CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, DEC. 10, 1959

A Common Paper for Common People

MASONIC HOME in Fort Worth has just celebrated its sixtieth anniversary. More than 150 children and grandchildren of Texas Masons make their home at the famous institution, which has one of the State's finest independent school systems. Pictured here are members of the 3rd, 4th and 5th grades seated at their new study centers which adjust to the individual child's needs.

Final Plans Being Completed For Bull Sale Dec. 18th

County Agent H. M. Breedlove says that everything is about ready to go for the big bull sale to be held in Clarendon on the 18th of December. The new addition to the barn has been completed and the sales arena erected and the committees have functioned perfectly.

W. H. Cooke, III, President of the Association, is calling a final meeting of the directors of The Rolling Plains Registered Beef Cattle Association for the night of the tenth of December at 7:30 p.m. in Breedlove's office to go over the final details of the sale and to take all the directors to the fair building to look over the set up and make the final check on all departments. Seating capacity is over three hundred in the arena.

Cattle will start to come in for the sale around the twelfth or thirteenth when eleven Galloway bulls will come in by rail from California, most of the cattle in this area will start to come in to the barns on the fifteenth until the morning of the seventeenth. The bulls will be classified for sale order at 2 p.m. on the seventeenth. Jack Roach of Amarillo, Texas, and Bill Stockstill of Pampa, Texas, will classify the bulls.

The entire board of directors wish to thank the county commissioners court and the county judge for their wonderful cooperation in the coming sale and also for the wash rack for livestock erected by the county. They furnished the material and members of the association erected the wash rack.

Mr. Cooke says that everyone is invited to the directors meeting on the night of the tenth and he hopes that everyone who attended the first meeting of the association will attend.

Santa To Arrive Sat., Dec. 19th

The Leader was informed this morning that arrangements had been made for Santa to make his annual visit to Clarendon Saturday, December 19th, at 10 a.m.

This jolly good fellow will arrive on the Fire Truck and sacks of goodies will be passed out to all youngsters at the Christmas Tree on the Court House lawn immediately following his arrival.

All you youngsters mark December 19th on your calendars and remind mother and dad to bring you to town to visit with Santa on that date.

Services Held Tues. For Mrs. D. S. Smith

Funeral services were held Tuesday afternoon at the Church of Christ for Mrs. Maggie Mae Smith with John L. Davis, local minister, officiating.

Mrs. Smith, 67, died at her home Sunday afternoon following a lengthy illness. She had been a resident of Donley County 41 years. She was a member of the Church of Christ.

Survivors include the husband, Dee S. Smith, one daughter, Mrs. Wilma Dee Richardson of Phillips; two sisters, Mrs. F. E. Caraway of Clarendon and Mrs. J. J. Thurman of Temple, Okla. Pallbearers were Marvin Jones, George Hillis, Glen Williams, H. S. Richardson, Lawrence Smith, and Al Dever.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

The Leader makes a good Christmas Gift.

Formway Buys White Auto Store Here

A. L. Formway has purchased the White Auto Store here from Mr. and Mrs. William Payne. The sale was effective as of December 1st.

In making the announcement, Mr. Formway stated that he was enlarging the stock and a more varied line of items would be offered in the future. See the White Auto Store advertisement in this issue of the Leader for more details.

Mr. Formway, who has been employed by Simpson Mill and Feed Store the past three years and operated his stock farm southeast of Clarendon the past four years, recently sold his farming interests to Clyde Wilson who will move back here from California around the first of the year.

Mr. Payne, who has operated the White Auto Store here the past 14 years, stated that he did not have any definite plans at present but that he and Mrs. Payne would continue to make Clarendon their home. He will remain with the business here for a few weeks to help Mr. Formway get better acquainted with the general operation of the store.

First Christian Church To Have Special Service Sunday

The First Christian Church will have special services Sunday, December 13, at the regular morning worship hour, announced Paul Hancock, Minister.

A group from Dallas Christian College will be in charge of the special services. Dr. Norman McFarland, professor from the college, will bring the morning sermon, and special music will be furnished by one of the college quartets.

Immediately following the worship hour the church will have a Fellowship Luncheon in the basement.

Services begin at eleven o'clock and the public is extended a cordial invitation.

School, 4-H And Scout Leaders To Meet

School Superintendents, Boys 4-H Leaders, County Agents and Scout officials of Hall and Donley County will meet in the Commissioners Court Room of the Hall County Court House in Memphis on Friday, December 11, at 3:00 p.m. in a session designed to further the respective and collective programs of the three organizations. Since the rural schools, Boys 4-H and Scouting have so much in common this meeting will be an effort toward making the program of each more effective.

The meeting will be under the direction of Mr. Charles S. Griffin, Assistant Director of Rural Scouting, National Council, Boy Scouts of America. Mr. Griffin has been in the service of Rural Scouting for several years and is well equipped to help in the coordination of the School, 4-H and Scout programs.

Tops Gilreath, County Superintendent of Hall County will be hostess for the meeting and is making contacts with the school men of Hall County. Ruth Richardson, County Superintendent of Donley County is making contacts with the school men here. County Agents Hooser and Breedlove are making contacts with various Boys 4-H leaders.

This will be the first opportunity for the Comanche District and the Adobe Walls Council has had to have direct service from the National Rural Scouting Service.

Christmas Mailing Expected To Break Previous Records

"The time has passed to talk about 'Mailing Early for Christmas,'" Postmaster James R. Moore said this week, "but our patrons can still help the Postal Service avoid a tremendous last-minute pile-up of Christmas mail by sending all packages and cards right now!"

To the inevitable last-minute mailers he suggests that Air Mail postage be used on all gifts and cards going to distant cities.

The Postmaster said that Regional Postal officials were expecting the Christmas mail volume this year to break all previous records. And this mail load is expected to hit its peak next week.

He cautioned local post office patrons to make sure that all packages are addressed carefully and that zone numbers are included on mail going to large cities with zoned delivery.

"There is still time to mail cards for local delivery," Mr. Moore said, "but they should all be in the mail by the end of next week."

He recommended that cards going out of town be sent by first class mail (4c postage) in order that they may be returned or forwarded in case the addressee has moved. And he pointed out that it is quite proper to affix your return address on Christmas cards.

The Clarendon, Texas Post Office offers window service from 8 a.m. until 5 p.m.

TRADE DAY WINNERS ANNOUNCED

Three winners of last Saturday's Trade Day event were announced as follows: \$25, Mrs. Will Kennedy; \$10, W. H. Ellis; \$5, M. W. Hatley. No participating merchant was listed on any of the tickets. Don't miss this event Saturday afternoon at 3:30, you may be one of the lucky persons.

A new firm, Crutchfield Texaco Service, was added to the list of participating merchants this past week.

PRESBYTERIAN SERVICE SET FOR DECEMBER 20

The Annual Candlelight Service of the First Presbyterian Church will be held Sunday, December 20, at 5:30 p.m. at the Presbyterian Church. The church choir will provide the music under the leadership of Mrs. Gary Barnhill. Everyone is most cordially invited to this annual event.

SIMS P-TA TO MEET TODAY, DECEMBER 10

The Sims P-TA will have its monthly meeting today, December 10th, at 3 p.m. in the Junior High auditorium. The program will be presented by Mrs. Velma Weaver and a group of her pupils. Everyone is invited to come and enjoy this program. An executive board meeting at 2 p.m. will precede the regular meeting. There will be cartoons shown at the Mulkey Theatre at 2:20 for pre-school, grade school and Jr. High children. Admission will be 10c per child.

HOSPITAL NOTES

Patients as of Wed., Dec. 9: Mrs. O. T. Hill, Troy Leathers, U. T. Fowler, M. L. Rattan, Mrs. Shirley Hill, Mrs. Ruby Bilyeu, and Mrs. R. P. Wood.

Dismissals: Lee Ellen Bell, Mrs. W. M. Boston, J. R. Brandon, A. G. Carter, Mrs. Homer Estlack, Mrs. Harmon Goodman, Mrs. Sybil Larkan, Mrs. Joe Pfeiffer, Charles Starkey, R. P. Wood and Marvin Young.

Methodist Church Christmas Music Program Sun., Dec. 13

The First Methodist Church here will present its annual program of Christmas music Sunday, December 13, at 5 p.m. The program will be under the direction of Miss Mantie Graves and Mrs. Frank Phelan, Jr., and will consist of numbers by both the Chancel and Celestial choir. A cordial invitation is extended to everyone to attend.

The program is as follows: Festival Prelude, Mary Louise Caldwell, Robert Moss; The Promise, Chancel Choir; Once in Royal David's City, Wanda Ryan and choir; The Apparition to the Shepherds, Celestial Choir; Jesu, The Very Thought of Thee, Chancel Choir; The Star, Narrator, Clyde Hudson, Women's Chorus; Holy Night, Chancel Choir; The Wise Men, Clyde Hudson, Men's Chorus; Away in a Manger, Celestial Choir; Silent Night, Chorus and Congregation; Angels Lullaby, Chancel Choir; Sleep Little Jesus, Women's Chorus; Glory To The King of Kings, Chancel Choir.

Dwight McAnear Student Of The Month

Dwight McAnear, son of Mr. and Mrs. J. G. McAnear, was chosen Student of the Month at Clarendon High School.

Dwight, a freshman, is taking five subjects. They are English I, Algebra I, World History, General Science and Spanish I. He has been on the "A" Honor Roll for the past two six-week periods. Dwight was a player on the Broncho football team and is now on the basketball team. He is also the vice president of the freshman class.

This month the student body gave nominations and they were voted on by the Student Council. The Student of the Month must have an average of 85 or above.

School Music Dept. To Present Program

The Public School Music Department will present its annual Christmas program the evening of December 17, at 7:30 p.m. in the college gymnasium. Boys and girls from the third, fourth, and fifth grades, and the College Choir will be featured on the program which will carry out the Christmas theme.

Mrs. J. N. Weaver will direct the presentation. The public is invited to attend and there will be no admission charge.

HIGH SCHOOL TEAMS TO PLAY IN TOURNAMENT

Both the high school boys and girls basketball teams will enter the White Deer tourney this week end. The boys will play Briscoe Thursday evening at 5:45. The girls take on Friona Friday morning at 9:30 a.m. Friona is considered as one of the strongest girls teams in the region and will give the locals plenty of competition.

CUB SCOUT PACK MEETING DECEMBER 10

There will be a Cub Scout Pack meeting in the basement of the Christian Church December 10th at 8 p.m. All mothers and dads who are interested in their boys being in the Cub Scouts are urged to be present.

Herman B. Barnes, Cubmaster, stated that he could not assume the responsibility of the Pack alone and that he needed the help of every mother and dad. "If you want your boy in the Cubs, be at the Christian Church Thursday night with the will to work," Barnes added.

Over 10,000 Bales Of Cotton Ginned To Date In Donley County

Annual Donley County Fat Stock Show Set For Dec. 31st

The planning committee for the Donley County Fat Stock Show met in the office of County Agent H. M. Breedlove on the night of the third of December and set the dates for the county show for the thirty-first of December.

All calves are to be in the show barn by ten a.m. on that date and the judging will start at one p.m. Mr. Richard Ligon with the Animal Husbandry Department of Texas Tech College was selected for the judge. There will be approximately fifty-five calves in the county show this year.

4-H Club and FFA members will leave for the Odessa show on January the first for the first major show of the year. All departments of the Donley County Fat Stock show will be worked out at a later date by the board. Jerry Hawkins is chairman of the finance committee for the Fat Stock show. Those present at the meeting were C. L. Lewis, President W. H. Cooke, III, Supt. of Shows; H. M. Breedlove, Secretary and Manager; Jerry Hawkins, Finance Chairman; Herman Boone and C. E. Deyhle.

Bulldogs Play Lamar Here Friday Night

The Clarendon Junior College Bulldogs, sporting a record of four wins and no defeats for the season, will meet the Lamar, Colorado, team here Friday night. The game is scheduled for 8:00 o'clock. The Bulldogs opened the season with a narrow 48 to 47 win over Lamar and the return game here shapes up to be a real battle.

Coach Young has indicated that his starting line up will probably be Alva Carter at center, Felix Johnson and H. D. Yarbrough at forwards and Bobby Lesley and Jimmy Humphreys at guards. Carter, Johnson and Yarbrough are all sophomore lettermen from last year's zone championship team, and Lesley and Humphreys are freshmen. Lesley is from Hedley and local fans will remember him as the spark plug and all-regional player of the fine Hedley team that went to the state tournament last year. Humphreys is from Ron, Oklahoma, and is a very promising player, but got off to a slow start this season. He finally hit his stride Monday night with 19 points against Sayre, Oklahoma, and earned the starting berth for Friday night's game.

Other players who are showing lots of hustle and promise include John Alexander, Dee Blevins and Oscar Bronniman, all freshmen. Alexander is from Sannorwood, Blevins from Spearman and Bronniman from Adrian.

Marvin Young, who had won a starting position and was looking great on defense, was lost to the team last Saturday night with a broken arm. Young has been plagued by injuries all through his basketball playing career. He suffered a broken jaw his sophomore year in high school and a broken leg his senior year.

Next week the Bulldogs journey to Kansas for two games with the always tough Pratt and Hutchinson teams. They will play Pratt on Monday night and Hutchinson on Tuesday night. Their next home game after this Friday night's game will be against Hutchinson on Dec. 23.

In making a survey of the four gins located in Donley County yesterday, we found that a total of 10,324 bales of cotton had been ginned or was on the gin yard as of Wednesday. This figure is possibly several hundred bales short of the actual number ginned as we understand that a large number of bales have gone to Hall and Collingsworth counties to be ginned when the local gins were overloaded.

It is estimated that around 1,000 bales are yet to be harvested in the county. The overall estimate on the number of bales to be produced in the County is around 13,000 bales which will exceed the 1958 crop by several thousand.

In making the count Wednesday, the three Paymaster gins, located here, Lelia Lake and Martin, had ginned a total of 6,904 bales and the West Texas Gin at Hedley had ginned 3,420 bales. The grade on the cotton all the way through has been higher giving our farmers more money for their product.

Another week of comparatively fair weather should see the cotton harvest laid by.

Fire Damages Goodman Home

Fire of undetermined origin broke out in the attic of the Harmon Goodman home in southeast Clarendon about mid-morning Monday, causing considerable damage both to the house, which is owned by Mrs. Cleo Farr of Amarillo, and to the household effects of the Goodmans.

Upstairs rooms in the home were sealed which made it difficult for the firemen to reach the blaze. Most damage to the house was upstairs other than the smoke and water damage. Practically all of Goodman's household effects were damaged to some degree by the smoke and water and most items upstairs were considered a total loss.

While firemen were attempting to reach the flame, friends, neighbors and volunteers were removing all household effects possible and Mr. Goodman stated that he and his family wished to thank everyone who helped during the fire and getting them relocated that he was not able to contact personally.

The Marion Cross house on east 2nd street had just been vacated and the Goodman family were able to move on in Mr. Goodman is an employee of Bob Moss Pharmacy.

Graveside Services Here Wed. For Mrs. Elmore

Graveside services were held here Wednesday afternoon for Mrs. Edna E. Elmore with Rev. C. T. Williams officiating. Services were held at the Quana Baptist Church Wednesday morning.

Mrs. Elmore, 89, died in a Quana hospital Monday afternoon. She had been a resident of Quana the past 11 years and prior to that time was a resident of Donley County 37 years. She was a member of the First Baptist Church here.

Survivors include a daughter, Mrs. Monty Garrison of Quana, a son, Fontayne Elmore of Clarendon, six grandchildren and eight great grandchildren.

Pallbearers were Cap Morris, Carl Naylor, J. G. McAnear, J. H. Spier, Jr., Clyde Hudson and Bill Porter.

Burial was in Citizens Cemetery with arrangements under the direction of Murphy Funeral Home.

MEMBERS OF

Texas & Panhandle Press Associations

ASHTOLA NEWS

Mrs. Doyce Graham

Mr. and Mrs. Chick Russell of Hereford and Mr. and Mrs. J. T. Sykes and Joe of Amarillo visited Mr. and Mrs. Warren Hardin during the week end.

Loren and Leon Rhoades of Amarillo visited Mr. and Mrs. Hubert Rhoades and Mary Sue Sunday.

Mr. and Mrs. Harold Green and daughters of Borger visited in the Hubert Rhoades home Sunday.

Mrs. Alton Damrom and children from Hereford spent Sunday with Mr. and Mrs. J. M. Graham.

Funeral services for Lee Satterwhite, former speaker of the Texas House, were held Wednesday in the First Baptist Church in Panhandle. Mr. Satterwhite, 88, died in Veterans Hospital in Houston. He purchased the Panhandle Herald and published it for several years. He was a charter member of the Panhandle Press Association. A veteran of the Spanish-American War, he was active in the Baptist Church and in the Texas Press Association. He was the father

of Lee Roy Satterwhite, and we extend our sympathy to this family. Attending services in Panhandle were Mrs. Slaton Mahaffey and Mrs. Ben Lovell.

Mr. and Mrs. Slaton Mahaffey visited L. P. White in Groom hospital Sunday.

Mr. and Mrs. Harold Graham visited Mr. and Mrs. Haskell Talley and children at Dodson Sunday.

Mr. and Mrs. Rex Hopkins and children of Canyon visited Mr. and Mrs. Doyce Graham and boys Saturday night.

Mr. and Mrs. Bobby Brown, their three daughters and son visited Mr. and Mrs. Ben Lovell Monday. They are moving to Walsenburg, Colo.

Mr. and Mrs. E. C. Dewey visited Mr. and Mrs. W. A. Poovey Thursday.

Haskel Earl Hay of Terrell, Tex., visited friends here Monday. He has just returned from overseas duty, and has four more months to serve in the army.

Mr. and Mrs. Olin Cook of Claude visited Sunday with the Robert Partains.

Mr. and Mrs. Ray Walker of Amarillo spent Sunday night with Mr. and Mrs. Robert Partain and children.

Mary Kay O'Neil of Clarendon

spent Sunday night with Roberta Partain.

Mr. and Mrs. David Lane visited in the J. B. Lane home Sunday.

Mrs. James Tolbert, Mrs. J. E. Kidd and Ellen Murphy visited Mrs. Lula Nelson in Newlin Sunday.

Mrs. James Tolbert attended a Stork Shower in the Glenn Hall home in Amarillo Monday honoring Mrs. Norma Hall.

Our club met Dec. 3 in the club room with Mrs. Ruby White hostess. Pollyannas were revealed and new names drawn. New officers were elected for 1960 as follows: President, Bernice Lamberson; Vice Pres., Lena Mae Graham; Sec. and Treas., Laura Mahaffey; Assistant Sec., Ismaell Gray; Reporter, Viola Graham; Club Mother, Elizabeth Graham. We were honored to have Mrs. Ella Evans as a guest. Fifteen members were present. The hostess served cake, coffee, or hot chocolate.

Our next meeting, Dec. 18, will be a night one for the whole family, and we will have a short Christmas program and sing carols. We changed our meeting date from the 17th to the 18th. Come at 7:30. Each lady bring a gift for a lady, and each man bring a gift for a man. Cost not to exceed a dollar per gift, put no name on it; we will number the gifts. Motion was made and carried to bring fruit or nuts or silver offering for a needy family. Bring a gift for each child you bring.

Mr. J. F. Parker, who lives in Calif., is very ill. He is the father of Mrs. Hall Hardin and she is in Calif. at his bedside.

Loggerin' is the term cowboys use for riding out of the chute at a rodeo with the hand, or hands, gripping the saddle horn.

HEDLEY NEWS

Mabel Bridges

Attending Charter Night Banquet at Lelia Lake Lions Club from Hedley were Mr. and Mrs. J. S. Hinds, Mr. and Mrs. M. O. Weatherley, Mr. and Mrs. C. L. Cherry, Mr. and Mrs. Hobart Moffett, Mr. and Mrs. H. H. Hall, Mr. and Mrs. Billy White, Mr. and Mrs. T. J. Cherry and Virgie McPherson.

Word has been received that Rev. Melvin Mathis and family have moved to McAdoo to make their home. Bro. Mathis will be full time Methodist pastor there.

We are very proud a Hedley boy, Gene Floyd, has been chosen the Gold Star 4-H Club boy from Donley County for 1959. Congratulations Gene.

Recent visitors in the John Tate home were Mr. and Mrs. Jerry Don Howell of Spur, Mr. and Mrs. Archie Collins of Amarillo, Mr. and Mrs. James Jeffers of Memphis.

Little Miss Charlotte Johnson of Matador visited the first of the week with her grandparents, the C. L. Johnsons.

Mr. and Mrs. Rowe Plunk of Midland and Mrs. Josie Plunk of Sunray visited in Hedley Saturday.

Mesdames Joe Kennedy, Ocie White, Lois Moffitt, Billie Alexander, R. M. Bradley, Mabel Bridges and Jo Ann Leathers of Lelia Lake made a business trip to McLean Friday.

Mrs. R. E. Newman enjoyed a visit from Mr. and Mrs. L. A. Tucker of Estelline, Mr. and Mrs. Lanny Tucker and son, Jim, from Hart, Mr. and Mrs. Tommy Newman and Christi of Austin over the week end.

Recent visitors in the home of Mr. and Mrs. Walter Johnson were Mr. and Mrs. Perry Owens, Straford, Okla.; Mrs. Georgia Harper and sons, Cecil and Donald, and grandson, Mr. and Mrs. Bill Dwyer, all of Denver, Colo.; Mr. and Mrs. Blackie Johnson and baby of Memphis; Mr. and Mrs. Arthell Gibson and Donna and Rodger of Pampa. Mesdames Owens, Harper and Johnson are sisters.

Mr. and Mrs. Billy Bridges and bbay of Amarillo visited Mrs. W. I. Rains Thursday.

Recent visitors in the Frank Kendall home were Chaplain Rex Kendall and family of Fort Hood.

We extend sympathy to Mr. M. Potts in the death of his mother. Funeral services were held in San Antonio. Mr. Potts attended.

Mrs. Sam Younger and Kathy attended the funeral of her brother, Lowell Bridges, at Catoosa,

Tax-Man Sam Sez:

Retired taxpayers have been given a lot of extra tax deductions by Congress. It is very important that taxpayers with retired income read their instructions. Here are some of the benefits:

Okla., Sunday.

The Hedley Garden Club met Tuesday, Dec. 1st, in the Bank committee room. Twenty members answered roll call with a favorite recipe. Mrs. Simmons gave the Christmas legends of flowers and plants of foreign countries. The program was concluded with an old fashioned Christmas in America.

Mrs. Roy Jewell installed officers with a very pretty and appropriate ceremony. Officers installed for 1960 were President, Mrs. S. G. Adamson; Vice President, Mrs. Leona Taylor; Sec. Treas., Mrs. Mabel Bridges; Reporter, Mrs. W. E. Grimsley.

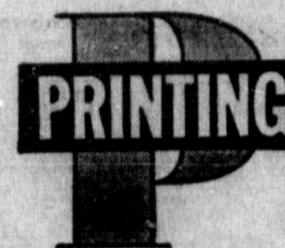

Mrs. Verda Hall had beautiful Christmas center pieces on each table as her part on the program. Delicious refreshments of prune cake and coffee were served to guests, Mrs. Lela Moffitt, and Mrs. Vashti Stackpole of Washington State. Hostesses were Mesdames Oscar Moore, Harrison Hall and Ross Springer.

Plans were made for the Xmas Party Dec. 11th.

1. An extra personal exemption for the taxpayer over 65. This can mean two extra exemptions — the husband and the wife.

2. Up to \$240 retirement income credit for the taxpayer. This is a reduction in the amount of taxes you pay. You may be due this credit for both husband and wife. The community property law gives double credit in some cases or it can make you lose your credit in other cases.

3. A tax credit for your pension or annuity. Don't forget the community property law here. Read your instructions carefully.

GAMMA KAPPAS MEET IN MEMPRIS

Members of Gamma Kappa Chapter of the Delta Kappa Gamma Society for Women Teachers held their December 5 meeting in Memphis.

A delicious fried chicken luncheon was served at the Cyclone Inn at 12:00 noon. Clever little snow men and Christmas ornaments gave a festive holiday air to the "U" shaped tables.

Miss Inez Blankenship gave the invocation. After the luncheon the group drove to the Travis Elementary School for a very impressive initiation ceremony. Mesdames Betty Welch, Reba Stroehle and Miss Alma Bruce were initiated into the society.

The president, Mrs. Velma Weaver gave a short welcome to the new members and greetings to all; she asked for reports from the various committees; she announced that the "white elephant" sale would be held in January at the Childress meeting and that the money realized from the items auctioned would be contributed to the scholarship fund.

A Christmas program followed the business meeting. Miss Blankenship led the group singing Christmas carols, "Joy to the World," "Silent Night," "Jingle Bells," and "We Wish You a Merry Christmas."

Miss Esta McElrath gave a very clever rendition of the Christmas story. She read the Biblical account of the birth of Christ as found in the second chapter of Luke, verses 1 through 17. She then gave two original poems, a lyric, "Upon That Christmas Night" and a sonnet, "Nativity."

Mrs. Velma Weaver and Mrs.

Faye Pinkerton sang a duet, "Under the Stars."

The concluding part of the program was the exchange and opening of gifts around a beautifully decorated tree.

Other Clarendon members present were Mesdames Velma Bourland, Lucile Naylor, Misses Ruth Richerson, Gladys Burnham, and Mrs. Alice Lacy from Hedley.

MOTHERS STUDY CLUB HOLDS MEETING

Mothers Study Club met Tuesday night, December 8, at Patching Club House. The president, Jo Ann Edens, called the meeting to order. The secretary then read the minutes and called the roll. A treasurer's report was given. Old business was discussed and it was decided to fix baskets of fruit to take to the needy at Christmas.

Plans were made for the children's and husband's Christmas parties.

Patsy Hill was voted a new member.

Refreshments were served to nine members by the hostess, Patsy Robertson. — Rep.

CHAMBERLAIN MEETING

Neighbors of the Chamberlain Community met Friday night, Dec. 4. Some enjoyed playing "42", while others just visited.

Recent visitors at one of our meetings were Mr. and Mrs. Carl Wood. Mr. Wood is better known as "Uncle Zeb" from Claude. We were happy to have them and want to welcome them back any time.

The next meeting will be Friday night, Dec. 18, with Ethel Dingler and Mary Myers as hostesses. Everyone bring candy, nuts and fruit. — Rep.

COUPLE CELEBRATES WEDDING ANNIVERSARY

Mr. and Mrs. D. T. Smallwood of the Hudgins Community celebrated their fiftieth wedding anniversary Sunday, December 6, when their three daughters and their husbands, Mr. and Mrs. J. G. McAnear, Mr. and Mrs. Marion Cross, and Mr. and Mrs. Bill Todd, entertained with an open house in the home of Mr. and Mrs. Bill Todd of Clarendon. Guests called from 2 p.m. to 4 p.m.

Talmage Smallwood, son of Mr. and Mrs. R. L. Smallwood of Erath County, and Belle Davis, daughter of Mr. and Mrs. Tom Davis of Comanche County, were married December 7, 1909. After their marriage they lived in Erath and Comanche Counties until 1924 when the family moved to Hall County. Mr. Smallwood farmed there until 1952. At that time the family moved to the Hudgins Community in Donley County where they have since made their home.

All of the immediate family of the couple were present: Mr. and Mrs. Marion Cross, Billy and Susan of Childress; Mr. and Mrs. J. G. McAnear, Dwight, Ronnie and Freddie of Clarendon; and their daughter and family, Mr. and Mrs. Jack Matthews and Jeanine of Amarillo; and Mr. and Mrs. Bill Todd of Clarendon.

The couple received many lovely gifts, flowers and cards. The traditional anniversary cake and punch were served to about fifty relatives and guests. —Rep.

MARTIN QUILTING CLUB

The Club met on Dec. 2nd with Elsie Sibley as hostess. One quilt was completed. This was our last meeting of the year. There were 12 members present. Lillian Eastering was our visitor.

We will have our Christmas party December 17 at Dorothy Sullivan's at 2 p.m. Everyone come as polyanthus will be revealed and officers elected for next year. — Rep.

Jimmy Dean Howze and his cousin, Paul D. Hanna, of Lubbock spent the week end with Mr. and Mrs. J. H. Howze.

OBSERVE 50TH ANNIVERSARY

MR. AND MRS. D. T. SMALLWOOD

LES BEAUX ART CLUB CHRISTMAS MEETING

The Les Beaux Art Club met Friday afternoon, Dec. 4th, at the Patching Club House with Mrs. W. W. Taylor and Mrs. Forrest Seywer hostesses.

Mrs. John Bass and Mrs. J. H. Howze were in charge of the program and presented "Birthday of a King" with Mrs. Bass furnishing the musical accompaniment and Mrs. Howze reading. Misses Sandra and Andra Pinkerton sang Xmas carols at intervals throughout the story and Misses Becky and Betty Hudson also sang Xmas carols accompanied by Mrs. Carroll Hudson.

Business meeting was then conducted by President, Mrs. C. T. McMurtry, at which time she presented a gold frame to

be used on the Rex Brasher print purchased by the club, and to be hung in the club house.

Delicious individual plum puddings were served from a candle light table carrying out the Christmas motif.

Eleven members and one guest, Mrs. Major Hudson, were present.

50th ANNIVERSARY CELEBRATED

Mr. and Mrs. H. J. (Romie) Derrick celebrated their 50th wedding anniversary Sunday December 6th, by having their children for dinner at the family home. Present for the occasion were Mrs. C. M. Nelson and Floyd Derrick of Amarillo; Frank Derrick, Mrs. Mary Harlan and Mrs. Pearl Liermesmeier.

He died with his foot in the carburetor.

MRS. MORELAND HOSTESS TO CLUB

The Midway Club met in the home of Ellen Moreland Thursday, December 3. A block quilt was almost finished. Some of our members were ill and some were working so only four members and the hostess were present.

Those present for an enjoyable day were Eddie Williams, Josie Simmons, Allie Quattlebaum, Leona Scott and the hostess, Ellen Moreland.

Saturday night, December 12, was set for our Christmas dinner party. We will eat at 6:30. Everyone is to bring the same dish as for the Thanksgiving dinner. It was also decided not to bring gifts. The party will be in the home of Mr. and Mrs. Nollie Simmons.

Our next meeting day will be with Jewell Myers the first Thursday in January which will be January 7. Everyone try to be present. — Rep.

HARMONY CLASS CHRISTMAS PARTY

Thursday evening, December 3, members of the Harmony Class entertained husbands and guests with a delightful Christmas party in Fellowship Hall of the Methodist Church. The Christmas theme with hurricane lamps were used in decoration along with the beautifully decorated Christmas tree from which gifts were exchanged.

A turkey dinner with all the trimmings was served. The invocation was pronounced by Rev. Conrad Ryan.

Mrs. Frank Phelan, Sr., and Mrs. L. N. Cox presented the devotional, the Christmas Story.

Approximately fifty members and guests attended and enjoyed the occasion. Hostesses were Mesdames Edd Hodges, Carl Barker, C. B. Morris, Charles Lowry, J. R. Porter, and J. R. Gillham. — Rep.

Mr. and Mrs. Tom Cordet of Amarillo visited Sunday in the home of Mr. and Mrs. J. C. Estlack. Sunday afternoon all visited Harley Longan.

He died with his foot in the carburetor.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Alex Coleman of Dozier announce the engagement and forthcoming marriage of their daughter, Aletta E. of Claude, Texas, to Mr. Jimmy Thompson, son of Mrs. Cordie Thompson of Clarendon. The wedding date has been set for December 21st at the home of her parents.

LELIA LAKE MYF

Meeting was opened with prayer by Jerry Don White. There were seven present.

The program was on celebration of religious freedom. The meeting was closed with the MYF Benediction. — Rep.

Early New England women bleached their sheets by spreading them with sour milk and putting them in the sun.

BLOWIN' Out the CORNERS

by Uncle Zeb

The Little Things in life are what makes the whole adventure so pleasant. Take for instance

the smile from a friend and the kind deed from a neighbor. These little things have a way of adding up to big things.

Not long ago we ran across the following list of little nuggets from the pen of Josh Billings.

Life is made up of little things. Life itself is but a little thing. One breath less — then comes the funeral.

A penny is a little thing, but the interest on it from the time of Cain and Abel would buy out

the globe. The acorn is a little thing, but the black bear and his family live in the oak that springs from it.

A word is a little thing, yet one word has been many a man's destiny — for good or for evil. A kiss is a very little thing, but it betrayed the Son of God into the hands of His enemy.

A spark is a little thing, but it can light a poor man's pipe or set the world a-burning.

An egg is a little thing, but the huge crocodile creeps into life out of it.

Yes, Mr. Billings made a good list and we could all go on and on. Wasted seconds make up a wasted day. Bad deeds add up to a ruined and mis-spent life. By the same token a dash of love can make a house into a home.

Was it Mr. Franklin who said; "Take care of the pennies and the dollars will take care of themselves."

Handicapped People physically are often the greatest of all leaders in the spiritual and inspirational field. We not only have read many wonderful and inspiring stories of the faith and the courage of many who are in some way handicapped but we have had the joy of knowing personally several wonderful handicapped people who are a real inspiration to all those with whom they come in contact.

Not long ago we had the supreme experience of visiting one night during the National Convention of the Indoor Sports of America when they met in Amarillo for a week long get together. Here folks from most every state in the United States and with most every physical handicap possible met to share with each other their many experiences.

At one time in the Crystal Ballroom of the Herring Hotel we witnessed some 150 of these wonderful friends as they laughed and visited and cheered each other along the way of life. In all our life we have never seen such courage, nor have we had such an inspiration come into our own heart.

Handicapped with some problem that would seem to us as so great a burden for anyone to bear you heard not one word of complaint. Instead, each in his or her own way was busy trying to help someone else. There could be but one answer; it must

have been that they like Paul had prayed many times to be rid of the "Thorn in their flesh" but that even though this had not been granted God had heard their prayer and had answered with these words; "My Grace Is Sufficient For Thee."

The Conservation Reserve Program now being carried out by the Department of Agriculture as the most recent idea to curb over production and stabilize prices seems to hold more promise of actually working than any plan put forth so far. It was easy to see that Ass't. Secretary of Agriculture Marvin McLain thought well of the progress as he visited in West Texas recently and viewed first hand some of the results.

Under this plan farmland is leased to the government for some five to 10 year periods and taken completely out of production. In most cases it is sown back to pasture grasses. The gates are shut tight as far as grazing during that period, and no form of income crops can be grown. Some 22½ million acres are already in this program and we are predicting that the next 3 years will see double this amount.

Some of the hopes of the backers of this program are; enough land out of production to control production and prices, affords no shift to other crops and no competition to livestock, that it will prove more practical and economical than previous plans tried, will conserve and build up soil fertility for future needs, that land unsuitable for cultivation will be permanently left to grasses.

Some of the fears are: other land will be put in production or productivity stepped up. If we produce less, other countries may steal our markets, and too simple and straight forward to be enticing.

On the recent Soil Bank Tour over the Panhandle it was the good pleasure of some 120 of us visitors to drop in for the noon meal with the boys at the Ranch. Of course, we were expected

CONTEST FOR HIGH SCHOOL STUDENTS

College Station — Here's news for high school students — especially for juniors and seniors interested in journalism. It's an opportunity to win a free trip to the National Youth Power Congress in Chicago and a vacation tour next summer. Also, this is an opportunity to learn more

and invited, and needless to say made welcome by these wonderful boys and by those who work and share with them in this inspiring enterprise which we call Boys Ranch.

On the tour we had seen wonderful crops of new sown grass growing on what had once been cropland. The results were very impressive. But, typical of how we all felt was expressed by Carlton E. Wertz from Raymondville, Texas. As we rode along the way back to Amarillo Mr. Wertz called this crop of growing boys at the Ranch the high point of all the trip.

"This one thing made the whole trip worthwhile," was his remark which led into our fast moving conversation all the way back into town.

It is so very true that these boys, all 252 of them are the most valuable of that grown on any ranch in West Texas. As the sign on Carl Farley Road leading to the Ranch says; "It is where you are going that counts." This is true with the hundreds of boys who have been headed in a different direction because the influence and help from Mr. Farley and the Ranch. The real pay-off will come in the next generation. Typical of the comment from ex-ranchers when they come back to show Mr. and Mrs. Farley their first baby is; "Mr. Farley, here's one kid you won't ever have to take care of, I'm going to do that myself."

about the farm-to-table story of food and the importance of eating a good diet every day.

Entrants must write a food-related news story or editorial column. All original work in connection with food is eligible for competition. Suggested topics include: the farm-to-table story of food, the food industry in my town, food for health, happiness and achievement, benefits from a proper diet by teenagers and adults, etc. Closing date for entries is December 20, 1959.

Entry blanks and assistance are available from county extension agents offices, and from vocational agriculture and home-making departments. High school English and Journalism teachers also have information on the contest. The 50 top winners in the State will be invited to attend the "Youthpower — Food Comes First" breakfast and program at the Stephen F. Austin Hotel in Austin, January 9, 1960. One boy and one girl, selected from this group, will receive a trip to the National Youthpower Congress in Chicago, February 11-13, 1960.

"Food Comes First — for Youthpower" is a program planned by Texas and National committees representing youth and food interests.

Holding summer rainfall on the land where it falls can mean additional income through better crop and pasture yields, says Jack Barton, extension soil and water conservation specialist. Terraces, farming on the contour and the use of mulches are methods which will help hold rain where it falls. Cover on the land will also aid in holding the moisture.

MEAT QUALITY OF STEERS NOT RELATED TO BIRTH WEIGHT HABITS

College Station — Birth weight, rate of gain and other meat production characters were not closely related to the animal's carcass quality in tests conducted by the USDA on 210 steers at the Range Livestock Experiment Station, Miles City, Montana, according to Roy Snyder, extension meats specialist.

Performance tests, as now used, appeared to give only a slight indication of tenderness or percentage of lean meat in the beef carcasses. The tests indicated that improvements in carcass quality, therefore, will possibly have to be based on direct selection for desired carcass characters by progeny testing of sires, and internal meat-area measurements through use of ultrasonic or other devices.

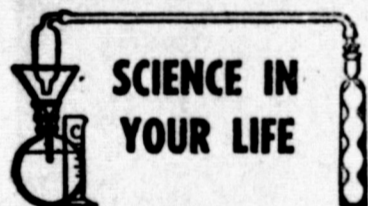

Neither slaughter or carcass grade was closely related to tenderness in the steers. Both grades were associated more with a steer's width across the back and amount of fat in its body than with the animal's body length or amount of lean meat.

At the end of the feeding period, birth weight, weaning weight, average daily gain and final weight were all inter-related. However, this inter-relationship was so slight that neither birth nor weaning weights could be used to predict later performance and was of little or no value in estimating a steer's grade at slaughter. Slaughter grades, under conditions of the tests, were correlated with feed lot gains and final weight.

There was a tendency for birth weight to be associated to a slight degree with amount of lean, bone and tendon in the slaughtered steers, noted the specialist. He added that slaughter grade did not serve as a good estimate of the animal's dressing yield.

Tax-Man Sam Sez:

The other day I asked a tax man, "What is the best advice I can give a taxpayer?" He came right back — "Tell them to read their instructions." This tax business is probably the most important part of our business. It's not just the millionaires who have tax problems. Most wage earners and salaried employees have to pay \$20 or more out of every hundred for taxes. It does pay to read your tax instructions. It will also pay you to keep records. Paying your bills by check makes a good record for most taxpayers.

SCIENCE IN YOUR LIFE

A long life and a healthy one is the goal as scientists work to conquer major and minor scourges of man. Ancient adversaries like polio and tuberculosis are being overcome; heart disease and cancer are giving ground.

In the laboratories another struggle continues: the effort to rid man of the ailments which, if they do not threaten to cut short his life, certainly afford him annoyance and discomfort. Progress is reported on this front, too. One of the most recent of these common diseases to give way to research is conjunctivitis, the painful inflammation of the membrane lining the eyelid and eyeball.

In a two-year study of the 1,156 patients suffering from allergic and chronic conjunctivitis was conducted by prominent ophthalmologist, Dr. H. C. Menger. Reporting his findings in the American Medical Association Journal, Dr. Menger revealed that a unique vasoconstrictor, Visine, proved effective against allergic conjunctivitis in 96 percent of the cases, and prompt relief from chronic conjunctivitis in 86 percent.

What this means in simple language is that a preparation has now been found which safely and effectively combats the unpleasant symptoms of conjunctivitis caused by irritation or allergies. "In no instance," Dr. Menger adds, "did a rebound effect occur. In addition, the excellent decongestant action, the greatest factor in favor of Visine is its low or almost nil side effects."

Reaction to the eye drop was reported to begin immediately or within 15-30 minutes after installation. Response lasts from one to four hours. No ill effects were discovered, even after prolonged use.

The development of Visine is an excellent example of science's tireless efforts to provide more answers to medicine's painful problems.

LIME GIVES EFFICIENT FERTILIZER USE

College Station — An application of limestone can mean more economical crop production and efficient use of fertilizer, says W. F. Bennett, soil chemist for the Texas Agricultural Extension Service.

Fertilizer applied on acid soils

can give disappointing results. Production will continue low and the return for money invested in fertilizer also will be low, Bennett advises.

Where lime is needed, economic returns may range from two to five dollars for each dollar spent for limestone. Some farmers, points out the chemist, have

received even higher returns. Others have received less, especially where limestone was applied on areas not deficient in lime. If lime is needed, it will increase plant growth by causing favorable chemical, physical and biological changes in the soil. These changes, continues Bennett, also result in a more

efficient uptake and use of fertilizer nutrients by plants. To more accurately determine limestone needs and whether or not an application would prove profitable, Bennett suggests that a soil sample be taken from areas where a lime deficiency is suspected. If fertilizer has not been giving the response expected, the

lack of limestone could be the limiting factor. Bennett points out that soil samples taken now can be handled by the laboratory in about two weeks. This would allow plenty of time to get an application of limestone on the soil, if it is needed, well ahead of next spring's crops.

FACT AND OPINION

Louisburg, N. C., Times: "Fidel Castro has unleashed a vitriolic attack on the United States and staged a huge rally designed to whip up anti-American sentiment in Cuba. He is now, at least, out in the open with his communist-inspired plans."

The Leader makes a good Christmas Gift.

ECONOMIST TAKES LOOK AT WHEAT SITUATION
 College Station — The entire 1959 wheat crop will probably total about 23 percent less than the record 1958 crop, but this is still four percent above the 1948-1957 average. Yield per

seeded acre in 1959 amounts to about 19 bushels compared to 29 bushels last year, but much above the average of 15 bushels. The 1960 crop may exceed the 1959 crop, even with the minimum allotment in effect. It has been estimated that a little more

TRAVEL AID—M/Sgt. William H. White of Pacific Grove, Calif., adjusts the gyrocompass of a navigation system being tested at the Army Combat Development Experimentation Center, Fort Ord, Calif. The system may provide for more accurate travel over unknown terrain.

I believe that, as Secretary of Commerce, my responsibility is to make every effort to see that we establish the right business climate, so that investors and entrepreneurs, if you wish to call them such, are encouraged." He then cited the fact that in 1954 "we had a substantial tax cut and, as a result of that tax cut, business was stimulated to the extent that within a very short period, we were actually taking in more revenue at the lower rates than we were pre-

viously." This emphasizes an economic truth that is too little understood. A heavy percentage tax, whether on business or the individual, does not necessarily result in maximum revenue to government. A more moderate tax, which stimulates investment, expansion and the creation of new productive wealth, will in the long run bring in greater revenue — and at the same time lead to more and better jobs and higher living standards for all.

than 53 million acres may be harvested. If yields based upon the 1958-59 average are obtained, a crop of about 1.2 billion bushels would be produced, 8 percent larger than the 1959 crop. With domestic disappearance and exports the same as estimated for 1959-60, the carryover on July 1, 1961, may be about 165 million bushels over the estimated carryover on July 1, 1960, according to John G. McHaney, extension economist.

Wheat carryover on June 30, 1960, is expected to total about 1,368 million bushels, said McHaney. This is about 91 million bushels larger than that of July 1, 1959, and is a new record.

There is a very good possibility that the carryover on June 30, 1961, will be even larger, he added.

Wheat prices may be slightly higher in 1959-60. Much wheat is being withheld from the market due to adequate storage space as a result of new construction, and reduced production from last year's record level. Another reason is that the amount of wheat not eligible for price support, because of seedings in excess of allotments, is much less than those for the 1958 crop, which were above any previous year. Also, many farmers are withholding wheat from market until the new tax year because

of large sales from the 1958 record production, the economist added.

More Revenue from Lower Taxes
 Secretary of Commerce Mueller has come out in favor of tax reform which will remove road blocks to business growth and "establish the right business climate."

The matter arose when a newspaperman asked: "If a tax cut were to come, where do you think it should come?" The Secretary answered: "I would rather use the words, 'tax reform', because I think we have a lot of situations in our tax structure that inhibit business growth, and

Terraces can be a valuable asset on some farms if properly installed and properly maintained. A terrace might be described as a ditch or channel with ridge below, constructed across the slope at various vertical intervals to intercept runoff. The channel and ridge must be constructed to a cross section which will permit equipment to be properly operated.

Terraces are primarily for erosion control and may be built to hold the runoff or divert it to a protected outlet. On long flat slopes, diversion terraces are sometimes constructed about every quarter mile to break up concentrations.

Good cropping systems need to be used for terracing to be effective. Generally contour farming should be practiced on terraced land by doing farming operations parallel with terraces. Ridge type terraces are best adapted to the flatter land while channel type (where all of the soil is taken from the upper side) are adapted particularly on steeper slopes. Local Soil Conservation Service technicians will be glad to help select the proper type terrace and assist in the layout of the system.

After a terrace system is installed properly it must be maintained to properly function.

Maintenance actually begins with proper use and care of the areas between terraces. As mentioned, cultivation should be parallel to terraces. An occasional maintenance plowing should be performed in addition to normal plowing operations. Frequent inspections should be made to locate and correct damage.

George says, no wonder so many people are hollerin', that like him the results of this (somebody else paid for) farm surplus is hard for him to hide with two sizes larger pants, let alone trying to hide in it book-keeping.

as this one is representative of the spirit of our form of government in that it preserves the rights of each separate state while enabling the several states to work together on a sound program which all of them accept and endorse. The compact involves no utilization of police power except if each participating state may choose to exercise police power within its own jurisdiction in accomplishing the general purpose to promote the maximum ultimate recovery from the petroleum resources of each state. The compact imposes no prohibition which each participating state does not voluntarily accept. The compact does enable the signatory states to achieve the general purpose of conservation by cooperative and coordinated action beyond the capacity of independent action. The compact expressly states that nothing in it authorizes the participating states to limit the production of oil or gas for the purpose of stabilizing and fixing the price thereof, to create or perpetuate a monopoly or to promote regimentation.

Congress has done well to extend its authorization to September 1, 1963.

SOAKING THE THRIFTY

Some 12½ million shareowners are affected by the Federal tax laws that impose double taxation on corporate dividends. First, most of the money earned by publicly-held corporations is subject to a 52 per cent tax. Second, a shareowner is subject to personal income tax on the share of the same earnings paid out to him as dividends.

This system singles out corporate earnings as the only business income in America subject to a second Federal income tax. The result is that the shareowner in the lowest income tax bracket actually receives only 38.4 cents out of every dollar of earnings distributed as a dividend.

In 1954, Congress granted mo-

dest tax relief from double taxation of corporate dividends. The first \$50 of dividend income was exempted, and a 4 per cent tax credit was allowed on the rest. But government lost no revenue as a result — since then revenue from dividends has been \$200 million higher.

If millions of investors are to be encouraged to risk their capital on the future of American industry, they must have a fair tax deal and adequate incentive to invest.

Shareowners should understand how they are now singled out for unfair taxation.

The Leader makes a good Christmas Gift.

GEORGE'S WIFE

By "Sarah"

The subsidy is the oldest economic principle written into laws of the United States. It has been used from time to time since inception of this Government to influence the direction of economic development and to moderate the impact of the normal workings of supply and demand. The principle has been employed to promote science, the arts, research, and other Government aims and purposes.

From this early beginning subsidies through the years have taken many and various forms. So says this pamphlet used for the "Committee on Agriculture" during this past 85th Congress.

It says, in this overall subsidy concept that the nation's agriculture no doubt is a lesser recipient than either industry or labor. Yet the farmer, in some areas of public opinion, seems to have been cast in the role of chief villain in a drama of Government largesse.

Perhaps an explanation is that public acceptance of a particular subsidy may relate directly to how well it disguised as such, and to its adaptability for being covered up in bookkeeping.

As recent as when the privately owned steam ship (United States) was built the Government subsidized 40 million, to foster the development of transportation it say. I see in a full page add in one of the leading magazines where you can take a trip to Europe on this "tub" now for as little as \$181 and up. They should, we helped pay for it. Don't hear much about such subsidies as that, though.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

Interstate Oil and Gas Compact
In the busy days of the latter part of the last session of Congress while much controversial legislation was being considered, almost unnoticed was Congressional action which extended for 4 years the consent of Congress to a most worthwhile endeavor. I speak of House Joint Resolution 280 which renews the authorization for signatory states to enter into a compact specifically designed and created for the promotion of oil and gas conservation.

The Congress first gave consent to the establishment of such a compact in 1935, which compact was entered into at that time by the states of Texas, Oklahoma, New Mexico, Illinois, Colorado and Kansas. Since 1935 the compact has been renewed and extended 6 times and now has 29 signatory states. When, in 1935, the compact received first Congressional consent, it was hoped that the several oil-producing states would be able to effect conservation of this important natural resource, prevent its waste and give assistance to the petroleum industry in its effort to achieve a relatively stable balance. During the 24 years this compact has been in force, that hope has been fulfilled in substantial and ever-increasing degree.

It seems to me a compact such

FACT AND OPINION
Altoona, Pa., Mirror: "Even though Uncle Sam and his associates, the Congress of the United States, impose severe barriers, the American people are saving money and are practicing the virtues of thrift."
"Thrift is a worthy practice. It should be more widely practiced."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — Ordinarily, between Thanksgiving and Christmas, politicking takes a back seat to holiday preparations in the Capitol.
This year a lot of people are more concerned with what sort of "gifts" they'll get in January.
Gov. Price Daniel has called special elections to fill the three legislative vacancies for Jan. 9. For the several candidates already actively running for these offices, election would be a highly acceptable post-season "present."

Governor Daniel also has written members of the Legislature asking how they feel about having a special session early next year to raise money for higher teachers' salaries.
Some already have stated, bluntly and publicly, that this is a "gift" they could pass up. It would force them to choose, right before running for re-election, between disappointing the teachers and passing a new tax, which always makes somebody unhappy.

Several have said that they feel the matter of teacher raises either should have been settled during the sessions last spring and summer or should be postponed until the next regular session. After statewide elections, it's pointed out, legislators might have a clearer idea of what all the people want.

Other lawmakers, however, say they feel teachers should have an immediate raise.
Talk now is that, if the special session is called, it will be about Jan. 12, just after the special elections.

For state officials in general, holiday dreams are focused, not on Dec. 25, but Feb. 1, the last

day to file for a place on the primary ballot. For the candidates, no "visions of sugar plums" can compare with the hope of having Feb. 1 end with no tough opposition in sight.

WATER ENGINEER RESIGNS
—McDonald D. Weinert has resigned his post as chief state water engineer effective Jan. 12.
Weinert said he was not leaving because of being "under fire by anyone" and that he did not have another position at the time.

Weinert is a retired Army Engineers Corps colonel. He was hired in April, 1958, to head the Water Board's planning section. Legislature authorized the planning section to study all the state's surface and underground water resources and make a statewide report to the Legislature.

Water Board has been the target of critical statements in recent months by the Texas Water Conservation Association and the Texas Society of Professional Engineers. TWCA charged that friction between board members had caused the state's water program to lag.

Governor Daniel, in a recent speech, recommended that the Water Board be reorganized along the lines of the State Highway Commission.

WATER FIGHT CONTINUES
—Whether the Trinity River or the San Jacinto is the best source for Houston's future water needs is the issue in a prolonged hearing before the State Water Board.

Trinity River Authority and the City of Houston are seeking permits to build two dams near Houston. San Jacinto River Authority is contesting the applica-

tion. It contends Houston has an agreement to get its water from the San Jacinto and that Trinity water is insufficient and polluted.

Engineers for the Houston-Trinity group have presented mountains of statistics in support of their case that Trinity water will be adequate for industrial use and cheaper than San Jacinto water.

City of Denton has dropped its opposition to the proposed dams after coming to an agreement with TRA and Houston to protect water rights of the Garza-Little Elm and Grapevine reservoirs.

COMMISSION STUDIES GAS PRICES — Railroad Commission is now considering the record of nearly a year's heated discussion over whether Lone Star Gas Co. should be allowed to raise its rates.

More than 300 Texas cities are affected.

Lone Star is asking to increase rates from 30 to 40 cents per 1,000 cubic feet. It says that 9 cents of this is swallowed up by the higher prices it must pay for gas at the wellhead. It is asking also that some system be established to adjust prices to customers automatically when costs to the company go up significantly.

Attorneys for the affected cities charge that the gas company is trying to put an unfair share of the costs on householders rather than on the big industrial consumers.

LAWS CLARIFIED — In a series of opinions, mostly concerned with new laws passed this year, Atty. Gen. Will Wilson has ruled:

1. That parts bought for repair of air conditioners are not subject to the new 3 per cent sales tax on air conditioners. All parts sold for the original installation are taxable.

2. That the law creating a Texas Coordinating Commission for Health and Welfare Services is unconstitutional. Commission would have been made up of persons from both the legislative and executive branches of government, thus violating the "separation of powers" principle of

the constitution.
3. That members of the State Board of Insurance can be paid their regular \$50 per day fee for work on Saturdays.

4. That a juvenile offender arrested during the night can be held in jail until taken before the judge the next morning.

5. That county funds can be used to pay all or part of the hospitalization insurance premiums for county officials and employees.

6. That a veteran who refuses to execute a contract under the veterans land program after purchase has been approved forfeits his 5 per cent down payment and portions of the closing fees.
RECORD SALES SEEN — Totals thus far indicate Texas should hit an all-time high in retail sales in 1959, says the Bureau of Business Research.
BBR's estimate of total 1959 sales, based on the good showing of the first 10 months, is \$13,658,000,000. This would be 8 per cent better than last year.

CARDS OF THANKS

We wish to thank our friends for the many kindnesses extended during my recent illness and stay in the hospital. Your thoughtfulness will always be remembered.

Mr. and Mrs. Oscar Wilkinson and Grady shopped in Amarillo Monday.

Ellis Chenault spent the week end in Canyon with his wife and son, Wayne.

Mr. and Mrs. Elmer Dishman spent Friday evening in Sunray with her brother and family.

Appreciation is Appreciated

The following welcome comment is reprinted from the Irish Independent, Dublin, Ireland.

"The British gesture of repaying a loan of 90 million pounds to the United States five years before it is due . . . underlines the immense financial burden which the United States has been carrying since the war. The assistance disbursed to friends and former foes alike under the Marshall Aid Plan and the various Foreign Aid Programmes was (and still is) generosity on a scale such as had never before been known between peoples . . .

"With the war fourteen years over, the time has come for other economically sound industrial countries to undertake some of the international charity at present dispensed by the United States. The British Government could take some legislative action to divert investment from countries like Australia and New Zealand (which are surely viable) to the poorer parts of the Commonwealth; this need not even involve the making of grants or loans. Federal Germany, so proud of her recovery, should now have plenty to spare; it would cost her little enough to alleviate the lot of the 13,000 refugees still in camps in Europe as the result, direct or indirect, of German aggression a generation ago. Other countries, too, where people live in smug comfort could surely do more towards aiding less fortunate nations. Too long the American taxpayer has been the modern Atlas, carrying the world on his shoulders."

FARM NEWS

From the County ASC Committee

Cotton Referendum Committee Polling Places Named

Committees of farmers who will be responsible for conducting the cotton-marketing quota referendum throughout the county Dec. 15, announced today by the Donley County Agricultural Stabilization and Conservation Committee, all committee members and farmers eligible to vote in the referendum.

Arrangements have also been completed for establishing polling places in all of Donley County's eight cotton-growing communities. Notices showing the date of the referendum, the rules governing eligibility to vote, and the location of polling places have been posted in conspicuous places in the county.

Mr. Cooke, III, chairman, Don-

ley County ASC Committee, points out that "eligible" voters in the Dec. 15 referendum are all persons who, as landlords, tenants, or sharecroppers, engaged in the production of upland cotton in 1959. Any questions about eligibility should be checked in advance with the county office.

The community polling places and the referendum committee-men serving in the Dec. 15 poll are as follows:

Donley County ASC Office: C. C. Hearn, Clarendon; Clyde Slavlin, Clarendon; Andy Brown, Jericho Rt., Clarendon.

Ben Lovell's Store: H. A. Graham, Clarendon; Pete Land, Clarendon; John White, Clarendon.

Cook's Store, Lelia Lake: J. B. McDaniels, Rt. 1, Hedley; Glen Williams, Naylor Rt., Clarendon; H. C. Shaw, Jr., Rt. 1, Hedley.

City Hall, Hedley: Harold White, Hedley; Bill Clay, Hedley; Fred Watt, Hedley.

B. D. Rice's Home, Alanreed; B. D. Rice, Alanreed; Frank Crisp, Alanreed.

Bernard McClellan's Home, McLean; Bernard McClellan, McLean; Howard Burr, McLean.

Time: December 15, 1959, from 8:00 a.m. to 6:00 p.m.

1960 ACP Program—Listing Cotton Land Only

Listing — Cotton Land — is eligible for ACP Cost-Share assistance at 50c per acre.

To be eligible for Cost-Share the practice must be completed by December 31 and not reported later than Jan. 15. Remember this is for Cotton Land only.

Cotton Allotments — 1960

The 1960 Cotton Allotments have been mailed to all cotton farm operators in Donley County. The 1960 allotment for our county is 28,013 acres. This is 96.73% of the 1959 allotment. This factor was applied to the 1959 regular allotment for all farms with more than 10.0 acres. The 1959 regular allotment did not include the small addition most of you received from the acreages released by producers who did not want to plant their cotton last year.

If you have any questions regarding your allotment, or if you are not going to operate the

farm for which you received an allotment be sure to come to the county office.

New Growers

Requests for "New Growers" Cotton Allotments must be made at this office on or before Feb. 15, 1960.

College Bulldogs Remain Undefeated

Coach Roy Young's Clarendon Junior College Bulldogs took their fourth win of the season against no losses on Monday night of this week when they defeated the Sayre, Oklahoma, team by a score of 74 to 57. Last Saturday night they nipped the Midwestern University "B" team 81 to 77 in an overtime battle and on Thursday night of last week they defeated the Wayland College Freshmen, 59 to 38. They had previously defeated Lamar, Colorado, College, 48 to 47.

The Bulldogs had little trouble with the Sayre team although Coach Young was quiet displeased with the raggedness of their play. Jimmy Humphreys, a freshman who had not played much this season, got off the bench to lead the scoring with 19 points and probably earned a place on the starting line-up. H. D. Yarbrough, Flexi Johnson and John Alexander each scored nine points. The Bulldogs led at the half, 39 to 27.

The game here on Saturday night against the Midwestern University "B" team was a real thriller all the way. The two teams battled to a 67-67 deadlock at the end of the regulation game. The Bulldogs took the lead in the extra five minute period and were never behind thereafter. The visitors lead most of the way through the game and were ahead at the half, 33 to 29. The Bulldogs came from four points behind in the last minute of play to tie the score. The Bulldogs showed a well balanced team with five players hitting in the double figures. Alva Carter scored 18 points followed by Johnson with 17, Bobby Lesley with 11 and Alexander and Oscar Bronniman with 10 each.

The game with the Wayland Freshmen last Thursday night resulted in an easy win for the Bulldogs. Lesley was high with 16 points with Carter coming in with 14 and Johnson with 11. The Bulldogs were ahead 25 to 16 at the half.

The Bulldogs lost one of their starters and steller defensive players in the Midwestern game when Marvin Young suffered a broken arm on the last play of the regulation game. He went up for the last rebound, fell and broke his left arm just above the wrist.

H.S. Teams Divide With Silverton

The High School basketball teams went to Silverton Friday night for their fifth game this season. The local girls won in an overtime game with a score of 56 to 54. Overtime started with both teams tied at 51 points and ran neck and neck until Sharon Moore scored the winning shot. This game was their fourth win in five tries. The boys had a little trouble and suffered their fourth defeat of the young season with a 50-46 setback from the Silverton team.

Paula Adams was high scorer for the Bronchoettes with 23 points. Alice Johnson made 21 points while Marie Richey came in next with 8. The first quarter ended with a score of 11-10 favoring Clarendon while the second quarter was still a close 26-24. In the 3rd quarter, Silverton edged ahead with a 41-39 lead, but the Bronchoettes came back to victory with the overtime score of 56-54.

The boys game was also very close all the way. Kenneth Housden had 15 points for high scorer. W. N. Elam had 12 while Wayne Mann donated 6 points. During the first two quarters Silverton was ahead by 8 and 5 points, but in the 3rd quarter the Bronchos held their own until the last quarter when Silverton went ahead the 4 points to win. — Wanda Ryan, Reporter.

Your flying may be the cause of your lying.

GRAIN FIRM ADDS FERTILIZER SERVICES

Carson County Grain, Inc., located in Lark, Texas, is celebrating its first birthday at the present time by adding all necessary equipment for handling, distributing, and applying Anhydrous Ammonia Fertilizer to their grain merchandising and grain storage facilities.

This step has been taken by Carson County Grain, Inc., as a result of their confidence in the farmers of this general area. It is their belief that it is most important that we conserve our land to the greatest extent possible, yet must produce from it at the highest level obtainable in order to meet present day competitive conditions.

Carson County Grain, Inc., is owned by Mrs. Mae H. Dean of Lark, and is managed by Harold Mudroch, formerly from Hereford, Texas, who has several years of experience in serving the farmers of the plains area.

LOCAL TEAMS SPLIT WITH CLAUDE

The Clarendon High School boys and girls split with the Claude teams Tuesday night with the boys winning 60-39 and the girls losing 49-67.

In the girls game, Paula Adams was high point girl for Clarendon with 27 and Ransom was high for Claude with 33.

In the boys game, Kenneth Housden was high point man for Clarendon with 13 and Wayne Mann scored 11. Dale Dunn was high point man for Claude with 11. The Clarendon second team played the last half of the game.

BYRD ADKINS BACK IN BUSINESS

Byrd Adkins, who has operated the Gulf Service Station the past 4 years and recently confined due to serious illness, is back in business at the Fina Station on highway 287 in the east part of town.

Adkins has been in this type of business the past 29 years and plans an expansion program here in the near future.

Leader—Local rate, \$3.00 a year

DEYHLE ON PROGRAM AT VETERINARY MEET

Dr. Chas. E. Deyhle took part in the program at the West Central Texas Veterinarian meeting at Sweetwater December 5th. The topic of his speech was "Various Phases of Large Animal Practices." Dr. Deyhle reported a very enjoyable and informative meeting.

An automobile is always as drunk as the man driving it.

High Finance In Public Funds

The following editorial is reprinted from the Joplin, Missouri, Globe:

"Congressman Bruce Alder of Texas made a daring speech . . . in which he advocated abolition of the Rural Electrification Administration. His theory was that it has fulfilled its original mission by providing electric power for more than 95 per cent of the nation's farms, and that fully half of its power now goes to industries and nonfarm homes in competition with tax-paying private enterprise.

"Of course, this isn't a new argument and Congress isn't about to abolish REA.

"What interests us was Congressman Alder's reference to a specific case in Texas concerning present-day REA high financing. He said a Texas electric cooperative borrowed money from the government at 2 per cent, and for which the government paid 4 per cent or more, and then lent it to a private company at 5 per cent to build a gas pipeline to serve a tax-free REA generating plant to supply subsidized power.

"No wonder managing the national debt is a headache."

NOTICE

To My Friends & Customers

I have moved my Watch and Jewelry Repair Business to my home and will continue serving you as in the past.

I have joined the sales staff of Heath Furniture Co. and all repair work may be picked up there.
