Next Wednesday And Thursday City Dog Days

Don't forget, if you have a dog, you can save some money by taking advantage of the special offer being made next Wednesday and Thursday, April 4th and 5th by the City and Dr. Chas. Deyhle. At any other time the vaccination would cost \$2.50 and the dog tag \$1.00. Any dog being kept within the city limits must be vaccinated for rabies and also must have a current dog tag. Proof of vaccination must be presented before a city dog tag will be issued. The above mentioned special offer will eliminate considerable trouble for all concerned, will save the dog owner money and above all will make our city safer with this added protection against a rabid dog. You never can tell when a case of rabies might show up. A cow which was bitten by some animal was found to have rabies at Wellington last week. INA JO HUGHES

Former Resident Is National Honor Society Member

Miss Ina Jo Hughes, former resident of Clarendon, Texas, has been named a member of the National Honor Society at Canyon High School.

The National Honor Society is not a scholarship society nor is it an honor roll. It is a national organization sponsored by the National Association of Secondary School Principals and is regulated by the executive committee of this organization.

In order to be eligible for consideration for membership in the National Honor Society, a student

must have an average of at least 85 in all solid subjects from the beginning of the freshman year to the time of his election.

Only juniors and seniors are eligible for election to membership. Sophomores may be placed on a probationary list provided they meet the standards set by the constitution.

Students are elected to membership on the basis of service, leadership, and character. A student may be dropped from the list at any time if he fails to meet the standards listed above.

Ina Jo's hobbies include reading, cooking, sewing, typing, studying, and playing "42". Since her enrollment in Canyon High School in 1954 as a sophomore, her school activities have included the Library Club in which she has been active for two years, and the Spanish Club, Los Picaros.

Her ambition is to graduate from college and to receive a degree qualifying her to teach high school English. She takes an active part in English classes and enjoys assisting English teachers in their work.

Mr. and Mrs. Hughes and Ina Jo were residents of Clarendon for seven-and-a-half years, having moved here in 1947 from Hedley, Texas. Mr. Hughes formerly worked for the Massey-Harris Agency here.

Teaching Center To Better Science And Math Instruction

AUSTIN — A teaching center designed to develop more and better science and mathematics instruction in Texas junior and senior high schools will be set up at the University of Texas next summer.

will cooperate in the program, which will be offered in the first term of the University's 1956 summer session.

The center recognizes the acute need in Texas and the nation for improved instruction in science and mathematics. National authorities frequently have warned that U.S. strength in these fields is seriously threatened, if not surpassed, by Russia.

Top University professors in sciences and mathematics and specialists in teaching methods will join with special lecturers from business and industry for the program. Classroom sessions will be supplemented by visits to industrial plants and research installations.

Many companies will provide scholarships for local teachers and others will make available exhibits and special materials.

The center is designed to serve both experienced teachers who want to come abreast of latest developments in their fields, and teachers with limited formal training in these subjects who would like to take work to prepare them for more effective teaching.

A wide variety of courses and seminars, built around a core course dealing with recent developments in science, will be offered.

Special courses in chemistry, biology and mathematics will be supplemented by laboratory courses in teaching procedures and materials. Teachers who attend will select courses which appeal most to them.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Enlarging and rebuilding old terraces and running lines for new terraces have kept the Soil Conservation Service technicians assisting the Donley Soil Conservation District busy so far this

year. In some cases, checking an old terrace system out for enlarging involves more of a technician's time than running new lines requires. The following are among those receiving technical assistance for rebuilding or enlarging terraces so far this year: Bufford Holland and his father, Palmer & Shawart, Oscar Moore, D. L. Vaughn, Graham C. Brinson, L. D. Moore, L. A. Watson, Murphy Brock, C. L. Harris, C. A. Crow, A. R. Webb, Mrs. Lissa P. Webb, G. M. Johnson, C. L. Mixon, RO Ranch, Doyce Graham,

D. F. Miller, Elmer Dishman, and J. C. Shields.

The following have had new terrace systems constructed, or one or more new terraces added to an old system: H. C. Shaw Sr., F. O. Hodge, O. D. Kerr, F. L. Hill, D. L. Vaughn, Roy D. Brock, Graham C. Brinson and J. D. Masterson.

In addition to the ones that have gone ahead and done terracing work, quite a number of farmers have had checking done, and then for one reason or another have decided not to do any terracing this spring.

GABIE BETTS BURTON LIBRARY NOTES
By May L. Prewitt

This week we are releasing two books that are our Doubleday Dollar Book Club editions. "The Wreck of the Running Gale" is by Garland Roark who wrote "Wake of the Red Wish". "Soldier of Fortune" is a 1954 edition that has been asked for several times since having been screened and since it was offered for \$1.00 I purchased it. The book is by Ernest K. Gann who wrote "The High & Mighty." A friend gave us a book this week—"One White Star" by Gladys Hasty Carroll. It is a sweet, fascinating story that is quite readable. Another friend gave us "Sincerely Willis Wade"

by John P. Marquand. This has been on the best seller list until recently, and is very popular.

We were sincerely saddened by the death of Louis Bromfield, as

we have so many of his books, and the last one we discussed last week was quite informational to those interested in farming. We have several new books if you

have time to read.

Famous bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic, was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. Through the heat of Death Valley and over chilling mountain heights . . . through gas-eating city traffic and over the straight-

line open road . . . Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line. It was no different than thousands of '56 Fords you see on the road and in dealer's showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chance for all cars in each class, regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Someone gave us the following advice: "Never trust a woman that tells you her age. A woman that would tell her age would tell anything." I am sure they were only kidding because every once in awhile we have some lady tell us her age with even a frown.

send membership cards to the following: Si Elliott, Les Raymond, George Ralphs, and Robert Lee, all neighbors around Happy. The ones we talked to were having quite a time and the tooth picks and chewing gum were really flying. But just stay with it and we can assure you from experience that better days are ahead after the first few terrible weeks.

Again this year we had a lot of fun at the St. Patrick's Day Celebration at Shamrock, Texas. For music from the bands, colorful floats and lots of lots of beautiful horses, to say nothing of the host of friendly people.

There seemed to be only one serious problem and we had the solution to that. After the parade ended about 15 minutes till twelve o'clock everyone ran for a place to get a cup of coffee and something to eat. For a little while these eating places were stuffed to the rafters. But we had them hooked and this problem solved. My brother-in-law, the one who is minus his appendix lives in this fair Irish city and he took us in, and did we take him for a cleaning. Baked ham on Saturday and lots of roast and all the trimmings on Sunday. No joking, he was so nice to feed Mama and me that I was almost sorry for all the mean things we ever said about brother-in-laws. Almost, that is. Anyway, Congratulations Shamrock. The Irish are a great people and so are the friendly folks of Shamrock.

ing expression in talks; "Invest in a boy, and you will have a man, and sometimes you will have a great man."

Someone made the following remark recently; that their home county was so bitter on the wet-dry issue that the folks recently voted against the creating of a local water district.

It is said; "Smoke ascends to Heaven as lightly from a cottage hearth as from the haughty palace." When we think on this thought it brings us a lot of joy just to be reminded again that God is no respecter of persons and that no matter what our place in life is He will always look upon us with the same loving favor as upon any other of His creations.

Before we could get the names sent in as Ain't Smoking No More Right Now Members we got in another list of names. Anyway, we are always glad to have other "Jiners", and glad to mail out the memberships. Believe it or not since we first started with the Club soon after we quit smoking our own self we have mailed out nearly 1,000 cards. There is a bit of encouragement to have your name down on a card and to know that you are a member of a group. To be right honest, we would have broken over at first but we knew that the other members would hang me to a tree after getting them. New names added are: Howard Priest, Tullia, Texas; Bob Sharp, Amarillo and Dallas Callaway, also of Amarillo, Texas.

No Connection Between Safety Inspection And License Tags

There is no connection between the purchase of automobile license tags and the safety inspection of passenger vehicles, Executive Director G. C. Morris of the Highway Safety Council of Texas reminded motorists today.

"One reported reason for the delay of some motorists in having their automobiles inspected this year seems to be a misunderstanding about new license plates and safety inspection stickers being issued together," Morris said. "There is no connection whatsoever."

Deadline for purchase of 1956 license plates is April 1, Morris pointed out, and the inspection deadline is April 15.

"It is not necessary," he added, "to show any certificate of inspection to secure license plates."

Morris reported that the Highway Safety Council's continuing check of authorized inspection stations indicated that inspections had increased rapidly during the first two weeks of March but, he added, "any motorist who waits until April for the safety inspection will face a long waiting line."

Signing of the Declaration of Independence took place in Independence Hall, Philadelphia.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

FARM LEGISLATION

The Senate is drawing close to a final vote on the controversial farm bill. By the time this letter reaches you, this highly important legislation will be in a Conference Committee made up of Members representing the House Agriculture Committee and the Senate Agriculture Committee. This Committee will try to work out the differences between the House of Representatives and the Senate and to work out a bill acceptable to both Houses of the Congress. It will be remembered that the House last year passed the bill fixing mandatory price supports at 90 per cent of parity. The Senate failed to act last year on the measure prior to adjournment. The House bill is still before the Senate, but the Senate has written a new bill into which has been injected a number of items. If this bill passes the Senate which is expected, the chances are that it will never be debated in the House of Representatives. The reason being, that the Senate will substitute its farm bill for the wording in the House farm bill and then pass the bill as a House measure. This means that the bill will then be taken to a Conference Committee and not brought back to the House for further debate. The only time that the House will get to act on such a measure again will be to vote for or against accepting the report of the Conference Committee.

The Senate has already knocked out rigid 90 per cent supports. As we predicted, the 90 per cent support lost because a Republican block was joined by several Southern Senators to whom Benson had made a special appeal. I respect the sincerity of the Senators in what they have done, but I question their judgment. The farm problem is a nation wide problem and the attempt to settle the local matters and problems with a disregard for the rest of the farm economy must operate to divide the farm forces. We hope that this Administration is not pursuing the doctrine of "divide and conquer" in its attempt to cope with the farm matter.

As I have repeatedly stated in the past, the family-size farm is one of the pillars upon which this country has been built to its present greatness. If we want to destroy our way of life, the greatest blow that can be struck against it would be the destruction of the family farm unit. It is in this source that democracy must find two of its essential roots, independence and freedom. These roots can be as completely destroyed by economic means as by physical force. This must not be allowed to happen.

HIGHWAY LEGISLATION

The battle lines on highway legislation are fast shaping up. The highly explosive tax matters in last year's bill have been measurably watered down by the Ways and Means Committee's recommendations. Plenty will be said, however, with regard to the present ones when this bill reaches the floor. Other items of apparent hot debate seem to have been cooled down some. The issue that is coming to the front fast as one of the leading controversies is the issue of whether or not the taxpayers should pay all of the expenses to relocate the facilities of utility companies along present highway rights of way. Congressman Brady Gentry, of Tyler, Texas, a former Texas Highway Commissioner and County Judge, has been waging a running and effective fight against the use of tax monies to pay utility companies for relocating their facilities. One of his major weapons is the argument that the present rights of way have been used free of charge by the utility companies and that these companies have provisions in their contracts agreeing to relocate these facilities without cost to the public. The utility companies claim that if the taxpayers are not required to pay for relocation costs, then they (the utility companies) will simply pass on the cost of this relocation to their customers. You can see that there is plenty of fuel here for a good sized bonfire.

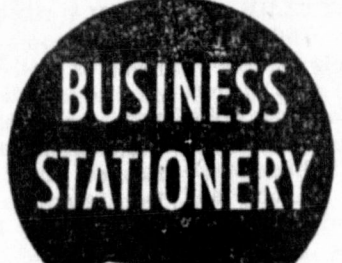

Like the school aid bill and other pieces of legislation here, you can expect many attempts to put rider type legislation on the highway bill. This is one means of helping the trend towards total centralization of government and

regimentation of individuals. Have you ever thought how fast centralization and regimentation are being accomplished? When most of you my age were boys and girls you didn't have to have a license for every turn of your daily life. About the only licenses we knew of at that time were dog licenses and these only applied to city dogs. Country dogs didn't need them as long as they came to town for strictly social purposes. I guess it can properly be said that we are now leading a dog's life, at least in so far as

licensing is concerned.

Mosley-Smith Vows Exchanged In Church Ceremony March 24

The First Baptist Church, Hedley, Texas, was the scene Saturday evening, March 24, of the wedding of Miss Jane Mosley, daughter of Mr. and Mrs. Winfield Mosley, Hedley, and Montye Smith, son of Mrs. Edna Smith, Clarendon, Texas. Rev. O. L. Jones of Chattanooga, Okla. read the double-ring service.

Vows were exchanged beneath an archway of greenery entwined with yellow gladioli and wedding bells in blue. Flanking the archway were strands of white silk rope, baskets of yellow gladioli and blue daisies marked with blue wedding bells. The background was formed by branched candelabra bearing yellow tapers and greenery. Pews were marked by yellow candles tied with blue satin ribbon.

Candles were lit by Rusty Mosley, brother of the bride, and Carolyn Montgomery, Memphis, Texas, cousin of the groom.

Mrs. Bill Williams, Clarendon, pianist, played a nuptial prelude including "Believe Me If All Those Endearing Young Charms," "Ah Sweet Mystery of Life," "Serenade," "Wings of Song," "Always," "Trueneri," "I Love You Truly," "I Promise Me." She also accompanied Miss Sonja Atkinson as she sang "Because" and as a benediction, "The Lord's Prayer." The traditional wedding marches were used.

Matron-of-honor was Mrs. Wallace Jouett of Victoria, Texas. Bridesmaids were Mrs. Weldon Day, Clovis, N. Mex.; Mrs. Jerald Simms of Pampa, Texas; Mrs. Johnny Brumley of Canyon, Texas; and Mrs. Billy Hill of Clarendon, Texas. Their dresses of taffeta and net were identically

styled with a full ballerina length skirt falling from a princess waistline. Necklines were filled with net. Their headpieces were half hats of taffeta and net. They carried nosegays of daisies and sweetpeas. Mrs. Jouett, Mrs. Hill, and Mrs. Day wore blue while Mrs. Simms and Mrs. Brumley wore yellow. Nosegays were in contrasting colors.

Flower girls were Marilyn Saunders, Hedley, and Linda Gail Garrett of Pampa, cousin of the bride. Their dresses were in yellow and blue taffeta and they carried baskets of yellow and blue daisies.

Best man was Glenn Wallace of Clarendon. Ushers and groomsmen were Wesley Stewart, Bernie Benson, Billy Mac Hicks, and Grady Montgomery of Clarendon. Presiding at the guest registrar was Mrs. Hennison Hays of Clarendon, sister of the groom.

Escorted to the altar and given in marriage by her father, the bride was lovely in a gown of Chantilly lace and satin. The full skirt was fashioned with panels of lace and satin falling from a fitted bodice of lace. The bodice buttoned to the front with a small stand-up collar and long sleeves terminating in points over the hands. Her finger-tip veil of illusion fell from a halo hat of satin. She carried a white Bible topped with an orchid and white satin streamers secured by tuberoses in the love knots. All of the traditions of something old, new, borrowed, blue and a penny in the shoe were carried out.

For her daughter's wedding, Mrs. Mosley chose a pink sheath dress with pink accessories. Mrs. Smith, mother of the groom, chose a black and white crepe dress with white accessories. Both wore corsages of white gardenias. Immediately following the ceremony a reception was held in

MR. AND MRS. MONTYE SMITH

the home of the bride's parents.

Receiving the guests were Mrs. Winfield Mosley, Mrs. Edna Smith, Mr. and Mrs. Montye Smith, Glenn Wallace, and Mrs. Wallace Jouett.

The refreshment table was laid with a blue and white cut-work cloth. The centerpiece of blue carnations and yellow roses was flanked by yellow candles in silver candelabra. The cake, in the shape of two blue wedding bells, was decorated with yellow rosebuds and bells. Joining the two bells was an archway of blue and a miniature bride and groom. Crystal appointments completed the table setting. Alternating at the table were Mrs. Nellie Jon-

Hodnett, Miss Harlene Smith, of Clarendon, Miss Barbara Mosley and Mrs. J. T. Lamberson, Jr. of Amarillo.

For traveling the bride chose a navy blue and white sheath dress, white accessories and the orchid from her bridal bouquet.

After a short wedding trip the couple will be at home in Clarendon where they are attending school.

Out-of-town guests included Mrs. S. P. Tunnell of Dallas; Mrs. Louise Ferguson, Wichita Falls; Mrs. J. Fred Smith, Dickey Smith and Carole Smith of Ft. Worth; Mrs. Bill Garrett, Mrs. Ruth Mosley, Mr. Adell Myers, Mr. and Mrs. Jerald Simms, Mr. John

THE LION'S TALE

By Carl Allmond

Boss Lion Lowe was back in the saddle for our meeting Tuesday; he didn't say where he was last week.

Lion Brimberry advised that if we wanted to attend his revival, we had better get over there—it closes this week.

Following Lion Brimberry, Lion Vanderburg explained the reason for his "showing above the belt." He is attending the early morning breakfasts the Presbyterian Men are putting on each morning this week. The Methodists start having their breakfasts for the men next week; he plans to attend these. "Last but not least," he said he plans to attend the breakfasts at his own church, the following week.

Just as the program was about to be announced, Chas. Deyhle came in late. By being late, the boys thought he might be hungry, so they carried what food was left, over to him. He may still be eating.

Drennan made his announcements, and then informed us that his program had fallen flat, because of illness. He then pulled one of his pet stunts—calling on members of the club for impromptu talks. He called on Ray Moore and Harlie Gordon to make a report on their fishing trip. Not being graduates of the Dale Carnegie Course, they turned red and refused. From their actions, we wondered if they took any fishing poles? Drennan then turned to us, and asked if we would make a report about our trip to Mexico City. Not being a graduate of the Dale Carnegie Course, and also hating to turn Drennan down, we turned red and attempted a few highlights of our trip, including a Lions meeting we attended in Zimapan. Our efforts fell flat, trying to keep Drennan and his program from doing the same.

Guests were: Bill Eller, District Executive of Boy Scouts of America, Shamrock; H. A. Green and W. H. Vanderburg, Clarendon, and Bill McCaslan, Hobart, Okla.

Mr. and Mrs. Tom Corder of Amarillo were supper guests of Mr. and Mrs. J. C. Estlack Sun.

Are Farm Tax Rates Fair?

John C. White, Commissioner Texas Dept. of Agriculture

It's income tax season again and some farmers may have received some net income above expenses in 1955.

If you're one of these, here's a suggestion for some self-education in tax policies which may help you to understand why some people are so willing to make big cash contributions to the election campaigns of some Congressmen and Senators.

You must report your income, and pay the tax on it, before April 15. As soon as you have filled out one set of blanks, start over again on the other set.

But this time, instead of figuring your tax as you did on income that you earned by working for it, figure it as if you had received it all in the form of dividends from corporations.

You will discover that the tax law enacted in 1954 gives about

a 25% saving to people who don't work for a living.

For example, a farmer and wife with two dependent children and the standard deductions would have to pay a tax of \$416 on an income of \$4,999. (That's the top income for which the tax can be computed by the tax table.)

But another man and wife and 2 children who got their income from corporation dividends instead of by milking cows and mowing hay would have a tax bill of only \$317.

That's a penalty of \$99 which the farmer has to pay for living on the wrong side of the economic tracks and having to work for his income instead of getting it from investments in corporations.

A stockholder without children gets an even higher premium to reward him for not having to work for his living. A playboy bachelor stockholder who clipped \$4,999 last year on the General Motors stock his daddy left him, would pay \$164 less in tax, to Uncle Sam than a bachelor farmer who dug an equal \$4,999 out of the cotton field.—(reprinted from the Washington Newsletter, February 24, 1956)

Back in the Fourth Century there actually was a real St. Nicholas whose legendary ability to calm the stormiest seas made him the patron saint of seafaring men.

been studying the suggested interposition referendum.

Governor Shivers is expected to ask voters to join his crusade against federal encroachment by giving the legislature a mandate for interposition. He will address the committee at a night meeting to which all Democrats from the Houston area are invited.

Later, Shivers will visit various parts of the nation. He will talk to leaders, without regard to party, and make speeches to gain nation-wide support for the interposition movement.

Also on the executive committee's agenda will be the laying of groundwork for the upcoming convention battles. Liberal-loyalists have indicated clearly that they intend to fight the conservative party leadership at precinct, county and state meetings.

Favorite Son Approved

Speaker Sam Rayburn's proposal that Texas Democratic convention delegates be chosen who will support Senate Leader Lyndon Johnson as the favorite son candidate for presidential nomination, won general approval.

Rayburn's suggestion that Johnson be made chairman of the delegation was endorsed by liberals, but brought no reply from the conservatives.

Texas GOP Plans Strategy

Texas Republicans will bypass the holding of primaries this year. They will concentrate on the general election.

At their Austin meeting the State Executive Committee agreed (1) to nominate by convention; (2) to hold precinct conventions May 5, county conventions May 8 and the state convention May 22 in Houston; and (3) to focus efforts on the reelection in November of President Eisenhower and Dallas Congressman Bruce Alger, Texas' only Republican congressman.

Texas' delegation to the national GOP convention is expected to be solidly pro-Eisenhower, but the touchy question of a vice presidential nominee has been carefully avoided.

Vaccine Stretching Debated

Public health officials are in disagreement over a proposal to delay third polio shots in order to extend the dwindling vaccine supply to more people.

A two-shot plan was endorsed

by the Public Health Service in Washington. Such a plan would stretch the still-short supply of vaccine to cover 25 to 30 million persons, officials said.

Dr. Henry A. Holle, Texas health commissioner, turned thumbs down. He said the difference between two shots and three "could be the difference between having paralytic polio and not having it."

Texas' supply is almost exhausted. However, a rush order of 150,000 cubic centimeters of the vaccine is expected to arrive before the end of the month. One cubic centimeter is sufficient for one inoculation.

Meanwhile 11 new cases of polio are reported in Texas, bringing the year's total to date to 121.

FFA Boys Active

More than 38,000 boys now are enrolled in FFA chapters in Texas as high schools. So reports Lewis B. Taylor, executive secretary of the Texas Vocational Agriculture Teachers Association.

Biggest FFA chapter is at Burbank High School in San Antonio, where there are 186 members.

National awards have been won by chapters in Clifton and Whitney. Clifton boys won the FFA national gold emblem rating six times in a row. Five FFA boys from Whitney won the American Farmer Degree the same year.

Need help on your 1955 income tax return? It's upcoming at Amarillo via Station KGNC-TV, Saturday, March 31 at 1:00 p. m., when J. T. Logan, regional analyst for Internal Revenue Service, does a simple, line-by-line explanation of the all too familiar tax form 1040. Mr. H. B. Hamill, Administrative Officer in Charge of Internal Revenue Service in Amarillo, suggests that taxpaying televiewers have their pencils, paper and 1040's ready and hear Logan prove that "you can do it yourself and do it now."

Any Human Privilege Carries with it Certain Responsibilities

"Any human privilege—whether the privilege of free speech or the privilege to drive an automobile—carries with it certain responsibilities, certain moral commitments on the part of the individual who exercises that privilege."

This point was brought out today by Mr. E. C. McFadden of Dallas, Vice-President of Employers' Casualty Company and President of the Texas Safety Association, Inc., in the opening address of the State-wide drive against traffic accidents being sponsored this month by the Texas Safety Association, the Department of Public Safety and the National Safety Council.

"Too often we take our 'rights' for granted, as something to be enjoyed and used to our own advantage," Mr. McFadden said. "Whereas a right should be treasured and used conscientiously—something to be upheld and practiced unstintingly."

Mr. McFadden pointed out that permission to drive a car is a privilege which is given to the citizen in the expectation that he will fulfill certain conditions and responsibilities which are designed to secure his own safety and that of others in modern traffic.

"This, of course, includes obeying all traffic laws and ordinances," he said. "Traffic laws, which have been established over the years on the basis of experience and common sense, are made for the protection of the public; hence they are not to be taken lightly by the person who has been given the privilege to drive," Mr. McFadden said.

Mr. McFadden reminded drivers that enforcement officials were taking increased measures against traffic violators and that such offenders could lose their licenses, and be liable for stiff fines and even jail sentences wherever discretion indicates that such penalties are warranted.

"The annual traffic toll in this country is an appalling tragedy," he said, "and one of the most effective controls that we have on the prevention of traffic accidents is increased vigilance on the part of our traffic courts and enforcement officials."

Mr. McFadden reminded every driver to do his utmost to make the Know and Obey Traffic Laws program a success. He said he believed that if each individual would accept his responsibility for his own safety and that of others in traffic, the Texas traffic accident toll would be reduced.

Colts Are District Volleyball Champs Again In 1956

Defending district champion of 1955, the Clarendon Colts, coached by R. B. Christian rolled up the 1956 Volleyball tournament

championship Saturday afternoon defeating Lefors Jr. Hi. In the opening of the tournament saw McLean playing Lefors with Lefors winning the set 2-1. The Colts in their opening game of the tournament with Wellington were defeated 15-9; coming back in the next two games of the set

to defeat Wellington 15-7; 15-3. In the Semi-finals Lefors defeated Stinnett, taking the first two games of the set. The Colts had the pleasure of meeting the Kittens of Canadian again this year and defeating them in the first two games of their set 15-8; 15-3. In the second game with Canadian, W. N. Elam completed and with the fine team work served 12 scores before losing the serve.

In the finals the Lefors Bandits and the Clarendon Colts played at 3:15 for the District honors, with the Colts defeating the Bandits in the first two games of the set 15-9; 15-10. Members of the starting six were awarded first place blue ribbons and the team a trophy. For the second year the Junior High boys have won the Volleyball Tournament.

Members of the team are Sandy Skelton, Wayne Mann, W. N. Elam, Kenneth Housden, Martin Head, and Lowell Hall, with Dennis Bradshaw and Howard Talley substitutes.

The Colts will enter the District Track and Field meet to be held at Panhandle on April 14, then May 5 they will enter the Softball tournament at Canadian, completing the Spring Sports for 1956.

At a special meeting of the basketball boys last week, honorary Captains were elected for the 1955-56 basketball season. During the playing season each member of the team served as Captain during a game. Kenneth Housden and Wayne Mann were elected.

SCHOOL CAFETERIA MENU table with columns for April 3-6th (TUESDAY), WEDNESDAY, THURSDAY, FRIDAY and food items like Pork roast, Hamburgers, Steak, Tuna fish sandwiches.

FFA Members To Experiment With New Hybrid Grain Sorghums

Several members of the Clarendon F.F.A. Chapter will carry out an experiment with new hybrid grain sorghums in connection with their crop projects this summer. The project is being carried out through the cooperation of the DeKalb Seed Company.

The new hybrids C-44, E-56, D-62, and D-50 will be tried out for the first time in Donley County. In experiments carried out throughout the grain sorghum belt during the past two years the new hybrids have out yielded the older hybrids including Martin Milo, Redbine 66, and 7073 varieties by twenty to forty per cent when planted on adjoining plots.

Harold Lindley and Claude DeBord are the first two members who have been assigned seeds for the experiment. Two to four other members will be given seeds as they arrive to use in testing the adaptability of the new hybrids to the local community.

STUDENTS PRESENT ONE ACT PLAY

"White Lawn", a one act play, was presented last week at the Interscholastic League contest held in White Deer. Though the play did not win, Clarendon did receive recognition. Following the presentation of the plays each year actors and actresses are rated. Jeanie McAnear received a second place rating.

Others appearing in the cast of the play were Carol McAbee, Buddie Bobbitt, and George Thompson. Sandra Barnhill furnished the music for the production. Bob Schneider of Clarendon Junior College was student director. Assisting with the stage setting and lighting were Allen Homer Estlack, Winfred Self, Betty Odom, and Paula Skelton.

The play was presented through the Speech Department of Clarendon High School under the supervision of Miss Naomi Allison.

Seventeen Identify Mystery Farm No. 45

A total of seventeen persons identified the Leader Mystery Farm of the Air last week with Mrs. Carrel Rippetoe drawing out for the free subscription to the Leader. Mrs. Gilbert Mann drew out for the two free movie tickets to the Mulkey Theatre; L. D. Aten, Ivon Goodman, and O. L. McBrayer drew out for one free movie ticket each.

Others correctly identifying the Mystery Farm were Warren Neighbors, Ralph Harmon, F. A. Fitzgerald, Mrs. Andy Brown, Mrs. Cecil Innon, J. D. Jones, Mollie Ritter, Dalton Howard, C. Huffman, Mrs. H. H. Hunt, Mrs. Bill Land, and Mrs. Henry Mann.

ALL KINDS OF WEATHER BUT NO MOISTURE

We have had all sorts of weather this week except for moisture. Several days of summer weather were brought to a halt Tuesday by one of the worst dust storms of the season. There was some local blowing but the greater portion of dirt came in from Colorado, Kansas, Oklahoma and New Mexico where damage was heavy. A layer of fine dust covered everything Wednesday morning as winds receded and the tons of dirt settled out. During our summer spell, the temperature soared to 91 Monday afternoon but following the blow Tuesday it dropped to a low of 34 Tuesday night. It was expected to go down to the freezing point last night. The total precipitation for the month so far is a meager .02 inch.

FFA Members Plan Feeding Projects For Summer

A number of Clarendon F.F.A. members are starting feeding projects to carry through the summer months. The pigs and lambs started on feed this spring will be shown at the Amarillo and Dallas Fairs this fall and the calves started on feed this spring will be shown in the 1957 spring shows.

Boys who plan to enroll in vocational agriculture during the 1956-1957 school term for the first time and who wish to feed pigs,

lambs, or calves as part of their project work should contact J. R. Gillham, vocational agriculture instructor, for help in starting their projects. Youths who live in town will be allowed to keep their projects at the chapter farm located at the north edge of town.
