Junior High Move Up Day Set For Wed., May 24th

The eighth grade promotion (Move Up Day) program will be held Wednesday, May 24 at 1 p.m. in the Harned Sisters Fine Arts Center on the Clarendon College Campus. Fifty-two students are scheduled to receive certificates this year.

The program will include the Flag Ceremony by seventh grade boys followed by the invocation by Mr. Johnny Leathers after which the Pledge of Allegiance will be given by all. Mark Boothe, son of Mr. and Mrs. Melvin Boothe, will give the Salutatory address and Ralph McGarity, son of Rev. and Mrs. Owen McGarity, will give the Valedictory address.

Honor "C" awards will be presented by Principal Stina Cain. The Citizenship Pin will be presented by the 1966 Book Club and Miss Betty Stewart will present the Music award. Mrs. Dave Neely will present the Creative Writing Awards. Promotion certificates will be presented by Supt. Arling L. Cordell.

Special music will include "Thank You America", "Born Free", "God Bless America" and the Choral Benediction presented by the Jr. High Chorus. Betty Stewart will be pianist for the processional and recessional.

Public School Bands Conclude Busy Year

The three Public School Bands (Beginners, Colt, and Broncho) brought a busy year to a close with several events of the past week.

The annual Spring Concert was presented in the Harned Sisters Fine Arts Center Thursday evening, May 11. Highlight of the evening was the presentation of awards. The John Philip Sousa Award went to Elizabeth McGarity. Other awards to members of the Broncho Band were as follows: Outstanding Broncho Bandsman, Charles Clinton; Most Improved Broncho Bandsman, Sandra Jochetz; Outstanding Freshman Bandsman, Cathy Hommel; Outstanding Sophomore Bandsman, Shauna Hardin; Outstanding Junior Bandsman, Mike Boothe.

Junior High awards to members of the Colt Band were: Outstanding Colt, Janie Hall and Ralph McGarity; Most Improved Colt, Mona Robinson; Outstanding 7th Grader, Karla Nance; Outstanding 8th Grader, Ken Slavin.

Eighteen Beginners received recognition for their run of the scales.

In Contest at Phillips Friday, May 12, The Clarendon Broncho Band in Division 2 received a II rating in both Concert and Sightreading.

First Division ratings were received in the following classes: Solos: Bass Clarinet—Jan Barbee, Cornet—Ken Slavin; Brass Sextet—Janie Hall, Mary Nell McGarity, Mark Boothe, James Thomas, and Ralph McGarity; Flute Trio—Karen Burgess, Marilyn Adkins, Ava Hastey.

MAY HAS BEEN GOOD TO US MOISTURE WISE

Moisture falling since last Wednesday has netted an additional 1.62 inches of rain to bring our total for the month to 3.40 inches and for the year to 3.76 inches. The total through May 1971 was 4.21 and the total for May last year was 1.78 inches.

Frank Drummond, Plant Superintendent at the Filter Plant reported Greenbelt Lake had risen 1.31 feet since the rains started and now stands 58.87 feet at the deepest point.

The good moisture is just what the farmers were needing to get planting operations underway and the ranchers are all wearing smiles with the grass making good growth every day.

BRONCHO CAPTAINS ARE NAMED FOR NEXT FALL

The Broncho squad elected Steve Carter and Danny Holland as their football captains for the coming year.

Steve is a 6 ft. 175 pound senior who was a starting halfback and linebacker during the 1971 season. Danny is a 5 ft. 9 inch 150 pound senior who was a starting tackle and defensive end last season.

Local Store Damaged As Result Of High Wind Thurs. Morning

The T & M General Store located across the street east of the Mulkey Theatre received heavy damage shortly before 3 a.m. Thursday morning when a strong or freak wind toppled a big portion of the brick wall of the old Household Supply building on the back of the T & M location caving in the roof with such an impact that the concussion knocked out the front plate glass windows and scattered glass fragments across the street.

Bill Todd, owner, said the greatest damage was to the back of the building along with tools and equipment belonging to Jake LaGrone, who did furniture repair work in the back of the building.

Todd was summoned to the store by the night patrolman shortly after 3 a.m. and with help from Carl Carter and sons, the stock which might have been damaged by the weather, was moved to Todd's building to the north. Carter is wrecking out the old Household Supply building. Damage to building, stock and equipment will run into several thousand dollars, Todd said.

In addition, the freak or strong wind blew down the brick fire wall on the Leo Snoddy building at the north end of the same block.

WESTERN SKIES MOTEL ADDS SWIMMING POOL

Mr. and Mrs. Dave Croslin, owners and operators of the Western Skies Motel are in the process of making an addition to their business. They are building a swimming pool just west of the Motel.

The pool will be 24 ft x 48 ft with a 3 ft slope to a depth of 9 feet. The pool will be equipped with a water slide and diving board with Kool Deck surfacing around the pool. A breezeway will connect the motel and the pool. The entire pool will be enclosed with a six foot red cedar fence for the privacy of patrons of Western Skies Motel.

This is another of the improvements being made in our City.

Clarendon College To Receive HEW Grant

The following news release was issued from the office of Congressman Bob Price Tuesday afternoon and will be of interest to many of the area.

Congressman Bob Price has received notification that the Department of Health, Education, and Welfare Office of Education has approved grants to institutions participating in the Educational Opportunity Grants Program.

Educational Opportunity Grants ranging from \$200 to \$1000 for each academic year of study up to a maximum duration of four years are awarded by participating institutions of higher education to students of exceptional financial need who are eligible for the program.

Clarendon College, Clarendon Texas has been allocated \$19,057 for an estimated 29 student awards.

Visiting Minister At First Baptist Church

Sunday Morning, May 21st, Rev. James Dunn will preach at First Baptist Church in Clarendon. Some of our people remember Bro. Dunn as the Baptist Student Union Director at West Texas University a few years ago or as one of the Camp Speakers at Panfork Camp.

Bro. Dunn is now Secretary of Christian Life Commission of the Baptist General Convention of Texas, with Headquarters in Dallas, Texas. He will preach Sunday for Rev. W. R. Lawrence, who is away on vacation.

Because of the High School Baccalaureate Services there will be no preaching service at the First Baptist Church, Sunday night.

SAVE on COOLING COSTS WITH COMFORT-ENGINEERED WRIGHT AIR COOLERS

63 MODELS AVAILABLE... ONE TO FIT EVERY HOME, MOBILE HOME, COMMERCIAL AND INDUSTRIAL BUILDING

More cooling for your money! That's what Wright Air Coolers can give you. They can cool the average home for about a penny an hour! Insist upon the Wright brand . . . the cooler that gives you easier maintenance, longer cooler life and greater operating savings!

THESE COMFORT-PLANNED FEATURES MEAN MORE ECONOMY, MORE COOLING, MORE COMFORT FOR YOU!

POWER-THRUST FLOWERS
Extra wide deep-pitched blades scoop up more air per revolution. Rigid balanced construction provides smooth, quiet operation and superior performance.

COROBEX-TREATED COOLING PADS
Aspen fiber pads are treated with patented Corobex, an amazing chemical discovery that prevents growth of odor-causing bacteria . . . renders pads odor-proof and mold-proof.

ALL-WELDED CONSTRUCTION
Cabinet is triple-welded to form one permanently rigid unit. It assures accurate alignment of all moving parts to minimize wear, vibration and repair.

DOUBLE PROTECTED BOTTOM PAN
Water pan is one-piece seamless hot-dipped galvanized steel and is coated inside with a heavy layer of asphalt sealant to protect against rust, deaden sound.

GLIDE-A-MATIC PAD FRAMES
Frames lock firmly in place at both top and bottom. Large hand-hole openings make frames easy to remove for seasonal maintenance and inspection. Simply slide frames up, pull out at bottom and frame drops out!

POSITIVE RUST PROTECTION
Zinc-coated steel cabinets are treated chemically to provide a permanent paint bond. Finish is "flint hard" plastic-content baked enamel.

ADJUSTABLE WATER TROUGHS
V-shaped water troughs can be adjusted to keep them perfectly level to assure complete wetting of cooling pad. Tipped troughs can cause all water to run to one end of trough . . . thus pads remain dry in spots . . . and hot air can pass into house through these dry areas!

WINDOW COOLER PRICES START AS LOW AS \$114⁹⁵ AT

EQUI-FLOW WATER SYSTEM
Dependable pump moves water under constant pressure. Flow-meter divides stream, sends equal amounts to each water trough. For splash-proof flow, ends of tubes are capped with water dispersing nozzles which also assure equal pressure.

Veteran News

Q—I am the daughter of a veteran killed in Vietnam, and going to college under VA's Dependents' Educational Assistance program. I wonder if the \$1,000 I earned last year will prevent me from receiving further education allowances?

A—No. There is no limit on the income you may earn while receiving benefits under this program.

Q—I am in a VA hospital for treatment of a service-connected disability which is rated as 10 percent. Will VA give me a permanent increase in my compensation?

A—Compensation will be increased permanently only if there is a permanent increase in the degree of your service-connected disability. If you are hospitalized more than 21 days, a temporary 100 percent rating will be assigned for the whole period of your hospitalization.

Q—Some branches of military service have six months active duty training programs followed by years of weekly drills. Are these persons eligible for educational assistance under the GI Bill?

A—No. Participation in these six months active duty training programs in the reserves or National Guard is specifically excepted from the definition of active duty for GI Bill purposes.

Earl Ford Honored By Frigidaire

Earl Ford, Clarendon, Texas, was honored in Dayton, Ohio recently as one of the top appliance servicemen in the nation.

Mr. Ford, employed by West Texas Utilities Co., won the expense-paid, two-day visit to Frigidaire division of General Motors when he was selected as one of only 72 servicemen to represent some 1475 technicians from across the country. Twelve were selected from each of the company's six major sales regions.

At a special awards banquet, Harold W. Campbell, General Motors vice president and general manager of Frigidaire, told Mr. Ford and the other technicians:

"We respect and honor you for what you have accomplished. Fulfilling the rigid standards which have been established for accredited technicians is not an easy task, especially when you consider that any of your customers, by one single complaint, can cause you to lose out."

John C. Purcell, director of consumer services of the General Motors Corporation marketing staff, added his congratulations in his keynote talk to the visiting technicians.

While in Dayton, the local technician also toured Frigidaire's manufacturing, engineering and quality clinics and service seminars.

The Accredited Technician program, first of its kind in the appliance industry, was originated by Frigidaire in 1963 to recognize individual servicemen who meet high standards in workmanship, experience, training, attitude, and customer relations.

The award is made only on an annual basis and the serviceman must qualify each year. He is rated not only by the appliance dealer he works for but also by the individual customers he serves. One justified customer complaint during the year disqualifies a candidate serviceman.

The more demanding Master Accredited Technician rating, introduced by Frigidaire in 1969, requires the same high standards necessary for the basic accreditation rating. In addition, however,

Honored at Frigidaire's Dayton, Ohio factory headquarters is Earl Ford, (center) a Master Accredited Technician with West Texas Utilities Co. He was congratulated by D. C. Schaffer, the company's manager of customer service (right) and L. E. Emmons, service manager for Frigidaire's Southwest region.

the master candidate must pass a two-hour written exam administered by Frigidaire instructors at one of 29 General Motors Training Centers across the country.

Peach production in 1971 of 104,000 bushels is only 15 per cent of the 1970 crop. Weather conditions, especially a mild winter, was given as the major reason for the decline in peach production in 1971.

Texas' total citrus production for 1970-71 is set at 16.3 million boxes, 33 per cent of the total citrus crop.

Highlights and Sidelights

From Your State Capitol

By BILL BOYKIN
Texas Press Association

The spiraling cost of welfare in Texas has leveled off, and no reduction in grants will be necessary this year, according to reports reaching Gov. Preston Smith.

Welfare demands are slowing down for the first time in a decade, and expenditures for 1973 may be less than in 1972, the Governor said.

Smith's reports indicated the cost of programs in fiscal 1973 may be \$75 million less than the \$347 million estimated a year ago.

"It now appears most likely that grant payments to welfare recipients will not have to be cut, and we will still be able to stay within the constitutional limitation on spending," the Governor said.

Due to a state constitutional ceiling on general revenue state expenditures for welfare assistance, a reduction in grants beginning September 1 had been regarded as unavoidable.

Main reason for the slowdown in welfare's cost climb is a decline in old age assistance rolls and the fact that the increase in Aid to Families with dependent Children eligibility has not been as large as anticipated.

AFDC rolls, expected to expand by 10,000 a month, actually grew about 5,000 monthly.

"There is still much work that needs to be done, but for the first time in recent years, I believe we now have a handle on the problems and have finally brought them under control," Smith stated.

He credited these factors as contributing to the cost leveling:

New controls over medical assistance expenses, improved management techniques, a program utilization review, more effective use of electronic data processing and a reduction of program abuse.

STARTS ALL OVER AGAIN — With the hard-fought first primary election just behind them, some candidates plunged right into the June 3 runoff campaign.

Of one thing they can be sure: the cost of campaigning, like everything else, is rising.

A hasty total of first primary expense — contribution reports indicates spending by the statewide candidates in contested races totaled more than \$5 million. There is no telling how many millions were spent by congressional, legislative and local-county candidates in the rush to be first at the ballot box.

For most of the candidates, the race is over, but for a few the big one is just starting.

INSURANCE PLAN SUBMITTED — A personal injury protection plan for the motorist is proposed by State Insurance Board Chairman Larry Teaver as an alternative to controversial no-fault auto insurance.

Teaver will unveil his plan officially at the Board's annual hearing on auto insurance in July. It would eliminate uninsured motorist coverage and medical payments sections of standard auto policies. It would substitute a provision giving policyholders, without regard to fault in accidents, unlimited medical expenses, life insurance in event of fatal accident and income replacement guarantees.

Governor Smith, meanwhile, called on Teaver to intensify efforts to bring lower insurance rates for responsible young and elderly drivers. A reduction in rates for drivers under 25 would encourage them to drive safely and curb the accident toll, Smith contended.

DEATH RATE LOWER — Department of Public Safety reports the death rate from auto accidents last year was the lowest since 1962.

The number of deaths per 100 million travel miles was 5.1. This is the best figure since 1962's 4.9 per 100 million miles.

Still, 4,594 died in traffic accidents in 1971. Ninety-five per cent, DPS noted, wore no safety seat belts.

UNEMPLOYMENT DROPS — Texas Employment Commission noted a modest increase in the number of labor force participants during March and the lowest unemployment level since May, 1970.

The March unemployment figure was 167,000, representing 3.5 per cent of the work force

—20,000 fewer than for the same period last year.

Employment for the period increased 29,100. All segments reported gains, and the number of jobholders was up 2.2 per cent over the March a-year-ago figure.

COURTS SPEAK — The U.S. Court of Appeals in New Orleans asked the U. S. Department of Justice to prepare a plan involving minimum busing of pupils which could be applied to the Independent School District integration appeal.

Texas Supreme Court held a Lubbock nursing home with paying patients only is not entitled to a tax exemption as a charitable institution.

Court of Criminal Appeals reversed convictions in Dallas and Kinney County murder cases and overturned a 35-year prison sentence assessed a Dallas County man for possession of marijuana.

APPOINTMENTS — Governor Smith appointed Frank W. Hustmyre, Orange attorney, district judge of the 128th judicial district, succeeding Judge James N. Neff who resigned.

House Speaker Rayford Price named to the powerful budget-writing appropriations committee Reps. Hilary Doran of Del Rio, vice-chairman; Fred Agnich of Dallas, William Braecklein of Dallas, Harold Davis of Austin, Grant Jones of Abilene, Mike Moncrief of Fort Worth, Walter Parker of Denton, Bryan Poff Jr. of Amarillo, Bill Prensall of Bryan, Robert Salter of Gatesville and Bill Swanson of Houston. Nine others were picked on the basis of seniority. Rep. Bill Finch of San Antonio earlier was selected as chairman.

SHRIMP SEASON CUT — Gulf Coast shrimpers must cease operations 15 days earlier under seasons ordered by Parks and Wildlife Commission.

The brown shrimp closed season set by PWC is the earliest since 1967. May 17 is closing day. Length of the period remains at 45 days — from May 17 to June 30.

The early season is primarily aimed at giving young shrimp protection while they are in transit to the Gulf.

SALE NETS STATE \$1.5 MILLION — First School Land Board oil and gas lease sale of 1972

brought to the state bonus payments of \$1,563,719.

Seventy-four high bids were accepted on 40,946 acres of state-owned land. Revenue boosts the Permanent School Fund to an all-time high of \$925,395,386, according to Commissioner of Public Lands Bob Armstrong.

Bulk of the bonus money came from lease of 22,928 acres of submerged lands, much of it in Arkansas, Calhoun, Nueces, Kenedy, Matagorda and Kleberg counties.

Average per acre price was \$38.92. Highest offer was \$59,788 for a 1,440-acre Gulf of Mexico tract in Matagorda County.

Taxpayers Ask IRS Questions & Answers

Q—what does the IRS do when it finds a retail posting violation?

A—If an IRS agent finds that a retailer is in violation of the base price posting requirements, the agent informs the retailer that he must comply and explains the requirements to him. If a subsequent visit by the IRS shows no compliance, the retailer receives a notice of violation which gives him 48 hours in which to request an appointment with the IRS District Director's representative for Stabilization. If the retailer doesn't request such a meeting or fails to post after meeting with the District Director's representative, the case is referred to the local Assistant U. S. Attorney who decides whether or not to prosecute.

Q—Does the fact that a company has rolled back an illegal price increase after investigation by the IRS prevent subsequent court action against the firm?

A—No. Court action can be initiated against a firm which has violated stabilization regulations even if the company has previously rolled back the illegal increase.

Q—My golf club recently raised dues \$5.00. Can they do this?

A—If your golf club is a non-profit, tax exempt organization, the dues it charges are exempt from price controls. If the organization is not tax exempt, it is subject to the stabilization regulations for service organizations. Generally, this means that it can raise prices to cover allowable

costs reduced to reflect productivity gains and only to the extent the increased price does not increase its profit margin over that which prevailed during the base period. The organization itself or your IRS office will be able to tell you whether it is tax exempt or not.

Q—Where can I get a list of all the items exempt from controls under the Economic Stabilization program?

A—IRS Publication S-7, "Items not Controlled," lists the items exempt from Phase II controls as of Jan. 31, 1972, and explains many of the reasons why they have been exempted. You can obtain a copy free by mailing a postcard to your IRS district office.

Q—I will be moving into an apartment on May 1. On February 1, 1972, the previous tenant had signed a year's lease on which the landlord had increased the rent 2 1/2 percent to cover his costs, but this tenant had to break the lease. The landlord says that because I am a new tenant, he may now increase the rent under the new lease by an additional 2 1/2 percent to cover his costs. Is this permitted under stabilization regulations?

A—No. Stabilization regulations only permit an increase of 2 1/2 percent of base rent for a given residence to cover a landlord's costs with respect to each 12-month period beginning after December 28, 1971—regardless of a change of tenants.

Q—Did the "catch-up" exception to the Pay Board's 5.5 percent wage and salary standard expire on March 31, 1972?

A—No. The Pay Board has approved a resolution extending from March 31, 1972 to June 30, 1972 the expiration of "catchup" criteria for exception to its basic 5.5 percent guideline.

The "catch-up" provision specifies that, if increases during the previous three years averaged less than seven percent, wage and salary increases of as much as seven percent per year may be allowed in new contracts.

Miss Vicki Rodgers Weds Capt. Donald Pitts In Military Ceremony At Plainview May 6

Miss Vicki Rodgers, daughter of Mr. and Mrs. Sidney Rodgers of Plainview, Texas, became the bride of Captain Donald A. Pitts of Lubbock, Texas, son of Mr. and Mrs. C. A. Pitts of Aransas Pass, Texas, in a double ring military ceremony in the First United Methodist Church of Plainview the evening of Saturday, May 6, 1972.

The Reverend Kenneth Rodgers, Central Valley, New York, uncle of the bride, officiated.

The altar was decorated with bouquets of pastel spring flowers, tropical greenery and gypsophila and seven-branch cathedral candelabra. Pews were marked with pastel flowers and satin ribbon. Windows were accented by votive candles nestled in crescent arrangements of pastel flowers.

Nuptial music was presented by Miss Nancy Henderson of Lockney, Texas. Soloist was Mrs. Joel Sheppard of Henrietta, Texas.

The bride, given in marriage by her father wore a formal gown of ivory dulcette satin and re-embroidered Alencon lace fashioned along Empire lines and featuring a high lace dutchess collar, long Camelot sleeves with lace appliques, and a semi-princess skirt. Her chapel length veil of imported illusion was attached to a matching lace Camelot hat and she carried cascade bouquet of white rose buds centered with a catalpa orchid showered with gypsophila and bridal satin highlighted with English Ivy and resting atop a white Bible.

Attending the bride as maid of honor was her sister, Amy Rodgers. Bridesmaids were Mrs.

Edwin Cox of Lubbock, Texas and Mrs. Larry McCormick of Dumas, Texas. Attendants wore formal gowns of ivory silk linen with cluny lace inset bodice, long sheer sleeves and high neckline. Each carried a Victorian bouquet of pastel spring flowers, English Ivy, and gypsophila.

Guests were registered by Mrs. Steve Rodgers.

Attending the groom as best man was Captain David C. Pitts of Germany, brother of the groom. Groomsmen were Mr. Edwin Cox and Mr. Ulvi Dogan of Lubbock, Texas. Ushers were Mr. Steve Rodgers of Lockney, and Mr. Richard Rodgers of Plainview.

The traditional military Arch of Sabers for the couple to walk under at the close of the ceremony was formed by Major Theodore Strumm, Major Michael Petruno, Major Lowell Christensen, Captain Jeffrey Johnson, Captain Eugene Allen, and Captain Malcolm Lydon, all of Lubbock and all in formal military dress.

Following the ceremony a reception was held in the parlor of the First United Methodist Church. The bride's table was covered with a candlelight tulle. The cake featured two Lenox swans filled with assorted pastel flowers atop the cake. Attendants bouquets formed the centerpiece. Appointments were crystal and silver.

The groom's table was covered in a floor length gold cloth, featuring a chocolate cake with an airplane taking off into the clouds atop the cake. Garlands of Ivy,

Mrs. Donald A. Pitts—nee Vicki Rodgers

plumosa, and gypsophila accented the table. Appointments were crystal and silver.

Members of the houseparty included Mesdames C. L. Henderson, John Carter, Don Garrett, Howard Adams, Art Garrett, Bob Mote, Deanie Henderson, Mike Stewart, Kenneth Rodgers, Steve Rodgers, Jay Smith, Don Henderson and John Rollow.

After a wedding trip to Quebec and Montreal, Canada the couple will be at home at 1112 Ironwood Court, Apt. 149, Bellevue, Nebraska.

The bride attended Texas Technological University and served two years as a stewardess for a charter airline based in New York City and flying scheduled European routes. She has re-

cently been employed by Pioneer Natural Gas Co.

The groom received his Bachelor of Science degree from Texas Technological University and the Master's degree in the School of Industrial Engineering. He is a Captain in the United States Air Force, Strategic Air Command.

Mr. and Mrs. C. A. Pitts were hosts for the rehearsal dinner held at the Coach Room of the Carriage House Hotel in Lubbock Friday evening, May 5. Members of the wedding party and all out-of-town guests were present. Tables were decorated with votive candles and May baskets of spring flowers. Fifty guests attended.

FFA Banquet At Hedley Tues. May 9

The FFA Parents and Son Banquet was held in the Hedley School Cafeteria Tuesday, May 9, at 5 p.m. The invocation was given by Larry Collins and the Welcome by Leon Couch.

Twenty FFA members, the Chapter Sweetheart, Miss Renee White, and 120 guests enjoyed delicious chicken barbecue prepared by the FFA members with the help of Henry Moore. Trimmings were prepared by the Cafeteria staff. Mesdames Jap Shaw, Cullen Taylor, and R. A. Shaw, FFA members and their advisor, Mrs. Sue Shields, served the meal.

Western music was presented by Mr. and Mrs. Don Springer's Band with John Duke, Perry Potts, and Randy Woodard. Guest speaker for the evening was J. S. Hinds. Mr. Hinds stressed three important factors in life: Education, Honesty, and Spiritual.

Honorary certificates were presented to Garland Freeman, Superintendent of Hedley Public Schools, Clyde Hoggard and Buford Holland, local farmers. Leon Freeman, President of the Hedley Chapter, thanked all others who have supported and helped them in their work this year and their advisor, Doyle Messer.

Chapter awards to members were presented by Chuck Hill; Star Chapter Farmer, Lyndon Messer; Poultry, Gary Stewart; Farm Mechanic, Davy Drum; Livestock Farming, James Potts; Farm Safety, Leon Couch; Public Speaking, Leon Freeman; Soil-Water-Air Management, Jack Wilson.

Meeting was adjourned following the Pledge of Allegiance to the U. S. Flag.

Fellowship Quilting Club Met May 10

The Fellowship Quilting Club met in an all day meeting in the home of Mrs. Loyd Hillis of Clarendon, Wednesday, May 10. A covered dish luncheon was served at noon.

The business session was called in the afternoon by the president, Edna Dishman. Roll call was answered with a Bible scripture. The club voted to disband until September with Lucille Luttrell hostess at that time. The group sang several hymns with Ora Aten at the piano before adjourning.

Members present were Louise Aten, Ora Aten, Grace Ayers, Lillie Mae Carmichael, Edna Dishman, Lucille Luttrell, Vada Morrison, Yvonne Belle McDaniel, Alena Nelson, Leona Quattlebaum, and the hostess, Loyd Hillis.

MRS. JEWEL SICKLES HOSTS GOOD NEIGHBORS

The Good neighbors Club met Friday, May 12, in the home of Mrs. Jewel Sickles for an all day meeting and covered dish lunch.

Those to enjoy the day were Bessie Helton, Cora Hearn, Carrah Mixon, Florence Harp, and the hostess, Jewel Sickles.

Each received a Mother's Day gift. Visiting was the program of the day.

The next meeting will be with Alta Spradlin June 9. Everyone try to be there.

Birthday Tea Honors Mrs. E. L. Lewis Sun.

Mrs. E. L. Lewis was honored with a tea Sunday afternoon, May 14, 1972, in the home of Mr. and Mrs. C. L. Lewis. Hosts were her children.

The occasion was to celebrate Mrs. E. L. Lewis' 92nd birthday and Mother's Day.

The table was beautifully set with a white lace cloth over yellow satin with a centerpiece of yellow iris, jonquils, and baby's breath flanked on either side by brass candelabra with yellow candles.

A beautiful birthday cake and punch were served by her grandchildren to 44 friends and relatives.

Guests were registered by Rene Moore of Adrian, Texas, a great granddaughter who shares the same birthdate as Mrs. Lewis.

Mrs. W. R. Wilkerson and Mrs. J. A. Howard visited in Clarendon Convalescent Home last week.

WHO'S WHO

the GRADS, that's who!

The College graduates, Seniors . . . young people on their way to ever-higher goals; young people dreaming bigger dreams and working hard to make dreams come true. This is what gives promise to making America's future ever greater.

The diploma, like the flag is simply a symbol. The real test of greatness for people or for nations is in honorable and continuing achievement.

The new Seniors have, by their past achievements, given every indication that they are willing and able to meet that test . . . to help make tomorrow's America greater than ever.

Our prayers and best wishes go with these outstanding graduates.

Selective Service Issues Call Orders

Colonel Melvin N. Glantz, the State Director of Selective Service for Texas, is instructing Texas Draft Boards to issue Induction Orders to all 1972 First Priority Selection Group men with Lottery numbers of 35 or below.

Under the Uniform National Call procedure, the "Induction cut-off number" was announced by Acting Director of Selective Service Byron V. Pepitone. Induction Orders will be issued to all fully acceptable registrants in the United States with Lottery Numbers of 35 or below who are members of the 1972 First Priority Group. This Priority Group is made up basically of men born in Calendar Year 1952.

The Defense Department asked Selective Service to induct 15,000 men in April, May and June. The National Director previously established a Lottery Cut-Off number of 15 for April and May, and has raised the Lottery Number to 35 for the June Induction call.

Each registrant to be inducted is given at least 30 days notice before his Induction Reporting Date. All Induction Orders for June will be issued by May 31, 1972.

Glantz said there is no quota of men for Texas, but he expects the June call to result in approximately 650 inductions in Texas.

Glantz also said men in the 1972 First Priority Selection Group with Lottery Numbers of 75 and below could expect orders for a Pre-Induction Physical Examination in June or July.

Mr. John Rankin, Chairman of Local Board No. 52, said five Induction Orders will be issued in Gray, Wheeler, Donley and Roberts Counties. There are also 11 men who will be issued orders for Pre-Induction Physical Examinations soon.

Mr. and Mrs. Ray Hefner, Mr. and Mrs. John F. Harlan, and Mr. and Mrs. Don Barker, Brenda and Gary all of Amarillo spent Sunday with their parents, Mr. and Mrs. E. V. Quattlebaum for Mother's Day. The Barkers were week end guests.

ATTENTION DONLEY COUNTY RESIDENTS

Congressman Bob Price's representative and assistant, Mr. Charles Lanehart, will be at the Farmers State Bank in Clarendon from 1 to 4 p.m. and at Clarendon College Cafeteria from 4 to 5 p.m. Monday, May 22, 1972.

Donley County residents who may have problems with the Federal Government are invited to consult with Mr. Lanehart if you feel Mr. Price's office can assist you.

NEW SCOUT LEADER FOR FIVE STATE AREA

John W. Dupree of Cincinnati, Ohio has been named Regional Director for Scouting's new South Central Region headquarters in Dallas, Texas. He will direct efforts of 45 Scout Councils serving 500,000 Cubs, Scouts and Explorers resident in Arkansas, Louisiana, Oklahoma, New Mexico, Texas, and portions of Arizona, Colorado, and Utah. The new region is one of six new operating sub-divisions of the National Council in America.

Ola Mae Tolbert of Amarillo visited her mother-in-law, Mr. and Mrs. W. R. Wilkerson, last week end.

To all of you who remembered me with cards, calls, prayers, flowers, gifts, or other kindnesses during my illness and hospitalization I offer my sincere thanks. Your thoughtfulness will always be remembered. May God bless you.

Mrs. Irene Gray

Words cannot adequately express our sincere thanks for the many kindnesses shown us during the illness and death of our loved one. For the flowers, food, cards, and other expressions of sympathy we are truly grateful.

"THE ATHENS OF THE PANHANDLE" A SAGA OF ITS BIRTH AND GROWTH

From The Office of George Bourns Student Personnel Officer

Back in the days of the late 1800's institutions of higher learning were relatively few and far between in the still young West. A number of colleges had sprung up in Texas, but most of them were in the southern and central parts of the state.

The Panhandle — a vast and rich expanse comprising more area than the entire state of Mississippi — was attracting settlers by the thousands. As the population increased at a rapid pace, the need for a college in the area increased just as steadily.

The citizens of Clarendon, a small town in the southeastern part of the Panhandle, saw the need for such an institution. They decided that something should be done. The perseverance and determination of these early-day citizens resulted in the founding of the first college in the Panhandle in 1898, known as Clarendon College.

The young college, started as a Methodist Institution and prospered, in 1926 Clarendon College as a Methodist Institution was transferred to McMurry College in Abilene by the vote of the general Methodist conference. This same year the early day citizens made Clarendon College a tax-supported public Junior College as it has been to the present day.

Based on the promise that education can best be offered in the familiar and home-like atmosphere of a smaller institution where "The individual is a name, not a number." Clarendon College has continued to grow and prosper since this earlier day, enrollment has increased steadily since the early 60's and today Clarendon College, a fully accredited Junior College that is keeping pace with the time—of offering a complete, up-to-date curriculum of basic academic courses leading to an Associate of Arts Degree and an Association of Science Degree. Recently, a new course of concentrated training for business was added to the curriculum. This course, offers

college secretarial training in 9 to 12 months which also carries academic credit.

In 1945, Clarendon College was the recipient of an endowment from the estate of Etta and Ida Harned in the amount of approximately \$326,000.00. The Harned sisters, pioneer residents of Clarendon, were strong supporters of the college and were particularly interested in the furtherance of the Fine Arts on the college level.

This endowment enabled the college to cross the threshold of a new era. Some thirty acres for a new campus was purchased and construction was started immediately for the present new plant that fine students of Clarendon College are presently enjoying.

The present Clarendon College has a total of eight new buildings in which the academic building includes the library, laboratories, administrative offices and fifteen classrooms. The Harned sisters Fine Arts building includes a beautiful auditorium and classrooms for music, drama, and art. The physical Education building has a complete modern gymnasium and classrooms for health and first aid. The Cafeteria building houses not only the cafeteria but the bookstore and classrooms.

Two new men's dormitories house 110 young men. In the fall of 1971, Knorpp Hall, a new dormitory, was completed to house 80 young women giving Clarendon College on campus living facilities for 190 students. In addition to this new construction, there has recently been completed a new Student Activity Center.

The new plant was occupied in December 1968 and is presently being enjoyed by the growing student body. The future hopes for the growing educational institution of President Vaughan's and others who are interested in the educational welfare of young people — the combination of months of hard work, wise planning, and faith in the future of Clarendon College—the prospect of students receiving the best of educational opportunities from a beautiful, modern campus on the "Hill."

Since the opening of the new facilities in 1968 Clarendon College has increased 67.6% in student enrollment. With the additional building of new dormitories it still has become necessary to prevail on the fine citizens of Clarendon and surrounding towns to open their homes and extra bedrooms to accommodate the overflow of young people who wish to better themselves through a higher education.

Clarendon is proud of its college, and thousands of alumni scattered throughout the land are quick to proclaim the merits of "The Athens of the Panhandle."

Legislation now pending before Congress.

Edward Larson, National Chairman of the Committee and the President of the Anderson Company (ANCO) of Gary, Indiana praised the stand of the Member of Congress and further stated, "The forthright action on the part of Congressman Price in publicly supporting tax simplification and the reform for the 16½ million small businessmen in America, and particularly those in his District, deserves the highest recognition. This action should be regarded as the first move in the direction of equitable tax treatment for nineteen of every twenty firms in the United States which are small business."

Highlights

and Sidelights

From Your
State Capitol
By BILL BOYKIN
Texas Press Association

Texans displayed at May 6 primaries a strong desire for new state governmental leadership to assure a change in top offices and a major legislative turnover as well.

Reform candidates Dolph Briscoe of Uvalde and State Rep. Frances (Sissy) Farenthold of Corpus Christi charged into the Democratic gubernatorial runoff. Mrs. Farenthold scored a stunning upset over Lt. Gov. Ben Barnes. Gov. Preston Smith finished a distant third. Republican gubernatorial runoff candidates are State Sen. Henry Grover and Albert B. Fay, both of Houston.

Houston newspaper executive Bill Hobby lead State Sen. Wayne Connally of Floresville in the lieutenant governor's race and both already are campaigning hard for the June 3 runoff.

John Hill of Houston squeaked through without a runoff over Atty. Gen. Crawford Martin and Bill Pate of El Paso.

From there on, the statewide incumbents managed to stay on top. One, Comptroller Robert S. Calvert, led widely but was forced into a runoff with a former

employee Jim Wallace of Austin.

Former U. S. Sen. Ralph Yarborough has a runoff with Barefoot Sanders for the Democratic nomination to face GOP Sen. John G. Tower.

There will be at least 14 new faces in the Texas State Senate, and all observers concede the body will be more conservative than the present Senate. Six senate seats will be decided by runoffs. Republicans will oppose Democrats in 12 general election races. One Republican Senator is unopposed.

In the House, a total of 64 incumbents did not seek re-election or were defeated. (Actually, 14 were defeated.) Sixteen more incumbents were forced into House runoffs, including Speaker Rayford Price of Palestine. More than 65 incumbent representatives were renominated. Republicans were nominated in 76 of the 150 districts.

CANE ACREAGE ALLOTTED—The U. S. Department of Agriculture has allocated 25,700 acres in the Lower Rio Grande Valley for sugar cane harvest.

The allotment includes counties of Hidalgo, Cameron, Wilbarger and Starr. Allocation is the first in almost 50 years for Texas and, according to U. S. Sen. John Tower, is expected to return a cash crop worth more than \$50 million to Texas growers.

Cotton, citrus and vegetables already are produced in the area, but Tower said growers need an additional crop with a stable economic base. Mainland sugar cane production in the U. S. has been concentrated in Louisiana and Florida. The allocation goes to Rio Grande Valley Sugar Growers Inc., a cooperative which already has 2,500 acres in cane which will be used for seed in the scheduled September 1973 processing.

MISSION SEEKS BUSINESS—A 10-member Texas trade mission team in Moscow and Bucharest may return with more than \$60 million in business for oil drilling and petrochemical manufacturers.

Texas Industrial Commission said the mission which began last month offers an opportunity for Texas to take the first step toward capturing a portion of a

virtually-untapped \$22 billion market in Eastern Europe.

The tour, organized by the petrochemical industry, is the first of its kind behind the iron curtain. It is designed to promote sales of oilfield equipment, refinery and chemical production equipment and instrumentation, controls and services of these operations.

STAMP PROGRAM PLANNED—The State Department of Public Welfare has been called on by the governor to develop a pilot food stamp program in preparation for a statewide plan.

A state-funded program will be proposed in the special session of the Legislature next month. Federal courts have ordered all counties to have either a food stamp or a food commodity program for the needy. The stamp program is expected to generate \$285 million in economic activity.

COURTS SPEAK—The American Party once more was unsuccessful in trying to have the new law providing state financing for primary elections declared unconstitutional by the State Supreme Court.

The High Court, in another case, held the owner of a factory in Hemphill was not liable for damages in an accident caused by independent contractor hauling logs to the plant.

Third Court of Civil Appeals upheld a Hays County district court decision on preventing a contractor from bringing a second suit over the same paving contract transaction against Holiday Inns.

APPOINTMENTS — W. E. (Buck) Tinsley of Austin has been re-appointed to a new six-year term on the Texas Water Development Board of which he has been chairman for the last year.

Governor Smith appointed Jefferson Kerney Brim Jr. of Sulphur Springs eighth district judge.

Smith picked W. L. Kindel of Houston, Mrs. Ida L. Kenny of San Antonio, Mrs. Printis E. Ellis of Paris and Dr. John T. King of Austin for membership on the Governor's Committee on Aging.

Myrel Jean Creely, granddaughter of Mrs. W. R. Wilkerson, and John Tolbert of Claude visited the Wilkersons Mother's Day.

"A FRIENDLY PLACE TO TRADE"

We shouldn't think the world owes us a living. It really doesn't owe us a thing, after all it was here first.

Edison didn't have a phonograph or an electric light. Ford did not have an automobile, and the Wright brothers didn't have an airplane. Who would say that these men didn't have a chance?

I guess the real test of a person comes in what he would do if he knew he would never be caught up with.

Happiness like a refreshing stream flows from heart to heart in endless circulation.

People never get an honor over something they receive, but because of something they have given.

Nothing is easier than just plain finding fault.

Political plums may not be grown from the seed-often times they are grafted.

After all the accusing things that have been said about the candidates for most high offices it gave us a shaky feeling to even cast a vote. It seems to be high time for an awakening in the peoples interest in politics

and a searching to the bottom of the barrel to find some honest men to lead us. A few years ago people would have been shocked to the bone by the scandal in our state capitol. This time it only seemed to cause a mild ripple on the political sea. We wonder what terrible things we have in our future at the rate we are drifting.

Nationwide, Texas ranked third in the nation in 1970-71 in production of early, midseason and navel oranges. Texas ranked fourth in production of valencia oranges, and the state was second in the nation in grapefruit production.

"LEGAL NOTICE"

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING CORRIDOR (LOCATION) AND DESIGN (COMBINED HEARING)

The Texas Highway Department is planning the construction of F. M. Road 3257, extending from U. S. Highway 287, 2.0 miles Northwest of Clarendon, North a distance of 3.2 miles, in Donley County.

The proposed design will provide a two-lane bi-directional facility, with 10-foot paved travel lanes and 4-foot shoulders. The right of way width will be a minimum of 100 feet, and there will be no relocations on the proposed project.

Maps and other drawings showing the proposed location and geometric design, environmental studies, and any other information about the proposed project are on file and available for inspection and copying at the office of Everett H. Monroe, Clarendon, Texas. Also, the drawings showing the proposed geometric design have been placed on file in the office of the County Judge of Donley County.

Information about the State's Relocation Assistance Program, the benefits and services for displaced and the relocation assistance office, as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Texas Highway Department District Office, P. O. Box 909, Childress, Texas, 79201.

Any interested citizen may request that a public hearing be held covering the social, economic, and environmental effects of the proposed location and design for this highway project by delivering a written request to the Donley County Residency in Clarendon, or to Mr. V. J. McGee, District Engineer, Childress, Texas, on or before June 8th, 1972. In the event such a request is received, a public hearing will be scheduled and adequate notice will be published about the date and location of the hearing. (18-2c)

Rules To Veteran

Home Buyers

A veteran who buys a home with Veterans Administration financial assistance must certify he will not discriminate in its future sale or rental because of race, color, religion or national origin, Jack Coker, Waco VA Regional Director, said today.

Coker noted that this is one of the policies inaugurated in the VA home loan program after enactment of the U. S. Fair Housing Law (Title VIII, Civil Rights Act of 1968). The policy applies to guaranteed, insured and direct loans, as well as VA grants to disabled veterans for specially adapted housing.

April 11, was the fourth anniversary of the Fair Housing Law, and VA and the Department of Housing and Urban Development are commemorating the event by calling attention to progress toward implementation of the law.

Coker said in citing another fair housing measure adopted by VA, Administrator of Veterans Affairs Donald E. Johnson noted sponsor who refuses to sell an "a builder, developer, broker or eligible veteran a new home can be barred from further participation in the GI home loan program, if it is determined refusal was based on race, color, religion or national origin.

"Further, lenders can be denied participation in the program," Johnson pointed out, "if they turn down an application for a GI loan for either new or existing housing from a credit-worthy, eligible veteran for the same discriminatory reasons."

Veterans were urged to file written complaints with VA Regional Offices if they believe they were denied purchase of a home with a GI loan because of discrimination.
