OVER 6,000 VISITORS ENJOY FREE BARBECUE HERE 4th

What old-timers described to be the largest crowd to ever gather in Clarendon, invaded our little city on the Fourth of July.

Over six thousand enjoyed the Flip Breedlove & Committee prepared barbecue that was made possible through the donation of beef and trimmings by area ranchers, individuals and business firms.

"JIMMY" FAULKNER

Over six thousand enjoyed the Flip Breedlove & Committee prepared barbecue that was made possible through the donation of beef and trimmings by area ranchers, individuals and business firms.

That number wasn't all that was served either, all eating places that were open reported a capacity number of people waiting to be served throughout the entire day and until practically all food was exhausted.

The free barbecue was grand in every respect; the visitors seemed to enjoy it and those who had a part in preparing it, even though tired and a bit edge, were happy to have had a part in making this part of the celebration the biggest, if not the best, to ever be held here.

"Jimmy" Faulkner Makes Official Announcement For Representative

The following political announcement has been made by James E. "Jimmy" Faulkner, Jr., of Clarendon, a candidate for State Representative from the 88th District which comprises Childress, Donley, Hall and Motley Counties.

"My name is James Edward Faulkner, Jr. Most of my friends call me "Jimmy". I am asking you, the people of this 88th Representative District which is comprised of Childress, Donley, Hall, and Motley Counties, to let me be 'your hired hand' in the State Legislature in Austin for the next term.

"I have worked for other people most of my life, doing the jobs that they had to do as they wanted them done. I have been in business for a time and had other people working for me.

"Several young ladies and their sponsor, Mrs. Ruby Bromley, met at the Park Tuesday morning for coffee and do-nuts and to discuss the possibility of forming a girls Riding Club in Clarendon.

"To me the job of State Representative is what the name implies—to represent the people in matters pertaining to their state government. I have no personal legislative program that I intend to push through the Legislature and I do not intend to change a

Noma Lee Lewis Rodeo Queen

Miss Noma Lee Lewis, daughter of Mr. and Mrs. Carroll Lewis, was chosen Queen of the Rodeo in the hotly contested race which ended at noon July 4th. She was presented as Queen of the Rodeo at the night performance July 4th.

There were twenty-five firms sponsoring candidates in the contest and the total votes was in excess of 50,000. Through error one sponsoring firm and the young lady they sponsored was omitted from the list printed last week.

In winning this honor, Miss Lewis was presented a pair of shop-made boots by Geo. B. Bagby.

Services Held Tues. For J. M. Acord

Funeral services were held Tuesday morning at the First Methodist Church for James Monroe Acord with Rev. I. E. Biggs, pastor, and Rev. J. Perry King of Amarillo officiating.

Mr. Acord, age 60, and a resident of Laguna Beach, Calif., died following a heart attack late Thursday night in Prescott, Arizona. He was on his way to Albuquerque, N. M. for a family reunion.

Two who were not only old in years but who have been in the Panhandle a long time were Dan Sauls, age 82 (1882) and Ham McCampbell, age 81 (1885). These two colored men have some interesting tales they enjoy relating when the opportunity arises.

Survivors include the wife, Mrs. Minnie Acord, of Laguna Beach; two sons, Thayer E. Acord of Dallas, and Randall K. Acord of Fairbanks, Alaska; three grand children; his mother, Mrs. Annie Acord; two sisters, Mrs. Maud Lampkin and Mrs. Ila Johnson; and two brothers, Lloyd and Glenn Acord, all of Laguna Beach.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Honorary pallbearers were M. R. Allensworth, Fred Chamberlain, W. W. Taylor, J. R. Porter, Crockett Taylor, Geo. Green, Edwin Baley, Odos Caraway, Frank Bourland, Lee Holland, C. E. Bairfield, C. B. Morris, J. H. Hurn, Olin and Regan Bain, Wesley Knorpp, Lee Muse, Walter Hutchins and C. L. Goin.

Mr. and Mrs. Carl Peabody of Ft. Stockton were guests Thursday night in the home of Mr. and Mrs. U. Z. Patterson and Sam.

820 Old-Timers Register

Maybe you think the old-timers of this area didn't have a swell time the Fourth. This could be evidenced by the large number of residents of 25 years or longer that registered at the Legion hall throughout the day. They were greeted in grand style by the reception committee composed of daughters of old-settlers and the official greeter.

Mrs. Sella Gentry, a young 90 years old, was the oldest lady to register. Mrs. Gentry came to the Panhandle in 1863 and was married in Old Clarendon to Al Gentry, Clarendon's first sheriff. She still makes her home in Clarendon. John Beverly was the oldest man, his age being 95. He came to the Panhandle in 1893 and like so many was a pioneer cowboy.

Mr. and Mrs. G. R. Grant were the oldest married couple, 81 and 82 years old. They have lived in the Panhandle 36 years and are now making their home in Clarendon. Jerome D. Stocking was the oldest Donley County born to register. He was born in Clarendon in 1890. He is now owner of the oldest business in the Panhandle which is Stocking's Drug Store.

Others among the earliest settlers registering were Mrs. Eva Humphrey (1879), J. H. Hurn (1879), Crockett Taylor (1882), J. C. Estlaack (1883), M. E. Bell (1884), Edwin Baley (1884), Buster Caldwell (1885).

Charlie Speed, chairman of the Old-Settlers part of the celebration, asked that we pass along his sincere thanks to everyone who had a part in making this part of the program a grand success.

Candidate Rally And Pie Supper At Ashtola Friday Night

As a second reminder, there will be a candidate rally at the Ashtola School house Friday night, July 11 at 8 p. m. All candidates are invited to come and will be given a chance to speak in making their bid for votes.

Ashtola Needle Club members will offer pies at auction. When a pie is bought, it will have no name on it and will be taken home by the buyer. Come one and all for an evening of fun, July 11 at Ashtola.

Rodeo Crowds Outnumber Previous Records Here

Outdoor Entertainment Association Expresses Appreciation

J. W. Murphy, President, Alfred McMurtry, Vice-President, Jimmy Faulkner, Secretary, R. S. Brumley, Treasurer, Directors: C. T. McMurtry, Pat Slavin, L. T. Shelton, B. N. Head, W. J. Lewis, Jr., J. H. McMurtry

We the officers and directors of the Outdoor Entertainment Association wish to make the following statement concerning our Celebration that has just passed into the pages of fond memories.

We desire not to point out any individual singularly as making this celebration the success that we believe it was in every way. It took a large group of hard working people to do the job. You were unselfish according to the western spirit. It was a job well done. We thank you all.

Attendance at the four rodeo performances here the 3rd, 4th and 5th swelled beyond expectations. The largest crowd to see the rodeo was the night of July 4th when an estimated over 3,000 saw the show. Rex Drake of Sayre, Oklahoma won the title as the best all-around cowboy. In addition to the \$240.00 prize money, he received the \$200 saddle given by the Kelly Chamberlain Insurance Agency.

Results of the rodeo in each contest is as follows:

Calf Roping: First go-around, Jim Littlefield, Snooks Beard and Lee Cockrell; Second go-around, Clifton Smith, Buddy Wilkins and Morris Stephens; Best average, Bob Thompson, Bob Cluck and Virgil Patrick.

Saddle Bronc Riding: first go-around, Bill Courtney, Wes O'Neal, Rex Drake; second go-around, Rex Drake, Wes O'Neal and Jay Hendricks; best average, Rex Drake, Wes O'Neal and Tom Henry.

Bareback Bronc Riding: first go-around, Boots O'Neal, Wes O'Neal, Rex Drake; second go-around, Wes O'Neal, Bob Sherrod, Leslie Dorsey; best average, Wes O'Neal, Leslie Dorsey, Rex Drake.

Bulldogging: first go-around, Gene Morris, Bobby Rhodes, Bob Cluck; second go-around, Arthur Turpin, Bob Cluck, Richard Wolters; best average, Bob Cluck, Richard Wolters, Gene Morris.

Bull Riding: first go-around, Rex Drake, Bobby Rhodes, Dick Doyle; second go-around, Jay Hendricks, Dick Doyle, Rex Drake; best average, Jay Hendricks, Dick Doyle, Rex Drake. Ribbon Roping: first go-around, Morris Stephens, Bob Cluck, Ray Ware; second go-around, Buddy Wilkins, Ray Ware, Emil Kester; best average, Ray Ware, Buddy Wilkins, Clifton Smith.

Wild Mare Race: Lester Dorsey, Lester Dorsey, Bob Sherrod, Lester Dorsey and Bob Sherrod. Bobby Rhodes had two wins of \$50 each in the bull gold rush and also received \$25 Stetson given by Greene Dry Goods.

Girl Sponsored Contest: first go-around, Johnnie Robertson, Dora Waldrop, Ida Ruth Price, June Bulls; second go-around, June Bulls, Johnnie Robertson, Mike Reed, Gene Hassell; best average, Johnnie Robertson 1st and she also received an added prize which was a pair of shop made boots, June Bulls, Mike Reed and Ida Mae Crawford.

Cutting Horse Contest: first go-around, Split 1st & 2nd, Billy Gray and Snooks Beard, third split, Billy Craft, Cotton Rogers; Second go-around, Snooks Beard, Cotton Rogers, Third split, Bill Gray and Jeff Beal.

Pinky Vineyard To Speak at Brotherhood Meeting at Lelia Lake

Jack Eddings, program chairman for the Brotherhood of the Panhandle Association, has planned a special program for the men of the Association at Lelia Lake Baptist Church Thursday night, July 10th. Mr. Pinky Vineyard, owner-manager of the Sunshine Dairies of Pampa, will be the main speaker. Mr. Vineyard is a layman and spends a lot of his time speaking for various organizations. He has made a special study of some of the problems facing our country today and has some practical answers.

All men in this vicinity are invited to attend. There will be fun and fellowship enough for everyone! The theme for the program is "I Looked For A Man."

Glenn Wallace, who is now on a scouting canoe trip in Canada, writes home that he is having a wonderful time. The canoe trip started from Ely, Minnesota. Clyde Price and Billy Carl Pittman also are making the trip.

Sheriff Reports Only A Few Skirmishes Over Fourth

Sheriff Guy Wright reported yesterday that considering the crowd that was in Clarendon throughout the celebration, law breaking was at a minimum. No serious complaints were filed, all being in the misdemeanor bracket.

The few complaints that came in were varied in character. "Some produce was carried away from in front of several grocery concerns but most of this was recovered and one man paid a \$45.90 fine in connection with the early morning borrowing deal which took place Saturday morning," Wright stated.

Wife whipping seemed to be one of the main law-breaking items with one man paying a fine of \$45.92 for this unmanly act, and another paid a \$25 fine. Only three were thrown in the jug for being drunk although beer cans around the city numbered in the hundreds.

The shooting of fireworks within the city limits on main streets and even in buildings was one of the most outstanding acts that took place and was the worst in many years, the sheriff added.

All the way around we can be proud that more serious trouble was not encountered and which is usually expected when several thousand people get together.

Bootmaker's Entry Wins First Place In Parade

Pete Borden's entry in the July 4th parade won top honors and the \$15 prize given by Bain Bros. Borden's entry which depicted the old gold rush days was outstanding with S. A. Pierce dressed as the old-timer leading the jackass, loaded with prospecting supplies. Second place winner was Palmer Motor Company. This entry showed progress in the Ford. The old Model-T Ford owned by Della Wood was used as the old-timer, followed by the newers, 2 model. The second place prize of \$10 was given by Cudd's Trucking Firm.

The third place entry was a float entered by local Telephone Exchange, being a number of the men of the Association at Lelia Lake Baptist Church Thursday night, July 10th. Mr. Pinky Vineyard, owner-manager of the Sunshine Dairies of Pampa, will be the main speaker. Mr. Vineyard is a layman and spends a lot of his time speaking for various organizations. He has made a special study of some of the problems facing our country today and has some practical answers.

LEGION REPORTS RECORD DANCE CROWD

American Legion officials reported the largest dance crowd in the history of the new Legion Hall last Friday night. Around 750 were in attendance for this dance and a good crowd was reported for the other two nights. Emmett Allen reported that it was the largest crowd his Sunset Ramblers had ever played for.

REV. L. L. OLIVER

REV. L. L. OLIVER TAKES OVER DUTIES AS NEW MINISTER OF LOCAL CHRISTIAN CHURCH

Rev. and Mrs. L. L. Oliver have arrived in Clarendon to make their home where Rev. Oliver will be minister of the First Christian Church. They come to Clarendon from Grove, Okla. Members of the church welcome their new pastor to Clarendon and all friends of the congregation are invited to worship with them whenever possible.

Gabie Betts Burton Library Notes

By May L. Prewitt

The past month has been an exceptionally busy one. Two thousand seven hundred forty (2740) books and periodicals were issued. Ina Jo Hughes volunteer-

ed to help without pay a part of the afternoons. The little people do not all possess the same reading level, so it requires quite a bit of time to issue their books.

We have placed a few readable books on the shelves this week that were gifts from Jerry English and others. Some are recent, and others almost out moded.

Several Zane Grey editions that were practically past using are being replaced with new copies in memory of Mr. Will Hayter. These are to the interest of the girls and boys as they each go thru an adolescent period when they read Zane Grey with great zeal. I am very happy this thought occurred to the "Wrights" as Mr. Hayter enjoyed boys and girls and these copies being placed in his memory are an excellent tribute. "Forty Odd" of Mary Bards is proving very popular. It is appreciated by all those who read it, regardless of age. Not many of our best fiction writers are as busy as those who have time to read, desire. Very few adult copies are for sale of recent publication.

Supper guests in the home of Mr. and Mrs. L. M. Smith Friday night were Mr. and Mrs. Lloyd McCord and family, Mr. and Mrs. Pete Hearn and Cora Lee of Groom, and Mr. and Mrs. Curtis Phillips and boys of Borger.

DIRECT DIPLOMATIC ACTION—During a melee at a Mexico City soccer game between the Pelmeiras of Brazil and the Atlantic team of Mexico, Gerardo Rocha, right, member of the Brazilian embassy staff in Mexico City lands a sock on the jaw of soccer player MacDougal. When the Brazilians protested the expulsion of one of their players the battle ensued. They played shorthanded and Mexico won, 1-0.

Mr. and Mrs. L. M. Smith and Mrs. J. A. Warren visited relatives in Amarillo over the week-end. This week.

Take advantage of big savings like this—made possible for you by purchasing the big complete "Mrs. America" in money-saving package rather than buying in individual units. It means that now you can have all the beauty, the time-saving, step-saving advantages of famous American Kitchens. And it means, as never before, that you can have the money-saving advantages as well. No need to envy others who are able to find time to enjoy themselves and their children—no need to put up with youth-robbing kitchen drudgery. For now you may give yourself up to 2 hours of freedom every day with the kitchen with more work-saving features than any other kitchen in America. Yes—American Kitchens is the easiest kitchen to clean—smooth

easy-to-wipe surfaces with concealed door and drawer pulls to eliminate dirt-catching handles... rounded drawer interiors—seamless—clean easily as wiping out a bowl. Storehouse storage space at fingertip level. Save hundreds of steps on every kitchen operation. Lifetime vinyl work-surfaces—won't stain or mar—available in basic black or red-wing red.** Remember, too, no matter how you plan your kitchen, no matter what other units you care to add, you can use the "Mrs. America" package as your basic unit, build from it any way you wish, and still save important money on your basic purchase. Why don't you see the American Kitchen today—the most beautifully designed kitchen in America.

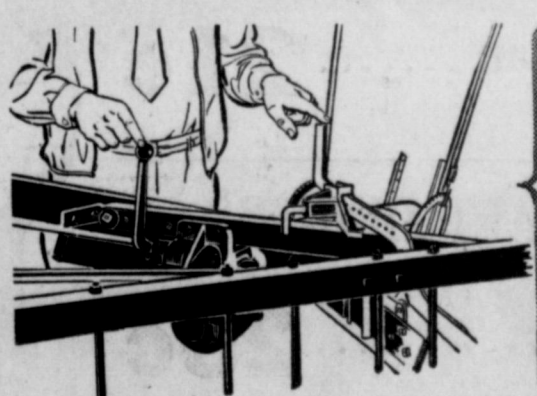

*Uninstalled. Prices and specifications subject to change without notice.
**Red vinyl top available at slight extra cost.

Now's the time to plan for

This year, put your straw into the bales that can't buckle or fall apart, yet will roll out like a carpet when you use them next winter. Allis-Chalmers Rolled Bales give you straw bedding at its best. They hold the fine chaff, resist showers in the field, and give your livestock a smooth straw mat when you roll them out. Your straw goes further, stays dry longer. Now is the time to plan to bale your straw with a ROTO-BALER, the only machine that makes hay-saving, straw-saving ROLLED Bales.

The RIGHT SHIFT

for hay, straw, or tedding

Now is the time to bring your raking up to date. Let a new Allis-Chalmers GEAR SHIFT rake save you hours of field time in raking straw or mid-summer hay crops. A pull of the gear-shift knob permits fast field travel without excessive reel speed—just what you need for straw and light hay. Another pull speeds up the reel for heavy crops, and a third position reverses the reel for tedding. The other lever controls tooth angle for each type of operation. Let us show you what this gear-shift power rake can do for you.

NORTHER CHANGES WEATHER FIRST OF WEEK

For the past three weeks while residents of this area were sweltering under 100 degree heat or over, it was quite a joke when someone would say, "wish a norther would blow in." Well that's exactly what took place Monday and the mercury took a dive down to 54 degrees. Even a quilt felt good Monday and Tuesday nights. All we need now is a good, gentle soaking rain to help our crops along.

Boys' Ranch Talent Troops To Hollywood

California, here they come, straight from America's First Boys' Ranch located 40 miles Northwest of Amarillo, Texas. Boys' Ranch will be well represented in Hollywood this month when four talented boys from the Ranch arrive to make a number of network recordings and appearances on several radio and television shows there. The lucky boys are David Ash, 13, of Amarillo, Texas, comedian and singer; Bud Hiller, 15, of Crutcher, Mo., the star of the show who plays the guitar and sings western ballads; pianist Eddie Stevens, 14, of McCamey, Texas; and Bill Price, 17, of Kansas City, Kansas, the Master of Ceremonies for the program. The boys are making the trip with Mr. Henry Schulte, Ranch Vice-President and General Manager. They will make several stops to present entertainment between here and California. The itinerary includes a visit to Carlsbad, N. Mex., El Paso, Texas, Juarez, Mexico, Tucson, Ariz. and Los Angeles, Calif., where programs will be given in each town. The boys will be guests on radio programs and present entertainment for meetings of various clubs.

Thirteen 15-minute transcriptions will be made with the C. P. McGregor Record Company and on each transcription, a movie star will make a guest appearance with the boys. Bud Hiller is also scheduled to cut several recordings with Columbia Records. The boys will, of course, be taken on a tour of the movie studios and be given a chance to see some of the screen stars in action. The four Boys' Ranchers have a great deal of experience in the entertainment field, and hundreds of people in this area have enjoyed the programs and shows they have done. They have been given the chance to perform in Hollywood because they have outstanding abilities and show great promise in the future.

**FARM-STORAGE FACILITY
LOAN PROGRAM**

The procedure applicable to the Farm-Storage facility Loan Program with respect to loans for which application is made on or after July 1, 1952 has been revised and contains a number of changes, some of which are: (1) the maximum amount to be loaned is reduced from 85% to 80%; (2) the number of maximum installments reduced from five to four; (3) a new method of establishing period when an installment becomes payable; and (4) new forms for use in connection with loans for which application is made on or after July 1, 1952.

**WHEAT GOALS TO BE SET;
NO ALLOTMENTS, QUOTAS**

Production goals for the 1953 wheat crop will probably be somewhat smaller than 1952 crop indications but substantially larger than would have been called for under allotments and quotas. Secretary of Agriculture Charles F. Brannan has already announced that there will be no acreage allotments and no marketing quotas on the 1953 wheat crop. The wheat supply for 1953-54 is indicated larger than would normally require proclamation of marketing quotas. However, it is estimated that the wheat production needed in 1953 will be considerably larger than would be called for under allotment-quota provisions of law.

Soil Conservation District News

Although the weather has been hot, dry and windy for the past month, some farmers are still reporting good stands of grass being obtained. One of the most en-

thusiastic farmers over his stand of grass is H. L. Riley, who lives about 5 miles northeast from Clarendon. Mr. Riley only planted about 9 acres this spring, but after obtaining such good results he wishes he had planted about 40 acres. Mr. Riley drilled his

grass on April 17, 1952 with one of the District drills. A mixture of Blue grama, side oats grama, Buffalo, and weeping lovegrass was used, and some of each can be found, but the weeping love is the one that is making the showing. Part of the land planted was deep plowed last winter and part the winter of 1950 and farmed to cotton last year. The cotton land was chiseled in the spring before drilling, and has a better stand of grass on it than the land that was deep plowed last winter although both are good. Mr. Riley mowed the weeds and grass down to within 2 inches of the ground on June 18, 1952 and now the grass is green and has grown to an average height of at least 6 inches, with some bunches making seed heads one and one-half to two feet tall. Beside planting grass Mr. Riley is trying to get alfalfa started on his place, and has a stand on one small area—if it would rain enough to allow it to establish itself.

Another grass planting which looks promising in spite of the dry weather and a heavy infestation of Johnson grass is on S. M. Fedric's place about one mile north from Clarendon. Mr. Fedric planted a mixture of weeping lovegrass and madrid sweet clover May 1, 1952 on land he had

plowed 12 inches deep with his own equipment. There is an excellent stand of sweet clover present and lots of weeping lovegrass—which is harder to find in the Johnson grass because it is smaller. Mr. Fedric has mowed the area once and plans on starting to graze it this week—which will help control the Johnson grass. Beside weeping lovegrass and sweet clover, he has planted a few buffel grass seed by hand to see what this much publicized new grass will do in this area. He has some of it up, but so far it has not made as much growth as the weeping lovegrass.

Two other plantings were seen, one of them King Ranch Blue Stem and Blackwell switch grass on the J. T. Trew Ranch near Alanreed, and the other on the O. P. Blackwell half-Section south of McLean. Mr. Trew has a good stand of Blackwell switch grass, but very little King Ranch Blue Stem. Mr. Blackwell planted 76 acres of weeping lovegrass and madrid sweetclover mixture, and 58 acres of Sand lovegrass and Indian grass mixture. He has a fair to good stand on all of it, but there are lots of weeds sapping the moisture, and if it remains dry part of the stand may be lost.

Comparison of the four plant-

ings indicates that grass, like other crops, responds to the deep plowing and comes up to a better stand and grows off faster than on land which has not been deep plowed. The sandier the soil, the more important the deep plowing seems to be.

Health Notes

A long-range battle plan against rampaging polio was outlined recently by the State Department of Health.

State Health Officer Geo. W. Cox recommended these eight points of action in combatting the disease which this year is striking harder at Texas than at any other part of the nation:

1. Spot spray insect breeding places after they have been cleaned up and destroyed. Spraying indiscriminately might kill a few insects on the wing, but it won't do the job. It might kill valuable plants and create a false sense of security.
2. Get rid of animal shelters in urban areas. They cannot be kept clean and consequently create a health hazard as fly breeders.
3. Get rid of dump piles, tin cans, old tires, and accumulated debris which breed flies and mosquitoes and provide harborage for rats.
4. Provide a properly operated sewerage system, and get rid of all surace toilets. Dr. Cox believes surface toilets constitute one of the major health hazards facing Texas.
5. Provide a source of pure water.
6. Protect food supplies in

wholesale business houses, retail shops, and in private homes.

7. Make regular inspections of all premises to see that no possibility exists for fly breeding. If you have flies, somebody is maintaining a breeding spot.

8. Garbage should be placed in fly tight garbage cans until time of disposal. Tubs, boxes, lidless garbage cans, etc., are of no value.

He urged each home owner to

assume responsibility for keeping his property clean inside and out. This will help protect you and your neighbor. More people have been struck down by polio this year than ever before.

He said it takes months and months to clean up a city, and that it "takes forever to keep it that way." The program must be continuous. "It will take from one to five years to really clean up our larger cities," Cox said.

There are Miles that Make You Happy

YOU'LL discover a lot that you like in this neat, fleet and nimble traveler the first mile you drive it.

Such things as cushions broad and deep—six-passenger room unsurpassed by any car in America—fabrics rich, soft, harmonious.

As you take it through traffic—breast a hill or two—try it out on back roads—you'll find that you handle Dynaflow Drive* as if you had always used it—your ride is serenely level—and a great tide of power comes surging up as you need it.

This, you will say, is very Super indeed.

But no one-time sample can tell you the deep-down enduring thrill that is yours when you own this great middle series Buick.

How easy it is to park in round-town driving, especially if you have Power Steering.†

How relaxed you and the family will feel at the end of a long day's vacation jaunt—with Dynaflow Drive to let you drive at ease on the open road, without the tenseness of clutch-pushing in traffic—plus a Million Dollar Ride to protect the comfort of the family.

That ride is something to talk about. More than a dozen selected engineering features control roll and wander on curves—snub dip and sway before they get past the frame—carry you over all kinds of roads with lullaby smoothness.

And that Fireball 8 Engine—man, what a docile thunderbolt you'll find it to be! Here's a high-compression valve-in-

head that really wrings miles from a gallon of gas.

In other words, all the miles you travel in this Buick are going to make you gladder and gladder that you bought it—for comfort, for fun, for thrill and for thrift.

What are you waiting for? Come in and get your sample today.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. †Now available on Super as well as Roadmaster—optional at extra cost.

High Speed Rodeo Slated For Tulia July 14-17

More than 15,000 are expected to attend the Sixth Annual Tulia, Texas, Rodeo beginning July 15 at the 7-chute Tulia Rodeo Grounds.

All four performances will begin at 8:30 in the evening. A string of livestock described as "The meanest critters outside of a rattlesnake zoo," by Bruce Wheeler, President of the Tulia Rodeo Club, will be furnished by veteran rodeo showman, Claud Hays of Weatherford, Oklahoma. Participating cowboys will come from the West Coast and all parts of the Tri-State area.

Included in the events are: bull dogging, calf roping, double mugging, saddle bronc riding, bareback bronc riding and a cow-girl sponsor contest.

The livestock is the same used in the gigantic Polio Benefit Rodeo in Oklahoma City last January. The string includes a back-jarring saddle bronc called "Uncle Ben"; "Bugger Bear", a bareback bronc who has made fliers out of a good many rodeo riders; and a hard-backed Brahma Bull with an unusually hard back and wicked set of horns. Clown Black Jack Fletcher of Gage, Okla., will furnish the comedy for the event.

Prize money will total more than \$3,000 beside a saddle for

the best all-around cowboy and sterling silver buckles for winners in the various events.

Final performance will be held on the evening of July 17, climaxing the "62nd Swisher County Picnic celebrating the county's birthday. A fireworks display will be run off after the rodeo.

The Tulia Rodeo is sponsored by the Tulia Rodeo Club. The seven chutes of the Tulia Rodeo Grounds make it one of the best-equipped in the Southwest.

Another attraction of the rodeo will be the teeter board act of the Lucas Family which consists of three men and two children 7 and 9 years old.

The act includes double aerial somersaults and "stacking" three-high from the end of the teeter board.

All three men in the act were members of the Air Force at

Sheppard Air Base at Wichita Falls when they began the act.

One thousand seats have been added to the Tulia Rodeo Grounds to accommodate spectators.

Blowing Out the Corners
by Uncle Zeb

Some things to think about; if you have an average size family and have an income of \$7500.00 per year you will pay around \$1,000.00 income tax plus about \$1930.00 in hidden taxes on the things you buy. Also, if you buy an automobile for \$2200.00, just

about \$700.00 of that amount is taxes.

One of the favorite sayings of the late Gene Howe was the following: "The greatest tribute paid to America's mothers is the achievement of American's sons." Words seem feeble and futile when we think about the passing of this great American. He was a part of every home in the Panhandle; prophet, counselor, friend. He was the Panhandle. When we think about his great love for the Panhandle, we imagine that is the real secret for the Panhandle loving him so dearly.

Such a barbecue hungry crowd

we haven't seen in a long time as the one at Clarendon's 4th of July picnic. Such wonderful delicious barbecue. I stood for minutes just gazing at the brown crisp rolls of scrumptious, beef stacked in the trucks. Congratulations to the wide awake men of Clarendon for the good job with the celebration, and especially to the barbecue man, Flip Breedlove. I almost like his barbecued beef next to his barbecued chicken. I saw three young girls about a half mile down the line from the serving table, and they were each smoking one of those cigars that are a foot long and as big as your arm. I wonder could they still walk and eat when they finally were served. I started to see if

they wanted to join the Ain't Smoking Right Now Society. I wonder if the tobacco was the real McCoy. Greatest thing about it all to me was seeing and hearing the old-timers.

Favorite quotation of Laura V. Hamner, according to a little book called High Lights, loaned to me by a friend. "What we are to be, we are now becoming."

Also, the favorite poem of Dr. J. A. Hill is the following by Edgar A. Guest.

To live as gently as I can;
To be, no matter where, a man;
To take what comes of good or ill
To cling to faith and honor still;
To do my best and let that stand

The record of my brain and hand;
And then should failure come to me,
Still work and hope for victory.

Hundreds and thousands of dissatisfied Democrats were hoping that the Republicans would rally forth with a program built on common-sense, and with a candidate with a goodly supply of the same stuff and help to rescue the country from its long drift toward Socialism. As of now it looks like they hoped in vain. In fact the corruption and political she-keenery that has been used in the convention will help to bury the party for good. Can we look to a third party for help; maybe a southern group as a

starter? We can't last long under a one party system. The things that have meant the downfall of all the great nations we are doing those things in a bigger way; faster and more furious than any of our predecessors.

My hand was called a time or two on my statement last week that it was possible to make more working for someone else than operating a farm or a small business. A recent survey in Texas revealed that the average income from land was a little over ten dollars per acre. Out of this must come dollars for fuel and seed and harvesting. A half section would bring in at this rate \$3,200.00 less expenses. This would

be a little over \$60.00 per week for the family. I know a freshman in college making more than this as a helper in a meat market during the summer. More than \$60.00 per week. How did I ever get mixed up in this discussion, but I do believe that the principle involved in this is the one that is knowing at our future economy. I have heard a number of small business men say that they were losing out financially in trying to hold on to a small business. Farmers and small business men are in the same boat, so to speak; especially small farmers.

There are about three and one-half pounds of salty material to every 100 pounds of sea water.

THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. State leaders today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

"What shall I render unto the Lord for all His benefits?" (Psalms 116:12). Every man of earnest and serious mind must ask himself this question as he meditates on the goodness and the Grace of God toward him. We want to do what is right in our every association with God and man. The Government takes as its proper share at least twenty per cent of every man's income. **WHAT IF GOD SHOULD REACH DOWN INTO YOUR LIFE AND MINE AND TAKE WHAT REALLY BELONGS TO HIM?** How much would be left for you? Have you raised corn? Or did you and God work together in making the corn crop? And just which of you put more time and energy into the process? Have you "struck" oil? Who spent centuries creating the oil and holding it in the underground lake until you came along? Is the oil really all yours? What is God's share? **YOU AND GOD ARE PARTNERS IN THE OIL BUSINESS; WHAT IS HIS PORTION?**

Jesus Christ is our revelation of the generosity of God who has been the eternal Giver, enriching us with every sort of good thing. From the day of the first creation God has been at work with and for man. Each of us represents in his body and in his soul the everlasting toil of God, who truly wants to make us His children and who desires us to join Him in making an ever better world for His sons and daughters to live in. **JESUS IS OUR PATTERN OF WHAT A MAN CAN GIVE TO HELP IN THE PURPOSE OF GOD. HOW MUCH DID JESUS GIVE BACK TO GOD?**

Jewish and Christian people have agreed that we ought to give at least a tenth of our income to God and His Church for the carrying on of His redemptive program. A tenth will not necessarily discharge all our debt, but it will show a sense of deep gratitude. Everything is His, even the cattle of a thousand hills and the abundant harvest from the fields. He gives us everything which makes life abundant. Our ideal is to join in the prayer, "Take my life and let it be consecrated, Lord to Thee." Let's be good partners with God. Let us be His co-workers. **MAY WE GLADLY GIVE BACK TO HIM AT LEAST A TENTH OF WHAT HE SO FREELY GIVES US."**

Wayland College President, Noted Speaker And Leader of Young People

Dr. J. W. Marshall, president of Wayland College, is an internationally known speaker and leader of young people.

From 1938-1943, he served as state secretary for the Baptist Student Union of Texas. During this period he was in frequent demand as a speaker for student groups throughout the Southern States, who gave him the nickname of "Brother Bill", which was changed in 1943 to "Doctor Bill", when Hardin-Simmons

University conferred on him the honorary degree of Doctor of Divinity. No one on Wayland campus can give as sympathetic an ear to the problems of faculty and students alike as can Doctor Bill, whether the problems concern spiritual, financial or just plain heart areas.

He and Mrs. Marshall, who is a lecturer and writer in her own right, have often appeared before young people's groups in "Love, Courtship and Marriage Forums." They went to China in 1940 to help lead the China-wide Baptist Young People's Conference in Shanghai and traveled extensively in the Orient on this trip.

From 1943-1947, Dr. Marshall

served as the first Personnel Secretary of the Baptist Foreign Mission Board, located in Richmond, Va. During this period he visited the Baptist Mission Stations in Mexico and made motion pictures of the work being done there. Both he and Mrs. Marshall are enthusiastic camera fans.

In the summer of 1947, before coming to Wayland College, he conducted tours through Europe and the Holy Land, following the Baptist World Alliance in Stockholm. Since then he has traveled extensively in Formosa, Hong Kong, Japan, Philippine and Hawaiian Islands. In the summer of 1951, he went on a preaching mission to the Orient and interviewed many of Free China's foremost leaders, including President and Madame Chiang Kai-Shek.

Another acquired nickname is "The Flying Prexy", because he flies his own plane to meet his many speaking engagements. Often he speaks three times in a day with hundreds of miles between each engagement.

Since 1947, Wayland College has become a four-year-college with an international program, which this year resulted in the school's having a larger percentage of foreign students than any other college in the United States, according to figures compiled by one of the large educational foundations. In attendance in

1951-52 have been students from Formosa, Hong Kong, Japan, China, Hawaii, Brazil, Colombia, Costa Rica, Mexico, Syria and Jordan.

Wayland College under Dr. Marshall has also promoted friendly relations with Mexico through a branch in Guadalajara for three summers, during which faculty and students appeared before many groups. Wayland's Pioneers have also played with outstanding Mexican basketball teams in invitational tournaments in both Mexico and United States.

Dr. Marshall was born in Ada, Okla., Feb. 18, 1908. He attended University of Kansas where he studied engineering but after being called to preach, he enrolled in Baylor University. He holds the B. A. degree from Texas Christian University and the Master of Religious Education from Southwestern Baptist Theological Seminary, Fort Worth.

Donley County Ranks 72nd In Prisoner Commitments

Donley County in the past ten years has committed 18 prisoners to the Texas Prison System. This was revealed recently in a study conducted inside the prison by graduate students at Sam Houston State Teachers College, under the supervision of Dr. Rupert C. Koeninger head of the college's sociology department. In number of commitments per thousand population, the County ranked 72nd in the State with 290 persons per thousand committed, the study further showed.

More battles have been fought in and around San Antonio, Texas than any other city in the United States.

School Tax Office

Due to the fact that the amount we pay into the Foundation Program was increased \$9,110.18 last year, and has been increased again for this year in the amount of \$3,434.04; and since the School Buildings must be renovated; it will be necessary to increase tax valuations from 60% of the 100% valuation, to 70% of the 100% valuation, or 10% across the Board.

The Board of Equalization for the Clarendon Ind. School District will meet on August 2, 1952, at the School Tax Office.

122 Counties Grow Castorbeans

COLLEGE STATION — Most young Texans will not be interested in a report which has just been compiled covering castorbean plantings in the state. Up to June 25, 75,148 acres had been planted in 122 counties under the Commodity Credit Corporation program. In addition, the Baker Castor Oil Company has some 16,800 acres under contract in north and northwest Texas.

According to W. I. Ross, assistant agronomist for the Texas Agricultural Extension Service, castorbean production is new to a majority of the counties. The beans, says Ross, have been planted on many types of soils from light sands to creek bottoms

and in many instances on land too low in fertility to make a fair return on any kind of a crop. Ross adds that producers no doubt will be disappointed from the returns where the beans have been planted on the low fertility soils. He says 11,884 acres are under irrigation and the remaining 63,263 acres under the CCC Program are on non irrigated lands.

He says on the dry land acreage and where the Conner variety has been planted, the plants should be spaced from 24 to 30 inches in the drill. The Baker variety on irrigated land should be spaced not less than 12 inches apart in the drill. If the plants are left too thick in the drill, the specialist says the plants will be small and the size of the seed spikes reduced.

He offers this word of advice to producers, especially, in the counties where harvesting will soon be starting. Timing and correct harvesting methods are very

important. Spikes should not be cut from the plant because the stems contain excess moisture and this may cause the beans to mold. Do not harvest beans, he says until they have turned brown and white lengthwise cracks appear in the capsule wall. Timing the beginning of harvest is especially important with the first or summer spikes. When hand harvesting the beans, strip the capsules from the spike and protect the hands by wearing leather gloves, advises Ross. Growers are warned not to begin harvesting operations too soon and to keep foreign matter out of the beans at harvest time. Both practices may cause a dockage when the beans are marketed.

Ross says producers may obtain the latest production and harvesting information by contacting the local county agent or Production and Marketing Administration county office.

From where I sit... by Joe Marsh

How Nervy Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do you have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—seriously. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."

Keeping it in condition Took half his commission.

His budget was worn to a thread!

Then I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Now Ted is ahead... thanks to one of the greatest services ever offered the motoring public—a service that helps engines last longer, perform better, use less gasoline and oil!

It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence: in fact, an average of less than one-one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000. Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's today!

If you want bigger payloads, you want a Dodge

For bigger payloads, choose a Dodge "Job-Rated" truck—1/2 through 4-ton.

"Job-Rated" engineering makes it possible for you to haul more with the right Dodge truck for your needs.

You haul more economically, too, because of such Dodge advantages as lightweight aluminum-alloy pistons and others.

For smoother power, extra load protection, Gyrol Fluid Drive is available on 1/2-, 3/4-, 1-ton and Route-Van models.

Come in for a demonstration—and an extra good deal!

Better weight distribution. Dodge short wheelbase allows more weight to be carried on the front axle. Because the engine is located farther forward and front axle is moved back, you can haul bigger loads without overloading.

The right load-carrying units. Frame, axles, and other units that carry the load are "Job-Rated" on Dodge. Each is engineered to provide strength and capacity needed to support your load. All are "Job-Rated" to work together!

The right load-moving units. You get an engine that's "Job-Rated" with plenty of power to pull bigger loads at low cost. In fact, all load-moving units—such as clutch, transmission, rear axle—are engineered to move bigger loads.
