Orientation Tues. p.m. For Medical Center Auxiliary

The Medical Center Auxiliary met at 2 p.m. in the Hospitality Room of the Farmers State Bank Tuesday, February 8, for Orientation in regard to Auxiliary work.

Mrs. Lon Harmon, president, called the meeting to order and Mrs. G. W. Estlack was asked to read the Auxiliary Prayer.

The meeting was primarily devoted to Orientation. Mr. Wes Langham, Administrator of the Medical Center, named the various committees to be set up and explained the duties of each committee and the hours of Volunteer Service needed each day.

In addition to committee work, Mr. Langham discussed the "Do", the "Don't", and the "Never, Never" policies to be followed in all Auxiliary work.

Mrs. Arlis Mooring, treasurer, recorded and accounted for members as name pins were picked up.

Those attending were then taken on a tour of the new Medical Center facilities by Mr. Langham.

Membership in the Medical Center Auxiliary is open to anyone who is willing to volunteer their time for a few hours each day or each week and who will ask for membership. You may work on the committee of your choice and choose your working hours.

The executive Board of the Medical Center Auxiliary will meet in the office of Mr. Wes Langham at the Medical Center at 2 p.m. Tuesday of next week, February 15.

Locals Honored At Quivira Girl Scout Annual Dinner Meet

The annual dinner meeting of the Quivira Girl Scout Council was held at the First Methodist Church in Pampa recently with 150 in attendance.

During the meeting special guests: Mr. and Mrs. Jim Woody, Caretaker at Camp Cibola, Rev. and Mrs. Milton Jochev, Mr. and Mrs. Arling Cordell, Mr. and Mrs. Tommie Saye, and Mrs. T. M. Caldwell, Jr., Clarendon Neighborhood Chairman, all of Clarendon were introduced as others attending were recognized.

Clarendon Junior Troop 100 made all of the name tags for the dinner meeting. Leaders of this troop, Mrs. Horace Green and Mrs. Dalton Swinney, were introduced and thanks extended to them and their troop for their work.

A number of awards were made. Several were of direct interest to residents of this area.

The Donley County Leader of Clarendon was presented a beautiful Trefoil Paper Weight. Mrs. T. M. Caldwell, Jr. accepted the award on behalf of G. W. Estlack, Editor-publisher. The award was made specifically for the news coverage given Camp Cibola and general coverage of Girl Scout News on the local and Quivira Council level.

Boss Lion Arling Cordell accepted a Certificate of Appreciation from the Clarendon Girl Scout Neighborhood. The Clarendon Lions Club being the sponsoring organization.

T. M. Britt was presented a beautiful plaque in appreciation for his contribution to the establishment of Camp Cibola. Mr. Britt's daughter, Mrs. T. M. Caldwell, Jr. accepted the plaque on her father's behalf. The Clarendon Neighborhood received credit for this contribution.

During the business session Bright Newhouse was re-elected as a Board Member.

The program was presented by Mrs. Ruth Holladay, English instructor at West Texas State University, who gave a very entertaining talk.

Mr. Charles Lanehart, Congressman Bob Price's representative, will be in Clarendon Friday, February 11. He will be at the Farmers State Bank from 1 to 4 p.m. and at the Clarendon College Cafeteria from 4 to 5 p.m.

Congressman Price asks that if you have any problems in matters in which he can be of assistance to you that you will contact Mr. Lanehart. Congressman Price also expressed his appreciation to all who took the time to return the "Opinion Cards" as your support plays a major part in the successful passing of worthwhile legislation.

Eight Boys To Receive God & Country Award Sunday Morning

Boy Scouts of Troop 33 and Cub Pack 37 will attend church this coming Sunday, February 13 at the 11 o'clock hour at the First Baptist Church.

At this time, eight boys will receive the God and Country award. This will make a total of 24 boys who will have received this coveted award locally.

Parents are invited to attend with the boys and sit as a group. There are few localities anywhere that can even start to match this record which can be attributed in great part to the extra effort extended by our local leaders of the scouting program. The Leader offers congratulations to these men, women and boys... fine boys who will be our future leaders.

Clarendon FFA members would like to express their appreciation for the good support they received at the Amarillo Show on the sale of their barrows. Their thanks go to each individual and merchant who made this sale such a success.

You Can Still Sign Up To Vote

Secretary of State Bob Bullock reported last week that despite some statements to the contrary, voter registration did not end on January 31.

Apparently there is some confusion about the new voter registration law passed by the last legislature. Under the new law, voters can register any time during the year. However, persons must register at least 30 days prior to an election, to be able to vote in that election.

If you want to vote in the upcoming city and school elections or any other possible called election, you will have to sign up by April 5 to be able to vote at that time.

Mrs. Clyde James, County Tax Deputy, reported Wednesday morning that a total of 2025 county residents had registered to date and this number is expected to climb before the deadline mentioned above.

CLARENDON COLLEGE CLOSES FOR TJCTA MEET

Bulldogs To Meet Frank Phillips

Thursday night, February 3, the Clarendon College Bulldogs fought the Amarillo College Badgers to a deadlock at the end of the game with the Badgers defeating the Bulldogs in one over time by only two points. The Badgers of Amarillo College were favored highly to win the W.J.C.A.A.

The tallest man for the Bulldogs measured 6'4" battling against the Badgers with height measuring 6'10", 6'8, and 6'7". The Bulldogs played their best ballgame of the season in intimidating the mighty Badgers. Thursday night, February 10, the Bulldogs match play against Frank Phillips College of Borger. This game should prove to be one of the finest games yet played.

The public is cordially invited to see this game. Frank Phillips College whipped the Bulldogs on the Borger court and the revenge of the Bulldogs should prove to be one of the hardest fought games yet played at the Clarendon College Gym.

Les Beaux Arts Club Holds Saturday Meet

Les Beaux Arts Club met Saturday afternoon at Patching Club House for their monthly meeting. Members of the club and guests enjoyed a very interesting and informative program relating to the Pyramid of Giza which is the oldest pyramid in the world. The program was given by Mrs. Lee Palmer's mother, Mrs. W. N. Variable. Mrs. Variable had made extensive study into the subject and presented the latest beliefs according to the Bible scholars, the astrologers, mathematicians, scientists, etc. It is almost unbelievable that such a huge architectural wonder could have been constructed so perfectly so many thousands of years ago without the help of our modern scientific engineers and equipment.

Mrs. Variable has been associated with the library at Austin College in Sherman, Texas, but is now living with her daughter in Goodnight.

Hostesses for the meeting were Mrs. Paul Hascock and Mrs. Harold Phelps. No business meeting was held.

Fun After Fifty Meeting Held Sat.

The Fun After Fifty Club met Saturday, February 5, 1972 at Lions Club Hall with 47 present. The president, Mrs. Leck Goldston, called the meeting to order. The Valentine theme was carried out in decoration.

Visiting, games of 42 and dominoes were enjoyed during the social hour with Mrs. Lois Taylor at the piano.

Mrs. Leck Goldston gave an inspiring devotional, "The Last Amen On The Cross." Scripture was taken from Luke 23: 39-40.

A delicious meal was served at the noon hour. Mrs. Lucile Naylor gave the table grace. Rep.

Retirement Party For Mrs. Mildred Ritter

Mrs. Mildred M. Ritter, retiring County Extension Director at the Donley County ASCS office, was honored with a retirement party Saturday, February 5, 1972 at the Electric Theatre.

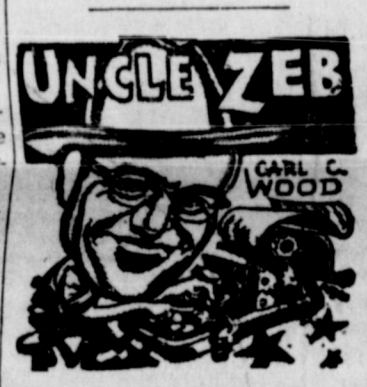

The Rev. Milton Jochetz gave the Invocation.

Following the buffet dinner, John Wayne Stepp, M. C., welcomed guests and told humorous stories concerning several of those present. Irene Gerner read "Mrs. Ritter's Last Will and Testament as County Executive Director."

Bruce Holmes, TASCOC DIRECTOR from District 2, presented Mrs. Ritter with a gift from Clerks and Directors from District 2. She was also presented gifts from the Donley county employees, committeemen and former employees.

Approximately 100 fellow ASCS workers, former employees and committeemen and friends attended the festivities. Among those attending were Mr. and Mrs. Roy Jewell, Mr. Jewell was a member of the County Committee who hired Mrs. Ritter when she first went to work.

Mrs. Lillie Marie Howard of Amarillo furnished music for the dance following the dinner. Hosts for the occasion were Mr. and Mrs. John Wayne Stepp, Mr. and Mrs. Harold Gerner, Mr. and Mrs. Jack Eads, and Mr. and Mrs. Jim Glass.

We clipped the following from Amarillo's First Baptist Reporter:
"Ask an American Mother what she would want for her child and chances are she would reply, 'To be happy.' But there was a time when what we most wanted was to amount to something. 'What is this myth' Happiness, that has bamboozled so many of us? And what is this thing called fun that so many chase after? Where people once said goodbye they now say 'Have

Wedding Plans Are Announced

Mr. William A. Ashbury, Jr. of Portsmouth, Virginia announces the engagement of his daughter, Miss Deborah Anne Ashbury, to Martin Dewey Hendrix, Mr. Hendrix is the son of Mrs. Mildred Lorene Hendrix of Clarendon, Texas and the late Mr. Amos Dewey Hendrix.

Miss Ashbury is the daughter of Mrs. Barbara C. Ashbury, the granddaughter of Mrs. Gertrude Ashbury, Sr. and Mrs. Marjorie Cotton, all of Portsmouth, Virginia. She is a 1971 graduate of Woodrow Wilson High School and will soon be a graduate of the Portsmouth School of Practical Nursing.

Mr. Hendrix is a 1966 graduate of Clarendon High School and is now a photographer in the United States Navy. The wedding will be held at 6:00 o'clock on March 24, 1972 at St. Paul's Catholic Church, Portsmouth, Virginia.

NEWS FROM Congressman Bob Price

18th District, Texas

FOREIGN AID BILL

As the new session of Congress begins, we are already voting on major pieces of legislation. Most significant vote last week was the one on the "Foreign Assistance Act of 1971" — in other words, the foreign aid bill. I voted against it.

I voted against this foreign aid bill as I've voted against all foreign aid bills since coming to Congress. The only type of foreign aid I am in favor of is military aid to our proven allies in order to maintain a strong strategic defense in the face of the Soviet Union's continual buildup.

Most of this foreign aid bill was NOT for military assistance to our allies, however, and although some of the money is designated as military assistance to foreign countries, I seriously question giving money to some "allies" who act more like our enemies than our friends.

Of the \$3.7 billion included in this bill, more than \$2.2 billion is for "economic assistance." I simply cannot support that kind of expenditure when we have only about \$11 billion in gold in this country with \$42 billion held in claims against us by foreign nations plus \$27 billion more in foreign aid still in the foreign aid pipeline plus a \$23-plus billion deficit last year plus a predicted \$32-plus billion deficit for this fiscal year.

Especially this year when we have just experienced that largest balance of payments deficit since 1888, I did not feel that we should have passed it, but it passed the House over my objections by a vote of 203-179.

STRATEGIC GRAIN RESERVE BILL

I regret to have to report to you that the Democrats on the Senate Agriculture Committee killed the Strategic Grain Reserve Bill by a vote of four in favor of the bill and 10 against. Six of the 10 against the bill were Democrats.

I voted for the Strategic Grain Reserve Bill when it was up for vote on the floor of the House last fall, even though two amendments I tried to add, both of which would have improved the bill significantly, were also killed by the Democrats—that time in the House.

I wanted to make sure that the storage facilities contemplated by this bill were located on-farm as much as practical, and I wanted to prevent the governmental from selling the grain for less than 100% of parity. Even though those two amendments failed, I voted for passage of the bill because our grain farmers deserve a better price for their grain. This would have been a step in the right direction toward raising grain prices, and I'm sorry the Democrat majority killed a bill vitally needed by the hard-pressed farmer of the nation.

I am now in the process of perfecting new legislation which will hopefully pass Congress, and which will significantly increase farm income. As an example of such legislation, I point out the amendment I introduced to the 1970 Agricultural Act which raised the feed value of grain sorghum 85% to 95% of the feed value of corn and which has meant more than \$39 million to grain sorghum producers this year.

Medical writings indicate that influenza has been recognized since 400 B.C.

Cotton Classing News

Cotton harvest is rapidly drawing to a close in the Memphis area according to W. E. Cain, in charge of the USDA's Memphis, Texas, Cotton Classing Office.

The Memphis office classed 14,750 samples this week to bring the season total to 134,550.

Spotted grades accounted for 48 percent and Light Spotted grades for 36 percent of samples classed this week. Samples with bark accounted for 64 percent.

The predominant staple was 30 with 45 percent followed by staple 31 with 32 percent and staple 20 with 13 percent.

Micronaire readings showed 23 percent milled in the 3.5 to 4.9 range and 14 percent in the 3.3 to 3.4 range. The 3.0 to 3.2 range accounted for 33 percent and the 2.7 to 2.9 range for 22 percent.

Pressley tests showed 84 percent of the samples tested 75,000 psi or higher.

The cotton market dropped 150 to 200 points mid-week but regained those losses by early Friday. Cotton sold for 25.50 to 32.00 cents per pound with most bringing 26.00 to 25.00 cents.

The average price paid farmers for cottonseed at the gins was \$35.00 per ton.

Highlights and Sidelights From Your State Capitol

By BILL BOYKIN, Texas Press Association

New guidelines for conduct of the state's first publicity-financed primary elections are due to reach local election officials this week.

Secretary of State Bob Bullock, as chief Texas election officer, drafted the rules in line with a federal court amendment to the decision outlawing filing fees as proposed in a 1971 law.

Bullock interpreted the latest order as authorizing the state to foot the bill for primary election costs. He said an earlier opinion permitted use of nominal filing fees to regulate length of the ballot but not as a revenue-raising device placing a wealth requirement on candidacy.

The chief election officer ordered this mandatory filing fee schedule for both Democratic and Republican candidates (or an alternative nominating petition signed by qualified voters):

Statewide offices: U. S. representative, \$300; state senator, \$150; state representative, \$100; chief justice or associate justice, court of civil appeals \$100; member state board of education, \$50; district judge or judge of any court having district office status, \$100; district attorney or criminal district attorney, \$100; all county offices except county surveyor or inspector of hides and animals, \$50; county commissioner, \$50; justice of the peace or constable for counties above 200,000 population, \$50; justice of the peace or constable for counties under 200,000, \$25; all party offices, no fee.

Fees must be paid in full by February 28. In lieu of filing fees, candidates may elect to file petitions by a March 6 deadline. For statewide offices, 2,500 signatures are necessary. For other offices, signatures urging candidacy must be equal in number to at least two per cent of the entire vote cast for a party's gubernatorial candidate in the last general election for the territory served—or at least 25 and no more than 300 signers.

State Comptroller Robert S. Calvert has stated he will ask an attorney general's opinion on legality of Bullock's proposal to finance May and June primaries with funds transferred from another state appropriation. Gov. Preston Smith applauded the plan and said he will direct the necessary transfer.

ALLOWABLE GOES UP — The February oil allowable has been pushed up another 4.1 per cent in answer to demands for more production.

Texas Railroad Commission set the allowable at 75.8 per cent the following week after announcing it would be 71.7 per cent.

Chairman Byron Tunnell said several Texas refineries insisted they could not get enough crude oil to meet demands for February if the allowable were set at the 71.7 per cent factor.

The allowable has been raised for three straight months, and the new, adjusted February mark is

the highest since a 77.2 per cent factor last May.

Tunnell said requests amount to a firm demand for an additional 76,000 barrels of crude oil a day for the month. The new allowable will permit an extra 75,717 barrels a day.

Texas crude stocks January 27 came to 90,994,000 barrels, down 18.3 million from the same time in 1971.

WATER BONDS SOLD — Texas Water Development Board sold \$25 million in water development bonds at an effective interest rate of 4.881.

A syndicate headed by First National Bank of Dallas made the purchase.

Sale of the bonds increased the Board's statutory lending ratio from 3.7207 per cent to 3.9587 per cent. Thus, Governmental units borrowing money from the Board for water supply project construction will pay a higher interest rate for their loan.

Bidding was close on the sale. Six bids overall were received.

COLORADO BASIN PLAN ORDERED — A water quality cleanup plan for the Colorado River Basin must be completed by local, state and federal authorities by July 1973, to meet a federal requirement for loans.

Cities of Odessa, Midland, Big Spring, San Angelo, Brownwood and Austin may be affected by the decision for years to come.

A U. S. House resolution directed federal engineers to review reports on the Colorado and tributaries and compile the study of a 54-county basin including 890 river miles.

Efforts will be made to define areas generating most pollutants and to propose basinwide approaches to correcting problems.

COURTS SPEAK — Policemen relying on first-time informants for information should have to identify them sufficiently to provide reliability before search warrants are issued, the Court of Criminal Appeals held.

Texas Supreme Court admitted that fine print technicalities in an insurance policy caused an apparent injustice, but concludes that changes should be made by the Insurance Board or legislature rather than judges.

A faulty search warrant based on hearsay resulted in reversal by the Court of Criminal Appeals of a four-year sentence of a former University of Texas professor on marijuana possession charges.

SINGLE MEMBER DISTRICT — Atty. Gen. Crawford C. Martin strongly criticized a January 28 federal court ruling ordering single-member districts in Bexar and Dallas Counties.

Martin contends the decision is wrong and that the U. S. Supreme Court may reverse it on appeal.

Meanwhile, he asked the highest court to delay effect of the order for 1972 elections. If it is made effective immediately, Martin contended, re-registration may be necessary for 400,000 Dallas and 224,000 Bexar County voters in line with altered voting precinct lines.

The three-judge federal court ordered 11 individual House districts in Bexar and 18 such districts of about 74,000 each in Dallas. Other districts drawn by a state legislative redistricting board last October were left intact, for this year's voting, although the legislature was directed to redraw all of them by July 1, 1973.

ANTI-INCOME TAX GROUP REVIVES — An anti-income tax group of prominent Texans Wednesday announced plans to push for state governmental economies to head off "substantial new taxes" this year.

Texas Association of Taxpayers, which helped defeat a corporate income tax in 1971, is seeking to expand its membership base of 5,500 before the 1972 special legislative session.

Principal objectives, said Chairman Tom Sealy of Midland, are first to "encourage every possible economy that will put a lid on spending."

SOUTH TEXAS PLAN LAUNCHED — Governor Smith announced initiation of a plan aimed at improving job opportunities, living conditions and governmental services in a vast 60-county area of South Texas.

Ideas for bettering the quality of life in South Texas involve largely the attraction of industries to the area and improve training of manpower for vocational skills.

"This may well be one of the most significant proposals to come out of my office since I have been governor," Smith said.

Ed Leary Announces Candidacy For State Representative

Eddie J. "Ed" Leary of Childress has officially announced his candidacy as a Democrat for State Representative for District 66, which is made up of Motley, Floyd, Briscoe, Hall, Childress, Collingsworth, Donley, Armstrong, Wheeler, and Gray Counties.

Leary is 42, and is married to the former Wanda Graham of Matador, Texas. She is employed with the First National Bank of Childress. They have a daughter,

Susan, 15, a freshman in Childress High School, and a son, Marvin Curtis, 11, who is in Childress Jr. High School.

Leary is self-employed in automotive business in Childress and has family farming and ranching interests in Motley and Hall Counties. He also has some 12 years experience in all lines of the insurance field.

He attended school at Northfield, Tell, and Estelline schools, and attended Texas A&M and Texas Tech. He is an overseas veteran of the U. S. Army. Leary has been very active in community and civic work, being past-president of the Ambassadors Club, Past director of Rotary, Director in the Childress Chamber of Commerce, President of the Little League Baseball for the past two years, a Past Director of Little League Football, a Past Cubmaster of Pack 68, member of the VFW, American Legion, Elks 1113 of Childress.

The Learys are members of the First United Methodist Church of Childress and Ed is Past-President of the Fellowship Sunday School Class.

Ed is the son of Mr. and Mrs. Marvin Leary of Childress, and grandson of the late J. M. Bell of Estelline and the late F. E. "Ed" Leary and Mrs. Leary of Estelline.

In his announcement he said, "I feel that our district is in need of constructive and active representation which is neces-

sary for the future growth of our District, and not for down-state big-city interest.

Today our State is faced with many problems, not the least of which is the Legislature itself. It is my opinion that actions and judgements of the last Legislature must be replaced with a greater degree of concern if we hope to contend with the serious tasks which lie ahead.

I feel that we should have budget restraints, and action to maintain local control over school districts. We must devise a more acceptable welfare program, yet providing the needs necessary for our people.

We must work toward more industry for our area and better agricultural and water control practices to help our area grow.

I feel that I can bring to this office a wide range business background, with good common sense, mature judgement, and experience necessary to provide this District with real representation. I believe that patriotism and honesty in government is not old fashion.

I intend to bring my campaign to the individual voters of the District as I want to provide vigorous, honest, fulltime representation and will strive to serve all the people of my district with integrity.

I will sincerely appreciate any and all support for my candidacy to be your State Representative for District 66."

CROP RESIDUE MANAGEMENT is an important part of a complete conservation program. Water erosion is easily evident by the gullies it produces but seldom does man notice the loss of valuable top soil through wind erosion. It only becomes evident when you see the dust blowing through the air or when you notice a fence row where several feet of post have disappeared. Through proper management of crop residues, by cover cropping or through mulching, the loss of the most fertile part of our soil can be prevented.

ELECTRICAL WEEK
ELECTRICITY
IS FOR PEOPLE
FEB. 6-12

A Salute to National Electrical Week, and a pledge to try to make life better and brighter.

Life Holds A Little More Because of Electricity

And it's right at the tip of your fingers -- with an unobtrusive light plug, a small switch to flick. That's what starts industries humming and farms producing. That's what floods homes and buildings with brilliance. There also are a lot of little -- but important -- things that get going this way, too. The toaster toasts. The family laundry comes up sparkling. TV presents entertainment and information. Newspapers record instant history. Oh, yes. Life is a whole lot better because of electricity. We're looking forward to making it even more exciting and satisfying -- starting now.

Listing And Chiseling

Tuesday, February 15, is the last day that we will be able to accept applications for cost-share assistance for listing or chiseling practices. These practices must be completed and reported by March 1, 1972.

Additional Option—Feed Grain Program

An additional option has been offered to producers on feed grain farms with planted feed grain acres in 1971.

Producers may elect to set-aside an additional 10%, above the required 25%, at a rate of 76¢ per bushel. They may offer still an additional 5% to be accepted at the Secretary's option. The payment of this 5%, if accepted, would be 76¢ per bushel, also. Producers taking this option, would be permitted to plant

the same as they planted in 1971 minus 2 times the additional acreage set-aside.

Other provisions of the feed grain program as originally announced remain unchanged.

Measurement Services

Measurement services are provided again in 1972 at a nominal charge which covers the cost.

A set-aside inspection and early measurement service will be offered which will guarantee producers that their set-aside acreage in the 1972 farm programs will be of acceptable quality and sufficient acreage to earn full payment. The quality guarantee for set-aside acreage is important because of the "average productivity" requirement for set-aside.

Leader—Local Rate \$4.50 A Year

Receive License Tags Now By Mail

You don't have to stand in line anymore if you don't want to in order to register "Old Betsy" — or whatever you call the faithful family car.

Texas motorists can get their 1972 license plates by mail if they send in the three-part renewal form, the registration fee and one dollar to their county tax officer prior to March 1.

This allows for the 30 days that are necessary for the application to be processed and the license plates delivered before the April 1 deadline. The plates themselves became available at the tax office February 1.

If the motorist prefers, he may register his vehicle in person by taking the handy three-part form to the county tax office. It takes the clerk only a fraction of the time it used to take to process the form, collect the fee and send the motor-

ist on his way with new plates.

Whether the driver uses the mail or applies for his license in person — the important thing for him to remember is to be very careful NOT to separate the three-part application form.

Even though the three-part renewal form carries the warning "DO NOT Separate or Detach Any Parts of This Notice" in large letters on the reverse side, some motorists do just that.

Department officials stress that the entire form must be mailed in or brought to the county tax office or substation. A stick-on strip showing the new license number is attached to all sections of the form and then the tax office separates the form, returning the license receipt to the owner.

Applications for license plates should only be sent to the county tax office. Motorists should NOT send their payments to the Texas Highway Department because this will delay their registration. During the month of March, it will be necessary for owners

to apply in person at the county tax office or sub-station to obtain the 1972 license plates. In any event, owners will save themselves time and trouble by using the new computerized forms in this third year under the new system.

With the form, a certificate of title and last year's registration receipt is not needed.

So register now and display your new plates. This will remind your neighbor it is time for him to do the same.
