Lelia Lake Student Eligibility Clarified

James R. Cox, President of Clarendon Junior College and Supt. of Schools received a letter this week from Rhea H. Williams, State Athletic Director, clarifying the eligibility of Lelia Lake students...

Dear Mr. Cox: If Lelia Lake votes to consolidate with Clarendon, then those students who are now attending Hedley but living in Lelia Lake would be eligible at Clarendon if they elected to attend your high school.

If they have attended at Hedley for a period of one year, they could continue to go to high school there and be eligible provided no inducements are given them to attend Hedley...

In other words, the students who are now attending Hedley would have an option the first year of attending Hedley or Clarendon, but once their choice is made they cannot make a change to the other school after the first year and be eligible for League participation.

This interpretation applies only to Article VIII, Sections 13 and 14, of the League rules. Sincerely yours, Rhea H. Williams, State Athletic Director.

Country Club Spring Dance May 26

Bill Porter, president of the Clarendon Country Club announced this week that Friday night, May 26 had been set for the annual Country Club Spring Dance at the Legion Hall.

Charlie Grimes orchestra has been secured to furnish the music for the dance which will be from 9 til 1 a.m.

Porter pointed out that members could invite as many guests as they wish but all guests must accompany the member and letters mailed this week to members must be presented at the door.

MOTHER'S DAY VISITORS

Mr. and Mrs. L. O. Dennis and W. C. of Memphis, Benny Dennis and boys of Borger, and Mr. and Mrs. Joe Shadle and family were Sunday visitors in the home of Mr. and Mrs. Dick Vallance and family.

Plans Under Way for Registered Beef Cattle Barbecue and Meeting

Plans are now under way for a big barbecue and meeting of all consignors and buyers of the Rolling Plains Registered Beef Cattle Association.

W. H. Cooke III, president of the organization reports that Mr. J. D. Swift, president of the Farmers State Bank of Clarendon stated that the Bank would put on the barbecue for the occasion again this year.

H. M. Breedlove, secretary of the association says that he will expect around four hundred or better to attend the affair this year. The date will be set for the meeting in the very near future when the board of directors of the association will meet to set the dates of the bull sale this fall.

The meeting and barbecue will be held at the Clarendon Country Club around the middle of June. Officers and directors of the association have reported that registered breeders tell them that the bull sale in Clarendon this fall will be one of the big bull sales in the state. Entries are expected to far exceed both previous years of the sale.

The Farmers State bank is to be complimented in putting on the barbecue for the meeting of the association and the planning for the big bull sale this fall.

County Agent Suggests Ways of Insect Control

This time of year is when the insects become the pest around the yard and house says county agent Flip Breedlove. In some instances reports have come to the county agent's office of grasshopper hatches in small areas.

Breedlove says that around the house a mixture of malathion and toxophene sprayed on trees, evergreens and other shrubs will eliminate aphids, web-worms, red spider, bag worms on evergreens and many other insects around the house. Se sure not to use this spray on vegetables that are to be eaten in the next few weeks.

The county agent says for grasshoppers that the best spray is aldrin or toxophene. The best time to get the 'hoppers is while they are in the hatch areas and before they become big enough to migrate to other feeding areas. Anyone having insect trouble may call or come by the county agent's office for further assistance.

PROCLAMATION

Since this is the beginning of the Little League Baseball Season and since this organization is supported primarily by donations; the Mothers of the Little League have decided this time to sponsor a fund-raising campaign.

WHEREAS; this is a very worthy cause and should be supported by all the citizens in Clarendon who are interested in the welfare of our Children, I, as Mayor of the City of Clarendon, declare Saturday, May 20, 1961 as Little League Day.

Signed: H. T. BURTON Mayor (Seal)

Help Your Little League

Saturday, May 20, has been proclaimed "Little League Day" in Clarendon by Mayor H. T. Burton. On that day we hope to raise the money needed to take care of the expenses this season, stated Mrs. Ray Moore, finance chairman.

Little League is a community project and needs the community's help. We have five Little League baseball teams in Clarendon and approximately 95 boys participating. These boys need your support, Mrs. Moore added.

We do not want to have to go out and ask individuals and business establishments for donations. Therefore, we ask that you come to us and give as much as you can and will. There will be booths set up at different locations in town all day Saturday. The boys will be there in uniform and hope that you will give a little to help a lot, Mrs. Moore concluded.

Those of you who will not be downtown Saturday and wish to contribute may do so by mailing your donation to: Little League Box 613 Clarendon, Texas.

Services Pending for Mrs. A. R. Letts

Funeral services are pending for Mrs. Arthur R. Letts of Amarillo who passed away Tuesday at Hillhaven Convalescent hospital in Amarillo.

Mrs. Letts, 86, was a long time resident of Clarendon prior to moving to Amarillo in 1947. She was a member of St. Andrew's Episcopal church.

Surviving are her husband, A. R. Letts of Amarillo; a daughter, Mrs. Floyd C. Baldwin of Toledo, Ohio; a son, Eugene W. Letts of Amarillo; and a grandson.

FARM NEWS

from the County ASC Committee

DEADLINE NEARS FOR FEED GRAIN PROGRAM SIGNUP Corn and Grain Sorghum growers have until May 31 to sign up under the 1961 feed grain program.

The program provides special payments to growers of the two crops who divert acreages this year from the production of corn or grain sorghum to a soil-conserving use. Up to half the total payment to be earned on a farm may be made in advance if the farmer requests it.

In Donley County, the average county rates are \$20.00 per acre for reducing corn acreage a minimum of 20 per cent below the farm base acreage and \$11.10 per acre for reducing grain sorghum acreage a like amount. Higher rates will apply for reducing corn and grain sorghum acreage from 20 to 40 per cent below the base. Rates on a farm may be higher or lower than the county rates, depending on the farm's productivity in relation to the county average. While the program is voluntary, corn and grain sorghum producers will be eligible for price support on any of their 1961 feed grain crops unless they cooperate in the feed grain program.

Many farmers have visited the County Office since the program was announced to obtain further information. Interest has been general throughout the county, and farmers usually have filed an application at that time to take part in the program.

Some farmers have indicated an interest in the program, but they have not yet followed through. Such producers are urged to get in touch with the County ASC office as soon as possible, but no later than the May 31 deadline.

Rules about adjusting "excess acreages of corn and grain sorghum under the 1961 feed grain program will be the same as under the regular allotment programs for the so-called "basic" crops. This means that a farmer who intends to cooperate with the feed grain program but who unintentionally plants more acres of corn or grain sorghum in 1961 than are permitted for his farm as a "cooperating" firm will have an opportunity to plow up the extra acres in order to meet program requirements. In such cases, however, there will be a deadline for making such adjustments in the planted acreage. (The farmer must pay the cost of measuring the adjusted acreage.)

Locals Enjoy Jet Holiday Tour

Mr. and Mrs. Frank White, Jr. and Miss Etta Harned were among the 162 people from the Golden Spread who returned home Sunday night after having taken the Jet Holiday Tour.

The group left Amarillo by Jet April 21 and landed in London, England. Much of England was visited and particularly the Shakespear section, Warwick Castle, and the Wallace Museum. By plane the party flew over the hook of Holland to Amsterdam, one of the cleanest areas visited. A night was spent in Brussels, Belgium, and a visit paid to Bastogne, Belgium where so many American soldiers lost their lives in World War II.

By bus the trip was made to Luxembourg; then a tour up the Rhine river from Koblenz allowed a view of many famous castles. A night was spent in Heidelberg, Germany and the famous University there visited. Many American soldiers are now based at Heidelberg.

The small country of Liechtenstein was visited, the Black Forest in Germany, and at Lucerne, Switzerland a Ski lift carried the group to the top of the Alps for a cog railroad ride down the opposite side. There a snow storm raged. Of interest in Switzerland was a Swiss Watch Factory.

Other sights included the Austrian Alps, Brenner Pass, the majestic Dolomites Mountains to Italy, and the northern plains to Venice. The group shopped there by boat, saw the Venetian Glass Works, and the lovely lace made there.

The trip to Rome and Sorrento was made by rail. Other stops were made at Florence, Italy; Nice France; Monaco, and Paris where famous Kings' palaces were viewed.

The return to New York was made by Jet and from there it was "home again" and Amarillo. One of the most noticeable and outstanding sights of the trip were the many beautiful flowers in all their vivid colors blooming in every land.

Clarence Reynolds Resigns SCD Post

As a result of his appointment to the Donley County Commissioners Court, Clarence Reynolds has resigned from the Board of Supervisors of the Donley County Soil Conservation District. Reynolds has served on the Board since October of 1960. He represented Subdivision 2 of the District.

Reynolds said, "I have certainly enjoyed the privilege of serving on this board, and I regret the necessity of my resigning. I would like to commend the work of this board and the soil and water conservation they are accomplishing."

There will be an election to replace Reynolds on May 25, 1961, at 8:00 p.m. at the Donley County Courthouse. All landowners north of U.S. Highway 287 and west of State Highway 70 in Donley County are eligible to nominate and vote in this election. These voters are urged to attend this election.

One Club Tourney For May 27-28

It has been announced that the Donley County Golf Club will sponsor a one club golf tourney at the local golf course Saturday and Sunday, May 27-28.

There will be three winners and in case of a tie, a play-off will be necessary.

The players will choose the one club of their preference. Entrance fee will be \$1.00 and those desiring to enter may contact M. A. Hrat or Ernest Tipton.

Cards will be mailed to students who do not pick up their cards on Thursday, May 25.

MOTHER'S DAY VISITORS

Mr. and Mrs. M. C. Rampy enjoyed having all of their children together for Mother's Day. Visiting them were Mr. and Mrs. Max Rampy and family of Lubbock, Mrs. C. C. Alexander and family of Silverton, Mr. and Mrs. Ray Rampy and children of Amarillo, and Geraldine Rampy of Pampa.

A CLASS OF ENLISTED MEN in the missile maintenance course at the U. S. Army Air Defense School at Ft. Bliss, Texas, are given instructions on the HAWK missile loader. The school trains officers and enlisted men to command, maintain and operate HAWK units. The HAWK is equipped with a homing guidance system, and its mission is to seek out and kill low-flying aerial objects. Prime contractor of HAWK is the Raytheon Co.

THE ARMY'S SERGEANT is fired from its erector-launcher. A solid propellant surface-to-surface guided missile, SERGEANT is capable of delivering a nuclear or conventional warhead against enemy targets. Designed to replace the CORPORAL, it will incorporate improvements in accuracy, mobility and power. The Jet Propulsion Laboratory, California Institute of Technology, designed and developed the SERGEANT for the Army; Sperry Utah Engineering Laboratory is the prime contractor for production.

 TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — A showdown is near in the 57th Legislature's money-raising battle.

Final round apparently will be between Gov. Price Daniel, who is anti-general sales tax, and a Senate group, which has indicated leanings toward a sales tax.

Sen. Wardlow Lane of Center, chairman of the Senate State

Affairs Committee, also is serving as chairman of a subcommittee to consider the House-passed sales tax bill. Other members are Senators Bruce Reagan of Corpus Christi, Dorsey Hardeman of San Angelo, Jep Fuller of Port Arthur and Tom Creighton of Mineral Wells.

Speaking before a Senate com-

mittee hearing on the sales tax bill, the governor minced no words in saying he would veto it . . . or anything similar to it.

He urged consideration of a "package bill" that would levy selective sales or excise taxes in eight areas. Affected would be gas pipelines, motor driven tools and appliances, jewelry utilities, stock transfers, soft drinks, beer, liquor and restaurant meals.

This plan, said the governor, would bring in \$166,000,000 a year — enough to cover the general appropriations bill, pay raises for teachers, and leave a nest egg for next time.

**HOUSE VOTES TEACHER RAISE** — House gave one of the biggest votes of the session to a bill that would give teachers the full \$810 a year salary raise they seek.

Rep. L. DeWitt Hale's bill was approved 143-to-4 and sent to the Senate.

It would raise the minimum pay for teachers with a bachelor's degree to \$4,014 and for master's degree teachers to \$4,239. Yearly increases for experience would be doubled, from \$54 to \$108.

Superintendents and principals would receive from 20 to 40 per cent more than the base for classroom teachers.

**JOBLESS AID INCREASED** — A bill to increase unemployment pay, both in amount and duration, received preliminary House approval.

Rep. Tony Koriath of Sherman is original sponsor of the much-amended bill. It would raise maximum weekly payment to the jobless from \$28 to \$35 and increase from 24 to 30 weeks the period during which an unemployed worker could receive state help. It would raise maximum weekly payment to the jobless from \$28 to \$35 and increase from 24 to 30 weeks the period during which an unemployed worker could receive state help. It would require that the applicant be out of work for one week before receiving unemployment compensation.

Bill would cost employers an extra \$6,000,000 to \$8,000,000.

**CD BILL FILIBUSTERED** —

**CD BILL FILIBUSTERED** —

A proposal to give the Legislature emergency powers in event of enemy attack came in for attack itself in the Senate.

Sen. Culp Krueger of El Campo is sponsor of the proposed

constitutional amendment that would allow the Legislature to fill offices made vacant because of enemy attack. As first offered, it also authorized the Legislature to "take such measures as may be necessary," even to suspension of the Constitution.

Opposing the bill were Sen. Dorsey Hardeman of San Angelo, the constitution's most vocal defender, and several other senators.

Even with the offending phrase deleted, the measure was approved by only a 14-to-12 vote. Two thirds approval is needed for a constitutional amendment.

**HOUSE REDISTRICTING IS OKAYED** — Legislature is moving slowly ahead with the politically painful task of realigning the state's congressional and legislative districts to conform with the 1960 census.

House has given final passage to a bill re-shuffling the House districts. It will increase the number of city representatives and reduce the number of rural representatives, but in general, the city members will represent about twice as many voters as the rural members. The increase is due to the constitutional limit of one representative to 100,000 people in urban areas.

If the House bill is finally enacted, a number of representatives will have to retire or run against another House member whose district has been combined with theirs.

House also got two congressional redistricting bills out of committee after passage of a "hurry up" resolution. Texas is due one extra congressman, for which Dallas County is vigorously bidding.

Senate action on a bill to rework the senatorial districts has been slowed by Sen. Jep Fuller's filibustering objections.

**ESCHEAT BILL FAILS AGAIN** — House voted 72-to-60 in favor of letting the abandoned property bill remain abandoned.

This bill was defeated earlier in the session, despite Governor Daniel's insistence that he would call a special session, if necessary, to get it passed. Rep. Charles Hughes, sponsor of the measure, tried to get it called up and put on the calendar for a second time, but was turned down.

Bill would set up machinery whereby the state could take over property or bank accounts of persons who die or disappear

without heirs. Governor Daniel has estimated it would bring the state some \$17,000,000.

**SPLIT JURY BILL ADVANCES** — A bill to allow less than unanimous jury verdicts in civil cases — an issue on which the legal profession is sharply divided — was approved by the Senate Jurisprudence Committee.

Under the bill, 10-to-2 verdicts would be allowed.

Opponents of the bill say it would cut away at one of the safeguards embodied in trial by jury. Supporters say it would reduce needless delays and hung juries caused "by one block-head."

**PLEAD FOR PRISON FUNDS** — State Board of Corrections is making a last stand before the conference committee on the appropriations bill to get more funds for the prison system.

Texas prison situation is "explosive," said Director O. B. Ellis, who warned of the possibility of riots unless the board gets funds for needed improvements.

Crowding three men into six-by-eight foot, one-man cells and requiring 72-hour work-weeks for guards were cited as examples of the problems.

Appropriation measures passed by the House and Senate give the Department of Corrections about \$19,000,000, compared to the \$24,000,000 it requested.

Conference committee is the "court of last resort" for those seeking changes in a bill. Each house must vote on the conference committee report on a "take it or leave it" basis.

**LOAN BILL PANEL NAMED** — After weeks of argument and delay, the Senate State Affairs Committee sent the problem of small loan regulation to a special subcommittee.

On the committee are Sen. Dorsey Hardeman of San Angelo, chairman, Senators Abraham Kazen Jr. of Laredo and George Parkhouse of Dallas.

Senator Hardeman is Senate sponsor of the House-passed small loan bill which would regulate loans of up to \$3,000 and would allow charges ranging up to 40 per cent.

Representatives of small companies making loans of \$100 and less have urged a different — and apparently higher — scale for loans in this category.

**TRADING STAMP BILL HEXED** — Proposed legislation to outlaw the use of trading stamps would be unconstitutional, Atty.

Gen. Will Wilson ruled. Wilson ruled that prohibiting trading stamps would go beyond the authorized power of the state. Proposed bill, said the opinion, cites no reason why use of trading stamps could be considered a danger to the public interest.

**SPOTLIGHT ON HIGHWAYS** — Need to avoid "hardening of the highway arteries" will be emphasized during Highway Week in Texas, May 21-27.

State Highway Engineer DeWitt C. Greer noted these warning signs:

1. More than one-third of Texas' total highway mileage is obsolete.

2. Building of farm-to-market roads (now a 33,000 mile system) has outpaced the money to maintain them.

3. Revenue from road user taxes (on gasoline, etc.) is constantly in danger of being diverted to uses other than highways.

**Short Shorts**  
North Texas State College in Denton will become North Texas State University on August 27. A bill making the change has been signed by the governor.

Senate voted final passage of a bill that would give the Texas Aeronautics Commission three-fourths of all unclaimed tax refunds on aviation gasoline. Remaining one-fourth goes to the schools. Comptroller estimates the unclaimed refunds at some \$70,000 to \$100,000 annually.

# BLOWIN' Out the CORNERS

*By Uncle Zeb*

GHOSTS can really hurt you. Often the fear of the unreal can be more dangerous than the things which actually happen. We remember one fall that we had a large group of Negro cotton pickers. For some weeks their conversation seemed to stay with the subject of ghosts. This went on until one young fellow about 15 or 16 was almost in a permanent state of fright.

One day when he came to the house for some milk my mother tried to calm his fears, thinking that the group had been too hard on him with their ghost stories. She told him that first of all there were no such things as ghosts, and as a clincher she added: "And even if there were ghosts, they are supposed to be dead people, and dead people could never hurt you."

"That's true Ma'am," he replied, "They are dead all right, and they can't hurt you, but they

hurt yourself." This is not only true with ghosts but with many of our everyday fears. So many times the things we fear never happen, but the worry can cause us lots of trouble. We should always be concerned about the future, but it can be a tragedy when we become fearful of every tomorrow.

As a boy we had an experience with ghosts. We were returning on horseback from a party with a group of other boys. We had to leave them at the school house and take a side road. They had all been telling of ghost experiences, especially around the school at night. We were at fever pitch when we came to the side road. Putting the spurs to Old Dolly we took off in a dead run. Even with the house a radio aerial guy-wire caught us and pulled us from our horse. Old Dolly stopped to wait, but we almost didn't stop for her.

"When in the course of human events" it becomes necessary to make a "Sponge" column we are never bashful about doing so. It is so easy to borrow a little here, and sponge a bit more there and soon the page is filled up. For instance:

From Banker O. R. Stark's

## WANT TO HELP ME SHOP AROUND FOR A CHICKEN, HELEN?

## SHOP AROUND! I'LL TAKE YOU TO THE FINEST MARKET IN TOWN.

## JUNIOR'S FOOD MARKET CARRY ONLY THE BEST GRADE OF POULTRY, YOU'LL BE PLEASED, I KNOW.

monthly newsletter mailed from his bank in Quitaque we find this gem: "A man's real limitations are not the things he wants to do but can't... They are the things he ought to do but doesn't."

On the pages of the Boys Ranch Roundup we find something that would even be good advice for a person who had just recently become a grandfather. "Out of the mouths of babies come words which we shouldn't have said in the first place."

Our friend Tomie Potts of Memphis includes this bit of information in a recent letter: "Married women don't especially like jokes, but they had rather have a joke than no husband at all." And, "Two fellows got lost in a forest. Said one, we should have read Emily Post and maybe we wouldn't have taken the wrong fork."

It is always easy to pick a winner from Nancy Morchel's Column which she so kindly sends us from Floydada. Such as the following: "Children are small people who are not permitted to act like their parents did at their age."

Our favorite story of the week had to do with the fellow who went about talking to himself. Asked for the reason he gave the following: "First, I just like to hear a smart man talk. Second, I also like to carry on a conversation with a smart man." Here's the bottom of page one.

To live again is the hope of almost every human being. This thought along with that of death becomes one of the controlling factors as to how we live this life from day to day. This influence can be a happy one when the future seems secure. On the other this life can be frustrated when the future seems uncertain and fearful.

Some years ago we listened to the experience of a person who felt they were living a second life here in this world. We were riding on a crowded bus toward Ft. Worth when our attention was drawn toward a young lady who was boarding the bus at a little station. She was weighted down with bundles and suitcases but she seemed unusually happy.

Once seated she soon had everyone about her joined in a conversation. Her face was rather pretty, but almost from ear to ear was a very deep and ugly scar. Likely everyone was looking and wondering as to the cause.

"This scar," she said, "is the result of the thing that changed my life. In fact, it was this incident that led to my new life. The one in which I have always been happy and most of all thankful for every blessing."

"There was a terrible car accident in which I was the lone survivor out of four young people. For weeks I lay at death's door, seemingly going back and forth. My throat was almost severed along with many other injuries. Many times as I lost consciousness it seemed that I had died. This thought became so imbedded that finally when I was better it really seemed that I had been dead. It was then that I came to really appreciate life. I had a new life seemingly, given to me as a precious gift. For this gift I resolved to be thankful continually, and to enjoy every precious minute... Her story has stuck with me through the years.

## GEORGE'S WIFE

By "Sarah"

James Wick tells us of this interview with Fred G. Clark, chairman of the American Economic Foundation. He calls it Economic Ignorance — The Bane of Self-Government.

Mr. Clark thinks, since the events of the 60's there is much ado to alert the public of the need to a better education on the principles of economics, starting at the high school level! Our only quarrel with this belated idea is that it wasn't started 40 years ago. Even then they taught us, when you had two apples on the desk and took away two, it left nothing and remained nothing until someone put more apples on the desk.

He says; there is no question but what the something-for-nothing economic pronouncements of both Presidential candidates worried a lot of people, and when people are worried they start to think. The intelligent ones thought about where all the money would come from to pay for those costly proposals. When they figured out on whose laps the financial burden was going to land — namely the same people who were going to receive the money — it required no extraordinary reasoning powers to conclude that the promises and proposals were pure political sophistry to get votes from an economically ignorant electorate. "I resent that, even though it is

true, although we were taking the political promises as we thought they were given, something to look good, but never in a thousand years were they to be carried out."

He gets a little rougher as he goes along though, so hold on to your hat...

Mass education offers the only bulwark against the bankruptcy of the thrifty, the apathetic acceptance of irresponsible "public-be-damned" unionism, and the back-breaking "humanitarianism" of our unrealistic social doctors. It offers us our only hope of avoiding the fate of all former democracies, that hope being public rejection of the "bread and circuses" that destroyed them.

As long as we get something for nothing, and education not only costs money but a little effort on our part, why both, is the attitude of too many in this generation. It probably will have to start at the high school level.

### Will Writes

By  
**WILL EHRLÉ**  
STATE REPRESENTATIVE  
DISTRICT 88

#### Area Loses Meraber

AUSTIN — The area between Wichita Falls and Amarillo will lose one member of the Texas House of Representatives under the re-districting bill which passed the House this past week.

I had been hoping that some equitable solution to our area problem could be found so that two complete districts would NOT have to be combined. Under the bill as passed, the 82nd District of Cottle, Hardeman, Ford and Wilbarger Counties would be combined with our 88th District, composed presently of

Donley, Hall, Motley and Childress Counties.

This combination would, of course, weaken the voice of our area in the legislative arena in Austin because we would have ONLY one member rather than two. I would personally enjoy representing all eight of these counties as I feel the finest people in the world live in our area.

#### Bill Pending in Senate

This re-districting bill is now pending in the Senate and I only hope that the Senators from our West Texas area will be successful in amending and changing

this bill so as to correct this elimination of one of our House members.

It is truly a fight to sustain the adequate representation of the folks who live in these smaller, rural counties. It is actually the agricultural interests of our area pitted against the ultra-liberals from the cities.

#### Hale-Aiken Advances

The Hale-Aiken committee proposal for a teachers pay raise has passed the House. This Act providing for increases of \$90.00 per month or of \$810.00 per year should benefit our smaller school districts.

It will allow our area to better compete for new teaching talent with our adjoining states and with the large metropolitan areas.

In addition to helping promote better education for all children in Texas, this pay raise should help the retail merchants in our small towns. Every teacher will have an additional \$90.00 per month to spend.

## Pathfinder Club Concludes Club Year With Meeting

Pathfinder Club had its last meeting of the year Friday afternoon, May 12, at Patching Club House. Lovely arrangements of roses and other spring flowers made the entertaining rooms most attractive. The social committee, of which Mrs. Forrest Sawyer is chairman, served as hostess.

In the absence of the president, Mrs. Heckle Stark presided over the business meeting. The resignation of three members was accepted: Mrs. Axford Jay, Mrs. Forrest Sawyer, and Mrs. Clyde Hudson. Mrs. Frank Phelan, Jr. was placed on the inactive roll. Mrs. J. R. Cox, Mrs. Joe Goldston and Mrs. Walter Lowe were voted new members. Members also voted to contribute \$10 to the building fund of the Club House.

Mrs. Guy Stricklin gave an interesting report of the State Convention of Federated Club Women held recently at Midland. Mrs. L. N. Cox reported that year-books would be ready for distribution later in the summer.

Refreshments of punch, sandwiches, cookies and nuts were served from a beautifully appointed table. Mrs. Frank Phelan, Jr. presided. Hostesses were Mrs. George Benson, Mrs. Forrest Sawyer, and Mrs. Frank Phelan, Jr.

Attending were Mesdames George Benson, Fred Buntin, Stina Cain, L. N. Cox, Lee Holland, J. H. Howze, S. W. Lowe, C. B. Morris, Frank Phelan, Jr., Forrest Sawyer, Guy Stricklin, Heckle Stark, Morris Ledger, and Miss Mable Mongole. Rep.

## Gamma Kappa Chapter Of Delta Kappa Gamma Meet In Memphis

The Gamma Kappa Chapter of Delta Kappa Gamma met in Memphis on May 13, 1961 at the Travis Elementary School for a 12:00 o'clock luncheon.

The executive board met at 11:30 for the last board meeting of the year, after which a delicious luncheon was served.

Following the luncheon was an initiation. Mrs. Lucille Mosley of Quail was initiated into Gamma Kappa Chapter of Delta Kappa Gamma, honor society for women teachers. Velma Weaver played the background music for the initiation service and had charge of the Sing-Song.

As a memorial tribute was paid to Miss Lula V. Caudell by Miss Mandie Coffee, chairman of necrology.

The program honoring women of our society was entitled "Not-So-Little Women." Eight of the 12 founders are still living, and seven still live in Texas. The Delta Kappa Gamma Society was organized May 11, 1929. The Society now has approximately 9,000 members in Texas with 154 chapters. Gamma Kappa Chapter is made up of four counties, Collingsworth, Hall, Childress and Donley.

The scrapbook was on display that had been graded by the State chairman and received superior rating and the gold star.

Eighteen members and two guests attended. Guests were Mrs. Ernestine Pilcher from Epsilon Eta Chapter of Midland and Miss Gladys Wallis, Zeta Epsilon of Amarillo. Mesdames Vel-

ma Weaver and Lucile Naylor attended from Clarendon.

## Ashtola Needle Club Plans Upholstery Workshop May 22-26

Upholstering home furniture is a timely answer to constantly growing demands of housewives with growing children. The Ashtola Needle Club is beginning a workshop Thursday afternoon at 2:30 p.m. at the Community Center and they extend a welcome to anyone interested to join them. Bring your piece of furniture to the Center anytime Thursday afternoon.

Thursday afternoon will be spent taking off old upholstery, measuring for materials and getting check list of supplies needed, and taking stock of repair jobs that might be necessary. Actual class work will begin May 22, 1:30 to 4 p.m. and will continue through May 26. There is no charge for the course.

Mrs. Bourland will conduct the workshop assisted by other resource people. If you would like to attend the course and you do not have a piece of furniture, you may come and help someone else.

## MU GAMMA CHAPTER OF BETA SIGMA PHI HAS REGULAR MEETING

The regular meeting of Mu Gamma Chapter of Beta Sigma Phi was held on Thursday, May 11, at the Patching Club House. The Ritual of Jewels ceremony was given for Donna Patterson. The following officers were installed: President, Lea Tyler; Vice-President, Hazel Guy; Recording Secretary, Shirley Clifford; Treasurer, Gene Davis; and Extension Officer, Ann Hommel. Our Chapter voted to support Texas Mental Health for our State Project for 1961.

Members present were: Shirley Clifford, Gene Davis, Quinn Draper, Pat Day, Hazel Guy, Frankie Henson, Donna Patterson, Mary Neal Risley, and hostesses Ann Hommel and Lea Tyler.

## JR. H.D. CLUB HOSTS TEA

The Junior Home Demonstration was held at a tea Thursday afternoon, May 11, at Patching Club House. Guests were received by Mrs. C. L. Lewis, club president; Mrs. Basil Smith presided at the register.

The program for the afternoon was a style show directed by Mrs. Fred Bourland, local Homemaking teacher, who presented her second year Homemaking students modeling costumes that each student had made for herself. Also presented were junior models wearing garments made by second year students especially for younger children. Music for the afternoon was furnished by Andra Pinkerton.

Refreshments of punch, cookies, nuts, and mints were served from a table laid with a lovely cutwork cloth over mint green and with crystal appointments. The centerpiece of white iris and pink roses was flanked by green tapers. Mrs. Gerald Noble and Mrs. Roy Crutchfield presided at the crystal service.

Sixty-five guests registered. Rep.

**LIBRARY NOTES**

EDITH BARNES

Two more memorial gifts have been given to the library, in memory of Mrs. J. H. Hurn.

One of the better writers, Rumer Godden, has written a new book, "China Court." In a review she warns the reader, "China Court" is a book to be savored, read slowly, delighted in at leisure. It should not be gulped. Its rewards are rich and many; civilized and gentle. The family to which it introduces us is large and at first confusing.

This does not mean that "China Court" is hard reading because it is not. If you take her advice and also consult the family tree in the front and back of the book from time to time, the first thing you know the many characters will fall into place and you will not only recognize each one as she brings them back into the story but you will have a vivid picture in your mind about the kind of person each one is or was. If this book makes a Rumer Godden fan of you, we also have her "A Candle for St. Jude" and "Kingsfishers Catch Fire."

There is an article in the May 13 issue of The Saturday Evening Post that will be of interest to every one who is concerned about our young folks. Norma Lee Browning in her "Working Their Way Out of Trouble" points out two important facts, don't always be trying to buy young people out of trouble and that you are fooling yourself if you think you are doing them a favor by bringing them up in idleness! Most of us seem to have forgotten that the word "Work" is used more times in the Bible than any other with the exception of the word "Love."

It would be nice if, now that our thunderstorm season is at hand, folks would use the time spent glued to the radio or television waiting for a weather broadcast, reading or anything else worthwhile. Then come July or August, they would not only have gained some knowledge but their nervous systems would most certainly be in better shape. Doctor Peal says thought that most

of us had rather give up anything than our pet fears. This in spite of the fact that fear is one of our most destructive emotions.

**Feed Grain Program Explained**

COLLEGE STATION — Highlights of the new feed grain program as they apply to Texas are pointed out by Director John E. Hutchison, Agricultural Extension Service and an ex-officio member of the Texas Agricultural Stabilization and Conservation Committee.

Hutchison said, in general, the new program provides for payments to producers who divert corn and/or grain sorghum acreage to conserving uses. Only those corn and grain sorghum producers who participate will be eligible for support prices for 1961 on their normal production of these two crops. In addition, corn and grain sorghum producers, who participate, will be eligible for support on other feed grains, oats, barley and rye.

The announced support prices for corn are \$1.20 per bushel average for all grades; grain sorghum, \$1.93 per hundredweight for grade No. 2 or better; barley, 93 cents per bushel for grade No. 2 or better; oats, 62 cents per bushel for grade No. 3, and rye, \$1.02 per bushel.

The payments will be in the form of negotiable certificates for which producers may receive grain or a cash equivalent of grain. Cooperators who wish to receive the cash equivalent of grain at the support price may ask the Commodity Credit Corporation to act as their agent in the marketing of the grain. As agent, CCC will advance the payment to the producer in cash through the county ASC office and subsequently market the grain.

Half of the estimated total payment for a farm will be offered to the producer as soon as he signifies that he will cooperate in the program, Hutchison said. Growers who participate in the program will reduce their corn and/or grain sorghum acreages by a minimum of 20 per cent below their average acreages for the 1959-60 period.

For diverting acreages equal to 20 per cent of their base of 20 acres, whichever is larger, producers will be eligible for a payment equal to 50 per cent of their normal production on their diverted acres times the county support price. Actual payment computation will be based on a

payment rate per acre for the county times the acreage diverted and a productivity index for each farm, which will reflect its normal production.

There is also a provision, the director said, for further reductions at a higher payment rate. This additional reduction can be any amount up to 20 per cent more. As an added incentive, the higher rate will be 60 per cent of normal production. The payment will also be computed on the basis of an average county rate and a productivity index for the farm.

The acreage diverted from the production of corn and/or grain sorghum must be put to conserving uses. They will be in addition to the 1959-60 acreage on the farm devoted to soil-conserving uses. The conserving uses for the diverted acres under the feed grain program will vary by areas, but in general, will include permanent-type rotation cover of grasses and legumes; temporary cover of grasses, legumes or small grains; water storage; wildlife food or habitat plantings; trees or shrubs and cropland in volunteer natural cover or in protected summer fallow if county committee determines it is not practicable to establish cover. The diverted acres cannot be harvested or grazed in 1961.

Hutchison suggested that interested producers contact their local ASC office or county agent for program details. Educational meetings will be held in all feed grain-producing counties, he said. He urged producers to attend and participate in the discussions at these meetings.

Mr. and Mrs. Alan Faught and daughters, Selette and Amalie visited Sunday with Mrs. Faught's mother, Mrs. W. H. Haney of Borger who is in the hospital. She is doing nicely following surgery.

Mr. and Mrs. Charles Cosper and Pam of Pampa and Mr. and Mrs. Bob Parker and family of Borger spent the Mother's Day week end with their parents, Mr. and Mrs. F. O. Hodge.

**Annual Summer Cotton School Set For Texas A&M College**

COLLEGE STATION — For the 52nd consecutive year Texas A&M College offers its special summer cotton school.

Its purpose is to provide training for persons who expect to enter the cotton trade; for growers who desire to learn more about cotton marketing and for buyers who wish to review grade and staple standards or become more familiar with the elements of quality in cotton.

The 1961 school will again be conducted by the Department of Agricultural Economics and Sociology during the six weeks between June 5 and July 14. Professor J. M. Ward will again be in charge of the school.

Ward says such important phases of the cotton industry as grading, stapling, and the determination of cotton properties and trade procedures will receive major attention. Most of the time will be spent doing actual practice work and in discussions covering techniques of classing. A few lectures by visiting specialists will cover phases of production, marketing and processing of cotton.

Detailed plans for the school may be obtained by writing Ward in care of the sponsoring department, College Station, Texas.

**AS IT SHOULD BE**  
The Congressional Quarterly—which is an entirely impartial service, providing its subscribers with factual and statistical reports on a variety of political matters — has summarized the results of organized labor's efforts in the recent Congressional campaigns.

It makes an extremely interesting study. The candidates which the major labor political organization opposed for office were, in the aggregate, slightly more successful than those it supported. In other words, a few more candidates whom this organization considered "wrong" in their voting records were elected than those whom it endorsed as "right".

On top of that, the attempts of Mr. Hoffa's Teamsters Union to purge members of Congress who voted for the Landrum-Griffin labor reform bill were spectacularly unsuccessful. Active Teamster campaign were conducted against 40 of these Congressmen. Exactly one was defeated.

American voters — a category which includes the union rank-and-file as well as the rest of us — follow their own conscience, their own principles, their own private ideas of what is right and wrong. They can't be led around by the nose by any special interest groups — whether representing labor, business, agriculture or anything else.

Visitors in the home of Mr. and Mrs. Otis Naylor Monday evening were Slick Naylor and Joe Spann of Panhandle, and Robert Naylor of Borger.

Miss Gladis Wallace who teaches social studies in Tascosa High School in Amarillo was a week end guest in the home of Mr. and Mrs. Otis Naylor.

Chas. Rains of Amarillo spent Saturday night and Sunday with his mother, Mrs. W. I. Rains.

Roy Johnson of St. Paul, Minn., visited friends in Giles last week. Roy was reared in the Giles Community. He is the son of the late Luther Johnson.

Ike Rains and Dick Shelton of Clarendon made a business trip to Oklahoma City Monday.

these young men and women are handed their diplomas is a proud one not only for the students themselves, but for the parents and teachers who have done so much to ensure that an education means understanding as well as knowledge.

Here in Washington, I am always reminded of our High School graduations as thousands of students from across the United States arrive for class visits. As they walk through the Capitol building and see the Congress in session, it will be only a few months until they begin to accept the responsibility for furthering the heritage which was in considerable part forged in that very building.

I trust that none of them ever ignores the fact that this heritage, which has made America so strong and free, is not something which was completed before their time. It is true that the basic groundwork was laid almost 200 years ago and that many significant advances have been made since. Nevertheless, the opportunities and even the necessities for building the American ideal are just as demanding in 1961 as they were in 1776.

After receiving their High School diplomas, our young people will confront a world which demands the utmost in precise thinking and resolute action. While our forefathers began a nation with the powderhorn, plow, and axe, people of today and tomorrow will continue the process with tools a thousand times more complex. This complexity should not frighten these young people, for within it lies the potential for great good.

They should be aware that the potential for great harm is also there, and that their efforts can be directed against that harm. In addition to this, I hope that the prospective graduates will remember that democracy is the most difficult of all forms of government. There is a trend in our nation to leisure and comfort, and it makes us all happy that more and more are reaping the benefits of our phenomenal advances. But the processes of our government can never become as simple and as carefree as many other facets of life. The leadership in the United States cannot summarily carry out this or that measure without taking into account the interests of millions.

This usually requires time, and even the revolution which has occurred in our communications system has not overcome the lengthy consideration which must be applied to most of our decisions. Many of us become impatient with the delays which surround much governmental action.

A smoother-running and more responsive government depends to a great extent upon a well-informed people, and I think the students who are about to graduate from High Schools all over the Panhandle will play a major role in this regard. With twelve years of a fine education behind them, these youngsters are well prepared to grapple with the far-reaching and often confusing problems of an adult democratic society and sound government.

The graduation exercises will mean a fine reward to those who have worked and studied for what to them seems so long a time. To me, however, commencement always symbolizes the constant striving of people for a better understanding of our world - a striving which is the hallmark of a democratic government.

**SPEND WEEK IN KANSAS AND NEBRASKA**

Mr. and Mrs. C. E. Bairfield returned home Friday afternoon after having spent the past week in Kansas and Nebraska. They report a pleasant trip and beautiful wheat crops from Perryton through Kansas and on to Lincoln, Nebraska. The late spring had delayed much of the corn planting.

In Atchinson, Kansas they visited Mrs. Bairfield's cousin and family, Mr. and Mrs. Paul Allingham who were at one time associated with the Amarillo Globe-News and who now publish an Atchinson paper.

The Bairfield's returned by way of Tulsa and visited the Greenhill Farm where they looked over the Polled Herefords that will be sold at a disposal sale the last of this week.

Before returning to Clarendon they visited an aunt, Mrs. C. W. Alexander at Oklahoma City.

Mr. and Mrs. Jimmy Jenkins and Susan of Amarillo spent the week end in the home of her parents, Mr. and Mrs. Henry Tatum.

**SECOND FREEDOM FOUNDATION AWARD GIVEN FORMER RESIDENT**

Mrs. Faye Scoggins of Phoenix, Arizona and a teacher of English in the Glendale High School received notification last week that she had been awarded a first place Classroom Teacher's Award from the Freedoms Foundation at Valley Forge. There were 244 classroom teacher awards made over the entire nation. Mrs. Scoggins will be presented a medal of recognition at commencement exercises. Announcements have been made over radio and television and through the newspapers.

Several weeks ago Mrs. Scoggins received a first place award from the Foundation for her unit on Americanism which she taught this year. For this honor she received an all-expense paid trip to the East to visit many historical sights. The trip will be made in mid-September.

Mrs. C. C. Cope of Childress visited Saturday and Sunday in the home of Mr. and Mrs. J. H. Headrick.

**McCall to Be Speaker For WTSC Convocation**

Dr. Abner V. McCall, president of Baylor University, will be speaker for spring convocation May 21, when nearly 300 graduate and baccalaureate degrees will be conferred here at West Texas State College.

The commencement ceremonies will be held at 5 p.m. in the WT Field House, with President James P. Cornette presiding. He will be assisted in conferring degrees by Dean Walter H. Juniper and Dr. James L. Russell, graduate dean.

Activities for graduating students are scheduled May 18, when an awards assembly and Senior Day ceremonies will be observed, and May 20, when President and Mrs. Cornett honor graduating students and their families at a reception from 8 until 10 p.m. at their home.

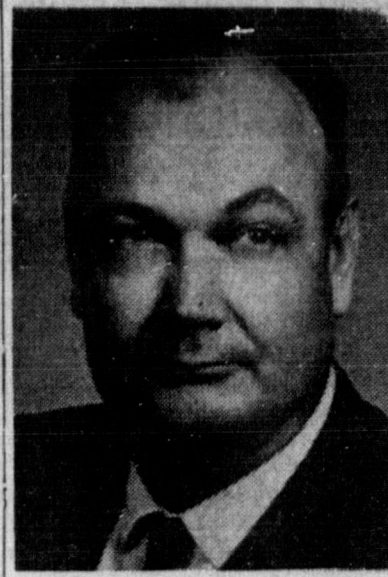

Dr. McCall, who was elected president of Baylor last month, was earlier executive vice president of the Baptist institution. He served as a professor of law at Baylor for several years before becoming dean of the School of Law in 1948.

The B.A. and LL.B. degrees were earned by Dr. McCall from Baylor University before he received the LL.M. from the University of Michigan. He was admitted to the Texas bar in 1938 and practiced law in Longview for four years before becoming a Special Agent for the Federal Bureau of Investigation in 1943.

A director of the Waco Chamber of Commerce, Dr. McCall is a trustee of the Waco Independent School district and chairman of the Waco City Planning Commission. He is a director of the Community State Bank and the First Federal Savings and Loan Company of Waco.

Mr. and Mrs. Dean Kendy and Timmy of Amarillo, Mr. and Mrs. A. G. Lane and Tommy of Gruver, and Mrs. Roy Gammons of Fort Worth were week end guests in the home of Mrs. A. G. Lane.

Mr. and Mrs. W. B. Ayers spent last Friday in Canyon with their daughter, Mrs. Winnie Wester.

**FIVE RURAL ACCIDENTS IN DONLEY DURING APRIL**

The Highway Patrol investigated five rural accidents in Donley County during the month of April, according to Sergeant E. G. Albers, Highway Patrol supervisor of this area.

These wrecks accounted for six persons injured and a property damage of \$1,455.

This brings the total for 1961 in this county to one killed, 10 injured, and a property damage of \$5,380.

"A driver who learns and complies with traffic laws can never prevent as many accidents as a driver who learns and complies with both traffic laws and defensive driving procedures," the sergeant stated. A traffic law describes what a driver must do or not do. Procedure describes ways in which a driver can comply with the law or do something extra that will increase his safety and prevent congestion.

"For example, the laws say that no person shall park a vehicle upon the paved or main-traveled part of the highway. A driver complies with this law on a rural highway when his car barely clears the pavement. Procedure, in this instance, when possible or reasonable would require the driver to park a greater distance from the pavement," the sergeant explained.

**LOCAL BOYS ATTEND AREA FFA CONVENTION**

Reported by Robin Green  
Seven local boys and Advisor Bob Baxter attended the area FFA Convention at Palo Duro High School in Amarillo last Saturday, May 13.

Keith Barbee and James Moffett represented our chapter as voting delegates. Lester Welsh, Faylon Watson and Robin Green attended the meeting to represent the Greenbelt district and Clarendon FFA in the talent contest. Don McAnear and Glenn Judd also attended the meeting.

Don McAnear is the Star Lone Star Farmer of the Greenbelt District.

The Convention began at 9:00 a.m. The delegates voted on the public speakers, area officers and state officers during the morning. In the afternoon the delegates judged the talent contest and then they moved to the KGNC TV station where they voted on the Sweethearts.

Frank Hermesmyer, Jim Robinson, Ted Shaller and Don McAnear had their Lone Star Farmers Degree approved by the Area I checking committee. This is the highest degree offered by the state of Texas. Two per cent of the boys in the state are eligible to receive this award.

Mr. and Mrs. W. B. Ayers spent last Friday in Canyon with their daughter, Mrs. Winnie Wester.

**MOTHER'S DAY VISITORS**

Those to visit Mother's Day in the home of Mrs. H. M. Stewart and with Mrs. Dick Eichelberger were Mr. and Mrs. Neeley Hudson and Mr. and Mrs. Dwayne Hudson and family of Amarillo, Mr. and Mrs. Howard Stewart and Carolyn of Dumas, Mr. and Mrs. Al Dever and Betty, also Mr. and Mrs. Roy Stewart and boys of White Deer, Mr. and Mrs. Nath Helton, Mike and Nancy of Groom.

Mr. and Mrs. Gale Ledbetter and Gary of Amarillo spent Mother's Day in the home of her parents, Mr. and Mrs. O. C. Watson.

Mrs. Phil Engel visited last week with her children in Borger.

**SOIL CONSERVATION DISTRICT NEWS**

This looks like it will be a record year for pond construction in the District. It looks like now about 45 will be built. Among those building ponds are T. C. D'Spain, L. R. Hagy, Ray Moreman, Harrison Ranch, JA Ranch, SJ Ranch, and Forrest Sawyer.

Clarence Reynolds has resigned as District Supervisor because of his duties as county commissioner. Clarence served well while he was in office and we sure hate to see him go.

The terracing program is going very well this year, too. Well over 100 miles of terraces have been built this year, and some are still building.

Those who have built terraces are too numerous to mention, but it is a very important practice, and we say congratulations to those of you who have applied it.

Sagebrush and shinnery are ready to spray. Mesquite is almost ready. If you have some brush you would like to control, contact the Soil Conservation Service office in Clarendon for help in planning your spraying program.

Remember, you must obtain prior approval from the State Department of Agriculture before using any herbicidal type spray.

Forrest Sawyer, C. F. Anderson, James Gould, and Maurice Risley have recently developed Great Plains Conservation Program Contracts on their farms and ranches. This is a good way to get your conservation work done in a minimum of time.

Mr. and Mrs. Herman Cross and Annette had as Mother's Day visitors Mr. and Mrs. E. F. Lemons, Miss Camilla Lemons of Memphis, Mr. and Mrs. M. H. Lemons and Donnie of Amarillo and Mr. and Mrs. C. R. Cross of Clarendon.

**KATHRYN McMURTRY RECEIVES HONORS AT CHRISTIAN COLLEGE**

Miss Kathryn McMurtry, daughter of Mr. and Mrs. J. Alfred McMurtry, has received dual honors at Christian College, junior college for women at Columbia, Mo. In addition to being named to the Dean's Honor Roll for outstanding grades for the second semester's work, she has been elected to membership in Sigma Phi Gamma, language honorary. Membership in Sigma Phi Gamma is limited to those students who have done outstanding work in either Spanish, French, or German and have completed ten hours of work in one of the three.

Presentation of awards was made by Dr. Kenneth Freeman, president of the college, and William C. Bedford, dean of faculty, at a recent honors assembly.

Mr. and Mrs. W. C. Scott had the honor of having all their children home on Mother's Day, except Mrs. Ward Grimsley of El Paso. Present were Mr. and Mrs. Ray Hefner, Mr. and Mrs. John F. Harlan, Mr. and Mrs. Billy Scott, Cheryl and Chet, Mr. and Mrs. Don Barker and Brenda, Chester Scott, all of Amarillo.

**Cub Scout News**

The Comanche District Round Table was held in Wellington Tuesday evening. All Scout and Cub Scout leaders and Den Mothers attended.

The theme for May is Indians. All Dens are studying and making things Indians used in early days. The date has not been set for our monthly pack meeting as yet, but plans are to have it outside. A council fire and Indian camp will be set up by our Webelos troupe. All dens will have a part in the ceremony and show what they made this month.
