Spring Football Training Now In Progress

Rugged sessions in conditioning and head-on tackling started the 1953 Broncho football squad out on what is proving to be a preview of next fall's gridiron classics. Spring training started Wednesday, April 8th and is scheduled to continue into May. At the rate they are going, it will be long enough to separate the men from the boys. So far the boys are looking better than expected, and with coach Moore developing a well-precisioned backfield and assistant coach Spann fielding a rugged line, the Bronchos may send one of the better teams of the district into conference play next fall. As competition, the Bronchos will play the seniors in an afternoon game in about two weeks. Lovell Myers and Clifton McNabb, who have been helping coach the "B" squad, will get a chance to test how well they have coached their opponents. As a wind-up for spring training, the captains for the 1953 football season, will be elected prior to a night game in which the Bronchos will again play the seniors.

Coaches Moore and Spann hope that the wing "T" formation which is new to the boys, will prove to be lethal when put to a test next fall.

Boys who have reported for Spring training and who will make up the 1953 Broncho squad include: Bill Dale Hill, Perry Jordan, Henry Martin, Broadway Spivey, Billy Bradshaw, Allen H. Estlack, David Lane, Don Landers, Delma Graham, Bobby Johnson, Glenn Wallace, Bill Noblet, Bernie Benson, Frank White III, Bobby Phillely, Don Ray, Kenneth Evans, Hubert Kidd, Billy Mac Hicks, Bobby Wilson, Billy Joe Percival, Fred Clifford, Donovan Houdashell, Kenneth Webb, Jimmy Lambeth, Bobby Cosper, Howard Hensley, Max Johnson, Doyle Hall, Jerry Swinney, Robert Cash, Ernest McNabb and Winfred Self.

Donley Resident Celebrates 86th Birthday

Mrs. Lena Antrobus celebrated her 86th birthday in her home Sunday, April 12. All of her children, 5 of her grandchildren, and 5 great-grandchildren were present to help make the occasion a happy one.

Bouquets of roses and iris decorated the house. A bountiful dinner was served at the noon hour from a beautifully appointed table centered with an arrangement of red roses in a silver bowl.

Children present were Mrs. Ernest Maedgen of Lubbock, Mrs. T. G. Stargel of Oklahoma City, Mr. and Mrs. Grant Mercer of Fort Worth, Mr. and Mrs. E. B. Antrobus of El Paso, Mr. and Mrs. B. C. Antrobus, and Mr. and Mrs. O. C. Watson; grandchildren, George Watson and Sarah Ann Antrobus of Clarendon, Mrs. Merle Long of Wichita Kansas, Mrs. Marilyn Williams of Oklahoma City, and Mrs. Gale Ledbetter of Camp Breckenridge, Kentucky; also great-grandchildren, Susan and Shelley Williams, Steve and Kenneth Long, and Gary Ledbetter.

Mrs. Antrobus received many lovely gifts and good wishes. Group pictures were taken in the afternoon before each departed for his home.

BAND PARENTS MEETING MONDAY NIGHT

The regular monthly meeting of the Band Parents organization will be held next Monday night at 8 o'clock in the Band room. All members are urged to be present as important business will be discussed at this particular time.

Mr. and Mrs. Joseph N. Jones of Chattanooga, Tenn. visited last week end with his mother, Mrs. N. L. Jones and other relatives.

Revival Services At First Baptist Continue Thru April 19th

The series of revival services now in progress at the First Baptist Church of Clarendon will continue through Sunday evening, April 19th.

Rev. M. A. Smith, Jr., pastor of the First Baptist Church of Roysse City, Texas, is bringing the evangelistic messages in these services. J. C. Arthur, educational and music director, is directing the music.

According to pastor Howard E. Scott, all of the services have been well attended. Morning services will continue today and tomorrow, Friday at 10 a. m., and each evening at 7:30. Prayer groups meet at 7:00 p. m. each evening in the various departments of the Sunday school.

Bill Lowe, Sunday School superintendent, urges that every enrolled member of the Sunday school be present on Sunday morning, April 19th, as effort is being put forward to make this a high attendance day in the Bible school. On last Sunday those present signed cards which bore the legend, "I will be ONE of the '400' April 19th", and pinned them to their lapels. Teachers and officers of the various classes are working toward that end—an attendance of 400 in the Sunday school, April 19th. Mr. Lowe emphasized the fact that every member must make a special effort to be present if the goal is realized.

The First Baptist Church extends a warm welcome to everyone in this community to attend the closing services of this revival meeting.

Locals Qualify For Regional Track Meet At Lubbock

Several of the track boys from Clarendon qualified for the regional track meet at Lubbock April 18th by placing at the district meet at Childress last Saturday. Those qualifying for the region include Clifton McNabb, Hubert Kidd, Earl Morrow, Frank White III, and Bill Dale Hill.

Coaches Moore and Spann and the track boys wish to thank Mr. Edd Mooring, commissioner of Precinct No. 2, and his crew and Orval Housden and the City crew for keeping the field in excellent shape during the tournaments held here this spring.

Mrs. Dorothy Duke Buried Here Tuesday

Funeral services were held at Lubbock Tuesday morning for Mrs. Dorothy Duke who passed away at her home in Lubbock Sunday morning. Graveside services were held at Citizens Cemetery Tuesday afternoon with Rev. D. Duke officiating.

Mrs. Duke, age 27, was born in Clarendon and moved to Brice at an early age. She resided in the Brice community until three years ago when she moved to Lubbock where her husband R. W. Duke is manager of a trucking concern.

Survivors include her husband, one son, Garry and one daughter Janie, all of Lubbock; five brothers, Zack Salmon, Brice; Bill Salmon, Clarendon; Rowland Salmon, Brice; Pat Salmon, Memphis; Pete Salmon, Amarillo; two sisters, Mrs. Dan Dean, Amarillo, and Mrs. Susie Biestle, San Antonio. Burial was in Citizens Cemetery, Clarendon.

ATTENDS SERVICES FOR BROTHER IN CALIFORNIA

Mr. and Mrs. J. W. Murphy flew to Los Angeles, Calif. last Thursday evening to attend funeral services for Mr. Murphy's brother, Harry Murphy, who passed away Thursday morning. Services were held Saturday morning at Van Nuys, Calif. Mr. and Mrs. Murphy returned home Monday night.

Donley County Leader, \$2.50 year

Musical Jamboree Set For April 24th

The Band Parents organization is sponsoring a Musical Jamboree at the College auditorium Friday night, April 24th. Featured on the program will be varied music and first class singing. It will be different from the average program of this nature as there will be a mixture of musical instrument numbers, quartets, solos, etc. It will be entertainment well worth the money so make your plans now to attend. Admission will be 25 and 50 cents. You can enjoy the program as well as help the Band Parents raise needed money to buy necessary equipment for the band.

In addition to the Musical Jamboree, the highlight of the evening will be the drawing for a new 1953 RCA Victor 21-inch television set. You may obtain your tickets from any member of the band or Band Parents organization.

Clarendon Composer Wins In Contest

Mrs. Millard Word of Clarendon was named a winner in the Texas State Symposium of Music with her sacred composition "Hear Thou My Voice." She will play her composition in a concert in Recital Hall located on the campus of Texas Tech in Lubbock, Saturday morning, May 16. Miss JoAnn Christal will sing the vocal arrangement.

The first contest of this sort was held in Austin last year under the sponsorship of the Music Department of Texas University. Groupings were made in violin, piano, ensemble, symphony, band, and vocal, and it was in the latter group in which Mrs. Word's composition won this recognition.

Red Cross Bloodmobile To Be In Clarendon Friday, April 24

A campaign will begin this week-end in Clarendon and throughout the county for citizens to pledge one pint of blood to be donated when a Bloodmobile of the American Red Cross arrives here Friday, April 24th.

Mrs. Noel T. Cudd, Jr., has been appointed to serve as recruit chairman for the downtown area on Tuesday of next week. She and volunteer workers will give donor cards to those wishing to donate blood to be used for plasma for the soldiers in Korea and for gamma globulin for the protection of children during the polio epidemics which strike without warning during the summer months.

The donor cards will then be given to Mrs. Gene Putman who will fill out the appointment time and notify the donors. The Bloodmobile is equipped to handle eight donors each fifteen minutes.

Recruiting in the county will

Services Held Monday For A. W. Howard

Funeral services for Arthur William Howard, pioneer rancher and business man of Memphis and formerly of Clarendon, were conducted Monday afternoon in the First Baptist Church at Memphis. Rev. Roy Shahan of Post, Rev. C. R. Tennison of Borger and Rev. Fern A. Miller of Memphis, officiated. Burial was in Citizens Cemetery, Clarendon, under the direction of Murphy-Spicer Funeral Home. Masonic rites were conducted at the graveside.

Mr. Howard, 60 years old, died Friday in an Oklahoma City hospital. Mr. Howard was born August 29, 1892 at Lefors where his family had settled in the 1880's. About 1898 Mr. Howard's father bought a ranch 25 miles southwest of Clarendon and the son continued to operate the ranch after he moved to Memphis in 1921. He also was a cotton buyer and bred and raised race horses.

He was a graduate of Clarendon High School and Clarendon College. His hobby was music and he played the piano, violin and banjo. He participated in, and judged numerous fiddling contests here in Clarendon in the past years.

Survivors are his wife, Mrs. Julia Howard, Memphis; three daughters, Mrs. Charles Imbortino, who lives on the ranch near here, Mrs. Samuel F. Whiteside, Lubbock, and Mrs. Leslie H. Calhoun, Ft. Riley, Kansas; a brother, F. C. Howard, Huntsville, Ark., and five grandchildren.

Pallbearers were John Howard Gilbert, Dr. O. R. Goodall, Ollie Simmons, M. C. Allen, W. J. Lewis, Jr., Otho Fitzjarrald, J. R. Mitchell, Jr. and Forrest Sawyer.

Donley County Leader, \$2.50 year

Amarillo Good-Will Delegation To Be Here Tues. Morning

Mr. A. G. Atkin, director of Public Relations for the Amarillo Chamber of Commerce, has informed us that the Amarillo Chamber of Commerce Good-Will delegation would arrive here at 9:45 Tuesday morning April 21st and be here for one hour on their annual tour of the eastern portion of the Panhandle. The special train carrying the group will go east to Childress and then swing back west to Plainview, taking in all towns along the route.

The 589th Air Force Marching Band from Amarillo Air Force Base will accompany the group and will present a major portion of the program. They will be met here by the local band and a welcoming group of Clarendonites, Maurice (Butch) Lane, president of the local chamber of commerce will be the official greeter. The Good-Will sound truck will be set up in the second block of main street for the delegation's hour visit here.

Donley Farm Bureau Membership Drive Starts Tonight

The Donley County Farm Bureau's 1953 membership drive will get under way officially with a kick-off steak supper tonight at 7:30 at the Lelia Lake school house, according to W. H. Calhoun, membership chairman. The quota for the Donley County membership drive is 200. The Bureau had 144 members in 1952.

Principal speaker at the supper meeting tonight will be R. G. Arnold of Auburn, Alabama, organization assistant for the American Farm Bureau Federation for the southern region.

County-Wide Meeting To Be Held April 29th To Discuss Cotton Acreage And Market Prospects For 1953

LEONARD REID DIES AT BAYTOWN

Word was received here Wednesday that Leonard Reid, former Clarendon resident, passed away at Baytown, Texas about 11 o'clock Wednesday morning. He was 61 years old.

Mr. Reid was a long time resident of Clarendon prior to moving to south Texas. He was employed at the local Ice Plant and was driver for the local fire department for several years.

Funeral arrangements are incomplete at this time but funeral services will be held here under the direction of Murphy-Spicer Funeral Home. His body will probably arrive here on the morning train Friday.

Survivors include two daughters, Mrs. H. S. Gore, Baytown and Stella; two sons, J. L. Reid, Baytown and Ellis Reid of Calif.; also a brother, H. M. Reid of Clarendon.

Mrs. W. J. Lewis, Jr. to Head Cancer Drive

Mrs. W. J. Lewis, Jr. will direct the American Cancer Society's 1953 crusade here, it was announced today.

Mrs. Lewis will be chairman of the joint fund-raising and educational campaign in Clarendon and surrounding communities in Donley County.

The national goal for 1953 is \$18,000,000 an increase of \$2,000,000 over last year's goal. However, a total of nearly \$16,500,000 was collected in 1952.

"We hope to be able to contribute our full share toward this goal Mrs. Lewis said. Naturally we must raise our sights considerably over last year's contributions to do so."

"This can be done either by more givers or larger donations," the chairman said. "It is my sincere hope that both will ensue. The task of directing the drive here, I feel, carries a heavy responsibility. The size of our research program and the extent of service to patients and of our educational activity are governed by funds available. The more money raised, the more lives saved."

"When someone asks you to make your contribution a little larger this year, I hope you will think of this. In the meantime there are a great many details to complete before the campaign can be launched, and I will need the help of many people in this community."

"In the near future we will be asking for volunteers to help in the crusade. I know the response will be generous and prompt," Mrs. Lewis added.

HAVE YOU LOST SOME CASH?

We still have some honest men left and it makes you feel right good when a man like P. C. Messer walks up and hands you some loose cash and states that he found it in a sand bed. "Some youngster must have lost it out of his pocket, for tracks in the sand indicated a spill on a bicycle and I imagine that youngster would like to have his money back," Mr. Messer stated.

Mr. Messer found the money which consisted of paper money and small change. Person identifying nature of money may claim same at the Leader office.

PTA TO MEET TODAY (THURSDAY)

The Sims PTA will meet this afternoon at 3 o'clock in the Junior High auditorium. There will be a business meeting, musical program and a program presented by the first grade.

An executive board meeting will be held preceding the regular meeting at 2 o'clock in the cafeteria.

Fire Destroys Old Land Mark Here

Fire, which was believed to have started from cutting torch sparks, destroyed the Clarendon Ice Plant and Old Opera House building here Saturday morning. Flames broke out shortly before 6 a. m. and local volunteer firemen fought the blaze for over two hours before it was completely under control. The volunteer firemen did an excellent job in controlling and putting out the fire as it was centered in a part of the building that was hard to reach. Approximately 300,000 gallons of water was used in putting out the fire.

Practically all machinery had been sold and removed from the building. The blaze was believed to have started from sparks created by a cutting torch while removing a brine tank the previous day. The front section of the building was considered a total loss and in addition to the building, equipment and merchandise in the Clarendon Radio Shop, operated by C. L. Dromgoole, was damaged by heat, water and smoke. Total damage to both was estimated in the thousands of dollars. G. W. Bradshaw's milk storage vault in the brick portion of the structure was not damaged.

The building containing the Old Opera House was said to have been built in 1900. It was an old land mark that will be remembered by many panhandle residents for years to come. Many old timers recall attending operas, dances and other major attractions held there in the early days. The Ice Plant and Opera house was owned by Mrs. James Trent. Mr. Trent operated the business up until his death about a year ago.

PANHANDLE BAPTIST WORKERS CONFERENCE AT LELIA LAKE

The Panhandle Baptist Association Worker's conference will meet Tuesday, April 21st at the Lelia Lake Baptist Church. The meeting will begin at 10 a. m. The theme of the meeting will be "The Vacation Bible School." Departmental conferences will be held at 11:15 and will be concluded with an inspirational message by Bro. C. T. Aly of Phillips, Texas at 2:15 p. m.

PARENTAL CONSENT FORM

(son) _____ being over the age of _____ (legal ward)

AN ORDINANCE REGULATING INSTALLATION, REPAIR AND MAINTENANCE OF TELEVISION AND RADIO RECEIVING ANTENNAS, PROVIDING FOR A BOND, AN EXAMINATION AND LICENSE, INSPECTION FEES, AND PROVIDING A PENALTY, NOT TO EXCEED \$200, FOR VIOLATIONS OF ANY OF THE PROVISIONS OF THIS ORDINANCE.

BE IT ORDAINED BY THE CITY OF CLARENDON, TEXAS:

Section 1. Definitions. The following definitions shall apply in the interpretation and enforcement of this ordinance:

(1) "Electrical Inspector" shall mean the Electrical Inspector of the City of Clarendon or any of his authorized deputies.

(2) "Antenna" as used in this ordinance shall mean the outdoor portion of the receiving equipment used for receiving television or radio waves from space.

(3) "Mast" shall mean that portion of the outside antenna system to which the antenna is attached, and the support or extension required to elevate the antenna to a height deemed necessary for adequate operation.

(4) "Height" shall mean the overall vertical length of the antenna system above the ground, or, if such system be located on a building, then, above that part of the level of such building upon which the system rests.

(5) "Person" shall mean and include any person, firm, partnership, association, corporation, company or organization of any kind.

Section 2. Permit required. It shall be unlawful for any person to install, repair or maintain, either as owner or as agent, servant or employee of the owner, or as an independent contractor for the owner, or other-

wise, any outside television or radio receiving antenna, any additions to, or substitutions for, said antenna unless and until an inspection permit shall have first been obtained from the Electrical Inspector.

Section 3. Application Data. Application for permit shall be made upon blanks provided by the Electrical Inspector, and shall contain or have attached thereto the following information:

(1) Name, address and telephone number of the owner for whom to be made.

(2) Whether it is a new installation, repair or maintenance work.

(3) Whether a radio or television receiving antenna.

(4) Name of the person making the installation.

(5) Such other information as the Electrical Inspector shall require to show full compliance with this and all other laws and ordinances of this City.

Section 4. Bond Required. Every person engaged in the business of making television or radio receiving antenna installations, repairs and doing maintenance work on same, shall annually file with the Electrical Inspector a good and sufficient bond in the sum of One Thousand Dollars (\$1,000.00), executed by a bonding or surety company authorized to do business in the State of Texas, and approved by the City of Clarendon. Said bond shall be conditioned upon the faithful observance of all the laws and ordinances of the City of Clarendon and shall indemnify, save and keep harmless the City from any and all damages, judgments, costs or expenses which the said City may incur or suffer by reason of the granting of a permit to install, repair or maintain said antenna or any services thereto. Said bond shall run to the City of Clarendon for the use and benefit of any person who may suffer injuries or property damages by reason of the permit granted hereunder. The maintenance of said bond in full force and effect shall be prerequisite to the issuance of any permit required under provisions of this ordinance.

This provision shall not apply to personal installations, repairs or maintenance of said antenna by the owner or occupant, provided, however, that said owner or occupant give sufficient proof to the Electrical Inspector that he is qualified to perform the work in conformity with the provision of this ordinance.

Section 5. Technical Requirements. All television and radio receiving antenna installations from and after the effective date of this ordinance shall be made in accordance with the following rules and regulations:

(a) A lightning arrester shall be installed in each lead-in from an outdoor antenna except that if lead-in conductors are enclosed in a continuous metal shield, the

arrester may be used to protect the shield, or may be omitted if the shield is permanently grounded to a ground which has a resistance of 25 ohms or less. The arrester shall not be located near or in a hazardous location.

(b) Each supporting pole or mast extending above the supporting building shall be permanently grounded to a cold water pipe or by other methods which conform to requirements as set forth in the National Electrical Code. A mast and lightning arrester may be served by a common grounding conductor.

(c) Outdoor antenna and counter poise and lead-in conductors shall be securely supported. They shall not be attached to poles or similar structures carrying electric light or power wires. Stand-off insulators shall have sufficient mechanical strength to sustain the lead-in cable. Lead-in conductors shall be securely attached to the antenna.

(d) Lead-in conductors attached to buildings shall be so installed that they cannot swing closer than two feet to the conductors of circuits of 250 volts or less, or closer than ten feet to conductors of circuits of more than 250 volts. The clearance between lead-in conductors and any conductor forming part of a lightning rod system shall not be less than six feet. Lead-ins shall be supported at intervals of not less than ten feet apart. A minimum clearance of at least two inches from combustible materials shall be maintained until past lightning arrestor.

(e) Chimney mounts on single flue, chimneys with less than three square feet of cross sectional area must be made with metal straps completely around the chimney. Antenna may be mounted with anchors on chimneys of a size greater than three square feet of cross sectional area, provided that said chimney is in good condition. Anchors are to be set in holes drilled in the brick or masonry, and shall not be set in the mortar joints between the brick.

(f) All pipe masts requiring guys shall be guyed by not less than three and preferable four guys evenly spaced. Guy wires shall be of non-corrosive stranded cable or wire, and of 300 pounds test strength.

In case of amateur or domestic radio receiving antennas where the set is installed in a private residence the antenna may be installed on the roof of a frame structure provided the supports and anchor screws are securely fastened to rafters or beams or other substantial members, and provided further that no antenna installed on the roof of a frame construction or in any way supported by material of combustible construction shall exceed a height of thirty feet above the roof of the building.

All guys shall be made mechanically secure to the roof, parapet or other masonry, attached to mast with guy rings and may contain turnbuckles installed at the base end. All antenna mast over twenty feet in height must have turnbuckles on the uppermost set of the guywire. Guys shall not be installed at an angle of less than 30 degrees to the vertical to the mast. Guys shall not be tightened in such a manner as to cause mast to buckle.

The miscellaneous hardware, such as brackets, turnbuckles, thimbles, clips, etc., must be hot-dipped galvanized, or similarly treated, for weather protection. The turnbuckles must be protected against turning by threading the guywire through the turnbuckles.

(g) Pipe masts over eight feet in height exclusive of the beam elements shall be guyed as outlined in paragraph (f) hereof.

(h) Pipe masts over eight feet but not greater than twenty feet in height exclusive of beam elements shall be guyed to at least one position, within four feet of the top if possible, and if not, as close as practicable, and shall be guyed as outlined in paragraph (f) hereof.

(i) Pipe masts over twenty feet in height, exclusive of the antenna elements, shall be guyed within two feet of the top of the mast. Guys shall be installed as outlined in paragraph (f) hereof.

(j) Fabricated mast towers shall be installed in accordance with the manufacturer's recommendations. If the tower is over twenty feet high, it shall be supported by at least two sets of guys installed in accordance with regulations as outlined in paragraph (f) hereof.

(k) If possible, all masts and towers shall be so installed that the mast and antenna cannot fall

on power lines carrying 250 volts or more in event of failure of the masts or guys. Where installation could fall on a power line, the installation shall not be made until approval has been obtained from the West Texas Utilities Company, Clarendon, Texas, its successors or assigns.

(l) All installations shall be made in a neat, safe and workmanlike manner.

(m) No wires, cables or guys, electrical or mechanical, used for a television antenna system, shall cross over or under any existing light and/or power circuit wires. No such television antenna system wires, run aerial, shall cross any public street or way.

Section 6. Electrical Inspector. Duties, rights and powers.

(a) It shall be the duty of the Electrical Inspector and his authorized assistants to inspect all television and radio receiving antenna to ascertain if the work has been done in a workmanlike manner and to investigate all complaints from the general public pertaining to said antenna installations and interference caused thereby.

(b) The Electrical Inspector and his authorized deputies are hereby empowered to inspect or re-inspect any wiring, equipment or apparatus, conducting or using electrical current for radio and television receiving service in the City, and if conductors, equipment or apparatus are found to be unsafe to life or property, or not in conformity with the provisions of this ordinance, the Electrical Inspector shall notify the person owning or operating the hazardous wiring or equipment to correct the condition within a forty-eight hour period or within the time the Electrical Inspector specifies. Failure to correct violations within the

specified time shall constitute a violation of this ordinance.

Section 7. Unlawful to Interfere With Electrical Inspectors. It shall be unlawful for any person to hinder or interfere with the Electrical Inspector or his authorized representatives in the discharge of their duties under the provisions of this ordinance.

Section 8. Fees. An inspection fee of \$1.25 shall be paid for each permit issued under Section 2 hereof.

A re-inspection fee of \$1.00 shall be paid for each trip when extra inspectors are necessary due to any one of the following reasons:

(1) Wrong Address; (2) Condemned work resulting from faulty constructions; (3) Repairs or corrections not made when inspection is called; (4) Work not ready for inspection when called.

Section 9. Licenses. Every person engaged in the business of installing television or radio antennas, shall first obtain a license thereof from the City Clerk of the City of Clarendon. Such license may be granted upon the recommendation of the Electrical Inspector after an examination being taken by the applicants as to their proficiency in the installation, erection, grounding, etc., of television and radio antennas. A license fee for the issuance of the first license to the applicant shall be \$10.00, which fee shall cover a period of one (1) year from the date of issuance, and all renewals of such license shall be \$10.00 per annum.

Section 10. Application to Existing Antennas. Every television or radio receiving antenna erected prior to the effective date of this ordinance may be maintained and operated in its present location, unless said antenna is so

constructed and maintained as to be unsafe and dangerous as determined by the Electrical Inspector as provided in this ordinance.

Section 11. Authorizing Additional Rules. In order to take advantage of progress and change in the industry, the Electrical Inspector may consult with members of the industry and other qualified persons and may put into effect any reasonable rules and regulations not in conflict with the provisions of this ordinance.

Section 12. Prohibiting Certain Installations in Automobiles. It shall be unlawful for any person to install a television set forward of or which is visible from the front seats of any motor operated vehicles, otherwise the provisions of this ordinance shall not apply to automobiles.

Section 13. Penalties. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not exceeding a sum of Two Hundred Dollars (\$200.00). Each day such violation is committed, or permitted to continue, shall constitute a separate offense and shall be punishable as such hereunder.

Section 14. Separability. If any section, sub-section, sentence, clause, phrase or portion of this ordinance is for any reason held

invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof.

Section 15. Ordinances repealed. Any ordinance, parts and sections of ordinances which are in conflict herewith are hereby specifically repealed.

Section 16. Adoption and Emergency. That for the better protection of life and property and in the interest of the public safety this ordinance is deemed necessary for the preservation of the public peace, health and property and creates an emergency; therefore, it shall take effect immediately upon its introduction and passage on first reading and shall be published in accordance with the provisions of the Charter of the City of Clarendon.

Passed and approved this 8th day of April A. D. 1953.

By **ANDY ROGERS**
State Senator, District 30

Ever since the disastrous days of the East Texas Oil Boom, the Railroad Commission has in effect determined the price of oil by proration—or limiting production. This has been done in the name of conservation.

One of the most important issues now before the Legislature is a proposal to require the Railroad Commission to set minimum prices at which natural gas pipelines and companies can buy natural gas in our Panhandle gas field.

All the testimony is not in, but

briefly, here are the arguments:

By Gas Companies and major Panhandle pipeline outfits:

1. It will raise prices to the consumers because the increase in cost must be borne by them.
2. It would also raise electricity rates.
3. It would break contracts now in existence.
4. Price fixing is bad in itself. By some independent Companies and by royalty owners, land owners and many others:

1. The Panhandle gas field is part of the greatest gas field in the world. It extends across part of Oklahoma into Kansas. Both of these states already fix gas prices at the well, at 2 to 3 times as high as our gas. Consequently, the big pipelines take most of their gas from the Texas side of the field. The best estimates available indicate over half of our gas there is gone. So before many years are gone, the consumer will have to pay much higher prices anyhow for gas from the Kansas and Oklahoma side of the field.
2. Present contracts were and are obtained under monopoly conditions (either take what we offer or we will pump it out from under you for nothing.) The pipelines now carrying most of our gas are controlled by Sinclair and Standard Oil of New Jersey. Much of the gas shipped 1000 to 2000 miles to other states is sold to consumers in other states

cheaper than Texas consumers get the same gas.

These same big companies are the ones now refusing to pay their taxes and are holding up \$45 million dollars of Texas tax money by court procedure in Texas, but have not refused to pay in other states that have similar tax laws.

3. The main idea is conservation, not price fixing. Texas is being robbed.

4. Much of this cheap Texas gas is stored underground on other states for future use.

5. About 80% of our Panhandle gas is now going to other states.

6. Since our tax on natural gas is a percentage of the total price paid for the gas, Texas is losing a lot of tax money. The increase would be paid about 1/4 by Texans, about 3/4 by people in other states.

Powerful Republican Jack Porter of Houston testified against this legislation but actually gave the opposition their greatest help. He said he knew that the action of the major companies in the Panhandle field for 25 years was and is worse than disgraceful. His only argument was that the problem should be handled in some other manner, but how he didn't know.

Both sides are working hard to win favor for their views.

Bearded Hen Stirs Nimrod

AUSTIN—A wildlife version of the bearded lady has been pinpointed by a post-hunting season query to the Game and Fish Commission.

The oddity was spotlighted when a Central Texas man wrote that he suspected that a wild turkey he had bagged as a gobbler, because of its beard, apparently as a hen.

His letter stated:

"This was a small bird and the feet were smooth, with no signs of spurs. The head did not have a long snout. In fact, it had all the looks of about a two-year-old hen, but there was attached a beard that measured seven inches long.

"I have heard of occasional incidents where doe (deer) were found with horns. Do turkey hens grow beards, and if so does it happen very often?"

In reply, Eugene A. Walker, Wildlife Biologist on the Com-

mission staff wrote:

"The description of the turkey you refer to leaves little doubt that the bird was a bearded hen. You can verify the fact by examining the tips of the feathers of the breast and lower neck. Gobblers have a jet black margin on the tips of these feathers, while the breast feathers of the hen are tipped with white. It is not uncommon for wild turkey hens to have beards. My observations have indicated that sometimes you can expect as many as one bearded hen to twenty non-

bearded ones . . . We have reports that bearded hens do produce eggs and raise young, bearded hens with broods have been frequently observed in wild flocks in Texas."

Rockefeller Center's R.C. building in New York is 70 stories high.

Rats have caused more deaths than any other animal.

Lift the receiver of your telephone and you have at your command many thousands of dollars worth of equipment. Call long distance and those thousands of dollars are multiplied into millions. For, behind each telephone in your block, your neighborhood, your city, the telephone company has \$261 worth of equipment and facilities to provide your telephone service.
Only about 10% of this figure is invested in the telephone instrument itself—the part you see each day. The balance represents land and buildings, switchboards, connecting equipment, poles, cable and wire. In addition to this investment per telephone of \$261, the company must then add the everyday, every-year expenses of wages and salaries, operation and maintenance.
All this is at your fingertips when you reach for the telephone. All this makes it possible for you to call across town or across the nation with similar ease. All this makes it so true—telephone service is a valuable part of your life. Enjoy its full value. Use it often . . . use it well.

LELIA LAKE NEWS

Mrs. H. R. King

Dr. Hollis Leathers of Muskogee, Oklahoma spent the weekend here with his parents, Mr. and Mrs. H. K. Leathers and Robert.

Mr. and Mrs. Alvin Mace and Jennie left Monday for their home in Farwell, after a weekend visit with Mr. and Mrs. Nollie Simmons and Mr. and Mrs. Will Mace.

Lamar Aten returned last week from Savannah, Missouri where he went for medical treatment. J. C. Mills of Camp Stewart, Georgia came Thursday to visit his parents, Mr. and Mrs. Cecil Mills and children.

Mr. and Mrs. Neil Molder of Hastings, Nebraska came Thursday to visit his parents, Mr. and Mrs. C. T. Molder and other relatives.

Mrs. James Smith attended a vacation Bible school clinic in Amarillo last Thursday.

Mrs. J. L. Butler, Mrs. Marilyn Hill, and Miss Bobbie Seago shopped in Amarillo Thursday.

Mr. and Mrs. J. B. Reynolds returned last week from a visit with Mr. and Mrs. Jimmy Pattillo of Oklahoma City.

Mr. and Mrs. D. M. Cook and Mrs. W. V. McCauley visited relatives in Amarillo Friday.

Mr. and Mrs. J. W. Shields and children visited Mr. and Mrs. Bill Henson and children of Childress Sunday.

Mrs. Hubert Mann, who underwent major surgery in Groom last week, was able to return home Sunday.

Mr. and Mrs. H. R. King visited Mr. and Mrs. Ed Morton of Hedley Sunday.

Bro. Roy Carver and Bro. Murphy, both of Amarillo, and Mr. and Mrs. J. B. Reynolds visited Mr. and Mrs. Murphy Brock Sun.

Those to visit Mr. and Mrs. Lonnie Wood and Mr. and Mrs. Arlie Wood over the weekend were Mr. and Mrs. Turner Wood and Shirley of Raton, N. M., Mr. and Mrs. Bobby Hood of Abilene, Mr. and Mrs. Lewis Wood and children of Amarillo, Mr. and Mrs. Nelson Rile and J. N., Mr. and Mrs. Cap Lane, Mrs. Heckle Stark all of Clarendon, and Mr. and Mrs. Clarence Ayers.

Those to visit Mr. and Mrs. W. C. Holland Sunday afternoon were Mr. and Mrs. Howard King, Mr. and Mrs. V. F. Wade, Mr. and Mrs. Ed Morton and Mr. and Mrs. W. T. Dickson, all of Hedley.

Miss Bobbie Seago spent the week end in Lubbock with relatives and friends.

Mrs. Maggie Gustin of Hugo, Oklahoma came Saturday to visit relatives here.

Mr. and Mrs. Johnny Leathers of Tulia spent Saturday night and Sunday with his parents, Mr. and Mrs. D. E. Leathers, Mr. and Mrs. J. R. Williams and Sharon of Groom spent Sunday with them.

Herald and Cliff Stogner of Clarendon spent Saturday night with Clarence Ayers and family. Mr. and Mrs. Keith Reed of Amarillo spent several days here last week with their parents, Mr. and Mrs. Dennis Reed and Mr. and Mrs. Elmer Dishman.

Mrs. Janice Christal spent the weekend in Canyon with her sister, Joanne Christal.

Mr. and Mrs. J. L. Butler and John Bob and Mrs. Marilyn Hill went to Wichita, Kansas Saturday to visit Jimmy Lee Butler and attended his wedding Sunday.

Bro. Guy Wilson of Plainview preached at the local First Baptist Church Sunday. Bro. and Mrs. Wilson visited Mr. and Mrs. Dub Smith and children.

Mrs. J. C. Denton and children spent last week in Friendship with her parents.

Mr. and Mrs. Herman Mooring and Robert of Amarillo visited her parents, Mr. and Mrs. D. M. Cook Sunday.

Mr. and Mrs. Harold Smith of Guymon, Okla., Mrs. M. L. Allen and Mickey of Tucumcari, N. M., Mr. and Mrs. Ernest Smith and Mrs. Irene Jackson of Amarillo and Mr. and Mrs. Leo Smith and Marilee were guests of Mr. and Mrs. J. C. Smith Sunday.

Classroom Needs School Problem

By Charles H. Tennyson
(Second in a series of three articles on the needs of the Texas public schools by the executive secretary, Texas State Teachers Association.)

FIFTEEN HUNDRED PUBLIC SCHOOL buildings in Texas have been classed unsatisfactory and should be abandoned as soon as possible because they are either structurally unsafe or have non-correctible fire hazards. Any of these buildings could become death traps for some of the 408,146 children who attend classes in them.

This fact was among many disgraceful ones discovered last year in a survey of school buildings made jointly by the State and Federal Governments.

The survey also showed that 93,349 Texas school children go to schools that have outdoor privies; 2,760 go to schools that do not have toilets; 6,609 go to schools where no water is available; 7,690 go to schools that have no artificial lighting; 49,408 go to schools that have no fixed washing facilities, and 706,651 go to schools that have cold water only for pupil use.

MOST OF THE LOCAL SCHOOL districts in the state are doing everything they possibly can, under the present circumstances, to correct the situation. Unlike thirty-four other states, Texas gives no state money to local school districts for construction of school buildings or for maintenance and repairs.

That job is left entirely up to the local schools. Under present state law, these local school districts can not levy taxes of more than 50c per \$100 valuation to finance construction. Bonds may not be issued for longer than thirty years for a fireproof building.

Even the buildings we do have which are considered satisfactory are greatly overcrowded. Approximately 33,000 of the children in our elementary schools attend classes now for less than a full day because their schools are so overcrowded they must operate in shifts.

TEXAS NEEDS 10,461 new classrooms, which would cost an estimated \$471,156,000, to relieve overcrowding, take care of constantly increasing enrollment and to replace obsolete buildings.

It would cost more than \$500,000,000 to put all of the Texas public school buildings in first-class shape.

Local school districts can levy taxes on nothing but real estate in order to get badly needed

funds. Many of our schools have their tax rates now at the highest level permitted by state law and are bonded to the limit.

These local districts now are paying approximately 45 per cent of the total cost of our Texas public schools. If they should be required to pay a larger percentage of the regular operating costs, their attempts to build safe, sanitary buildings for our school children will be thwarted.

MARTIN NEWS

Mrs. W. H. Morrow

The Baptist meeting started Sunday and will go through the week. Will close next Sunday night. There will be service at 10:30 in the morning and at 8 p.m. Every body is invited to come.

Rev. and Mrs. Harmonson and family were dinner guests of Mr. and Mrs. Oren Lee Hill and family Sunday.

Mr. and Mrs. W. H. Morrow spent the week end at Amarillo with their children.

Mrs. Billie Jack Land and boys and Mrs. Pete Land visited Mrs. Tick Barbee at hospital in Memphis last Friday eve. Mrs. Barbee is doing fine and will get to come home this week.

Mrs. H. A. Harrison and children visited Mrs. Frank Cannon and boys Saturday eve.

Mr. and Mrs. Billie Ray Young visited her parents, Mr. and Mrs. C. H. Riddle Sunday night.

Mr. and Mrs. Pete Land visited Mr. and Mrs. W. H. Morrow Friday night.

Mr. and Mrs. W. D. Higgins visited Mr. and Mrs. Slaton Mahaffey of Ashtola Sunday afternoon.

Mr. and Mrs. Ira Self visited Mr. and Mrs. W. D. Higgins Friday night.

Mr. and Mrs. Elzie Kidd and Bob, Mr. and Mrs. J. E. Kidd and Larry Wayne, visited Mr. and Mrs. Jerry Williams of Amarillo Friday night.

Those that visited Mr. and Mrs. Dewey Brinkley Saturday were Mr. and Mrs. Billie Wiggins and Mike, Mr. and Mrs. Adrin Lollar and girls of Kildaire.

Mr. and Mrs. Jess Stiles and Lewis of Hedley, Mr. and Mrs. Johnnie Stiles and Linda of Amarillo all visited Mr. and Mrs. Dewey Brinkley and Eddie Sunday.

Mr. and Mrs. Martin of Memphis visited their daughter and

family. Mr. and Mrs. Oren Lee Hill and girls Sunday afternoon.

Mrs. R. O. Reynolds visited Miss Della Wood Tuesday afternoon.

Miss Della Wood visited Mr. and Mrs. L. L. Wood and Arlie Wood's family Thursday.

Sunday, Mr. and Mrs. Lonnie Wood had all of their children home for Sunday dinner and in the afternoon Mr. and Mrs. Cap Lane of Clarendon and Mr. and Mrs. Nelson Riley visited them.

Mr. and Mrs. M. P. Hamblen of Amarillo visited in the Geo. McKee home last week end.

32% Jump in Volume Makes Price Cut Possible!

DETROIT: In announcing lower truck and car prices, L. L. Colbert, president of Chrysler Corporation (builders of Dodge "Job-Kat" trucks) said: "Since the first of this year, Chrysler Corporation has built out in the corresponding period last year under government controls. With the spring selling season just beginning, our dealers are already setting a pace more than 50% ahead of last year.

"We are very pleased that we can take this action so promptly after the new administration's prompt ending of price controls on cars and trucks for which materials can be obtained in a free competitive market.

"These lower prices indicate Chrysler Corporation's confidence in the wholesome effects of these moves.

"Now that higher volume is being achieved and we may reasonably expect it to continue, we are lowering prices accordingly."

PATHFINDER

"Behind the Seams," a discussion on fashion, was the program theme for the Pathfinder Club which met Friday afternoon, April 10 at Patching Club House. Mrs. Wm. S. Greene and Mrs. I. E. Biggs were hostesses for the meeting.

Mrs. Ed Dishman was elected chairman of the business meeting to take the place of absent officers who were attending the Federated Clubs Convention at Hereford. Mrs. J. R. Porter served as secretary. Members voted to send letters to their state representative and state senator in support of a bill to raise liquor dealer's licenses.

Mrs. Bill Greene was leader of the fashion program. In keeping with the theme, bolts of spring materials were displayed on a side table. Mrs. T. M. Caldwell, Jr. spoke on "Fashion—A National Industry." Mrs. Carl Allmond then told of "How A Dress Design is Created." In conclusion Mrs. Heckle Stark gave a "Fabric Fashion Forecast."

Refreshments were served by the hostesses to Mesdames Carl Allmond, C. E. Bairfield, C. E. Deyhle, L. N. Cox, Ed Dishman, Ray Moore, Bill Greene, J. H. Howze, R. Y. King, Pete Kunz, William J. Lowe, J. T. Patman, J. R. Porter, T. M. Caldwell, Jr., Heckle Stark, Oscar Thomas, and A. T. Cole. —Reporter.

H. D. CLUB NOTICE

Members of the senior Home Demonstration Club will meet Friday afternoon at 3 o'clock in the home of Mrs. Bertha Benson.

Mrs. S. L. Ingham of Canyon has been visiting the past 10 days in the home of her daughter and family. Mr. and Mrs. Millard Word.

CLARENDON F. H. A. GIRLS ENTERTAIN CLAUDE CHAPTER

The Clarendon F.H.A. girls entertained Claude F.H.A. girls with a party at the Canteen Monday night. The canteen was decorated with red and white crepe paper and red balloons. Local girls were dressed as "dates" for the Claude delegation and presented them with corsages made of vegetables.

A short program, a get acquainted game, Meet the Jones, and a scavenger hunt were enjoyed throughout the evening climaxed with dancing. Appearing on the program were Harlene Smith who played the piano and sang, "Hold Me, Thrill Me, and Kiss Me," Ru Ella McGowan of Claude who gave several piano selections, and a duet, "Glow Worm" with Paula Skelton and Joyce Crutchfield at the piano.

Prizes were awarded in the Get Acquainted game, the scavenger hunt and for the best looking couple.

Refreshments of cookies, sandwiches and punch were served to 25 Claude girls and their instructor, Miss Rampy, 28 Clarendon girls, their instructor, Miss Richardson, and to two club mothers, Mrs. Richardson and Mrs. Talley.

NEEDLE CLUB

The Needle Club met April 9, in the home of Mrs. Henry Mann as hostess. The evening was spent crocheting and tating and visiting. Refreshments were served to Mrs. Lee Roy Satterwhite, Mrs. Ira Self, Mrs. Harvey Shaw, Mrs. Gilbert Mann, Mrs. Ross Darby, Mrs. Amel Carter and hostess, Mrs. Henry Mann.

Next club meeting will meet May 14 in the home of Mrs. Lee Roy Satterwhite. —Reporter.

MOTHERS STUDY CLUB

Miss Ruth Richerson presented a very interesting program for members of the Mothers Study Club at their regular meeting at Patching Club House Tuesday afternoon. Her subject was "How to Handle Children's Rages." A panel discussion followed her talk to the group.

The entertaining rooms were decorated with a bouquet of seasonal flowers on the secretary's table. The short business meeting was presided over by the president, Annesse Bennett. Hostesses were Lea Tyler and Annesse Bennett.

Present were one guest, Mrs. Walter Gibson and daughter of Houston, and members Jennie McKee, Billie Jean Moore, Nova Lee Mooring, Delene Tyler, Ira Jean Chilton, Dorothy Martin, Lea Tyler and Annesse Bennett.

PRESBYTERIAN WOMEN OF THE CHURCH

Women of the Presbyterian Church held their Circle meeting April 8 in the home of Mrs. Ed Dishman with Mrs. Nova McClure co-hostess. The meeting was called to order by the chairman, Mrs. Lee Shaller and opened with a devotional by Mrs. Dishman. Roll call was answered by 15 members reporting 67 visits.

A Bible Study, based on the book of Mark, "The Painter of the Portraits," was given by Mrs. Thad Rogers, Mrs. Howard Stewart reading the scripture. The survey article, "What's Happening in Negro Work," was given by Mrs. Wm. A. Cockerell.

It was announced that the general meeting would be held April 22nd at the church, Mrs. J. G. Stewart and Mrs. E. Woody, hostesses, Mrs. Ed Dishman program leader. The meeting was closed with prayer by Mrs. Shaller.

In the general meeting April 1 at the church, officers were chosen. The meeting was called to order and opened with a short talk by the chairman, Mrs. Wadsworth followed by a song, "Must Jesus Bear the Cross Alone," by the group. The scripture lesson was given by the president followed by prayer by Mrs. Cockerell. A solo was sung

by Mrs. W. G. Word. The chairman of World Missions reported that 20 pounds of clothing had been shipped to Korea. Reports of officers of the past year were made. Installation of officers for the year 1953 was presided over by the pastor, Rev. Wm. A. Cockerell. After singing "More Love to Thee" the meeting was closed with prayer by Rev. Cockerell.

Refreshments were served to 17 members and Rev. Cockerell by the hostesses.

VADA WALDRON CIRCLE

The Vada Waldron Circle of the First Baptist Church met in the home of Mrs. J. D. Wood Wednesday afternoon, April 1st. Our meeting was opened with Mrs. J. D. Wood in charge and prayer by Mrs. Dale Hill. Mrs. Clyde Wilson read the secretary-treasurers report. Our Circle gave \$5 on the dry milk fund. Mrs. Crockett Taylor, scripture reading from John, Chapter 17. Mrs. Taylor also taught the first lesson from the book "Rainbow South," an inspiration to us on Missions.

We were sorry to hear of the death of Mrs. Henry Melton of Hereford, sister of Miss Vada Waldron. Our meeting closed with prayer by Mrs. Howard E. Scott.

Refreshments of pie and ice tea were served to Inez Skinner, Jessie Cook and Mesdames Godbey, Emma Ayers, Lena Smith, Taylor, Clyde Wilson, Hill, and Howard Scott by the hostess, Mrs. J. D. Wood. —Reporter.

GOOD NEIGHBORS CLUB

The Good Neighbors Club met in the home of Mrs. Leona Jones April 10 with an all day meeting and covered dish lunch. Those to enjoy the day were guests, Mrs. Doss Palmer, Mrs. M. C. Raney, Mrs. Jake Arthur, Mrs. C. B. Owens, Mrs. W. W. Rudd, Mrs. Merl Rattan and members, Mesdames Eula Butler, Emma Davis, Dorothea Sullivan, Ruby Jordan, Mava Anderson, Bessie Helton, Rosa Bingham, Pearl Terry and the hostess, Mrs. Leona Jones.

Next meeting will be with Mrs. Ruby Jordan on April 24. Every one come and don't forget your Pollyannas. —Reporter.

WIN ONE S. S. CLASS

Mrs. John Blocker and Mrs. W. M. Pickering were hostesses to the members of the Win One Sunday School Class of the Methodist Church, Monday afternoon, in a regular business and social meeting.

Mrs. Eva Rhode gave an inspiring devotional. Mrs. Hillis, the president was in charge of the business. In the absence of the treasurer, Mrs. John Goldston acted in this capacity. \$20.50 was paid in on the carpet fund. A check for \$10 was also received from Mrs. Lalar Wilkerson of Matador, for this fund. Mrs. Wilkerson is a charter member of the Win One Class.

A delicious refreshment plate was served to members, Mesdames Charley McMurtry, Eva Rhode, George Hillis, W. W. Taylor, R. Y. King, C. C. Powell, John Goldston, J. Cook, Will Johnson, Jim Patman, Bill Greene, Bertha Benson, Neely Hudson, I. E. Biggs, W. M. Pickering, John Blocker, C. D. McDowell, and one guest, Mrs. Edwin Eanes. —Reporter.

LILLIE HUNDLEY CIRCLE

Members of the Lillie Hundley Circle of the Baptist Church met in the home of Billie Jean Moore Wednesday afternoon, April 8. A short business session was presided over by the president, Opal Messer. Billie Jean Moore taught the lesson.

Refreshments were served to Francis McCord, Carol Lane Phillips, Opal Messer, Evelyn Preacher, Opal Spurgeon, Katherine Lane, Lois Marie Moore, Minnie Bell Hicks, Nelda Jones, and Jackie Moore by the hostess, Billie Jean Moore.

MIDWAY QUILTING CLUB

The Midway Quilting Club met with Norma Chamberlain April 2nd. The ones to enjoy the delicious luncheon were Mrs. Eva Rhode a visitor, and members, Allie Quattlebaum, Lucille Eanes, Lora Goldston, Sarah Shalled, Loyd Hillis, Ida Pickering, Katie Bell Wells, Beth Bennett, Marjorie Hensley, Josie Simmons, Pearl Terry and Eula Butler.

The next meeting will be with Lucille Eanes, April 16th. —Reporter.

BIRTHDAY PARTY

Mrs. Gale Ledbetter entertained with a party Wednesday afternoon in the home of her parents, Mr. and Mrs. O. C. Watson, honoring her son, Gary, on his third birthday.

Favors of small hats and baskets filled with candy were given the youngsters. Games were played in the Watson yard until time for Gary to blow out the candles on his birthday cake, and open his gifts.

Refreshments of cake and ice cream were served to the honoree, Gary Ledbetter, and Patricia and Jerry Bones, Sarah Ann Antrobus, Vickie Barker, and Pat and Mike Heath.

KIL KARE KNEEDLE KLUB

The Kil Kare Kneedle Klub convened in the home of Mrs. R. R. Dawkins Thursday afternoon, April 9. The entertaining rooms were decorated with bouquets of spring flowers. The afternoon was spent in fancy needle work and pleasant conversation.

The hostess, Mrs. Dawkins, served delicious refreshments to specially invited guest, Mrs. T. H. Hooper and to members, Mesdames Homer Mulkey, W. A. Land, G. C. Heath, Ed Speed, E. H. Noland, Frank Whitlock, C. E. Lindsey, R. O. Thomas, A. O. Hefner, and Misses Ida and Etta Harned. Details of the next meeting will be announced later.

MUSIC PUPILS ENJOY PICNIC

Mrs. Harmon's music pupils motored to Giles Park near Memphis last Thursday week, where they enjoyed an Easter egg hunt and picnic, with Ralph Harmon finding the prize egg.

After the egg hunt, food was placed on the table picnic style and all enjoyed the good eats.

Those enjoying the trip were: Dee and Don Hudgins, Clayton Ferris, Robert Rhode, Lenda Cook, Laynette and Elaine Seay, Lynn Douglas, Billie Neal and Mike Spier, Jackie and Larry Phillips, Marsha Ann Franklin, Suzan Sandifer, Georgia Bell, Keith Harmon, Kim Fulks, Keith Pittman, Mr. and Mrs. Roy Ferris, Mrs. Cook, Mrs. Virgie Sidle, Mrs. Hudgins and Mrs. Harmon. —Reporter.

STITCH AND CHATTER CLUB

The Stitch and Chatter Club of Lelia Lake met in the home of Mrs. Mary Casner April 7th. The afternoon was spent quilting and was enjoyed by all. During the meeting plans for a forty-two party were discussed and it was left up to the Social committee to make arrangements. The club was happy to welcome Mrs. Rose Fisher as a new member. A Pollyanna gift was presented to Mrs. Virginia Smith for her birthday.

Cokes and cookies were served to the following members: Mesdames Sue Shields, Vida Shields, Mary Jane Smith, Yette Miller, Dorothy Helms, Virginia Smith, Rose Fisher and a guest Miss Dianne Vallance.

The next meeting will be held in the home of Mrs. Rose Fisher, April 21.

MYSTIC WEAVERS CLUB

The Mystic Weavers Club of Lelia Lake met April 8th with Mrs. Lacy Noble. Fifteen members and two visitors were present to enjoy the covered dish lunch.

One quilt was finished and work was done on another quilt top. The hostess received a number of gifts. The next meeting will be with Mrs. W. M. Mace C. E. Lindsey, R. O. Thomas, A. O. Hefner, and Misses Ida and Etta Harned. Details of the next meeting will be announced later.

WOMENS SOCIETY OF CHRISTIAN SERVICE

The W.S.C.S. met in regular business session on Wednesday, April 1 with Mrs. C. E. Bairfield presiding. After the group had sung "Have Thine Own Way," Mrs. Justin Cook led in prayer.

Mrs. Lena Antrobus reported that a box of used clothing valued at \$50.00 had been sent to the Community Center in Ft. Worth. Mrs. Biggs announced that the W.S.C.S. would furnish one hundred sandwiches on the day the Blood Bank is to be in Clarendon.

Mrs. W. M. Pickering directed the group in sentence prayers.

Mrs. C. B. Morris gave a most interesting discussion of the life of Albert Schweitzer.

The meeting closed with the W. S. C. S. benediction. Twenty-four members were present.

Farm Labor Outlook

Slightly less available farm labor at a slightly higher price!

That is the forecast of the United States Department of Agriculture for farm help during 1953. The statisticians strike an optimistic note, however, by adding that the labor supply is expected to be sufficient, on the whole, to keep farm production at high levels.

The number of workers employed on farms has decreased steadily during the past 15 years. At the same time, labor requirements have also declined because of rapid gains in farm mechanization. The result is that output per farm work now is the greatest on record. Further progress in mechanization and other advances in technology should lower labor requirements. Even so, the problem of replacing some workers must be met if high production is to be maintained.

Prospects are that wages paid farm workers this year may rise less than 5 per cent, as compared with a rise of about 7 per cent in 1952. The extent of the rise will vary according to the net losses of farm workers to industry in certain areas, and to the Armed Forces.

Although only a nominal increase in the net size of the Armed Forces is predicted in 1953, the rotation of service personnel will create labor problems for

some farmers who lose men needed as replacements in the corps.

The farmer also faces the continued threat of losing laborers to nonfarm employment because of higher wages or improved working and living conditions. It may be good business for farmers in need of help to be on the lookout for potential year-round workers and to train them.

Difficulties also may be experienced in getting adequate supplies of seasonal workers in some areas this year. The Texas farmer has had plenty of experience in this line. Due to constant policy changes, or often inadequate agreements, the supply of available bracero labor varies greatly from year to year. A good flexible policy on labor importation from Mexico is the hope and goal of

Mr. and Mrs. Frank Hommel and Geraldine, and Gene Hommel enjoyed a turkey dinner Sunday in the home of Mrs. Hommel's sister and husband, Mr. and Mrs. A. N. Hardman at Alanreed.

—Official United States Air Force Photo

FARM NEWS
From the County PMA Committee

1953 ACP:

Don't forget to come to the PMA Office and report your practice performance when you have completed a 1953 practice.

WHAT ABOUT WHEAT?

The question foremost in the minds of the wheat growers of the Nation at this time is, "Will there be marketing quotas on the 1954-crop wheat?"
In the last few weeks there has been a lot of discussion of the wheat situation. Representatives of International Wheat Agreement Nations have been meeting in Washington. The Department of Agriculture Wheat Advisory Committee has met and made some recommendations. One of the recommendations of the Wheat Advisory Committee was that we maintain adequate reserves of wheat. The reserve supply is one of the factors that

must be considered by the Secretary in determining acreage allotment or marketing quotas. Whenever the supply reaches a certain point the Secretary must call for a referendum on marketing quotas. The progress and prospects for the 1953 crop will have a lot to do with the total supply.

The carry-over of wheat on July 1, 1953, is expected to be 560 million bushels. The production this year, according to present expectations, may be about 920 million bushels. Together these two would make a total supply of wheat a little less than 1.5 billion bushels.

Whenever the total supply exceeds the normal supply by 20 percent or more, the Secretary must call for a referendum on marketing quotas. The normal supply is 115 percent of domestic consumption plus exports. Our domestic consumption has been about 700 million bushels annually. Our exports for the first eight months of this marketing year were 216 million bushels. This would indicate that total exports for the year will be below 300 million bushels. This would account for about 1 billion bushels of wheat. This would indicate a normal supply of 1,150 million bushels. If the total supply exceeds the normal supply by 20 percent or more, quotas would be called for. In other words, it looks like quotas will be called for if

the total supply exceeds 1.4 billion bushels and prospects look pretty good for a supply of 1.5 billion bushels.

The Secretary of Agriculture must make a determination as to whether a proclamation on wheat marketing quotas will be necessary by July 1 and if quotas are necessary, a referendum among growers must be held not later than July 25. Under emergencies the Secretary can dispense with acreage allotments and marketing quotas.

The wheat problem has been with us a long time. Back before 1900 we sold a lot of wheat to European countries. They got the money to buy the wheat from us in repayment for investments and things we bought from them. Then we began to manufacture more and more of our own goods. When we bought less manufactured goods, we found we could sell less wheat.

AMERICAN LEGION AUXILIARY TO MEET

The American Legion Auxiliary will hold their regular meeting Monday evening at 8 o'clock. The meeting will not be held at the Legion Hall, but will be held at the home of Mrs. B. C. Antrobus.

Mr. and Mrs. C. R. Cross visited Wednesday and Thursday of last week in Amarillo with their son, Mr. and Mrs. Herman Cross and Annette.

District Legion Convention At Shamrock

Two outstanding speakers, a parade, a 40 and 8 "wreck" and a dance will be on the jam-packed program of the American Legion when representatives from posts in the 18th congressional district gather here for their annual spring convention, Saturday and Sunday, April 18 and 19.

Mike M. McCully, Clarendon, the American Legion's 18th district commander, has announced that the convention speakers will be former State Senator George Nokes of Corsicana and 18 year old Howard Norton of Fort Worth, a high school senior.

Commander McCully stated that registration will start at the Johnson Hotel at 9 o'clock Saturday morning. The 40 and 8 will begin its street work and "wreck" activities at 1 o'clock Saturday afternoon. This will be followed at 2 o'clock with a parade in which color guards from visiting posts will participate along with high school bands and the Shamrock Unit of the Texas National Guard.

School Board Elects New Officers

Members of the Clarendon School Board met last Friday night and elected officers for the current year and also installed the new board member, L. L. Wallace, who was elected April 4th.

Homer Estlack was re-elected president; J. Alfred McMurtry was elected vice president in the place of George Thompson who went off the board this year, and Walter B. Knorpp was re-elected secretary of the board. Other members of the board are Dr. J. Gordon Stewart, Claude Moore, C. L. Benson and L. L. Wallace.

Marine Recruiter To Be Here April 23rd

On Thursday, the 23rd of April, there will be a Marine Corps Recruiting sergeant in Clarendon to answer questions about this world-famous land, sea and air organization and to accept applications for enlistment in the United States Marine Corps. For further information about the Marines, be sure and see your local Leatherneck Recruiter while he is in Clarendon this coming Thursday, the 23rd of April. He will be located in the Sheriff's office at the Court House while in Clarendon.

Get "66 Service" at the station where you see the famous orange and black Phillips 66 Shield.

Get "Lubri-tection"

ence is a question of votes or some other obligation. I wonder sometimes if this one thing isn't just about the answer to why we are in this predicament as a nation. With the coop on the block, and with the elected official far too many of us are too busy trying to make connections to be used for our own personal good. If this is true the trouble is with us, not the official.

You know what, my Papa always told me to watch out for brother-in-laws. He claimed that they were a people that would bear watching. This certain one of mine; the one without an appendix, sure proves out this contention. Last week he wrote us a letter inviting himself up for Sunday dinner. As a postscript he adds the following to Mama: "Don't go to any trouble; just some chicken and steak; some potatoes and gravy; some fresh vegetables, hot buns, salads, ice cream and cake will do just fine; just something that you can get together in a hurry." Oh well, I'm not going to complain. I guess there is scarcely a person in the world who hasn't had brother-in-law trouble some time or other, and I shouldn't expect to be the unusual. As the old saying goes "Everybody has their troubles", and that being the case I'll just take brother-in-laws as my due, and not complain, much.

This rain that has fallen over a good part of West Texas lately sort of put new life into most of us. Just kinda places a hope in our walk and our talk that nothing else can do.

Anyway, it took a lot of courage, or something or other for most of us to put the wheat in the ground last fall... some of us even worried about it until way into the winter. It looked like about everything was against us. The rain-maker couldn't find a cloud anywhere that would stand still

long enough to be milked. Maybe, he couldn't even find a cloud at all. Anyhow, as one of our old-timers used to say every time it rained; "The Lord smiled on us again." And the Good Lord done that very thing. Just before it was too late, and in much larger quantities than we expected at this time of year; much less deserved.

Speaking of planting wheat last fall in the face of prospects then made me think of an experience that is supposed to have taken place back in the trying thirties between a friend of mine and his mother.

This friend lived out on the mother's farm and was talking into town on the party line. "Ma," he says, "Reckon I ought to go ahead and plant my oats; it's awful dry and gettin' mighty late to wait any longer."

"Go ahead and plant 'em son. Do your part and the Lord will do the rest," encouraged the mother.

"I don't know Ma, about that. He sure didn't do'er last year." It's a funny thing though, somebody always encourages us; we do go ahead and plant, and the Good Lord always smiles on us more than we deserve.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We are offering you Ralph Ellison's "Invisible Man" this week. You recall it is the outstanding novel of 1952. An epic of modern American Negro Life. It is a profound and uncompromising interpretation of the Negro's anomalous position in American society.

A memorial book in memory of Mr. Walker Lane is "The DoctorsJacobi" by Rhoda Truax. This was given by the Guy Wright family, and is the story of

Mary Putman and Abraham Jacobi, both doctors changed the course of medicine in America and for themselves found a perfect partnership and marriage. Then, we have another memorial book—"Trail Driving Days" by Dee Brown & Martin F. Smith. This is a complete written and pictorial description of the period that many will enjoy. The research for these pictures must have been a tedious and extensive task. The book is in memory of Mr. Patrick and given by Mrs. Charlotte Molesworth Adams.

There are four children's books given in memory of Mr. Walker Lane by the Frank Phelan's Sr. family. The first is the Caldecott Medal winner—"Finders Keepers," a very clever dog story. Next is "A Mouse's Tale." This is a very amusing tale with a moral. Third, is "The Chipmunk That Went To Church." It is a very cleverly told children's story. Last is a book for 3rd or 4th graders, "The Pony That Kept a Secret." This is a simple adventure that will interest every boy and girl that ever yearned for

a pony. We shall appreciate your reading with us.

Those to visit in the D. C. Williams home over the weekend were Mr. and Mrs. H. L. Williams and Helen of Dumas, Mr. and Mrs. Elmer Darnell and R. C. and Lurleen of Borger, also Mr. and Mrs. H. R. Frecks and family of Clarendon.

If all of us profited by our errors we'd be busy declaring dividends.

What's new about "TT" DYNAFLOW?

The TAKE-OFF'S TERRIFIC!

It's only fair to warn you.

When you try a new Buick with the sensational Twin-Turbine Dynaflow Drive,* you'll tingle all over with thrill.

You'll sweep your speedometer needle from zero to 30 mph so quickly, you won't have time to breathe but twice. You'll move from a standing start to legal speed so quietly, you'll practically hear your heart beat. You'll experience such complete and utter smoothness every step of the way, you'll be wholly relaxed, refreshed, and ready for more.

This is not dream stuff. This is real.

This is what actually happens when you're at the wheel of a new 1953 Buick with TT Dynaflow.

Twin Turbines in the Dynaflow unit, instead of just a single one—in addition to other engineering advances—make the tremendous difference.

So you feel a firmer and more immediate "take hold"—get far faster getaway, new

quiet and efficiency, plus infinite smoothness to and through every speed range.

There's a lot more to be had, of course, in these great new Buicks. Higher horsepowers and compression ratios. A still finer ride. Easier handling. Improved visibility. More comfort and richer interiors.

But start with take-off—the greatest in Buick's fifty great years—and learn the rest of the story from there. Can you drop in on us this week?

Grain Warehouse Act

Texas' first definite Grain Elevator Act has been passed by the State Senate and endorsed by the State Farm Bureau and State Association of Grain and Feed Dealers.

Senate Bill 215, called the Grain Warehouse Act, was introduced by Senator Andy Rogers of Childress to close up all existing loopholes in the grain warehouse laws.

The Grain Warehouse Act sets definite standards and measures of enforcement on all provisions of present warehouse laws which are not being enforced, and establishes several new provisions to protect the farmer and grain warehouseman against embezzlement, or fraud or unavoidable loss of stored grain and field

seed.

Following is a brief description of the Grain Warehouse Act:

SEC. 1. Defines certain terms used in the bill in order to clarify the meaning of these terms.

SEC. 2. Provides that the Commissioner of Agriculture shall enforce provisions of the Act, and empowers the Commissioner to appoint warehouse inspectors and other necessary personnel, fixing the duties and salaries of these appointed officials.

SEC. 3. States that it shall be unlawful for any person to operate a public grain warehouse unless he has obtained a license issued by the Commissioner. Cost of the license will be \$10 each. Money from such license fees will be deposited in a State Department of Agriculture Grain and

Field Seed Warehouse Inspection Fund. No license will be issued until the applicant has filed with the Commissioner a corporate surety bond of not less than \$5,000 and not more than \$50,000, the amount to be prescribed by the Commissioner to be sufficient to afford adequate protection to the public. Provides that persons injured by violation of the terms of the bond may recover damages to the amount of the bond and suit may be filed by the injured person. Each license must be renewed annually, and the license may be revoked by the Commissioner if the license violates the provisions of this Act.

In event a warehouseman operates more than one warehouse unit located on the same general site as the licensed unit, he shall be entitled to a permit for operation of each additional unit upon application to the Commissioner. Annual fee for such a permit will be the same as the original license (\$10). The permit shall run concurrently with the license of the principal unit and one bond will cover all the units as a whole.

SEC. 4. Provides that the Commissioner may require a bond from any warehouseman upon suspension, revocation or expiration of his license, for an amount to be fixed by the Commissioner, to afford adequate protection to the holders of uncanceled warehouse receipts.

SEC. 5. Provides that each warehouseman shall, upon request by the Commissioner, make a report concerning the condition, conduct, operation and business of each warehouse he operates and the grains and field seeds stored therein. Also, the warehouseman shall permit any representative or agent of the Commissioner to enter and inspect each warehouse and its contents and records, and shall render any assistance necessary in checking any condition or books in connection with the warehouse and its contents.

The Commissioner shall charge and collect an inspection fee of one dollar for each ten thousand bushels of the rated grain storage capacity or fraction thereof of the warehouse inspected, and the minimum inspection fee will be \$15. Examination and/or inspection will not exceed one per year unless an additional examination and/or inspection is requested by the warehouseman.

The Commission may make as many inspections as he deems necessary providing that no more than one inspection fee per year is charged. All such fees will also be deposited in the new State Department of Agriculture Grain and Field Seed Warehouse Inspection Fund mentioned above.

SEC. 6. Every person holding a license shall at all times keep insured, in his own name, all the grains and seeds in store for the full market value thereof, against loss or damage by fire, lightning, inherent explosion, windstorm, cyclone, and any other such damage to his warehouses or the stored grain. He must immediately notify the Commission in case of loss and shall at his own expense promptly take steps necessary to collect the money due as indemnity for such loss.

SEC. 7. Provides that each warehouseman shall, upon weighing grains and field seeds, issue to the depositor a scale ticket in a form approved by the Commissioner. This scale ticket will be non-negotiable, but may singly or with others be exchanged for a negotiable warehouse receipt.

SEC. 8. Warehouse receipts shall be designed by the Commissioner, in conformity with the Texas Uniform Warehouse Receipt Act.

SEC. 9. Provides that the warehouseman shall issue a warehouse receipt upon application of the consignee or owner of the grains stored in his warehouse. No two warehouse receipts bearing the same number shall be issued for the same public grain warehouse during any one year, except in case a receipt is lost or destroyed, then he may issue a duplicate with the same date and number.

SEC. 10. Provides that no warehouse receipt issued except upon actual delivery of grains and/or field seeds; not more than one receipt may be issued for any lot of grain unless the consignee desires a receipt for part of a lot.

SEC. 11. Provides that in order for consignee to obtain a duplicate of lost or destroyed receipt, he must give the warehouseman an acceptable bond with approved security of twice the present value of the grain represented by the receipt.

SEC. 12. Provides that each warehouseman shall provide sufficient equipment for weighing and maintaining quality, and keeping records of all grains and field seeds stored.

SEC. 13. Provides that a warehouseman shall be liable for any loss or injury to the goods caused by his failure to exercise the same amount of care as a reasonably careful owner would do. He shall not be liable, however, unless the warehouseman is negligent. (See Grain Warehouse page 11)

Grain Warehouse

(Continued from Page 10) less agreed otherwise, for an avoidable injury to the grain.

SEC. 14. Provides that any warehouseman, manager or employee of a public grain warehouse who shall be guilty of is-

suing any warehouse receipt that is in any respect fraudulent in its character or who shall fraudulently move any grains or field seeds from store without cancellation of all receipts (except in case of fire or other damage) shall be guilty if a felony and shall be subject to a fine of not more than

\$5,000 or a State penitentiary imprisonment of not more than five years, or both.

SEC. 15. Provides that any warehouseman who fraudulently issues any warehouse receipt as provided in Section 10 shall be subject to the same penalty described in Section 14.

SEC. 16. Provides that no public grain warehouse shall misrepresent itself in any way as being licensed unless it actually is. Penalty is the same as described in Section 14.

SEC. 17. Provides that any person who shall, in order to sell to or receive a receipt from a public grain warehouseman on any grains or field seeds upon which a lien or mortgage exists, make any false statement of a material fact, shall be punished by the same penalty described in Section 14. Also, no warehouseman shall be liable for mortgage or lien on any grain or field seeds unless at the time of sale the nature and amount of the mortgage is clearly set out in written declaration signed by the seller. It is the duty of the warehouseman to secure such a declaration before final settlement is made.

The Grain Warehouse Act must still be passed by the House of Representatives; however, no basic change in the Act is expected. The House has been considered a similar bill and might substitute the Grain Warehouse Act for that bill.

Mr. and Mrs. O. C. Watson, Mrs. Gale Ledbetter and Gary visited last week in Austin, Fort Worth and Dallas.

Fifty Years Forward on the American Road

of the season!

The 1953 Ford leads all other cars in bringing you the car you've always wanted for the money you can afford to pay. It's America's "Worth More" car . . . worth more when you buy it, worth more when you sell it.

NEVER BEFORE has a car enjoyed such wide acclaim as Ford during the past few years. And this year, with a hull-tight Crestmark Body that's the style-setter, a new ride that's unbelievably smooth, a choice of high-compression V-8 and Six that's the envy of its field and a total of 41 "Worth More" features, the 1953 Ford steps even further out front to become the New Standard of the American Road. Ford keeps its value better than any other car, too. A check of used car dealers and owners will prove it. So join the swing to Ford. Take a Test Drive today.

All across America, the swing is to

Ford

Palmer Motor Company Ford Sales & Service

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN — House and Senate wrestled this week with a new kind of appropriation bill—one that undertook to budget not only the state's general revenue fund, but also the all other sources such as federal aid and direct income such as highway taxes and college fees.

Last week a joint conference committee agreed on the total of expenditures for the next two years: \$1,194,266,221. It was higher than the amount set by either House or Senate in their appropriation bills.

The general revenue figure was put at \$166,569,347. Previous appropriation bills have dealt only with this fund.

Appropriations as set by the committee were estimated to be within the revenue that the state will receive during the coming biennium, thus it would call for no new taxation.

The bill provides \$180 a year pay increase for state employees and up to \$300 a year pay hikes for university and college teachers.

—tpa—

The House has backed up Representative Max C. Smith of San Marcos, chairman of the appropriations committee, in his statement that under House rules no other appropriation bill may be acted upon until the general appropriation measure is passed by

DR. H. R. BECK
DENTIST
Goldston Bldg.
Clarendon, Texas Phone 46

both houses.

That rule stymied public school teachers, who have been pressing hard for action on a measure that would give them salary increases of \$600 per year.

Charles Tennyson, secretary of Texas State Teachers Association, says that no smaller amount will be acceptable to the teachers. It is provided in a bill by Representative Lamar Zivley of Temple.

The administration is supporting a measure by Representative Joe Kilgore of McAllen to up the teachers' salaries by \$450 per year. In an attempt to woo the teachers, Kilgore changed the figure in his bill from \$240.

A third bill by Representative Floyd Bradshaw of Weatherford would raise the salaries of beginning teachers by \$600 per year, but the increases of older and more experienced teachers would be lower.

Twelve hundred teachers were in the gallery when the House appropriations committee held a hearing on the teachers pay bills.

At the hearing, R. L. Proffer of Denison, president of the teachers association, said, "If we don't do something constructive for the teachers in the immediate future, our whole education system is going to pot."

Kilgore warned the House that "it will require the biggest tax bill in the history of this Legislature if the school folks get a \$600 per year general raise with state funds."

—tpa—

The Legislature, meanwhile, seemed little inclined to pass new tax bills.

Hearings continued on a pro-

posal to raise \$84 million a year by increased taxes on oil, gas, beer, and various natural resources, and by placing new taxes on chemical industries and presently untaxed resources.

Passage of this omnibus bill is considered very doubtful.

Other tax propositions are dead or dying. The House revenue and taxation committee killed a two per cent levy on merchandise sales.

A new tax bill on natural gas pipelines is comatose in the committee, with no hearing set. A one-cent increase in the gasoline tax is in the same condition.

—tpa—

Land Commissioner Bascom Giles pledged a "fight to the last" on any amendment to the Veterans Land Program which would take away from the veteran mineral rights he now owns.

Veterans now receive, in land purchases under the program, a minimum of 50 per cent of the oil rights, Giles said, and every fourth veteran who has purchased property is ahead of his payments because of revenue from mineral development.

Taxi Tycoon Aids Nature

AUSTIN—A Texan who never lived on a farm until he retired has become a fervent advocate of moves to aid wildlife, the soil, trees, grasses, and waters.

He is J. M. Harris who made a fortune in the cab and insurance business in San Antonio. He and Mrs. Harris have spent a quarter of a million dollars renovating an area along Rebecca Creek near Spring Branch. Their project is described in the current edition of Texas GAME AND FISH Magazine.

Harris has been credited with effecting valuable research in grass seeds by determining which kind of grass are desirable for different soil. On his own place he already has quadrupled the animal unit carrying capacity on the land.

Down on the creek level, springs feed a chain of ponds ranging up to a mile long and 25 feet deep. Giant cypress trees decorate the sylvan setting.

Harris has definite ideas why people should be more interested in conserving natural resources.

"Our country was founded by people who knew the value of land and water and trees. The roots of the soil are in every American home.

"By heritage, everyone has the right to own a piece of land. And if a lot of the money wasted in misdirected effort could be devoted to conserving our natural resources and into beautifying the countryside, our country really would be a showplace."
