless in 2nd half.

BACKING THE BUFFS

Another Tough Loss For The Herd

By CA

Despite some strong defensive play in the second half by a well-used Buffalo defense, it was the first half that resulted in the Cross Plains Varsity Football team's loss of 28-0 to a tough, quick Santa Anna team on Friday, September 18, at Buffalo Stadium.

The Buffalo offense had a hard time moving the ball both in the air and on the ground. The passing game was not as effective as last week, with only 8 completed passes for 71 yards. There was also one costly interception (in the first quarter) which resulted in a 40-yard touchdown run by Santa Anna.

Among the 8 completed Buffalo passes, there were six from quarterback Brock Walker; one to Michael Cowan for 15 yards; one to Billy Brown for 5 yards; one to Jason Flem-

ing for 22 yards; one to Bucky Williams for 3 yards; and one to Brandon Smith for 5 yards. Taking his turn at quarterback, Jason Fleming threw three completed passes. One to Walker for 8 yards; and two to Smith for 32 yards and 5 yards.

In the ground game, the Buffs had only slightly more success, but were unable to sustain a scoring drive. C.P. carried the ball 27 times for 109 yards. Fleming ended up carrying the ball 18 times, gaining a total of 35 yards. Billy Brown also carried (although he played with an injured left hand he received in last week's game), as did Williams and Cowan. The longest Buffalo run was by Cowan for 52 yards.

The Buffs' longest drive occurred in the 2nd quarter after a Santa Anna score. C.P. started at their own 18 yard line and with good blocking from the Buffalo line, including James

Jones, Jimmy Lee, Earl Meroney, Willie Nickerson, and Josh Harrell, the ball eventually ended up at the S.A. 9 yard line, but what happened? The dreaded fumble...it went out of bounds and the Buffs retained possession, but it was the motivation Santa Anna needed and on 4th and goal with 4 yards to the end zone, the Mountaineers sacked the QB...end of drive. S.A. took over on downs and the first half ended 28-0 S.A.

The fumble plagued the Buffs on one other drive. It began shortly into the second quarter when S.A. seemed to try and on-side kick, but C.P.'s Donnie Dillard captured the ball and the Buffs started at the Santa Anna 48. Next play, C.P. fumbles and S.A. recovered, ending the drive.

Those were offensive blows to the Buffs. However, they came out of the field house the second half, and though still unable to score, they cer-

Cross Plains runners were at

Lakewood Golf Course for the annual Cross Country run Saturday, September 19. As race time neared, 25

schools from this area were present with a total of 345 runners entered in 6 events. The largest race was Varsity girls with 138 runners, with races ran with 1A through 3A combined.

Cross Country runners from Cross Plains once again did an outstanding job.

Varsity girls ran 2 miles with 138 runners. Connie Steele came in 3rd, 12:44.

Varsity boys ran 3 miles with 71 runners. Carl Albrecht, 14th, 18:11. Bill Steele, 19th, 19:00.

Junior Varsity girls ran 1 mile, 29 runners. Jodie Dallas, 1st, 6:19.

Junior high girls ran 1 mile, 88 runners. Morgan Pendleton, 1st, 6:09. Amanda McGuire, 3rd, 6:19. Natasha Webb, 63rd, 7:55.

Junior high boys ran 1 mile, 25 runners. Justin Richey, 2nd, 5:28. Chris Wood, 4th, 5:41. Hugo Mauricio, 6th, 5:53. Jason Carey, 10th, 5:09. Lee Wheeler, 17th, 6:51.

The junior high boys won the team trophy, which is the first time for Cross Plains.

I wish to express my thanks to all the people from Cross Plains and Rising Star who did an outstanding job of organizing this meet.

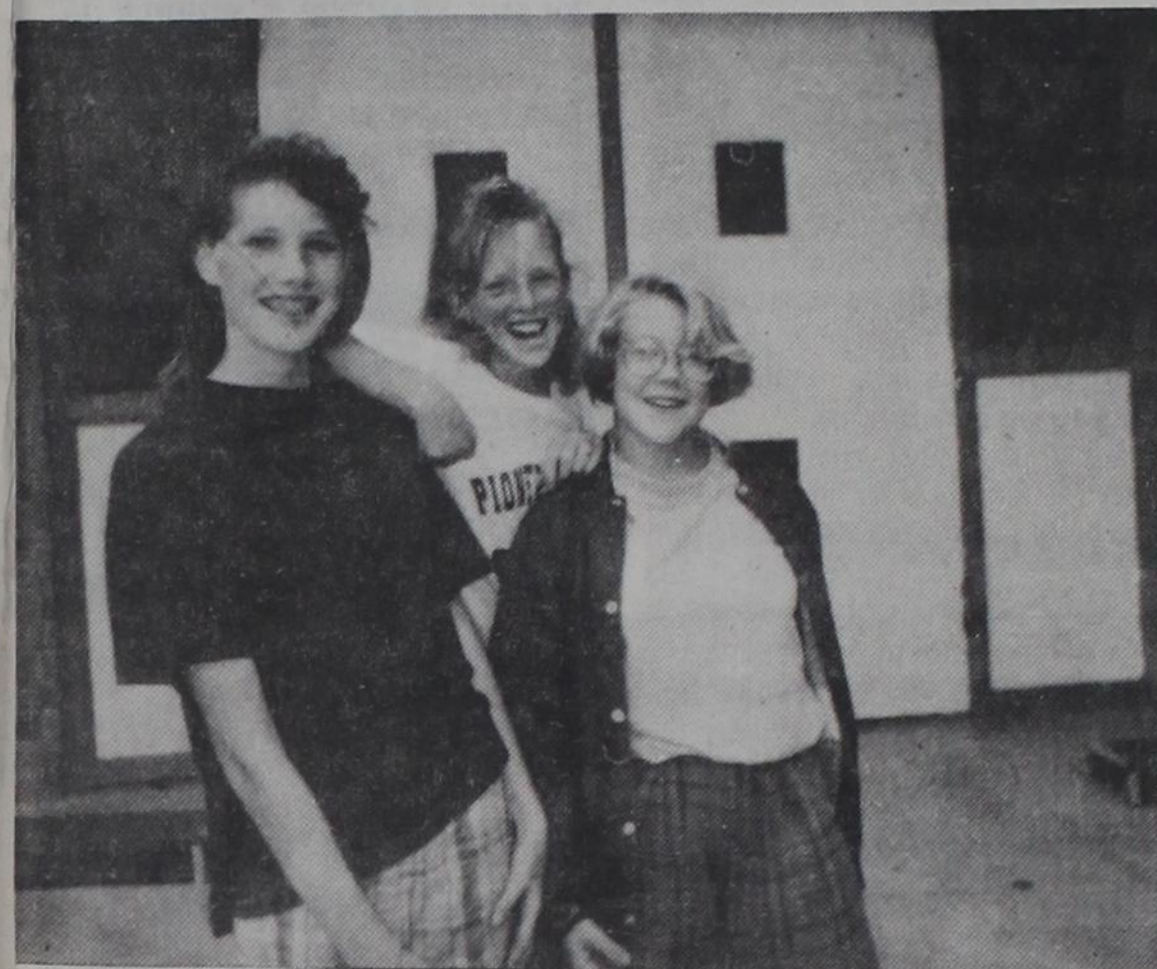

The King family who runs the Lakewood Center were extremely helpful in watching and making sure facilities were available. The phrase "going the extra mile" would best explain their contribution to making this event successful, and it was certainly appreciated by everyone involved in the meet.

Varsity runners will be in Stephenville on Saturday, September 26, for one of the biggest races in Central Texas.

tainly were not going to let S.A. score again, and the Mountaineers did not during the entire second half.

The Buffs started the second half by trying their popular on-side kick. This time it was successful when Billy Stearns covered the ball on the S.A. 47 yard line. The drive only lasted 4 plays. C.P. had only one other possession in the third quarter, but it, too, ended short.

In the 4th quarter, the Buffs had 3 possessions, but were stymied in their TD attempts each time. Their closest shot at a TD came in the 4th quarter when S.A. was in a 4th and 9 situation and they fumbled the ball and James Jones and Brown recovered at the S.A. 30 yard line. The Buffs were unable to advance, though, and S.A. regained possession on downs.

The strongest part of the game for the Buffs was the tough, determined defensive play in the second half. Although they gave up 8 first downs to the Mountaineers (7 of them in the 3rd quarter), they did not allow S.A. to score the entire half. The Buffalo 30 yard line was as far as S.A. was able to drive.

There were good defensive plays made by several stampeding Buffaloes, including pass deflections by Smith and Meroney. Geno Fortune shot through the line and got to their QB for a sack. Other Buffalo defensive players that helped hold S.A. scoreless in the second half were Harrell, Stearns, Lee, and Nickerson, who were all in on several tackles.

With the win, S.A. now has a record of 2-1 and C.P. is now standing at 0-3. Next week, the Buffs travel to Roscoe who has a record of 3-0. Last week Roscoe beat Garden City by a score of 39-7. Prior to that they had defeated Hawley 48-0 and Irion County 39-0.

That will be the last game prior to district play for the Buffaloes. Roscoe is a long drive, but it's mostly on the interstate, so don't just be a home-game supporter...follow your team, cheerleaders, and band wherever they go.

Statistics for the game are as follows:

October — Family Violence Prevention Month

"Joshua"

There are many stories to tell, but none of them are peaceful. Stories from the high range of surviving joyousness to the depthless bleakness of horror, where the innocent are the accused, and the guilty invariably go free — a gamut of possibilities unrestricted by conventional balances. For the past twenty years I have helped lead a rescue mission for those brutalized by people close to them, people who feel little compunction to care for their own. In many ways an unimaginable mission, there is now the opportunity to share highlights from its traversing with those who venture to come along, momentarily, into the world of domestic violence.

Many women either begin to be battered when they become pregnant, or are battered more often and with more force during pregnancy. Because of this, a lot of newborns begin life in our shelter-centers. Such as Joshua. This is his story. Right at twelve months old now, he came to live with us two weeks before he was born. If his picture could be shown, I would say to you, "Look at those big brown eyes, and see how his grin just pops out!" The staff waited for hours for him to be born, and we all celebrated when he

finally came. Once he was "home," we listened for his tiny baby cries. They were few, for he always had a happy disposition. But sometimes, as typing paused, there was a wee little outcry. In his deep baby memory banks, he must have a recollection of hundreds of hands reaching out for him. Foolishly, like dotting aunts, we tried to make him reach back for us when he wasn't yet old enough to hold up his head. But soon he countered our efforts with a sweet grin. Never once did that child grin that he didn't get a smile back. I can only imagine his confusion when he leaves, should he grin at someone too sour to part with a smile.

When Joshua began to crawl, we put up barricades at both ends of the second floor of the Noah shelter. Then we swept around him and stepped over him. Thinking our clumsy acrobatics a great game, Joshua just kept a'grinning and a'crawling! Finally the day came when he took his first baby steps. Coming home from a day at college, his mother was beside herself with pride. Staff was delighted; and I was interrupted. No matter — right in front of my piled-high, yesterday's-work-waiting, phone-call-holding desk, Joshua took some of his first steps! Then he looked around and popped that grin! Everybody applauded! Busy me? A standing ovation complete with a small candy bar (we tried to teach Joshua the benefits of chocolate at an early age).

Like all the other children at the shelter — hundreds of them now — Joshua will soon leave. One little girl, having lived with us since a baby, said to her mother when they moved to their new apartment, "Wanna go home, Mama. Wanna go home."

This we know. Home is where the heart is. As for all of us at Noah — our hearts are with the children.

CLEAN TEXAS 2000

QUESTIONS TO THE CLEAN TEXAS 2000 HOTLINE: 1-800-458-9796

Q: I pass by an abandoned tire dump every day and it doesn't look as if anyone has started cleaning it up. Whom do I tell about it?

A: Call the Clean Texas 2000 Information Line to report the tires. If a Texas Water Commission District Office is listed in your telephone directory, it would be best for you to call that office, because the people there will probably be more familiar with your area. If none is listed, then call the Clean Texas 2000 number or call our tire specialists at 512/834-6683. We've identified about 350 abandoned tire sites in Texas. We're tackling the worst sites first, so it's possible that we know about the site you have mentioned. Nevertheless, we encourage you to call about any sites you know of. We'd rather hear about them twice than not at all.

Q: What's the single most important thing I can do to reduce waste?

A: If you are a homeowner, the most immediate thing you can do to reduce what you send to the landfill is to cut back on yard waste through mulching and composting your grass and leaves. But the single most important thing you can do to reduce total waste produced by our nation is to learn to buy products that don't produce waste by-products in their manufacture. It's not always easy, but you can look for products that don't require much wasteful packaging, for products that can be reused and for natural products that don't use petroleum as a base. When you shop, keep in mind the motto, reduce, reuse, recycle! And you could consider adding 'repair' to that list as well.

Your newspaper runs this column as a public service in cooperation with the Texas Water Commission. If you have questions about reduction, reuse or recycling of waste, call the Texas Water Commission Environmental and Recycling Information Center at 1-800-458-9796, or write CLEAN TEXAS 2000, P.O. Box 13087, Austin, Texas 78711-3087.

Baird High School 1952 Class Reunion

The Baird High School Class of '52 will hold its 40th year reunion in conjunction with Homecoming festivities, October 2-3. Class members are planning a reception following the Exes Business Meeting Saturday, October 3, to be held in the Randall Ivy home, 314 Walnut. The Class of '52 will host the Classes of '50, '51, '53, and '54. All friends from prior classes are welcome to join this "Fun Bunch."

Mr. and Mrs. Max Watson of Houston spent the weekend with Mr. and Mrs. Roger Watson and Aunt Pearl Bunnell.

Kate Watson's visitors this week were Lois Crist and Bonnie Illingworth of Wichita Falls, Jerry and Sharon Jackson family, and Sam Fleming, all of his town, JoVeda Watson of Lake Brownwood, and Joe and Nell Fleming of Pioneer.

Darwin and Wanda Anderson, Daisy Holcomb, and Jerri Renfro visited with Vanda King and family and Ethel Anderson over the weekend. Darwin and Kye caught over 40 bass in two days, most weighing 2 pounds or more. The family reported a delicious fish fry.

Environmental Tips For The Month:

Here's a safe way to "best" pests that bother your cabbage and broccoli plants! Dust the plants in late afternoon with baking soda. When dew settles on the soda, the mixture will form an anti-worm enzyme — but it won't harm humans, and it'll wash off easily with a little water.

Itching to Know? If you come in contact with poison ivy, remember that the poison is in the sap found on the leaves or roots of the plant, not the leaves themselves. If your skin comes in contact with the sap, wash the area with soap and water right away. Washing two or three times may prevent your getting a rash. Clothing that has come in contact with the sap can spread infection, so remove them carefully and wash them immediately. (If your garden equipment came in contact with the sap, wash it, too.) Itching and rash will appear within 24 to 48 hours after a contact. Keep area clean and dry.

Mulching with sawdust: Like most organic mulches, fresh sawdust is gradually broken down by fungi and bacteria in the soil. During the process, the organisms also consume nitrogen, which is essential to green plants. Compensate by adding 1 gallon liquid plant food (mixed according to the directions for regular feeding) per bushel of sawdust.

Dogs and friends: Use a thick solution of baking soda and water on a dog that has gotten too "friendly" with a skunk. Allow it to dry on the dog — the baking soda stays in its coat, and it keeps right on working to eliminate the odor!

First China Painting Demonstration Of The Season Sat., Sept. 26

Edna Dye, who practices and teaches Porcelain Art, says china painting has come a long way in the last decade. Even with the longevity of centuries, china painting has had a problem with its image and is finally being accepted as a fine art. Now there is a porcelain club in almost every city in this country. Importing of china and supplies was difficult during the war years but enjoyed a major comeback in the 1950's.

"Porcelain Art is the most difficult art form — just getting the paint on the china is a special technique," Mrs. Dye said. Knowledge of color is important because not all mineral based paints mix successfully and many changes become apparent in the firing. Porcelain art is acquiring a new respect because teachers are insisting on originality.

Curators at the American History Museum at the Smithsonian, Washington D.C., thought all porcelain art originated in Europe. Then in 1985, U.S. porcelain artists held a show in the museum rotunda. Now artists from the United States have videos and painted pieces in the museum.

The Abilene Porcelain Art League of Abilene has members that reside in Breckenridge, Cisco, Eastland, Cross Plains, Putnam, Baird, and Abilene. Their membership is limited, but for those who like china painting and may be interested in becoming a china painter the club is having their first demonstration of the season.

Edna Dye, who is program chairman for the League, invites those who are interested to attend a top-notch artists demonstration by Evalina Simons of Midland Saturday morning, September 26, at 9:30 a.m. at the downtown Quality Inn on Pine Street in Abilene.

Mrs. Dye has taught and held seminars in this area since moving to her ranch home in the Rowden area from Odessa in 1971. Those interested in attending may call Exa Williams, (817) 725-6246.

**CROSS PLAINS
VOLUNTEER FIRE
DEPARTMENT REPORT**

By RON BELL
P.I.O.

The Cross Plains Fire Department would like to commend everyone on their safety. We've been lucky so far, as we haven't had any fires.

Also, to remind everyone that the 911 system is in effect for our community. When using the 911 system, remember to stay on the line. **DO NOT HANG UP.** The system has to do some switching from 817 area to 915, so please stay on the line.

When you are reporting a fire, give your name, location, county road, highway or street, if you know it, what type of fire, and who the property belongs to, if you know it. When you give this information it helps the Fire Department to form a plan as to how to handle the fire when they arrive on the scene.

To the lighter side. Traveling through the countryside one can't help but notice the art show the good Lord is beginning to put on. With the leaves on the trees changing color, the scenery is an awesome beauty. Please do not destroy it. Be careful with your matches and cigarettes.

**LET THEM DO
YOUR BAKING!**

Cakes, pies, cookies, and design shaped Rice Krispie bars will be homemade for your individual and party needs.

During the day contact 725-6141 and ask for Barbara and evenings 725-6522 and ask for Lori.

The proceeds will benefit Lori Dillard's trip to London as a cheerleading representative. She is the daughter of Mr. and Mrs. Donnie Dillard of Cross Plains.

**MINUTE
MUSINGS**

By ESTHLOY S. DICKSON

This is a beautiful Monday morning, and I should be in a more favorable mood before I even start this column.

A telephone call from my son concerning a close relative has me so upset I can't think 'straight' - but I must for the benefit of all concerned.

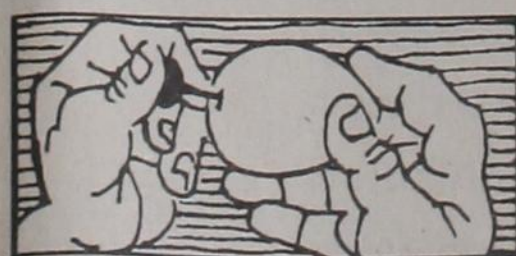

We had almost two hundred in Sunday School at First Baptist, and a good church attendance. Brother Mike brought a very interesting message from Romans 14, entitled "Difficult Decisions."

J.T. and Betty Beggs were in Temple Wednesday and Thursday, and came home on Friday. They visited Rusty and Reba and family. They all celebrated Betty's birthday early. J.T. had a 'facial' treatment on Friday - and Betty 'bragged' on our Dr. Stephenson for his help.

Sally Roady stated that they visited Ms. Nettie at the nursing home nearly every day. They talked to Cindy and Charlie - they are in Missouri. Art and Bertie Roady of Abilene visited them here on Sunday - they enjoyed a nice visit.

Ms. Jewel Foster sounded great this morning. Her health is improved and she is enjoying the nice weather every day.

I enjoyed a brief chat with Nell Fleming - she is such a dear. She said they were getting along fairly well and enjoying the nice weather.

Hard boiled eggs may be easier to peel if you pierce the large end with a thumbtack before cooking.

TO THE EDITOR**

Normandy Invasion

Dear Editor:

I am calling on all veterans of the Normandy invasion, in whatever capacity, to contribute their own taped oral history to the D-Day collection at the Eisenhower Center, where we are attempting to preserve the record of the common soldier, sailor or airman. For the 50th Anniversary, we plan to publish a book, "Voices of D-Day," based on the oral histories. Please write me for details.

Letter From Ireland

Dear Editor,

This letter is sent from Ireland and I would be grateful if, through your newspaper, you would allow me to reach some of the estimated 40 million American-Irish located throughout the United States today.

I am writing about a unique and historic event this month (September), which links the Choctaw Indians and the Irish people in an extraordinary bond of friendship.

Five hundred years after the voyage of Christopher Columbus, the world is re-evaluating the impact of European colonization on the Americas. For the original inhabitants of North, Central and South America, the so-called 'discovery' of this new world began a process of exploitation and brutality with far reaching consequences.

The Choctaw Indians are but one example of this process. In the winter of 1831, tens of thousands of Choctaw were forcibly removed from their ancestral homelands in Mississippi to Oklahoma. Almost half of the Choctaw people perished during their 'Trail of Tears'.

What makes the Choctaw story of such compelling interest to the Irish, is the discovery of their generosity to our people during the Great Potato 'Famine' of 1847.

We have no idea how the Choctaw learned of Ireland's suffering at that time. What we do know, however, is that the Choctaw (perhaps hearing echoes of their own suffering just 16 years previously), were so moved by the stories of Ireland's poor, they called a meeting to discuss our plight. At the end of the meeting, the Choctaw raised, from their meagre resources, US\$710:00 for famine relief in Ireland. 'Niles Weekly Register,' recording their generosity in 1847 commented "the poor Indian giving his mite to the poor Irish."

On September 7, 1992, a small group of 7 Irish people will begin retracing the Choctaw 'Trail of Tears' from Broken Bow, Oklahoma, back to Mississippi. On September 21, this group will be joined by a further 17 walkers at Lake Village, Arkansas. On September 27, 2 Brazilian Indians will join at Ackerman, Mississippi. The walk will conclude at the great prehistoric Choctaw 'Mother Mound'

of Nanih Waiya, near Preston, Mississippi, on Saturday, October 3, 1992.

I shall participate in the last 2 weeks of this historic walk together with my friend, Richard Moore who, in 1972, at the age of 10, was blinded by a rubber bullet, as he made his way home from school, in Derry, Northern Ireland. Richard and I have decided that our long walk will have 3 purposes:

1. to thank the Choctaw for their humanity to our people during Ireland's Great 'Famine'

2. to help the Irish charity AFRI (Action From Ireland) with its Great 'Famine' Project and

3. through the Great 'Famine' Project to raise essential emergency relief for the victims of Somalia's Great 'Famine' today.

I am happy to inform your readers that the Choctaw Indians have agreed to help us with our efforts to assist the people of Somalia, thus establishing a new chapter in the history of our friendship.

Should any of your readers wish to join us, they would be most welcome, especially on the last day, October 3, at Nanih Waiya State Park, near Preston, Mississippi.

However, Richard and I would like to appeal to your readers to sponsor our walk on behalf of the Great 'Famine' Project and especially the suffering people of Somalia.

Donations can be sent to: Great 'Famine' Project - Somalia Fund, c/o Br. John G. Driscoll, C.F.C., President, Iona College, New Rochelle, New York 10801.

Thank you for your attention.

Yours Sincerely,
Don Mullan, Director
