RICKI and JERRY LINEBAUGH

R J's Resturant is a New Business in Town

Ricki and Jerry Linebaugh purchased the former LaRue's Restaurant last summer. The Hedley couple has spent nearly two months repairing and decorating the inside of the building.

The first thing they did was moved everything that would move outside. Then they started their remodeling. They tore out the ceiling and added new tile, next they took up the floor, wood and all, and replaced it. They put new tile in the front dining area and carpet in the back area. They panelled the walls in the dining rooms and completely painted the rest of the restaurant.

They gave it a new name, RJ's and a new menu. They will be open

from 5 a.m. until 11 p.m. At the present time, they will be open seven days a week. Working in addition to Ricki and Jerry are Allie Mae Maxie, Debbie Turner and Mannie Dickerson, cooking and Verna Lewis, Regina Phillips, Betty Sanderson, Helen Crump, Betty Tolbert, Lori McNeil and Jonna Smith.

They will be serving a large variety of foods. Besides their breakfast and dinner menus, they will serve short orders, Mexican food, seafood and steaks.

The Linebaughs have four children. All of them are students in the Hedley ISD. They are Karon Harmon, a senior; Kelly Harmon, Junior; Gini Harmon is a member of

the freshman class and Morgan is in the fourth grade.

The RJ's Restaurant opened for business Monday, November 26. They would like to extend everyone a cordial welcome.

Computerrific

School Program

PTA announces they are participating in a collection drive to earn Free computers for our school. The drive is sponsored by Procter & Gamble with the participation of IBM. It works this way: From now through February, 1985, students will be collecting proofs-of-purchase from participating Procter & Gamble brands. Their goal is to collect enough proofs during that time to earn a free IBM-PCjr System. Here is how you can help: Save the Universal Product Codes (UPC symbols) from these participating brands: Bounty Paper Towels, Citrus Hill Orange Juice, Coast Bar Soap, Crest Toothpaste, Encaprin Arthritis Pain Reliever, Luvs Diapers, Prell Concentrate Shampoo, Puffs Facial Tissues, Sure Solid Deodorant, Sure Roll-On Deodorant, Tide Laundry Detergent, Crush (16 Oz 10 Oz bottles), Jif Peanut Butter, Scope Mouthwash, Crush (2 liter bottles), Pert Shampoo and Liquid Prell Shampoo.

Each Friday give your child the proofs-of-purchase you collected to take to school.

You can also help by telling your friends and relatives. The more proofs-of-purchase that they collect, the more Free IBM-PCjr Computer Systems they earn.

The Computerrific Program is an easy way to obtain the valuable teaching tools that so enrich a child's learning experience without spending a penny of the school budget. SEE SAMPLE BELOW OF UPC SYMBOL.

Live, Laugh, Love Film Series to be Shown at Nazarene Church

by REV. BILL HODGES

As pastor of one of the churches in our community I feel that we must discuss with our young people the moral aspects of premarital sex. We have obtained the Live, Laugh & Love Series of films by Josh McDowell.

Author and lecturer, Josh McDowell came to the chilling realization recently that poorly imaged, badly taught, and falsely presented role models of human sexuality are plaguing the youth of America. So he put together a series of five outstanding films as an experience/resource for youth and their parents to view, discuss and apply.

The Live-Laugh-Love film series is a total learning experience that approaches love, sexuality, and relationships for a variety of age levels and uses both the best of dramatic vignettes, full-drama story lines, and documentary film footage to present a biblical basis for love, marriage and sex.

McDowell based the contents of the Live-Laugh-Love film series on extensive research, including his own vast experience from speaking on more than 600 college and university campuses to over 7-million students and faculty. Family counselor, Dick Day, joins Josh in several episodes and provides additional insight into the basic social and spiritual principles that create a balanced perspective of human sexuality.

The 1st film "The Sexual Puzzle" was shown last Sunday night but the second film will be shown this Sunday night at 8 p.m. so as not to interfere with any of the church services in our community. We will be showing these films over the next 5 weeks and at the end of each film there will be time for discussion. We would like to invite all young people and their parents to attend. The church is located at 3rd and Hawley. If you have any questions contact any of the Pastors in town and we will try to answer them.

Seminar at Calvary Baptist Church

James R. Butler from Kansas will be at the Calvary Baptist Church this Sunday morning at 10:00 a.m. and at 7:00 p.m., to conduct a financial seminar.

Among the subjects to be covered at the seminar are: tax shelters, setting financial goals, investment opportunities, real estate, retirement planning, money market funds, IRAs and Keogh plans, health, auto, home liability, insurance, taxes, gifts, trusts, wills and how to get out of debt.

The time is gone when providing for tomorrow's needs meant simply working hard and putting a little bit away each month. Taxes, inflation, interest rates and confusion about savings and investment options require closer attention to be given to planning how you manage your financial resources.

Everyone with financial questions or problems, owes it to themselves and their family, to attend this seminar.

K-9 Korp Team Wins in Lawton and Wichita Falls

Michael Moore and his German Shepherd Keesha Lorane's Bit 'O Honey took first place in Novice Senior Class of Junior Showmanship both days they entered, Saturday, October 27 in Lawton, OK at the Lawton-Fort Sill KC Show and Sun-

The K-9 Korp has several other teams who are getting ready to try their hand in the AKC Shows next spring. We know they will all do very well too. Congratulations Michael and Honey from the K-9 Korp. City Minutes

The Board of Aldermen of the City of Clarendon met in regular session on November 13, 1984, in the board room, City Hall at 7:00 p.m.

Members present were Mayor James L. Kuhn, Aldermen Richard Bell, Steve Smith, Lloyd McCord, James Sharrar, and Gene White.

Others present were City Secretary Donna Edwards, Jim Roberts, Mr. and Mrs. Willis of Cable TV, Ricky Rattan, and John Lovell.

*Minutes of the October 23, 1984 meeting were read and approved.

*Mr. Willis of Cable TV appeared before the board to inform them that some improvements are being made in the system in Clarendon and that Ricky Rattan will be working full-time for Cable TV. Also, a secretary will be working full-time and payments may be made here if the customer prefers. Mr. Willis asked for any suggestions or complaints that the Board would like to discuss

with him. He explained that they would now begin adding the required sales tax to the cable billings and that they would like to add a \$1.00 rate increase in addition to the sales tax. After some discussion, it was agreed that the \$1.00 rate increase would not be acceptable to the Board at this time. Ducks Unlimited to have Banquet Dec. 6

Clarendon Chapter of Ducks Unlimited is having its first Annual Banquet Thursday, December 6, 1984 at 7:00 at the Clarendon Country Club. There will be a drawing for a shotgun, limited edition wildlife prints and other prizes. Two of the guns, several prints and decoys will be auctioned off. Price of ticket includes a membership to Ducks Unlimited which includes a subscription to their beautiful magazine, a steak dinner, and DU cap plus a chance at the door prizes. Please see Jimmy Garland, Todd Knorpp, Gary Hunt, Johnny Gerner, John Lovell or Mike Butts for tickets.

Ducks Unlimited was founded in 1937 to help restore and rehabilitate prime waterfowl breeding grounds in Canada, where over 70 percent of North America's waterfowl are hatched. These grounds were nearly destroyed as a result of the sudden and massive westward expansion of civilization after World War I and the subsequent draining and cultivation of the land. The severe drought of the 1960s also contributed to the decline of continental waterfowl populations.

Since its inception, DU has completed more than 2,400 wetland restoration projects. These projects

have benefitted man as well by creating a stabilized water supply for agriculture, industry and municipalities. More than \$237 million has been raised in DU's forty-six year history, \$175 million of which has been spent on wetland improvement and management. This means that the greatest percentage of every dollar contributed to DU goes directly into project construction.

Presently, DU membership stands at approximately 505,000, many of whom have been enrolled by the over 2,900 DU committees nationwide. DU's Greenwing program, initiated in 1973 for boys and girls under the age of 18, now boasts a membership of well over 40,000.

DU has reserved some 3,200,000 habitat acres which provide over 13,000 miles of vital nesting shoreline for waterfowl, while at the same time offering refuge to hundreds of other species of wildlife. In 1983 DU raised over \$38 million for wetland habitat restoration and has set a \$44 million goal for 1984.

Your contribution to DU is a vital link in the chain of dollars that is reaching the habitat areas of North America's waterfowl resource.

Thanks again for your help.

WIND EROSION damage from over-grazing rangeland has blown into adjoining road.

Benefits From Windbreaks

Imagine this scene, wind blowing through the area at 25 to 50 mph, sand thick enough to shovel 5 feet off the ground, and fences either disappearing or falling over due to the ground they were once standing in being blown away. This is not a pleasant day dream, but it happens every year due to wind erosion.

This calamity can be avoided in part by the use of windbreaks. These lines or rows of trees can help protect young crops, livestock and farm or ranch buildings. Windbreaks are designed to reduce the wind velocity and conserve soil moisture which is so important in this area. This extra moisture at planting time can play a major part in getting that good stand that farmers hope for every year. Then, after the crop is up, the dense stand of trees will protect the plants from strong winds that could destroy crops in their early stages.

Farmstead headquarters is another area where windbreaks play an important role. The trees effectively block the wind to provide excellent working conditions within the perimeter of the windbreaks on even the coldest windiest days of the year. A well established and maintained windbreak can cut approximately 30% from your fuel bills in a years time. Two or three rows of trees not only protect the farmstead from high winds, but also beautify. They also

add to the privacy and over all quality of life within their boundaries.

One last benefit derived from windbreaks is their importance in providing good wildlife habitat. Strips of trees can provide year around cover for upland game birds species such as dove, quail, and pheasant.

Anyone wanting trees should contact Stanley Altman with the Donley County SWCD at 874-2339 or come by the office at 416 S. Kearney for more information and prices.

WHY SPEND SO MUCH TO KEEP WARM?

Get a gas furnace. Gas furnaces save money. In fact, if you're heating your home with a non-gas system and you switch to high-efficiency gas heat, you'll cut your operating costs in half. Sound too good to be true? Believe it. Because high-efficiency gas furnaces operate for half the cost of non-gas systems. And compared to older gas models, that are 60% efficient, new high-efficiency furnaces are 83 to 96 percent efficient. And most come with a twenty-year warranty. So you can save on heating costs for years to come. Don't spend too much to keep warm. Get a gas furnace.

Know Your Traffic Laws

Donley County Sheriff Jimmy Thompson said his department is cracking down on traffic violators. The Clarendon Press in conjunction with the sheriff's office and the Texas Department of Public Safety will endeavor to report some traffic highlights and laws.

Because the Christmas season is approaching we want to urge citizens to obey traffic laws, as the life you save may be your own.

Based on reported accidents in 1983:

- *1 person was killed every 2 hours 17 minutes.
- *1 person was injured every 2 minutes 32 seconds.
- *1 accident occurred every 71 seconds.

*Saturday, October 8 was the deadliest day in 1983 with 31 traffic fatalities.

*The largest number of traffic deaths, 374, was recorded in July.

Every owner of a motor vehicle to be used upon the public highways of the state shall apply each year to the State Highway Department through the County Tax Collector of the county in which he resides or registration of each vehicle owned or controlled by him. To drive a vehicle without his registration tag is against the law.

Each operator of a motor vehicle must have a drivers license issued by the Department of Public Safety.

This drivers license should be in the possession of the operator anytime the operator is driving a motor vehicle, no one is exempt regardless of age. Any person who violates this law shall be guilty of a misdemeanor and upon conviction thereof be punished by a fine of not more than two hundred dollars (\$200); for a second conviction, within one (1) year, such person shall be punished by a fine of not less than twenty-five dollars (\$25), or more than five hundred dollars (\$500), or by imprisonment in the county jail for not less than seventy-two (72) hours nor more than six (6) months, or they could be given both the fine and jail sentence.

"Laws are made for the protection of the people, anyone stopped that does not have a valid drivers license shall be fined," stated Sheriff Thompson. Anyone having a question on traffic laws they would like to have answered in this column, please write The Clarendon Press, Box 1110, and DPS officers Jerry Morris or Ray Burch will answer your questions.

Take the Chill Off
Your Encounters
with Difficult People

Your eye shall not pity; it shall be life for life, eye for eye, tooth for tooth, hand for hand, foot for foot. *Deuteronomy 19:21*

Blessed are the merciful, for they shall obtain mercy. . . You have heard that it was said, "An eye for an eye and a tooth for a tooth." But I say to you, Do not resist one who is evil. *Matthew 5:7, 38-39*

What would you call "an eye for an eye"? Most people would call it getting even, giving people what they deserve. And, in a way, it is. At least it's better than "a life for an eye," isn't it?

But is it good enough? If someone puts out your eye, absolute justice allows—demands—that you put out that person's eye. Does it heal your eye? No. Does it double the harm done? Yes.

Have you noticed how easily a child forgives? Even when you neglect a child, or discipline the child unfairly, the child responds in love.

All of us were like that child once. So when did we begin to let others dictate our attitudes and behavior? When did we begin to insist on justice, to demand our "rights"? When did we begin losing the power to turn a bad situation into a good one?

There is a better way to live, one that is distinctive, exceptional, and powerfully attractive. Instead of merely reacting in kind to the treatment you receive, try responding in the way that would produce good out of evil. That's what we mean by a "redemptive relationship."

ATTENDED NURSERY

EVERYONE INVITED

it is no surprise that 90% of all bankruptcies are family type and not commercial. Perhaps we could never accurately measure the degree to which the devil uses money to attempt to destroy the reputation of Christ. The devil is fully aware that the love of money is the root of all evil and therefore, he directs his forces to the destruction of homes via the evil influences of money. God's word instructs us to be victorious over Satan and his forces by being aware of his devices (II Cor. 2:11), by submitting ourselves unto God and resisting the devil (Jas. 4:7), and by realizing that our strength is in the Lord as we put on the whole armor of God (Eph. 6:10-17).

Many of us are aware of Satan's use of money to defeat us but we have failed to use the biblical armor of financial principles to resist him, and allow the Lord to fight in our place to defeat the devil. Consequently, instead of enjoying the victorious joy of financial freedom, we suffer the defeated bondage of financial frustration.

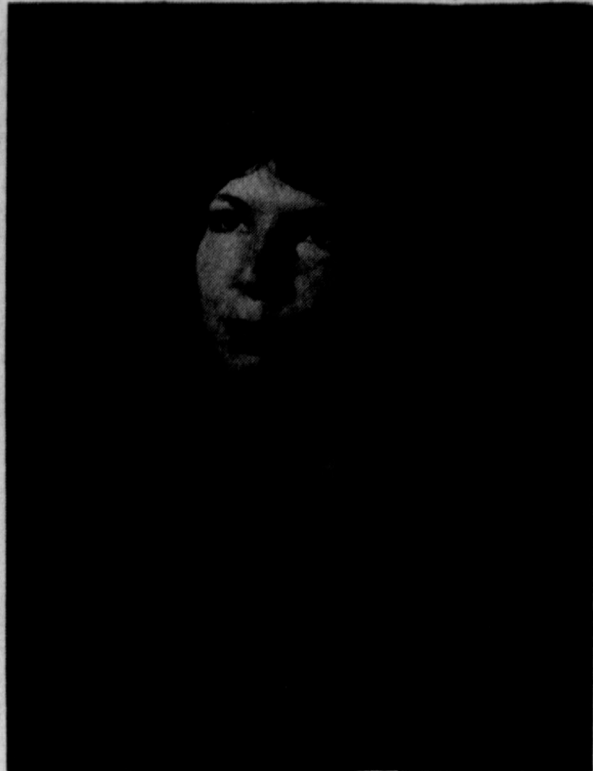

The Lord wants money to be a vital source of blessing in our homes and not a source of frustration. Instead of allowing Satan to use money to destroy our homes, money can be used to spiritually build and mature the life of each individual family member.

About 74 percent of the weight of an egg is water.

From The PEN of PASTOR PINION

Estimates ranging from 60 to 90% depict divorces caused by frustration and conflict over finances. It is estimated that 89% of all arguments and discord within the home is attributable to money and its related influences. Another recent study revealed that the average American family has a financial emergency every two years. An interesting fact accompanying the study is that the average American family spends 110% of their annual income. Thus,

MRS. MARK BOOTHE nee Karen Burgess

Karen Burgess-Mark Boothe Exchange Vows Nov. 3

In a candlelight ceremony on the evening of November 3rd, Miss Karen Ann Burgess and Mr. Gary Mark Boothe were united in marriage. The wedding took place at 7:30 at the First United Methodist Church in Childress, Texas with Robert C. Jones officiating. The bride is the daughter of Mr. and Mrs. Douglas Burgess of Clarendon, Texas; the groom is the son of Mr. and Mrs. Melvin Boothe of Lubbock, Texas.

Wedding music was provided by Mr. Gene Currie at the piano and Mr. Mickey Howell at the organ, both of Childress. Solo and duet selections were performed by Mrs. Melissa Butler of Mesquite and Mr. Jim Shadle of Clarendon. Those selections included "Longer", "Up Where We Belong", "Looking through the Eyes of Love", and "The Wedding Song".

The double-ring ceremony was conducted in candlelight provided by two votive spirals entwined with English Ivy. Two large palms flanked each side of the ceremonial area and English Ivy adorned the front railings. Bows and draped ribbon with English Ivy accents bordered the center aisle.

The bride, given in marriage by her father, wore an original, formal gown by Phyllis for Bianchi of silk peau de soie and lace, candlelight in

color. Her fitted bodice of French re-embroidered Alencon lace had a portrait neckline and long tapered lace sleeves. The full skirt of peau was enhanced with a matching border of lace and fell into a chapel train. She wore a wreath of pearls, also fashioned by Bianchi, that held a bustle bow and a long veil of

imported English illusion. The veil was outlined with lace, traced with tiny seed pearls, and interspersed with appliques of re-embroidered Alencon lace. Her bouquet was a colonial cascade of traditional white wedding roses, stephanotis, and English Ivy. Following tradition, the bride wore "old" pearls "borrowed" from a close family friend, her "new" dress, a "blue" garter, and a "six-pence in her shoe".

Attending the bride as Matron of Honor was Mrs. Mona Oney of Panhandle. Bridesmaids were Miss Lynette Howard of Garland, Miss Dee Ann Cook of Amarillo, Mrs. Kim Bracket of Amarillo, and Mrs. Janet Gruner of Lubbock. All maids wore dresses from the House of Bianchi in emerald green taffeta. The fitted bodice, with Sabrina neckline had long fitted sleeves with fullness at top. The waist was accented with a self-tie and the full skirts were intermission length. They each carried a bouquet cluster of three red roses trailing in English Ivy.

The groom wore a formal black tuxedo with a cut-away jacket and tails, wing-tip studded ivory shirt and black bow tie, a Bill Blass design. His boutonniere was a traditional white wedding rose with an accent of stephanotis.

Attending the groom as Best Man was Mr. James Taylor of Odessa. Groomsmen were Mr. Rob Langston of Alice, Mr. Paul Webb of Lubbock, Mr. Mark Dinello of Odessa, and Mr. Roy Monroe of Clarendon. All men were attired in Bill Blass formal black tuxedos similar to the groom's with the exception of their traditional black dinner jackets and red rose boutonnières.

Wedding guests were registered by Mrs. Rachel Curry of Corpus Christi. An arrangement of red roses, votive candles, dieffenbachia leaves and English Ivy in a brass dish adorned the registration table. Guests were seated by Vink Miller of Lubbock and Mr. Mike Boothe of Dallas.

For her daughter's wedding, Mrs. Burgess chose a two-piece formal-length dress of rose silk. Mrs. Boothe wore a formal length dress of burgundy crepe with an accordin-pleated skirt and matching lace

jacket. Each dress was accented with a corsage of red roses and English Ivy.

The couple was honored with a reception at the church reception hall following the ceremony. The bride's table was decorated with all brass appointments including a five-light candelabra entwined with roses and English Ivy. The five-tiered wedding cake with glass goblets forming the separating tier, was embellished with red roses and English Ivy and topped with a nose gay of red roses on a glass goblet. English Ivy and illusion draped the table. The strawberry-filled cake, strawberry punch, and chocolate-peppermint mints at the bride's table were served by Mrs. Shirley Deal and Miss Diana Cantrell both of Abilene. The groom's table was also decorated with all brass appointments, red roses, and English Ivy. Various hors d'oeuvres prepared by the bride were served by Miss Ardell Stegman of El Paso. Bird seed bags were distributed among guests by Jennifer Helton of Kress, niece of the bride.

For traveling the bride chose a Raul Blanco two-piece suit of red wool crepe with matching red spectator hat and pumps.

Out of town guests included visitors from Clarendon, Lubbock, Odessa, Abilene, El Paso, Dallas, and numerous other cities. A very special guest was Mrs. Georgia Owens from Dodson, a 91-year old aunt of groom.

The bride was the past Electric Living Consultant for West Texas Utilities Company in Childress. She is a graduate of Clarendon High School and Abilene Christian University. The groom is currently a petroleum engineer for Amoco Production Company in Odessa. He is a graduate of Clarendon High School and Texas Tech University.

The couple is at home at 3959 Richmond in Odessa, Texas.

 PROTECT YOUR SKIN
 With advancing age, the skin becomes more sensitive to the damaging effects of detergents, chemicals, the sun's rays, and prolonged exposure to heat, cold, or moisture. It is not possible to reverse the natural aging process of skin. It is possible, however, to prevent unnecessary skin damage.
 Rubber gloves: Rubber gloves will keep detergents and chemicals from contacting the skin. Unlike their counterparts of decades ago, contemporary rubber gloves are flexible and make the handling of small objects not too difficult. Such gloves also protect the hands from excessive heat or cold.
 Sun screens: Sun exposure - not the aging process - is responsible for much of the damage seen in the skin of the elderly. Application of sun screen lotions to the skin throughout life will help prevent irreversible sun damage.
 Protectants: The pharmacist has available excellent protectant preparations that aid in softening the skin, preventing moisture loss, and keeping environmental chemicals away from the skin. Such preparations are more like medicines than cosmetics and are useful to both men and women.

Watt's Happening in Hedley

By PEGGY WATT

I read recently in the Amarillo newspaper a letter to the editor concerning the truck drivers. It was a pretty harsh opinion of them. Well, I happen to believe that the men who drive the trucks on Highway 287 are a pretty nice bunch of men. One day last week when I started home from work, I ran out of gas about half way between Lelia Lake and Hedley. Almost by the time I got my car stopped, a huge semi had stopped and the driver asked me if I was having trouble. When I told him I was out of gas, he offered to take me to town and get some, or take me wherever I wanted to go. It was raining harder than it had rained all year and I didn't look forward to a four mile walk in it, so I really appreciated the lift into Hedley. If you're a five foot two inch woman and have never climbed into one of those trucks, you don't know what you've been missing. It was about like I imagine climbing Mount Everest would be. It was even higher when I started to climb down! I'm sure the driver who stopped and helped me wasn't an isolated case. I think most of them are nice and willing to help a stranded motorist.

This is strictly personal to Mr. and Mrs. Goldston. Thanks, it's things like that, that make it so much fun. About those fringe benefits...You wouldn't believe it!

It's been raining. I know the Lord knows what He's doing, but it seems to me that it would have done a lot more good if He'd sent it in July or August.

Bob White must surely be the nicest young man in the whole world. Twice in the past few months he's stopped and helped my men folk when they had trouble with a load of cattle. First it was on the way to Wellington and now it's between Memphis and Hollis. Several neighbors passed with a wave, but Bob stopped and helped them get their cattle to the sale. Danny Monroe was there to help last time.

Pie Adamson had her children home for Thanksgiving. She mentioned at church Sunday that they got off just in time for her to get there on time.

Mrs. Ruth Harrison came up from Lewisville to the home of her daughter and son-in-law, Sharon and Earl, and accompanied them to Darrouzette to enjoy the hospitality of Earl's mother, Mrs. Nawassa Wheatly.

Mollie Dickson has been enjoying the company of J.M. and Ida Lou Dickson of Panhandle, and their children, Johnny and Eunice and girls of Panhandle, Richard and Pamela of Los Angeles, California and Linda Cooper of Panhandle.

Louie and Dottie Bogue are still enjoying the company of Dottie's sister, Evelyn and J.C. Rackley of Hopewell, Va.

Bill and Jo Bridges of Amarillo have been here for a few days at their Hedley home. Jo is recuperating from pneumonia.

The home formerly owned by Mrs. Della Doherty at the southeast edge of town burned Saturday morning. When Fred and I came by on our way to church Sunday morning, there was only a bit of charred trash left. That's too bad. I always thought it was one of the nicest houses in Hedley.

Bill and Kay Talley, Matthew and Josh had a delayed Thanksgiving dinner with his parents, Haskell and Wanda Talley in Memphis Sunday.

Lynn Skaggs visited her parents, J.D. and Marie Skaggs the first part of the week. She had to be back to work before Thursday so they had an early Thanksgiving.

Jimmy Preston and Velvet of Huntsville, Alabama spent the holiday with Red and Dean Hill. Jim works for a perfume factory which makes some of the most fragrant perfumes I ever smelled. Red insists they brought the rain with them. What I want to know is why didn't they come two years ago! Velvet, who is about 11, has a younger sister who's named Satin. I wonder if they happen to have a boy, if they'd name him Corduroy or Denim. Jim talks like I imagine Betty Williams would if she were a man.

Tony's Hog Haven, the home of Tony and Nellie Bramblett, was besieged Thanksgiving by their children and grandchildren, April and Tim, Bobby and Jamie Bramblett, James, Billy, Pete, Watter and Angel Bramblett all of Hedley. Also Dwan and Martha Moore, children Gardina and Tony, Stanley and Diane Moore all of Amarillo.

Tony and Nellie and their 13 children and 4 grandchildren enjoyed a wonderful dinner. The main course was turkey and the family made plans to get together for Christmas. The children not able to attend were Jim and Liz Secrist and children, Davy and Joy of Mineral Wells.

Myrtle Kirtpatrick is home from the hospital. I think she came home Thursday.

Su-San and I attended an Eastern

Star meeting in Paducah Saturday night. We really enjoyed it. We traveled behind the Billy Powells going down, but got ahead of them on the return trip, in case we had trouble.

I saw J.M. Dickson with his mother, Mollie Dickson, Sunday. J.M. lives at Panhandle.

Dottie and Louie Bogue had her sister and brother-in-law at church Sunday morning. J.C. and Evelyn Rackley live in Hopewell, Virginia.

Pat and Willie Ella Hamilton visited recently with Nell Land and Dorothy Johnson. They were here earlier and were on their return home to Yakima, Washington.

I saw Paula Clendennen and Nancy Burr of McLean with Opal Clendennen a few days ago.

Karah Lewis spent last week with her Hedley grandparents, Red and Dean Hill. Karah is the daughter of Max and Neva Lewis of Quanah.

Clyde Stone is home after a stay in an Amarillo hospital. He went for a check-up Wednesday. I hope he's doing well. It was good to see him home. I missed him while he was gone. I saw him almost everytime I went to town.

Bill and Juanell Carson spent Thanksgiving in Amarillo with their children, Tom, Stan and Susan Cosby and David, Nancy and Charlotte. When they returned home, the children returned with the. Stan and his family had to be back by Sunday morning for church.

Harry Rowley, Robert and Jeff, Andy Guyette and Jeff of Amarillo were down over the weekend to hunt. They camp out in the pasture when they get a chance. Harry brought my men folk belt buckles made from the skin of a rattlesnake Guy killed near the house last summer. Harry's wife sent Fred a jar of homemade strawberry jam.

Alfred and Eloise Spalding had a nice gathering in their home for Thanksgiving. All Eloise's sisters were there along with several nephews and nieces. Those eating Thanksgiving dinner were Jack and Jack Stafford of Hedley, Jeff and Fay Wiggins of Pasadena, Marvin and Geneva Kenny of Fort Worth. The nephews and nieces included Fred and Dianne Stafford, Mona and Treva of Amarillo, Bob and Sandy Stafford and boys of Follett, and Jerry and Carol Kenny of Amarillo. Alfred is recuperating from surgery in Amarillo. He's doing well but is taking it easy. He'll go back to the doctor later this week.

Hershell and Ann Wolf had their son, Hershell, and Beckyang and the children Angela, Vivian, Caleb home for Thanksgiving. On Saturday the Wolfs went home with them to Kellerville for an old fashioned hog killing. When I talked to Ann, she was rendering the lard and said they had backbone for dinner today. Most people these days haven't seen a hog killed, much less eaten tenderloin and backbone.

Nell Land and Dorothy Johnson enjoyed the holiday in the home of Nookie and Geraldine Wiggins. Others there were Bill and Tobitha Wiggins and family of Wheeler, Phillip Wiggins and Mrs. W.W. Wiggins of Hedley. Jeff Wiggins and Fay Wiggins visited later.

J.R. Howell of Amarillo visited his mother, Mrs. Gladys Howell over the holiday. Gladys said that later next month she plans to go to Oregon for awhile.

Mrs. Louise Long visited in Stratford with her daughters during the holiday. She had Thanksgiving with Mrs. Cecelia Debord, Anita and Lawrence Debord, Mr. and Mrs. Cagle Kendrick, Mr. and Mrs. Brady Debord, Mr. and Mrs. Kenneth Debord, Mr. and Mrs. Melvin Debord and Erwin Debord.

Paula Clendennen ate Thanksgiving dinner with Opal.

Tom Clendennen and Woodrow, Doyle and Darren Clendennen attended memorial services for Tom's and Woodrow's brother, John I. Clendennen in Denver, Colo. on November 21. John had been ill for some time. He died November 17. Euell wasn't able to make the trip. They returned home Thursday.

Betty Hoggatt told me her parents, Mr. and Mrs. Elmo Kennedy continued to improve. They plan to move into town as soon as the house is ready. That will make it hard for Betty to see after them.

Roy and Juanita Brown had all their children home Thanksgiving. I hate that I missed the party. We used to have some roaring ones when we were young. Grace and I are the same age and I spent a lot of time at her house. Juanita taught me to do the Charleston. Those there were Grace and Jessie Burkhalter, Rhonda Wyble and Donnie, Jessie, Shanna, and Joseph of Oklahoma City, Marie and R.L. Norton of Memphis, Melvin and Joy Norton, Billy, Regina and Shanna, Debbie and Doug Stitsell and Lee Ann of Amarillo, Kay Miller and Sidney Ketchum, Sara and John Chitwood and Nicolle of Childress, John and

Kay Brown, Dewayne and Wade of San Antonio, Roy Brown Jr. and Les of Hedley, and Helen Crump and Karen and Kim of Memphis. It was a sort of a belated celebration for Roy's and Juanita's forty-seventh wedding anniversary. I always considered Roy and Juanita to be one of the most fortunate couples I knew. They are devoted to each other and their kids think the two of them make the world go round. What more can a person ask for?

Leon Couch and Su-San had dinner with Albert and Edith Ivy Saturday night. Linda helped cook the meal. I think Leon contributed a cream cheese pie. I taught all my kids to cook and turn on the washing machine in case of an emergency.

Fred, Guy and I were in Hartshorn Oklahoma for Thanksgiving. We attended a 'Cousins Party' there in the home of Ruth Williams Mabry. The other cousin present were Hubert and Pauleen (McCants) Green of Hartley, Alleen (McCants) Ledbetter of Dumas, A.J. and June Mabry of Seminole, Jo Broadnax of Camden, Ark., Russ and Ellen Mabry and Evie and Austin of Midland, Glenn Green and his young sister Kathleen of Dumas. Also attending were Glenda and Ernie Perhan of Dumas. All the grandchildren of the late James S. Akers were there except Virginia Watt Ayres. Pauleen and Alleen will be remembered as the McCants twins. They asked about everyone they remembered from their Hedley days. Ruth attended Hedley High in 1919-20. The twins graduated in 1928. They spent some time remembering those who graduated with them. They young ones discovered the Quija board. Guy, Glenn, and Kathleen asked some of the most interesting questions. We got home in time for me to attend the ex-student banquet. Keith stayed with Calvin Holland. I appreciate Darrell and Clara for putting up with him. Their nest is about full with their own. Thunder spent the days we were gone with Terry Moore in Clarendon. I think there's a girl or two there that Thunder is keeping an eye on. When the kids were playing with the Quija board, one of them asked if Thunder had a girl friend, it replied, several! It was sunny and warm when we left, but the further west we came, the colder and cloudier it got. By the time we got to Altus, it was raining, and got worse as we came on. By the time we got home, it was muddy and foggy with some sleet. I don't look forward to six months of winter.

Terry and Barbara Collins and Josh visited her parents, Wayne and Ann Butcher in Blair, Oklahoma last week.

Bob and Jessie Roland spent Thanksgiving with Bob and Pat in Amarillo.

Pick and Laqueta Cox spent a unique day Thanksgiving. They were alone for the first time in all the years since they've been married.

Eva Canada enjoyed the company of all her children. Clea Davis and Michelle came from Little Rock. Hoyce and Ann Kennedy of Hedley, Carroll Kennedy, Craig, Selina, and Misty, Linda and Kirk Dwight of Amarillo and Debbie and Randy Woodard of Canyon were also there. They also enjoyed the company of Charles Davidson of Memphis.

Eva Canada and Charles Davidson attended memorial services for Fred Nivens in Memphis Saturday.

Betty and Richard Ward, Paula Huffman and Aaron Garret of Lubbock, Larry Long of Odessa visited Bob and Jane Long over the holiday. Raymond and Nancy Woodard and Rachel and Christina were there during the day.

Oscar and Mary Felan spent the holiday in Fort Worth with Mary's relatives.

Margaret and David Phelps had dinner in Memphis with her mother, Mrs. Ira Mackey.

Flossie and Joe Wood have a brand new great grandbaby. She is the daughter of Joy's daughter, Cindy. Her name is Kerrie Nicolle and Flossie assured me she's the prettiest great grandbaby in the world. Jane told me they were in Childress for Thanksgiving. On the subject of Thanksgiving, during the more than three hundred, fifty years since the Pilgrims landed on these shores, there have been Thanksgiving celebrations. We, as Americans should give thanks every day for the privilege of living here. We have so many things to be thankful for. During the last week and until after the first of the year, we will consume enough food to feed the hungry of Ethiopia for months. The churches of America have been asked to take special offerings to help the plight of those hungry people. You can give as much or as little as you can afford. Whatever church you attend will have an offering for this purpose. Simply mark your offering 'Hunger Fund' and it will be used for this purpose. And after you

do, give special thanks for being able to give.

The Annual Hedley Ex-Student Teacher Banquet was held in the High School cafeteria on November 24. Hosted by the classes of 1942 and 1972, there were about 67 present.

Chuck Hill was the Master of Ceremonies. Glyndol Holland welcomed everyone and Connie Debord gave the invocation. Afterward everyone enjoyed a delicious meal of baked ham, Polish sausage, beans, potato salad, cole slaw, and fruit salad. The meal was catered by Martha Hill and Loretta Crump.

The minutes of the last year's meeting were read and a financial report was given. After the guests were introduced, Leon Beavers and Mickey Wynn White volunteered the class of 1955 to host next year's banquet.

Then everyone played a game of Trivial Pursuits. Blackie Johnson's team won the blue ribbon. One of their more difficult questions was, "What happened to the three blind mice?" J.M. Dickson's team won second place. One of their easiest questions was, "What was the author who first envisioned the time machine?"

Actually everyone had a good time.

Those attending were: Loretta Hill Crump, Martha Reed Hill, Arthur and Thelma Moss Shields, Gary and Renee White Shields, Tim Taylor, Kim Taylor, Danny Morgan, Leon Beavers, Etta Mae Cherry, Glyndol and Kathi Holland, Lyndon Messer, Harold and Mary Ruth Sargent White, R.W. and Tippie Jones, Bob and Pat White, Shane Farris, Otis Farris, Leon Freeman, Rhonda Morgan Shaw, Jane Wood, Blackie and Shirley Johnson, Ronny and Janie Floyd Hill, Arthell and Cottie Johnson Gibson, Bryan Hill, Richard and Pamela Dickson, J.M. and Ida Lou Dickson, Johnny and Eunice Dickson, Linda Dickson Cooper, Gary Stewart, Jimmy Stewart, Peggy Watt, Bobby and Tina Gibson, Noriene Gibson Murray, Jack and Pam Wilson, Troy and Connie Debord Wilson, Buford and Geraldine Holland, Shane and Kathy Duke Rieken, Leon and Carole Hill Ward, James Hoggatt, Angela Messer Hines, Johnny and Gail Holland Hill, Chuck and Wanda Hill, Bill and Jodie Bridges, Mickey Wynn White, Connie R. DeBord.

The Owls played their first game Tuesday night against Allison. They played better than they had played in their scrimmages. Their defense was better than it had been in a long while. The Allison teams had played a game on Monday night that helped them get rid of the "first game jitters". The Owls are looking for a better performance against Briscoe on Tuesday. The Owls field-goal percentage was very weak at 33% and their free-throw percentage was not much at 44%. We must work harder on all of our shots and raise our shooting percentages. We are also going to work on taking some good shots that we passed up the other night. We had some players that played well on the defensive end of the floor, which was the bright spot of the evening. Brent Hall, Craig Kennedy, and Keith Watt played very good defense, along with a good team effort. The top scorer of the game was David Phelps with 15 points, followed by Brent Hall with 10.

This weeks featured player is Carl Cox. Carl is a 5'10" senior. He is a two year letterman and one of four

returning starters. Carl is not a tall player for his position, center, but does a pretty good job at it. Last year Carl averaged 10 points a game and 5 rebounds. He suffered a bad ankle injury early in the training season, and is now trying to make up for the time he lost and lose some of the weight he gained during that time. We are looking for lots of good things from Carl again this year.

The Lady Owls started their 1984-1985 season at Groom, Monday, November 19. The girls played a J.V. and Varsity game. The J.V. girls lost a close one 28-30. Susan Phelps was high with 13 points. Gina Smith had 7 points and Cheryl Glover also played an outstanding game on defense and rebounding.

The Varsity girls lost to the much larger and stronger Groom girls 56-19. The Groom girls made the play-offs last year and expect to make the play-offs again this year. The Lady Owls are made up of a younger and small bunch. The Owls have three Seniors, one Junior, and one Sophomore. The rest of the team is made up of seven Freshman. Scoring for Hedley was Stephanie Holland with 6 points and Karon Harmon with 5 points. The team is quite young, but with time and experience, we expect a good showing from all the girls.

The Lady Owls played Allison girls on November 20th. The Lady Owls won this game 42-26. All the girls played and gained some good experience for the upcoming games. High scores in this game were Tonya Moore with 10 points and Stephanie Holland with 8 points.

The player selected this week is Debbie Clubb. Debbie is a 5'5" Senior. Debbie has lettered the last three years in high school and has been a starter her Sophomore and Junior years. Debbie is not a big scorer for the Lady Owls, but she makes up for it on defense and gives her 100% each game. Debbie is a captain this year and we are looking for good things from her as the year rolls on.

The Lady Owls play in the Wellington Tournament this weekend. They play River Road at 7:00 and 8:30 Thursday night.

CHECKING RESULTS from the National Shorthorn Futurity are Rodney McAnear, Clarendon and Lydia McGrill, Starr S.C., they represent the National Jr. Board of Directors for their Shorthorn Association.

North American Shorthorn Heifer Calf Futurity Held Nov. 11

The North American Shorthorn Heifer Calf Futurity was held in Louisville, Ky., November 11. Hundreds of spectators viewed the sale of 20 Shorthorn heifers.

Interested Shorthorn breeders paid \$400 in three monthly installments to enter the futurity. Secret ballot judging was used at the show. Under that system, a majority of 10 judges' votes determined a winner. The top 20 individuals were eligible to sell in the sale which followed the futurity. The sale is used as a promotional tool to "expose good heifers to the open market," said Roger Hunsley, executive secretary treasurer of the American Shorthorn Association. The event makes quality heifers available to youth, new producers and established herd owners.

Jerry Hawkins of Clarendon College is president of the National Junior College Livestock Coaches Association. He explained that coaches were impressed with the "utterly fantastic facilities, quality livestock and the contest's management."

FmHA Helps Households with Single Family and Rental Programs

The Farmers Home Administration helped 3300 Texas households through its single family and rental programs during the 1984 fiscal year, State FmHA Director J. Lynn Futch reported today.

The loans, totaling \$101,000,000 were made under programs to assist families who are without safe, decent and sanitary housing and who need credit but cannot obtain it from private lenders.

Futch said that during the 12 months ending September 30, FmHA provided 1600 single family home loans totaling \$55,000,000, and 52 rental housing loans totaling \$46,000,000, which provided for 3300 housing units.

National preliminary figures show FmHA provided some 63,000 loans totaling \$2.8 billion in all rural housing assistance.

FmHA is a credit agency of the U.S. Department of Agriculture. It provides loan assistance to farmers and other rural residents who need credit but cannot get it elsewhere. All loans are to be repaid in full, plus interest.

Girl Scout Report

by ANDREA EDWARDS
The Cadette troop #180 has been very busy lately. In October, they went to Camp Cibola for a workshop which lasted from 9:00 a.m. to 3:00 p.m. They learned more about Girl Scouting and more about the Girl Scout Council. At 4:00 p.m. the same day, they went to the Community Center to work at the Halloween Carnival. They had a toilet paper toss, a pumpkin pick, and a ring toss. Everyone had a great time. On November 10, they went to Pampa. They did many activities to earn a badge called "The Play's the Thing." Kayla Robinson, a play director, came to visit them at the Girl Scout "Little House". She talked about various things that play actors do. They played games, acted, and talked about set props. That night the Girl Scouts saw a play called "Wait Until Dark." Kayla worked the lights and before the play started, she showed the troop around the stage.

Corresponding secretary, Fuzz Mooring, then read thank-yous received by the chapter from Melody Price, Jeanette Loveless and Sandra Eads for various services from the chapter.

Judy Bland, chapter treasurer, then reported on our financial standings. She also said that approximately \$300.00 was made by the chapter at its Halloween Carnival.

It was voted on by the chapter that secret sisters not be kept by members on a leave of absence unless a set date for returning to the chapter within that year is given. This will be added to the chapter's by-laws.

The Social Committee reported that a Thanksgiving Dinner would be on Sunday, November 18, 1984 at the home of Ricky and Fuzz Mooring with all members bringing dishes and all of their family. The Social Committee also discussed a trip to Santa Fe in late May to end our year. We are all to begin saving now for this trip to the horse races.

Patsy Leffew and Kitty Proctor informed members of a dance to be on December 15th to benefit the museum. This will be held at the Country Club and many expressed a desire to attend this dance to help with the museum.

It was also decided that the service committee set up some guidelines as to when and what services should be performed by this committee.

President, Terri Floyd, then reminded everyone to do something for their secret sister and a bowl has been placed at meetings to put questions into regarding secret sister info. These questions will then be answered.

Hostesses were Trisha Floyd and Fuzz Mooring. They served cake and tea in honor of member Sandra Eads who was voted Tax Assessor/Collector in the Nov. 6 election.

Connie McKinney then presented her program entitled "The Future - Getting There Successfully". Connie shared some good information and got everyone to thinking about their future in many different areas.

Members stood and ended the meeting with the Closing Ritual and Bar Mitzpah.

By-Laws of the Clarendon PTA

ARTICLE I: NAME

The name of the association is the Clarendon Parent Teacher Association. It is a local PTA unit organized under the authority of the Texas (State) Congress of Parents and Teachers (the State PTA), a branch of the National Congress of Parents and Teachers (the National PTA).

ARTICLE II: Articles of Organization

The Articles of organization of a local PTA include (A) the bylaws of such organization and (B) the certificate of incorporation or articles of incorporation of such organization (in cases in which the organization is a corporation) or the articles of association by whatever name (in cases in which the organization exists as an unincorporated association).

ARTICLE III: Purposes

SECTION 1. The Objects of the association, in common with the objects of the National PTA, are:

A. To promote the welfare of children and youth in home, school, community, and place of worship.

B. To raise the standards of home life.

C. To secure adequate laws for the care and protection of children and youth.

D. To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the education of children and youth.

E. To develop between educators and the general public such united efforts as will secure for all children and youth the highest advantages in physical, mental, social, and spiritual education.

SECTION 2. The objects of this association are promoted, in cooperation with the State PTA and the National PTA, through an educational program directed toward parents, teachers, and the general public; are developed through conferences, committees, projects, and programs; and are governed and qualified by the basic policies set forth in article IV.

ARTICLE IV: Basic Policies

The following are basic policies of this association:

A. The Association shall be non-commercial, nonsectarian, and non-partisan.

B. The name of the association or the names of any members in their official capacities shall not be used in any connection with a commercial concern or with any partisan interest or for any purpose not appropriately related to promotion of the objects of the association.

C. The association shall not directly or indirectly participate or intervene (in any way, including the publishing or distribution of statements) in any political campaign on behalf of, or in opposition to, any candidate for public office; or devote more than an insubstantial part of its activities to attempting to influence legislation by propaganda or otherwise.

D. The association shall work with the schools to provide quality education for all children and youth, and shall seek to participate in the decision making process establishing school policy, recognizing that the legal responsibility to make decisions has been delegated by the people to Boards of Education.

E. The association may cooperate with other organizations and agencies concerned with child welfare, but persons representing the association in such matters shall make no commitments that bind the association.

F. In the event of the dissolution of the association, its assets shall be distributed for one or more of the exempt purposes specified in Section 501 (C) (3) of the Internal Revenue Code of 1954 as from time to time amended.

ARTICLE V: Membership and Dues

SECTION 1. Every individual who is a member of this PTA is, by virtue of that fact, a member of the national PTA and of the State PTA by which this local PTA is chartered, and is entitled to all benefits of such membership.

SECTION 2. Membership in this PTA shall be made available without regard to race, color, creed, or national origin, under such rules and regulations, not in conflict with the provisions of the National PTA bylaws, as may be prescribed in the bylaws of this PTA, to any individual who subscribes to the objects and basic policies of the National PTA.

SECTION 3. The association shall conduct an annual enrollment of members, but persons may be admitted to membership at anytime.

SECTION 4. Each member of the association shall pay annual dues of \$2.50 to the association. Such annual dues include the portion of \$.60 per member payable to the State PTA (as determined in accordance with the bylaws of the State PTA) and the portion of 50 cents per member payable to the National PTA.

SECTION 5. The State and National PTA portions of the dues paid by each member of the association shall be set aside by the association and remitted to the State PTA

through such channels and at such times as the State bylaws may provide. (Each state PTA is responsible for payment to the National PTA of the National portion of dues paid by members of the association.) The remittance to the State PTA shall be accompanied by a report, in such form as may be required by the State PTA, showing the name and address of the president of the association, the amount of dues collected during the period covered by the report, and the number of members of the association.

SECTION 6. Only members of the association shall be eligible to participate in the business meetings or to serve in any of its elective or appointive positions.

ARTICLE VI: Officers and their Election

SECTION 1. Each officer of this PTA shall be a member of this PTA.

SECTION 2. Officers and their election:

A. The officers of this association shall consist of a president, two vice-presidents, a secretary and a treasurer.

B. Officers shall be elected by ballot in the month of April. However, if there is but one nominee for any office, election for that office may be by voice vote.

C. Officers shall assume their official duties following the close of the meeting in May and shall serve for a term of two years or until their successors are elected.

D. A person shall not be eligible to serve more than two consecutive terms in the same office.

SECTION 3. Nominating Committee:

A. There shall be a nominating committee composed of five members (at least three and always an uneven number) who shall be elected by the association at a regular meeting at least one month prior to the election of officers. The committee shall elect its own chairman.

B. The nominating committee shall nominate an eligible person for each office to be filled and report its nominees at the regular meeting in April, at which time additional nominations may be made from the floor.

C. Only those persons who have signified their consent to serve if elected shall be nominated for or elected to such office.

SECTION 4 Vacancies:

A vacancy occurring in any office shall be filled for the unexpired term by a person elected by a majority vote of the executive committee/board, notice of such election having been given. In case a vacancy occurs in the office of president, the first vice-president shall serve notice of the election.

ARTICLE VII: Duties of Officers

SECTION 1. The president shall preside at all meetings of the association and of the executive committee/board; shall perform such other duties as may be prescribed in these bylaws or assigned to him by the association or by the executive committee/board; shall be a member ex officio of all committees except the nominating committee; and shall coordinate the work of the officers and committees of the association in order that the objects may be promoted.

Texas completes credit initiative training

Texas employees of the Farmers Home Administration (FmHA) have completed an intensive training session and are ready to implement the new farm credit initiatives announced recently by President Reagan.

FmHA State Director J. Lynn Futch said members of the state farmer programs staff and employees from all district and county offices participated in the training.

"The final regulations have now been issued in Washington," Futch said, "and Texas is now ready to work with farmers on the initiatives."

Under the new plan, FmHA can set aside up to 25 percent, to a maximum of \$200,000 of a farmer's FmHA debt for five years without interest. For non-FmHA borrowers, the agency can guarantee up to 90 percent of a loan if the lender is willing to write off a minimum of 10 percent of the debt.

In both cases, Futch said, the actions must improve the borrower's cash flow position so he or she can make payments on the remaining debt.

The plan also allows FmHA to contract for outside assistance in servicing FmHA loans. The goal is better assistance to FmHA borrowers.

Green Thumb Advisory Committee

More than 50 representatives from government, agriculture, and social service organizations participated recently in an all-day tour of project sites that utilize workers from the Green Thumb senior employment program.

Sponsored by Texas Farmers Union, Green Thumb employs more than 1,000 rural, low-income persons aged 55 or older, in 109 counties across the state. Medical Center Residents Enjoy Shopping at Country Store

To those of you who helped with the Country Store Shopping Venture at the Medical Center Rest Home, you will never know this side of heaven how much it meant to those folks. Their faces lit up with a big smile both days they shopped and they truly enjoyed shopping for their families for Christmas, the first time in years many of them had such an opportunity.

Many churches, organizations, and individuals helped. There were too many to mention without fear of missing someone. If you helped, you know who you are and the Martin Baptist WMU are very grateful. Thanks, too, to those of our membership who helped with the actual running of the store.

We would like to say a special thanks to the businesses who contributed to this worthy cause: The Nook, Bivens, and Gibsons. A special thanks, too, to the staff of Medical Center for helping with gift selection and wrapping of the gifts. It took all of us, and those who helped were truly appreciated.
