### WHEAT REFERENDUM

The USDA is scheduled to hold a wheat producers' referendum July 19-26, 1985. Producers voting in the referendum will be choosing the type of program they want in effect for 1986.

If 2/3 of more voters favor marketing quotas, basic program provisions would include mandatory acreage controls and penalties for overplanting; a three-tier price support system ranging up to 90% parity; a domestic and export certification program financed by processors and exporters; and a mandatory unpaid land diversion program.

If 1/3 or more voters oppose marketing quotas, the basic program provisions would include no acreage controls or penalties for overplanting; a price support loan program set at 50% of parity; no domestic or export certification; and no land diversion.

This referendum and its provisions are written into permanent legislation and could still be overruled if new legislation is put into law for 1986.

### SKIP ROW PATTERNS

If you plant in a skip-row pattern and are not sure the amount (percent) to count as crop, let us figure it for you.

### MIXTURE OF GRAIN SORGHUM OR HEGARI

If you plant grain sorghum or hegari in combination with sudan, haygrazer, cane, etc., it will be considered as grain sorghum and count against your corn/grain sorghum base. A list of seed by different companies is available in

## WTU asking to refund \$13.7 million

West Texas Utilities Company filed a petition with the Public Utility Commission of Texas asking permission to refund \$13.7 million in fuel costs savings and interest to its retail customers.

Glen D. Churchill, WTU president and chief executive officer, said the refund is possible because of efforts by the Company to reduce production costs. By obtaining cheaper boiler fuel and buying available economy power from other companies. As result, WTU has actually been able to spend less for power plant fuel than was anticipated when the fuel factors were established by the PUC.

The savings have accumulated since August 1984 when the fuel recovery account was last reconciled by the Commission. The total available for refunding includes \$12.6 million in actual savings, plus an estimated \$1.1 million in interest.

"We want to pass these savings on to our customers as quickly as possible in order to bring some relief during the season of hot weather and high utility bills," Churchill said. "While we are not yet due for a reconciliation, we are voluntarily asking permission to make refunds now."

Since 1983, electric customers in Texas have been charged for fuel according to fixed fuel factors set by the PUC. This method of fuel cost recovery was ordered by the PUC to replace the automatic monthly fuel adjustment which matched fuel billings to fuel expense immediately and under which utilities had operated for many years.

Under present rules, a reconciliation of the fuel costs may be required a year after the factors are fixed, but adjustments are possible sooner if actual fuel costs are substantially above or below the amount being charged.

"Over the past several months, the Company has made considerable savings by purchasing surplus power from other companies cheaper than WTU could generate it, and by taking advantage of a softer natural gas market," Churchill said.

Natural gas is the principal fuel for all WTU's eight major power generating stations. In recent years, fuel costs have amounted to more than half of WTU's total operating revenues.

Much of the economy power being bought from other companies now comes through a new high voltage, direct current interconnection completed last December near Vernon. This facility allows WTU to import electricity from outside the state of Texas.

WTU proposes to make the refunds to existing customers through a one-time credit to their bills, commencing immediately after Commission approval. Refunding through bill credits would be more timely, efficient and cost effective than attempting to send customers checks, Churchill said.

The credit would be calculated on an individual customer basis using each customer's monthly kilowatt-

hour consumption during the period involved.

Refund amounts will vary with the amount of the customer's usage. The average residential customer is expected to receive about \$32.

The petition filed is for an exception to PUC rules requiring a formal reconciliation procedure. A full fuel cost reconciliation for WTU is not due for several months.

Experience has shown that reconciliation proceedings are quite lengthy, delaying refunds reaching the customers. For this reason, the Company is asking the Commission to make an exception to its rules so that refunds can be made immediately during the hot summer season.

## SPOTLIGHT On Teen's

By REV. TONY COLBURN

Last week we saw what an unbeliever focuses upon for his lifestyle. This week we want to see what the Christian should be focusing upon for his lifestyle. Phil. 4:8 says, "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of a good report; if there be any virtue, and if there be any praise, think of these things."

1. A Christian should be thinking upon things that are "true". A Christian does not live in an illusory world. He sees things God's way, which is the way things really are.

2. A Christian should be thinking upon things that are "Good". A Christian focuses his attention on what is constructive and healthy, so that life and eternity reflect lasting joy.

3. A Christian should be thinking upon things that are "pure". The Christ-controlled Christian cares about the other person's dignity. Thus, he or she is constantly seeking to focus on others in a non-degrading and clean way.

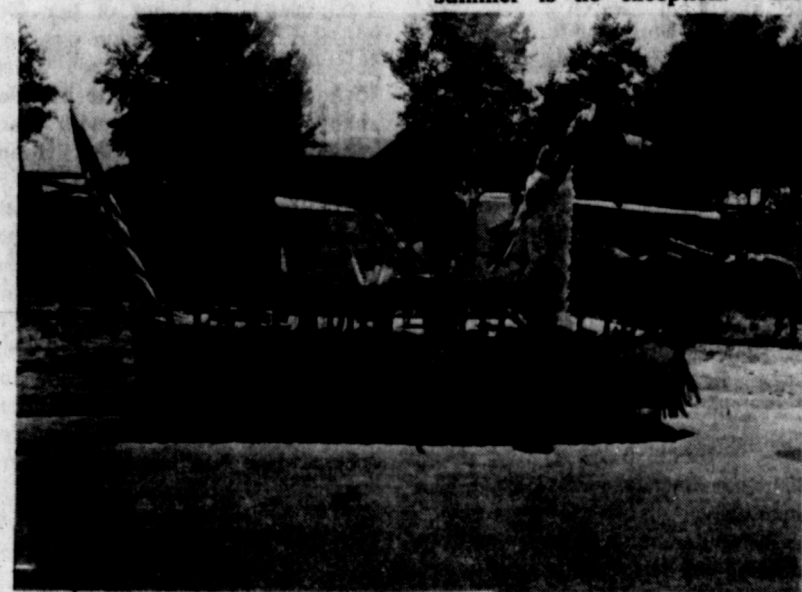

4. A Christian should "dwell on the fine and good things in others". The Christian should see the people as lost, without God and in great need. Consequently, he is becoming more compassionate all the time.

The Christ-controlled Christian has learned how to give God praise

for everything. His trusting, positive attitude affects those around him, so that they can see Christ's control at the root of his attitude.

After checking the focus on lifestyle of both the believer and the unbeliever, by which way of living would you rather be influenced?

John Deere to waive

finance charges

10 months

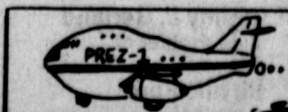

John Deere has announced a new program to waive finance charges for up to 10 months on all new farm tractors -- utility, row-crop and 4-wheel drive -- purchased through the John Deere finance plan. Finance charges will be waived until April 1, 1986.

Waiver of finance charges reduces the interest paid during the term of a retail financing contract. Additionally, the program permits a faster buildup of the buyer's equity in the tractors since all payments during the waiver of finance charges period apply entirely to principal.

The company has also announced a discount schedule for buyers of new John Deere tractors who choose not to use the waiver of finance charges. Discounts range as high as \$1,025 on utility tractors, \$2,575 on row-crop tractors and \$4,450 on 4-wheel drive tractors.

What is a person to do during the long, hot summers of small towns in the Texas Panhandle? Clarendon, Texas is more fortunate than most other towns its size due to the answer Clarendon College provides. Students attend summer classes for a variety of reasons: Shaun Heil and Doug Walker are university students who return home to "vacation" by taking classes in the fall. Gayla Clifford, Tim Cole, and Terri Leffew are May 1985 graduates of Clarendon High School who have been taking college courses since last summer with permission of their high school principal. Upon graduation from high school, those hours became valid college hours. Eight other members of their graduating class are taking college courses for the first time this summer. Five Class of '86 Clarendon High School students are currently taking advantage of those pre-college hours. They are Traci Burch, Lesia Fuston, Brent Hayworth, Janet Risley, and Robert Youngblood. Another group of Clarendon students are too young to qualify for that program. Jennie Porter, Renee Cole, and David Shaller are auditing computer and typing classes to develop skills. Sharon and Jim Braddock regularly take 3-6 hours per semester on their way to associate degrees, and this summer is no exception. Some

teachers are able to meet certification requirements with classes from Clarendon College. Jennifer Scoggin, June Davis, and Lee Jackson fit into this category this summer. Cosmetology and LVN classes continue through the summer as part of their normal schedules. Thirty-five men and women from Clarendon and Claude have recently completed a ten week course in the techniques of playing bridge. Many other local people are taking summer classes for personal and professional growth. These students of all ages, interests, goals, and abilities will have something to show for their long, hot summer in a small town in the Texas Panhandle. July 11 is the last day to register for the second session at Clarendon College for the summer of '85.

## From The PEN of PASTOR PINION

**THREE CLASSES OF MEN**  
The next several weeks I would like to take the time to discuss "Three classes of men" that are mentioned in the scriptures. Everyone reading this article will fall into one of these three classes.

There is an obvious difference in the character and quality of the daily life of Christians. This difference is acknowledged and defined in the New Testament. There is also a possible improvement in the character and quality of the daily life of many Christians. This improvement is experienced by all such Christians who fulfill certain conditions. These conditions, too, form an important theme in the Word of God.

The Apostle Paul, by the Spirit, has divided the whole human family into three groups: (1) the "natural man," who is unregenerate, or unchanged spiritually; (2) the "carnal man," who is a "babe in Christ," and walks "as a man"; and (3) the "spiritual" man. These groups are classified by the Apostle according to their ability to understand and receive a certain body of Truth, which is of things "revealed" unto us by the Spirit. Men are vitally different one from the other as regards the fact of the new birth and the life of power and blessing; but their classification is made evident by their attitude toward things revealed.

In I Corinthians 2:10 to 3:4 this threefold classification is stated. The passage opens as follows: "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by His Spirit." A distinction is here drawn between those general subjects of human knowledge which are received through the eye-gate,

son; Nita and Keeha Ellis; Rocky, Cathy Finch, Somer and Aaron; Kade, Chris and Margaret Matthews; Flint Barker; Lynn and Terry Floyd; Wayne Hardin; Roy and Denise Bertrand. Teachers who came by were Mrs. Todd and Ethelyn Grady.

## The Lion's Tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday, July 2nd at the Lions Hall. Twenty-six members, Lion Sweetheart Jessie Adams, and six guests were present. Following the regular opening ceremony, Liontamer Messer introduced David Smith, Steven Bivens, Roger and Russell Estlack, each of whom was the guest of his father. Kyle Allen was the guest of Lion Homer Estlack. Boss Lion Winsor made several announcements and then Program Chairman Don Smith introduced Jo Schollenbarger, secretary to Clarendon College president Kenneth Vaughan, who brought our program on the origin of surnames. She told us the four main categories for their origin are location, father's name, occupation and nickname. She then told us which category each of the club members' names fell in and gave some information as to what the name means. It was a very interesting program.

The Clarendon Lions Club met at a regular meeting Tuesday noon, July 9, 1985 at the Lions Hall. There being present 23 members and 6 visitors. After a very delicious meal, Boss Lion Winsor opened the meeting in due form. In the absence of Liontamer Messer, Boss Lion Winsor introduced the guests as follows: Mr. Carl Allen, guest of Lion Homer Estlack, Mr. David Smith, guest of Lion Donald Smith, Lion Dennis Rattan, guest of Lion Ricky Rattan, Mr. Doug Bivens, guest of Lion Paul Bivens, Reverend John Truett, guest of Lion Larry Green, and Mr. Roger Estlack, guest of Lion Allen Estlack. Today's program consisted of a report on the Lions International Convention at Dallas, attended by Boss Lion W.W. Lovelady, incoming Boss Lion Mark Winsor and Lion Jim Sharrar. This was a very informative program and an interest to every Lion. Upon conclusion of the program, Boss Lion Mark Winsor closed the meeting in due form.

## Insurance Decisions

The Liabilities of Success

Many business people and professionals have no idea that they -- and all they've worked for -- are exposed to costly private lawsuits.

In fact, the very hallmarks of success -- from yachts to handsome homes -- make business people tempting targets.

Civil lawsuits have increased from an estimated 10 million in 1967 to projected 14 million for 1982. By 1979, the average award in a fatal accident case was over \$350,000.

Yet the standard homeowners insurance policy typically provides liability coverage of only \$100,000. So a major lawsuit might endanger savings, a home, even future earnings.

Knorpp Insurance believes that people with important assets should consider personal liability umbrella policies. These policies will not protect against liabilities incurred in business -- but they will close some of the gaps that other types of coverage leave open.

Knorpp Insurance umbrella policy offers as much as \$10 million in protection -- and a million dollars in coverage costs as little as \$100.

J.M. Glass from Corsicana and his son, Jeff, stopped by for a visit last week. J.M. recently retired from the Howard Hughes Company. I asked him if there was a will in his favor, but he said there wasn't. He and Fred share relatives.

Geneva McAfee and Linda Fry of Amarillo treated their mother, Mrs. Fay Naylor, to a trip to Las Vegas for her birthday recently. Geneva says they all got muscle spasms in their arms from playing the slot machines.

Bill and Juanell Carson have been enjoying their Oklahoma children for several days. Rev. Stan Cosby is working with the Methodist camp at Ceta Canyon. Susan and the children visited the Methodist Church with her parents last week.

Virgil and Opal McPherson attended the wedding of their granddaughter, Sherrie Burns in Amarillo last week. Sherrie is the daughter of Kathy Richardson of Lawton.

Marty and Sis Martin had Kendra to an ear specialist in Amarillo last week. I haven't seen Sis to ask how the doctor's appointment went.

Calvin and Kelly Harmon went to farwell to get Keith for the 4th of July celebration. We didn't get to visit with him much. He spent Friday and Saturday hauling hay. We took him back Sunday.

J.D. and Marie Skaggs had their daughter, Lynn, home for the holiday. She was at church Sunday.

Maxie and Katrina Osburn, Christi and Brandi; Joe and Marlee, and Kale; B.J. Pierce, Angie Pierce, Jackie Davis, and Bobby Sanders from Amarillo and Carroll and Marsha Favor from Childress spent the weekend with their parents, Manford and Wilma Snelson.

Alfred and Viola Johnson and Walter Johnson went with Charlie and Eunice Johnson of White Deer and Bo and Ruth Noble from Dumas to Davis, Oklahoma to attend the Davis School reunion last weekend. They spent one night with their cousin, Mrs. Minnie Woofruff in Maysville.

Danny Morgan of Oklahoma City spent the weekend with his mother Betty Gilchrist. They helped Randy and Rhonda Shaw and LaRae move into their new mobile home in the southwest part of town. They have sold their home near the school

house to Ed and Jeannette Floyd. It will be good to have Ed and his wife back in Hedley. They have lived in Panhandle for several years.

Tony Clendennen spent the weekend with his parents, Tom and Opal Clendennen. Tony lives in Amarillo now.

Bob and Jessie Roland had company all weekend. Their son and daughter-in-law, Bobby and Pat Roland from Amarillo, Bob's sisters and brothers-in-law, Oma and Rhonda Ray from Channing and Ethel and Ed Favore from Giles, were all there.

Kenneth and Sammie Housden, Ricky, Carrey, Angie, and Evette from Snyder; Terry and Delores Simpson, Jody and Deena from Lamesa; Bill and Tobitha Wiggins, Cody, Bill, and Phillip from Wheeler spent the weekend with their parents, Sam and Flora Sanders. Sam's and Flora's Hedley children were there also.

Elgie, Linda McCleskey, Willie, Elwyn of Spur; Janette and Gary Burns, and Joe and Lucy Poole from Amarillo, Sondra Layton and Joel from Hedley and Amelia Holley enjoyed the 4th of July with Pick and Laqueta Cox and Carl.

There were a lot of Hedley people at the Saint's Roost Celebration in Clarendon last week. I know I didn't see them all, but visited with a lot.

Virgil McPherson was there with his daughter and son-in-law, Carolyn and James Kirkland from Amarillo.

Kay and Bill Talley, Josh and Matthew were there. When I talked to Kay she was looking for the boys. She thought they might be locked up in the jail.

Bull and Carolyn Lowe had their daughter, Lee Ann, and her children with them.

Mollie Dickson was there with her son and daughter-in-law, J.M. and Ida Lou Dickson from Panhandle.

Anthony and Vickie Knowles and Dustin enjoyed the celebration.

I saw Bill and Marilyn White and their boys at the barbeque.

Connie Lee Wilson and her boys were enjoying the barbeque with her parents, Connie and Mahdeene Debord.

Walter Johnson seemed to be enjoying the barbeque and said he

was waiting for the fiddling contest to start. Walter knows about fiddling. He has been playing the fiddle most of his life.

J.T. and Helen Lamberson had their son, J.T., Jr. and his daughter, Lisa Bodenhamer and Joshua, from Houston with them.

Blackie Johnson and Ronnie Hill were among the officials at the rodeo.

Gayle Osborne and her girls enjoyed the celebration. Amy and Gaylee were on the Hedley float in the parade. Amy is Miss Donley County and Gaylee is her 1st attendant.

Craig Kennedy and Amy Shields were at the parade.

I visited with Martha Lowe after the barbeque. She was bragging about her grandson. Doug and Martha live in Fort Worth and spent the weekend with their parents, Alfred and Eloise Spalding in Hedley and Mrs. Genoa Lowe in Clarendon. I guess they attended the reunion of Martha's class. I think she graduated in 1955.

Johnny and Della Linville were at the parade. Their son, Ernie Houdashell, rode with Congressman Beau Boulter in the parade. Ernie is the area representative for Congressman Boulter.

I enjoyed a visit with Greg Collins early Thursday morning before things got too busy. I warned him that the sheriff was liable to get him in his bright orange shorts and t-shirt. Before long I saw him locked up with a jail full of other 'law breakers'. He didn't look very worried. Greg is one of the sweetest kids I ever saw. He's certainly one of the friendliest.

Speaking of kids, I just finished a semester of classes at Clarendon College. I was one of two adults in the whole class. A few days before the class ended, one of the young men who took it with me stopped me as we were leaving and said, "Miz Watt, I've enjoyed taking this class with you. You don't act like an old lady." That made my day.

## Medical Center News

The meeting was called to order by President Frank Reid at 2:30 p.m. on Thursday, June 27, 1985. Reverend Lester Blackerby opened the meeting with a prayer.

An orientation program was presented by Director of Nurses, Sue Leeper; Food Service Supervisor, Lee Welch; and Administrator Billy Ray Johnston. Each expressed appreciation to the auxiliary members for their volunteer services. Sue Leeper discussed volunteers' responsibilities in assisting with residents. Lee Welch emphasized the importance of diet prescriptions for each individual resident, and the necessity of checking with her before any additional food was provided. Billy Ray Johnston reported that the application for the van is incomplete at this time. Jean Baten, Administrator of Senior Citizens Association, is to be contacted for assistance.

The first item of business was the election of a new secretary. The motion was made by Oddie Moss and

seconded by Mary Beth Nelson to elect Clytis Blackerby.

A discussion of the next auxiliary meeting was led by Vera Johnson. It was suggested that the meeting also include the residents and be held with the residents using a "western motif." Final decisions will be made at a later date.

There was a brief discussion as several members reported their previous experiences in working with residents.

The meeting was adjourned with a prayer led by Vera Johnson, Activity Director.

Those in attendance at the meeting were President Frank Reid, Vera Johnson, Gertrude Reid, Leta Smith, Oddie Moss, Rose Lee Watson, Clytis Blackerby, Reverend Lester Blackerby, Norma Corgill, Fred Fortenberry, Mary Beth Nelson.

### NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$ .025	\$ .015
7	14 miles	B	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

No protestant will be admitted as a party to the proceeding unless the protestant complies with Commission Rule 31 TAC §267.1 which requires a justiciable interest and actual or representative presence at the hearing. If any party participating in the hearing desires a transcript of the proceedings, it will be done at the request and expense of the party requesting the transcript. Due to the technical nature of the hearing, it may be advisable for the protestant to have an expert witness, such as an engineer, available at the hearing. ## Burch and May attend Farm Bureau Seminar

More than 400 high school juniors and seniors participated in the 23rd Annual Texas Farm Bureau Citizenship Seminar, June 17-21, on the campus of Angelo State University at San Angelo.

Attending the seminar from Donley County were Traci Burch and Dawn May.

Purpose of the seminar is to give students a better understanding of the various forms of government and their responsibilities as citizens, according to James Gipe, coordinator of the seminar for Texas Farm Bureau. Students are sponsored through county Farm Bureaus.

The first evening's activities consisted of Dr. L.D. Vincent, President of Angelo State, delivering the welcoming address and a general orientation session.

During the seminar, TFB President S.M. True, Jr. and TFB Executive Director Warren Newberry responded to questions from the students and discussed Farm Bureau and its future.

The students heard inspiring and motivational talks about patriotism

and free enterprise from eight individuals. The speakers and their topics were: Glenn Kimber, Executive Vice President, Institute for Constitutional Studies, Washington, D.C., "The Making of America"; Dr. Joseph Ioffe, a Russian immigrant, "Understanding the Soviet Union"; Dr. Sam Zakhem, Vice President for Economic Affairs, Rocky Mountain Orthodontics, Denver, Colorado, "Understanding the Middle East"; Dr. Calvin Kent, Director, Baylor University's Center for Private Enterprise, Waco, Texas, "Free Enterprise and You"; Elvin Caraway, Legislative Aide, Congressman Larry Combest, Washington, D.C., "The Challenge for Young Leadership"; Senator Cynthia Taylor Krier, San Antonio, Texas, "Opportunities of a Democratic Society"; Dr. Thomas Cunningham, a family life specialist, Stillwater, Oklahoma, "Citizenship and Self-Esteem" and Jack Jackson, Chairman of the Board, LDI, Inc., Oklahoma City, Oklahoma, "The Price of Free Enterprise".
