College Bulldogs Working Hard

Coach Don Dorman, beginning his first year as coach of the Clarendon Junior College basketball team, is getting his team ready for their opening game of the season which will be against Draughans Business College team of Amarillo and will be played here on Nov. 27.

Most of the boys are rounding into form and, according to the coach, it looks now like the starting line-up may consist of four returning lettermen from last year and one newcomer to the squad. The lettermen slated to start are Kenneth Martindale, Buddy Jones, Billy Wiggins and Ray DeBord, and the other starter will probably be Alvin Scott. None of these boys are very tall, as Scott is the tallest at 6 feet, 2 inches, but they are showing lots of hustle. The outside shooting of Jones, Wiggins and DeBord is looking good and the ball handling of Martindale and the rebounding of Scott makes it look like these five boys may nail down starting jobs. However, some of the other boys are giving them a run for their money and could easily move into the starting team by the time the first game rolls around.

Dee Blevins, a 6-5 sharpshooter from Spearman, will probably make somebody move over at the beginning of the second semester. He has only one more semester of eligibility and has decided to play the second semester instead of the first. Also, Jimmy Zaring, at 6 feet, 6 inches, is coming along well as is Bill Bentley and R. E. Butler.

Coach Dorman is beginning his college coaching career in the same gymnasium where he starred as a player. Many local fans will remember Don as a member of the Bulldog team for three years, beginning in 1951 and finishing in 1954. At that time a person could play three years in junior colleges. Don was selected on the all-conference team his last two years here and many basketball fans in this area will list him among the all-time stars here at the college.

ANNUAL TURKEY SHOOT AT COUNTRY CLUB NOV. 19

The Annual Clarendon Country Club Turkey Shoot will be held Sunday afternoon, November 19 at 1:30 p.m. at the Club trap range.

Prizes for the occasion will be turkeys, hams and bacon. There will be a bracket for everyone desiring to enter. Shells will be available at the range for those who wish to purchase them there. If you enjoy trap shooting be sure to keep the above date in mind.

Former Resident Buried Here Wednesday

Funeral services for Mrs. G. H. Gattis, 77, of Wichita Falls, were held at 10 a.m. Wednesday morning in the Floral Heights Methodist Church in Wichita Falls. Graveside rites were held in Citizens Cemetery here Wednesday afternoon.

Mrs. Gattis, mother of T. H. Gattis of Brice, died Sunday afternoon in a Wichita Falls hospital. She had lived in Wichita Falls for eight years. She was the widow of the Rev. G. H. Gattis, a pioneer Methodist minister of the North Texas and Northwest Texas Conference. She made her home in Clarendon for a number of years several years ago.

Survivors include five sons, W. H. Gattis of Amarillo, T. H. Gattis of Brice, G. H. Gattis Jr. of Klamath Falls, Oregon, Col. R. H. Gattis of Washington, D. C. and John H. Gattis of Roswell, N. M.; a daughter, Mrs. Lorena Knight of Santa Fe; four brothers, E. O. Hutton of Canyon, Dee Hutton of Tucuman, Bayley Hutton of Cisco and Charley Hutton of Rising Star; three sisters, Mrs. Jennie Lee of Rising Star, Mrs. Julia Westerman of Cisco and Miss Naomi Hutton of Rising Star; 18 grandchildren and two great-grandchildren.

SCHOOL CLOSING DATES FOR THANKSGIVING SET

Supt. J. R. Cox announced this week that the local schools would turn out at 2 p.m. Wednesday, Nov. 22nd for the Thanksgiving holidays and resume studies at the regular hour on Monday, November 27.

He stated that in order to get credit for a full day of school on Wednesday, the lunch hour would be shortened to 30 minutes and that Jr. High and High School students would go to the cafeteria 15 minutes earlier than usual on the 22nd. This will allow two periods for the afternoon prior to turning out at 2 p.m.

This early turn-out will allow people who will be traveling away from home for the holidays, to travel quite a distance before the late hours Wednesday night.

PTA SPONSORS FUND RAISING BAKE SALE

The Sims P-TA will sponsor a fund raising bake sale on Wednesday, November 22nd which will be timely for those desiring to purchase baked goods for Thanksgiving.

Tables will be set up at Junior's Food Store and W. E. Clifford Grocery and baked good will be on sale from 10 a.m. to 6 p.m. You are invited to support this worthy cause.

COMMERCIAL HUNTING ON CR LAND

Any land designated as conservation reserve and subsequently used for non-agricultural enterprises (including commercial hunting) shall constitute a violation of the contract.

Hunting on C. R. land shall be considered commercialized when a CR producer signs an agreement which transfers to someone other than the owner or operator the control of trespass on the land under contract.

All CR producers are cautioned to avoid any agreement with hunters which would constitute a violation and result in the forfeiture or repayment of the annual CR payment.

REPORT PERFORMANCE

Each approval issued under the ACP program has a designated date by which the practice is to be completed and designated date by which the report of performance is to be filed in the county office. Be sure to report as soon as the practice is completed and not later than the designated date.

BARLEY PROGRAM SIGN-UP

Producers may now sign applications to participate in the 1962 Barley program until December 1, 1961. To be eligible for price support on barley for 1962, you must divert at least 20 per cent of your barley base. Producers may divert up to 40 per cent of their base or 25 acres, whichever is the larger.

WHEAT STABILIZATION PROGRAM

Information concerning the 1962 Wheat Stabilization Program is available at the county ASCS office. Wheat producers are at the present time filing applications to participate in this new program. Final date to file application is Dec. 1, 1961.

WHEAT BAKING QUALITY DETERMINATION BY THE SEDIMENTATION TEST

The baking quality test is a new provision of the 1962-crop wheat price-support program. Premiums ranging from 3 to 24 cents per bushel will apply under the program for varying qualities of hard red winter, and hard white wheat as measured by the baking quality (sedimentation) test. The objective is to more nearly reflect the value of wheat baking quality in support prices to producers, thus providing more of an incentive for producers to grow wheat with these qualities. The test is based on the known facts that (1) gluten protein absorbs water and swells enormously when treated with lactic acid under certain conditions, and (2) the amount of water absorbed and consequently the extent of swelling depends on the "quality" of the gluten. Good quality gluten (from a bread baking standpoint) absorbs more water and thus swells more than poor quality gluten.

In making the sedimentation test, a specific portion of the wheat is made into a crude white flour, using prescribed equipment and procedures, and then mixed with water and a lactic acid reagent in a glass cylinder. The cylinder is allowed to stand for 5 minutes, and the volume of the sediment in the cylinder is read in milliliters. The volume of the sediment depends largely on the quality of gluten in the wheat and the extent to which the gluten is swollen. Wheats with a sedimentation value of 40 or more are preferred.

Mr. and Mrs. Grover Heath are receiving treatment in Adair Hospital here for shock and bruises received last Friday when their car was in collision with another in Amarillo. Mr. Heath was hospitalized at Amarillo until Saturday and both entered the hospital here Monday.

Everything In Readiness For Registered Bull Sale

Everything is just about ready for the big Rolling Plains registered beef cattle bull sale says W. H. Cooke, III, president of the association. The sales pen is now being set up in the new all heated sales arena and regardless of the weather it will be warm and comfortable for all bull buyers.

Eighty-three head of top registered bulls will go on sale at 12:30 p.m. in Clarendon, Texas December 7 when Auctioneers Walter Britten and Holland Jester start the bulls through the sales arena. H. M. Breedlove, secretary of the association says that the sales catalogs will come off the press around November 20 and anyone wanting a catalog in advance of the sale can write him and one will be mailed out at once.

A large crowd is expected for this sale as the offering of good bulls for the ranchers to look over and buy is the best in the history of the sale. There will be 50 Hereford bulls, 20 Angus bulls and 13 Galloway bulls.

Make your plans now to be in Clarendon on Sale Day and pick the bull that best suits your beef cattle improvement program. The breeders offering bulls for sale are some of the best in the entire Southwest.

Scout Fund Drive Short of Quota

According to Bill Todd, Chairman of the Annual Boy Scout Fund Raising Campaign reported yesterday that the drive was still short of the quota of \$1400 set for Clarendon and is urging all who wish to contribute to this worthy organization, to do so right away so the campaign can be completed as soon as possible.

Anyone who has not been contacted and desires to contribute may mail their donation to Arvis Davis, General Solicitation Chairman. Davis reported a total of \$931 collected to date and is urging all of the workers under his directorship, to turn in their cards by tonight, Thursday.

REBEKAHS TO HAVE PRE-THANKSGIVING DINNER

The Rebekahs will feature a pre-Thanksgiving dinner Tuesday evening November 21 at the lodge hall. Serving will begin at 6 p.m. The charge will be \$1 for adults and 50c for children. The dinner will be open to the public and all who enjoy fine, home-cooked food, are urged to attend.

LOCAL FIRMS TO CLOSE FOR THANKSGIVING

All Clarendon business firms are scheduled to be closed Thursday, November 23rd in observance of Thanksgiving. This is one of the four regular closing dates of the year observed by local merchants. Be sure to purchase your needs prior to next Thursday so no one will be inconvenienced.

COUNTY SCHOOL BOARD MEETING DATE CHANGED

Regular monthly meetings of the Donley County School Board will be held the first Saturday of each month in the future instead of the second Saturday which has been the meeting date in the past. Those anticipating business with the board are urged to keep this meeting change in mind. The next regular meeting of the board will be Saturday, December 2nd in the County Superintendents office.

SERVICES HELD FOR MOTHER OF MRS. ALLARD

Funeral services for Mrs. T. A. Northcutt, 87, pioneer resident of Briscoe County and mother of Mrs. Roy Allard of Clarendon, were held Monday in the First Baptist Church at Silvertown. Mrs. Northcutt died Saturday in an Amarillo hospital. She had been a resident of Silvertown since she was 18 years old.

Sheriff Has Difficulty In Returning Suspect

Sheriff Truett Behrens who motored to Tyler Sunday to return a robbery suspect, had to bring his prisoner in by bus after encountering trouble with one of the new Sheriff's cars.

On the return trip Monday morning, the water pump housing broke on the new six cylinder sheriff's car and the fan was thrown thru the radiator near Greenville. Sheriff Truett Behrens lodged his prisoner in the Greenville jail and waited for parts to come from Dallas and repairs made. Late in the day, the journey home was resumed but the motor failed completely at Sherman, Texas and the remainder of the trip with the prisoner was made by bus, arriving here at 4:30 Tuesday morning.

At the present time, this leaves the department with only one unit. We will go after the other car as soon as it is repaired, Sheriff Behrens stated.

Behrens also reported that new Sheriff's emblems had arrived for the two units and would be placed on the cars when orders are received from the commissioners' court.

HIGHWAY PATROL GIVES TIPS ON WINTER DRIVING

With the indications that fall has changed into winter, it is time for our driving habits to change with it. It is a good idea to follow the Boy Scout motto, "Be Prepared," said Captain J. W. Blackwell, Highway Patrol Supervisor of this area.

Blackwell also listed some tips to help the driver "winterize" his driving.

(1) Frost or ice on bridges means to slow down before you reach the bridge. It is too late to do anything once you are on the slick surface.

(2) Check your exhaust system thoroughly, don't risk carbon-monoxide poisoning.

(3) Be extra careful at railroad crossings with windows up. In a sealed car you cannot hear the train.

(4) Check windshield wipers now. They will be carrying an increasing load from now on.

(5) Clear all fog or any form of precipitation off windows and windshields. Don't just rub a small hole to peep through. Use defrosters to help keep the windshields clear.

(6) Make a definite, conscious attempt to adapt your driving habits to the changing season. Your life may depend on it.

Harvest Halted by Wet Weather; More Moisture Anticipated

DEER SEASON BASIC OPENING ON NOVEMBER 16

The basic deer season on whitetailed deer opens in Texas Nov. 16. They will be legal in approximately 200 counties in Texas at that time.

There are a few scattered counties where there are short seasons. The counties west of the Pecos river, in what is generally termed the "mule deer" country doesn't open until Dec. 1, and closes Dec. 8.

Generally, the whitetailed season will close Dec. 31, although there are a number of counties where earlier closing dates have been set.

According to Howard Dodgen, executive secretary of the Game and Fish Commission, the deer population is heavy this year throughout the state. In a number of counties under regulatory authority, the Commission has authorized the taking of a third or "bonus" deer, in an effort to reduce the herds of does in those areas. The taking of does also will be permitted in many of the counties. Permits for these already have been turned over to landowners, who will be responsible for their harvest.

Definite information on hunting in any area may be obtained from your local game warden.

SCHOOL HEADS ATTEND MEETING AT HEDLEY

Supt. J. R. Cox, and Principals Morris Ledger and Stina Cain attended a local level meeting of NSTA at Hedley Wednesday morning involving school heads from Hall, Donley, Collingsworth, Childress, and Briscoe counties.

The topic for the meeting was "Emphasizing the teaching of Americanism in our Schools" with Mac Bush, principal of the Hedley Schools as chairman.

Supt. J. R. Cox is chairman of District 9 of the Texas State Teachers Association and will be involved in meetings of the above nature over this entire district. Meetings on the local level are held once each month.

COUNTY TAX OFFICE NOTES TAX COLLECTIONS GOOD

A report from the County Tax office Wednesday morning revealed a good percentage of current taxes paid at the present time. In fact, 73.33 percent has been collected in the amount of \$84,399.78 which includes county, state, college and common school tax.

At the present time, 217 poll tax receipts and one exemption have been issued. Next year will be a general election year and everyone is reminded to pay their poll tax as it is not included on your tax statement.

CHURCH LADIES TO HOLD BAKE SALE NOVEMBER 22

Ladies of the Assembly of God Church will hold a bake sale at the Vallance Foodliner on November 22nd. Featured will be pumpkin and mince meat pies, cakes and cookies. The public is invited to take advantage of the baked items that will be offered for sale at this time.

GROUND-BREAKING—L. N. Cox is shown breaking ground Sunday afternoon when members of the First Methodist Church met for ground-breaking ceremonies for the new Methodist Parsonage which is to be constructed at the old site immediately north of the church. John Bass, local contractor, is in charge of the new construction.

TRACTOR SALES CHAMPIONS — Eddie Orsak, left, and Pete Darnell are shown holding a trophy the firm won recently in a Case Tractor selling contest for the Western Division of the Oklahoma City Branch. Orsak and Benny Darnell received the award at Oklahoma City November 7th. Mrs. Orsak was present for the presentation also. During this same contest, Fred L. Hutson of the Naylor Community won a complete farm intercom set-up. He was one of 500 winners throughout the U.S.

Successful businesses, organizations, etc. have a plan of operation or a program of work which contributes greatly to their success.

Farming is a big business and it just makes good sense to have a conservation plan on your place to assure you of getting the most from every acre and using it according to its capability and needs.

By becoming a SCD cooperator you will receive an aerial photograph of your farm and a written plan of the things you want to do.

Soil Conservation personnel will assist you in planning and carrying out practices on your farm or ranch. See them soon if you haven't already done so.

Great Plains Conservation Program

Now is the time to make application for cost share assistance and a complete conservation program for your farm or ranch through the GPCP.

Some of the items cost shared are: grass planting, brush control, erosion control dams, farm ponds, and cross fencing. Cost share rates range from 50 to 80 percent of cost on various practices. Example: grass plant-

ing, 80 per cent, cross fencing, 50 percent.

Producers planning on planting grass and spraying brush next Spring should contact the SCS office now so all the necessary arrangements can be made in advance.

The GPCP is supervised by the Donley County Soil Conservation District and administered by the Soil Conservation Service. See them for details.

Are You An Amichelian?

Although there is some doubt as to who was the first white person to tour Texas, it probably was Alonzo Alvarez de Pineda, the Spanish explorer.

Pineda was sent here by the governor of Jamaica to explore the Gulf Coast. Pineda named all the vast Gulf coast land "Amichel."

So, Texans came mighty close to being called Amichelians, rather than Texans.

A sudden, rapid rise in the barometer can cause a ringing in the ears.

Proper Range Use

Proper Range use is a practice relating to the amount of grass removed by grazing of grassland.

Your grass should be watched closely now till Spring since it has stopped growing. Enough grass to protect the land from wind erosion should be left on the ground at all times.

Sufficient old growth should still be present in the Spring when new growth starts coming out. By leaving plenty of old growth through the Winter soil is protected and extra moisture is collected by catching rain and snow and holding it till it can soak in and provide better moisture conditions for the coming growing season.

A properly used pasture will look uneven and stubble will be various heights.

Why develop a conservation plan? This is a question that frequently arises and here is a good answer that makes sense. All suc-

Thanksgiving Transition The very first Thanksgiving Day was celebrated in Plymouth Colony for quite a simple reason. Colonists and friendly Indians shared that first feast in gratitude for a bountiful harvest after a winter of great hardship. Now, three centuries and forty years later, we are thankful for the growth of our Nation. We are thankful for its great strength which stands as a fortress of protection for free people in a world filled with tyranny and oppression. Let us, as good Americans, express these thanks and rededicate ourselves to preserve and maintain this spirit of freedom. GENERAL TELEPHONE COMPANY OF THE SOUTHWEST

Mr. and Mrs. Marion Garland visited friends at Lubbock last weekend.

It was Veteran's Day, Band Day, and Raiders' Day as Texas Tech turned David Saturday and topped Goliath Boston College 14 to 6 before a sun-bathed crowd in Jones Stadium in Lubbock.

The big brawny Eagles of Boston, drooping in the heat and mild calm weather, were shot down and run over by a hard charging Texas Tech line in this inter-sectional game. The crowd cheered their favorites and generally enjoyed the spectacle of the good little man whipping the good big man.

cannon firing every time the home team scored, and the ringing of the victory bells, and the 1250 musicians performing a

half-time ceremony were highlights of the game as my son, Mike and I spent the week end with my other sons at Lubbock.

Smartly uniformed with plumed hats, they came from Plains, Stinnett, Whiteface, Shallowater Slaton, Andrews, Childress, Afton, Kress, Ropesville, Jayton, New Deal and other outlying areas—21 bands in all—1,250 musicians. When they all massed at halftime they filled the field. Colorful—it was a sight!

The 230-piece Tech Band set a pre-game pattern, romping on in two platoons, with six silver-sequined majorettes strutting in front to a tune of "Hey, Look Me Over."

Marsha Cook from Lamar, Colo.—a rare double-baton twirler—Boston stormed 97 yards on 8 plays to score with only 48 seconds left in the game.

Tech's first touchdown drive went only 39 yards and took five plays. The next drive carried 57 yards on 11 plays.

The Red Raider riding the black horse around the field, and the blonde vision in bright blue, was one of more than 80 majorettes performing.

The 21 units converged and

parted with beautiful precision saluting Veteran's Day. From the stirring Marine hymn, to "Off We Go" for the Air Force, with Anchors Away for Navy, and the Rolling Along Caissons for the Army, they played their hearts out with the bands massed in a USA pattern, the entire crowd of 20,000 stood and sang, "God Bless America."

Prof. D. O. Wiley, beloved director of Tech Band for many years, came out of retirement Saturday to direct the 21 area massed bands and a group of 1500 members of Tech's alma mater with a giant double-T formation in the center of the field.

The ROTC smartly clad boys from the air base bearing the flag and standing guard by the cannon, one felt the ever-present pride in America. I was sitting with my sons in the student section and all 1500 of them rose and sang the "Star Spangled Banner" at the beginning of the game.

Don't try to tell me anything bad about young Americans! Don't try to tell me patriotism is lagging! This young generation is the finest — the truest blue America has ever produced.

 Be It Ordained by the Board of Commissioners of the City of Clarendon:
SECTION 1. Every owner, occupant, tenant, or lessee of real property shall provide a container or containers for garbage and rubbish of not less than five (5) nor more than thirty-two (32) gallons capacity, constructed of metal, with a tight-fitting metal lid. The lids or covers of all containers shall at all times be kept secure and fastened so that cats, dogs, rodents, flies, and other insects may not have access to the contents thereof, and said lids shall be removed only while containers and receptacles are being filled or emptied as the case may be.
SECTION 2. Any person, firm, or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not to exceed \$100.00 for each offense and each day's continuance of failure to comply with this ordinance shall constitute a separate and distinct offense.
SECTION 3. All ordinances or parts of ordinances insofar as conflicting herewith are hereby repealed.
SECTION 4. The effective date of this ordinance shall be June 1, A. D. 1962.
SECTION 5. The fact that unsanitary conditions now exist within the corporate limits of the City of Clarendon by virtue of insufficient and inadequate containers for garbage and rubbish, and the fact that cats, dogs, ro-

dent, flies, and other insects have access to the contents thereof which further causes unsanitary and unsightly conditions to exist, and the fact that it is necessary to alleviate such conditions within a proper time by giving adequate notice of the effective date of this ordinance, creates an emergency for the immediate enactment of this ordinance; therefore this ordinance shall take effect at once on its first reading, approval and publication, and it is so ordained as in the Charter as such cases made and provided.

SOCIAL SECURITY DESIGNED TO MEET BOTH NEEDS OF FARM & CITY
 FARM-CITY WEEK, November 17-23, is a Nationwide observance calling attention to the common needs of farm and city people. In keeping with the observance, Hal Geldon, district manager of the Amarillo social security office, pointed out today that social security is designed to meet the needs of both farm and city people.
 "It wasn't always this way," Geldon said. "In the beginning, only industrial and commercial workers were covered by the program. Later, self-employed people's earnings started counting toward social security. At the same time, some farm employees were also covered. In 1955, self-employed farmers were covered for the first time. Now, the program is the same for farm and non-farm people."
 Geldon went on to say that "this year additional changes

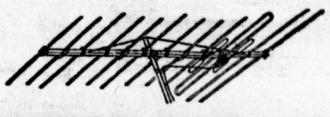

were made in the social security law, and it is now better than ever. Under the new law, both farm and city people will be a little more secure, a little safer from want because of the retirement, death, or disability of the breadwinner. Paying the cost of this program by contributions from their earnings, employees, and their employers, and self-employed persons take care of tomorrow's worries today."

For 1962...an all-new kind of Ford!

the car that's just right for just about everybody
 right size... right price...

You've never seen anything like it, because there's never been anything like it... until today. On the outside the new Ford Fairlane 500 measures a quick 197 inches from stem to stern. A good foot shorter than the cars from which it borrowed its name, it calls the snuggest parking places home. At the same time, on the inside the new Fairlane 500 is every inch as big as some of the biggest Fords ever built.

The new Fairlane 500 is priced way under previous Fairlanes, well under many compacts. But Fairlane economy doesn't stop with a pretty price tag. It runs to amazing gas savings—with the world's first economy V-8 or the nickel-nursing Fairlane Six. Routine service is reduced to a minimum—30,000 miles on many items, only twice a year or 6,000 miles on the rest. And it adjusts its own brakes.

RIGHT! Big-car room, ride, performance.
RIGHT! Compact-car price, economy, handling.
RIGHT! Only car anywhere near its price with the twice-a-year maintenance schedule first introduced by Galaxie.
RIGHT! Unique economy choice: the world's first economy V-8 or the delightfully thrifty Fairlane Six.

RIGHT! Fine-car upholstery, appointments, luxuries.
RIGHT! The built-in value that pays off in pleasure now—and in profit when it comes time to trade.
RIGHT! Quality and precision craftsmanship you've never before enjoyed in any car anywhere near its low price.

“Mr. Meant-To has a comrade, And his name is Didn't-Do; Have you ever chanced to meet them?
Have they ever called on you? These two fellows live together in the house called Never-Win, And I'm told that it is haunted With the ghost of Might-Have-Been.”

We knew a lady once who was always ready to admit that she had a habit of doing wrong. But she maintained that in every case her intentions were good.

On the other extreme we remember a good friend who took the stand that the road to Hell was paved with good intentions. He put no stock in the thought unless it was carried out with

the proper actions. Each time we feel inclined to make excuses we always think of these two opposite views.

—One type is always planning for the big and wonderful things that they intend to do tomorrow or next year, but never do anything about the little things that need to be done today. Usually by the time the big things in the future catch up with them they have become small and unimportant.

It does us good now and then to look at the extremes; not that we want to be like them, but just for guideposts. Something like the big ships coming into the harbor. It is always necessary that they watch out for the markings that mean the shallow water or the rocks. We can do the same with bad examples.

Jury Service is one job which none of us should ever try to avoid. But, most of us do try to find a good excuse for not serving when we are chosen. A trial by jury is one of the basic rights in our American way of life. If we should let this right slip away by default we would have slipped far in the direction of slavery.

It may seem like a thankless chore but future generations could never thank us if we should fail to keep this basic right in our society. The man who doesn't want to take the time to serve is usually the one who would make the best juror. If there should be anyone wanting the job either for the day or any other personal reason then this person would not be a good choice from the standpoint of fairness.

The job may seem unimportant but not so. It ranks right up along with the judge in assuring a fair trial. It is so important that good men serve for another reason. The latter being that through no fault of our own we could suddenly find ourselves needing 12 honest people to decide our case. The judge may preside, guide, and interpret the law, but those on the jury must decide the guilt or innocence of the person involved.

A trial by jury instead of by a party appointed strong man to act on our case is one of the things which makes our country a Heaven compared to many other places in the world. The right to vote and to hold office as we see fit are some more things which the communists cannot afford to offer. They can never win unless we become careless and lose these things which have made our country great.

Quotes and Misquotes:

A man looking for trouble doesn't have to be too wide awake.

The success of our nation could be summed up in the last two syllables of Amer-I-Can.

A grouch never seems to go where we want him to until after he dies.

It is said that the only time it is absolutely safe to open our mouth is when one yawns.

Just this bit of advice; take it, don't give it.

Most folks who act foolish are not acting.

If everyone in the world seems to be down on us, likely as not we should try getting up.

Arabian Proverb — He who knows not that he knows not is a fool. He who knows not, and knows that he knows not, is a child — teach him.

No living thing is born afraid, they only become that way after living awhile with their elders.

Poverty makes a man acquainted with strange bed-fellows, with riches one can get invited to their parties.

A lot of folks grow old too soon trying to act young too late.

Our size can keep us from having trouble with men; our looks can save one from having trouble with women.

Folks seem to fare better if they get married while they are young and foolish, rather than waiting until they are old and foolish.

All things come to him who waits, but here's a rule that's slicker. The man who goes for what he wants will get it all the quicker.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

Fallout Shelters

The subject of fallout shelters seems to be one of the major topics of the day, generated by two sources. One is the fear of the damage that would be done to the human body by radioactive fallout from the explosion of a nuclear bomb. The other is the concerted advertising campaign which has been put on by enterprising operators who are making good use of scare tactics to sell their product to the public. The general fear gripping the human race everywhere with relation to the dangers involved creates a fertile field for scoundrels, tricksters, and mountebanks to ply their trade. Hence, it would be well for all those anticipating building a bomb shelter, whether for blast or fallout, to be sure that the proposed contractor has the skill and abilities which he advertises. Radio, television, and the press are being widely used in many areas of this country, especially the metropolitan areas, to sell these shelters at prices ranging from as little as \$150 to as much as \$15,000 for the luxury type.

The mail has brought in many requests for plans and specifications for a fallout shelter. Such a document was printed in June of 1959 by the Office of Civil and Defense Mobilization, commonly known as the OCDM, and may be obtained through the U. S. Government Printing Office for the price of ten cents. The demand was so great that the document had to be reprinted in November of 1960.

It contains some very pertinent information with regard to the construction of a fallout shelter and also suggestions as to equipment, medical publications, and other matters of interest and importance. It sums up in five steps what every American should learn for protection. These are (1) attack warning signals and what they mean; (2) your community plan for emergency action; (3) protection from radioactive fallout; (4) first aid and home emergency preparedness; and (5) the use of CONELRAD — 640 or 1240 on AM radio—for official directions.

This question of fallout shelters and civil defense generally brought forth a report from the Committee on Government Operations of the Congress. In this publication several pages were devoted to comments on the Soviet civil defense program. These are rather interesting, in view of the remarks allegedly made by Mrs. Khrushchev to one of the "Marchers for Peace" who purportedly walked from San Francisco to Moscow. As reported in the newspapers, Mrs. Khrushchev indicated to one of the marchers that bomb shelters were not being built in Russia and

no general stepped-up civil defense program was being pushed. These statements, however, are in contradiction to the evidence brought before the Committee on Government Operations. At those hearings evidence was produced that Khrushchev had boasted of 22 million fully trained persons serving in civil defense and that the organization was being expanded. This would mean that about ten percent of the Soviet people were a part of the civil defense operation. It was estimated at those hearings that the budget of the Soviet civil defense activities would range between \$500 million and \$1.5 billion. It was also estimated that the Soviet Union had spent approximately \$3 billion in the last decade on civil defense activities. It might be pointed out that the Russians in Moscow have a built-in shelter and have had the same for some time. I refer to the subway, underground, or metropole as it is called in Russia. This subway is 43 to 45 miles long and approximately 100 feet deep. Plans are in the making to expand this operation by some 35 miles. Several years ago I was told by Russian officials that the subway was so arranged throughout the city that it was available to substantially all of the people of Moscow within a time period of approximately 15 to 20 minutes. In other words, they were pointing out to me that any Russian desiring to move from one part of the city to another could avail himself of this public transportation in a few short minutes. I would also point out that this subway is probably the cleanest thing in Russia. It is maintained in a spotless fashion and all of the stations are constructed of marble from one of the Soviet republics. It is entered in most instances by escalators in banks of approximately six to twelve. Whether or not the Soviet government had in mind the use of these stations as fallout shelters in the event of war, they may deny; but I can assure you that a better shelter could not have been

built for this specific purpose. Hence, the words of Mrs. Khrushchev did not impress me.

There are many other things pointed out in the report about the Soviet system. However, our major concern should be our own welfare. The problem should be approached on a sound and practical basis. It should not be a vehicle through which unscrupulous individuals or organizations could prey upon a fearful public. Neither should it be the basis of creating an overstaffed government department for political hacks.

Rev. Stribling Guest Speaker at Pathfinder Club Meeting

Rev. Baldwin Stribling, pastor of First Presbyterian Church, was guest speaker at a meeting of Pathfinder Club held at Patching Club House Friday afternoon, November 10. His subject was "Communism and Christianity" and was most interesting.

Rev. Stribling gave something of the history of communism and stressed the importance of understanding the differences between Communism and Christianity.

Following the program a business session was held, presided over by the president, Mrs. Heckle Stark. After the usual order of business, rules and regulations governing the use of the Club House were read.

Attending were the hostesses, Mrs. Lee Holland and Mrs. J. R. Cox, and Mesdames C. E. Bairfield, H. T. Burton, L. N. Cox, Joe Goldston, Wm. S. Greene, Morris Ledger, Geneva Lowe, C. B. Morris, J. V. Patterson, Dick Shelton, Heckle Stark, John Bass, Frank Pheasant, Jr., and Miss Mable Mongole.

At the close of the business session, Mrs. Stark declared the meeting adjourned. Rep.

Kil Kare Klub Meets In Hefner Home

The Kil Kare Klub was delightfully entertained with a sack lunch in the home of Mrs. A. O. Hefner Thursday, November 9. Co-hostesses were Mrs. Hefner, Mrs. Major Hudson, and Mrs. Frank Whitlock.

Arrangements of orchid, white, and bronze chrysanthemums, also potted plants decorated the entertaining rooms.

The buffet table was laid with a lace cloth over pink and napkins in the Thanksgiving motif. Accenting the table were two "Lazy Susans" filled with dips, pickles, celery sticks, carrot curls, potato chips, cookies, and mints. A variety of sandwiches were served. Mrs. Major Hudson poured hot fruit punch from a gold trimmed server.

Following the meal visiting and hand work was enjoyed.

The annual Christmas dinner will be held at our next meeting date, December 14, and will be in the home of Mrs. John Bass.

Attending were Mesdames Homer Mulkey, Harry Brumley, Frank White, Sr., S. W. Lowe, J. R. Bartlett, John Bass, G. C. Heath, Miss Etta Harned, one guest, Mrs. Whitlock of Shreveport, and the hostesses, Mesdames Hefner, Hudson, and Whitlock. Rep.

Mary Martha Class of First Baptist Church Met Tuesday Nov. 7

The Mary Martha Sunday school class of First Baptist Church, Clarendon, met Nov. 7 in the home of Mrs. A. H. Moore for its monthly meeting with Mrs. James Smith presiding. Meeting opened with class song "Wherever He Leads I'll Go," led by Mrs. Grace Leathers. Mrs. Loyd Greene had prepared little booklets for each to name our blessings. After each had written the most items they were thankful for, the song "Count Your Blessings" was sung by the group.

Mrs. Greene gave a very inspiring devotional from Deut. 8:11-20 on Blessings. Group captain, Mrs. Lora Ragan gave a good report. Mrs. A. H. Moore read the reports of group captains absent, Mrs. Lillie Knox and Mrs. G. C. Heath.

Miss Mona Churchman, benevolence chairman, also gave reports of the year. Old business was taken care of. The new business was to buy curtain material for class. Motion carried that Mona and Lena get the material and Cecilia make it. The meeting closed with prayer by Mrs. D. M. Cook.

Tasty refreshments were served to Mesdames J. D. Wood, W. C. Ragan, D. E. Leathers, J. B. Smith, D. M. Cook, Loyd Greene, Miss Mona Churchman, and the hostess, Mrs. A. H. Moore. Rep.

DELTA KAPPA GAMMA MEET HELD IN MEMPHIS

Members of Delta Kappa Gamma, society for women teachers, met Saturday morning at 10 a.m. in the Travis School Cafeteria, Memphis, Texas. The meeting was conducted in the form of a seminar in miniature. After a short business session, members were divided into six groups and group discussions were held.

Members reassembled in the Cafeteria for lunch and reporters from each group gave a report for her group.

Brunetta Morris gave the invocation preceding the meal. Attending from Clarendon were

Lucile Naylor, Hazel Brandon, and Edgar Mae Mongole. Rep.

MU GAMMA CHAPTER OF BETA SIGMA PHI MET NOV. 9

Mu Gamma Chapter of Beta Sigma Phi met in the home of Jean Davis, Thursday, Nov. 9. In the absence of Lea Tyler, president, Hazel Guy, vice president, called the meeting to order. Quinn Draper led in the opening ritual. Communication from International office was read and four members were granted leave of absence. The Ways and Means committee reported almost enough proceeds from the rummage sales to pay for the college scholarship.

Quinn Draper brought a very interesting program entitled, "The History and Art of Dress." Eight members, five pledges, and one visitor were present.

Some 32 members and one guest enjoyed a Halloween party at the Country Club on Tuesday night, Oct. 31. A delicious supper was served buffet style after which Dick Kennedy, judge for the evening, awarded prizes for the best costumes. Frankie Henson and Chauncy Hommel were the winners. Games of 42 and dancing was the entertainment until a late hour. Rep.

JR. H. D. CLUB HOLDS THURSDAY MEETING

Mable Elmore and Clarice Choate were hostesses when the Junior Home Demonstration Club met at Patching Club House Thursday afternoon, November 9. Cleo Crutchfield presided over the business meeting. Discussion centered around the question "How To Raise Money?" and members voted to contribute a penny for each day of sunshine.

A very interesting program was presented by Leona Henson. Her subject was "Gift Wrapping" and she gave many new ideas for tying bows and making packages attractive.

Present were Cleo Crutchfield, Nora Decker, Leona Henson, Hazel Noble, Eddith Spivey, Wilma Spier, Ona Tatum, Cula Jo Trout, Mildred McClellan, Dollie Wilson, Mable Elmore and Clarice Choate. Rep.

ASHTOLA COMMUNITY CENTER NEWS

The Ashtola Center Chili supper was well attended Friday evening with about 80 people present from the community, as well as from Hedley, Lelia Lake, Clarendon, Midway, Martin, and Amarillo. The chili was delicious. Hats off to Flip Breedlove—the best chili cook in the county!

Mr. Ray Noblitt of Amarillo made a most informative talk on Boys Ranch, and showed a movie of life on the ranch. Those who were not present missed an entertaining and inspirational evening, for it was not possible to leave such a program without feeling more interest and concern for these boys who have no homes, other than Boys' Ranch. We are indebted to Mr. and Mrs. Noblitt for being with us and telling us of the problems and needs, as well as the love and goodness that exists at the Ranch. We are grateful for the assistance of Mr. Sherman Harriman in making the program possible.

Mr. and Mrs. Noblitt are devoting all their time to activities such as this to promote Boys' Ranch, and any community who would like to see the film and hear the story of the ranch should contact Mr. Ray Noblitt, Box 1890, Amarillo, Texas. He will be happy to make arrangements for the program. As the Christmas season approaches, it would be wonderful if more of us would give a "shirttail to hang to" to the boys at Boys' Ranch. One boy can be fed and clothed for only \$8.00 per week. Several people gave checks to Mr. Noblitt Friday night, and we are hoping others will do the same before Christmas.

Friends and neighbors of Mr. George Gresham, who is a member of our Community Center and who had a heart attack recently, got together last week and harvested his feed crop. Both the Ashtola and Martin communities were represented. Those who helped included Raymond Farr, Clarence Reynolds, Dub Smith, Ollie Thompson, L. A. Watson, Pete Land, and others from Martin. Raymond Waldrop, Bobbie Cole, Warren Hardin, Van Knox

from the Ashtola Community cut the feed while Mrs. Gresham, W. D. Higgins, Bill Hardin, C. E. Jackson, Gus Haven, and Mrs. Van Knox hauled. Rep.

GOOD NEIGHBORS MET ON FRIDAY

On Friday, November 10, the Good Neighbors met with Nova Barker in an all day meeting. One quilt was quilted. Leona Scott and Blanche Gray spent the day as our guests. Viola Graham and Carl Barker were dinner guests.

Members present were Bennie Crabtree, Emma Davis, Eula Butler, Lida Warren, Bessie Helton, Carrah Mixon, Rosa Bingham, Alta Spradlin, Florence Harp, and Nova Barker. Nova Barker received a pollyanna.

The next meeting will be with Rosa Bingham, November 24, when we will have another all day meeting. Rep.

GOLDSTON QUILTING CLUB

The Club met with Joy Robertson Thursday, Nov. 9 for an all day meeting. A covered dish luncheon was enjoyed by one visitor Lucy Watters, and members, Maudie James, Johnny Bryson, Nora Smith, Oddie Moss, Carrie Morgan, Bonnie Davis, Blanche Gray, and the hostess, Joy Robertson. One quilt was completed.

Since Thanksgiving day comes on our regular quilting day it was decided to meet next week, Nov. 18 with Blanche Gray as hostess. Rep.

CHAMBERLAIN COMMUNITY THANKSGIVING SUPPER

Don't forget our Thanksgiving supper this Friday night, Nov. 17. Everyone come and bring a full basket. There will be a musical program by the Hill Billy band of Pampa. Hostesses will be Mrs. A. C. Carter, Mrs. Donald Ballew, Mrs. Dick Dingler and Mrs. Alford Ivey. Supper will start at 7. Rep.

BULLETIN ON HOME GREENHOUSES RELEASED

Many home gardeners in Texas are becoming more interested in extending their activities to include greenhouse gardening. In response to many requests for information on the construction of small greenhouses, the Texas Agricultural Extension Service has released a publication which presents the fundamentals of greenhouse construction and gardening and the possible variations in construction, materials and operations.

Today, prefabricated greenhouses are readily and economically available. When all factors are considered, they are cheaper and easier to erect and more satisfactory than those constructed with locally available materials and labor. The main consideration facing the home gardener about to build a greenhouse is the choice of location, size and type of structure to build.

Once the greenhouse is constructed, the owner must then prepare the inside. Benches must be constructed, work areas prepared and heating, lighting and watering systems installed. Information on all of these problems is contained in the extension publication.

In addition to construction information, the publication contains a guide for growing plants in the greenhouse. There is also a section on insect and disease control.

Anyone desiring a copy of this publication may obtain one from their local county agent. Ask for a copy of MP-519, "Greenhouses for Texas Gardeners."

**GAME WARDENS TAKE 152
WITH NO LICENSES**

Despite constant reminders to buy fishing licenses, game wardens were kept busy during September writing tickets to persons who ignored the law.

Wardens apprehended 152 hunters and fishermen without licenses, among the total of 351 violators arrested for the month, according to J. B. Phillips, coordinator of law enforcement.

Persons arrested for hunting during closed season totaled 31. An additional 17 hunters were charged

for taking quail during a closed season. Automobile hunters accounted for 26 arrests, 13 arrests were for hunting at night, and 13 more were for unplugged shotguns.

The 351 violators paid fines and costs totaling \$9,403.

NOTE: Don't forget to buy your Federal migratory bird stamp, for \$3 at your local post office, before going duck or goose hunting.

What happened to the million tourists who did not come to Texas this year?

That question faces a Statewide conference of "Texans for Tourists" called for November 28 in Austin, by Gov. Price Daniel.

Since 1957, the number of tourists coming to Texas has steadily declined. Governor Daniel always has felt that Texas should match the advertising programs of other states.

Nationally, tourist is the third largest industry. In Texas, it ranks 13th.

Texas voters amended the constitution in 1958 to allow state money to be spent to attract tourists. But two sessions of the Legislature have declined to appropriate the money.

Charged with responsibility of promoting tourism in Texas is the State Highway Department.

The upcoming all-day session is designed to build grassroots support for legislation to finance a program of advertising.

Safe Highways
An increase in highway fatalities this year, after a 26 per cent decline in past years, disturbs the state's chief policeman, Col. Homer Garrison Jr. of the Department of Public Safety.

Present statistics indicate the number of deaths in 1961 will be 20 to 25 more than the 2,254 of 1960. So Colonel Garrison has sent out word for his men to redouble their efforts to remove the unsafe and reckless drivers from the highways.

Program includes more use of radar equipment to check speeds, especially the new type which requires only one highway patrolman per car. It also includes more stopping of drivers to make sure they hold drivers licenses.

Tougher enforcement policy will be followed by Governor Daniel's annual Christmas traffic safety drive starting with Safety Sunday — December 10. Governor Daniel urged pastors to remind their members of their personal and moral obligation to drive carefully.

Camping Out
More and more people are using the state park system for overnight camping.

Bill M. Collins, executive director of the State Parks Board, reported that 398,419 persons registered for overnight camp facilities in Texas parks during the fiscal year which ended August 31. This is far above the 297,418 of the previous year.

Attracting the greatest num-

ber were the rugged canyons of Garner State Park. Gain there was 70 per cent, or an increase to 138,951 from 99,731, during 1961. Palo Duro Canyon and Huntsville State Parks also showed substantial gains in campers.

More Tax Laws?
City officials had their annual meeting, and heard Governor Daniel give support to their main thesis — that cities need new sources of revenue if they are to handle the growing problems caused by Texans moving to town.

Most likely avenue is the movement to have the state abandon the property tax, so it can be used exclusively for city and school purposes. The State and Local Tax Study Commission created by the Legislature in 1959 is specifically directed to report on this possibility.

Speaker James A. Turman filled two vacancies on that study group. He named Reps. Charles L. Sandahl of Austin and Charles N. Wilson of Trinity to work with senators and citizens who have been named to it by Governor Daniel and former Lieut. Gov. Ben Ramsey.

In addition to reporting on the idea of state abandonment of the ad valorem tax, now bringing in about \$40,000,000 a year, the commission will report on whether other new tax sources should be granted to cities which need them.

Most startling tax news came from James McGrew, research director for the Texas Research League. He said it is a very close question whether the new sales tax will produce enough state revenue in the two years starting September 1, 1963, to keep the state's books in the black. The big factor — steady and heavy growth of public schools and colleges.

High Head Count
Enrollments in the 19 colleges and universities operated by the state government rose sharply this year — about 11 per cent.

Total head count at the 19 schools this fall was 100,982. This compares with 91,960 a year ago and 52,568 only 10 years ago.

Addition of the University of Houston to the list of state-supported colleges in 1963 will give the state school total a big jump. Its 11,860 enrollment this fall makes it the second largest in the state, second only to the University of Texas' 20,396.

Texas Tech at Lubbock has become the third largest with 10,212 enrolled.

Colleges and universities which are not state-supported showed a smaller gain than the state schools — from 59,036 to 60,924. One factor in the change was the move of Midwestern University at Wichita Falls into the state-supported group.

Fastest-growing college is Arlington State. It had 1,318 students 10 years ago and now has 8,318 to rank it fifth largest. Right behind is Texas A & M, which has 8,835 students this fall.

ADVANCED THRUST

FLATTENS THE FLOOR, BEEFS UP THE GO. Good reason for these advances in the Buick LeSabre is Advanced Thrust. The big Wildcat engine has moved forward (like the tip of an arrow). What happens! You get more "git." Steering is smoother. Tracking is arrow-straight. And the front floor hump all but wilts away. Clincher for seeing a Buick Dealer now? HEDLEY NEWS
Mabel Bridges

The Exes of Hedley are planning for the annual Ex-Senior Banquet on the 25th of November which is the following Saturday evening after Thanksgiving at Hedley High School at 8 o'clock. This year the banquet will be for ex-students along with the ex-seniors.

A program filled with good entertainment is under way which will be a highlight of the evening. The senior class of 61-62 has promised a good meal. We would appreciate a note from any ex-student of Hedley school who is planning to attend. If you have ex-students, why not drop a line and tell them it's Ex-Student Banquet time at Hedley School, Nov. 25 at 8 p.m.

chemicals. A few of them: Cellophane, plastics, insulation, lacquers, photograph film, shotgun shells, fabrics for clothing, furniture, boxes and cartons. It's analogous to the old saying that packers use all of the pig but the squeal. The tree that once was part of a forest serves us every day in an almost incredible variety of ways. And we're going to keep on having forests, due to modern "sustained yield" logging methods, based on the tree farm idea, where new growth equals or exceeds the cut. So this country's supply of wood and its 4,000 by-products is assured. And that's a matter of top importance. For wood, despite the development of competitive products, holds its pre-eminent place in our lives, because of its attractiveness, durability, adaptability and economy.

NEWEST ENTRY IN THE LOW PRICE FIELD THE NEW LEAN BREED OF DODGE

You're looking at a full-size '62 Dodge that will out-scat, out-save just about anything running on gasoline. And it's priced down the line with Ford and Chevrolet. Dodge Dart! An Action-Economy car that will accelerate 7% quicker than last year's comparable model and do it on 5% less gas. You've never driven anything like it! Handles neat and easy. Rides level and smooth on torsion-bar suspension. The brakes adjust themselves. The body is rust-

proofed. You go 32,000 miles between grease jobs. Why not come in and drive the new lean breed of Dodge?

HERE'S HOW DODGE PRICES STACK UP AGAINST THE LOWEST PRICE MODELS OF OTHER FULL-SIZE CARS

DODGE DART	\$2315 ⁴⁰
CHEVY BISCAYNE	\$2324 ⁰⁰
FORD GALAXIE	\$2453 ⁰⁰

Comparison based on manufacturer's suggested retail price of lowest priced full-size model including heater-defroster. Only white-walls, wheel covers and other optional equipment, state and local taxes, if any, and destination charge are extra.

High School Basketball Teams Getting Ready

Coch J. R. Williams, beginning his third year as coach of both the boys and girls basketball teams in Clarendon High School, is working the teams hard in preparation for their first games. The girls will go to Canyon next Tuesday night, Nov. 21st, for A and B games with the Canyon teams, and both the boys and girls will take on Quil at Quil on Friday night, Nov. 24. The first home games will be with Estlake on Dec. 1.

The probable starters for the

girls will be Paula Adams, Judy Castner and Dorothy Richey at forwards and Peggy Jackson, Molly Floyd and either Janet Rampey or Janie Ivey at guards. Miss Adams has been, not only a starter, but a star player for the girls the past three years and has been selected on the all-district team the past two years. Miss Jackson was also an all-district selection last year and has been a regular the past two years. Both Adams and Jackson are seniors as is Judy Castner. Judy attended school at Hedley last year along with Molly Floyd. Miss Floyd is a junior, Janie Ivey, a junior, and Dorothy Richey and Janet Rampey are both freshmen.

Finch, Timmy Ray, Dennis Stewart, Lester Welch and Ronnie Woods.

Coach Williams, although certainly not the type of coach to be optimistic, feels that his girls will be as strong or a little stronger than his district championship team last year while the boys will be a little weaker than last year's second place finish.

Born to Mr. and Mrs. James Stone of Arlington, Texas, on November 13th, a 7 lb. 14 oz. boy. Mother and son reported doing nicely. Grandparents are Mr. and Mrs. Marshall Stone of Hedley and Mr. and Mrs. J. A. Warren of Clarendon.

LELIA LAKE LIONS CLUB NEWS

The Lelia Lake Lions Club held a special meeting on Thursday, Oct. 26, to give Don Davis a going away party. Davis has been called by the Navy to serve 12 months active duty. He has been a member of the Club for about 18 months.

After a supper of turkey and dressing, the group played dominoes. The club gave Davis a new pair of boots.

Mr. and Mrs. Harrison Simpson of Manhattan, Ill. visited his parents Mr. and Mrs. A. W. Simpson last week.

LOCALS ATTEND CONCERT

Several Clarendon people were in Pampa Thursday evening, November 9, to attend the Berl Senofsky concert sponsored by the Community Concert Association. Senofsky, violinist, was accompanied by Albert Hirsh, pianist. The program featured selections from such famous composers as Kreisler, Schubert, Friedberg, Beethoven, Mozart, and others.

Attending were Mrs. C. G. Stricklin, Mrs. Carroll Knorpp, Misses Edgar Mae and Mable Mongole, and Inez Blankenship.

Birds sing most before a storm, possibly due to a drop in atmospheric pressure.

KIN OF LOCAL PEOPLE DIES IN ILLINOIS

Relatives received word Friday of the death of Mrs. C. B. Corder, a resident of Waukegan, Ill. Mrs. Corder, who was 95 years old, died that day and burial was Monday, November 12, at Zion, Ill. She is survived by several nieces and nephews among them, Mrs. Edith Longan, Mrs. J. C. Estlick, and Tom Corder.

Visitors in the J. A. Warren home Monday were their daughters, Mrs. Wayne Tiller and Mrs. Tommy Mandril and niece, Mrs. Doris Burke, all of Amarillo.

Quality Job Printing At The Leader— "Anything from a Card to a Catalogue"

Mr. and Mrs. R. O. Thomas visited Thursday with her sister, Mrs. B. J. Morton, at Floydada. Mrs. Morton has been sick but is reported improved at this time.

CARDS OF THANKS

Because I have not seen all of you, I want to take this means of thanking all the good people who helped to gather my grain. May each of you have just such good neighbors. Thank you again.

Other letter winners back from last year are Brendy McAnear, Sharon Williams and Connie Martin. Other girls who are working for spots on the traveling squad are Patricia Banister, Ann Mills, Willa Rampey and Jan Weatherly.

The boys, who have only been working out since the close of football season, are coming along as well as could be expected at this time. Coach Williams has five returning lettermen back from last year's team and those five will probably be the starters. They are James Allen, 6-2, and Billy Spier, 6-3, seniors; and John Cearley, 5-11, Dwight McAnear, 5-11 and Jerry Elmore, 5-8, all juniors. First line reserves will probably be Herman Vinson, 6-4 senior, Bill Stavenhagna, 5-7 senior, Orville Bennett, 6-0, senior and Bobby Lewis, 5-8 junior. Vinson was on the varsity squad last year, Stavenhagna was on the B team and Lewis and Bennett did not play. Other boys fighting for places on the A squad include Teddy Graham, Steve Shelton and Danny Ray.

Boys out for the B team include Truman Richey, Rod Stone, John Grady, Jack Robinson, Buster Branum, Glenn Judd, Jim Formway, Bobby Cain, Gary Gambell, Richard Dickson, Roger
