CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, FEBRUARY 3, 1972

A Fine Paper For Fine People

## Monday, February 7 Deadline To Get Name On Ballot

Do you have political ambitions? Opportunities present themselves in this election year, with many local offices and board positions up for vote, some with fairly respectable salaries attached and others a community service without pay.

A variety of county officials are up for election this year, with these elections held through the primary election procedures and ultimately the general election in November.

Filing deadlines for these are earlier, however, with a February 7 cutoff date, several months ahead of the official election date in November and almost a year ahead of assumption of the offices on January 1, 1973.

For the local elections, school board, city council, College Regent elections, the filing deadlines are later some 25 to 30 days ahead of the April election date. Winning candidates take office in these positions much sooner, generally at the next meeting of the governing body following the election.

Those who aspire to county elected position can consider the office of sheriff, tax assessor-collector, county attorney (which requires a law degree), and commissioners in precincts one and three.

There was a change up this week on the local scene with Clyde James announcing his withdrawal from the Sheriff's race and the announcement of his Deputy, Frank Lindsey, Jr. for the position. The other candidate in the race is Truett Behrens, who served as Sheriff previously.

Those listed for the various offices in the Leader political column are as follows:

State Representative, Republican Tom Christian and Democrat Phil Cates.

District Attorney: John Deaver, Jack Boone and Paul Spillman.

Sheriff, Tax Assessor-Collector: Truett Behrens and Frank Lindsey Jr.

County Attorney: Clyde Slavin.

County Commissioner, Precinct No. 1: Gene White, Steve Reynolds, J. B. Lane and Doyce Graham.

County Commissioner, Precinct No. 3: Harold White, Buford Holland and Junior Hill.

Democrats desiring to run for office have to sign up with Mary Cooke, Democratic Chairman by 6 p.m., Monday, February 7th. Republicans must do the same and can sign up with Mrs. Kay Hayes, Republican Chairman.

## SENIOR CITIZENS TO MEET SAT., FEB. 5

Senior Citizens, the Fun After Fifty group, will hold the usual first Saturday meeting this coming Saturday, February 5, at Lions Club Hall. Meeting time will be 10 a.m. All Senior Citizens are invited to come.

## Auxiliary Of Medical Center Completes Organization Tuesday

The Constitution and By-Laws of the Medical Center Auxiliary were approved at its meeting Tuesday afternoon, February 1, 1972 in the Farmers State Bank.

Mrs. Neta Harmon, newly elected president, was in charge of the meeting. She welcomed each member to the meeting and opened with the Prayer For Hospital Auxiliaries. A report from the Membership Chairman, Mrs. Carolyn Payne, showed that the Auxiliary was organized with 86 Charter Members.

The membership voted to make the official uniform of the Auxiliary a cherry red smock for the ladies and a cherry red vest for the men.

Mrs. Carolyn Payne will take orders for the smocks and vests by calling her at John's.

The Orientation Course for Volunteers will be conducted Tuesday, February 8, 1972 at the Farmers State Bank at 2 p.m. by Mr. Wes Langham, Administrator, and Mrs. Naomi Green, 1st Vice-President.

Mrs. Green asks each member to serve on one of the following committees: Information and Admissions, Laboratory and X-Ray, Hospitality Cart, T. V. Rentals, and Refreshment. Each member is also asked to select the day and time each would like to work.

The Charter Membership is now closed but new members will be accepted by attending these meetings and asking for membership.

## 4-H Club Members Place High With Animals At Amarillo

Nine Donley County 4-H Club members exhibited fifteen steers at the Amarillo Stock Show last week, according to County Agent Ronald Gooch.

Placings in the top twenty of their classes were as follows: Light weight Herefords, Frank Hommel, eleventh; Middle weight Herefords, Starla Mann, fourth; Heavy weight Herefords, Scott Martin, nineteenth; Light weight Crossbred, Camille Mann, third; Mark Mann, ninth; James Potts, fourteenth; and Mark Mann, nineteenth. Heavy weight Crossbred: Mary Jo Hermesmeier, twelfth.

The following 4-H members sold their steers in the auction sale: Paul Hermesmeier, purchased by Frank Derrick; Camille Mann, purchased by Farmers State Bank and Trust Company; Frank Hommel, purchased by Clifford's Grocery; Scott Martin, two steers purchased by L. R. Hagy; Mary Jo Hermesmeier, purchased by Frank Derrick; Mark Mann purchased by T. L. Roach.

The 4-H members wish to thank all of the individuals and business firms that supported them at the Amarillo Stock Show and the local shows, Gooch said.

## Farm News

from County ASCS Com.

### Retirement

Before I retire on February 4th, I want to tell each and every farmer and rancher in Donley County and all those who do business through or with the ASCS Office a special "Thank You."

Thank you for your kindness, your help and your consideration through thirty-four years of service. I couldn't possible call all the names of you who deserve to be remembered. Those who have worked with me in the office, our county and community committees and every producer in the county would make a list entirely too long to print. So again I say "Thank You Sincerely."

Jerry C. Gage is the young man who will take my place. I know that you will give Jerry the same fine consideration you have given to me all these years. Come in and meet him as soon as you can when he starts work. He will begin work here March 6.

Best wishes to each of you for health, for happiness, and for the best crops you have ever made.

1972 REAP  
The County Committee has set February 15, 1972, as the cutoff date for accepting requests for listing and chiseling cotton land. March 1 will be the last date to complete and report the practices.

Report Of Payments  
Due to a difficulty which has been encountered in obtaining a sufficient supply of Forms CCC-182, Report of Payments to Producers, only about one-half of these forms have been mailed to producers. It is expected that the remainder of the forms will be printed and distributed by February 11, 1972.

If you need to know how much you received in ASCS payments before you receive your form, please contact us and we will help you.

### TEXAS TECH CONFERS DEGREES AT MID-TERM

A total of 888 students at Texas Tech University received the bachelor's degree at conclusion of the fall semester. No commencement exercises are conducted for fall graduates but students completing requirements for graduation in the fall are invited to participate in the spring commencement ceremonies May 13.

Of the 888 students to receive degrees at mid-term four were from Clarendon. In the College of Business Administration William David Mooring received the bachelor degree with a major in Management. Two Clarendonites were conferred the bachelor degree in the College of Education. Betty Jo Elliott Morgan majored in Elementary Education (with honors) and Tommy Ray Waldrop majored in Secondary Education. From the College of Engineering, James Vincent Semrad received the bachelor degree with his major in Engineering and Physics.

Our congratulations to these fine young people on their achievements.

## Band Concert Slated For Monday Feb. 7

Garry Bowen, local band instructor, has announced that the Junior High and Senior High band students will present a band concert at the Harned Sister Fine Arts Center February 7 at 8 p.m. There will be an admission charge of 50 cents for students and \$1 for adults.

The High School will have a brass sextet and the Band King and Queen will be presented at this time.

Mr. Bowen also stated that the band needed all the styrofoam egg cartons they could get to use in revamping the acoustics of the band room. Come by the Band Hall and see the nice job these cartons do.

Money from the concert will be used to purchase needed items for the band and to send students to various band activities.

## CHS Basketball News

Coach Byerly's Varsity Boys brought about an unexpected upset in High School basketball when they defeated the Claude Boys here Friday night of last week. The score was close and the game provided much excitement. Clarendon took the game 44-42 with Jeff Howard pacing the Bronchos for 12 points.

Tuesday night of this week the Bronchos played McLean at McLean. The score was close but not quite enough to bring about a win. The final tally was 51-59. Tommy Shields dropped in 14 points for Clarendon.

Clarendon girls went down to the defending State Champs of Claude, Friday night dropping their game 19-106. Julia Taylor mustered 6 points for the local team. The girls also lost out to McLean Monday night at McLean 30-50. Julia Taylor was again high with 15 points.

The B Boys played at McLean Tuesday night of this week. They lost their game 20-29. Danny Monroe hit the basket for 13 points.

Friday night of this week the Bronchos will play Silverton in the local Gym. Game time is 6:30. Tuesday night of next week, February 8, they will travel to Wheeler for the final game of the season. Come out and give our teams and their coach your support.

# Howardwick Votes Wet - 23-0

## New Development Area Being Planned For Howardwick And Sherwood Shores

George Howard reported this week that a meeting of Howardwick and Sherwood Shores residents was held last Saturday and plans were put into effect creating Sherwood Mall, Inc., Regional Discount Shopping Center and the development of a 160 acre plot facing highway 70 by the City of Howardwick.

The groundwork planning committee for the Mall are Harold Childs, Vernon Berry and Sam Onstott of Howardwick, Lynn Cherry of Amarillo and Leroy Durham of Lockney.

A meeting has been set for Saturday, February 12, to draw up the charter and elect officers of the new corporation. There will be an original stock issue of 62,500 to raise an approximate \$625,000 for the construction of the Mall on a plot of land south of Syd Blues. The stock will sell for \$10 a share. One-half of the stock (preferred) will be offered only to Sherwood Shores adult property owners, now numbering 3,300, the remainder, common stock, may be purchased for minors or grandchildren of Sherwood Shores owners. There will be a limit of 25 shares per person and these may be purchased over a period of time.

The \$625,000 will be used to finance the Mall which will be of country style construction and will house approximately 18 stores, 12 minor and 6 major units. Negotiations are already underway with 7 major tenants, Howard stated. The Mall will be operated as a profit-making Co-op. It is planned that 1 percent of sales will go to the city of Howardwick.

Howard stated that the City of Howardwick had purchased 160 acres fronting on highway 70 and contiguous to Sherwood Shores and would be developed through the cooperation of HUD and FHA for apartments and housing for senior citizens, a moderate medical facility, recreation, convalescent home etc. for a balanced community for senior citizens, school purposes and light industry which would provide part time employment.

## Cotton Classing News

Harvest in the Memphis area was delayed late this week by light snow and sleet coupled with freezing temperatures, according to W. E. Cain, in charge of the USDA's Memphis, Texas Cotton Classing Office.

The Memphis office classed 17,050 samples this week to bring the season total to 119,800. Light Spotted grades accounted for 44 percent and Spotted grades for 42 percent of samples classed. Samples with bark accounted for 62 percent.

The predominant staple was 30 with 38 percent followed by staple 31 with 30 percent and for 21 percent.

Micronaire readings showed 25 percent miked in the 3.5 to 4.9 range. The 3.3 to 3.4 range accounted for 17 percent. The 3.0 to 3.2 range accounted for 31 percent and the 2.7 to 2.9 range staple 29 with 15 percent.

Pressley tests showed 88 percent of the samples tested 75,000 psi or higher.

Cotton prices continued steady and demand strong on all qualities miking 3.3 and higher. Demand weakened late this week and prices fell 100 points on all qualities miking 3.2 and lower. Prices ranged from 27.00 to 32.50 cents per pound, with most cotton selling for 27.50 to 30.50.

## Local Farm Family Nominated For Award

Robert A. Keown, Farmers Home Administration County Supervisor, announced here today that the Robert Partain family of Route 1, Clarendon, has been submitted from this area as a nominee for the 1971 Farmers Home Administration State Farm Family of the Year Award.

This is the second year that the award will be made, which is in conjunction with the National Farmers Home Administration Farm Family of the Year Award. The National winner will be selected from State winners and receive an all expense paid trip to Washington, D. C., where they will be honored.

The purpose of the program is to recognize outstanding Farmers Home Administration farm families for their achievements and to encourage better farm practices and farm living on family-size farms.

The Partain family has proved by their achievements and determination that the family size farm still offers excellent opportunities for rural families.

The production of their farm has been greatly increased by use of good farming practices and maintenance of a good set of records. These records on their farming operations have helped determine the feasibility of the different farming methods. An excellent job of both farming and financial management has been carried out by the family.

Their achievements have not been accomplished easily or by one man, but by a combined effort of a family that is industrious and willing to work hard to achieve their goals.

## LOCALS EXHIBIT 2 STEERS AT FT. WORTH

Donley County 4-H club members exhibited two steers at the Fort Worth Stock Show according to County Agent Ronald Gooch.

Mark Mann placed sixth with his heavy weight Shorthorn. In the middle weight polled Hereford class Starla Mann placed eighth.

## RETIREMENT ANNOUNCED

Mrs. Mildred Ritter, County Executive Director at the Donley County ASCS Office, has announced her retirement, effective February 4.

Mrs. Ritter went to work for the Department of Agriculture in 1938 as a clerk under H. M. Bredlove, County Agent. At that time, the office was known as AAA. Since that time the office has gone by many names. Her title was changed from County Office Manager to County Executive Director in 1970.

Nine young men have trained in the Donley County office under Mrs. Ritter, and have gone on to become County Executive Directors or District Executive Directors.

Taking over duties as County Executive Director on March 6 will be Jerry Gage of Claude. He is presently County Director in Armstrong County ASCS.

Voters of the City of Howardwick went to the polls Tuesday and cast a vote of 23-0 in a local option referendum that made the town wet and the only place in Donley County where alcoholic beverages can be sold. Only 37 voters are registered at Howardwick that could vote in this particular election.

Mayor Onstott stated that a "Liquor Franchise," which will be operated under supervision of the city, will eventually raise up to \$50,000 yearly for the city. The franchise will pay a 3 percent franchise tax to the city.

According to George Howard, plans have already been made for liquor and beer facilities that are expected to be in operation within 30 to 45 days. Jack Boling has the franchise which will be housed in the building now occupied by Syd Blues and the adjoining area on the south.

The liquor store will occupy the area now used by the restaurant which will be moved to the north. A drive-through will divide and serve both the liquor store and the beer (off-premises sale store) which will be housed in the south area now used as private dining rooms, Howard added.

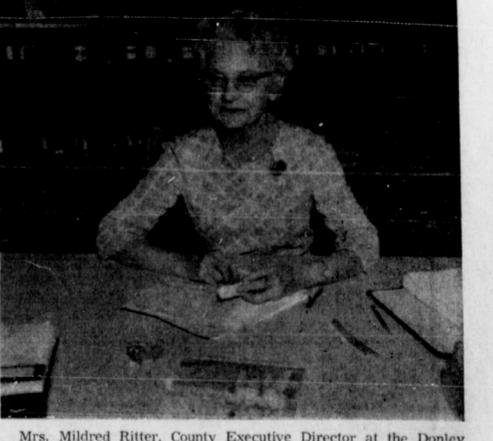

The liquor store will be open from 10 a.m. to 9 p.m. daily except Sunday. The beer store, for sale of off-premises consumption, will be open from 7 a.m. to 12 midnight, seven days a week.

## Sheriff Clyde James Withdraws From Race

The Leader was authorized this week to announce Sheriff Clyde James' withdrawal as a candidate for the office of Sheriff, Tax-Assessor-Collector of Donley County.

Sheriff James stated that he would finish out his present term but due to failing health, felt that he would be doing an injustice to the people of this county to continue for another elective term. I want everyone to know that I sincerely appreciate the support and cooperation I have received in the past and feel sure I will continue to receive this same consideration during the remainder of my term as your Sheriff, added James.

Hazel Stewart and her father recently returned from a 2 week tour of several western states. They were accompanied by Mr. and Mrs. Floyd Lofton of Clovis, N. M., a sister. They went to Norwalk, Calif., to visit a sister, Mr. and Mrs. Buster Collo and Wanda. Enroute they stopped at several points of interest - White Sands, Petrified Forest, Yuma, and San Manuel, Arizona.

Kate and Dale Osborne had as a week end guest his mother, Mrs. Bessie Osborne of Amarillo. They were joined for dinner Saturday evening by Kathy and Vena Osborne and Tony Taylor.

Among the faithful few, Kenneth and Boyda McGill of Amarillo, Kate Osborne's brother,

drove down each Tuesday and Saturday nights from Amarillo to attend Lions Game Night. Now we are in the high fifties, temperature wise, we see more of some of our weekenders. They get down most Tuesday nights also.

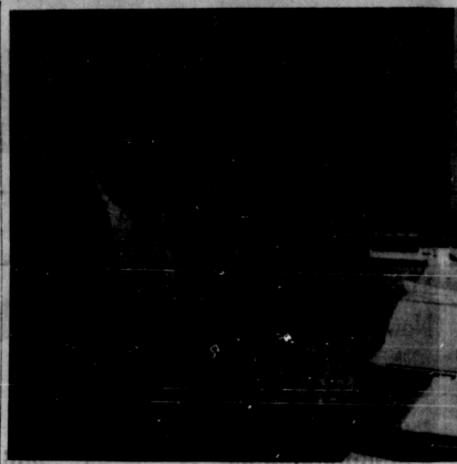

Our first night list is growing steadily. We are always glad to welcome a newcomer.

Neta and Lon Harmon spent the week end in Shamrock with her parents and brother, Mr. and Mrs. L. H. Sparkman and Leon.

Margaret Berry put the hill to jumping when she called her first Ceramic Class to order Monday. There were a round dozen present, all very enthusiastic, and everyone got into the part. Nuff said!

We are very proud of the response received from Howardwick ladies in joining the Medical Center Auxiliary. See you there.

Paul Spillman is Candidate for District Attorney

Paul Spillman In Race For District Attorney

Paul Spillman, Wellington Attorney, has announced he is seeking the Democratic nomination for the office of District Attorney of the 100 Judicial District, subject to the Democratic Primary.

Mr. Spillman is 47 and graduated from Baylor University Law School in 1950, and has been engaged in the practice of law in Wellington since graduation.

He is now serving his second term as County Attorney of Collingsworth County.

Mr. Spillman stated: "I believe in cooperating with the law enforcement officers and with the court in the handling of criminal matters and helping them with mature experienced advice as to the law which applies in each case. I believe in firm law enforcement and it should always be fair and just. I invite you to examine my record as County Attorney."

Mr. Spillman is associated in the practice of law with his son, Bill, who graduated from Baylor University in the spring of 1971, and whose wife, Norma, is an Elementary School teacher.

He is active in the Kiwanis Club, Chamber of Commerce and has served as Post Commander, 18th District Commander and State Vice-Commander of the American Legion and has held continuous membership in V. F. W. for twenty years.

Membership in the Texas Bar Association and the 100th Judicial District Bar Association is held by Mr. Spillman.

He resides at 2010 East Avenue with his wife, Erma, and two daughters, Cheryl and Lynette. Mr. and Mrs. Spillman and children are members of the Methodist Church.

"I appreciate the concern of

many people in this District for good law enforcement backed by mature and experienced judgment and the expressions urging me to seek this nomination. I hope to meet each of you during the campaign."

Aoudad Sheep Hunt Bigger Than Ever

Hunters killed a record number of aoudad sheep in the Palo Duro Canyon area of the Texas Panhandle during 1971.

Expanding sheep population prompted the Texas Parks and Wildlife Department to issue more permits for 1971 than for the past hunts. The 147 permit-holders took 47 sheep in the special season.

The burgeoning sheep population is a success story which started with the experimental stocking of 44 animals in 1957. The sheep reproduced so rapidly a limited open season was held in 1963.

Aoudad, or Barbary, sheep are big-game animals. The males have massive horns and they can weigh as much as 300 pounds.

Phil Cates Seeks Re-Election For State Representative

Phil Cates, a native of Lefors and incumbent State Representative from this district, has announced he is a candidate for re-election from the 66th Legislative District which was formerly the 79th Legislative District.

During the past 62nd legislative session, Cates served on several committees which included: Oil, Gas, and Mining; Conservation and Reclamation; Livestock; Youth; Selection of Texas State Artist; and Public Education. He is currently serving on four interim committees which are studying Electrologists Licensing, Nurses Aides Licensing, Texas Water Resources, and Public Education Financing. The Public Education Financing Committee is of primary concern to every citizen in the area as it involves local versus federal control in our public school system.

Cates is an active member of the Board of Consultants of the Baptist General Convention of Texas Christian Life Commission Gray - Roberts Farmers Union, Gray - Roberts Farm Bureau, Gray County Board for Aid to Mentally Retarded Children, Texas Alcoholics and Narcotics Education Board of Directors, and various community organizations which include the Optimist Club, Junior Chamber of Commerce, Pampa Chamber of Commerce, Toastmasters Club, and the First Baptist Church.

The 66th Legislative District encompasses Gray, Wheeler, Armstrong, Donley, Collingsworth, Briscoe, Hall, Childress, Floyd, and Motley counties and Cates states he is very pleased with the current district and proud to have the opportunity to serve the people of this area. He currently maintains a district legislative office in the First National Bank Building in Pampa at 113 E. Foster and invites all concerned citizens to contact him there regarding problems pertinent to the people of the State of Texas.

Veteran News

Q-As the widow of a veteran who died 14 months ago, can I collect a Veterans Administration burial allowance?

A-Yes, provided your husband was a wartime, Korean Conflict or Vietnam veteran with an other than dishonorable discharge; or if he was drawing service-connected compensation at time of death or discharge, or retired for disability incurred in line of duty. Application for a maximum \$250 burial allowance may be filed within two years of burial or cremation.

## Pathfinder Meeting Held Mon. Jan. 31 At Patching Club House

Pathfinder Club met in Patching Memorial Club House Monday, January 31, 1972 with the meeting called to order by the president, Mrs. Pete Kunz. Club Collect was read followed by the reading of the minutes of two previous meetings by Mrs. A. R. Henson. Sixteen members answered roll call. Mrs. Lucy Noble gave the treasurer's report.

Motion was made and seconded that each club member donate \$5 to take care of the insurance on our Club House. Motion carried.

Chairman of the Nominating Committee, Mrs. C. T. McMurtry, submitted a slate of officers for the coming club year. All names were accepted. Officers elected to serve are as follows: President, Mrs. Pete Kunz; Vice-President, Mrs. A. R. Henson; Recording Secretary, Mrs. Carl King; Corresponding Secretary, Mrs. Dick Shelton; Treasurer, Mrs. C. E. Bairfield; Federation Counselor, Mrs. Frank Phelan, Jr.; Parliamentarian, Mrs. C. T. McMurtry; Historian, Mrs. Clarence Hamilton.

The Program Committee: Mrs. H. A. Green, Mrs. A. R. Henson, Mrs. Dick Shelton, and Mrs. B. B. Winkles — will meet in the home of Mrs. Frank Phelan, Jr. February 3, 1972 at 2 p.m.

Motion was made and carried to have the Chamber Music Group (piano, violin, and cello) on April 16, 1972 at 3 o'clock in the First United Methodist Church, Clarendon, Dr. Cajallero will bring his Arts and Crafts program April 21, 1972 at 7 o'clock to the Patching Club House.

The above two programs will be co-sponsored by Les Beaux Art Club and the 1926 Book Club. The public is invited to attend.

Mrs. Rolle S. Brumley gave Parliamentary Suggestions and Mrs. Frank White, Jr. gave Federation News.

The meeting was adjourned and refreshments were served by the hostesses, Mrs. C. T. McMurtry and Mrs. Carl King.

## Hedley Study Club Meets In Mrs. W. W. Wiggins Home

The Hedley 1919 Study Club met in the home of Mrs. W. W. Wiggins with Mrs. Joe Miller and Mrs. Ray Moreman as co-hostesses.

The president, Mrs. J. S. Hinds, reported that the Top Of Texas District meeting of Federated Women's Clubs will be held at Dumas March 23. A delegate will be elected at our next meeting.

The program was on "Federation." Mrs. W. H. Jones gave a very interesting and informative Federation drill, closing with the reading of the winning motto of Federation which was submitted by Mrs. C. R. Smith of Aransas Pass at the convention held at Corpus Christi in 1913.

Mrs. Herlie Moreman gave an interesting paper on "America Builds the 70's" by Mrs. Paul Dishman. She told that the day is near when the housewife will have a computerized way of keeping house. We will have disposable dishes, linens, and even clothing. It will be possible to call our grocer and learn what is on the fresh vegetable counter. We can do away with sweepers, dishwashers — all these things will be taken care of by push button.

Mrs. Wilson closed the meeting with this thought, "Now another year is starting. May we, as the year unfolds, learn the art of greatest value; make new friends and keep the old." Rep.

## HEDLEY WSCS HOLDS JANUARY 24 MEETING

## TIC Meeting Held Tuesday Nite, Feb. 1

Teens in Christ met with 23 percent Tuesday night, February 1. There were five denominations represented. After the opening prayer we enjoyed a sing-song.

We are very proud to have the College students who have been attending our meetings and would like to see more new faces.

Teens in Christ would like to thank Junior's Food Market and Loretta's Sew Shop for letting us use their stores for our Bake Sale. We appreciate too the support given us by those who bought from our organization.

Next week's meeting will be at Osburn's Furniture Store Tuesday night, at 7:30 p.m. Y'all come.

## June Wedding

Mr. and Mrs. Calvin Ashcraft of Clarendon, Texas announce the approaching marriage of their daughter, Loretta Fern, to Thomas Ray Stegall, son of Mr. and Mrs. Dick Stegall also of Clarendon.

A June 8, 1972 wedding is planned.

## Guest Speaker At 1926 Book Club Tues.

1926 Book Club met in regular session Tuesday afternoon, February 1, in Patching Club House.

The president, Mrs. Frank White, Jr., introduced Rev. Milton Jochetz who intertainingly reviewed "How To Become A Bishop Without Being Religious" by Charles Merrell Smith. The author left the ministry to write with the belief that he could do his best work outside the church. Mr. Smith writes with tongue in cheek and takes an ironic look at the church. The book, though satirical, serves a good purpose for the minister to better understand his duties, and the laity to better understand the work of the parish.

The Valentine motif was used in table decorations and refreshments. Cake, candied strawberries, mints, coffee and tea were served by the hostesses, Mrs. W. N. Poole, to Mesdames C. E. Bairfield, E. S. Ballew, J. R. Brandon, Luther Butler, Jack Clifford, K. K. Day, Dick Delaney, Milton Jochetz, Eula Merrell, Earl Myers, Otis Naylor, Frank White, Jr., and Loyd C. Johnson; also to three guests: Mrs. Bill Ray, Mrs. Lucy Noble, and Rev. Milton Jochetz.

During the business meeting club members contributed to the expenses of the Club Board. Mrs. Milton Connolly was reinstated as a member of the club. Rep.

## Texas Lions Camp Seeks Camp Prospects

In these days of massive governmental expenditures and skyrocketing welfare costs, it is refreshing to note that the Lions of Texas are continuing to increase their assistance to handicapped children — without cost to them or their parents.

Since 1953, the Texas Lions Camp for Crippled Children at Kerrville has provided two weeks of summer fun — free — to more than 13,000 blind, deaf, mute and crippled youngsters. And last summer, the Lions enlarged their scope of service by sponsoring a three-week summer camp for diabetic children, using leased facilities at Friendswood.

Nobody ever asked to come into this world — let alone to enter it with a physical handicap. But these uninvited tragedies of birth or childhood accident are made somewhat more bearable by the compassion of Texas Lions who make available the unfettered joys of the outdoors and the confidence — building companionship of other handicapped children.

Right now, there are 900 summer vacancies at the Kerrville facility and 110 at the diabetic camp. If you have, or know of, a handicapped youngster between the ages of seven and 16, you are invited to contact your neighboring Lions Club. Or, you can write the camp directly for more information.

We congratulate the Lions of Texas and their friends for their successes of the past and wish them well in their future endeavors.

## MRS. WILKINSON HOSTS GOLDSTON CLUB THURS.

The Goldston Quilting Club met Thursday, January 27, in the home of Mae Wilkinson. One quilt was worked on.

Refreshments were served to visitors: Lola Bennett, Inez Skinner, Blanche Higgins, Lena Mae Graham, and members: Eleanor Martin, Della Allen, Quata Phillips, and May Pearl McDonald by the hostess, Mae Wilkinson.

The next meeting will be February 10 with May Pearl McDonald. All come. Rep.

## CHAMBERLAIN CENTER

Mrs. G. W. Bradshaw and Mrs. Lloyd Risley will be hostesses for the Chamberlain Community Center party Friday night, February 4. Bring a salad. We will meet at 7:30 p.m. Rep.

## DRIVING WHILE DRINKING

Driving while drinking is involved in nearly 40 per cent of the fatal accidents on the rural highways of Texas, according to records compiled by the Texas Department of Public Safety. "Texans for Traffic Safety" says watch out for the drinking driver and, above all, make sure you're not one of them.

## Engagement Announced

Mr. and Mrs. C. W. Moffett of Clarendon, Texas announce the engagement of their daughter, Cheryl Dean, to William Curtis Phillips, Jr. son of Mr. and Mrs. Curtis Phillips of Quanah, Texas.

Miss Moffett is a 1971 graduate of Clarendon High School. Mr. Phillips attended the University of Texas, Austin, and Clarendon College.

A summer wedding is planned after Mr. Phillips completes his basic training in the National Guard.

Someone has said: "What you save you leave behind, what you spend you have for awhile; but what you give to some worthwhile cause, or what you do to benefit mankind, you take with you, and the latter is what lives after you." Anyway, it is something to ponder over and we need to strive for some middle of the road approach to the problem.

"The best way to show that a stick is crooked is not to argue about it, or spend time denouncing it, but to lay a straight stick alongside it." The above is credited to Dwight L. Moody.

"Our greatest natural resource, is our young Americans." The above is from an article in January Sunshine Magazine by Art Linkletter. Having lost so much in the death of his daughter he has dedicated so much of his time and money to the saving of our young people. We can be so thankful for those in places of responsibility who are giving of their all that other young people may be saved from dope and other dangers.

Also from the above magazine we quote in part from an article on Happy New Year by our friend Alfred A. Montapert; Instead of wishing Happy New Year in the conventional way, wish for all:

That nothing that comes to us will make others poorer because we received it;

That whatever comes to us for our benefit we will pass on for the good of others;

That we will have the patience to wait for the best things and the good sense to recognize them when they come;

That, above all things, we will have faith in God, and that we will walk confidently through the unknown future hand in hand with God; These things will combine to give us a Happy New Year.

## Eggs Provide Needed Protein

Since protein isn't stored in the body, a daily supply is essential according to Dr. David Mellor, Extension poultry marketing specialist at Texas A&M University. "Eggs are the best source of animal protein for man," he claimed. "Egg white is usually considered the standard protein because it's uniformly best for all animals."

"For man, on an arbitrary scale, if we rate the protein in egg white as 100, beef protein would be 74; casein (the protein in milk), 74; peanut flour protein, 62, and wheat gluten (the basic protein in wheat), 46."

Besides high quality protein, animal protein foods contribute other significant nutrients to the diet, Dr. Mellor said. "Egg white contains riboflavin, also. Milk and milk products offer outstanding sources of calcium and riboflavin."

"In eggs, vitamins and minerals are largely concentrated in the yolk. Phosphorus, sulfur, iron and vitamin A abound in the yolk."

According to the specialist, eggs are an outstanding source of protein, vitamin and minerals. "They're also a top value economically," he emphasized. "Eggs at 60 cents per dozen cost only 40 cents per pound. How many other protein-rich foods can you purchase for that price?"

FRANK LINDSEY JR. ANNOUNCES CANDIDACY FOR SHERIFF, TAX ASSESSOR-COLLECTOR

The Leader has been authorized to announce the candidacy of Frank Lindsey Jr. for the office of Sheriff, Tax Assessor-Collector of Donley County subject to the Democratic Primary in May.

In making his announcement, Lindsey stated that he had been a resident of Donley County since 1953 and was raised in Quail community, and is a member of

the Donley County Sheriff's Department.

"I feel that I am qualified to serve the people of Donley County in this capacity, having served as a Donley County Sheriff's Deputy the past 18 months and also by attending Training School in Law Enforcement. I will serve you to the best of my ability and extend every effort when duty is necessary to uphold the service expected of this office," Lindsey stated.

Your consideration and support in the coming election will be sincerely appreciated. (Paid Pol.)

DOYCE GRAHAM IS CANDIDATE FOR COMMISSIONER PREC. 1

The Leader has been authorized to announce the candidacy of Doyce Graham for the office of Commissioner of Precinct No. 1, Donley County, subject to the Democrat Primary in May.

In making his announcement, Mr. Graham stated that he had been a resident of Donley County 41 years and the greater portion of that time in Precinct No. 1.

"If elected, I will do my best to give the people of Donley County and this Precinct the type of service and county government they deserve and should receive. I will appreciate the help and support of all voters in this precinct in the coming campaign and May election," Graham added.

New U.S.D.A. Ruling On Use Of DES

The U. S. Department of Agriculture has placed additional restrictions on the use of diethylstilbestrol (DES), a synthetic growth promoting hormone used in livestock feed. The new ruling became mandatory on January 8, according to Dr. Frank Orts, meats specialist with the Texas Agricultural Extension Service.

Under the new program, federal meat inspectors will hold all cattle and sheep from slaughter at least seven days unless the animals are certified as not having been fed DES or as having been withdrawn from DES at least seven days before slaughter.

According to Orts, there are three alternatives for handling cattle and sheep at slaughter:

- 1. The animals may be slaughtered if certification requirements have been met.
2. The animals will be held alive for the required seven days.
3. The animals could be slaughtered, with samples sent to a U. S. Dept. of Agriculture-approved laboratory for testing. Meat from the animals could not be marketed until tests prove they are free of DES residues.

The new program will help provide further assurance that DES residues will not be found in the nation's meat supply, says Orts. Violators will be subject to criminal prosecution by the Food and Drug Administration.

Accent On Health A HEALTHIER TEXAS

A healthier Texas is the aim of the Texas State Department of Health, and to carry out that goal Texas health authorities have moved to carry state health programs closer to Texas residents by instituting a regional concept of public health.

The first of the proposed 10 public health regions opened in 1970 in Tyler in East Texas. Two more State Health Department regions became operational on January 1, 1972. Region 3 has headquarters in El Paso and covers six counties in Far West Texas. Region 10 covers 20 counties in South Texas from headquarters in Harlingen.

"The Texas State Department of Health has made available better health services to over two and a quarter million Texas residents with creation of the two new regions," said Dr. James E. Peavy, Texas Commissioner of Health. "And the goal is to eventually provide these services to all Texans, particularly those not now reached by state health services."

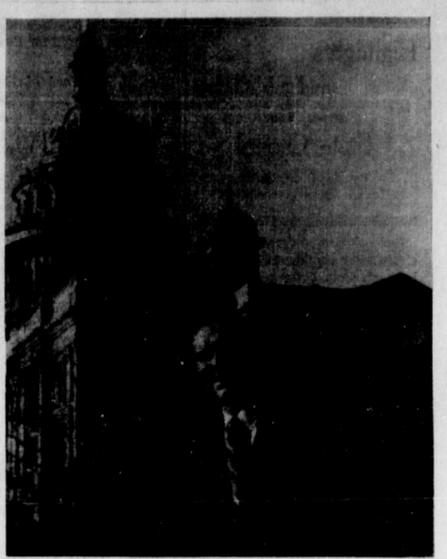

Eventually, the State will have 10 public health regions providing services to the State's entire population. All regional offices will have staff representing the major public health disciplines.

"The regional health system will allow state health programs to be brought closer to the people who need them, and will provide better administration of health services," said Dr. Peavy. "It will also provide more efficient use of the limited public health resources, and at the same time provide public health services to all residents throughout the region."

The huge West Texas region covers 21,778 square miles, with a population in excess of 379,000. Dr. John Bradley, former regional director of the State Health Department's TB control program, is now Regional Director of Public Health Region 3.

Region 10 covers a wide area of South Texas in which more than 870,000 persons reside. Regional director of Public Health Region 10 is Dr. Victor Zalma, a former Epidemic Intelligence Officer who served the TSDH Communicable Disease Services Station on assignment from the National Communicable Disease Center in Atlanta.

Officials said the West Texas and South Texas regions were selected for activities at this time because of their needs for public health services.

Tom Christian Republican Candidate for Re-Election, State Representative, 66th District.

Rep. Tom Christian Candidate For Re-Election 66th Dist.

CLAUDE — Today Rep. Tom Christian, Claude farmer-stockman, is announcing his candidacy for re-election to the Texas House of Representatives.

He will be seeking his third term in the newly-created Sixty-Sixth District which includes Gray, Wheeler, Armstrong, Donley, Collingsworth, Briscoe, Hall, Childress, Floyd and Motley counties.

Christian, long an advocate of reform in Texas government, said, "I will continue to push for changes in House rules and procedures, including limitation of the powers of the Speaker of the House."

Christian added, "I believe that we must also work with the Texas Board of Education and our local school boards to develop a plan for maintaining local control of our children's education."

"We must strive to increase vocational education opportunities and work for welfare reform that will alleviate the great burden that is being placed on our taxpaying citizens."

"In my campaign I will continue to stress the needs of agriculture with emphasis on research that will help us to prevent the problems with quarantine that we now face."

Christian added, "It is imperative that we get our water plan off the drawing board and in operation . . . combined with research in the area of brush control that will conserve that water supply that is now available to us."

As a member of the Legislature, Christian has served as a member of the Committees on Juvenile Crime and Delinquency, Criminal Jurisprudence, Public Education, Livestock, and Public Lands and Buildings.

He is currently a member of the Committees on Revenue and Taxation, Parks and Wildlife, Elections, Penitentiaries, and Business and Marketing Affairs.

A graduate of West Texas State

University, Christian is a former teacher and coach. He served in the United States Navy and a member of the Ceremonial Guard in Washington, D. C.

He is a director of the Armstrong County Medical Center, a director of the Panhandle Livestock Association, a director of the Panhandle - Plains Historical Society, and a past chairman of the Board of Stewards of the First United Methodist Church of Claude.

Christian is married to the former Anne Thomas of Rails. Mrs. Christian is a graduate of Texas Tech University in Lubbock and is also a former teacher in Panhandle schools. The Christians have four children: Frances Anne, age 10; Joe Tom, age 8; Richard William, age 5; and Mary King, age 1.

Some State And Local Taxes Not Deductible

Most major state and local taxes can be deducted on Federal income tax returns if you itemize your deductions, but some of the miscellaneous taxes cannot be, Ellis Campbell, Jr., District Director of Internal Revenue, said today.

The deductible taxes are real estate and personal property taxes, state and local income taxes, state and local gasoline taxes, and general sales taxes.

The taxes that are not deductible include liquor and cigarette taxes, most auto license fees, water service charges, hunting and fishing licenses, and dog licenses. Mr. Campbell said Federal taxes are also not deductible on individual income tax returns.

Publication 546, "Income Tax Deduction for Taxes," has complete information on deductible and nondeductible taxes. It is available free from your IRS district office.

Several Programs Being Promoted By Ag Department

Texas, already Number One in the nation in exports of beef cattle will show further gains in the coming years due to several programs being promoted by the Texas Department of Agriculture. Texas Agriculture Commissioner John C. White outlined these projects now being conducted by TDA to expand cattle exports:

- 1. Personal contacts by TDA personnel in lining up buyers and sellers of cattle for foreign purchases.
2. New export handling facilities to be built at a half dozen locations in the state.
3. A tour of Mexican government officials under auspices of TDA personnel to the Houston, Sulphur Springs, Panhandle and San Antonio areas of the state January 12 to 14.

Recently, about 200 head of dairy cattle were shipped from Central Texas to Mexico as a result of TDA personnel contacting Mexican buyers and getting them in touch with Texas' producers. Included in the shipment are Holstein and Jersey dairy cattle.

The cattle were shipped from the Evans Reese Auction Service barns near Waco. "It is cooperation such as this through the private trade channels and through the Texas Department of Agriculture programs that give us a sound basis for further expansion of livestock exports to foreign countries," White said.

"We hear a lot about imports of the exotic breeds to this country, but our cattle, too, are in much demand by foreign countries for upgrading their herds," White explained.

The Texas livestock export business amounted to more than \$12.5 million in 1970.

The Texas Legislature appropriated about \$750,000 for construction of the new export facilities. Present shipping pens have been condemned.

Specifications for new facilities at Eagle Pass and Del Rio are expected to go to bidders by February 1, 1972. New facilities will be located at the Houston International Airport and will be the largest of the proposed facilities.

"The new Texas facilities will be unequalled anywhere in the United States and far exceed minimum standards set by U. S. Department of Agriculture and Mexican authorities," White said.

HOLDER IN DUE COURSE

Have you ever purchased on the time installment plan? Sure you have. Practically all major appliances are purchased in this manner.

Here's how it works: You, as the consumer, make a purchase. You sign a time installment contract and promissory note for the total purchase price, payable in monthly installments ranging from 12 to 36 months.

Your promissory note for the total price is in turn assigned or transferred to a bank or other lending institution. By the terms of this assignment or transfer, the dealer is paid in full by the bank and you now begin to make regular payments to the bank, who owns your promissory note now, is probably a "Holder In Due Course."

So what does this mean to you, a consumer? Legally speaking, it means a great deal in terms of the rights and liabilities of all three parties — you, the dealer, and the financial institution — to this everyday commercial transaction.

What exactly is a "Holder In Due Course?" Generally, a Holder In Due Course is one who takes a negotiable promissory note in the regular course of business, paying a valuable consideration for it, and who has no reason to believe that the original transaction between you and the dealer is other than legitimate. As a "Holder In Due Course", the bank is legally entitled to expect payment to be made by you according to the terms of your note. All well and good so far!

But, consider this situation: As you begin to use your new purchases, suppose the item ceases to function due to faulty installation by the dealer. If the dealer is a reputable one, he will repair it or see that it is installed properly pursuant to your warranty. But suppose that the dealer has in the meantime quit doing business or has moved from your city and cannot be located. What do you do now? Can you legally cease making payments until your item is repaired or replaced? If the bank is a "Holder In Due Course," the answer is no.

Remember, the bank paid valuable consideration for your note. It paid the dealer cash in full. It makes a profit from the note, and the bank more than likely would have had no reason to believe the dealer was other than reputable. (Or at least it will be extremely difficult for you to prove otherwise.)

Where does this leave you legally? This leaves you with monthly installments to pay on your note stuck with a faulty item with a questionable dealer unavailable.

Before signing the contract and making your purchase, know with whom you are dealing. Is he a reputable and honest businessman? If you are not sure, check with your local Chamber of Commerce or Better Business Bureau.

Remember, when purchasing products or services on the time installment payable plan, your contract and note in many cases will be assigned to a "Holder In Due Course".

DRIVER ATTITUDE IMPORTANT

Proper attitude behind the wheel can mean the difference between life and death, says "Texans for Traffic Safety." Driver education in school can help create proper attitudes, yet less than half of Texas' eligible teenagers take the course.

Internal Revenue Questions & Answers

Q—Does the Internal Revenue Service have any publications available explaining the economic stabilization program?

A—Answers to many basic questions about Phase II will be found in Publication S-2, General Information—Economic Stabilization Program, available free from IRS district offices throughout the country.

This eight-page booklet has been printed and stocked in limited quantity because early revision of the publication will be made necessary by the issuance of new stabilization regulations. Once the new regulations are published, the IRS will prepare a revised booklet and make it available to the public.

Q—Are non-depreciable capital improvements of a business "allowable costs?"

A—No. Capital investment which is not subject to depreciation is generally not a cost of doing business under generally accepted accounting principles and thus would not be an "allowable cost."

Q—How can a corporation, individual proprietorship, or partnership obtain a ruling that a newly established or amended pension or profit sharing plan does not exceed the 5.5 percent aggregate limitation?

A—Write your IRS district office.

Q—Are the wages and salaries of Federal employees controlled under the Economic Stabilization Program?

A—No. Federal government employees' pay adjustments are based upon Federal law and regulations; thus, they will be subject to comparable controls. This includes employees of the judicial, legislative, and executive branches of the government.

Highlights and Sidelights From Your State Capitol By BILL BOYKIN Texas Press Association

One adverse federal court decision after another fuels the feud between Gov. Preston Smith and Lt. Gov. Ben Barnes.

Smith was quick to blame on Barnes the failure of a 1971 filing fee statute which threatens to force a special legislative session.

While that issue was still raging, another Dallas three-judge court struck down the legislature's congressional redistricting plan. Once more, Smith accused the lieutenant governor of "reluctance" and "inaction" on redistricting.

When a third court frowned on House of Representatives redistricting in major counties as done by a board Barnes served on, Smith once more leveled at the lieutenant governor charges of "immature action" and lack

of leadership. Single-member districts were ordered for Bexar and Dallas counties.

Sen. J. P. Word of Meridian, speaking in Barnes' defense, said Smith offered the legislature no leadership himself and reminded that the governor could have vetoed the congressional redistricting measure if he didn't like it.

Meanwhile, Atty. Gen. Crawford Martin succeeded in getting a temporary postponement of the congressional redistricting order. The U. S. Supreme Court agreed to delay the new plan pending appeal.

U. S. Sen. Lloyd Bentsen, who intervened as a friend of the court in support of the stay, said congressional candidates for this year, at least, can run in the districts given them by the legislature.

That would be a relief for Congressmen Graham Purcell of Wichita Falls and Omar Burleson of Anson; Jim Wright of Fort Worth and Ray Roberts of McKinney and O. C. Fisher of San Angelo and Abraham Kazen of Laredo who had been pitted against each other in the federal district court plan.

If he has to call a special session on primary election finance

ing, said Smith, he will expect "those responsible for creating this problem" to come up with "workable alternatives."

GOVERNOR'S POLL TAKEN —Dolph Briscoe won another editor's poll last week at the Mid-winter meeting of the Texas Press Association. Editors were asked first who they thought would carry their county — if the vote were taken on that date (January 24). Forty-eight editors responded to the poll with this vote: Briscoe, 18; Preston Smith, 13; Ben Barnes, 12; Barnes-Briscoe tie, 2 and three undecided.

They were asked: "How will you vote in the 1972 Governor's race?" This was the result: Briscoe, 28; Smith, 6; Barnes, 5; Grover, 1 and undecided, 8.

CRIME FIGHT PROPOSED —The governor's Criminal Justice Council promises a legislative drive for laws to help stamp out organized crime in the state.

Mafia-type operations have been noted in Texas by the President's Commission on Law Enforcement and Administration of Justice and other investigators, the Council's new 1972 plan points out.

Further, states the Council, many bets on sports events are being taken by bookie shops with national "confederation" affiliation.

This legislation was recommended:

Power for the attorney general to bring suit in criminal cases.

Subpoena power in a statewide grand jury or crime prevention council.

Permission for electronic surveillance (including wiretapping).

The Council proposes to spend about \$1 million of its projected

\$25 million 1972 allocations for action against organized crime.

INSURANCE HEARING SET —The State Board of Insurance set a February 15 hearing on insurance premium rates, broader damage coverage, and higher liability limits for coastal and beach areas, under the new Catastrophe Pool Act.

Due for consideration is a deductible on beach dwelling of two per cent of the amount insured, with a minimum deductible of \$250 and elimination of percentage deductible on beach commercial risks substituting a \$500 flat figure. The Board also proposes to consider adoption of building specifications for high risk coastal areas.

The Board will also consider hiking coverage to \$1 million on beach dwellings and \$5 million on commercial risks. Under the present pool, windstorm damage is limited to \$100,000 on a beach home and \$500,000 on a commercial venture such as a marina or hotel.

AG OPINIONS — A county has authority to construct and operate an area or regional waste water collection and treatment system and perform water quality management functions, Attorney General Martin held.

In other recent opinions, Martin concluded:

A 25-year mineral lease had been duly extended and was in good standing last October 4 when an application for renewal was made to the School Land Board.

An independent school district lacks authority to give an outright 20-year lease of property to a neighborhood center.

Fees paid erroneously to the Industrial Accident Board and placed in the state treasury may not be refunded in absence of a

legislative appropriation.

The State Building Commission has authority to contract with the Texas Parks and Wildlife Department for construction of state park projects areas with Board of Control approval.

Parks and Wildlife Commission has authority to control taking of fish from public waters, but it's doubtful any rule imposing restrictions on bass tournament participants that would not apply to other fishermen would be valid.

An applicant for certification as a psychologist must have received the doctoral degree.

Texas Education Agency cannot participate separately in payment of premiums of insurance for its retired employees.

The 1971 rules adopted by the Texas State Board of Dental Examiners are valid.

Dallas Independent School District trustees cannot alter the method of electing members to provide that six be elected by votes of their single districts.

Good Neighbor Commission members are not authorized reimbursement for use of private airplanes on official business out of state.

The Industrial Accident Board has jurisdiction over industrial injuries to employees of the City of Bryan.

A 5,000 legislative appropriation to Elm Creek Water Control District is valid, and the governor has no authority to veto a portion of an appropriation.

COURTS SPEAK — A candidate for state senator must live in his district only one year before the date of the general election, the State Supreme Court held.

Overruling the Austin Court of Civil Appeals, the High Court

found legal the University of Texas' acquiring 250 acres of its UT-Permian Basin campus site at Odessa through donation of park land acquired with county bond funds.

The Court of Criminal Appeals relaxed rules on admissibility of gory pictures in murder trials, holding, in effect, that use of the photographs is largely up to the trial judge's discretion where it is "competent, material and relevant to the issue on trial."

APPOINTMENTS — James F. Ray of Arlington was selected executive director of the Commission on Intergovernmental Relations.

Governor Smith named 10 more members of the Texas Criminal Justice Council. They are Mrs. Gladys M. Mangum of Clyde, Sidney L. Sadler of Pecos, D. V. Flores of Houston, Jim Lindsey of Del Rio, M. M. Vickers of Brownsville, Joe T. Morrow of Honey Grove, Vernon B. Rucker of Killeen, George M. Newman of Waco, Dr. John T. Holbrook of Bryan and Michael G. Reily of Corrigan. Dr. Wallace Larson of San Antonio is the new president of Texas Veterinary Medical Association.

Ralph Yarborough designated Clifton L. Holmes of Kilgore as his assistant statewide campaign manager and director of organization.

POLLUTION HEARINGS SET —Texas Water Quality Board will hold hearings February 7-11 in Baytown on reduction of municipal and industrial wastes into Houston Ship Channel.

Discharges must be reduced to the level permitted by the U. S. Environmental Protection Agency following a Galveston Bay shellfish conference. The federal rule requires reduction of

oxygen-depleting substances dumped into the channel to 35,000 pounds a day by 1975. About 100,000 pounds daily is the present level.

Soil Conservation Benefits Are Many

Reduced air pollution, better wildlife habitat — these are some of the environmental benefits of a new practice being used by Texas conservation farmers.

The measure, called minimum tillage, also cuts farming costs by reducing tractor trips required to produce a crop.

"With minimum tillage, farmers plant crops without prior land preparation," Monty Sowers, district conservationist for the Soil Conservation Service at Clarendon, said. "Using a coultter and other special equipment, they plant directly into a mulch of residues left undisturbed from the previous crop. Herbicides are used to control weeds, so costly and time consuming cultural operations are reduced or eliminated."

Stalks, leaves and stems from the previous crop are left on the surface yearly with minimum tillage. The protective cover is highly effective in preventing wind erosion and air pollution from blowing dust.

Sowers says the cover is equally effective in preventing water erosion.

"Scattered seed and cover left on the soil surface by minimum tillage is also extremely valuable to wildlife," Sowers said.

"Pheasants in the Texas Panhandle are almost entirely dependent on crop residues for survival during the winter months. Quail, geese, turkey, dove, songbirds, deer, antelope, rabbits and

other wildlife also benefit from the food and cover."

Sowers said SCS has published a new booklet "Minimum Tillage in Texas" which describes the new farming system in detail. To get a free copy, contact the SCS office at Clarendon, telephone number 874-2335.
