Soaking Rains Cover Entire Area

First Baptist In Revival May 5-12th

Dr. E. Douglas Carver will be the Evangelist for the Revival at the First Baptist Church during the week of May 5-12. Mr. John Wilde will be the director of music during this crusade.

Dr. Carver is the dean of the Panhandle Baptist preachers. He was born near Shamrock, Texas where he received his early education. He is a graduate of Hardin-Simmons University and the Southwestern Baptist Seminary. He holds his Doctorate Degree from Wayland College. Dr. Carver began his ministry at the First Baptist Church of White Deer, Texas. He has served in such churches as the First Baptist Church of Balinger, Texas and the University Baptist Church of Abilene, Texas. He is now serving the First Baptist Church of Pampa, Texas as pastor where he has been for the past fifteen years. He has been active in Association, District, State and National Baptist work. This effective man for God has served on many different Boards of Southern Baptist work for a number of years. His fellow friends in all denominations refer to him as a man with a great preacher heart. Every church and every denominational work in which he has been engaged has advanced under his leadership. Bro. Van states that he is sure the church will be packed every night to hear this well known man of God.

Mr. Wilde (pronounced Will-Dee) is the Educational and Music Director of the First Baptist Church of Hale Center, Texas and a student of Wayland College, Plainview, Texas. He is a very effective leader of congregational singing, and a man easy to meet. He has planned such outstanding special music as follows: Monday evening the quartet of the First Baptist Church, Pampa; Tuesday evening Gene and Bobby Moore of Lelia Lake; Friday evening the sextet of the First Baptist Church of Hale Center. He has made other plans just as outstanding, but they are not as yet confirmed.

Bro. Van said that this meeting would likely be one of the outstanding evangelistic successes of this area during 1957, and invited everyone to attend both the morning services at 10:00 and the evening services at 7:30.

Mr. and Mrs. Chester Hodges and son from River Side, Calif. visited with his father, Mr. and Mrs. Edd Hodges last week.

Evangelist

DR. E. DOUGLAS CARVER

Clarendon FFA Judging Teams Qualify For State Contests

The Clarendon F.F.A. poultry, dairy cattle, and dairy products judging teams placed in the high end per cent of the teams at the Annual Texas Tech Judging Contests, Saturday, April 27th, and these placings qualified each of the teams to enter the state contests at Texas A&M, Saturday, May 3rd. The poultry team composed of Tommy Porter, Wesley Webb, and Harold Lindley placed second in the Area I Contest; the dairy cattle team composed of Sammy Wells, James Mahaffey, and W. T. Elliott placed 10th, and the dairy products team composed of Milton Mann, Carl Talley, and Bobby Longan placed fifth, 1600 boys - representing 150 schools competed in the annual Tech Contests. Wells was 7th high individual in dairy cattle judging and Longan was 8th high individual in judging dairy products.

In addition to the above named teams, the Clarendon Crops judging team composed of Dennis Bradshaw, Don Hudgins, and Jimmy Stout placed 12th. Charles Percival and James McAnear were alternates on the crops team and Pat Roberson served as alternate on the dairy cattle team. The teams were served a free barbecue at 5 p. m. Saturday by the Co-Op Cotton Oil Mill of Lubbock. The group made the trip to Lubbock by bus, leaving Clarendon Friday afternoon and returning Saturday night.

Mr. and Mrs. W. T. Sullivan and family have moved to Clarendon. They had previously lived at Claude. W. T. will be employed by Freddie Chamberlain.

Services Held Saturday For G. F. Leathers

Funeral services were held Saturday morning at the First Baptist Church here for G. F. Leathers with Rev. W. F. Vandenburg and Rev. Clifford Jester officiating.

Mr. Leathers, 72, died in the Groom hospital last Thursday morning. He was a prominent farmer of Lelia Lake and had been a resident of that community since 1897. He was one of the original stockholders of the Farmers State Bank and had been a director of the bank for 40 years. He was active in church and community affairs and was a member of the Second Baptist Church at Lelia Lake.

He is survived by one son, J. R. Leathers of Lelia Lake; two daughters, Mrs. Hugh G. Phelps of Los Angeles and Mrs. J. L. Wardlaw of Garland; three brothers, Kitch, D. E. and B. J. Leathers, all of Lelia Lake; also five grandchildren and 1 great grandchild.

Pallbearers were Leo Smith, Joe Lovell, Bill Mooring, Frank White Jr., Homer Estlack and Van Kennedy.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Dusters To Play Hedley Here Sunday

The Clarendon Dusters will play Hedley here in Duster park Sunday afternoon at 3 o'clock if the weather permits. The game was scheduled for last Sunday but they would have needed boats to even reach the field. This will be a practice game as Hedley did not enter the Caprock League this year. You are invited to come out and watch the Dusters in action and see their new uniforms.

The Dusters will open regular League play Sunday, May 12th at Groom.

HOSPITAL NOTES

Patients as of Wednesday, May 1st:

I. J. Moore, Mrs. Jerry Price, Mrs. W. C. Haire and baby daughter, C. W. Taylor, Byrd Adkins, Mary Harris and baby son, Louisa King.

Dismissals: Claude Porter, Mrs. Tom Jinks and baby son, Johnny Grady, Mrs. L. B. Hook, Mrs. Dink Miller, Nettie Kaiser and baby daughter, and Hanford Long.

LEADER CLASSIFIEDS GET RESULTS

Two Important Meetings Dealing With Insect And Weed Control May 7-8

Two meetings dealing with cotton insect control and cotton production, varieties, weed control and bind weed control will be held in Donley County on May 7th & 8th says County Agent H. M. Breedlove.

On the night of May 7th at 8:00 P. M. in the district court room in Clarendon will be the first meeting and the second meeting will be held at the Lions Club hall in Hedley on the morning of May 8th at 10:00 A. M.

Mr. Freeman Fuller, Extension entomologist of the Texas A&M College Extension Service, will discuss cotton insect control and types of poisons to be used and when to apply them. He will also show slides of different cotton insects so that farmers can readily identify them. Mr. Fred Elliott, cotton work specialist of the Texas A&M College Extension Service will discuss cotton varieties, weed control in cotton and bindweed control.

Breedlove is urging every one to attend these educational meetings, and with the recent rains and from the looks of things right now it might be a year when insects will readily hatch at an early period.

Remember the places, dates and time and bring your neighbors and attend one of these meetings.

Fourth Place Tie Honor Goes To Chamberlain Community

County Agent H. M. Breedlove said today that word had been received that the Chamberlain community had tied for fourth place in the Farmer Stockman Rural Neighborhood Progress contest. The president of the Chamberlain organization is Mrs. John Heathington.

The community will receive a check for fifty dollars from the Farmer Stockman magazine to be presented at a later date.

The work in the community was judged on the twenty third of April by three judges. A big dinner was served at noon at the Chamberlain community center and records were gone over with the judges.

The highlight of the past years work was the purchasing of the community center. The Chamberlain community had only about five months to work after entering the contest and competed against other communities who had completed one years work. They are planning the program for the coming year and hope next year to be right on top. The area in which the Chamberlain community competed was composed of twenty-two counties.

District Softball Meet Here Saturday

The District 2-A Softball Meet will be held here Saturday beginning at nine o'clock. There will be four divisions in the meet; the senior high school boys and girls and the Junior High School boys and girls. Teams from Canadian, Lefors, McLean and Clarendon will participate in the meet. Memphis, the fifth member of the district, will not enter the meet.

The director of the meet will be Stina Cain, Junior High School Principal here at Clarendon. Mr. Cain has asked all participants to meet with him at the Junior High School building at 8:30 Saturday morning for instructions.

Floods Cause Considerable Damage But Sub Moisture Best In Years

Rains that began in this area Saturday night have soaked the entire area giving us the best sub moisture in many many years. Lakes and tanks have filled throughout the county and new lakes have been formed. The heavy downpours have been very destructive but a portion of this damage has been offset by the moisture deposited.

The area between Lelia Lake and Hedley and southeast of Clarendon was hardest hit by the torrential rain Saturday night and rain gauges ran over in this area with the estimated fall set at from seven to ten inches. An area about 9 miles south of town received a deluge of hail in the storm Saturday night and the highway department had to use graders to clear the road. The heaviest flooding was in the Lelia Lake-Hedley area. Lake Creek, the second east of Lelia Lake went out of its banks and was flowing over the bridge on highway 287 and about a mile and a half farther east the highway was covered with around seven feet of water. The rising water at this point caught Wesley Farr and drowned the engine of his car. He was able to wade out but the car was thoroughly soaked and heavily damaged.

The most costly damage from the flooding was to terraces and fields throughout the area. It will take thousands of dollars to replace this damage alone and the loss of top soil is a loss that can not be measured and it will take years to try to build the soil up again.

According to our community reporting stations, Hedley has come up with the highest yearly total with 13 inches; 7.90 of this was received since last Friday Lelia Lake was next with Willard Knox reporting a total of 12.40 for the year; 5.88 since Friday, 3.28 for the month of April. Mrs. Hatley reported 5 inches since Friday and a total for the year at 11.50 at the Country Club. J. C. Ashcraft at Goldston reported 5.55 since Friday and 11.72 for the year; Ben Lovell reported 4.85 since Friday, 6.92 for the month and 11.78 for the year at Ashola; Brice has received 6.40 since Friday and 11 inches for the year.

Our official weather observer here reported 5.74 since Friday; 7 inches for the month and 10.67 for the year.

The local weather station was established here in May, 1904.

The records reveal some interesting figures regarding heavy downpours, etc. The heaviest amount of rain for a 24 hour period was recorded May 27-28, 1918 with 5.13 inches. The most moisture for a month was recorded in June 1921 with a total of 11.37. Other big rain totals for a 24 hour period were recorded Sept. 8, 1923 with 4.73 and Sept. 1, 1934 with 4.35. Our normal rainfall is 23.49, so we have made a good inroad on this total with our 10.67 in just four months. Our total rainfall for 1956 was only 13.23. The first four months total for 1954 was 2.11; in 1955 it was 1.15 and last year we only had .69 inch for the first four months. We lack only .02 topping that amount by 10 inches this year. Our weather observer found also the highest temperature recorded here was 117 in August, 1936 and the coldest temperature was 11 below in January, 1930.

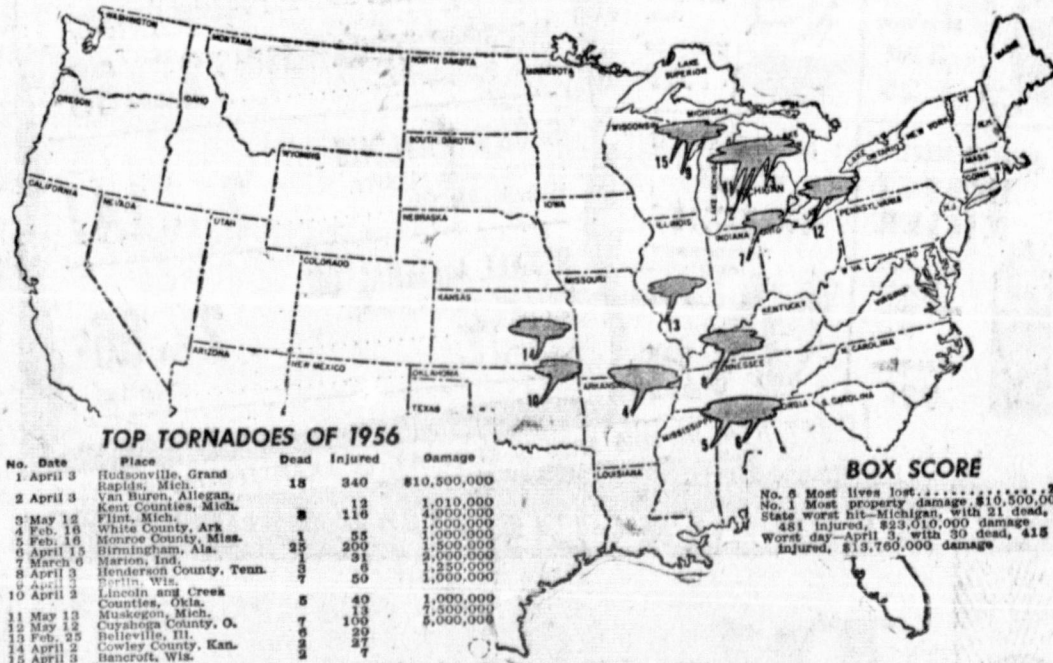

Variety Show At Lelia Lake Tuesday Night

The Lelia Lake Junior and Senior classes are presenting a Variety Show, May 7th at 8:00 p. m. at the Lelia Lake School building. The admission is 40 cents for adults and twenty cents for students.

The highlights of this evening of music and drama are: a one-act play "A Little Louder, Please" presented by the speech class; "Black Clouts", a black-face skit by Ann Douglas and Billy Wilkerson; two vocal duets by Bobby and Gene Moore; "Velvets" Combo Band (David McCaskil, Buck Weatherbe, Ed Trimble, Hubert Heatherly, Corky Patterson, Tim Tindell) will play several rock and roll numbers; musical trio composed of Mrs. J. C. Stepp, Mrs. Arthur Shields, and Mrs. Lacy Nobles; violin solo by Miss Ernestine Phillips. Other numbers will be presented by the following students: Darrell Holland, Nelda and T-Rose Stepp, Eighth Grade Girls, Larry Ivey, Leetta, Inelda and Lometa Shields, Carolyn and Judy Castner.

Marilee Smith will be the mistress of ceremonies.

Rev. and Mrs. J. I. Brimberry are moving to their home at Belen, N. Mex. Rev. Brimberry has been pastor at the First Christian Church and is retiring at this time.

MAJOR TORNADOES OF 1956, as compiled from preliminary Weather Bureau data, clearly point to Spring as a time for special watchfulness by residents of the central United States—the world's most dangerous tornado area. Civil defense units are on special call throughout this vast region for possible rescue work. In addition, if a tornado-hit locality is declared a major disaster area by the President, as happened in Numbers 1, 3, 6, and 10 above, the Federal Civil Defense Administration can provide funds to aid communities in temporary repair of public facilities. (FCDA Photo)

EVANGELIST BRYAN MOCK

REVIVAL CONTINUES IN THE ASSEMBLY OF GOD CHURCH

Revival services continue nightly in the Assembly of God Church in Clarendon with evangelist Bryan Mock of Amarillo. This youth evangelist has an unusual ministry with chalk-drawings every night drawn to illustrate Bible truths. Also there is special singing, and music. Every one is welcome to these services announces Rev. A. W. Harris pastor. Don't miss an opportunity to attend these outstanding services. Also Evangelist Mock has drawn and spoken for various school assemblies throughout the area.

High School Boys Enter State Meet

Three Clarendon High School boys along with Supt. W. W. Pinkerton and possibly Coach Tom Jinks will leave Clarendon early Thursday morning for the State Track and Field and Tennis Meet at Austin. The meet begins at nine o'clock Friday morning. Jimmy Philley, who took second place at the regional meet at Lubbock in the pole vault will enter that event in the state meet and Eddie Baten and Owen Johnson will enter the tennis meet. They took first place in the tennis doubles competition at the regional meet.

CUB SCOUT NOTICE

The Cub Scout pack meeting which was cancelled, will be held Monday, May 6th at 7:30 p. m. at the Jr. High School.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

There are some used children's books to be mentioned—"Hopple", "Miss Sniff, The Fuzzy Cat", "Jack and The Bean Stalk", "Jolly Jumping Man," and several used readers.

We received two gifts this week, "It Could Happen Only In The U. S." by Benjamin F. Fairless. This book is his biography and very interesting. The other gift is "National Guard of Our Nation", or similar title. It is an explanation of our National Guard. The type of book that certainly holds one's interest is "Re-trieve," "As High as My Heart" and brief biographies of such successes as was made by Benjamin F. Fairless. I read every line except the sports in "Presidio", the magazine published in Ft. Madison State Prison. You likely read the article concerning Leopold Jr.'s possible parole. This was in "Look" I think. It is astounding how vicious characters can become normal. Ebony has an article of an ambitious negro prisoner of Fort Madison, and several pictures of the staff and its members are shown in Ebony—but

they are white staff members. Several of the negroes have printed articles in Presidio.

Our memorial books from several who gave books recently will be ready soon. Quite a few are Devotional for we have so many calls for them.

LELIA LAKE NEWS

Mrs. J. R. Batson

Mrs. Moody Hamil spent several days in Farwell last week visiting Mr. and Mrs. Elmer Kennedy.

Mr. and Mrs. Bobby Hill and Debbie of Liberal, Kansas spent the weekend with their parents, Mr. and Mrs. O. O. Hill and Mr. and Mrs. A. T. Castner.

Mr. and Mrs. George Moore of Amarillo spent the weekend with her parents, Mr. and Mrs. C. C. Ayers.

Mr. and Mrs. Lester Myers and boys of Quail spent the weekend with his parents, Mr. and Mrs. Earl Myers.

Mrs. Quinn Aten and Mrs. Wilson Lane visited relatives in Memphis Monday.

Jimmy Lee Butler left Sunday to visit his wife, who is with her parents in Wichita, Kansas.

Mr. and Mrs. Fred Hutson attended the funeral of an uncle in Amarillo Wednesday.

Gus Rascoe of Amarillo visited Mr. and Mrs. D. E. Leathers Wednesday night.

Mr. and Mrs. Jim Rumpy took Lynn to Dallas Wednesday for a check-up.

J. E. White of Wichita Falls

PRESCRIPTION PRICES

How are prescription prices determined? We have a policy in this matter, the only one we can follow. We do not offer bargains in prescriptions—there is no cut-rate way to health. Nor do we pretend to under-sell. Prescription prices simply are determined by the cost of the ingredients and operating expense. The prices we charge are as low as satisfactory service and effective drugs will allow.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Recent hard rains have done more damage to many farms than good. Alson Webb's place is one of the worst damaged from the hard rain last Saturday night of any seen in a quick survey Monday morning. Mr. Webb had his terraces rebuilt this spring and thought his place was in good shape to withstand the harrains he usually gets every year. He said that the terraces did withstand 4 1/2 inches received earlier. However the 5 inches or so of hard rain received Saturday night on the already soaked land was too much, and when one terrace broke away, all the ones below broke also. Mr. Heathington's land joining Mr. Webb's was also severely damaged.

Sometimes farmers get the idea that terraces are bad because of the obvious damage done when a terrace tops or breaks. Designing a terrace to hold all the water that is apt to fall on a place is usually impractical because of the size terrace that would be required. Therefore the terraces built in this District are designed to hold what is termed a five year frequency rain—that is, rain won't be received on an average but once in five years which will top a properly designed and maintained system of terraces. Usually this amount of damage is not too serious. The sheet erosion system received on non protected land is much more serious because, like a thief in the night, it steals some soil each rain and the damage is not noticed until a large part of the top soil has been removed.

These heavy rains have pointed out something to many of the farmers with irrigation wells in the District, and that is, the land being irrigated usually needs some kind of protection from heavy rains. Applying irrigation water usually keeps more moisture in the soil and thus makes the land more susceptible to runoff and water erosion.

For technical assistance in protection measures against soil erosion, contact the local Soil Conservation Service office assisting the Donley Soil Conservation District obtain soil conservation on the land.

Speed may save you a little time, And yet we dare to wonder If time on earth has any worth When resting six foot under.

Speeding is something that hits at just about every one of us. It always seems that we need to go just a little spurt faster than the speed limit. I guess just about the whole people in the country feel that to get there on time they need to go over the speed limit just a mite.

Along this line we have talked with several who maintain that if we stay right on the speed limit and hold a steady speed that we will get there just about as fast, a lot safer and surer, and what's more is in much better physical condition as far as being tired out is concerned. Then, on top of all that we can enjoy the drive more and see the scenery along the road better, especially on our long

DR. H. R. BECK
DENTIST
Goldston Bldg.
Clarendon, Texas Phone 46

trips. From our limited experience we are sort of inclined to agree. If you have made a check along this line let us know your findings. It seems that when we drive at a steady pace we sort of blend in with most motorists, therefore having little need for passing. If we drive fast we catch up with so many more difficult situations in passing. We use more gas and have other stops caused by speed. Sometimes we get stopped by a cop—What do you think???

The newest member to join our Ain't Smoking Right Now Society is Senator Lyndon Johnson. We understand that he didn't join any too willingly but on his doctors orders. Anyway, we hope it helps his "Old Ticker"; just for his sake and then because in the few short years that has been in Washington he has become one of our most influential leaders. Texans should be really proud to have the Speaker of the House and the Senate Majority Leader both hailing from the Lone Star State.

"Hard work is often robbed of its reward because of poor planning."

The following poem is our Scrap Book suggestion for now.

YOU TELL ON YOURSELF

HOW TO GET DEPENDABLE TV SERVICE

Depend on dependable Connie's Quality and Know How. Just Phone 54-J or 419-RX for fast, efficient service you can rely on. All work and parts positively guaranteed for 90 days.

Next door to Fire Station.
CONNIE'S
RADIO & TV SERVICE

You tell on yourself by the friends you seek. By the very manner in which you speak. By the way you employ your leisure time. By the use you make of dollar and dime.

You tell what you are by the things you wear. By the spirit in which your burdens you bear. By the type of things at which you laugh. By the records you play on your phonograph.

You tell what you are by the way you walk. By the things of which you delight to talk. By the manner in which you can bear defeat. By so simple a thing as how much you eat.

By the books you choose from a well filled shelf; In these ways and more you tell on yourself. So there really isn't a particle of sense In making an effort to keep up a false pretense.

We never cease to marvel at the beautiful and meaningful poems such as the above that have been lost from the name of the one who thought and wrote them. Some one with an idea, with a message and with no desire to be known penned these thoughts and just faded away. Nevertheless in this way they do live on and on.

Water will boil at the top of Mt. Blanc at 84 degrees Fahrenheit.

Will Writes

FROM
by Will Enloe
STATE REPRESENTATIVE
88th District

FINAL RUSH IS ON

The final rush of this legislative session is on, as the 120-day Constitutional limitation draws near. The 120th day will be May 7. The Texas Constitution does not prevent us from continuing work after that date, but this provision cuts off all pay after May 7. When the pay stops, it is going to make it hard on us members who are not wealthy. Some of our richer members will not be affected; but if the session continues too long, many of us may find it difficult to "pay the rent."

ANNUAL SESSIONS NEEDED

It seems to me that the greatest need in the State of Texas today is for Annual Sessions of the legislature with an annual salary. One session every two years for only 120 days was enough back in 1876, but the needs of the people of the State are much greater today. Then too, our government has tremendously increased in size, along with our two billion dollar budget. It has become almost impossible to do a good and conscientious job for the people of Texas in only 120 days.

CONSTITUTIONAL AMENDMENT IS NOW PENDING

A Constitutional amendment relating to annual sessions and salaries has passed the House and is now pending in the Senate. I hope the Senate will pass this measure so that the question can be submitted to the people of the State. I am sure that the small additional cost of this proposal will more than be made up in savings to the folks at home by a more efficient and economical operation. The old maxim, "Haste makes Waste," is still true in these modern times.

ONLY ONE THANKSGIVING

The House and Senate have now both passed a bill which would set Thanksgiving in Texas on the fourth Thursday in November rather than the last Thursday. Most years these dates

HEDLEY NEWS

Mrs. Paul Duncan

More good moisture has fallen over our area. I believe since 4 to 5 inches of rain Sunday morning and still raining, we may definitely say our drouth is broken. Have we thanked God for this wonderful rain?

We are sorry to report Grandmother Clarke has been ill. Happy to report her improving. She has been in Memphis with her daughter, Mrs. Bob Lester. She was able to come home Friday. This dear lady is 90 years young.

Mother Cassidy another young lady in her 90's has been on sick list. She is feeling some better. We wish her a speedy recovery. Mr. and Mrs. Bill Bridges of Amarillo visited homefolks Sunday.

Mrs. Tommy Hoffitt and children spent Friday in Amarillo. Dickey and Sandra remained over the week end with their

grandparents, the C. A. Woods. Mr. and Mrs. G. T. Cherry and children of Amarillo spent the week end in the Temple Cherry home, also Mr. and Mrs. Troy Brown and children of Vernon visited homefolks.

Mr. and Mrs. Bert Usrey, Mr. and Mrs. Buford Adcock and children of Amarillo spent week end with the lady's parents, Mr. and Mrs. C. C. Cavender.

Mr. and Mrs. Hoat Lewis and daughter Phyllis Jean also DeWayne Meadows of Lake Jackson, Texas visited their mother, Mrs. Odell Duggins last week.

Mr. and Mrs. Wendell Spear and children of Nazareth visited homefolks over week end.

E. C. Cavender, Mr. and Mrs. Rowland Woods and daughter of Denver, Colo. visited his brother, Mr. and Mrs. C. C. Cavender last week.

Mr. and Mrs. Walter DeBord are visiting their daughter and family, the Carl Willinghams in Amarillo this week.

Mr. and Mrs. Frank Spaulding and children of Amarillo spent

weekend with their mother, Mrs. Lyman Spaulding.

Mr. and Mrs. Brick Stone and children of Amarillo spent week end with their parents, the Ansil Adamsons and Bert Stones.

We extend sympathy to our friends, the family of Mr. Gee Leathers in their hour of sorrow.

The Woodrow Farris are having their share of bad luck. Last Tuesday their brooder house burned. Only 2 chickens out of 300 escaped. Defective wiring was thought to be the cause of fire. Through the help of neighbors other damage was controlled.

Miss Fay Frost of Amarillo spent several days with her parents, Mr. and Mrs. Jack Frost.

We regret to learn our good friend Mrs. C. L. Goin of Amarillo is ill in Northwest Hospital. Her many Hedley friends wish her a speedy recovery.

Mr. and Mrs. Monte Smith of Amarillo are the proud parents of a little daughter Sarah Angeline, born Sunday, April 28; weighed 6 1/2 lbs. Grandparents in Hedley are Mr. and Mrs. Winfield Mosley and Mrs. Edna Smith of Clarendon. Great grandparents are Mr. and Mrs. Perry Tunnell, Mr. and Mrs. Mitt Mosley. The little lady is the first great grandchild for the Tunnells and the eighth for the Mosleys. Mrs. Smith will be remembered as Jane Mosley of Hedley.

Mrs. Ruby Bromley of Clarendon and Janis Riley of Amarillo visited the M. W. Mosleys Saturday afternoon.

Class Entertained
Mrs. M. W. Mosley entertained the T.E.L. Class with a breakfast in her home Friday morning at 9 o'clock.

A delicious meal consisting of orange juice, sausage, eggs, cream gravy, hot biscuits, country butter and peach preserves and cof-

fee. Mrs. Mosley said she served a breakfast like they had in her home when she was a child. Mrs. C. E. Johnson expressed thanks. After the bountiful meal, a short business meeting of the class followed a devotional by Mrs. Eva Parker. The meeting was closed with prayer by Mrs. Mosley.

Attending were Mesdames Wade, Wiggins, Reynolds, Scales, Cosper, Rains, Oscar Moore, Foster, C. E. Johnson, Duncan, Parker and hostess. All left voting Mrs. Mosley a charming hostess.

TO THE PEOPLE OF THE 18TH DISTRICT
By Congressman Walter Rogers

TAXES, PIGEONS AND PEOPLE

You will, no doubt, recognize the connection between taxes and people, and pigeons and people, but will probably wonder about the relationship between pigeons and taxes. Recent developments in the Department of the Army brought to light a past relationship on the subject and a proposed future relationship. It seems that the Carrier Pigeon Division of the United States Army is being disbanded, and the last two birds that can claim fame as war hero message carriers have been presented to the Washington Zoo. One of the birds is named 'Anzio Boy' and the other 'Global Girl'. It is seriously doubted that the discontinuance of this carrier pigeon service will provide the means by which a sizeable reduction can be made in the budget of the Department of the Army, but it does show a willingness on the part of that branch of the service to make

What To Do In a Tornado

● People in open country can view the approach of a tornado and move at right angles to its path. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

● In towns or cities, seek shelter inside, preferably in a substantial building. Stay away from windows.

● The southwest corner of the basement of a frame house is safer than in a brick or stone house. If there is no basement, lie down on the first floor under a table or bed (preferably in the southwest corner).

● Urban schools: Stay inside, away from windows; remain near an inside wall on a lower floor. Avoid auditoriums and gymnasiums.

● Rural schools of frame construction: Teachers should remove children to a ravine or ditch if storm shelter is not available.

every effort to stop unnecessary expenditures. There was a serious question as to what could be done with the pigeons and whether or not, because of their war service, they were entitled to a pension or other benefits. (The present economy drive played havoc with the pension talk). Some suggested that an old-time pigeon pie might be in order, but this talk was immediately squelched on grounds that the military service of these birds certainly did not require that they also furnish the main dish at dinner. Some suggested that they simply be released and given their freedom to forage on their own in their declining years. However, this was also frowned upon because of the manner in which they had been sheltered during their earlier years. One person suggested they be sold on the open market to heads of families in which there were teen-agers and only one telephone. Frankly, I would wholeheartedly subscribe to this latter approach, because it is perhaps the only way that I would be able to communicate with my home in less than 2 hours. This would benefit everyone except the telephone company. It would provide a home for the birds, a sure means of communication between a husband and wife, and fewer complaints against the teen-agers for staying on the phone all of the time.

In any event the birds will be taken care of in fine manner without materially affecting the tax liability of the people, generally.

TAXES

Speaking of taxes, I do want to pass on to you the general feeling on this subject in Washington. For many years any talk of a general tax cut was disbanded. However, in this session of Congress I have noticed more interest in the possibility of a general tax cut than in any other year since I have been here. By a "general tax cut" I mean a tax cut that will have some material benefit for those in the lower income brackets who most need such a reduction. As I pointed out in a previous newsletter, my approach would be to increase the individual and dependent exemption allowances. By doing this the tax cut would be fair to everyone concerned, and all would actually share equally in the cut. Others want to reduce the over-all tax rates. Certainly I would not be adverse to that procedure so long as those who need the cut most are not the victims of discrimination. Another approach is to

give a blanket dollar credit on the amount of taxes owed. In other words, if you owe \$100 in taxes, this plan would allow you to subtract \$20 from the amount you owe and pay to the government \$80 in full payment of your tax liability.

The truth is I don't care how it is done. The time has come when a tax reduction is not only sorely desired by all of the people, but is necessary to properly stabilize and sustain our general economy.

PEOPLE

Speaking of people, it may come as a surprise to many, but they are on the increase. To those statistically minded individuals who say a tax cut is impossible, I hasten to point out that only a few years ago some of this same group of people (statisticians, that is) definitely concluded that the population of this nation would reach 175 million in 1975. Only this morning I had occasion to observe how wrong they were on that. I had been to the CAB to attend a hearing in which an air route to the Panhandle of Texas was involved. This Board is located in the Department of Commerce Building. As I left the

building I looked to my left and saw a huge calculator which computes the population of this nation every second as births, deaths, immigrations and emigrations occur. The figure I saw on that computer this morning reflected the population of this country to be 170 million 644 thousand 543 at approximately 11 o'clock, April 18, 1957. At this rate, it means that the statisticians will have missed their guess by about 17 1/2 years.

It is my opinion that they are just as wrong about the impossibility of a tax cut.

JR. H. D. CLUB

The Jr. H. D. Club met Thursday afternoon, April 25, at Patching Club House, Leona Henson, president, presiding. The usual order of business was taken care of. As so few members were able to be present, the election of officers was not held as planned. Instead, Leona Henson read the by-laws of the Club Board.

Hostesses were Ruby White, Mildred McClellan and Noma Lewis; others present were Sadie Head, Ona Tatum, Helen Land, Cula Trout, Edith Spivey, Mary Belle DeBord, and Leona Henson.

A luncheon will be held at the Club House, May 9, and all members are urged to attend. Officers for the coming year will be elected at that time. —Reporter.

HUDGINS CLUB

On Thursday afternoon, April 25th Club met at the Club House to finish a quilt for each of the hostesses, Pauline Koontz and Mae Perdue.

Sadie Wood was chosen as a president for the club.

Refreshments were served to the following: Cora Elliott, Martiel Webb, Sadie Wood, Roxie Cosper, Ruby Parker, Mary Lee Noble and Janie Sue, Virginia Smith and Cheryl, Veda Goad, Dorothy Helms and Eddie, Agnes Allee, Floree Webb, Ruth Lindley and Sammy, Pearl Self, one new member Ruth Hutson and Grandma Perdue.

On the 11th of April Martiel Webb and Sadie Wood were hostesses to an all day meeting for the club and guests when three quilts were quilted for Billie Wilkerson. At noon a covered dish luncheon was enjoyed by several women and some of the husbands and children.

Our next meeting will be on Thursday afternoon, May 9th at the Chamberlain Community Center when Ruth Lindley and Floree Webb will co-host.

—Reporter.

GOOD NEIGHBORS CLUB

The Good Neighbors Club met Friday, April 26, in the home of Bessie Helton in an all day meeting. Piecing quilt blocks and visiting was the program for the day.

Those to enjoy the day and the noon lunch were one guest, Frieda Siddle, and members Dawsie Sullivan, Carrah Mixon, Bennie Crabtree, Mava Anderson, Florence Harp, Lida Warren, Eula Butler, Nova Barker, Emma Davis, Della Barker, Rosie Bingham, and the hostess, Bessie Helton.

Rosie Bingham received a birthday gift.

Our next meeting will be May 10th in the home of Carrah Mixon. —Reporter.

TEA HONORS MARY HUNSUCKER

Miss Mary Hunsucker of Texas City, bride-to-be of Neil Tibbets, was honored at a tea Sunday given by Mrs. Ray Moreman at her home in Hedley. Miss Joan Moreman of Dallas was co-hostess with her mother.

Assisting as members of the house party were Mesdames M. L. Sims, W. H. Moffitt, A. T. Simmons, Carroll Deahl, James Evans and Misses Myrtle Reeves, Nancy Hunsucker and Faye Baker.

A pink and white theme was carried out in the entertaining rooms. The serving table was laid with a white taffeta cloth with pink net draped about the edge and caught at intervals with nosegays; the nosegays were repeated and placed on milk glass plates at vantage points. Milk glass punch bowl and accessories completed the appointments.

Receiving with Miss Hunsucker were her mother, Mrs. C. R. Hunsucker and Mrs. John McKenzie of Lubbock.

Sixty guests signed the register.

Miss Hunsucker and Mr. Tibbets will be married June 29 at the First Baptist Church in Hedley. —Reporter.

MOTHERS STUDY CLUB

Mothers Study Club met at 3:00 p. m. Wednesday afternoon at Patching Club House. Our president was sick and Cherry Shadle presided. The Parents Prayer was read and roll called. After the treasurer's report was heard and the roll called, plans were made for the spring luncheon. Wanda Moore was voted a new member of the club.

Dr. H. M. Stevenson of Memphis presented an interesting and informative program on "The Rearing of Children and Childhood Diseases." Following his talk members enjoyed an informal question and answer period.

Refreshments of Tuna sandwiches, potato chips and coffee were served to guests Dr. Stevenson and Frieda Gray, members Doris Salmon, Gladys Turner, Jo Ann Kidd, Norma Putman, Eloise Ashcraft, Cherry Shadle, Patsy Robertson, Wanda Moore, and four children by the hostesses Bernice Owens and Janie Hill. —Reporter.

Observe Golden Wedding Anniversary

MR. AND MRS. M. L. PITTMAN

Local Couple Honored On Golden Wedding Anniversary

Open house was held at the home of Mr. and Mrs. Dewey Hendrix at Clarendon Sunday, April 21 from two until four in the afternoon honoring her parents, Mr. and Mrs. M. L. Pittman of that city on their Golden Wedding Anniversary.

In the receiving line were Mr. and Mrs. Pittman, their daughter Mildred and their two sons Brady and Luther. Seventy-five friends and relatives were registered and greeted the happy couple in observance of the occasion.

The tea table was laid with a cloth of lace over gold and centered with the anniversary cake and a floral arrangement of Dutch Iris and daffodils.

Other floral arrangements throughout the house were yellow glads, mums, rose buds and ivy.

Out of town relatives were Mr. and Mrs. Tom Smallwood and

sons, Dallas; Mr. and Mrs. Bert Bost and son, Skellytown; Mrs. Irvin Miller, Tulsa, Okla.; Mr. and Mrs. W. M. Cross and family, Childress; Mr. and Mrs. W. R. Scott and family, Memphis; Mr. and Mrs. Ray Pittman, Amarillo.

Out of town friends were Mrs. Quee D. Davis, Gainville; Mrs. Ann Dickson, Mrs. Mary Youngblood, Memphis; Mrs. Era Kibler, McLean; Miss Saundra Smith, Amarillo; Mr. and Mrs. C. V. Murff, Mr. and Mrs. Cal Holland, Mr. and Mrs. Hope Lemons, Brice; Mr. Floyd Reid, Goodnight; Miss Joy Phillips, Memphis; Mr. and Mrs. Roy Sweat, Lakeview; Mr. and Mrs. Bill A. Sweat, Amarillo.

Mr. and Mrs. Pittman were married at Huckaby, Texas in 1907 and lived in Erath County, Texas until 1915 when they moved to Hall County in a covered wagon. They settled at Brice, Texas. Since that time they have lived in and near Brice where they reared their three children. The two sons B. L. and L. N. and families now live in Amarillo. In 1948 Mr. and Mrs. Pittman moved to Clarendon.

PATHFINDER

Pathfinder met Friday afternoon, April 26, at Patching Club House, with Mrs. Fred Buntin and Miss Naomi Allison hostesses.

Meeting was called to order by the president, Miss Ruth Richerson, and opened with prayer by Mrs. Sam Lowe.

Mrs. Wm. J. Lowe was program chairman and introduced Miss Naomi Allison who presented two high school and two college speech students. Mrs. Nita Heatherly gave a Mother's Day reading, "White Lilacs." Hubert Charles Heatherly presented a declamation on which he recently received recognition, "The Land Is Our Trust." A humorous reading, "At The Side Show," by Robbie Lou Johnson and a declamation, "A Touch of Immortality," by Cleatus Smith completed the program.

Club members voted to contribute \$5 toward the sidewalk fund for the Club House. Mrs. C. T. McMurtry was elected delegate to attend the State Convention of Federated Club Women to be held May 10. Concluding the business, Mrs. H. T. Burton reported on plans for the annual Pathfinder Tea which is to honor pioneers. Each member may invite two guests for the tea.

Present were Misses Ruth Richerson, Mable Mongole, and Naom Allison, and Mesdames John Bass Fred Buntin, H. T. Burton, Ed Dishman, Bill Greene, Clyde Hudson, Ernest Hunt, R. Y. King Pete Kunz, Wm. J. Lowe, J. L. McMurtry, Frank Phelan, Jr., Simmons Powell, Heckle Stark and S. W. Lowe. —Reporter.

FAMILY SUPPER

Mrs. J. D. Wood entertained with a family supper in her home Thursday evening. Present were Mr. and Mrs. W. E. Hodges, Mr. and Mrs. Chester Hodges and Coe of Riverside, Calif.; Mr. and Mrs. George Bain of Sunray, Mr. and Mrs. Buck Roberts, and Mr. and Mrs. Jiggs Mann and Camille. This was the first time the sisters and brother, children of W. E. Hodges, had gathered in several years.

Mr. and Mrs. Chester Hodges and son Jr., Mr. and Mrs. Edd Hodges were in White Deer last Wednesday.

KIL KARE KNEEDLE KLUB

The Kil Kare Klub met Thursday afternoon, April 25, in the home of Mrs. Wm. J. Lewis, Jr. with Mrs. Lewis and Mrs. E. H. Noland hostesses.

As the day was Miss Etta Harned's birthday, the ladies stood and sang "Happy Birthday" on her arrival.

A delightful afternoon was spent visiting and planning for the Club's summer activities.

A lovely salad plate and ice tea were served to guests: Mrs. A. T. Cole, Mrs. Ben Williams, and Mrs. Ernest Hunt; and to members: Mesdames S. W. Lowe, J. R. Bartlett, John Bass, A. O. Hefner, Harry Brumley, Euel Sanford, Cap Lane, R. O. Thomas, M. C. Rumpy and Misses Ida and Etta Harned. —Reporter.

GOLDSTON QUILTING CLUB

Our club met Thursday, the 25th with Irene Prichard. One quilt was about finished. Cookies and punch were served to one visitor, Edna Birchfield, and to members, Joy Roberson, Blanche Gray, Bonnie Davis, Connie Talley, Minnie Roberson, Oddie Moss, Nora Smith and the hostess Irene Prichard. The Club will meet the 2nd of May with Nora Smith. The members fived a gift each with days of the week on each gift for Adgar Williams, one to be opened each day. Mrs. Williams has been sick. —Reporter.

MYSTIC WEAVERS CLUB

The Mystic Weavers Club of Lelia Lake met Wednesday, April 24 with Mrs. Guy Cox with seven members present. The work of the day was quilting and a "flower garden" quilt was finished for the hostess.

A covered dish lunch was served at noon.

The next meeting will be May 8 with Mrs. Earl Myers. —Reporter.

BETA SIGMA PHI-MU GAMMA

Mu Gamma Chapter of Beta Sigma Phi met Thursday evening, April 25, at Patching Club House with Juanita Phelps presiding. The opening ritual was repeated in unison.

The program was presented before the business session by Frankie Henson and Ann Hommel and was entitled "Sculpture and Painting."

During the business meeting plans were completed for the Founder's Day Dinner to be held Tuesday night, April 30, at Patching Club House.

Strawberry short cake was served by the hostess, Juanita Phelps, to Annesse Bennett, Pat Cornelius, Bert Garland, Frieda Gray, Annette Hardin, Frankie Henson, Ann Hommel, Ruth Hudson, Mary Neal Risley, Lois Schollenbarger, Evelyn Yeates, and Edna Smith.

—Reporter.

Attending the birthday dinner honoring Mrs. C. E. Underdown Sunday were her daughters and son-in-laws, Mr. and Mrs. Troy Wiley and boys, Mr. and Mrs. Floyd Lewis and children of Amarillo, Mr. and Mrs. Wayne Carroll and son and Lorna Dee Underdown of Lubbock.

Mr. and Mrs. Jack Gray and family visited Sunday with his mother, Mr. and Mrs. Russell Wasson at Panhandle.

By VERN SANFORD
Texas Press Association
AUSTIN — Reorganization of the Insurance Commission is a supercharged issue again.

More than a month ago the Senate passed a bill that would sweep out present commissioners and allow the governor to name a new board. But the House State Affairs Committee shunted it off to an unfriendly subcommittee.

Some thought it would die there. Then a verbal battle broke out between John Osorio, chairman of the commission, and Gov. Price Daniel.

Osorio, who was appointed by former Gov. Allan Shivers, will lose his job if Governor Daniel's reorganization plan goes through.

In answer to questions from Rep. Jerry Sadler, Osorio said that Daniel had offered to help him find another job if he would support reorganization. Osorio replied that he felt such a "deal" would violate his oath of office.

Osorio also said, in answer to Sadler's questions, that the governor apparently did not oppose his confirmation by the Senate until after the Commission had closed down the ICT Insurance Co.

sory attendance at integrated schools, (3) authorized state to pay tuition for pupils to segregated non-sectarian schools where no segregated public school is available, (4) authorize school boards to designate schools as "White," "Negro" or "integrated," (5) di-

Governor Daniel called the charges false. He said he had expected personal attacks to result from his efforts for reform. Then he declared he would fight "even harder for cleanup and reorganization."

In reply to the governor's accusation of a "false" charge, Osorio offered to take a lie detector test, if Daniel would.

House committee members, meanwhile, took new looks at the reorganization bill, admitted to being in a tight spot. Sentiment is reportedly very evenly divided.

ANNUAL SESSIONS FAVORED

With time running out on this session, the prospect of annual sessions in the future is gaining favor.

Senate gave preliminary approval to a measure for annual sessions and \$7,500-a-year salaries for legislators. House passed a similar version with only \$4,800 a year pay.

Sessions on odd-numbered years would be as now. On even-numbered years a short budget appropriation session would be held.

Measure is a constitutional amendment which would require approval of the voters in November, 1958.

SLUM BILL MOVES

Texas cities would be able to get federal aid for cleaning up blighted areas under a bill given final House passage.

Senate State Affairs Committee blackballed the same bill 9 to 8. But supporters gained an unusual victory when the Senate voted 23-6 to accept the report of the committee minority.

Opponents attacked as unconstitutional the provision allowing a city to condemn property for sale to private parties. Backers said the bill had safeguards to prevent abuse of condemnation powers.

SEGREGATION UP TO SENATE

Enactment of 8 bills designed to preserve school segregation is in the hands of the Senate.

Sponsors predicted an easy majority in the upper house. However, two South Texans whose constituencies are already integrated promised opposition. Sen. Abraham Kazen Jr. of Laredo and Sen. Henry B. Gonzalez of San Antonio indicated they might try to talk the bills to death in an end-of-session filibuster.

Measures already given House approval would (1) allow school boards to assign pupils to schools, (2) exempt children from compulsory attendance suits to defend anti-segregation suits against the state, (6) require registration of persons paid to work for integration, (7) prohibit public employment of NAACP members and (8) ban future integration without a local school district vote.

TEACHER MONEY SOUGHT

Two bills aimed at gaining funds for teacher pay raises probably will be debated this week. Each has gained committee approval in both houses.

One would double tuition at state colleges for an estimated \$10,000,000 more in revenue. Another would make one per cent of the permanent school fund available for current spending. It would bring in \$7,000,000 to \$11,000,000.

Added to a predicted \$27,000,000 surplus in the general fund, passage of the two bills would bring to about \$47,000,000 the amount available for teacher raises.

Teachers originally asked a basic \$399-a-year boost, plus improvement in the schedule of increases for experience. This would cost a total of \$67,000,000.

Gov. Daniel suggested a compromise whereby the teachers would get the basic raise, but not the experience increase. Teacher spokesmen have indicated probable acceptance.

PICKERINGS RETURN HOME

The Pickerings have returned from a trip in California. They visited many southern cities and many places of interest, but Mr. Pickering was most thrilled in his deep sea fishing off the coast at San Diego. They spent the first week in Hollywood with Dr. Weatherly, Mrs. Pickering's son.

Joe Adams and family of Hedley were visitors Monday afternoon in the T. A. Sullivan home.

Harold Holland, son of Mrs. Chester Martin, left April 23 for military service. He is based at Fort Ord, Calif. Bobby Holland, a brother, will leave for service, Friday, May 3rd. Bobby has been living in Amarillo and Harold in Memphis.

Mr. and Mrs. Chester Hodges and son spent Wednesday night with Mr. and Mrs. Buck Roberts.

Chester Hodges Jr. spent Wednesday night with Mr. and Mrs. Jiggs Mann.

Mr. and Mrs. Chester Hodges and son Jr. from Calif., Mr. Marvin Hodges from Groom, Mr. Buck Roberts of Clarendon, Mr. and Mrs. Geo. Bain from Sunray were visitors at Mr. and Mrs. Edd Hodges Friday.

raised the Purina "Fast Start" way...
825 "borrowed" pigs gain 1 2/3 pounds a day

Last year Purina Dealers "borrowed" a total of 825 pigs from hog farmers in their neighborhoods. They fed them for four weeks in their stores... on Purina Pig Startena. Here is the record those pigs made:

Average starting age.....5 weeks
Average starting weight.....25 1/2 lbs.
Average weight at 9 weeks...64 1/2 lbs.
Average daily gain.....1 2/3 lbs.
Lbs. pork per 100 lbs. Startena.55 1/2 lbs.

When pigs are only a few days old it's time to start crowding them to make the cheap gains and growth that usually mean extra profit on market day. A sure way to do this is to start pigs on Baby Pig Chow... proved by research... proved in the feedlot. It takes only one 50-lb. bag per litter. Then switch to Purina Pig Startena through weaning. You should have little

trouble beating our "borrowed pig" record.

Put Baby Pig Chow and Pig Startena to work for you. These "Fast Start Twins" give pigs what they need for fast growth... plus high-level antibiotics for health protection. Stop in at our Store with the red-and-white Checkerboard Sign and see our "borrowed pig" demonstration. Then place your order for Baby Pig Chow and Pig Startena.

Baby Pig Health Hint—Purina Pigemia is a brand-new health aid to prevent or treat nutritional anemia in suckling pigs. If your pigs are confined to concrete or wood floors, be sure to get a handy squeeze bottle of Purina Pigemia at our store. A few squirts every other day on the sow's udders (about one tablespoonful per sow) will protect 30 pigs for the first three critical weeks.

FEED PURINA... YOU CAN DEPEND ON THE CHECKERBOARD

Mr. and Mrs. Doyle Davis and girls of Panhandle spent Sunday with Mr. and Mrs. Vernon Davis and Johnny.

Longhorn Cavern Deemed Million Years in Making

Texas Longhorn Cavern, spectacular scenic masterpiece of Nature, was at least a million years in the making, geologists estimate.

The huge cavern is awesome evidence of the changes wrought through the ages by variations in climate, earth movements, the rise and fall of the seas and the slow solution of limestone by water.

Longhorn Cavern, located near Burnet in the Highland Lakes region northwest of Austin, is one of the state's favorite attractions for tourists and sightseers. Guided tours are conducted daily through the explored portions of the cave, which is one of the world's largest.

Richard W. Rush, assistant professor of geology at the University of Texas, has traced the sequence of events which led to the development of the cavern from the time when Texas lay beneath a huge sea, approximately a half-billion years ago.

The stone in which the cavern was eventually carved out was formed from limy muds deposited at the bottom of this sea. Over countless centuries this mud deposited gradually rose out of the sea, only to sink beneath it again, a process which was repeated a number of times.

Finally slow uplift raised Texas above the sea for the last time and the limestone which had hardened from the mud deposits lay exposed to the elements for over sixty million years.

At that time Central Texas was a humid swampland in which gigantic dinosaurs and other reptilian monsters roamed.

The actual beginnings of Longhorn Cavern probably occurred during the Ice Age, when the northern part of the United States

was covered by glaciers, more than a million years ago.

As the glaciers retreated, about 50,000 years ago, the climate of Texas became drier and the ground water level began to drop, dissolving the limestone as it fell.

Underground streams flowing through the cave helped to carve out the labyrinthian passageways and huge rooms, until the cavern was excavated to its most remote chamber, an eerie 130 feet below the surface of the earth.

Prehistoric caverns probably sought refuge in the subterranean depths of the cavern to avoid being devoured by the fearsome mammals which ranged the countryside in dim ages past.

The main approach to the cavern entrance is through a collapsed sink or deep depression in the limestone, with remnants of the original roof preserved as a natural bridge over the steps leading to the cave mouth.

The scenic beauty of the cavern is heightened by the sparkling displays of calcite crystals, the unusual shapes formed of flint and the clusters of stalactites and stalagmites which in some instances have fused to form impressive columns.

High School Speech Class Presents One-Act Play For Book Club

The High School Speech class presented for the Book Club recently the one-act play which they presented at Amarillo College, in competition with other district winning plays, on April 5th. The play is entitled "The Revolt of Mother." The following people participated:

Beth Lamberth as Sarah Penn, the mother; Johnny Davis as Adoniram Penn, the father; Jimmy Carter as Sammy Penn, 14 year old son; Patricia Owens as Nanny Penn, the daughter; Donald Adams as George, in love with Nanny; Carolyn Thomas, *Smaline, a neighbor.*

Mr. Jerry McDonough sent the cast a picture which was taken during rehearsal of the play and the following letter:

Miss Naomi Allison
Clarendon High School
Clarendon, Texas
Dear Miss Allison,

Please accept the enclosed picture with the compliments of our photography department. Let me offer my congratulations to you and to your group for your efforts and deportment while our guests April 5.

It is gratifying to see a group such as yours come and be com-

FARM NEWS

from the County ASC Committee

EMERGENCY FEED PROGRAM EXTENDED

The Emergency Feed Program has been extended. Applications must be filed by April 29 for a supply of feed grains through May 15. The hay and roughage part of the program was not extended.

1956 WHEAT

Sometime in June, Wheat Producers will be called on to voice their opinion in regards to the 1956 Marketing Quota program for wheat. Each Wheat Producer will be notified of the polling place in which he should vote. Any person who is eligible to vote should do so. You will receive more information with reference to this prior to the date of the referendum.

WHEAT MEASUREMENTS

Measurements of 1957 Wheat Acreage and Soil Bank Acreage Reserve are complete. Those who have excess wheat, either seeded or volunteer, have until May 10th to destroy the excess.

1956 WOOL PROGRAM

Wool marketed not later than March 31, 1957 on which applications are filed for payment not later than April 30, 1957 will be eligible for 1956 Incentive Wool Payments. Wool marketed after March 31, 1957 will be eligible for 1957 Wool Program if application is filed at the County Office not later than April 30, 1958.

SOIL BANK

The grazing privilege on Wheat Acreage Reserve was not extended beyond April 15th.

1957 COTTON PERFORMANCE

Reporters are now measuring 1957 Cotton Acreage Reserve Land. Your designation cannot be changed.

POT LUCK SUPPER TUESDAY NITE

The Rebekah's will have another of their famous pot luck suppers at the lodge hall Tuesday night May 7th with the serving beginning at 6:30 p. m. Everyone who loves home cooked food is invited to come out and enjoy the meal and visit with friends while eating. All members are urged to be present.

Mr. and Mrs. Edd Hodges, Mr. and Mrs. Chester Hodges and son visited Mr. and Mrs. Marvin Hodges at Groom last Wednesday.

Local Teachers Attend State Convention

The Delta Kappa Gamma Society for Women Teachers held its twenty-eighth annual convention in Waco, Texas, April 26 and 27, 1957, with headquarters in the Roosevelt Hotel.

The theme for the convention was "Fellowship Through Faith" and was ably portrayed by Mrs. Mildred Flagg, international honorary member, author and world traveler, who spoke on "Your Call to Greatness" at the President's dinner; Miss Ola B. Hiller, member-at-large, Administrative Assistant in charge of information and communication for the Flint Public Schools, Flint, Michigan who discussed "From Taproot to Flower" at the Birthday luncheon, and Mrs. Helen Coover, Southwest Regional Director, who chose for her address "No Faint-hearted Faith" at the Founder's dinner.

One hundred and twelve chapters were represented at this meeting. Texas has gained 500 new members for the current year.

Representatives from Gamma Kappa chapter were Mrs. Dora Diggs, local president from Child-

ress, who took part in the Presidents' March; Miss Lorene Metcalf from Childress; Miss Zady Belle Walker from Memphis, a member of the State Committee on Legislation; Mrs. Velma Weaver, local second vice-president, who sang with the state chorus at the Founders' dinner, and Miss Lucile Polk, a member of the State Committee for Pioneer Women whose chief program of work is to collect stories of outstanding pioneer women teachers.

A beautiful memorial service, conducted by Claudia Everly from White Deer, State Chairman of Necrology, was held Friday afternoon in the Crystal Ballroom of the Roosevelt Hotel in memory of teachers who died during the past year. Among the names read was that of Anna B. Bailew, a former Clarendon teacher and a Gamma Kappa member.

CARD OF THANKS

I wish to thank my friends and neighbors for the beautiful flowers and cards during my stay in the Groom hospital; I also wish to thank Dr. Stewart, the other doctors and the hospital staff for their kindness. I am improving slowly at home. Thanks again dear friends and God bless you.
A. N. Hamrick.

Proposes New Science, Chemical Anthropology

AUSTIN — A new science, chemical anthropology, is proposed by University of Texas Professor Roger J. Williams in an April issue of Saturday Review.

Dr. Williams, whose picture appears on the magazine cover, urges the study of the individual, rather than the non-existent "normal man."

Human chemistry determines individuality in man, he contends. "Chemical anthropology would contribute more to the understanding of ourselves and to the solution of human problems than physical or social anthropology together or separately have been able to do," Dr. Williams writes.

"The existence in every human being of a vast array of attributes which are potentially measurable makes quite tenable the hypothesis that practically every human being is a deviate in some respects."

Not only biology and medicine could benefit from Dr. Williams' individual approach, but effects also can be foreseen for anthropology, psychology, child development, education and even religion, business, law and politics, he suggests.

Dr. Williams is a chemistry professor and director of the Biochemical Institute at the University of Texas, and also is president of the American Chemical Society.
