A Common Paper for Common People

BREEDLOVE AND CREW ALL SET FOR BIG BARBECUE JOB

The barbecue and serving committees are all ready to go says county agent H. M. Breedlove. Over four thousand pounds of beef will be barbecued at the south end of main street starting at one o'clock on the Third and will be served on the court house lawn at 11:30 A. M. until 12:30 P. M. on the Fourth. Breedlove says that there will be twelve serving lines and also in addition to this there will be two serving lines for colored people the same as last year. Captains in charge of serving lines and who you should contact if you do not have a job, are Kathleen Yankee, James Smith, Red Estlack, Basil Smith, Conrad Ryan and Ruth Richerson. Each of the captains will need fourteen persons each for serving and four butchers. Contact the above people and they will tell you what to bring to serve. The barbecue pits are all in place and were moved by Bob Head. Sandy Sandifer, the expert on cooking beans and peaches will start cooking the first of the week on peaches and will cook the beans all night of the Third. Breedlove says that the committee who hauled the wood are Carl Naylor, T. C. Morgan, Gordon Mann, Cudd Bros., Frank Hommel, Bill Williams are in charge of the lights for the barbecue pits. Regan Bain and Pud Bain will have charge of setting up the chow lines on the court house lawn and they have done this job for several years.

Pete Kunz who has been in charge of securing the beef and donations for the trimmings, has the 14½ beeves in the locker plant and all the other items ready for the big feed.

Mr. R. E. Drennan will be on the loud speaker to direct people to chow lines and the Rev. Conrad Ryan will ask the blessing before the serving.

A large group will start helping Breedlove at noon on the Third and this group will work all night and until time to serve on the 4th. Helpers will be Pete Land, Hubert Rhoades, Sid Dodson, Loyd Reid, Royce McCluskey, H. Estlack, John White, Homer Bones and Tommy Selmon and all others who can be there to assist. Breedlove says that most of the help will be needed to get the pits fired and get the meat on

the pits, so if you have a few hours of spare time, come by and help for a short time on the Third of July.

All of the meat and food to serve was donated by the ranchers, merchants and individuals from Clarendon and other parts of the county. This is an annual affair and every one pitches in to make it a big success. The servers in the lines will try to give every one an adequate serving and ask that all persons go through the lines who are physically able. Meat will not be sent out in large containers but will be given to persons who cannot come thru the lines by filling up the plates for them. Every one be on time for the feed and bring all the neighbors and all the kids and let's be in Clarendon on the Fourth for the big barbecue and the rodeo.

Revival To Begin Sunday At Lelia Lake Methodist Church

Rev. James A. McDonald, pastor of the Lelia Lake Methodist Church, has announced that a revival will begin Sunday, July 1st and continue thru July 8th.

Services will be held twice daily with the morning service at 10 a. m. and the evening service at 8 p. m.

Rev. Clifford Mayo, evangelist of Abernathy, Texas, will be the speaker for this series of services. The public is cordially invited to attend any or all services.

FORMER RESIDENT IN MARINE BAND

Cpl. Lewis Johnson, a former All-State trombonist in Kermit High School, has been accepted as a member of the United States Marine Corps Band, President Eisenhower's official band. Johnson notified his mother, Mrs. Joe Ellis, of Kermit last week. He has been stationed at Camp Pendleton, Calif. since entering the Marines in 1954.

Cpl. Johnson graduated from the Kermit High School at mid-term, 1954. For a number of years he lived in Clarendon. He is the son of Albert Johnson and a grandson of Will Johnson of Clarendon.

More Spotted Showers Saturday And Sunday

Spotted showers fell over parts of Donley County Saturday and Sunday nights with the north and west portion of the county receiving the greater benefit. The largest amount was recorded here in town Saturday night with a total of .62 with another .02 Sunday night. The Goldston community received .40 Saturday night and another .30 Sunday night. Other points in the area reported an inch or more for both nights. Our total moisture for the month here in town is 1.23 and the temperature has been reaching the high nineties every day.

These cotton showers are nice but we need a better coverage and a good general rain certainly would be welcome although crops are looking fine at the present time.

Dusters To Play Rath's Here Sun.

The Dusters will take on Rath's of Amarillo here in Duster Park Sunday afternoon. This is the number one team in Caprock League play with a record of six wins and no losses. The Dusters are looking forward to ruining this perfect record Sunday afternoon, so if you want to see a real good ball game, be out there at 3 o'clock for the first pitch.

The Dusters dropped a close one Sunday to Morgan's at Amarillo. It took eleven innings to settle the affair with Morgan coming out on top 4-3. Talley went all the way on the mound for the Dusters. Newman, Duster Catcher, barely missed making a triple play unassisted when he caught a pop-up at the plate and tagged the man coming in from third for a double play and almost caught the man who had rounded third from second base.

Local Stores To Close July 4th

Since July 4th is one of the four legal closing dates for Clarendon business firms, most places will be closed on that date in order to help with the big Celebration which will be jam-packed with various activities throughout the day. Remember most places, with the exception of eating places and service stations, will be closed and do your shopping this week end or the first of the week.

HENSLEY OPERATES HUMBLE STATION AT CANYON

Howard L. Hensley took over operation of the new Humble Station at Canyon Thursday of last week. He is the son of Mr. and Mrs. Howard Hensley, operators of the Humble Station in Clarendon.

The Hensley family have lived in Clarendon for the past four years. Howard L. graduated from Clarendon High School and was a member of the Clarendon Junior College graduating class of '56. He plans to continue his college work along with operation of the station and invites all of his friends to stop when over his way.

NOTICE TO BAND MEMBERS

It has been announced that a rehearsal for the 4th of July Parade Band will be held promptly at 10 a. m. on July 2nd. All band members are urged to be present at this time.

Lions Install New Officers Tuesday

New officers were installed at the regular luncheon Tuesday of the local Lions Club with Mike McCully performing the ceremony.

New officers installed were Frank Phelan Jr., president; W. W. Sandifer, 1st vice president; Homer Estlack, 2nd vice president; Bill Todd, Lion Tamer; Billy Jack Land, Tail Twister; A. R. Henson, secretary; Joe Bownds, treasurer; Basil Smith and Frank Thomas, new directors and Ben Williams and Bob Moss hold-over directors.

6 More Days To Vote For Rodeo Queen

The Rodeo Queen contest is going into the home stretch with only six days remaining to vote for the candidate of your choice. The voting will close at 10 a. m. the morning of the Fourth.

At the latest count Tuesday morning, Linda Lamberth had moved into the lead with 1100 votes, Tookie McClellan had moved into the second place with 1068; Jeanie McAnear had 877; Jackie Estlack 718, and Ruth Ann King 411 votes.

Each of these contestants have voting boxes in various business places over town so vote as many times as you desire for your favorite candidate—votes are 1c each.

Bryson Home Destroyed By Fire

A fire, started by a bolt of lightning, completely destroyed the home of Mr. and Mrs. Emmitt Bryson Saturday night. The Bryson home was located immediately north of the highway 70 overpass West of town.

The bolt of lightning which was heard all over town, struck about 10:30. Mr. Bryson stated that they had already retired for the night and the entire upper story was on fire before they were awakened. In fact we were lucky to get out without injury, he added.

The telephone was knocked out also and Mr. Bryson had to drive to town to turn in the alarm. A strong wind added fury to the fire and firemen were unable to bring the flame under control for lack of water.

Mr. and Mrs. Bryson and her mother, Mrs. W. S. Hearne, who lives with them, made their way to safety but were unable to save any of their personal belongings. The strong wind from the north-west kept the fire from spreading to a double garage located to the west of their home.

The loss was estimated at over ten thousand dollars and was only partially covered by insurance.

Ernest Kent In Charge Of Old Settlers

All you old settlers can look forward to a grand get-together Wednesday morning, July 4th, as Ernest (Tuny) Kent is in charge of arrangements for this portion of the Celebration program and he is getting everything in shape for a grand and glorious day.

The Old settlers will start registering at 9 a. m. at the Mulkey Theatre on the morning of the Fourth. J. R. Porter will give the welcoming address and the remainder of the program will be announced in the Leader that will be out Tuesday morning. In addition to the morning get-together at the Theatre, a room will be reserved at the Legion Hall Wednesday afternoon for the oldsters to rest and visit. At the noon hour, the old settlers will go to the barbecue in a group and the north most serving line will be reserved for these folks so there will be no standing in line or long wait for them to be served. "We're going to roll out the Red Carpet for these old timers and want everyone to plan to be here," Kent stated.

Cornelius Joins Highway Patrol Staff Here

William (Bill) Cornelius is the new highway patrolman stationed here to assist Russell Bain who has been with the department here for several years. Cornelius joined the Texas Department of Public Safety in March and has completed the training program outlined for these men to be qualified to handle the duties of the patrol and to render the various services of the department to the people of this area.

Mr. and Mrs. Cornelius and little daughter Debra Lynn moved to Clarendon last week and are making their home in Mrs. Melvin Cook's apartments. Bill was raised in the Borger area and is a graduate of Frank Phillips College at Borger. Several may recall his previous visits to Clarendon in the early fifties when he was a member of the Frank Phillips basketball team. He served with the armed forces in Korea also.

The Leader force joins their neighbors in welcoming Patrolman Cornelius and his family to Clarendon and know they will enjoy making this their home.

New Water Well For Citizens Cemetery

The Trustees of the Citizens Cemetery announce the completion of a new well which will greatly increase the water supply for the entire cemetery which has been so badly needed for a number of years. The additional supply of water will enable all lot owners to plant more flowers and shrubs, and therefore make our cemetery more beautiful. Within a short time an electric pump will be installed and connections made as soon as possible.

The new well will furnish several times the amount of water that the two old wells produced. The cost of the new system will be approximately \$1200.00, which amount must be raised from contributions and every one interested is asked to contribute generously so that the borrowed money may be repaid at the earliest time possible. The money that has been donated for the up-keep of the grounds cannot be used for the new water works project.

The Trustees in charge are W. W. Taylor, Odos Caraway and Lee Bell. Donations may be mailed to either of the three.

CELEBRATION PLANS MOVING INTO FINAL STAGES FOR BIG THREE-DAY EVENT HERE

Leader To Be Published Early Next Week

Due to the many difficulties which might be encountered while the big three day celebration is in progress, the final press run of the Leader will be made Monday afternoon of next week and the Leader will be in the mail Tuesday morning. This will also be our big Celebration Edition with the numerous messages of welcome to visitors who will be enjoying Clarendon's hospitality at that time.

NOTE TO CORRESPONDENTS, club reporters, etc. We will need what copy you may be able to gather by Saturday morning of this week (June 30th). Your cooperation will certainly be appreciated and will help us get this early publication to press.

Services Held Monday For Billie Jean Poole

Funeral services were held Monday afternoon at the First Methodist Church for Miss Billie Jean Poole with Rev. C. M. Ryan and Rev. J. A. McDonald officiating.

Miss Poole, 22, died in a Wichita Falls hospital following brain surgery Saturday. She taught school for a year and a half at Channing and was teaching at Tyler when she became ill two months ago.

Miss Poole, daughter of Mr. and Mrs. W. N. Poole of Lelia Lake, was born June 26, 1933. She attended Lelia Lake Public Schools, Clarendon Junior College and was a graduate of West Texas State College at Canyon. She was a member of the Methodist Church and the Order of the Eastern Star in Clarendon.

In addition to her parents, she is survived by her grandparents, Mr. and Mrs. J. P. Pool of Clarendon, and Mrs. Georgia Cassidy of Hedley.

Pallbearers were Quinn Aten, J. L. Butler, J. W. Webb, Earl Myers, W. W. Jones and E. W. Chenault.

Burial as in Citizens Cemetery with Spicer Funeral Home of Memphis in charge of arrangements.

LEADER CLASSIFIEDS GET RESULTS

Jess Robinson of Hereford, Ronnie Posey of Claude, and Butch Schollenbarger of Clarendon, visited with R. E. Patterson, Circulation Manager of the Farm and Ranch Publishing Company, while waiting to be served a catfish dinner in Camdon, Tennessee.

The Future Farmers from the Panhandle of Texas were on a tour through Texas, Arkansas and Tennessee, which was sponsored by the Farm and Ranch Publishing Company.

Clarendon's annual celebration time will be here within a matter of a few days or should we say a few hours as the last few days pass rapidly when you are getting ready for a big event like this.

The big publicity event advertising the celebration will be the appearance of a Clarendon delegation on Cotton John's TV Farm program Saturday afternoon from 5 to 5:30. R. E. Drennan, the man in charge, has announced that anyone interested in going to Amarillo with this group is requested to meet at the Chamber of Commerce office at 2 o'clock to form a caravan for the trip to the KGNC TV studio. If you can't make the trip, be sure to tune in on channel 4 and watch the Clarendon folks extend a warm welcome to the residents of the Panhandle to attend this big celebration.

Plans for the parade are progressing nicely and J. G. McAnear has announced that a building has been made available to use for building and storing floats for all those who wish to use it. Contact McAnear if you wish to use these facilities.

L. T. Shelton, president of the Entertainment Association, has announced that the boys call riding event at the Rodeo has been changed to a scramble. A \$5 bill will be tied to a calf and turned loose in the arena and the contestants will have two minutes to get the bill. All contestants must be 12 years old or younger. He also reported everything in readiness for the four rodeo performances which will be held each night of the 2nd, 3rd and 4th and afternoon of the 4th.

Joe McMurtry, who is in charge of the auto parking spaces at the Rodeo Arena, reported that several parking spaces are left and these may be secured at Pete Borden's Boot Shop.

Flip Breedlove's barbecue report is in another article on this page and Flip has everything lined up in tip-top shape.

Ernest Kent is getting a fine program up for the Old Settlers get-together Wednesday morning and the Legion is looking forward to entertaining those who like to dance with dances each night of the celebration with Emmett Allen and his Sunset Ramblers furnishing the music.

Brenda Sullivan of Amarillo is spending the week with her grandmother, Mrs. W. E. Hodges.

"TO GIVE YOU STRENGTH"—Will Wilson, Jr., son of the candidate for Attorney General of Texas is shown here as he presents dad with a father's day gift of an onion. "To give you strength in your campaign." The humor of the boys idea seems to impressed the grateful father, who is traveling the length and breadth of Texas in a diligent effort to meet as many voters as possible before the July 28 primary election. The former member of the Supreme Court, a vigorous campaigner, said "I'm grateful for the gift, son. I'll need all the strength I can muster."

GROOMING YOUR DOG

by Bob Bartos
Manager, Friskies Research Kennels

Grooming a dog takes only a few minutes of time and adds materially to your pet's cleanliness, health, comfort and appearance.

All dogs need daily brushing or gloving. Long-haired dogs should be brushed with a stiff bristle brush, and short-haired breeds rubbed with a mitt made

Dog of the Week: GERMAN SHEPHERD

Average height: 23 to 25 inches. Coat: Double, with dense outer coat, hair harsh and straight or slightly wavy. All colors except white, with strong, rich colors preferred. Sixth in popularity.

for the purpose or with a piece of coarse cloth. This serves to clean the coat of dust and dirt, to ventilate the skin, and to add tone and condition to both coat and skin.

Don't overdo bathing your dog; once a month is often enough. Bathe the dog in a warm place, using a good bland soap. Keep water out of his eyes and ears. Lather and rinse well at least twice, and dry him thoroughly with rough towels, rubbing in the direction of the hair growth.

Dogs' nails, if not worn down naturally, should be trimmed frequently. Use clippers made for this purpose, and be careful not to cut into the pink portion, or quick. Smooth off rough edges with a file.

If wax accumulates in the ears, swab it out gently with an orange stick tipped with cotton and dipped in oil, alcohol or peroxide. Eyes that are irritated should be bathed in borie acid and treated with a good eye ointment. If you give your dog a large knuckle bone to chew every week or so, it will help keep the teeth clean.

Feeding Tips: Feeding a dog candy and sweets won't give him worms, as was once commonly supposed. It will merely keep him from eating as much of the food he needs for good health and nutrition.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We have several books to release this week. The first is "MacArthur, His Rendezvous With History," given us by the Remington Rand Foundation, written by Major-General Courtney Whitney. This is quite a nice gift. There is a clever Treasure Book entitled "Mighty Mouse," an amusing book "Guestward Ho" by Patrick Dennis who wrote "Auntie Mame" that has been a best seller several months.

"The Last Stitch" by William Crosthwait M. D. and Ernest G. Fischer. The Doctor was the obstetrician when Mr. Fischer arrived in this world "a screamin' and skickin'."

Bride-Elect Entertained With Shower

Miss Christine Shields, bride-elect of Norman Kennedy, was honored with a lovely bridal shower and reception Wednesday afternoon, June 20, from 3:00 p. m. to 5:00 p. m. at the Lelia Lake school house.

Mrs. Mary Chenault greeted the guests at the door and presented them with a small corsage with "Norman and Chris" inscribed on each streamer. Then they were presented to Mrs. J. C. Stepp who headed the receiving line, the honoree, Christine Shields, Mrs. J. D. Kennedy, mother of the groom-elect, and Mrs. Coleman Shields, aunt of the bride.

Miss Shields wore a lovely white nylon dress with white slippers. The hostesses presented her with a corsage of pink carnations nestled in pink tulle and tied with pink ribbon.

Her chosen colors of white and pink were carried out in table decorations. A white cloth covered the table which was laid with crystal appointments. The floral centerpiece was of pink carnations with a miniature bride and groom and was placed on a beautiful reflector. Two pink bows were draped from the corners of the table.

Alternating at the refreshment table from which punch and individual iced cake squares were served were Misses Ann Douglas,

Marilyn Ayers, Janice Christal, and Mrs. Sue Beth Hill. Assisting with the serving were Mesdames Wilma Batson, Gladys Seago, and Bill Mooring.

Mrs. J. B. McDaniel and Mrs. Carl Barker attended the guest registrar, a lovely white "Bride's Book," which was placed on a table decorated with a miniature bride encircled with ivy. Mrs. Gertrude Brock, Mrs. Delia King and Mrs. Grace Ayers received and displayed the gifts. Guests were entertained throughout the afternoon by Janice Christal and Sue Beth Hill who sang several appropriate numbers.

Mrs. Mary Lee Noble was winner of the door prize which she presented to the bride-elect. Hostesses gift to the honoree was a lovely white bedspread and two sheets.

Hostesses for the pre-nuptial party were Mesdames Gladys Seago, Wilma Batson, Gertrude Brock, Delia King, Nova Lee Mooring, Carl Barker, Grace Ayers, Mary Chenault, J. C. Stepp, and J. B. McDaniel. Approximately thirty-five people called during the afternoon and many who were unable to attend sent gifts.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met in an all day meeting June 21 in the home of Mrs. Horace Green. A quilt was quilted for Boys Ranch. A delicious covered dish luncheon was served at noon.

During the afternoon session, polyanthuses were revealed and new ones drawn for the next 6 months. The next meeting July 5 will be in the home of Mrs. J. R. Brandon in Clarendon at 3:00 in the afternoon.

Seventeen members and three visitors were present.

CLARENDON GARDEN CLUB TOUR

Clarendon Garden Club went on a tour at 8:00 a. m. in the morning. The gardens were at their best at this time of morning.

The group met in the formal garden of Mrs. Jim McMurtry and enjoyed her Shasta daisies, colorful Snapdragon beds and the large dahlias of every hue. A planter of Tuberos Begonias were perfect in their clear colors. The protection from strong winds by the Evergreen trees and brick wall was appreciated.

Next the group enjoyed the fine grass and trees of the City Park. The City Officials are to be commended for irrigating and caring for the beautiful City Park. The rock terraces with the plantings of Lantania was enjoyed. The neat condition of the hedges and the good condition of the tables and benches was noted.

Many pleasant yards were noted as the group drove to the Adair Hospital grounds, where many varieties of trees and a nice hedge and many Watermelon Red Crepe Myrtle plants were admired. Garden Club members wish to commend the caretaker for doing such a good job of keeping these many plants and trees alive during the dry years.

The large African Violet Collection of Mrs. Bill Greene, Sr. was admired by the group next. This is one of the most amazing collections in the United States.

In the yard of Mrs. Rayburn Smith a Smoke tree, several Mimosa trees in bloom and Dwarf trees with growing Delicious Apples and other fruits were studied. A very large Shasta Daisy bed and a large bed of Day Lilies of every hue was admired. These plants will come year after year without transplanting.

In Mrs. Crockett Taylor's yard the Garden Club members saw the seeming Natural beauty of Trees of every variety with small shrubs and flowers growing. After noticing more carefully one could see the artful planning and artistic blending of colors used by Mrs. Taylor in this seeming natural garden. Watering in the right amount at the right time had kept these huge trees and many shrubs alive through many drouthy summers.

SUMMERTIME—AND THE LIVING IS EASY!

It's summertime—and the living is easy! Barbecuing, charcoal broiling, and outdoor entertaining are the order of the day, with patios, terraces, and backyards replacing the dining room as the focal point. And who wouldn't enjoy a party on a beautiful patio like this! It's furnished for summer pleasure with charming wrought iron furniture, cotton cushioned for coolness and comfort. The furniture, designed by Woodward to resist the elements, includes a wrought iron mobile cart which comes in handy for serving light refreshments or full meals.

Kunz were hostesses for morning coffee at the end of the tour at 9:30 a. m. in the latter's home. Here the business meeting was held with Mrs. Loyd Benson presiding.

The next meeting will be on Arrangements of many varieties of Summer flowers from the gardens of the members.

THE LION'S TALE

By Carl Allmond

Boss Lion Lowe was still eating after everyone else had finished. Since Tuesday was his last day in office, guess he was trying to hold on as long as possible.

Announcements were asked for, and Flip Breedlove could talk. Flip was very enthusiastic about the free barbecue, July 4th. All committees have been appointed, and are functioning well, according to Flip. He also informed the club that the beef would be cooked in town this year, so that visitors might prowl around and watch the process. The pits are already set up East of the Lions Hall, and the barbecuing will start Tuesday, July 3rd, at one o'clock. "Visitors are welcome." Last year, 5100 people were served in 46 minutes. According to plans, Flip and his crew intend to beat that record. There will be fourteen lines, 12 for the whites, and 2 for the colored; 126 people have volunteered to do the serving for one hour this year.

Since Tuesday was the day for the installation of officers, Drennan breezed through another program without any effort. He was still justifiably harping on the parade, and stressing the fact that every one should take part in the parade. Not much time left; let's make this one of the biggest and best parades!

New officers installed Tuesday were: Frank Phelan Jr., President; W. W. Sandifer, 1st Vice President; Homer Estlack, 2nd Vice President; Bill Todd, Lion Tamer; Billy Jack Land, Tail Twister; A. R. Henson, Secretary; Joe Bownds, Treasurer; Ben Williams and Bob Moss were hold over directors; Basil Smith and Frank Thomas were newly elected. Mike McCully did the installing.

Tuesday's guest was Oliver J. Abel, Clarendon. This winds up the second year for us. It has been our intention to create a better understanding of the objectives of Lionism with the people of Donley County. If we have done this in a small way, we are happy. It has been good talking with you.

MUSIC CAMPERS LIMITED AT WTSC

Only a few more students can be accepted for the fourth annual music camp at West Texas State College, slated for August 5-17, according to M. J. Newman, camp director. Over 300 students from 40 West Texas towns have already registered.

Newman stated that no more enrollment of girls wanting to live on the campus could be accepted due to housing space but that a waiting list was being kept in case of cancellations. Space for 20 boys was available several days ago. Students who wish to commute can still enroll.

The music camp though a comparatively new school of study at WT has grown tremendously and this year the courses of study will be as fine or finer than ever.

VISIT FT. WORTH

Frank White, Sr., his daughter, Mrs. Dorothy Campbell of Amarillo, Janice Benson, and Frank White III have returned home after spending several days at Ft. Worth.

Mr. and Mrs. W. H. Skelton and family, and Tancy McCully returned home Sunday after spending the past eleven days in California. While away they visited with Mr. and Mrs. Geo. Garrison and Mr. and Mrs. Price Whitlock at Escondido, Calif., and went sightseeing in Los Angeles, San Diego, and Las Vegas, Nevada.

CARD OF THANKS

We want to thank everyone for all the many nice things you did for us during our recent illness. May you have such wonderful friends in time of need.

Mr. and Mrs. G. D. Hillis.

Mrs. Howard Hensley and Mrs. David Bennett went to Guthrie Tuesday last to attend a bridal shower honoring Mrs. Bennett's brother, Harold Morris, and his bride-elect, Miss Barbara Sparks.

Seven Steps To Insect Control

John White, Commissioner
 Texas Department of Agriculture

Texas farmers may be living in the modern era, but many of his problems are as old as history. And about this time each year, the farmer starts his ageless battle with a familiar enemy—crop pests. Fortunately, the chemical industry can furnish effective implements in this unending war. But their real utility is no better than the way they are used. Chemical control of insects—and weeds—can be a boon or a bust, depending upon methods and time of application. Just as irrigation can be wasteful or beneficial, so can crop spraying or dusting. It will be to the Texas farmer's advantage to follow an organized method of crop treatment for the best insect control. The best plan will be to contact your county agent and study the seven-step program as set up by the Texas Extension Service.

Much effectiveness of spraying or dusting is nullified by poor timing. Treatment on a "guess basis" often catches harmful insects in the pupa stage when insecticides and pesticides have little or no effect. It may also do away with some of the useful type insects. The seven-step program varies over the state but each area of Texas has a definite plan set up according to local climatic and insect conditions. This type of spraying assures the farmer of getting the most benefit out of money spent for insect control. Although most insect infestations are expected to be approximately "normal" this year, one pest stands out as a threat in near

plague proportions—the grasshopper. This spring the state and federal governments are carrying out an all-out fight against hoppers on range lands of the Panhandle and West Texas. But cultivated land is the farmer's own battlefield. Quick control of this pest can save many thousands of dollars in crops this year.

A word of caution about chemical preparations! Although the chemical industry has taken every precaution to make them safe as possible, some of them can be harmful if misused. Read and study the manufacturers' recommended measure of use. They are printed on every container—and are meant to be followed.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—Next month, for the first time in 24 years, Texans will be asked to vote—not only on men—but directly on issues. State Democratic Executive Committee members have approved the placing of three questions on the primary ballot.

Voters can express their desires for or against:

1. Legislation exempting a child from compulsory attendance at integrated schools.
2. Legislation "perfecting" laws against intermarriage of Negroes and whites, and;
3. Use of interposition to halt federal encroachment on states rights.

Majority approval presumably would constitute a mandate for action by the next legislature.

Historically, such voter referendums seldom have been used. And not too successfully. Present procedures, still substantially unchanged, were set up with the passage of the Terrell Election Laws in 1907.

In the nearly 50 years since then, referendums were held only three times. And failed to pass twice. In 1908 a prohibition proposal was voted down more than two to one. In 1919 the people rejected three to one a proposal to call a constitutional convention.

But, in 1932 Texans voted overwhelmingly in favor of repealing the federal prohibition amendment. A year later the legislature followed suit and ratified the repeal amendment.

This was the last referendum submitted until this year. In other action the State Ex-

ecutive Committee certified a list of 31 candidates for statewide office. It ignored a charge by Reuben Senterfeitt that Price Daniel's name was ineligible to appear on the ballot because he had not resigned his U. S. Senate post.

Fort Worth was selected by the committee as the site for the Sept. 11 state convention. Principal business at that time will be naming new party officers and deciding on a general election platform for the Democratic gubernatorial nominee.

GOP CHOOSES CORPUS

Texas Republicans will hold their August 28 state convention in Corpus Christi. GOP nominees for state office, presidential electors, a new state chairman and a general platform will be decided upon at that time.

Selection of the convention site was made at the party's state executive committee meeting in Austin.

Committee members sent Pres. Dwight D. Eisenhower a telegram asserting their confidence that he will carry Texas and be re-elected in November.

REDISTRICTING URGED

Demands that Texas congressional districts be realigned were heard at both political party meetings.

Texas was allotted an additional congressman after the 1930 census. Since the legislature has rejected redistricting bills for the past two sessions, the extra man is elected by the entire state.

Bill Elkins, candidate for congressman-at-large, told the Democratic executive committee the main plank in his platform is to have the office he seeks abolished.

Republican National Committeeman Jack Porter said the GOP legal committee might seek fed-

eral court action to force the legislature to redistrict.

"It's not fair to have the same representation from districts of 100,000 as you do from areas with more than a million," Porter charged.

PEARSON BLAMED AGAIN

In a report made public by the Insurance Commission, TVman Drew Pearson received the brunt of the blame for luring Texans into investing money in the now defunct US Trust & Guaranty Co. The report was based on answers to questionnaires sent draft purchasers by the state liquidator's office.

Questionnaires were answered by 3,608 purchasers. They represented investments of \$4,711,132. Nearly half of them charged Pearson with influencing them into buying. This because of his personal, oft-repeated statement that "You can put your trust in U. S. Trust."

Because Pearson personally recommended the purchase, the TV broadcaster several months ago pledged to refund all "profits" made on his commercials. As of this writing the Insurance Commission's records do not reveal any such repayments by Pearson.

PARR TRIAL DELAY EXPECTED

Another six months delay seems likely before the trial of George B. Parr on income tax evasion charges takes place.

Parr's plea to have the trial in Laredo, rather than Austin, was rejected by the US Supreme Court. U. S. Attorneys promptly asked Judge Ben H. Rice of Austin for and early setting, preferably in July. But Parr's attor-

neys said they will file for a rehearing before the Supreme Court. Such action could keep the case from coming up until January of 1937.

Parr was first indicted in 1934. He is charged with filing false returns in 1949, 1950 and 1951 and failing to pay the government \$86,000.

Mr. and Mrs. Kirt Richard and baby, Miss Glenda Hansard of Amarello spent the week end in Hedley.

How about subscribing or renewing your Donley County Leader. See your reporter.

Our deepest sympathy goes out to friends who have grief and sorrow in the passing of their loved ones.

Miss Billie Jean Poole passed away in Wichita Falls General

Hospital Saturday morning after a lengthy illness. Mr. and Mrs. Bill Poole are her parents; Mrs. Harve Wilson an aunt and grandmother Cassidy her grandmother; and Mr. and Mrs. Jess Pool and Ila of Clarendon, a host of friends and other relatives. Funeral was held Monday afternoon at 3 o'clock from Methodist Church in Clarendon.

M. W. Mosley is in Cooper, Tex. for the funeral of his brother, Clint C. Mosley who passed away suddenly from a heart attack.

Funeral services were held Wednesday for D. C. Bray of Corsicana. Mr. Bray was a former Hedleyan, an uncle of Hobart and Tom Moffitt.

Mrs. Rita Boston Oliphant of San Antonio passed away Saturday following polio. She was the daughter of Mr. and Mrs. P. T. Boston of Shamrock. Funeral and burial will be in Shamrock.

May I dedicate this poem to you friends in your hour of sorrow.

God has not promised
Skies always blue;
Flower strewn pathways
All our lives through.
God hath not promised
Sun without rain,
Joy without sorrow,
Peace without pain.

But God hath promised
Strength for the day,
Rest for the labor,
Light for the way;
Grace for the trials;
Help from Above;
Unfailing sympathy and
Undying love.

SOIL BANK CERTIFICATIONS

At the time a producer makes application on cotton or wheat to put his acreage in the soil bank, he must sign one of four certifications; which are as follows: 1. Underplanting Due to Adverse Weather Conditions and that Acreage Reserve Has Not Been Grazed or Harvested. 2. Underplanting Due to Anticipated Participation and that Acreage Reserve Has Not Been Grazed or Harvested. 3. Acreage Reserve Has Not Been Grazed or Harvested. 4. Crops Destroyed by Natural Causes and that Acreage Reserve Has Not Been Grazed or Harvested. All the above statements "Has Not Been Grazed" has been taken off until June 22, 1956, and from that date on it can not be grazed. When application is made under the Soil Bank Acreage the one making application must designate on the Aerial Photo which part of a field or fields.

1956 COTTON PERFORMANCE

Cotton measuring work will begin in Donley County very soon. We wish to express our appreciation for the very fine cooperation which you gave the wheat reporters and the office during the wheat measuring work and will sincerely appreciate the same cooperation on the cotton measuring. Every effort will be made on the part of the reporters and the office to correctly measure your cotton, however, it is practically impossible not make some errors. If you feel that there has been an error made, we urge you to come by the office immediately and let us check the measurements with you. We are very anxious to correct all errors made and to do so as quickly as possible.

DON'T FORGET THAT THE WHEAT REFERENDUM WILL BE HELD IN DONLEY COUNTY ON JULY 20, 1956.

BROTHER OF LOCAL LADIES DIES AT GAINSVILLE

Ancil H. Ross, 79, brother of Mrs. J. W. Evans and Miss Katherine Ross, passed away at his home in Gainsville, Texas last Thursday and funeral services were held there Friday. Mr. Ross had been a resident of Gainsville since 1882 and had been a visitor here on numerous occasions. Miss Ross left Thursday afternoon to attend the services and is spending this week there. Other survivors include his wife and one daughter, Mrs. Frederick Beaty of Indiana.

Family Reunion Held Here Sunday

Sunday presented a happy occasion for members of the family of Mrs. E. W. Tyler, Sr. when they gathered in her home here for a family reunion. Seventy of the immediate family were present. Of this number thirteen were her children. Only three deaths have occurred, that of the father, E. W. Tyler, Sr., one grand child, and one great-grandchild. This number represented all of the children, grandchildren, and great grandchildren with the exception of two granddaughters. Mr. and Mrs. E. W. Tyler, Sr. moved to the Panhandle from Canton, Texas in 1916 settling at Britton. He was connected with Cotton Gins at Britton and Clarendon. Around 1924 they moved to Claude and made their home until his death in 1947. Mrs. Tyler then moved to Clarendon.

All of the family attended church services Sunday at the Church of Christ. A bountiful dinner was enjoyed at the noon hour and visiting and picture taking provided entertainment in the afternoon. Many friends called throughout the day.

Present were Mrs. E. W. Tyler, Sr. and Miss Alice Tyler, also Mr. and Mrs. Buster Campbell and sons, Mr. and Mrs. Grady Tyler

and children, Mr. and Mrs. Bailey Estes and children, and Mr. and Mrs. Hubert Heatherly of Clarendon; Mr. and Mrs. Miles Tyler and children and Mr. and Mrs. Ed Feilhauer and children of Fowler, Okla.; Mr. and Mrs. Raymond Tyler and sons, Mr. and Mrs. Bill Tyler and daughter, Mr. and Mrs. Virgil Moore and children, Mr. and Mrs. Victor Vitarelli and son, Mr. and Mrs. Gene Tyler and daughter, all of Amarillo; Mr. and Mrs. J. M. Clark and son, Mr. and Mrs. E. W. Tyler, Jr. and sons, and Mr. and Mrs. Frank Tyler and son, all of Lubbock; Mr. and Mrs. Barnum Tyler and children of El Jon, Calif.; Mr. and Mrs. Tom Stotts of Enid, Okla.; Mr. and Mrs. Guy Jones and sons, Mr. and Mrs. Cecil Love and daughter of Plainview; Mr. and Mrs. Gordon Lee and son of Claude; and Mr. and Mrs. J. B. Estes of Memphis; also a host of friends.

Mr. and Mrs. James Patman of Hume, Missouri and their son, Thomas who is a student at Kemper Military Academy at Boonville, Missouri have returned to their home after visiting in the home of Mr. and Mrs. J. T. Patman and with other relatives.

Mr. and Mrs. Bob Parker of Amarillo and Will Johnson were recent visitors in the home of Mr. and Mrs. Johnnie Johnson.

FORMER RESIDENT ON WTSC STAFF

President James P. Cornette has announced the appointment of Frederick W. Rathjen, formerly of Clarendon, as instructor in history and government for the 1956-57 session at West Texas State College, Canyon, Texas.

Rathjen, son of Mr. and Mrs. Fred Rathjen of Corpus Christi, was reared in Clarendon where his mother taught mathematics in the local schools and his father operated the Rathjen Shoe Store. He earned the B. A. Degree in government at the University of Texas in 1950. He enlisted in the Navy in 1950 and served until July 1954. He is married and is a member of Phi Alpha Theta, honorary history fraternity.

CANYON RESIDENT BUYS LOCAL SERVICE STATION

Announcement has been made of the recent purchase of the Humble Service Station building located across the street south of the Clarendon Food by Aubrey L. Crossland of Canyon. Mr. Crossland purchased the building as an investment from J. Cudd who built the station two years ago. At that time the station was leased to the Humble Oil Co. for 15 years.

At the present time the station is operated by Howard Hensley

who took over management of the station several months ago when Eddie Forrest moved to California.

Mr. Cudd sold his home here also. The new owners are Dr. and Mrs. Charles Deyhle.

VACATION IN COLORADO

Mr. and Mrs. L. N. Cox returned home Saturday after a business and vacation trip to Colorado. They took their daughter, Inelle, to Denver where she enrolled at the University of Denver for graduate work in the field of Library Science.

They then visited Grand Junction, Gunnison and the Black Canyon of the Gunnison river. One of the many interesting highlights of their trip was a visit to the Indian Ruins of the Cliff Dwellers at Mesa Verde. They also traveled the "Million Dollar" highway from Ouray to Silverton, Colorado, and report it to be most scenic. On returning, the report was that this part of the country looked pretty good and seemed to have had more moisture than many areas in Colorado where the weather was hot and dry.

Mrs. Geo. Bain and granddaughter, Betty Bain, of Sunray were week end guests in the home of Mr. and Mrs. W. E. Hodges.

STUDIO RECITAL GIVEN FRIDAY

A group of music pupils of Miss Mantie Graves presented a recital of Hymns and Folk Songs at the Graves Studio Friday evening.

The recital was presented in a most unusual manner. Each student gave the name of a hymn or folk tune and the name of the composer. Then the idea and background for the song as well as the reason for its composition was given. This proved interesting for both the students and their audience. Some of the compositions were played as piano solos and some were sung.

Taking part on the program were Chris McMurry, Pamela Palmer, Mel Ryan, Carol Cornell, Barry Hudson, Robert Moss, Betty Dever, Mary Louise Caldwell, Scheillon Barker, and Marjorie Fraser of Groom.

Attending were parents and friends. Mrs. Ben Nelson and daughter have returned home from a weeks vacation at San Angelo and at Liberty Hill where she visited her mother and attended a family reunion June 17th. Five of Mrs. Williams 7 children were present and it was the first time they had all been together in ten years. A very enjoyable time was reported.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE PRESIDENT'S ILLNESS

Official Washington's reaction to the illness of, and operation on, the President was about as varied as the colors in the coat of Joseph. This, of course, is not unnatural. A man who occupies the top position in the world, as we know it

today, is the center of everyone's attention. The reaction from the human standpoint was no different from that of people everywhere. Everyone was deeply concerned about the affliction of the President, as they would be about other fellow human beings. Moving away from the human side of the question, we could probably divide the reactions into three major divisions; (1) medical, (2) political (3) financial.

THE MEDICAL REACTION:

The reaction definitely proved an old saying that doctors are not unlike lawyers in their own profession. Meaning that you would probably get 10 different conclusions on the same subject if you would talk to that many different doctors or groups of doctors. It has been said that the operation was routine. Personally, I don't care for any of the operations, whether they be routine, major, minor or otherwise.

Whether or not an operation or an illness does or does not qualify or disqualify a man to seek a public office is a question that can only be answered by the victim, himself. I think that will be the procedure in the present case.

THE POLITICAL REACTION:

When you look for political reaction, you certainly come up with wide and divergent views. Some in the President's own Party were very disheartened. They honestly feel that the President is somewhat of a political one-man's band. That unless he is

on the ticket there would be no band and, therefore, little need for a wagon. Others feel that the name has some degree of magic and that Milton Eisenhower, the President's brother, could fill the vacancy on the November ticket very well. His recent resignation as President of Pennsylvania State College brought forward some speculation about his political aspirations. Many felt that the operation would serve to strengthen the President, physically. One man went so far as to say that the President would be stronger after recovering from his heart attack and the operation than any opponents who could appear against him. I have never had a heart attack or an abdominal operation, but I seriously doubt the soundness of this man's statement. No one could be led to believe that the fountain of youth lies in physical ailments, cured or uncured. Looking at the situation realistically, no one in official Washington is underestimating the political significance of the President's illness. Everyone is praying for his quick and complete recovery, but no one for a minute doubts that, politically speaking, the situation is one of touch and go at the present time, as to what can or may happen during this year.

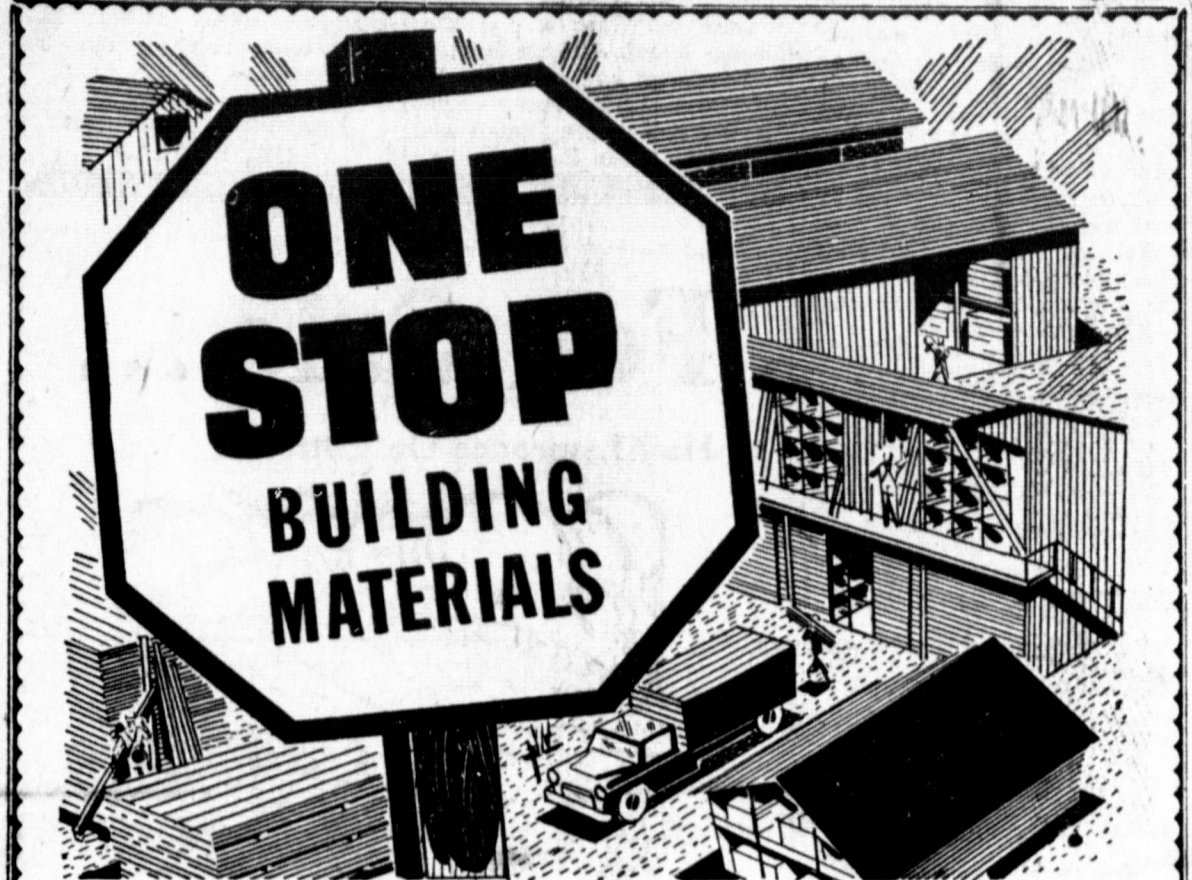

THE FINANCIAL REACTION:

As most of you know, the financial reaction to the announcement of the President's illness was in keeping with former situations of this kind. Stocks suffered and the market became very jittery. Al-

ready "tight" money became tighter and has not loosened up. The money markets, generally speaking, are not unlike a "Spooky" horse. But, this time it seems like they want to have proof that they have not seen a

real "spook" before taking off the brakes.

The American continents were named after Americus Vesputius, a map maker.

Junior Gets "Pinned" Down

Junior Baker and friends are all set for their circus. Look for their advertisements on neighborhood trees.

The kids have had problems in staging the event. The biggest was the admission fee. Junior wanted to charge five cents, Mrs. Baker thought it would be much nicer if they charged five pins.

So Junior held a meeting with his Directors—then told his mother they'd taken her advice. The ads now read: Giant Circus in Baker's Backyard. ADMISSION FIVE PINS PLUS FIVE CENTS TAX.

From where I sit, that's a cute example of a mighty important point—if you want things to turn out your way, then you had better let the other fellow have his choice, too. For instance, if your taste should happen to run to, say, iced tea... then you owe it to yourself to see that those who prefer beer, buttermilk or what-have-you get to enjoy their favorite beverages, too. After all turn about's fair play.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Those interested in participat-

ing in the Acreage Reserve phase of the Soil Bank should consider what they will do with the land they put in the Reserve. To technicians of the Soil Conservation Service, assisting the Donley Soil Conservation District, this appears to be a wonderful opportunity to plant a crop for the soil. For years now, much of the cotton land has been planted to soil depleting crops, such as cotton, until the soil has been so robbed of organic matter that it crusts easily and does not have the moisture intake or storage ability that it originally had. Lee Muse is one of a number of farmers that

have noticed that his soil is not what it used to be, and is planning on doing something about it.

A summer legume like guar, either turned under as a green manure crop or left on the surface, can be a very beneficial crop for the soil. If turned under, it should be followed by a rye or other small grain cover crop. Some farmers in this District have been planting guar for several years now, and all reports that have reached this office indicate that it is a very worthwhile practice.

If ACP assistance is desired, guar must be seeded by June 30th—which doesn't leave much time to get the job done.

Ships carried two million gallons of fuel to Antarctica in Operation Deepfreeze I for use by planes, helicopters, tractors and bases.

Locals Attending Summer School At Canyon

CANYON—A total of 24 students from Clarendon and vicinity are attending the first summer term at West Texas State College, which closes July 14, and opens again for the second six-week term on July 17.

About half of the group are graduate students working toward the masters degree, but several are freshmen beginning college work for the first time. The summer session ends Aug. 22 with commencement.

From Clarendon are Jolen Bal-

lew, Harold Dean Bier, Billy Neal Bogard, Hazel Cole Brandon, Earl Stina Cain, Frank Edward Cannon, Mary Harrison Cannon, Raymond B. Christian, Clara A. HEALTH NOTES

Texas State Dept. of Health

AUSTIN — The State Department of Health today asked all parents of children who will enter public schools for the first time in September to make requests "now" for copies of the children's birth records.

birth certificate to prove the child was six years old on September 1.

"Making early requests for birth records will save parents and us time and trouble," said State Registrar W. D. Carroll.

Carroll, director of the health department's Division of Vital Statistics, says several hundred parents have already requested and received certified copies of birth records for their children.

Most school systems require a But tens of thousands of re-

quests from other parents will have to be processed between now and the beginning of the new school term. If too many people delay until August—as they usually do—Carroll and his limited staff will again have to put in hours of night and week-end work without overtime pay.

"The overtime work isn't important," Carroll said. "But it is important when a youngster can't enter school for lack of a birth record."

Birth records keepers shudder when they think of the estimated 260,000 kids who will be eligible

to enter the first grade this fall. Many of them have copies of birth records and will create no problem. Others live in areas where school officials do not require proof of age before admitting the child to the hallowed halls of learning.

But the majority do not have certified proof of age, despite the fact that they live in areas where school officials insist on such proof. This is the category that gives health department statisticians and clerks sleepless nights. Last year the department processed more than 60,000 requests during the months of August, September, and October.

"This year we're trying to

avoid the fall bottleneck," Carroll said. "We're ready to give immediate service to applications coming in between now and mid-July."

All parents have to do is furnish the child's name and date and place of birth, the mother's maiden name and the name of the father. That information, plus the statutory fee of fifty cents, will buy anyone a copy of their birth certificate — provided the original certificate is on file.

It's a good bet the original will be on hand. Carroll's office keeps track of some ten million birth and death records, some dating back to 1903.

There's just one more thing: if you don't care to write to the State Department of Health in Austin, check with your local registrar or county clerk. Chances are he can supply the record.

In either case, do it soon. Carroll says that fall bind can get mighty tight.

In the Antarctic, one Nevyman consumes 115 pounds of beef per year.

The first three technical training schools for enlisted women in the Navy were: Radioman, Madison, Wis.; Yeoman, Stillwater, Okla., and Storekeeper, Bloomington, Ind.

Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

Chevrolet's modern short-stroke V8 truck engines do more work for their weight than any other V8 in any truck today!

That means they carry around fewer pounds for power they develop. (They weigh up to 200 pounds less than other comparable engines!) It means, too, that less of the maximum truck G.V.W. consists of engine weight—and more is devoted to payload.

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

Weigh the facts... and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's! The ultra short-stroke of Chevrolet's truck V8's makes possible a rugged yet compact cylinder block. Modern design cuts down engine weight and increases engine efficiency.

More power per pound means more power for your payload! Since less power is used in moving engine weight, a bigger proportion is available for moving your payloads. You get hour-saving performance on the job. And modern V8 power saves dollars, too!

There's a modern V8 for every Chevrolet Task-Force truck! There's a powerful, deep-breathing V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195 for fast, efficient high-tonnage hauling.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Those interested in partici-

ing in the Acreage Reserve phase of the Soil Bank should consider what they will do with the land they put in the Reserve. To technicians of the Soil Conservation Service, assisting the Donley Soil Conservation District, this appears to be a wonderful opportunity to plant a crop for the soil. For years now, much of the cotton land has been planted to soil depleting crops, such as cotton, until the soil has been so robbed of organic matter that it crusts easily and does not have the moisture intake or storage ability that it originally had. Lee Muse is one of a number of farmers that

have noticed that his soil is not what it used to be, and is planning on doing something about it.

A summer legume like guar, either turned under as a green manure crop or left on the surface, can be a very beneficial crop for the soil. If turned under, it should be followed by a rye or other small grain cover crop. Some farmers in this District have been planting guar for several years now, and all reports that have reached this office indicate that it is a very worthwhile practice.

If ACP assistance is desired, guar must be seeded by June 30th—which doesn't leave much time to get the job done.

Ships carried two million gallons of fuel to Antarctica in Operation Deepfreeze I for use by planes, helicopters, tractors and bases.

Do you bring home everything you've paid for?

It's a good question.

Which you can answer "yes" - if you always buy from the business people right here at home. Where you live.

Wherever you buy, part of your money goes to build and to keep up the community in which you spend. To support schools, churches, civic projects, to pay the people who work in that community, and to provide better business and job opportunities for those who live there.

When you buy in YOUR OWN town, you get about the same merchandise you'd get anywhere else - PLUS the enjoyment of these other things that your money pays for.

When you buy anywhere else, you get merchandise ONLY. And your home community is a little poorer because you carried off part of its resources. And the many things other than goods that your money pays for are left for somebody else to enjoy, while they wait for you to return and give them some more.

**It Pays to Buy
where you Live**

YOU get Everything that Your Money Pays for --- Merchandise and a trade-invigorated community to live in --- when you buy from your home town merchants ---
