Ancient Deluge Reinacted In Texas Panhandle

Noah had nothing on the people of the Panhandle. In looking over the reports from all sections of the area, the only difference noted was that Noah used a boat and the people of today are attempting to use powered vehicles and plenty of those have become stranded. Just imagine a semi-arid area (as the Panhandle is classified) receiving over ten inches of rain in a two day period. Panhandle and Tullia both reported over ten inches late Wednesday afternoon and a sizeable lake was reported forming along the city limits of Panhandle. Salt Fork and Prairie Dog Fork of Red River have both been sending plenty of water along to the gulf.

The drought breaking rain of flood proportions started falling over the upper Panhandle area Monday and moved down into Donley County in full force Wednesday although some showers fell throughout the day Tuesday. The fall here in town was measured at around one-half inch Tuesday but only .10 inch was recorded at the official weather station at the airport. A heavy rain was received along the west side of the county about this same time. Some sections of the upper Panhandle had received as much as ten inches by Wednesday afternoon with the general fall ranging from four to eight inches over most of the upper plains region. Lakes were standing full and traffic was halted on several highways where the lakes had covered the roadbed. The official rainfall recorded at the airport this morning at 7 o'clock was 3.85 inches and the estimated total here in town was 4.15 inches.

M. H. Rhoades who lives near the west county line reported six inches or above late Wednesday. Charlie Bairfield reported only one and one-half inches on his ranch about 9 miles southwest of town and an inch of this amount fell between 5 and 7 p. m. yesterday. Mrs. Carl Barker reported approximately three inches in the Hudgins community. Willard Knox reported 2.69 on his rain gauge at Lelia Lake and Mrs. J. S. Dale stated that the Goldston community had received three inches up to 5 p. m. No reports could be obtained from other sections of the county but it is believed that a sizeable amount has been received over the entire area.

The way the moisture has been falling over this area is just what farmers and ranchers have been looking forward to. Pasture land that has barely turned green

should certainly come to life in a hurry and farmers over the area will be busy preparing their land and planting just as soon as they can enter their fields.

City Asked To Grant Phone Rate Hike

Members of the Clarendon city commission were presented with a request for an increase in telephone rates at its regular meeting Tuesday evening, May 8. Roy L. Brewer, district manager of the Southwestern Associated Telephone Company, appeared before the commission and presented detailed information about the operation of the system.

Members of the Commission were told that the cost of furnishing telephone service at Clarendon continues to increase due to higher wages and material prices. Earnings have declined to such a low level that if not corrected will jeopardize the service and seriously affect the company's ability to attract the additional capital it requires for continued expansion and service improvement.

"1951 costs require 1951 rates," the manager stated. "If the telephone company is to continue to meet the needs of the communities in which it operates, it must be able to pay adequate wages, purchase and install high quality equipment and at the same time be able to pay a reasonable return on the money it uses. Only a financially healthy company can continue to furnish good telephone service."

LERoy JACKSON INJURED WEDNESDAY AFTERNOON

Leroy Jacksop, son of Mr. and Mrs. Roy Jackson of Lelia Lake, received a very serious and painful injury about 4:20 Wednesday afternoon when his right arm was twisted completely off at the elbow while working at the E-Z Laundry. Leroy, about 18 years old, was attempting to remove a bed spread from an extracting machine while it was in motion when his hand was caught, pulling his arm into the machine. Mrs. Ruth Kay and Mrs. N. J. Vaughn possibly saved his life when they grabbed him and pulled him from the machine only after the arm had been severed. Mrs. Vaughn administered first aid preventing an excessive loss of blood. He was rushed to Dr. Stewart's Clinic for emergency treatment before being taken to the Groom hospital.

City Water Bonds Carry In Saturday Election

The City Water Bond issue carried favorably in the election here Saturday with a total of 45 votes for and 8 against. The Bonds will be in the amount of \$15,000 and the money will be used to drill another city water well and make other improvements and repairs in the water system.

Mayor Major Hudson stated yesterday that the city commission was in hopes of getting the well started within the very near future as this extra well would probably help the water situation considerably this summer. The proposed site of the well is in the southeast part of town which will assist the pressure in that area and relieve the pull from the west side. At the present time all the city wells are located in one area.

FINAL WARNING FOR PAST DUE SUBSCRIPTIONS

If the red check appears in the box at the left hand corner of this page, it means that this will be your last issue of the Leader unless you come in between now and next Thursday morning and pay up. All past due subscriptions definitely will be removed from our mailing lists with this issue. If you enjoy your Leader we don't want you to miss it, so please bring or mail your renewal in right now. The subscription price is \$2.50 per year inside Donley County and \$3 per year outside the county.

HEdLEY BALL CLUB TO PLAY PANHANDLE AT HEDLEY SUNDAY

Hedley will play Panhandle in a Cap Rock League baseball game at Hedley Sunday at 3 p.m. The Hedley boys have lost their last three games by close scores and will be trying to get into the win column. Work on the new baseball park and grandstand is coming on nicely and they hope to have it ready for Sunday's game.

Local Youth Wins Speaking Contest

Jackie Brooks, son of Mr. and Mrs. Jack Brooks, won first place in the F.F.A. Area Public Speaking Contest at Canyon last Saturday and the opportunity to represent this area in the state meet at Houston July 12th. There he will compete against eleven other youths from all over the state.

Jackie wrote his own speech on "Flexible Price Supports", committed it to memory and delivered it before the group at Canyon. He was subject to questions in regard to his subject for 10 minutes and was able to answer questions in this regard as he had thoroughly briefed himself on the subject in general.

HEdLEY LIONS ELECT NEW OFFICIALS

The Hedley Lions club held their annual election of officers at their regular meeting last week and the following officers were chosen by the group for the 1951-52 year.

W. C. Bridges, President; B. C. Johnson, 1st Vice Pres.; Carl Morris, 2nd Vice Pres.; Harrison Hall, 3rd Vice Pres.; Clifford Johnson, Sec.-Treas.; J. W. Noel, Lion Tamer; Rufus Saunders, Tailtwister; Directors: W. N. Poole, W. H. Moffitt, J. H. Koeninger.

These officials will be installed and take office the first regular meeting of the Hedley Lions Club in July. Retiring Lion President is L. D. Messer.

MACARTHUR—IN CIVVIES—TOSSES OUT BALL

NEW YORK—Gen. Douglas MacArthur appeared out of uniform today (May 12) and took his wife to see a ball game. The former Far East commander donned a civilian suit and hat for the first time in many years and went to see the Giants and the Phillies play at the Polo Grounds, where he is pictured tossing out the first ball to start the game. Mrs. MacArthur is at right.

Paper Drive Still In Progress

The Boy Scouts and Cub Scouts are still picking up scrap paper on Friday afternoons. However, they are going to start making pickups only on every other Friday. They will be around this Friday but will skip the Friday of May 25.

The Scouts would appreciate very much if the people of Clarendon would continue to save their old magazines and newspapers. They are also asking that you set the papers out on your front porches where they can be easily seen from the road.

Should your papers be missed, you are requested to call 166 and leave your name and address, so that they may pickup the papers as soon as possible.

Industrial Materials And Mfg'd Goods Specialist To Be In Shamrock

In order to keep businessmen of this area abreast of the rapidly expanding federal pricing program, the OPS will send another price specialist to Shamrock next Tuesday afternoon May 22nd to conduct a price clinic. F. R. Eggel, specialist in the Industrial Materials and Manufactured Goods branch is assigned to this area on that day as a part of a rotation system worked out by the Lubbock district OPS office in order to acquaint all types of businessmen with the price program. However, he will be able to assist businessmen in all fields. He reminded operators of firms that most of the deadlines for compliance had passed, excepting the May 30 deadline for department stores, variety stores, furniture stores, and others handling consumer durable goods to file their pricing charts with the district office of OPS, Broadway building, 1202 Texas Ave., Lubbock, Texas.

Grocery stores were required to be in full compliance by May 14, with the new beef regulations at all levels effective, from the slaughterer to the retail stores. However, retailers of beef have until June 4 to post ceiling prices on beef.

All businessmen are invited and urged to consult with the OPS representatives when they are in the area for price clinics. The agency is seeking voluntary compliance with all regulations.

BAND PARENTS TO MEET

Band Parents will hold their last meeting of the current school year Monday night at 8 o'clock in the band hall. It is hoped that attendance will be good as officers for the coming year will be elected at that time.

Baccalaureate Services First Of School Closing Activities

NEW BOY SCOUT TROOP MEETING CALLED FOR MONDAY, MAY 21

The new Boy Scout Troop, sponsored by the First Methodist Church in Clarendon will have its first meeting next Monday, May 21, at 8 p. m., at the church, under the leadership of their Scoutmaster Truett Behrens, Rev. John English, pastor of the church, announced this week.

Post cards will be sent to all the boys whose names appear on a list obtained from a survey taken in the Clarendon Schools earlier this Spring notifying them of the meeting and urging them to attend. Membership in this Troop is not restricted to boys who are Methodists, but rather it is being sponsored by the church in an effort to give all the boys in Clarendon, and its vicinity an opportunity to partake of the Scout Program. All boys 11, 12, and 18 years of age are invited and urged to join this new Troop and take part in its program.

"There are many boys in Clarendon and its surrounding territory who would like to be Scouts, but have been unable to do so because the other Troop here, Troop 37, has been full for several months," Rev. English said, "and we want all of these boys to know that we are sponsoring this new Troop so that they can be Scouts right now. We believe that we have one of the finest men in Clarendon as our Scoutmaster, and we know that the boys will enjoy being Scouts under his excellent leadership, so we want the boys to know that the door to Scouting's fun has been re-opened through the means of this new Troop, and to come on out to the first meeting next Monday and join up."

Over 300 Visited New Stewart Clinic Sunday

Over three-hundred visitors were received at the new Stewart Clinic here Sunday afternoon at its formal opening. Out of town guests registered from Groom, Hedley, Amarillo, Vernon and Lubbock.

This new Clinic built by Dr. J. Gordon Stewart was acclaimed by visiting Doctors as one of the most modern of its type in this part of the Panhandle. It is adequately equipped for the purpose it was designed for. Many beautiful flowers were received for the opening and Dr. and Mrs. Stewart were complimented highly for their efforts in the building and furnishing of this new structure which certainly is a credit to our little city.

Another school year is drawing to a close as students in the local schools have begun their final examinations and the rejoicing will be in full evidence Friday, May 25th when the school year officially comes to an end.

The first part of the commencement exercises will be the Baccalaureate Sermon next Sunday, May 20th at 8 p. m. This service will be held in the College gymnasium and Rev. James T. Mitchell, pastor of the First Christian Church, will deliver the sermon. This sermon is for all three graduating classes, Junior College, Senior High and Junior High School.

Next on the program will be the High School Senior's class night which will be held Wednesday night, May 23rd at 8 p. m. in the College auditorium.

The Junior College graduating exercises will be held in the gymnasium Thursday, May 24th at 8 p. m. The commencement address will be given by Hon. C. J. Humphrey, President of the Amarillo Bar Association. There are twenty-five in the graduating class—17 young men and 8 young ladies.

The Junior High graduating exercises will be held at the Jr. High auditorium Friday, May 25 at 10 a. m. There are 58 in this graduating class that will move on up to Senior High next year.

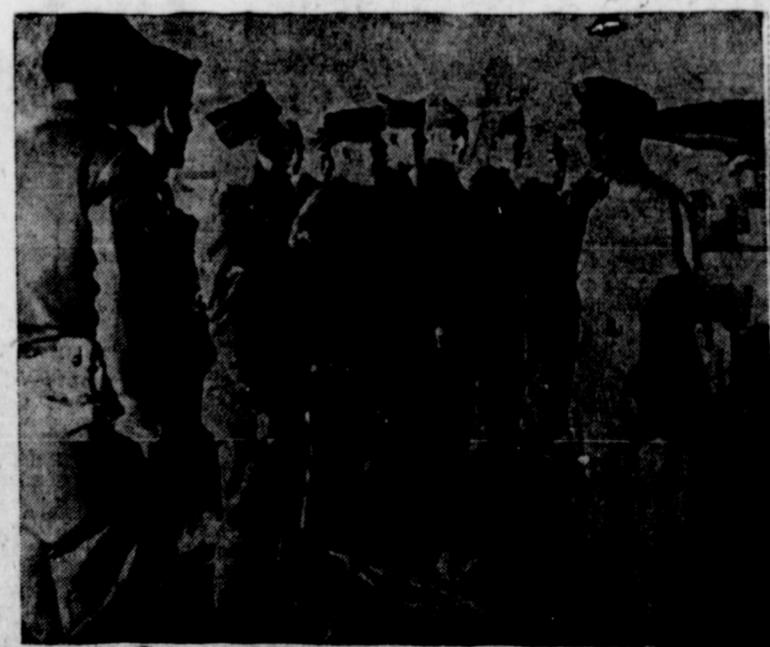

The Senior High School commencement exercises will be held at the gymnasium Friday night, May 25th at 8 p. m. Mr. W. B. Weathered is to be the speaker on this occasion. Mr. Weathered is Postmaster at Paopa and is well known in Clarendon. There are thirty-one in this class—18 girls and 13 boys. Alice McCrary is the valedictorian with an average of 93.11. Mary Edna Elmore is salutatorian with an average of 92.75. Jackie Brooks has the highest boys average with 90.1. Everyone is invited and urged to attend all of these exercises. There will be plenty of room for everyone.

LOCAL BASEBALL CLUB STILL WINNING

The local baseball club has been holding on to its winning streak quite well and added two more wins to their credit the past week. Thursday night they played Memphis again in a non league game at Memphis and won 14 to 3. Sunday afternoon they defeated the Hedley team 12 to 11 on the local diamond. This was a regular league game and the locals won in the last half of the ninth inning.

The local team will journey to St. Francis next Sunday for their next League game.

4-H Clubs Urged To Participate In Junior Leadership Program

Members of 4-H Clubs in this county were urged today by Floyd Lynch, Texas 4-H Club leader, to make plans now to participate in the 1951 statewide Junior Leadership program.

expense-paid trips to state and national events is being sponsored again by United Gas in cooperation with the extension service of the Texas A&M College system, Mr. Lynch said.

Ninety trips will be awarded to winners of various events. For the second successive year, United Gas, in cooperation with the extension service, is sponsoring the Junior Leadership Laboratory at Bastrop State Park.

Officers of the extension service believe this six-day program, attended last year by 84 4-H boys and girls, county agents, home demonstration agents, and educators, was one of the outstanding youth events held in Texas.

Three boys and three girls from the highest scoring county in each of the 14 extension districts will be selected again this year as delegates to the State Junior Leadership Laboratory.

This year's encampment will be held August 27 to September 1st. A comprehensive program designed to develop qualities of leadership among farm boys and girls is being arranged.

In addition, four winners in the statewide Junior Leadership program will have their expenses paid on trips to the National 4-H Club Camp at Washington, D. C., in June, an event sponsored for the third successive year by United Gas.

One boy and one girl will have their expenses paid for trips to the American Youth Foundation Leadership Training Camps at Shelby, Michigan.

Winners in each category will be selected by state and county officials of the agriculture and home economics extension service. Full details of the program and contests are available from the county agents in each county.

In announcing the 1951 program, Mr. Lynch said:

"This excellent program supported by United Gas is of tremendous value to the farm youth of Texas enrolled in 4-H Club work. The opportunities provided by United Gas offer additional incentive to 4-H boys and girls in their wide choice of individual and club demonstrators. This program is encouraging greater achievement on the part of 4-H Club members through their practical demonstrations and is developing leadership in the broad farm youth program."

Others in the graduating class from Clarendon are Weldon Day, Dick Kennedy, Melba Lee Pipes, Juanell Stevenson, and Lucille Dale.

Mr. Charles Huddleston of Austin visited last week in the home of his sister, Judge and Mrs. W. J. Williams. This was Mr. Huddleston's first visit to the Panhandle country.

Gabie Betts Burton Library Notes

By May L. Prewitt

The first new book on our list is "How To Grow and Keep a Better Lawn" by Joseph F. Flynn. While this is a stiff paper book that retails for \$1.00, yet is very informative.

"Proud New Flags" by Van Wyck Mason is a story of the naval war between the Northern Union and Southern Confederacy. There are vivid and authentic descriptions of bitter naval action on the Mississippi, and the escape of the warship "Sumter" to prey on Union shipping.

"Disenchanted", and also received an abridgement in a copy of the Omnibook. The reviewers and commentators give this book very high rating, but perhaps one has to be in a receptive mood to appreciate it.

The "Herald Tribune" is a Children's Book Selection this issue. It announces the awards and books of honorable mention. These retail from \$1.50 to \$2.50 per copy, and some that possess most appeal will be purchased as our funds make possible.

Mr. and Mrs. Robt. Allison of Amarillo enjoyed having their children home on Mother's Day. Those present were their sons, Mr. and Mrs. Bob Allison of Chicago, Mr. and Mrs. Boyd Allison and children, and daughters, Lila and Mary.

Hot Rod Fishing, Definitely Illegal

EDITORS NOTE: The following article was taken from the column of Fred Williams, Sports Editor of the Austin American-Statesman.

"The news item the other day about the latest depredation against fish life probably made a lot of people snicker. Maybe even a few thought they might like to try the stunt sometime.

"First off, let's get it straight! This so-called hot rod fishing is as illegal as using dynamite. Because the state law specifically limits the means of taking fish. If it didn't there wouldn't be fish left in our lakes and streams very long.

"Of course, some think it is cute and ingenious for 'sportsmen' to go to the trouble of rigging up a magneto-battery outfit with a rod to charge the water and knock out the fish.

"Real conservationists and sportsmen know that this isn't cute. Frankly, it poses just another threat to our wildlife in an era when the fish and the game animals are struggling to withstand the impact of civilization.

"Actually, Texas has just about the most generous fishing laws in the land. There is no closed season on most species and in most areas. There are generous limits on the number of fish that may be caught. There are generous limits on the number of hooks and lines one may use.

"In other words, the laws were designed for the benefit of the Texas folks who like to get out on the lakes and streams. They can still exist indefinitely to that end, providing the populace resists the urge to cheat and furthermore helps see to it that the other fellow stays within the rules."

To Attend Graduation Exercises Mr. and Mrs. Otis Naylor will attend Baccalaureate services, Sunday morning, May 20, at West Texas State College in Canyon. Their son, Robert, is a member of the graduating class. Graduation exercises will be held Monday morning, May 21.

Bill Weatherly, who is assisting his father-in-law in the building of a new home at Tulia, spent the week end with his family here.

Mr. and Mrs. L. H. Skelton enjoyed having their children with them for dinner Sunday. Present were Mr. and Mrs. Bob Skelton of Amarillo, Mr. and Mrs. Durwood Skelton, and Mr. and Mrs. Willard Skelton and family.

Mr. and Mrs. Bill Johnson and daughter, Carolyn, of Brazoria, Texas visited the week end with his parents, Mr. and Mrs. Will Johnson.

YOUNG COMBAT CORRESPONDENT'S FIRST AND LAST STORY—Marine Private First Class Milton Ray Lawhorn, 20, radioman with a forward air controller, wanted to be a combat correspondent. He carried a small camera, some note paper and a pencil. There was no dearth of news. Private First Class Lawhorn himself made news. It began with his birth in Chicago on January 19, 1931. He was the son of James F. and Myrtle Trail Lawhorn. He went to school at Normal, Illinois, graduated from high school at Harrisonburg, Virginia, served in the Illinois National Guard from March 23, 1948 to June 14, 1948, when he went to Iowa to work for the Sharon Telephone Company. On December 22, 1949, he joined the Marine Corps at Chicago. On February 27, 1951, his next of kin, James M. Lawhorn, a brother, of Ravina Park Road, Decatur, Illinois, was notified that Private First Class Lawhorn was killed in action on February 24. Private First Class Lawhorn got his story. It was neatly printed on his note paper, before he was caught in a counter barrage. The "copy" was found on his body and his friends turned it in. Above, left, Pfc. Lawhorn; right, the anti-tank "War Baby" and its crew. Left, to right, Pfc. William H. Grimes, Buffalo, N. Y., wounded. Cpl. Gene D. Mills, Oklahoma City, Okla., squad leader, and Cpl. Lewis H. Colored School Has Good Athletic Report

(Reported)
The school year is coming to a close. We have had a full schedule all year. First came the basketball season with the Clarendon Steers getting started for the first time. This marked the beginning of the first basketball team in the history of the Clarendon colored school. They made a fine showing too. The Steers are making history for the North Ward Colored School. They showed great prospects for another year in the field of basketball. The names and positions of the first team are as follows: Right forwards, James Gilmore, Robert Reece, D. L. Jones. Left forwards, Walter Hickman, C. W. Wells; Center, Herman Perkins, Marvin Jennings; Right guard, Willie Gardner, H. B. Smith, Floyd Gilmore; Left guard, Haley Angram, Bennie Ingram and James Jennings. Herman Perkins, Captain. These names will never be forgotten.
Oh yes, they went all out for soft ball too and won. Not to mention the Interscholastic League, why they won a trophy; 5 first places, 6 second places and 3 third places. First places were won by North Wards Gleen Club. Herman Perkins 880 relay, Charles Wells 50 yd dash, Haley Angram High jump, Mary Ella Sallie, basketball throw; 2nd places: Herman Perkins broad jump, James Gilmore, pole vault! Dora

PATHFINDER CLUB HOLDS GUEST DAY TEA
The Pathfinder Club held its final meeting of the year in the form of a guest day tea in the home of Mrs. C. T. McMurtry Friday, May 11, from four until six p. m. Co-hostesses were Meses. O. D. Lowry, Pat Slaviv, Fred Buntin, and Clyde Hudson. Greeting the guests with Mrs. McMurtry were Meses. J. T. Patman, William S. Greene, and C. B. Morris.

Attractive arrangements of colorful spring flowers were featured throughout the lovely home of the hostess. The tea table was beautifully laid with white and decorated with pink gladioli and pink tapers in crystal candelabra.

Mrs. Simmons Powell presided at the guest register during the first hour, and Mrs. C. D. McDowell during the second hour. Mrs. J. L. McMurtry and Mrs. Robert Moss presided at the punch bowl. Mrs. Frank Phelan, Jr., was at the piano to play soft music throughout most of the afternoon. Guest artists were Mr. John Norman Sullivan of Amarillo, tenor, and his accompanist, Miss Vera Wilcoxon.

Other club members in the house party were: Meses. Bill Greene, Albert Townsend, Carl Allmond, Fred Buntin, Lee Holland, Heckle Stark, Ray Palmer, Charlie Bairfield, Pat Slaviv, and Ernest Hunt.

Approximately one hundred guests and members called during the afternoon.

H. D. CLUB NOTICE
The senior Home Demonstration club will meet Friday afternoon at 3 o'clock in the home of Mrs. Bertha Benson. Mrs. William Payne will be assisting hostess.

W. M. U. BANQUET
The members of the Baptist Church entertained the Young People of the church with a banquet Tuesday night. Tables were decorated with graduation caps and arrangements of snowballs and red roses. The theme of the program was "Good Luck" and was carried out with programs in the form of four leaf clovers and favors of miniature silver horseshoes.

Sam Patterson was toastmaster for the evening, with Bro. Ernest Phillips the speaker. Mary Ann Landers and Sandra Skelton gave a reading. The group also enjoyed singing. Rev. L. A. Sartin made a short address. Thirty-five young people attended.

P.T.A. INSTALLS OFFICERS
The Sims P.T.A. held their final meeting of the year Thursday afternoon in the Junior High School Auditorium. The meeting was opened with the president, Mrs. G. W. Bradshaw, in charge. The group sang two P.T.A. songs followed by the P.T.A. Prayer repeated in unison.

In an impressive candlelight service, new officers for the coming year were installed. Tapers were lighted and each retiring officer presented the new officer with her candle. Mrs. Gordon Bain was installing officer.

New officers installed were President, Mrs. Bill Weatherly; Vice-president, Mrs. P. C. Messer; Secretary, Mrs. Bill Todd; Treasurer, Mrs. Glenn Hoggatt; Historian, Miss Monette Neville; Parliamentarian, Miss Johnny Johnson; Membership chairman, Mrs. Lee Bell; Finance chairman, Mrs. H. M. Breedlove; Health Chairman, Mrs. Homer Bones; Cafeteria Chairman, Mrs. Leondis Yankie; Visual Aid Chairman,

Mrs. Donald Ballew; and Social Chairman, Mrs. R. S. Bain. A gift was presented Lee Bell in appreciation for his services, in hanging the new curtains in the Auditorium. Mrs. Loyd Johnson's room was awarded the \$1 for having the most mothers present.

A report was made that the present Cafeteria workers had been approved for next year. The group adjourned to meet next fall.

ENGAGEMENT ANNOUNCED
Mr. and Mrs. Johnnie E. Johnson announce the approaching marriage of their daughter, Johnnie Lorene to Bobby T. Parker, Seaman First Class, of Coronado, California, son of Mr. and Mrs. G. H. Parker of Lelia Lake. The wedding is to be held in June.

Health Notes

AUSTIN—"All citizens must cooperate with their neighbors and local authorities if Texas' towns and countryside are to be kept free of unsightly and health-threatening accumulations of garbage and rubbish," warns Dr. Geo. W. Cox, State Health Officer. "Since garbage, rubbish and other types of refuse are of no value to the producer, by the same token they are of no value to a neighbor. Everyone is responsible for the waste materials which he produces and is under obligation to collect, store and dispose of these materials in a sanitary manner. The officials of every municipality or other political subdivision encounter the problem of collecting and disposal of waste materials discarded by their residents. "Improper disposal of refuse presents definite hazards to public health for such material create breeding places for rats, flies and

other vectors of disease transmission. Odors, smoke and disagreeable appearance are other important considerations. "The State Health Department and County Health Units are vitally interested in proper storage, collection and disposal of refuse and stand ready to aid towns or individuals in solving their problem. Receptacles for storage should be of water tight metal with lids that fit. Final disposal is a serious and difficult problem which individuals and communities must solve according to local conditions. Waste materials should never be dumped on property belonging to another person or organization. "Mrs. R. W. Wood of Weatherford is visiting in the home of her daughter, Mr. and Mrs. Ralph Decker. This drawing of Boys' Ranch's first permanent unit in the new expansion program was chosen from a group of 20 plans submitted by members of the Fifth Year Architectural Class at Texas A & M.

The unit will house 24 boys, 4 to a room, and has a large living and recreation room. Also, there are quarters for a man and his wife, who will supervise the group of boys living in the building, thus providing closer contact and opportunity for better guidance and individual attention.

Members of the A & M class spent three days, last December at the Ranch, and went back to A&M to compete for the best unit design. Then the best portions of each design were consolidated to make the final plan, which is tailored to the type of boys living at the Ranch, and the life they lead. The students have also worked together on all the other proposed buildings and a 25-year site plan as a class project.

Boys' Ranch expansion has been made necessary by an increasing number of requests to help homeless and unwanted boys

and boys who are in trouble. Besides housing, a vocational school, larger grade and high school, and increased recreational facilities are planned.

The Ranch boys will do much of the work under qualified supervision and various labor unions have volunteered their help. Construction blueprints for the new unit were drawn by O. L. Johnson, architectural engineer of Amarillo. Part of the funds for building have been allocated, and it is hoped that additional funds can be obtained to complete the first unit by Sept.

SOCIAL SECURITY NEWS

Are you one of the many students who will work during the summer vacation? If so, you will need a social security card, and here are facts the Social Security Administration would like for you to know.

If you go to work for wages in private business or industry, you must show your social security card to your employer promptly. If you have never had a social security card and are going to need one soon, or if you have lost your social security card, you should go to the local post office and get an application. Fill it out and mail it to the Social Security Administration, Amarillo, Texas. You will receive your card in just a few days.

Be sure you always have just one social security number. See that your employer copies your name and number from the card each new place you go to work. Then when you or your family apply for payments based on your social security account there will be no delay. Do not apply for a card unless you are fairly sure to need it. Then get one promptly.

You Just Can't Beat Home Baking For Better Economy And Good Eating

By Edith Williams
LUBBOCK—The modern housewife not only can make better pies and cakes than are produced commercially, but she can do it cheaper, according to Miss Martha Buttrill, assistant professor of foods and nutrition at Texas Technological College.

Further savings in time and money, the foods expert says, can be made by utilizing a "master mix."

Tech student enrolled in a food purchasing course recently completed a survey in which home baked cakes and pastries were compared with commercial products. The students compared both the costs and the textures of the two products. Their decision was that you just can't beat home baking for economy. The students found that the

better commercial cake mixes cost about 39 cents, plus the additional cost of ingredients which must be added, such as fresh eggs.

Miss Buttrill offers the following price breakdown on a typical recipe to prove to the skeptical housewife that she can save money by doing her own baking.

- 2 cups flour
- 2 cups flour 6 cents
- 1/2 tsp. salt 1/2 cent
- 2 tsp. baking powder 1 cent
- 3 tbs. melted butter 3 cents
- 1/4 tsp. vanilla 1/2 cent
- 1/2 cup milk 4 cents
- 2 eggs 12 cents
- 1 cup sugar 5 cents

Total 32 cents

Miss Buttrill says that if a housewife does use a commercial cake mix, the best possibility for a good cake is one to which fresh eggs must be added since dried eggs have proved unsatisfactory.

"master mix" can be made in one hour in large enough quantities to enable the housewife to make things for several days by

varying the added ingredients. For one mix which will give biscuits, muffins, cornbread, griddle cakes or waffles, mix the following:

- 9 cups sifted all-purpose flour
- 1/2 cup double-action baking powder
- 2 teaspoons cream of tartar
- 1/4 cup sugar
- 2 cups shortening.

When you are ready to bake you merely add milk for biscuits; for muffins sugar, milk and an egg; for cornbread cornmeal, salt, sugar, milk and eggs; and for griddle cakes, milk and an egg.

Another mix will produce not only pies but four kinds of cookies. The nice thing about the master mixes, Miss Buttrill says, is that they can be kept in the refrigerator indefinitely and the homemaker will have delicious home baked products as easily and less expensively than when she uses commercial products.

Final plans have been laid for observance of Armed Forces Day, Saturday May 19, in Amarillo.

The program for the day includes military air flights, flights of the Amarillo Civil Air Patrol, parades of nine bands from high schools and colleges and a joint concert given by the WTSC and Amarillo College bands Saturday

afternoon. Among the high school bands invited to participate in ceremonies is the Clarendon Band under the direction of E. R. Blevins.

Band students will assemble at the high school Saturday morning and leave by bus for Amarillo where it is believed they will parade about 10 o'clock.

Former Clarendon Girl Has Tiny Baby

Mrs. Robert McCarty of Alameda, Calif., formerly Nola B. Blanks of Clarendon, is mother of a little girl, who now at the age of 24 days, weighs only 2 lbs. 3 3/4 ounces. According to a recent report, little Nancy Ann gained an ounce over the week end and now weighs a little more than a loaf of sandwich bread. The little girl is still in an incubator under oxygen. She consumes a tank of oxygen a day and will continue to do so until she weighs 5 lbs.

Nancy Ann, called "Miss Mite" by hospital attendants weighed 1 lb. and 15 oz. at birth and is Mrs. McCarty's second tiny baby. Her first child, Linda Gail Wertemberger by a former marriage, weighed a fraction under 2 lbs. when she was born 5 years ago. The little baby has attracted much attention in California with newspapers there carrying daily reports of her growth and progress. Mrs. McCarty is a sister of Mrs. J. W. McCrary of Clarendon and daughter of Mrs. E. L. Blanks of Amarillo, and attended the Clarendon schools. Mr. McCarty is a mechanic at the Naval Air Station at Alameda.

FARM NEWS
From the County PMA Committee

HIGHER SUPPORTS TO BOOST GRAIN SORGHUM ACREAGE

Price Supports for 1951-crop grain sorghums have been boosted from 65 to 75 per cent of parity. The support level for grain sorghums is now at the same percentage of parity as the support for 1951-crop oats, rye and barley.

The increase in the support level for sorghums should encourage larger plantings of grain sorghums this year, especially in areas in the Southwest where the winter wheat acreage has al-

ready been abandoned. More feed grains are needed from this acreage in order to meet livestock and poultry feeding requirements in 1951-52 and leave a comfortable supply for use in 1952. Officials have pointed out that the grain sorghum acreage can be increased without disrupting a normal crop rotation pattern.

The national average support price for 1951-crop grain sorghums grading No. 2 or better will be \$2.17 per hundredweight, with discounts for other eligible grades and adjustments for location.

FARMERS URGED TO FOLLOW THROUGH ON ACP PLANS

Farmers of Donley County who plan to participate in the 1951 Agricultural Conservation Program are urged to get their plans made to carry out the practices.

It is pointed out that where practices cannot be carried out now or in the immediate future, plans should be made well in advance to assure completion during the program year when time, equipment or materials are available. This applies particularly to projects requiring technical assistance, such as terraces, dams or sod waterways. Such jobs should be "staked out" in advance so that work can start whenever the necessary equipment is available. Arrangements for such assistance can be made now with the county PMA Committee.

Remember that you must have a prior approval before you start to work on these practices or assistance cannot be earned.

ACP SURVEY

While efforts are being made to reduce the appropriation for the Agricultural Conservation Program by certain groups claiming the farmers themselves want the ACP discontinued, a survey of farmer's opinions was made in the States of New York and Iowa. In each of these surveys, questionnaires were sent to 10,000 farmers. The replies in Iowa indicated that 95.6 per cent of the farmers wanted ACP continued, and 76.2 per cent favored an increased appropriation for ACP. In New York State, 82.5 per cent of farmers favored continuing ACP and 66.1 per cent wanted program increased.

Mr. and Mrs. Wayne Ewing of Borger visited the week end with relatives here. Mr. Ewing went on to Ranger where he visited his mother who is ill.

Guests in the home of Mrs. A. P. Todd Sunday were Mr. and Mrs. Dexter Todd and baby of Clovis, N. Mex., Mr. and Mrs. Clifton Todd and family of Amarillo, Mr. and Mrs. Hardy B. Todd of Amarillo and Mr. and Mrs. Bill Todd.

Robert Naylor, a student at WTSC, Canyon, visited the week end with his parents, Mr. and Mrs. Otis Naylor.

Mr. and Mrs. Lloyd McCord and C. W. Bennett attended the Firemen's Convention at Shamrock one day last week.

The things modeled by Norma Murphy were a rose colored Indianhead skirt costing \$2.00, a yellow broadcloth blouse costing

\$1.93, a dress made of blue Indianhead costing \$3.86, a white dotted swiss blouse which cost \$1.23, and a skirt made of brown broadcloth costing \$1.77.

Jane Ruth Hill modeled a brown rayon gabardine skirt costing \$3.50, a yellow rayon butcher linen blouse costing \$2.25, lavender chambray sun dress \$3.50 and a yellow novelty weave skirt costing \$3.88.

Jean Wallace, although not a member of the class, had asked permission earlier in the year to work with the class. She has made a blue sun dress costing \$3.69 and a white peasant style blouse costing \$1.63, a red pique skirt costing \$3.04.

Mrs. Craig Johnson, Lelia Lake Home Ec. teacher, reports that she is quite pleased with the results of these garments and although the girls are only beginners they promise to be seamstresses of appreciable quality.

CLARENDON COLLEGE PRESENTS TALENT AT HIGH SCHOOL

The Clarendon Junior College gave an entertainment program at Lelia Lake School, Wednesday morning, May 9, on their annual tour of nearby towns.

Master of Ceremonies was Tommy Murphy. The program was started with that song every one knows and likes, "Old Smokey," sung by the college boys. The girls followed with "Beautiful Brown Eyes."

John Hancock and Mary Jo QHester then did a duet, "To Think You've Chosen Me." The atmosphere was then changed by a sermon given in Negro dialect. This was followed by Sidney Muse and Jerry English singing "Blues Stay Away From Me," and then "Beyond the Sunset." Mary Lou Barker played a piano blues number, which was followed by four girls doing tap dancing. These girls were, Inelle Cox, Doris Knorpp, Mary Edna Elmore, and Doris Jean Wallace.

Mr. Drennan and the David Brothers played two string band numbers. The program was closed with Sidney Muse, Jerry English, Nelson Christie, and John Rydner singing "Old Time Religion."

JANIECE CHRISTAL TAKES HIGH HONORS ON 98 AVERAGE

Janiece Christal was named

valedictorian and Christine Shields salutatorian of the eighth grade. Their averages were 98 31/33 and 97 2/33. Sue Seago and Bobby Dodson were close behind with averages of 92 27/33 and 92 3/33. Bobby Mae Richie, Patty Shields, Carolyn Monk, Mary Lynn Briggs, and Boyd White rank next among the highest.

Janiece Christal is the daughter of Mr. and Mrs. W. R. Christal of Lelia Lake, and Christine Shields is the daughter of Mr. and Mrs. J. W. Shields of Lelia Lake.

COMMENCEMENT TO BE FRIDAY, MAY 25 AT 8 P.M.

The Seniors of Lelia Lake High will have their commencement services May 25 at 8 o'clock in the school gymnasium.

Judge Ralph Porter of Clarendon will make the address. Go to Bobbie Seago and the salutatorian honor to Shirley Aten.

Everyone is invited.

BOYS EXHIBIT SHOP WORK AT ANNUAL SHOW

The Lelia Lake shop class had their annual school exhibit Friday night, May 11.

The projects that were shown were as follows: Benny Darnell showed a bed, a coffee table, and a quilt box. Kenneth Wilkinson, a bed and a writing desk; J. L. Williams two end tables, a coffee table, and a writing desk; Wilcey White a desk, and an end table; Harold Gerner a desk, an end table and he and Wilcey White made a desk together; Terry Monk an end table, and a stair step end table; Woody Vardeman an end table, a stair step end table and a writing desk; Mac Stavenhagen an end table, a stair step end table, and a kitchen cabinet and Clarence Armstrong two end tables, and a coffee table.

As soon as the projects which are now being made are finished, they will start work on the stage, preparing it for the junior and senior play. Then they will take up house construction.

Considering the fact that so many inexperienced people marry, it's no wonder there are so many divorcees.

Here's Where the Pounds Pay Off

FIRST thing that people notice when they take over a Buick is the sure-footed stance this fine automobile has on the road.

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel—your car holds its level course.

A lot of things account for this beautifully poised performance, but it starts with stalwart structure and ample weight—plenty of pounds where pounds are needed.

Please don't get us wrong. This isn't "deadweight." Though a Buick like the one pictured here tips the scales at more

than two tons, it's as nimble as an antelope at play.

It has a generous hoodful of valve-in-head Fireball power—packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflo Drive*—a lightness of steering that's gently responsive to a lady's hand—a front-end geometry that's pure genius—the finest brakes ever put on a Buick.

And every wheel rides on shock-eating coil springs that are carefree and trouble-free for the life of your car.

You'll also find—by a few moments of simple arithmetic—that the pounds in

this bounteous beauty pay off in another way. On a cents-per-pound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon—like the first thing tomorrow—and let us show you why you and your budget will both be happy with this Buick?

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

- DYNAFLOW DRIVE* • FIREBALL POWER
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on other Series. When better automobiles are built BUICK will build them

ONE COW doesn't make a dairy...

In the Gas Business, too IT TAKES MANY SOURCES OF SUPPLY

More than two hundred fields in Texas, Louisiana, Mississippi and Oklahoma supply the gas that moves through United's pipe lines. These many sources of supply not only assure dependable service for household and industrial uses today, but will provide a continuing supply for years to come in the more than 400 communities served by United Gas.

But our job doesn't stop there. We are looking to the future—to furnish natural

gas wherever it is economically feasible to an ever-growing population, to additional cities and towns and to new industries locating in the Gulf South.

That's why we are continually seeking out and developing new sources of supply—to be sure there's natural gas available for new homes and industries built along the United Gas system this year—and in the years to come.

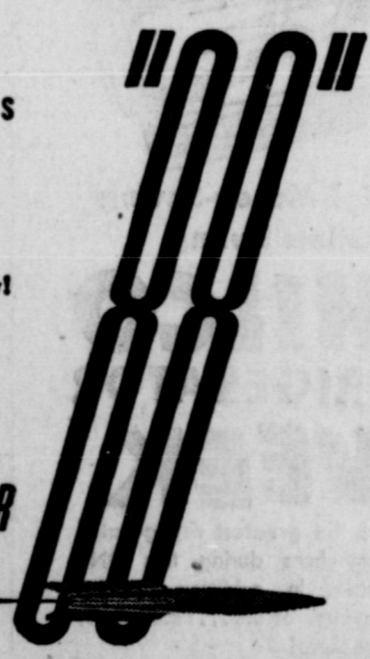

THERE'S PLENTY FOR YOU AND INDUSTRY, TOO

UNITED GAS... SERVING THE Gulf South

PLOWIN' Out the CORNERS

By Uncle Jeb

Dedicated to Uncle Jay:
If with a Hoeme you plow and sow;
Your bottom dollar you can always bet;
The stuff will never never blow, And when it rains will sure get wet.
Now, I've listened day after day, And heard it put most every way;
And this is what I have to say: THE THING that blows, and

blows away, Is that one and only, Uncle Jay. Hope this doesn't set off another feud Letwixt us.

Borrowing some quotes from clippings sent in by a friend: "One way to save face is to keep the lower part shut." I wonder could this apply to what we write?

"Men fume—women perfume". Which do you suppose gets their way mostly?

"A mint makes the money first; then we have to make it last", or did before the government took over the job of taking care of us anyway.

Newest member to the Ain't Smoking Right Now Society is Jack Patton, Box 838 Portales, New Mexico. In addition to being in the real estate business he is among other things a pen-friend of my friend Tom Henry Miller. They became acquainted when Tom Henry's picture appeared in the paper. I don't think I have ever read more interesting letters than the ones Jack writes to

Tom Henry. Jack's hobby is collecting advertising pencils; especially the mechanical kind. Anyway, if you have a cute one and would like to send it to this good man I am sure he would appreciate it even though he may shoot me for writing all this. Whether Uncle Jay believes it or not, I think this member quit after he found out about my club, and that it may have had an influence in the matter. Anyhow, best wishes to Jack, and more pencils.

Some have suggested that I stay off of such subjects as politics in the future and write more about such things as cute school teachers and cotton sack overalls. What do you think? Which do I seem to know most about?

There was a time, believe it or not, when the government owned the capitol and we owned our souls; at least God and us together did. Now I wonder.

Now the government owes for the capitol; at least for the repair; we owe the government, and everybody wonders who got off with the capital.

Come to think of it maybe I better write about one room school houses and square pockets; at least we didn't charge everything to our grandchildren in those days.

From where I sit... by Joe Marsh

"One For The Book"

Miss Reynolds, our town librarian, really put a smart-aleck motorist in his place last week—right in center of town, corner of Main and Walnut.

Her car stalled, tying up traffic. Most drivers just waited quietly—realizing she couldn't help it—but one fellow kept blaring away on his horn.

So Miss Reynolds gets out of her car, walks over and says sweetly, "I'm afraid I can't start my engine. If you'd like to try I'll stay here and lean on that horn for you." That stopped him!
