**PUBLIC SCHOOLS WEEK**

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 107 years ago. In 1854 the first law was passed establishing the public school.

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 6 through March 10, 1961. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—if but for a day.

**A HELPING HAND**

One of the attributes that sets us humans apart from most of our fellow inhabitants of this crowded planet is the desire to help someone in need or trouble.

Even in the best of us, this impulse of mercy may seem to weaken under the pressures of daily living in this highly organized and impersonal society of ours.

But, through our voluntary contributions of time and money to such welfare agencies as the American Red Cross, we are helping people in need as truly as if our hands were touching theirs.

March, designated as Red Cross Month by the President of the United States, again gives us opportunity to extend a helping hand to others.

More than a million Americans will be conducting a month-long, nation-wide drive to enroll their neighbors as Red Cross members with a "Good Things Happen When You Help" appeal.

When you become a Red Cross member, your helping hand reaches:

Next door, where the mother, trained in Red Cross home nursing, takes care of a sick child;

Down the block, where a man trained in Red Cross first aid, saves the life of a traffic victim;

Across town, where Red Cross-collected blood keeps a hospital patient alive;

Across the nation, where Red Cross disaster workers are helping a tornado-stricken family rebuild its home;

To Saudi Arabia, where a Red Cross field director is helping a U.S. serviceman make an emergency trip home, and

To Chile and Morocco, where the American Red Cross and other members of the world-wide League of Red Cross Societies help earthquake victims.

Truly, through your Red Cross you help make good things happen wherever people are in need or in trouble.

**NOT THE CASE**

A great many people undoubtedly believe that any substantial degree of tax reform and tax reduction is impossible at the present time, because of the government's revenue needs.

Well, that simply isn't the case. For instance, the Chamber of Commerce of the United States points out what would happen if the top rate of taxation of individual income were lowered from the existing 91 per cent to 50 per cent. The immediate drop in revenue to the Treasury would be but a billion dollars a year, which is less than one-eighth of the budget.

And that drop, in all probability, would be more than made up in the near future. The billion dollars thus liberated would go into all manner of investments and purchases. The result would be more jobs, more payrolls, more production—and more sources of taxation for government.

The Chamber adds that tax brackets far below the top one could be lowered without detriment to the government. The benefits would be felt everywhere and by all of us.

**WILL EHRLE**  
STATE REPRESENTATIVE  
DISTRICT 88

**AUSTIN**—Several of the more important issues of this session are coming more clearly into focus as committee meetings progress and the tax picture takes a change.

Governor Daniel dropped his proposal for a payroll tax this week, believing there was too much opposition sounded out before the measure ever was formally introduced.

Among the two other major proposals, the sales tax has apparently drawn more support than proponents of the state income tax could muster. However, it is still very early so far as taxes are concerned and most members feel they must study the structure and situation much further to see if there is any other possible solution before these last resort taxes.

**The REA in HB 2**  
This bill has caused considerable interest, and appears to cause controversy in determining how far it will affect cities. Basically it provides for REA co-ops to retain their service in areas annexed by expanding cities. I would oppose it if it actually allowed any cooperative to move into a city where a central station service is available. I believe the final draft of the bill will not allow this.

Just as I have opposed the federal government usurping rights of the states, I believe that local control of these annexed areas in the cities might be the best solution.

I only wish that our town were growing enough that this would be a problem in our district. Without annexation of new areas there really is no great conflict between the REA and the private power companies.

**Women's Rights**  
The equal-rights-for-women legislation is also attracting a great deal of attention. As a co-sponsor of this measure, I am hopeful that we can effect its passage this session.

Many of our antiquated laws

redistricting women's rights should be repealed.

**Cub Scout News**

The Cub Scouts and their parents held their annual Blue and Gold Banquet at the Lions Club Hall last Thursday night, Feb. 23.

Bro. W. M. Lawrence, pastor of the First Baptist Church gave a short after-dinner talk to the boys entitled, "What You Hold in Your Hand."

Many different awards were presented at the banquet. Awards of rank earned, were:

James Childers Jr., Wolf badge; Steve Bell, 1 gold arrow under Wolf; Lewis Foxhall, Lion badge, 3 silver arrows under Bear; Steve Land, 1 silver arrow under Bear; Joel Greene, 1 gold arrow under Bear; Larry King, 1 silver arrow under Wolf; 1 silver arrow under Bear; Frankie Ellis, 1 gold and 1 silver arrow under Bear; Everett Monroe, 2 silver arrows under Bear, 1 silver arrow under Wolf.

Also Feral Shelton, 1 silver arrow under Bear, 1 gold arrow under Lion; Ronnie Braddock, 3 silver arrows under Wolf; Jimmy Elliott, 3 silver arrows under Wolf; Orville Poitner, Wolf badge, 1 gold arrow under Wolf; David Taylor, 1 gold arrow under Wolf, 2 silver arrows under Wolf; Bobby Sims, Wolf badge, 1 gold arrow under Wolf, 2 silver arrows under Wolf; Bobby Luper, 1 gold arrow under Wolf, 1 silver arrow under Wolf; Trey Chamberlain, gold and silver arrow under Wolf.

Also Steve Rogers, Wolf badge; Timmy Rogers, Wolf badge; Ted Tyler, 1 silver arrow under Wolf; Johnny Gilliam, Wolf badge; James Shadle, Wolf badge, gold arrow under Wolf; Randy Choate, 2 silver arrows under Wolf; Jay Lamberth, 2 silver arrows under Wolf; Gene Hommel, 1 silver arrow under Wolf; and David Goodman, 1 silver arrow under Wolf.

Eight boys were eligible to receive the 50th Anniversary Achievement Award, an award earned by completing four steps during 1960, Scouting's 50th year. They were: Chuck Adkins, Frank Phelan III, Joel Greene, Everett Monroe, Jerry Melton, Steve Land, Tommie Saye Jr., and Gary Baker.

Den Mothers who completed the Basic Training Course were presented Den Mothers Pins.

They were: Susie Kidd, Wanda Phelan, Hazel Monroe, Glendora Greene, Clarisse Choate, Francis Deyble, Lucy Saye, Clara Childers, Betty Braddock, and Ruby Elliott.

Those who received 1 year pins were: Steve Bell, Joel Greene, Steve Land, Frankie Ellis, Harry King, Everett Monroe, Pat Chilton, Tommie Saye, Gene Hommel, J. Henry Hon, Jim Moore, David Taylor, David Goodman, Lucy Saye, T. C. Saye, Paul Hancock, Ann Hommel, and Hazel Monroe.

Those who received 2-year pins were: Frank Phelan III, Chuck Adkins, Jerry Melton, Harry Kidd, Terol Shelton, Gary Baker, Eddie Carmichael, Susie Kidd, and Wanda Phelan.

Round-Up slides were presented to Don Davis and Blond Draper for their work with the Cubs. They will soon lead the new Webelos Den.

The attendance tail was won by Den 6. This was their first time to win and the boys were happy to be winners. Total attendance was 127.

The instruments for the Cub Scout Band have arrived and will be delivered to the Band members this week. Our first lesson will be held Saturday, March 4, at 10:15 a.m. in the High School Band Room, under the direction of Mr. Willard Edgett.

The lessons will last only 45 minutes, so the parents are to pick up their boys at 11 o'clock.

On Friday, March 10th, a tour has been planned through the Santa Fe Roundhouse building in Amarillo. A limit of 3 children per adult must be observed. Several cars have already been volunteered and filled. If arrangements have not been made for your child, contact your den mother.

"The Communists are hard at work indoctrinating everyone who will listen with their dictatorial theories under the guise of being interested in the welfare of the common man. They infiltrate every walk of life and their prime targets are our young people who, unless we instruct them properly in the wisdom of private enterprise as opposed to government control, will know only their side of the story and the Communists will win the war without ever dropping a bomb. The penalty, of course, will be enslavement."

Advice is the kind of medicine you place within reach of children, but beyond the view of adults.

**GEORGE'S WIFE**

We heard from the representative of the Rice Growers down Galveston way this week. Remember he is the Head of the 'Family Farm Committee' in Washington. We started this correspondence hoping to learn what they had in mind for the family farmer. There was no news for him at all, and very little for the rice producers. Like our own representative he was telling us to have no fears that everything was under control.

He reminded us—contrary to the fears of some—the President has not recommended any wild spending, and that his budget for the coming year should not be materially greater than the preceding one. But the speeding up of funds already appropriated is being rushed up as fast as possible.

Mr. Thompson told his constituents that during his congress-

sional service, the people from time to time have suggested this or that public official should be impeached. And if such a move gets any impetus, he would likely be urged to vote to convict the public official in question. If such a thing should ever occur to them, to please consider first of all that an impeachment proceeding, the House of Representatives sits virtually as a Grand Jury to evaluate the evidence and then, if it is sufficient, to recommend that the case be tried. The Trial Court in this instance is the Senate. To be asked to commit himself before hearing all the evidence is just like asking a guilty jury to find an accused guilty without considering the merits of the case.

So much for how one representative feels about impeaching a public official. The way momentum is gathering to do just that to a certain public official right now, may have this body facing such a procedure sooner than he thinks. As far as considering the merits of a case, what good are his merits, if the accused has broken laws, revised and made others to suit the occasion. One would think the Congress would be so jealous of their branch of our government, they would not tolerate assuming any part of it. In this flattening-out process on we the people it may apply

to the granches of our government as well. Anyway Mr. Thompson shouldn't worry too much. I've heard of such a thing as "packing a jury."

The Texas Panhandle is a whopper of an area. This fact we realized more than ever before when a few days ago we started out toward the north, west and east visiting from town to town along the way. Five-hundred miles can soon be rolled up on your speedometer without leaving the north Panhandle.

Several facts struck home to us after this two-day trip of taking a closer look at things right nearby. It was fun to just sort of browse on the blessings of this upper Panhandle country. First of all we decided that we were large enough in area in the whole Panhandle to be a state all by ourselves. If we were that, it would be true that we would have our share of many wonderful things.

Across the top part of the wheat belt in the Dalhart, Stratford, Sunray, Spearman and

Perryton area we saw the greenest fields one could imagine at this time of the year. Filled and bedded down by 9:00 o'clock in the morning was the answer to why cattle are not being rushed to market in great numbers as yet. It was a beautiful sight to behold the contented condition of these herds of calves and yearlings.

Nature seemed to have given them plenty of moisture and as a reserve we could see the irrigation cells being prepared for use if needed. Now and then along the road, and more especially in the Dumas and Pampa country we find thrown in for good measure many oil wells. Here and there we find stretches of rough ranch country where those beautiful cattle can be grown. Truly it makes one realize the greatness of the Panhandle. Add to these blessings the friendliness people in the world and we know for sure that we should stop often and give thanks for our blessings.

Under the spreading chestnut tree  
The village smithy snoozes;  
No horse, since 1933  
Has come to him for shoeses.

The above poem came from the newsletter of Robert Adamson, county agent of Hansford County. More truth than poetry we would say and fitted in with a joke on another page of the Hansford Plainsman.

"Madam, your husband must have complete and absolute rest."

"Well, Doctor, he won't listen to me."

"A very good beginning, Madam, a very good beginning."

Another item in the Home Demonstration Agent's Column by Miss Barbara Fain from the same paper also caught our eye. The heading read "For Men Only." It began: "Would you like to have some hot homemade biscuits in the morning?" From deep down inside we instinctively said yes. A recipe for Buttermilk Biscuit Mix by Mr. Claude Pearson followed:

8 cups all-purpose flour  
1 tablespoon salt  
2 teaspoons soda  
3 tablespoons baking powder  
2 tablespoons sugar  
1 1/3 cups shortening.  
Mix and sift ingredients, and then cut in shortening. Store on pantry shelf in a tight container. To make biscuits use approximately 1/3 cup buttermilk with each cup of mix. Stir in buttermilk all at once, stirring only until well mixed. Knead lightly on floured board. Roll 1/2 inch thick. Bake on baking sheet at 450 degrees F. for 10 to 12 minutes.

Thanks Barbara for the paragraph to the men. Now will each of you women who read it please try the recipe on your husband? Husbands, let us know the results.

When we point an accusing finger at someone, we are pointing three fingers right back toward us. Odd, but true just the same. And this is not only true in the case of the three fingers but in reality. The moment we start accusing anyone, everyone listening will start sifting in the ashes of our life looking for some of the same skeletons.

It is claimed by those who make a study of human behavior that the things we most often accuse others of doing are the same short-comings we are guilty of committing. An insecure feeling growing out of a guilty conscience causes one to make an effort to pin the trouble on some-

Mrs. Doyce Graham

There was a large crowd on hand Friday night for the 42 Party. Seven tables of 42 were played with Steve Reynolds winning high score prize, and Mrs. W. D. Higgins was high woman player. Several children attended. The hostesses, Mrs. Doyce Graham and Mrs. Horace Green, served coffee, hot chocolate, sandwiches, and cake.

We will play 42 next Friday night, March 3rd. Everyone bring cake.

Our next regular meeting will

be March 10th at which time the KGNC movie will be shown. Also Mr. L. L. Wallace will show his movies of their trip to Alaska, and Mrs. John Hill will show her movies of the Womanless Wedding at Ashtola. There will also be a program. Everyone plan to come, and bring pies for refreshments the night of Mar. 10th.

**Hurt in Plane Crash**  
Mrs. Naomi Green's brother is in a Wichita Falls hospital after a plane crash. Her brother, Carl B. Morris, a passenger in the Beechcraft Bonanza, piloted by C. W. (Dub) Dennis, was returning to Wichita Falls from Austin when their plane developed trouble in its electrical system. They

were unable to crank down the landing gear by hand. Everyone in the residential section near the Kickapoo private airport Friday night knew the plane was in trouble. It came in with a roar, then there was a big explosion; the wreckage plowed into a garage in the backyard of a private home. Then men, both prominent Wichita Falls contractors were trapped in the wreckage and lay quietly until the police and fire department arrived on the scene. They did not appear seriously injured when taken to the hospital.

### Bulldogs Break Jinx; Whip Amarillo 78-77

The Dogettes, the service club of Clarendon Junior College who builds school spirit and student morale, went all out last week under the leadership of Freddie Davidson, president of the club, to give the Bulldogs the support that they needed to get back on the winning trail. A bus-load of Dogettes and Bulldog backers accompanied the team to Amarillo. The game was hard fought from start to finish and close all the way. The Bulldogs picked up a 5-point lead during the first half to lead by a score of 44-39 at the intermission.

Bobby Lesley equaling his highest production for the season led the offensive with 31 points, getting some valuable help from John Alexander with 17 and Oscar Bronniman with

16. Spark-plugging the defensive part of the game was Jimmy Humphreys with 12 regounds, only lacking one equaling Amarillo's top rebounder, Herb Johnson.

Other boys seeing action and helping the club get back to its winning ways was Buddy Jones with 6 points, Ray DeBord with 4, and John Tom Morrow with 1. Final score was 78-77, Clarendon.

The 31 points scored by Bobby Lesley raised his average scoring for the last 8 games to 25.25. It also has raised his last regional standing by increasing his average from 19.7 to 20.5 for the first 30 games of this season. The raise in his average points per game maintains his lead position in the region in number of field goals scored; also maintains his lead position in number of free throws scored and moves him up to 614 total points for the season and in a tie for second place in-

dividual scoring in the Western Conference with Frank Cox of Phillips who was moving along at a 20.5 clip.

#### COLLEGE TEACHERS ATTEND STATE CONVENTION

Clarendon Junior College classes were dismissed Friday, February 24 in order to permit the teachers to participate in their respective sections at the meeting of the Texas Junior College Teachers Association in Dallas, Texas.

Featured speakers at the meeting were R. G. LeTourneau whose affectionate title is "God's Businessman" who spoke at the opening general meeting, and Arnold Mathers, Southwest District Manager of the United States Chamber of Commerce, was banquet speaker.

R. G. LeTourneau is the world's largest manufacturer of dirt moving equipment and has equipment in operation in every continent of the globe. With this huge volume of business, he has reversed God's plan of 10 per cent tithing and tithes 90 per cent of his income to God's work and retains 10 per cent for himself.

Special music was provided by excellent choirs from Decatur Baptist College and Navarro Junior College.

Mrs. Glad's Seago was elected secretary of the Education and Psychology section to serve and aid in the program building for the 1962 Convention.

College teachers who attended from Clarendon are Mr. and Mrs. James Cox, Oliver J. Abel, John Gillham, Weldon Day, Joe Preston, Gladys Seago, Dorothy McKown, Lucile Naylor, Virginia Denny, and Annie Ruth Thomas.

### Third Episcopal Council Meeting March 10-11

The third annual Council of Northwest Texas will meet in St. Mathew's Church, Pampa, on March 9th, 10th and 11th.

St. John Baptist Church here in Clarendon will be represented at the Council by Mr. Johnny Grady, Mr. Clyde I. Price, Jr., Mr. Tom Bugbee, member of the Diocesan Mission Committee, and Mr. L. C. Neece, treasurer of the local Bishop's Committee.

The Council opens Friday evening, March 10th, with a service of Evening Prayer at 8 p.m., at which time the Right Reverend George H. Quarterman, Bishop of Northwest Texas, will deliver his annual address to the delegates and visitors. For the first time in diocesan history, the Bishop's Address will also be broadcast on a diocesan-wide radio network.

The business meeting of the Council will convene on Saturday morning, with the approval of a \$147,000 budget for diocesan and missionary activities, an increase of nearly 10 per cent over last year, as an important matter. In addition, a treasurer, secretary and registrar of the diocese, two members of the Stand-

ing Committee, four members of the Executive Council and a Trustee of the University of the South will be elected.

On Saturday evening, The Reverend Canon C. Rankin Barnes, Secretary of the National Council of the Episcopal Church, will address the Council banquet. Canon Barnes will also be the preacher at two services on Sunday morning.

Coincident with the meeting of the Council, the Churchwomen of the Diocese will be in session, with Mrs. W. J. Adams, local United Thank Offering Treasurer, and member of the Diocesan Conference Center Committee, and Mrs. T. E. Bugbee, local Vice-President, representing the Churchwomen of St. John Baptist Church.

Mrs. Ben Brewer, of Lubbock, will speak to the Churchwomen Saturday morning on the National Cathedral Association. Bishop Quarterman will be the luncheon speaker, and Edward G. Weber, Advertising Manager of the Southwestern Public Service Company, and Diocesan Promotion Chairman, will speak at the afternoon meeting.

Some 300 delegates and visitors from the 77,000 square mile area of the diocese will attend.

2. A measure providing for enforcement of the escheat law. This is known as the abandoned property act, which was defeated in 1959 despite the governor's vigorous efforts.

Governor Daniel says he will call a special session if the bill isn't passed in regular session.

3. A temporary increase for one year of from 7 to 10 per cent on natural gas production. Governor Daniel says this is to fill the revenue gap while the natural gas severance beneficiary tax is being thrashed out in court.

A new tax bill introduced in the House would levy a two per cent tax on all real estate transactions. It is by Rep. George Hinson of Mineola.

**REFERENDUM STALLS** — House members refused to take a beat-the-clock short cut toward getting a tax referendum on the ballot at the April 4 special election.

Rep. Wesley Roberts of Lamesa, sponsor of the bill, asked the House to instruct the State Affairs Committee to consider the bill immediately and report to the House.

Proposal was defeated 81-65, with the vote dividing approximately on the same line as the one by which Speaker James Turman was elected.

Referendum would, in effect, have given the public an opportunity to say which of three possible broad-based taxes they would prefer — payroll, income or sales. Bill would have to have final passage before the end of

February for the question to be printed on the ballot. Without hurry-up procedures the schedule will not be met.

Now the matter is left entirely to the legislators to determine. As most ran on platforms that called for no sales or income tax, these two taxing methods doubtless can be eliminated from further consideration.

**HORSE RACING ARGUED** — Legalized horse racing is still a live issue after a committee hearing that ran into the small hours of the morning.

Rep. C. E. (Red) Berry of San Antonio is sponsor of the proposed constitutional amendment that would allow race tracks and parimutuel betting on a local option basis.

Opponents, mostly ministers and lay church leaders, called gambling a parasite on the economy, and a producer of fewer jobs for the money spent than is possible in any other business.

Supporters called it a clean, popular sport to which Texas climate is ideally suited. And, they declared, a painless revenue raiser.

**RE-CUTTING THE PIE** — Two congressional re-districting bills have been introduced, one of which could cause anguished howls from the neighborhood of the Potomac.

Rep. Ben Lewis of Dallas has introduced a proposal to give Dallas County the extra congressman due Texas and leave other districts as they are.

Rep. Malcolm McGregor has introduced a bill which gives Dallas County the extra congressman and re-carves all the other districts.

McGregor's proposal is based strictly on population, with no thought to personalities or politics.

In some instances, it would result in two congressmen being put in one districts. Some districts would be enlarged, some reduced.

are a touchy subject with the Legislature.

County Superintendent George Corse has come back this session to work for a bill to abolish the county superintendent's office in counties with few or no pupils in county schools. Under this year's plan, abolishment would be on a local option vote. Supporters say it could save the state \$1,500,000 to \$2,000,000.

**ADD HIGHLIGHTS AND SIDELIGHTS** — In this same atmosphere is a bill by Rep. R. A. Bartram of New Braunfels. However it would raise the salaries of assistant county superintendents. Money-hurting House members killed the bill.

**OLD RULES RE-ADOPTED** — Teacher pay raise advocates were disappointed when both House and Senate adopted the same rules of procedures as they used last session.

These rules prohibit passage of any new spending measure until the general appropriations bill is passed.

Last session passage of the general appropriations bill was virtually the last act before adjournment. Teacher raises and other new spending proposals died without ever coming to a vote.

**ALSO RUNNING** — Among other measures in the legislative churn are bills that would: exempt from state license fees farm trailers that farmers borrow from cotton gins and grain elevators; provide procedure for acquittal, and erasure of the blot of a criminal record, of persons found to have been convicted of crimes for which they were innocent; set up statewide, rather than countywide, licensing of notaries public; provide for licensing and regulation by the State Health Department of persons engaged in the exterminating business; allocate \$1,800,000 more for assistance to the needy aged and blind; raise the minimum age for receiving a drivers' license from 14 to 16.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

### The African Problem

The recent death of Patrice Lumumba has brought into clear focus the fact that there are many many more not readily discernible. Africa is attempting to do in a very few years what it has taken this country since 1492 to accomplish. In other words, the task of bringing Africa to modern day American standards is equivalent to the task that would have faced Christopher Columbus in 1492 when he stepped off his ship onto the virgin new world. This task may not be impossible to accomplish, but it is highly improbable, even with the modern day methods, unless the people of that continent are able to face the problem involved and fully appreciate what must be done to solve it. This is most difficult in a country that is 95 per cent completely illiterate; a country which is rich in natural resources, but wholly lacking in human knowledge; a country in which the government is primarily tribal and the chief political divisions are tribal; a continent inhabited by some 220 million people, as best estimated, who generally pursue a day-to-day existence with no understanding of modern day economics.

The continent of Africa gave birth in 1960 to some 17 new African States, 16 of which have become members of the United Nations with a vote equal to that of the United States. These

new nations must choose between two ideologies; either freedom under the philosophies of western democracy, or a regimented and restricted existence under the communistic doctrines of the Soviet philosophies. In order to make the proper choice, it is essential that these people have the advice and counsel of an educated and well-trained mind; preferably an educated and well-trained mind of their own people, in whom they can place definite trust. The difficulty is that very few of their people have an education, and fewer have any training or experience at all in government matters.

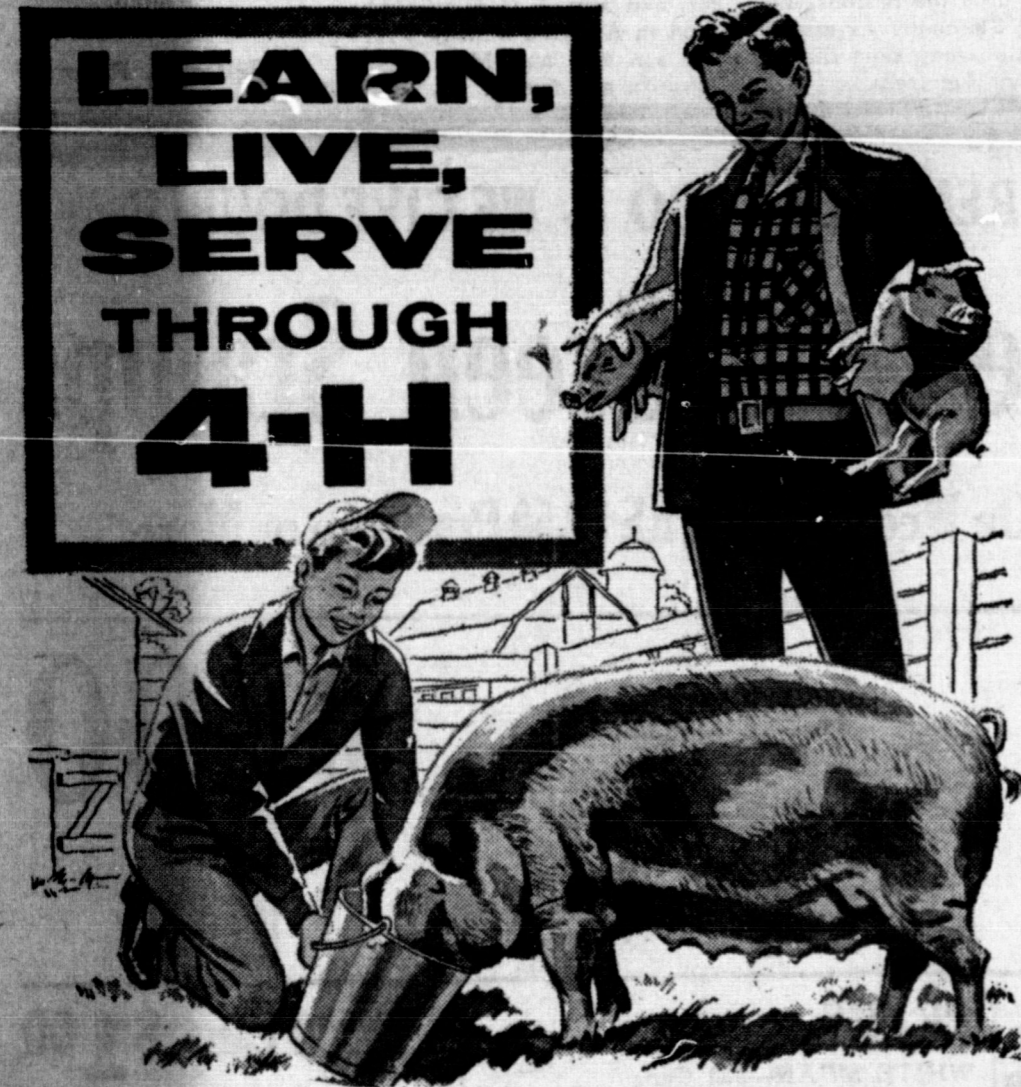

There are only 10 universities in tropical Africa, and some of these have just started to function, such as Lovanium University in the Congo, which graduated its first students in 1959. Only about 7,000 African students were enrolled at African institutions in 1958. Several thousand were studying in the United Kingdom, France, Italy and other countries. There were some 1,165 Africans studying in American institutions in 1960. But these numbers are infinitesimal when compared with the populations of the countries in Africa and the number of people who have not the slightest education of any kind, outside of nature. Efforts are being made by many universities and groups in this country to afford educational opportunities to these peoples from these new nations of the world. We in this country are always willing to help our fellow men. But, it is most difficult to be helpful when those who need the help refuse to recognize the fact that independence and freedom have corresponding responsibilities. It would seem that those Africans who have been so fortunate as to be afforded educational opportunities would be trying to tell their own people of the responsibilities which must be assumed. It would seem that those of their own race who live in this country and enjoy the benefits of western democracy would see the great opportunity to counsel with those in Africa. It is an unlimited opportunity to strike telling blows against communism. Certainly these new nations in

this world cannot make headway toward the full exercise of freedom and independence employing the tactics which were used at the meeting of the Security Council in New York on Wednesday, February 15th and at the Belgian Embassy in Washington, D. C. on that same date. I do not know the nationality or the make-up of the groups causing the disturbance at the United Nations, but those who moved against the Belgian Embassy in Washington were listed in the police records as natives of Nigeria, Tanganyika, Kenya, Uganda, Ethiopia, and Sierra Leone. They were students in this country, enjoying the hospitality of this country. They attacked the property of another nation, in violation of the laws of this land and with a total disregard for diplomatic ethics. The newspapers in Washington listed the 25 students who engaged in this unlawful demonstration. This conduct and that of the demonstrators in New York undoubtedly caused chuckles of glee to Mr. Khrushchev and other communist leaders. It would behoove all who participated in these activities to carefully analyze their behavior and ask themselves what contribution they think they have made to the future welfare of these newborn nations. It would be well for them to remember that the only reason they were not lined up against a wall and shot is because they in a country governed by laws, not men.

**Visitors**  
We had the pleasure of a visit with Mr. Bill Nelson of Amarillo, Sheriff Hugh Anderson of Borger, and Mr. Carroll Griffin of Dumas. All were in the Nation's Capital this week, Mr. Griffin having stopped in Washington en route to Korea with Mrs. Griffin, where he will be associated with the International Cooperation Administration.

A key industry in America's defense is one of the country's smallest. There are only about 1,600 scientific apparatus makers in the United States, many of them employing fewer than 25 persons.

# FARM NEWS

from the County ASC Committee

## FARMERS REMINDED OF COTTON ACREAGE 'RELEASE' DATE

Farmers who do not plan to plant all or part of their cotton acreage history by releasing the allotment to the ASC County Committee. Such acreage must be released before the deadline, which is April 14, 1961.

A farmer who plans to plant at least 75 per cent of his cotton allotment this year need take no action to release any acreage in order to preserve the allotment base for his farm. But a farmer who fails to plant at least 75 per cent of his 1961 allotment will find his cotton allotment will be reduced in 1962 if he fails to release the unused part of his 1961 allotment to the ASC County Committee.

By releasing the unused part of

the cotton allotment to the county committee, the individual farmer's 1961 planting history will be preserved and also the planting history of the county and State. The released allotment will be apportioned by the County Committee for use by other farmers within the county.

Here are the requirements which cotton farmers must meet in 1961 in order fully to protect their future farm allotments: the farmer must (1) plant at least 75 per cent of the 1961 allotment, or (2) release at least 75 per cent of the 1961 allotment to the ASC County Committee by the APRIL 14th deadline, or (3) plant and release a total acreage which is equal to at least 75 per cent of the 1961 cotton allotment, and (4) actually plant some cotton in 1961 if the entire allotment was released in both 1959 and 1960. (Acreage in the Conservation Reserve program at the regular rate may be regarded as "planted" under the program provision.)

The County Committee urges farmers who do not intend planting all of their cotton allotment in 1961 to get in touch with the ASC County Office to discuss how to protect their future cotton acreage history.

## CCC WHEAT AND GRAIN SORGHUM LOANS

You have until March 31, 1961, to redeem your loan. We have had some producers to redeem their wheat loans. They have made some money by redeeming their wheat and selling it on the market. The price is still up and you have not checked may have some money made too. Check today.

WE INVITE any producer wishing information or assistance on any farm program under ASC Administration to contact us and we will be glad to assist him.

## WEST TEXAS STATE HONOR ROLL INCLUDES 2 LOCALS

Two students from Clarendon were among the 116 listed on the fall semester honor roll at West Texas State College as released recently by Dean Walter H. Juniper. The honor roll is composed of the upper five per cent of the undergraduate student body.

Those listed from Clarendon were David N. Patterson and Jimmie Don Adams.

Patterson, a math major, is the husband of Jackie Estlack Patterson. He is historian of Kappa Delta Pi fraternity, a member of Alpha Chi, national honor society, and has been named to Who's Who in American Colleges and Universities for the year 1960-61. He was a senior student last semester and is presently a teacher in the Hereford High School.

Adams is a senior P.E. major. He transferred from Clarendon Junior College in the fall of 1958 and is the son of Mr. and Mrs. Raleigh Adams of Clarendon.

## AMARILLO FIRM GIVEN ROAD CONTRACT

A contract for 12.5 miles of construction on S.H. 70 in Donley County has been awarded to an Amarillo firm, it was announced in Austin this week by the State Highway Commission. Cooper and Woodruff, Inc. submitted the low bid of \$264,266 on the project. Widen grading, structures, flexible base and two course surface treatment from Salt Fork of Red River to U.S. 66 is expected to take 150 working days, according to Palmer Massey, District Highway Engineer at Childress.

C. B. Hudson, Resident Engineer at Clarendon will be in active charge of the project while it is under construction.

This new quartet is gaining in popularity and is available for program engagements.

## SON OF LOCAL LADY GRADUATES WITH HONORS

Seaman 3rd class, Gary D. Edmondson, son of Mrs. E. J. Channutt, recently graduated with high honors from Electronic and Radar School with the Navy at Treasure Island, California.

Gary graduated with a grade of 91 per cent which was the highest grade in a class of 40 men, and was named honor man of his Company.

He is now entering another School at Mare Island, near Vallejo, California, and will be there for a few months.

Gary attended school in Clarendon in 1952 and 1953. After finishing high school he entered the Navy in August of 1959.

## DEAN ABEL SPEAKS TO HEDLEY P.T.A.

On Monday night of this week, Dean Agel was invited to speak to the Hedley P.T.A. on "Time and How We Use It." In his address to the P.T.A., he noted two or three particular points.

First, "Regrets are time wasters," second, "Parents waste their time easing the burdens of their children;" and third, time is the most valuable asset we have. "The waster of time is the most prodigal individual we have."

P. I. Estlack and sons, Bob and Dan of Wichita Falls visited his father J. C. Estlack and other relatives thru the week end.

Mr. and Mrs. H. T. Mix and children of Amarillo visited Mr. and Mrs. Jeff D. Harrison Saturday.

Mr. and Mrs. J. C. Blackburn visited in Amarillo Sunday with their son Mr. and Mrs. R. I. Blackburn and family.

## Bulldogs Win -

Cont. from Page 1  
seconds to go was the clincher.

The one-two punch offensively in the game was furnished by Lesley and Alexander who scored 24 and 18 points respectively while the defensive chores were led by Bronniman and a freshman Buddy Jones. Jones kept the openings around the opponents basket closed all night which prevented Howard County from driving for a single lay-up and come off the boards with 7 very important rebounds to lead his team in that department. Bronniman's defense and rebounding was another shining light in the game.

Howard County with the uncanny shooting of Weeks, McElyea and Clearman made a fiercely fought contest all the way. McElyea and Clearman each scored 11 and Weeks 13.

## COLLEGE TRIO PRESENTS PROGRAM TO TURKEY LIONS

The college trio composed of Elaine Behrens, Jean Welch, and Sandra Pinkerton accompanied, by Connie Williams presented vocal numbers, a piano solo, and a humorous reading, and a presentation of important statistics magnifying Clarendon Junior College was made by Dean Abel at the regular meeting of the Turkey Lions Club last Tuesday at noon.

The Turkey Lions Club was a very hospitable host. The girls enjoyed presenting their program equally as much as the Lions enjoyed the program.

Mr. and Mrs. T. K. Vandiver and children of Amarillo visited her parents, Mr. and Mrs. R. A. Hay Sunday.
