CROSS PLAINS, TEXAS, FRIDAY, June 28, 1918.

NO. 20

## SEVEN WEEKS SERIAL STORY TO BEGIN AT THEATRE JULY 6

Manager Cross of the Cross Plains Electric Theatre, announces that on July 6, he will begin and continue for 18 weeks, the new moving picture play, “The Lion's Claws.” And right here, we want to say that the people of Cross Plains have an opportunity to see one of the best and most thrilling motion pictures now being shown on the screen, and we believe that it will be here as elsewhere, a full success at each exhibition. The manager to do is to keep the date in mind and be on hand at the showing of the first episode and you certainly will not want to miss any of the following programs. Read the following synopsis of the play, and you will realize the true greatness of same. Marie Walcamp's serial masterpiece, as the popular motion picture press herself designates “The Lion's Claws,” her newest eighteen chapter photoplay, is a breath-stopping, hair-raising thriller, she says. Marie Walcamp and her director scored veritable triumphs in their serials “Liberty” and “The Ace,” have unquestionably passed all their previous work in the new Universal adventure serial “The Lion's Claws,” judging by the opinions of critics who have seen the episodes so far completed. In the cast with Miss Walcamp are Edwin August, Ray Hanford, Thomas Lingham, Nigel De Bruere, Harry Von Meter, Rex De Belli, Gertrude Astor, Alfred Allen, Frank Lanning, Charles Dudley, Sam Polo, Leonard Clay, Sam Appel, and others, supported by the large aggregation of animals that make their home in Universal City, augmented by a number of new lions and leopards which have been handled by Marie Walcamp from the first day of their arrival in a manner that has only thrilled but actually given chills to other members of the company, accustomed as they have come to the daredevil stunts of the actress.

Jacques Jacquard, and the locale of the interior of Africa, much of the action taking place at a British military post on the Upper Nile.

Miss Walcamp plays the part of Beth Johnston, the daughter of a captain in the British Army, stationed at the African military post.

German propaganda, an abundance of foreign spies, the British Secret Service and the British Army with a threatend Holy War, due to the machination of the spies bring the story right up to the minute and discloses many unappreciated angles of the present World war.

A tribe of natives who have been advised that the daughter of the moon is coming to earth to rule them and she will have scar, which coincides with one the natives discover on Beth Johnston (Marie Walcamp) while she is in bathing, lead to their efforts to take her to their tribe, but she misconstrues their friendly efforts and adds them to her numerous enemies, including the animals of the jungle with which she is constantly coming in contact in succession of narrow escapes. Admission for the first night to all will be only 10 cents each.

## OIL INTEREST GROWING NEW DRILLING CONTRACT MATERIAL BEING HAULED TO CORDWENT RANCH FOR DEEP TEST. TESTS ON ALL SIDES SOON

Altho there has been a slight fall in oil activities in this section for a few days, the interest seems to be increasing considerably at this time, and it seems now that within a short time the Review will be able to give its readers some facts concerning immediate development near this city.

Negotiations were closed last week for a deep test to be made on the R. Cordwent ranch west of Cottonwood, and the material has already been unloaded in the yard here for the derrick etc. Lewis and others have the contract for putting down the well which is in the Dawkins lease, and will be located so we learn, in the southeast corner of section 12. And roomer has it that the Sun, Empire and other large companies are to take over a part of the holdings and assist in the test. As a result of this proposed development, there has been much activity in leases and royalty. During the past few days many prospectors of worth have visited this immediate section intent to use a local man's expression “the woods is full of 'em”

With the Mitchell Well No. 1 still flowing strong and the fact that 8 or more wells are either going down now or preparations are being made to start them at once, is sufficient evidence of the unbounded faith in the developing of the greatest field near here in all Texas.

It is also stated in the daily papers and the Coleman paper that the Roxans people are placing a rig on their holdings a few miles southwest of Cross Plains and just a few miles

### New Sugar Ruling Effective on July 1

Effective July 1, the food administration has ruled that it is necessary to limit the sale of sugar to each person to 3 pounds per month for ordinary domestic use.

Persons may buy certain amounts for preserving and canning fruit for domestic purposes. But the restrictions hit the manufacture of many articles hard, and in most cases they are limited to 50 percent.

### Will Teach Kindergarten.

I am going to teach a kindergarten at my home, for 2 months, beginning July 1st from 9 to 12. Those interested in this work may see me or send their children Monday morning. Terms cash, payable the first of each month.

Clara Boyles.

### Notice to Women Voters

Realizing it is inconvenient for quite a few women of our County to come to the Tax Collectors Office to register as the Law prescribes I have arranged to present the registration certificates at the following places on the following dates, for your convenience:-

- Atwell Wednesday July 3rd.
- Admiral Friday July 5th.
- Putnam Saturday July 6th.
- Denton Tuesday July 2nd.
- Dudley Friday July 5th.
- Oplin Saturday July 6th.
- Dressy Tuesday July 2nd.
- Cottonwood Friday July 5th.
- Cross Plains Saturday July 6th.
- Edna Wednesday July 3rd.
- Clude Saturday July 6th.

Yours very Respectfully,  
W. E. Melton,  
Tax Collector Callahan County.

### Texas is Called Upon For 20,800 More Men

Austin, Texas, June 22.—Two more calls for drafted men from Texas were received by Major John C. Townes Jr., supervisor of Texas selective service, this morning, being for a total of 12,700 of which 8,700 are whites and 4,000 negroes all to be sent to Camp Travis, San Antonio. The white men is to begin July 22 and the negroes are to be entrined beginning July 29.

With the four calls of yesterday and the two today, Texas has received six calls within a period of about twenty-four hours, which is the most rapid rate of calls received here since the opening of the draft system.

The total number called in the six calls is 20,850 are whites and 10,000 negroes; 2,000 white men to Fort Sam Houston and 150 white men to Jackson Barracks, La.

### BOY 13, DROWNS IN TANK NEAR HERE LAST SUNDAY

A gloom of sadness was cast over our little city last Sunday afternoon when the news was spread that the 13 year old son of Mr. and Mrs. Mont Jones had been drowned in a tank near the home of Jim Harlow. From what we can learn it seems that little Roland and two or three other boys about his size, slipped away from the home of Mr. Harlow and went down to this tank and went in swimming, and this little fellow went out beyond his depth and was soon drowned, as the others were to small and practically unable to swim any to give him assistance. They gave the alarm and Mr. Harlow rushed to the scene and after some effort rescued the boy but all too late.

The remains were tenderly laid to rest in the City Cemetery Monday morning. Rev. J. W. Howell, pastor the Presbyterian Church conducting the funeral services. We join the whole community in extending deepest sympathy to Mr. Jones and family, in this their sad hour of bereavement.

This should indeed be a warning to the parents of other small boys who cannot swim. They should be accompanied by older persons who will carefully look after them.

C. S. Boyles and Willie Forbes left Sunday by automobile for Dallas on business.

The best crop of wheat this state has ever had is estimated at 2,000,000 bushels.

Dallas restaurant keepers are planning to open a school for women waitresses.

Horses are being bought in Texas at the present time for the United States cavalry.

To date there has been 800 cases of penalties and violations of food laws in Texas.

Reports of damage to crops by the intense heat the past week are becoming frequent.

The Texas Amusement Managers' Association will meet in Galveston on July 8, 9 and 10.

The railroads of Texas are well supplied with cars and all equipment seemed to move the large crops which seem sure to be raised in the State this year.

Oil interests seem to be taking on new life around Angleton. The well at the Demijohn, southeast of Angleton, has struck oil at a depth of 900 feet.

Derrick is being erected near Bronte, in Coke county, where eleven thousand acres of land south of the Colorado river have been leased by oil prospectors.

Broom corn is being rapidly harvested near San Juan, Texas, the price ranging from \$350 to \$400 per ton, and express shipments are being made to New York and other Eastern points.

Road bond elections will be held in small districts all the way from Brownwood to Wichita Falls July 1 to finance the construction of the oil belt highway. The districts are ten mile wide.

Union bricklayers, masons and plasterers of Texas, in convention at El Paso last week, pledged themselves to participate in any strike that would hamper the successful prosecution of the war.

Seventeen thousand acres of land, located on Lipan flats, south of San Angelo, Texas, have been leased by oil companies for the purpose of sinking a deep test well for oil. A 2500-foot well will be drilled.

Splendid rains in De Witt county insure the finest corn and feed crops in the county's history. Much of the corn will make a 100 per cent yield and that which was flaring has revived wonderfully since the rains came.

The state welfare commission which was appointed by Governor Hobby to co-ordinate the various forces engaged in war work in Texas to improve conditions around the army camps, concluded meetings at Austin Saturday.

Crop conditions in Nueces county, as well as other sections of the coast country, were never better, according to reports of farmers, many of whom are already declaring that they will make from one-half to a bale of cotton to the acre.

Frank E. Beck, a farmer living near Victoria, died of anthrax Saturday. While skinning a cow that had died of the disease, Mr. Beck cut the second finger of his right hand. He became infected and died within the next forty-eight hours.

According to the surveyors who spent many months surveying and marking the Capitol Syndicate lands in the Panhandle, there is a net excess of 50,572 acres out of a total inclosure of 2,055,735 acres, which land was given in payment for the state capitol in Austin.

The Panhandle bankers' convention closed Saturday at Amarillo, electing officers as follows: President, W. D. Oldham of Portales, N. M.; first vice president, Charles Pliske, Amarillo; second vice president, R. A. Underwood, Plainview; secretary, Rube Beard, Littlefield; treasurer, Fred Chamberlain, Clarendon.

Through the intercession of the federal food administration for Texas, the railroads have withdrawn the requirements of shippers that shipments of watermelons be paid in advance, and the result is that the same rules and regulations which formerly prevailed continue to obtain. The only requirement is that shippers will execute bonds for the payment of all freight.

Steady improvement in cotton continues in Texas, but the crop is mostly late and planting has not been completed in some of the northwest portions of the State.

A new pest known as the jumping caterpillar has shown up recently in South Texas, according to officials of the bureau of animal industry. The caterpillar when grown is about two inches in length and is slightly gray in color. The new pest is damaging peanuts and the tender corn and cabbage. It also feeds on weeds.

We hear some people talk as if they believed that Jim Ferguson would carry Callahan county, but we shall not believe or think so until the vote is counted.

It is our conviction that every man should vote in any election for whom and as he pleases, and we certainly think none the less of him for doing so. But we believe a vast majority at least of the voters of Callahan county are students of the issues of the day, and we can't see how on earth any man who wishes to uphold the laws and stand on the side of morality in this State can vote for Ferguson. By the judgment of the highest court in the state Mr. Ferguson was impeached and forever barred from holding office in this state again. Some say, as Jim is saying, that it was done by a bunch of "crooked" politicians. However, some of those Senators voting to impeach him were prior to this, among his closest and most intimate friends.

There is one thing certain, you can count on every Pro-German in this state voting for Jim Ferguson. There are many other reasons why Ferguson should be defeated, but if for no other, it seems to us that it is the duty of every man who is for America First to cast a vote against the said Jimmie.

We hear some people talk as if they believed that Jim Ferguson would carry Callahan county, but we shall not believe or think so until the vote is counted.

It is our conviction that every man should vote in any election for whom and as he pleases, and we certainly think none the less of him for doing so. But we believe a vast majority at least of the voters of Callahan county are students of the issues of the day, and we can't see how on earth any man who wishes to uphold the laws and stand on the side of morality in this State can vote for Ferguson. By the judgment of the highest court in the state Mr. Ferguson was impeached and forever barred from holding office in this state again. Some say, as Jim is saying, that it was done by a bunch of "crooked" politicians. However, some of those Senators voting to impeach him were prior to this, among his closest and most intimate friends.

There is one thing certain, you can count on every Pro-German in this state voting for Jim Ferguson. There are many other reasons why Ferguson should be defeated, but if for no other, it seems to us that it is the duty of every man who is for America First to cast a vote against the said Jimmie.

On Active Service, With American Expeditionary Forces

May 14, 1918.

Mr. Elmo Lacy, Dear Bud: How is every thing at Cross Plains? Elmo, I have crossed the briny deep, had a long trip before we reached here; had about decided that all the land had melted;

Elmo Ma says you have tried to get in the army three times, and had failed. Well you may be better off, for a fellow has to go through a lot of things he is not used to. But maybe we will get paid for it all, I hope so any way. I have traveled over seven thousand miles since I have been in the army, saw a lot of country and when I stop a few Germans will be ready to come back. Well be sure and have all the good cooks located, for am sure going to fill up for a while when I get back.

Give my love to Earnest and family. Your Bud. John F. Lacy.

Thanks The Review For Service

The Review is in receipt of the following letter of thanks from Louis Lipsitz, State Director of the War Savings Stamp Campaign for Texas:

The next express will bring you complete set of advertisement. Thank you very much. I like the way you do business, and I want to express to you my personal appreciation for the excellent cooperation you are giving the United States Treasury in the War-Savings campaign.

Let us know how we can aid you. Yours very truly, Louis Lipsitz.

Questionnaires For 1918

Class Began June 25

Washington, June 25.—Draft executives of all states today were directed by Provost Marshal General Crowder to begin on June 25 and to continue for three days thereafter the mailing of questionnaires to registrants of the class of 1918.

Twenty-five per cent of the registrants of each board will be provided with questionnaires each day. Boards were instructed to leave serial and order number spaces blank until classification takes place probably some time in July.

City Garage

I am especially prepared to do all kinds of welding also, have special machine for burning carbon off cylinder heads, doing away with the necessity of taking cylinder heads off and scraping valves.

This is quite a convenience as by my method your carbon can be removed in twenty minutes.

When all others fail to fix your starters and generators, bring them to me. All work guaranteed. I can repair anything from a locomotive to a sewing machine.

Keep Faith With Your Boy "Over There"

When your boy was so little that all the world was a foreign country to him, he trusted you to take care of him.

You sent that boy to school and to play and on your little errands, and with implicit faith he did your bidding.

Now we have sent your boy or your neighbor's boy out into a foreign land, into terrors that we cannot even know--and his faith has not faltered. He knows we will do our part, and we know he will do his.

Are we keeping the faith? Are we scrimping and saving and trying to help our boys do the thing that humanity has asked of them, and to help them come back to us sane and whole?
