## Second Play-Off Baseball Game To Be Played Here Sunday Afternoon

The Clarendon Baseball club will be under pressure here next Sunday afternoon when they meet the Amarillo Sports, as it will be the second game of the play-off series and the Sports have already won the first game. If the locals fail to win this one, it will be the end of the season. If they win Sunday, another game will be played at Groom the following Sunday. The Sports won last Sunday 8 to 5 and the score might have been different if the wind and dirt hadn't been blowing so hard.

The game time will be 3 o'clock. The local diamond is located one block south of the Methodist Church and a donation will be accepted by the local club to help defray expenses. Be there if you want to see a good game. The local club may not be World Series players but they sure play some good baseball for a small community team.

## Bronchos To Play Claude Mustangs Here Friday Nite

The Clarendon Bronchos will meet their second non-conference opponent of the season on the local field here Friday night when they tangle with the unpredictable Mustangs from Claude. Very little information has come out of the Claude camp but they are usually a tough bunch to handle any time.

It has been announced that reserved seat tickets will be on sale for both the north and south stands. Parking will be allowed beyond the west goal posts only and not around the field except in rainy weather such as was experienced last Friday night.

The probable starting line-up for the Bronchos, starting at left end: Murf, Tatum, Bain, F. Clifford, Jones, J. Clifford, Robertson, Myers at full, Mooring at the left half position, Hearn at right half and Cotton Hall in the Quarterback slot.

The probable starters for Claude, starting at left end: L. Crow, J. Crow, Caldwell, Davis, Gano, Skelton, Gilley, Quarterback, R. Thompson, Cashe and B. Thompson at the half positions and Bagwell at full.

## Absentee Lions May Be The Goat With Goat

Lions Club members who are in the habit of missing regular Tuesday meetings quite frequently have something to think about now since it was voted at the regular meeting this week to purchase a live goat to use in connection with the attendance contest which is now going on. The contest will run for 32 weeks and the goat will figure a prominent part in the program. The roll will be called each week starting at no particular place in the alphabetical arrangement of names. The first absentee name called will be awarded the goat to keep until the next meeting at which time another absentee will have the opportunity of caring for the goat. Should there be 100 percent attendance the chairman of the committee, Junior Spier, will get to keep the goat until someone is absent. Some of the members thought the idea quite smelly, but it should be very interesting before the 32 weeks are up. If you are a member of the club, it is time to take notice, or if you live close to a member that does not attend regularly, now is the time to speak up and encourage him to be there to answer roll call each week.

Mrs. M. L. Rattan visited Wednesday with Mrs. A. O. Hefner.

## PARENT-TEACHERS TO MEET

Members of the Parent-Teacher Association will hold their first meeting of the school year Thursday afternoon, Sept. 20, at 3 o'clock in the Junior High School Auditorium. All mothers of children attending Elizabeth Stevens or Junior High are urged to attend.

Following the business session, a social hour will be enjoyed in the Cafeteria enabling parents and teachers to become acquainted and also inspect the Cafeteria.

## Outsider Football Club to be Organized

It was announced yesterday that the Broncho Mothers organization was sponsoring the activities of an Outsider Football team. All former players, outside of high school, are invited to come out Saturday afternoon at 6 o'clock at the gym to see if, and what kind of a team may be organized. After this is completed, efforts will be made to match games with surrounding towns in the Panhandle. There is plenty of talent around Clarendon and the possibilities of organizing a good team is very likely. For further information contact Basil Smith at the Smith Gin.

## Sixty-Three Pounder Is Biggest Melon

Sixty-three pounds was the weight of the first place watermelon in the Watermelon Contest which closed last Saturday afternoon. The prize melon was grown by J. B. McDaniel in the Windy Valley community. Second place winner was Marvin Jones with a 60½ lb. melon grown in the Midway community. After viewing these two melons which were brought in early, other growers said they didn't have a chance and didn't bring any others in.

The prize melon was carried to Amarillo Wednesday by The Murphy-Spicer Funeral Home and shipped air express to Don Blair at Douglas Aircraft in California to show those people out there the kind of melons that are grown in this section even with a drought. An eighty to one-hundred pound melon would have been grown easily if we had received rain when it was needed.

The biggest melon contest was sponsored by the local Chamber of Commerce and the Donley County Leader.

## Congressman Speaks At Lions Club

Walter Rogers, home during the congressional recess, was guest speaker at a banquet last Thursday night at the Clarendon Lions Club. Some one hundred fifty persons heard Mr. Rogers speak.

Rogers promised the people of this district that there would be no socialized legislation passed by congress in this session and that the trend had been broken. He declared that American government was returning to the county court house where it rightfully belonged.

Concerning our defense and preparedness, he stated that there were very few who realized how dangerously inadequate we were prepared last January but that we had come a long way in the last nine months and that our position was now respected by other nations.

Congressman Rogers said that the average man would be surprised, in fact in a lot of cases he could not even comprehend, the new weapons of war that we have been making.

Donley County Leader, \$2.50 a Year.

## Services Held Mon. For Pioneer Lady

Funeral services were held Monday afternoon at the First Baptist Church for Mrs. L. L. Cornelius with Rev. J. Perry King of Amarillo officiating, assisted by Rev. L. A. Sartain.

Mrs. Cornelius, age 71, died at her home here Saturday afternoon following a quite lengthy illness. Mrs. Cornelius had been a resident of Donley County 48 years. Mr. and Mrs. Cornelius settled on a farm near Rowe in October, 1903. They moved to Clarendon in 1917 and had resided here since. They observed their 55th wedding anniversary September 6th. Mrs. Cornelius had been a member of the First Baptist Church since early childhood.

Survivors include the husband; three sons, Roy of Lubbock, Ralph of Clarendon, Jim of Amarillo; two daughters, Mrs. Cleo Hall of Lubbock, Mrs. Grover Carver of Amarillo; eight grandchildren and five great grandchildren.

Two brothers, C. T. Cornelius of Honey Grove, T. R. Cornelius of Fort Worth and a sister, Mrs. Mary Walker of Oklahoma City, also survive.

Active pallbearers were Slaton Mahaffey, Otis Naylor, Walter Lowe, Rayburn Smith, Bob Hay and Glenn Churchman. Honorary pallbearers were S. W. Lowe, J. D. Swift, W. W. Taylor, Mitch Bell, Early Lane, Joe Holland, Crockett Taylor, Major Hudson, Jim Headrick and C. W. Martin. Burial was in Citizens Cemetery with the Burns-Bain Funeral Home in charge of arrangements.

## Two Are Held On Forgery Charge

A Carson County man and his wife are in Hall County jail charged with forgery in connection with the passing of worthless checks here and at Memphis. They are Robert Daniel Richards and his wife, Bond of \$500 has been set for each. Sheriff Guy Wright stated that Mrs. Richards supposedly wrote out the checks and her husband endorsed them. She then came to Clarendon and passed three of the checks before going on to Memphis, he added. The three firms receiving the checks here were the Leader Department Store, A. R. Henson Tire Co. and White Auto Store. Merchandise bought from the three stores was recovered.

## Lion Governor

Boyd Meador, Governor of District 2T1, Lions International will pay his official visit to the Clarendon Lions Club on Tuesday, Sept. 18 at 12 o'clock.

Since this is Governor Meador's official call on the local club, one of 73 in the district, President Carroll Knorrpp is calling on every member to be present.

Meador moved to McLean from Clarendon in 1927. He became a member of the Lions Club in January, 1929, only a few months after its organization, and he has served the club in every office except secretary. He is a past Zone Chairman, has a perfect attendance record of 22 years and holds the Senior Master Key for having obtained 25 new members for the McLean Club. In 1950, he was chosen "Lion of the Year" by his home club and he served as Deputy District Governor during the 1949-50 fiscal year.

## Charlie Seeds Buick Company To Hold Opening Saturday

Charlie Seeds of Borger was recently awarded the Buick Dealer contract covering Donley and Armstrong counties and is holding his grand opening in Clarendon Saturday of this week. The Charlie Seeds Buick Company is located in the McMurtry building 1 block west of the City Hall.

Mr. Seeds has purchased all new and modern shop equipment and will maintain a complete shop in every way. He is inviting the public to come in and get acquainted Saturday, Sept. 15th. Read his advertisement on the back page of this issue of the Leader for further information.

Donley County Leader, \$2.50 a Year.

## Donley County Mutual Concert Ass'n Drive In Progress

The Donley County Mutual Concert Association started their drive Monday night with a "Coffee and Cake" party at Lions Club Hall. Fifty workers were on hand to select the prospective members and to obtain their instructions from Mrs. Leora Craig of Dallas, organizer, representing Southern Town Hall Association, of which the local organization is now affiliated.

Mrs. Frank Phelan Sr., president, reports that sales are progressing nicely due to the outstanding Artists selected for the 51-52 series. Memberships may be purchased this week from any of the workers. Prices remain the same as last season except Jr. High and grade school youngsters will be admitted free if their parents both purchase memberships.

Officers of the organization are: President, Mrs. Frank Phelan Sr.; Vice-Pres., Mrs. J. L. McMurtry; Secretary, Mrs. Ralph Porter; Treasurer, Miss Anna Moores; Chairman of Membership Drive, Phebe Ann Buntin; Publicity chairman, Mrs. Johnny Blocker.

## Baptist Revival Begins Friday Evening

The Summer Revival at the First Baptist Church begins Friday evening. The Sunday School departments will meet at 7:30 each evening for a period of Bible study and prayer.

The song service will begin at 8:00 o'clock and will be led by Mr. J. C. Arthur of Amarillo. Good singing will be special features of the meetings.

The morning services have been set at 7:20 to 7:50 in order that working people and school children will be able to attend. The first of these morning services will be Saturday morning.

## CANTEEN MEETING TO BE HELD

The regular board meeting of officers and student representatives for the Canteen will be held Monday night, September 17, at 8 o'clock at the Canteen. This meeting will be open to the public and all parents and their children are invited to attend. New officers will be elected for the coming year.

## All-Star Magic Review Showing Tonight At College Auditorium

### BAND AND ORCHESTRA PARENTS TO MEET

W. A. Riney has announced the first meeting of the Band and Orchestra Parents to be held Monday night, Sept. 17, at 8 o'clock in the band room. If your child is a member of either the band or orchestra, or both, You Are a Member of the Organization, and are urged to attend and take part in the meetings.

This meeting is one of the most important of the year as many vital questions concerning the Band and Orchestra will be taken up. For those who are not familiar with our school, the band room is located in the northeast corner of the Gymnasium building. Make your plans now to be present Monday evening.

## Department Heads Named For County Fair, Sept. 21-22nd

The Donley County Fair will be held in Clarendon on September 21-22nd at the Fair ground buildings in Clarendon. H. M. Breedlove, county agent and manager of the fair, says that this will be one of the biggest fairs ever held in Donley county. All exhibits will be set up on the twentieth so that they will be in place for the opening day of the fair on the twenty-first.

C. L. Lewis, president of the show, says that the following people are in charge of the following departments of the fair: Community agriculture exhibits, J. Gouley, Doyle Messer and H. M. Breedlove; Poultry Department, E. V. Quattlebaum, Tom Seay and Frank White Jr.; Home Economics Department, Ruth Richerson; Flower Show, Mrs. W. W. Taylor; Horse Show, Harry Brumley, Joe McMurtry, Fontayne Elmore and Bob Head; Dairy show, John Gillham, F. C. Crofford, G. W. Bradshaw and Richard Cannon; Boys Swine show, E. S. Ballew, Tom Seay and Jack Ballew; Sheep department, E. S. Ballew, Doyle Messer, Tom Seay and Jack Ballew; Horse Races, Pat Slavin, Bob Head, Joe McMurtry, Forrest Sawyer, Harry Brumley and Fontayne Elmore; Rabbit Department, Tommy Saye and Carl Bennett; Merchants Department, R. E. Drennan and Jimmie Faulkner.

The Catalogue will be off the press the last of this week and will be distributed over Donley County the first of the week. The heads of each department should be contacted for information on the fair or you can contact the officials of the show.

The races will be held two days this year and will be held at the rodeo grounds starting at 2 p. m. on both days of the fair. This will be a big event with horses from all over the county attending the race meet. The horse show will be on the morning of the twenty-second at 9:00 a. m. at the rodeo grounds. All departments will be run on schedule as set up in the catalogue. Be sure to make your plans now to attend the county fair and tell all your friends to attend your fair.

The Commission Court let a contract Monday to W. B. Morrison and Son of Memphis to add additional piling and other necessary repairs to the bridges spanning Hall and Mulberry creeks on the J. A. Ranch. Estimated cost of the contract work is nearly \$12,000. At the present time, all the wildcat well drilling equipment is being hauled in from Claude to the ranch because the bridges are too weak to support the weight. The firm awarded the contract was the original builders of the two bridges.

## Contract Let For Bridge Repair On JA Ranch

The Commission Court let a contract Monday to W. B. Morrison and Son of Memphis to add additional piling and other necessary repairs to the bridges spanning Hall and Mulberry creeks on the J. A. Ranch. Estimated cost of the contract work is nearly \$12,000. Mr. and Mrs. Wilfred Hott returned to their home in Bryan last week after spending several days in the home of his parents, Mr. and Mrs. A. O. Hott.

The curtain opens tonight at the College Auditorium at 8:00 o'clock on Zolo, Master Magician, and his all-star magic review, the "20th Century Phantasies."

On the two-hour program you will see mysteries that have baffled half a generation. Such mysteries as "The Girl Without A Middle," "The Girl Burned Alive," "Fantasy in Flowers," "The Doll's Dream House," "The Dancing Handkerchief" and many others with rabbits, pigeons and ducks will be shown on the stage.

Over a ton of equipment will be utilized in tonight's performance. Elaborate costuming, enhance the truly beautiful production of magic.

The Zolo show has been acclaimed by the press and public as being one of the cleanest and most attractive shows of its kind on the road today. Thousands have witnessed his spectacular illusions and have been completely baffled by his artistry and skill of presentation.

The entire show is synchronized to music, adding to the beautiful effect of illusions. This is a show for all ages, from 6 to 60. On the show you will see beautiful silks imported from the Orient, illusions from both continents, and animals from everywhere. The show itself is divided into two parts. The first half contains the small, but deceptive, wonders, plus some of the large illusions. The second half contains the larger effects which go to make this show one of the finest of its kind on the road today.

This is a show everyone can afford to see, and a show no one can afford to miss. Bring the entire family down for an evening of fun, laughs, and MYSTERY! Zolo is being sponsored by the Clarendon Lions Club.

## Drouth is Finally Broken Here

Rain which started falling last Friday afternoon was the beginning of a regular drouth breaker of this entire area. All parts of the county has now received rain with some sections receiving fairly small amounts and others receiving a large quantity. Three inches has been recorded here in Clarendon since last Friday and Lelia Lake has received 3.71 inches. The rain has been spotted with some areas receiving as much as two inches in an individual downpour, and the areas two or three miles away receiving only a sprinkle. Ashtola received a good rain Friday night and good precipitation has been reported north of the river in the north and east parts of the county. The south part of the county has received the lesser amount. It is believed that the rain will help range land and some grain considerably and just what it will do for other crops must be seen in the future. At least it has helped each individual feeling and brightened the future outlook.

**WITH PARATROOPERS AT WAR GAMES**—The first Air Force sortie of Exercise SOUTHERN PINE was down by 1st Lt. William C. Aney, of Birmingham, Ala. (left). Assigned to the 9th Air Force's 117th Tactical Reconnaissance Wing, which is providing part of the air support during the joint Army-Air Force training maneuvers, Lt. Aney is shown just after he returned from the flight. He reported a large concentration of enemy "Aggressor" troops and tanks approaching Fort Bragg. The Aggressor is a mythical enemy designed for the maneuvers, and depicted by U. S. soldiers in special uniforms. Right, Maj. Gen. Thomas F. Hickey, Commanding General of the 82d Airborne Division, gets a last-minute check on his emergency parachute before taking to the air to lead his men in a practice jump prior to Exercise SOUTHERN PINE. The paratroopers of the 82d play a major role on the side of the U. S. forces in the joint Army-Air Force maneuver.

**Dairy Industry Will Present Its Proudest Stars At State Fair**

The dairy industry in Texas, with a 200-million dollar annual income, will present its proudest stars during dairy cattle shows at the 1951 State Fair of Texas, October 6-21.

Purebred Jerseys, Holstein-Friesians, Guernseys, and Milking Shorthorns will compete for \$19,655 in premiums Oct. 12-19, Ray W. Wilson, livestock manager of the fair, has announced.

The dairy cattle exhibits will form an important part of the fair's mammoth livestock exhibition this year.

First of the dairy cattle to be judged will be the Jerseys, due to appear in the Fair's new \$125,000 livestock pavilion Oct. 16 before Judge Dale Dean of Ridgeway, Mich. They will compete for \$4,000 in awards.

The Regional Holstein-Friesian show will be judged Oct. 17 by A. C. Thomson of McHenry, Ill. with \$4,500 at stake plus state herd awards of \$100 each. Guernseys will be judged the same day by Guy Kennedy of Arcadia, Mo. with a Fair premium list of \$2,500 and a Texas Guernsey special award of \$500.

Milking Shorthorn judging will be Oct. 18, with premiums of \$3,250, with Robert Traynor, Milton Junction, Wis., as judge.

I. W. Rupel, College Station, will judge the Junior Dairy Show scheduled for Oct. 15. Premiums for this show total \$3,705. The Texas Guernsey Breeders Association offers \$285 and the Texas Holstein-Friesian Association, \$285; Jersey Breeders of Texas, \$385 and the Southwestern Milking Shorthorn Association, \$350. Classification system awards for Junior Dairy Show Guernseys, Holsteins and Jerseys total \$2,045, and \$355 has

been posted for the Milking Shorthorn division. The Milking Shorthorn Junior division will be judged Oct. 18.

W. L. Stangel is general superintendent of the livestock show; R. E. Burleson, superintendent of the dairy cattle show; and A. M. Meekma, assist. superintendent.

**Unique, New Type of Agriculture Show To Be Presented At Texas State Fair**

A unique, new type of Agriculture Show — more of a spec-

...tacle than an exhibition—will be presented at the 1951 State Fair of Texas, Dallas, Oct. 6-21. A "Storybook of Texas Agriculture" will tell the glamorous true story of how the soil of Texas is tilled to produce the necessities — and many luxuries—of life.

**LETTER FOR MISS KAY**—Seven Flying Leathernecks from the Marine "Devil" squadron of the 1st Marine Air Wing in Korea hold the 24-foot letter composed for 5-year old Kay Jean Zeller. The Corsair fighter plane, the only one bearing a nickname in the squadron, is named for Miss Kay. On the plane's wing, Plane Captain Cpl. Owen A. Snyder of Cumberland, Md. Left to right, standing: Capt. Walter E. Yurs of Los Angeles, Calif.; 1st Lt. Keith D. Nolan of Seattle, Wash.; 2nd Lt. Dean C. Macho, San Diego, Calif.; Lt. Col. Claude H. Welch of Cleburne, Texas; Capt. Richard E. Anderson of Miami, Fla.; Capt. Charles O. Good of Beverly Hills, Calif., and 1st Lt. Harvey A. Kelling of Iowa City, Iowa.

The mammoth free show in the Agriculture Building will portray agricultural products of prime importance in each of the 14 Extension Districts of the Texas A&M College System.

In 14 colorful sets, simulating giant-size pages of an open book, the story of each district will be told with three-dimensional effect. The districts are the Panhandle, South Plains, Rolling Plains, North Texas, Northeast Texas, Big Bend, Edward's Plateau, Heart of Texas, Piney Woods, Central Texas, Hill Country and Winter Garden Area, South Texas, Gulf Coast and Rio Grande Plains.

The plot for the "Storybook" has been furnished by the people of Texas through their endeavors in growing cotton, fruits and vegetables, harvesting grass and grain crops, breeding and marketing poultry and livestock, and

converting products for home consumption.

The "Storybook" material has been compiled and edited by Ray W. Wilson, the fair's agriculture manager, in collaboration with Texas A&M district agents in agriculture and home economics, county and Home Demonstration agents, and farm and ranch leaders.

Live animals, animated figures, drawings, miniature farm homes and buildings, models and mannequins, and actual farm products will be used to create an impression of reality in the sets. In triangular panels between sets, color photographs will be enhanced by spectacular lighting effects.

Three additional sets will depict the work of 4-H Club members, Negro Extension workers and Future Farmers of America. The featured display in the

center of the Agriculture Building will be a huge turntable with a relief map of Texas showing the cities and physical characteristics of each district. Fourteen islands will rise from the map, delineating their chief products. A huge ledger on the turntable will denote the far-reaching importance of agriculture in Texas economy.

## FARM NEWS

From the County PMA Committee

### WINTER LEGUMES AND RYE

The winter cover crop practices have been approved for Texas under the 1952 Agricultural Conservation Program. Winter legume seed must be properly inoculated with fresh inoculants and seeded not later than December 1, 1951. Phosphate must be applied at a rate of not less than the equivalent of 200 pounds of 20 percent superphosphate per acre, except on land where there has been an application of phosphate to some prior crop within such time that the residual affects are still available.

The crop must not be harvested for hay. The crop must not be grazed to an extent that will prevent the maintenance of a good protective cover at all times. No acreage from which Australian Winter Peas or Dixie Wonder Peas seed is harvested in 1952 will qualify.

Rye should be seeded at the rate of not less than 60 pounds per acre. A stand and growth that would justify harvesting as a feed crop must be obtained. The crop must be left on the land or turned under. A volunteer crop will not qualify. The payment on the Rye practice is \$2.00 per acre. Be sure to secure a written approval before seeding the legumes or rye.

### COUNTY-WIDE MEETING

The county-wide meeting on the Family Farm Policy Review was held Friday, September 7th. There were 30 present. This was the last meeting to be held on the Family Farm Policy Review before making the report. The report is being compiled this week and will

be mailed to the State Office at the end of the week.

Mr. Wortham H. Seale, District Field Officer, visited in the Office Tuesday.

If you have not made your application for Deep Plowing, don't forget to do so before the end of September. This is applicable only to the farmers who have not had deep plowing assistance in the past.

### ACP PROVIDES SPARK FOR CONSERVATION

Most farmers realize the need for soil and water conservation but often they can do little about it because the many calls on farm income leave little for conservation.

The educational work of the Extension Service and the demonstrators of the Soil Conservation Service have brought to the attention of most farmers the need for conservation. But too often the farmer is faced with a multitude of decisions on the use of the limited income from the farm. The machinery and equipment now in use on most farms have speeded up many farming operations, but they also have added materially to the expense of operating the farm. In addition such items as taxes, labor, cost of marketing, seed, repairs and replacement of fences, buildings, bins, granaries, and so on are formidable items that draw heavily on the available cash.

Many of these expenditures often are more urgent than building an erosion control dam or terracing a field. The farmer knows they are important and that his farm will be improved by them but the other things come

first. The Agricultural Conservation Program is of special importance to such farmers. By sharing the cost of conservation practices it often tips the decision in favor of carrying out needed practices. It is the most effective means so far discovered in this country to assure that food and fiber production will keep up with increasing needs.

Most farmers realize the need for soil and water conservation but often they can do little about it because the many calls on farm income leave little for conservation.

### Tri-State Fair Boosters Will Be Here Sept. 19

At least one bus load of Amarillo and Tri-State Fair boosters will form a caravan with a US Air Force Recruiting Service sound truck, a large flat-bed truck for use as a stage, and at least one private car next week on a two-day tour.

Two orchestras from Amarillo Air Force Base, one a six-piece Dixieland swing combo and the other a seven-piece western band, will provide entertainment in Claude, Clarendon, Hedley, Memphis, Estelline and Childress on Wednesday, Sept. 19. The caravan will visit Clarendon from 10:40 to 11:10 a. m.

Afternoon stops will include McLean and Groom.

Frank Helvey, chairman of the Reception and Goodwill Committee of the Amarillo Chamber of Commerce, is in charge of the trip.

Cooperating in arranging the trip are Capt. Porter Oakes, public information officer, Amarillo Air Force Base; Capt. Dean Bafford, special services officer, Amarillo Air Force Base; Capt. Jack L. Curran, Air Force Recruiting Service, Amarillo. Captain Bafford will be in charge of the two orchestras and Captain Curran is arranging for the sound truck and a second public address system on the bus.

### CEMETERY FUNDS NEED A BOOST

The Trustees of the Citizens Cemetery report funds for the up-keep of the Cemetery are running low and ask those that have not made a donation this year to please do so at their earliest convenience; any that have made donations and wish to make a further contribution to the cause will be greatly appreciated. Two men are working regularly six days a week and another man part time. Since the weather has been so very dry these men put in most of their time watering trees and shrubs. Mail or hand your donations to any of the three Trustees, W. W. Taylor, Odos Caraway, Lee Bell. Help keep the Cemetery in good shape by making your donations promptly and liberal as convenient.

Dinner guests in the home of Mrs. W. S. Carlile Sunday were Mr. and Mrs. Joe Carlile of Amarillo, Pvt. J. M. Fowler of Yuma, Arizona; Mr. and Mrs. U. T. Fowler, Mr. and Mrs. Dale Hill and family and Mr. and Mrs. Hershel Heath and family. Mr. and Mrs. Fee Fellows visited in the afternoon.

Mr. and Mrs. Joe Carlile of Amarillo visited in the homes of Mrs. W. S. Carlile and Mr. and Mrs. U. T. Fowler Sunday.

### Bronchos Defeat Groom, 25-7

The Clarendon Bronchos held usher in the drouth breaker here last Friday night by defeating the Groom Tigers 25 to 7 on a wet field. An almost steady downpour of rain fell during the first half and the score at the end of the half was tied 7-7.

Jack Quirk made the only touchdown for Groom, going around left end for 45 yards. A pass to Patterson was good for the extra. Hearn made the first score for Clarendon and Myers went over for the extra. The other three counters for the Bronchos came in the fourth quarter with Myers going over for two and Hall for one. One of the most thrilling plays developed in the third quarter when Myers took the ball on the 15 yard line and raced 85 yards to the goal line and the play was called back about half the distance due to a clipping penalty. The Bronchos made 25 first downs to Groom's 7.

### PRESBYTERIAN PASTOR MOVES HERE

Dr. and Mrs. Robert T. Cowan moved to Clarendon last week from Wichita Falls and has assumed his duties as pastor of the Presbyterian Church here. With them are two of their children, Stewart and William who will leave soon to take up their college work.

Mrs. J. I. Spurgeon, Mrs. Will Johnson and Mrs. Ben Daniels were Amarillo shoppers Monday.

Mrs. Ben Daniels of Ft. Worth has been visiting the past week with her parents, Mr. and Mrs. Will Johnson.

Joe Wayne Dilli of Camp Carson, Colo. is visiting friends here and his mother in Amarillo this week.

Mr. and Mrs. D. T. Smallwood of Brice spent Sunday with relatives in Clarendon.

Mr. and Mrs. Frank Thomas made a business trip to Amarillo Sunday.

Pvt. J. M. Fowler, who has been based at Yuma, Arizona, is visiting his parents, Mr. and Mrs. U. T. Fowler this week, on a delay enroute to Seattle, Wash.

### The Red Baneberry

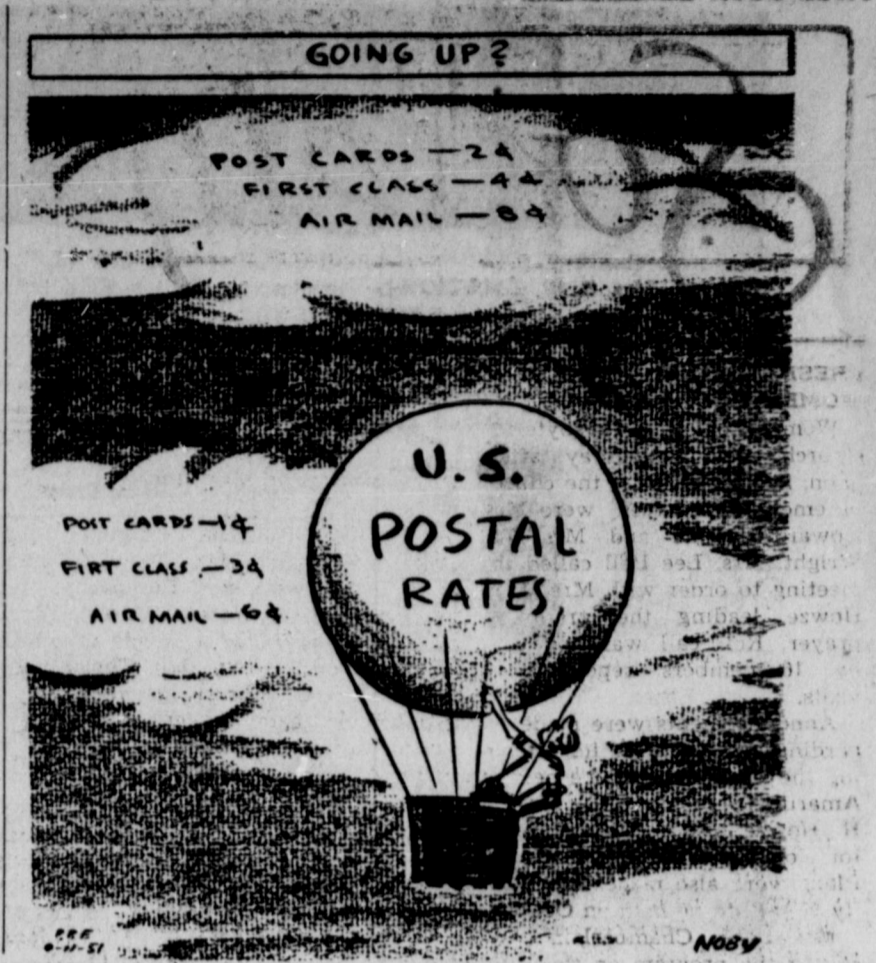

There are two seasons of the year when the Red Baneberry brightens the woodlands of the northeastern United States. From April to early June, its flowers are in blossom. Then, after a summer of rest, it displays clusters of bright red berries.

Though the berries look inviting, the National Wildlife Federation warns that they should not be picked and eaten, for they are poisonous. Otherwise, the bushy plant is harmless.

The Red Baneberry grows to a height of between one and two feet. Each year it springs forth from roots which stay alive in the ground through the long, cold winter.

Its stalks are slender, but strong. From them grow leaves which are eight to ten inches long. Each leaf consists of three to five leaflets. Furrows crisscross the surfaces of the deep green leaflets, and their edges are sharply notched.

Crowning the stalks, in the spring, are clusters of tiny white

flowers. Each flower is only a half inch in diameter. When fully opened, it has from four to eight petals.

After the last flowers disappear from the Red Baneberry, the plant waits through the summer and puts forth its fruit in the autumn. Like the flowers, the red berries also grow in thick clusters. Each cluster may contain from eight to twelve berries. The berries are oval in shape and measure about a half inch long.

The Red Baneberry grows in woods and thickets and along shaded banks. It can be found from Maine south to Pennsylvania and New Jersey and west to South Dakota and Nebraska.

Interesting information on other wildlife species can be obtained by writing to the National Wildlife Federation, Washington 10, D. C.

Mourning dove limits this fall are 10 per day or 10 in possession.

By May L. Prewitt

The Library is very quiet without the sound of children's voices this week. We are grateful for the lull after the summer rush as we are anxious to complete some cataloguing.

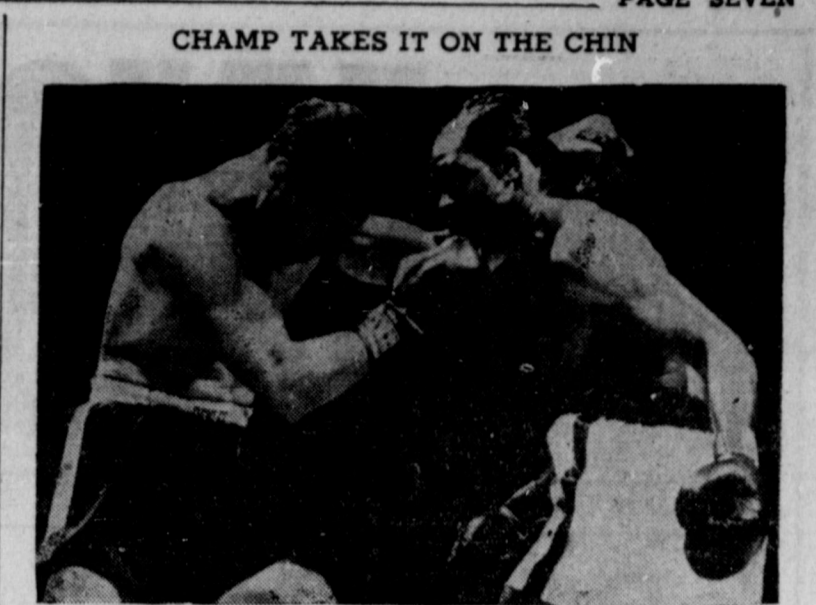

The material for readers that is just added to our shelves is "Pioneer American Gardening" compiled by Elvina Slosson. It is a selection of National Council of State Garden Clubs. A very revealing book given as a memorial to Mrs. Fleming. The material was contributed by the forty-one states whose 250,000 federated gardeners constitute the National Council of State Garden Clubs. It is indeed quite an asset to our shelves. We have so many entertaining books. If you have time to read, use them. We recently received "Federal Laws Pertaining to Veterans"

from 1914-1950. It is 2 inches thick and appears useful. It was sent by our Congressman, Walter Rogers.

The Congressional Library Exhibits will display the first issue of the New York Times Sept. 18, 1851, as the "Times" observes its centennial also. We added a small volume to our shelves for the benefit of Garden Club members—"Texas Wild Flower Legends" by Nancy Richey Ranson. This book was used as a text in 57 Dallas County schools. This is the second edition, so you can realize the demand for the small volume. Unfortunately the pictures are not colored. However, it will be quite useful.

Mr. and Mrs. Wayne Ewing and family of Phillips spent the week end with relatives here. Their daughter, Sadie Beth, spent Saturday night with Jeannie McAnear.

Mrs. Ermine Blair and Mrs. Grady Tyler were Amarillo shoppers Monday.

### Services Held Sunday For S. Prather

Funeral services for Singleton Prather, 63 years old, who died Friday night in his hotel room here, were held Sunday afternoon in the Murphy-Spicer Funeral Chapel with Rev. L. A. Sartin officiating. After the services here Mr. Prather's body was sent by rail to El Paso where burial services were held in Evergreen Cemetery Monday.

Mr. Prather had been employed at the Patman Tailor Shop the past several months and had been a resident of Clarendon at various times during the past ten years.

He is survived by a son, Carl Prather of El Paso; a daughter, Mrs. Elizabeth Hampton, Torrance, Calif.; a nephew, J. P. Parker, Memphis; a brother-in-law, H. E. Parker and a niece, Mrs. W. H. Wilson of Clarendon.

Pallbearers were Coye Burke, Charley Parker, H. E. Parker, Jr., Luther Hall, Sam Dale and Bill Todd.

### Third Rig Arrives For JA Exploration

A third rig was being moved in this week to start another wildcat well about 3 miles northeast of the JA Ranch headquarters. This will make three locations on the ranch at the present time. The approximate depth of the No. 1 well is 6,000 and the No. 2 well is said to be below 6,500.

The water well for the proposed location northeast of Lelia Lake has been completed but no official location had been filed with the Railroad Commission at the latest report and no drilling equipment had appeared on the proposed site Tuesday.

Looks like in spite of the fact my first recollection of seeing the world was from between two cotton rows, and the fact that I cut my eye-teeth on the weighing

ring of a cotton sack, I may have to confess that I gave the wheat farmers a bum steer on the cotton planting advice. I knew that it was hard enough for a real honest to goodness, down to earth cotton farmer to get rich easy raising cotton, so naturally I never dreamed that green bug and a wire worm eaten wheat farmer could make a bale to the acre. Anyway, some of them are beginning to kick my shins about it. If there is a honest to goodness wheat farmer who makes a bale to the acre and harvests it in such a way as to show a clear cut

profit on the deal I will eat turkeys; I will apologize, so to speak. Let me have the proof, I will do most any reasonable humble thing to show that I am sorry, except to admit that I didn't know anything about the subject. If the land is rented to a real cotton farmer then it just doesn't count. My advice was to wheat farmers who tried to grow cotton for a profit for the first time in their life. Someone please come to my rescue and quick. Could it be that I stuck my neck out too far?

According to Boyce House. When the Indians had this country, there were debts, no taxes, and the women did all the work. Yet the white man thought that he could improve on that, especially the New Deal.

For the last few years we have been so busy watching and cursing our legislators in Washington; looks like we might have done well to have kept an eye on Austin. They seem to have thrown the book at us on the new car tax law and on the regulations for trucks and gasoline exemptions. If you buy a car tomorrow for \$2,000.00 and you trade in a car worth \$1500.00 you pay the tax of one and one-tenth percent on the entire \$2,000.00 no matter if you had just the week

before traded for the \$1500 car and paid the tax on it. Your gasoline dealer can be no help whatever to you on taking care of your exemption certificates. They have decided we were all crooks together. These are just a few of the new headaches of the automobile driver.

In a good many places the farmers are hitting the ceiling over the series of meetings on the Family Farm Policy Review. The title within itself would throw the average fellow. Anyway, it is supposed to be a propaganda drive for Sec. Brannans pet Farm Policy that has been rejected both by congress and the leading farm organizations. Some of the farmers are just about ready to vote on the question of going back to the original way of looking after their own troubles before the government became our partner. Anyway, it is time to do some serious thinking about the matter and the next few weeks will see a lot of information pro and con on the subject and a definite trend will be established. Does the farmer want his farm and his land to become public regulated just the same as oil or any other source of wealth? The trend is in that

direction. The idea being that soil conservation is so important to the country that it will be permissible to force the owner to take care of it to a certain specifications. Will this be going too far. Does the land belong to the owner or to the country? If this comes just how far will this be from Socialism. I understand this is one of the questions covered in Sec. Brannans guide for the meetings.

Mr. and Mrs. Glenn Hoggatt and children visited Sunday afternoon with his parents at Lakeview.

Charles Hamrick who is in naval training at San Diego arrived Sunday to visit his parents, Mr. and Mrs. A. N. Hamrick.

HUDSON FAMILIES TOGETHER

Children of Mrs. Mattie Hudson met Sunday in the home of Mr. and Mrs. Neely Hudson and enjoyed a delightful day together, this being the first time all could be together in some time.

Those present for the day were Mrs. Mattie Hudson, and her children, Mr. and Mrs. Major Hudson, Mrs. Bertha Benson, Mr. and Mrs. Cecil Cross and Mr. and Mrs. Clyde Hudson of Goodnight, and the hosts Mr. and Mrs. Neely Hudson. Mr. and Mrs. Zoro Hudson, Vandell D. and Zo Zell of Lefors came for the afternoon. Mrs. Dwayne Hudson, of Amarillo, daughter-in-law of Mr. and Mrs. Neely Hudson, was also present for the day.

### \$125,000 Livestock Judging Pavilion For 1951 State Fair

Construction has started on a new \$125,000 Livestock Judging Pavilion that will be completed in time for the 1951 State Fair of Texas, Oct. 6-21.

R. L. Thornton, president of the state fair, said the new pavilion will fill a need long felt by fair officials, livestock exhibitors and fair visitors.

"We finally will have a suitable place to show fine livestock," Mr. Thornton said. "It will show cattle and horses in a setting calculated to bring out their best points and will be cool and comfortable for the spectators.

"It is fitting that the first show to be judged in this fine, big arena will be the Pan-American National Hereford Show, the greatest cattle show the fair has ever had.

"And for the first time, we'll be able to put on a real show when we have our Hereford Parade of

Champions Oct. 9," he said.

The pavilion will have an arena 90 feet wide and 180 feet long. There will be seats for 3,200 spectators.

Adjoining the huge \$250,000 cattle barns completed in 1948, the structure will complete facilities for showing and viewing livestock that are unsurpassed in the Southwest, Mr. Thornton said.

In addition to the national Hereford show, the 1951 state fair also will feature shows for Aberdeen-Angus, Shorthorn and Brahman beef cattle, Guernsey, Holstein-Friesian, Jersey and Milking Shorthorn dairy cattle, American saddle horses, Quarter horses, breeding swine and junior livestock.

Other attractions at the fair this year will include "Guys and Dolls," "Ice Cycles of 1952," the Sky Wheels thrill ride, the Aut Swenson Thrillcade, a spectacular Science Show, a million-dollar Midway, new shows at all the fairgrounds museums, a vastly expanded Women's Show, a full program of Cotton Bowl football

and hundreds of exhibits.

### 56 Bills Bearing On Wildlife Passed By Legislature

AUSTIN—Fifty-six bills bearing on wildlife were passed by the recent Legislature.

A tentative check on the measures enacted indicates that only a few have a state-wide effect. Most of them were local bills.

The major acts, according to the Executive Secretary, were those to:

Increase the Game & Fish Commission from six to nine members.

Provide one hunting license at a cost of \$2.15 instead of the old small game license of \$2.00 and the big game license for \$2.15.

Authorize the Commission to accept the state's share of the new federal tax on sporting fishing equipment.

Require boat-for-hire operators to furnish life preservers for each person using a rented boat, with

game wardens empowered to enforce the law.

Give local courts power to revoke hunting and fishing privileges after game or fish law violations.

Some of the more important "local" bills passed were to:

Set up a new wildlife regulatory area in the counties of Jack, Young, Stephens, Palo Pinto, Erath and Hood, with the Commission authorized to open and close seasons and determine bag limits.

Authorize the Commission to cooperate with federal authorities in managing wildlife in the National Forests in Houston and Trinity Counties.

Permit commercial fishing of menhaden with purse seines in a restricted Gulf area since scientists have found that game fish do NOT use these rough fish species for food.

**Soil Conservation District News**

Several phases of the District program have been discussed in this column. Another phase which farmers and ranchers may have had occasion to think about recently, due to the continued hot dry weather, is range or pasture improvement. Most of the pastures in the District are capable of producing more pounds of forage per acre, and thus more

pounds of beef or milk, than they are at present. The means of achieving this increased production comes under two classes, namely: 1. Reseeding old fields, or pastures where the better grasses have been destroyed, and 2. Improving native pasture by grazing management and controlling plants which compete with the grasses.

**Reseeding:**  
Few cultivated fields obtain a satisfactory stand of desirable

grass naturally after laying out for as long as 20 to 30 years. True, a fairly good stand of grass will often be found on a field after it has laid out for a few years, but these grasses are mostly unpalatable to stock, or are low forage producers. Ordinarily it is more profitable to destroy this poor quality grass and reseed the field to one or more of the high producing grasses. Fields which have been established to such grasses generally produce more per acre

and have higher carrying capacity than native range. Fortunately the seed and equipment to reseed these fields are available for a reasonable cost. Controlled grazing or complete deferment should be planned for at least two years after seeding.

**Management to Improve Native Pasture:**  
The proper management to improve the productivity of native pasture varies according to type and condition of the pasture. In

developing an improvement program one should first take an inventory of what he has. Since the kind of grass his pasture is capable of producing is largely determined by the soil, he should first decide what kind, or kinds, of soil he has. Second, he should determine if the grasses growing on the soil are the ones that are capable of producing the most forage. The higher percentage of the better grasses present, the higher the condition. Third, he should determine how vigorous these more desirable grasses are. Many pastures, especially short grass pastures, have a good stand of desirable grass, but because of low vigor, the forage production is less than half of what it should be. Fourth, how much of the ground is covered by a litter of old grass. This litter of old grass is very important because it retards run-off and evaporation, thus making more moisture available to the grass, besides helping to maintain the soil's productivity. Fifth, what percentage of plants like mesquite, sage, and other brush are competing for the available plant nutrients and moisture. It takes approximately

four times as much moisture for a mesquite tree to produce a pound of dry matter as it does for blue grama grass to produce a pound of forage. Have you ever thought about how much production your mesquites are costing you?

The steps necessary to start the pasture improving will vary according to how serious the pasture has been hurt in the past. In extreme cases complete deferment for a year or two might be necessary, but usually a deferred or seasonal grazing plan can be worked out which will bring about the desired results without losing much grazing. Remember a run down pasture is the result of years of abuse, and usually will take several years to bring it back to its original state of productivity.

The Donley County Soil Conservation District will be glad to help work out an improvement program. Make application at the Soil Conservation Service office for technical assistance on this phase or any other conservation problem.

This want-ad in a Texas newspaper brought results: "MONTH OLD BABY going crazy looking for a 2- or 3-room apartment for Mother and Dad. Call 2616."

Jumping to conclusions doesn't always end in happy landings.

**OPS Price Specialist To Be Here Sept. 19**

Price Specialist James M. Moreau of the Lubbock district OPS office will be here next Wednesday afternoon, Sept. 19 to assist business men who handle toys, games and Christmas decorations in amending their pricing charts. The deadline for filing this addition to the charts is September 29. It should be filed with the district OPS office, 1202 Texas Avenue, Lubbock, Texas.

While here, he also will assist other types of merchants who may need help or information in complying with the federal pricing regulations.

Under the co-sponsorship of the Office of Price Stabilization and Clarendon Chamber of Commerce, he will maintain offices in the Chamber of Commerce office; but he will make personal calls on merchants if they will get the request to him.

Merchants of this area are invited to call on the OPS representative for the information they need. Present plans call for a clinic to be held here on the same day of each week throughout September.

GEORGE JASON

### George Jason To Appear Here In October

George Jason, who will appear here at the High School Auditorium in the latter part of October, began his career in New York as a successful actor. As an actor, he has appeared in such plays as "Caviar for the General" with Sydney Blackmer, "A Gift for the Bride" with Luise Rainer, and "Without Ryme or Reason" with Bert Wheeler. As a concert pianist, he has been acclaimed by the most critical audiences. As a humorist, he is original and devastatingly funny, which never fails to delight any audience.

He began his study of the piano at an early age, and began a leading career as a pianist in Europe. While attending high school, he came in contact with some of the magicians from the Orient, who taught him the secrets of magic.

LUCILLE MANNERS

As a television star, George Jason makes frequent appearances on N.B.C. and C.B.S. He is active in the Professional Magicians Guild of America, where he has served as President for two years.

Mr. Jason's programs are in three parts—first as pianist, second as humorist, and third as a magician. This is a combination that is very unusual on the concert stage. He is a University professor, and an electrical engineer.

Mr. Jason is being brought to Clarendon under the auspices of The Dowley County Concert Association, through the Southern Town Hall Association of Dallas, Texas. Other performances will be made later in the fall by such well known artists as Lucille Manners.

Mrs. Loula Ruddell of Ft. Worth visited friends and relatives here Monday thru Friday.

### Send In Bands Taken From Legs of Bagged Mourning Doves

AUSTIN—Game management folks are counting on Texas sportsmen to help give their dove banding program a needed boost this fall.

The Director of Wildlife Restoration for the Texas Game and Fish Commission said hunters can help mightily by sending in bands taken from the legs of bagged mourning doves.

These bands, which are placed on the young doves before they leave their nests, provide game departments with vital data about the habits of this popular game bird.

When a hunter shoots a banded dove and sends in the band along with the date and place the bird was taken, the biologists refer to the original record showing where and when the bird was banded. In this way they determine valuable information about

travel and other habits of the birds which is needed in setting hunting seasons and for other routine purposes.

The Director of Wildlife Restoration said he believed more hunters would co-operate if they understood the importance of the banding program. That comparatively few do realize this need was reflected in the records for the 1950 mourning dove season when only 125 bands were reported.

In that year, approximately 3,000 doves were banded and it was estimated that hundreds of these were harvested, along with bands banded in other seasons.

The bands used this year in marking an estimated 5,000 mourning doves bear the mark: "F & W Svc., Washington, D. C."

The Director of Wildlife Restoration said hunters finding the bands may send them either to Washington or to the Game Department in Austin. He reminded sportsmen that the place and time the birds were shot is im-

### Campaign Dates Set For Gonzales Warm Springs Fund Drive

GONZALES—Dates for the state-wide drive to raise funds for Gonzales Warm Springs Foundation for Crippled Children, Texas' own treatment center for physically handicapped youngsters, have been set for September 16-30, according to announcement by Ross Boothe, Foundation President.

Governor Allan Shivers is serving as general chairman of the Gonzales Foundation committee, spearheading the appeal for funds to expand the facilities of the non-profit, non-sectarian hospital.

Gonzales Warm Springs Foundation operates a 115-bed hospital, chartered by the state but built by contributions from generous Texans from every corner of the state and dependent upon

them for support. It bears the stamp of approval of the American College of Surgeons, emblematic of the high calibre of the treatment program offered to any Texas child regardless of color, creed, or financial condition.

A building program is under way at the Foundation which will add approximately 30 beds to its capacity, providing space for the treatment of about 100 more children each year. Money raised by public subscription during this September campaign will be used to provide these and other facilities to enable the Gonzales Foundation to extend its medical program to many more physically handicapped little ones in Texas.

Mr. and Mrs. Arlis Allison of 5719 W. 64th Place, Chicago, Ill., announce the arrival of a little daughter weighing 6 lbs., 4 1/2 ozs. and named Janet Marie at the Lying-In Hospital in Chicago. Mother and daughter are doing fine.

Mrs. Robert Allison of Amarillo is in Chicago, Ill. visiting her son Arlis. Wife and New grand-daughter. Arlis is recovering from an appendectomy.

Mrs. Winston Sherwood left last Thursday for her home in Colorado City, after a visit with her sister and family, Mr. and Mrs. Cap Lane.

Mr. and Mrs. D. F. Wadsworth visited relatives in Lubbock Sunday and Monday.

Farmers were a bit worried for awhile when they read the newspaper headline stating that the cream of the country is going to Reno to be separated.

Some men smile in the evening, some men smile at dawn; but the man worth while is the man who can smile, when all his front teeth are gone.

From where I sit... by Joe Marsh

**Easy Makes His "Cat" Tread Lightly**

Driving home on These Ponds Road yesterday, I was bagged down by Easy Roberts' boy Skeeter. "Take it slow," he advised. "Dad's crossing this road with our tractor, just beyond the bend."

Around the curve I saw why Skeeter stopped me. Easy had laid two rows of old truck tires across the road, and was driving his new "Cat" tractor over them!

"More trouble this way," Easy explains, "but it does keep those tank tracks from tearing up the asphalt when I have to cross over to our other fields. After all, the roads belong to all of us—and I guess I'd get mad if someone else chewed them up."

From where I sit, Easy is my kind of citizen. He doesn't just give democracy lip service. He honestly believes it's his duty to consider the other fellow's interests. Whether it's the right to use the public highways or the right to enjoy an occasional glass of beer, Easy's out to protect his neighbor's "right of way."
