Suspension of USDA'S "plant for Pik" program averted loss for farmers

Suspension of USDA'S "plant-for-PIK" program averted at least a \$50-per-bale loss for cotton farmers, the National Cotton Council president said, Wednesday, August 3.

The suspension, announced by USDA, resulted from Council-supported legislation passed late last week by Congress and signed into law by President Reagan shortly before midnight Saturday, July 30. It requires the Department to reopen bids to acquire 1982 and earlier crop cotton to meet PIK obligations without the 7 percent cap that hobbled the previous bid program.

Council President Gerald Brewer explained that the new measure in effect prohibits USDA from forcing cotton growers who did not have sufficient loan cotton for their own PIK to sell their 1983 crop to the government at below-market prices.

"This also would have forced many of them to default on forward contracts which they had made with the expectation of receiving PIK cotton," he added.

Agriculture Secretary Block, in announcing reopening of the bid program in Washington, said offers to sell cotton to CCC may be

submitted without regard to any maximum bid percentage.

Brewer said USDA'S announcement concerning reopening of the bid program includes an option that could be especially helpful to producers who had already entered their 1982 cotton under the earlier bid program.

"As I understand it, these producers can now submit new bids at a higher rate and their earlier bids of up to 7 percent will be totally invalidated," the Council president said.

About 417,000 bales were acquired by CCC under the 7 percent bid program.

Brewer cautioned, however, that if the higher bid is not accepted, a producer would be expected to reimburse CCC at the loan rate for those bales received as payment under the earlier bid program.

The bid program is due to be reopened on August 8 and continue through August 24.

"Hopefully, this will mean that county ASCS offices should receive notification by September 1 as to whether an individual producer's bid is accepted," the Council president said.

SUSAN THOMPSON

Susan Thompson receives scholarship from ACU

Susan Thompson, the daughter of Marvin and Sue Thompson, has been signed to run track for the Abilene Christian University Lady Wildcats. Susan is a four year letterman for Clarendon where she ran on the sprint relay which holds the school record and the mile relay which set a new school record this year. She also ran the 100 meter hurdles

and participated in the long jump and triple jump. She will run the 100 and 400 meter hurdles for Abilene and triple jump. Susan will pursue a major in physical education and a minor in math education. She has also been accepted in the athletic training program and will be a certified trainer upon graduation.

School registration starts Aug. 16

Registration for the Clarendon Public Schools will be held on Tuesday, August 16, 1983.

Students in grades K-8 will register from 9:00 until 11:30 on Tuesday.

Students enrolling in Kindergarten will register in room D-104.

Students in the first grade will register in room D-102.

Students in second grade will register in room D-102.

Students in grade three will register in room C-115.

Students in grade four will register in room C-117.

Students in grade five will register in room C-120.

All new students should have grades and health records from the school they previously attended.

School lunches

The Clarendon Public School serves nutritious meals every school day. Students may buy lunch for K-5 at 75c and 6-12 at 80c and breakfast at K-5 50c and 6-12 at 60c.

Children from families whose income falls within the level shown on the scale are eligible for either free meals or reduced-price meals priced at 25c for lunch and 20c for breakfast.

To apply for free or reduced-price meals, please fill out application as soon as possible, sign it, and return it to the school. Please answer all questions on the form. An application which does not contain the total household income, the names of all household members, social security numbers of all household members 21 years or older or a statement that the household member does not have one, and the signature of an adult household member cannot be processed by the school.

VERIFICATION: The information on the application may be checked by the school or other officials at any time during the school year.

REPORTING CHANGES: If your child is approved for meal benefits, you must tell the school when your household income increases by more than \$50 per month (\$600 per year) or when your household size decreases.

REAPPLICATION: You may apply for benefits at any time during the school year. If you are not eligible now, but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

FOSTER CHILDREN: If you have foster children living

with you, they may be eligible for these benefits. If you wish to apply for these benefits for them, please contact the school and they will help you complete the application.

NONDISCRIMINATION: Children who receive free or reduced price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 202050.

FAIR HEARING: If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing the following officials: Jeff L. Walker, Superintendent, P.O. Box 610, Clarendon, TX 79226, phone number 874-2062.

CONFIDENTIALITY: The information you provide will be treated confidentially and will be used only for eligibility determinations and verification of data.

HELP WITH APPLICATION: If you have any questions or need help in filling out the application form, please contact the elementary or high school principal. You will be notified when the application is approved or denied.

Hightower disappointed with wheat program

Congressman Jack Hightower said Thursday, that he is disappointed with several aspects of the administration's 1984 Wheat Program recently announced by Secretary of Agriculture John Block. The program requires wheat farmers to idle up to 50 percent of their wheat acreage. Hightower believes the administration's program will not help to decrease the tremendous wheat surplus which still gluts the market and is preventing wheat producers in the 13th district from obtaining a reasonable price for their commodity.

"This program is not likely to reduce our wheat supplies, and will, in all probability, allow those surpluses to increase," Hightower said, referring to USDA statistics which indicate that surpluses could increase by 100 million bushels even with this acreage reduction program. "If farmers are ever to receive a fair price in the marketplace, and the cost of farm programs reduced, then we must seriously address the problem of price-depressing surpluses," Hightower said.

Hightower pointed out, as another weakness of the 1984 wheat program, the fact that it will "do little if anything to prevent a further decrease in the net income to wheat producers. I know that wheat farmers in the 13th district would prefer to obtain their income from the marketplace, rather than from any type of government program," Hightower said. "This program will simply not allow that," Hightower pointed out, referring to USDA figures showing a potential drop in net producer returns of \$1.7 billion in 1984 for the nation's wheat producers. Hightower said he did not believe producers would be satisfied with a farm program that would not help to reverse the downhill trend in producer income which is contributing to the current depression in the agricultural sector of our economy.

Hightower went on to say that he was very upset with the confusion which the secretary has caused by not announcing definite details. "The secretary is trying to force the congress to act on

the target price freeze legislation before he will announce the final details of the wheat program," Hightower said. "The secretary has assured me several times in the past that the wheat program announcement would not be tied to the outcome of other farm legislation. It's unfortunate that he is using these tactics which only create uncertainty for our producers. This only serves to reduce the overall

effectiveness of the program because farmers must proceed with planting decisions within the next few weeks, and late announcements tend to reduce farmer participations," Hightower

said. "I hope we can avoid the program of a late department announcement for the 1985 program," Hightower said, referring to legislation which he is co-sponsoring requiring an announcement by July 1, 1984.

If you do not have a church home at present, please remember there is a place for you at the Assemblies of God in your community.

Two-a-day football practice underway

It's football time again. The Clarendon Bronchos began their 2-a-day workouts last Monday morning with 47 young men eagerly taking the field in hopes of developing into a district champion football team. The Bronchos are working out at 8:00 each morning and 6:00 each afternoon as they prepare for their first scrimmage with Stratford on Friday, August 19. The following Friday, the Bronchos will scrimmage Wheeler. The regular season opens with the Bronchos hosting Canadian on Friday, September 2.

The enthusiasm of the team and coaching staff is very high and everyone associated

with the program is very optimistic about the upcoming season. The Bronchos have a number of returning starters both offensively and defensively and also have some promising newcomers from last years junior varsity and junior high teams. This combination of experience and youthful enthusiasm should mix very well as the Bronchos try to blend all the ingredients together for a

championship season. Come out and watch these young men in workouts and the scrimmage. They are open to the public and your support will be greatly appreciated.

Domino champs sought
It has been said that there is no domino champion to equal Genoa Lowe. Raymond Hinkle is right up there with the quickest players and Polly Schull had rather lay her hand down and call "84" than eat. Verdine Herrington is a mean player and not one of them has been challenged!

Who is the best 42 player? Is there a domino champion? Is there dominos after death? Who knows but the domino sets are molding away in the drawers, these players are languishing away with spots before their eyes and little murmurs of "your bid" or "a domino laid is a domino played" coming from their lips.

Where is the Donley County 42 champion? Who is the domino champ? Where have all of the players gone?

Come to the Donley County Senior Citizens Center and re-discover this exciting new game. Discover other fanatical players as well.

Helping Your Doctor Keep You Alive

SMOKING: WHAT YOU SHOULD KNOW

Smoking is the Number 1 risk factor for heart disease. The risk of heart attack is doubled in heavy cigarette smokers.

Fortunately, if you stop smoking, the risk decreases almost to the same level as for people who have never smoked.

If you have any questions about heart disease, see your doctor.

Letter to the Editor

"I was born in Clarendon August 1, 1911. Bad health made me move to Utah where I have many relatives, so my sister could look after me. We live by ourselves in the apartment of a duplex. I take my hometown paper, The Clarendon Press. I read every word of each issue and quite awhile ago I began noticing little items on 'Mormans. I wondered who was writing them and then I saw The Church of Jesus Christ of Latter Day Saints listed with the other churches and your name, Katie Dvorak. It made me so happy.

In 1976 when I told my friends that I was moving to Utah, the nicest thing that was said to me was "You will end up being some old Mormon's fourth wife."

Well, I didn't do that as you know, but I was converted, baptized, confirmed and accepted into the church. I got my Patriarchal Blessing soon after and have talked during Sacrament service and have borne my testimony twice. I am very happy in my church.

I am so happy to see the church being established in my home town. Is there anything I can do for you? I'd like to.

I wanted to believe I was the oldest convert in church history at almost 72. I called the Church History Office in Salt Lake City and found there are many older than I converted to the church.

God bless you and your work.

Sincerely,

Bernice Womack

Mrs. Willie Johnson is in Hall County Hospital. Willie had surgery. She is in room 41.

Mrs. N.W. Jeffers is in the hospital in Amarillo.

Mr. Henry Moore is in the hospital in Amarillo.

Mr. and Mrs. Thapton from Waco and Mr. and Mrs. Otis Owens flew to San Bernardino, Calif. for a family reunion.

Jerry Don and Judy Davis of Canadian left Sunday for Brazil on a missionary trip for 20 days. Judy is the granddaughter of Ausil and Pie Adamson.

Nine DeBord cousins, their spouses and children met in Thompson Park, August 7, 1983 in Amarillo for their annual picnic. Everyone had a good time. It was with regret that our oldest relative Aunt Nannie Watkins, was in the hospital and couldn't be with us. We hope and pray that she will be better soon.

A bountiful meal was placed on the tables by noon and everyone partook there of literally.

Those attending this year were: Mr. and Mrs. Clarence DeBord, Mr. and Mrs. Lawrence DeBord from Stratford; Erwin DeBord, Canyon. From Amarillo were: Mr. and Ms. Melvin DeBord and son, Mr. and Mrs. Kenny DeBord and daughter, Mr. and Mrs. Clifford DeBord, Mrs. Bonnie Reeves, Mrs. Elsie Burdine and Touena Montgomery, Mrs. Era Bell Hanson and Mrs. Juanita Watkins, Mr. and Mrs. Neal DeBord, Kim, Leslie and Tammy, Mrs. Maxey Hawkins. From Dumas were Mr. and Mrs. Byron Carey, Cheryl, Bill and Tammy. Also attending were Mr. and Mrs. Ray DeBord, Pam and Nathan, Hurst; Mr. and Mrs. Elmer Dishman, Lelia Lake; Burk DeBord, Ashtola; Mr. and Mrs. Slats DeBord, Hedley.

Saturday, July 30th, 1983, children of the late J.W. and Hester DeBord and their families met on the creek belonging to Slats DeBord for a reunion. These people came from various towns and states to enjoy this get-together. By the noon hour, a scrumptious meal had been placed on tables underneath the trees. After Don Willingham expressed thanks for our food, everyone ate heartily of the good stuff before them.

The afternoon was spent playing ball, dominoes, singing, running up and down the creek or just sitting talking over old times.

As the departure time came, everyone that was hungry ate again before going home. Our goodbyes were "Let's do this again next year" and if the Good Lord is willing we will.

On Sunday those who didn't go home all went to Church of Christ and all sat together in the choir or on the east side of the building. This helped our congregation a great deal as several of our members were absent that day. Don Stone gave us a good lesson.

The out of state visitors were: Mrs. Janice Sweitzer and son Michael, Ontario, Calif.; Craig Hickey, Ocean-side, Calif.; Mrs. Loneita Howard, Anthony, NM; Mr. and Mrs. Waldo Emerson, Mr. and Ms. Joe Emerson and son Smokey Joe from Cordell, OK. Folks from other towns included Dewey, Ellen and Billy Mack DeBord Sunray; also Miss Melanie Arnett; Jeanie and Shorty East, Rexie and Gene Greer, Bridgeport; Carrol, Barbara, David and Missy Hickey, Arlington and also John Griffen; Elvin and Vera Hickey, Anthony, TX; Edith Willingham, Amarillo; Don Willingham, Stinnett; Troy, Connie Lee, Cory and Brad, Amarillo; Connie and Mah-dene DeBord, Slats and Peggie DeBord and Kenneth Word of Hedley.

Tri State Fair

The 1983 Amarillo Tri State Fair, September 3-10, has something for all ages to see and enjoy. A special day has been set aside for the older citizens of the area. On Thursday, September 8, a medicare card will admit the holder to the fair free of charge until 5:00 p.m. At 1:30 p.m. the same day, a program of free entertainment and door prizes has been arranged for the enjoyment of the senior citizens in attendance. All citizens of the tri-state area who have a medicare card are welcome to attend the fair and entertainment as special guests on Thursday, September 8.

Sunburn in U.S.

Each year two million people in the United States suffer some degree of sunburn. One out of two in the Texas Panhandle will be a victim of this soft tissue injury. The depth, degree and treatment of these injuries is important in order to prevent further injury or complications, says Kenda Wilde a Paramedic in Amarillo.

A first degree burn is limited to the most superficial layers of the skin. It produces redness, swelling and pain. According to the Amarillo Emergency Receiving Center, a cool tub of water with one bottle of Alka-Seltzer added will relieve some of the swelling and pain. If followed by baby lotion, peeling of the outer dermal layers will be minimal.

A second degree burn produces pain and blistering. Severe pain is characteristic of these burns because nerve endings are irritated and hypersensitized. Watery blisters may occur at the site or sites of the burn. Immerse the burned area in cold water or apply cold dressings to the burn. There are some key points to remember in burn treatment warns Kenda. Never put sprays, salves, butter, ointments or creams on burns. Never rupture blisters. If you are unsure about the depth of the burn, the severity or the extent of the burn the person should be seen in a medical facility.

Following these few rules, a sunburned victim can often relieve the pain without causing damage to the skin or underlying tissues. Of course, the best medicine is prevention states paramedic Wilde. Protecting yourself with sun screen and covering up will prevent serious sun burns.

NOW. A REFRIGERATOR THAT DOES SOMETHING YOUR OLD ONE CAN'T.

PAY YOU BACK.

If you own a frostless refrigerator 10 years old, or older, you can't afford to keep it. The reason? The rising cost of energy. Yesterday's refrigerators simply weren't made for today's energy costs. Today's Frigidaire Frost-Proof Refrigerators are. In fact, they're so energy efficient they'll almost pay for themselves.

To prove that, we've prepared the above chart. It shows how much money you'll save on energy, in just 10 years, by replacing a 10 year old 17.0 cubic foot Frigidaire Frost-Proof model with the new 18.0 cubic foot Frigidaire Frost-Proof model in this ad. (Even if your old refrigerator is another brand, your savings will probably be just as much, or more.) *Based on Frigidaire Engineering Analysis. Full details available.

So come in today. Let us show you the entire energy-saving, money-saving Frigidaire story. And take home the refrigerator that pays you back.

The Easterling family reunion was held this weekend at the Ashtola Community Center. About 35 people stayed the night Saturday and about 75 people were there for lunch Sunday.

Evelyn Tolbert returned from High Plains Baptist Hospital Wednesday and was admitted to Hall County Hospital Thursday. She returned home Monday evening.

Brother Robert Shanler of Tularosa, NM preached Sunday at the Martin Baptist Church.

Marcia Davis and Carrie Sue of Stratford spent the weekend with the Skeet Browns.

Mary Green and Ellen Patterson made a business trip to Amarillo Friday.

Gladys Blackburn visited Saturday with Mr. and Mrs. Lloyd Risley as she picked up Teresa Risley.

Alene Partain, Dora Joiner and Florine Bennett shopped in Memphis Monday.

Wednesday, Mr. and Mrs. Bill Lester of Phoenix, Arizona visited the L.A. Watsons. They all went Wednesday night to Groom to visit the Hap Watsons. Thursday the group visited Mrs. Jerry Bowles in Plainview.

Ava Naylor was moved from the Clarendon Nursing Home to North West Texas Hospital Saturday night. She had surgery planned for Tuesday on a damaged hip.

Leane Thornberry of Memphis picked up Trish Sunday at the Lloyd Risleys and got in a visit with the Risleys.

Kathy, Danny, Brock, and Kala Holland, Horace and Naomi Green, Ellen and Tiffany Patterson, Burk DeBord and Macey were among those who attended a Surprise Birthday party in the Larry Green home Saturday afternoon. Larry and the kids hosted the get together in honor of Shirley's birthday.

The Skeet Browns grandson, Fred Fink of Lubbock spent the weekend with them and attended Groom Days.

Mr. and Mrs. Carol Finley (Doss' brother) of Canyon, Mr. and Mrs. Hershel Finley of Portland, Oregon, Mr. and Mrs. Leroy Holly of Artesia, NM and the Richard Holly family of Tularosa, NM visited Sunday with the Doss Finleys. The Finley family reunion was going on at Clara and Doss did not get to attend. However about 38 others did make it.

Jo Schollenbarger of Palisades, Lacy and Mary Lee Nobles and Lloyd and Melba Risley attended "Texas" at Palo Duro Canyon on Monday evening.

Tuesday night's musical get together in the L.A. Watson home included: Mr. and Mrs. Bud White, Jerry Chambliss, Mr. and Mrs. Falin Watson, Mr. and Mrs. Delmar Wiggs and Billy, Carlene Hollar, Mr. and Mrs. Bill McGarity of Bay Town and the Larry Watson family.

Mrs. Skeet Brown reports that an area near Groom received about 1/2 inch of rain last week.

About 45 people attended the Tolbert family reunion at the Panhandle Ag. Barn Sunday. The Clifton Elliotts, the Tommy Elliotts, and Mrs. Daisie Wilkerson were among those from Clarendon that attended.

Doss Finley went to Hall

County Hospital Saturday night. He returned home Sunday and went to the doctor in Amarillo on Monday. At the time of this report we did not have any news on his condition.

The L.A. Watsons visited with several out of town relatives Saturday evening in the C.I. Casteel home.

SUMMER DRIVING

Summer driving places more demands on the family car than almost any other time of the year—it is traditionally driven more for pleasure, which usually means that it is loaded down with extra passengers, luggage and all of the other accessories needed for vacation travel or weekend excursions.

And, as more and more owners of today's smaller, or down-sized, cars are realizing, that family car just doesn't drive the way it used to when carrying an extra load and tends to lose handling ability, frequently "bottoms-out" and "sways" around turns.

Many of today's cars simply weren't designed to handle the extra loads that most of us are accustomed to placing in our cars for en-

joyable weekend or vacation travel. But you don't have to sacrifice ride and comfort to carry more passengers and more luggage this summer. There are several types of suspension systems which can more

than compensate for your small car's lack of carrying capacity.

Air adjustable shocks and spring-assist shocks, for example, both increase load carrying capacity and are ideal for hauling boats, trail-

Free Things To Write For

Good news for older Americans is that the answer to many questions they may have can be found in booklets that are available for free. For instance:

• If you have a legal problem, you can get free information from the National Senior Citizens Law Center, 1709 West 8th Street, Los Angeles, California 90017.

• If you're looking for a retirement residence, you might like to send for a free booklet about one that's recently raised its roof to make room for more senior citizens. Near New York City and right on the beau-

tiful Long Beach Boardwalk, is King David Manor, 80 West Broadway, Long Beach, New York 11561, or call (516) 889-1300.

• If you're interested in working as a volunteer, you can write to ACTION, Older Americans Volunteer Programs, Washington, DC 20525.

ers and campers. However, both of these specialty shock absorbers do not appeal to every driver.

Now, however, there is a new type of suspension system that answers the need under loaded conditions while at the same time can be used under light loads without sacrificing comfort and handling.

Called the Gabriel Double-Duty Shock Absorber, it uses a combination of two springs. Double-Duty's unique spring action reduces vehicle sway and prevents

bottoming out when the vehicle is heavily loaded, yet

offers a soft, smooth, comfortable ride under normal driving conditions.

Whether you intend to use your car for hauling all summer long, or simply want to have the reserve capacity for the occasion-

al summer trip or vacation, consider adding Double-Duty shocks.

TSTA submits proposals for education reform

The 95,000 member Texas State Teachers Association recently submitted a comprehensive proposal for education reform in Texas public school to the Select Committee on Public Education, chaired by H. Ross Perot of Dallas.

Dale Young, new TSTA president, said the reform proposals represent the views of the majority of the state's teachers on the direction educational improvements should take.

Included among the many recommendations for reform are calls for higher standards for students, teachers and administrators; better salaries for teachers; state mandated discipline policies; return of grade integrity and teacher authority; the revamping of teacher and administrator education programs; and strong educator evaluation systems.

"Ultimately, the success of any reforms will depend upon the classroom teachers'

ability to implement them," Young said. "For this reason, it is critical that teachers' needs and views be solicited in every step of the process."

Young, an instructor in the College of Education at Texas Christian University, said the most pressing need for immediate reform is in the area of teachers' salaries.

"There is a clear and immediate need to raise all teachers' salaries by at least 24 percent over the next two years because the current shortage of qualified, certified teachers in Texas constitutes a genuine emergency," he added.

The president said TSTA cautions the Select Committee and the public to be wary of merit pay schemes which are touted by many to be "cure alls" to the many problems in education.

"While a case for some form of master teacher or merit pay certainly can be made, we must recognize that it will not solve the teacher shortage; it will not address the need to alter our manner of educating potential teachers; it will not speak to the need for reformed instructional environments; it will not alleviate the slipshod and irresponsible manner in which too many educators are presently evaluated; and it will not weed out incompetent educators."

"Various versions of merit pay plans have been tried by a few states and numerous school districts throughout the country for many years and all have failed," Young said.

TSTA has asked the Select Committee to "look hard" at the quality of teacher evaluation in most school districts before preparing any recommendations on matters such as merit pay.

The group calls for sweeping reforms in the process of preparing teachers to teach and administrators to manage the schools, state-mandated discipline policies, funding for high quality materials, including computer hardware and software and funding formulas for determining class sizes and student-teacher ratios.

The Comptroller of Public Accounts for the state of Texas, Bob Bullock Director, has prepared statistics from all the school districts in Texas. The 1982-83 actual salaries for selected positions by district and other educational data.

Clarendon: general superintendent, \$35,068; full-time elementary teachers average, \$18,946; full-time secondary teachers average, \$17,981; average daily attendance, 533; and the ratio of administrators to teachers, 1-8.

Claude IDS: General Supt. \$37,198; full-time elementary teachers average \$16,457; full-time secondary teachers average, \$18,203; average daily attendance, 307 and ratio of administrators to teachers, 1-4. Hedley: General Supt., \$28,488; full-time elementary teachers average, \$17,640; full-time secondary teachers average, \$17,245; average daily attendance, 99. Memphis: General Supt. \$35,558; full-time elementary teachers average, \$16,070; full-time secondary teachers average, \$15,972; average daily attendance, 578.

Panhandle: General Supt. \$41,000; full-time elementary teachers average, \$20,148; full-time secondary teachers, \$21,271; average daily attendance, 645.

Wellington: General Supt. \$34,368; full-time elementary teachers average, \$16,464; full-time secondary teachers average \$21,225; average daily attendance, 666.

WATER FACTS AND FANCIES

Here are a few facts about water that you might like to add to your flow of conversation.

For instance, few Americans may realize it, but we're the world's greatest consumers of fresh water. If you include industrial use, the average consumption of water in the U.S. is some 1,855 gallons per person per day.

That's good, say physicians. Drinking plenty of water is good for your health. It's also good from an

economic point of view. One of the best bargains you can buy is safe, clean drinking water. The average price in the United States is only \$1.03 per thousand gallons, about ten gallons for a penny. Water is by far the least expensive utility.

Actually, the water itself is free, points out the American Water Works Association. What you get billed for is the cost of gathering, treating, storing and distributing it.

Many people consider fresh, pure water well worth it.

Child's Play: Back-To-Basics Games Provide Learning And Hours Of Fun

With the resurgence of interest in back-to-basics children's toys, card games are stronger than ever. They're becoming particularly popular among families looking for value and educationally sound products for their children.

Marketing figures reflect this trend back to the basics in children's games. From traditional games played with 52 cards to contemporary games like UNO, the

country's number one-selling card game, they are designed to utilize a child's ability to organize.

Ms. Laber offers some tips for playing card games with children:

- Make sure the child understands the directions. Run through several practice games so the child can see why you're playing the way you are.
- Share scorekeeping.

TSTA submits proposals for

Obedience Competition

- Take turns dealing, or award the deal to the winner of the preceding hand. Encourage sharing responsibility.
- Encourage the child to progress in his or her strategy. Children need to know that persevering and continuing to try will bring positive results.
- Don't play too long. Be alert to the sign that the child's attention is wandering.
- Let the child know it

was fun to play with him or her and don't let too much time elapse before you play again.

In the event of a child's catastrophic response to losing, Ms. Laber says to continue playing with the other players and then talk to the unhappy child individually.

"It is important to let the child know you understand his or her frustration. But do not reward the behavior and do not interrupt play.

EMS Meeting

The Clarendon EMS Association will hold its regular monthly meeting at 7:30 p.m. on Monday, August 15 at the home of Delbert Robertson. All interested persons are invited

to attend. We welcome Steve Smith ECA, as a prospective new member of our association. Membership is open to anyone interested in learning more about EMS whether or not they are certified.

Letter to People of Clarendon

Hi Ya'll!
 We are the Hofmanns, Bruce, Dorothy, April and Tippy.

We are serving as minister to the First Christian Church, 3rd and Gorst here in Clarendon, TX.

We came from Milton, Iowa. It is sure good to be living here in Clarendon.

I am a country boy, being raised on a farm in Wisconsin, my wife is from Los Angeles, Calif.

We will be looking forward to meeting you.

I believe you will find our ministry somewhat different. We try to specialize in "P.B." prevent burnout, you ask, what is "burnout"? Here are some of the many symptoms in phases; we are sick of, fed up with, too much of, too long with, can't tolerate it.

We work at the root of the problem. How? Our Lord wants people to serve because they see a need to serve, thus we equip Christians to serve in a small capacity, then on to a greater capacity as they learn to handle and not become tired. It is not just dumped on them because they felt the need to volunteer.

As that need is met, or burnout symptoms occur, we move on to a different need.

We are not stuck with the same task. Each area stimulates and causes EPH. 4:16 us to grow in Christ as He directs and we follow.

Another area to prevent burnout is Rom 1:16, 17. Being fed by Gospel preaching and constructive Bible study designed to help us not only know the Bible but also the Christ who is in it.

SO, are you "burned

out"? You may or may not have a good reason.

If this ministry sounds like something new, it isn't, it is a method I have found meets your needs.

Give our Lord another try by adding a flame to that old spark.

Jesus availed himself in many areas and enjoyed them all.

Also if you have any needs, please call me.

The Lions Tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall with 23 members, Lion Sweetheart Jessie Adams and 4 guests present. Following the regular opening ceremony, Liontamer Messer introduced Roger Estlack who was the guest of his father Allen, Brent Crowover, a salesman from Amarillo who was the guest of A.R. Henson and Bruce Hof-

mann, minister of the First Christian Church.

Boss Lion Henson made several announcements. The Annual Lions Pancake Supper will be on September 2nd.

Christian Fields is attending the Lions Crippled Children's Camp at Kerrville this week and is being sponsored by our club.

We enjoyed a musical program presented by Jimmy Adams and Jerry Chambliss and the meeting was adjourned.

Howardwick News

By ALICE HOOD

Margaret Pettit and Lucille Boren visited Elizabeth Maxey Friday at High Plains Baptist Hospital in Amarillo. Mrs. Maxey is in critical condition at this time. Our prayers and thought are with her and Mr. Maxey.

Elenor Crossland is on the sick list but was up and about a little while Sunday. She will be going to the doctor Tuesday. We wish her a speedy recovery!

Chris Major of Amarillo is visiting his grandmother, Alice Hood, this week.

Billie Don and Vernon Watkins has granddaughter, Stacie visiting for three weeks and will have grandson, Douglas, visiting for three weeks. They are from Odessa.

We have all enjoyed our grandchildren this summer. School is around the corner

and they're starting to school once more and grandparents will be waiting until summer rolls around again.

The lake was beautiful this weekend. Many pretty boats on the water. There was so many comments on the bright colored tall sail catamaran. Beautiful black, orange, red and white sails! The colorful catamaran belongs to Dr. Louis Hayden and wife Rose Marie. They are neighbors to Joe and Margaret Wells. Joe goes out on the lake with them.

Hulon and Eva Bright celebrated their 25th wedding anniversary Monday in Amarillo. Happy anniversary!

Lucille Boren and Margaret returned to Amarillo Monday to be with Elizabeth Maxey.

you and the LAW
 PRESENTED BY THE STATE BAR OF TEXAS

Q: I have never known how the citizens' arrest law works and under what circumstances it is applicable in Texas. Can I go out and stop someone whom I see breaking the law?

A: Ordinarily, if a felony or breach of the peace occurs in your presence or within your view and you see it occur, you may arrest the person who did it. You can rely only on what you see and hear, not on what someone tells you. And you have no right of pursuit to make the arrest.

You should exercise care in using your power of arrest. If the situation is bad enough to permit you to exercise the power, you probably need a trained officer. On the other hand, if a magistrate orders you to serve an arrest warrant and you accept the duty, you must make the arrest. And if a peace officer orders you to

assist in an arrest, you must do so.

Q: Are Mexican divorces recognized in Texas?

A: The law of the nation granting the divorce determines whether the divorce is valid. That is, you must meet jurisdictional and procedural requirements for the court to have power to dissolve the marriage.

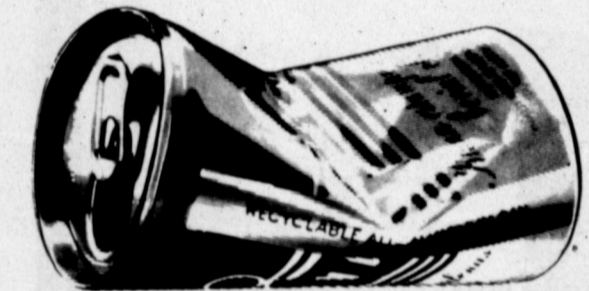

A foreign jurisdiction — be it another state or nation — may have the power to end the marriage, but it would not have jurisdiction over property located in Texas. There are also many conflicting cases on whether such a divorce can dispose of other questions, such as custody or division of debts.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78712. Answers may appear in columns in hypothetical terms. Personal answers not possible.

UNPAID TAX TO BE COLLECTED
 Notices of combined delinquent taxes due for all of Donley Appraisal District's participating Tax Bodies will be mailed soon. These notices precede tax lawsuits and seizure of property to satisfy unpaid delinquent taxes, interest and penalty.

Although delinquent notices have been sent to property owners each year by each of the previous tax offices, there are some 1,900 properties on which remain some amount of delinquent tax. People who do not pay their taxes place an undue burden on other taxpayers; over 90% pay their taxes when due.

All of the property tax collected stays in this community to supplement the budgeted local services. None of the Ad Valorem Tax dollars to State or Federal uses.

Mauro announces Veterans Land Board Collections

Texas Land Commissioner Garry Mauro announced that approximately \$232,000 in delinquent payments to the Veterans Land Program have been collected since June 24 when the Veterans Land Board ordered 250 delinquent tracts of land forfeited. Delinquent contract holders were given until July 22 to clear their accounts for reinstatement by the Board to avoid being included in a forfeited land sale on September 30.

Mauro, who serves as Chairman of the Veterans Land Board, said, "My decision to pursue an aggressive delinquency collection policy has been a success. In just six weeks since the forfeiture action was taken, approximately \$232,000 in past due payments have been collected and approximately 150 of the delinquent accounts have been cleared and reinstated."

Jack Rains, Veterans Land Board member, commended Mauro's decision to pursue an aggressive delinquency collection policy, saying, "Both Texas veterans and taxpayers will benefit from Mauro's insistence on instituting sound business practices to run this program."

An order for sale notice was issued by the Board July 22 on approximately 100 delinquent contract holders' tracts that remain in arrears.

"In order for the Veterans Land Board to continue offering generous terms to our veterans, a strong delinquency collection policy must be maintained. Some loans on this list were as old as four years with no payments made. If we are going to continue to close loans in this program in 90 days, payments will have to be made on time," Mauro said.

"By reducing the number of delinquent accounts, additional money will be provided for new loans to Texas veterans who are

Board of Aldermen

The Board of Aldermen of the City of Clarendon met in regular session on July 26, 1983, in the Board Room, City Hall at 7:30 p.m.

Members present were Mayor James Kuhn, Aldermen J.G. McAnear, Lloyd McCord, and Gene White.

Members absent were Aldermen James Sharrar and Richard Bell.

Others present were City Secretary Donna Edwards, Jim Roberts, and Steve Woodall of West Texas Equipment Company.

Minutes of the July 12, 1983 meeting were read and approved.

Discussion followed concerning the need of the City to obtain a new motor grader. After talking with Mr. Stever Woodall of West Texas Equipment Company, motion was made to lease a motorgrader from West Texas Equipment Company for \$800.00 per month. Motion carried to advertise and take bids for the City's motorgrader.

Motion carried to grant the City employees a \$50.00 per

month salary increase effective October 1, 1983.

The tax rate for 1983 was discussed. Motion carried to propose a tax rate increase of 8% over last year's tax levy. This proposal will be advertised twice in the Clarendon Press and a public hearing on the tax rate will be held August 16, 1983, at 7:30 p.m. at City Hall.

After a discussion of setting City policy concerning how far the City will extend water and sewer lines, motion carried to make it City policy that the City will run water or sewer lines one hundred feet (100') per meter or customer from the nearest 6" main. If a customer needs to run a line a greater distance, the customer will be responsible for paying for the rest of the line needed after obtaining a cost estimate from the City Superintendent.

There being no other City business at this time, motion carried to adjourn.

Martin Quilting

On June 16, the Martin Quilters met in the home of Hazel Edens. Members present were: the hostess, Melba Risley, Marie McCracken, Jo Hardin, Leane Thornberry, Ann Bunyan, Ruth Mandrosky, Mary Lee Noble, Flossie Reynolds, Diana Clark, and Dixie Ward. Guests included Jo Schallenbarger, Net Salmon, Flora Johnson, Renee Hardin, Andrea Hardin, Seth Thornberry and Amanda Ward. One quilt was completed along with a lovely luncheon enjoyed by all. The next quilting will be on the third Thursday in September.
