Large Vote Cast In Primary Election Here Saturday, 2nd; Run-Offs Slated

A total of 1947 votes were cast in the Democratic Primary held in Donley County Saturday and it looks like another big vote is slated for the Second Democratic Primary which will be held Saturday, June 6. This total was the largest in recent years and population-wise it was a record vote. The general trend locally was for a change with incumbents being either defeated or lagging in the total vote column.

Donley County will have two run-off races and one state race will be added to the ballot. Locally, in the Sheriff's race, Bill Cornell needed only 135 votes to win without a run-off against incumbent Truett Behrens. Cornell led the ticket with 887 votes while Behrens received 647. McPherson and Yankie 187 each. The total of the last three was 1021.

The other run-off race will be between Junior Hill and Frank Murray for County Commissioner, Precinct 3. Hill led the ticket with 267 votes; Murray received 194. Farris 71 and Alexander 64. Hill needed 63 votes to win without a run-off as the last three totaled 329. The other run-off race to appear on the June 6 ballot will be between Congressman Joe Pool and Robert Baker for Congressman-at-Large.

Clyde Slavin won a decisive victory over incumbent Bill Lowe in the County Attorney race receiving a total of 1184 votes to Lowe's 720.

In the State Representative race, Bill Healy won over his opponent James Thomas near 2 to 1 with 10,686 votes to 5,510. In the District Judge race, Charles Reynolds defeated Allen Harp by 1186 votes. Reynolds received 5505 votes and Harp 4319 votes.

In the race for Associate Justice 7th Court Civil Appeals, Northcutt defeated Martin and was returned to that office.

In the race for County Democratic Chairman, Miss Mary Cooke defeated Clifford Johnson 1094 to 716 votes.

A tabulated form may be found on another page of the Leader showing how county voters voted by precinct in contested races in the county.

This is an overall big operation and Major C. J. Lohoefer is to be commended in getting the job done so the tank can be ready to handle water when the peak water season arrives and if it doesn't rain soon, that time is not far away.

1964 Wheat Program

Sign-up for the voluntary wheat program is well under way at the county office.

Briefly the conditions for eligibility are as follows:

1. Sign an Intention to Participate at the ASCS Office by May 15, 1964.

2. Stay within your 1964 wheat allotment.

3. Divert to an approved conservation use an acreage equal to 11.11% of your 1964 wheat allotment. This is the difference between the 1963 and 1964 wheat allotments.

4. Comply with the 1964 wheat allotments on all other farms in which you have an interest.

5. Keep within your farm allotments for any other crop. Feed grains are not allotment crops.

6. Maintain the normal conservation acres for your farm.

If you voluntarily comply with the above conditions you will qualify for diverted acre payments, certificates (redeemable for cash at the ASCS Office) and price support on the wheat you produce on your complying farm.

1964 Cotton Program

Cotton producers will have three allotment choices for 1964. 1. Present effective allotment — Producers choosing this allotment will be eligible for loan at the basic level of 30c per pound for Middling 1 inch.

2. Domestic allotment, which is normally 67% of the effective allotment — Producers choosing this allotment will be eligible for the loan rate mentioned above, and in addition, payments will be made at 3.5c per on the normal yield for the farm. Only the acreage of cotton seeded will be eligible for payment. Producers who comply with their domestic allotment must not exceed the feed grain base on that farm.

3. Export allotment — Producers may, before June 1, file for an export allotment not to exceed 5% of the effective allotment. In doing so, they will be required to furnish bond assuring that an amount of cotton equal to the farm's actual yield per acre multiplied by the export market acreage will be exported.

Additional information on the cotton program will be released at a later date. Preliminary work on the program is now being done in the county office.

Spray Recommended To Control Red Spider

This time of year farm people and town people are asking, "What can I use for red spider and flies in the evergreen shrubbery?" This will also apply to ants around the house and other insects.

County Agent Flip Breedlove says that two of the best sprays to use around the house for the above purpose are MALATHION and ISOTOX. These two sprays should be mixed exactly as the directions call for on the containers. Remember that all sprays are considered poisonous. Always keep the wind blowing the spray away from you and when you get some on your skin, use soap and water to remove. Malathion is a good spray for the control of aphids on plants, this is especially true on alfalfa says the county agent. If you need any information on the use of these sprays visit Breedlove's office.

Little League Fund Drive Scheduled For Wednesday, May 27

When Little Leaguers knock at your door Wednesday night, May 27th, please dig down and give generously. Helping your Little League is helping your community.

Kenneth D. Vaughan, fund raising chairman, says that between six and seven hundred dollars will be needed this year for Little League's operation. "The interest in Little League baseball has grown tremendously this past year or two. In addition to the three Peewee teams and four Little League teams already established, there has been a third Senior League team organized this season," he says. "This indicated that the majority of our young boys in this community are participating in Little League baseball."

Wednesday night, May 27th, between 6:00 and 7:30, Little Leaguers will make their annual fund raising drive. We hope that you will be generous with your donations when the boys come to your door.

Mr. Vaughan asks that the boys be at the baseball field in uniform at 5:30. Little League mothers will be there to assist in the fund raising drive. All Little League boys participating in this drive will be in uniform and accompanied by an adult.

Anyone who plans to be away from home Wednesday night, May 27th, and who wishes to make a donation may do so by mailing it to Little League, Box 925, Clarendon, Texas.

JAYCEES TO CONDUCT VOTE CAMPAIGN TUES.

The Clarendon Jaycees will be conducting a "Get Out The Vote" campaign for the election of five City Aldermen in balloting Tuesday, May 12th. You will be contacted by a Jaycee or Jaycee-ette and urged to go to the polls and cast your vote for the candidates of your choice. Remember the date is Tuesday, May 12, balloting from 8 a.m. to 7 p.m. at the City Hall.

LEADER CLASSIFIEDS GET RESULTS

Just one more election May 12 and then a short rest before the second primary election June 6. This is the political picture at the present time.

City voters will go to the polls next Tuesday, May 12, to choose five aldermen from a list of 14 candidates who will serve along with Mayor C. J. Lohoefer in rounding out city affairs which seem to be going along in pretty fair shape under the Mayor's lone supervision at the present time.

Persons eligible to vote in this election are those who have a poll tax or exemption and a bona fide resident of the city. You do not have to be a property owner. Voting hours will be from 8 a.m. to 7 p.m. and the voting place will be at the City Hall, ground floor, next door to the City Library. Sam Lowe will be the election Judge and C. A. Pitts will be the Assistant Judge. Clerks will be Patsy Robertson, Lea Tyler, Anita Shelton and Edna Smith.

The list of candidates as they will appear on the ballot are: Lloyd McCord, Basil W. Smith, J. T. (Tack) Moreland, Adam Riskey, F. O. Naylor, J. D. (Pete) Borden, Gene White, Pete Kunz, Jerry Hawkins, Jim Lumpkin, J. G. McAnear, Clyde I. Price, Jr., A. R. Henson, and Chauncey Hommel.

In regard to the affiliations of these men and their vocations we furnish the following information: Lloyd McCord, member of fire department, employee of Foxworth-Galbraith Lumber Co. and former City Commissioner; Basil W. Smith, member of fire department, vice-president of Chamber of Commerce and Manager of First Supply Co.; J. T. (Tack) Moreland, member of fire department and operator of Moreland Conoco Service; Adam Riskey, senior citizen and retired farmer-rancher; F. O. Naylor, retired farmer and former City Commissioner; J. D. Pete Borden, local bootmaker and leather goods dealer; Gene White, member Jaycees and employee of Wallace Monument Co.; Pete Kunz, senior citizen, real estate dealer, etc.; Jerry Hawkins, vocation teacher, Jim Lumpkin, associate member of Jaycees and operator of Lumpkin's Drive-In; J. G. McAnear, partner Household Supply Co. and T&M 66 Oil Co.; Clyde I. Price, Jr., member of fire department and insurance business; A. R. Henson, owner of Henson's Goodyear store; Chauncey Hommel, member of fire department and Jaycees and operator of Hommel's Magnolia Station and other associated businesses.

It is very important that every qualified city voter should go to the polls and cast their ballot next Tuesday as a small vote total can elect any one candidate since there are 14 candidates to split up the vote. Your vote will be needed to help put the best qualified men in office to run your city affairs and since the Aldermanic or Council type of government is to be set up, it will be best for the voters to choose the best qualified and unbiased candidates to do the job... men who will consider the welfare of the city as a whole.

Election results of the alderman election will be posted Tuesday night in front of Tunnell Pharmacy.

Miss Martha Diane Toles, a happy young lady from Happy, Texas, was in Washington this week to be honored as the Texas winner in the annual Betty

Crocker Search for the "American Homemaker of Tomorrow." With 50 other girls (the winners from the 49 other States and the District of Columbia), Miss Toles was feted at a reception in the Senate Office Building where I was privileged to visit with her and her charming faculty advisor, Mrs. Karleen Moore, a teacher at Happy High School.

I told Martha Diane that the honor she'd received (accompanying a \$1,500 scholarship from General Mills) should permit her to be graduated from Happy High School without further study, class attendance, or examinations. But she told me that she'd have to study all the harder to keep up with her classmates after having taken time to go on the Homemaker of Tomorrow tour to Williamsburg, Washington, and New York City. The objective of the Betty Crocker Search is to assist schools in their important work of inspiring in our young people a deeper awareness and understanding of the American home in our society and economy and to increase the prestige and acceptance of homemaking as a career. Martha Diane Toles is a grand representative of these high ideals and I greatly enjoyed visiting with her.

Records are being set in Washington this spring for the number of tourists and visitors. This is a lovely time of year here; the azaleas and dogwood are in bloom, the grass is green from prolonged April rains, and shirt-sleeve weather has arrived. School groups from as far away as California have come by bus to see the Capital's attractions. Cars parked around the Capitol display license plates from virtually every State. Two weeks ago, I attempted to obtain a hotel reservation for an Amarillo couple who wanted to stay one more day than they'd planned, but every hotel in downtown Washington was filled to capacity and all had lists of persons hoping for cancelled reservations.

I believe there are two special reasons for the unusual number

of visitors to the Capital this spring. One is that many Americans want to take the opportunity to pay their personal respects to the late President John F. Kennedy at his grave in Arlington National Cemetery. An almost constant procession of Americans files past the grave each day, and I know that for many visitors in Washington this call to Arlington takes priority over any other plans. The other reason, I think, for the large throngs is that the New York World's Fair has opened and Washington is included in the itineraries of many fair-bound visitors.

President Kennedy's grave is a solid bank of flowers by the end of each day. Last Sunday, as the line of respectful visitors lengthened so that the last persons in line would not pass the grave for an hour, a bus arrived containing school children from a town in Pennsylvania. Stepping off the bus, the children as a group presented to the soldier of the honor guard a wreath to be placed on the grave. The children were blind.

Here on Capitol Hill, past visitors records are surpassed each week. On April 2, men were posted at each door of the United States Capitol building to determine the exact number of visitors. On that one day, 30,851 persons came to the Capitol, including 7,700 visitors in 124 groups who were given half-hour tours of this most fascinating national edifice. Capitol Hill's attractions include, in addition to the Capitol itself, the House and Senate office buildings (and every visitor is always welcome in the office of his Congressman and Senators), the Supreme Court, and the Library of Congress.

Large crowds and heavy traffic are inconveniences in Washington, but they won't spoil the pleasure of a visit here. The problem of great potential dan-

ger to residents and visitors alike is the high crime rate in Washington. Young hoodlums, some of them roving in gangs, present a serious menace after dark in many sections of the city. Because of the danger of armed robbery, many taxicab drivers refuse to work at night. Washington city streets should be avoided after darkness falls.

GREAT FALLS, MONT. LEADER: "In January, 1914, just 10 years and a few weeks after the Wrights flew at Kitty Hawk pilot Tony Jannus took off in a Benoist Airboat with one passenger from St. Petersburg, Fla., and flew across the bay to Tampa. In 1963, reports the Air Transport Association of

America, the nation's scheduled airlines carried almost 70 million passengers."

Anaplasmosis, which is spread by small amounts of blood carried on dehorning instruments,

is often transmitted from one animal to another at dehorning time. This danger can be avoided by washing and dehorning instruments after each animal is dehorned.

Comments on a stopover in Childress: on the good side we found friendly people, an interesting town, the home of our long-time friend, Ruth Fite, nice

motels, and a beautiful park that would out-do the deserves of a town twice the size. On the bad side: missed the best place to eat no doubt, and failed to get adjusted to the taste of the water, wound up in church expecting to hear a well recommended pastor only to hear a visiting booster for some good moral organization. I guess one can't get all the coons up one tree, and we did enjoy the short visit.

Do you remember the story of the colored preacher who was a died in the wool believer in predestination? He claimed that: "What is to be, will be, whether

it ever happens or not." Sometimes we almost agree.

Speaking of our friend, Miss Ruth Fite: she has been our shut-in pen pal for many years. She, despite her handicaps, is one of the town's busiest citizens. From her bed she operates a telephone answering service that takes two telephones, an intercom system that among other things brings in the sermons from her church, and a typewriter. For many years she has remained the Sweetheart of the Lions Club, and each year they bring a party to her bedside. She is just another living, smiling proof that just because you are down doesn't always mean that you are out.

Just north of Estelline, Red River was blowing like the mischief in a due easterly direction.

Please don't question our spelling as we did mean Blowing and not flowing.

Our good friend from Tampa, Florida just about keeps me in books to read. Recently our mail brought his gift of a book containing the news highlights in the career of the well-known Lowell Thomas. It brought back many memories. Not long ago we sent Mr. Cummings the book "Shirttail to Hang To." After reading it he believes that he and Mr. Farley of Boys Ranch must have almost rubbed elbows during some of the battle of World War I. Mr. Cummings says they were then told that it was the war to end all wars. He might have thought so then, but now he says that: "So long as there are two men, one woman, and a dollar left in the world there will still be wars."

The above is very tragically true. One of my uncles used to say that the only way to do away with war was to change the whole nature of humans. On a television program recently one fellow remarked that the reason he had so little confidence in hu-

man nature was due to human nature.

It would be good if we could so live that even the undertaker would be sorry when we passed away.

Things just don't happen accidentally, someone has to give that needed push.

It is said that in 1776 only 6 percent of our people claimed to be Christians, and yet our country was moulded into a Christian nation by their influence, and even prayer was welcomed in public places. In 1964 almost 64 percent of the people

THINGS TO LIKE AND DISLIKE

ABOUT GIRLS:

In a recent survey boys stated the feminine traits they find attractive and unattractive in a girl. Several things were found to be embarrassing or aggravating: A girl who constantly interrupts conversation was one of the main complaints; a girl who fusses and is constantly afraid of the wind blowing her hair is also very annoying; boys, too, dislike girls who wear so much hair spray that her hair feels like a porcupine.

On the question of dating, boys tend to dislike a girl who goes to a dance with one boy and goes home with another and they certainly dislike a girl who makes it a habit of flirting with other boys. They like for girls to act natural and not to overdo the make-up or jewelry idea. They mostly want a girl to be herself and to never try to put on a false-front.

As for things boys really just can't take in a girl: an intoxicated girl is at the top of the list; one who is careless about her dress and personal cleanliness and is poorly groomed comes in second; boys dislike it, too, when a girl breaks a date without a

good reason. They like for a girl to let them know that they can not go somewhere, but never do they like for a girl to make up excuses or to lie. Boys, too, believe that honesty is the best policy.

ABOUT BOYS:

When the girls were asked what they disliked most about boys, they most frequently mentioned complaints that dealt with every day courtesy, and boys' tardiness in asking for dates.

Boys, too, know how to tell you how to look good but very seldom do they say when you do, complained a lot of girls. Girls dislike, too, the idea of boys thinking they can never do anything right. In a lot of cases girls agreed they can do better than the boys all put together.

Boys, too, that constantly are late and those who break dates are on many black lists. Steady boy friends also received their share of the criticism. Girls do not like for steady boy friends to be jealous and to act like they are a piece of their property.

Yet, whatever their complaints, all girls agreed that boys are nice to have around, and admitted that they would like to have a

few more.

The ideas for these articles were taken from The Skiff newspaper of the Texas Christian University in Fort Worth.

WHY DO I TEACH

"When I was asked why I started teaching, someone remarked that my family likes to eat, well that is perhaps part of the truth, but there are several other reasons, also," remarked Mrs. Grady.

I teach because I like young people and feel that they want something that I might be able to give to them.

I teach to see "once in a blue moon" that look of understanding and awakening that crosses a student's face.

I teach, too, because I receive so many other things that far outweigh the amount of money received.

"In other words, I teach because I like what is involved in spite of all the griping and fussing that I do," stated Mrs. Grady. "I consider teaching and being in the teaching profession a real pleasure."

WHY I TEACH

Mr. Hill said, "As a student in elementary school, I had a teacher that I admired and idolized. The greatest ambition I ever experienced was to become a person as much like this teacher as possible."

"Likewise, I enjoyed reading books and participating in games so school teaching fitted into the picture quite well."

At the advanced age of 17, I became a full pledged school teacher by attending Summer Normal and going to the county seat and taking an examination for a third class teacher's certificate. That was a long time ago.

In the mean time, at various periods in life, I decided that I would never get rich teaching school, so I branched out into various enterprises. I found I was never happy, and I always felt that what I was doing was of little importance compared to the work of teaching school.

WHY DO I TEACH

Mr. Brown stated that he entered the teaching field because it offered a better opportunity for a livelihood.

"After I got started in this work, I realized the great opportunity it was to be of service to the public," said Mr. Brown. "Teaching is a very important and honorable profession and I am very happy to recommend it to any young man or woman, who is concerned with the advancement of youth and the American way of life."

WHY DO I TEACH

Mr. Edgett stated he got the idea of becoming a teacher while in high school. He enjoyed band most of all and enjoyed playing in it. In his first year of college, he started as a history major, but then went to the service in 1942 and was discharged in 1946, which at this time he re-entered college as a band major. He says he likes the field of music and enjoys playing different types of music. He considers teaching music a real pleasure.

Hardin-Bell Vows Exchanged In Church Ceremony Saturday

Miss Linda Kay Hardin of Dallas, Texas, became the bride of Paul D. Bell of Wellington, Texas, in a double-ring ceremony at the First Methodist Church in Clarendon, Texas, Saturday evening, May 2. The Rev. J. V. Patterson, pastor, officiated.

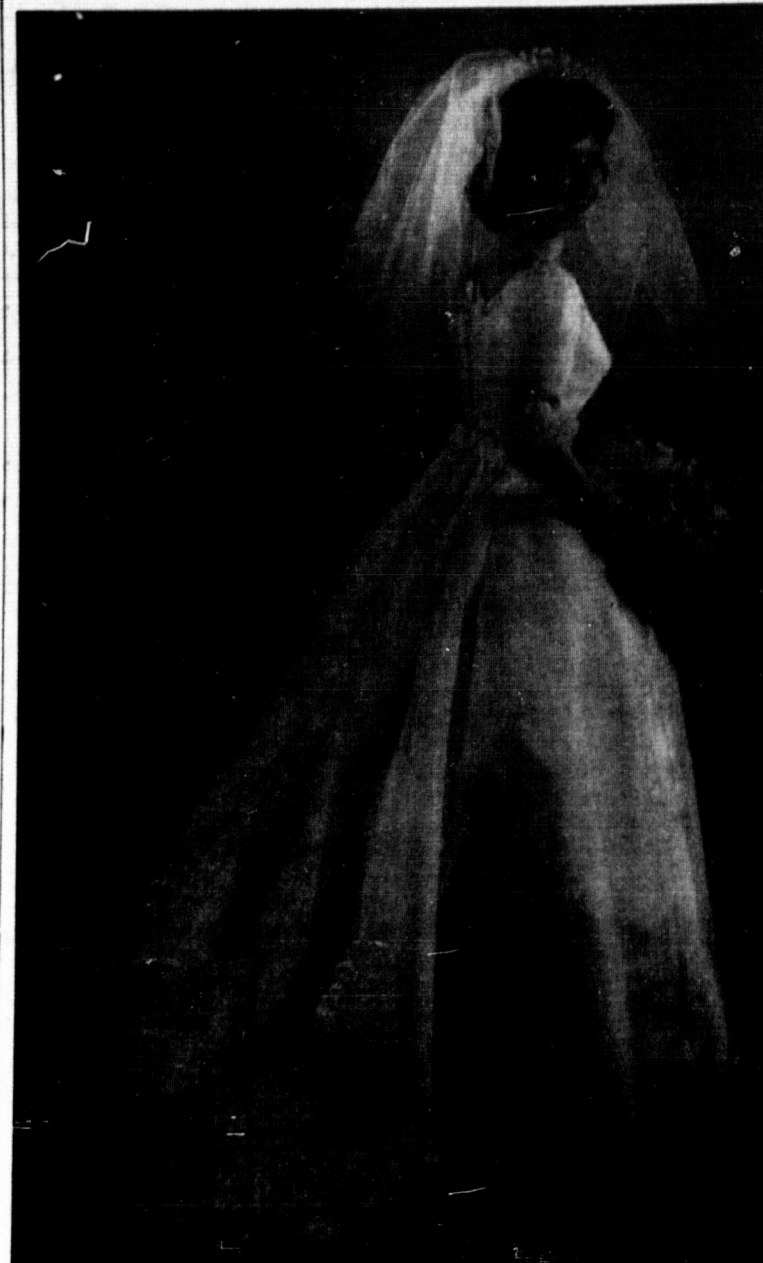

The bride is the daughter of Mr. and Mrs. Hall S. Hardin of Clarendon. Parents of the groom are Mr. and Mrs. Paul J. Bell of Wellington.

Vows were exchanged before votive lights in wrought iron candelabra which formed an archway completely across the chancel. Above the arch rose a fan-shaped arrangement of white gladioli. Emerald palms were used in the background decor and smaller arrangements of white gladioli interspersed with palms completed the setting. Aisles were marked with sprays of huckleberry and satin bows.

Mrs. Bill Williams, organist, played a nuptial prelude and accompanied Miss Cherie Cooper of Dallas, vocalist.

Candles were lighted by Cheryl Hardin wearing a white organdy dress and wristlet of blue frenched carnations, and David Hardin, wearing a white dinner jacket with boutonniere. Flower girls were Debra Wood of Wellington, and Shauna Hardin of Clarendon. They wore white organdy dresses fashioned with empire waists and butterfly sleeves lined with lace, and a white headband of chiffon roses. Each carried a white and blue basket of flower petals. Dana Bell of Wellington was ringbearer and carried a blue satin heart-shaped pillow encircled with lace.

The bride, given in marriage by her father, wore a formal length gown of white organza and net over taffeta. The bodice was designed in a long slim princess silhouette and featured the empire look. The delicate neckline was richly encrusted with Alencon lace and the long, fitted sleeves ended in points over the hands. The same pattern of ap-

MRS. PAUL D. BELL—nee Linda Kay Hardin

pliqued lace was sprinkled over the voluminous skirt which formed a chapel train to the back. Her veil of illusion was sprinkled with seed pearls and fell from a tiara of pearls and crystal. She carried a bouquet of white rosebuds surrounding an orchid.

Attending the bride as maid of honor was Miss Linda Miller of Dallas. Miss Kaye Brown of Dallas and Miss Jacquie Bell of Clarendon were bridesmaids. They wore identical floor-length gowns of azure blue silk shan-

tung designed with a semi-sheath silhouette and matching open pillboxes with a face-length butterfly veil. They carried bouquets of white gladioli.

Attending the groom as best man was Jimmy Garland of Clarendon. Groomsmen were Andy Bell and Carroll Nunnally of Wellington, Texas. Ushers were Jack Campbell of Amarillo, Quentin Hancock and Gary Vaughn of Lubbock, and Farris Wood of Wellington.

Mrs. Hardin, mother of the

bride, wore a blue silk linen dress with blue accessories. Mrs. Bell, mother of the groom, wore pink linen with pink accessories.

Immediately following the ceremony a reception was held at Patching Memorial Club House. Included in the house party were Miss Sharron Landman of Dallas, Mrs. Farris Wood of Wellington, Mrs. Jimmy Garland, Mrs. John Payne, and Mrs. Ann Karnes, all of Clarendon.

For the wedding trip to Colorado the bride chose a three piece suit with blue accessories and the orchid from her bridal bouquet.

The bride is a graduate of Clarendon High School and will be graduated in August from Methodist Hospital School of Nursing in Dallas. The groom graduated from Wellington High School and West Texas State University in Canyon. He is engaged in farming at Wellington.

DELTA KAPPA GAMMA
BIRTHDAYS CELEBRATED**

The 25th birthday of Gamma Kappa Chapter and the 35th anniversary of Delta Kappa Gamma society were commemorated at a luncheon program in the Community Building, Wellington, Texas, Saturday, May 2.

The program opened with a very impressive initiation ceremony followed by a luncheon. A two-tiered birthday cake with 25 candles formed the centerpiece for the head table. Candles were lighted by the retiring and incoming presidents. The invoca-

tion was pronounced and several original poems in tribute to the founders of both organizations were read.

Following the luncheon a candle-lighting ceremony in tribute to the memory of the 12 founders was led by Mrs. Lucile Naylor assisted by several members including Mrs. Hazel Brandon, Miss Ruth Richerson and others. The table was covered with a beautiful white cloth. Seven red and five white candles were arranged in a half circle for the living and deceased Founders of the Society. These candles were lighted from a tall, red taper in the center of

the table which was used as a symbol of the eternal flame lighted in the hearts of women educators by the untiring and inspiring work of the Founders.

The day's program ended with the installation of new officers. Miss Inez Blankenship accepted the gavel extended to her as an indication of her willingness to serve as Gamma Kappa president for the years 1964-66.

Clarendon teachers attending were Mesdames Velma Weaver, Hazel Brandon, Lucile Naylor, Misses Ruth Richerson, Inez Blankenship, and Edgar Mae Mongole. —Rep.

Mrs. A. J. Garland, retiring president, welcomed members and guests and thanked members and officers for their cooperation throughout the year. She presented each retiring officer with a lovely handmade apron. She then introduced Mrs. Bill Williams, incoming president.

Mrs. Williams as the new president appointed committees for the summer breakfast and picnic.

The program was presented by Mrs. A. L. Elliott of Wellington. She gave an interesting and informative discussion of the derivation and present meaning of words, some rather unusual and others common.

Attending were Mrs. A. L. Elliott and Mrs. Jack Moreman of Wellington; also Mrs. Jimmy Garland of Clarendon, guests and members Mesdames: B. C. Antrobus, E. S. Ballew, Homer Bones, A. J. Garland, J. LIBRARY NOTES:

EDITH BARNES

Another memorial gift has been given to the library dedicated to the memory of Mrs. Isabelle Smith.

The 1926 Book Club has given the library its generous yearly check. This is always in addition to the memorial gifts that it gives during the year. Thank you!

"The Great Treasury Raid" by Philip M. Stern is the story of: "How five people had incomes of \$5 million — but paid no tax. How one person had \$20 million of income — but paid no tax. How one oil multimillionaire has paid no tax since 1949. How movie magnate Louis B. Mayer was saved \$2 million by a special tax law all his own. How wives may be worth \$7 million to their husbands. How movie starts ward off the tax collector. How 'loopholes' cost the tax payers \$40 billion every year. How tax rates could be cut in half — merely by getting rid of these 'loopholes'."

"...Usually the layman con-

siders the tax law as totally beyond his comprehension. In 'The Great Treasury Raid' Philip M. Stern has deftly and entertainingly made the subject come alive for the non-expert. His aim as he puts it, has been to make the subject of tax loopholes intelligible to his wife."

In the preface to his book he has this to say: "For the expert and practitioners, the field of taxation is already brightly illuminated by the massive amount of technical literature which leaves me both humble and awed, and to which I do not pretend to have added new knowledge. But for the average citizen, this field is as dimly lit as any in the realm of public affairs. This book is addressed to those who may have cursed the darkness."

We don't even have to ask, what can I do about it, we know that if enough of us started agitating for tax reforms and kept at it we would have tax reforms. Author Stern sums it up beautifully: "either the public doesn't understand about tax preference or doesn't care about them, or both."

"One member of the Ways and Means Committee, the most vocally reform minded of the twenty-five, thinks it's the lat-

ter. 'The Average American,' he says, a bit regretfully, 'doesn't mind other people having their own loopholes — he only cares about getting his. So you shouldn't blame Congress or the Committee about what the Amer-

ican don't want. If we don't vote tax reforms its simply because there's no pressure for it."

Two more memorial gifts have been given to the library dedicated to the memory of Mrs. Carroll Hudson.

YANKIE THANKS VOTERS

I wish to thank all those who supported and voted for me in the primary election and want those who did not support me to know that I hold no ill feelings toward anyone. I enjoyed making the race and visiting with those I had an opportunity to see.

L. E. (Dock) Yankee

LEADER CLASSIFIEDS GET RESULTS

TO THE PEOPLE OF DONLEY COUNTY

I would like to thank my loyal supporters for their consideration and support in the first primary election, concerning my ability to serve as your Sheriff, Tax Assessor-Collector of Donley County. In the coming election, which will be June 8th, I will enter even with the odds against me, about three to one. It is only for the friends and supporters that I will continue the race, and will be a good winner, or a good loser.

During the first campaign many things were discussed in regards to the laxity of the Sheriff's Department in enforcing the liquor laws in the flats. Justifiable criticism is fine in your belief as to whether the liquor laws should be enforced stricter, or to try to sacrifice this strict enforcement in order to obtain a greater gain, as far as other law enforcements are concerned — for example, had it not been for a liquor violation, the case of a negro house burglary and attempted rape would not

have been secured without the violator's help.

There is never a place that an officer will not have to make a sacrifice in some manner, as far as the public is concerned, to obtain information to get the job done. As a whole, you as a good citizen may only see what is on the surface. If elected, I will do my best to control as best I can the liquor violations, and yet know what exists beyond liquor violations.

There also was discussion about the shortage in the Tax Office. Let me invite anyone who is interested to come into the office and investigate in any manner you see fit to try and verify such statements made by anyone.

I am proud of the last term of office. We have had less crime the last four years, and have worked hard. The Tax Office has made financial gain over the past years. I am proud of my help. They have worked hard. They have not pleased everyone, but have tried their best.

However, the coming election comes out, I intend to live here

the rest of my life. I like it here and so does my family. It is a wonderful place to live. I do not intend to make an extensive campaign, to shake your hand and then forget you after I am elected. This is not my way; you know me as I live each and every day.

Again, thank you for your support in the first election, and I will appreciate this consideration and support in the coming election.

Your friend,
Truett Behrens
Sheriff, Tax Assessor-Collector

TO THE VOTERS OF PRECINCT 3

I want to express my sincere thanks to all those who so loyally supported me in the first primary.

I will try to see everyone again before the second primary, and I will continue to deeply appreciate your support, influence and vote.

F. M. Murray
(Pd. Pol. Adv.)

Statement of BILL LOWE

I bow to the will of the people as expressed last Saturday and sincerely thank all who worked for and supported my candidacy for re-election. I assure them that I shall do my best to be worthy of their confidence by continued hard work for progress and good government during the remaining eight months of my office as County Attorney and in the years ahead in private law practice.

Irrespective of the votes cast and the ultimate result, I still consider all the voters of Donley County as my personal friends and I do not view the result as any personal affront to myself.

I have no regrets as I feel that I have faithfully and honorably fulfilled my duties to the people of this county in the many and varied responsibilities as their County Attorney. I have always done my very best in every effort that I have undertaken, and I hope that I may be as gracious in defeat as I have tried to be in victory.
