GAME OF THE SEASON HERE NEXT TUESDAY NIGHT

The big game of the season for members of the Broncho squad and the coaching staff will take place next Tuesday night in Broncho stadium here. The purpose of the game is to raise money for letter jackets for the Broncho lettermen. It will be the last game of the season and promises to be one of the best as the Broncos will all have an opportunity to bust one or the other of the coaches.

Here's the set-up: The two co-captains, Fred Clifford and Max Johnson will choose sides and coach Ray Moore will play with one side and coach Joe Spann will play with the other. In other words, it will be an inner-squad game, played full time and according to regulation. At any rate, a Broncho squad will come out winner and it will certainly be worth the price of admission which will be 50 cents for everyone. Game time has been set for 7:30. All Clarendon football fans are urged to come out and see this outstanding game and help the boys raise enough money to buy their jackets.

Beef Purchase Program Stepped Up

H. M. Breedlove, County Agent, says that word has been received from Washington that The Department's beef purchase program has been stepped up to acquire the maximum amount of beef that can be readily disposed of through both domestic and foreign outlets, other than through normal trade channels. The amount contemplated to be purchased is 220 to 225 million pounds, or the equivalent of more than 750,000 head of cattle.

Breedlove added that these purchases have been and will continue to be made from the grades of cattle that need price bolstering the most, namely the lower grades.

Purchases are timed to bolster the prices of these grades when they need it the most—primarily October-December. Although some actual deliveries of products are scheduled for later periods, all cattle purchased to fill the contracts being let must be slaughtered and in the coolers by December 15. It is estimated that the equivalent of between one-third and one-half of the cutter and canner cows marketed during the period October-December 15th will be required to supply canned beef for these Government contracts.

These facts have considerable significance for those cattle owners who will be marketing cattle, before December 15, producing U. S. commercial and lower grade carcasses.

Services Held Sunday For N. R. Hutton

Funeral services were held Sunday morning at the Murphy-Spicer Funeral Chapel for Nova Roosevelt Hutton with Rev. I. E. Biggs officiating. Burial was in the Perryton cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Mr. Hutton, age 47, died at his home here Thursday morning from a self-inflicted gunshot wound. He had been in ill health for several months. He lived in Perryton from 1945 until July 26 of this year when he moved to Clarendon. He was a veteran of World War II and was a member of the Masonic Lodge.

Survivors include his wife; a daughter, Gayla Sue, and two sons, Bobby and Billy, all of Clarendon; two brothers, C. C. Hutton, Elk City, Okla.; and N. A. Hutton, Buena Park, Calif.; and three sisters, Mrs. E. H. Smith, Bellflower, Calif.; Mrs. John J. Brown, San Jose, Calif.; and Mrs. Gladys Moore, Gridley, Calif.

Pallbearers were William Hayes Hershel Caylor, N. E. Follis, T. J. Davis, J. R. Gunter and J. D. Andrews.

Steers To Play Pampa Here Friday Night

The Clarendon Steers (colored basketball team) will play their first basketball game of the season here Friday night with the Pampa Wildcats being their opponents. The game is scheduled for 7:30 at the College gym. R. H. McPherson, principal of North Ward, is the coach and he has eight first stringers and fifteen squadmen working out at this time. These boys had a pretty fair record last year and should be hard to beat this season. Admission for the game will be 50c for adults and 25c for students.

T. E. GIBSON IS NEW PASTOR OF ASSEMBLY OF GOD CHURCH

Rev. T. E. Gibson is the new pastor of the local Assembly of God Church. Mr. and Mrs. Gibson moved here from Hedley where he has been pastor of the church there the past 2½ years and previously pastor of the Memphis church. Rev. Gibson is fairly well acquainted here but stated that he was eager to make new acquaintances and extends a cordial welcome to everyone to visit his church any time.

Rev. C. E. Spillman, who has been pastor of the local church the past several years, has moved to Clovis, N. M., where he has taken over his new duties as pastor of the church there.

MYSTERY FARM NO. 16—Here is the Leader Mystery Farm of the Air for this week. Rules governing this guessing contest and prizes are as follows: 1st in town and first living and receiving their mail in country to identify the mystery farm will receive a one year subscription to the Leader. The fifth to identify the farm, both town & rural will receive a free ticket to the Mulkey Theatre. The owner or tenant identifying his farm at the Leader office will receive a mounted picture free. Hours for making identification are 8 to 12 and 1 to 5 starting Thursday morning. Last weeks Mystery Farm is identified on page Three of this issue through the courtesy of the sponsor, Clarendon Furniture Co.

Sheriff Issues Warning Regarding Forgeries

Sheriff Truett Behrens issued a warning this week in regard to forged checks and hot checks. This entire area is being heavily invaded by hot check and forgery artists at the present time and all business men should advise their help to be very careful in cashing any type of check. If a person tries to pass a check and you are dubious of the person and actions, please call the sheriff's department and give them the information. Do this whether you cash the check or not as it will help catch the guilty persons.

James L. Ross of Sayre, Okla. was picked up here last week after passing a \$75 forged check at the Leader Department Store and was attempting to pass a \$125 check at Greene's when officers took him in hand. He had also passed similar checks at Pampa and Sayre. He was released to Pampa officers.

WINS FIRST PLACE IN BRIDGE TOURNAMENT

Mrs. Frances Cooke Forrest of Clarendon and El Paso won first place in the "American Contract Bridge League" Duplicate Bridge tournament in El Paso for November.

Mrs. Forrest was paired with Mrs. C. M. Newbill, a Life Master from St. Louis. Mrs. Forrest is a master player, and holds a "Goren Teacher's" certificate from the "Goren Studios, in New York and is also a Director of the American Contract Bridge League.

LEADER TO BE PUBLISHED EARLY NEXT WEEK

In order that subscribers of the Leader in this locality may receive their paper without a holiday delay, the Leader will be published early next week and put in the mails for delivery next Wednesday morning. This early publication will necessitate receiving news and advertising copy a day early also, and full cooperation will certainly be appreciated by the Leader staff.

Rural correspondents are asked to send their news items in Monday morning and all other news items must be reported not later than Monday evening. All advertising copy will need to be in by Monday evening also.

BLIND LADY ATTENDS MEETING IN HOUSTON

Miss Velma Lemons of Brice was a guest in the A. D. Hendrix home this past week end enroute home after attending the Baptist Association for the Blind at Houston. She visited in Ft. Worth with a friend and classmate and also visited with other classmates at the association meeting as well as visiting for a short time in the home of a cousin in Houston.

Miss Lemons, who has been blind all her life, went alone by train to Ft. Worth where she met her friend and they both motored on to Houston and back by bus. She reported a very enjoyable visit and all her friends are happy she could attend such a meeting and hope her health will permit her to attend many more in the future.

PROCLAMATION

THE CITY OF CLARENDON STATE OF TEXAS

WHEREAS, Thanksgiving is a Legal Holiday observed Nationally.

WHEREAS, the business men of Clarendon have selected Thanksgiving, November 26, as one Legal Holiday to be observed by closing in 1953.

WHEREAS, the employees of Clarendon wish to be with their families on Thanksgiving.

Now therefore, I, Major B. Hudson, Mayor of the City of Clarendon, Texas, do hereby issue this my proclamation declaring the day of Thursday, November 26, of year of 1953 an Official Holiday to be observed by closing of the Merchants of Clarendon so that the Citizens of Clarendon may observe Thanksgiving in the traditional manner, with their families.

Witness the hand of the Mayor of City of Clarendon this 17th day of June, 1953.

Major B. Hudson Mayor

Shop Early For Thanksgiving

To most of us Thanksgiving ranks second only to Christmas as a family holiday. It is one day when families like to get together and not only eat but also to give Thanks to God as is traditional on this day in America. Although many of us do not give proper Thanks and in our merry-making forget the significance of Thanksgiving, it is truly a day when families and friends should get together and give Thanks to God for their many blessings. When we give it thought there are not many of us who do not have something to be Thankful for.

Along with Thanksgiving comes the traditional "feast" and for that reason everyone should plan to do their shopping early. Thanksgiving is one day when everyone should be given a chance to be with their family groups and for that reason the business establishments and offices in Clarendon are asked to close, Thursday, November 26th.

REMEMBER, SHOP EARLY, because the LOCAL STORES will be CLOSED Thursday, November 26th, Thanksgiving.

BAND SWEETHEART PRESENTED IN HALF-TIME CEREMONY

The Clarendon High School Band under the direction of J. H. Gain, high-lighted half-time activities at the Clarendon-Canadian football game Friday night with the presentation of the Sweetheart of the Band, Miss Rebecca King, daughter of Mr. and Mrs. R. Y. King.

The band, led by drum-major-ette, Jackie Estlack, marched on the field and formed a large lyre with Stanley Hodges, trombonist, escorting Miss King to the very center of the lyre where she was crowned by R. E. Drennan. She was presented the traditional "sweetheart necklace" and a huge bouquet of red roses by Stanley Hodges. Crown bearer was Master Terry Moore, son of Mr. and Mrs. L. P. Moore with little Miss Billie Carol Phillips, daughter of Mr. and Mrs. Bill Phillips, flower girl. Concluding the ceremony and in tribute, the band played "I Love You Truly."

Baked Ham Supper At First Christian Church Tonight

Here's your opportunity to fill up on good baked ham with all the trimmings. The Ladies of the First Christian Church are featuring this type of supper at the church dining room tonight, served family style. Serving hours will be from 5:30 to 8 p. m. The cost per plate will be \$1 for adults and 50c for children under 13.

The Ladies are also reminding everyone that they will feature a special Thanksgiving dinner next Thursday (Thanksgiving Day). It will consist of turkey with all the trimmings served family style. The charges will be the same as mentioned above. Serving hours will be from 11:30 a. m. til 2 p. m. Everyone is welcome.

Services Held Saturday For J. H. Butler

Funeral services for James H. Butler were held Saturday afternoon at the Murphy-Spicer Funeral Chapel with Rev. Ernest Phillips officiating.

Mr. Butler, age 71, died at Claude last Wednesday. He had been a Donley County farmer since 1917.

Survivors include three brothers, J. Clyde Butler, Clarendon; John W. Butler, Claude, and Walter Butler of Lubbock.

Pallbearers were Lawrence Hauck, Hubert Rhoades, G. W. Bradshaw, Pete Riley, Grady Tyler and Marvin Jones.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Union Thanksgiving Service November 25 At Methodist Church

A Union Thanksgiving Service will be held this year at the Methodist Church at 7:30 p. m., November 25th. The service will be under the direction of the pastor, Rev. I. E. Biggs, who will give the invocation and announcements. Rev. Wm. A. Cockerell, pastor of the Presbyterian Church, will read the scripture and have the prayer for Thanksgiving. Rev. J. E. Byers, pastor of the First Baptist Church, will deliver the address. Everyone is cordially invited to attend this Union Service.

SCHOOL HOLIDAYS FOR THANKSGIVING

Supt. H. W. Truitt announced this week that school would turn out at 3 o'clock next Wednesday afternoon, Nov. 25th for the Thanksgiving holidays. Regular studies will be resumed on Monday, Nov. 30th.

The Bronchos will journey to Lefors Saturday afternoon to play the Pirates in their last scheduled game of the season. The playing time was changed from Friday night to Saturday afternoon at 2 o'clock to fit in with the Lefors Homecoming celebration being held there all day Saturday.

This looks like another tough one for the Bronchos as the Pirates dumped a strong McLean eleven last Friday night in an unscheduled upset. This dropped McLean from the running in district play and automatically gave district honors to Memphis.

Coach Ray Moore reported only two doubtfuls on the Bronco squad this week. Kidd is out of practice with a sprained ankle and David Lane re-injured his leg in practice this week. By playing Saturday there is a possibility that both may see limited action.

The probable starting line-up for the Bronchos will be Wallace, Kidd, Martin, B. Johnson, M. Johnson, Hill, Phillee, Lamberth, Landers, Wilson, Graham, Clifford, Hensley and Spivey.

There are a number of seniors on the Bronco squad that will be playing their last regular high school football and there's a good possibility that some outstanding football will be played in this game. At least the Bronchos will be trying their best to tuck away their only conference win. All that can take the afternoon off, make an effort to go along and give them all the boost you can.

Coach Colie Huffman Receives New Car

Colie Huffman, former Clarendon Broncho football star and at present, coach of the Springlake Wolverines, was highly honored last Friday night when Springlake fans presented him with a new 1954 Belvedere Plymouth four-door sedan. The presentation followed the game between Springlake and Dimmitt which the Wolverines won 19-0. Winning this game, gave them a perfect season and the 2-A championship honors.

This was Coach Huffman's first year at Springlake and the folks over there apparently are very proud of his accomplishments. We understand that this is the first time the Wolverines have been winners of their district. Dimmitt was termed as the Wolverines strongest opponent and the car presentation was scheduled to take place regardless of the outcome of the game last Friday night.

A number of Clarendon fans and friends of Coach Huffman went over to see the game Friday night, not knowing anything about the presentation either. It was a thrill for them to see Huffman honored in this manner and also see a good ball game.

As we understand it at present, the Wolverines will play the Memphis Cyclones for by-district honors at Memphis on Thanksgiving day at 2 o'clock.

Instruments Have Arrived For Colored Drum & Bugle Corps

J. H. Gain, local band director, announced this week that instruments for a Drum and Bugle Corps in the Clarendon Colored School have arrived and that work with the Colored youngsters will start in the near future.

Much interest has been created in this project and at the present time over six hundred dollars has been raised toward the cost of these instruments which amounts to over seven hundred. We wish to point out the fact that our Colored Citizens have raised and turned in over \$500 toward the purchase of these instruments. They are certainly to be congratulated for this achievement and the interest that is being taken in the Colored youth of our little city.

party control. Meeting in Fort Worth Friday, the conservatives, headed by Max Triplett of Hillsboro, planned for a state convention and looked ahead to the national convention in St. Paul.

Claiming official sanction, the Triplett group had the endorsement of Wallace Savage of Dallas, state Democratic chairman, and Mrs. H. H. Weinert of Seguin, national committeewoman.

Mrs. Weinert had a letter from Stephen A. Mitchell, national Democratic chairman, to the effect that recognition of a Texas Young Democratic organization must come through approval by senior party officials in the state.

A rival Young Demo organization of liberals was formed at a San Antonio meeting, where Bill McKnight of Dallas was elected president and authorized the executive committee to send delegates to St. Paul.

Official status also was claimed by the liberals, who said they had the nod from the national young Democratic organization.

Liberals and conservatives are apparently agreed on one thing: Texas is in no danger of becoming a republican state.

Governor Allan Shivers told reporters that "Texas is an overwhelmingly Democratic State and, in my opinion, will be that way for a long time to come."

Shivers, of course, is bitterly opposed to the liberal Democrats who stuck with Adlai Stevenson last year. The Governor led the Texas Democrats in the successful Eisenhower campaign.

Liberal Texas Democrats, viewed recent elections around the country as a "trend back to the party fold."

A typical comment was that of Congressman Homer Thornberry, who said that while he didn't consider the Democratic victories a reflection on the president, he did see "a trend away from the Republicans and a feeling that they are not performing on their promises."

One point of contention between the liberals and the conservatives is the matter of states' rights.

Shivers established his viewpoint on the subject at a session of southern governors in Hot Springs, Virginia.

"We have allowed ourselves to be bribed with our own money," the governor said, adding: "The matching dollar with strings attached has carried the federal government into nearly every phase of state activity."

Prospective candidates for the governorship of Texas still are waiting for Shivers to make up his mind. Their places hinge, on his decision. It presents the peculiar case of the political fortunes of many men hinging on the decision of one. He refuses to be counted in or out of the picture.

Many who might run wonder whether they would be respected more for making up their own minds, rather than waiting for the governor to decide for them.

At the Virginia meeting, Shivers was asked whether he might run for the U. S. Senate against Lyndon Johnson.

Shivers responded that he hadn't any idea of running for anything right now, but "don't construe that as saying that I would not be a candidate for the Senate."

Mayor Roy Hofheinz of Houston was one of the many who sat waiting for Shivers.

He told reporters that he does not intend to run for governor if Shivers is a candidate for reelection.

Did that mean that he would run for governor if Shivers is not a candidate?

Mayor Hofheinz did not say. Another man who had thoughts of politics in his mind was Congressman Lloyd M. Bentsen Jr. Here is a newspaper's comment on the occasion of Bentsen's visit to Austin to address the junior chamber of commerce:

"Bentsen's plans for next year have provided one of the state's best political guessing games. To date he has had nothing definite to say."

Our guess is that Bentsen will not say until he hears what Shivers is going to do.

In 1912, when Theodore Roosevelt was shot by John Schrank, a spectacle case deflected the assassin's bullet and saved the President's life.

There is a tree in South America called the rain tree, so named because the ejection of juice by cicas upon it causes it to appear to be always raining under its branches.

Land Owners Ration Game

AUSTIN—The Executive Secretary of the Game and Fish Commission reported a "growing tendency" among land owners to protect wildlife species hard hit by the drought.

"One of the natural benefits from the traditional land ownership-game management cooperation," he said, "is the authority retained by ranchers and others to control harvest of game from their areas."

"This frankly has many times approached the advantages that would accrue if Texas had sufficient public-land holdings for the state to directly regulate the wildlife harvest."

"This fall there is an increasing trend toward limiting the take of species that are below normal for one reason or another. From the reports from our field men and from the land owners direct, the endeavor may reach maximum effect this fall."

"Indications are that one major objective of many ranchers and

farmers will be protecting quail which have suffered from the drought and from that recurring slump which wildlife biologists term 'the cycle.'

"Thus it is heartening to anticipate that the precious seed stock of the quail population will be preserved. Our biologists agree that the consideration for the quail at this time can easily set up a rapid recovery from the present quail depletion."

The Executive Secretary pointed out that the General Law on quail, as on deer and other species, is controlled exclusively by the Legislature. He added that, while the harvest under such laws cannot exceed the legal limitations, there is no restriction on curbing the harvest.

Special Livestock Loan Program

More than \$11,685,000 in special livestock loans has been loaned to approximately 1,150 farmers and ranchers throughout the United States and nearly 600 other applications are being considered, James D. Gouley, Farmers Home Administration county supervisor for Donley and Gray Counties, reported this week.

The special livestock loan program authorized last July, helps established producers of cattle, sheep, and goats to maintain their herds, Gouley said. The producers who can borrow are those with good past records of livestock production but who are temporarily unable to get adequate credit from commercial banks, cooperative lending agencies, or other responsible sources to enable them to go ahead with normal livestock operations. They must have reasonable prospects of success with the help of a loan. Commercial feed lot operators

are not included.

Applications can be made at the county Farmers Home Administration office at Clarendon. Committees authorized by Secretary of Agriculture Benson approve the loans. Applications for more than \$50,000 must have final approval by the Secretary of Agriculture in Washington.

A borrower may use his loan funds for usual expenses of carrying on a livestock operation, including restocking his herd up to the number he held before he had to reduce his herd.

The 5 percent loans may be amortized over a 3-year period and secured by the best lien possible on the borrower's property and his personal obligation to repay the borrowed money. Other creditors, although not asked to subordinate their claims, are expected to agree to stand by so the farmer can have a fair chance to work out of his difficulties. Agreements are made to let the farmer apply a reasonable part of his livestock income to repaying the special livestock loan.

Mr. and Mrs. H. K. Leathers and Bob left Thursday to visit relatives in Ft. Worth and to attend the wedding of Gene Bryan to Miss Betty Brown in Dallas on Friday, Nov. 20th.

Parent - Teacher Talk

Mrs. Millard Word, well-known pianist-composer, will be the feature attraction of the PTA meeting this afternoon at 3 o'clock in the Junior High auditorium when she will present one of her interesting programs—this one to be built around the Thanksgiving theme.

The panel discussion, originally planned for the November meet-

ing, has been temporarily shelved by Mrs. Phelan, program chairman, to give the time to the musical program.

Seventh graders, directed by Mrs. Hoggatt and Mr. Richardson, will present a twenty minute show before the business meeting.

With such attractions slated for the program, there should be a big turn-out in attendance when the subject of PTA's project for the year is brought up for discussion. Mrs. Neece has received a couple of suggestions to be con-

sidered and others may be presented from the floor during the meeting.

Anyone with an idea about how Carnival money could be spent to do the most good for the most children is urged to express that idea before any decisions are made.

A small portion of Treat Day money will likely be set aside to paint the lunchroom as soon as a window leak is plugged—maybe before the second semester.

The lunchroom—one of PTA's pet projects and certainly one of

its most successful—continues to show an increase in the number fed each day. During October the number eating there each day averaged more than 250 and at the rate things are going now the average for November will come closer to 300. Considering that there are only 600 students enrolled in Clarendon schools, those figures show what a splendid job the lunchroom is doing.

And surplus commodities continue arriving from the government with gratifying regularity. You name it and the lunchroom has probably received one serving of it since school started. Most of these shipments are good staple food—canned tomatoes, pinto beans, English peas. Others are something of a luxury—real butter and high grade beef.

A recent shipment of orange juice posed a problem. The lunchroom, serving milk in its dairy container, had no glasses for serving the beverage so six dozen had to be purchased in order to utilize the government-given vitamin C.

But with these surplus foods donated, it still takes careful supervision by Mrs. Aten and a close watch of the bills by Mr. Richardson for the lunchroom to make expenses at twenty-five cents a plate. Those two deserve some kind words from the mamas whose children eat at school. Mr. Christian's eighth grade has Treat Day next Tuesday.

The Shot That May Save a Man's Life

AUSTIN—That shot you fire at a buck may save a man's life. Sure, it sounds strange. But it goes this way:

There are more than two thousand patients in the four state tuberculosis hospitals. Life for many of these patients becomes dull, flat, stale—unsufferably monotonous. Some of them pull out, against the advice of doctors. They go back home, carrying their infection, cutting down their chances to get well. But if they had a little more to do—mainly something to do with their hands—they might stay. They might get well, go back home useful and healthy citizens. And here's how that crack of your high-power rifle pointed at that buck deer can figure in the picture.

The hide off that deer can be the means of furnishing many of those sick people a new interest. If you'll just bundle up the hide and ship it, at no expense to yourself, to the Austin Taxidermist Studio, Austin, it will be tanned and turned over to the occupational therapists at the state hospitals. Ship the hide express collect.

There isn't any doubt about the result. It was proved last year. Word was sent out by Helen Colburn, director of public information for the Texas Tuberculosis Association: Twenty-four deer hides came in. And the result when the tanned hides were taken to the hospitals was amazing—and touching. Those lonely, homesick people began making things. Almost anybody can make things out of a chunk of buckskin—maybe only a tobacco pouch or a golf mitt, maybe something as elaborate as a jacket.

The point is that those people had a chance to work, with their hands as well as their minds, on something that interested them. Some made moccasins and gloves for themselves. Most made little presents for relatives and friends. A few sold what they made for pin money. And there isn't any great stack of that kind of money lying around the state tuberculosis hospitals.

The twenty-four deer hides showed what can be done—even though the real goal may be far away because Texas just doesn't spend much money on occupational therapists.

But this year, with the word going out well in advance, there ought to be a flood of deer hides—plenty to keep these people busy until the next season rolls around. A lot of sick people who might otherwise leave will stay in the hospitals and get well.

talent. The only disappointment was that the auditorium was only half filled. Those of you who did see the show—make it a point to let them know how much you appreciated the program and how much you enjoyed it. Let me say this, assuming all responsibility, the show was more than worth the 50c admission charge; the boys and girls showed wonderful enthusiasm and showmanship; they are boys and girls of outstanding ability; they are your students and your children, and they displayed one of the most neglected sides of the American school—the arts and crafts of showmanship. This was the theatre on the local scale, and what is the theatre; not near entertainment, but also a place which gives you a moral and spiritual "lift" from the appreciation of fine art. Let's not sell our children short, if their abilities are not recognized and appreciated here, a place will be found, by them, where abilities and ambitions will be recognized.

I have more to say about solicitations this week. Most of you at one time or another have received some sort of unsolicited merchandise through the mail for which you are asked to send a remittance or return the merchandise. There is NO legal responsibility on your part to return or pay for the merchandise unless you USE it.

The "Sellers Market" is a thing of the past and we have in its place what is called the "Buyers Market". Business men should keep this in mind when making plans for the coming year. Increased efforts in all phases of merchandise will be necessary. Improved and more attractive displays, more attractive stock, more courteous service, increased salesmanship, keeping informed on the latest developments of merchandise, salesmanship and advertising, more and better advertising and above all making the customer feel you are more concerned with his interests and needs as an individual than with his buying power, are needed. With New Years, inventories, etc., why not make it a point to take inventory of your methods of merchandising. Then treat everyone on the street and in your store as if he were your best cash customer. I know of a fellow in another City that lost a cash sale, without a trade in, on an automobile by making the mistake of judging a fellow's bankroll by his appearance. "Smile for Court-ees Sake".

THE STATE OF TEXAS } COUNTY OF DONLEY }

WHEREAS, on the 16th day of November, A. D. 1953, a petition was presented to me for an election to be held in each of the following named school districts located in (a) Donley County, Texas, to-wit:

1. (b) Clarendon Independent School District No. 901, of said County, on the question of determining whether or not a majority of the legally qualified voters of said districts desire to be consolidated with each other and with the following districts located outside of said county, to-wit:

1. (c) Goodnight Independent School District of Armstrong County, Texas.

It appearing that each of said contiguous districts have been properly established and created and are legally and validly existing school districts;

THEREFORE, I, in my capacity of County Judge of Donley County, Texas, do hereby order that an election be held on the 12th day of December, 1953, in the Clarendon Independent School District No. 901 to determine whether or not a majority of the legally qualified voters of said Districts desire that they shall be consolidated as indicated above for school purposes.

I further order that said election shall be held at the following places in said districts and the following named person is hereby appointed presiding officer and he shall select two Judges and two Clerks to assist him in holding the same and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this County as is required by law for holding a General Election:

1. In Clarendon Independent School District at School Tax Building in Clarendon, Texas, within said district, with William C. Mears as presiding judge; All persons who are legally

qualified voters of this State and of this County and who are resident voters in said Districts shall be entitled to vote at said election, and all voters who favor the proposition to consolidate the said Districts for school purposes shall have written or printed on their ballots, the words:

"FOR CONSOLIDATION" And those opposed to the proposition to consolidate the said Districts for school purposes shall have written or printed on their ballots, the words:

"AGAINST CONSOLIDATION" Notice of said Election shall be given by posting three notices thereof in three public places within the boundaries of said District for twenty days prior to the date of said election.

DATED this 16th day of November, 1953.

Jack E. Gray County Judge Donley County, Texas. (41-4c)

Radars More Accurate In Measuring Rainfall

AUSTIN—Radar measurements of rainfall soon will give farmers and ranchers a better idea of how much rainfall they can depend on, scientists at a national conference at the University of Texas

said. The electronic device, developed during World War II to detect enemy aircraft and ships, can be modified to measure rain with much greater accuracy than standard rain gauges, Glenn E. Stout of the Illinois State Water Survey told the conference.

The greater accuracy and speed of rain measurements by radar will help engineers build more efficient dams and will reveal flash floods quicker so reservoir levels may be lowered in time to catch flood waters, Stout said.

He pointed out that a major factor in improving Texas' water situation could be the storage and use of the 85 per cent of Texas rainfall which many engineers estimate runs into the Gulf of Mexico.

A single rain-measuring radar set can cover an area with a radius of from 30 to 100 miles, Stout declared.

The cost of installing such radar equipment is expected to delay for several years the establishment of a national network. However, scientists expressed the hope that other uses of such equipment would make such a network feasible.

In other conference reports, scientists told how radar and other electronic devices may be used to detect tornadoes, hurricanes and other major weather disturbances more efficiently. The conference combined the American Meteorological Society's national meeting with gatherings of four other organizations.

The southernmost quarter of Illinois is known as Egypt.

NOTICE OF HEARING

TO APPROPRIATE PUBLIC WORKS OF THE STATE OF TEXAS

No. 1822
 Notice is hereby given, to whom concerned, that W. H. COOKE, JR. COMPANY, the postoffice address of which is Clarendon, Texas, on the 26th day of October, 1953, filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from Jesse Arroyo, a tributary of the Salt Fork of the Red River in Donley County, Texas, not to exceed 87.5 acre-feet of water per annum, for the irrigation of not to exceed 35 acres of land out of Section 93, Block 21, H. & G. N. R. Co. Survey, more fully described in said application; water to be diverted by means of two pump- ing plants located at points which bear, (1) South 63 degrees 26 minutes West 2907 feet from the Northeast corner of Section 93; and (2) South 41 degrees 13 min- utes West 3962 feet from the Northeast corner of Section 93; Block 21, H. & G. N. R. Co. Survey on the East bank of Jesse Arroyo, in Donley County, Texas; and is distant in a Northeasterly direction from Hedley, Texas, about fourteen (14) miles.

A hearing on the application of said W. H. COOKE, JR. COMP- ANY will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MON- DAY, DECEMBER 14, 1953, be- ginning at ten o'clock A. M., at which time and place all parties interested may appear and be heard. Such hearing will be con- tinued from time to time, and from place to place, if necessary, until such determination has been made relative to said applica- tion as the said Board of Water En- gineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this the 26th day of October, 1953.

FARM NEWS

from the County PMA Committee

1954 AGRICULTURAL CONSERVATION PROGRAM:

The county committee has selected the practices for use in Donley County in 1954 upon which the federal government will share a portion of the costs and will have the county handbook made up within the very near future. Future announcements will be made of county or community meeting which will be held to explain the handbook and to give you a chance to apply for those practices which will be the most beneficial to your farm.

HAY PROGRAM:

Applications for hay under the Drought Relief Program are being taken in the County PMA Office. In order to determine the amount of hay a producer is eligible for, a 10 pound per head per day figure is used. The hay applications are figured for a 60-day period. All applications must be approved by the County Drought Committee before the certificates may be given to the producer to purchase the hay. When receiving the hay or roughage handled by a dealer, the producer pays purchase price of hay to the dealer. Hay or roughage hauled by truck will be eligible for one-half the freight rate off from nearest shipping point of loading to the nearest shipping point of delivery. The trucker makes claim to the Texas Department of Agriculture, and after approved by them, his claim is sent to the Comptroller for payment.

1953 ACP:

If you have an approval for any ACP practice that has been completed, please report the performance to this office. If you see that you are not going to carry out the practices you have an approval for, please cancel the approvals at your earliest convenience.

Mr. and Mrs. Billy Mix Phillips of Hereford have been visiting this week in the home of his parents, Rev. and Mrs. Ernest Phillips. Billy Mix reported to Pampa this morning for induction into the armed services.

Export Drops Cause Depressed Prices For Farm Products

Reduced foreign exports contribute directly to many of the present farm program problems, says H. M. Breedlove, County Agent.

During periods of high agricultural production, overseas outlets provide a more complete market for a surplus food and fiber, Breedlove says. Agricultural exports from this country hit a record 4 billion dollars in 1951-1952, but slipped to 2.8 billion during 1952-1953, a 30 percent drop. This decline is responsible for many surpluses and depressed prices, he says.

With world supplies high, a further decline is expected in wheat shipments abroad. The forecast for rice export is favorable, but little change is foreseen in other grains.

Cotton exports have dropped sharply in recent months. This is due, Breedlove adds, to higher world production and lower competing prices in foreign countries. Short supplies of United States cotton abroad and some pickup in the textile industry, especially in Europe, suggests slightly advanced cotton exports next year. The consumption abroad of fats and oils is increasing, especially cottonseed oil.

World production last year of cotton, wheat, rice, corn, oats, barley, and fats and oils was high. Other countries, have less need for commodities produced in the United States and in some cases, the county agent says, foreign countries can purchase from one another more cheaply than from this country.

Mrs. W. S. Hearne has returned home after a visit in Roswell, N. Mex. with her daughter, Mrs. Bynum Jordan.

Hay Program This Winter

The hay program this winter will be a program of saving freight on hay shipped in for winter feeding says county agent H. M. Breedlove. Freight on forage feed shipped into the county will be all paid if shipped in by rail and fifty percent of the rate paid if shipped in by truck. Railroads are giving fifty percent rates on feed shipped into the drought area and this will be continued into December. Shipping by truck is just about as cheap as shipping by rail says the county agent because the hay is shipped direct to the farm or ranch. The top amount the department will pay as its part on hay shipped into the county is twenty dollars per ton on the freight. The farmer or rancher is to locate his hay and then come to the PMA office and make application and get his necessary forms for the freight reduction.

The hay program has been very slow so far says Breedlove because of the high price of hay over the country has made it impossible to feed at the present prices of cattle.

The purpose of the hay program was to let farmers and ranchers get the hay in drought areas as cheap as it could be bought in other areas of the nation.

Anyone wanting information on the program can call by the county agents office or the PMA.

DONKEY BASKETBALL GAME FRIDAY NITE AT GOODNIGHT

It has been announced that a Donkey basketball game will be played at the Goodnight gym Friday night, November 20th at 8 o'clock. Admission will be 25 and 50 cents. If you enjoy good laughs, the Goodnight boys invite you up to see this one for sure.

FISHING TRIP IN MEXICO

J. G. McAnear of Clarendon, B. O. Shanks of Memphis, and Woodley Richerson of Borger are among the members of a fishing party playing with the "finney tribe" in the coastal water at Guaymas, Mexico. The group left Thursday morning and plan their return this week end.

Canadian Defeats Broncs, 33-13

The Canadian Wildcats, one of the strongest and most capable teams of the district, downed the Broncs 33 to 13 last Friday night in a fast game from start to finish. It was a much better game than the score indicates and it was sensational plays that added up Canadian's big total.

The first half ended with the score 20 to 13 and the Wildcats made one of these on a long pass just before the half ended. The Wildcats took advantage of a Bronc fumble soon after the game started, to make their first td and followed a few minutes later with another. Then the long pass just before the half accounted for their other score outside of two more that were added in the third period.

The Broncs scored in the first quarter when Johnson passed to Kidd for 20 yards and he ran the remaining portion of the 54 yards for the td. The next one came in the 2nd quarter after a fumble recovery on the Canadian 1 yard line and B. Johnson plunged over. Clifford kicked the extra point. They threatened again just before the half when Kidd took a pass and traveled around 55 yards to the Canadian 11 yard line. A 15 yard penalty and an interception followed to kill this drive.

The entire Bronc squad played hard all through the game but were hampered by bad breaks and injuries.

FUNERAL SERVICES AT MIAMI

Funeral services were held Tuesday afternoon in the First Baptist Church in Miami for Mrs. Eva E. George. Mrs. George was the mother of Mrs. Fred Cook of Corpus Christi, a former resident of Clarendon, and the grandmother of Mrs. Gene Putman who now lives at Claude.

Attending services from Clarendon were Mrs. Alvin Hicks, Mrs. Billie Roy Blackman, Mrs. Bob Williams and Mrs. J. H. Spier.

Mrs. Joe Terry has returned home from Lubbock where she has been with her sister, Mrs. Jim Fry, who has been ill. Mrs. Fry is reported improved at this time.

CANTEEN NEWS

There were approximately thirty youths at the Canteen Tuesday night and all reported a good time. Chaperones for the evening were Mr. and Mrs. Homer Thomas, Chas. Imbardino, Joe Spann, Ray Moore and Naomi Mooring.

For the present, the Canteen will be open only on Tuesday nights and everyone is encouraged to be out next Tuesday night and enjoy the facilities of the canteen. It was announced that the rental fee for the canteen has been changed and the charge will be \$5 for adults and \$2.50 for students wishing to rent the hall for special occasions.—Reporter

VERNON GOLDSTON LEAVES FOR NAVY OFFICER TRAINING SCHOOL

Vernon Goldston of Lubbock visited with his mother, Mrs. John Goldston last Wednesday prior to leaving Friday by plane for Newport, R. I. to enter the Navy Officers Training School. Enroute he visited his sister, Mr. and Mrs. Henry Miller Jr. in Washington, D. C.

Vernon is a graduate of Clarendon Jr. College and received his Masters degree from Texas Tech. He majored in Agriculture Education and Animal Husbandry. For the past several months up until the time of his departure, he has held the position of Government Inspector for the control of the pink boll weevil and was stationed at Lubbock.

SERVICES AT SARDIS BAPTIST CHURCH

Services will be held at the Sardis Baptist Church beginning Friday night and continuing thru Sunday night. There will be morning services both Saturday and Sunday starting at the usual hour.

Bro. J. W. Reynolds, pastor, of Tyler, Texas will be present to preach the Gospel.

Mr. and Mrs. Earl Butler and boys, and Mr. and Mrs. Bill Butler and children of Borger, Mr. and Mrs. Glenn Butler and son of Claude, and Mr. and Mrs. Loren Rhoades and son of Amarillo attended the Jim Butler funeral services here this week.

PLOWIN' Out the CORNERS
In Uncle Zeb

Had a nice note this week from Uncle Bob; the poet and sage of up Washburn, Texas way. Anyway, he tells me that his nephew and his namesake W. H. Robertson Hutchins is back at his home in Vancouver, B. C., Canada. He had just returned from a trip to England and to all of the old country. He came by boat back to Montreal and then flew on home. Uncle Bob wonders how far it is from Montreal to Vancouver. Does any of our readers know? How about it Mr. Al Gerner? How about writing to Uncle Bob Robertson, Box 66 Washburn, and telling him if you know. Anyhow, he includes the following little poem that he remembers hearing the ship doctor, a Dr. McPherson, sing on the boat going to Alaska, when Uncle Bob was making the trip back and forth from his work

back in 1900. It goes:
 McPherson was his name;
 He married Noah's daughter.
 He nearly spoiled the flood
 By drinking all the water.
 My, my, such poetry. And to think one of the editors had something uncomplimentary to say about some of my poetry.

Notice in Walter Rogers letter of last week that the parties and entertaining days are in full swing in Washington. At the main parties where all the top notch statesmen and their wives are dining we find all kinds and brands of wines, burgandys and champagne. In the nearby rooms all manner of liquors were served. It shocks us to our shoe soles every time we read that Washington, D. C. leads all towns in the U. S. in per capita drinking. To think that our so-called statesmen, many of them attend these drinking fests even with the Russian Communists and guzzles this rotten vodka and what have you as they plan our future or lack of one.

We understand that our own Rep. Rogers is quite a family man and takes little part in social Washington. Thank Goodness for at least one such man.

NOTICE OF HEARING ON PETITION TO ORGANIZE DONLEY COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1

WHEREAS, the following petition has been filed with the Commissioners' Court of Donley County, Texas:

PETITION THE STATE OF TEXAS COUNTY OF DONLEY TO THE HONORABLE COMMISSIONERS' COURT OF DONLEY COUNTY, TEXAS:

The undersigned petition your Honorable Body to organize a water control and improvement district as follows:

1. The name of said District shall be Donley County, Water Control and Improvement District No. 1.

2. The area of the proposed District is 125.4 acres, and the boundaries thereof shall be as follows:

"BEGINNING at an iron pipe located in the West line of said Section 58 which iron pipe is 2611.11' north of the Southwest corner of Section 58;

THENCE East 1847.22' to an iron pipe;

THENCE East 1502.55 more or less to a point in the West right-of-way line of U. S. Highway 287;

THENCE South 66° 27' East 113.1' with the right-of-way line of Hy. 287 to a point;

THENCE South 21° 27' East 768.4' with the right-of-way line of Hy. 287 to a point;

THENCE with the arc of a

curve right whose radius is 2795 feet and whose central angle is 23° 04' 1125.1 along the right-of-way line of Hy. 287 to a point;

THENCE South 1° 37' West 775.3 with the right-of-way line of Hy. 287 to a point which is the intersection of the West right-of-way line of said Highway 287 and the South line of Section 58;

THENCE West 2132.28 to a point in the South line of Section 58;

THENCE North 2211.11' to a point;

THENCE West 1847.22' to a point in the West line of Section 58;

THENCE North 400' along the West line of Section 58 to an iron pipe, the point of beginning.

3. Said District shall be organized under Article XVI, Section 59 of the Constitution, and Chapter 25, Acts of the Thirty-Ninth Legislature, as amended.

4. The purposes for which said District is to be organized is to control, store, preserve and distribute water for domestic and industrial uses, irrigation and for other purposes, and to protect, preserve and restore the purity and sanitary condition of waters within the State of Texas.

5. The general nature of the work to be done will be the acquisition and development of a water supply, the acquisition or construction of supply lines, storage tanks, distribution mains, pipelines, fittings, meters, installation of pumping facilities and acquisition of necessary rights-of-way and provide other

work essential to making available fresh water for domestic, industrial and commercial use.

6. The work mentioned in the preceding paragraphs is necessary in order to provide the citizens of and the land in the District with an ample water supply. The project is feasible because it can be accomplished at a reasonable cost, and the benefits to the land in the District and to the citizens and landowners in the District will greatly exceed the cost.

7. Based upon the information which we have at this time, we estimate the cost of the project to be \$450,000.00.

8. The organization of the District, as herein prayed, is feasible and practicable, and would benefit all of the land to be included therein, and would be a public benefit and utility.

9. Each of the undersigned owns land within the boundaries of the District as hereinabove defined. This petition is signed by a majority in number of the holders of title to the lands within the proposed district and the owners of a majority in value of such lands as shown by the tax rolls of Donley County.

Respectfully submitted,
 Virginia B. Rogers
 Boyd Rogers
 Rayburn L. Smith
 Delbert W. Robinson
 Jack G. Harris

WHEREAS, said petition is signed by a majority in number of the holders of title to the lands in the proposed District and the owners of a majority in value of the lands therein as shown by the tax rolls of Donley County;

WHEREAS, after the filing of said Petition the County Judge of Donley County made an order setting the date of hearing thereof by the Commissioners' Court and attached the order to the Petition;

NOW THEREFORE, in accordance with said order, notice is hereby given that a hearing on said petition will be held by the

Commissioners' Court of Donley County in the Commissioners' Court Room in Clarendon, Texas, on Friday, December 11th, 1953, at 2:00 o'clock, P. M., for the purpose of hearing and considering said Petition and for the organization and formation of such District for the appointment of directors thereof, for the purpose of making such other and further orders with respect thereto as the facts and law may justify, and for the purpose of considering all matters in connection therewith which may be permitted or required by law.

All persons whose land is included in the proposed District or who would be affected by the creation of such District may appear and contest the creation thereof and may offer testimony to show that such district is or is not necessary, would or would not be a public utility, and would or would not be feasible or practicable.

GIVEN UNDER MY HAND and seal of office this the 13th day of November, 1953.

LOCAL COLORED BOYS TRAINING AT FT. BLISS

Two colored soldiers of Clarendon recently began 16 weeks of basic training in the Anti aircraft Artillery Replacement Training Center at Fort Bliss. They are Pvt. Alton Gaines, son of Mr. and Mrs. Will Gaines, son of Mr. and Mrs. L. McCampbell, son of Mr. and Mrs. Han McCampbell, both of Clarendon. They will spend the first eight weeks training on fundamental Army subjects. Their second eight weeks will see them firing light and medium anti-aircraft artillery weapons at low-flying and high altitude aerial targets on the million and a half acre Fort Bliss ranges.

There are only two places in the United States where the flag may be flown at night during peace-time. They are: Over the grave of Francis Scott Key in Maryland and the capitol in Washington.

Thrill Maker from start to stop (That's T.T. Dynaflo!)

SOMETIME soon — like this week — you ought to try a Buick with Twin-Turbine Dynaflo.*

You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished.

You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go.

But, pure and simple, you ought to try it for thrills.

We mean the thrill of instant getaway response — with two turbines doing the job that one did before.

We mean the thrill of whisper-quiet acceleration — where you barely hear

the sound of power build-up, or of flowing oil at work.

And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop — the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch-pedal pushed — the thrill, rarely found elsewhere, of silky smoothness in deceleration, too.

Will you be our guest at a sampling of a Buick with TT Dynaflo?

Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised — and powered by the highest-compression engines in Buick history, including the

world's newest V8 in SUPER and ROADMASTER models?

Drop in on us this week and we'll be happy to accommodate you.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Our first book to be received

this week is a gift entitled "Smallbone-Deceased" by Michael Gilbert. This is a mystery edition. We also have another copy of "The Foolish Mortals" by Paul Gallico. This too, is a gift. Then we have "The Highway of God" by Ralph W. Sockman.

This is dedicated to the memory of Mrs. Ayers by Mrs. J. R. Porter. Sockman's books are all excellent and this one is an eloquent challenge to the Christian ministry to meet the high standards which Christ himself extolled.

For boys we purchased "Ace Pitcher" by John Gartner. These sport books are merely a "draw in the dark" and rather expensive. Girls are much easier pleased as they all enjoy similar material. Another sports book was ordered, but has not come. The "Red Book" and "American Hime" are the only new magazines for the week that we have on our magazine stand.

of the so-called leading politicians tragically underestimate the knowledge and understanding of the American people. For many years there has been a tendency on the part of many groups inside of political parties to feel that once their party gets in power, they are endowed with the right to concessions, grants, rights and prerogatives to which other citizens are not entitled and by which the so-called select few can control the American people; that the exercise of these rights is a matter solely within the discretion of those who happen to

have the power of majority—a theory that unless you belong to the party in power, you are entitled to little, if any, consideration. The truth is that the American people are wide awake; they have a full understanding and knowledge of what is going on. They do not believe in political chicanery, 4 or 5 percent deals, influence peddling, or any other practice that smacks of political favoritism. They fully realize that this age-old political disease is not peculiar to one particular party. They want, and are entitled,

led, to, fair, honest and efficient government, without favoritism to a select few. When that kind of government is not the order of the day, those in power can expect to be repudiated at the polls. This is true whether the election be on a local, state or national level. As was once said by Abraham Lincoln, "You can fool some of the people all of the time, and all of the people some of the time, but you can't fool all of the people all of the time."

John Paul Jones was once vice-admiral of the Russian fleet.

By Congressman Walter Rogers

THE RECENT ELECTIONS:

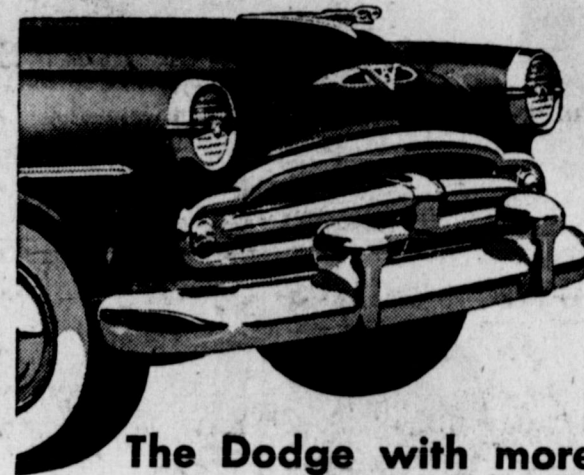

Washington has been agog and a-twit about the recent elections in the East. There has been much conjecture as to the meaning of these elections, at which the Democrats gained many offices, including the Governorship of New Jersey and a House seat in New Jersey that had always been occupied by a Republican. The observations of many alleged political intellectuals have been very interesting. Many—including some of the leading Republicans—analyzed the situation as a repudiation of the present administration, saying that it is the result of the failure of the present administration to carry out many campaign promises. Others attribute the upheaval as an indication that the people have not been fully informed and advised as to what is going on. Frankly, I cannot subscribe to either analysis. My observation is that many
