## JONES MADE MEMBER BODY INVESTIGATE DROUTH NEED

WASHINGTON, Oct. 26.—Representative Marvin Jones (Dem.) of Texas, chairman of the House committee on agriculture, was appointed by Speaker William B. Bankhead as chairman of House committee of five to act with the committee of five Senators appointed by Vice-President John Garner a few days ago to make a thorough investigation of drouth and flood conditions in the United States.

CONG. MARVIN JONES

The investigation by the joint committee was decided upon after reports of extreme drouth conditions in twenty-four states and of great damage of floods in some sections, particularly in the South, had been received, and estimates had indicated that probably \$50,000,000 would be needed in federal funds for relief.

Other members of the House committee announced Friday by Speaker Bankhead are Clifford R. Hope (Rep.) of Kansas, Wall Doxey (Dem.) of Mississippi, Millard F. Caldwell (Dem.) of Florida and Francis H. Case (Rep.) of South Dakota.

Members of the Senate committee are John H. Bankhead 2d (Dem.) of Alabama, Tom Connally (Dem.) of Texas, Arthur Capper (Rep.) of Kansas, Edward R. Burke (Dem.) of Nebraska and James M. Mead (Dem.) of New York.

Appointment of the joint committee followed an informal meeting of a group of seventeen Senators from the drouth-stricken states, including Senators Connally and Sheppard from Texas, at which conditions growing out of the almost unprecedented drouth and disastrous floods were canvassed. The figure of \$50,000,000 was set by this meeting as the sum needed for adequate relief.

President Roosevelt then took notice of the situation and directed a full and complete investigation of conditions to be made for the purpose of determining what additional funds would be needed by the Farm Security Administration, the Works Progress Administration and the Surplus Commodity Corporation.

Maps prepared by the federal agencies interested in relief show severe drouth conditions in twenty-four states, disastrous floods in three states, and both floods and drouth in two. Severe drouths have been reported in Texas, New York, Kansas, Nebraska, Ohio, Tennessee, Kentucky, Florida, Mississippi.

## Ashtola School Carnival Show

### Hallow'en Queen Crowning Set For Tuesday Night

Sponsored by the Ashtola Needle Club as a community benefit affair, the opening gong will sound at 7 p. m. at the Ashtola school building Tuesday night, October 31st.

A free program will be presented. Other attractions include the Ghost House. A touch of modernism will be the Leg Show. Bingo! Yes, the Bingo will be going strong.

In this day of questionable problems, the Fortune Teller will be glad to advise. Fatigued from your experience up to this point, the Eating House will be your next stop. Play 42 while you rest.

Getting back into the swing of things, the Nudist Colony may add zest to your appetite for thrills. The Fish Pond is a nifty feature of the affair and Throwing at the Dolls may make the evening a lot merrier, especially if you are from the squirrel belt.

No Hallow'en carnival would be complete without the election of a Carnival Queen. Who? Well, you will just have to be there and help crown the lady of your choice.

The public is invited. "Chaperones and Cicerones" galore will be glad to pilot you through the maze of mysteries. You will have a hilarious time, so those in charge promise with enthusiasm.

## Duck Season Opens November 15th

AUSTIN, Texas, October 26.—Texas continues to be one of the leading duck hunting states in the Union, a report received by the Game, Fish and Oyster Commission discloses. The Lone Star State was fifth in the sale of Federal duck stamps for the fiscal year ending June 30, with 58,704. Minnesota showed the way with a total of 116,461; Michigan was second, having a total of 80,458, and its neighbor, Wisconsin, was third with 79,688. California ranked fourth with a total of 63,394.

During the last five seasons hunters purchased almost three and a half million of the duck stamps. Over that lengthy period, Texas ranked sixth with a total of 208,100. Duck stamp sales show that each year since 1935 there has been an increase in the number of sportsmen who attempted to bag migratory waterfowl in the United States. Last year a total of 1,902,715 stamps were issued.

## ATTEND GRAND CHAPTER STATE CONVENTION IN SAN ANTONIO

Mrs. Nathan Cox and daughter Mary Ladel and Mrs. Mollie Gray left Friday for San Antonio to attend the Grand Chapter of the Eastern Star. Mrs. Cox is worthy matron. Mary Ladel stopped at Dallas and is visiting her great aunt, Mrs. Spencer. Mrs. Cox also visited her cousin, Mr. and Mrs. Phifer Estlack at Austin Sunday.

The grocery and service station at the Luttrell farm between Lella Lake and Hedley has been leased by J. W. Smithy, former mail carrier on the Silverton route. He will operate the tourist camp, he says, and keep a stock in keeping with the demand of his trade. He expects to be open the end of the week.

## Calhoun Cotton Crop Rated at Bale

Those who have looked over the cotton crop on the Buck Calhoun farm north of McKnight on the Salt Fork subirrigated bottom this week, say that the production will be a bale to the acre. The field is estimated to cover approximately 800 acres.

The feed stuff of Kaffir, maize and other row crops, are said to be just as good as the cotton, stated county judge R. Y. King, who was among those to see the crops Tuesday.

While the farm is owned by Buck Calhoun of San Antonio, former resident here, the local man in charge is Omar Hill, with other tenants living on the farm.

## MISSIONARY MEET FRIDAY HELD AT QUITAQUE

Those to attend the Zone meeting of the Woman's Missionary Society of the Methodist church of the Clarendon district at Quitaque Friday were Rev. and Mrs. G. T. Palmer, Mesdames L. F. Bones Sr., H. C. Gordon, Patching, Rundell, C. A. Burton and Miss Elizabeth Gordon.

## District Court In Slow Session

### Special Venire of Fifty Will Report Monday On Dean Jury Selection

Judge Moss dismissed the petit jury panel for the term Monday afternoon. There is little to come before the court for adjudication this term. Judge Moss will return Monday when the criminal docket will again be taken up.

W. S. Scivally entered a plea of guilt to a charge of drunk-driving Monday, and was given a two-years suspended prison sentence upon the request of district attorney John Deaver, to which other court attaches agreed. The charge originated last May when a state ranger picked up the accused at the Luther Johnson service station between Hedley and Memphis.

The case of Mrs. Lucile Hill vs. Donley county was dismissed upon motion of the attorney for the defendant. Non suit by plaintiff without prejudice was agreed. This is a suit that has been pending for a long time in which the plaintiff alleges that water damaged her property after a certain road was graded by county employees.

The Joe Dean case is set for next Monday in which the defendant is charged with statutory rape of a local girl. Fifty men have been called from which to select a jury. Dean was indicted by the present grand jury, and has been held in jail since, in default of a bond of four thousand dollars.

## JAIL TO HAVE PAINT-PAPER JOB INSIDE SOON

Bids are being received by the county judge for the papering and painting of the interior of the jail. Three bids had been received up to Wednesday. Work will begin just as soon as the successful bidder is determined.

## VISIT THE ESTLACKS

Guests in the J. C. Estlack home Sunday were Mrs. Estlack's sister, Mrs. S. H. Manning and family of Plainview, and her niece, Mrs. Chas. Bebee and family of Amarillo. The Mannings are to move to Hood county soon after a residence of twelve years on the Plains.

## CLARENDON-McLEAN GRID TILT HIGHLIGHTS DISTRICT 3-A MELEE

Friday night the Clarendon Bronchos thundered into the lair of the McLean Tigers. The Clarendon boys will be engaging a team that has a perfect conference standing. On the other hand the Bronchos have lost one conference game, but are still rated high in formidable power to garner their share of the spoils.

The Bronchos have almost completed their conference schedule, while the Tigers face the bulk of the district's power. Even though they hurdle Clarendon Friday night, they still face Shamrock, Wheeler and Wellington on successive Fridays.

The Tigers boast of a strong team, Bond, 195 pound halfback who almost single handed scored four touchdowns against Memphis last Friday night.

This Week's Schedule  
\*Lakeview at Shamrock.  
\*Wheeler at Memphis.  
\*Clarendon at McLean.  
\*Wellington at Panhandle.  
\*Denotes conference game.

## MUSEUM CREW RETURNED ON WINTER JOB

For a number of years certain members of the crew working local fossil beds for the American Museum of Natural History have made headquarters in Clarendon. Each summer the time is spent in the vicinity of Lusk, Wyoming. As winter comes on, the crew returns to Donley county. Mr. and Mrs. N. J. Vaughan again have their former quarters at the Edgington apartments. Mr. and Mrs. John Lynch also have returned.

The leased grounds are located on the J. R. Porter ranch near Goldston.

## HEDLEY MORTUARY INVESTS IN NEW AMBULANCE

The Kalso-Womack funeral home of Hedley purchased a 1940 La Salle combination hearse and ambulance this week. Harry Womack stated in Hedley Tuesday. "This new car symbolizes beauty and refinement, the interior being elaborately trimmed with the car color black trimmed with chromium. The car will be delivered during November," Mr. Womack stated.

## KIN GATHERS HERE SUNDAY

Ed Prachar and two sons, Ray and Willie of Walsh, Colorado spent Sunday in the home of Judge and Mrs. W. A. Davis. Other members of the Prachar family visited them a few days before from Louisiana, as told in the Leader last week.

## Mrs. Dilli Receives Flood of Mail

In the Leader last week mention was made that a surprise birthday card party was being sponsored by Mrs. Jos. E. Miller of Goldston for Mrs. Lena Dilli of Amarillo. Now she writes the Leader to thank all the folks because, as she writes, "I got so many birthday cards, letters and telegrams that I just can't answer them all."

In her letter Mrs. Dilli states that she has received 92 cards, six letters and three telegrams, some of them coming from as far away as Chicago. "I got cards from friends whom I had not seen in 30 years," Mrs. Dilli writes.

## CHAMBERLAIN SCHOOL OPENS AGAIN NEXT MONDAY

After closing for two weeks to help with gathering the cotton, the pupils of the Chamberlain school will again resume their studies next Monday. Principals Bill Todd states that the cotton crop was short and more quickly gathered than was expected at the time a school recess was taken.

The Club wishes to thank all the participants in the flower show, also the Foxworth-Galbraith lumber company, and the Clarendon Food store for services rendered.

## VISIT THE ANDERSONS

Guests of Mr. and Mrs. G. A. Anderson Sunday were Mr. and Mrs. Gus Campbell of Clovis, N. M., and Miss Berta Claire Whisnand who will spend the week here before returning to her home at Hutchins, Texas.

## ATTEND MEMPHIS MASONIC LODGE TUESDAY NIGHT

Among those to attend the lodge for third degree work from here were H. B. Kerbow, Geo. E. Norwood, Dr. H. F. Harter, Clarence Whitlock, Carl Peabody, Mack Butler Elmer Palmer.

## OPENS AMARILLO CAFE

Employed here for some time at Lee's cafe, Leon Marshall is trying his luck as proprietor of a cafe in Amarillo. Mr. and Mrs. Marshall's new place of business is on West 6th street.

Clarendon, the champion Texas F.F.A. milk judging team, ranked second in the national F.F.A. milk judging contest competing against representatives of the other 47 states and three territories. The team composed of Maschil Cole, Joe Williams, and Johnnie Leathers scored high on six of the seven samples but lost on their total points on the seventh sample. Cole, Leathers, and Williams were 5th, 12th and 14th respectively in individual rankings. Cole was awarded a five dollar bill and a certificate from the national association.

The local team made the trip on the Texas F.F.A. special which left Fort Worth at 7:45 a. m. October 15th and arrived in Kansas City at 9 p. m. the same day. The group spent Monday afternoon inspecting the American Royal Stock Show, and participated in the contest Tuesday morning, October 17th. The team were the guests of the Kansas City Chamber of Commerce at the National F.F.A. banquet Wednesday night. Leaving Kansas City, at 11:30 Wednesday night, the group arrived at Fort Worth, Thursday, October 19th at 1 p. m. and drove in to Clarendon Thursday afternoon. Carl Morris alternate, and J. R. Gillham, adviser, accompanied the team members. The trip was provided for the group by the Texas F.F.A. association.

## Martin School To Stage Show

### Carnival Party Announced Next Monday Night

Announcement is made that the folks of the Martin community are to have a carnival and social party at the school building Monday night, October 30th. The date has been changed, it is said, due to other events which conflicted with the date of previous announcement.

The entertaining committee assures the public of many games including bingo, dominoes, fortune telling, and games suitable for the younger set. Coffee, pumpkin pie and sandwiches will be served at a nominal cost.

Everybody is invited to attend. Visitors from other communities will be most welcome.

## THIRTEEN CHAMPION RIBBONS ADDED TO F.F.A. COLLECTION

Thirteen new purple champion ribbons have been added to the F.F.A. collection of trophies as a result of the chapter's participation in the 1939 State Fair of Texas. Frank Mahaffey led the group of trophy gatherers with purple ribbons for grand champion pen of barrows of Dallas Fair, Reserve champion barrow, champion pen of three Hampshire barrows, and champion Hampshire barrow in open and club divisions.

Carl Morris and Maschil Cole received purple tokens for champion Poland barrow in club show and champion pen of Poland barrows in the open show. Frank Cannon won the other purple trophy with the champion spotted Poland China barrow of the show.

Pete Morrow, Roy Stewart, Russell Morris, and Maschil Cole added the other five purples with their champion poultry exhibits. In addition to the purple trophies, approximately 150 ribbons were added to the trophy racks.

Mrs. D. F. Wadsworth left Wednesday for Dalhart where she will visit her mother, Mrs. Amick for a few days.

## LOCAL AIRPORT IMPROVEMENT CONTRACT IS LET WEDNESDAY

Aeronautics officials here Wednesday left the impression that it was the purpose of the federal government to make of the local airport one of the standard landing fields in keeping with the policy of that division of the U. S. army requirements.

Grading and drainage contract let Wednesday calls for an expenditure of \$5,546. The required lighting effect for night landing will be installed at the same time.

The airport already has a beacon light and radio beam station here. Other improvements are expected to be made within the near future, it is said.

## Miss Your Paper?

Please notify us two weeks in advance when you are to change your address. If you don't, we get fined two cents by the postal department for every paper you do not get, and you miss the paper. Here is a good Denver reader wanting to know why he missed getting the paper three weeks. He failed to fill out a card to be sent us notifying of change of address. He should have filled this card out at the time he filled out one for the local post office telling them of his change of address. The postoffice will furnish you a card with which to notify us when you want your paper address changed. Otherwise, by the time they fail to find your new address, notify us, and another paper is sent you, three weeks has elapsed.

## FREIGHT RATES ON CAKE SHIPMENTS ARE LOWERED

On October 16th, the freight rate on cotton seed cake was reduced thirty-three and a third percent, station agent D. F. Wadsworth informed the Leader.

The action of the Texas Railroad Commission in ordering removal of differential rates of from 10 to 20 percent in seventy West Texas counties, did not apply to Donley county, it is said.

## ATTENDS DENTAL MEET

Attending the Panhandle Dental Society meeting in Tulsa Monday from here was Dr. H. R. Beck. The principal subject was "Gold Filling," and demonstrations with actual patients were made throughout the afternoon.

## MEMORY LANE

(10 years ago in Donley county.) Clarendon's first apartment house was under construction this week. Joe Humphrey, Jr. is contractor, and Mr. and Mrs. H. J. Edgington are the owners.

Homer Mulkey announces his first "talkie" show next Monday night.

The Bronchos and the Memphis Cyclones battled to a 6-6 tie Friday.

A severe earthquake was felt at Big Springs and surrounding towns for several minutes Thursday night. It is said to have been almost as severe as the one felt here July 30, 1925 when cracks were opened in the earth at intervals from Ft. Sill to Estancia valley, N. M.

Mrs. Mollie E. Gray, Mrs. C. G. Stricklin and Miss Mildred Martin were delegates to the Grand Chapter of the O. E. S. convention in San Antonio Friday.

## Bronchos Defeat Wellington 25 to 19 On Powell Field

### Clarendon Boys Pressed Hard With Aerial Bombardment

Out of the tumult of gridiron thrills on Wellington's Powell field last Friday night, the Clarendon Bronchos emerged victorious by a lone touchdown margin. The game ended 25 to 19 in Clarendon's favor, but the "Rocketts" were hammering hard and looming dangerous when the game ended.

Playing heads-up football, the Bronchos were off to an early lead when McWhorter snatched a fumbled ball which was still in the air and raced 40 yards to pay dirt. Scarcely had the excitement died down when the Bronchos, featuring Allison, Morrow and Grady, smashed their way to another touchdown. The "Rocketts" were being hard pressed and big Bud Hermesmeier crashed through Wellington's defense to block a punt which was recovered by R. Grehr of the Bronchos. The Clarendon boys were now in full stride and quickly marched for their third tally of the game. Huffman's try for point was good making the score 19 to 0.

Clarendon kicked to Wellington, the ball sailing high in the air to the "Rocket 17 yard line where it was caught by fleet footed Boyd Williams who brought the fans to their feet with a spectacular 83 yard jaunt down the sideline to cross the goal line unscratched. Without a doubt it was the most exciting moment of the first half, especially to Wellington fans. The Bronchos were dangerously close to the Wellington goal line when the half ended.

## VISIT JUDGE MEEDS MUSEUM AT MIAMI SATURDAY

Owner of the most extensive and most varied museum exhibit in the southwest, hundreds of visitors see Judge J. A. Meed at the Miami court-house annually. Among those Saturday were Chas. M. Lowry and son "Chief" Lowry, and J. C. Estlack.

"Chief" Lowry's exhibit covers Indian relics of all kinds, minerals, pioneer artifacts, fossil bones of ponderous size all of which take up several large show case exhibit space besides many interesting objects on display in the open. Some of his specimens are very rare, and consequently very valuable.

## VISIT IN GRAYSON

Combining business with pleasure, Mr. and Mrs. Meredith Gentry made a trip the past week to Grayson county to look after the farming interests. While there, they visited with Mrs. Gentry's relatives at Tioga.

MEMBER OF PANHANDLE PRESS ASSOCIATION

WRITE YOUR CONGRESSMAN.

We still have a say in whether we will become involved in the European war. Now is the time to do our talking and writing. After the war starts, we will have to shut up or go to jail.

There is no moral issue at stake. It is merely a bunch of brutal leaders gobbling up everything in sight. The Germans picked up our City of Flint and turned it over to the Russians. England has fourteen of our vessels in hock. More will be in the same fix if they go over there.

Twenty-one years ago, we were fed up on propaganda until our fever reached such a pitch that we got into the war. Shortly after the close of the war, we found out the tales told us, the newspaper stories of atrocities and the tale about Germans boiling out soldier dead for grease to make ammunition, was all a black lie.

Write Congressman Marvin Jones, H. O. B., Washington, D. C. today. It is much easier to get a letter to Jones

today than it will be to get a letter to your boy in Europe after we get into the war.

WAR—

—Is the first impulse of madmen; the last recourse of the prudent and the wise!

—Takes its heaviest toll from the finest flower of manhood!

—Robs womanhood of her best loved possessions—her sons, her husbands, her lovers!

—Turns the fairest of fertile fields into desert places and leaves ruin as its only monument!

—Is a game at which rulers would seldom play were the people wise!

—Is a sacrifice too great for any price save the preservation of liberty!

—"Is hell!"

**TEMPLE OF TRUTH**

By the Apostle

**GOVERNMENT ECONOMY.**

Federal bureaus are said to be trimming their civil suits with red tape. Maybe that is what is holding up the Clarendon gas case.

**YAZZIES MAKE RECORD.**

Down at the Hillbilly fair last week, the old lady won the rolling pin throwing contest on a 75-yard sling, while Hastoon won in the 100 yard dash.

**EXPLANATION.**

It is said that a certain type of residence got its name by the owner

telling the truth, believe it or not. When asked why he referred to his home as a "bungalow," the old boy explained that "the carpenter work was a bungle, and I still owe for it!"

**SWEPT OVERBOARD.**

A city lady sunbathing on a Panhandle cow ranch in an effort to capture one of the younger men, often strolled into the canyon with him. Looking into his sun-scarred face the maid of dimple chin and eyes of liquid blue that would melt a wooden Indian said, "dear, I feel a lethary creeping over me!" Ever ready to attend her every whim, the old boy came right back with, "yep, the grass is full of the dam things!"

**DESCRIPTIVE.**

Watching some of the old heads dancing in a roadhouse near Amarillo Saturday night reminded Ima Fizzle of a 1912 model flivver trying to get up a steep hill in low.

**TROUBLE BEGINS YOUNG.**

There was a little girl, And she had a little smile, She sent it to a little boy Across a little aisle. He wrote a little note, But he made a little slip, And they both went out On a little office trip.

**SEASONABLE.**

The player's name is Jack Who plays as quarterback;

But he took quite a fall, When he fumbled the ball, And got no whack at the jack.

**DUMBFOUNDED.**

Doctors know a lot about a lot of things, but they don't know what kills the germs on the things the baby picks off the floor and crams into his mouth.

**GUESSELOID.**

An open mind is one that lets in so many ideas there is no room for one to take root and grow into a conviction.

**PROPAGANDA.**

Propagandists are coming at us through the means of moving pictures. In seeing "Pins and Needles," if you do, you will get a clean-cut idea of all the glories of communism. Then if you are not war-minded already, you are supposed to be after you see "The Real Glory." Neither have been shown here as yet, but may be since the local theatre man has no choice of any particular picture he may be allowed (by the trust) to show.

**BARGAIN RATES.**

Talk is so cheap that much of it must be taken at a big discount.

**THE SMART HICK.**

When some people make up their minds, they leave out a lot of important matter.

**HUNTING TROUBLE.**

Keep right on writing your congressmen, folks. Keep right on. It is a lot easier to write your congressmen today than it will be to write to your boys "over there" a little later on. Hammer it into your congressman of your district that you most emphatically don't want a war. The congressman from this district is Hon. Marvin Jones, House Office Building, Washington, D. C. A postal will do, but write him today.

**EUROPE'S GRAVE ROBBERS.**

One of the many reasons why the Apostle is unalterably opposed to war is that it is NOT necessary. Who profited by the last war? Didn't England come out of it with most of the booty—the German colonies, German islands, German Chinese concessions, Egypt, Iraq, and billions of dollars swindled from America.

What did our nation get? Not one inch of new territory, not one penny of indemnity. Not a dad-blamed thing except the privilege graciously (?) accorded by France of renting Uncle Sam soil to cover bodies of thousands of American soldier dead. Boys went over there to make a market for war materials, which, in turn made war millionaires. Let's keep our boys at home. America needs them to help develop our own nation. And besides, America does not owe any obligations to ANY other nation.

And the world was not saved for democracy either. The only democracy on the entire globe today is America, and she's so badly trimmed

up until it is hardly recognizable as being the great democratic nation handed to us by our fathers. Write Cong. Jones today. Congress alone has authority to declare war.

**DRIVER'S LICENSE.**

Some men act like they got a driver's license along with the marriage license, the way they drive the wife around.

Mr. and Mrs. Robert Curley of Pittsburg, Texas spent the week end as guests of Mr. and Mrs. Cecil Killough and son Billy.

**HUDGINS**  
Mrs. S. M. Harp

**NYA HOME RECEPTION**  
The Clarendon H. D. Clubs and Ashtola H. D. Club were well represented at the lovely reception that was given by Miss Eula Joyce Burleson at the NYA Home Thursday afternoon. The home was decorated with vases of carnations and chrysanthemums and on the mantle piece a large bowl of vines bearing red berries.

Miss Burleson and Miss Ruby Nashburn were in the receiving line. The ladies were then met by the girls of the home and shown through the building explaining as they went. Beautiful bed spreads, window shades and curtains were home made, and the floors were varnished and waxed by the girls. The guests were then seated and delicious refreshments were served by the hostesses (the girls). Miss Nashburn gave a very interesting talk on the demonstration work throughout the Panhandle counties, with pictures showing the right and wrong way in taking photos to show the best effect. There were 32 guests present.

**1912 NEEDLE CLUB**  
Mrs. C. W. Taylor entertained the members and guests of this club at her home Thursday afternoon. Several hours were enjoyed in visiting and doing fancy needle work. In the late afternoon the hostess served a lovely two-course salad plate to guests, Mrs. Bill Patman, Mrs. John Molesworth and Mrs. D. O. Stallings. Club members, Mesdames A. A. Mayes, J. W. Evans, Sella Gentry, B. L. Jenkins, R. A. Chamberlain.

**ASHTOLA NEEDLE CLUB**  
The Ashtola Needle Club met in the club room at the school building Thursday afternoon, October 19, at 3 o'clock with twenty members present. The discussion for the afternoon concerned plans for the Carnival which is to be given Tuesday evening, October 31st.

At the close of the meeting the hostesses Mesdames Leona Henson and Offie Edlings served an attractive salad plate with hot coffee and cookies.

**ENGLAND AND FRANCE HAVE HUGE CREDITS IN AMERICA**  
The argument on arms embargo repeal has been that France and Britain can buy our war materials but that Germany can not because the sea is blockaded to her ships.

"But what will France and England use to pay us for the supplies they load in their boats?" many people are asking.

The answer is that they already have in this country enough money to finance their American purchases for a long war. It is estimated the two countries, by liquidating all their negotiable public and private credits here, could raise \$8,426,000,000.

The United States today holds \$5,737,000,000 of gold reserves for Britain, her dominions and France. Add to this private cash balances of \$1,269,000,000 and nearly a billion dollars in privately owned and easily liquidated stocks and bonds to their subjects in return. Early in the war England forbade her subjects to dispose of their American holdings.

All this does not take into account almost two billions of dollars worth of real estate and industrial plants owned wholly or in part by the allies and their citizens.

England and France can do a lot of war buying in the United States on a cash and carry basis.

Germany, on the other hand, has negligible amounts of money and credits in this country with which to make purchases even if she were not

hampered by the blockade. She will have to look to Italy, Russia and the Balkans for war supplies and all these offer an insufficient supply of many materials, according to authorities.

H. W. Melton of Hereford spent the week end in Clarendon.

Born to Mr. and Mrs. B. Pittman a son, Wednesday morning at Adair hospital, wt. 8 lb. 6 oz. Name Bobby. Both doing nicely.

J. M. McCracken and family of Clayton, N. M. arrived Wednesday to visit in the Jim Heckman home, also other relatives here.

Miss Lu Naylor of Amarillo visited Mrs. W. D. Van Eaton the last of the week.

Johnny Johnson returned home from Dallas hospital Sunday where he was operated on. He is at the home of his parents, Mr. and Mrs. Will Johnson and is doing fine.

### Why Make the Job Harder?

By T. C. RICHARDSON, Associate Editor  
FARM and RANCH  
Breeder-Feeder Association

It takes about five times as much labor to soak and feed milo to hogs as to feed it dry, and the pigs actually made more gain on dry milo than on soaked milo, according to tests at the Texas Experiment Station. Threshed grain fed in a self-feeder, and dry milo heads fed on a clean, dry platform, with a protein supplement, got better results with less effort than by soaking the grain and hand-feeding.

Why do pigs do better when the table is set twenty-four hours a day, and they eat free-choice, than when hand-fed two or three times a day? That they do, has long been known. Why does it take less grain and protein supplement to make 100 pounds of pork in a self-feeder than when it is dishd out to the pigs at the extra trouble of two or three daily feedings?

We begin to get the answer when we learn that pigs in these tests made 23 trips to the self-feeder every 24

hours, eating a little each time, masticating it unhurriedly, and digesting it thoroughly. Hand-feeding means they get so hungry between meals that they gobble the feed down greedily, swallow whole grain, which cannot be digested. Accurate checks showed the self-fed pigs digested all but two pounds out of a hundred of whole kafir grain, while hand-fed pigs wasted ten pounds in the hundred. At this rate the self-feeder repays the cost of materials very quickly.

Whatever grain is fed, whole or ground, the self-feeder saves labor and feed. If the feeder is properly constructed, and so placed that dirt does not blow into the feed, the feeding job is done with about two fillings of the self-feeder in the week.

It is understood, of course, that corn and the sorghum grains are deficient in proteins. A protein supplement of half tankage and half cottonseed meal should be provided in a separate self-feeder or a separate compartment from the grain. Shrimp or fish meal may be substituted for tankage. Green pasture is the ideal for getting best results in fattening hogs with grain and protein supplement in self-feeders, but if green

pasture is not to be had, a protein supplement made up of 40 parts tankage (by weight), 40 parts cottonseed meal, and 20 parts green alfalfa meal may be substituted. Any good legume hay—peanut, pea, soybean, etc.—cured green and ground may be substituted for ground alfalfa hay; with somewhat less digestibility than alfalfa, they are nevertheless high in protein and if cured green carry the essential vitamin A, which is lacking in dry grains.

It seems hardly necessary to refer to the mineral mixture, yet a few people still neglect this important factor in good hog feeding. Its lack may not be serious when hogs are running on good alfalfa or clover pastures, but it costs so little and is so easy to provide that it ought never to be neglected. The hogs will not eat it unless they need it, but their own appetite is a better index of their nutritional needs than any man's guess.

The Texas Station says "a simple mineral mixture composed of equal parts by weight of bone meal, ground limestone or oyster shell flour and salt, will furnish the necessary minerals." This mixture of course should be where the hogs can get at it at all times, and must be protected from rain to prevent the leaching out of the soluble portions of the mixture.

Generally speaking there are better corn and other feed grain crops in the Southwest than last year. There are also more pigs to be fed. Fifteen percent more sows farrowed in Arkansas last spring; 14 percent more in Louisiana; 35 percent more in Oklahoma, 29 percent more in Texas. Whether grain is plentiful or scarce, however, it pays to buy the protein supplement if necessary, to use a self-feeder, and to furnish green pasture.

### Author Dedicates New Zinnia

Mary Margaret McBride, author, receives the first bouquet of the new David Burpee Zinnia, which was shown recently before 2,000 flower specialists and horticulturists at a preview at the Waldorf-Astoria Hotel in New York City. The flower, a granddaughter of the famous "Old Maid" of early American days, is five to six inches across and up to four inches deep. It will bloom in any garden within 10 weeks from seed. Note the difference in size of the new giant Zinnia and the old variety being held by Miss McBride.

### CONSERVATION PAYMENTS DUE EARLIER THIS SEASON

A new payment process which will speed up delivery of checks 60 to 90 days and stimulate soil-building operations under the AAA farm program was announced here this week.

The new arrangement will apply to 1939 conservation payments, scheduled to start flowing to approximately 600,000 Texas farmers and ranchmen about October 25. B. F. Vance, assistant state AAA administrator, said.

Under previous regulations it would not have been possible to start paying 1939 conservation checks until December 31, the deadline for carrying out soil-building practices under the '39 program.

**King of Swing, Artie Shaw, and His Band Make Screen Debut in Glamour Show "Dancing Co-Ed" at Pastime**

Lana Turner, Richard Carlson and Artie Shaw! That is the stellar combination offered at the Pastime Theatre, beginning Saturday night

him appear two hundred personally selected jitterbugs, considered the outstanding exponents of madcap dancing in the country.

Lana Turner, who gave an indication of her dancing ability in "These Glamour Girls," appears as a vaudeville hooper who goes to college and really turns it on with her feet.

In the cast, too, are Ann Rutherford, Lee Bowman, Thurston Hall, Leon Errol, Roscoe Karns, Mary Field, Walter Kingsford, Mary Beth Hughes, June Preisser and Monty Woolley.

"Dancing Co-Ed" is a combination of madness, mirth and music. It is the story of what happens when a Hollywood press agent gets the bright idea of sending a little vaudeville hooper to college to win a proposed national dancing contest to determine the best dancing co-ed and inadvertently get publicity for a proposed picture of the same name.

The dancer is accompanied by a studio secretary who is there to see that she passes the required examinations. But the little hooper complicates matters when she falls in love with a reporter on the college newspaper. When the reporter senses that there is a ringer in the college, she offers to help him find her, hoping to take suspicion from herself. The night of the contest, however, the reporter finds out who she is and has her kidnapped. The secretary wins the contest and the chance for stardom in Hollywood, but it is all right with the dancer because she's in love and thinks college is a good place anyway.

**METHODIST CIRCUIT NOTES**

J. G. Walker, P. C.

Our Quarterly Conference at Lelia Lake Sunday was a success. Supt. Palmer brought us a timely message at 11 o'clock. The attendance was good. Several visited from other places on the work, thus showing a common interest in the whole work as well, home churches. The lunch at noon proved to be more than a lunch. It was a real feast. Lelia Lake people have sometimes the aspect of dry bones in church work, but when it comes to feeding the people they are very much alive. In Romans 12:20, "If thine enemy hunger feed him;" and I Joel 2:5 "Feed the flock of God." I suppose the conditional clause "If hungry," should be supplied in the last quotation. The flock acted from Dist. Supt. on down to the least of us just like a hungry flock. Many thanks to the Lelia Lake people. They financial report was good also. It all points to the beginning of Spiritual recovery. May the good Lord add His blessings to the movement.

All the churches represented had good financial reports. We hope churches not represented will soon send in reports with finances in full. Our assessment on Benevolences has been met. The full amount is in the hands of the pastor. We have always thought the assessment too meager, and we are hoping that the ones who have not paid will see the need of helping on these worthy causes. Let's make it a good sized plus. It has been the easiest matter to raise this budget that I have ever had. Our people have great big hearts. We want to be able to stand on the floor at the Conference, look the Bishop in the face, and read loud enough for every one to hear ALL ASSESSMENTS OF THE CLARENDON CIRCUIT PAID IN FULL. Will you help to make it possible?

Will be at McKnight next Sunday at 11 a. m. and 7:30 p. m. Part of the morning hour will be given to program which is to be rendered by leaders and friends of the church. Be with us to enjoy it. Call around to see us in the parsonage home on the hill.

**WAR DEMANDS MORE HORSE AND MULE POWER**

A review of the horse and mule situation sent to Snyder by the Horse and Mule Association shows that Germany is believed to have some 102,000 horses and mules in actual service and that abundant reserves are available. Many horses were bought from neighboring nations during 1935 to 1938.

Exports of horses from France have been forbidden for some time. It is believed that France is short of horses and will need at least 1,000,000 head if the war continues. French farm horses were drafted when war broke out.

The only heavy shipment of horses or mules from the United States recently was the shipment of 1,500 mules that moved from New Orleans to Turkey early in the summer.

So far as is known, no orders for horses or mules are pending now, and dealers who handled the World War shipments feel that there is little likelihood of any orders being placed before next April or May.

Mrs. Tot Morris spent Sunday with friends in Vernon.

Desperation is sometimes the mother of determination!

**College Girl Church Census**

The Baptist and Methodist denominations have the same number of young women at West Texas State College this term. There are 208 of each, according to records of Mrs. Geraldine Green, dean of women.

Of a total of 592 girls, a total of 570 are church members. They include 32 Presbyterians, 59 members of the Church of Christ, 33 members of the Christian church, 7 Episcopalians, 5 Catholics, four members each in the Church of God and the Christian Science church, and the rest in smaller denominations.

**PICKLED SWEET RED PEPPERS**

**90-HOUR WINTER GRIND**  
spared your OIL-PLATED engine

What wouldn't you give to have a weather prophet foretell all the worst 90 hours of Winter this year?... and stop their assault on your car!

You could afford to give a lot, but all it takes is the ordinary price of an oil-change. That's all you pay at Your Mileage Merchant's Conoco station for the extraordinary change to OIL-PLATING.

You need your engine OIL-PLATED now by patented Conoco Germ Processed oil to wipe out doubts of decent oiling during starting—when unplated engines wear worst. (A scant 6 or 8

minutes of such needless bad wear, repeated a scant 6 or 8 times a day through these cold months, still mounts up beyond 90 hours!)... 90 life-sapping hours for engines abandoned to oils that can only "flow fast"... but not one instant of oil-starvation in 90 hours or 900 hours, when your engine's OIL-PLATED.

The "magnetic" action of Germ Processed oil gives every square inch in your engine a slippery overlay of OIL-PLATING—attached as firmly as any nickel- or chromium- or silver-plating. And could any plating ever drain down when you park in any cold, for

any length of time? Then you know why OIL-PLATING—drain-proof—naturally has to be ready to lubricate before you're even ready to get out of bed, or away from work, or up from

the card table. Long before any oil-pump could squirt a drop, your drain-proof OIL-PLATING has readied your engine for safe, easy starting. That's exactly how you get the drop on the worst of Winter by OIL-PLATING now with patented Conoco Germ Processed oil. Keeps up your engine—your battery—your oil-level, too. Change now to Your Mileage Merchant. Continental Oil Company

**BRONCHOS**

Coming back after halftime, the Wellington boys caught the Bronchos completely off guard, and started a deadly air bombardment which quickly found pay dirt. The crowd had scarcely settled down when the Rockets again struck through the air for another touchdown which tied the score at 19 all. It was a tense moment as the Wellington boys almost succeeded in repeating their feat of a few plays before. On the fourth try, the passer was rushed and the ball was grounded. It was at this time that the greatest drive in Broncho history was started. Behind splendid blocking, Grady smashed and hammered his way for 65 yards and the final touchdown.

Though the first half was completely dominated by the Bronchos, the Rockets came back in the final half to prove that they have a great team, and must as yet, be considered as dangerous foes to any opponent who has yet to face them.

Every man on the Broncho team was a credit to his team. Although they were somewhat bewildered during the last half, they came through the pressure in grand style, and that is something in any standard of measure.

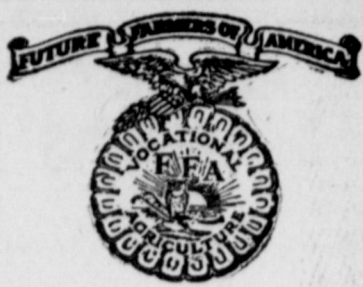

Just as the boys were undergoing

all the pressure they could take, into the game came Melton, crippled Broncho quarterback. The fighting spark that went surging through every Clarendon player was a commendable tribute to the speedy little general. Although every player on the team stood out with honors, to Johnny Grady goes the top honors of his football career. He is fast gaining in step with other Clarendon gridiron great.

**Compulsory School Attendance**

Acts 1935, 44th. Leg; R. S. Ch. 160 Sec. 2, p. 409 Article 2892 States "Every child in the state who is seven years of age and not more than sixteen years of age shall be required to attend the public schools in the district of his residence or in some other district to which it may be transferred as provided by law, for a period of not less than one hundred and twenty days." According to the above provisions the Clarendon Independent School Board do hereby designate Monday October 30, 1939 as the beginning date of compulsory attendance and shall continue through the next one hundred and twenty consecutive school days or through April 26, 1940.

Climaxing a swine improvement program started by Clarendon F.F.A. members three years ago, representatives of the Clarendon group returned from the State Fair at Dallas last week end with a total of \$495 premium money on the 91 head of pigs they entered in the show. The local chapter won 35 per cent of all the premium money offered in the club division of the show, and won a lion's share of the premiums offered in the open show.

The present swine program started in 1937 with the arrival in the Clarendon schools of J. R. Gillham, the present chapter adviser. Eight registered sows and gilts used in the spring of 1937 have grown in numbers until the fifty chapter members now own sixty-five head of registered sows and gilts that farrowed pigs this fall. In addition to the females, the chapters own and care for six registered boars, all of which have been bought cooperatively.

There are thirty five registered hampshires, twenty-two registered Poland Chinas, and eight registered Duroc sows and gilts in the present female group. The majority of the hampshires have been secured from the E. S. Ballew Hampshire farm near Clarendon, the Polands from the John Adams and the Tierra Blanca hog farms, and the Durocs from the Texas Agricultural Experiment Station stock.

Self feeders and pastures are featured with home grown grain sorghums in the chapter feeding program. Forty-two self feeders, and forty-six pastures were used in 1938 in fattening out the 500 pigs fed by the Clarendon youths. Rations of grain sorghums, cottonseed meal, alfalfa, and tankage along with proper minerals were used exclusively in the feeding process.

The local youths have won extensively in the 1938 and 1939 Amarillo Fairs and Stock Shows, the 1939 Fort Worth Stock Show, and the 1938 and 1939 Dallas State Fair. The following is a list of premiums won at the 1939 State Fair.

Club Division in competition with other F.F.A. chapters and 4-H Clubs. 1st County lot of 25; 1st and 3rd litter of 6 or more, 3rd litter of 5.
