Donley County Fair Friday and Saturday

Bronchos Meet Claude Mustangs Here Friday Night At 8:00 P. M.

The Clarendon High School Bronchos, smarting from their stinging defeat at the hands of the Gruver Greyhounds at Gruver last week, will play host to the Claude Mustangs at Broncho Stadium at eight o'clock Friday night. Both teams will be looking for their first win of the young season as Claude also tasted defeat last week, a 12 to 6 trimming at the hands of Silvertown.

Coach Jack James of the Bronchos was thoroughly displeased with the showing the Bronchos put on at Gruver last Friday night. Workouts have been long and hard this week and a few changes have been made and the coach feels that the boys will look a little better this week. However, since many of the boys are inexperienced and they are having to learn a new offense this year, the showing against the strong Greyhounds had its bright spots. The Bronchos completed four of six passes for a total of 118 yards and they gained 128 yards rushing against the strong Gruver line. They lost the ball on numerous occasions by fumbles and lost 70 yards on penalties. The coaches feel that they are sure to improve and not continue to make those glaring errors.

The coaches were fairly well pleased last week with some of the work of the Bronchos. Jerry Elmore and Robin Green played well on offense and McAnear's ball handling was acceptable. He didn't get a chance to do much passing since he is still having trouble with his arm which was injured recently in workout. John Grady and Teddy Graham also did fairly well on offense and Larry Gray, Kenneth Price and David McBrayer played well in spots on defense.

The probable starting line-up for this week's game is as follows: Danny Ray and either Dee Hudgins or Lester Welch at ends; McBrayer and Gray at tackles; Jerry Taylor and Billy Hearn at guards; Kenneth Price at center; McAnear at quarterback; Graham at fullback; Elmore at tailback and Green a wingback.

In the backfield, Elmore is being switched from fullback to tailback in order to take complete advantage of his speed and power since the tailback is the main running back in the winged-T offense. Teddy Graham is a new starter in the backfield replacing John Cearly and Kenneth Price, an up and coming sophomore, has at least temporarily nudged senior Steve Richerson out of the center position and David McBrayer is replacing Steve Shelton in the line.

YOUNG FARMERS TO MEET TUESDAY

Handicap Golf Tourney In Second Week

The Handicap Medalist Golf Tourney which is now in progress and will continue for three more weeks is revealing some exceptional scores to date and the competition is expected to become keener as the tourney progresses. All players still in the tourney are reminded that they must declare their tournament round before play is started and all score cards for this week must be turned in by next Tuesday.

The contestants and their first round scores for this past week are as follows:

Table with 2 columns: Player, Score. Includes names like Ray Palmer (32), Jerry Allen (32), E. A. Tipton (34), Billy Mac Hicks (34), Shelby Bell (34), Claude Moore (35), Emmett Simmons (35), G. W. CHS STUDENT REUNION SLATED FOR SEPT. 29

Plans have been completed for the annual Clarendon High School student reunion to be held September 29. The Homecoming football game will be played on Broncho field Friday night, September 28, with Shamrock.

A day-long round of activities has been planned for Saturday, September 29. Banquet tickets may be purchased from Doris Louise Hays, 4002 N.E. 17th, Amarillo, Texas. Cost per ticket is \$1.25.

A more detailed calendar of events will be carried in a later paper.

MOTHER OF C. R. BROWN DIES IN PLAINVIEW

Mrs. J. F. Brown, mother of C. R. Brown of Clarendon, died Sunday morning in the home of a daughter, Mrs. J. H. Phillips of Plainview. Mrs. Brown had lived in Plainview for the past five years. Prior to that time she had made her home at Samnorwood. She was 88 years of age. Funeral services were held Tuesday at the Samnorwood Baptist Church with burial in the cemetery there.

Surviving are eight boys and two girls.

Miss Kay Lane visited her grandmothers, Mrs. A. G. Lane and Mrs. Carl B. Adams, Sunday enroute to McMurry College, where she is a sophomore. She is the daughter of Butch and Donna Lane of Amarillo. Mrs. Alice Talley has returned home after spending the past two months with her daughter and family, Mr. and Mrs. Kenneth Sloan at Hot Sulphur Springs, Colo.

Ranch Cowboys Rodeo Here Sat., Sept. 15

Local Rodeo fans are looking forward to the Ranch Cowboys Rodeo which will be presented here Saturday afternoon and night with performances beginning at 2 and 8 p.m.

The Rodeo will be more on an amateur local level as contestants who have won over \$300 in competition will not be eligible to enter. Cowboy Johnson has reported that entries have been pouring in this week in most all events. There will be bareback and saddle bronc riding, calf roping and bull riding in the main rodeo. In addition there will be an open amateur Head & Heeling contest. Contestants may sign up until 12 noon Saturday.

Admission will be \$1.25 for adults, 75c for students and 50c for children under 12 years of age.

The Outdoor Entertainment Association is sponsoring a dance at the Legion Hall Saturday night beginning at 9 p.m.

College Enrollment Up From Last Year

A total of 121 students enrolled in Clarendon Junior College on Monday of this week and more were coming in Tuesday. This compares with only 93 on the first day last year, so it appears that the enrollment will be up considerably from a year ago.

According to records from the Dean's office, the 121 is a record first day enrollment at the college.

COLT FOOTBALL SCHEDULE ANNOUNCED; FIRST GAME TONIGHT

The Junior High Colts, coached by Jack Hall, will play their first game of the season here tonight in Broncho Stadium at 7:30 p.m. with White Deer as their opponent. Hall has 32 boys out at the present time. The schedule is as follows:

- Sept. 13—White Deer, here, 7:30
Sept. 20—Panhandle, there, 7:30
Sept. 27—McLean, here, 7:30
Oct. 4—Canadian, there, 6:30
Oct. 11—Wellington, here, 7:00
Oct. 18—Memphis, there, 7:00
Oct. 25—Lefors, here, 7:00

Joe Preston Files Civil Suit Against State Officials

A slander suit naming Col. Homer Garrison, head of the Texas Department of Public Safety, and Edgar Brannan of Lubbock, an officer with the State Bureau of Intelligence, as defendants, was filed Tuesday afternoon in the 100th District Court here.

The civil suit filed by Joe T. Preston, a former Clarendon Junior College professor, asks \$100,000 in actual damages and \$25,000 exemplary damages.

In his petition Preston alleges that Brannan, working as an agent for Col. Homer Garrison, made statements before members of the Clarendon School Board on Sept. 12, 1962, that were slanderous to Preston.

This suit is apparently cropping of a situation involving the re-election of Joe Tom Preston as a member of the Clarendon Junior College faculty and a false swearing charge against Preston and five students or former students of Preston at Amarillo in July.

A Potter County Grand Jury has been investigating the case for several weeks. It was reported that their investigation would possibly come to a close last night or today.

NAMES OF STUDENTS TRANSFERRING TO COLLEGES SOUGHT

Many students of the Clarendon Schools are transferring to other colleges and schools. An effort is being made to print as much of this news as is available in your paper next week. If your son or daughter is enrolled or enrolling in a out-of-town school for the coming year, please contact Mrs. G. W. Estlack and give her the student's name and the school he or she plans to attend.

MOVE TO COLORADO

Mr. and Mrs. Arlie Wood moved to Cedaredge, Colorado this past week to make their home. Cedaredge is located on the western slope of the Rockies near Delta. Mr. Wood plans to round up his business affairs here and will join his family at a later date.

Donley Immunization To Be Joined By Other Counties

Donley County will be joined by several other counties in the Panhandle in an effort to immunize each and every person against polio by taking Sabine Oral Vaccine.

Polio has been on an increase the past few years because enough persons have not been immunized and the only effective control of this dreaded disease is for each and every person to be immunized.

The Clarendon Jaycees, sponsors of this immunization program, report that enough vaccine has been ordered for Donley County residents and they hope to be able to announce the dates and place where you can receive your oral vaccine very shortly, depending on the arrival date of the vaccine.

Make your plans now for each member of your family to receive this vaccine and watch this paper for the announcement of the dates you will be able to receive your vaccine.

Services Held Friday For Mrs. Bill Hodel

Funeral services were held Friday afternoon in the First Baptist Church at Lockney for Mrs. Bill Hodel, former longtime resident of Clarendon, with the pastor, Rev. Gene Hawkins, officiating. Burial was in Plainview Memorial Park.

Mrs. Hodel died Wednesday afternoon in a Lockney hospital. She was the former Lucille Wright and was born Sept. 22, 1911, in Clarendon and was married in 1946.

Mrs. Hodel was named Lockney's First Woman of the Year in 1960. She was active in the First Baptist Church and civic work and had been chairman of the Floyd County Cancer Society for several years.

Survivors include her husband and a son, Mike, of Lockney; two brothers, Guy Wright of Memphis and C. A. Wright of Clarendon; four sisters, Mrs. Dorothy Leggett of Houston, Mrs. Gladys Scott of Holly, Colo., Mrs. Fannie Roeder of Phoenix, Arizona and Mrs. LaVerne Green of Palestine, Texas.

Exhibits, Flower Show & Horse Show Expected To Attract Many Visitors

Fall Flower Show To Be Held In Conjunction With Fair

The annual fall flower show sponsored by Les Beaux Arts Club will be an added attraction as always to the Donley County Fair being held here this week end. Many lovely arrangements and specimens will be on exhibit last year was one of the best ever and prospects for this show are equally as good. Anyone having an arrangement or a specimen is invited to bring either or both to the show.

No flowers? Ever think of trying arrangements of fruits or vegetables? With a bit of greenery or maybe a flower or two interesting effects can be produced. Just get busy and get something to the Flower Show.

The Hedley Garden Club has been contacted and is planning to contribute the usual lovely arrangements of their members. Also, the Home Ec. girls were asked to enter.

At last report several professional arrangements are to be shown as added attractions but will not be in competition.

All in all, we should have a nice flower show in spite of rather adverse weather conditions.

Notice To All Reporters For All Organizations

With the opening of school and the approach of fall all clubs and organizations are once again meeting regularly. New officers are taking over their respective duties and with the increase in volume of news coverage we are again asking for your cooperation in turning in news copy.

Reports should be turned in as soon as possible following any meeting. This will insure a more accurate report. Deadline for reporting events of Wednesday, Thursday, Friday, Saturday or Sunday is as soon after the item is created but not later than Monday morning. Monday events should be turned in by Tuesday morning, and Tuesday events by Wednesday morning. Final press runs are made after noon Wednesday. Only current news will be carried. By current news we mean news created after the Wednesday press run of the last paper you received.

The number of pages printed each week is determined by the amount of advertising. This limits the space available for news. Consideration will be made regarding news from a great distance or for news delayed due to pictures being developed. Plates are required for all pictures and individuals or organizations must pay for the plate as we have no equipment for making the plates. We do send the pictures to the engravers for you. We make no charge for running the picture or news. This policy remains the same as always.

If you consider deadlines unnecessary or unfair, you are invited by the Leader office at any time and someone will be glad to show you through the plant that you may have a better understanding of our problems. Your cooperation as in the past will certainly be appreciated. Help us make our paper truly a community paper by turning in your news.

This Friday and Saturday is the big Donley County Fair and Quarter Horse Show in Clarendon. Flip Breedlove, County Agent, says that everything is ready to go and this promises to be a big fair this year.

The horse show, approved by the American Quarter Horse Association will be held at 1:00 p.m. on Friday, the 14th, with Gene George of Amarillo as the judge. Trophies will be given all first place winners as well as big trophies for the grand champions. The horse show committee is chairman Sid Stewart, Jack Moreman, Willard Skelton, Virginia Browder, Joe McMurtry and H. M. Breedlove.

All the following exhibits will be set up on Thursday and be ready for judging on Friday.

The Flower Show promises to be the biggest ever and in addition to ribbons to the winners, a "Sweep Stakes Trophy" will be given the person with the best and most arrangements. Chairman of this committee is Mrs. Emmett Simmons and members are Mrs. W. J. Lewis, Jr., Mrs. Hall Hardin, Mrs. Frank White, Mrs. W. K. Hardin, Mrs. Harold Bugbee and Mrs. Forrest Sawyer.

The Merchants Department will be under the direction of R. E. Drennan and all displays will be set up on Thursday, the 13th.

Fourteen agriculture exhibits will be set up by communities from all over Donley County. The judging will be at ten a.m. on the 14th and all exhibits will be set up on the 13th. The judge will be Buford Hancock, Extension Agronomist. This department is under the direction of Flip Breedlove, Lloyd Reid, J. R. Brandon, Bob Baxter and W. H. Cooke, III.

The Poultry Department will be judged on the 14th at 10:00 a.m. Mr. E. V. Quattlebaum will judge this department. All poultry is to be in on the 13th. Chairman of this division is Graham Brinson and Bob Baxter.

The Home Economics Department is for the two school classes in the county and is under the direction of Ruth Richerson and Ellen Bryan. The exhibits will be set up on Thursday and judged on Friday, the 14th, at 10:00 a.m. Catherine Potter, Home Demonstration Agent from Wellington, will judge. Mrs. Bobby Dishman and Mrs. Pete Riley are in charge of the Canned Goods Department, County Homeade Baking Department, Needle Craft Department and Fine Arts Department. Everyone is urged to consult your county catalog and see the different departments under which each item will be entered. All covers and plates will be returned to the owner. Entries will be taken in this department on Thursday, the 13th, and early Friday morning. The judging will be started at ten a.m. on the 14th and will end about three in the afternoon.

Everyone is invited to visit the Fair. All premiums for the different departments were made possible by ads bought by businessmen and individuals as shown on the pages of the catalog.

**HISTORIC CHANGES AT
1800 PENNSYLVANIA AVENUE**

A visit to the White House, our Nation's official home, is a treat for anyone at any time, but since the effects of the restoration have begun to show results, the thrill is even more gratifying.

During the 12 years I have had the honor to represent you in Congress, Mrs. Rogers and I have had many occasions to tour the most famous house in the U.S. But never before have we been able to fully appreciate the miraculous changes that have reinstated the historic flavor of the White House decorum with the recovery of so many old and beautiful treasures — coveted possessions of collectors and private citizens who have either loaned or given outright these priceless antiques associated with past Presidents which symbolize the dignity of the President's House. It is no wonder that over 1,260,000 people have visited the White House so far this year.

Early in 1961, Mrs. John F. Kennedy established the Fine Arts Commission under the chairmanship of multi-millionaire chemical heir Henry F. duPont. Instead of asking Congress for increased appropriations in

her determination to restore the President's home as nearly as possible to its original decor, she sought her financial backing through private donations and asked Congress only for a law making the White House a museum under the vigilance of the Smithsonian Institution. The First Lady has the reputation of being a knowledgeable bargain hunter in the art and antique field and it is said that she is a master of the "soft sell." I suspect that many women were born with this "virtue," but my good wife disagrees.

Nevertheless, the Fine Arts Commission has 240 acquisitions to its credit, one of which is the famous 4 horsemen Remington bronze statue entitled, "Coming Through the Rye," a contribution of the Amon Carter Foundation. The Commission was prudently reinforced with an 18 member Advisory Committee including such noted historians as Julian Boyd, editor of the Jefferson papers, and Lyman Butterfield, editor of the Adams papers, plus directors and curators of leading U. S. museums and galleries.

Despite this formidable array of talent with which Mrs. Kennedy surrounded herself, the authenticity of the Baltimore desk on view in the Green Room which she so proudly displayed as "our first piece of unsolicited fine furniture" in the televised tour of the White House last February is in dispute and will be replaced by the famous Burgess desk, a well-known, well-

documented piece of early 19th Century Maryland furniture.

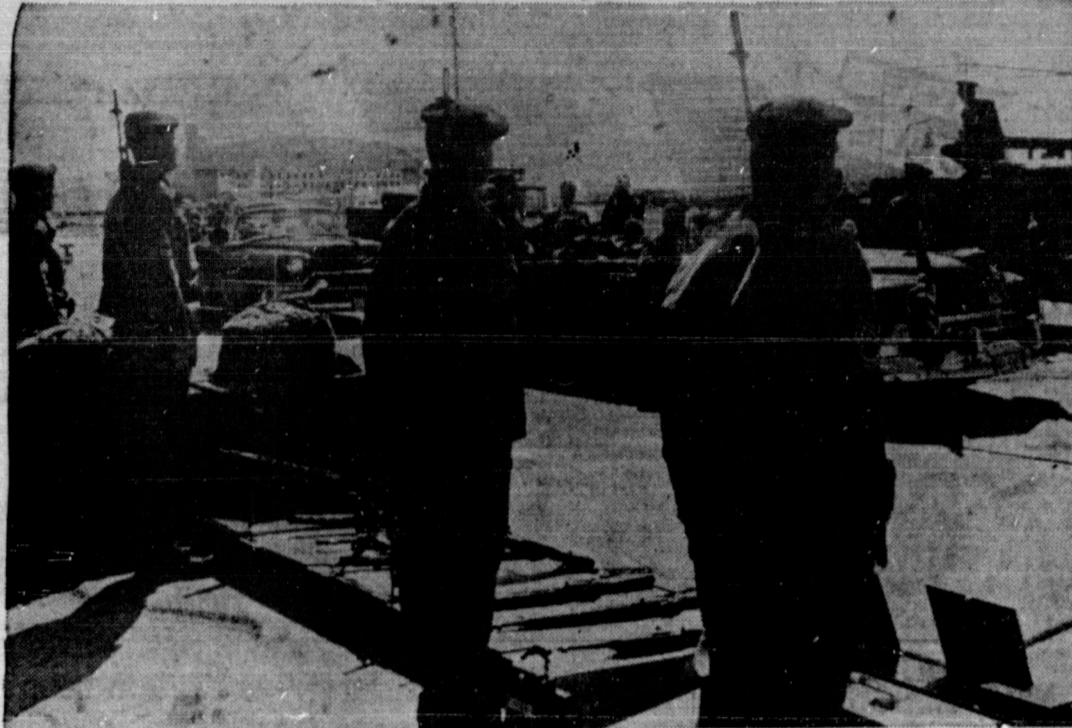

The Green Room, the Red Room, the Blue Room, and so on — each is a splendor in itself and beckons the respecter of history, beauty and tradition. The East Room, now restored to its original gold and white decoration, serves as a great reception room on state occasions, but it is said that Mrs. Abigail Adams, the First Lady to inhabit the newly constructed White House in 1800, used this room for drying clothes.

All the rooms are handsomely appointed and other beauties are to be added in the years to come. I was most impressed with the restoration of the Diplomatic Reception Room. In 1960, during the Eisenhower Administration, the National Society of Interior Designers furnished the room with excellent examples of American craftsmanship. A rug in the Aubusson manner was woven, incorporating the seals of the 50 States. The sofa, chairs and tables of New York and New England origin are in the appropriate classical or Federal style. The light cream-colored carpet and furniture upholstered in shades of yellow create a color scheme of superb gold and white, also popular in the early years of the Republic.

But in 1961 Mrs. Kennedy discovered, papered to the walls of a Thurmont, Maryland, home, a picturesque wallpaper called "Scenic America" printed in 1834. Can you imagine the tedious job of removing paper of this vintage and value, piece by piece, with only a canvas backing for protection? However, today it graces the walls of this oval shaped room which are ideally suited to the panoramic sweep of the scenic views based on engravings of the 1820's which contain five views of American natural wonders particularly admired by Europeans, i.e., Niagara Falls, the Natural Bridge of Virginia, Boston Harbor, West Point, and New York Bay.

The White House is open to the public every day Tuesday through Saturday from 10 until noon. It is a "must" on the agenda of everyone visiting Wash-

ton, and if you give me sufficient notice I can arrange for you to see some of the rooms not generally open to the public. If a personal tour of the White House is not possible, second best is a copy of the book just published by the White House Historical Association, which is the first of a series of historic guides done in color and well worth the \$1.00 charge.

**NEW DEVELOPMENTS IN
EXTERIOR PAINTS LISTED**

College Station — Linseed oil emulsion paints, with the high protective values of conventional linseed oil paints and the rapid drying and convenience of water-based paints, have been developed by researchers of the U. S. Department of Agriculture and the National Flaxseed Processors' Association.

These new exterior - surface paints, developed to expand the market for flaxseed, adhere to chalky surfaces, dry quickly, re-

sist blistering and many be washed from brushes or rollers with water.

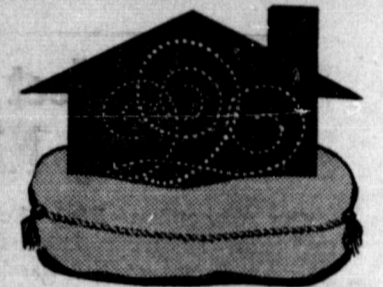

The USDA reported experimental water-thinable, linseed oil emulsion paints over a year ago. Since then, ARS chemists have developed better emulsifiers, contributed new information about formulation of emulsion paints, and found a better way to incorporate driers in the paints. As a result of this research, a major company is now producing and selling linseed oil and water emulsions for making exterior paints.

The fast-drying, blister resisting characteristics of the new linseed emulsion paint are due to its porous film, which permits water vapor to escape from the paint. They can be recoated within 30 to 60 minutes after application.

Emulsifying linseed oil does not damage its ability to cling to old, chalking paint surfaces, the scientists report. These emulsion paints can, however, be thinned with water.

Twenty-two guests registered and others who were unable to attend sent gifts. —Rep.

C.H.S. BAND NEWS

By VICKI SLOAN

Clarendon Band classes have grown as demonstrated by a much larger enrollment this year. This is due to choice rather than necessity.

In the regular High School band we have fifty-four members: there are twenty-four members in the Junior High Band; and thirty-seven members in the beginner's band. This number includes the four High School twirlers: Jill Benson, Dolfia Valance, Sharron Henson, and Janis Smith. Our Drum Major is Billy Joe Hutton, giving a grand total of 115 persons. A big hand should be given to the Clarendon Band and our Director, Willard Edgett.

The High School Band elected officers Monday. Jimmy Dale Robertson was elected president; Jill Benson, vice-president; Melissa Ann Patterson, secretary-treasurer; and Vicki Sloan, reporter.

COLT MOTHERS ELECT OFFICERS

Colt Mothers held their first meeting of the school year Friday morning in the home of Mrs. J. H. Spier. This was an organizational and business meeting.

The following officers were elected: Mrs. T. M. Caldwell, Jr., Chairman; Mrs. Horace McClellan, Vice-Chairman; Mrs. J. H. Spier, Secretary-Treasurer; and Mrs. Mike McCully, Reporter.

GAMMA KAPPA MEETING HELD IN MEMPHIS

At 2:00 p.m. Saturday, the Travis Cafeterium in Memphis, Texas, was the setting for a group of enthusiastic teachers and professional women in the first Delta Kappa Gamma meeting of the 1962-63 year.

After the greetings and talking over of summer activities by the members, the new president, Mrs. L. C. Sweat, called the meeting to order. The invocation was the reading of the Society's collect by the immediate past president, Mrs. Anna Mae Foster. Mrs. Velma Weaver, accompanied by Mrs. Charlotte Word, led in the group singing of several Delta Kappa Gamma songs, including a very new one, "A Lei of Friendship" written by two Hawaiian teachers.

Miss Inez Blankenship, first vice president, gave a resume of the year's program of study which stresses the theme "Advancing With Women Leaders of the World". Miss Blankenship is to be commended for the excellent job she has done as program leader. All members are looking forward to an inspirational year under her capable leadership.

"Acknowledging the Contributions of Women" was presented in the form of a clever skit composed by Miss Zady Belle Walker. Miss Walker was also reader for the playlet. She was assisted by Mesdames Brunetta Morris, Reba Stroehle, Maxine Cape, Charlotte Word and Velma Weaver. All members present were given a part in the program by contributing adjectives or phrases that would best portray good qualities of leadership.

Refreshments of frosted Cokes, nuts, and cookies were served to members from Childress, Collingsworth, Donley and Hall counties.

Local members attending were Mesdames Marguerite Goodner, Faye Pinkerton, Charlotte Word, Velma Weaver and Lucile Naylor, and Misses Edgar Mae Mongole and Inez Blankenship.

The next meeting will be a Regional in Amarillo at the Tascosa High School October the 13th with the Amarillo chapters as hostesses.

The directors for the Regional will be Mrs. Ruby Lee Lafferty, First Vice President of Alpha State, and Mrs. Velma Weaver, State Music Chairman and State Program Committee member.

BAND PARENTS TO HAVE BUFFET SUPPER

Mrs. Dick Vallance, president of Band Parents, has announced that Band Parents will hold their first meeting of the school year Tuesday evening, September 18, at 7:30 p.m. in the Home Economics Department. Parents of all High School band students are invited and urged to attend. A buffet supper will be served. Bring a covered dish.

Mr. and Mrs. C. E. Beach of Loveland, Colorado, are visiting her sisters, Mrs. Edith Longan and Mrs. J. C. Estlack and other relatives.

Guests in the home of Mr. and Mrs. O. C. Watson for the week end were Mr. and Mrs. O. C. Watson, Jr. of Colorado Springs, Colo., Mr. and Mrs. Gale Ledbetter and Gary of Amarillo and Ed Antrobus of El Paso.

KNOX, DISHMAN AND SIMMONS REUNION

The Ashtola Community Center building was the scene of a happy family reunion on Sunday, Sept. 2, 1962. There were one hundred and eight people registered representing four states.

Three long tables and a snack bar groaned beneath their loads of food. Even the weather cooperated with cooling showers.

An old fashioned sing-song of sacred songs was highly enjoyed by everyone present Sunday afternoon. Mrs. Noeline Linders of Portales, N.M., who sang with the New Mexico State University Choir at Portales sang several solos and she and Mrs. Billie Jean Moore of Clarendon sang several duets, which the congregation enjoyed so much.

Plans were made to make the reunion an annual affair and to meet on the same date and at the same place. Plans are underway now for a program next year.

Those who attended were: Mr. and Mrs. Wilbur Dishman and Ernest of Colona, N.M.; Mr. and Mrs. S. P. Dishman, Mr. and Mrs. Alva Simmons, Mrs. Elva Davis Flavalell, Mr. and Mrs. John Stephens, all of Hedley; Mr. and Mrs. John Adamson, Turkey; Miss Ruth Richerson, Mr. and Mrs. Jerry Gray, Clarendon; Mr. and Mrs. Wilburn and son, Amarillo; Mr. and Mrs. Bud Moore and children, Mr. and Mrs. Edward Dishman, Clarendon; Mr. and Mrs. Elmer Dishman and children, Lelia Lake; Mr. and Mrs. John W. Stepp and daughter, Clarendon; Mr. and Mrs. Sam Stewart, Claude; Mr. and Mrs. Willard Knox, Lelia Lake; Mr. and Mrs. Glenn Wallace and Tony, Clarendon; Mr. and Mrs. Vernon Simmons, Everton, Mo.; Mrs. Ralph Simmons, Arcola, Mo.; Mrs. Dorothy Wren Rathwell, Carthage, Mo.; Mr. and Mrs. Wright Dishman, Merkel; Mr. and Mrs. Frank Simmons, Dallas; Mrs. Frank Henderson, Dimmitt; Mr. J. C. Henderson, Dimmitt; Mr. and Mrs. Othell Simmons and children, Dimmitt; Mr. and Mrs. Alvin Smith and children, Hereford; Miss Loreta Fowler, Hereford; Mr. and Mrs. Hugh Knox, Mr. and Mrs. Don Knox, Vega; Mrs. Charline Knox Denny and children, Santa Cruz, N.M.; Mrs. Christine Knox Baugh Oklahoma City, Okla.; Mr. Lanis Cheatham, Childress; Mrs. Bessie Reynolds, Miss Terri Lyn Bird, Mr. and Mrs. Wiley Reynolds, Mr. and Mrs. B. HEDLEY NEWS

Mabel Bridges

A large number of out-of-town and local people attended the opening of The Security State Bank in their new building Saturday, Sept. 8th. The new building is attractive both inside and out.

Hedley is very proud of this new bank. Some of our pioneers made the statement they remembered our first bank at Rowe and president, Mr. Daniels, before too many people were here. Later the town moved, the town of Hedley was founded and the bank was The First State Bank. J. W. Wimberly was president. Later another bank was established, The Security State Bank, with T. T. Harrison, president. Still later J. W. Noel and C. L. Johnson served as presidents.

The Security State Bank has a new building with much more room and is very modern in every way. A. W. Anderson is the present president. The pioneers are very happy to have been a part of all this business. We still have the same trouble — don't seem to have enough money on deposit.

Mr. and Mrs. Gene Tate and daughters of Fontana, Calif., formerly of Hedley, Mr. and Mrs. Pete Preston and two children of Fontana were out on a Labor Day fishing trip in a cabin cruiser owned by Mr. Preston. Tate and Preston and his two children were in the cabin. Mrs. Tate, Judy, 10, Karen, 3 and Mrs. Preston were in deck. Preston went around a boat and suddenly lost control of his boat when some fishing bait turned over and he reached to pick it up. The boat spun around throwing Mrs. Tate Judy and Karen in the deep water. Karen was knocked out and was floating. Mrs. Tate could not swim but Judy could. The boat went 100 yards before the men knew any of the party were in the water.

Tate could not swim, so Preston told Tate to take the boat and try to get close enough to pick up Mrs. Tate and Judy while he went to rescue Karen who was floating farther away. Tate got close enough to throw a large life belt to his 10-year-old daughter, Judy, who swam to her mother who was able to grasp the belt. Tate then got the boat near enough to pick up the child and her mother.

By then Preston was in real trouble. Karen had regained her senses and was grasping and struggling so that both were about to drown. Tate attempted to get the boat to them, but the engine failed. Another boat answered their cries for help and picked up Preston and the little girl. Gene is the son of Mr. and Mrs. John Tate of Hedley.

Mrs. Mattie Barnett and son, Adell Myers, of Pampa left Saturday for a trip to Seattle and the World's Fair. They will visit the Murry family in Los Angeles, Calif., before returning home.

Captain and Mrs. Adrian Youngblood of Lubbock announce the arrival of a little daughter, Carol Adrinanne, born Aug. 31, weighing 6 lbs., 11 oz. Hedley grandmother is Mrs. Letha Youngblood and great-grandmother is Mrs. Pearl Masten.

Mr. and Mrs. W. C. Holland and daughter were recent visitors in Denver, Colo. Visitors in the John Tate home last week were Mrs. Fay Howell of Dalhart. The ladies are sisters. Mrs. Paul Whitten and Christi of Lakeview were also visitors. Emmett Stiles of Groom visited his mother, Mrs. Jess Stiles, Friday.

Mr. and Mrs. Billy Bridges and children, Karen and Kent, Mrs. Mary Jeffreys and daughters, Beverly, Carol and Sherri of Amarillo spent the week end with their mother and grand-mother, Mesdames Mabel Bridges and W. I. Rains.

Mrs. Ozier Haggard and daughter have returned to Hedley to make their home.

Recent visitors in the Bill Huffman home were their son, Mr. and Mrs. Carier Huffman and son of Burkburnett.

Mrs. Ida Yates is improving after a fall at her home Sunday night.

Mayor and Mrs. Clifford Johnson attended Operation Home-town Sept. 7-8-9 in El Campo, Texas. They visited their son, Billy, and family before they returned home.

Mrs. Flora Pollard of Memphis spent last week with her daughter, Mr. and Mrs. Oscar Moore.

1963 WHEAT SUPPORT PROGRAM

1963-crop wheat price-support program will include provisions designed to encourage farmers to produce higher quality hard wheat.

Sedimentation values again will serve as a basis for hard winter wheat quality determinations.

Purpose of these provisions was to provide a price incentive to upgrade the general quality level of U. S. wheat production. Quality wheat is needed to meet domestic bread-baking needs and to improve the competitive position of U. S. hard wheat in dollar export markets.

The price support regulations for the 1963 program as in the past will require the producer to certify production of undesirable varieties based on his knowledge of the varieties he seeded and harvested.

FEED GRAIN PROGRAMS

We will be ready to make feed grain payments sometime this month. Remember, the land retired from production may not be grazed or a crop harvested from it, and it must be devoted to an approved conservation use, with all other program provisions being met fully.

ATTENDS FAMILY REUNION IN SLATON

Mrs. J. W. Moffett returned home Monday afternoon after attending a family reunion of her brothers and sisters held at Slaton Sunday. There were 104 present for the occasion. A good meal was enjoyed by all at the noon hour and singing was the program for the afternoon. All of the immediate family were present, four sisters and three brothers.

Three of Mrs. Moffett's children also attended. They were Mr. and Mrs. R. W. Moffett and family of Turkey, Mr. and Mrs. Virgil Adams and family of Plainview, and Mr. and Mrs. Travis Mulanex of Slaton.

SCHOOL CAFETERIA MENU

Revival Fires Are Burning

By REV. BILLY G. HILL

Perhaps one of the greatest revivals in Clarendon came to a close Saturday night at the Calvary Baptist Church. The church was filled every night. Christians from nearly every church in town were present and people that didn't go to church anywhere came to hear Bro. Grooms preach the word of God. Bro. Grooms will never be forgotten by those who heard him, he preached the old time Gospel with power. Friday night chairs had to be brought in to seat the crowd in this little church. After a lively song service led by Jerry Barrett, Mrs. Freizer from Amarillo sang a special, "He Is Coming." Bro. Grooms preached on the second coming of Christ, he preached for an hour but it didn't seem that long. It was a message that will never be forgotten by those who heard it. There wasn't a dry eye in the house, we were made to realize that the Second Coming of Christ may be soon.

A lot of Christians will live closer to the Savior because of this revival. There were not many moves made but the results of this revival may be seen in the months to come.

The revival fires are burning and I pray that they will never go out. As pastor of the Calvary Baptist Church it is my wish that revival would come to every church and Christian in this city.

We wish to thank Bro. Jerry Barrett for leading the singing and Mrs. Andre Bradshaw for playing the piano and everyone who had a part in making this revival truly a revival. It was the Holy Spirit that sent the revival and to God be the Glory!

Visitors in the Van Knox home over the Labor Day week end included Mrs. Bessie Clark, Shawnee, Okla.; Mrs. Christine Baugh, Oklahoma City; Mr. and Mrs. Vernon Simmons, Everton, Mo.; Mrs. Ralph Simmons, Arcola, Mo.; Mrs. Dorothy Wren Rathwell, Carthage, Mo.; and Miss Ruth Richerson, Clarendon.

Recent visitors in the home of Mr. and Mrs. Mike McCully and Mr. Odo Caraway were the McCully's daughter and husband, Mr. and Mrs. Dick Welch of Dallas, also Mr. Caraway's grandson and family, Mr. and Mrs. Charles Heironimus and baby of Oklahoma City.

Mr. and Mrs. W. B. Ayers have returned home after a two weeks visit with their daughters, Mr. and Mrs. R. L. Nolan at Arlington, Mr. and Mrs. V. E. Howard of Greenville, a granddaughter, Dr. and Mrs. Sidney Young of Killeen, and other friends and relatives at Dallas, Fort Worth and Garland.

Sewing On Buttons

One of the most aggravating of minor accidents is having a button pop off your fishing or hunting clothes.

This can be prevented by sewing all such buttons on sportswear with tough dental thread. Buttons secured with this floss usually stay put 'til clothes wear out.

"A secret ceases to be a secret if it is once confided; it is like a dollar bill — once broken it is never a 'dollar' again."

In the view of Dr. Kenneth M. Endicott, director of the National Cancer Institute, excessive cigarette smoking is a major factor in the rise of lung cancer but not the only cause. He thinks that the ultimate solution to the problem is to make smoking safe, and a research program aimed at that end is planned. He adds that the cigarette companies themselves are engaged in this effort.

"Once you've typed on an electric portable, you'll never type on a manual typewriter again!"

- 5 repeat actions
- Fastest typing
- No pounding
- Even typing
- 10 clear carbons

Electricity lets you underline a full row of words just by holding down the key, rat-tat-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a speed champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness... your typing looks perfect.

You adjust a dial and can make up to ten carbon copies. More important, the tenth is just about as clear and readable as the first.

SMITH-CORONA CORONET—Crisp, modern styling. Four decorator colors. Full office keyboard. Choice of many type styles. Lightweight all-steel carrying case. ONLY \$10 DOWN.

Donley County Leader 23.06 Yr. in County

SOIL CONSERVATION DISTRICT NEWS

The purpose of a waterway is to dispose of excess surface water from natural concentration or man made diversions at a safe velocity to permit little or no erosion. Waterways can be natural depressions or shaped on flatter land, using berms to contain the water. Establishing grass in a waterway is very essential to protect the soil from erosion by serving as a protective cover to reduce the velocity. The speed at which the water travels will determine the amount of soil erosion. The size of a waterway will depend on the amount of water and the slope of the land.

Vegetative cover plays an important role to prevent washing in a water course. Care and maintenance of a waterway is as important as tilling the land to plant a wheat crop. Most waterway failures are caused by poor maintenance and no vegetative cover. One of the better ways to establish a grass cover in a waterway that has been shaped is as follows: (1) When all the top soil has been removed some should be replaced and fertilized if needed, using nitrogen and phosphate when there is adequate moisture, (2) A deed litter cover is usually of a close spaced drilled crop of grain sorghum or small grains and prevented from maturing in the summer or fall. This can be obtained by a late planting date or mowing or shredding leaving the litter on the ground and a stubble height of 6 to 10 inches.

The seeding of a native grass or grass mixture in the deed litter cover is the next operation. All competitive vegetation should be controlled both before and after seeding the grass.

After the waterway is established maintenance plays an important role in the success of its operation. Only too often they are used as roads or turn rows to transport machinery and an active gully is crested. When the grass has been established the waterway is ready for the disposal of excess water at a safe velocity.

If you have a need for a waterway to dispose of excess water on your farm contact your local Soil Conservation Technicians assisting the Donley County Soil Conservation District and let them help you in planning a waterway.

One of the big problems of farmers and ranchers in Donley County Soil Conservation District is an adequate water supply. An ideal situation would be watering facilities located in such a manner that livestock would have to walk only one quarter of a mile. Of course, the ideal is not always possible, but many farmers and ranchers in this district can greatly improve the situation by constructing a seep type pond.

Seep type ponds are constructed on land that has a high water table. For a good pond, water needs to be found within four or five feet of the top of the

ground. The pond needs to be constructed to a depth of about ten or twelve feet or where water will be standing at least six feet deep. This is necessary so water will always be cool and fresh.

Most ponds of this type are constructed in such a way as to keep all rainfall run-off water out of the pond. This will prolong the life of the pond because there is no silting. This is done by placing the dirt that is removed from the pond around the outside in such a way that it is impossible for water to run into the basin.

Do you have a seep on your place or an area that stays wet a good part of the year? If so, you stand a good chance of having an ideal spot for a pond. Technicians from the Soil Conservation Service will welcome the opportunity to assist in checking the pond site and actual staking of the pond. Cost-share assistance may be obtained

through the Great Plains Conservation Program, which is administered by the Soil Conservation Service, or through the ASCS Office.

Soil Erosion, The Work of Uncontrolled Water

Erosion is the dominant problem on 793 million acres of America's farm land. This is more than half of the agricultural land in the United States. Erosion is a problem requiring constant attention on 234 million acres of cropland.

These facts, along with many more, are found in a new publication just issued by the U. S. Soil Conservation Service. It is called "Soil Erosion, The Work of Uncontrolled Water." A copy can be obtained from the local SCS office, Box 829, Clarendon, Texas, Bright Newhouse said. Mr. Newhouse, who is assigned by the SCS to assist the Donley County Soil Conservation District, said that the new bulletin contains 16 pages and 25 pictures

describing and illustrating the causes and types of erosion caused by water. It is the latest publication by the SCS that deal with this basic problem of American farmers and ranchers.

Camp Fire Deflector

To deflect campfire heat in the direction of your choosing, cover a large cooking grill with aluminum foil and use it as a reflector.

This also will direct heat from the campfire into the tent opening when added warmth is needed at night.

QUESTION AND ANSWER

Question: What's the difference between a federal monopoly and a private monopoly?

One answer is, government can control a private monopoly, but let the people try controlling a federal monopoly, once it is established, and see how far they get.

Gruver Greyhounds Race Past Bronchos

The Gruver Greyhounds, capitalizing on numerous mistakes by the inexperienced Clarendon Bronchos, posted a 42 to 12 win over the Bronchos at Gruver last Friday night in the 1962 season opener for both teams.

The Gruver attack was led by their speedy halfback, Francis Chapley, who scored on runs of 45, 57 and 2 yards and ran over one two-point conversion for a total of 20 points. Robin Green scored one of the Broncho touchdowns on a 71 yard pass play from Jerry Elmore, and Elmore scored the other on a two yard run.

The Greyhounds, who posted an 11-1 season last year and look about as strong this year, lost little time in taking the lead. They brought the opening kickoff back to their own 40. After two plays and a 5-yard offside penalty against Clarendon, Chapley went off tackle for 45 yards and the touchdown. Jimmy Cooksey passed to Wesley Eddleman for the conversion and the Greyhounds were in front, 8 to 0, with less than two minutes gone in the first quarter. The second score came early in the second quarter. The Bronchos were in possession of the ball on their own 35, when, on fourth down, Steve Shelton backed up to punt and the ball from center went over his head and Gruver took over on the Clarendon 22. From there they scored on six plays as Eddleman circled left end for the score. The conversion attempt was no good but the Greyhounds had a 14 to 0 lead.

The Bronchos got back into the ball game midway of the second quarter. With the ball on their own 29 yard line, Quarterback Dwight McAnear flipped a lateral pass to Elmore and Elmore threw a running pass to Green.

Green gathered the ball in on the Gruver 45 yard line and outran the Gruver secondary for the score. The Greyhounds came charging back, however, and quickly got the score back. They brought the kickoff back to their own 43 yard line and on the first play, Chapley took the ball through the right side of the line and went virtually untouched 57 yards for the score to put Gruver ahead, 20 to 6. The Greyhounds scored again late in the first half on a bad pass from center and a mental error on the part of the Bronchos. Steve Shelton was backed up to his own ten yard line to punt. The pass from center Steve Richerson went over his head into the end zone and Shelton allowed Tony Chapley of the Greyhounds to cover the ball for the touchdown. This put Gruver ahead, 26 to 6 at the half.

The Greyhounds continued the assault in the third quarter. They kicked off to the Bronchos and held for downs and forced the Bronchos to kick. Gruver returned the kick to their own 47 and scored five plays later when Eddleman went 32 yards for the touchdown. The conversion was good and the score was 34 to 6.

The Bronchos came back to pick up their second score on a 56 yard drive. Elmore returned the kickoff to the Broncho 44 yard line and several plays later, plunged off tackle for the final two yards and the score.

The Greyhounds picked up their final score in the fourth quarter. They were forced to punt to the Bronchos and Broncho halfback John Cearly fumbled the punt and Gruver recovered on the Clarendon three yard line. It looked like the Broncho defense was going to hold as the Greyhounds could pick up only one yard in three plays, but on fourth down Chapley went the two yards for the

score. The conversion was good and the final score was 42 to 12. The Greyhounds stopped the final Broncho drive with a pass interception on the Gruver 15 yard line. The Bronchos started the drive after taking over on downs on their own 19 and it looked like they were on their way to another score. A 35 yard pass and run play from Elmore to Green featured this drive.

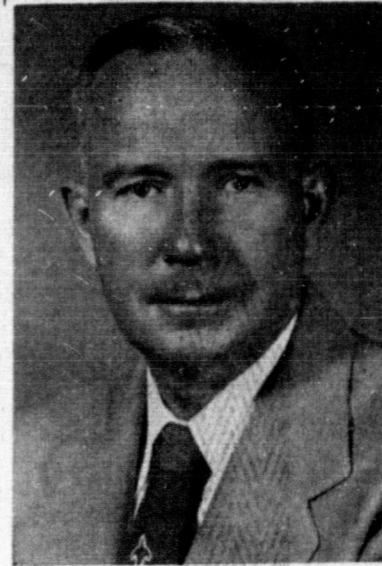

In the statistics department, the Bronchos made 12 first downs; 128 yards rushing; completed four of six passing attempts for 118 yards for a total of 246 yards. The Greyhounds made 11 first downs, made 262 yards rushing and failed to complete on three passing attempts. Clarendon lost 70 yards on six penalties and the Greyhounds lost 65 yards on five penalties.

FRUIT TREES CONFUSED WITH SEASONS

It looked like Spring last week in the orchard of Mr. and Mrs. J. M. Allee who farm 12 miles southeast of Clarendon. Two peach trees and one nectarine popped out in full bloom apparently determined to make a fruit crop after the crop was wiped out last Spring by a late freeze. The way the weather is acting up again, it looks like the fruit trees will be nipped in the bloom again with an early frost. Mr. Allee brought several branches with the blooms to the Leader office last week end.

Mr. Rees received his B.S. Degree from West Texas State College at Canyon in 1933 and his Master's Degree from the same school in 1934. Since receiving his Master's Degree in 1934, he has completed 27 hours of post-graduate work.

He has had 15 years teaching experience. He is the former Principal of Quitaque Elementary School and the Turkey High School where he served six years. He was also Head of the Science Department of Childress High School for two years.

He was selected for and attended the National Science Foundation Summer Institute for three months during the summer of 1959.

Mr. Rees has served one year as the President of the Lions

Booster Club Has First Meeting

The Clarendon Broncho Booster Club, sponsored by the Clarendon Jaycees, had their first meeting Monday night in the High School Cafeteria. By-Laws were adopted by the club and Coach Jack James showed the film of the Clarendon-Gruver game.

The Clarendon Booster Club was organized for the sole purpose of team and coach support in all athletics during the school year and anyone wishing to join contact any member of the Jaycees and they will have tickets. The memberships will be \$2.00 per person and they money received for the memberships will be used to promote your local teams in all athletics as the coaches and superintendent, and the Youth and Sports committee of the Jaycees see fit.

The next regular meeting will be Monday, Sept. 17, 1962, at 8:00 p.m. at the High School. A film of the game Friday between Clarendon and Claude will be shown.

They have one child, Will, who will be three November 2, 1962.

The college is fortunate in securing the services of Mr. Rees who has lived in this area since 1925, has a wide acquaintance throughout the schools the college serves, is familiar with our local problems, and highly qualified both from training and experience to head the College's Science Program.

VISIT WORLD'S FAIR

Mr. and Mrs. W. L. Clappitt and Harold have returned from a trip to the Pacific Northwest, the Seattle World's Fair, Victoria, B.C., and returning by way of Grand Coulee Dam, Glacier National Park, North Dakota central Minnesota, Sioux City, Omaha, and Russell, Kansas, where they visited relatives.

Harold was recently released from active duty with the National Guard at Ft. Polk, La., and has returned to his home in Dallas.

Mrs. Jack Eddings and Mrs. Charles Hunt and son of Amarillo and Mrs. Joe Glass and Faye visited one evening last week with Mrs. Doyle Phillips.

Mrs. Thomas O. Kirby of Jericho visited Monday morning with Mrs. Edith Longan.

BLOWIN' Out the CORNERS

By Uncle Zeb
Dr. Gaston Foote, Pastor of the First Methodist Church in Ft. Worth, Texas, is well known in the Panhandle area. Even as a boy he lived in many towns as his father before him both taught school and later pastored churches throughout this part of the country. Not long ago we heard Dr. Foote bring a very thought provoking sermon on the subject of Life's Interruptions. In addition to his preach-

ing he also writes a weekly column in the Star-Telegram under the very clever title of Foote-Notes.

This columnist and lecturer reminds us again that the whole world is rushing pell-mell toward some self determined goal. But, that life holds interruptions for each of us. It isn't so important how and when these times come, but the important thing is how we respond to them. There are at least three ways that most folks take the interruptions along life's pathway.

We can pout and resent the things that happen to us. We can feel sorry for ourselves, and bury our lives in a pit of self pity. We can blame it on someone else thereby trying to find some justification for our failures.

There is another group of, we the people, who just resign themselves to trouble and the interruptions to their plans. A sort of "Hump up and take it attitude." . . . A bit like the old turtle that draws himself into his shell for protection. He doesn't fight back, or even talk back but just lets the blows of life chip away at his shell. This group assumes that life will consist mostly of hard knocks, es-

pecially for them, and simply accepts the blows as a part of fate. It was a thrill to come to the third group, and we could all resolve to become a part of it. These were the ones who took advantage of even life's disappointments and turned them into stepping stones. That, when life dealt them a lemon proceeded to squeeze it and serve lemonade.

We were reminded of Jesus and how that His short life on earth was interrupted with the trip to Calvary. How that all of the happenings of the world became transformed because of this great event. The Apostle Paul was interrupted on his trip to Damascus, and even though he never proceeded further with his intended plans, lived the balance of his life in such a glorious way.

The Bible would be full of the accounts of those who turned their trials and tribulations into triumphs, and their crosses into crowns. Often at the time we do not know whether a thing is for our good or not when it happens. No doubt righteous Job was perplexed that life held so many interruptions for him. He could not know that he was to become an example of patience

and faith to all those who were to live after him. There was the farmer who rented an area of river bottom and put in a chicken farm. The floods came and all of his flock were drowned. He was ready to give up until someone suggested that he raise ducks.

We may be out for the count of 10, but we are never licked until we admit that we are. Our business seldom folds up until we give up. Victory doesn't always come in the ninth inning, but to the one who keeps on matching another game.

"FREEDOM IS INDIVISIBLE"

It is an unfortunate fact that many words of wide connotation are so often used, abused and misused as to lose their basic meaning in the minds of great numbers of people. Two of those words are "capitalism" and "socialism". Ask the next man you meet for a definition of them, and it will be a minor miracle if you get a clear answer.

Henry Hazlitt, in one of his Newsweek magazine columns, says something that should be far better understood than it actually is. To quote: "Capitalism is merely the name for a system of economic liberty. Under it

civil and political liberties flourish and are secure. Under a complete or nearly complete socialism neither economic nor political liberty can exist. Freedom is indivisible. How can there be freedom of press, speech, or assembly when the government owns all the newspapers, presses, and assembly halls? As Leon Trotsky (who knew) wrote in 1937: 'In a country where the sole employer is the State, opposition means death by slow starvation: The old principle: Who does not work shall not eat, has been replaced by a new one: Who does not obey shall not eat.'

One phrase alone, taken from this quotation, sums up the story: "Freedom is indivisible". Without economic freedom there can be no other basic freedom. This is why capitalism, whatever its faults, has done more good for more people, tangibly and intangibly, than any other system yet devised by man.

The chance of injury to vehicle occupants from sudden stops, emergency action or impact is greatly reduced by use of seat belts. You need to keep your chest only a half-inch away from the steering post to avoid major injury.

WILD GAME QUALITY DEPENDS ON CARE

COLLEGE STATION — Hunters who enjoy hunting but dislike the gamey flavor of their catch will find good news in a new publication. B-987, "Wild Game - Care - Cooking," put out by the Extension Service, Texas A&M College.

The quality of game meat depends to a large extent on how the game is handled from the time of kill until served, according to the bulletin written jointly by specialists in wildlife conservation and foods and nutrition.

The new publication describes with detail and illustrations the proper care of small game, big game, and game birds while in

the field, in camp and at home. Methods of cooking big game are given along with tricks for tenderizing mature and tough game. Small game cookery and care is also explained. The flavorful cooking of many kinds of Texas game birds is discussed and tips on the freezing and storage of all types of game are given.

The bulletin comes to a delicious conclusion with a list of many wild game menus calculated to convince the hunter that Texas wild game is good for more than tracking and hunting. "Wild Game - Care - Cooking" can be obtained from your county agent or write the Agricultural Information Office, College Station.

WHAT'S AN INDUSTRY? — School Land Board is going to have to decide before long what the Legislature meant when it

said state-owned islands and submerged lands along the inland waters of Texas could be leased by the Land Board for "industrial purposes" only.

For example, Port Aransas wants to lease some state land for a city airport. Is that an "industrial" use?

Land Commissioner Jerry Sailer, chairman of the board thinks it is. He wants to give a liberal interpretation to the term.

A study of the law by the Attorney General's department has provided no judicial interpretations by Texas courts of

the term "industrial." But they can take their choice from courts of other states. There the interpretations range from "manufacturing only" to one case where the courts held that rice farming was an industrial activity.

CONVENTION TIME — Democratic and Republican leaders are busy planning their state party conventions to be held on September 18. Republicans meet in Fort Worth. Democrats meet in El Paso.

For the first time in many years careful attention is being paid to the party platforms.

Two big endorsements given to John Connally, the Democratic nominee for governor, hinge on what the platform says. The State AFL-CIO and Political Association of Spanish-Speaking Organizations both want to make sure the platform is not in opposition to some of their hoped-for legislation before their endorsements take effect.

Because many Texans remain undecided, both parties hope to gain votes by what they say in their platforms. But the problem is the same as usual. They have to keep the friends they now have, while trying to attract new ones.

So, the careful, slow and demanding process of democracy goes on and on.

BRIBERY? — Headlines told of possible pay-offs to former Texas Railroad Commission officials working in the East Texas Field as the House General Investigating Committee delved into the crooked-hole scandal at public hearings.

Attorneys for some of the oil operators laid a predicate as a defense against possible contempt charges growing out of perjury or failure of some witness to appear, by contending that the investigating committee was illegal.

Argument is based on the fact that three of its five members did not run for re-election to the House.

Atty. Gen. Will Wilson, who headed the investigation, explained the legal shortcomings to the committee. Previously, he had briefed district attorneys in counties in which crooked-hole drilling has been found.

So grand jury action may be expected next in this scandal which may make peanuts out of the Billie Sol Estes affair.

ANOTHER PARK — The Poverty-stricken State Parks system, which doesn't have enough money to hire someone to pick

up paper in some of its parks, is getting two more huge park areas. It will not be able to develop them unless the Legislature loosens the purse-strings.

International Boundary and Water Commission, which is building a huge new reservoir on the Rio Grande near Del Rio, notified the Parks Board that it will give a 550-acre tract for a state park.

Parks Board has hopes of getting 2,700 acres on Dam "B" in the Piney Woods country from the U. S. Army Corps of Engineers. It wants to develop seven camping and boating areas around Dam "B", to be called Town Bluff State Park. Name comes from a town that was once the port through which supplies came to Tyler County before the railroads arrived.

SEWER PLANT GRANTS — A total of \$3,200,000 in Federal grants to 46 Texas cities to improve their sewage disposal plants will be parceled out by the State Health Department and the Texas Water Pollution Control Board early this month.

Congress has stepped up its efforts to help cities obtain health-protecting sewer systems. Federal grants, a maximum of 30 per cent of the cost, go up to \$250,000.

SALTY WATER — Further supervision over oil operators was announced by the Texas Water Commission. It ruled that oilmen must get its approval before they inject salt water back into reservoirs from which it came.

Notice was given during hearings before the Railroad Commission at which oil operators asked permission to use oil wells for salt-water injection. Earlier, the Railroad Commission, informed by water people that

oilfield salt-water disposal-pits were polluting the Colorado River, ordered oilmen to quit using the pits.

But Chief Engineer John Vandertulip said the water situation would not be improved if wells used to send the salt water deep underground had poor or faulty casings. He insisted that wells be checked to make sure the cure for one kind of pollution does not cause other types.

The Colorado River Municipal Water District, composed of Odessa, Snyder and Big Spring, joined in the questions. It has been forced to delay construction of another reservoir on the Colorado because the water in that area is so salty.

TEACHER'S NEST EGG — If teacher comes back to school smiling, it might be because she and the other 180,000 school and college faculties and employees have more than half a billion dollars in the bank.

The state's teacher retirement fund ended its 25th year with \$552,000,000 invested in stocks and bonds.

Investments are now advised by a group of leading bankers and investment experts. The Chase Manhattan Bank of New York is hired to advise on investments. Income from invest-

ments was almost \$17,000,000 this year — enough to pay the retirement benefits to the 13,000 teachers or their survivors who are collecting from the fund. This year, 1,229 more retired.

The teacher retirement fund is larger than either the permanent school fund or the university permanent fund.

SLANT-HOLES AND LOOP-HOLES — Atty. Gen. Will Wilson says that in many cases present laws against false swearing on official documents "will not support prosecution," due to their weaknesses.

Wilson's conclusions were (Continued on Next Page.)

reached as a result of investigation of East Texas slant-hole drilling. In some cases, he says, false affidavits came from as many as four different expert sources to the effect that crooked

wells actually were straight. The Attorney General says that definite proof of the false swearing offense is difficult because the notary public who signed the oath often is an employee of the accused person. "JUST SUPPOSIN' " — Most popular game today, among employees under the Capitol dome,

is "just supposin' " what would happen if Texans elect a Republican governor. Would it mean filling appointive state offices and boards with Republicans and giving the GOP preponderance in state government? Most "political experts" warn that the Cox bid in November

must be taken seriously. Decision to "ride the fence" until after the November election is being heard more frequently. This, from long-time employees as well as some members of the Senate and House who are popular back home but who also are being realistic about the strength of the Cox following in their home-districts.

LBJ TEACHER — Vice President Lyndon B. Johnson can always go back to teaching school. J. W. Edgar, Texas Commissioner of Education, has presented him with a lifetime certificate to teach in either elementary or high school.

Johnson started teaching grade school in Cotulla, and later taught high school at Houston.

SPECIAL SESSION TALKED — Gov. Price Daniel has agreed to discuss the possibility of a special session of the legislature with the head of a House committee investigating slanted oil wells.

Rep. Charles Ballman of Borger, chairman of the House General Investigating Committee, has asked the Governor for a conference to discuss a possible special session.

However the governor pointed out to Ballman that he already has authorized the Railroad Commission to use additional available fund from present appropriations to continue the commission's work in the slant-hole probe.

Other state officials gave little support to the House committee's request for a special session. W. J. Murray, Railroad Com-

mission Chairman, said "if we tried to pass any new laws now we wouldn't know where the loopholes are."

Atty. Gen. Will Wilson said he would have to confer with the Railroad Commission to determine if regulation can be handled under the present rule-making powers, "before I would say a special session is necessary."

NEW CAR INSURANCE PLAN — Sen. Grady Hazlewood of Amarillo, whose heckling led the State Board of Insurance to abandon the safe driving plan of auto insurance, says he will try next year to pass a new law on the subject.

He wants the board to take insurance company profits into account in setting insurance rates.

Presently, the Board takes losses and expenses into account, then allows the companies five per cent for taxes and profits.

COMMISSION CRITICIZED — Rep. James Cotten of Weatherford, who is likely to head the House Appropriations Committee for a second term starting next year, is gunning for the Commission on Higher Education.

He thinks it is playing politics by recommending the creation of so many new state colleges.

Commission has urged that four colleges be taken into the state system. Legislature accepted two of them, added two more on its own, and has two more requests pending.
