**TEXAS MASONS LEVEL CORNERSTONE FOR SCHOOL CHAPEL**

Among state officers of the Grand Lodge of Texas, A. F. & A. M., who participated in the levelling of the cornerstone for a new chapel building being erected on the campus of Masonic Home and School of Texas, located in Fort Worth, were: left to right, Randall E. Briscoe, deputy grand master, Houston; John T. Bean, grand senior warden, El Paso; John G. Kemmerer, grand master, Fort Worth. The cornerstone was leveled on November 29.

**Darrouzett Trips High School Teams**

The Clarendon High School basketball team lost their first game of the season here last Friday night as the strong Class B Darrouzett teams scored a double win. The visiting girls turned back the local girls in a 52 to 50 thriller and the Darrouzett boys showed unexpected speed and shooting accuracy as they defeated the Bronchos 52 to 45. The girls' game was a thriller all the way. The visitors took a quick lead and were never behind although the Bronchoettes tied the game on two occasions at 41-all and again at 48-all. Darrouzett was leading 16 to 7 at the end of the first quarter and held a 29 to 22 lead at the half. The Bronchoettes closed the gap in the third quarter and trailed 41 to 39 at the end of the period and the fourth quarter was nip-and-tuck all the way. Joan Bennett and Paula Adams each scored 23 points for Clarendon and Peggy Whittaker scored 22 for the visitors. Charlene White and Ann Slavin also made two points each for the Bronchoettes. Pat Owens and Beth Lamberth played good games at guard.

The boys game was a ragged affair on the part of the Bronchos as they repeatedly lost the ball on bad passes, fumbles, etc. The visiting Longhorns jumped into a quick lead and were in front all the way although the Bronchos cut their lead to three points late in the fourth quarter. The Longhorns were in front 11 to 10 at the first quarter and increased their lead to 32 to 25 at the half and still maintained a seven point 40 to 33 lead at the end of the third period. The Bronchos were closing the gap in the fourth period when three of their regulars, John Morrow, Jimmy Johnson and Melvin Housden all left the game with five personal fouls. Morrow paced the scoring for the Bronchos with 13 points followed by Johnson with 10, Keith Scollenberger and Melvin Housden with seven each, W. N. Elam with six and Kenneth Housden with two. J. W. Perkins, Darrouzett center, was high point man for the game with 19 points.

**LIVESTOCK MEETING WELL ATTENDED HERE**

Seventy-five farmers and ranchers attended the meeting at the court house December 4th in Clarendon, to get first hand information on leptospirosis in livestock.

H. M. Breedlove, county agent in charge of the meeting, said that Dr. C. E. Deyhle, local veterinarian, made a wonderful talk and discussed the disease from all angles. Vaccination of livestock exposed to the disease or even in doubt should be vaccinated for prevention.

GIVE THE LEADER FOR CHRISTMAS. Local Rate—\$3.00 Per Year

**Jr. High Cagers In Double Win**

The Junior High Colts and Fillies won their basketball games over the Lakeview boys and girls in tilts here Monday night, December 8. The girls racked up a score of 23-20 with the boys winning by a score of 39-14. The Fillies will play Shamrock in the Alanreed Tourney. The game has been scheduled for 3 p.m. Thursday to be followed by the Colts playing the Shamrock boys at 4 p.m. It is expected that the Shamrock teams will offer some strong competition in the tournament.

The Colt and Fillies schedule for 1958-59 has been released as follows:  
 Dec. 11-12-13—Alanreed Tourney.  
 Dec. 19th—Wellington—there.  
 January 5th—Lelia Lake—here.  
 January 12th — Lakeview — there.  
 January 19th — Lelia Lake — there.  
 January 22nd—Lefors—here.  
 January 29th — Alanreed — there.  
 February 5-6-7 — Wellington Tourney.  
 February 12th — Lefors — there.  
 February 19-20-21—Quail Tourney.

**JR. HIGH HONOR ROLL RELEASED**

The Junior High School honor roll has been released for the last six week period. Honor Roll Students making a straight "A" card were Ann Allen, Mary Caldwell, Betty Dever, Sandra Deyhle, Janet Goodman, Charlene Gray, Judy Hon, Robert Moss, Lynn Bourland, Douglas Bradshaw, Shirley Kay, Dolfia Vallance, Connie Martin, Deanna McAnear, Connie Grady, Bonnie Rogers, Shirley Mann, Danny Ray and Sharon Williams. A good number of students made the A and B cards. They were: Karen Hill, Marie Mills, Sandra Shults, Jill Benson, Regina Borden, Richard Dickson, Chris Drake, Sharon Henson, Barry Hudson, Susan Huff, David McAnear, Freddie McAnear, Douglas McCarty, Melissa McCully, Pamela Palmer, Kenneth Price, Tommy Waldrop, Jeannie Gibbs, Patricia Green, Dale Robinson, Barbara Vinson, Lucille Cooper, Jane Hon, Marilyn McMurtrey, Timmy Ray, Maudean Self, Janis Smith, Linda Taylor, Charles Vaughn, Marie Blackburn, John Cearley, Billy Hearn, Dwight McAnear, Sue Phelan, Schellon Barker, Billy Hutton, Gerald Johnson, Johnny Lemons, Larry Don Phillips, Judy Pittman, Carol Spencer, Debra Vandenburg, and Connie Williams. Mr. and Mrs. Jesse Vick left the last week to visit their daughter and husband, Mr. and Mrs. Harold Holland and Vickie Sue at Simi, Calif.

**COOK BOOK WILL BE AVAILABLE SOON**

Christmas card gift certificates for the new Episcopal Church Cook Book to be published the first of the year are now available. Mrs. William Lewis, Jr., chairman of the editorial committee, announced this week. The book is a collection of over 350 recipes and will front a red cover with a spiral back. It is the third edition by women of the local church, the first in 1930, the second in 1937, and has been in preparation over a year by the women's division of the church headed by Mrs. Thomas Bugbee of Goodnight.

The gift certificate card is a black and white pen drawing of the early day local church, oldest Episcopal Church in the Panhandle, and was drawn by Harold Bugbee, widely known local artist.

**BAND TO PRESENT ASSEMBLY PROGRAM**

The Clarendon High School Band will present an assembly program Friday, December 12, at 11 o'clock. Among the selections to be played will be "Tom Doolittle," a popular song of the year. Also of interest to many will be the annual Christmas concert scheduled for December 19 at the high school auditorium. This program will be at 7:30 in the evening and the public is cordially invited. There will be no admission charge.

Mrs. Ernest Phillips returned home last Sunday from Corpus Christi where she had been the past month with her daughter, Mrs. Duane Hearn who has a new son born November 26th.

**Bulldogs Meet Sayre Here Saturday Night**

Coach Buddy Travis will send his CJC Bulldogs against the Sayre, Oklahoma, Junior College team here Saturday night at 8:00 o'clock. The Sayre Yellow-Jackets have compiled a record of four wins and two losses so far this season. They defeated the Amarillo College Badgers at Sayre on Monday night of this week, 63 to 58, and lost to the Frank Phillips College team 83 to 73 last week.

The Yellowjackets are short as compared to most college teams, but make up for it with blinding speed and accurate shooting ability. The Bulldogs have been successful throughout the years against the Sayre team and have built up seven wins against no losses during the past three basketball seasons. Coach Travis said that his charges will have their hands full Saturday night in order to keep that record clean.

The Bulldog coach has indicated that he will probably start Alva Carter at center, Bub Eldridge and Loyd Stephens at forwards and Benny Leslie and Jack Buttram at guards. Dennis Love, a regular last season, who suffered a sprained ankle recently and has not rounded into form yet, may move one of the above mentioned boys out of the starting line-up by Saturday night.

**Bulldogs Beat Dodge City, 73-61**

The CJC Bulldogs won their third game of the season here last Saturday night with a 73 to 61 decision over the Dodge City, Kansas, Junior College team. The Bulldogs were in front all the way and at one time in the last half had a 16 point margin. They held a 12 point advantage when Coach Travis cleared his bench and the reserves held their own the rest of the way. The Bulldogs were leading 44 to 34 at the end of the half.

Co-Captains Bub Eldridge and Loyd Stephens paced the scoring attack for the local boys with 20 and 17 points respectively. Eldridge was deadly at the free throw line as he hit 12 out of 13 tries at the charity line. Stephens hit seven of eleven field goal attempts in the first half. Jack Buttram, transfer from Wayland College, who is rapidly developing into a great back court man and playmaker, contributed 11 points as did sophomore guard Benny Leslie. Big Alva Carter made seven points, Max Whittington four, Pat Wilkins two and Dennis Love one. Kenneth Snook was high for the visitors with 15 points.

GIVE THE LEADER FOR CHRISTMAS.

**Grain Crop Estimated As Largest In History of Donley County**

**Comets And Bulldogs Meet Wayland Teams Here Tonight**

The Clarendon Junior College Comets and Bulldogs will entertain teams from Wayland College at the local gymnasium tonight. The first game between the Comets and the Queen Bees will begin at 7:00 o'clock and will be followed with a game between the Bulldogs and the Wayland Freshmen.

The Queen Bees are a different team from the Flying Queens. The Queen Bees are the second or "B" team which is composed of sophomores and freshmen only. This is the first year for this team, but Wayland Coach Harley Reddin had such a wealth of material this year that he decided to field two different teams.

The Bulldogs have played the Wayland Freshmen once this year and defeated them by a score of 76 to 56 at Plainview recently. The Bulldogs will carry a record of three wins and one loss into this game. Besides the Wayland Freshmen the Bulldogs hold wins over the West Texas State Freshmen, 65 to 60, and Dodge City, Kansas, Junior College, 73 to 61. Their only defeat was at the hands of the strong Arkansas City, Kansas, Junior College team, 51 to 45.

**Conservation Meeting Set For Dec. 18**

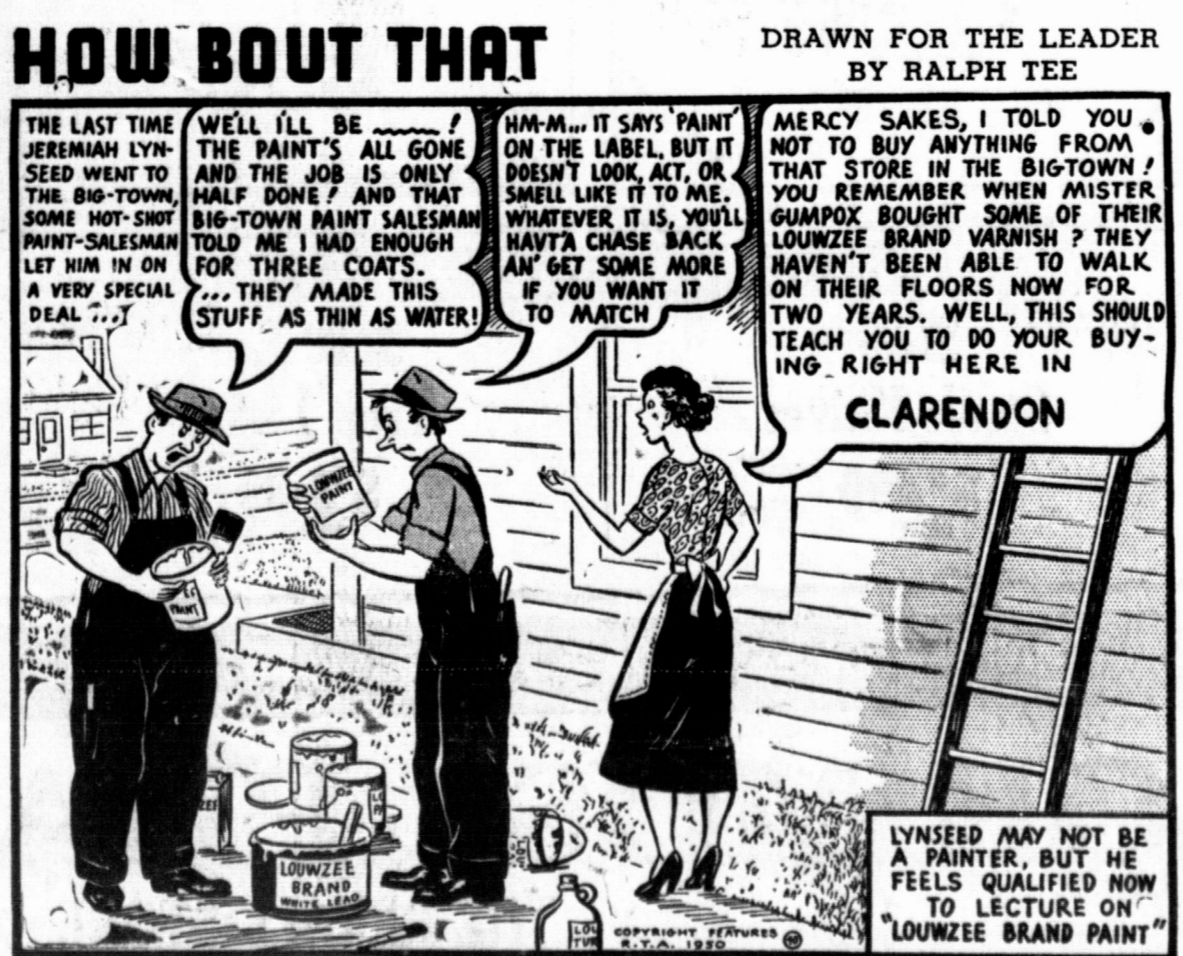

County Agent H. M. Breedlove is asking everyone to remember the big meeting on the Great Plains conservation program to be held at the court house in Clarendon on December 18 at 7:30 p.m. Mr. Lynn Pittard of the Texas A&M College Extension Service will be on hand to give first hand information on the program and tell how farmers and ranchers can benefit and get assistance on conservation work needed on the farm and ranch.

**FIRST BAPTIST BROTHERHOOD TO MEET**

The Brotherhood of the First Baptist Church will hold their regular monthly meeting at the church at 7:30 p.m. the evening of December 18. Mr. Trenton Davis of Amarillo will be the speaker for this meeting.

LEADER CLASSIFIEDS GET RESULTS

**DRAWN FOR THE LEADER BY RALPH TEE**

**High School Teams Split With Hedley**

The Clarendon High School basketball teams went to Hedley Tuesday night and settled with one win and one defeat in the twin bill. The Hedley girls handed the Bronchoettes their second loss of the season, 54 to 34, but the Bronchos evened the count in the second game by beating the Hedley boys, 39 to 26. It was the fourth win against one loss for the Bronchos, while the local girls stand at three wins and two defeats.

The Hedley girls were in complete command of the game from the very beginning. The Bronchoettes got the shots but couldn't hit. Hedley was leading 18 to 7 at the end of the first quarter and held a 27 to 17 advantage at the half. They increased their lead to 46 to 26 at the third quarter rest period.

Joan Bennett led Clarendon in scoring efforts with 12 points followed by Paula Adams with 11 and Ann Slavin with 10 and Charlene White with one. Beth Lamberth, Pat Owens and Pat Spurgeon played most of the game at guard. The Hedley scoring attack was paced by Alexander with 18 points followed by B. Sanders with 13.

In the low-scoring boys game, neither team was able to hit consistently. Keith Schollenberger made 16 points with John Morrow hitting 14. Hargrove was high for Hedley with six points. The Bronchos were ahead from the opening minute and built up an 11 to 3 lead at the first quarter; were ahead 19 to 12 at the half, and were still holding on to a seven point 27 to 20 lead at the third quarter. Both teams exchanged numerous fumbles, bad passes, etc., to make the game dull and uninteresting.

**CHARLES McDONALD IS NEW LINOTYPE OPERATOR AT LEADER OFFICE**

We are happy to announce this week that Charles McDonald of Amarillo has joined the Leader staff as linotype operator. He is 34 years old, married and has four children. He was raised at Lockney, Texas and has 15 years experience with the trade.

Mr. McDonald plans to move his family here this week end and will make their home in the Cleo Farr place. His four children are Carole, Charles, Jr., Deborah, and William.

**JR. HIGH TEAMS SPLIT DOUBLE HEADER**

The Junior High basketball teams split a double header with Wellington at the local gymnasium Thursday night, December 4. The Fillies lost a close one to the Wellington girls as Linda Mil-sap dropped in two free throws in the closing seconds of the game to end the scoring 20-18. The Colts had little trouble in taking a comfortable lead over the Firecrackers. The Colts scored 44 points to the opponents 26 with the starting line-up on the bench much of the game.

The Junior High teams are entered in the Alanreed Tourney and invited all of their fans to travel with them to see the play there.

**SCHOOLS TO OBSERVE CHRISTMAS HOLIDAYS**

Superintendent W. W. Pinkerton has announced that the Clarendon Public Schools and Junior College will get a two-week break for the Christmas Holidays beginning at 3:00 p.m. Friday, Dec. 19. Classes will resume at the regular time on Monday Jan. 5, 1959.

**Services Held Sunday For Mrs. J. T. Mayo**

Funeral services were held Sunday afternoon at the Church of Christ for Mrs. Lillie Belle Mayo with John L. Davis, minister of the local church, officiating.

Mrs. Mayo, 69, died Dec. 2nd at her home in LaMesa, California, where she had lived for the past 10 years. Prior to her moving to California, she had been a resident of Donley County for 30 years. She was a member of the Church of Christ.

Survivors are two daughters, Mrs. Emo Gene Hart of LaMesa and Mrs. Druclilla Pierce of San Diego, Calif., five sons, Alvie of LaMesa, O. D. of Berthoud, Colo., Clifton and Milton, both of San Diego, Calif., and Chester Mayo of Pasadena, Calif. Two sisters, 10 grandchildren and one great-grandchild.

Pallbearers were Al Dever, L. L. Wallace, W. M. Pickering, Elbon Naylor, Tom Sullivan and Clyde Putnam.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

**4-H Club Party To Be Held At Canteen**

The Donley County 4-H Club members from all parts of the county will hold their Christmas Party on the night of December 15 at the Canteen in Clarendon says County Agent H. M. Breedlove. The party will start at 7 p.m. games will be played and there will be lots of good food for everyone present. All club members and parents are being contacted about the party and all families will bring food for the big party. Breedlove is urging all 4-H members and their families to attend this county wide party.

**HOSPITAL NOTES**

Patients as of Wednesday, December 10th—Mrs. Loyd Stephens and son Kerry Stephens, Mrs. Ralph Grady Jr. and daughter Mary Helen, Ray Moore, and Miss Mary Howren.

Dismissals — Kathryn Haire, Marjorie Harlan, Aford King, Mrs. Don Pierce, Mrs. Berkeley SoRelle, and Carolyn Taylor.

Texas & Panhandle Press Associations

GABIE BETTS BURTON  
LIBRARY NOTES

By May L. Prewitt

Our most recent book is "The Athens of the Panhandle, A History of Clarendon College" by Miss Ethel Harvey. The author is a Clarendon citizen, the artist local, and it was printed by the Clarendon Press. It is very artistic in appearance, coloring of jacket, arrangement of material appealing to the reader and in fact, we viewed and read the book with local pride, abounding for its production. I do wish that each ex-student could possess a copy.

The November 24th issue of "Newsweek" contained an article in the Children's Hour that may surprise some of our readers. The big book stores are crowded with editions for children. There is something for every child's taste from beginners whose maximum is 250 words to "Landmark" historical series for teenagers, also space travel and scientific matters. There are a dozen or more book clubs for children, among them Double Day & Company's "Junior Literary Guild," Scholastic Magazine runs three clubs, and the fact is these clubs offer books for different age groups. We have The Wonder Books, Golden Books, and Tell-A-Tale publications with prices arranged for every pocket book. We have a worthwhile collection of all these at the Library.

We have lost patience with the slow shipment of books. But we have an invoice for "Dr. Zhivago" by Boris Pasternok, and Frances Parkman Keyes' "Victorine," and some two or three Laura Lee

Hope's "Bobbsey Twins" that it was necessary to replace as these much used books "wear out."

Farmer and ranchers of the Donley County Soil Conservation District are invited to attend a meeting on the Great Plains Conservation Program. The meeting will be held in the court house in Clarendon at 7:30 p.m. on December 18.

County Agent H. M. Breedlove will be in charge of the program. Mr. Lynn Pittard, Extension Conservationist of Texas A&M College Extension Service will be on hand to explain and discuss the program.

The purpose of the Great Plains Conservation Program is to assist farmers and ranchers in carrying out approved plans of operation over their entire farms that will lessen the climatic hazards that exist in the Great Plains area. The program is voluntary in nature and is in addition to other Department of Agriculture programs in the area. Producers will be encouraged to use all other available sources of assistance.

There are 20 different cost-share practices available to producers in this program. Cost-share runs from 50 to 80 per cent, depending on the practice that is installed.

District Supervisors are urging all operators in the District to attend the meeting. Literature on

the Great Plains Conservation Program may be obtained from the FHA Office, County Agent's Office, or the SCS Office.

The X-ray Picture

This year about 20 million people in this country will have hospital care. But between 40 and 50 million—at least one out of four—will be x-rayed, and altogether will have 100 to 120 million x-ray pictures (radiographs) made.

Most will be x-rayed at their doctor's orders. Some, however, will voluntarily seek x-ray check-ups, through a clinic, hospital, public health facilities, or by pri-

vately practicing physicians who specialize in radiology.

In rendering the more than 800,000,000 medical services that are performed annually in the U. S. by some 200,000 physicians, modern x-ray is an indispensable tool. The services of the M. D. radiological specialist—or radiologist—are invaluable to the family doctor, the surgeon and nearly every other medical specialist.

X-ray Can Warn of Illness

So many diseases have the same symptoms that physicians may find external diagnosis impossible. Through x-ray the radiologist can rule out some possibilities and discover others in developing a scientific diagnosis.

Radiographs can show him —

sometimes even before symptoms occur—such dread diseases as cancer and tuberculosis, for both of these as well as other disorders may start painlessly, with other symptoms obscure. By the time either is ready to show itself it may have gained a stubborn foothold.

Records of hospitals, memories of radiologists and files of other physicians hold numerous, often dramatic, examples of preventive work possible through x-ray. Though broad statistics are not today available on cancer detection, the tuberculosis mortality rate has fallen by more than 50% during the last few years. Radiography has been an instrument in that decline.

Or Help Relieve It

The radiological examination will often also show what—or whether—surgery is needed. The radiologist's knowledge and experience guide the surgeon in planning an operation and, sometimes, in various stages of its progress, and very often help him determine treatment after surgery is completed. The radiologist's services have cut down dramatically the need for exploratory surgery, saving scars, pain, expense and hours on the operating table.

The internist relies on him in tracing ulcers, colitis, intestinal spasms; the neurologist in studying the brain and spinal cord; the orthopedic specialist in all bone conditions including fracture, arthritis, osteomyelitis; the

obstetrician in delivering babies, and the pediatrician in seeing that they are healthy and remain so.

Once the diagnosis is made, X-ray is also used to treat a number of disorders and diseases. The radiologist is not only skilled in interpreting what x-ray pictures show, but in using x-ray equipment as a weapon against disease.

A man remains wise as long as he seeks wisdom—the moment he thinks he has found it, he becomes a fool.

The man who does not appreciate the good things he has would never be happy with the things he wishes he had.

## THE PEOPLE OF THE 18TH DISTRICT

Congressman Walter Rogers

November 28, 1959  
"WHAT IS PAST IS PROLOGUE"

Early four centuries ago the lines were written by Shakespeare, and they are today raved on the National Hives Building in Washington. Shakespeare knew, as have many learned men, that there is better way to understand the past or to look ahead into the future than to take a backward glance at the past.

The time of year surrounding Thanksgiving, Christmas, and the New Year referred to by some as the Holiday Season has always seemed to me to be a time for reflection and of preparation for the future. It is interesting to do so on an annual basis, and even more interesting to compare the present with various circumstances in the past. The destiny of America, always full of promise, has never been more so than the present time. This statement is justified when we compare circumstances today with those of ten years ago.

You remember that 1948 was the year of the Berlin Airlift, the year when Mao Tse-tung and her Communists were taking over China, the year of the upset victory of Harry Truman, the year in which Ghandi was murdered, Babe Ruth died, and Prince Charles was born. 1948 marked the introduction of bebop as a new style of music, and the establishment of laundrettes in thousands of our communities. Economically it was a highly prosperous year. Agricultural production, national income, personal income, and wages were at an all-time high. In fact, the production of crops that year has not been exceeded since, unless it occurs this year. In 1948 we had a total of 146,000,000 people in this country. Only recently the Census Bureau announced we have passed the 175 million mark. By 1968 we will almost certainly have well over 200 million people in the United States. This 20 per cent population increase is due both to a generally high birth rate and a significant decline in death rates. The average life expectancy at birth is now about 70 years—three years more than it was a decade ago. The decade's medical advances included the

breakthrough in the fight against polio. The effectiveness of antibiotic medicines plus advances in surgery have contributed measurably toward reducing the average period of hospitalization required per patient.

The period 1947-1957 saw the increase from 4,821 million to 11,873 million kilowatt hours of electric power distributed weekly. Total cars and trucks assembled in 1948 averaged 92,200 per week and in 1957 138,500 per week. The huge interstate highway system has been started. The St. Lawrence Seaway is nearing completion. A new era of air transportation is dawning with the conversion of many of our commercial air fleets to turbo-jets.

We should not forget that our rapid progress has been accompanied by ever-increasing demands on the natural resources of the nation. One vital raw material where shortages are threatening to become serious in many areas is water. Not only are we using more water directly as consumers, but industry's demands for water are staggering. It requires 300,000 gallons of water to manufacture one ton of rayon, and the rayon industry in the United States manufactures 600,000 a year. Conservation is necessary on many fronts, in our forests, on our farms, and in our mines.

In the picture of our economic expansion, there is one blotch of which we cannot be proud. I speak for our farmers, whose average annual net income per farm has dropped from \$3,843 in 1948 to \$2,760. As you know, it has long been my contention this situation will produce sociological factors as well as economic problems.

Scientific advances have been almost unfathomable. The developments in nuclear energy, electronics, chemistry—not to mention the advent of the space age, are truly astounding. It is entirely within the realm of possibility that the next decade, manned flight to the moon may be an accomplished fact.

Although it cannot be measured statistically, I earnestly hope we have grown spiritually. Church affiliation has actually grown more rapidly than our population and currently over 104 million persons are affiliated with some organized religion, which approximates an increase of over 25 million the past ten years.

We are a great nation—a growing nation with a heritage of which we can be proud and a future rich in the rewards of a boundless faith.

## ASHTOLA NEWS

Mrs. Doyce Graham

J. R. Graham spent the week end with relatives in Sweetwater.

Henry Kensey from Vega visited in the Burk DeBord home last week.

Mrs. M. R. Word and Mrs. H. A. Graham attended the bridal shower for Ann Weatherly Thursday.

Mrs. Bill Graham visited relatives here Thursday.

Bernie Green went with the Boy Scouts to Eagle Nest, N.M. He earned the privilege to make the trip by attendance at meetings and most advancement in scout rank.

Mrs. H. A. Graham and Mrs. J. M. Graham visited Mrs. Poovey in Groom Hospital Tuesday. Mrs. Poovey is getting along fine.

Mrs. John White spent Wednesday afternoon with Mrs. Carl Barker.

Mrs. W. H. Morrow was down from Amarillo visiting friends Saturday.

Mr. and Mrs. Horace Green went after Grandmother Morris Thursday, and she will be in their home awhile.

## ASHTOLA NEEDLE CLUB REPORT

Mrs. Doyce Graham was hostess to this club Thursday. One

quilt was quilted and the club bazaar was financially successful. The quilt will be given to Boys Ranch, along with a cash donation.

The Club Xmas tree will be December 17 (Wednesday) in the home of Mrs. Vance Gray. On that day election of officers will be held, and new polyanthas and hostess dates drawn.

The hostess served cookies and coffee to the following members: Nell Gray, Modena Hill, Martha Hill, Carol Hill, Nova Barker, Sue Rhoades, Marybelle DeBord, Lizzie Graham, Lena Mae Graham, Vena Hudson, Lillie Knox, Laura Mahaffey, Rhoades Rattan, Ricky Rattan, and Charlotte Word.

Mrs. Vena Hudson, chairman of achievement committee, called for yearly reports of members. After receiving these reports from only part of the members, she compiled the following report for Ashtola Needle Club members during 1958: 2,510 containers of fruit and vegetables canned and frozen, 270 new articles of clothing made, 5 quilts made, 18 pieces of crochet made, 34 new sets of curtains made, 2 rooms redecorated, 22 chairs reupholstered, 1 dining room suite refinished, 15 garments remodeled, 300 pieces of ceramics made, 9 copper pictures made.

Most of the women raised chickens, gardens, and truck patches; 10 beeves, 11 hogs, and 600 fryers put in freezers or locker. Several made laundry soap, one woman painted their dairy barn, another put up 200 pounds of molding plaster. Several kept children in their homes for working mothers, others worked in town to supplement the farm income, a total of 48 months. Many hauled grain to the elevators this fall; 640,000 pounds were reported. Several of our members are ill; others spent many weeks nursing members of their families who were ill. Over \$1,000 worth of produce was sold

## CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mr. and Mrs. H. H. Mann and Frances, and Mr. and Mrs. Abe Turner and son of Haskell visited Mr. and Mrs. Garth Carter and family in Dumas.

Mr. and Mrs. Frank Hardin and Mr. and Mrs. John Heathington visited A. B. Ivey.

Mr. and Mrs. Richard Dingley visited Mr. and Mrs. Bobby Cosper at Lubbock Sunday.

Mr. and Mrs. J. A. Ivey made a business trip to Memphis Wednesday.

in Amarillo from farms in our community. Several new trees were planted. One of our members is a full time teacher.

The Grady Nelsons and the T. A. Nelsons made a business trip to Amarillo Wednesday.

SP4 Grady Nelson and his family have been visiting in the home of his parents, Mr. and Mrs. T. A. Nelson. Grady will report for duty in Europe, and his family will live here.

Loren and Leon Rhoades of Amarillo spent Sunday with Mr. and Mrs. Hubert Rhoades.

Mrs. Audrey Patain, Mrs. R. L. Brazille, Mr. and Mrs. Ray Walker, Mr. and Mrs. Bernie Smith and sons all of Amarillo spent Sunday in the Robert Partain home.

SP4 Grady Nelson and wife, Betty, are visiting his sister and family, M-Sgt. John Just and Mrs. Just at Holloman AFB, N.M.

Mrs. Doyce Graham spent Tuesday in Canyon with her sister, Mrs. Rex Hopkins.

Mrs. Edna Davenport and Mr. and Mrs. Bord from Amarillo spent Sunday with Mrs. Ella Evans.

Mr. and Mrs. Abe Turner and son of Haskell visited her parents, Mr. and Mrs. H. H. Mann over the week end.

Junior Mann and H. R. Cowan of Amarillo visited Mr. and Mrs. Richard Dingley Saturday morning.

Mr. and Mrs. M. B. Hatfield and family of Dumas and Rembert Ivey of Amarillo visited their parents, Mr. and Mrs. J. A. Ivey and Merlene over the week end.

Mr. and Mrs. V. P. Newton, parents of Mr. and Mrs. Clyde Gilbreath, went to Paducah to spend the week end.

Timmy Barker of Amarillo is spending a few days with his grandparents, Mr. and Mrs. C. L. Mann.

Mr. and Mrs. H. H. Shields attended the basketball tournament at Lakeview Friday and Saturday night.

Mr. and Mrs. Alton Webb, Mr. and Mrs. Price Webb and Billy Waddell went to Spur, Texas to visit their uncle, Luther Webb, who is very ill at this time. He is the last survivor of their father, R. M. Webb, deceased.

Buster Shields spent Saturday night with Pete Good.

Mr. and Mrs. Richard Dingley visited Mr. and Mrs. Warren Hardin Tuesday night.

Mrs. A. O. Hott visited Mrs.

R. M. Webb Sunday evening. Mrs. H. H. Shields shopped in Amarillo Thursday night.

Lanell Hatfield of Dumas is spending two weeks with her grandparents, Mr. and Mrs. J. A. Ivey and Merlene.

Roy Helms spent Friday night with Buster Shields.

Mrs. R. M. Webb and grandson, Billy Waddell, visited her daughter, Mrs. Gladys Waddell and family in Amarillo.

Jess Ivey visited A. B. Ivey Tuesday night.

Mrs. Frank Cannon and children of Amarillo, and Mrs. Richard Cannon lunched with Mr. and Mrs. H. A. Harrison Sunday.

Mrs. A. T. Hornway visited her parents, Mr. and Mrs. L. Payne in Tulia last Thursday.

Mrs. J. D. Jones, Jr. and children visited her folks, Mr. and Mrs. H. A. Harrison Sunday.

Mrs. A. O. Hott visited Mrs. H. H. Shields Sunday evening.

Mrs. Dennis Harrison visited Mr. and Mrs. H. A. Harrison Monday evening. Loretta has not heard from her husband, Dennis, who was shipped out of the states.

Mr. and Mrs. A. O. Hott visited Brother and Sister Davis Sunday night.

The largest room in the world is the room for improvement.

Texas & Panhandle Press Associations

GABIE BETTS BURTON  
LIBRARY NOTES

By May L. Prewitt

Our most recent book is "The Athens of the Panhandle, A History of Clarendon College" by Miss Ethel Harvey. The author is a Clarendon citizen, the artists local, and it was printed by the Clarendon Press. It is very artistic in appearance, coloring of jacket, arrangement of material appealing to the reader and in fact, we viewed and read the book with local pride, abounding for its production. I do wish that each ex-student could possess a copy.

The November 24th issue of "Newsweek" contained an article in the Children's Hour that may surprise some of our readers. The big book stores are crowded with editions for children. There is something for every child's taste from beginners whose maximum is 250 words to "Landmark" historical series for teenagers, also space travel and scientific matters. There are a dozen or more book clubs for children, among them Double Day & Company's "Junior Literary Guild," Scholastic Magazine runs three clubs, and the fact is these clubs offer books for different age groups. We have The Wonder Books, Golden Books, and Tell-A-Tale publications with prices arranged for every pocket book. We have a worthwhile collection of all these at the Library.

We have lost patience with the slow shipment of books. But we have an invoice for "Dr. Zhivago" by Boris Pasternok, and Frances Parkman Keyes' "Victorine," and some two or three Laura Lee

Hope's "Bobbsey Twins" that it was necessary to replace as these much used books "wear out."

Farmer and ranchers of the Donley County Soil Conservation District are invited to attend a meeting on the Great Plains Conservation Program. The meeting will be held in the court house in Clarendon at 7:30 p.m. on December 18.

County Agent H. M. Breedlove will be in charge of the program. Mr. Lynn Pittard, Extension Conservationist of Texas A&M College Extension Service will be on hand to explain and discuss the program.

The purpose of the Great Plains Conservation Program is to assist farmers and ranchers in carrying out approved plans of operation over their entire farms that will lessen the climatic hazards that exist in the Great Plains area. The program is voluntary in nature and is in addition to other Department of Agriculture programs in the area. Producers will be encouraged to use all other available sources of assistance.

There are 20 different cost-share practices available to producers in this program. Cost-share runs from 50 to 80 per cent, depending on the practice that is installed.

District Supervisors are urging all operators in the District to attend the meeting. Literature on

the Great Plains Conservation Program may be obtained from the FHA Office, County Agent's Office, or the SCS Office.

The X-ray Picture

This year about 20 million people in this country will have hospital care. But between 40 and 50 million—at least one out of four—will be x-rayed, and altogether will have 100 to 120 million x-ray pictures (radiographs) made.

Most will be x-rayed at their doctor's orders. Some, however, will voluntarily seek x-ray check-ups, through a clinic, hospital, public health facilities, or by pri-

vately practicing physicians who specialize in radiology.

In rendering the more than 800,000,000 medical services that are performed annually in the U. S. by some 200,000 physicians, modern x-ray is an indispensable tool. The services of the M. D. radiological specialist—or radiologist—are invaluable to the family doctor, the surgeon and nearly every other medical specialist.

X-ray Can Warn of Illness

So many diseases have the same symptoms that physicians may find external diagnosis impossible. Through x-ray the radiologist can rule out some possibilities and discover others in developing a scientific diagnosis.

Radiographs can show him—

sometimes even before symptoms occur—such dread diseases as cancer and tuberculosis, for both of these as well as other disorders may start painlessly, with other symptoms obscure. By the time either is ready to show itself it may have gained a stubborn foothold.

Records of hospitals, memories of radiologists and files of other physicians hold numerous, often dramatic, examples of preventive work possible through x-ray. Though broad statistics are not today available on cancer detection, the tuberculosis mortality rate has fallen by more than 50% during the last few years. Radiography has been an instrument in that decline.

Or Help Relieve It

The radiological examination will often also show what—whether—surgery is needed. The radiologist's knowledge and experience guide the surgeon in planning an operation and, sometimes, in various stages of its progress, and very often help him determine treatment after surgery is completed. The radiologist's services have cut down dramatically the need for exploratory surgery, saving scars, pain, expense and hours on the operating table.

The internist relies on him in tracing ulcers, colitis, intestinal spasms; the neurologist in studying the brain and spinal cord; the orthopedic specialist in all bone conditions including fracture, arthritis, osteomyelitis; the

obstetrician in delivering babies, and the pediatrician in seeing that they are healthy and remain so.

Once the diagnosis is made, X-ray is also used to treat a number of disorders and diseases. The radiologist is not only skilled in interpreting what x-ray pictures show, but in using x-ray equipment as a weapon against disease.

A man remains wise as long as he seeks wisdom—the moment he thinks he has found it, he becomes a fool.

The man who does not appreciate the good things he has would never be happy with the things he wishes he had.

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

November 28, 1959  
**"WHAT IS PAST IS PROLOGUE"**

Nearly four centuries ago the above lines were written by Shakespeare, and they are today engraved on the National Archives Building in Washington. Shakespeare knew, as have many other learned men, that there is no better way to understand the present or to look ahead into the future than to take a backward glance at the past.

The time of year surrounding Thanksgiving, Christmas, and the New Year referred to by some as the Holiday Season has always seemed to me to be a time for reflection and of preparation for the future. It is interesting to do this on an annual basis, and even more interesting to compare the present with various circumstances in the past. The destiny of America, always full of promise, has never been more so than at the present time. This statement is justified when we compare circumstances today with those of ten years ago.

You remember that 1948 was the year of the Berlin Airlift, the year when Mao Tse-tung and other Communists were taking over China, the year of the upset victory of Harry Truman, the year in which Gandhi was murdered, Babe Ruth died, and Prince Charles was born. 1948 marked the introduction of bebop as a success to swing, and the establishment of laundrettes in thousands of our communities. Economically it was a highly prosperous year. Agricultural production, national income, personal income, and wages were at an all-time high. In fact, the production of crops that year has not been exceeded since, unless it occurs this year. In 1948 we had a total of 146,000,000 people in this country. Only recently the Census Bureau announced we have passed the 175 million mark. By 1968 we will almost certainly have well over 200 million people in the United States. This 20 per cent population increase is due both to a generally high birth rate and a significant decline in death rates. The average life expectancy at birth is now about 70 years—three years more than it was a decade ago. The decade's medical advances included the

breakthrough in the fight against polio. The effectiveness of antibiotic medicines plus advances in surgery have contributed measurably toward reducing the average period of hospitalization required per patient.

The period 1947-1957 saw the increase from 4,821 million to 11,873 million kilowatt hours of electric power distributed weekly. Total cars and trucks assembled in 1948 averaged 92,200 per week and in 1957 138,500 per week. The huge interstate highway system has been started. The St. Lawrence Seaway is nearing completion. A new era of air transportation is dawning with the conversion of many of our commercial air fleets to turbo-jets.

We should not forget that our rapid progress has been accompanied by ever-increasing demands on the natural resources of the nation. One vital raw material where shortages are threatening to become serious in many areas is water. Not only are we using more water directly as consumers, but industry's demands for water are staggering. It requires 300,000 gallons of water to manufacture one ton of rayon, and the rayon industry in the United States manufactures 600,000 a year. Conservation is necessary on many fronts, in our forests, on our farms, and in our mines.

In the picture of our economic expansion, there is one blotch of which we cannot be proud. I speak for our farmers, whose average annual net income per farm has dropped from \$3,843 in 1948 to \$2,760. As you know, it has long been my contention this situation will produce sociological factors as well as economic problems.

Scientific advances have been almost unfathomable. The developments in nuclear energy, electronics, chemistry—not to mention the advent of the space age, are truly astounding. It is entirely within the realm of possibility that the next decade, manned flight to the moon may be an accomplished fact.

Although it cannot be measured statistically, I earnestly hope we have grown spiritually. Church affiliation has actually grown more rapidly than our population and currently over 104 million persons are affiliated with some organized religion, which approximates an increase of over 25 million the past ten years.

We are a great nation—a growing nation with a heritage of which we can be proud and a future rich in the rewards of a boundless faith.

### ASHTOLA NEWS

Mrs. Doyce Graham

J. R. Graham spent the week end with relatives in Sweetwater.

Henry Kensey from Vega visited in the Burk DeBord home last week.

Mrs. M. R. Word and Mrs. H. A. Graham attended the bridal shower for Ann Weatherly Thursday.

Mrs. Bill Graham visited relatives here Thursday.

Bernie Green went with the Boy Scouts to Eagle Nest, N.M. He earned the privilege to make the trip by attendance at meetings and most advancement in scout rank.

Mrs. H. A. Graham and Mrs. J. M. Graham visited Mrs. Poovey in Groom Hospital Tuesday. Mrs. Poovey is getting along fine.

Mrs. John White spent Wednesday afternoon with Mrs. Carl Barker.

Mrs. W. H. Morrow was down from Amarillo visiting friends Saturday.

Mr. and Mrs. Horace Green went after Grandmother Morris Thursday, and she will be in their home awhile.

### ASHTOLA NEEDLE CLUB REPORT

Mrs. Doyce Graham was hostess to this club Thursday. One

quilt was quilted and the club bazaar was financially successful. The quilt will be given to Boys Ranch, along with a cash donation.

The Club Xmas tree will be December 17 (Wednesday) in the home of Mrs. Vance Gray. On that day election of officers will be held, and new polyanthas and hostess dates drawn.

The hostess served cookies and coffee to the following members: Nell Gray, Modena Hill, Martha Hill, Carol Hill, Nova Barker, Sue Rhoades, Marybelle DeBord, Lizzie Graham, Lena Mae Graham, Vena Hudson, Lillie Knox, Laura Mahaffey, Rhoda Rattan, Ricky Rattan, and Charlotte Word.

Mrs. Vena Hudson, chairman of achievement committee, called for yearly reports of members. After receiving these reports from only part of the members, she compiled the following report for Ashtola Needle Club members during 1958: 2,510 containers of fruit and vegetables canned and frozen, 270 new articles of clothing made, 5 quilts made, 18 pieces of crochet made, 34 new sets of curtains made, 2 rooms redecorated, 22 chairs reupholstered, 1 dining room suite refinished, 15 garments remodeled, 300 pieces of ceramics made, 9 copper pictures made.

Most of the women raised chickens, gardens, and truck patches; 10 heaves, 11 hogs, and 600 fryers put in freezers or locker. Several made laundry soap, one woman painted their dairy barn, another put up 200 pounds of molding plaster. Several kept children in their homes for working mothers, others worked in town to supplement the farm income, a total of 48 months. Many hauled grain to the elevators this fall; 840,000 pounds were reported. Several of our members are ill; others spent many weeks nursing members of their families who were ill. Over \$1,000 worth of produce was sold

### CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mr. and Mrs. H. H. Mann and Frances, and Mr. and Mrs. Abe Turner and son of Haskell visited Mr. and Mrs. Garth Carter and family in Dumas.

**ALDERSON CHEVROLET**

CLARENDON, TEXAS

**Blowin' Out the Corners**  
*by Uncle Zeb*

From Mr. Izzard's Column:  
 "Give a cat shelter, plenty of food, and a feeling of security, and she will quit catching mice - people are like that."  
 The above hits pretty close to our problem - - Things have been fairly easy lately and most of us have a sort of feeling that our

problems are taken care of. We get to thinking that the social planners have fixed our future; that our economists have defeated the depressions, and that our party's political promises will all come true.  
 Our fire has fizzled; our ambition has dimmed, and our dreams are dimmed. We are willing to accept the easiest instead of the best, and the quickest in the place of the most lasting.  
 We are so far into the woods that we believe the road ahead is better than the road back would be. Perhaps it is. To tell the truth it is doubtful if there is a road back. It is sort of like trying to gather up spilled milk.  
 So we can all sit by and watch and see, and perhaps our children

will be able to tell who was right. If the fellow who said that "A penny saved is a penny earned," was right then we will be wrong. Anyway, the road we're traveling is down hill, and the road back would surely be up-grade, my low gear is pretty weak so move over and give me half the road.  
 Sign on a tombstone; "I expected this but not just yet."  
 This week we don't seem to feel like fighting back at anything. I don't know whether it's the Christmas Spirit that's got me or just the lull in my spirit before the stew of tax paying time. Regardless of what my trouble may be we had been wondering where we had misplaced the following little poem. It was sent to us sometime back and is supposed to be an old negro preacher's prayer given at a revival in a small church back in Alabama. It goes:

**SLOW ME DOWN**

Slow me down, Lord, ah's a goin' too fast,  
 Ah can't see mah brother when he's walkin' past.

**DR. H. R. BECK**

**DENTIST**  
 Goldston Bldg.  
 Clarendon, Texas Phone 46

Ah miss a lot o' good things day-by-day;  
 Ah don't know a blessin' when it comes my way.  
 Slow me down, Lord, cause ah wants to see  
 A little more of what's good for me.  
 See a little less o' me, and a mite more o' you;  
 Ah wants the heavenly atmosphere to trickle through.  
 Then, let me help my brother when the goin's rough,  
 Cause when folks work together, it ain't so tough.  
 Slow me down Lord, so, wid yore angels ah can talk,  
 Slow me down Lord, jes, slow me down to a walk.

I just sort of feel like that. Like slowin' down real slow like. After all; "We shouldn't take life so seriously, we won't ever get out of it alive."

"One of the best things to have up your sleeve is a funny bone." Besides; "An optimist sees an opportunity in every calamity; A pessimist sees a calamity in every opportunity."

## LELIA LAKE NEWS

Mrs. J. R. Batson

Mr. and Mrs. Murphy Brock and Mr. Perry spent the week end with relatives in Portales, New Mexico.

Mr. and Mrs. Arthur Shields and boys of Amarillo spent the weekend here with his mother and other relatives.

Mr. and Mrs. Troy Cocks and children and Troy Lynn Cocks, all of Lovington, New Mexico, visited Mr. and Mrs. Glenn Williams last week.

Mr. and Mrs. Ralph Ayers of Hale Center visited his parents, Mr. and Mrs. Clarence Ayers last Thursday.

Mr. and Mrs. Ike Noble of Altus, Oklahoma spent Saturday night with his parents, Mr. and Mrs. Lacy Noble.

James Smith had business in Memphis Saturday.

Mrs. Marilyn Hill and Pam of Amarillo visited her parents, Mr. and Mrs. Luther Butler Saturday.

Aven Hook, who has been working at Hale Center, returned home last week.

Mr. and Mrs. J. H. Spires and Mr. and Mrs. Luther Butler attended the basketball tournament of Lakeview Friday evening.

Mr. and Mrs. W. N. Poole and Mrs. Harve Wilson of Hedley shopped in Amarillo.

Mr. and Mrs. D. M. Cook spent Friday and Saturday visiting relatives in Plainview and Lubbock.

Earl Shields, formerly of Colorado Springs, Colo., visited his wife, mother, and other relatives several days last week. His wife accompanied him to his new base in Washington Sunday.

Mrs. Sue Hill and boys of Amarillo spent Saturday with her parents, Mr. and Mrs. Nelson Seago.

Mr. and Mrs. Herman Moor-ing and children of Amarillo visited her parents, Mr. and Mrs. D. M. Cook and other relatives over the weekend.

Jim and Richard Roberts and Richard Jr., all of Amarillo, visited Mr. and Mrs. Luther Butler Monday.

Mr. and Mrs. Earl Myers and Glenn spent the weekend in Amarillo as guests of Lester Myers and family.

Mr. and Mrs. Roscoe Land of Wellington visited Mr. and Mrs. Glenn Williams Sunday evening.

Mr. and Mrs. L. B. Chunn of Plainview visited relatives here Wednesday and Thursday.

Mr. and Mrs. J. R. Williams shopped in Amarillo Saturday.

Mr. and Mrs. C. C. Ayers went to Canyon Saturday and were accompanied home by their son Dale who is a student at W.T.S.C. Miss Winnie Lou Grounds of Dallas visited her sister, Mrs. Oscar Roberts, last week.

## HEDLEY NEWS

Mabel Bridges

Mrs. Ed Morton and son, Forrest, and Frank Newton visited relatives in Amarillo Sunday. After a chicken barbecue dinner, they went to Canyon to visit Mrs. J. W. Bourn, an old neighbor. This was their first time to be together in 31 years.

Mrs. M. W. Mosley spent a few days in a Memphis hospital last week. Glad to report her feeling better.

Mrs. Connie Taylor is doing fine, having undergone surgery last week in Odum Hospital.

Miss Elmira Moore a grade school teacher in Hedley school for 12 years resigned due to the illness of her invalid mother. Miss Moore was a favorite in her school work, always at her best. Having been absent only one day in a period of 12 years speaks well of her as a teacher. Miss Coursey will fill the vacancy.

Mr. and Mrs. M. L. Potts are visiting Mrs. Potts' mother in San Antonio.

Mr. and Mrs. John Tate returned home Wednesday from a visit with their daughter and family in Kansas City.

Mr. and Mrs. Bill Scales went to Abilene Friday to take their granddaughter, Patti Whisenant, home after visiting them several days. They returned home Saturday.

Mrs. Ned Grimsely is in Pampa with her daughter's family who are quite ill with the mumps.

Mrs. Pat Patterson and children of Ropesville spent last week with her parents, the Jap Shaws.

Henry Kinsey of Vega visited in the Roy Jewell home last Wednesday.

Mrs. C. L. Johnson went to Matador Friday to celebrate the first birthday of her granddaughter, Charlotte Johnson.

Mr. and Mrs. John Dickson, and

Will Dickson attended the funeral of Ted Smith in Amarillo Saturday. Mr. Smith passed away in Veterans Hospital in Amarillo after a lengthy illness. He was a brother-in-law of the Dicksons. Burial was in Amarillo. We extend sympathy to the family.

Mr. and Mrs. Bill Bridges, Mr. and Mrs. Leroy Richerson and C. L. Biggers of Amarillo, Elza Kutch, Herman Meadows, and George Furguson of Perryton visited your reporter Sunday.

Mrs. W. H. Morgan, Mr. and Mrs. Homer Lee Morgan attended funeral services for Carl Dodson. Mr. Dodson is a son-in-law of Mrs. Morgan.

Mesdames E. W. Bromley and R. T. Clarke visited Mrs. W. I. Raines Monday.

Why not give The Donley County Leader for Christmas? See your Hedley Reporter.

## No License Big Offense Of Fishermen

AUSTIN — Fishing without a license dominates game and fish violations even in the middle of the hunting season, according to the director of law enforcement of the Game and Fish Commission. September arrest report showed 104 tagless fishermen, compared with only 19 arrests for hunting without a license.

Hunting violations continue to rise, however, the director said. There were 182 counts of illegal hunting methods and other game law violations during the month. This figure includes 21 arrests for hunting in closed season, 20 for hunting at night, 17 for exceeding dove bag limits, and 15 for using unplugged gun.

Of a total of 357 arrests, 3 cases were appealed to a higher court, while 10 served time in jail. Convictions cost violators \$8,635 in fines.

The director reminds hunters who are not sure of the laws that they may get copies of game and fish regulations from game wardens, license dealers, or by writing to the Game and Fish Commission in Austin.

## Miscellaneous Shower Honors Bride-To-Be

A miscellaneous shower honoring Miss Ann Weatherly, bride-elect of Richard McCarty, was held at Patching Club House Thursday afternoon, December 4. Receiving hours were from 3 p.m. to 4:30 p.m.

Guests were greeted by Mrs. K. D. Vaughan and presented to Mrs. Bill Weatherly, Miss Ann Weatherly, and Mrs. Paul McCarty.

The bride-elect's chosen colors of blue and white were used in decoration. The refreshment table was laid with a white linen cloth and centered with a floral arrangement of blue carnations, and silver leaves, abated by a miniature arrangement of white melins. Tea was poured from an antique service belonging to Mrs. C. W. Bennett. Presiding at the table were Misses Jackie Bell and Linda Kay Hardin.

A musical background for the party was provided by Mrs. Sandra Johnson and names were secured for the bride's book by Misses Judy Johnson and Jo Ann Wood.

Approximately forty-five guests attended and a number who were unable to attend sent gifts.

Hostesses for the courtesies were Mesdames Bill Cushing, Lee Bell, C. W. Bennett, J. C. Johnson, Joe Wood, Johnny Grady, and K. D. Vaughan.

Seldon Bagby, who has been a patient in Northwest Texas Hospital, was able to return home Wednesday of last week. He is improving satisfactorily at this time. Both he and Mrs. Bagby are happy to be at home.

## GAMMA KAPPA CHRISTMAS PARTY

The Gamma Kappa Chapter of Delta Kappa Gamma Society for Women Teachers held their annual Christmas luncheon and party in the Travis Elementary School Cafeteria, Memphis, Texas.

The Christmas theme was carried out in table and room decorations. A white tulle tree decorated with colored ornaments was centered at the head table with a miniature arrangement of choir singers at the base of the tree. Holly and other beautiful ornaments were arranged along the dining tables from which a delicious turkey dinner was served.

At the conclusion of the meal, Mrs. Velma Weaver conducted a short business meeting. Then the group gathered in a semi-circle arrangement of chairs around a large evergreen tree for the program. A short story, "Eloise's Christmas," read by Mrs. Brunetta Morris, and a group singing of Christmas carols led by Miss Inez Blankenship and accompanied at the piano by Mrs. Charlotte Word. After the program gifts were exchanged.

Members attended from Wellington, Childress, Clarendon and Memphis. Mesdames Velma Weaver, Velma Bouffland, Hazel Brandon, Claudine Todd, Charlotte Word, Lucile Naylor, and Misses Gladys Burnham, Edgar Mae Mongole, Inez Blankenship, and Ruth Richerson were the members present from Clarendon.

Those having dinner with Mrs. Emma Gregory Saturday were Francis Moor of Ft. Worth, Mrs. Margie Shults, Jimmy and Sandra, and Mr. and Mrs. Elmer Tomms of Clarendon.

## F.H.A. CHRISTMAS PARTY

The Clarendon senior Chapter of F.H.A. met in the auditorium to hold their annual Christmas party. After a regular business meeting each class put on a skit.

The seniors presented the first skit, "What I Want For Christmas." Elaine Behrens took the role of Mrs. Santa Claus and Robbie Johnson that of Santa Claus. They told what each senior wanted for Christmas and what a few juniors needed.

"Twas the Night Before Christmas" was presented by the juniors. Taking part was Sandra Pinkerton, Pat Owens, Linda Harden, and Connie McMurtry.

The skit portrayed by the sophomores was musical and was titled "The Three Chipmunks." Contributing to the presentation were Gayle Bones, Alice Johnson, Glenda Wilson, Sarah Antrobus, and Jacquie Bell.

Robbi Johnson also played Santa Claus in these two skits, then she and Mrs. Santa Claus handed out the gifts.

## HUDDIGNS QUILTING CLUB

The quilting Club met Tuesday afternoon. One quilt was quilted.

Refreshments were served to Pearl Self, Pauline Koontz, Mary Lee Noble, Ruby Parker, Dorothy Helms, Katy Rogers, Ruth Lindley, Martail Webb, Bell Smallwood, Agnes Allee, Frankie McAnear, and the hostess, Cora Elliott.

The next meeting will be January 20 with Katy Rogers hostess.

The club will have a bake sale at Junior's Food Store Saturday, December 13.

Mr. and Mrs. Jim McKee of San Antonio visited Saturday evening in the home of Mr. and Mrs. G. W. Estlack.

## VISIT CHILDREN

Mr. and Mrs. Jim McKee of San Antonio returned his parents, Mr. and Mrs. George McKee, to their home here Saturday. The Geo. McKees have visited several weeks with their children, the Jim McKees at San Antonio and the Raymond McKees and children at Houston.

## GOOD NEIGHBORS CLUB

The Good Neighbors Club met Friday, December 5, in the home of Lida Warren with an all day quilting and a covered dish luncheon at the noon hour.

One quilt was quilted. Ruby Jordan received a Pollyanna gift. Those to enjoy the day were members: Nova Barker, Mava Anderson, Della Barker, Eula Butler, Bennie Crabtree, Emma Davis, Florence Harp, Ruby Jordan, Rosie Bingham, Bessie Helton and the hostess, Lida Warren and daughter, Evelyn Pence.

The next meeting will be with Florence Harp and this will be our Christmas party, December 12, at 2:30 p.m. Everyone be there and bring your Pollyannas also an extra gift.

## LES BEAUX ART CLUB

Les Beaux Art Club met at Patching Club House the afternoon of December 5, for the regular meeting. The president, Mrs. George Benson presided over the business. Under new business, Mrs. Pete Riley was elected to membership.

Mrs. W. C. Thornberry presented a very interesting and informative program on "Royal Danish Christmas Plates." She described the plates and told how they were made and finished and the approximate costs. Mrs. John Bass, pianist, played several Christmas selections.

Delicious refreshments were served by the hostesses, Mrs. Lloyd Benson and Mrs. Emmett Simmons.

## MARTIN QUILTING CLUB

The club met with Jackie Spear in her home Wednesday, December 3. One quilt was completed. Lunch was served at the noon hour. Members present were Annie Waldrop, Lela Bulman, Eunice Land, Margaret Waldrop, Blanche Higgins, Sallie Christie, Dorothy Sullivan, Minnie Cannon, Linnie Cauthen, and the hostess, Jackie Spear. Visitors were Edna Perdue and Dana.

This is our last meeting of the year. The Christmas party will be with Lela Bulman at her home December 17.

LEADER CLASSIFIEDS GET RESULTS

## Clarendon College Reunion Held Saturday

Some 112 ex-students of Clarendon College, teachers and guests registered Saturday afternoon at the 60th Anniversary Coffee sponsored by the Clarendon Press. There were two former teachers present and some 80 former students.

The success of the reunion can not be measured by the relatively small attendance. It is only measured by the unexpressed emotions of the former students when they said, "There is Miss Howren" or "There is Coach and Mrs. Burton." And the happy smiles as they greeted former classmates—after a quick look at their registration cards. Many of them had not met since the last reunion in 1939. Among those who represented the first years of the college were: Mrs. Eugene Noland, 1899-1901; Mr. and Mrs. John McLean, 1900; Mrs. Stella B. Hearne, 1902; Mrs. Eugene Noland, 1902-1903; Mr. W. Jesse Stanford, 1902-1904; Col. Jefferson F. Isbell, 1902-1903; Mrs. Frank Bourland, 1903-1904.

The first graduating class was represented by Col. U. S. Army Retired, Jefferson Fletcher Isbell of Fort Worth, and W. Jesse Stanford of Hereford. Col. Isbell was appointed a chaplain in World War I, and was retired by the Methodist Church in June 1947 and relieved by the Army in February 1948. He is justly proud of the title of having made more soldiers smile than any other chaplain in the Service. Mr. Stanford is president of the Black Furniture Company of Hereford. But the two classmates of almost sixty years ago refused to recognize each others titles and with evident pleasure told jokes on "Izzie and Jessie."

Also attending the reunion was Mrs. Stuart H. Condon who repeatedly expressed her appreciation to those who made it possible for her to visit with former students and old friends in Clarendon. Clarendon's own First Lady, Mrs. Lena Antrobus visited with all age groups of the former students. She said, "I never attended Clarendon College but I attended every program and entertainment that was given at the college. Her husband, the late G. W. Antrobus, was one of the contributors to the fund that was raised in the summer of 1897, to found Clarendon College.

Some 100 former students and their guests attended the buffet supper at the Legion Hall. Ralph Randel of Panhandle was master of ceremonies. The informal program opened with a piano number, the College Song, composed by R. Deane Shure, the words by Hubert L. Sone, played by Mrs. Luma Noble Smith (Mrs. Rayburn Smith). Mr. Randel thanked the townspeople for their traditional hospitality, and the abundance of food. Mayor H. T. Burton responded with an invitation to all former students to visit Clarendon at any time. Mr. Stanford told how the people of Clarendon took those early day students into their homes and made them feel welcome. Rev. Hubert Bratcher, District Superintendent of Pampa, led the prayer.

In the discussion of an annual reunion, Mrs. Gladys Bryant Carter (Mrs. Orian W. Carter) and Mrs. Vera Sloan Davis expressed their appreciation to the people of Clarendon and the hope that a simplified plan could be worked out for an annual reunion. They suggested a Sunday afternoon coffee which would require only a place to meet, thereby relieving Clarendon of the burden of the expense and work of preparing for such a gathering. Miss Ruth Richerson spoke in approval of the plan and stated that she believed it will be worked out.

Mr. and Mrs. W. J. Adams are at home. Mr. Adams was able to be returned home Friday after spending the past eighteen days at Northwest Texas Hospital. He is improving nicely.

Mrs. Bess Stricklin and Mrs. C. T. McMurtry were Amarillo visitors Monday.

## Hunt And Fish License Sales Show Increase

AUSTIN—Anticipating a record year, more than 41,000 Texas sportsmen bought hunting licenses during September, according to the Fiscal Director of the Game and Fish Commission. September 1st began the second year of the \$3.15 hunting license fee.

On the basis of revenue collected, the Director reported receipt of \$123,443.45 from hunting license sales. This is an increase of approximately \$14,000 for the same period in 1952.

Remitting agents had until October 10 to pay for licenses sold during September; therefore, this does not include money on all licenses sold, the Director explained.

Fishing license sales totaled \$154,275.00 for the month. This figure represents more than 77,000 resident fishing licenses.

Sales of all types of licenses is expected to increase this year due to the good condition of game and fish populations throughout the state, the Director said.

Mr. and Mrs. W. J. Adams are at home. Mr. Adams was able to be returned home Friday after spending the past eighteen days at Northwest Texas Hospital. He is improving nicely.

Mrs. Bess Stricklin and Mrs. C. T. McMurtry were Amarillo visitors Monday.

### Harley J. Redin's Book, "The Queens Fly High" Has Been Released

PLAINVIEW — Now everyone can have the secrets of the record breaking Wayland Baptist College Hutcherson Flying Queens since Coach Harley J. Redin's book "The Queens Fly High" has been released this week.

At least that is the impression since most of the 19 chapters deal with Coach Redin's philosophy of coaching, especially in women's basketball. The three chapters on "practice drills", "offense" and "defense" are profusely illustrated with diagrams of play.

Wayland's Flying Queens under Redin's coaching are noted for their skillful ballhandling and for the demonstrations they put on before a game. These are illustrated with photographs of some of the young women who have helped win four National AAU Championships and set an all time record of 131 straight victories before losing a game in the 1958 AAU Tournament.

In the foreword Coach Polk Robison of Texas Technological College recommends especially chapters on "The Spectator", "The Coach" and "Coaching Suggestions" and states that he thinks "The Queens Fly High" will be interesting reading "whether you be coach, spectator or player." Robison pays tribute to Redin's coaching of both men and women's teams at Wayland for the past 12 years.

Dedication has been made to

Mr. and Mrs. Claude Hutcherson, sponsors of Wayland's Hutcherson Flying Queens since 1950. Through their sponsorship the team has been able by flying to meet outstanding women's teams around the United States and in Mexico without sacrificing their status as students. The Hutchersons use four Beechcraft Bonanzas from the Hutcherson Air Service.

Redin was assisted by J. P. Woodward, assistant editor of Plainview Herald and a great basketball player of the '20's, who edited the book, and by Miss Ailese Parten, Wayland director of public relations, who wrote the first chapter on the history of the unique Flying Queens. Photo credits go to Walter Frye, Plainview Herald photographer, and Wayland's Photography Department. Illustrations were done by Bill Neale and John Talley, Dallas.

Listed chronologically from 1947 to 1958 are the 77 young women who have been Hutcherson Flying Queens. The first games were played by 10 young women who wanted to play for fun but who could find only area high school teams against which they could play.

Listed with Redin as coaches are Sam Allen, Abilene; Caddo Matthews, Gruver; Smith Markham, Kermit, and Henry Garland, now in Illinois. Though Redin has been director of athletics at Wayland for the last 12 years, he has not devoted his full time to the Flying Queens as his Wayland Pioneer have been busy collecting a few NAIA district championships of their own. Redin has coached the Queens unassisted for three years and with assistants. Allen, honored recently as one of Oklahoma Baptist University's "all-time great athletes", coached three teams and assisted Redin and Garland two other years. Matthews, now coach at Gruver, coached the first championship and repeated the feat the next season. Markham, now a coach at Kermit, assisted Redin in 1956 in coaching the Queens to the third championship. Garland coached in the pre-championship period.

**State To Free 1,000 Coturnix In Valley Area**  
AUSTIN—One thousand coturnix quail are scheduled for release by the Game and Fish Commission in the Rio Grande valley as a part of the experiment in introducing this bird in Texas, according to the Assistant Secretary of the Game and Fish Commission.

The birds were produced at the State Game Farm at Tyler. Some 20,000 of these birds will be distributed throughout the state this year, under the projected program. Last year 9,600 were distributed.

These migratory birds are released in selected areas of the state to study their movements, preference, and general characteristics, according to the Secretary. Each bird is banded before it leaves the hatchery. Hunters who kill the Coturnix this year are requested to send these bands in to the Austin office of the Commission, or deliver them to

their local game wardens. Unbanded birds should also be reported as a check on reproduction.

The Coturnix is a Japanese import, slightly smaller than the bobwhite. There is no thought that it will replace the bobwhite as a game bird. Instead it is hoped that it can supplement the bob in areas where the bob does not thrive.

Other mid-western states also are taking part in the program. Nebraska already has released nearly 15,000 birds this year.

Other birds are being released by Missouri, Arkansas, and Oklahoma. Some of the bands recovered in Texas last year were from those states.

An acre of performance is worth a whole world of promise.

Nothing cooks a man's goose faster than a red hot temper.

Mrs. N. L. Jones returned home Saturday night after a visit with her son, Joe Jones, in Chattanooga, Tenn.

**LELIA LAKE SCHOOL NEWS**

The students, faculty, and PT-A wish to thank all who helped in any way to make the recent Halloween Carnival such an outstanding success. Many hours of hard work were put in on the festivities.

Each of the four teams sponsored by the school played two games over the weekend in basketball tournaments. Both junior high teams won opening contests and lost in the semi-final round at Lelia.

The same record was set by the girls of the senior high aggregation at Lakeview, but the boys took both of their contests to emerge as champions. Jean Fox made the all-tournament team in the girls' section, while Wayne Chenault and John Bob Butler won this honor among the boys.

Definite signs of preparation for Christmas are to be seen over the building, and the homemaking girls are having a lot of fun and enough trouble to constitute a challenge as they work on their leather belts.

### STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin — Texans are on about the 10-yard line in the drive to set a traffic safety record in 1958. Safety officials will count it a "touchdown" if at the end of the year traffic fatalities have been reduced by 10 per cent of the 1957 toll. Despite the emphasis on percentages and numbers, it is not a campaign for statistical glory. None of the players on the safety crusade team can hope to benefit personally from an impressive scoreboard. Nor are they out to "win for the coach." Gov. Price Daniel already has had his "contract" renewed—at last summer's elections. Real winners will be 254 Tex-

as people. All of them would be dead by Dec. 31 if last year's accident rate continued. For the first 10 months of this year Texas has been achieving its aim of a 10 per cent cut in traffic deaths. This has been done even though travel has increased two per cent. But the last four weeks—like the last four downs in front of the goal post—will be the hardest. Christmas and New Year's holiday traffic will multiply driving dangers many times. State officials, patrolmen and all the civic-minded associations and commissions and councils are geared for an all-out push.

But actually "getting there" will depend on each Texan putting "drive safely" at the top of his Christmas list. SAFETY LEGISLATION—For greater safety in the years ahead, the Governor's Highway Safety Commission will ask the next Legislator to pass a six-point program. Points in the program: (1) state aid for driver education in the public schools, (2) creating county-wide courts of record to handle traffic violations, (3) legalizing use of chemical tests to determine intoxication, (4) strengthening drivers license law, (5) revising and updating the uniform vehicle code and (6) increasing salaries for members of the Department of Public Safety and starting a program to bring the highway patrol to the national minimum standard of 1,600. Essentially the same program also has been endorsed by the Texas Safety Association and the Texas Congress of Parents and Teachers. SCHOOL REPORT COMPLETE—Hale-Aikin Committee has completed its study and

agreed—with some difficulty — on a proposed program for improving public schools. Final report is 37 pages long, detailing improvements and expansions that would increase school spending by \$110,000,000 a year. Suggestions for upgrading the quality of public education include more days of school, more pay for teachers, driver education, special programs for the gifted, pre-school teaching of non-English speaking children, clearcut assistance for teachers, etc. Full final report will be printed within two or three weeks for distribution to legislators and interested citizens. Copies may be obtained from the Texas Education Agency, Austin. SCHOOL LAW TESTED—Texas officials are studying carefully the similarities between Texas' and Alabama's pupil placement laws. U. S. Supreme Court declared the Alabama law unconstitutional "on its face." But the court indicated the law might be considered unconstitutional in the way in which it was applied.

Texas' pupil placement law, in the same general pattern, was tested in court. It allows school officials to assign students to certain schools on the basis of 17 factors — aptitude, intelligence, home environment, personal conduct — almost anything except race. Atty. Gen. Will Wilson said all the court tests of similar laws are being watched. By the end of the year, he said, "we should know pretty well what the law is." PRISON FUNDS RUN SHORT —Texas Board of Corrections will ask the Legislature for a half-million-dollar emergency appropriation to finish out the fiscal year. Untimely fall rains caused heavy losses in the Prison System's cotton crop. Result is that the system, which pays more than half its own way with prison industries and agriculture, will run short by an estimated \$560,000 by Aug. 31. Department of Corrections also will be asking for funds to expand its overcrowded facilities. Needed, says the Board, is \$9,050,000 to build two new units for prisoners and one tuberculosis unit. GO SLOW—"Like pay for like work" is a great idea, says the Texas Public Employees Association. But its members, the state employes, are wary of any effort to put a job classification system into effect in a hurry. TPEA says it will study carefully the job classification study made by the Texas Employment Commission at the request of the last Legislature. Employes said they might have some recommendations of their own by the time lawmakers meet. TEC's study makes no salary recommendations but is simply an individual description of some 26,500 state jobs. Some employes fear that attempts to adjust pay inequities between similar jobs would only result in more inequities. Others say the task of adjusting and supervising job classification would create another mushrooming, money-spending bureau. RE-TREAD FOR ROADS —Texas Highway Commission has

okayed a \$20,000,000 program for improving 3,061 miles of existing farm roads. Age and heavy use has brought need for re-surfacing, bridge widening and shoulder replacement, said the commission. Texas' farm-to-market road system has grown from 3,060 miles in 1958 to the present 28,203 miles. SHORT SNORTS — Texas Independence Day Association has announced a \$280,000 program for improving Washington-on-the-Brazos State Park, site of the signing of the Texas Declaration of Independence. It hopes to raise the money privately, create a tourist attraction and suitable site for March 2 observances. State Department of Health is showing off its new "home" — a \$3,000,000 building just completed on the northern outskirts of Austin. Texas has had a teen-age crime wave in 1958, says Dept. of Public Safety Director Col. Homer Garrison Jr. Juvenile arrests are at an all-time high, up 16 per cent from last year.

### HUDGINS NEWS Mrs. Carl Barker

Those to visit Mr. and Mrs. G. W. Beasley Sunday night were Mr. and Mrs. E. H. Moore of Clarendon and their daughter, Jo Ann Moore, of Amarillo. ## Baptist Church Choir To Present Cantata December 14th

"LOVE TRANSCENDING," a Christmas Cantata by John W. Peterson, will be presented by the choir of the First Baptist Church on the night of December 14, 1958 at 7:30 p.m. at the First Baptist Church in the main auditorium under the direction of Mr. Harry M. Skaggs, Music and Education Director of the Church. Mr. Peterson, author of the famous Gospel song, "It Took a

Miracle," has used various Carols based around the theme Love Transcending for this one-hour composition. Old favorite hymns and carols such as "That Beautiful Name", "The Birthday of the King", "O Holy Night", and "Silent Night," have been blended with new composition and accompanying scripture narration to give a complete account of the birth of Jesus Christ.

This Cantata fulfills two desires. It is an excellent testimony but also transcends the materialism which many may associate with the birth of our Lord and King, and brings to us the real meaning of Christmas. Soloists for the coming program are: Mr. Harry M. Skaggs, baritone, Miss Nancy Henry, soprano, Miss Andra Pinkerton, soprano, Mrs. Jane Leathers, alto, Mrs.

Eloise Ashcraft, alto, Mrs. W. W. Pinkerton, alto, Mrs. Billie Jean Moore, alto, Miss Sandra Pinkerton, alto. The organist is Mrs. Jo Ellen Pfeiffer and instrumentalists include Miss Connie Williams at the piano. The program is open to the public and there is no charge.

in the referendum. Their wives also are eligible. The referendum will be held between the hours of 8 a.m. and 6 p.m. on Monday, December 15, at the following polling places: For A and C Communities—the County ASC Office in Clarendon. For B Community — Lovell's Store and Garage in Ashtola. For D and E Communities — Cook's Grocery Store in Lelia Lake. For F and G Communities — City Hall in Hedley. For the West part of H Community—Jesse R. Grogan Home. For the East part of H Community — Bernard McClellan Home. Be sure to VOTE. Have you MOVED? If you have moved will you please notify this office so that all records can be changed and corrected where necessary? In reference to Practice E-3-b, contour listing and chiseling, we reported last week that applications would be accepted for chiseling only. Due to the fact that we still have a surplus of ACP funds, the County Committee has since approved listing also. Those producers who intend to carry out listing or chiseling as a protective against wind eroding should come by the office as soon as possible to make application. The

work must be completed by December 31 to qualify for payment on the 1958 program. Visiting with the Ernest Phillips family last Sunday and attending Calvary Baptist Church services were a son, Tommy Phillips and family from Pampa, another son, Billy Phillips and family of Amarillo, a brother, George Phillips and wife of Pampa, and a sister, Mrs. Brooksie Spencer of Kerman, Calif. Those visiting Mr. and Mrs. James Shults and children over the week end were Mr. and Mrs. Mark Shults and family of Tulsa, Mr. and Mrs. Barney Baten and LaQuita of Memphis, Mrs. Emma Gregory of Clarendon. The occasion was Sandra Shults 12th birthday. Mr. and Mrs. W. A. Marshall had as their guests the past week Mr. and Mrs. John Angelus and son, Mark, of Long Beach, Calif., Mrs. E. F. White of Mullen, Texas and Mrs. Mae Angelus of Portland, Oregon. Mrs. John Angelus and Mrs. White are Mrs. Marshall's daughters. Jimmy Shults is reported doing fine now after a quite lengthy illness including a week or so in Goodall's Hospital at Memphis. Solve the gift problem—Give the Leader.

**FOR 1959** Cotton acres that will not be planted on the farms to which they were allotted can be released for reappointment to other farms in our county, except that there are some farms for which cotton allotments are not eligible for release and these are shown below: 1. Any Group II (1959 New Grower) farm. 2. Any Group (Old Grower) cotton farm where such release is opposed by the owner or the holder of a real estate lien on the farm. 3. Any Group I farm which the county committee determines is being acquired for governmental or other public purposes. 4. Any Group I farm for which the Choice (A) allotment has not been selected including any farm for which the operator has not made any election by the closing

date. 5. Farms in Soil Bank Conservation Reserve may release their cotton allotment but it cannot be reappointed to any other farm. The 1959 cotton allotments may be released on or before April 17, 1959 and all released acres will be reappointed to other farms on or before April 24, 1959. **NEW COTTON FARM ALLOTMENTS** The County Committee shall consider establishing an allotment for each farm where cotton has not been planted the last three years but on which the operator wishes to plant in 1959 if (1) the farm operator files an acceptable application for a New Grower Allotment on or before Feb. 16, 1959; and (2) the farm operator is largely dependent on income from the farm for his livelihood and (3) the farm is the only farm in the county which is owned or oper-

ated by the farm operator or farm owner for which a cotton allotment is established for 1959. **COTTON MARKETING QUOTA REFERENDUM** How farmers vote in the cotton marketing quota referendum to be held throughout the Nation's cotton-growing area on December 15 will determine whether quota penalties will apply the kind of allotment program in effect, and also the level of price support for 1959-crop cotton. The referendum therefore is of vital concern to every cotton grower, says Wm. H. Cooke III, Chairman of the Donley County Agricultural Stabilization and Conservation Committee. The marketing quota program an opportunity to elect a choice year's crop, the chairman explains, if at least two-thirds of the votes cast in the referendum

are in favor of the program. In that case, farm operator will have an opportunity to elect a choice between (A) complying with their "Regular" farm allotments—with price support available at not less than 80 per cent of parity for the 1959 crop of upland cotton, or (B) complying with an increased farm allotment 40 per cent larger than the "regular" farm allotment — with support at a level 15 per cent of parity lower than under the first choice; quota penalties will apply to any cotton produced in excess of the chosen allotment. If more than one-third of the voters are against quotas, there would be no quota penalties, only the "regular" allotments would be available, and the price support level to eligible growers would drop to 50 per cent of parity. All farmers who were engaged in the production of upland cotton in 1958 will be eligible to vote
