## U.S. HWY. 287 PROJECT UPDATE

Gilbert Texas Construction Company is expecting to complete the project east of town next week, if the weather continues to hold.

Local residents can expect to see traffic control devices in place by the middle to latter part of next week.

"We expect to switch traffic in the Clarendon construction area from four to two lanes on Tuesday, Oct. 21, or Wednesday, Oct. 22," said Danny Brown, Area Engineer with the Texas Dept. of Transportation in Childress.

Construction is expected to begin on the North one-half of Hwy 287 at the east end of town.

More details will be in next week's update

## Rainy weather greets Hedley Cotton Festival attendees

The Annual Hedley Cotton Festival was held last weekend despite the rainy conditions.

The annual Lioness Chili Supper on Friday and the Lions Barbecue Lunch had a fair turnout despite the drizzly weather.

The winners of the Bingo prizes were Carrie Hicks of Clarendon (\$50); Carroll Favor of Hedley (Matador Knife); Amanda George of Hereford (quilt); and Cari Neeley of Quail (TV). The Lioness quilt was won by Marsha

Favor. Queen candidate Kim Jett sold the winning bale of cotton ticket to Tim McMillan of Hedley. Kim Jett received \$25 for selling the winning ticket.

The Kiddie Parade and the Grand Parade were canceled because of the rain. Other activities such as the cake walk, bake sales, bingo were enjoyed by those attending.

The Queen Coronation was held Saturday night in the high school gym.

The school choir was the entertainment for the evening. Christina Ramirez was crowned the Cotton Queen. Her court included first runner-up Kim Jett and second runner-up Kristi Parker.

MarLee Sargent was crowned Cotton Princess. Her court included first runner-up Alex Sharp and second runner-up Erin Holland. Other princess contestants were Devon Monroe, Jessica Miller, and Haley Hall.

Christina Ramirez (middle) was crowned 1997 Hedley Cotton Festival Queen during the Cotton Queen Coronation held last Saturday. Kristi Parker was named second runner-up, and Kim Jett was named first runner-up. Pictured from left to right are Kristi Parker, Christina Ramirez, and Kim Jett.

## Thornberry backs effort to eliminate federal Department of Commerce

WASHINGTON, D.C. — Calling it a bill that "preserves the best, gets rid of the rest, and saves the American people millions of dollars," U.S. Rep. Mac Thornberry signed onto legislation last week that would eliminate the Department of Commerce and transfer its most critical functions to other federal agencies.

"The Department of Commerce was established in 1913 to foster the growth of American industry and encourage U.S. production," Thornberry stated.

"While on paper the department retains that same goal today, in reality it's become an assortment of unrelated functions which lack any apparent focus or direction. Perhaps former Commerce Secretary Robert Mosbacher put it best when he said the department has become 'nothing more than a hall closet where you throw in everything that you don't know what to do with.'

"The legislation I signed onto [last week] will eliminate the Com-

merce Department while transferring its most needed functions to other federal agencies. In short, it's a bill that preserves the best, gets rid of the rest, and saves the American people millions of dollars."

The legislation is called the Department of Commerce Dismantling Act. Sponsored by Rep. Edward Royce of California, the legislation would eliminate functions within the Department which Thornberry says are no longer needed, including the Technology Program, the Economic Development Administration, and the Metric Program.

In addition, the bill would also consolidate and streamline such programs as the Bureau of Economic Analysis and the Bureau of Labor Statistics. According to a report by the General Accounting Office, such streamlining and consolidation is necessary because the Department currently shares missions with at least 71 federal departments, agencies, and offices.

Thornberry noted that the legislation would also preserve several essential elements of the Department of Commerce by transferring them to other agencies. For example, the National Oceanic and Atmospheric Administration would become an independent agency.

While many of the programs within NOAA would be terminated, others, including the National Weather Service, would be retained - a fact, Thornberry says, that is critical. "The National Weather Service is of tremendous importance to our area, so it's critical that it be preserved," he said.

"This bill will do that. In the process, I think it will help make the federal government not only smaller, but smarter as well by making sure that those programs which are retained work better and more efficiently."

Preliminary estimates are that eliminating the Commerce Department would save American taxpayers approximately \$3 billion dollars.

MarLee Sargent (middle) was crowned 1997 Hedley Cotton princess during the Cotton Queen Coronation held last Saturday. Alex Sharp was first runner-up, and Erin Holland was second runner-up. Other princess contestants were Devon Monroe, Jessica Miller, and Haley Hall. Pictured are Erin Holland, MarLee Sargent, and Alex Sharp.

## TxDOT's Open House this Friday

Steve Smith and employees of the Donley County Maintenance Office, invites everyone to attend an Open House on October 17, 1997, at the Clarendon Maintenance Office, on US 287 West from 10:00 a.m. until 4:00 p.m.

They will be celebrating "80 Years of Service the TxDOT Way."

The first meeting of the Texas Highway Commission took place on June 4, 1917, in the corner of the House Chamber in the unair-conditioned Texas Capitol. The first order of business was a motion from Commissioner H.C. Odle that George A. Duren be appointed state highway engineer.

The next motion was for adjournment. After all, with no highways, there really wasn't much business.

A few weeks later, the commission designated a highway system comprising 8,865 miles of "improved roadways." With that, employees of the fledgling Texas Highway Department rolled up their sleeves and got to work.

Eight decades later, the state-maintained system has grown to encompass 76,843 miles. More than 14.6 million registered vehicles travel more than 122.8 billion miles of Texas highways every year.

As of June 1, \$4.5 billion in construction was under contract. Travelers visit travel information centers 1.8 million times a year. More than 14,000 employees and countless retirees compose the TxDOT team.

Jimmy Garland grilling ham for the Lions Club Pancake Supper last Friday evening, Oct. 10. Approximately 140 people turned out to support the Lions and enjoy the best hotcakes in town.

## Collins to compete for Entertainer of the Year

Barbara Collins of Hedley is headed for Las Vegas!

Collins won the chance to compete in the Country Music Organization of America's annual talent competition at The Big Texan in September.

She won and will compete in three separate categories: Traditional Country Female Entertainer, New Country Female Entertainer, and with Dee O'Kelly in the New Country Vocal Group. The 1997 competition will be held October 14-19 at the ShowBoat in Las Vegas. Winners from forty-six states will be competing.

Collins was born in England, raised in Amarillo, and has lived in Hedley for the last 15 years. She graduated from Amarillo High School in 1976.

"George Biffle at Amarillo High was the real reason that I started singing," relates Collins. "He just really encouraged me to try out, and I got first chair alto." She studied with opera stars Mary Jane Johnson and Celia

Rosenwald as well as Biffle. Signing with Thomas Conlin and The Amarillo Symphony's *Messiah* was an early career highlight, according to Collins.

She and her husband, Terry, and children, Josh and Maggie, will travel to Las Vegas for the up-coming competition. Terry is the Hedley Athletic Director and basketball coach. "Fifteen years ago, Terry promised me that we'd only be in Hedley three years," recounts Collins. "I've really learned a lot in Hedley and really love it."

Collins says that her main goal in life is motherhood and secondary is her music. She'd ultimately like to cut a record and go for the big time. Las Vegas may be the key to that big time. Country super star Lee Ann Rimes performed at this same competition and won The Rising Star Award just two short years ago. "It's good experience, and you can win \$5,000 and a recording contract," says Collins.

Collins has been singing on Tuesday nights at The Big Time, Big Texan

Barbara Collins

Opry in Amarillo for the last five years. She sings in and around the Panhandle, at The Bar H Dude Ranch in Clarendon, The First Baptist Church of Hedley, and many other places. She also sings with The Fabulous Five Jazz Band from Amarillo.

Numbers she'll perform in Las Vegas include *Sweet Dreams*, *Who's Sorry Now*, *Crazy*, *The Bug*, *Let That Pony Run*, and *The River*.

## CC offering evening computer course

Clarendon College will offer Windows 95 as an evening course beginning Monday, November 3.

"Our computer classes are our most requested continuing education classes," Pam Denney, Business Chair said. "And, of course, they are always the ones that fill up first. It's not unusual for a whole office to sign-up, so I recommend early registration for any one of these classes."

Windows 95 will be offered on Monday, November 3, from 6-9 p.m., beginning November 3. This is an introductory computer course that teaches

fundamentals such as modifying the desktop, starting and closing application programs, creating, saving, and printing documents, and file management. Windows 95 will be offered in the CC Administration Bldg., room 203, and will end on Monday, November 17. Cost of the course is \$25. Pam Denney and Frank Amon, CC Computer Technology instructor, will teach this course.

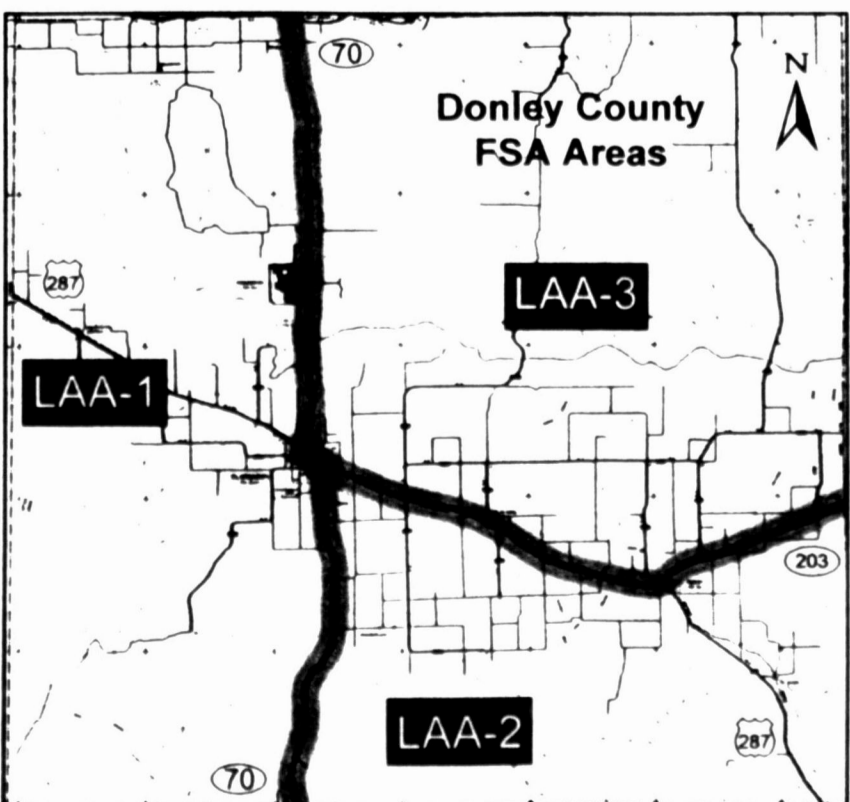

To reserve your seat in Windows 95, or for more information, please call Clarendon College at 1-800-687-9737, or (806) 874-3571.

## Colts to host Tailgate Party before game

The Clarendon Colts will hold a Tailgate Party before the Broncos game against Panhandle on October 24, 1997, from 5 p.m. until 7 p.m. in the parking lot in front of the Administration Building. If inclement weather arises, the party will be moved indoors to the cafeteria.

Tickets for the party are available from Debra Hill at West Texas Gas, Cindy Shelton at The Nook, Rhonda Newhouse at Clarendon Office Supply, Leitha Watson at Clarendon Elementary School, Judy Hix at Clarendon's Veterinary Clinic, or at the Tailgate Party. They will be serving hot dogs, chips, desserts, and drinks.

The public is invited to eat with the Colts and stay to cheer on the Broncos.

## Nominations being accepted for FSA County Committee

The Donley County FSA Office is currently accepting nominations for candidates to serve on the county committee.

"For 1998, Donley County has been divided into three local administrative Areas or Communities," said Steven Orr, Donley County Executive Director. "Eligible producers and landowners can nominate people from their area to be placed on the ballot for elections to be held later this year."

A minimum of four nominees will be needed from each Local Administrative Area (LAA), and one representative will be elected.

LAA1 runs from the west side of

**OPINION PAGE**

**WARNING:** The following column is an editorial (i.e. an opinion, a point of view) and may contain ideas or positions some readers may disagree with. It could be harmful to liberals, health Nazis, and other small mammals. Read at your own risk.

This column has been Rated NPT by the Enterprise Institute For Reader Friendliness. A sense of humor is advised. *Newspaper Truth (as I see it)*

**It Had To Happen**

From the We-Hate-To-Say-We-Told-You-So Department:  
This newspaper has maintained a strong position of being against the War on Tobacco for fear that it would spread to many other areas that are pleasures of life.  
Recently we reported the story of Washington state man who had filed suit against that state's dairy industry for not warning him of the health hazards of dairy products.  
Now we have received information that it has spread to yet another industry.  
The November issue of *Reason* magazine is reporting the next target for the Nannyists is America's favorite soft drink — Coca-Cola.  
The report says that Patricia Lieberman of the Center for Science in the Public Interest recently wrote a letter to *The New York Times* calling on the federal government to "look at the health effects of caffeinated soft drinks and determine what additional measures are necessary to protect our children's health."  
Joe Camel. Elsie the Cow. The Coca-Cola Polar Bears. Will your favorite product be next?

**Speaking of Junk Science**

Meanwhile in Florida, a bunch of anti-nuke folks have been protesting this week's launch of the *Cassini* spaceprobe headed to Saturn. Most of them left town before the rocket blasted off.  
Seems they were worried that an accident might occur in which many people would be exposed to the plutonium that powers the craft.  
These groups tend to be populated by people who start foaming at the mouth at the mere mention of the word "radioactive" — an irrational fear fueled for years by Cold War hysteria surrounding nuclear weapons.  
The protest was another example of the dimly low level of the American public's understanding of science.  
Fact of the matter is this: The Earth's human population is exposed to vastly more radiation from cosmic rays, the sun, and other everyday sources than they would experience in a worse case scenario where the spacecraft blew up during launch.  
By the way, did you know the picture tube in your television emits radiation? On the other hand, newspapers are effective at protecting you from alpha radiation.  
So turn off the TV and pick up the paper. It's safer!

Editorials are published periodically by the Enterprise when the Editor or worthy guest editorialist has something to say. Warning labels have been attached because a few readers found these columns to be "biased" or "opinionated." But then Editorials or "Opinion" pieces usually are.

**Reader:  
Howardwick is a beautiful place to live**

**Dear Editor,**

Love thy neighbors. Who really is our neighbor? The Jews thought it was another Jew. Other people and nationalities are. Also our neighbors besides the person that lives next door. A neighbor is someone in need. Whether black, red, or white.  
Jesus said in Matt 25: 35-37, I was hungry and you gave me something

to eat, I was thirsty and you gave me drink, I was a stranger and ye took me in naked and ye clothed me, sick and ye visited me. He didn't say, walk by on the other side. If I have a neighbor who is in need of food, clothing or what ever the need, I am supposed to help supply those needs if possible, we may be poor in worldly goods but we can visit a neighbor and read from

God's word to comfort them.

I live in Howardwick, Texas, and there are Godly people here who care about their neighbors and help in time of need and sickness. I am old and people here in Howardwick have been good to me and I thank God that I have lived in Howardwick. It is a beautiful place to live.

Nell Derr

**Voters to decide future of Texas water supplies**

by Lt. Governor Bob Bullock

Texans soon will have a chance to vote on our state's future.

Two amendments on the Nov. 4 ballot will change the state's constitution and play a critical role in making sure Texas has enough water for the next century.

One amendment will allow property tax relief on land using water conservation measures. The other will give the Texas Water Development Board greater flexibility in financing a wide variety of critically needed water projects without increasing the state's bond debt limit.

The two votes cap a 40-year span of false starts in developing a long-range, comprehensive state water plan. Lawmakers last spring approved a master plan to conserve, develop, and manage the state's valuable water resources.

Now it's up to Texas voters.

Failure to get behind the effort could produce disastrous results in the future. Texas grew from 11.2 million people in 1970 to more than 19 million in 1997. And the state's population is expected to reach more than 33.8 million in 2030 - 99 percent increase since 1990.

Although the numbers underscore the challenges facing the state, they don't reflect the water shortages Texans have lived with on a regular basis. The state has suffered through five major droughts since the 1930's, including a catastrophic seven-year drought in the 1950's.

The most recent drought in 1995-96 cost Texas farmers, ranchers, and businesses an estimated \$5 billion in damages. Federal disaster relief blamed on water shortages went to 242 of the state's 254 counties.

But historically, widespread concern about water supplies has washed away when the first drenching rains fill our lakes, rivers, and streams.

Texans soon forget the water restrictions that scorched their lawns, and the billions of dollars of crops and parched cattle devastated under the glare of the summer sun.

But the threat never goes away. Despite rapid urbanization, farms and ranches remain a vital and important part of the Texas economy. Other businesses and industries need adequate water too, and Texas needs them to keep the state's economy in high gear.

The Legislature gave top priority to a water bill this year. The law mixes a variety of strategies to meet future demands.

It deals with drought management response, water management, marketing and transfers, surface and groundwater supplies, financial assistance to local governments and small communities, and data collection.

The law tackles just about every single facet of water resource policy and management with one exception-public apathy.

Like most Americans, Texans take a lot for granted. They expect to have water when they turn on the faucet to wash their hands, scrub their dishes, or brush their teeth.

Unfortunately, taking it for granted that the amendments to the state's water plan will pass is gambling with Texas' future.

A better bet would be to vote yes for the water proposals in November.

**Young People Need To Know That Drinking and Driving is a Deadly Combination**

Last Friday, I visited River Road High School in Amarillo to help the Amarillo Alliance Against Drunk Driving kick off a campaign to keep kids from drinking and driving.

The focus of the campaign is an educational video featuring a young man named Brandon Silveria. As a teenager, Brandon was in an alcohol-related wreck and was permanently injured. He now travels around the country visiting high schools, talking to kids about the dangers of drinking and driving and why they shouldn't do it.

It's a powerful message. Today in America, drunk driving is the leading killer of young people between the ages of 16 and 24. And last year in Texas, 43 percent of the traffic fatalities for kids under the age of 21 were related to alcohol. Now, facts and figures are easy to talk about, but their impact is often hard to convey. You sometimes need a face to back these figures up - a story to go along with the statistics to show not only that what's being talked about really happened, but it's something that could happen to you.

The story of Brandon Silveria is that kind of story. It's a story every student should be told about, and every student should hear. This is particularly true this time of year, when many schools are holding homecoming dances, and the risk of alcohol-related crashes seem to rise.

The video of Brandon's story will be sent to area high schools. The message is simple: *Don't Drink. And for sure, don't drink and drive.* It's a deadly combination.

Mac Thornberry (R-Clarendon) represents the 13th Texas Congressional District.

# LOOKING BACK

15 Years Ago in **THE CLARENDON PRESS**  
October 21, 1982

Some of our local highway department employees were recognized for their service recently. They include: Bennie Burrow; Jack Eads; Jack Leeper; Albert Johnson, Jr.; Sherman Cosper; C.E. Welch, Jr.; Steve Smith; Lester Graham; John Richey; Elvis White; Harvey Jones; and J.T. Stone. Donley County 4-H members Melody Moreman and Richard Richardson were named the Gold Star award winners for 1981-82 at the 4-H Awards Banquet on Oct. 16, 1982.

25 Years Ago in **THE LEADER**  
October 19, 1972

Miss Dorothy Wilson, age 17, was crowned the 1973 Cotton Festival Queen in ceremonies Saturday evening, Oct. 14, 1972. First Alternate was Miss Geneva Naylor, and Second Alternate was Miss Betty Painter.

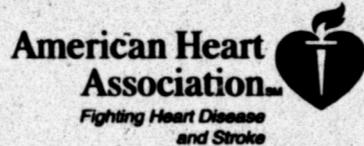

The Clarendon Bronchos ran rampant over the Valley High team in the homecoming game here last Friday with a total of 57-0 on the scoreboard at the end of the game. Tommie Shields was the workhorse again with four touchdowns and kicked or ran 6 extra points. Croslin, Elray King, Jerry Holland, Scott Hamilton, Johnny Gerner, and Russell also added to the Broncs total.

50 Years Ago in **THE LEADER**  
October 16, 1947

Mr. E.S. Ballew and son Jack have certainly let the nation know that Donley county has good Hampshire hogs. These two local registered breeders took nineteen head to the State Fair of Texas and won ribbons all the way from seventh place to Grand Champion.

The heavy rain which fell here Tuesday night caused considerable damage as well as doing much good. The [Broncho Stadium] ball park was the place to suffer as approximately 100 feet of the northeast wall caved in due to the heavy moisture. Moisture seemed to seep under the wall, causing it to crumble. This is the second time the wall has been destroyed in part. The first time being when the cyclone struck in 1941, and the entire east wall was destroyed.

**Windy Valley reunion held last weekend**

Residents, families, and friends of the communities of Windy Valley, Chamberlain, and Hudgins gathered in Clarendon October 12 for a day of visiting and reminiscing.

Thirty-eight people met for the annual reunion of the Tri-Community Association's meal and business meeting. President H.C. Shaw presided over the business meeting, during which attendees elected officers, planned the 1998 reunion, and recognized special members.

Officers for 1997-98 are: President H.C. Shaw, Vice President Olace Hicks, and Secretary-Treasurer Janie Noble.

The following recognitions (among those in attendance) were made by President H.C. Shaw: Most Senior Man, (Oldest) Don Matheson; Most Senior Woman, Pearl Aduddell; Youngest Woman, Janie Noble; Youngest Man, Lacy Lee Noble; Traveled Farthest, Wilma Cole Paxton (Phoenix, AZ); Family with most in attendance, Cole Family (11). The teachers present were also recognized: Agatha Taylor Darnell, Claudine Smallwood Todd, Hazel Brandon Cole, Robert Beard, Jimmie Lee Cole Matheson, and Janie Noble.

The 1998 Reunion will be held Sunday, October 11, 1998.

**1926 Book Club meets**

The 1926 Book Club met on October 7, 1997, at the Patching Club House. Delicious refreshments were served by hostesses Dikki Howell and Freida Tucker.

Roger Estlack, owner and editor of *The Clarendon Enterprise*, gave a very informative presentation about the newspaper business, beginning with receiving the articles and arranging the lay out, to the final printing process.

Dorothy Whitaker, president, opened the meeting with the reading of the club collect. Dikki Howell gave the treasurer's report and the minutes were read and approved. President Whitaker read a letter from David Hall expressing appreciation for the Citizenship Award and for the invitation to the summer breakfast.

Freida Tucker gave a report on the Patching Club House Board Meeting of Friday, September 12. After discussion, the Club regretfully approved a motion to discontinue meeting in the Patching Club House. This decision was made due to insufficient funds for repair and up keep.

Members attending were Viola Bones, Hazel Brandon, Frances Dorsey, Pearl Hermesmeyer, Dikki Howell, Norma Schwertner, Elvie Shields, Susie Shields, Evalee Swinney, Freida Tucker, Dorothy Whitaker, Dorothy White, and Carla Myers.

**Handmade boots to be given for Diane Koeting**

Chances are being sold on a pair of James Owens' handmade boots to benefit the Diane and Neil Koeting Family's medical expenses.

The winning ticket will be drawn at the last Bronco home football game on October 31.

Tickets may be purchased at The Grocery Store, James Owens Boot Shop, or from Trish Floyd at the Herring National Bank.

**Early Bird Homemakers holds October meeting**

The Early Bird Homemakers held their October meeting at the home of Sue Church. Twelve members were present.

Marilee Self gave a program on silk ribbon embroidery and showed several items she had made. In a hands-on demonstration, the members soon learned who the nimble fingered and not so nimble fingered were.

Frances Dorsey was a guest at this meeting and became a member.

The next meeting will be November 5.

**Clara Mae Carter to celebrate 90th birthday**

A birthday party will be held in honor of Clara Mae Carter's 90th birthday on October 18, 1997. The party will be held October 18, 1997, from 5 to 5 p.m. at the Senior Citizens Center. All friends are invited to attend. No gifts please.

**On-Line help center offers ideas and safety tips for Halloween**

FabricLink offers an easy way to find just the right stuff for Halloween including a free e-mail guide "10 Terrific, Timesaving Costumes" a list of easy, inexpensive ideas for creating way-cool costumes.

FabricLink's award-winning Halloween Costume Closet is a one-stop resource for everything from inexpensive costumes, spooky make up and props, to must-know safety tips, Halloween books, and folklore.

It's conveniently organized into key areas: Costume Ideas, Material Sources, Ready-Made Items, Haunted House and Safety Tips from the U.S. Consumer Products Safety Commission. FabricLink provides over 50 links to fun and frightening sites on topics such as "How To Make The Best Costumes At The Least Scary Price," "How To Make Fangs Out of Next To Nothing," "Halloween History," "The Official Halloween Safety Game" and much, much more.

Before you or your children go out trick or treating, click on the Halloween Costume Closet icon on FabricLink's home page at: <http://www.FabricLink.com>.

**Parents beware of scam involving Gerber foods**

Local parents are being advised of a scheme being run involving Gerber baby food.

Flyers have been showing up around the state recently that say if your child was born between 1995 and 1996, the parents are eligible for a \$500 saving bond from Gerber food. The flyer states that Gerber between those time periods advertised that their baby foods were all natural and that Gerber products were not all natural. The flyer also states that Gerber was ordered by the court to compensate each person who used Gerber baby foods but they did not have to advertise this settlement in any way.

The flyer requests that parents send copies of the qualifying child's birth certificate and social security card and Gerber will send a \$500 savings bond in the child's name. This flyer is a scam to use birth certificate

and social security numbers for fraudulent means.

Gerber was contacted, and a representative stated that the company WAS NOT distributing savings bonds and DID NOT have any claims against them. They also stated that they had a lot of calls related to this matter.

Residents of Donley County are encouraged to check into anything that states that you must send in personal information, like Social Security card numbers or birth certificates, to make sure they are legitimate. If you know of people who have children that were born during those times, please inform them of this scam.

**Classic Cable looking for groups for toy donations**

Classic Cable will again this year be collecting toys for the needy children through their "Classic Christmas for Kids" campaign. Last year this campaign collected over 2,000 toys for distribution to children in the local communities served by Classic Cable.

According to Jennifer Hauschild, Marketing Manager for Classic, they are getting organized for another successful year with this worthwhile campaign. As in the past, customers will receive a reduced install fee with the donation of a new toy valued at \$10 or more. The company then donates the toys to a local organization to distribute to needy children in the

community.

Ms. Hauschild stated, "We are in the process of updating the list of organizations in each community which have a need for the collected toys. If you are a member of a non-profit organization which could assist Classic Cable in delivering the toys to needy children, please give them a call today. Scott Hamel will be compiling this list and can be contacted at 785-434-7620, Ext. 350. It will be very helpful if they have someone contact them from each community in which they provide cable service."

This campaign is scheduled to kick off on November 1, 1997, and run through December 15, 1997. Classic Cable is excited about this upcoming campaign that makes many children smile during the holidays. So please give them a call if you can assist with this worthwhile project.

**Clarendon Junior High Fall Title 1 meeting set**

Clarendon Junior High School will be having their Fall Title 1 meeting will be held on October 20, 1997, at 5:00 p.m. in the CEI lab. All parents are invited to attend this important meeting.

## Dobson scholarship applications available

Calling all college students. The Dobson Communications Corporation PRIDE (Promoting Rural Individuals and Development) Scholarship applications are now available.

Ten scholarships of \$1,000 each and three scholarships of \$2,500 each will be awarded to college freshmen, sophomores, or juniors who are residents within a Dobson Communications service area. Each applicant must have a minimum 3.0 grade point average and be a current customer of a Dobson company's service.

Dobson Communications Corporation developed the PRIDE Program

in 1996 to recognize the achievements of rural individuals and community service projects that promote the strength and future growth of Dobson's rural service areas and to help community leaders in economic development opportunities. Six PRIDE Scholarships were awarded to college students in January, 1997.

All interested, eligible candidates can pick up an application at any Dobson Communications company including Logix Communications, Dobson Telephone, McLoud Telephone, Dobson Cellular Systems, Cellular One of Northwest Oklahoma, and

Cellular One (Kansas, Missouri, and Maryland store). To find the Dobson Communications company nearest you, please call 1-800-522-9404.

### Corrections:

In last week's edition of *The Clarendon Enterprise*, the Clarendon AB Honor Roll list for the seventh grade did not list Brandi Betts' name. She was also left off the Perfect Attendance list. She received both honors and is recognized for this achievement.

### Giddy Up!

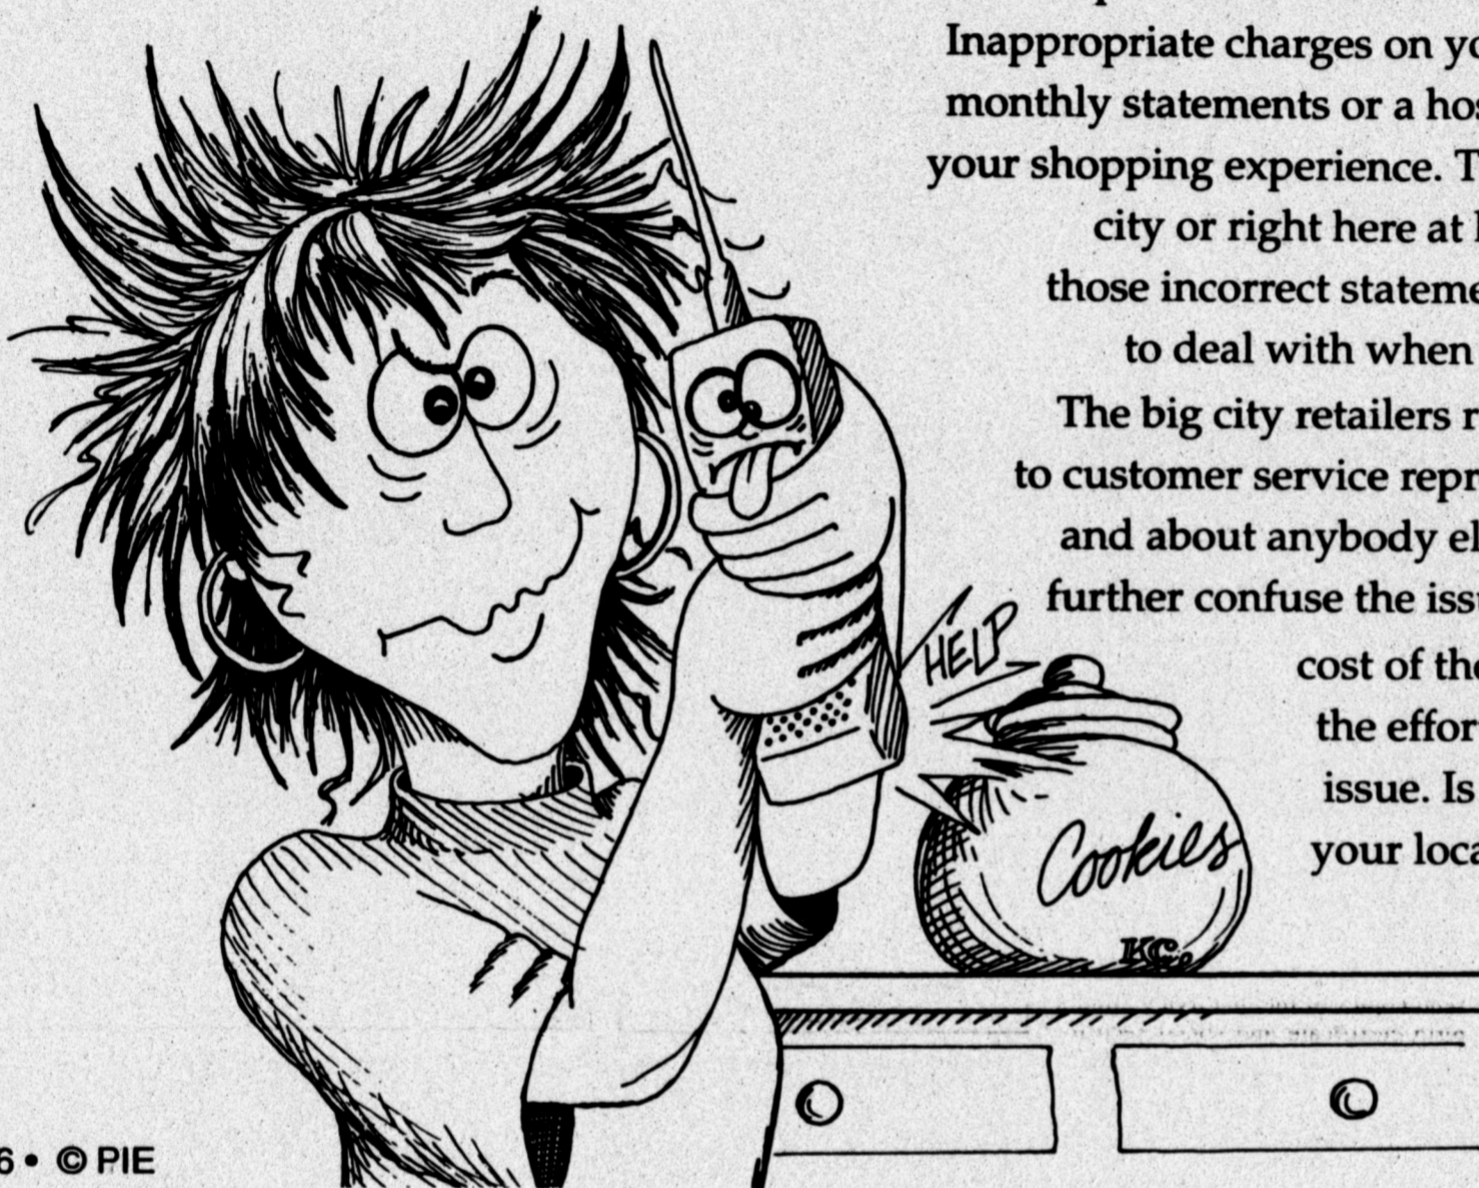

Local banker Mark Mann ponders his new horse which was presented to him last week by Country Bloomers Flower Shop.

Shop owners Julie and Gerald Mulanax thought the stick horse would be safer for him than the real one he was riding when he broke his leg in a recent rodeo mishap.

## Tired of Out-of-town Credit Problems?

D-6 • © PIE

Do problems with out-of-town credit leave you frazzled? Inappropriate charges on your credit cards, mistakes on your monthly statements or a host of other problems could plague your shopping experience. These things can happen in the big city or right here at home; we're all human. However, those incorrect statements or charges are so much easier to deal with when you're talking to local merchants. The big city retailers run you through channels. Talking to customer service representatives, accounting personnel and about anybody else who they can throw at you can further confuse the issue, not solve it. Factor in the time, cost of the extra trip and/or phone call plus the effort you put into trying to resolve the issue. Is it really worth it? On the contrary, your local business owners can remedy the situation quickly, easily and on a personal level. There really is no comparison.

During the time of re-building Highway 287 through Clarendon, it is more important than ever that we support our hometown businesses. They may be a little harder to get to because of the construction, but these are the business men and women who support our schools, our churches, our senior citizens, and every worthwhile endeavor undertaken by our community. They deserve our support whenever possible.

*This ad is a weekly series promoting the benefits of shopping at home. If you would like your business, club, organization, or church added to this list of supporters, please call the Enterprise today at 874-2259.*

**Donley County Senior Citizens News**

**Senior Citizens preparing to elect new board members**

It is nearing election time at the Donley County Senior Citizens Center. We will be electing four board members on November 4, 1997. The list of board member candidates are:

**Jim Aveni:** Jim has lived in Clarendon for 10 years. He is the Mental Health Director for Donley, Armstrong, Hall, and Collingsworth Counties. Jim is a member of St. John Baptist Episcopal Church and lists his interests as Clarendon football and volunteering at the Nursing Home.

**Charles E. Deyhle, Sr.:** Dr. Deyhle has lived in Clarendon for 46 years. He is a retired veterinarian. He is a member of the Donley County Senior Citizens and lists his interests as golf, fishing, travel, and yard work. He is a member of several professional organizations.

**Ruth Hancock:** Ruth has lived in Clarendon since 1964 and works at the Herring National Bank-formerly the First Bank & Trust of Clarendon. She is a member of the Donley County Senior Citizens and served on the Board of Directors from 1991-1992. Ruth lists her interests as food nutrition, barreling, history, music, and the arts.

**Bill J. Land:** Bill has lived in Clarendon all of his life. He retired from Greenbelt Electric Cooperative and Clarendon College. He is a member of the Donley County Senior

Citizens and volunteers on the home delivery route and at fund raiser suppers. Bill lists his interests as church, the Senior Citizens, grandsons football and basketball games, coffee shops, and electrical work

**Patsy Hill:** Patsy has lived in Donley County nearly all of her life. She is retired form Olsten Health Services. She is a member of the Donley County Senior Citizens and is completing her first term on the Board of Directors. She volunteers at the Center on the front desk for fund raisers and is a member of the DCSC fund raiser committee. Patsy lists her interests as traveling and sightseeing. She is a talent scout, booking agent, and co-emcee for the Saints' Roost Jamboree. She is a member to the Bluegrass Association, Clarendon Archeological Society, and the Pathfinder Club

**Nelson Christie:** Nelson was raised in Clarendon and after retiring from the Chinli High School in Arizona, he returned to Clarendon four and a half years ago. He is a member of the Donley County Senior Citizens and volunteers on the home delivery route, for fund raiser suppers, and is on the DCSC find raiser committee. Nelson lists his interests as computer games, church, and wood working

**Billy Powell:** Billy has lived in

Armstrong County for 17 years. He retired from the Texas General Land Office. Billy is a member of the Donley County Senior Citizens and is completing his second full term on the Board of Directors. He lists his interests as rodeos and dancing.

**Mary Jane Smith:** Mary Jane has lived in Clarendon all her life. She is a member of the Donley County Senior Citizens, the Extension Homemakers Clubs the Pathfinder Club, and the WMU at the First Baptist Church. She lists her interests as cooking, sewing, and handwork.

Absentee voting will begin October 20. All DCSC members are welcome to vote absentee. The DCSC birthday/anniversary supper was held on Sept. 30. The evening was opened with prayer by Lacy Noble. Nell Derr, Betty Canon, Altha Floyd, Sharon Thomas, and Rye and Gaynell Pool were recognized for having had September birthdays. Ray & Gaynell Pool celebrated a September anniversary. The door prize, a beautified lace fan donated by Nita Meador, was won by Dorothy Grady. Bingo winners were: Nell Derr, Lee Shaller, Melville Mills, Vada Morrison, Thelma Behrens, Bradis Shaller, Altha Floyd, Mary Johnson, Leona Lingenfelter, Mary Lee Noble, Tennie Smith, and Tuffy Reynolds. Leona Lingenfelter won the black-out

bingo prize. Kitchen workers were Nita Meador, and Mary Lee and Lacy Noble. We were glad to have first time visitors Mary Johnson and Leona Lingenfelter.

Nancy Davis will be showing us how to make a paper angel on Tuesday, October 21, at 12:30 pm here at the Senior Citizens Center. There is no charge for this class. We invite all interested crafter, to come and bring their scissors! Call the Center for more information

Anyone who would like to volunteer to help repair the roof on the Senior Citizens warehouse, please call 874-2665 for more information.

**REMINDEERS:**  
 Daily exercises at 10:45 am  
 Thurs., Oct. 16: Hearing Aid Clinic, by Golden Spread Hearing, from 10:30-12 noon  
 Mon., Oct. 20: Senior Citizens Dance Club, 7-9 pm  
 Thurs., Oct. 23: Board Meeting, 6 pm  
 Sat., Oct. 25: Volunteer work day for repairing warehouse roof  
 Tues., Oct. 28: Birthday/Anniversary Supper, 6 pm

**Merchants Association to meet Saturday**

The Clarendon Merchants Association will meet on Saturday, October 18, at 1:00 p.m. at the Clarendon Outpost in the Deli. All members are encouraged to attend.

**WT offers Defensive Driving course**

The WTAMU Continuing Education Center will offer a course in defensive driving from 9 a.m.-noon and 1-4 p.m. Saturday, Oct. 25.

Cost of the course is \$25, and preregistration is required. The course is approved by the Texas Department of Public Safety. The course can also be used for dismissal of traffic citations if approved by the judge.

For more information or to register for the course, call 806/656-2037.

**Panhandle Transit provides bus for school kids in town**

Panhandle Transit, a division of Panhandle Community Services, has a new program that is taking off at a high rate of speed.

Panhandle Transit is now running an in town bus to school and back home for children from Head Start to high school. At this time they have twelve on the morning route and twenty on the evening route. It appears they may have more who will use the service as the weather begins to change. They are prepared to run two routes if necessary.

The drivers must have their CDL license and will be receiving training on safety and procedures.

Panhandle Community Services also offers HUD Housing, Families in Training (college), energy programs, transportation locally and out of town, and weatherization to make your homes more energy efficient.

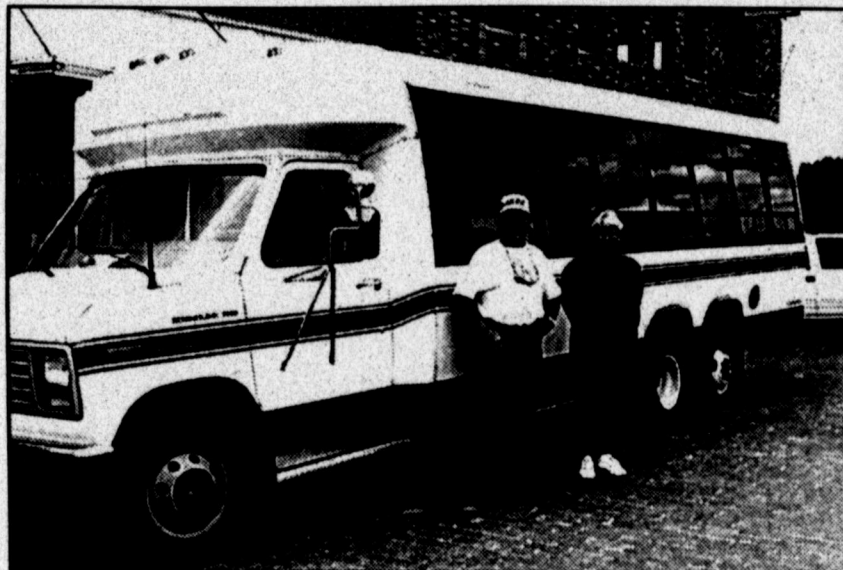

Call Robbie Hill or Lori Mays for more information at 874-2573 or come by 416 S. Kearney and visit with them about services offered.

**Howardwick board holds regular meeting**

The Howardwick Board of Alderman met in regular session on Tuesday, October 7, 1997, at 7 p.m. in the Howardwick City Hall.

The budget was amended, and the financial statement was approved.

Tommy Gray gave the fire department report. The board decided a cellular phone could be used instead of installing a phone line.

Danny Hill and Shirley Ariola drive the Panhandle Transit bus that provides transportation for school kids that live in town.

**Irrigation examined for spray efficiency**

**BUSHLAND** — Engineers at the USDA-Agricultural Research Service Conservation and Production Agricultural Research Laboratory are gathering data to compare the efficiency of low-energy precision (LEPA) and low-elevation spray (LESA) application devices with more common overhead spray heads.

According to Dr. Terry Howell, one of the principal investigators doing the work, they receive wheat evapotranspiration data from the North Plains PET Network to sched-

ule full and deficit irrigation of wheat.

Four sprinkler methods are being used. These include 360-degree spray heads to meter water to socks LEPA on the ground, LEPA bubble, above-canopy spray units LESA, and overhead spray heads. All devices are spaced 60 inches apart.

The scientists say the irrigation treatments will show the efficiency of fractional amounts of evapotranspiration applied to wheat during the spring season.

A stroke can change your life forever

**SPORTS**

# Quanah rolls over Broncos; Junior varsity squad remains undefeated

Eighth-ranked Quanah scored seven points off its first possession and never gave Clarendon a chance to recover as the Indians rolled to a 24-6 win Oct. 10 in the District 2-2A opener in Clarendon.

The Broncos even their record to 3-3 and 0-1 in district play, while Quanah improves to 6-0 and 1-0 in district action.

District rivals Wellington and White Deer share the district lead with Quanah, while Memphis and Panhandle remain at 0-1.

Wellington was an 18-7 winner over Panhandle Oct. 10 and will be ready to go Friday against Clarendon, according to Bronco head coach Tooter Draper.

Clarendon travels to Wellington Friday for a 7:30 p.m. kick-off.

Wellington returns 16 seniors on a squad that went 1-9 last season, and Draper said the Skyrockets carry four extremely athletic players.

"I think they've got four kids who can go 80 yards in the blink of an eye," he said. "They've got real good athletes in (Kevin) Thomas (6-2, 185), (Chris) Lewis (6-2, 175), (Toby) Tarver (6-0, 160) and their quarterback Brandon Ward (6-0, 175).

"They're not that much bigger than we are, but they're talented. I think our defense is going to have to step it up and play. We must get some consistency and move the ball on the ground a little better."

Wellington likes to throw the ball half the time, opting to run with it the other half, Draper said.

Quanah relied on a heavy ground game in their Oct. 10 contest with the Broncos. The Indians rushed for 210 yards and passed for 53.

Clarendon's passing game was disrupted when Quanah double-teamed the Bronco receivers. "They stacked us to the outside. We relied more on our running game," Draper said.

The Broncos passed for 92 yards and gained 39 on the ground.

Clarendon got off on the wrong foot when a pass was intercepted early on.

"We tried to go with a little drag, and we just got a lot of pressure and we forced it into double coverage and they picked it up," Draper said. "They took the ball on our 40-yard line and drove it down."

Quanah's go-to man, Brian Jalomo (5-11, 175) scored on a 1-yard run with 9:50 remaining in the first quarter. Marcus Jalomo's PAT was good for the 7-0 lead.

"We're still feeling good," Draper said. "We're feeling that if we get the ball back and move our offense back. We were going to come with a lot of people, and we were prepared for that."

Marcus Jalomo added a 35-yard field goal with 3:32 remaining for a 10-0 lead after the first quarter.

It was all Marcus Jalomo in the second quarter as he romped on two 2-yard TD runs and kicked both PATs for a 24-0 halftime advantage.

"Their running game was really good," Draper said. "They were real strong and their linemen blocked really well."

At halftime, the Clarendon coaching staff reviewed their progress. "We didn't play well starting off. We didn't make any adjustments; we went over the stuff we worked on. We're still young, and when we came out in the first quarter and they were real big, we were just shocked. In the second half we knew we could play."

The Bronco defense blanked the Indians in the third and fourth quarters. Clarendon's offense got moving in the final quarter as junior Blake Bass rambled for a 6-yard run with 5:23 remaining.

"We ran it, and we threw some dumps and some outs," Draper said of how the Broncos reached paydirt.

Senior Kareem Abdullah pulled in seven receptions for 64 yards. QB Scotty Elliott was 10-for-22 and three interceptions.

"It was Jeff Hearn's first game back, and he had a real good game. Josh Allred also had a good game on defense."

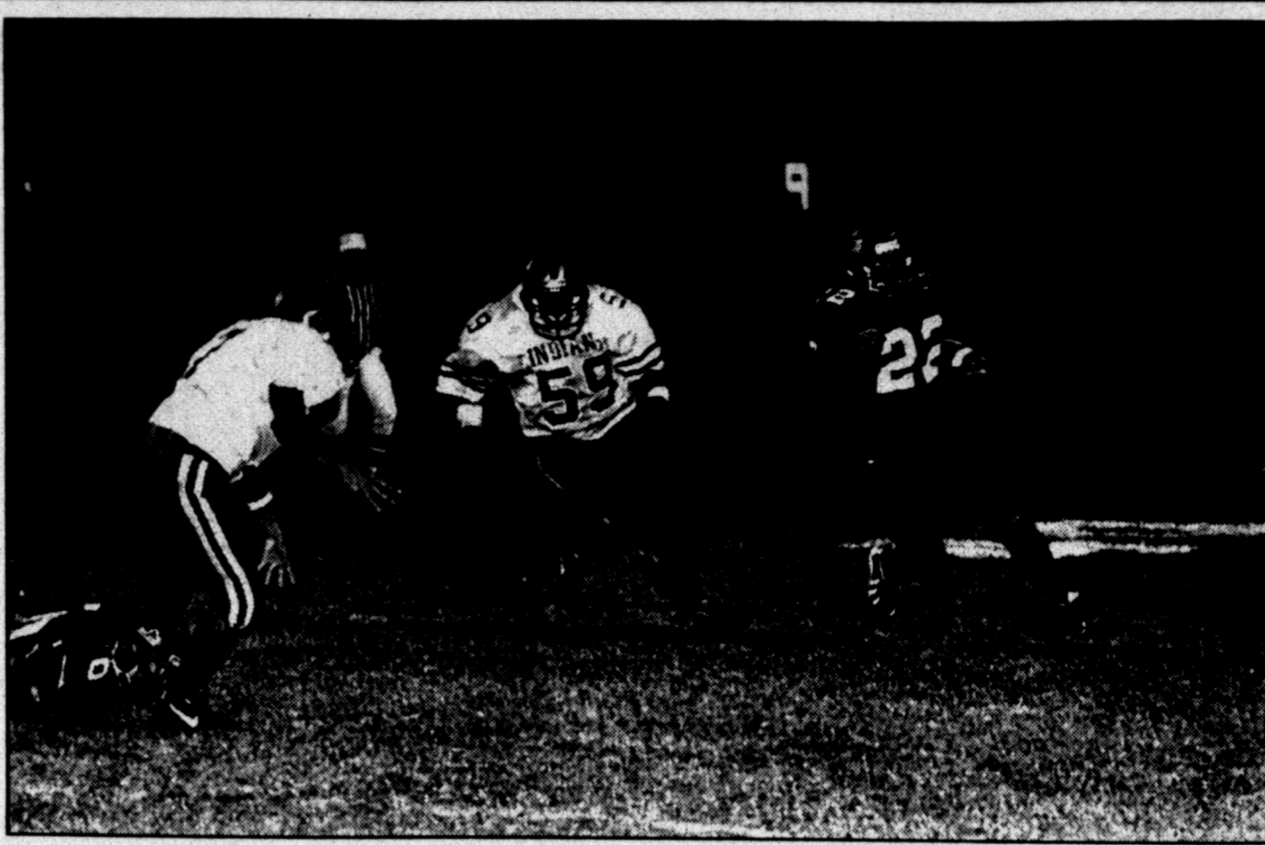

Draper said Quanah was worthy of its number 8 ranking. "They're pretty good. I think they'll probably win our district. They've got 21 seniors and that makes a big difference."

Wellington's junior high and junior varsity travels to Clarendon Thursday for 4:30 p.m., 6 p.m. and 7:30 p.m. kick-offs.

Clarendon's junior varsity remained undefeated with an Oct. 9 thrashing of Quanah in Quanah. Freshman Josh Williams caught three TD passes from Colt Floyd, and Shannon Martin brought in one for a 24-22 win.

The seventh graders lost 26-0, while the eighth graders lost 46-0.

*Editor's Note: A touchdown by sophomore Garrett Bains was inadvertently left out of last week's JV story. Also the final score was 28-24. The Enterprise regrets these errors.*

Bronco Wes Richie evades two Quanah Indians during last Friday's football game.

### CHAPMAN DAIRY QUEEN COMPANIES

From The Chapman Dairy Queen Family

Dear Friends of Dairy Queen,

As you have probably noticed, the Dairy Queen at 603 West Second Street is undergoing several major changes! As part of our commitment to better serve our friends and customers, The Chapman Dairy Queen Family is pleased to announce the renovation of your Clarendon store.

At your request, the store is currently being upgraded with new equipment and several interior building enhancements. The renovation will include major improvements in the dining and kitchen areas. We know you will be pleased with the store's improvements.

Since 1975, the Clarendon community and the Chapman Dairy Queen Family have been partners in building a better community for all of us. We hope you will continue to visit us at Dairy Queen as we strive to serve you better.

Although the dining area is partially closed, we are now hiring for several positions. We are looking for top-notch team players committed to providing our customers with exceptional and friendly service! Stop by the store today to apply. After all, you could be who we are looking for!

Thank you for so many great years in Clarendon and many more to come!

Sincerely,

*I. B. Chapman*

## Red Ribbon Campaign drug awareness set for October 23-31

This year's Red Ribbon Campaign against drug abuse has been scheduled for October 23-31, according to officials with the Texas Commission on Alcohol and Drug Abuse, who will be helping to promote the annual event.

The Red Ribbon Campaign helps coordinate a wide range of substance abuse prevention efforts on the part of schools, businesses, prevention agencies, community groups, and religious organizations.

Kids, parents, and other concerned adults show their support for a drug-free life and future by wearing red ribbons on their clothing during this special time.

The Red Ribbon Campaign was founded in the wake of the brutal murder of a U.S. Drug Enforcement Administration agent in 1985. Enrique "Kiki" Camarena, a 37-year-old father of three, was killed in the line of duty while investigating a multi-billion dollar drug marketing operation in Mexico.

The Texans' War on Drug program (TWOD) was the official state sponsor of the campaign through 1996. TCADA this year has been helping to update and produce new program tools that communities can use in their own local campaign.

TCADA Executive Director Terry Bleier said: "One of the best prevention tools we have in the fight against substance abuse is increased public awareness. The Red Ribbon Campaign offers us an excellent opportunity to help the public focus on the need for prevention work."

Bleier said many Texans have been involved in prevention work for years, and TCADA is making major efforts to emphasize the importance of prevention in its programs and contracting.

Helping to promote the Red Ribbon Campaign gives TCADA an op-

portunity to build support for new and existing substance abuse prevention initiatives in communities across the state.

Red Ribbon Campaign materials are available to the public at TCADA's 11 new Prevention Resource Centers. For information about the nearest center, call the toll-free number (888)PRC-TEXX.

The Centers have a wide variety of substance abuse prevention materials available for public use. They are located in Abilene, Bryan, Corpus Christi, Dallas, El Paso, Houston, Lubbock, Nacogdoches, Odessa, San Antonio, and Tyler. The same materials are available at TCADA's Library and Clearinghouse in Austin, which can be contacted toll free by calling (800)832-9623.

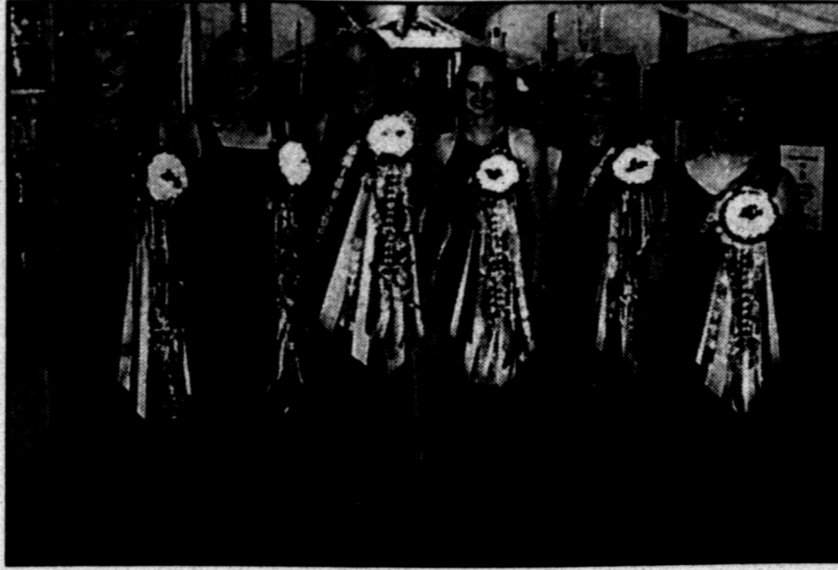

The first Red Ribbon campaign was launched by groups of concerned parents in Illinois and Virginia. Congress officially recognized and extended support to the program in 1988.

Since then, millions of Americans have joined in participating in the program. The National Family Partnership, formerly the National Federation of Parents, is the official U.S. sponsor.

TCADA is providing copies of the 90-page Texas Red Ribbon Campaign manual titled *The Tie That Binds* free of charge. This manual also can be ordered by calling the toll-free number (888)PRC-TEXX.

The Red Ribbon Campaign Curriculum/Planning Guide and the Red Ribbon Campaign Marketing Kit, can be ordered at-cost from the TCADA Library and Clearinghouse, (800) 832-9623.

The Texas Federation of Parents, a non-profit affiliate of the National Family Partnership, is planning a statewide Red Ribbon Campaign kick-off event. Persons interested in participating in this may call (281)440-4656.

Kim Jett (third from the left) was crowned the 1997 Hedley Homecoming Queen during homecoming festivities on September 25. Members of the queen's court are Sophomore Ashley Hill; Junior Penney Longan; Homecoming Queen Kim Jett, senior; Junior Kristi Parker; first runner-up La Rae Shaw, freshman; and second runner-up Holli White, sophomore.

## Artificial blood tried in trauma patients

HOUSTON — Physicians at Baylor College of Medicine in Houston will test an artificial blood substitute in trauma patients with severe blood loss.

The study will begin next month to help determine whether the blood substitute prevents death and treats harmful side effects that can be caused by severe blood loss. The research will take place at the Harris County Hospital District's Ben Taub General Hospital.

"Survivors of car wrecks or gunshot and stab wounds often go into shock because the loss of blood prevents oxygen from getting to vital tissues and organs," said principal investigator Dr. Matthew J. Wall Jr., associate professor of surgery at Baylor and director of the trauma and critical-care service at Ben Taub. "This blood substitute might save critical time in stabilizing patients because it does not have to match their blood type."

Baxter Healthcare Corporation, the study sponsor, makes the blood substitute from expired human red blood cells. The substitute contains oxygen-carrying hemoglobin and might increase blood flow to vital organs.

Twenty-four patients ages 18 years or older are needed for the study at Baylor, one of 30 sites in the nation evaluating the effectiveness of the blood substitute. Half of the participants will be chosen randomly to receive the blood substitute, and the other half will receive a saline solution. All will receive standard emergency-room treatments, including transfusions of blood and other fluids to maintain blood pressure.

Physicians will monitor each study participant for 28 days, looking for lack of oxygen in the tissues and signs of organ failure, particularly the kidneys. They will also monitor whether patients receiving the blood substitute require fewer blood transfusions, and whether they experience side effects, such as stomach pain, muscle aches or other discomfort.

Nearly 2.1 million people are

affected annually by severe, traumatic injuries, and more than 150,000 die.

"It is critical that trauma patients receive oxygen in their blood within an hour after they arrive at the hospital," Wall said.

In accordance with those guidelines, the patient or family member will be informed of the study as soon as possible and given the option to continue participation.

"We are hopeful that the blood substitute will have an impact on the number-one cause of death among Americans ages 1 to 45," Wall said.

## The Lion's Tale

By Gene Alderson

Clarendon Lions Club met Tuesday at noon for their regular meeting with Boss Lion Walt Knorpp presiding.

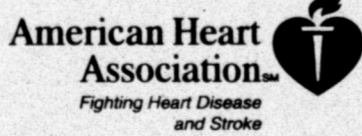

The Brass Lantern served a fine chicken fried steak lunch. We had 15 members and two guests. Our guests were Eddie Eads and Bob Lawrence. Lion Lawrence presented the program on Lions Sight First Program for the blind and Eddie Eades provided the TV/VCR for the presentation.

Fifty-thousand people in the U.S. become blind each year. It takes \$15,000 to train one person to be self supporting. The government spends \$1,000,000 over the lifetime of a dependent blind person.

Since 1925 Lions International has had Sight First as their number one project. We have a twenty year old lady from this district that is currently being prepared to go through the Sight First training in Little Rock, Arkansas. This facility has trained over 10,000 people to be self sufficient.

There being no further business at this time, we were adjourned.

Tired of throwing your weight around?

Exercise.
