Allsup's work for Jerry's Kids

Allsup's Convenience Stores will again join the fight for the Muscular Dystrophy Association in 1984. Through Labor Day, Allsup's will display collection canisters for "Jerry's Kids" in all 271 stores in New Mexico, Texas and Oklahoma.

According to Jack Crow, Director of Public Relations, "The Muscular Dystrophy Association is seeking causes and cures for forty crippling neuromuscular related disorders.

They depend almost entirely on contributions from private contributions and corporations, and the

proceeds from the Labor Day Telethon, so the canister collections play a very important part of the fundraising activities. We, at Allsup's, are proud to be a part of such a worthwhile endeavor."

In addition to the canisters, Allsup's "Door Bell Brigade" will be marching again this year! All area youngsters who would like to help MDA and "Jerry's kids", are encouraged to pick up the Brigade packets at your local Allsup's store on Saturday and Sunday, August 25th and 26th. After collecting door-to-door and returning the collections to the store, each youngster will receive a free fountain drink of their choice.

From Jack Crow, "We're looking forward to working with area youngsters in the campaign against Muscular Dystrophy. Thanks to all our friends and customers for your generosity, because your nickels and dimes add up to millions of dollars for research and treatment. So, look for the MDA coin collection canisters and give to "Jerry's Kids". Your pocket change can be the key to the cure."

National Junior Shorthorn Show and Youth Conference

by LELAND HOWELL

On July 12, nineteen Shorthorn heifers from Texas accompanied by ten exhibitors and four sponsors, travelled to Louisville, Kentucky to participate in the National Junior Shorthorn Heifer Show and Youth Conference held July 14-18. This year's national show held on the 17th and 18th was considered by many as the best quality junior show every held. Judges Dr. George Ellis from Columbus, Montana and Rex Tribett from Linden, Indiana chose HS Desert Playmate, exhibited by Sheri Rose of Logansport, Indiana, as Grand Champion heifer and the Reserve Grand Champion was Greenridge Covergirl ET exhibited by Sarah Schilling of Lake Fork, Illinois. The Texas exhibitors were very successful at the show. Robert Masterson of Guthrie, Texas exhibited Sutherland Becky 439 as the Reserve Calf Champion and David Bishop of McKinney, Texas won Reserve Senior Champion with 3F Miss Queen 3Jx. The Texas Juniors had 10 heifers stand 4th or better in the fourteen classes of heifers shown.

The National Shorthorn Youth Conference was held on July 16. Delegates from each state association were present to vote on new board members and officers for the American Junior Shorthorn Association. The delegates also competed in a motto contest, showmanship, and a speech contest. The delegates representing Texas were Todd Boren and Billy White both from Duncanville. They

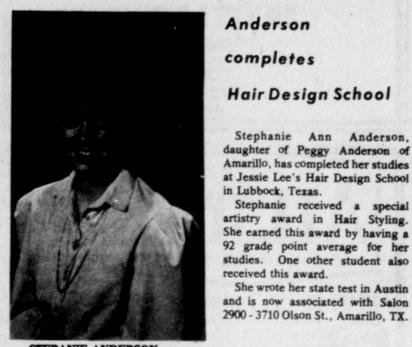

placed first with their commercial motto and third with their purebred motto. Todd Boren placed second with his speech. Texas placed first with their stall display and was second only to Indiana to the herdsman award.

Gip Gafford from Garden City, Texas was elected president of the merican Junior Shorthorn As-

Director. Rodney McAnear of Clarendon, Texas was elected public relations officer. McAnear is also on the National Board and has held the office of vice-president of the Texas Junior Shorthorn Association. Gip will attend Texas A&M and Rodney will be at Tarlton State this fall semester. Christie and Laura McAnear and

IRS suggests guidelines for investors

Careful tax planners are thinking about next April's tax bill right now. It pays to be wise to the strict new penalties dealing with abusive tax shelters and avoid the promise of tremendous tax write-off ratios as the sole reason to invest.

Government provides headstones for Veterans at death

Many families of veterans are not familiar with the fact that the Federal government provides a headstone or grave marker for a veteran's grave when he is buried in a private cemetery. According to Jack A. Moreman, Veterans Service Officer for Donley County, family members will choose and pay for a grave marker when one could be furnished free of charge by the Veterans Administration.

Even though last year the Veterans Administration provided more than 210,000 free grave markers for graves of veterans, many people still do not know that the VA does not pay for the installation of the marker at the grave site. The marker itself is provided free of any charge, and all shipping charges to its destination are paid by the government, but the cost of installing the marker at the grave site must be borne by the family member or members who authorized the burial. The charge for such installation is generally rather small, approximately \$50 or less.

The VA can also pay a burial allowance of \$300 if the veteran, at the time of his death, was in receipt of disability compensation or pension benefits. An additional \$150 can also be paid in most instances as a pot or grave space allowance. The burial allowance and plot payment are applicable only if the veteran served during a period of wartime.

If a veteran's death is shown to have been caused by disabilities which were incurred during his or

Tri State Fair entertainment planned

The 1984 Amarillo Tri State Fair will again provide fairgoers with an exciting bill of free entertainment each day during the 8 day event, September 1-8. To be back for a second year will be Russ Burgess, master of hypnotism and E.S.P. who has entertained audiences at fairs throughout the country. An exciting new act on the outdoor stage this year will be Gloria Gilbert and Homer, singer and ventriloquist. Russ Burgess will appear at 7;30 p.m. and 9:30 p.m. daily, and Gloria Gilbert at 6:30 p.m. and 8:30 p.m. daily during the first five days

GI Bill 40th anniversary

President Franklin Roosevelt signed the World War II GI Bill on June 22, 1944. There was little realization, then, of the impact this legislation would have on life in America. According to Stephen Lemons, Director at the Waco Regional Office, "This single act is believed to have had more impact on the American way of life than any other law passed since the Homestead Act of 1862." veterans.

Since June 22, 1944, America has had the greatest veterans program in history. No other country approaches America's generosity to it's veterans in quality health care, education, job-training opportuni-ties and a chance for a decent home. More than 18 million persons have received some form of training under the GI Bill. This includes 8 million World War II veterans, 2 the claim with the Va, and deduct from the total bill the amount that is paid by the VA.

tax shelters more hazardous than ever, with penalties and interest approaching 50% when IRS disallows the claims.

IRS defines abusive tax shelters as marketing schemes that involve artificial transactions with little or no economic reality, frequently making use of unrealistic allocations, inflated appraisals, or losses in connection with nonrecourse loans.

Investing in an abusive tax shelter may be an expensive proposition when all the consequences are considered, IRS noted. For example, the promoter generally charges a substantial fee. If the return is examined by the IRS and a tax deficiency is determined, the taxpayer will then be faced with payment of the tax, interest in the underpayment, plus the possible application of severe penalties for negligence or civil fraud. And, in the most aggravated situations, IRS may decide to prosecute the case for criminal tax violations.

Since there are many abusive tax shelters and more are developed daily by promoters, it is not possible tolist all the factors a taxpayer should consider in determining whether an offering is an abusive tax shelter. However, one should ask the following questions, which might provide a clue to the abusive nature of the plan:

1. Do the promised tax benefits far outweigh the economic benefits? 2. Is this a transaction you would seriously consider, apart from the tax benefits, if you hoped to make a profit?

3. Do shelter assets really exist and are they insured for less than their purchase price?

4. Is there a nontax justification for the way profits and losses are allocated to partners?

5. Do the facts and supporting documents make economic sense? In that connection, are there sales and resales of the tax shelter property at ever increasing prices? 6. Does the investment plan involve a gimmick, device, or sham to hide the economic reality of the

transaction? 7. Does the promoter offer to backdate documents after the close of the year and are you instructed to backdate checks covering your investment?

reunion plan for Aug. 11th

Anyone who ever lived at Martin, attended or taught school there or had any interest in the Martin community is invited to attend the reunion Saturday, August 11 at Lion's Club Hall in Clarendon. Bring a covered dish and stay all day starting at 10 a.m. We'll stay as long as there is anyone to visit with. Plates and drinks are furnished. Out-of-town people will receive reminders by mail. For those with Clarendon addresses this is your reminder.

We'll expect to see you Saturday. August 11 in Clarendon. If you have a question contact Roberta Pittman, Alta Adkins, or Helen Land.

The Press changes from 8 columns to 6

The American Newspaper Publishers Association developed a new system of modular advertising units called the Standard Advertising Unit. It uses the six-column style newspaper to standardize newspaper columns across the United States.

The Clarendon Press has converted its 8 column paper into the standardized 6 column paper. Therefore, the width of the columns has increased causing the prices of its ads to change. We have done our best to match the price of the ad size as close to the old style as possible.

If you have any questions please contact Helen Woody at The Clarendon Press.

Dangers of Skin

Cancer

The fisherman, the farmer and the bathing beauty have something in commong--the danger of skin cancer from prolonged over-exposure to the sun.

"It's that time of year when we must remind people to use sense in the sun to avoid over-exposure which can cause skin cancer. Cancer of the skin is diagnosed in over 400,000 Americans each year," said Genevieve Caldwell of the Donley

unit of the American Cancer Society.

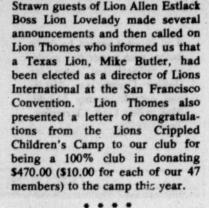

She explained, "Most skin cancer is caused by excessive exposure to the sun. People whose occupation places their work outdoors--for example a lifeguard or construction worker--should be very careful. So should fair-skinned, fair-haired people. Senior citizens form another group advised to take care in the sun.'

Since skin cancer occurs more frequently than any other type of cancer, it is important to know its early warning signals: a sore that does not heal; change in size or color of a wart or mole. "If a symptom appears, the person should not try to wish it away or 'doctor' it himself," Mrs. Caldwell stated. "See your physician as soon as possible. Skin cancer is highly curable if detected and treated in time."

"That's why it is so tragic that about 7,000 people are expected to die of skin cancer this year." Mrs. Caldwell added, "They will be victims of a disease that is largely preventable and highly curable if detected in time."

"That's why it is so tragic that

Ashtola -Martin News By Naomi Green

Thelma's niece and her husband, Mr. and Mrs. Bill Smith of Jefferson, Kansas, came by to visit the Royce Halls enroute to Dallas to see her younger sister who is recovering from carpal tunnel syndrome surgery.

The former Nancy Miller who is now Matthews and lives in Amarillo looked up some Ashtola friends Monday. She visited Lily Knox and Adderine Mahaffey.

LaRue Pitman of Amarillo spent Saturday night with her parents, the Tom Shadles. They all went to Lloyd Risley's birthday party Sunday afternoon.

Orvil, Karen, Arron and Denise Bennett of Abilene visited with Steve and Dorothy Reynolds over the weekend.

Christel Green returned Saturday from established Girl Scout Camp at Camp Cibola.

Mae Naylor of Thalis had tea and visted the H.A. Greens the 23 of July enroute to Amarillo to be with her daughter-in-law, Vici Naylor, who had surgery the 24 of July.

It was a complete surprise to Lloyd Risley when his children decided that a 70th birthday was occasion enough for a party. Sunday afternoon, July 22, Martha Jo, Chris and Connie Schollenbarger, Leane, Richard, Patricia and Seth

Thornberry of Memphis, Jim, Linda, Amy and Alison Risley of Denver City and Lloyd Virgil and Teresa Risley of Amarillo gathered to welcome other relatives and friends in the Risley home.

Former Ashtola resident Rev. Rusell Morris reports a new addition to the family. Jessica Lane Morris was born July 22 at 4:30 p.m. at the All Saints Hospital in Fort Worth. She weighed in at 8 lbs and 51/2 ounces, was 21 inches long and has dark hair and devoted parents, Lewie and Peggy. Grandparents Russell and Betty Lane Morris are preparing for their return to mission in Africa. Russell plans to be in Clarendon the weekend of the 5th of August.

With all the pomp and excitement that will be taking place the next few months in our political arena, I thought this poem may be of interest to our readers:

POLITICIAN'S CREED

Tax his cow, Tax his goat. Tax his pants, Tax his coat. Tax his work. Tax his dirt. Tax his chew, Tax his smoke. Teach him taxes are no joke. Tax his car, Tax his gas. Tax the road he must pass, Tax his land, Tax his wage. Tax the bed in which he lays.

Tax his tractor. Tax his mule. Teach him taxes are the rule. Tax his bath, Tax his sink. Tax him if he tries to think. Tax his booze, Tax his beers. If he cries, Tax his tears. Tax his ill, Tax his trash. Tax his notes. Tax his cash. Tax him good, don't let him know After taxes there's no dough.

If he hollers, Tax him more. Tax him till he's good and sore. Tax his coffin, Tax his grave, Tax the sod in which he lays. Put these words upon his tomb. "Taxes drove him to his doom." When he's gone we won't relax We'll still be after inheritance tax!

MORE FRUIT/LESS SUGAR IN NEW PECTIN RECIPES

Before you begin the 1984 jam and jelly making season. look for a new powdered fruit pectin on the market this year. Novice and expert alike know that it's the pectin that helps assure a good "set." For those consumers who prefer a less sweet jam or jelly, new Sure-Jell Light fruit pectin is ideal because it requires 1/3 less sugar than conventional powdered pectins. There are no artificial sweeteners or preservatives in the new pectin product. The specially developed recipes provided in package leaflets use more fruit and less sugar than called for in traditional recipes. New Sure-Jell Light and regular Sure-Jell fruit pectin (the latter on the market since 1934), are side by side on market shelves, but they are not interchangeable in recipes. Both fruit pectins are equally successful in only those recipes developed for that specific pectin. With a bevy of seasonal fruits on the horizon, this new fruit pectin for jams and jellies with less sugar promises to inspire current and new jam and jelly makers.

FRESH STRAWBERRY JAM

6 cups prepared fruit (about 2-1/4 qt. fully ripe strawberries)

4-1/2 cups (2 lb.) sugar

1 box Sure-Jell Light fruit pectin

First prepare the fruit. Stem and thoroughly crush, one layer at a time, about 2-1/4 quarts strawberries. Measure 6 cups into 6- or 8-quart saucepot.

Then make the jam. Measure sugar. Mix 1/4 cup of the sugar with fruit pectin; then stir into fruit in saucepot. Place over high heat and stir until mixture comes to a full boil. Immediately add remaining sugar and stir. Bring to a full rolling boil and boil hard I minule, stirring constantly. Remove from heat and skim off foam with metal spoon. Ladle quickly into hot jars, filling to within 1/4 inch of top. Cover and process in boiling water bath for 10 minutes. Makes about 8 (8 fl. oz.) jars.

PRESSURE MEDICINES

Medicines that reduce high blood pr exert their effort by acting on the heart, blood vessels, nervous system, or kidneys. Most antihypertensives [high blood pressure medi-cines] work best when combined with salt restriction, weight control, moderate exercise, and relaxation.

Forty percent of people with hyperten obtain adequate pressure reduction by taking only diuretic ["water" or "fluid" pill]. Diurctics have been the mainstay of hyperten sion treatment for about 20 years.

How much you weigh has an important impact on the rate at which your blood alcohol concentration rises.

Some 25,000 lives can be saved every year. They are lost in crashes involving alcohol. Five thousand of those victims will be teenagers. More and more Americans these days are taking action against the drunk driving problem and what they're doing could help remove many drunk drivers from our nation's highways.

More than two million motor vehicle crashes each year involve alcohol. In fact, one out of every two Americans will be involved in an alcoholrelated vehicle crash in his or her lifetime.

What many people don't realize is that what you drink doesn't make any difference when it comes to drunk driving. A six-ounce glass of wine. a 12-ounce beer or one and one-half ounces of 86-proof liquor have about the same

amount of alcohol. The extent of driver impairment is determined by the blood alcohol concentration (BAC) level. Studies indicate that driving ability is reduced significantly between .05 percent and .10 percent BAC. With a BAC of just .05 percent, the chances of being in an accident are twice as great as when sober.

On the average, two to three drinks in a one-hour period will result in a .05 BAC level. Factors such as ageyounger people become impaired sooner-weight and metabolism have an important impact.

Here are some things you can do, according to the Motor Vehicle Manufacturers Association (MVMA), to protect yourself and others from drunk drivers.

1. Wear safety belts at all times. The use of restraints

Edwards Family Reunion

The annual Edwards reunion was held Friday through Sunday, July 13, 14, 15 at Greenbelt Lake with 10 of the 11 living children of Mrs. Carrie Edwards attending. As head of the family she is 87 years of age. Entertainment included fishing, swimming, taking pictures, reminiscing, boating, games and camping out at night. Some of the relatives came in

Some of the relatives came in house trailers, campers and motor homes, while others pitched their tents at the lakeside.

On Sunday, the reunion dinner was hosted by Jewell and P.C. Judd and was held at the Clarendon community building. Afterward some of the group went horseback riding.

Saturday night entertainment included roasting hot dogs and marshmallows over a big bonfire.

Approximately 90 attended. Joining Mrs. Edwards were these children and their families: Lenord and Ruby Edwards of Shamrock.

Mauro urges Veterans to take advantage of Low Loan Rate

Texas Land Commissioner Garry Mauro reminded Texas veterans today that the interest rate charged to veterans participating in the Veterans Land Program will rise from 8.5 to 9.25 percent on August 1.

"I want to urge anyone considering participating in the Veterans Land Program to get their completed applications in to us by July 31," Mauro said.

Mauro, who serves as Chairman of the Veterans Land Board, stressed that "there is still plenty of money available at the old rate" and that all applications that are currently being processed and all completed applications received by the Veterans Land Board postmarked by July 31 will receive the 8.5 percent rate.

Mauro said a new "Fast-Tract" subdivision program implemented by the Veterans Land Board has been successful in "providing Texas veterans with a greater selection of high quality land to Ruby Alexander of Shamrock, with Dwayne and Mary Alexander and Lonnie and Mellisia of San Diego.

choose from."

Mauro said the new "Fast-Tract" program is based on subdivision developers joining the Veterans Land Board "in a cooperative effort to help veterans find and purchase land suitable to their needs."

"As a result of the success of this new program, we now have prime acreage available for Texas veterans near Austin, Waco, Corsicana, Amarillo, and San Antonio," Mauro said.

The Veterans Land Program offers \$20,000 low-interest fixedrate loans to eligible veterans to purchase a minimum of ten acres of land.

Mauro added that any developer or Texas veteran who wants information on the new subdivision program should contact the loan processing division of the Veterans Land Board by calling toll free 1-800-252-VETS or 475-2823 in Austin.

PHEN NOW!

When it comes to cleaning up the air in your home, top technology has produced a fresh solution to the problem.

THEN: In the past there was the standard furnace filter to remove dirty air particles that cause damage to walls, ceilings, drapes, furniture—and your health. But most dirty air particles passed right through it.

NOW: Today, a properly designed and quality Media Air Filter, such as Honeywell's F66A, will remove up to 35 percent of dirty air particles. And the F50 Electronic Air Cleaner acts like an electronic dust magnet, electrically charging and removing up to 95 percent of dirty air particles.
