EVANGELIST HOGG DRAWING RECORD CROWDS TO REVIVAL MEETINGS

TWO FAILURES IN WEST SHALLOW FIELD

Great disappointment in what seemed to be absolutely safe prospects resulted from the completion of two wells in the shallow field, near Dressy, the first of this week. The well on the Andy Foster place, a few offsets from the discovery well was completed Tuesday and proved a failure. Well No. 2, on the Kavanaugh place, one offset west from the best producer in the field, was completed Wednesday without striking oil in paying quantities. A dozen or more other locations had been made in the direction of these two dusters, and drilling had commenced on two or three wells. However, these two dry holes have better defined the course of the main pool and its trend will be vigorously sought in another direction.

After two weeks of persistent efforts to overcome a fishing job, the deep test two miles northeast of Cross Plains, was abandoned Tuesday of this week and instructions were given to plug the hole. This well had passed the Cross Plains and Pioneer sands and was down within 300 feet of the depth of the Hilburn sand. Another deep test at a new location on that lease will be started soon, we are informed.

The largest crowds that ever assembled in Cross Plains for religious services are daily attending the revival meetings conducted by Evangelist Will Hogg and party in the Baptist Tabernacle. The program of the meetings is for it to continue all next week, at the end of which they will begin at Rising Star. Evangelist Hogg is preaching some able and interesting sermons and is a noted scholar of the Bible. It is certainly a religious treat for all that hear him. Nearly all business houses in Cross Plains are closed each day from 10 to 11 o'clock for the morning services.

LIONS CLUB STARTS MOVE TO BUILD ROAD TO BANKHEAD

Last Tuesday's regular meeting of the Cross Plains Lions Club, held in the banquet hall of the First Baptist church, where a fine luncheon had been prepared by the ladies of that church, was devoted chiefly to the discussion of the proposed hard-surfaced road leading from Cross Plains in a direction that will intersect the Bankhead Highway at Putnam, or some convenient point that will afford better travel from this section to the county seat at Baird. The matter was thoroughly discussed and many of the details leading to the starting of the road were worked out. This road has been of vital importance to Cross Plains and this community for many years and a determined effort will now be made to build it. As State aid will be sought in the construction of the road, the point it will connect with the Bankhead will necessarily be a matter of the most people served and a route selected that will entail the least cost. This will doubtless be decided by the State engineers. Cross Plains has contended for many years that a direct route from here to Putnam is the most logical course, as it would save thousands of dollars in its construction, and, from a standpoint of travel, place us within a few miles of a trunk line railroad. And that route would cover a distance of a very few miles only over any other route that could be selected from here to Baird, and the Bankhead Highway would serve one-half of the distance by the former route.

The Lions Club appointed a committee, composed of Geo. B. Scott, Tom Anderson, Tom Bryant, Russell McGowan, T. C. Kelly, Ike Kendrick, Sam and John Barr, who were to meet and confer with Judge Ely, member of the State Highway Commission, in Brownwood Thursday of week, concerning the matter. Judge Ely has practically assured us that every effort will be made to extend the necessary State aid.

HI-JACKED BY GIRLS ON BURKETT ROAD

Coleman night policemen were called upon Tuesday night to investigate a hijacking alleged to have occurred several miles out on the Burkett highway. The victim reported to employes at the municipal light and power plant and officers were later notified. According to the man, who said he was from Waxahachie, he had car trouble and was on his way to Coleman afoot when he was stopped by two girls dressed as men. They covered him with pistols and ordered him to "stick 'em up." He obeyed orders and the pair, he said, relieved him of more than \$100 in cash.

Officers know very little about the case or the circumstance and clues obtained by officers who investigated have developed nothing tangible to work upon.—Coleman Democrat-Voice.

Fred O. Bailes, formerly of Abilene is now manager of the local West Texas Utilities Co. plant, succeeding Mr. Burrows, who has been transferred to the management of the same office.

COTTONWOOD BOY EDITS GRASSBUR

Louis Nordyke has been elected by the student body of John Tarleton Agricultural College as Editor of the Grassbur for the session. The Grassbur is the annual publication of the student body.

Louis is the son of C. T. Nordyke of Cottonwood and has been in Tarleton for two years. This is his last year as he is candidate for graduation next June in the Business Administration Department. He is an outstanding student, having been distinguished in his studies and having been appointed a Major in the cadet corps. He is deserving of the honor that has been bestowed upon him, and the students and faculty are looking for him to edit the best annual in years.

A letter received this week by Mrs. J. W. Westerman, in Cross Plains, from Mrs. J. H. Causey, who recently went to El Paso to spend the winter, states that Mr. Causey's health is improving.

W. A. Buchanan and Sam Jobe, cattlemen of Putnam, were in Cross Plains Monday.

OUR BARGAIN DAY SUBSCRIPTION OFFER

In order to extend the opportunity to some of our subscribers who have not taken advantage of the offer, the bargain day subscription rate of \$1.00 per year to the Cross Plains Review will continue for a few days after this week. Remember this is a saving of 50 cents on your subscription, and is an opportunity which the Review place with its readers for a few days each fall. We are anxious to add 500 new subscribers to our already large circulation. Read the review and keep up with everything of interest that happens in this part of the country.

The above rates apply to subscriptions and renewals within Callahan county and the Cross Plains trade territory. Outside the county and this trade territory the rate is \$1.50. This is caused by the extra postage charges. At the close of the bargain day rates, the regular price of \$1.50 within the county and \$2.00 outside the county will apply to all subscriptions.

Miss Marie Bryson visited relatives in Dublin last week end.

FIVE YEAR BOY SCOUTS TO TRAIN IN CROSS PLAINS

The first meeting of the Five Year Boy Scout Training program are to be held in Cross Plains in the near future, as announced by Scout Executive Ed Shumway, who has recently returned from the Fifth National Training School of Scout Executives held at Cornell University with an attendance of over one thousand professional workers. The progressive Five Year Training program for men will give every scoutmaster, assistant scoutmaster, troop committeeman and interested citizen a very comprehensive knowledge of Scouting.

Scout Executive Shumway is well fitted to direct such a training program having had years of active scout experience and attendance at many important conferences and scout leaders training schools. In acknowledgment of his leadership ability Executive Shumway was appointed Morale officer Nine, which consists of the Executives of Texas, Oklahoma and New Mexico.

Mr. Tom Bryant, Local Chairman and enthusiastic Boy Scout leader, will endeavor to enroll a large number of men to take the training school, learn more about Boy Scout work and have a "rip snorting" good time as they learn of the great Boy Scout program. Mr. Bryant and Executive Shumway will confer immediately and outline plans for the training school. A real attempt will be made to interest every boy in Cross Plains when he reaches his 12th birthday in joining the Boy Scouts of America and advanced plans will be submitted which will hold and interest the older boy.

A younger boy program for all boys in America from 9 to 11 years of age is in the making and important announcements about this program may be expected before the first of the year.

LETTER FROM C. N. HARRIS FORTH WORTH, TEXAS OCT. 3, 1928

Editor Review:

I often wonder what all is going on around Cross Plains. Trust conditions are fine and everyone is prosperous. We are liking Forth Worth fine. Have brought us a home and decided to stay here.

Keep the Review coming, as we look forward to receiving it from week to week. Best wishes to everyone. C. N. HARRIS and Family.

Just Listen to Will Hogg

If you're getting kind of careless,
And your conscience needs a job,
And of Satan you are fearless,
And your soul is in the bog.

If your Bible is all dusty,
And its pages are unworn,
And your brain is getting musty,
From some malice it has borne.

If you talk about your neighbor,
When he don't do as you do,
'Til your harsh words like a saber,
Pierce his heart clear through and through.

If your throat is craving liquor,
And your thoughts are full of lust,
If the cards your hand would flicker,
And your fellowman won't trust.

If you've cursed the Christian people,
And insults at them you've hurled,
From the grave yard to Church steeple,
And you're soured on the world.

If you think some big Church member
Is a low down hypocrite,
And you give him to December
To thoroughly demonstrate it.

Then you'd better come to Cross Plains,
And just listen to Will Hogg,
He'll help you free from Satan's chains
And from his vile demagogue.

For at every appointment
Words of wisdom from him fell,
He prescribes the only ointment
That can heal a sin-sick soul.

Which is preaching to you Jesus
Gon dear Savior crucified,
How he shed his blood to save us
Upon Calvary's mountain side.

Won't you listen now to reason,
Hear his messages of Love,
Break loose from the Prince of Treason,
And accept the "God" above?

BUFFALO GRUNTS

The seniors have been very busy recently. They have selected and ordered a standardized ring. The rings are expected in about a month. Then everyone will be talking about the C. O. D's (Call on Dad).

The Senior Civics Class met Thursday, Sept. 27, 1928, and organized the Civics Club. The following officers were elected: George Robertson, President; Stanley Clark, V. Pres. Vera Ford, Secretary; Lana Bennie, Critic; Program Committee—Ruby Lee Jones and Margaret Holman.

Each officer gave a talk on the success of the club.

A program will be rendered every other Friday.

"Pop" Frazier, the new Cross Plains bandmaster, spoke to the student body Thursday morning. The students are very enthusiastic over the organization of a band, and a number of students have indicated a desire to become members of a school band. This band will play at the games and other school events.

The Pep Squad is practicing a new formation. The membership is growing daily, and the interest in the work of the Squad is increasing. Under the direction of the sponsors, Miss H. Jennings and Mrs. Fulton, and the leadership of Athalie Adams and Mary Tittsworth and Senborn Collins, the Pep Squad is improving rapidly.

The P. T. A. has held its first meeting. Mrs. W. A. Williams is president and Mrs. Martin Neeb is secretary. Supt. Haggard gave a helpful talk and Miss Davis rendered some delightful

numbers.

The high school has had an excellent record in regularity of attendance during the month closing October 5. Seniors have had no advantage in regularity over the other groups. Promptness has also been a virtue that the students have seemed to appreciate. The lack of promptness where it has been shown has been chiefly on the part of one senior and a few sophomores.

October 3, Rev. Will Hogg gave a very interesting talk to the high school, on the theme "Playing Square." To emphasize the point made he told of his experiences in the World War.

The seniors have elected Vera Ford editor in chief of this column and the juniors have elected Mary Bell Tittsworth, assistant editor.

The freshmen have been divided into two sections, Number 1, the boys and Number 2, the girls.

Boys of the freshmen have scheduled a football game with the 7th grade for Tuesday and Thursday.

The line up of the freshmen is as follows: L. E.—Stancel Greenwood; L. T.—Claude Miller; E. G.—Jimmie Baum; C.—Thomas Holden; R. G.—Frank Cross; R. T.—Edward Henkel; R. E.—Carl Childs; Q.—Mack Bingham; D. H.—Leonard Davidson; R. H.—James Cross; Fullback—Loy Bertrand.

The P. T. A. met Wednesday afternoon, October 3, 1928. The regular meetings are the first and third Wednesday of each month.

The program committee is composed of Mrs. W. R. Wagner, Miss Jennings, and Mr. C. D. King. It was decided to order copies of CHILD WELFARE

for the members of the committee.

It was decided that the P. T. A. would this year devote its efforts to improving the school library and providing playground equipment.

The question of how to secure a better attendance of the mothers was discussed.

The Juniors of the Cross Plains High School have organized a History Club, which will render a program every other Friday, starting Friday October, 12.

The officers were elected as follows: Teacher, Npt Huggins; Earl Webb, President; H. H. McDermitt, Vice President; Ila Mae Barr, Secretary; B. W. Adams, Reporter; Ruby Dell Moore and Helen Upton, Program Committee.

MRS. WIMBERLY HONORED WITH SHOWER

At the attractive ranch home of Mrs. Claude Harrell Friday, October 5, was the scene of a beautifully arranged miscellaneous shower, honoring Mrs. Archie Wimberly, formerly Miss Gyrlee Lewis.

Many useful and beautiful gifts were presented to the bride on a table where the gifts had been arranged in a tasteful manner by the hostess, hostess.

A color scheme of green and gold was carried out in the decorations and were beautifully arranged on a plate, consisted of a salad sandwiches, olives, salted nuts, apricot ice, and a favor.

The guest list included: Mmes. Archie Wimberly, Ted Brown, Jim Settle, Russell McGowen, O. M. Hunter, Phil Anderson, Bill Wagner, Thad Kelley, Glen Adams, Harrell,

Jim Chapman, Renerrick Clark, Misses Dorothy Davis, Sara Chapman, and hostess.

Mr. and Mrs. J. W. Farmer and Mr. and Mrs. Scrimshire attended the dedication of the new Church of Christ, at Baird Sunday.

Mr. and Mrs. Frank Williams and daughter, Marie, visited relatives here first of this week.

Mrs. Earl Demis is reported as recovering nicely from an operation for appendicitis, performed in the local sanitarium Tuesday of this week.

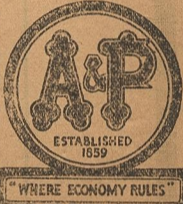

You will be surprised at the Big saving you will make to buy your Blankets at HIGGINBOTHAM BROS. & CO.

From the standpoint of economy the only people who really ought to vote are those who won't kill other people's votes.

VOICE OF - - THE PEOPLE

The time is near at hand when the people of the nation will express at the ballot box their approval of its public servants and national policy.

When the public speaks it always is portentous, significant and consequential. Whether the verdict applies to national politics, a public utility, a private business or an individual. It is an incontrovertible force in which judgment the victor or the victim must abide.

The public demands, and is entitled to service—good service and constructive service—no other kind will develop confidence and trust or perpetuate loyalty and patronage.

This sort of service forms one of the basic principles upon which the West Texas Utilities Company is founded. It is with pride that we point to the thousands of satisfied customers who stand loyal and steadfast. We like to believe that it is a commentary to our unswerving efforts that our industry continues to grow and thrive in such gratifying proportions.

A MESSAGE TO UNEMPLOYED SCHOOL TEACHERS

We have an unusual proposition to offer teachers who are unable to get a school this term. Your literary qualifications fit you admirably to qualify for a business position. Large Business Concerns when calling for help invariably ask us to recommend some one who has a good literary foundation such as your teachers training has given you.

You can complete a course under our new plan in half the time required formerly. A few short weeks and a very few dollars will place you on some substantial business concern's payroll.

To those who want to continue teaching why not let us prepare you for commercial teaching. Read the following letter which explains itself:

E. H. FISHER, Supt.
Arcadia, La.,
September 25, 1928.
Tyler Commercial College,
Tyler, Texas.
Gentlemen:

Can you put me in touch with a man or woman for the commercial department here at Arcadia. They should have three years of college work at least.

Would want someone who teaches typewriting, shorthand and bookkeeping

Yours very truly,
E. H. FISHER.

There seems to be many more teachers than there are public schools while in business or as commercial teachers there are many more openings than there are young people prepared to fill them.

Write your name and address below and mail to us quickly. We cannot extend this unusual offer to more than

one hundred young people at this time.

MRS. WIMBERLEY HONORED

Mrs. Kelley honored Mrs. Wimberley, bride of the month, with a miscellaneous shower at the home of Mrs. Lucey Hart. The house was beautifully decorated with fall flowers. The guests wrote a wish and their favorite receipt for the bride in the guest book. An interesting contest was played and Miss Anna May McConathy was awarded the prize. Much fun was displayed when the guest told of the greatest house-keeping mistake and their most embarrassing moment.

Several musical numbers were given by Misses Dorothy Davis and Ruby Lee Jones and Mrs. Kennedy.

The honoree was invited to follow the rainbow and at the end she found the pot of gold filled with many attractive and useful gifts.

Pink and white brick ice cream and angel food cake was served and a miniature rainbow and pot of gold as plate favors. Mrs. Vincent Hart received the great prize pot of gold which was a dainty handkerchief and presented it to the bride. The bride also received an honoree pot of gold.

The following were present: Mrs. Wimberley, guest of honor: Mrs. Vincent Hart, W. C. Wilkinson, J. C. Young, Jim Settle, Ted Brown, W. A. Williams, J. E. Henkel, Kennedy, Glen Adams, and Misses Ruby Lee Jones, Dorothy Davis, Novie McCord, Anna May McConathy, Mabel Fouts and the hostess, Mrs. Kelley and her mother, Mrs. Lucey Hart.

"AS A MAN THINKETH"

At the annual conference of the Labor Party in Birmingham, England, Col. J. M. Kenworthy, a Laborite, warned of the danger of war between great Britain and the United, and between France and Italy.

Every little while some wisecracker spouts off about a proposed or imaginary war. And just that often the sensible people of the countries involved throw out thoughts of peace to counteract the thought or suggestion of war.

Usually, it is the fellow "in the business" of war who talks war. But it is the high-up, never the private.

There is no more danger of war between the United States and Great Britain than there is between a kitten and its mother, and the Hon. Colonel knows it. Such abortive statements as he made warrant severe condemnation.

THE COUNTRY NEWS-PAPER THEN AND NOW

In addition to the ordinary efforts by the great majority of people to earn a livelihood and accumulate a reasonable surplus of the good things of life, there is the constant struggle to adjust ourselves to conditions of having lived yesterday. The older one becomes the harder the problem, age in years is not necessarily the determining factor. Taking a case from our own business, which the reader may translate into her or his own, in the year 1877 publisher of today tells of his early life in the business. Upon hearing that a certain community would raise \$300 to start a newspaper, he decided to accept the offer. Being frugal and thrifty, sufficient equipment was purchased for \$202 and the paper launched. Forty subscribers paid a year in advance. Today a typesetting machine alone without any "extras" will cost around \$5,000 even for a "country" newspaper, which must make the average layman gasp for breath.

All along the line prices have advanced, overhead costs increased, until it becomes prohibitive for many people to launch a business, much less carry on the business as a successful and profitable enterprise. The value of a modern newspaper plant is one of the most surprising facts to the average person not familiar with the business. It has become almost paradoxical to call any newspaper a "small" newspaper. So far as cost is concerned any newspaper represents an investment in money, good will, hard work and diplomacy.

Newspaper men must deal with machinery, type, paper, ink and public opinion. They know no holidays, yet they must write about them. They know no leisure, yet they must encourage its proper use by others. They are subject to human error, yet they must be religiously accurate. They "break down" in mind and machinery, yet the paper must be out on time. They must have views and opinions on all public questions, yet they must please everybody.

IN MEMORY OF MRS. MARY GRAY

Another good woman has gone. Mrs. Mary Ann Elizabeth Gray died at her home near Cross Plains, on May 10th, 1928, after a long illness. She was 77 years, 9 months and 4 days old.

Mrs. Gray was born, raised and married in Georgia, later moving to Texas, and lived in Bell and Williamson counties until a few years ago, when she moved west with her children. Her husband and five children have gone on before her to the promised land.

Mother Gray, as she was lovingly called, joined the Baptist church and lived a good christian thereafter. She was a quiet, gentle woman, whose name seldom, if ever, found its way into the newspapers. But she loved her family and her home, and her sweet christian influence was felt by all who knew her.

She leaves 7 children, 33 grandchildren and a number of great-grandchildren to mourn her death, and may your mother's God be your God.

A Friend,
Mrs. W. HOPPER,
Roseland, Texas.

BIG ROAD BOND CARRIES IN BROWN

A \$1,640,000 road bond for the purpose of building a highway system throughout the county, was carried by a big majority at a special election in Brown county Monday of last week. This big bond issue has been agitated in Brown county for the past twenty years but had met defeat at each former election held for the purpose, the rural vote, as in this election, being largely against it. It was carried this time by the majority vote of 18 to 1 in the city of Brownwood. The road running from the McCulloch county line through Brownwood to the Comanche county line, which is a federal highway, will receive two to one aid, and the road from Brownwood to Rising Star will be built on a fifty-fifty basis. A concrete road from Rising Star to Brownwood is contemplated. A hard surface road will probably be built from Brownwood, via Cross Plains, to the Callahan county line.

OFFICERS NAG HI-JACKER NEAR BAIRD

(Baird Star)

Sheriff Ev Hughes and Martin Koonsman, State Highway officer, arrested two young men, accused of holding up a filling station in the business center of Abilene Thursday night of last week. Sheriff Hughes was notified at 3:30 a. m. by officers at Abilene that the men were coming toward Baird and he and Mr. Koonsman left immediately going west on the highway. They reached Clyde without seeing anyone and turned back toward Baird. When about a mile and a half east of Clyde they saw two men walking the highway. Mr. Hughes speeded up his car and passed the men, going close to them, and as he was passing Mr. Koonsman jumped out of the car directly in front them, and as he did so he discovered that one of the men was armed. He made a quick grab and got the gun, getting the drop on them.

The men were brought to town and placed in jail and on Friday they were carried to Abilene by Koonsman and Sheriff O'Bar of Taylor County. The young men are said to be brothers and claimed to be on their way to Kansas from El Paso. The Maberry filling station at North First and Walnut Street, Abilene, was robbed about 9 o'clock. Mr. Maberry was forced at the point of a pistol to lie down on the floor of the station by one of the bandits while the other looted the cash register, taking about Sixteen Dollars.

LOCAL TAXES TAKE THE DOLLARS

One might almost say that when he writes the check for his property tax, the dollars go to local taxes and the cents take care of the others.

Local taxes raise the revenues for county, city, township and school, as well as most of the drainage, park, road and similar funds.

How these figures have grown since 1913 is indicated by figures compiled by the finance department of the United States Chamber of Commerce. The amount has increased until every day \$19,000,000 must be earned to pay expenditures by local units of government.

The increase in taxes, it is pointed out, grew faster than the population, so that the revenues thus obtained (in 1926) amounted to \$34.87 per capita, instead of the \$12.36 of 1913.

Local taxes are heavier largely because we have demanded local improvements. In the period of high prices improvements were made, at an excessive cost. Many a community built a \$100,000 high school plant, that a few years later would have been just as proud of one costing one-half that amount or less.

We want more, not fewer local improvements. But these improvements may be made on a sensible basis. Economic methods may succeed the wasteful ones found too often on public work. If taxpayers will interest themselves in obtaining value received for the money spent, as vigorously as they protest high taxes later, their efforts will be reflected in local taxes.

SEARCHER FAILS TO FIND FAMOUS ARK

It is announced from Jerusalem that A. F. Fittler, president of the Edendale Bible Institute of Los Angeles, has ended a fruitless quest of two years for the Ark of the Covenant in the Holy Lands.

He is now engaged in one final exploration, before returning to the United States aboard the Alesia, arriving in New York Nov. 8. He says that he will organize a more complete expedition and return to the Holy Land at a later date.

Meanwhile, he has arranged with a powerful chief of the land of Nebo to continue the search.

When not actually engaged in looking for the Ark, the explorer traveled throughout Palestine and into the center of Arabia, taking still and motion pictures. He regards these, together with extensive notes and 13 original maps, as the most comprehensive collection of information of the Holy Land yet compiled.

Us Girls

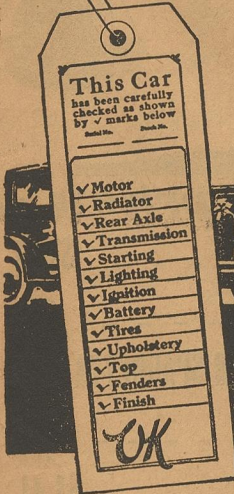

Bessie spent ten cents of her own money to take her brother to see a picture show. "Mamma," said she, "couldn't I take baby Jackie with me next time I go?"

"Why, what do you want to take an eight-months-old baby to a motion picture for?" inquired her mother.

"Well," said Bessie defensively, "I've got to take him somewhere, Pa rather take him now before he gets big and expensive."

BUFFS AND BULLS TIE IN FAST GAME

The Buffs failed to repeat the win of last year against the Moran Bulldogs, Friday afternoon at Murphy field in Cross Plains. A Bulldog was knocked out on every play and they were very lucky to hold our hard-fighting Buffaloes to a scoreless tie.

FUMBLES MAR GAME

On the first play after Rex Clark had kicked off for the Buffaloes in the first quarter, the Bulldogs fumbled the ball and it was recovered by a Buffalo on the 20 yard line. Instead of the Buffaloes making a touchdown, a backfield man fumbled the ball and Moran recovered it.

BUFFS REACH 5 YARD LINE

The Buffs co-opted in the last quarter and carried the ball to the Bulldog's five-yard line. They lost it by a fumble, recovered it, but it went over to the Bulldogs because of downs. The Bulldogs punted to Davis, who fumbled it, and it was covered by a Bulldog. The Bulldogs fumbled, Cross Plains covered the ball, carried it to the eight-yard line, where they lost it on downs. The Bulldogs punted Davis, who returned it to the 30-yard line, was tackled by three Bulldogs, and knocked two of them out.

With the pigskin again in their possession, the Buffaloes started an aerial attack which netted them a first down. Then a pass was intercepted by a Bulldog with no one in front of him, but Reynolds saved the day by tackling him on the Buffs' own 30-yard line. After a minute's play, in which the Bulldogs were set back a few yards, the game was concluded.

IVY LOOKS GOOD

Ivy, Cross Plains half-back is playing his first year in football with the Buffs. He has not played a full game yet, but he is showing up very good as a ball carrier. He will be one of, if not the outstanding, backs of Buffaloes. Davis performed was responsible for many gains up to his usual standard Friday and Art Carmichael, Left-end and Captain, and Adams, right-end, took care of their part of the forward wall in grand style and stopped many plays that were not even headed in their direction, Fat Clark, 200 pounder, shining at right tackle, opened holes through which wagons could have passed.

C. P. BAND MAKES NOISE

The Cross Plains Band was half of the noise of the game. The pep squad made the other half. This was the first appearance of the newly organized band, under the direction of "Pop" Frazier, and it has received many compliments and an invitation to return. Between halves "The peppiest pep squad in West Texas" marched on the field to the tune of "Here They Come," played by the band, and entertained the large crowd of football fans.

NEW WELLS SPURRED ON RISING STAR ROAD

Quite a little interest has been aroused by the spudding in by the Cranfill & Reynolds Co., of a shallow test on the old Mahan place, four miles west of town and 150 feet north of the Rising Star and Pioneer road. The location is about 200 yards west of the old Mahan house and is in wildcat territory, the nearest test being the gasser about one mile south of the location.

The same company it is stated has also made a location on the Gardner place just south of the road and will also likely drill on the M. B. Nix farm on the west. A real test of territory seems imminent and developments will be watched with interest.—Rising Star Record.

WHAT IS GOING ON UNDER THE HOOD?

If your Cylinders were made of glass you would be interested in seeing what goes on within them—but there are other reliable ways of telling their condition.

If your motor has lost its original power, is "sick and all in," hasn't the get-up-and go pep, carbons easily, knocks at times, pumps oil—has nothing but a poverty producing appetite for gas and oil, it is time to Stormize the motor—delay means excessive wear of motor.

W. J. EVANS,

Tax Collector, Callahan County, Texas.

Mrs. Louise Helms underwent an operation for a minor ailment at the Cross Plains Sanitarium this week, from which she is recovering.

Does it pay to advertise? Figure it out for yourself. A lonely maiden from Oklahoma desired a husband and finding no one in the vicinity to her liking, she advertised. The result was a husband. Within a year the man of her choice died, leaving her a \$10,000 life insurance policy. Her total expense for advertising, wedding trousseau and trimmings was \$11.17. Substrast the difference.—Exchange.

THE ROAD TO HEALTH

Why suffer with your old chronic diseases when the opportunity for relief is right at your door. This is not the chiropractic treatment, but the magnetic, the same as practiced at Cisco, Mineral Wells and Glenrose. And practiced by Dr. Milling at Putnam and Cisco for years. Come and let's talk your troubles over. I successfully treat all chronic diseases without the use of drugs or knife.

DR. S. E. SHOULTZ
MAGNETIC MASSEUR

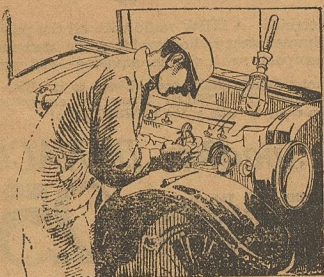

To The Public:

This is certify that I have been a sufferer of rheumatism for many years.

I have taken treatments at Marlin and Mineral Wells but those treatments didn't help me near as much as the treatments I have taken from Dr. Shoultz.

Before I started taking treatments from Dr. Shoultz I suffered great pain, but since taking two weeks from him I am in much better health and haven't suffered any pain in several days, and I earnestly recommend Dr. Shoultz to all Sufferers.
