Clarendon Chamber of Commerce Adopts "Community Clinic" Plan

The Chamber of Commerce believes that every one is interested in their community—its present and its future—and they are getting ready to ask of Mr. and Mrs. Citizen, "What do you want? What do you think this community needs that the Chamber of Commerce can help accomplish?" The answers received from Mr. and Mrs. Citizen will be the basis for forming the "Program of Work" for the Chamber of Commerce during 1952.

The "Program of Work" is a plan, a definite list of the projects wanted and needed for a balanced program of community growth. The "Program of Work" is the chart, or blueprint of proposed activities of the Chamber of Commerce for the progress and development of the entire community.

Bob Moss, newly elected President of the Clarendon Chamber of Commerce, said, "A few weeks ago, Mr. Ralph E. Duncan, manager of the Community Service Department from the West Texas Chamber of Commerce in Abilene, met with a group of local Chamber members and discussed at length the formation and development of "Programs of Work" and how the Chamber of Commerce can be the motivating influence for community development. Duncan pointed out, and cited specific examples of what community team work can and has accomplished. You would be astonished at what other communities have done when they laid their plans, based on their needs, potentials and abilities and started working on a charted course."

Last week at a special called meeting of the Officers, Board of Directors and Advisory Board of the local chamber, it was unanimously agreed that this year's Chamber of Commerce "Program of Work" should embody the ideas and the thinking of the entire citizenry. In their investigation of the methods for developing "Programs of Work" they adopted the "community clinic" plan. The date for the "community clinic" has been set for February 22.

President Moss said, "We adopted the "community clinic" plan because of its many advantages, among which are: it assures a constructive, balanced community program; it is thoroughly democratic because it is developing a program by the people themselves; it stimulates "chamber of commerce" interest; it discovers new and interested workers in the community; it sets the stage for community team (See ADOPTS CLINIC page 5)

Egyptians Cry "War On Britain"

ISMALIA—Egyptian-British tension neared breaking point this week with scores killed in riots, Cairo mobs shouting for war and British warships on way to Suez. In photo radioed from "little war" zone, British soldiers warily hunt snipers near wrecked building.

ATTEND SINGING AT PAMPA

Mr. and Mrs. Howard Stewart and girls attended a meeting of the Singing Association in Pampa Sunday afternoon. Approximately 1500 members and representatives of other organizations attended the program held in the auditorium of the Bible Baptist Church. Thirty minutes of the singing was broadcast over the Pampa radio station Sunday afternoon.

Among those attending from Clarendon were Mr. and Mrs. Bill Williams and daughter, Mrs. Irene Smith and Mr. Beckman.

Midnight Tonight Is Poll Tax Deadline

If you haven't paid your poll tax and wait until after midnight tonight with that thought in mind, you might just as well forget the idea, for you cannot pay your poll tax or be able to vote in any elections this year. Officials of the tax office reported that the office will be open until midnight tonight to accommodate those who wish to pay their poll tax.

The total number of paid poll tax receipts issued at noon Wednesday was 1,594 and 49 exemptions had been issued. This is still around two hundred under the average for general election years. Check up and see whether you have paid yours or not and go pay up if you haven't.

Donley Co. Singing Ass'n Meets Sunday

The regular meeting of the Donley County Singing Association will be held Sunday afternoon, February 3, at the Martin School 5 miles west of Clarendon. The program will begin at 2:30.

A number of outstanding singers have been invited but it is not known at this time just how many will be able to attend. The public is extended a cordial invitation to come out and join in the afternoon of good fellowship and singing whether you sing, enjoy listening to good singing or visiting.

ON NAVAL CRUISE

One former Clarendon man is among seven other men from this area serving aboard the destroyer escort Willet as part of a two-week training cruise in the Naval Reserve training program. He is Johnnie L. Beard, son of Mr. and Mrs. J. W. Beard of Clarendon. The cruise will take the men to Coco Solo, Panama.

New Car Tags To Go On Sale February 2nd

The new 1952 vehicle license plates will go on sale February 2nd. It is not necessary that you buy new tags now but it is mandatory to have them on by March 1st. License plates for Donley County will start with AS 2750, and the color this year is orange letters on black background.

Due to numerous changes in the method of registration, etc., it is more necessary than ever that you take along your car title and last year's registration receipt. New tags will not be issued without them.

No special numbers will be held for anyone this year, so please do not ask for your pet number to be saved for you," was the new policy statement from the tax office. This accommodation was possible in past years, but there's too much red tape and more chance for error and confusion under the present set-up.

A recent announcement from the Texas Department of Public Safety, stated that the period for securing initial motor vehicle inspections in Texas has been officially extended until midnight, September 6, 1952.

Mr. and Mrs. George Thompson took her father, L. H. Spier, to Amarillo Monday night where he will visit in the home of his daughter, Mrs. Harold Thomas, and family.

Pheasant-Shoot To Be Held Sunday

Another Pheasant-Shoot will be held this coming Sunday, February 3, at the trap range of the Clarendon Country Club, commencing at 1:00 P. M.

It was decided by the shooting committee that they would lower the cost of the shooting fee so that more may participate.

Pheasants, hams, bacons, and shelled pecans will be given as prizes. Two pheasants are given as one prize. Also two sides of bacons will be given as prizes to the winners of the cover-up teams shooting in pairs.

The previous shoots have been quite successful, and have been enjoyed by both participants and spectators. Come and watch the shooting whether you participate or not.

You can pick your own group to shoot with, and thus you don't have to shoot against the better shots unless you so choose; or you can make up your own group if you so like.

Lelia Lake Schools To Sponsor Art Exhibit Feb. 2nd

A splendid opportunity for art education is afforded in the exhibit of Fine Art Prints which will be on display Saturday, February 2, from two to five o'clock at the Women's Federated Club House. This exhibit is being sponsored by the Lelia Lake Schools. There will be a small admission of fifteen and thirty-five cents which will be used for the purchase of pictures for the Lelia Lake Schools. There are 150 large colored reproductions of the old and modern masters. Among the most famous artists represented are: Gairsborough, Titan Da Vinci, Terborch, Murillo, Van Dyck, Raphael, and many others of the old masters, while among the more modern are representative subjects from the brush of Ben Foster, George De Forest Brush, George Innes, Ernest Albert, Frank Duveneck, Gardner Symons, Bruce Crane, William Wyant, Harry Vincent, Robert Wesley Amick, and Gustave Wiegand.

Dennis Harrison Wins Honors At Ft. Worth With Berkshire Pig

Dennis Harrison, Clarendon Future Farmer and 16-year old son of Mr. and Mrs. H. Harrison of Clarendon, showed his middle weight Berkshire pig to the championship of the middle weight class and won the right to enter his pig for championship honors of the berkshire breed at the Southwestern Exposition and Fat Stock Show in Fort Worth Monday.

Young Harrison's pig topped a heavy entry of some 50 berkshire pigs from well over the state.

He was only one of several outstanding Clarendon contestants, however. The Clarendon Future Farmer Chapter set a fast pace at the show. In addition to Dennis' first place, he showed a 5th and third place berkshire. Allen Graham showed two hampshire and Gene McBrayer showed one hampshire pig in the money.

These pigs were fed, fitted, and shown under the direction of T. H. Seay, the teacher of Vocational Agriculture and Future Farmer Adviser in the Clarendon High School.

Bro. James T. Mitchell, minister of the First Christian Church, was a guest speaker at the Youth Rally held at the Washington Avenue Christian Church in Amarillo Tuesday evening.

CINDY WALKER

"Mr. Texas" To Be Shown Here Feb. 11

See Miss Cindy Walker in the film "Mr. Texas" which will be shown in the High School Auditorium at Clarendon, Monday night, Feb. 11th at 7 o'clock. The second showing will be in the High School Auditorium at Memphis, Tuesday night, Feb. 12th at 7 o'clock.

This will be a full length movie. It is the first religious "Western" to be made. It was made on a ranch near Fort Worth, and in the Will Rogers Coliseum at Fort Worth. It shows scenes of the Hardin Simmons Cowboy Band. It centers the entire story around two Hollywood stars, Redd Harper, and Cindy Walker, who were converted to Christianity in the big revival led by Evangelist Billy Graham. Many scenes of the revival services are shown, and a portion of one of Graham's evangelistic messages is given.

There will be no admission charged. It will be free to all, and the public is cordially invited and urged to attend, regardless of religious affiliation. Remember the dates, Feb. 11 at Clarendon High School, and Feb. 12th at the Memphis High School.

JUST ONE VOTE?

What good will one vote do? It has done a lot of things that have vitally changed the history of the United States of America. Thomas Jefferson was elected president by one vote in the electoral college.

So was John Quincy Adams. Rutherford B. Hayes was elected president by one vote, and it was referred to an electoral commission. Again he won by a single vote. The man who cast the deciding vote for President Hayes was a congressman who was elected to Congress by one vote. And that one vote was cast by a client of his who though desperately ill insisted on being taken to the polls to vote.

Just one vote gave statehood to California, Idaho, Oregon, Texas and Washington. The Draft Act of World War II passed the House by just one vote.

Think it over. Then, if you haven't done so, buy your poll tax. And while you're at it, get one for your wife. And ask the neighbors to get their poll taxes. Mister, your one vote counts!

COTTON GINNING REPORT

According to W. M. Patman, Special Agent, the Census report shows that 12,388 bales of cotton were ginned in Donley County from the crop of 1951 prior to January 16 as compared with 4,630 bales for the crop of 1950.

LEADER CLASSIFIEDS GET RESULTS

Allan Graham Receives Top Honors With Hampshires In Swine Division

Don Thornberry, 16-year-old 4-H Club boy, chalked up his fifth hometown championship here last Thursday at the Donley County Fat Stock Show.

The tall, modest junior cattleman exhibited both the grand champion steer and the reserve champion before a good crowd at the show arena on the Brice highway.

Don showed Little Shorty, a light Hereford, bred by H. H. Reeves, Shamrock, as champion. The reserve was Jake, a heavy Hereford bred by Ferris Hess, McLean. Each steer was first in its respective class.

The audience cheered Don for his dual triumph. Several adult cattlemen commended the youngster for his ability as a feeder, also for his patience in fitting the calves for the show ring.

A son of Mr. and Mrs. Bill Thornberry, Don is a junior at Clarendon High School. He exhibited the champion steer at Odessa in 1948, then placed second with the same entry at the Amarillo Fat Stock Show. The Thornberrys live 6 miles southwest of Clarendon.

Ollie Limer, Hale County agricultural agent and judge of the show, placed a steer entered by Johnny Nash at the Front in the Aberdeen-Angus class. Johnny, 12, is a son of Mr. and Mrs. John Nash, Hedley. Forrest Sawyer, Clarendon, bred the steer.

Other winners by classes, all 4-H, are: Light Herefords—Wayne Brown, second; Dick Roehr, third, and Troy Hamblen, fourth. Heavy Herefords—Don Ray, second, and Troy Hamblen, third and fourth. Angus—Johnny Nash, second, and Dick Roehr, third.

In the junior swine show a youngster from Ashtola showed both grand and reserve champions and the best pen-of-three to promise Donley County continued leadership in the hog-raising business.

The champion showman was Allan Graham of Ashtola, whose heavy Hampshire entries won in all divisions.

In the lamb show, Leldon McBrayer of Clarendon showed the grand champion, and Delbert Robertson of Clarendon showed the reserve champion.

Prize winning exhibitors include:

LAMBS
Fine Wool Lambs—Jack Moreman, Hedley 1st; Don Reeves, Hedley, 2nd and 3rd; Harold Longan, Hedley, 4th.
Mutton Lambs—Leldon McBrayer, Clarendon, 1st; Delbert Robertson, Clarendon, 2nd; Jack Moreman, 3rd and 4th.

Loyal Order of Moose Lodge No. 1690 Instituted Here Sunday Afternoon

Lodge No. 1690 of the Loyal Order of Moose was instituted here Sunday afternoon in the basement of the Donley Hotel. Fifty-six charter members of the lodge were initiated out of 107 who had made application.

Lodge members from Pampa, Borger and Amarillo assisted in the institution of the new lodge here. The institution officer was Samuel Teofan, representative from the supreme lodge at Mooseheart, Ill.

The following officers were installed at the same meeting: Noel T. Cudd Jr., Governor; B. L. "Mutt" Graham, Jr. Governor; Eddie Forrest, Prelate; L. M. Smith, Past Governor; Jimmy

Faulkner, Secretary; Basil Smith, Treasurer; Kenneth Dale, Sgt.-at-arms; Truett Behrens, Asst. Sgt.-at-arms; Doice Flowers, Outer Guard; J. H. Spier, Jr., Inner Guard; J. W. Murphy, Nute Dill and Glenn Hoggatt, Trustees.

The lodge held its first regular meeting Tuesday night in the Donley Hotel and it was voted to use the basement room of the hotel for the temporary lodge hall and regular meetings will be held each Tuesday night at 7:30.

Sunday, February 10th has been set as the next regular initiation date for those who were unable to attend the institutional meeting.

HURRY-UP HARVEST—Farmer Herman Dorris of Flint, Mich., has learned what it's like, at least in one case, when agriculture and industry get together. Informed just 24 hours in advance that construction of a million-square-foot aviation engine plant was to begin on the field he had been renting, Dorris hopped on the tractor which pulled his corn-picker and began harvesting his crop. Here, a few feet in back of his corn-dicker, a bull-dozer levels ground for the new building.

Boy Scout Week February 6-12

President Truman, members of Congress, Governors and national representatives of organizations and institutions throughout America that sponsor Boy Scout Units, will share in ceremonies during Boy Scout Week, Feb. 6 to 12, launching a new three-year program known as "Forward - - On Liberty's Team." Boy Scout Week marks the 42nd birthday of the organization.

Twelve outstanding Eagle Scouts, chosen to represent the more than 2,900,000 members of the organization, will share in ceremonies at the White House when President Truman greets them at 12:45 p. m., on Friday, Feb. 8. Mr. Truman, as Honorary President of the Boy Scouts of America, is to receive a scroll stating the broad objectives of the new program.

At a breakfast in Washington with nearly 100 leaders from the Cabinet, the Senate, House of

Representatives and national organizations, the twelve picked Eagle Scouts will dramatize Scouting's part in meeting the problems of these times. The Scouts will tell what the entire membership of the organization will do next Fall in their major activity of getting out the vote in the national elections.

They will also report on what Scouts have been doing in Civil Defense, Conservation and their flood services last summer.

Following the visit to the White House Feb. 8, the Scout party will go to Independence Hall in Philadelphia. At this national shrine, in the presence of national representatives of organizations and institutions throughout America who sponsor Scout Units, ceremonies will be held to dramatize the part played by the churches and synagogues, schools, civic and community organizations in supporting and extending Scouting throughout America.

The program at Independence Hall will include the Scouts' "Reaffirmation of the principles of the Declaration of Independ-

ence and the board goals of Scouting" emphasizing the need to achieve the goals of a three-year program to accelerate and improve the whole Scouting Program.

Physical fitness is considered basic to effective citizenship in war or peace. The three-year program re-emphasizes clean living, outdoor activities and preparedness for daily living. The Scouts will strengthen the use of its Patrol system in order to train boys for citizenship in a democracy. This gives boys the experience of living cooperatively with each other.

Scout officials sense a need for more citizens who can stand on their feet and think for themselves. More rugged outdoor experiences are planned which develop initiative and self-reliance.

Since Scouts have always been trained to "Be Prepared" to render service in critical situations, their Emergency Service program

will be broadened in the next three years. Their training in Civil Defense will also be stepped up.

The twelve Eagle Scouts will be guests at West Point, N. Y., the next day, Feb. 9, and take part in ceremonies in recognition of the Military Academy's 150th anniversary. They will attend church services on Scout Sunday, Feb. 10. The final day of their trip, Monday, Feb. 11, will give them a sightseeing tour of New York, a visit to the newly completed United Nations headquarters and participation in a 42nd birthday party at the National Office of the Boy Scouts of America in New York.

Game Law Violations Less Than Year Ago

AUSTIN—The Director of Law Enforcement for the Texas Game and Fish Commission reported that game law violation cases for

December increased sharply over November but were less than the total for December, 1950.

December arrests totaled 462 with fines and costs totaling \$14,008.45. The December, 1950, arrests were 503 with fines and costs amounting to \$13,307.85. The November, 1950, arrests were 332 for combined fines and costs of \$10,055.20.

Approximately 100 of the 462 cases in December concerned deer law violations. The arrests included these:

Hunting deer at night, 33; killing doe deer, 20; headlighting deer, 16; killing spike buck deer, 9; failure to tag deer, 5.

The waterfowl flight also was marked by some prosecutions. Thirty-six cases involved killing ducks or geese in closed season. Twenty-nine cases were for killing ducks after the legal hour. Seven arrests were for shooting ducks from a motor boat.

Some hunters failed to abide by

the quail regulations and 20 were arrested for killing quail in closed season.

The December arrest also included:

No hunting license, 61; using unplugged gun, 24; hunting from an automobile, 13; killing doves in closed season, 8.

STARKEY—DAVIS

Announcement has been made of the marriage of Miss Dorothy Starkey and Z. D. Davis, Jr., Wednesday evening, January 16. The single ring ceremony was read by Bro. Wayne Naylor in the Naylor home at Brice.

Miss Louveta Cowan attended the bride as maid of honor. Vernon Wallace was best man.

For her wedding the bride chose a navy faille suit with an empress waistline complemented with navy accessories. Her corsage was a white camellia.

Mrs. Davis is the daughter of Mr. and Mrs. Charles L. Starkey of Quail. Mr. Davis is the son of Mr. and Mrs. Z. D. Davis of the Sunnyview community. The couple will make their home in Clarendon where the groom is employed by the Ernest Kent Texaco Agency.

ANNOUNCEMENT

Nashville, Tennessee—Of interest to many Clarendon people will be the announcement of the wedding here on January 26 of Miss Anne McKeown, the daughter of Dr. and Mrs. Boyd M. McKeown of Nashville. Dr. McKeown is the director of Public Relations for the Division of Educational Institutions in the General Board of Education of The Methodist Church and was formerly Dean at McMurray College, Abilene. Miss McKeown is the grand-daughter of Rev. W. B. McKeown of Nashville who was at one time president of Clarendon College. Mr. Smalley is the son of Mr. and Mrs. Ivan Smalley of Washington, D. C. T. E. L. S.S. CLASS
The T. E. L. Sunday School Class met at the church Friday, January 25 to quilt. Mother Lowe pieced the quilt and furnished all material and the class quilted it as a gift to the Arthur's to show some of our appreciation of the good work they are doing. A delicious lunch was served at the noon hour. We enjoyed having Mr. Arthur eat with us. One quilt was finished and one partly pieced.

We will meet Feb. 12 to quilt a quilt for the Children's Home at Round Rock. This quilt will be pieced by Mrs. Todd.

Those to enjoy the day were visitors, Mother Lowe, Mrs. Horace Reid, Mrs. Jake Arthur, Mrs. J. D. Wood in the afternoon, and members Mesdames Williams, Butler, Heath, Rumpy, Rattan, Todd, Bingham, Gibbs, Davis, Simpson, Barns, Barton and Lane.

HOMEMAKER'S CIRCLE

The Homemaker's Circle of the Methodist Church met in Fellowship Hall Wednesday, Jan. 23, with Mrs. H. M. Breedlove as hostess to the group.

Mrs. Ernest Eudy's resignation from the office of secretary was accepted and Mrs. Bill Mooring was elected in her place. Members of this circle will still assist in the nursery during church if needed, but Mrs. Raymond Farr has been put in charge of the nursery. The new nursery is in the basement of the church. There are baby beds, play pens, bottle warmer, and all types of toys. An all out visitation program to increase the WSCS membership was discussed during the meeting.

Mrs. T. M. Caldwell, Jr. gave the devotional. Mrs. Homer Bones

gave a mission study on contributions of Christians to the Japanese people. Mrs. Frank White, Jr. gave the Christian Home topic, "Am I My Brother's Keeper?" Refreshments were served to Mesdames Mooring, Caldwell, Bones, White, Frank Phelan, W. J. Lowe, Carl Bennett, Sam Lowry, Charles Deyhle, Rosalie Rhode, and Bob Moss.

GIRL SCOUTS

Mrs. Mitchell's troop of Girl Scouts met Monday afternoon at the First Christian Church. In the regular recreation period, the girls learned a number of new Scout songs.

During the business meeting a Valentine party was planned for February 14. Preparations were begun for the Investiture Ceremony to be held Thursday evening, February 7, at 7:30 in the First Christian Church.

Both Mrs. Mitchell and Mrs. Lamberth were present for the meeting and reported that all of the girls of the troop has passed their Tenderfoot tests. No other badges have been earned. Membership cards and the Tenderfoot pens will be awarded at the Investiture Ceremony February 7. The girls have made splendid progress, this troop having been formed in October. The public is invited to attend the ceremony.

LES BEAUX ARTS CLUB

Les Beaux Arts Club will meet Friday afternoon at 4 o'clock in the new home of Mrs. Frank Phelan, Jr. in west Clarendon. The program will be a study of famous southern homes.

Mr. and Mrs. E. W. Tyler, Jr. and Barry attended funeral services for her aunt, Mrs. John Rollings, at Hollis, Okla. Friday.

JR. H. D. CLUB

The Junior Home Demonstration Club met Thursday afternoon, January 24, at Patching Club House with Sadie Head and Polly Schull hostesses.

There was no demonstration or program for the afternoon as so many members were absent. All members are urged to be present for the meeting February 14, as plans will be made at that time for the annual Husband's Party. Refreshments were served by the hostesses to Mesdames Wilma Spier, Jean Putman, Ruby Blackman and Klyda Fern Blackman.

DORCAS ALATHEAN

The Dorcas Alathean Class met Tuesday noon for their monthly luncheon, followed by their business meeting. Attending were 17 members and 3 visitors.

Some of the members went visiting after the meeting.

FARM NEWS
From the County PMA Committee

1952 PRODUCTION GOALS AIM HIGHER THAN EVER

The 1952 goals call for total farm output sharply above 1951 and about 50% more than before World War II.

Here are several basic reasons why higher production is necessary:

Even partial military mobilization calls for more food. Population in the U. S. is going up at a rate of 2½ million a year. Abundant production can help stabilize prices.

Reserves must be maintained or built up.

Food can fight for freedom. Corn, grain sorghums, barley, oats, tame hay, cotton, wheat, rice, and potatoes are all in higher demand. Farmers will need to make the best use of every acre without hurting its long time productivity. Better land and water use practices should be carefully planned and carried out.

APPLICATIONS FOR PAYMENT

Let us remind you again that if you carried out a 1951 practice, come by the office and sign your application for payment as soon as possible.

COTTON SURVEY CARDS

Second notices have been mailed to all producers who have not reported their cotton production and cotton acreage for 1951. If you are one of these producers who have not reported, be sure to do so at your earliest convenience.

SAVING SOIL ALSO SAVES BUSINESS

Judging from the number of farms in the 1951 Agricultural Conservation Program and the indicated intentions of farmers this year, it would be safe to say at least 400 farms in Donley County will have planned and approved conservation practices carried out on them in 1952. And this means security and stability for the farmer, who in turn provides security for the cities and towns. Every acre improved by conservation practices spells security for the banks, merchants, and car dealers in town.

The Agricultural Conservation Program is aimed at continued abundant production — Not the mining of the soil now — and moving on later. "Ghost farms" mean "ghost" towns a short time later. Schools, churches, and business as well as the farmer depends on fertile soil.

With the large percent of the farms in the county in the conservation program, the businessmen in town can rest a little easier. This means that the farmers of Donley County are building for the future as well as producing for the present. The conservation practices which the farmers are carrying out with the help to keep the top soil from blowing or washing away — and keeping the soil productive.

There will be no marketing quotas on cotton and wheat in 1952. Increased acreage is the theme for 1952.

More fertilizers must be purchased and stored on the farms of this country during "off" seasons if farmers are to have these fertilizers when they are needed.

Mrs. C. C. LaGrone, Mrs. Brack LaGrone and Stanley, and Jerry LaGrone returned home Monday after a visit in the home of Mrs. Fred Lynn at Victoria, Texas. They also visited in the home of Mrs. LaGrone's sister, Mrs. Horace Dunlap, at Throckmorton.

Guests in the home of Mrs. E. W. Tyler, Sr. and Miss Alice Tyler Sunday were Mr. and Mrs. Jim Clark and son of Pampa, Mrs. Grady Tyler and Larry Dee, Mr. and Mrs. Frank Tyler, and Mr. and Mrs. Guy Jones and children. Mr. and Mrs. John Jones and Mr. and Mrs. Dub Tyler and Barry visited in the afternoon.

Guests in the home of Mrs. M. L. Putman Sunday were Mr. and Mrs. Gene Putman, Mr. and Mrs. Lois Putman and family, Mr. and Mrs. Clyde Putman, Mr. and Mrs. J. H. Spier, Jr. and boys, Mr. and Mrs. Maburn Trout and children, Mrs. Jo Dean McFall and baby, Mr. and Mrs. Bobby Trout and Mr. and Mrs. Bob Williams.

Mrs. Vannie Smith whose home is in Colorado and who is visiting in Groom spent Saturday night and Sunday as a guest in the home of Mr. and Mrs. U. T. Fowler.

Adopts Clinic—

(Continued from Front page)

work and it discovers the WANTS and NEEDS of the citizens for their community.

Describing the actual working of the 'community clinic', Moss continued, "We are going to hold six or seven meetings during the day of February 22 and we are inviting the people to come to these meetings and set-in with us at a round-table, or forum type discussion. We want them to talk and make known their likes and dislikes. We want them to answer our question, WHAT DO YOU WANT? WHAT DO YOU THINK THIS COMMUNITY NEEDS THAT THE CHAMBER OF COMMERCE CAN HELP ACCOMPLISH? Everyone is invited to these meetings. Attend whichever one is at a time convenient for you, however they are set up so that certain meetings will be attended primarily by Students, Farmers and Ranchers, Retail people, Women, Business and Professional people and people engaged in rendering services to the public like garagemen and service station operators."

"You don't have to be a member of the Chamber of Commerce to express your opinion on what is needed in our community; your idea may be the one for which our community has been looking for years; what you want may be what a lot of other people have been wanting for a long time, but no one has taken the trouble to make it known to the Chamber of Commerce", Moss said. "This year we want to do what the people want and the only way we can is for the people to tell us what they want."

Local Flu Epidemic Cuts Big Swath In School Attendance

The flu epidemic which has hit this part of the Panhandle caused a tremendous rise in absenteeism in the local school system this past week and is still taking its toll this week. This particular type of flu is described as a light form causing victims to stay in bed or at home about three days in most cases. The total number of absentee days in the entire school system here the past week was 439 days, better than double any previous week so far this year. This number of absentee days cost the local school system \$395.10. The total absentee days for the lower grades was 283 and the total for the high school was 156. Some classes have had as low as 10 or 12 students but the situation probably will ease up some by next week as most of the entire student body will have had their round of the flu by that time.

CHURCH SERVICES AT MISSIONARY BAPTIST CHURCH

It was announced this week that church services would be held Saturday night and Sunday at the Missionary Baptist Church with Bro. Elwin Lane of Comanche, Texas preaching.

The church, not yet completed, is located three blocks south and one block west on the Brice highway. Services Saturday night will be held at 7:30 with Sunday morning services beginning at 10:30. The public is invited to attend, and hear the message brought by this young minister.

Guy Wright Announces Candidacy for Re-Election As Sheriff, Assessor & Collector

In announcing my candidacy for the office of Sheriff-Assessor & Collector.

I wish to thank the people of Donley County for their support and consideration in the past. I have tried hard to give you the most efficient service possible.

If again elected to this office, I promise to continue to devote my full time to serving you to the best of my ability at all times.

Former Resident Accepts Post In Pakistan

G. Lester Boykin, former Coach and Agriculture teacher here, has accepted an appointment as agricultural extension adviser to the Sindh Province of Pakistan. The Boykin's made their home in Clarendon for a number of years, leaving here in the late 30's.

Boykin, now associate extension director at New Mexico A&M College, will serve under the U. S. government's Point Four program and will have headquarters at Karachi. He will leave in February for his post. Boykin is a veteran of World Wars I and II and is a major in the AAF reserve. In World War II he served 37 months overseas in both the Pacific and European theaters.

Mrs. Boykin and their daughter Betty, will join Mr. Boykin in June. Their eldest son, Jim is with Howard Hughes Aircraft in Calif. and two other sons, Ben and Ed, will remain in college at New Mexico A&M.

Business Firm Provides Financial Backing For a War

AUSTIN—An unusual instance of business providing financial backing for a war is related by Dr. Joe B. Frantz of the University of Texas history faculty.

The war was the Texas Revolution, and the business firm was the mercantile house of McKinney and Williams, an early Texas enterprise.

U. S. merchants would not give credit to the new government of Texas during the Revolution, Dr. Frantz explained. The Republic had no money, no credit and no resources. Finally officials persuaded U. S. merchants to send money to McKinney and Williams, who in turn advanced \$150,000 to feed, clothe and arm Texas soldiers. Frantz credits the firm with making the Revolution possible.

McKinney and Williams established their business at the mouth of the Brazos River at Quintana (now Freeport). In 1837 they moved to Galveston, where they founded Texas' first bank in 1847. Dr. Frantz is the author of "Gail Borden: Dairyman to a Nation," one of the most popular biographies of 1951. At the University, he specializes in the history of business in the U. S.

Mr. and Mrs. M. L. Pittman visited from Thursday thru Saturday in the home of Mr. and Mrs. L. N. Pittman and family in Amarillo.

Mrs. Manley Ozier returned home Sunday from Amarillo where she has been confined at Northwest Texas hospital for quite some time.

Donley County Soil Conservation District News

The grass to be discussed in this column today is King Ranch Bluestem, a variety of Turkestem bluestem introduced in this country years ago by the King Ranch from India. Because this variety did so well on the King Ranch, it was selected by the Soil Conservation Service Nursery near San Antonio for increase plantings, and has now come to be widely used in the Southern part of Texas. It has become so popular the demand for seed has exceeded the supply every year, and consequently the price of the seed has remained so high that the cost of planting large acreages is almost prohibitive.

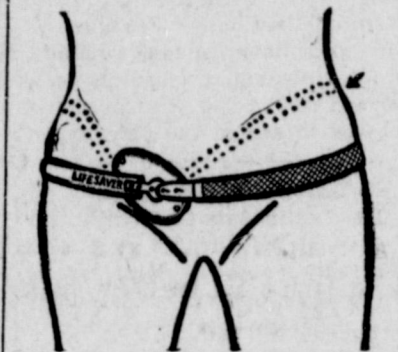

King Ranch Bluestem is a perennial warm-season mid (grows medium high) grass, forming good sized semi-prostrate leafy tufts, the first year. It is an abundant seed producer, and volunteers readily, is drought-resistant, and resistant to the ordinary cold weather here, although some plants did freeze out during the exceptionally cold spell last winter. It tends to spread in pure stands, eliminating all competition, including Johnson grass, but is easy to control on crop land.

King Ranch Bluestem, often referred to as K R Bluestem, greens early in the spring and remains green longer in the summer and fall than most of the native grasses. It also has a higher carrying capacity than most of the native grasses. It is palatable to stock and grazing results from various sources indicate that good gains are made on it. It is also used for hay and erosion control.

Because of its vigorous seeding habit and growing habits, which allows it to meet competition from other plants exceptionally well, K R Bluestem is one of the best grasses tried for overseeding pastures and old fields. Good stands have been obtained by broadcasting, or scattering seed hay, but drilling is better, provided the seed is not covered more than 1/4 inch deep.

There has been less K R Bluestem planted in Donley County than other grasses recommended by the District, but preliminary results indicate that more of it will be planted each year as the seed becomes more plentiful. The best results have been obtained on heavy, mixed and shallow soils, with poor results on sand. K R Bluestem seed are available at the local seed dealers at a cost of \$1.70 per pound as long as the present supply lasts. Between 3 and 4 pounds of the quality of seed now available locally should be planted per acre. The quality of the seed bought from other sources should be checked

CHIROPRACTIC

The Natural Method to Health

While the wide scope of Chiropractic is amazing to the uninformed, we do NOT recommend Chiropractic as a CURE-ALL. Chiropractic is effective in those cases only where the cause is found to be defective in organic energization due to spinal misalignment (subluxation). Most all of our cases are those which had previously resisted ordinary methods of healing. Our examination is designed to eliminate those we cannot help. Case histories published here are from the files of Chiropractic offices throughout the United States. They are related here to show the extent of Chiropractic.

STOMACH TROUBLE

A man of 46 years came to a Chiropractic office complaining of BEING NERVOUS, PAIN IN THE NECK AND SHOULDERS, ACHES AND BURNING SENSATION IN THE STOMACH WAKING HIM UP IN THE NIGHT. Scientific spinal nerve analysis and spinal X-ray examination revealed misaligned vertebrae in the neck causing pressure, and interference with vital nerve waves. Adjustments replaced vertebrae and released the interference permitting a return to normal health. This man is now working strenuously, eating good, and sleeping well.

CHRONIC CONSTIPATION

For forty years a lady had suffered with CHRONIC CONSTIPATION, HEADACHES, EXTREME IRRITABILITY, FEMALE WEAKNESS, and accompanying symptoms. She had tried every sort of treatment imaginable for the constipation especially, but received no permanent relief. In desperation she visited a chiropractic office where a spinal analysis located nerve interference and Spinal X-rays discovered severe misalignment of vertebrae in the neck. After a short length of time her elimination became normal. Her disposition together with other symptoms have improved.

ARTHRITIS

A matron, age 32, came to a Chiropractic Clinic complaining that she had been suffering for five years with terrible pains along the spine between her shoulders which had previously been diagnosed and treated as arthritis. She also complained of period headaches, cramping, low backache, and low abdominal pains. A spinal analysis indicated nerve interference and spinal X-rays revealed vertebral misalignment causing the interference. She was discharged when misalignment was corrected, at which time she had no pains and said she felt completely well.

SICK NERVES

A middle aged woman in a state of nervous exhaustion suffered severe headache, in her own words, WANTED TO BE IN A DARK ROOM AND LEFT ALONE. A variety of treatments had failed to help her. Finally she turned to Chiropractic. The spinal displacement which was the cause of her trouble was located immediately, and a series of adjustments led to this woman's complete recovery. REMEMBER: IT IS NOT TRUE TO SAY "WE DID EVERYTHING POSSIBLE" UNLESS CHIROPRACTIC WAS INCLUDED.

Top o' Texas Hereford Breeders Ass'n Annual Show & Sale, Feb. 4 & 5th

The Top o' Texas Hereford Breeders Association is completing final plans for the annual Show and Sale, which is scheduled for February 4 and 5, at Recreation Park, Pampa, Texas. Mr. Francis Hill, manager of the

Honey Creek Ranch, Grove, Oklahoma, will judge the show, and Walter Britten, of College Station, will again cry the sale. Judging of the breeding cattle will take place Monday, February 4, at 1:30 P. M., and beautiful

bronze trophies will be awarded by the Association for the grand champion bull, grand champion female, and grand champion pair. 79 choice bulls and females will be sold at auction.

A banquet will be held on Monday evening at 7:30, in the American Legion Hall, at which time Leon Hill of Amarillo, noted humorist, will be guest speaker.

Catalogues have been prepared and mailed by the Catalogue Committee, according to Mr. Cliff Vincent, president of the local Hereford Breeders Association. A new building to house a modern wash rack with hot and cold water, for use in grooming show animals, will be ready for this year's show. It will be a Butler

type building similar in construction and appearance to the Show Barn erected last year.

The Agriculture Committee of the Chamber of Commerce, of which Mr. Clyde Carruth is chairman, is again sponsoring the Junior Livestock Show and Sale, which is held each year in connection with the Hereford Breeders Show. Mr. Carruth states there will be some of the finest calves and pigs in the area shown and sold by 4-H and FFA boys this year. Area I includes Gray, Roberts, Carson, Wheeler and Hemphill Counties.

Awards in the Junior Livestock Show will be furnished by the Lions Club and the Rotary Club. Mr. Sherman White, president of Lions, will present the award for the grand champion calf, and Mr. George Scott, president of Rotary, will present the award for the grand champion pig.

The contests will begin at 12:00 noon, Monday, February 4, and will be followed by a banquet hosted by the Agriculture Committee, at 5:30 P. M. in the

Palm Room of the City Hall. Frank Carter, Manager of Combs-Worley Hereford Farms, will again furnish the awards for the judging contest.

Heart Disease Bars Many From Duty, Says Hershey

Major General Lewis B. Hershey, Director of Selective Service, in an appeal for contributions to the February Heart Fund today, stressed the vast drain on manpower heart diseases caused during World War II and predicted "we can assume this ratio will remain about the same in our present emergency."

Describing the loss of men to the Armed Forces caused by these diseases, General Hershey said: "World War II emphasized the tragic impact of heart disease on the nation. The Armed Forces rejected 317,000 young persons because of diseases of the heart

and blood vessels. "An additional 80,000 were discharged because of heart disease during their service in the Armed Forces. We can assume that this ratio will remain the same in our present emergency.

"Our defense efforts and our national health are tremendously affected by heart disease. But science is making every effort to combat this leading cause of disability and death and there is now new hope for all hearts due to the advances made during the past 15 years.

"These advances must continue," General Hershey concluded. "The Heart Fund—your gifts to medical science—help our doctors help us. May I urge you—

for your sake, for your loved one's sake, for your country's sake—to give generously to the Heart Fund. The address is simple, 'Heart, care of Post Office.'"

S. A. Pierce returned home Saturday after visiting the past two months in the homes of I. B. and Guy Pierce at San Antonio.

Mrs. Byron Range, Jr. and children of Shamrock visited the week end with her parents, Mr. and Mrs. June Taylor.

After a woman has had the last word she is just dying to know what her husband is thinking about.

...and for 1952, 366 days of telephone service

We expect 1952 to be an exceptionally challenging year to us. The increased tempo of defense production—continued growth of the Armed Forces—plus our expansion program promises greater demands upon our service.

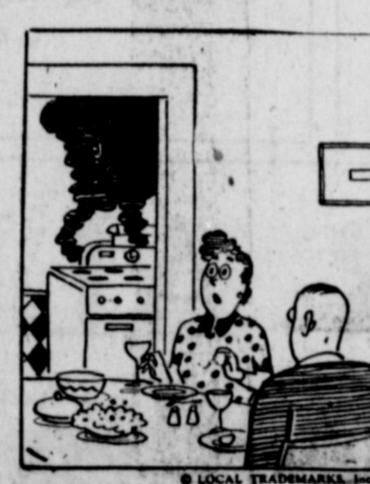

And, remember 1952 is a Leap Year. That's a one-day bonus of telephone service for you.

Leap year in—old year out, you can always depend upon our furnishing you with efficient service.

SIGN OF PROGRESS

in the Gulf South

UNITED BRINGS GAS SERVICE TO 200,000 ADDITIONAL HOMES

Anything that helps build the Gulf South... helps YOU

Yes, in the past ten years, approximately 200,000 families obtained natural gas service for the first time from the distribution and service lines of United Gas. Our Company now serves more than 365,000 residential customers—more than twice the number served at the end of 1941—and all of those families live right here in the Gulf South.

In addition, United transports supplies of natural gas to many more communities where local distribution systems make deliveries to other thousands of families. The growth of United Gas parallels the growth of the Gulf South, and the interests of United Gas are those of all good citizens of the area.

Some liquor facts that we seldom hear or read in the liquor ads:

1. According to Jimmy Fidler the liquor industry keeps a paid staff in Hollywood to see that not one thing unfavorable to their interests gets into the movies.

2. This will surprise some of you. "In no year during prohibition was there as many arrests for bootlegging as there has been in any year under repeal. This information is from the Florida

Crime Commission.

3. In 1932 the last year of prohibition the average person in the U. S. consumed 1.69 gallons of alcoholic beverage. Today the average amount consumed per person is 30.6 gallons. This report is from Home Life, a church publication, in the Feb. issue.

4. Today there is more bootleg liquor than there is legal. This statement is from December issue of Redbook magazine.

These are only a few of the main issues that we hear so often twisted by the liquor industry to fit their cause. Just remember that there is not one argument that will stand up in the light of facts and statistics in favor of legal liquor, just as there is no argument for any kind of legal evil. In the last year I have answered liquor ads, and written the Brewers institute as well as several magazines. I have asked many individuals to furnish me with some authentic proof that we have better conditions when it is legalized. I have yet to find an individual or a company that has the absolute proof from any legitimate source. If you find anything along this line send it to me.

Do not mind growing old, many would give anything for the privilege.

Someone said that it had been so cold in Dakota recently that a 32nd degree Mason dropped 10 degrees.

Some people can look as good at 50 as they did at 30 but it takes them longer.

A fellow was telling me the following for the truth. A few years ago he was travelling with a friend, who was a fellow salesman in the same part of the coun-

try. To save expenses they took turns about in their cars. On the round was one spot that it was not unusual for them to get stuck in the creek crossing. One week they were in his friends car when they became stuck and the friend was driving. After a moments wait the friend said, "Well, get out and push, it's my car." He thought this sounded very reasonable so he did. A week later they were in his car and at the same place they were again stalled; "Well," said his friend, "Get out and push, it's your car."

Every time the government gives me a handout I feel deeply indebted to them, and when you come to think about it, I really am, no kiddin'.

Every second the government spends 20,000 bucks, at the present value of 39cts each that's a lot of dear ticks.

It is my joy in life to find, At every turning of the road, The strong arm of a comrade kind to help me onward with my load; And since I have no gold to give And love alone must make amends, My only prayer is, while I live, God make me worthy of my friends. —Sherman

corner in his speech with a fighting determination to take the veteran "Mister Taum" for a real battle. I liked the way he met the issues squarely and told us how he stood on all the issues; no political hedge-hopping or dodging of facts. I agree with him that we need new blood in the capitol. All the trouble is not due to the blunders of Mr. Truman. Regardless of how high the congressman jumped when Mr. Truman read his budget message the other day this fact is history according to Mr. Heater. "Three times out of the last five times that the president has asked for more money the congress finally gave him more than he originally asked for. That is something to put in our pipe and think about.

"Out of thin air" comes the **HIGHEST HORSEPOWER** in Buick history

NOTE FROM YOUR BUICK DEALER:

Presented here is the story of a great new engine development, as told by the men who did the job. We reprint the story here in its entirety — as we couldn't beat it if we tried.

No, we didn't have to build a new engine. We took Buick's valve-in-head Fireball Engine—which makes the most of high compression. We drew on 12 patient years of Buick carburetion research.

And we came up with more might, more miles, from gas—right out of thin air, in more ways than one.

When you talk about "miles per gallon" you think of fuel, because that's what you buy. But air's free—and for every gallon of gasoline, a busy engine can gulp more than 8,000 gallons of air.

The problem is to deliver air in the right proportions, throughout the full range of speeds at which you drive.

A carburetor—big enough to supply the air needed at full throttle—can be wasteful in stop-and-go driving. A carburetor sized for thrift in city traffic literally smothers your engine when you really give it the gun.

So Buick engineers developed the Airpower carburetor — a four-barrel automatic — and here's how it works.

Loading along, two barrels are working, two stay closed. And you get a low-speed

thrif and smoothness that's out of this world.

As you pick up speed, the "stand-bys" come into play—feeding not just more gas, but more air too—so you keep getting maximum power from each drop of fuel.

You have 170 effortless horsepower when you need it—a tremendous reserve ready to go into instant action at the nudge of your toe.

You have the satisfaction of knowing that you get this power with a frugal use of gas. At 40 you use less gas than you formerly used at 30.

That's the story of Airpower carburetion in facts and figures straight from the factory. But statistics can't tell you the breath-taking joy of heading for new horizons in a great-powered new ROADMASTER.

When can you do that? Better come in soon. Lots of other folks are flocking into our showroom these days to see the greatest array of new Buicks we've had in years.

Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52

THE GREATEST CAR EVER BUILT
IN THE LOW-PRICE FIELD

**The big
1952 FORD**

Out-performs them all!
Ford's completely new 101-h.p. high-compression, low-friction
Six, with free-turning overhead valves, is the most modern
Six in the industry. And Ford's high-compression V-8, now
110 h.p., is the most powerful engine in the low-price field.
Both are available with performance-proved Fordomatic Drive.

Out-rides them all!
The '52 Ford gives you riding comfort such as you have never
before experienced in a car in the low-price field. With front
springs tailored to the weight of each model, longer rear
springs and diagonally mounted shock absorbers, Ford's
Automatic Ride Control gives you the smoothest, easiest ride of
them all—a level ride on straightaways, an even keel on curves.

Out-sizes them all!
The '52 Ford has longer wheelbase, wider front tread and
greater length. It's big outside and big inside, with spacious
seating for six and the largest luggage locker of them all.

Full-Circle Visibility!
With narrower corner pillars, picture windows all around and
a rear window that's 48% larger you have "all-direction"
vision that adds to your enjoyment and your safety.

Exclusive Power Pilot Economy!
Both the new Ford Mileage Maker Six and the Strato-Six
V-8 have the exclusive Ford Automatic Power Pilot. This com-
pletely integrated carburetion-ignition-combustion system
gives you high-compression "go" on "regular" gas.

New Coachcraft Bodies!
Ford's new Coachcraft Bodies are longer, stronger... dis-
tinctive in their modern beauty. They offer new built-tight
construction which seals out dust, weather and noise. And
Ford has more color and upholstery combinations than any
other car in its field!

Out-values them all!
With such modern design and engineering features as new
Flight-Style Control Panel, new Power-Pivot Clutch and
Brake Pedals, new Center-Fill Fueling, and new counterbal-
anced hood and deck lid, Ford adds up to more dollars and
cents value than any car in its price class!

*Fordomatic Drive, Overdrive,
white sidewall tires (if avail-
able) and two-tone colors are
Customline Sedan optional at
extra cost. Equipment, acces-
