MIDWAY

Mrs. John Goldston

Mr. and Mrs. Quattlebaum have been entertaining company this past week. Mrs. Elmore Thumner, a friend from Chickasha, Okla. and Mrs. Quattlebaum's brother and wife from Eunice, N. M., her three sisters and a niece and nephew, one sister from Seminole, Texas, one from Hobbs, N. M., one from Ft. Worth and nephew from Amarillo.

Mrs. Wilma D. Richerson of Phillips, Texas spent Sunday with her parents, Mr. and Mrs. Smith.

Mr. and Mrs. Harold Phelps of Clarendon visited with Mr. and Mrs. Marvin Jones Sunday evening.

Mr. and Mrs. F. E. Caraway and Mr. and Mrs. C. E. Lindsey were dinner guest in the home of

their sister, Mr. and Mrs. Smith. Mrs. Marvin Jones visited with Mrs. Smith Monday morning.

Mr. and Mrs. Bill Mooring entertained with a birthday and Father's Day combined dinner honoring her father, Mr. and Mrs. Barker of Hudgins Sunday.

Mr. and Mrs. Troy Coker and children of Lovington, N. M. arrived last Monday to visit her parents, Mr. and Mrs. Glen Williams. Mr. Coker returned and Mrs. Coker and children remained over for a weeks visit.

Mr. and Mrs. Bill Moreland of Abilene spent the week end with his parents, the Morelands.

Mr. and Mrs. Al Word and children were supper guests Saturday evening in the Moreland home.

Mr. and Mrs. Bill Mooring were guests in the home of Mr. and Mrs. Bud Moore in Clarendon Saturday evening.

Mr. and Mrs. Bennett have moved to the former McCrary farm.

Mr. and Mrs. Edwin Eanes had as dinner guests Saturday evening Mr. and Mrs. Floyd Naylor and son Jerry of Wichita Falls, Mr. and Mrs. Gene Chamberlain and son Mike of Memphis.

Mr. and Mrs. Floyd Naylor returned home Sunday after a visit with his sisters and her relatives.

Mr. and Mrs. Loyd Moreland visited with Mr. and Mrs. Wells Sunday evening.

Mr. and Mrs. Edwin Eanes were supper guest in the home of Mr. and Mrs. Gene Chamberlain in Memphis Sunday.

Mr. and Mrs. Lee Shaller visited with Mr. and Mrs. Mulkey at Happy on Sunday.

MARTIN

Mrs. W. H. Morrow

Mr. and Mrs. Buck Roberts and Charles visited in Amarillo Sunday with their daughter and family, Mr. and Mrs. Gene Davis.

Mr. and Mrs. Ralph Morrow and son Ralph Carroll of Amarillo visited over the week end with their parents, Mr. and Mrs. W. H. Morrow and Mr. and Mrs. Otho Churchman of Clarendon.

Mrs. Clyde Marshall and family of Los Angeles, Calif. are visiting her parents, Mr. and Mrs. Will Barker.

Miss Norma Gene and Nelda Easterling of Los Angeles, Calif. are visiting JoAnne and Wanda Sibley this week.

Loyd Reynolds and family of Amarillo visited his parents, Mr. and Mrs. R. O. Reynolds Sunday.

Mrs. Guthrie and family of McLean, Raymond Reynolds from overseas, Mrs. Kirk McAnear and family of Ashtola and Mrs. Geo. McCracken and girls all visited in the home of Mr. and Mrs. R. O. Reynolds Sunday.

Mr. and Mrs. Jordan from Arkansas, brother of Mr. Will Jordan, Dudley and Martha Robertson from Pampa, Mrs. Bill Jack Jordan and Carlo Sue of Amarillo all visited in the home of Mr. and Mrs. W. L. Jordan Sunday.

Mr. and Mrs. Dock Higgins and son of Amarillo, Mr. and Mrs. Clyde Pittman and son of Stratford, Mr. and Mrs. Raymond Waldrop and family all visited their parents Sunday. In the afternoon they all visited Mr. and Mrs. Rommie Derrick of Midway.

Mr. and Mrs. W. D. Higgins visited in Amarillo Saturday.

Mr. and Mrs. L. L. Waldrop of Clarendon ate supper Wednesday night with Mr. and Mrs. Raymond Waldrop and family.

Mr. and Mrs. Tick Barbee and family visited her parents, Mr. and Mrs. George Bulman Sunday.

"THE GRANDEUR THAT WAS ROME"—A Roman policeman stands guard next to the statue of an ancient Roman sentry on the grounds of "Eur. 42," a project started by Mussolini to house the 1942 world fair and cancelled by World War II. While workmen change the site into a housing project, police stand guard over buildings which will eventually become museums, schools and lecture halls.

Mr. and Mrs. Billie Jack Land and boys of Clarendon visited Mr. and Mrs. Pete Land Sunday.

Mrs. J. H. Easterling went home with her son Mr. and Mrs. J. T. Easterling of Los Angeles, Calif. to spend the summer.

Mr. and Mrs. Harold Childs of Amarillo is visiting her father, Mr. Chester Talley this week.

Miss Della Wood visited Mr. and Mrs. Lonnie Wood and Mr. and Mrs. Arlie Wood Sunday.

Mr. and Mrs. Winston Wood from Lubbock and Mrs. J. D. Wood and Evelyn visited Miss

Della Wood Sunday morning awhile.

HUDGINS

Mrs. Carl Barker

Mrs. Ferris Keller and Barbara of Levelland and Mrs. Earl Stout and Don of Amarillo spent last week with Mr. and Mrs. John Perdue.

Mr. and Mrs. Buster Vaughn of Lubbock spent Tuesday night with Mr. and Mrs. Barker.

Mrs. C. J. Williams visited her daughter Nadine Wilkerson of Amarillo Friday.

Ruby Mann and Mrs. A. C. Carter spent last week at Dumas. Red Carter is improving.

Mr. and Mrs. C. T. Williams of Clarendon spent Thursday afternoon with Mr. and Mrs. C. J. Williams.

Mrs. Harvey Shaw visited Mrs. Nollie Simmons Friday afternoon.

Mr. and Mrs. Ira Self spent Sunday with relatives at Sudan.

Mr. and Mrs. Barker spent Friday with Mr. and Mrs. W. O. Mooring and boys of Midway.

Drucilla Foster, Wanda and Betty Elliott spent Wednesday night with Mr. and Mrs. Buford Holland.

Mr. and Mrs. Harold Elliott of Jacksonville spent Friday night in the W. O. Elliott home.

Mrs. Leonard Putman and daughter, Jo Ann of Clarendon spent Tuesday afternoon with Mrs. Harvey Shaw.

Guests of Mr. and Mrs. C. J. Williams Sunday were Mr. and Mrs. Oscar Wilkerson of Lelia Lake, Keith Reed, J. L. Williams, Mr. and Mrs. Kenneth Wilkerson, Drucilla, Lea Etta, and Virginia

Foster spent Thursday with Wanda and Betty Elliott.

The Quilting Club met with Mrs. George Self Thursday afternoon. Those present were Mrs. W. O. Elliott, Mrs. D. R. Kootz, Mrs. Price Webb, Mrs. Alton Webb.

Library Notes

By May L. Prewitt

A friend gave us some MacMillan publications that are good reading for intermediates. These are "Your Land & Mine" and "We Grow Up". Of the "Snippy, Snapp, Snurr & The Yellow Sled" series we have one edition, "Three Little Bunnies" is cleverly illustrated. Gaston & Josephine" is a Golden Book. "Lone Ranger & The War Horse" and several other Wonder Books have been added to our list.

The adult readers will likely enjoy "Hudson Bay Trader," by Lord Tweedoumir. It is a diary of a year among the Eskimos of Baffin Land. This was a gift book. Quite a few of our readers use only non-fiction. We have Yerby's new book, "The Saracen Blade." His books appeal to practically all my adult readers.

The Book Review section of The New York Herald Tribune has a discussion of Carl Sandburg's "Lincoln" that was given us last week by Mrs. Cowan and children. There are six volumes, and it is quite a valuable asset to our shelves. The article I mentioned is by Douglas Southall Freeman. The Library has some wonderful friends who have aided us in making it a success.

\$100,000 BOND ISSUE WOULD NOT INCREASE CITY TAXES

A bond issue is the only answer to financing a proposition of this kind and the only way to accomplish these needs without placing a burden upon the tax payers. In order for the taxpayer to vote for this bond issue without further taxation, a plan has been worked out by the city officials whereby the sum of fifty cents per water meter per month would retire the bonds, and taxes would not have to be raised. Our water and sewer rate is much lower at present than all of our neighboring town's rates, and this small all-over water raise could not pos-

sibly financially penalize any citizen of Clarendon, Texas. This program has been studied by your city officials with competitive engineers, contractors and Bonding Companies. Consequently you will be assured the best possible deal available on these projects.

Undoubtedly this question will arise. What is the present financial condition of the City of Clarendon? The answer is—good. Mr. J. M. Stensaas, a Financial and Bond expert, who represents the Bonding Firm of R. A. Under-

wood & Co. in Dallas, reported to the city officials this week that the City of Clarendon is in much better financial condition today than most of the towns of equal size and larger where Bond Issues elections have carried, and that the City of Clarendon could support this issue without an increase in taxes. He also stated that Clarendon's needs seemed to be greater at this time than most towns of her equivalent.

The present tax rate is a maximum of \$1.50. However, the city is only charging the taxpayers \$1.35. The interest and sinking fund uses seventy cents while the general fund uses sixty five cents. These figures will remain the same. It is to the interest of every man, woman and child in the city of Clarendon to realize that this is a program of necessity and should be supported wholeheartedly.

Soil Conservation District News

The 1952 spring grass planting is about over for this year. Records kept in the Soil Conservation Service office indicate that the eight District grass drills were used on 121 different places for a total of approximately 4720 acres. In addition Bill Cooke who owns his own grass drill, reported drilling about 230 acres and Bill Harris used Cooke's drill on about 100 acres, bringing the total acres of grass drilled in the District to at least 5,100 acres. Beside the grass drilled, there was approximately a total of 1500 acres of Sand Lovegrass seeded by airplane, making a total of 6,600 acres planted to grass this spring in the Donley County Soil Conservation District.

More Sand Lovegrass was planted than any other one kind, a total of 2,055 acres. Sand Lovegrass was also popular in mixtures of various grasses. Sand Lovegrass and Indian grass was the most used of the mixtures, totaling 1,102 acres.

Weeping Lovegrass was second in choice of grasses, being planted on 1,736 acres. It and Madrid Sweetclover was planted as a

mixture on 494 acres. In general, weeping lovegrass was not planted in mixtures with other grasses because of the fact that it is not as palatable to livestock during the growing season. Although it has not been tried for a long enough period to be proven, it is thought that weeping lovegrass and Madrid Sweetclover will prove to be an excellent spring pasture, since both start their growth early.

Various other grasses, such as King Ranch Bluestem, Blackwell Switchgrass, Blue Panic, Side Oats Grama, Blue Grama, Sand and Little Bluestem, or mixtures of these grasses with Sandlove, Weeping Love, or Indian were planted on about 1,100 acres. Over 118 acres of pure Madrid Sweetclover was planted.

Buffel grass, the wonder grass according to the publicity it is receiving, has been planted by a number of individuals on a trial basis. It will be interesting to learn what Buffel grass will do in this district.

So far, plantings observed indicate that in most cases fair to good stands of grass are being obtained. The final result will depend largely on the amount of rainfall received this summer.

viewed by his teacher to tell the truth about the loss to his parents, Dr. Haskew said. But at home his mother may say, "Answer the phone, please, Johnny, and if it's Mrs. Willis, tell her I'm not in."

At the dinner table, Dean Haskew added, the boy may hear his father tell of a business deal in which he made a \$1,000 profit because he found a man "out on a limb," and sawed the limb out from under him.

Discussing the school's role in teaching moral and spiritual values, Dr. Haskew commented:

"The question is not whether we could, or whether we should be teaching these values. In our own section of the country, most teachers already are doing their best to instill in their students a religion of the practical, everyday sort.

"The real question, then," he continued, "is what we can do

actually to achieve better the goals we seek."

Dean Haskew said teachers can create moral and spiritual values in students by "catching" the values themselves, thus serving as examples; by creating a classroom atmosphere in which the values are shown, as well as talked about; by direct teaching; and by a "life-centered" approach—teaching children to use the values as a guide for thinking out their problems.

Mr. and Mrs. Ray Couch of Ft. Worth and Mrs. Couch and Gwendolyn Couch of Austin visited friends and relatives here the latter part of last week.

S. A. Pierce and Priscilla Wright spent several days last week in Lubbock where they visited in the home of Mr. Pierce's daughter, Mrs. Sled Allen and Terry.

Waterworks Improvements

Our fire insurance rate is governed largely by the water facilities with which we have and operate to control the fires in our city. Much of our present water system machinery, and many of our service lines, are obsolete and require a great deal of maintenance money to keep them in working order. The State of Texas Fire Department Inspector, after a recent inspection, informed the city officials and local fire department that approximately 40 underground control valves would have to be repaired or replaced.

Our present valves are 25 to 40 years old and are in such bad condition that our entire city water system has to be drained in order to work on a single fire plug. This of course is both expensive and dangerous, especially if a fire broke out while the water system was empty, whereas if valves were in working order the entire system would not be affected in case of repair at any time. The State Fire Inspector has recommended installation of two additional fire hydrants, one in the colored section and one in the south part of town which is unprotected. The colored section does not have a single fire plug and those insured residences are completely unprotected. These are some of the factors

that increase the fire insurance rate which involves our entire citizenry.

Upon investigation of our water supply germ treatment method, it has been found that our method is both inadequate and obsolete and the safety of our water for human consumption is a threat to the health of the water users of Clarendon, Texas. The unit which has been approved by the State Health Department and recommended by the engineers is a gas type chlorinator with an automatic stop-start control and would treat our entire city water supply efficiently and adequately and would conform to the State Health Laws.

The City of Clarendon has been out considerable expense recently on the air-lift pump located in the city Pump station. This pump having been in operation for 30 years is both obsolete and worn out and should and will have to be replaced in the near future. This need is imperative to our water supply and can only be corrected by the installation of a deep well turbine pump.

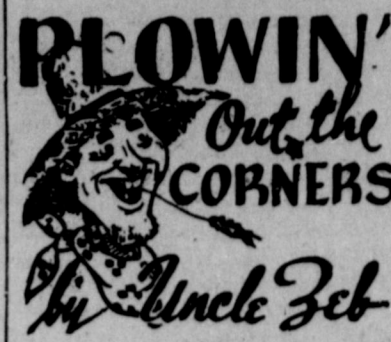

Another need in our water department would entail the installation of a master meter installed in the discharge line from our booster pumps. At the present time we have no way of accurately recording the amount of water pumped through our system, neither do we have a way to check our line losses against supply consumption which is daily proving costly to the City of Clarendon.

Also included in water improvements bonds in the amount of \$23,000.00 are the following. Water main extensions on Koogle Street, 7th to 9th, which is 760 feet and a 2 block extension north to the colored section for the purpose of installation of fire hydrants, automatic controls for new water well and booster pump, and the re-location of water and sewage service lines and fire hydrants on Highway 287 for the purpose of widening said street.

Without a shadow of a doubt the above mentioned program of civic improvements is badly needed and will soon become

compulsory.

I wish that my arch enemy of yesterday, that doubting Thomas Uncle Jay, could listen to the testimony of Dr. Longhagen as regards the problem of quitting smoking. When he gives his story in the presence of a heavy smoker you can almost see them turn blue around the gills. He has been off the weed about four months and last week he deposited sixty dollars as a result of his saving in money. Each night that he hadn't smoked he would drop fifty cents in an old sock, pretty soon he had this bag of shekles all saved up. Anyway, new members are rolling in; this week my nephew at Happy sends me the name of Willard Middleton for membership. His card is on the way... Seems like hot weather stirs up those old ulcers and a new wave of members start flooding in. Glad to have them.

I told the one last week about the fellow saying that unless you could look behind you and see Hegari coming up to just turn round and plant it over, and promised to report this week on my luck. Well, as I was saying these planting over seed sure does seem high. I wonder will my banker be able to stand it.

All my life I have held the palm of my hand real flat and

poored it full of hair oil, when I would go up to change the oil on my hair. Always, nearly every time it would be just right. Lately, there is considerable erosion and run-off and my hat is all soaked up. Either the oil is thinner or the stubble much is not preventing the run-off. I wonder which is what.

Unless you can't believe what you see in black and white there used to be an old-timer in my home town by the name of Straw Pents. Is that a solemn fact? I saw it in home-town paper. Could it be a mis-print.

One of my friends tells me about out of his old sweethearts. It seems that she was just a bit on the frivolous side. He was sort of sweet on her at the time, so he would try to lecture her slightly on the better ways of life; of course this was before this friend met and loved his present darling. Anyway, she resented the lectures and would sometimes answer my friend thusly; "Say

why don't you get yourself a cheap Bible and go to preaching."

THE KINDNESS AND SYMPATHY of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Mr. and Mrs. Keat Reynolds and boys of Amarillo spent Sunday with his parents, Mr. and Mrs. J. B. Reynolds. Mr. and Mrs. E. L. Hammitt of Amarillo visited friends here Sunday.

Bond Election Comments By City Mayor

I shall try and make a few comments in regards to the \$100,000 Bond Election to be voted on this coming Saturday, June 21st. First of all, I do agree this amount could be used very easily, but do disagree that this amount is necessary at present to take care of what might be called an emergency or urgent necessity in way of city improvement. The reason is that the dollar value isn't worth much at present.

We have on our program: No. 1. Water Improvements which is the most essential of all. Without water or sufficient equipment to take care of water supplies and needs we would have no use for sewerage disposal and very little use for streets. At present we are having to replace an old worn out air lift pump with a new pump that draws water from our best old well that is in use. We need to replace some cut off valves in water mains that are unusable on account of being in use some 25 to 40 years. Then too we have a number of localities in city where there are from 4 to 7 residences depending on their water supply from 3/4 inch line. This is very unsatisfactory, needs to be replaced with larger lines. Then there is need of two water main extensions of about 2 blocks each. Also the lowering of some water mains below freezing point. We are asking \$23,000 for this.

No. 2. Sewer Improvements. Our sewer disposal isn't up to state requirements. It needs to be replaced with a larger and more

up to date plant. Also need to improve our sewer lines. They are old and in need of repair. We don't anticipate on extending any sewer lines in this program for to do this in our estimate it would require more than the \$30,000 we are asking for.

No. 3. Street Paving: I agree we need some street paving but don't think it advisable to ask for a \$47,000 Bond Issue. Under present conditions according to plans, \$22,000 of this street bond issue is to be used in widening Hi-way 287 from business district both ways to city limits. Under the set-up, the bonds can be sold as needed. According to plans now mapped out, would say that all or practically all would be sold and spent within the next twelve or 15 months.

My observation is to replace, repair and improve the most needed things first, on what you might call a Pay as you go basis and not get to heavy involved in debt, at least while the dollar has a low value.

May I urge each voter to go to the polls Saturday, June 21 and vote. Let's have this issue voted on by all the voters and not just a small percent. This issue is up to you, the voters. Will say in conclusion, should any part or all of this issue voted in, I shall endeavor to do my utmost in helping to plan for the expenditures of this money to best of my ability, so far as I can.

Sincerely, Major B. Hudson, Mayor.

Mrs. Bob Land and girls of Brownfield are visiting in the home of her parents, Mr. and Mrs. Odos Caraway and with other relatives. Mr. Land came for the week end.

BE SURE TO VOTE

In Saturday's Bond Election This is a privilege you alone can enjoy. No one else can vote for you.

Chowning - Aten

The home of Mrs. Moody Hamil, was the setting for the wedding of Miss Jennie Pauline Chowning and L. D. Aten, Jr. Sunday afternoon, June 8, at 4:30 P. M., Mrs. Hamil being the aunt of the groom.

Rev. Ernest Phillips read the double ring ceremony against a fan-shaped background of white gladioli and Marconi Daisies by candle light and flanked with palms and ferns.

The bride entering on the arm of her father, wore a bridal gown of net and silk lace fashioned with a tightly fitted basque and sweetheart neckline. The gathered skirt of interchanging panels of lace and net gave a pleated effect. Her shoulder length veil of net edged with lace fell from a crown cap of seed pearls. She carried a colonial bouquet of white roses with satin streamers.

Miss Billie Chowning attended her sister as maid of honor. She wore an orchid gown of the same pattern as that of the bride and carried a small yellow birdcage decorated with orchid daisies. Flower girls were Delores Chowning, niece of the bride and Glenda Scott, niece of the groom. Both wore yellow gowns and carried small orchid birdcages decorated with yellow daisies.

George Watson attended the groom as best man.

Mrs. Chowning, mother of the bride, chose a beige shantung dress for her daughter's wedding. Her corsage was of Talisman roses. Mrs. Aten, mother of the groom, wore a black sheer complemented with a corsage of red roses.

Following the ceremony a reception was held for members of the wedding party, relatives, and

close friends. The table was covered with a beautiful cut-work cloth over a skirt of white net edged in satin. The wedding cake was of white, and a center arrangement of yellow roses and orchid sweet peas lent color to the table. Nougats of orchid sweetpeas with yellow at each corner of the table completed the decoration. Mrs. LeRoy Chowning served the cake while Mrs. Chester Lee Scott poured punch.

Mrs. Aten is the daughter of Mr. and Mrs. A. W. Chowning of Floydada and a niece of Mr. and Mrs. Fletcher Curry of the Donley Hotel. Mr. Aten is the son of Mr. and Mrs. L. D. Aten, Sr. of Lelia Lake. After a wedding trip to Colorado, the couple are at home in Clarendon.

Moss - Hill

Miss Patsy Jean Moss, daughter of Mr. and Mrs. A. M. Moss of Lelia Lake and Billy Hill, son of Mr. and Mrs. John Hill of Hedley were united in marriage June 14 at 5 p. m. at the parsonage of the First Baptist Church in Memphis. Bro. Roy Shaham performed the ceremony.

The bride chose a navy blue sheer street length dress with white accessories and a corsage of white carnations. Mary Lou Bain attended as maid of honor and Adell Myers as best man.

After a short wedding trip, the couple will make their home in Clarendon, where he is engaged in farming.

Mr. and Mrs. E. F. Lemons had as visitors Sunday their daughter and family, Mr. and Mrs. Hermon Cross and Annette of Goodnight. Also visiting in the afternoon was Mr. Merle Lemons and son of Brice.

Anderson - Thomas

A sanctuary decorated with candelabra holding white taper and basket arrangements of pastel flowers against a background of fern formed the setting for the marriage of Miss Romaine Anderson of Lelia Lake and Fred Thomas of Clarendon, Sunday, June 1, 1952. The double ring ceremony was read in the First Baptist Church of Clarendon by Rev. John C. Denton, pastor of the Lelia Lake First Baptist Church.

As a nuptial prelude, Miss Bobbie Seago of Bethany College Choir sang "I Love You Truly," "Always," "With This Ring I Thee Wed," and "The Lord's Prayer." She was accompanied by Mrs. Howard Scott, organist, who also played the traditional wedding marches.

Candles were lighted by Karon Forbes of Vernon and Richard Stan Hoffman of Nocona, cousins of the bride.

Miss Marilyn Butler of Lelia Lake attended the bride as maid of honor. She wore a pink organza dress over taffeta designed with a low neck, puffed sleeves, ballerina length skirt and a wide sash, pink nylon gloves, pink shoes and a short veil of pink illusion attached to a fitted pink cap. She carried a nosegay of spring flowers.

Serving as bridesmaids were Misses Shirley Aten, Janell Fox, Betty Jean Reed, and Janice Christal, all of Lelia Lake. Their dresses of organza over taffeta were identical except for color, two being yellow and two orchid. They were made with low square necks, puffed sleeves and full ballerina length skirts with wide sashes. They each wore head dresses of net matching their dresses in color, and carried nosegays of spring flowers.

Sherry Shaw, who served as flower girl, wore an aqua organza dress, identical to those worn by the bridesmaids.

Billy Royce Hill of Amarillo was the groom's best man. Groomsman were Kenneth Maxwell, Donald Dollar and Jimmy Pegram, all of Quail and Bobby Hill of Lelia Lake.

Given in marriage by her father, the bride wore a gown of

MR. AND MRS. FRED THOMAS

white slipper satin designed with a full skirt extending into a circular chapel-length train. The frock also featured a closely fitted bodice with long sleeves terminating in petal points over her hands. Her finger-tip veil of illusion was attached to a satin cap with seed pearls. The tradition of something old, something new, something borrowed and something blue was carried out. She carried a bouquet of yellow roses with cascading satin streamers.

For her daughter's marriage, Mrs. Anderson chose a navy crepe dress with navy and red accessories. Her corsage was of pink carnations. The bridegroom's mother, wore a light blue dress with white accessories. Her corsage was also of pink carnations.

Immediately following the ceremony, a reception was held in the Church parlor. The refreshment table was covered with a lace cloth. The three tiered wedding cake was profusely decorated with roses, wedding rings and love birds and topped with a bride and groom under an archway. Miss Rowena Ivey and Mrs. J. B. McDaniel alternated at the punch bowl while Mrs. Homer Hoffman of Nocona cut and served the cake. Mrs. Oliver Forbes of Vernon secured the names of the guests for the white satin brides book. Incidental music was played throughout the reception by Bobbie Seago and Billy Jean Poole.

For the wedding trip, the bride

selected a navy blue dress trimmed in white with a navy and white bolero jacket. She wore navy and white accessories.

Mrs. Thomas is the daughter of Mr. and Mrs. Oscar Anderson of Lelia Lake. She is a spring graduate of the Lelia Lake High School. Mr. Thomas is the son of Mr. and Mrs. G. M. Thomas of Quail. He is a graduate of the Quail High School and is at the present employed by General Motors of Amarillo. They are at home at 802 Monroe, Amarillo.

PRESBYTERIAN WOMEN MEET

The Circle meeting of women of the Presbyterian Church was held Wednesday afternoon, June 11, in the new home of Mrs. Will Word on the JA Ranch.

The meeting was called to order by the president, Mrs. Hecke Stark. Roll call was answered by 22 members reporting 54 visits.

An interesting lesson was given on the article, "What is Christ's Place in Your Life," by Mrs. J. Gordon Stewart. Mrs. W. B. Smith gave the survey article "Presbyterian Youth Work." The meeting was closed with prayer by Mrs. J. R. Cowan.

Refreshments of cake, ice tea, and mints were served by the hostess, Mrs. Will Word, assisted by Mrs. Al Word and Mrs. Long.

BETA SIGMA PHI

On June 12th Mrs. Jo Lynn entertained the Texas Mu Gamma Chapter of Beta Sigma Phi in the home of Jane Bownds. A business session was held during which it was decided that the sorority will sponsor the project of typing blood for every person in Donley County. More information will be given on this at a later date. Frances McCully won the sorority surprise. A social hour, in which the girls packed Father's Day candy, was enjoyed.

Refreshments were served to Donna Lane, Lois Schollenberger, Frankie Henson, Betty Bell, Ann Reeves, Jane Bownds, Essie Putman, Mary Kay Riley, Bert Garland, Frances McCully by the hostess, Jo Lynn.

Mr. E. F. Lemons was a business visitor in Lakeview Friday.

McDonald - Jackson

Miss Carolyn McDonald, daughter of Mr. and Mrs. W. H. McDonald of Clarendon and A/2c Kenneth Earl Jackson, son of Mr. J. F. Jackson, also of Clarendon, were united in marriage in the bride's home, Monday, June 16, 1952.

Bro. C. T. Williams, pastor, read the single ring service beneath an arch of baby roses and fern.

Preceding the ceremony, Mrs. C. F. Moss played "Always" and the traditional wedding marches.

Miss Irene Moss attended the bride as maid-of-honor. She wore a pastel green organza street length dress with red and white accessories and a corsage of red rose buds. Harold McDonald, brother of the bride, was best man.

Given in marriage by her father, the bride wore a street length dress of iridescent turquoise silk organza. She had white accessories and wore a corsage of white rose buds. She carried out the tradition of something old, something new, something borrowed and something blue, and a penny in her shoe.

For her daughter's wedding, Mrs. McDonald chose a black beemberg sheer over taffeta complemented with pink accessories and a corsage of pink baby roses.

Following the ceremony, a reception was held in the C. F. Moss home. The table was laid with an ecru lace cloth. The room was decorated with baby breath and sweet peas. Mrs. J. L. Christopher, aunt of the bride, served the cake and Miss Sue Talley presided at the punch bowl.

Miss Edith Jackson, sister of the groom, registered the guests.

The couple returned to Shepard Air Force Base at Wichita Falls, where he is awaiting further orders.

Mrs. Kenneth Jackson attended Clarendon High School. The groom was graduated from Clarendon High School and attended Clarendon Jr. College.

Mr. and Mrs. O. C. Watson and Mrs. Lena Antrobus visited Sunday in the home of Mr. and Mrs. O. C. Watson, Jr. and family in Perryton.

WIDENING OF HIGHWAY 287 AND RESIDENTIAL PAVING

The City of Clarendon residential paving program and the need for a wider thoroughfare through Clarendon on Highways 70 and 287 has long been discussed and the need becomes greater each day. This program has suffered from the lack of promotion and enthusiasm on the part of those who are short on Civic Pride. Methods, types, specifications and figures have been studied recently by the City Officials as they worked on estimates made by competitive engineers and contractors.

Located at Estlack Mach'y Co.

conducted by the Clarendon Chamber of Commerce, paving and street improvement took **NUMBER ONE** priority over all suggested civic improvements. The residents of Clarendon have indicated their desire for this program and after exhaustive study it has been found that a program of street paving and improvement can be accomplished in the near future and at a minimum of expense to the property owners.

If this program of street improvement and paving is to be accomplished, it will be necessary to vote bonds in the amount of \$47,000.00 in order that the City of Clarendon can pay her rightful share of the cost. As generally the custom in other comparable towns, the City will pay for one third of the paving or for the paving of the entire intersections and across the alleys. This includes curbs and gutters at the intersections and across the alleys. These improvements will not be compulsory and **NO PROPERTY OWNER** will be required to pave his streets, either in front or to the side of his property unless he so desires. A working figure for thirty (30) blocks of paving has been considered plus the contingencies

which in many instances would involve the lowering or relocation of water and sewer service lines.

If the people of the City of Clarendon indicate that they want their streets paved and improved by an affirmative vote, then committees will be appointed to work with the property owners who desire paving in their blocks. By this method, paving will not be confined to any particular section of the city and will be available wherever the property owners agree in groups of a block or more to improve their streets.

The type of paving considered and approved will be a gravel or/and caliche base, one application of oil with three applications of asphalt and three applications of gravel bordered by regular concrete curbs and gutters.

It is a known fact, proved by consideration and study of other towns like Clarendon, that unless the thoroughfare over which Highways No. 70 and No. 287 are routed through our city is widened, Clarendon will be by-passed due to the continuing increase in traffic over these routes. This re-routing would certainly penalize Clarendon financially, more than anything else that could occur in the way of road construction, now or in the future.

Our Clarendon merchants now located along these highways now benefit from the tourist trade directly. These merchants in turn spend and re-spend the dollars right here in Clarendon

that they secure from their tourist business and it is a benefit, either directly or indirectly to every resident of Clarendon. Other cities have kept the highways and its travelers coming through their towns by simply providing an acceptable thoroughfare over which it can travel. WE can do the same.

The program of widening these twenty blocks through our town has been included in the \$47,000.00 figure submitted by the engineers. Right-of-way will not have to be secured as the City of Clarendon already owns a street width of sixty feet plus. Concrete curbs and gutters will have to be erected; water and sewer service lines, meters and fire-hydrants will have to be relocated and some of the present curbs and gutters will have to be razed.

Information from reliable sources is that the State Highway Commission, will upon proper and formal request, complete the widening program with state specification paving. The widening project east of the traffic light would begin at Carhart Street and continue to Wells Street. West of the traffic light the street would be widened from Jefferson Street to Bugbee Avenue.

The towns all over the Panhandle that have progressed and kept abreast of the changing times have widened their thoroughfares, kept their highways routed through towns and paved and improved their residential streets. Clarendon, one of the

oldest towns in the Panhandle, and as good a little town as is to be found, has less paved streets at this time than a lot of the newer, smaller towns surrounding and is in a good position to be by-passed by its highways.

If you, the people, have your rightful amount of civic pride, if you want your thoroughfare widened and your streets paved, then an affirmative vote for the bond issue on June 21, will allow paving and street improvements to be accomplished this summer.

Mayor,
Major B. Hudson
Commissioners,
Noel T. Cudd, Jr.
Willard Hudson

Improvements Sewage

The City of Clarendon has been notified by the State Health Department by letter, which is on file in the City Office, that our present sewage disposal system is inadequate and will have to be corrected within a reasonable length of time or will be condemned by the State Health Inspector.

This means that we function or else provide our own disposal units on our own property by way of septic tanks. The Hatfield Engineering Co. of Amarillo has been contacted for estimates on a new sewage disposal plant,

which when properly installed will take care of the City of Clarendon's needs for the next fifty years or longer. The engineers estimate on the disposal plant with contingencies is \$30,000.00.

This need is one of long standing and should be taken care of immediately. This new modern

disposal plant is so thoroughly sanitary that the last stage of water which comes off of the waste is 95% plus pure.

Mayor,
Major B. Hudson

TOP-CAPACITY TRUNKS • NEW TWO-TONE INTERIORS
SWEEPSPAR STYLING • EASY-EYE GLASS**
Plus These, Too, On ROADMASTER
AIRPOWER CARBURETION • POWER STEERING† • SILENCE

If you've been doing a bit of shopping for a new automobile, we'll tell you this: The price on this one will open your eyes.

It's the price of the six-passenger, two-door **SPECIAL**—ready to roll.

When you put this price against the local delivered prices of other cars that folks usually associate with Buick—you'll have a hard time finding a single one as low.

When you put this price against what you'll pay for cars with the reputation of being "lower priced"—you'll find why this Buick gives them such keen competition.

And—if you want to go in for extras—you can still add up what goes on the bill of sale of other cars and a Buick—you'll find out that Buick's an even greater buy.

We know that price is important to a lot of folks, especially with the price of groceries—and even baby shoes—where they are today. But you also want some fun for your money—and that's where a Buick really shines.

Just wait till you give a gentle nudge to the power that's under that big, broad hood and

feel your shoulders sink back as this beauty takes off.

You'll feel like the million dollars it cost to perfect its ride, when you sample the steady smoothness of its gait.

It's eager, alert, alive—makes each mile a new experience.

Want to try it? Why not? We're willing to let this beautiful bundle of high-powered energy speak for itself.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. **Optional at extra cost—available on most models. †Optional at extra cost on Roadmaster only.

What power! What service! What pleasure! What possibilities of good! The great tanks are full of high test gasoline made ready to do the bidding of men. Through the long centuries the Creator of all good things was making ready the pools of crude oil and gas beneath the earth's crust. Man, the child of the Eternal, found the oil ready for his use. Up from the depths it was lifted, then through the distillation processes it moved that it should be adapted to the myriad purposes of the minds and needs of human life. Tested and tried, perfected by these tests, refined and piped to the areas of service, here are the multiplied horsepower servants of men. How grateful and how glad are we that the gas is ready and made dependable!

Here is our parable of human life. Up through the long centuries God has been perfecting the human body, mind and soul. They are ready for a multiple task, so far as native powers are concerned. But the body must be trained to obey the will of the mind; the muscles must be strengthened and taught by habit and repeated exercise; it must be kept healthy by proper food and thoughtful care; it must be tested by daily living. Is your body a good servant? Or have you allowed it to have its own way so that its demands for pleasure and for indulgence have made it a dangerous organism? The human body must be as carefully tested as the high power gasoline; then it must be kept under control, or explosion and runaway power will be the undoing of both body and soul.

Even more powerful is the mind or soul. Who knows what a man with a trained and disciplined mind can accomplish? A clean and wholesome soul may command the earth and the sea and the sky. A reverent mind may think the thoughts of God and join the Cosmic Mind in the control of the forces of nature and may direct the social powers of human society.

Your Church stands for a clean and well-trained body. Your religion will help develop high purposing minds. Your fellowship with God will make you a safe master of the destinies of children and of all life. Are you ready for the testings and the temptations that fall to men every day? Join your fellow men at Church next Sunday and lay your powers of body and of mind and of soul upon the altars of service, to men and to God.
