College Comets To Play Last Two Home Games This Week End

The Clarendon Junior College Comets will play their last two home games here this week end in the college gym with each of the games beginning at 8 o'clock. Their first game will be against the Omaha Nebraska Commercial School of Extension, one of the top rated teams of the nation. They played the Wayland Flying Queens within 6 points one game and 12 points in another in recent meetings in Omaha. This game will be played Friday night, February 22nd.

They will play again Saturday night, February 23rd at 8 o'clock and their opponent for this game will be the Jr. College team from Weatherford, Texas. In a previous engagement, the Comets defeated the Weatherford girls 60-51, so they will be out to try for revenge. Up until this defeat they had won their previous ten games.

Remember these two games will be the last the girls will play on the home court this season. Plan to see both of them, for they are plenty fast and thrilling from the first whistle.

Doyce Graham Named One of Ten Top F.F.A. Members By Houston Fat Stock Show

Each year the Houston Fat Stock Show selects ten top F.F.A. members and 4-H Club members from the state of Texas to come to Houston for an interview for the Marshall Foundation Scholarship. The award is a five year college scholarship valued at \$6,000 which can be used at any one of seventeen top agricultural schools throughout the United States. Doyce Graham, Jr. this week received notification that he had been selected as one of the ten to be called to Houston for the interview.

Doyce was notified to be in Houston Thursday, February 28th for the interview. He has been one of the top members of the local chapter for the past four years, and is currently serving his second year as an officer in the Greenbelt, F.F.A. District. Last year he was selected as the top Future Farmer member of the Greenbelt District and ranked third among the star Lone Star farmers in Area I.

Large Crowd Attends Agriculture Clinic

Seventy-five farmers, ranchers and business men attended the big agriculture clinic in Clarendon held on February 14th, says H. M. Breedlove. The meeting started at 10 A. M. in the morning and ended at 4 P. M. Breedlove says that he wishes to thank Lee Bell for the use of the Mulkey Theatre for the big meeting. This type of meeting is being planned each year and is sponsored by the Texas A&M College Extension Service and the Fort Worth and Denver Railroad.

The different topics discussed at the meeting were Irrigation, Soil Bank Program, Hybrid grain sorghums, American Free enterprise and conservation and Livestock feeding and mesquite control.

JR. HI GIRLS BASKETBALL TEAM SPONSORING BAKE SALE

The Jr. High girls basketball team is sponsoring a bake sale Saturday, February 23rd at the Vallance IGA Foodliner. They will have a nice assortment of baked goods and invite the public to buy for their week end dessert. The Jr. High girls are undefeated in 22 games. They are holding this bake sale as a means of raising money to buy sweaters. They will appreciate your assistance.

Bulldogs To Play Amarillo Here Monday Night

The College Bulldogs will take on their foremost rivals here Monday night when Amarillo College invades the local gym. The Amarillo boys defeated the locals at Amarillo recently in a very unpopular called game. The Bulldogs are determined to take them, on the home court, Monday night and if they win this game and the one with Frank Phillips tonight they will be tied with Frank Phillips for first place in the zone conference provided Frank Phillips wins over Odessa.

This game was originally scheduled for next Tuesday night but was moved up on account of the bi-district game between the Bronchos and White Deer that same night.

The Bulldog - Amarillo game will begin at 8 o'clock, so come early as a good crowd of fans is expected from Amarillo as well as Clarendon.

First GOC Class Tonight (Thurs.)

The Ground Observer Corps will meet Thursday night, Feb. 21 at 7:30 in the City Hall. This meeting is for school children as well as adults.

Please try to attend this meeting as this will be the first 2 hour class. The total class will be 6 hours, taking them 2 hours at each night we meet, stated Basil Smith, local Supervisor. Most people think of the GOC as just an organization to watch for enemy aircraft but it can help in other ways such as watching the skies during a storm warning and letting the people in the community know when they are in danger so they will have time to get in a storm shelter. As few people know just a five minute warning before a storm may save countless lives and that is our main objective, Smith added.

The instructor for the class will be T. Sgt. William E. Swope, U. S. Air Force Ground Observer Corps.

BLUE AND GOLD BANQUET MONDAY NIGHT

The Blue & Gold banquet for Cub Scouts and their families, celebrating the 41st birthday of Scouting will be held Monday night, February 25th at Lions Club Hall. The time of the banquet has been set for 7 p. m.

Donley County To Be Well Represented At Houston Stock Show

Approximately thirty-five Donley County 4-H and F.F.A. members will have pigs, baby heaves, and registered heifers on exhibit at the Houston Fat Stock Show. The 4-H Club boys under the direction of County Agent H. M. Breedlove will exhibit eight baby heaves. The Clarendon Future Farmer Members will exhibit 55 head of barrows, five baby heaves and 15 head of breeding swine. Lelia Lake Future Farmers will exhibit 30 head of barrows, and Hedley F.F.A. members will exhibit 20 barrows.

The stock will be trucked and will leave Clarendon early Friday morning. County Agent Breedlove and his 4-H boys will make the trip by bus, and Vocational Ag. Instructors J. R. Gillham, Bobby Lee, and Doyle Messer will haul their boys to Houston in specially equipped pickups. The barrows and steers will be exhibited on Wednesday, February 27th, and the breeding swine and heifers will be exhibited Thursday, February 28th.

Bobby Longan, Claude DeBord, Jimmy Phillely, Don Huggins of the Clarendon Chapter and Roddy Seago of the Lelia Lake Chapter will exhibit steers. Don Huggins and James Mahaffey will exhibit registered Angus heifers.

James Mahaffey, Bobby Longan, Jimmy Phillely, Don Huggins, Dennis Bradshaw, James McAnear, Sammy Wells, Carl Talley, Milton Mann, Claude DeBord, and Doyce Graham are members of the Clarendon Chapter that will make the trip to exhibit their stock. Last year the local youths topped the Houston Show and have high hopes of repeating their winnings again this year.

F.F.A. Judging Team Ranks High At Plainview

The Clarendon Future Farmer Livestock judging team, composed of Carl Talley, Bob Longan, and Sam Wells ranked second in the livestock judging contest at Plainview Saturday in competition with some twenty-five other schools from throughout the Panhandle of Texas.

Hale Center was the top team and Ralls was the third ranking group in the contest. This is the first livestock event ever entered by the three youths who represented Clarendon in this contest.

Baptist Brotherhood Meets Tonight

The Brotherhood of the First Baptist Church meets tonight, Thursday, February 21st. Dinner will begin at 7:00 and the program at 8:00. The program includes the dinner, good singing and special music and the speaker for the evening.

C. J. Humphrey, the newly elected president of the Brotherhood for this district of Southern Baptist, will be the principal speaker. Bro. Humphrey is a dynamic speaker and is highly qualified as a speaker to men. He was born in Oklahoma City in 1917; graduate of Baylor University 1940; served in European theater in World War II; discharged as captain; received Bronze Star and other military awards; member First Baptist Church, Amarillo; active deacon; superintendent young married peoples' department since 1946; president of local Brotherhood, Associational Brotherhood, and at present District Ten Brotherhood president; General Campaign Chairman United Fund Campaign 1954; voted the outstanding young man in Amarillo in 1949; vice president of the Y.M.C.A.; leader in laymans' revivals; and all round crusader for moral and spiritual standards.

All men are invited to attend. There will be no charges.

METHODIST LADIES OF LELIA LAKE TO HOLD BAKE SALE

The ladies of the Lelia Lake Methodist Church will hold a bake sale Saturday, February 23rd at Junior's Food Store. The sale will begin at 10 a. m. and the ladies will have a large assortment of cakes and pies to select from.

Slow Drizzling Rain Is Shot In The Arm For Farmers

The wonderful rain we are now receiving has really made the farmers as well as everyone else raise their chins up and have a better outlook on life since it has been so dry for so long. Let's take a look at the moisture for the month of February. Starting with the 5th we received .01; 8th .03; 18th .43; 19th .17; bringing the total up to .64 for the month. The total moisture for the month of February back in 1956 was .32 to compare with the .64 up to date and we still have nine more days left in the month and wouldn't it be wonderful if all nine days could be as wet as the past two days have been. The moisture for the first two months of 1956 was January .13 and February .32, making a total of .45. The moisture for the first two months of 1957 is January .31 and February so far .64 making a total of .95 to compare with the above .45 for the full two months of 1956. The above moisture is all local, so now let us take a look at the moisture totals of the communities around us. J. C. Ashcraft tells us his rain gauge shows 1.12 for the Goldston community. Ben Lovell said his gauge shows 1 inch even for the Ashtola community. Mrs. M. W. Hatley from the Country Club says her rain gauge shows 1.10 which is just .02 difference from J. C. Ashcraft's report which shows the rain was pretty general out that way. Willard Knox tells us his rain gauge from Lelia Lake shows .60 and then on down toward Hedley they show to have received .80 up to this time.

The rains are pretty well covering the whole state and the farmers and ranchers are really a proud bunch, so when you see your neighbor with a big smile on his face that has been missing for some time now, you will know why this has come about.

Pat Myers, a farmer who lives south of Clarendon, was in Monday morning seeking information as to where he could find the local liars club. He had in his possession a steel trap which he had set in a grain bin. Caught in the trap was a Pocket Gopher and a large Warf Rat. He was wondering how both were caught in the trap at the same time. The rat was still alive and was trying to eat the remains of the Pocket Gopher. Pat wanted to show his proof to the liars club before he started telling his tale.

4-H Club Boys Ready For Houston Show

Donley County 4-H Club boys will take eight steers to the Houston show says County Agent H. M. Breedlove. The steers will leave Friday morning at 6 a. m. and Cudd Bros. Trucking Company is hauling the steers free of charge. County Agent Breedlove will leave on Thursday morning with the big 4-H Club bus and take some of the boys and all the equipment and feed in a big trailer pulled behind the bus.

The boys making the trip will be Troy Harrison, Gene Floyd, Ike Noble, Chuck Cosper, Gary Longan, Ted Shaller, William Chamberlain. Chuck Longan will go in the bus with Breedlove and the boys. The boys will eat and sleep in the bus at Houston and return to Donley County on Monday, March 4th.

Sixty Years Of Service

February is a month somewhat set apart in our thinking for the observance of birthdays significant in our national growth.

If we could turn back time, we would set the hands of the clock for the morning of February 17, 1897, for it was at that time that an idea was born.

Two far-sighted women—Alice McLellan Birney and Phoebe Apperson Hearst—dared to insist that the future of our nation must depend upon the health and well-being of the children of all people. Their efforts resulted in the great organization known as the National Congress of Parents and Teachers, more commonly known as the P.T.A.

Space forbids the enumeration of the achievements of this wonderful organization; suffice it to say that wherever the welfare of the child and the home is at stake, the organization may be found striving on the front lines.

On Thursday afternoon, February 21st, at 3:00 the Sims Parent-Teacher Association will pay homage to the founders of this great movement and to twenty-eight local past presidents with a special program and tea in the Junior High School Auditorium. Mrs. Jack Foster of Pampa, district vice-president, will be the speaker of the afternoon. Mrs. Mark Allen, Mrs. G. W. Bradshaw, and Mrs. Dick Shelton are directing the afternoon's activities, and all members are urged to be present. —Reporter.

Services Held At Hedley For Mrs. R. E. Saunders

Funeral services for Mrs. R. E. Saunders were held Saturday afternoon in the First Methodist Church in Hedley with Rev. Melvin R. Mathes, and Rev. Tom Carmichael officiating.

Mrs. Saunders, 74, died at Amarillo last Thursday. She had been a resident of Donley County since 1923.

Survivors include two sons, A. M. of Wellington and R. A. Saunders of Amarillo; four daughters, Mrs. Lee Anderson of Amarillo, Mrs. J. L. Harris of Wellington, Mrs. Pete Darnell of Clarendon and Mrs. Edward Watson of Claude; two brothers, M. E. Broughton of Seminole, and T. C. Broughton of Big Spring; 13 grandchildren and five great-grandchildren.

Putman Kills Bobcat Saturday Night

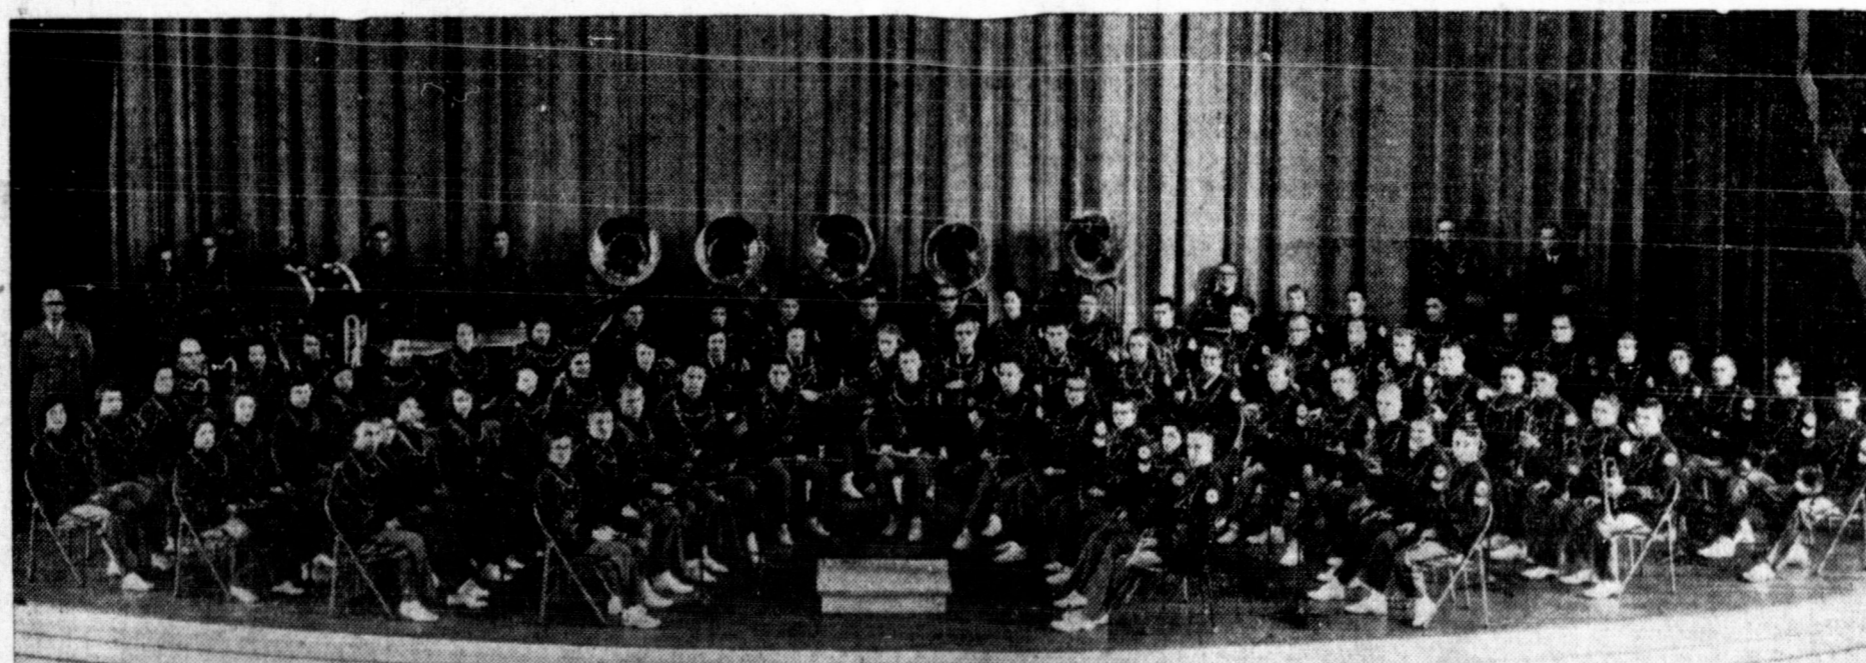

Jr. Putman, one of our foremost coon hunters, decided to run down to Cat Tail lake, which borders the southwest side of Lelia Lake, Saturday night for a short hunt with his two coon dogs. They picked up a trail right away and a few minutes later had a 22 pound Bobcat up a tree. Putman had to shoot the cat as it wouldn't give the dogs a chance for the kill. This is fine work and we know the poultry raisers around Lelia Lake appreciate Putman's efforts.

Services Held For W. H. Vanderburg

Funeral services were held Friday afternoon at the First Baptist Church for William Haynes Vanderburg with Rev. O. C. Curtis, Rev. Woodrow Adcock and Rev. Douglas Carver officiating.

Mr. Vanderburg, 74, died from injuries in an auto accident near Childress February 13th. He had been a resident of Clarendon since August 1955 and made his home here with his son, Rev. W. F. Vanderburg. He was a retired barber and made his home at Pampa 28 years.

Survivors include one son, Rev. W. F. Vanderburg; one daughter, Mrs. Kenneth Irwin of Franklin, La.; one sister, Mrs. Lula Stein of Pampa; two brothers, Cox Vanderburg of Odessa and John Vanderburg of Chochoa, Texas; also four grandchildren. Pallbearers were A. H. Moore, Ray Noblitt, P. C. Messer, Hershel Heath, Tom Scoggins and O. C. Watson. Graveside services were held at Pampa and burial was in Fairview Cemetery at Pampa. Funeral arrangements were under the direction of Murphy Funeral Home.

West Texas State College's 75-piece Concert Band, conducted by M. J. Newman, will appear in concert Monday (Feb. 25) at 3:00 p. m. in the Clarendon High School auditorium.

The program here is one of 18 concert programs the WT band will make within a week in Panhandle cities. Following two con-

certs on the college campus, the group will also appear in Palo Duro and Amarillo High Schools in Amarillo, and in Tulia, Memphis, Childress, Wellington, McLean, Canadian, Perryton, Spearman, Stratford, Dumas, Borger, Hereford, and Friona.

Soloists for the group are Gene Merritt of Amarillo, flute; Alice

Gordon of Amarillo, oboe; Juan-elva Rose of Tulia, clarinet; Jo Ann Herring of Borger, French horn; Joe Don Leach of Tulia, trumpet; Charlotte Lowe of Pampa, piccolo; and Fawayne Murphy of Dimmitt, tenor vocalist.

Among the selections of the band's repertoire for the tour is an original composition for band

by Dr. Houston Bright, associate professor of music at WT and director of the A Cappella Choir. It is entitled "Marche du Concert."

Other selections from which the band will draw, include Southwest composer Don Gillis' "Uncle Walt's Waltz," Richard Rodgers' "The March of the Sia-

mese Children," from the movie, "The King and I," Clifton Williams' "Fanfare and Allegro," and Shostakovich's "Scherzo" from his "Symphony No. 5."

Among marches are "High School Cadets" by John Philip Sousa, "Washington Grays" by Grafulla, and "The Vedette" by Kenneth Alford.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

There are a few books to announce for Juniors, "Treasure Under Coyote Hill" by Charles Coombs; "Mirror, Mirror" by Marjory Hall, who wrote some other girls' book that are on our shelves. "My Hearts in the Hills" by Harry Kroll is also light romance. "Fireball" is a horse book that is of interest.

"The Alamo" by Adina De Zavola is a new memorial book for Mr. Prewitt. I wonder if the writer is related to De Zavola who settled a colony in Texas. Another of his memorials is

"Why the Chism Trail Forks" by Andy Adams, and published by the Texas University Press. The book was edited by Wilson M. Hudson who is associate professor of English at Texas University. Andy Adams died in 1936 and had set down in seven books what he knew to be first hand the true picture of the range. We have his book "The Log of a Cowboy" which is out of print now. Our copy is rather fragile. Authorities agree it is one of the finest books ever written about life on the range. "The New York Times" states that "The Log of a Cowboy" is the "all-time best western written." "Wings at my Window" by Ada Clapham Govan is another book dedicated to Ben's memory that he would have thoroughly appreciated, and also

"Reprieve" by John Resko as my husband was interested in rehabilitation of prisoners. "The Whole Armor of God" by Ralph W. Sockman is excellent reading too. These books are all valuable reading.

In memory of Mrs. Gentry is a small garden volume "Through My Garden Gate" by Newman Flower, an English writer. It is a delightful little book.

Dedicated to Dr. Evans memory is "How to Grow Annuals" by Ann Roe Robbins. This will remind its readers of their lovely lawn. "English Porcelain and Bone China 1743-1850" is another good book given in his memory. You who have time for reading have a wide range of books to "graze" thru these long evenings.

CIVIL DEFENSE 'KEYPOINT' for Los Angeles is typical of some 200 such communication centers throughout the nation maintained by local civil defense. In less populous areas, 'keypoints' are often police or fire stations, where someone is always on duty. They depend on the Federal Civil Defense Administration's 14,180-mile warning net (inset) to link them to Air Force air defense division control centers. Keypoints notify, in turn some 3,500 'sub-keypoints' which set off sirens and call out civil defense personnel.

Nuptials Solemnized In Church Service

In a candlelight service at the First Methodist Church, Clarendon, Texas, Saturday evening, February 21, Miss Margaret Inelle Cox, daughter of Mr. and Mrs. L. N. Cox of Clarendon, became the bride of Donald Luke Bagwell, son of Mrs. R. L. Bagwell, Claude, Texas.

Rev. Conrad Ryan, pastor, read the double-ring service before an altar decorated with baskets of white gladioli and candelabra against a background of palms and greenery. Family pews were marked with white satin ribbon.

Miss Mantie Graves, organist, played a nuptial prelude including "Indian Love Call"—Friml, "Because"—D'Hardelot, "Andante Cantabile"—Wider, "Poems"—Sibich, "Ave Marie"—Schubert and during the ceremony "Clair de Lune"—deBussey. She also accompanied Mrs. Frank Phelan Jr. who sang "O Promise Me"—DeKoven, "I Love You Truly"—Bond, and "Wedding Prayer"—Dunlap.

Candles were lighted by Miss Karen Morris of Ralls, Texas and Miss Jan Bagwell of Borger, Texas, nieces of the bridegroom. They wore identical ballerina length dresses of pink net over taffeta with wristlets of pink carnations.

Bridesmaids were Mrs. Kenneth Sams of Brownfield, and Mrs. Dorris Reed of Clarendon. Their waltz-length dresses of

pink crystalette over rose taffeta were fashioned with a V neckline, tucked bodice, and bouffant skirt. They wore matching headbands of tucked crystalette and matching crystalette mitts, and carried bouquets of deep pink carnations.

Mrs. Joe W. Dilli, sister of the bride, was matron of honor. She wore a dress of rose crystalette over pink taffeta styled identically to those worn by the other attendants, a matching headband and mitts of crystalette and carried a bouquet of light pink carnations.

Leland Holdermann, Amarillo, Texas attended the bridegroom as best man. Groomsmen were Weldon McClure of Amarillo, and Joe Sidney Cobb, Claude, Texas. Ushers were Joe W. Dilli of Lubbock, and Joe Wilson, Claude, Texas.

Escorted to the altar and given in marriage by her father, the bride was lovely in a floor length gown of tulle and Chantilly lace over satin accented with iridescent sequins and seed pearls. The dress was designed with a strapless, fitted bodice and a lace bolero. Matching mitts were worn. Her finger-tip veil of French illusion was attached to a Juliet cap trimmed with seed pearls and lace. Her bridal bouquet was of white stephanotis centered with a white orchid.

Following the ceremony, a reception honoring the bridal party was held at Patching Club House. The table was laid with a floor length satin cloth covered with net. White satin bows caught the net at the corners of the table and in the center front forming a draped effect. An arrangement of white carnations and pink rosebuds flanked by pink tapers centered the table. Mrs. Roddy Harwell, Vega, Texas and Mrs. Charles Miller of Lubbock served the tiered wedding cake. Miss Imo-

gene Bagwell of Isleta, sister of the groom, ladled punch.

Mrs. Duaine Johnson, Amarillo, pianist, provided a musical background for the social. Mrs. Tommy Gattis, Earth, Texas presided at the guest book. Others in the houseparty were Mrs. Herb McCullough, Lubbock; Miss Barbara Fain, Claude; Mrs. Gene White, Miss Glenda Sue Davis, Miss Beth Smith, Miss Dorothy Hargrove, all of Amarillo; and Mrs. Duane Naylor of Thalia, Texas.

For the wedding trip to New Orleans, La. the bride wore a powder blue, wool suit with navy and white accessories, and a white orchid.

Mrs. Bagwell is a graduate of Clarendon High School and West Texas State College, Canyon where she was a member of Delta Zeta Chi sorority. She has taught in the Claude Public Schools and was teaching in Midland prior to her marriage.

Mr. Bagwell is a graduate of Claude High School and Texas Technological College, Lubbock, Texas, and has served two years in the army. At the present time he is associated with the Weeks-Bagwell Grain Elevators in Claude, Texas.

INTERNAL REVENUE SERVICE

UNITED STATES TREASURY DEPARTMENT

Sickness and Disability Benefits

Ellis Campbell, Jr., District Director of Internal Revenue for the Dallas District, today explained the Federal income tax rules which apply to amounts received as compensation for sickness or disability.

Any of the following payments which are received on account of illness or personal injury should not be reported on your Federal income tax return:

Damages in settlement of a claim.

Payments under Workmen's Compensation Acts.

Payments under an accident or health policy on which you pay the premiums.

Payments on account of your contribution to an accident or

health plan jointly financed by you and your employer.

Payments under an employer financed plan for sickness or injury to you or your dependents if received as reimbursement for medical care or as compensation for the permanent loss or loss of the use of a member or function of the body or for permanent disfigurement.

Pensions or annuities to an individual for injury or sickness resulting from active service in the armed forces of any country or in the Coast and Geodetic Survey or the Public Health Service; or payments to the beneficiaries by reason of the death of such individual.

The law also allows you to exclude from income amounts received as wages or in place of wages under a wage continuation plan financed by your employer when you are absent from work due to injury or sickness. The amount to be excluded is limited to a weekly rate of \$100. In cases where you are paid more than \$100 per week, the amount to be excluded is computed by multi-

plying the amount received by \$100 and dividing the result by your weekly rate of payment. For example, assume your pay is \$150 for a five-day week. You are absent from work for three days due to an injury and are paid your regular pay of \$90. Of the \$90 received, you would exclude \$60. (\$90 multiplied by 100 equals \$9,000, and \$9,000 divided by \$150 equals \$60.)

Keep in mind, however, that you cannot exclude wages received for the first seven days of absence from work due to illness, unless you were hospitalized at least one day during your illness. If you are absent from work due to an injury, the exclusion applies from the first day of absence.

If you received pay while you were absent from work due to injury or illness and the amounts received are included on your W-2, center your gross wages on line 5, page 1 of your Form 1040, and enter the amount to be excluded on line 6.

Texas State Music Convention Held

The Texas Music Educators State convention and clinic was held in Dallas February 13-16 with headquarters at the Statler-Hilton and Adolphus Hotels. Mrs. Verma Weaver, public school music instructor in the Clarendon schools attended the elementary divisional and vocal and college divisional sessions.

Thursday a panel was held on "Status of Music in Elementary Schools" by Dr. Archie Jones of the University of Texas, Miss Maude Garnet of North Texas State College, Miss Edna Jones, supervisor of the Abilene Public School Music Department, and Mrs. Richard Lewis of Dallas, a P-TA and school board member.

The panel for Friday was "Music For a Lifetime" by Dr. Robert Pace, professor of Music Education of Columbia University. In the afternoon, a demonstration and lecture on "Teenage World of Music" was held.

The College division Friday took up "Applied Music and Theory of Music" discussed by Dr. Gene Hemmle of Texas Tech, Mrs. Janet McLaugh of the University of Texas, and Don Morton

of Tarleton Junior College. Friday afternoon, Orland Johnson of Howard County Junior College at Sweetwater discussed "Music Literature and History in the College Section."

Saturday morning Dr. Pace conducted a workshop on "Creative Music in Connection with Dramatics."

Adding to the enjoyment of the convention were several programs: two presented by choral groups and one by the Texas Symphony Band. Thursday the ninth grade choir from the Thomas J. Rush Junior High of Dallas presented a thirty minute program and Friday evening the eighth grade choir of Brownsville presented the program. The Texas Symphony Band composed of students chosen from different regions of the state presented the concert. Over 600 music teachers from over the state were in attendance.

Locals Top Swine Sale At Plainview Saturday

Claude DeBord exhibited the champion open gilt in the sale sponsored at Plainview Saturday by the Texas Hampshire and Berkshire Breeders' Associations. Jimmy Graham, Joe Bob Butler, J. D. Duggins, and E. S. Ballew were other Donley County residents participating in the sale.

DeBord sold two open hamp gilts and a hamp boar; Graham sold two open hamp gilts and a hamp boar; Duggins sold three bred berk gilts, and Butler sold four open hamp gilts. Ballew sold two open hamp gilts and two bred hamp gilts.

The offerings of the Donley County group were among the tops in the sale as well as in the rankings.

Friends will be glad to know that Mrs. Joe Goldston is improving nicely at this time. She is a patient in Baylor Hospital, Room 353, Dallas, Texas.

Mrs. Hazel Lusk and Mike of Walnut Creek, Calif. visited Wednesday to Thursday afternoon of last week with her parents, Mr. and Mrs. A. O. Hefner.

Bulldogs Split Road Games

The College Bulldogs split their two road games this past weekend by defeating the Big Spring Jayhawks 65-61 and losing to Odessa by one point 57-56.

In the Jayhawk game Boyd White and Steve Jarnigan each hit 18 points.

The Odessa game was a close affair all the way with the Bulldogs leading by 3 points at the half only to lose their lead as the game ended. Boyd White hit 29, Steve Jarnigan hit 14 and Buz Bailey hit 14.

LOCAL WOMEN ATTEND CONCERT IN PAMPA

The Community Concert Association presented The Revelers in a concert Monday the 18th in Pampa. The Revelers are a quartet of spirited young men combining their voices to create first rate entertainment. The group is comprised of Robert Simpson, tenor; Thomas Edwards, tenor; Laurence Bogue, baritone and Edward Ansara, bass. The ladies attending from Clarendon were Misses Mabel Mongole, Edgar Mae Mongole, Mantie Graves, and Inez Blankenship. The ladies report a very nice program.

HOSPITAL NOTES

Patients as of Wednesday Morning, Feb. 20th:

Frank Whitlock, Mrs. J. W. Davidson, Mrs. Ethel Brown, Carl Geyer, R. O. Thomas, Grover Heath, Mrs. Ronnie Lamberth, and Mrs. Stella Phillips.

RETURN FROM FISHING TRIP

Mr. and Mrs. W. M. Pickering and Mr. and Mrs. Geo. L. Green returned home Saturday from a weeks fishing trip on the Texas coast. Bill and George spent most of their time fishing from Mustang Island at Port Aransas and also Padre Island, some 20 miles up the island from Port Aransas. They reported having plenty of fish to eat while there and brought home a nice catch of salt water trout.

Mr. and Mrs. George Schollenbarger and Butch and Bliss Bain spent the week end with relatives at Darrouzett.

Governor Price Daniel has proclaimed February as "Heart Month" throughout Texas in official support of the annual Heart Fund Campaign of the Texas Heart Association and its affiliated community chapters.

Dr. E. N. Jones, president of Texas Technological College and Chairman of the 1957 Texas Heart Fund, announced that the annual campaign for funds with which to "combat the nation's Number One Killer—heart disease—will continue throughout February."

In his proclamation designating February as Heart Month, Governor Daniel urged "all citizens to support the Heart Fund campaign and all schools, churches, scientific, civic, social and fraternal organizations and business establishments to lend this drive their cooperation."

FARM NEWS

from the County ASC Committee

THE DEADLINE FOR SIGNING CONSERVATION RESERVE CONTRACTS BEGINNING IN 1957 HAS BEEN EXTENDED FROM MARCH 15 TO APRIL 15 BECAUSE OF HEAVY WORK LOAD IN COUNTY OFFICES

The deadline for signing Soil Bank Conservation Reserve contracts to begin in 1957 has been extended to April 15 from the original closing date of March 15, 1957. Donley County also received additional funds for 1957 Conservation Reserve, and all contracts signed now may be approved as soon as field checks are made. This is the five (5) and ten (10) year program in which the

land must be seeded to a permanent grass and no crop may be harvested or grazed during the period of the contract.

1957 COTTON ACREAGE RESERVE

We want to remind you that March 1, is the last date for entering into a 1957 cotton Acreage Reserve agreement. This contract is only for the year 1957. The designated acreage must not be grazed or harvested or have any cotton planted on it during 1957. The maximum amount of acreage that can be put under an agreement is 30% of the farm allotment or 10.0 acres whichever is larger. You should tell the clerk at the time you sign the agreement, whether you would like more than the maximum amount. If there are available funds, you will be allowed to put this additional amount in.

WHEAT AND WHEAT ACREAGE RESERVE MEASUREMENT

Two more wheat reporters started working this week and a large part of the wheat farms in Donley County have already been measured. If your farm has not been checked, the reporters will be checking it in the near future.

COTTON PREMEASUREMENT

We want to make sure that all cotton farmers know about cotton premeasurement service which is available to all farmers requesting this service. Cotton premeasurement provides that cotton farmers may have their cotton acreage measured and staked before planting time and be assured of having the correct acreage. You must plant within the boundaries of the stakes. The cost of this service is \$7.00 for the first plot and \$2.00 for each additional plot.

ATTEND EDUCATION CONFERENCE

Mrs. Fred Bourland and Mrs. Glenn Hoggatt, Homemaking teachers, attended an in-service Education Conference for Area I Homemaking teachers at Lubbock Saturday, Feb. 16.

The purpose of the meeting was to gain better understanding of good public relations and to assist teachers in planning and carrying out a more effective Summer Homemaking program.

CARD OF THANKS

I wish to thank all my many friends and neighbors for the beautiful flowers and cards, and the visits they gave me while in the hospital, also the good food they brought me after I came home.

Mrs. Chester Martin

Mr. and Mrs. Bill Adams are the proud grandparents of a new granddaughter, Deborah Carlene, born to Mr. and Mrs. Raymond Adams, Tuesday morning, Feb. 19th at 11:24 at the Goodall Hospital in Memphis, Texas. Both mother and baby doing fine.

Mr. and Mrs. Sam Tankersley left the past week for an extended visit with relatives in Utah.

Mrs. George Benson and Miss Anna Moores have visited recently at LaGuna Beach, Calif.

PLOWIN' Out the CORNERS
Uncle Zeb

The following quote is from the lips of Ed "Strangler" Lewis, a giant of a man now in his later years, who at five different times was world champion in his weight as a wrestler. It is said that he grossed more at the gate than any other living person in any similar vocation, the tidy sum of around fifteen million dollars. Second to him we understand is Jack Dempsey. Anyway, The Strangler, whose hands are like sides of bacon in size is now working with youth groups from a moral and religious standpoint. The other night we saw him on a popular quiz program and he chose the category of The Bible. The following thought which he left just sort of sticks with me all the more coming from a man who had followed this exciting and more or less rough and tumble life. He said:

"When we talk about our troubles, our troubles grow. When we talk about God, our troubles go." This we believe also.

Just when we almost forget about our Ain't Smoking Club, we get word from some one who wants a membership card. Anyhow, if you have quit smoking and want to be a member send us your name and we will mail you a personal membership card. This week at the request of the Mrs. C. H. Brown Jr. and to J. B. McManus of 1302 Highland Ave. back in Camden, South Carolina. The latter is her folks back home. Best wishes to these two new members.

Some Please Don't For Your Own Sake.

Please don't buy anything from a stranger peddling through the country until you have investigated both him and his product.

Then an extra Please don't let anyone give you anything until you have investigated both him and the fine print on the back side of the "You Sign Here." Too many are taking advantage of the give away idea to do a lot of first class "Taking Away."

Our regular reader, who works down in the library, again is so kind as to send us something to pass on to you. It is a dandy Scrap Book selection for this time. It is called;

COMPANIONSHIP

Would you take the time to write to a young lady who is in the hospital and certainly would love to have a whole flock of letters. She is Miss Maurine Seale which we have written about many times before. TO THE PEOPLE OF THE 18TH DISTRICT
By Congressman Walter Rogers

TEXAS GETS LAMBASTED

Texas has been taking a lambasting of large proportions for the last several months. It presently appears that there is more to come. Actually this all started with the closing of the Suez Canal, believe it or not. It was about that time that crude oil prices were slightly raised. This was the first raise in crude oil prices since 1953, although all other commodities had been raised several times. Nevertheless, a vicious attack was immediately made upon Texas. Columnists, cartoonists and commentators began to portray our great State as a scoundrel and a blackguard. Several European countries have taken up this same hue and cry and Texas continues to catch it from all quarters. To listen to some of the charges that are being made, one would think that the entire continent of Europe was freezing to death, and that Texas had cornered the entire fuel market and was refusing to make it available to the cold and hungry. In fact things have gotten so bad that in some quarters the "Texan" has replaced the bogey man for scaring children. One fellow told me that children on the streets here in Washington looked at him with such fear and trembling that he had replaced his Texas Stetson with an Ike Homburg.

Texas has been in the publicity spotlight for a long time. Any state with all of the good features with which Texas is blessed, is bound to be in the spotlight now and then. However, a lot of publicity has been of the unfavorable variety. Many people have been led to believe that Texas has more than its share of loudmouthed, ill-bred, impolite and discourteous blackguards, and that all of them have at least 10 oil wells, 5 Cadillacs, 3 swimming pools and a police dog. The reason they think that Texas has more than its share of this type of individual is because they don't realize how big Texas is, and that there are only a few of these kinds of folks, relatively speaking, and relatively speaking doesn't mean kinfolks. As one good Texas Congressman, the Honorable Paul Kilday of San Antonio, pointed out, the proof of the gentility of Texas people is definitely proven by the fact that the head man in this country today who tells you how to be polite, which spoon to pick up first, when and when not to wear a red tie, where to seat your guests when company comes for dinner and a few other niceties, is none other than a Texan. He is Mr. Wiley Buchanan, the newly appointed Chief of Protocol (the rules prescribing etiquette in ceremonies of state). (Some of these rules are all right for local use).

However, the good things never come out. It seems that people would much prefer to gossip about bad points than good points. The release of the picture "Giant" hasn't helped the situation. Although I haven't seen the picture

(and as far as I know now I don't intend to) the reports coming to me indicate that its viewers are going away feeling that Texans are uncouth and given to a vulgar display of wealth. I have heard that the story upon which this picture was based, was written in a spirit of vindictiveness. It is my personal opinion that neither the book or the picture were designed to display Texas in the best of light, but I can assure the author and the producers that Texas is big enough to take them both with a grin.

Getting back to the reason behind these unfair and vicious attacks on Texans, I would suggest that all of those who are so willing to criticize Texas should first gather together the true facts. Texas is not causing anyone to be cold or hungry, nor is she denying oil, that she has available for sale, to anyone. The truth is that Europe is short only 250 thousand barrels of fuel oil per day. At the present time, this country is importing almost 900 thousand barrels of oil per day. If about 30 percent of the oil being imported in-

to this country could be diverted to Europe, the situation would be alleviated. Such action would also help to solve an economic problem that is becoming very serious to independent producers in this country.

It might also be pointed out while we are speaking of criticism and truth, that there has been a rather unusual display of wealth by some visiting dignitaries to this country. Reputed tips of \$20 thousand to a ship's crew, gold watches to waitresses in a Washington restaurant and the purchase of cashmere clothes (including cashmere bathrobes at \$185 per robe from a local Washington store) would indicate that there might be two sides to some of these problems. At least Texas isn't seeking Foreign Aid.

FAMOUS Esso Extra GASOLINE

prevents the "knock you cannot hear!"

Engineers call it "trace knock," and only the trained ear can hear it.

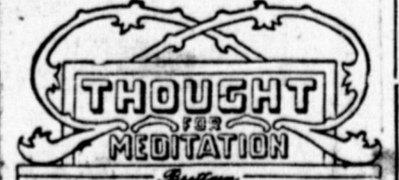

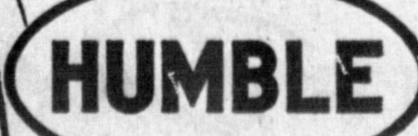

But trace knock, like any knock, robs your engine of its power, forecasts engine damage.

If yours is a modern car in any price class—especially if it's a 1957 model—prevent trace knock with Humble's famous Esso Extra, the gasoline that gives you extra anti-knock performance.

And that's not all! Esso Extra delivers full power output from modern engines. It gives maximum mileage and extra protection against vapor lock. It gives extra quick starting and warm-up.

HUMBLE OIL & REFINING COMPANY

Fill up with Esso Extra gasoline under your neighbor's Humble sign—it's famous for performance.

Down deep within the life, the soul,
There lives a hope to reach a goal,
A hope that's guiding us each day,
A hope that brightens up our way,
It's hopes that drives away all gloom

BILLS - BILLS - BILLS

The legislative machinery is finally in full swing here in Austin, and the bills are beginning to pile up. As of today there have been 429 bills introduced, and there will probably be another 100 before the week is over.

House committees have been working night and day for the past three weeks and results of this effort are beginning to show. The calendar of business before the House is full now and I understand that we will never get it cleared before the end of the session. As quickly as one bill is passed or defeated, there will be two to take its place. Last session a total of 1500 bills were introduced before the House.

TEXAS FEED LAW

The Texas Commercial Feed Control Act was passed this week by both the House and the Senate and is awaiting the Governor's signature. This measure should be of great benefit to farmers and ranchers of our area. It will guarantee that the feed mixers provide the ingredients as specified.

EGG BILL PASSES

The Egg Grading Law also passed the House this week. Texas is the only state in the Union that does not have an egg law. This act does not affect producers (neither the owner of the hens nor the hens themselves) but requires that, if a grade is claimed (such as AA), then the egg must

conform to grading standards. This law should protect our Texas housewives from getting so many bad eggs. It will also keep Oklahoma egg producers from dumping their poor eggs on our Texas markets.

ANNUAL SESSIONS

The House approved a constitutional amendment which calls for annual sessions of the Texas Legislature and provides for an annual salary of \$4800. The majority of the members felt that the business of the state has grown so large that an annual session is necessary. If this act passes the Senate, it will be submitted to the voters of Texas in 1958. The pay raise could not apply to those of us that voted on it at this time.

WATER

The water program is being carefully considered, and some revisions of this legislation are being made in committee. It looks as if we may have a \$200,000,000 program come from the committee hearings.

PLEASE WRITE

Some of the legislators gripe about how much mail they receive, but I want everyone who is interested in any bill to write and let me know how he feels. I may be a little slow answering, but all your letters will certainly be appreciated.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Printed below is an essay by Edna Beth Finch on the subject "Youth's Stake in Soil Conservation". This essay was considered best by two impartial judges of Clarendon High School and seven essays written by students of Hedley High School. All of the essays have been mailed to the Fort Worth Press, which is giving an all-expense paid vacation trip to Colorado to the winner in Texas. The Donley Soil Conserva-

tion District sponsored the contest in this District and is giving four dollars as prize to the first place winner in the Donley District; two dollars to the second place winner and one dollar to the third place winner. Second place essay will be printed next week and third place the following week. In addition to the cash prizes, each of the first 3 place winners will receive a year's subscription to "Soil & Water Magazine."

YOUTH'S STAKE IN SOIL CONSERVATION

By Edna Beth Finch

In the beginning, God created the heaven and the earth. He commanded the earth to bring forth fruits and it did. We have the privilege of using God's earth and the fruit which it produces to feed and clothe humanity. We also have the command to replenish it as well as to cultivate it. Mankind has obeyed the order to be fruitful and with a vastly larger world population, it is even more important now that we conserve the earth that God gave us than it was in Moses' day.

Many soil conservation measures, especially annual farm practices, are so simple that farmers don't need any technical assistance in applying them. The application of manure to soil to improve its fertility is only a simple matter of mechanics. Cover crops are planted to keep down wind and water erosion; this requires little extra effort. Strip cropping is often relied upon as a means of keeping the soil in good shape because if one crop is planted year after year, it saps the soil of its fertility. A city youth as well as a farm youth must help preserve the soil. When it rains, water can be seen running off hills and carrying with it the essence of life. It is up to these young people to stop this disintegration. It can be seen on farms, down graded roads or streets, and also on school grounds.

Conservation of the soil is the responsibility of society, and we are society. We, the youth of this generation, are going to be re-

sponsible for our own welfare and the welfare of our children. We must then be concerned with the wise conservation of the soil. National, as well as community welfare, depends upon the fertility of the soil. Now is youth's opportunity to make the most of its responsibility.

Two Local Students Honored

Two seniors at Clarendon High School have been commended by the National Merit Scholarship Corporation for distinguished performance in its nation-wide search for students of unusual ability, according to Principal K. D. Vaughan.

The students honored are: Walton Crain and Gene Alderson.

They have also been named Texas state runners-up in the 1957 Merit Scholarship competition. "The seniors honored today are among the top one or two per cent in ability in the state," according to John M. Stalnaker, President of NMSC. "While they did not quite reach the finals of the 1957 Merit Scholarship competition, their unusual promise deserves recognition. Indeed, we want to encourage every one of them to make a special effort to obtain the best college education possible. Both student and country will profit."

As state runners-up, the local students will be sent letters of recommendation by NMSC for use in applying to the colleges they wish to attend.

The National Merit Scholarship competition provides the largest system of privately financed scholarships offered in the United States. High schools may enter their most outstanding students in the annual competition. The first hurdle the students face is

the "Scholarship Qualifying Test," a high level measurement of potential ability to benefit from a college education.

This year, over 162,000 outstanding seniors from 12,500 high schools entered, with 750 four-year college scholarships worth an estimated \$3.75 million at

stake. NMSC was established in 1955 through grants of \$20.5 million from the Ford Foundation and the Carnegie Corporation of New York. Over forty business and industrial firms offer four-year college scholarships through its facilities.

Best thing about portable irrigation is that you get water where and when you want it. Hilly terrain is no problem. Sandy soil that soaks water out of ordinary irrigation ditches is no problem.

Portable irrigation is as precise as watering each plant by hand. What does this freedom from dry spells and troublesome terrain cost? A lot less than you think. We know farmers,

right in this county, who have paid for their systems in two years—three years. They did it with better crops. By getting to market first. By being independent of drought.

Call us or stop in today and let us show you how to engineer a portable irrigation system to your farm. We carry complete systems, parts and the very finest Alcoa Aluminum Pipe.

Borden's Celebrates 100th Anniversary

The 12 employees of G. W. Bradshaw in Clarendon and area are now celebrating the Borden Company's Centennial in a year-long program. The Borden Company, according to Mr. G. W. Bradshaw, of Clarendon, is very proud of its Texas beginnings. The founder of the Company, Gail Borden, was closely identified with the youthful, restless Texas of his era.

As a friend of Stephen F. Austin and Sam Houston, Borden was plunged into the thick of the struggle for Texas' independence. He helped write the first Texas constitution and founded the first permanent newspaper in Texas. This newspaper became the official organ of the revolutionary government, and played an important part in rallying recruits to Sam Houston's army.

Gail Borden had over fifty years of accomplishment behind him when he finally began working with milk. Even after his great discovery of condensed milk, he twice failed before suc-

It was in this field—the condensing of milk—that Borden was to found an industry. He also pioneered in another industry—that of modern dairying. He showed American farmers the possibilities of quantity milk production, and his insistence on sanitation brought about a com-

"Locally," G. W. Bradshaw said, "Borden's has been distributing milk and ice cream since 1943. The Borden Company spends over \$208,000.00 annually in the Clarendon area."

The Texas Heart Association says: "Some forms of the heart diseases can be prevented, some cured and almost all helped with proper treatment after early diagnosis."

INTERNAL REVENUE SERVICE UNITED STATES TREASURY DEPARTMENT

TAXES

Ellis Campbell, Jr., District Director of the Internal Revenue Service for the Dallas District today explained the rules for deducting taxes paid when filing your personal income tax return for 1956.

If you itemize deductions on page 2 of Form 1040, you can deduct most state and local taxes. Federal taxes are never deductible except for certain ones paid in connection with a business or profession.

You CAN deduct:
 Personal property taxes
 State income taxes
 Real estate taxes
 State or local sales taxes
 State gasoline taxes
 Auto license fees
 State capitation or poll taxes

You CANNOT deduct:
 Any Federal excise taxes paid on your personal expenditures, such as taxes on theater admissions, furs, jewelry, cosmetics, transportation, telephone, etc.
 Federal social security taxes
 Hunting licenses
 Dog licenses
 Water taxes
 Auto inspection fees
 Taxes paid for another person
 If you had State income taxes withheld from your salary, or if you made estimated State income tax payments under a pay-as-you-go plan, you can deduct such amounts.

Whenever real estate is sold, the deduction for real estate taxes is apportioned between the buyer and the seller according to the number of days in the real property tax year that each held the property. The tax is apportioned to the seller up to but not including the date of sale and to the buyer beginning with the date of sale, regardless of the accrual or lien dates under local law.

If you are a tenant-stockholder in a cooperative housing or apart-

ment corporation you can deduct your proportionate share of the real estate taxes paid by the cooperative.

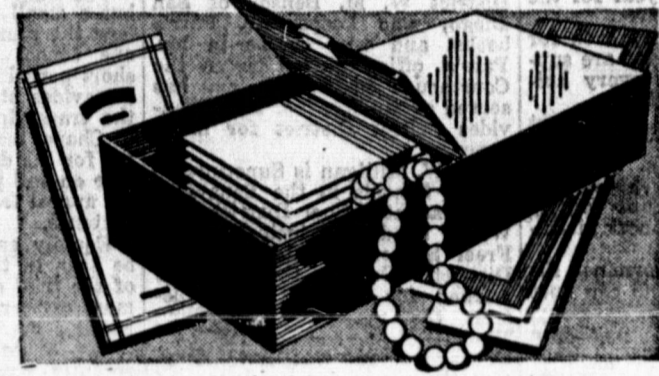

In most cases, you are not permitted to deduct taxes assessed for pavements or other local improvements, including front-foot benefits, which tend to increase the value of your property. You cannot deduct Social Security taxes paid on the wages of your maid or other domestic help.

And you cannot deduct Social Security taxes or Railroad Re-

irement taxes withheld from your wages by your employer, nor may you deduct any self-employment tax you pay on your earnings from self-employment.

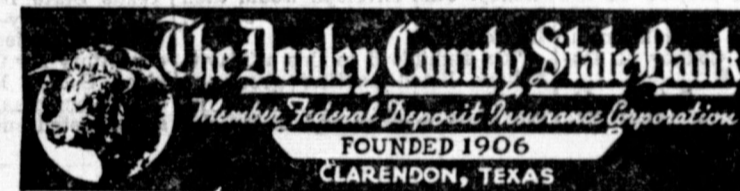

Mr. Campbell advised taxpayers who have questions regarding the deduction of taxes paid or any other matter on their Federal income tax return for 1956 to telephone or visit the local office of the Internal Revenue Service.

STORY NO. 6

Duval Plunderbund Plucked \$7,187 From Benavides Schools in One Day

By FREDERICK HODGSON

SAN DIEGO, TEX.—One of the Federal Government's experts working on the sticky financial mess that is Duval County figures the cost of operating a political machine such as this at about \$2,000,000 a year.

This doesn't include what goes into the pockets of leaders through big "deals" which otherwise wouldn't have been possible. John Ben Shepperd has estimated the total of "money diverted from school district" in Duval County has been four or five million dollars a year for the past ten years.

That's a lot of money even for Texas where millionaires are supposed to hide behind every hump-back bush.

Political machines fall apart when something interferes with the free flow of cash. Attorney General John Ben Shepperd and District Attorney Sam Burris have turned off the faucet in Duval.

Donato Serna, a determined little Latin-American who can spot a crooked ledger a mile away, now sits in the Courthouse at San Diego as County Auditor. Serna is like George B. Parr one little bit. And for good reason. Parr once gave him a thorough going over with a five-cell flashlight, a beating so severe that one of Parr's then deputy sheriffs, Manuel Amaya, was forced to intervene and disarm the Boss.

"Our County is not in a very good financial condition," says Serna. Only one county in Texas has a higher tax rate than Duval. The County, with a population in the neighborhood of 12,000, has a bonded indebtedness of \$3,113,000 and a \$2.55 tax rate.

The adjoining county, Webb, another political hot spot, has a \$2.65 rate. In contrast, Val Verde County has a 53 cent rate. Perhaps the strongest shade of Judge Roy Ross, "the law West of the Pecos," who held court in a Val Verde saloon, keeps sticky fingers out of the public till. There's nothing like a little fancy embezzlement to shoot a tax rate sky high.

Inside my typewriter are two documents, Donato Serna's current annual report on Duval County finances and an affidavit signed by Diego Heras, former auditing secretary to the board of trustees of the Benavides Independent School District.

The two documents complement each other perfectly, the latter providing a good picture of the financial shenanigans responsible for the "not very good financial condition" of the County of Duval.

In just one day, October 19, 1956, nimble fingers lifted \$7,187.00 from the school district treasury.

The chubby Mr. Heras lists 101 checks made out to fictitious names, the whole batch amounting to \$67,414.17. His affidavit makes interesting reading.

"I know George B. Parr of San Diego, Duval County," Mr. Heras swore. "Although he has dominated the Board of Trustees for many years, and has taken it upon himself to countersign all vouchers issued by the District, Mr. Parr has never within my knowledge been an employee of Benavides Independent School District. W. M. Benson of San Diego, who keeps Mr. Parr's books, and who offices in Mr. Parr's office across from the Courthouse in San Diego, has served as auditor for said Benavides School District for many years."

"B. W. Milligan is Superintendent of Schools in the Benavides Independent School District, and W. F. Reed is Principal of the Freer Schools in said Benavides District. During the years I worked for the Benavides District the method of handling Teacher Retirement money was to make up the teacher contribution lists from the payrolls, and then to issue vouchers against the School District to Mr. Milligan or Mr. Reed for the amount of the Teachers' contributions. These men in turn were to purchase cashier's checks to be permitted to Teachers Retirement System."

"I have carefully examined annual report of School Funds to Texas Education Agency submitted by Benavides Independent School District for the year ending August 31, 1950, and have also examined a like report submitted for the year ending August 31, 1951. These reports were prepared and submitted by the Texas State Bank of Alice, the depository for Benavides Independent School District. In these reports I have found many irregularities. On Exhibit A to this affidavit, I have listed a number of vouchers issued by Benavides Independent School District to fictitious persons. The persons so listed as fictitious are actually fictitious, never existed, and of course never performed the services for which the vouchers purportedly were drawn. Many of these vouchers were issued at the express direction of W. M. Benson. At times I would deliver the vouchers to Mr. Parr or Mr. Benson. At other times, I would present them at the depository bank, where I would be handed an envelope containing money. This envelope would then be delivered to Mr. Parr or Mr. Benson."

"On Exhibit B to this affidavit, I have listed another group of vouchers which were issued in the same manner and under the same direction, to actual persons. However, none of these listed persons who are payees in the listed vouchers ever performed the services for which the vouchers were purportedly issued, and these persons did not receive such vouchers. Such vouchers were handled in the same manner as those issued to fictitious persons."

"On Exhibit C to this affidavit, I have listed another group of vouchers which were issued, in the same manner and under the same direction, to actual persons. However, none of these listed persons who are payees in the listed vouchers ever performed the services for which the vouchers were purportedly issued, and these persons did not receive such vouchers. Such vouchers were handled in the same manner as those issued to fictitious persons."

There you have it. And this sort of thing has been going on in Duval County for half a century.

The Diego Heras affidavit tells but a small part of the story of how the plunderbund operated in one school district during one short period of time. More of the Benavides story can be found in the transcript of the trial of D. C. Chapa, tax assessor and collector for the district. Chapa is now free on bail pending a hearing on his appeal from a five year prison sentence.

Equally enlightening facts can be seen in the official transcript of the trial of B. F. Donald, former cashier of one of Parr's banks put out of business by Shepperd in 1955. Donald, too, recently was given a five year prison sentence for conspiracy to steal Benavides school funds.

It is no wonder that evidence-destroying bonfires blazed like a Fourth of July celebration over Duval County when Attorney General Shepperd arrived on the scene with a small army of assistants, including State Auditor C. H. Cavness. County records vanished in all directions. A political boss on plunder bent must have a machine so well armored that no dent can be made in it. But machines grow old and rusty and the engineers sometimes get careless. This happened in Duval. Some of the thick rust crabs faked off, revealing the bright metal of loot beneath. It is no wonder that the Parr machine fought with every legal, and semi-legal, weapon at its command to keep an honest auditor out of the Courthouse in San Diego. It took the full power of the State of Texas thirteen months to put Donato Serna into office in Duval.

The result, according to Attorney General John Ben Shepperd, is the first honest audit of Duval books in more than half a century. And, to quote Shepperd, "Nobody can steal anything else in the county without getting caught."

George B. Parr's two banks, one in San Diego and the other, the Texas State Bank in Alice, Jim Wells County, the bank mentioned by Diego Heras as the depository for funds of the Benavides School District—are both out of business. "In Liquidation" signs posted on the windows.

AUSTIN—Possibility of financing the most ambitious program in state history without new taxes has been put forth by Gov. Price Daniel.

In his budget message to the Legislature Governor Daniel recommended a \$32,000,000 increase in state spending during the next two years. More money would go for public school teachers' salaries, judicial salaries, state hospitals and special schools Prison System, Railroad Commission, State Highway, Public Safety and Insurance Department, higher education, state employees' retirement, an archives building, old age pensions, aid to handicapped, state advertising, water conservation, highway right-of-way buying, legislative salaries and a state law enforcement commission.

Financing would be on a "little bit here, little bit there" basis. Daniel said he felt legislators might expect some increase in the comptroller's forecast of expected revenue. He also called on the oil industry to work out its bottlenecks to allow for increased oil production. This could bring the state an additional \$40,000,000 in the next biennium.

A 10 per cent boost in auto license fees for right-of-way buying was proposed by the governor. He also recommended studying diversion of part of the permanent school fund to the available fund to finance public school costs, and higher tuition to help pay college teachers more.

And, if after all these, still more money is needed, he proposed a tax of 3/4 cent per 1,000 cubic feet on gas reserves tied up in long-term contracts.

JOHN Q. SPEAKS Most of the 55's significant legislation is now in the committee stage. Committees are required to hold public hearings at which any interested person may appear to say why he's for or against the bill being considered.

In the course of a session controversial measures bring hundreds, even thousands, of citizens to speak their minds at committee hearings.

Recent hearings of interest concerned:

1. Cutting firemen's hours to 60 in larger cities, 63 in smaller. Firefighters Association is pushing vigorously. Cities say they can't afford it, protest state interference in local affairs.

2. Giving more legal rights to women, another bi-annual bone of contention. Many women's groups are backing bills to abolish the wife's separate acknowledgement on property sales and allow women to convey their separate property without husband's consent.

3. Regulating handling and sale of eggs. House committee approved the bill which would require dealers and wholesalers to "properly label" eggs. Owners of small flocks, not claiming a specific grade for their eggs, would be exempt.

4. A bill requiring the admission of reporters to precinct, county and state political conventions. Approved by Senate Committee. A TPA "Better Government" Bill.

5. More power for the State Highway Department in condemning land for road rights. Sought by the department as necessary for the stepped-up building program. Opponents call it "arbitrary," say land owners wouldn't have time to get out of the way of bulldozers.

6. Licensing and regulating bail bondsmen. Proponents say it is necessary to stop "jail running" and "fee splitting" by lawyers and bondsmen.

7. Raising Legislative salaries to \$7,500 a year. Backed by Texas Jaycees, opposed by economy-minded solons and others who saw a similar constitutional amendment vetoed at the polls several years ago. House committee, nevertheless, approved.

FEED REGULATION OKAYED Both House and Senate have passed bills updating regulation of livestock feed sales.

Differences in the proposals by Sen. George Moffett of Chilled and Rep. Grainger McIlhenny of Wheeler will have to be adjusted.

Basic aim is to require labeling as to contents of feeds and closer inspection of manufacturing.

WATER BOARD CHANGES Amid the hue and cry for water conservation, State Auditor C. H. Cavness noted numerous "weaknesses" in the present State Water Board set-up.

In his annual report on the board Cavness suggested reorganization along the lines of the State Highway Commission. This

means a three-man policy board and a full-time administrator. Primary needs, said Cavness, are for continuity of direction and a statewide master water plan.

FROM THE OFFICE OF LYNDON B. JOHNSON U. S. SENATOR FROM TEXAS

Small business concerns are hit much harder by the "tight money" policy than big companies, Senator Lyndon B. Johnson declared last week.

Johnson, in a Senate speech, also pointed out that high interest rates add greatly to the charge of servicing the national debt and place a heavy burden on municipal governments.

"The continual trend toward mergers of big companies leaves a smaller share of the market for the average businessman," the Texas Senator told his colleagues. "Rising costs all along the line add to the difficulties of a small firm in meeting expenses. Of those increasing costs, one of the most important is the increasing cost of money."

"This is something that is felt all along the line—by business, by government, and by the average citizen."

Johnson said if 1952 interest rates had been applicable to the national debt last year, American taxpayers would have saved approximately \$717,000,000. He added that high interest rates also cause municipalities to assume excessively heavy obligations in order to see their bonds.

"This is a situation that can change our whole economy," he declared. "The rising cost of money and other necessities represents a constant squeeze on small business—and the squeeze will eliminate many as time goes on."

Opportunity Knocks For Young Men To Become Highway Patrolmen

The door of opportunity was opened this week for a number of young Texans who are seeking promising futures in the field of law enforcement.

Col. Homer Garrison, director of the Texas Department of Public Safety, announced that an opportunity now exists for young men between the ages of 21 and 35 to join the ranks of the Texas DPS as Texas Highway Patrolmen.

Garrison said student patrolmen would receive three months of intensive training in all phases of traffic enforcement and related fields at the department's Law Enforcement Academy. After graduating they will receive further training for six months under the guidance of experienced patrolmen.

The state police director said applications for the positions will be received at Highway Patrol offices throughout the state until March 1. Applicants will take examinations March 11.

Qualifications necessary to apply include: a high school education, or its equivalent; of good moral character; good physical condition, and a minimum of five-feet, eight-inches in height with weight proportionate.

Col. Garrison pointed out that the Patrol Training School held at DPS headquarters in Austin is of the best in the nation and gives young men a substantial background for all future jobs in the law enforcement field.
