Eye Bank Starts Donor Drive

To the thousands of blind indials in America today, the best thing that life could offer is ability to see again.

Would you mind if, after your eath, your eyes were used to give some totally blind person precious gift of sight . . making it possible for one or more persons to emerge from constant darkness?

The success of a drive now being inaugurated by the Hi-Plains Eye Bank Incorporated and the Lions Clubs in District 2-T1 will determine whether many of our blind, or nearly blind residents, now and in the future, will have the opportunity to regain their eyesight.

This is not a drive for finan cial donations. The Hi-Plains Eye Bank is sponsored and supported by the 81 Lions Clubs in the District. It is a drive to sign up eye donors - individuals who are willing to pledge their eyes - upon death - for use in sight restoring operations.

> While there are certain times when a Member of Congress must he necessarily absent, and my bill provides for absences due to illness or official business, nevertheless, the attendance record of all too many Congressmen is shamefully bad. In fact, if many of these Members had the same rate of absenteeism in private industry as they do in the Congress, they would be fired from their jobs. My own overall attendance record since coming to Congress stands at over 90%, and it is my belief that every American citizen has a right to full time representation in the Congress of the United

DEBT LIMIT INCREASE

Once again I have opposed the attempt by the spenders in Congress to raise the ceiling on

Shocking as it may sound, since 1954, the Congress has raised the debt limit twenty-one times from a total of \$275 billion to the just the past ten years alone our government has had to borrow \$150 billion, and today Americans must pay over \$20 billion annually just to pay the interest on the national debt.
