Clarendon Welcomes Visitors

WELCOME TO CLARENDON

Welcome to Clarendon July 3rd & 4th for the Big Celebration and Free Barbecue sponsored by the Outdoor Entertainment Association.

We are asking each business to close July 4th for this celebration. Those that can not close all day, please try to arrange your plans to close part of the day so your employees will have an opportunity to enjoy a portion of the celebration.

A special welcome is extended by the City of Clarendon and all those sponsoring this celebration to you people of surrounding communities and towns. This is for all of us, so let's make it a great get-together.

Very truly yours,
Major B. Hudson, Mayor

Stores To Close July 4th

The Leader office has been informed that all business firms in Clarendon with the exception of drug stores and cafes will be closed all day July 4th in observance of Armistice Day and the Big Celebration being held here in Clarendon. This will give employers and employees an equal opportunity to take the day off, help out with the celebration or celebrate in their own manner to satisfy their own personal desire.

SCHOOL TRANSFERS MUST BE MADE BEFORE AUG. 1

Miss Ruth Richerson, county Supt. announced yesterday that all pupils whose grades are not taught in their home district must be transferred to the school of their choice on or before August 1, 1951. This transfer is to be made at the county superintendent's office at the court house.

Youth Center News

Mr. R. E. Drennan sponsored at the Canteen Saturday night. As no parent has volunteered to sponsor Tuesday night the Canteen will be closed. In the event that a sponsor is found, the Canteen will be open after the Rodeo. Any parents interested in sponsoring either Tuesday or Saturday nights may call Geo. Scholtenbarger or Nell Bentley. It is possible for one or two people to be present each and every time the building is opened for students entertainment. Parents, if you are interested in keeping the Canteen open, let's have some calls! —Reporter.

ATTEND WEST TEXAS C - C MEETING

Jimmy Faulkner and R. E. Drennan attended a zone meeting of the WTCC in Pampa Thursday night. The meeting was held in the Palm Room of the City Hall. The principal speaker of the evening was Fred H. Husbands, executive manager of the WTCC in Abilene. He outlined the accomplishments and objectives of the WTCC. Mr. Drennan is a director of the WTCC and Jimmy Faulkner is the local C of C manager.

STUDY IN MEXICO

Ardis Patman, son of Mr. and Mrs. W. M. Patman, is studying at the University of Mexico, in Mexico City this summer. He is working toward his doctors degree, majoring in foreign languages. For the past several years he has taught in Amarillo and prior to that time taught at WTCC in Canyon.

Mrs. Bert Smith and daughter Mariene returned home Monday from Shawnee, Okla., where they visited her parents, Mr. and Mrs. E. Farris. They were accompanied home by her nephew, Johnny Parrish of Shawnee who will remain thru July 4th.

Dr. Humphrey To Open Offices Here Monday

Dr. Ben K. Humphrey, M. D. arrived in Clarendon this past week end to make necessary preparations for the opening of his offices here Monday, July 9th for practice of medicine and surgery. His offices will be located in the Goldston Building.

Dr. Humphrey is 33 years old and his family consists of his wife and two sons Mike and Russell, ages five and three. His family will join him here at a later date.

Dr. Humphrey comes to Clarendon from Denver where he has been with the St. Anthony's hospital staff for the past year. He received his training at the University of Colorado. He was born and raised at Moscow, Idaho.

"From the reception I have received and the people I have already met, I know I am going to like Clarendon just fine," Dr. Humphrey stated.

New Legion Home To Be Dedicated July 4th

Clark Brock Post 126 of the American Legion will hold the formal dedication of their new building at 10:30 A. M. on the morning of the Fourth of July. Pete Kunz, local post commander announced that the ceremonies would be held on the side walk in front of the Legion Hall in order that all might attend. Lou J. Roberts of Amarillo, a Past Department Commander of the American Legion, will deliver the dedication address. The program will conclude before eleven so that all may be ready for the barbecue.

Notice To Farm Bureau Directors And Entertainment Committee

There will be a meeting of directors and entertainment committee at the Lelia Lake school house Tuesday night, July 10th to plan the annual barbecue. The meeting time is 8 p. m. Refreshments will be served. Lee Shaller, president.

Mrs. Clyde Marshall of Compton, Calif. is visiting the Barker families this week.

QUEEN OF THE RODEO

MISS JOANNE CHRISTAL

Joanne Christal Elected Queen Of Rodeo

In a hotly contested race which was climaxed by last minute campaigning Tuesday morning, Miss Joanne Christal was elected Queen of the Rodeo and will reign over the three rodeo performances and other activities connected with the celebration. Voting in the contest closed at 12 noon. The winner received 26,434 votes. Total votes cast in the campaign was 96,851. Miss Christal was sponsored by the Household Supply Co. She is a daughter of Mr. and Mrs. Billy

Christal of Lelia Lake. Miss Sandra Shelton received 2nd place in the voting and Miss Mary Edna Elmore 3rd place.

Contestants campaigning for his honor were: Joanne Christal, da Mae Brown, Glenda Sue Davis, Mary Edna Elmore, Jo Ann Ritter, Alice McCrary, Sandra Shelton, Nellie Jon Heathington, Sandra Bownds, Doris Louise Smith, Nell Bentley, Mary Ann Landers, Mary Lou Barker, Inelle Cox, June Selman, June Star Allred, and Noma Lee Lewis.

Coronation ceremonies will be conducted at the first rodeo performance tonight (Tuesday).

Rev. and Mrs. John Ellis and children of Dallas are visiting relatives here this week.

Clarendon's Anniversary Celebration Gets Underway Today (Tuesday)

LOCALS ATTEND MEETING REGARDING LAKE McCLELLAN

Rayburn Smith, G. W. Bradshaw and Lloyd McCord attended the meeting in Pampa Monday evening in regard to Lake McClellan. There has been talk and discussion that the dam may have to be knocked out to avoid damage down stream on account of damage to the spillway which was partially carried away during recent rains. The group voted to appoint a committee to investigate ways and means of rebuilding the spillway that will be satisfactory and above all to save the dam some way or another. The meeting was well attended with all towns in the McClellan Lake area being well represented.

Services Held Friday For E. J. Ward

Funeral services were held Friday afternoon at the First Baptist Church for Elmore Jefferson Ward with Rev. Rufus Nall and Rev. Ernest Phillips, officiating.

Mr. Ward, age 61, passed away at a Memphis hospital last Thursday morning. He was a retired farmer and had been a resident of Donley County a number of years.

He is survived by his wife, eight daughters, Mrs. Joe Reed, Umbarger; Mrs. D. F. Starkey, Long Beach, Calif.; Mrs. H. E. Hall, Okla. City; Mrs. Jack Golden, Sweetwater; Mrs. Melvin Nolan, Stinnett; Mrs. Elmer Weddele, Lakeview; Dale and Linda of Borger; seven sons, Albert of Estelline; E. J. Jr., of Stinnett; Alton, Amarillo; Jeff of Clarendon; Gene of Long Beach, Calif.; Billy Roy of Lakeview; and Mike of Borger; one sister, Mrs. M. Barrenton of Lomita, Calif., also 19 grandchildren.

Pallbearers were Cleo Woods, Delbert Koen, Clyde Wilson, Odos Caraway, W. C. Ragan and Orville Hill.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Booster Tours Well Received

Those that made the booster tours last Thursday and Friday can readily vouch to the fact that Clarendon was well received by neighboring towns and cities while advertising the celebration and inviting all to visit here the 3rd and 4th. Around twenty vehicles made the trip each day and both tours were enjoyable to those going along. The trips were made without mishap and the only comment was that it certainly would have been nice to have had Saturday's weather either Thursday or Friday as both days were quite warm.

Pampa was ready for the group when they arrived Friday afternoon and the band and other entertainers were put on the air over the new Radio station there.

OFFICERS OF HEDLEY LIONS TO BE INSTALLED

Carl Allmond of Clarendon, Immediate past deputy district governor will install the new officers of the Hedley Lions Club at their next regular meeting Thursday night of next week. New officers to be installed are Clyde Bridges, President; Clifford Johnson, Sec.-Treas.; B. C. Johnson, 1st Vice President; Carl W. Morris, 2nd Vice; H. H. Hall, 3rd Vice; J. W. Noel, Lion Tamer and Rufus Saunders, Tail-twister. L. D. Messer is the retiring President of the club.

The first day of Clarendon's 75th Anniversary Celebration has arrived and things are beginning to hum right along as planned. Cowboys and other visitors began arriving Monday to take in everything, and a record crowd of five to eight thousand visitors is expected on Wednesday.

John Snyder, barbecue king of Amarillo, arrived late Monday afternoon and pitched camp on the lots just east of the Lions Club building. If you pass along that way late today you can smell the barbecue cooking. This chore will be a big one, along with preparation of other foods, as 14 beeves are to be prepared for the Free Barbecue beginning at 11 a. m. Wednesday morning. Rev. L. A. Sartain will give the invocation at that hour.

A brief outline of the two-day program is as follows:

July 3rd (today)
Horse Races at 2:30; First Rodeo performance at 8 o'clock; first dances at Legion Hall and Opera House beginning at 10 o'clock.

July 4th
Free Barbecue beginning at 11 a. m.; Parade at 1 p. m.; Afternoon Rodeo performance at 2:30; Old fiddlers contest at 5 p. m.; Third and last rodeo performance at 8 p. m. and dances again at both places beginning at 10 p. m.

H. M. "Flip" Breedlove and R. E. Drennan, will co-marshal the parade at 1 p. m. on the 4th. Over thirty firms of Clarendon will be represented, hundreds of riders on horseback, many representing the ranches of the area, will be in the line of march. Adding novelty and color to the parade will be a brigade of over fifty children on gaily decorated bicycles. The colors of the Clark-Brock Post 126 of the American Legion will head the parade as it marches down main street. Immediately following the American Legion colors will be the Queen of the Rodeo. The parade marshalls have requested that all entrants in the parade assemble at the north end of main street in the area near the depot not later than 12:30 so places may be assigned in the line of march.

Participants in the grand entry at each Rodeo performance are being asked to be there thirty minutes before each performance so as to be ready and not delay the shows.

City Purchases New Spray Equipment

Mayor Major Hudson announced Monday that the City has purchased a new spraying machine for the purpose of combating insects which are infesting the city. The new machine has two hose and nozzles and will create a 500 pound pressure which is designed to give the desired coverage needed while spraying alleys, etc.

The city has received delivery of the machine and Mayor Hudson stated that it would be put into use shortly after the Fourth. Mosquitoes and other insects have been quite severe this year and the city felt the public as a whole would certainly appreciate the work of the new machine. Here lately, it has been a losing proposition to sit out on the porch or in the yard after sundown as the mosquitoes will nearly carry a person off.

City officials are also encouraging property owners to keep the weeds cut on vacant lots and alleys as this will help to make the spraying more effective. Also take inventory around your premises and see that no containers are holding water for mosquitoes to breed in.

Emmett Allen And His "Sunset Ramblers" To Play For Dance Here July 4th

The picture above is being run again this week at the request of the local Legion to let dance fans get a glimpse of the musicians that will furnish the music for the dance at the new Legion Hall the night of July 4th. This band has the reputation of being able to play string music in a manner that is enjoyable to all. Roy Lee Brown will be at the piano. Some say that Roy Lee can get more dance music out of a piano than anyone they have ever heard before. Make your plans now to attend and dance in air-conditioned comfort.

On the night of the Third, (today—Tuesday night) Phil Phillips and his orchestra of Amarillo will furnish the music. Phil has an outstanding band and is highly commended by dancers from all over the Panhandle. Admission for each of the dances will be \$1.00 per person. The Legion invites you to visit their new home.

The farmers here are complaining about the damage the worms are doing to their cotton. But Slim Hinders says all the worms are not going to get his cotton, because he is going fishing with some of them. Gail Reed sprayed his cotton patch.

Mr. and Mrs. Ed Aduddel and children of Claude visited Mr. and Mrs. Tick Barbee Sunday.

Others came during the lunch hour and still others came later in the day. A bountiful dinner was served, picnic style, at noon, and in the afternoon an old time song fest was enjoyed. Mrs. Billy Mix Phillips was pianist and members of the audience took turns at leading favorite hymns. Attention was called to two members of the church by Rev. Earnest Phillips (now pastor at Martin) one who had been a member 30 years ago, and one who had been a member some two weeks. These were Rev. Charlie Williams, pastor at Goldston now, and Miss Nelda Tims. Former residents who have moved away were present for the day. Some came from Farwell, N. Mex., and others from as far away as Tulsa, Okla. Everyone seemed to enjoy the occasion, and are hoping that it will become an annual affair.

Miss Evelyn Jean Wood left Monday to visit her brother, Mr. and Mrs. Winston Wood at Lubbock.

Last year more than 300,000,000 money orders, totaling upward to five billion dollars were issued and paid by the Post Office Department.

The new money order system will be under the management and supervision of Assistant Postmaster General Osborne A. Pearson, who directs the Department's Bureau of Finance.

All new money orders will clear Federal Reserve Banks in the same manner as Treasury checks or other cash items. The Federal Reserve banks will then turn over the paid money orders to the proper regional Post Offices.

The new money order system is in keeping with the program to modernize and improve the operation of the postal service, as well as to effect economy and the better to serve the general public.

News From The Office of Price Stabilization

With most compliance and filing deadlines past, Office of Price Stabilization price specialists will spend next week helping merchants who are delinquent to bring their firms up to date with regard to meeting requirements of the regulation.

C. M. Erickson, of the Consumer Goods branch of the Lubbock district OPS office, will be in Clarendon this Thursday, July 5, 1951 to help merchants comply with the regulations covering their line of business. While here he will maintain offices at the Chamber of Commerce office, located in The Farmers State Bank building.

His appearance here is under

the co-sponsorship of the Office of Price Stabilization, local chambers of commerce and local civic and business organizations.

"The purpose of these price clinic days," according to District Price Executive C. J. Taylor, "is to help all types of merchants to voluntarily bring their firms in to complete compliance with the regulations." It is the OPS policy to make every effort to effect voluntary compliance and cut to a minimum illegal operation.

Streamlined Postal Money Order System In Effect on July 2nd

Patrons of more than 42,000 Post Offices will find the new and more convenient money order available Monday morning, July 2, 1951, Postmaster General Jesse M. Donaldson announced last week.

Principal changes in the new money order system will make it possible to have a money order cashed at any of the nation's post offices or it may be collected through any bank in the same manner as the depositing or cashing of a check.

The new money order appears

in the form of a punched card instead of the customary paper slip and purchasers will fill out the same form and pay the same fees as has been required in the past.

The regulation that money orders must be cashed at specific post offices has been eliminated. Under the old system, it will be recalled, a money order had to be cashed in the office to which it was issued. If it was cashed at a post office in another city an additional fee was charged.

The new system makes available to the Post Office Department the most advanced electronic business machines. One machine, the IBM Type 808 Proof Machine, has been especially developed for the new money order

purposes and it combines all the advantages of the modern proof machine in widespread use by banks and large department stores throughout the country.

Another of the principal machines to be used with the new system is the Electronic Statistical Machine, workhorse of the 1950 Census tabulation.

The Postmaster General described the inauguration of the new money order system as the largest single accounting change ever made in postal history and said, that the development comes after exhaustive study by the Post Office Department, the General Accounting Office, the Treasury Department and the Federal Reserve Board.

The Department urges users to remember that the new money

orders must not be folded, stapled, spindled or mutilated in any way since they are to be issued on punch cards and processed by

How to make Wise Tracks to a Beauty

How do you buy a new car?
Are you one of those people who buy on love at first sight?
Or do you check cars feature for feature, price for price—then pick the one that gives you the most for your money?
Whichever you are, we'd like to suggest that you come in and see our 1951 Buicks. It's a sure bet you'll go for the swift, smart look of a SPECIAL, SUPER or ROADMASTER—fall seriously in love with the pace and power of its bonnet-filling engine. And it's a cinch you'll go for the room and richness of those Buick interiors—the serene smoothness of Dynaflo Drive* and all-coil springing. But don't let your emotion be the only

judge—get the practical picture too.
Note that the power that gives you such a big kick here comes from Buick's famed valve-in-head Fireball Engine—which means you get a lot of miles from each gallon of gas you buy.
Note that the silken ease you enjoy with Dynaflo* goes hand in hand with real money savings in maintenance costs.
Above all, note what a Buick's price tag includes—how much more sheer automobile you get in a Buick than the same money would buy elsewhere.
How about making tracks to our showroom right soon—checking thoroughly into the matter—and see if you don't fall in love with a smart-buy Buick?

Uncovering Impositions On The Taxpayers

This Congress has done a great work in uncovering many impositions on the taxpayers. Some of these investigations have already been thoroughly publicized. There are many others that are building up facts at the present time and stopping questionable practices on the part of many people praying upon the public treasury. A subcommittee of the Committee on Veterans' Affairs, headed by Congressman Olin Teague of Bryan, Texas, is doing an admirable job in ferreting out such vicious practices under the GI Bill of Rights. When this report is finally completed, it will astound the people to learn of the many questionable, if not fraudulent, practices that have been used to collect money from the taxpayers' pockets. These practices are a definite injustice to the honest and sincere veterans who are intended to be benefited by the GI Bill. Nothing to me could be lower than for some individual or organization to use the veterans' benefits laws to line their own pockets. The veterans organizations are much disturbed about these vicious prac-

tices and are doing something about it. The benefits under the GI Bill could have been extended to Korean veterans several months ago had it not been for the uncovering of the many discrepancies in the use of these funds. I was astonished to find that the subcommittee is uncovering evidence that involves many people who appear to be upstanding and honest citizens. I will try to give more detail on this subject as soon as it is available.

Defense Production Act

The time draws near for some action to be taken on the question of extending the powers under the Defense Production Act. Many members of Congress feel that the powers granted under the Defense Production Act of 1950 have been misused, and these members will not vote for an enlargement of controls and in many instances will not vote for the extension of the present controls. It has always been my position that if controls are needed, they should be completely across the board and should be used only for the shortest possible time. We are all against inflation and know that it must be stopped. However, controlling one business and turning another loose is not going to stop inflation. The only remedy for inflation is more production, that is,

a more equal balance between the goods available and the money in circulation. The dire necessity for goods and materials to be used in the defense program will create a definite shortage on the civilian front unless we meet the challenge and produce enough to meet both the defense needs and the civilian needs. This cannot be done unless the American people are willing to meet the challenge and do the producing. I say that America will do it. Our choice today lies between more production or economic controls. To me there is only one answer, and that is more production. This will not only protect the little people, but it will stop any trend toward a regimented economy.

Theodore Roosevelt was the first American hero to have ticker tape dumped on him as he rode in a parade.

The world won't beat a path to your door even if you have a wonderful trap—if you keep it rattling all the time.

Only about three per cent of the adult population of the United States is naturally red-headed.

Aside from cheese, rats also enjoy doughnuts, apples, sweet potatoes, and peanut butter.

The mystery is solved about the person from Eire. Liam is short for William. Now ain't that something; we use the first part as Will or Bill and they use the last part. Anyway, the person was a man; a young fellow almost 24. In the last six years he has been given up at times to die with TB, but now he is on the

road again to recovery. He writes real interesting letters if any of you wish to write him. I will include one sometime in my column.

Congratulations to Clarendon on all their big plans for the Fourth of July celebration. I hope I can be there. I can't fiddle, I can't walk in the parade, I can't dance, I am too spry for an old-timer, but I could eat the free barbecue. Anyway, if I don't have to haul wheat from the combine I'll be there. You know what is wrong the reason you can't get any help to do anything; too many of the wheat farmers who lost their wheat and ought to be willing to help their neighbors are working in their cotton. Law me, I even passed a fellow break-

ing a pair of mules to work his cotton with. Anyhow, my heart will be in Clarendon, on the Fourth.

I had a great uncle named Joe. As Bob Burns would have said he was my preachin' Uncle. He used to tell a story that has always stayed in my mind. It was about the fellow who either belonged to his church or claimed to be that brand of Christian but would never take any active part, not even go regular. Anyhow, he used to say that they reminded him of the little dried up knotty peaches that were not fit to eat and were just left on the tree. Pop they didn't look much like peaches; had no goody on their

How many "Independence Days" have we left?

"We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed..."

Immortal words from the Declaration of Independence, adopted on the first 4th of July, just 175 years ago.

THESE WORDS are the stones upon which man built history's greatest work—the United States of America. Remember them well!

"... all men are created equal..." That means you are as important in the eyes of God as any man ever brought into this world. You are made in His image and likeness. There is no "superior" man anywhere.

"... they are endowed by their Creator with certain unalienable rights..." Here is your birthright—the freedom to live, work, worship and vote as you choose. These are rights no government on earth may take from you.

"... That to secure these rights, governments are instituted among men..." Here is the reason for and the purpose of government. Government is but a servant—not a master—not a giver of anything.

"... deriving their just powers from the consent of the governed..." In America, the government may assume only the powers you allow it to have. It may assume no others.

From Concord to Korea, your kinsmen have fought and died for the principles of America's Declaration of Independence: belief in God... belief in the God-given rights of man... belief that man is more important than government... belief in the vital need for morality in all man does.

But on this Independence Day, as never before, these beliefs are in deadly peril. There are people in America who would deny your God-given rights, who prefer expediency to morality, and who would make government the master—not the servant—of man. These people are the advocates of an all-powerful, all-providing socialistic government to control your destiny from cradle to grave.

The time has come to answer them with your own "Declaration of Independence"...

Declare that government is responsible TO you—rather than FOR you.

Declare that freedom is more important to you than "security" or "survival."

Declare again that the rights God gave you may not be taken away by any government on any pretext.

Our founding fathers accepted the truths of America's Declaration of faith alone. Today, our nation is proof—absolute and irrevocable—that these truths work. They are the last great hope for the protection of human civilization.

FREEDOM NEEDS YOU

On this 175th anniversary of the Declaration of Independence, help give the day the spiritual, religious meaning it had to the founding fathers.

Renew your faith and allegiance to the immortal truths stated in the Declaration. Make them an active part of your thinking, your acting, your voting.

Pray for help in maintaining man's closeness to God, in preserving man's God-given rights and responsibilities against those who would make you dependent upon a socialistic, all-powerful government.

"... we need only to recall that the substance of (America's) formula is continuous, strict and closely guarded limitations upon the power of government. Neither the peril of war nor the promise of welfare must ever serve to relax any item of this formula..."

From "The Key to Peace" by Dean Clarence Manion.

Memphis Women Leave For Europe

Mrs. A. W. Howard and her daughter, Mrs. Gloria Howard Whiteside left Memphis Friday on an extended tour of Eastern cities in the United States and several European countries. They will be gone about two and a half months.

Mrs. Whiteside will be one of a group of musical artists who will tour Europe this summer under the guidance of Dr. Leo Podolsky, famous concert pianist, lecturer, international traveler, and music magazine editor. Mrs. Howard also will accompany the party as they tour Holland, Belgium, France, Italy, Switzerland, Western Germany, Austria, Spain and Portugal.

Mrs. Whiteside will attend all master and private classes conducted by Dr. Podolsky while he is visiting instructor at the Mozarteum in Salzburg, Austria. The party will attend festivals and various musical concerts in connection with this musical shrine.

Mrs. Howard and Mrs. Whiteside will drive to the East coast with Mr. and Mrs. Charles Imbordino and children, of the Howard ranch near Clarendon, and will visit relatives. Before leaving for Europe they will visit in Boston with relatives, in New Haven, Conn. with Mrs. C. Graziani, who was the former Jacqueline McMurry of Memphis, and New York City with Mrs. Howard's sister, Mrs. M. DeSantis.

July 10, the party will fly to Paris in time to help the city celebrate its two thousandth birthday anniversary. The tour by private car over most of Europe will take approximately two months. September 10, the party will return to the United States by air.

Mrs. Whiteside, the former Gloria Howard, was born Christmas Day, 1932 in Memphis where she attended Junior high school and studied music under Mrs. Conley Ward and dramatics under Mrs. T. M. Harrison. She was

Draft Law Extended In Amended Form To July 1, 1955

AUSTIN, July 2 — The draft law, scheduled for expiration July 9, has been extended in amended form to July 1, 1955, Brigadier General Paul L. Wakefield, state draft director, reminded Texas people today.

General Wakefield noted the following important changes in the Selective Service act:

1. Men inducted will serve for 24 months as compared to 21 under the old law. Males must register at the age of 18, as formerly.

2. Men are liable for induction at the age 18½ instead of 19. No man below 19 can be inducted so long as a board has eligible older men.

3. Physical and mental standards for service have been lowered, with the result that some men now classified IV-F will be found suitable for I-A.

4. The present strength of the armed forces, approximately 3½ million, can be raised to 5 million men.

5. Except for cases of extreme hardship, a man may not be deferred for dependency on the basis of a wife alone.

6. Men now or hereafter deferred on educational, occupational, farming, or dependency grounds will remain liable for service until age 35. Men not deferred are liable only to 26th birthday.

7. Conscientious objectors to military service shall be ordered by local boards, subject to regulations prescribed by the President, to perform civilian work in the national interest for 24 months.

8. Men entering the service by way of a draft board are obligated to serve six years in the reserves after discharge.

9. High school students will be deferred until graduated, until they attain age 20, or until they fail school work.

10. Some college students may be deferred on the basis of class standing during last completed school year, or on the basis of a government-sponsored test. The local board is not bound to defer on the basis of this information, but can defer on consideration of it. Some other college students may be deferred on a less competitive basis.

11. No inducted man may be assigned overseas until he has had four months training.

12. All enlistments in the armed forces, reserve and regular, which expire after July 9, may be extended by the President for one year. No person shall have his enlistment extended a second time.

Mrs. Dick Vallance spent the week end in Memphis visiting in the home of her parents, Mr. and Mrs. L. O. Dennis.

Bro. John Reynolds of Tyler has been holding revival services at Chamberlain school and visiting here the past week. The meeting closed Sunday night.

OVER INCH OF MOISTURE FALLS THIS WEEK

The month of July started out fine as far as moisture is concerned with a total of 1.11 inches being recorded at the official weather station at the Airport by Mrs. Edna Smith. The moisture was quite welcome in place of the heavy hail storms that hit the area down around Lubbock. Worms is the big problem in the

cotton crops at the present and spraying operations are going full blast all over the county. The added moisture has helped to cool things off a bit and coming at the time that it did, July 1st and 2nd gives us a brighter outlook for fair weather during the celebration.

"The Gentlemen's Magazine" was the first periodical to be called a magazine.

Bobby Emmons of Lubbock spent the week end with her parents, Mr. and Mrs. A. J. Emmons.

J. R. Cowan and children, Katherine and Jeff of Borger visited relatives here Saturday.

Harold White of Ft. Worth arrived to visit thru July 4th with his parents, Mr. and Mrs. F. A. White, Sr.

THE MOST POPULAR ONE-WAY PLOWS

Yes, Minneapolis-Moline Wheatland disc plows are the most popular one-way plows, and there are many reasons why they are the favorites. MM Wheatlands plow from 3 to 9 inches deep, and have a wide range of adjustments of angle of the discs from 40 to 60 degrees for various soils and conditions. Discs of 26-inch diameter spaced 10 inches apart turn soil better. MM "Bridge-Trussed" frame has a reputation as the frame that "can't wear out or give." Rear wheel and axle design permits full weight of the axle assembly to hold the end of the disc gang to its work at the depth for which the plow is set. Special MM end-thrust bearing takes all end thrust of the entire gang assembly. For a better quality plowing job at lower cost and for more years of dependable performance make your next one-way an MM Wheatland disc plow. Ask us for complete facts on 4, 5, 8, and 10-foot sizes, hand and power-lift models.

LEADER CLASSIFIEDS GET RESULTS

and SOCIAL SECURITY

In March monthly checks, in the form of Federal Old Age and Survivors Insurance payments, amounting to \$107,000 were mailed to 3,4003 residents in the Amarillo Social Security field office area. This area includes the 26 Panhandle Counties.

More than one-half of the persons receiving payments are retired wage earners and their wives. The remaining checks are to survivors of deceased wage earners.

The marked increase in the number of persons receiving

these checks, and in the amount of the payments, is largely due to the passage of the 1950 amendments to the Social Security Act. J. R. Sanderson, Manager of the Amarillo Office, points out that that legislation increased the amount of the individual checks and lowered the eligibility requirements for entitlement to payments. Retired workers who are 65 years of age and have worked as much as a year and one-half in employment covered by the Social Security Act should contact the Amarillo Office if they are not already receiving Social Security checks, Sanderson said.

Mr. and Mrs. J. I. Spurgeon and Mrs. Bob Hutson visited the last of last week with Mrs. Will Hailey in Plainview. Mrs. Hailey, who underwent surgery recently, is doing nicely at this time.

Mr. and Mrs. Clyde Barker and family visited Sunday in Dumas in the home of Mr. and Mrs. C. F. Lewis and family.

Gabie Betts Burton Library Notes

By May L. Prewitt

There is some excellent material donated to the English shelf that was received the past week, also books and boys magazines given by Jimmy D. Lowry.

For the girls we have a new Nancy Drew copy, "The Clue of the Black Keys" which they have been asking for me to order. Then we have some miscellaneous donations among these is "The Lusty Texans of Dallas" by John Williams Rogers. You perhaps know that six states previous to ours has published volumes in the "Society of America Series." The aim of these volumes is to portray the individual characteristics and trace the growth of sectional societies with special emphasis on local traditions and on the personalities who embodied them.

There was a slight lull in the call for books the past week, so we catalogued quite a few new Golden Book Series for the little people's reading shelf.

Yesterday's paper printed a lengthy article advertising the movie "Take Care of My Little Girl." We have a copy of the book, if some of the younger girls care to read it.

Four of Norman Vincent Peal's books are on our shelves. There are quite a few books of non-fiction that are excellent reading when you find time to read.

Mrs. C. L. Benson and children, Judy and Jill, and Mrs. Willard Skelton and children, Sandy and Sue, were Amarillo visitors Saturday. The children appeared on "The Man On The Street Program" over KGNC.

Mr. and Mrs. H. R. Cowan and family of Amarillo visited Saturday and Sunday in the home of Mr. and Mrs. E. J. Thompson and with Mrs. J. R. Cowan and Louvetta.

Hedley Ball Club To Play Claude Sunday On Hedley Field

Hedley will play a double header against Claude at Hedley next Sunday. The first game will start at 1:30 p. m. There will be no advance in admission prices. This is the first time these two teams have met in league play this year. The first game was rained out, hence the double header next Sunday.

Hedley lost to Washburn at Washburn last Sunday 7 to 3. Bobby Everett, starting pitcher for Hedley, held the Washburn boys scoreless until the fifth when errors and timely hits gave the Washburn hitters a big inning and the ball game.

LOCALS LOSE TO CLAUDE AS GAME GOES TO INNINGS

The local baseball club swung it out with the Claude team here Sunday afternoon only to be defeated when the visitors made three runs in the 10th inning to clinch the game. Eddie Reynolds pitched until the 7th at which time he was relieved by Brooks. Reynolds pinch hitting also drove in the tying run to keep Clarendon in the ball game. The score ended 9 to 6 in favor of Claude.

The locals will journey to Groom next Sunday for their next League game and invite everyone interested to go along.

Leader Published Early This Week

Due to the Celebration which is now going on, the Leader is being published early so we all may take a part in all events. The Leader office will be closed July 4th.

We want to thank everyone for turning in news and advertising copy early. We could ask for no better cooperation than we have received or could we find such any other place, for they just don't have any finer people than here in Donley County. Our rural correspondents are to be complimented for their efforts and promptness. Those ladies either brought their news in bright and early Monday morning or had their items in the mail carriers hands to be delivered to us at noon.

Thanks again to everyone, and the Leader force extends a warm welcome to all visitors and we truly hope you, your neighbors and friends have a wonderful time during the entire celebration.

LOCAL BANKS FINANCIAL REPORTS IN THIS ISSUE

In view of the fact that a short crop was made last fall and a much shorter wheat crop this summer, local banks show a good financial status for this area. The three local banks have a combined total of deposits amounting to \$4,726,641.04 at the close of business June 30, 1951 as compared with a total of \$4,959,430.94 at the same time in 1950. This shows a decrease of only \$232,789.90. In the loan departments of the three banks there is an increase in the total with the three banks showing a total in loans amounting to \$1,953,341.42 as compared with \$1,658,318.77 in 1950. This is an increase of \$295,022.65.

Many a man has roamed the streets late at night without a reason. If he could think of one he would have gone home earlier.

The law requires that you have a reason before you can get a divorce. Why not require one to get married?

Men are like steel. When they lose their temper they are worthless.

It amazes us to see girls dancing with girls. We didn't think any woman would stand being pushed around by another woman.

FARM NEWS
From the County PMA Committee

ACP FUNCTIONS EXPLAINED

The Agricultural Conservation Program has three major functions in helping farmers produce what is needed in the Nation's defense effort.

The first is to prevent a breakdown of the farm plant through erosion, leaching or deterioration. Such a breakdown not only reduces production to meet present needs but it means less from this land in the future.

ACP does this by assisting farmers in the construction of terraces, laying out contours as a pattern for farming operations, building of erosion control dams, sodding waterways, and installing structures to handle excess run-off without damage to the land.

The second function is to aid in carrying out conservation prac-

tices which prevent erosion from getting started. This is done by building up resistance to erosion by strengthening the soil structure. Turning under a green manure crop to restore organic matter and humus to the soil as a means of strengthening the soil structure is an example.

The third and vitally important function today is helping farmers to carry out soil and water conservation practices to increase production from the farm plant. All ACP conservation work has this for its objective but some practices are more effective in accomplishing this end than others.

The use of sweet clover or some other good legume in rotation to restore nitrogen and vegetable matter to the soil, the conservation of moisture through contour farming, increasing livestock production through pasture renovation and improvements are examples.

Attention is now centered on those practices which will result in greater production to meet today's needs, with particular emphasis on practices which meet the needs of individual farms.

BILLION-BUSHEL WHEAT CROP FORECAST

Prospects are for a 1951 wheat crop of 1,054 million bushels, the eighth successive crop to exceed a billion bushels, according to Department of Agriculture reports. This would be slightly more than the 1,027 million bushels harvested a year ago. Abandoned acreage — the heaviest since 1935 — is being replanted to much-needed feed crops, mostly corn and sorghum. Spring wheat acreage is a fifth larger than last year; June 1 conditions point to a spring crop of about 349 million bushels — the largest since 1915.

While the first official 1951 corn forecast will not be released until July 10, prospects are generally favorable.

Production of oats is indicated at 1,341 million bushels, compared with 1,465 million last year and the 1940-49 average of 1,312 million; adverse weather during the winter severely damaged fall seedings. Barley production is indicated at 255 million bushels, compared with 301 million in

1950 and the average of 307 million. Rye production is forecast at nearly 24 million bushels, 828,000 bushels more than was harvested in 1950 but 6.4 bushels below the 10 year average.

grasslands not only brings greatly increased yields of forage crops, but enriches the nutritive value of the crops as well.

Growers that had cotton in the 1948 CCC loan program are receiving about \$18 per bale as

their share of the proceeds from the sale of the cotton by CCC.

Between the great things we can't do and the little things we won't do, the danger is we shall do nothing at all.
