## Night Of Plays At Clarendon College

Clarendon College Drama Department will present a full evening of one-act plays Thursday, March 2, 1972, at 7:30, in the Harned Sisters Fine Arts Building. These plays will contain a variety of audience appeal ranging from a setting in the future to a heart warming story of an old man and his ocean.

The night will open with "Man Is Omega" which takes place in the Universal State in the year 2069. This thought provoking drama provides a look at the direction in which the world might be going.

"Black Comedy" will follow a 10 minute intermission. This comedy takes place at the present in the apartment of a young sculptor who is nervously awaiting the arrival of his fiancée's father and a potential Art buyer. The entire play takes place in a blackout. However, when the lights are out for the actors, the audience enjoys full light.

The third and final play of the night will be "Mr. Flamery's Ocean" which is a wonderful story of an old retired seaman who decides to own the ocean for the rest of his life. He meets an elderly woman who has only a short while to live and he decides to loan it to her for her natural life.

Come to the College Play Night March 2 and enjoy an evening at the theatre. Admission will be \$1 per adult and 50c for students. College students will be admitted free with their I.D.

## ELIZABETH MCGARITY NAMED CHS BETTY CROCKER HOMEMAKER

Elizabeth McGarity, daughter of Rev. and Mrs. Owen McGarity and a senior student at Clarendon High School, has been named the Clarendon High School Betty Crocker Homemaker of Tomorrow for 1972. She was chosen on the basis of her score in a written knowledge and attitude examination taken by senior girls December 7. She received a specially designed award charm from General Mills, sponsor of the annual educational program.

Elizabeth is now eligible for state and national competition. During its 18 years the program will have awarded almost \$2 million in grants and scholarship awards at the close of this year.

## Farm News

from County ASCS Com.

### Set-Aside Requirements Changed

Set-aside acreage must be average productive land that would make as much cotton or grain as the land on which the cotton or grain is planted for 1972. In case of farms producing irrigated crops, the set-aside must be on acreage which could be irrigated in the current year in addition to crops actually irrigated with irrigation facilities and available water supply.

Set-aside land must be of a type which if program crops were produced on it would result in a yield of such crops about equal to that expected on land where such crops are actually produced.

As it now stands, there is no provision for designating less productive land and taking a reduced payment.

### Additional Wheat Set-Aside

Producers may take additional land out of wheat production. You may elect to designate an acreage up to 75% of the allotment. This will be in addition to the 83% required to get certificate payments. The additional acreage must be land already planted to wheat and be of average quality wheat. This acreage must be left on the land until April 1 but must be destroyed by May 1.

Payment will be 94c times your farm yield times the acreage set-aside. This acreage will not count as wheat for history purposes.

### Holiday

This office will be closed Monday, February 21, 1972, for a legal holiday.

### IMPORTANT V.F.W. MEET MONDAY NITE

James Owens, Commander, announced yesterday that an important meeting of the local V.F.W. would be held Monday night at 7:30 p.m. in the Jaycee room at the City Hall.

The general purpose of the meeting is to map the future of the local organization and also nominate officers for the ensuing year.

Memberships are needed in order for the local group to hold their charter so all members and any persons eligible are urged to attend this meeting.

"Veterans," it is up to you. Owens stated.

## TSA Finds New Law Not Being Met

An informal roadside survey made recently by the Texas Safety Association shows that some Texas gravel truck operators and other loose material haulers may be unknowingly violating a new law.

The statewide safety group in a release from their Austin headquarters today said the law is one passed by the last session of the legislature governing the loading and hauling of loose materials including gravel, sand and dirt. The law does not apply to agricultural products.

The law requires that trucks be loaded no higher than six inches below the top of the sideboards when left uncovered. Higher loads must be covered by canvas to prevent spillage. If materials fall from a truck because of improper loading, both the hauler and the loader are liable under the law. Fines for the first offenses can be from \$25 to \$200, subsequent offenses carry fines of not less than \$200.

## ART AND ARTIFACTS ASKED FOR CC REUNION

An urgent call is being sent to all in this area who have any type of Art and/or Artifacts that they would like to show to the hundreds of people attending the Clarendon College Ex-Student Reunion April 14, 15, and 16th, 1972. Contact Mrs. Darlene Spier at the office of Clarendon College, Mr. Beryl Clinton, Dean of C. C. or Mrs. Betty Bourns, Art Department at Clarendon College.

Mrs. Bourns is heading this part of the Reunion and would be most delighted to have any local Art and collections of Artifacts to place on display for the enjoyment of those attending. This part of the program will be placed on display in the lobby of the Harned Sisters Fine Arts Center on Clarendon College Campus.

## VISIT VIA PHONE WITH PARENTS IN AFRICA

Mrs. Wesley Braddock enjoyed talking with her parents via phone from Cape Town, South Africa Saturday, February 12. Mrs. Braddock was expecting her parents, Mr. and Mrs. Henry Ing of Cape Town, to visit on their 50th Wedding Anniversary, February 14.

Mr. Ing has been ill and is unable to make the trip at this time. This was indeed a disappointment. Mrs. Braddock talked with her father and mother and the seven year old Braddock twins talked with their grandparents for the first time. Daughter Pat, who is a student at WTSU, was not at home this week end and so missed talking with her grandparents. Mrs. Ing talked with her daughter in the summer and a son had made arrangements for the visit. All are hoping for a family gathering at a later date.

Mr. and Mrs. Doyce Graham visited Mr. and Mrs. Elam Orcutt in Memphis Sunday.

## 4-H Club Farm Sale At Claude February 26

The Armstrong County annual 4-H Club Farm Machinery Sale will be held Feb. 26, at Claude Texas. This sale not only provides an opportunity for farmers and ranchers to dispose of surplus equipment, but also makes available many bargains to buyers.

A small commission is collected on all items sold or passed out. These proceeds help finance activities of the Armstrong County 4-H Clubs. Auctioneers will be Wildon Hundley, Doug Britten, Chester Butler, Roy Reynolds, James Bible and Louis Thomas, who will donate their services for this event.

Anyone wishing to consign equipment for this sale should contact Bo Wheeler, County Agricultural Agent, Claude, Texas. Early consignments help to make an attractive handbill, which helps make a better sale.

## L. M. Boomer Services Held In Claude Mon.

Funeral services for Lynn Monroe (Shike) Boomer, 59, a well known Armstrong County stock farmer, were held at 2 p.m. Monday, February 14, 1972, in the First United Methodist Church at Claude with Rev. Harmon Mexiner, pastor, and Rev. Charles Davenport, pastor of the First Baptist Church in Claude, officiating. Masonic Services and Interment was in Claude Cemetery in Claude under the direction of Murphy Funeral Home.

Mr. Boomer died Friday evening at the Morton Cancer and Research Hospital in Dallas of Leukemia after a five year illness. He was born at Elk City, Oklahoma and married Oecola Scott September 5, 1936, at Claude. He had been an Armstrong County resident for over 30 years. He was a member of the First United Methodist Church in Claude and the Claude Masonic Lodge.

Survivors include his wife, Oecola Boomer of the home; one daughter, Mrs. Ginger Kennedy of Lubbock; one son, Scott Boomer of the home; his mother, Mrs. George Boomer of San Diego, California; one brother, Bert Boomer of Hereford; two granddaughters, Kelli and Kim Kennedy of Lubbock, Texas.

Bearers were, Bob Ashcraft, Cleve Bennett, Bert Eddleman, Ralph Justiss, Tom McClure, C. M. Hudson Jr., Mack Justiss and Pitts Crudgington.

## Clarendon College Basketball News

The Clarendon College Bulldogs coached by Dave Neely have had another busy week. Thursday of last week they took on Frank Phillips College of Borger in the local Fieldhouse. The game was a thriller and at the end of regulation play the two teams were tied 72-72. In the overtime period of play Frank Phillip mustered enough points to win the game 79-77. Martin and Rogans counted for 21 points each and Wayne Carter dropped in 18 points.

Monday night, February 14, the Bulldogs were at Roswell where they challenged New Mexico Military Institute, taking the game 74-62. Carter tipped the basket for 23 points, Martin 14, Tarpley 13, and Dickerson 12. At the close of this game the local team held a record of 2-8 in league play and 7-19 in season play.

Thursday, February 17, of this week the Clarendon College Bulldogs will play Howard County at Big Spring and on Monday, February 21, will host South Plains here. Their final game will be here Friday night, February 25, when visitors will be the boys from New Mexico Junior College. Western Junior College Athletic Conference Report.

## Cotton Classing News

Harvest is in it's last stages in the Memphis, Texas area, according to W. E. Cain, in charge of the USDA's Memphis, Texas Cotton Classing Office.

The Memphis office classed 8,500 samples this week to bring the season total to 143,000.

Grades continued the usual seasonal decline this week as 48 per cent were classed as Spotted, Light Spotted grades accounted for 32 percent and Tinge grades for 12 percent.

The predominant staple was 30 with 49 percent followed by staple 31 with 27 percent and staple 29 with 15 percent. Micronaire readings showed 21 percent milled in the 3.5 to 4.9 range. The 3.3 to 3.4 range accounted for 13 percent. The 3.0 to 3.2 range for 29 percent and 2.7 to 2.9 range for 24 percent.

Presley tests showed 73 percent of the samples tested 75,000 psi or higher.

The cotton market continued active this week. Demand for cotton milled 3.3 and higher was strong but supply was limited. Prices were steady to slightly weaker compared to last week. Most cotton sold for 24.00 to 27.00 cents per pound.

This will be the final market news release from this office for the 1971-72 season.

## MEDICAL CENTER AUXILIARY HOLDS EXECUTIVE MEETING

An Executive meeting of officers and chairmen of the various committees of the Medical Center Auxiliary met Tuesday afternoon, February 15, 1972, at the Center. Mrs. Neta Harmon, president presided.

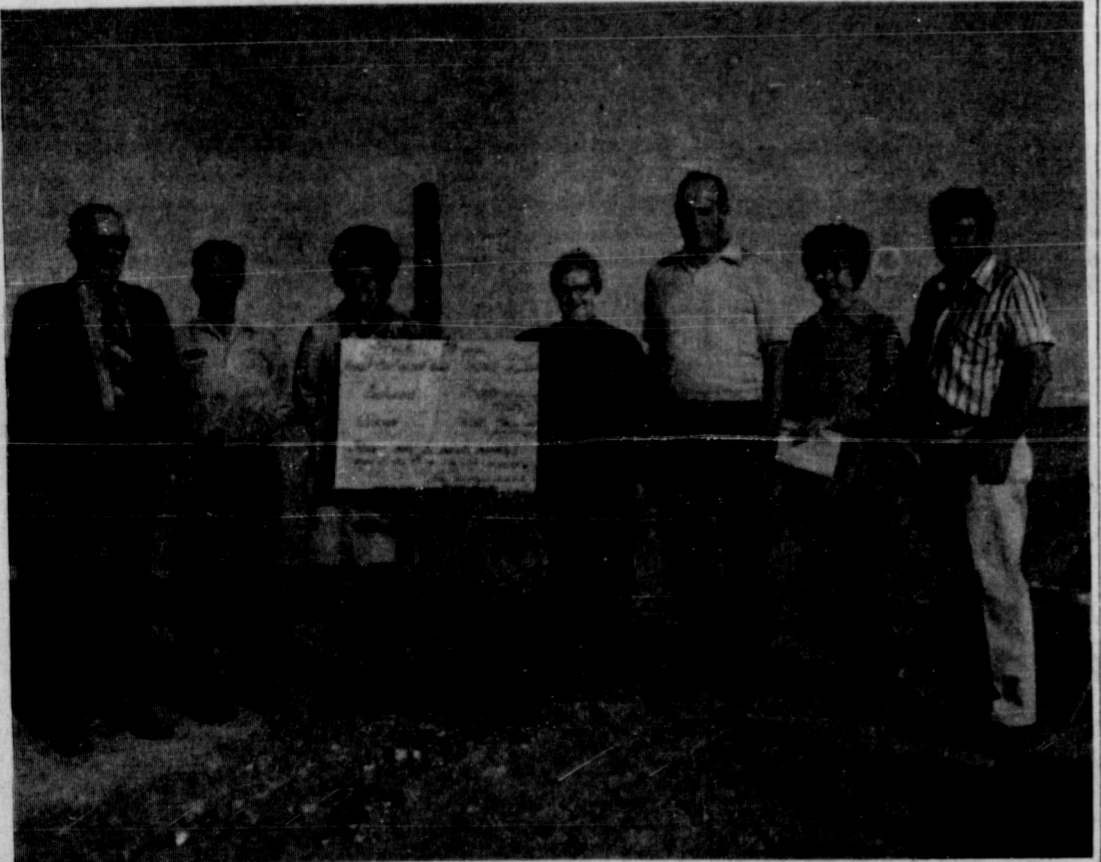

It was announced that uniforms are to be issued at the next meeting of the Medical Center Auxiliary which will be held at 2 p.m. Tuesday, February 29th, at the Medical Center.

A number of Auxiliary members enjoyed a tour of the complete new Medical Center facilities conducted by Wes Langham, Medical Center Administrator.

## NEW FHA AWARD IS INITIATED THIS YEAR

A new award was initiated at the annual FHA Sweetheart Banquet held Saturday night February 12, 1972. The award is to be made to a senior girl in F.H.A. and will be in the form of a plaque purchased by Mrs. Guy Sibley, Mrs. Judy Moore, Mrs. Naomi Gilbreth, Mr. and Mrs. Junior Putman, and Mr. and Mrs. Jeff Walker in memory of Mrs. Velma Bourland.

A committee of Homemaking teachers, the high school counselor and principal received applications completed by the senior girls and made the selection. Becky Hudson was chosen as the first recipient of the award. She has participated in FHA in an outstanding way. Not only has she served as an officer and active member but she has achieved the State Degree of the Future Homemakers of America.

This was the group of progressive residents and owners of property in the town of Howardwick that were elected last Saturday to head the new one and one-half million dollar mall to be constructed at Howardwick within the near future. Left to right—Vernon Berry, vice-president; O. A. Sturdevant, Emmadene Ockander, Secretary; Genevieve Jones; Lynn Cherry, Treasurer; Mrs. M. L. Van Arsdel; George Howard, President. The new cooperative will offer 60,000 first preferred stock; 20,000 preferred and 70,000 common stock. The Co-op will operate a grocery store and drug store to help keep prices down. It was reported that over 150 property owners had called in to purchase stock by Saturday and lot sales picked up tremendously at Sherwood Shores IX and Carroll Creek Acres over the weekend.

**We're putting our money where your mouth is.**

A lot of people have been shooting at the telephone companies these days. And, in truth, we've had our hands full keeping up with the zooming demand for increased phone service. But General Telephone and, in all fairness, the other phone companies haven't been sitting around counting dimes. For some time now, we've been paying a healthy "phone bill" ourselves trying to make our service do everything you expect of it. And a few things you don't expect. During the next five years we'll be spending millions of dollars in the areas we serve upgrading and expanding every phase of our phone operation. From laying underground cables (an important, if invisible area) to customer contact service (an equally important, but highly visible area). But no matter how much we spend on equipment and expansion, it's what we do for you in your home or business that counts. Ladies and gentlemen, we're working as fast as brains, manpower and money can combine to make our service as efficient as possible.

fertilization, forage quality, hay production, hay harvesting, livestock grazing and weed control.

According to Pratt, the contest is being sponsored by the Texas Plant Food Institute. The first place team and their coach will receive watches and a trip to the annual Plant Food Conference. Second and third place team members will also receive awards.

"Pasture and forage production offer income opportunities on most Texas farms and ranches," points out Pratt. "This new contest will provide 4-H Club members, adult leaders and local agri-industry leaders an opportunity for showing a profit aspect in each county of Texas."

Additional information regarding the new 4-H contest is available at each county Extension office, adds the agronomist.

About one-third of the cultivated land in India is in rice.

## F.F.A. Sweetheart Banquet Held Sat.

The Future Homemakers of America held their annual Sweetheart Banquet Saturday night, February 12, 1971 in the High School Cafeteria. Theme for this year's party was "Fantasy Land."

Tables were decorated with ceramic mushroom sets with candles providing light for the occasion. Background for the presentation of this year's Sweetheart was marked with green floor grass, giant mushrooms and rabbits with a giant butterfly

overhanging the throne.

The invocation was led by Elizabeth McGarity followed by the Welcome given by Debbie Holland. Betty Tyler introduced the special guests, employers of the Home Economics Related Occupational Students. Entertainment for the night was provided by Katrina Messer and Charles Clinton singing "So Far Away." Miss Betty Veach sang "A Time For Us" and "Theme From Love Story." Susan Palmer and Shanna Hardin added humor to the program by telling amusing jokes. Miss Lynn Bourland presented awards.

Our next T.I.C. meeting will be held at the same time and the same place — Osburn Furniture, 7:30 p.m. Tuesday nights. Y'all come! Rep.

## The Informed Consumer

by Attorney General

If you have purchased a franchise or you are seriously considering investing in a franchise business, there are certain questions which you might ask to determine your chances for success.

First, who is the franchisor? If the franchisor is well known, has a good reputation, and has an obviously successful franchising operation, you have a better opportunity to succeed in your business. Occasionally, a dishonest promoter will use a franchise name and trademark deceptively similar to that of a well-known franchisor. Be skeptical of franchisors whose major activity is selling franchises and whose profit is primarily derived from these sales or from the sale of franchise equipment.

Second, you should determine the length of time the product has been on the market and whether it has enjoyed successful promotion during this time. In short, is it a proven product or service or just a gimmick? Ask yourself whether or not you are really interested in selling the product or service, what the future demand will be, and the nature of the competition you must face in marketing the product.

Third, what is the cost of the franchise? In addition to the initial cash outlay required, there may be other charges, assessments, or royalties to be paid to the franchisor, and you may be required to purchase supplies from local sources.

Fourth, what profits can reasonably be expected from the franchise operation? The representations of a promoter concerning projected net profits or earnings potential should be carefully examined for accuracy.

Fifth, what training and management assistance will be provided by the franchisor?

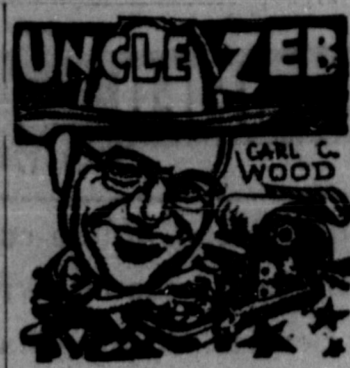

Sixth, what are your rights and obligations under the terms of the franchise agreement contract? Contact your attorney and listen to his explanation of the terms and conditions of the contract. Compare this with the representations made to you by the promoter selling the franchise.

In summary, you should not rush into signing a contract or any other document relating to a franchise promotion, and you should not make any deposits or down payments "to hold a franchise open" or to "demonstrate good faith" unless you are absolutely certain about your decision to go ahead with the franchise arrangement.

Find out all you can about the franchise including the names and addresses of other franchise owners whom you can contact. Take the time to talk with these individuals to determine their attitudes toward the company, the success or failure they have encountered, and the problems they have dealt with in operating the franchise. Consult your attorney and have him review all aspects of the agreement to be certain that all terms of the agreement are set forth in a written contract which is not oppressive in its requirements. Finally, study the product, the market and your ability before signing that contract.

If you become aware of deceptive franchise operations such as described above, please notify Attorney General Crawford C. Martin, P. O. Box 12548, Capitol Station, Austin, Texas 78711.

## Check Bare Trees For Bagworms

This winter white trees are bare, homeowners should be on the alert for bagworms, advises Dr. Weldon Newton, entomologist with the Texas Agricultural Extension Service. Although bagworms are exposed when broad-leaved trees drop their leaves they may be overlooked until damaging infestation occurs. Complete defoliation can result next season when large numbers are present. In addition to broad-leaved trees, bagworms also feed on arborvites, cypress and other evergreens.

Though fall webworms and tent caterpillars are often mistakenly called bagworms, they are really markedly different, points out Newton. Bagworms make individual cocoons from tightly woven silk. Leaves and twigs are attached to the outside of the 1 1/2 to 2-inch long bag that the bags look like dried leaves.

The larval and pupal stages last from early May to late July during which time the insect stay in their bags. In the pupal stage in July and August the worms change to moths with only the male having wings. After mating, the female lays 150 to 200 eggs in the bag, then drops to the ground and dies.

The bags will remain on trees all winter, explains the entomologist. Some will be empty with only the pupal skin of the moth protruding from the bottom while others will have the skin full of eggs. In areas where the worms do not pupate until spring, a full grown worm will be found in the bag.

Newton recommends destroying any bags that may be found. Hand picking is very effective on small trees and those with only a few bags. Diazinon, carbaryl or trichlorfon can be sprayed if May or June on large trees with large numbers of bags in the upper branches, adds the entomologist.

# Announcing the most complete warranty ever put on a used car.

Covers engine, transmission, rear axle, brake system and electrical system for 30 days or 2000 miles. And you get special savings on all parts and labor for the first 24 months.

## USED VEHICLE DEALER WARRANTY

No. \_\_\_\_\_

This Warranty is issued by the undersigned, an authorized Chevrolet Dealer (hereinafter called the Selling Dealer) to:

Name \_\_\_\_\_ Address \_\_\_\_\_  
 City \_\_\_\_\_ State \_\_\_\_\_

(hereinafter called the Purchaser) in consideration of the purchase of a used motor vehicle (hereinafter called the Vehicle) described as follows:

Year \_\_\_\_\_ Make \_\_\_\_\_ Type \_\_\_\_\_  
 Motor No. \_\_\_\_\_ Serial No. \_\_\_\_\_ Stock No. \_\_\_\_\_

Mileage shown on odometer at delivery \_\_\_\_\_

**STATEMENT OF WARRANTY**  
 Subject to the provisions and conditions stated below, in the event of mechanical failure of the Vehicle, the Selling Dealer agrees as follows:

(1) For a period of 30 days, beginning \_\_\_\_\_, 19\_\_\_\_, or 2,000 miles after delivery (whichever occurs first), the Selling Dealer agrees to repair or replace the engine, transmission, rear axle, brake system, or electrical system—without charge—to the extent necessary to keep the Vehicle in serviceable condition under normal use.

**PROVISIONS**  
 (a) Mechanical failures resulting from collision, accident, abuse or lack of maintenance, are expressly excluded from the above coverage.  
 (b) Repairs are to be made in the Selling Dealer's Service facilities.  
 (c) Such repairs do not qualify under any new vehicle warranty still applicable to the Vehicle.  
 (2) Upon the expiration of the warranty period specified in (1.) above and for a period ending 24 months from the date the warranty period specified in (1.) above commenced, the Selling Dealer will allow a discount of \_\_\_\_\_ off the normal retail charges for parts and labor necessary to keep the Vehicle in serviceable condition under normal use.

This Warranty is not valid unless signed by the Selling Dealer's authorized department head and by the Purchaser, who is to retain a copy.

Dealer's Name \_\_\_\_\_ Signature of Department Head \_\_\_\_\_  
 City \_\_\_\_\_ State \_\_\_\_\_ Signature of Purchaser \_\_\_\_\_

**PROVISIONS**  
 (a) Repairs are to be made in the Service facilities of the Selling Dealer or other participating, franchised Chevrolet Dealer at such Chevrolet Dealer's regular retail price.  
 (b) Expressly excluded from Warranty coverage are damage from collision, accident or abuse, or normal maintenance services such as lubrication, oil changes, tune-up, etc.

**GENERAL CONDITIONS**  
 This Warranty is expressly in lieu of any other warranties, expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose, and any other obligations or liabilities on the Selling Dealer's part, and Selling Dealer neither assumes nor authorizes any other person to assume for it any other liability in connection with the sale of the Vehicle.  
 This Warranty must be available with the Vehicle at the time of application for any repairs or adjustments, and is not transferable or assignable. (First effective as to consumer goods in California or Massachusetts.)

In witness of all the above conditions, we have attached our signatures this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_.

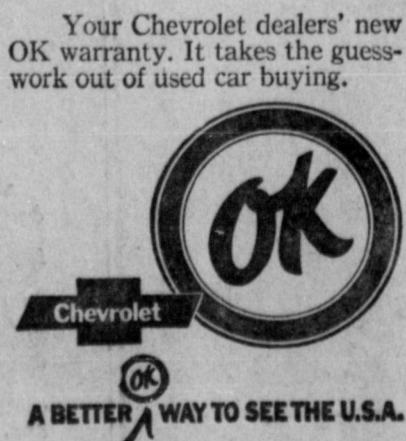

Many Chevrolet dealers are announcing the most complete warranty ever put on a used car. Count your blessings.

First, you're protected where it counts most: on the major mechanical parts of the car you buy. And that lasts a healthy 30 days or 2,000 miles, whichever comes first.

Second, you get special savings on any parts or labor you need. From the day you buy for 24 months.

Third, the special savings are good all across the country at most Chevrolet dealers. Say you're on a vacation trip and find you need service. You just get in touch with a participating Chevrolet dealership.

All you do is show an OK warranty identification card you receive when you buy your used car.

### Highlights and Sidelights From Your State Capitol

By BILL BOYKIN  
Texas Press Association

The complex question of financing May and June primary elections is heading for a final legal test.

Comptroller Robert S. Calvert asked Atty. Gen. Crawford C. Martin for an official opinion on Secretary of State Bob Bullock's plan to pay for the party primaries with state funds.

Bullock forced the issue to a head last week by handing Comptroller Calvert \$73 worth of initial pre-primary bills and asking him to pay them.

Calvert balked and took the matter to Martin for advice. "I will not pay anything out of the treasury for this unless I have a written opinion from the attorney general or an order of the court," said Calvert. He added he does not think Martin will advise him to pay the bills submitted by Bullock.

"If the vouchers are, for some reason, not approved, I intend to place this question before the Texas Supreme Court at the earliest possible moment so that the entire matter of primary financing can be adequately, equitably and finally resolved," Bullock stated.

He moved with court authority to formulate rules for the primaries after a three-judge federal court January 20 struck down the filing fee law relied on to finance the spring elections. Gov. Preston Smith proposes to transfer to him more than \$1 million for paying primary bills if the plan is finally cleared by legal authorities.

Rep. Rayford Price of Palestine accused Smith and Bullock of pre-empting prerogatives of the legislature, and said the governor should call an immediate special session to give lawmakers another whack at resolving the problem. Reps. Price, Jr. of Liberty and Jim Nugent of Kerrville defended Smith and Bullock and charged price was trying to further his House speakership campaign. Daniel and Nugent are also seeking the speakership.

**PRIMARIES CROWDED** — A total of 55 candidates for statewide office entered the Democratic primary before the February 7 filing deadline. There are contests for every office on the statewide ballot except four judicial places.

Republicans fielded only 10 state office candidates — and seven of them are running for governor.

There are 10 Democratic candidates for governor, five for U. S. Senator, nine for lieutenant governor, three for attorney gen-

eral, nine for comptroller, seven for treasurer, two for land commissioner, two for agriculture commissioner and four for railroad commissioner.

Republicans have only one candidate each for U. S. Senator (incumbent Sen. John Tower,) treasurer and railroad commissioner.

Former Sen. Ralph W. Yarborough and Barefoot Sanders of Dallas are the leading Democratic candidates for senator. Governor Smith, Lt. Gov. Ben Barnes, Dolph Briscoe of Uvalde and State Rep. Frances Farenthold of Corpus Christi will stir most of the action in the governor's race. Three state senators and a newspaper executive are battling for a runoff spot for lieutenant governor.

**HOSPITAL FUNDS APPROVED**—Loan guarantees with interest subsidies totalling more than \$23.8 million have been approved by the Texas Board of Health for 14 Hill-Burton hospital construction projects. Another \$450,000 was set aside for the Ranger General Hospital pending completion of a feasibility study of its new building program.

Subsidies were approved for Texas Medical Center Laundry Co-op Association, Houston; Scott and White Memorial Hospital at Temple; Henderson Memorial Hospital; Eastland Memorial Hospital; Freestone County Hospital at Fairfield; Heart of Texas Memorial Hospital at Brady; Decatur Hospital Authority;

Marshall Memorial Hospital; Bailey County Hospital District at Muleshoe; Red River County Hospital at Clarksville; Nocona Hospital Authority; King's Daughters Hospital at Temple; Richards Memorial Hospital at Rockdale and St. Anthony Hospital at Amarillo.

Twenty-six other applications will be considered at a March meeting.

**COURTS SPEAK** — Texas Supreme Court ordered a district court trial of an Andrews property owner's suit to force his local board to tax bank stocks.

The High Court also held a 57-year-old woman who received a broken leg after being butted by a "petting zoo" goat cannot collect damages from Six Flags Over Texas.

The State Court of Criminal Appeals reversed convictions of three El Paso men for possessing obscene material (girlie magazines) for purpose of sale.

For the second time, the Court of Criminal Appeals reversed lower courts and ordered a new trial for a man arrested with a truck load (567 cases) of cigarettes which had no state tax stamps.

The Third Court of Civil Appeals ruled out a suit by parents of a blind boy who drowned at a school for the blind swimming pool against the institution.

**APPOINTMENTS** — Robert B. Gilmore of Dallas was reappointed to a new six-year term on

the Texas Water Development Board.

Governor Smith made these appointments to the Criminal Justice Council: Harmon Schepps of Dallas, Kent Hance of Lubbock, Mayor Ken Ritter of Beaumont, Mrs. Ray W. Willoughby of San Angelo, 148th District Judge Noah Kennedy of Corpus Christi, W. E. Haynes Jr. of Laredo, Dr. I. T. Hunter of Tyler, Mrs. Carroll Koch of Quanah and Police Chief William Harold McGee of Texarkana.

Fred Toler of Austin was named executive director of the Texas Commission on Law Enforcement Officer Standards and Education.

Theodore Ziller of Austin is new head of the Texas Highway Department Construction Division. **DRAFT LOTTERY CUT-OFF** IS 200 — A temporary draft lottery cut-off number of 200 has been set for the 1972 first priority group.

Col. Melvin N. Glantz, state director of Selective Service, said the number is subject to downward revision as manpower needs change. Local boards were authorized to reclassify all draft registrants of the first priority group for 1972 with lottery numbers 201-365 in Class I-H.

**AG OPINIONS** — District clerks are required to report to vote registrars felony convictions where probated sentences are assured as well as other convictions, the attorney general has held.

In other recent opinions, the attorney general concluded:

Texas laws do not limit the number or amount of bail bonds a corporate surety may make.

State employees must work a minimum 40 hour week, but can be assigned to 10 hours a day, four days a week.

Law regulating sport of falcony applies to imported as well as native falcons.

**PWC HEAD REPLACED** — Governor Smith, in a surprise move, relieved Pearce Johnson of Austin of the Parks and Wildlife Commission chairmanship and appointed Jack Stone, Wells banker, to replace him.

At the same time, the governor designated Parks and Wildlife Department Executive Director James U. Cross to succeed Johnson as state-federal liaison in parks matters.

The action came soon after a federal circuit court of appeals threw out a lawsuit filed by Johnson to block purchase of Mustang Island property for a state park. However, Smith's office said the shuffle followed a policy of rotating chairmanships and had nothing to do with the prolonged Mustang Island wrangle.

**CORK KEEPS CALL CLEAN** — If your game calls get filled up with pieces of dust and tobacco from your pockets, try sticking a cork in the bugie end. Keeps one clean.

### Choose Tax Help Carefully IRS Warns

Need help with your income tax return? If you do and you seek professional help, be sure to select only qualified and reputable advisors, the Internal Revenue Service advised taxpayers today.

A taxpayer can have someone else prepare a return, but the taxpayer is responsible for the accuracy of the information entered and the full payment of any additional tax, penalties, and interest charged, IRS District Director Ellis Campbell, Jr., Dallas District, said today.

While most tax practitioners are competent and honest, Campbell alerted taxpayers to these potential danger signals:

Never sign a blank return; Do not sign a tax return prepared in pencil (it can be changed later);

Avoid the advisor who "guarantees" refunds, wants a percentage of the refund, or supposedly knows all the angles; and

Be on your guard if it is suggested that your refund check be mailed to the advisor.

Mr. Campbell said a professional advisor should sign the tax return he prepares on the line provided and you, the taxpayer, should record his name and address for future reference.

### Freezing Poultry For Home Use

A new Extension service bulletin, "Freezing Poultry for Home Use," is available to consumers.

"Some basics of freezing plus suggestions for preparing poultry may be found in the publication," said Dr. David Mellor, Extension poultry marketing specialist at Texas A&M University.

Mellor said that home freezing of poultry is popular today because of low poultry prices. "Money may be saved and meal selection enhanced by buying fresh poultry during sales and preparing and packaging at home."

The bulletin not only describes how to freeze a chicken, but also how to roast it later.

"Home freezing is easier than you think," the specialist pointed out. "The bulletin provides details on cutting up a chicken and packaging it for freezing. Since frozen foods will dry out, proper packaging is important to maintain tenderness and flavor, as well as to prevent spoilage."

The publication also provides information on dividing a turkey into several meals for the smaller family.

"If done properly," Dr. Mellor said, "one turkey can yield one turkey a la king or dumpling dinner, two family dinners and one company meal."

"Although methods and materials described in the bulletin deal specifically with chickens and turkeys, they may also be used for duck, guinea hen, quail and pheasant."

—The new redemption certificates to be used beginning March 1 will be in card form which will be read automatically by a computer. The familiar yellow paper certificate will no longer be used. The card is to be filled out by the retailer and submitted to the bank or wholesaler along with the food stamps being redeemed.

—Beginning March 1, retailers can no longer give cash for change in food stamp transactions or accept food coupons as payment for bottle or other container deposits.

Credit slips or tokens not to exceed 49 cents per transaction must be used for any change due of 49 cents or less. The food stamp customer still has the option of trading out change due in eligible foods or paying the difference in cash. Bottle and other container deposits must be paid for with cash.

—The orange colored 50-cent coupons will look slightly different. The coupons will be a lighter shade, will have square instead of round notches along the left side and the lower left-hand corner will bear the legend, "Series 1971A."

The 50-cent coupons currently in use are valid so long as they are in circulation. Fifty-cent coupons are the only coupons which may be used in making change of more than 49 cents.

Texas grocers authorized to accept food stamps will be mailed further details on the changes within the next few days, said Mr. Garber.

The Food Stamp Program in Texas is administered by the State Department of Public Welfare in cooperation with USDA's Food and Nutrition Service.

### DPS INVESTIGATES 3 ACCIDENTS DURING PAST MONTH

The Texas Highway Patrol investigated three accidents on rural highways in Donley County during the month of January, according to Sergeant Vernon Cawthon, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and two persons injured.

The rural traffic accident summary for the 69 counties of the Lubbock Department of Public Safety Region for January, 1972 shows a total of 500 accidents resulting in nine persons killed and 217 persons injured as compared to January, 1971 with 467 accidents resulting in 17 persons killed and 235 persons injured.

Also during 1971, Lubbock County's 511 traffic accidents was the highest number recorded by any county of the Lubbock Department of Public Safety Region. Parker County ranked second with 429 accidents.

The nine traffic deaths for the month of January, 1972 occurred in the following counties: Lubbock, 3; Palo Pinto, 2; Cochran, Garza, Gray and Wheeler, one each.

**ADD MORE LIFE TO BAIT** — Want to give your bait more lifelike action while you're sitting back and taking life easy? Just cut a piece of cardboard and slot it to attach it to the line. The wind catches the cardboard sail and moves the bait.

**Our incredible journey**

5 1/2 miles beneath the surface of the earth.

We're going deep, deep, deep into the earth. 28,000 feet beneath the surface.

We're drilling a 5 1/2-mile-deep well at the Anadarko Basin in Oklahoma. We are pioneers in drilling for gas at this great depth.

This well is just part of our continuing search for natural gas. We're continuing our search even though we already have an adequate supply to meet our customers' needs. We know we have a responsibility to look after the needs of the next generation.

What does this mean to you?

It means you'll have adequate gas energy for all your needs. It means we'll be able to operate at peak efficiency and keep your gas service reasonable. And we'll be able to support the growth of our service area. This will mean more jobs and more money. And a better life for all of us.

You might say we're going to great depths to stretch your dollar.
