## Vote Nov. 8 on 11 constitutional amendments

The voters of Donley County will have the opportunity on November 8 to vote on 11 constitutional amendments.

Constitutional amendments elections haven't been the most popular poll packers in Donley County where there are 2691 registered voters.

The amendments will appear as follows:

### Proposition No. 1

**House Joint Resolution 91: "The constitutional amendment authorizing fewer justices of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are changed."**

Based on the 1980 population figures, Donley County would qualify as a small county (under 18,000) and could limit the number of justices of the peace and constables to as few as one or as many as four. Donley County has two justices of the peace.

### Proposition No. 2

**House Joint Resolution 105: "The constitutional amendment replacing the limitation of the value of an urban homestead with a limitation based on size."**

The Texas constitution of 1876 provided that a homestead in a city could be exempted from taxation up to a value of \$5,000. In 1970 due to rising real estate values, it was increased to \$10,000.

The proposition would change the definition of a homestead to a size of one acre and not include a value.

### Proposition No. 3

**Senate Joint Resolution 1: "The constitutional amendment providing for the advancement of food and fiber production and marketing in this state through research, education, and promotion financed by the producers of agricultural products."**

According to a news release by Texas Agriculture Commissioner Jim Hightower states, "In essence, Amendment 3 simply allows farmers to assess themselves a small fee on each of their sales to be used to promote their product. It will cost taxpayers nothing, it will help Texas farmers market Texas agricultural goods, and we hope it will help our farmers make a few extra bucks." The collection from the farmers will be voluntary. It takes a two-thirds vote of producers in each commodity area to approve the

point-of-sale collection of the assessment, and individual farmers who do not wish to participate may file for a refund and get all their money back."

### Proposition No. 4

**House Joint Resolution 30: "The constitutional amendment authorizing statutory provisions for succession of public office during disasters caused by enemy attack, and authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."**

This amendment which authorizes the Legislature to enact laws to provide for the succession of members of the Legislature in the event of enemy attack and allows the suspension of procedural rules imposed by the Constitution in the event of, or immediate threat of, enemy attack. The amendment empowers the Governor, after consultation with the Speaker of the House and the Lt. Governor, hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurred in by the House and the Senate through a resolution approved by a majority of the members present.

### Proposition No. 5

**Senate Joint Resolution 12: "The constitutional amendment authorizing use of the permanent school fund to guarantee bonds issued by school districts."**

The Permanent School Fund is a perpetual trust fund that creates an income from public lands through grazing, mineral lease and royalties on oil and natural gas. The PSF is then invested in government and corporate securities.

Interest on these investments goes in to the Available School Fund, which is distributed among the state's school districts annually. The ASF funds are used for personnel, maintenance and operation. Money for school construction is raised locally, mostly through the sale of school district bonds.

This amendment would allow the Legislature to use the Permanent School Funds and its income to guarantee bonds issued by school districts. The Legislature also could appropriate Available to administer Permanent School Fund

School Fund or any bond guarantee program established by law.

### Proposition No. 6

**House Joint Resolution 1: "The Constitutional amendment allowing the legislature to provide for additional remedies to enforce court-ordered child support payments."**

This would permit the Legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment remedy would not be available for other purposes.

### Proposition No. 7

**Senate Joint Resolution 14: "The constitutional amendment for financial assistance to veterans and to authorize the issuance of \$800 million in bonds of the state to finance the Veterans' Land Program and the Veterans' Housing Assistance Program."**

This amendment would authorize the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million dollars to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. If approved by the voters, eligible Texas veterans will be able to borrow up to \$20,000 to apply toward the purchase of a home.

### Proposition No. 8

**Senate Joint Resolution 1: "The constitutional amendment to authorize taxing units to exempt from taxation property of certain veterans' and fraternal organizations."**

The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemption and to pass legislation limiting the types or amount of property owned by a fraternal organization which may be exempted from ad valorem tax. (Continued on page 3)

R.E. DRENNAN honored for his 50th year in Clarendon Lions Club.

## Wellington stops Bronchos 23-21

The Clarendon Broncho win streak came to an end Friday night at the hands of the Wellington Skyrockets. The Rockets outscored the Bronchos 23-21. The Broncho season record stands at 7-1-1 and 2-1-1 in the district standings. Ironically, the Broncho's first loss of the season came at the most crucial time in the district race. Wellington and Panhandle will play for the district crown Friday night in Panhandle. Should Wellington win and the Bronchos beat Memphis, the Bronchos and Panhandle would tie for second but the Panthers would get the No. 2 play-off spot due to the 4-3 penetration edge in their tie game. Mathematically, even with their fine season record the Bronchos cannot figure into the playoff picture.

The Skyrockets probably played their most "perfect" game this season. The Rockets made no mistakes (no fumbles, no interceptions, few penalties) and capitalized on two Broncho fumbles and one mistake on defense that led to three touchdowns. The Rockets scored first early in the first quarter as the two teams traded possessions to start the game. On the Broncho second possession, misfortune would strike in the form of a fumble. QB Dyrone Howell and Rodney Smith missed connection on a handoff at the Broncho 33 yard line that gave the Rockets good field position. Dewayne Culpepper, the Rockets outstanding back carried the final six yards of the drive to score. The PAT was missed and the Rockets led 6-0. The Rockets added a 36 yard FG by Mark Hunnicut in the second quarter to lead 9-0.

The Bronchos got their offense rolling before the half and put together a fine 68 yard drive that was capped by QB Dyrone Howell's 6 yard run for the TD. Arlis Thomas added the PAT and the Bronchos trailed 9-7 at the half. The Bronchos came out in the third quarter and immediately went to work. The Broncho offense moved the ball on the ground very well and suddenly, as he has done all year - to the excitement of the Broncho fans - Rodney Smith made one of his "unbelievable" runs. Rodney broke tackle after tackle as he moved back and forth across the field for a 68 yard TD run. The PAT kick failed, but the Bronchos led for the first time in the game 13-9. The Bronchos seemed to have the momentum going their way as they held the Rockets

on downs. As they took over on offense and made two first downs, the "Maroon Magic" was on the move. But an illegal use of hands penalty, a dropped pass, and a fumble at the 20 yard line put the Bronco defense against the wall. On second down from the Clarendon 11, Culpepper followed James Benton's block and scored with 6:40 left in the third quarter to give the Rockets the lead 16-13.

After Culpepper's 11 yard scoring run, the Bronchos drove to midfield before Arlis Thomas punted to the Rocket 17 yard line. The Bronchos seemed to have the Skyrockets in poor field position, but with 4:48 to play in the third quarter, Culpepper swept the left end (that the Bronchos seemed to have defended), found a small seam and went 83 yards for the score. So, in a span of 2:06 the Rockets increased their lead to 23-13.

However, the Bronchos would not give up as the Broncho offense again put together an impressive drive to the Rocket 4 yard line. With 8:06 to play in the game, Rodney Smith scored his second TD and the Bronchos executed a two point play as QB Dyrone Howell ran the option perfectly and pitched to Rodney Smith for the 2 points. The Bronchos still had life, 23-21 with half of the fourth quarter to play.

But it was not to be for the Bronchos. Wellington drove from its own 24 to the Clarendon 9 yard line on its next possession. The Broncho defense made a "valiant" fourth down stand to stop the Rockets on a fourth and inches with about 3:30 left in the game. But, the Bronchos could not make the passing game go in a catch-up situation and the Rockets held on for the victory.

Clarendon finished with more total yards than Wellington (321-305), but two turnovers - both of which Wellington capitalized on - cost the Bronchos. Rodney Smith put together another offensive show as he has done all year, carrying 22 times for 196 yards and 2 TD's.

For the Bronchos it was a sad ending to an otherwise perfect season. Only in District 2-AA could the top three teams have a combined record of 22-3-2. THAT'S TOUGH! But the "Maroon Magic" has every reason to be proud as they have brought pride, excitement, and a thrilling brand of football that captured the hearts of the community.

## Memphis - season finale for Bronchos

For a team to have only one loss and being out of the state playoffs, the Bronchos are going to be playing a season finale against Memphis. There is a lot at stake, an outstanding season. Seniors playing their last game and Clarendon is playing Memphis.

The game is not for the district championship and it is not a battle of undefeated teams (Clarendon is 7-1-1 and Memphis is 2-7). It is a game between two very strong rivals. Memphis has lost the last five games. They have had more trouble than a team deserves, but come Friday night at the Cyclone Stadium they will be playing as they never have before. The game will be an exciting season ending for the winner.

Memphis has been very inexperienced all year, though they have played

teams very close games, the inexperience showed up. They are talented, for example the backfield has speed and a very capable quarterback. The line has very good size averaging around 197 lbs.

As far as comparing records and games you can forget. The game will be even when the kickoff has taken place.

The Cyclones are led by Coby Smith, a very talented junior quarterback that can throw the football. In the backfield with him is sophomore Roy Henderson 150 scaback that has as much speed as anyone in our district. A very tough fullback is Brian Whitten and Glenn Woodard a new starter at the I-back since the loss of Chris Sims. The offensive line is made up of four seniors and two sophomores. The defense is led by

underclassman as there are only three seniors on this unit. The Cyclone defense has had to stay on the field a large portion of the time due to the inexperienced offensive unit. But it has played very well for the field position they have been placed in. The front unit has been very aggressive and intense so the Bronchos are in for a tough battle come Friday night.

All in all, the game is a fitting way to end the season for both teams. They are playing a good rival and the only thing that is at stake is the "bragging rights" of the game to the two towns.

But for the seniors of the Bronchos, it is a game of meaning: 1. it means the last time to put the maroon helmet on, 2. it means the end of a football season that few have had the opportunity to be associated with, 3. it means an 8-1-1 or a 7-2-1 season record to go in the high school scrapbook, and 4. it means to play for PRIDE, a feeling that by being on a team of this meaning that the challenges of life will be handled much easier than by someone that has not faced the hard times and hot weather that two-days gave.

For these reasons, we want the seniors to have a

### First Presbyterian

has service of dedications

The twenty-third annual service of dedication and memorial of the Progress and Living Memorial Fund will be held at the First Presbyterian Church, Clarendon, Texas, Sunday, November 6, 1983 at 11:00 a.m.

All are invited to attend this service.

tremendous week and good luck. Maul a Cyclone.

## What does it take to fight school-age drug and alcohol abuse

We all know the problem. Millions of teenagers are already abusers and many more are threatened by drugs and alcohol. But when will we be willing to admit that those teens are in our communities, our schools, and our homes--not someone else's? Can we ever stop feeling helpless--and act?

Now you can join a dramatic community-wide campaign to fight school-age substance abuse. On November 3 and 10, KVIL-7 will broadcast THE CHEMICAL PEOPLE, a two-part series especially designed to bring concerned parents and citizens together and offer them guidelines for helping our young people. Hosted by First Lady Nancy Reagan, this unprecedented effort has the participation of over 30 national organizations, and nearly 300 local stations all across the country.

**THE FACTS:** The single leading cause of death among 15-24 year olds is drunk driving.

Roughly two-thirds of all Americans try an illicit drug before they finish high school.

One in 16 high school seniors smoke marijuana daily.

Over one-third have illicitly used drugs other than marijuana.

34 percent of high school seniors regularly abuse drugs.

About one in 16 drinks alcohol daily; 41 percent regularly abuse alcohol, with most of them starting chemical use between the ages of 11 and 14.

While the use of many illicit drugs is declining from peak levels attained in the 70's, substance abuse in America is the highest of any developed country in the world.

### Voting Places

- Box 1 Howardwick City Hall.
- Box 2 Old Courthouse Building.
- Box 3 Lelia Lake Community Center.
- Box 4 Patching Club House.
- Box 5 Hedley City Hall.
- Box 6 Ashtola Community Building.
- Box 7 First Bank & Trust Building.
- Box 8 Jericho Elevator Office.
- Box 9 Glenwood-White Fish.

## City has building code

If you plan on building a new home, build onto your existing home, or make any kind of improvement please contact the city hall before you start. This may save a lot of hard feelings and trouble.

The City of Clarendon has a building code. Building permits cost \$1.25 per \$1,000 valuation, then 25 cents for every \$1,000 valuation thereafter. This permit is necessary for any construction of \$250.00 or more.

You can do your own plumbing, but you may not do plumbing for anyone else, unless you post a \$1,000 bond with the city. After you have finished your own plumbing, you need Park Taylor, a city employee to inspect the plumbing for you. There is no charge for this inspection.

You may also do your own electrical work, but there will be a \$10.00 inspection fee for residence and \$25.00 inspection fee for commercial buildings. Bud Lovelady is the city's electrical inspector. When you purchase your building permit, they will charge you the electrical inspection fee at that time.

You may not do electrical work for anyone else without first taking a test at the city hall and paying \$25.00 for a license. This license must be renewed each January 1 and the fee is \$10.00.

Park Taylor of the city will have to inspect the pressure on any gas line, to make sure the line will hold the right amount of pressure, before Lone Star Gas Company will install a gas meter. There is no city charge for this service.

Before the city will install a water meter, they will make sure that the water line

and sewer line is not in the same ditch. They must be in separate ditches.

There is a zoning ordinance for the city, for the construction of a new home. There must be at least 25 feet in the front and back and 5 feet on each side of the home.

## Notices

### ART DISPLAY

The First Bank & Trust will display oil paintings and drawings of local artist, Mary Martin, November 14-18.

### CJC Basketball Begins

Clarendon Junior College will play their first basketball game Thursday, November 3rd. The men will play Panhandle State University here in Clarendon. Game starts at 8 p.m.

Come on out and help support the basketball team.

### ATTIC SALE

There will be another ATTIC SALE at the Patching Club House Thursday and Friday of this week. That is 3rd and 4th of November. Door will be open from 9 a.m. to 4 p.m.

### Fun after Fifty

The Fun After Fifty will meet Saturday morning, November 5 with a covered dish luncheon. Turkey and dressing will be provided by the club. This is their Thanksgiving dinner. Come and enjoy the food and fun.

**Chamberlain Community.** The Chamberlain Community Center will meet Friday night, November 4th for a covered dish supper. Mr. and Mrs. C.C. Ayers and Mr. and Mrs. Bob Williams will be hosts and hostesses.

# Saturday Halloween Carnival successful

Alpha Upsilon Epsilon Chapter of Beta Sigma Phi sponsored the Halloween Carnival on Saturday, October 29, 1983 at the Clarendon Community Center. There was an exceptionally large attendance and they would like to thank everyone for coming out and hope you had as much fun attending the

carnival as they did sponsoring it. Also thanks to all groups who had a booth and they hope your booth was a big success. There were several contestants in the Costume Contest and there were some really scary, original, funny costumes. Winners in the different groups were as follows:

0-5 Girls: 1st place-Keena Ellis, 2nd place-Jennifer Hatley, 3rd place-Stephanie Floyd.  
 0-5 Boys: 1st place-Brent Ivey, 2nd place-Jeremy Shields, 3rd place-Nathan Floyd and Colt Floyd.  
 6-10 Girls: 1st place-Aaryn Mooring, 2nd place-Laurea McAnear, 3rd place-

Kelli Edwards.  
 6-10 Boys: 1st place-Todd Lindley, 2nd place-Will Burlan, 3rd place-Gary Sheer.  
 Winners of the Jelly Bean Guess were Small Jar-Claude Thomas, Medium Jar-Krista Percival, Large Jar-Kristal Havens.  
 Again thanks for your support!!

MEMBERS OF ALPHA Upsilon EPSILON who attended the Northwest Texas Area Convention (L-R) Kitty Proctor, Terry Floyd, Terri Floyd, Fuzz Mooring, Sandra Eads, Judy Bland, and Patsy Leffew. The theme of the convention was the "Roaring Twenties".

## Alpha Upsilon Epsilon members attend convention

by FUZZ MOORING

Al Capone, Jay Gatsby, Scar Face Nelson and Daisy Fay were alive and well in Vernon, Texas on October 22, 1983. Vernon Chapters of Beta Sigma Phi hosted the Northwest Texas Area Convention at which approximately 250 area Beta Sigma Phi's attended. The theme for the convention was "The Roaring Twenties" and it was indeed a roaring good time! Seven members from Alpha Upsilon Epsilon Chapter, Clarendon, attended the 2 day convention. They were Terry Floyd, Judy Bland, Sandra Eads, Fuzz Mooring, Patsy Leffew, Terri Floyd, and Kitty Proctor.

Members attending left Clarendon, Vernon bound, at 9:30 a.m. Saturday morning. We had an enjoyable ride down with a lot of visiting and looking at this year's scrapbook. We arrived at Vernon, checked into our rooms at The Vernon Inn and then went on a short shopping spree to pick up last minute items to complete our "Twenties" costumes.

We then went to the Wilbarger Coliseum where we registered, entered our scrapbook into competition and signed up for the Charleston Contest to be held that night. We browsed for a while at the Fleamarket and some members purchased momentos for themselves or their secret sisters.

We attended a hospitality party hosted by the Pampa Chapters. We then headed to our rooms to begin getting dressed for the Evening Roaring Twenties' Gala at Gertie's. Getting ready was a laugh a minute as everyone applied eye lashes, scars, wrinkles or bright rouge before slipping into gangster outfits or flapper dresses. Our group was one of the few that was all decked out and, (hams as we are), we played it to the hilt. Many people actually thought some of us were men! Several people asked to get our picture and, of course, we obliged.

The meal was delicious, but we could hardly eat as all were nervous about the upcoming Charleston Contest. We were treated with a play to the song "Frankie and Johnny" presented by the Vernon Chapters and their husbands. It was delightful. Then the big moment, the Charleston Contest! All seven members of A.U.E. danced their feet off with Judy Bland and Fuzz Mooring making it to the finals. Fuzz Mooring won second place and \$10.00 for her Charleston antics. We were all glad we had entered the

contest when it was over.

Sunday we all put on our dresses and attended the brunch where we sang "Twenties" songs and enjoyed a speech given by Brenda Evans from the International Office. We also attended a morning seminar where we discussed Beta Sigma Phi future plans and any problems chapters might be having. There was a special consultant present from International at the seminar. We are very excited about the night before's events and being at the convention when we were bombarded with some fantastic news. Our Scrapbook had won third place and \$5.00. Scrapbook Chairman, Sandra Eads, went forward and accepted our ribbon and check. All members got a bit teary eyes because we were so proud. Pampa Chapters then made an uncontested bid for next year's convention. The candlelight ceremony was presented by the Vernon Chapters to close the convention. We were all reminded of what Beta Sigma Phi means and its importance in our lives. Members then repeated the Closing Ritual.

Now for some funnies for members attending! Kitty Proctor-If I didn't know better, I would swear you were a man!  
 Terri Floyd-Did you learn the Charleston in the bathroom?  
 Judy Bland-Just how much did they see?  
 Patsy Leffew-My, my you sure do lead well when you're dancing.  
 Sandra Eads-That's always what I thought trash cans were for.

Terry Floyd-Fortune cookies sure do tell the truth, huh?  
 Fuzz Mooring-It's nice to know even when you get caught, you get it free!!

by boo

Friends of the Amarillo Library will honor nineteen authors from seven Panhandle towns, one of whom will be Robin Green, at their Author Dinner to be held at the Hilton Inn of Amarillo, November 12 at 7 p.m. Clarendon friends are invited. An autograph reception will be held in the garden area at 6:30 p.m. Reservations for the dinner, at \$10 a plate, may be made at the Central Library business office. These authors are ones who have published this past year.

Green, son of Mr. and Mrs. Horace Green of Clarendon, grew up and was educated here. After graduating from Clarendon High School, he received his bachelor degree from McMurry College in Abilene. He then entered Texas Tech Law School and graduated with a law degree. His book is on divorce. Not having seen the book yet, it is an impossibility to review. The book has, however, been described to me as most perceptive and incisive.

I don't like to buy the National Enquirer. It is lurid sensationalism and yellow journalism at its worst. I read Donald Bland's while he is having his groceries checked out and sacked.

Well girls, ladies and all who like to be called Ms., once again we have been beaten out of a cool million. This time it is a man who gets the coins for writing. Do I Dust or Vacuum First?, a book on how to clean house.

Home economics majors who didn't write Color Me Beautiful were the ones who suffered from a wet noodle lashing or a splashing of Vichyssoise. Now it needs to be the fling of a dirty dish rag or wet floor mop in the face for all of us who call ourselves housekeepers or "home maintenance engineers" as the author, Don Aslett, very graciously calls us.

This book is in the library and does have a lot of good "how to's" in it. In fact, it has as Aslett says, "Ninety-nine other dirty questions and one hundred clean answers."

The decision whether to buy those adorable mini-blinds or not, came to a screeching halt while reading about how to clean them. The best way to clean them is to remove the unit from the window mount and place them on something soft such as a quilt which you then place on a concrete driveway. Then you start scrubbing with a sudsy brush, after which you hose them down with water. With my memory nudged, a wild sense of abandon was remembered of how it felt to take down and give away the venetian blinds twenty-five years ago.

A multi-million dollar cleaning service, serves as the author's credentials for being an expert in the field of cleaning. He even conducts seminars. He does give credit to the many good housekeepers from whom he learned his business.

Aslett says that he can cut 75% of your cleaning time if you follow his methods. If this is true and one cleans only 50% of the time she should, the results would be 25% less than no time at all.

With this formula in mind, the book may become a best seller. Who wants to check it out first?

## Sophomore Halloween Party held

The John Rattan home was the site of a Halloween party hosted by their daughter, Kim, for the sophomore class, Saturday, October 29. Thirty-three attended the party. Refreshments of Halloween cake, popcorn, candy and witch's brew were served. All attending had a good time.

## Mixed drink tax checks sent to county and Howardwick

State Comptroller Bob Bullock Wednesday, Oct. 19 sent checks totaling \$10.7 million to 219 counties and 416 cities as their share of the state's 10 percent mixed drink tax collected during the third quarter of 1983.

Bullock said the state collected a total \$37.2 million in taxes on the sale of mixed drinks during the quarter, up 7.4 percent over the same period last year.

Texas cities and counties each receive a 15 percent rebate on the tax collected on mixed drinks sold within their boundaries under the law that legalized the sale of mixed drinks in the state.

The state's general revenue fund will receive the balance—\$26.4 million—of the tax money collected.

The mixed drink tax is collected by the Alcoholic Beverage Commission and

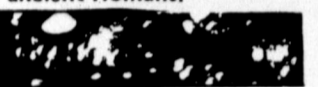

city-county rebates are sent out quarterly by the Comptroller's Office.

Bullock said the mixed drink tax brought in \$111.2 million during the first three quarters of 1983.

Total tax revenue received for the county was \$3,612,000 for the third quarter, the city of Howardwick and the county received \$542.80 for their share.

The bagpipe, regarded as the national instrument of Scotland, was used by the ancient Romans.

The Milky Way can be easily seen as a bright haze on a clear summer night.

taxation.

### Proposition No. 9

House Joint Resolution 70: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate jurisdiction and to county courts."

This would allow the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state.

### Proposition No. 10

Senate Joint Resolution 13: "The constitutional amendment to permit a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

Sanitation sewer mains and sewer lines connecting the mains to private property in some municipalities are old and dilapidated and must be either replaced or relocated. While the municipalities are responsible for the sewer mains, property owners must pay for the replacement or relocation of the sewer lines. Property owners unable to pay the cost all at once of replacing or relocating the lines are prohibited by the Texas Constitution from making repayment arrangements with the Municipalities.

Amendment No. 10 would allow a property owner to repay the city for the cost of replacing or relocating a sewer line within a five year period at an annual rate of ten percent simple interest. To protect the municipality against default, the municipality could attach a lien to the property. However, the city must obtain the property owner's written consent before beginning work and must notify the owner of the full cost of replacing or relocating the sewer lines.

### Proposition No. 11

Senate House Resolution 13: "The constitutional amendment to change the Board of Pardons and paroles from a constitutional agency to a statutory agency and to give the board the power to revoke paroles."

The Board of Pardons and Paroles is the state agency responsible for issuing pardons and paroles for persons convicted of crimes in Texas. The three-member board is appointed by the Governor, the chief justice of the Supreme Court, and presiding judge of the Court of Criminal Appeals. Further, the Governor is authorized to revoke any parole granted by the Board.

Amendment No. 11 would do three things: expand the Board of six members appointed exclusively by the Governor; remove the Governor's approval for granting a parole; and remove the Governor's authorization to revoke paroles.

Editors Note: The explanation of these amendments are how we see them. Senator Bill Sarpalius says if anyone would like to learn anything about these 11 constitutional amendments you may write to him at Box 12068, Capitol Station Austin, Texas 78711.

[L-R] Present at the drawing for the DAIRY QUEEN Winners Sweepstakes is Pat McCutchin, treasurer of the Texas DAIRY QUEEN

Operators Council; Eddy Clinton, president of Heroes Development Corp.; and Ray Gaskin, on-air host of Friday Night Heroes.

## Dairy Queen kicks off first season of "Friday Night Heroes"

This fall, the Texas Dairy Queen Operators' Council kicked off its first season as the primary sponsor of "Friday Night Heroes," a 16-week series of one-hour programs that highlight Texas high school football. The series, which began Sept. 4, is airing statewide

over more than 164 cable stations.

"Friday Night Heroes" features the top-ranked 1-A through 5-A schools from each region of the state, with narration by KEGF-FM disc jockey Jim White and commentary by Ray Gaskin. Scores from all high school

games around the state are posted throughout the program, along with week-by-week standings and a rundown of traditional rivalries.

"Bullett" Manale, president of the Texas Dairy Queen Operators' Council, said, "Though Dairy Queen has never advertised on

cable television before, the 'Friday Night Heroes' series exemplifies Dairy Queen's support of high school athletics. In Texas, high school football is more than just a game, it brings together entire communities, and Dairy Queen wants to be a part of that."

In addition to its sponsorship via commercial time purchased for the series, Dairy Queen has established a sweepstakes to benefit some lucky high schools throughout the state. Every week, the names of the winning high schools are entered into a drawing for a \$1,000 donation to the school's athletic fund. The chosen school is presented a check for \$1,000 by the local Dairy Queen operator and Eddy Clinton, president of Heroes Development Corp., at its next pep rally.

The first winner of the sweepstakes was Kerens High School, just outside Corsicana, and the second winner was Bandera High School, which is near New Braunfels. Sweepstakes winners for weeks three through eight include Stroman High School in Victoria, Grand Saline High School, Kenedale High School, Carthage High and Lake Highlands High School in Richardson.

Clinton said, "High school football has long been a top priority in each community. With the advent of cable television, high school football has really come of age. The medium helps us tie together football teams across the state, letting them learn from and about one another."

The Friday Night Heroes Network is the first statewide cable television network, representing every major population area in the State of Texas. Cable systems within the network receive programming via WESTAR V Satellite. The programs are broadcast in prime viewing times each Sunday, Tuesday and Wednesday at 7 p.m. throughout the 16-week high school football season.

## World Weather Dampens Export Hopes

### EXPORTERS

#### CANADA

Mild, moist winter helped produce bumper wheat crop, part of second consecutive world record wheat harvest

#### UNITED STATES

Winter was good for U.S. wheat also, pushing prices down. Heatwave is cutting Midwest corn and soybean production. Flood ravaged Mississippi cotton planting

#### BRAZIL

Floods damage wheat and soybean crops, hampering this country's efforts to become a major exporter

#### ARGENTINA

Drought caused at least a 20 percent cut in this year's corn production

#### SOUTH AFRICA

Drought has forced the cancellation of corn export contracts, meaning corn production will be down dramatically in all three corn exporting nations. S. Africa exported five million tons of grain last year, but will import two million tons this year.

### IMPORTERS

#### JAPAN

Rainfall boosts rice production five percent.

#### CHINA

Rainfall, climate increased cotton production 23 percent from 1981, wheat by 27 percent, corn by 10 percent.

#### INDIA

Moisture has been good, maintaining rice crop and boosting wheat production 10 percent. India, China and the Soviet Union are the three major importing nations.

#### SOVIET UNION

Near ideal weather through much of the country is resulting in the best harvest in five years. Wheat may equal 1982's successful crop; harvest of corn and other coarse grains is expected to increase by 43 percent from 1981. Russia's imports are expected to fall by 15 percent, or five million tons, with the U.S. bearing the brunt of the reduction.

Source: USDA

"To hear claims that export policies can solve our farm production and income problems, one would think that the international market is a bottomless pit that can easily accommodate ever larger quantities of American commodities," says Texas Agriculture Commissioner Jim Hightower. "A look at the facts disproves these claims. Countries which traditionally depend on agricultural imports are improving their own production and importing less. All three major importing nations—China, Russia and India—are harvesting bumper crops this year and are drastically cutting back on imports. Russia, for example, is importing only six million tons of grain this year, compared to about 14 million tons last year."

This poem was written by Nell Derr of Howardwick. It is in memory to Elizabeth Mazy.

I had not known Elizabeth only a short time but such a gentle and loving person she was. She loved her home, her neighbors and friends and above all she loved God.

(Elizabeth did not go alone.)

God beckoned Elizabeth with his outstretched hand.

And took her gently to Heaven's land.

He said don't be afraid to go.

For I am with you, and this you know.

Elizabeth took death's hand without a fear.

For it was God who brought her safely here.

God also took her safely back.

God said, there is nothing that I lack.

God did not let Elizabeth go alone.

Into death's valley that she had known.

So God reached out and took Elizabeth's hand.

And took her on the journey to the promised land.

**Summerour annual Hereford bull sale at the ranch 16 1/2 miles east of Dalhart, Texas on November 12, 1983. Offering 100 two's and coming two's. Sale starts at 12:30 central time.**

Free Lunch Free Delivery

Gas dryers maintain one's appearance for less.

Saving money is important. For everyone. That's why natural gas dryers are the preference for those who know.

They cost less to operate than non-gas models. In fact, high-efficiency gas dryers dry about three loads of wash for the cost of drying

one in a non-gas dryer. And gas dries clothes faster. And it makes them feel soft and fluffy.

So get more for your money and get a gas dryer for your home. Today. After all, in these times, looking one's best for less is something everyone can appreciate.

# City Minutes

The Board of Aldermen of the City of Clarendon met in regular session on October 25, 1983, in the Board Room, City Hall at 7:30 p.m.

Members present were Mayor James L. Kuhn, Aldermen Richard Bell, J.G. McAnear, and Lloyd McCord.

Members absent were Alderman Gene White and James Sharrar.

Others present were City Secretary Donna Edwards, and Jim Roberts.

\*Minutes of the October 11, 1983, meeting were read, and approved.

\*Discussion of the annual audit for the City of Clarendon followed and motion was made to have Gordon Maddox CPA of Memphis con-

duct the audit. Motion carried.

\*Several names were suggested for a 1986 Sesquicentennial Committee and City Secretary Donna Edwards was instructed to contact the people whose names were suggested to see if they would be willing to form this committee.

\*Discussion followed regarding the need for an ordinance to prohibit parking in the alley in Block 8 behind Robertson Funeral Home which obstructs emergency vehicles in this alley. Motion was made to pass an ordinance.

There being no further City business, motion carried to adjourn

# ASCS News

## 1984 Feed Grain Program

Maximum permitted acreage is limited to no more than 90% of the farms combined corn/grain sorghum or barley/oats base. The sign up period is from January 16th to February 24th.

Target Price: Corn \$3.03 bu; Grain Sorghum \$5.14 cwt; Barley \$2.60 bu; and Oats \$1.60 bu.

Loan Rate: Corn \$2.55 bu; Grain Sorghum \$4.32 cwt; Barley \$2.08; and Oats \$1.31-bu.

There is no Payment in Kind offered for the 1984 feed grains. There will be no offsetting or cross compliance requirements between farm or commodities. CUA requirements are basically the same as last year.

## PIK Wheat

Many of you have yet to come by to get your PIK wheat receipts. This is alright in that CCC will pay storage through November 30, 1983; but if you plan to hold your PIK wheat over into 1984, you will need to come by the county office and sign a request to that effect. We can extend the PIK settlement deadline to January 16, 1984.

## Foreign Investor Disclosure

Ownership must be reported to this office within 90 days of acquisition or disposition of land. Severe penalties may be assessed for failure to report timely.

## 1983 Cotton Production

The Donley County ASC Committee has determined to accept ASCS-503 cards (Cotton Production Cards) signed by both Gin Representative and Producer containing warehouse weights as proof of production.

REMEMBER when you turn all of your production in to make sure and file a disaster application (ASCS-574) if you have not and will not harvest some acreage. This is important

# Ask the Land Bank about rural home financing.

Federal Land Bank loans feature long terms with low payments. And no prepayment penalty. So before you buy, build or remodel, stop in and see us.

in computing next years yield.

## Ginner Agreements

The owners or authorized representatives of all gins located in Donley County have certified to Commodity Credit Corporation that all the bagging and bale ties that they will use on cotton which may be pledged to CCC for loans will meet CCC specifications. These ginners have also assured the County Committee that any nonspecification bagging and/or bale ties they will use which is not identified with the National Cotton Council's experimental Bale packaging Program will not be used on any cotton which may be pledged to CCC for loans.

## Drought Conditions

The drought of 1983 has created a shortage of hay in some parts of the state. ASCS officials have compiled a list of available hay for sale throughout Texas. If you need to purchase hay for your livestock, you may come by the office and survey the statewide listing; or if you have excess hay for sale, you may add to the listing. If you have available haying equipment and would be willing to bale hay for area producers please notify us of this.

# Hedley News

by DARLENE BALL

Congratulations to Don Rieken for winning \$10,000 in March mania Van Contest through the Kurby Co. Don took the money instead of the van.

All the pre-schoolers had a Halloween party at the Lions Hall Saturday. It was children from Quail and Hedley.

Mr. and Mrs. Willie Futrell, Rose Hill, North Carolina visited her sister, Dottie Bogue, Billie and Ester Burge, Denver, Colorado visited his Uncle Louie Bogue.

Mrs. Nettie Alexander has been in Hall County Hospital.

Fri., Nov. 4-Steak with gravy buttered potatoes, summer squash, sliced tomatoes, roll, butter, apricot cobbler, milk, coffee, tea.

Mon, Nov. 7-Bacon wrap sirloin, mashed potatoes, spinach, cabbage slaw, corn muffin, butter, pineapple upside-down cake, milk, coffee, tea.

Tues., Nov. 8-Pork chops, green peas, macaroni/tomatoes, pineapple-cheese salad corn muffin, butter, chocolate brownie, milk, coffee, tea.

Grace Kelly was the first movie actress to appear on a postage stamp. She and Prince Rainier of Monaco, her husband, were featured on one in 1956 in commemoration of their marriage.

## Farmers Home Foreclosures

The Farmers Home Administration reports that during the fiscal year ending on September 30, 1982, the lending agency processed foreclosures on 844 borrowers. During the period of October 1, 1982 to August 31, 1983, foreclosures on 1,215 were processed.

Of the 1,215 borrowers on which foreclosures were processed during the October 1, 1982 - August 31, 1983

period, the Farmers Home Administration initiated foreclosures on 561 borrowers and was forced to process foreclosures on 654 borrowers who were foreclosed on by prior lienholders.

## Marijuana Use

Editorial Note: Marijuana is the most widely used illicit drug in the United States; an estimated 50 million people have tried it at least once. A recent U.S. Department of Defense survey showed that chronic marijuana use exceeded 30% among some members of the military. Although further study is needed on the long-term health effects of marijuana use, short-term effects include impaired motor coordination and perception, as well as slowed learning and decreased short-term memory 9/.

## Joe Morrow

accepted to

## Texas College

Joe Morrow, a 1982 graduate of West Texas State University from Clarendon, has been accepted into the Texas College of Osteopathic Medicine in Fort Worth.

Morrow is one of six WTSU graduates accepted into a Texas medical school this fall semester.

The acceptance rate for WTSU students in Texas medical schools is 54.5 percent, which is above the national average, said Dr. William Cooper, WTSU professor of biology.

Smaller classes, quality courses and personal attention from faculty members seem to have made a difference to the 25 WTSU students accepted into health professions programs around the state, he said.

"WTSU has a very good relationship with all health professions schools. We have built a good reputation, and our students have backed us up on that," Cooper said. "Our record shows it."

More than 25,000 students have been accepted to the four medical schools within the University of Texas system this year.

## WBY-DUBBY?

Is your knowledge of golf on a par with other people? Here's some information about one of our oldest sports that may help you tell:

• At least three golfers are recorded to have played a long course (over 6,000 yards) with an 18-hole score of 58!

• The highest golf course in the world is in Peru. The course there is 14,435 feet above sea level at its lowest point.

• There's a golf tournament to be played in Hawaii on two courses that are situated on an extinct volcano. The tournament, called the Amaretto di Saronno Classic, will be held January 8-15, 1984. That international competition is for women golfers from around the world. Information on the competition is available by writing to: Amaretto di Saronno Classic, Dept. M, 4820 U.S. Highway 42, Louisville, KY 40222.

Hanging a mirror in the back of a linen closet helps keep track of stored items.

A ten gallon hat, when filled, can actually only hold 3/4 of a gallon.

AWARD RECIPIENTS during the recent Agricultural Chemicals Conference in Lubbock were, left to right; Dr. Dale Pennington, Texas Agricultural Extension

Service area agronomist from Lubbock; Bill Ellis, manager of Growers Ag Service in Dumas; and Jay Lindley of Clarendon, a Texas Tech University student. Pres-

ident of the Entomology Club, Lindley was lauded for "outstanding academic achievement" by the chemicals organization.

# Market Activity

## Cotton Market Activity

Trading on the Altus market was slow to inactive, Friday, October 21. Supplies and offerings of free PIK and bid-back PIK cotton were moderate. Very little new crop cotton was available. Demand was very light. Sufficient supplies of contracted PIK cotton were released to satisfy current shipper demand. With new crop cotton in the offering, buyers appeared reluctant to commit themselves further to 81 and 82 crop cotton. Prices this week were steady. Several small lots of PIK and bid-back PIK cotton brought 800-1200 points over the 1983 CCC loan value, varying with quality. A few bales of new crop picker cotton, grades 21 and 31, mostly staple 36, mostly base mike, brought about 72 cents/lb.

## Cottonseed

Prices paid producers for cottonseed ranged from \$165

to \$179 per ton. Seed from irrigated cotton graded better than dryland cottonseed and brought a premium.

## Spot Markets

Grade 42, staple 32, mike 35 to 49 was quoted Thursday at 58.50 cents per pound FOB warehouse on the spot market in Dallas and 61.05 cents per pound FOB warehouse in Lubbock. The New York Futures Contract No. 2 for December 1983 closed Thursday at 79.47, up 274 points from a week earlier.

All cotton production in the United States was forecast at 7.55 million 480 pound net weight bales, 37 per cent below 1982 production and 3 per cent less than the September 1 forecast, according to the Crop Reporting Board, SRS, USDA. Upland production was forecast at 7.47 million bales, 37 per cent less than last year. Acreage for harvest was estimated at

7.44 million acres, down 24 per cent from last year. Average yield per harvest acre was forecast at 487 pounds, 103 pounds below 1982. Upland production in Oklahoma and Texas was forecast at 2.41 million bales, down 18 per cent from 1982 and 4 percent below the September 1 forecast.

## CORRECTION

In the Friendship Quilting article last week it was stated that "Alma and Ed Dishman who were celebrating their anniversary in Dallas with their son, who planned to entertain them with a reception in the hospitality room Esponeligh Terrace Hotel" should have read: "Elmer and Edna Dishman who were celebrating their anniversary in Dallas with their son, who planned to entertain them with a reception in the hospitality room, Stoneleigh Terrace Hotel.

### Alpha Upsilon Epsilon

Alpha Upsilon Epsilon had its second monthly meeting on October 24, 1983 at the Patching Club House. Members were led in the Opening Ritual by Judy Bland. Recording Secretary, Patsy Leffew called the roll, with the following members present: Judy Bland, Kayla Cates, Sandra Eads, Terri Floyd, Terry Floyd, Denise Grady, Debbie Hamilton, Patsy Leffew, Jeanette Lovelless, Jeanne Mondragon, Fuzz Mooring, Bette McAnear, Kitty Proctor, Melody Price, Leslie Schaufner and Wanda Trout. Corresponding Secretary, Fuzz Mooring then read information received from the International Office on its new Lamplighter Chapter Program. She also read thank-you notes from different members to the chap-

ter. The Treasurer, Terri Floyd, then gave her report including reminders to members who owe the chapter money for one reason or another. Unfinished business discussed was the Halloween Carnival. Chairman, Kitty Proctor gave us our working schedules and discussed decoration and clean-up times. New business discussed was the Little Miss and Master Donley County Pageant. It was scheduled for January 21, 1984 at the Clarendon Junior College Fine Arts Center. Fuzz Mooring is pageant chairman and more information will follow at a later date. The Social Committee reported that they had divided food items up for the Mexican Fiesta and gave lists to people as to what they need to bring. Plans are really progressing for the Fiesta with lots of fun in store for members and their husbands on November 12, 1983 at the Proctor home. Also discussed was the Christmas Ornament Exchange for Xi

Lambda Xi, and us tentative dates December 12 or 13 and we will attend the Dinner Theatre on December 11 with our husbands for our chapter Christmas Party. Wanda Hill then introduced her guest speaker, Moleeta Greer, who presented a program entitled "Fun With Flowers". Moleeta gave us some helpful hints on the three basic flower arrangement designs, establishing a focal point in arrangements and placement of your three primary flower pieces to begin your arrangement. She also talked some about seasonal wild flowers for use in arrangements and their preservation. Thank you Moleeta and Wanda for an enlightening program. We then had a baby shower for Denise and her new baby, Matthew Bryan. Members brought gifts and the chapter presented her with a specially designed friendship blanket signed by all members and listing all of Matthew's birth statistics. We also wished

Denise a Happy Birthday as it was also her birthday. Some girls received Secret Sister gifts for different occasions. Everybody remember your Secret Sis and her special dates. There was a lot of discussion about the Northwest Texas Area Convention at which seven A.U.E. members attended. Details of the trip were given, in detail, as all of those not able to attend listened, laughed, cheered and blushed. Refreshments were served by hostesses Terri Floyd and Fuzz Mooring. All members stood and repeated the Closing Ritual. We would like to welcome our new pledges, Kayla Cates, Debbie Hamilton, Jeanette Lovelless, and Bette McAnear. We are glad to have you and know you'll enjoy being a member of our chapter of Beta Sigma Phi. Members remember the next meeting is Monday night, November 7 at the Club House. There will be an Executive Board meeting at 7:00 p.m. We will have

The Clarendon Press, Thurs., Nov. 3, 1983

the Pledge Ritual for our new pledges. Sandra Eads will present the program over "Diet" and hostesses will be Wanda and Jeanette. Kitty will bring the Sunshine Gift.

### Women's Aglow

Monday, November 7 will be the next meeting of Women's Aglow Fellowship at the First Bank & Trust at 7:30. The special guest speaker will be Steve Baker who will be showing slides of Israel. Women's Aglow Fellowship welcomes all women of all faiths to come and enjoy these times of fellowship during this Thanksgiving season as we praise the Lord with Thanksgiving in our hearts.

Ulysses S. Grant's horse was named *Cincinnatus*.

### 4-H Food Show

The Donley County 4-H Food Show will be held Friday, November 4, in the Clarendon Community Center. Judging will begin at 3 p.m., and at 5 p.m. there will be an awards program and tasting tea. There will be three age divisions in the county show: Senior, Junior, and Pee Wee. Senior Division entrants are ages 14-19, while Junior Division youth are 9-13. Pee Wee's are youth 8 years of age and under. For the contest, each 4-H entrant will compete in one of four classes, including Main Dish, Side Dish, Breads and Cereals, or Snacks and Beverages. Anyone interested in participating in the County 4-H Food Show should contact the Extension Office at 874-2141.

Educational program conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

### Ladies Auxiliary met

The first work night for the Clarendon Ladies Firemen Auxiliary was a huge success. Ten ladies showed up to help clean. With all pitching in they got the kitchen, bathroom and upstairs shining, even the firemen noticed! There will be a regular meeting of the Ladies Firemen Auxiliary on Thursday, November 3rd at 7:30 p.m. The meeting will be held at the Clarendon Fire Station. Everyone is urged to attend this meeting. They will be voting on a name for the auxiliary and by-laws. An

invitation is extended to anyone who would like to become an Honorary Member of the Auxiliary.

All catalog orders must be turned in Thursday night. All money must accompany orders. They will be sent off November 4 so will be delivered by Christmas. Remember this meeting is important. Please make arrangements to attend!

### Fuston, Hawkins exhibit steers at State Fair

Lesia Fuston and Doug Hawkins, Donley County 4-H members, exhibited Hereford steers at the State Fair of Texas in Dallas recently, according to County Extension Agent Ronald Gooch. Lesia placed 6th and Doug placed 14th. Both steers were exhibited in the heavy weight Hereford class and were sold in the premium auction.

# Stavenhagen-Goyne nuptials exchanged

The sanctuary of the Beautiful Savior Lutheran Church in Amarillo was the scene of the Saturday afternoon, October 15th wedding of Cylinda Goyne and Steve

Stavenhagen. The bride is the daughter of Mr. and Mrs. Terry Becker of Amarillo and the granddaughter of Mr. and Mrs. S.W. Campbell of Fort Worth and Mr. and Mrs. Clyde W. Becker also of Fort Worth. The groom is the son of Mr. and Mrs. Mac Stavenhagen of Clarendon and the grandson of Mr. and Mrs. John Stavenhagen of Clarendon and Mr. and Mrs. Elmore Bailey of Hedley.

Pastor Darrel Gilbertson performed the double ring ceremony before an altar backed by an arch of pink gladiolus, burgandy and pink

carnations, small white mums and greenery. Candelabras holding white tapers decorated with white carnations, burgandy and white satin ribbons flanked each side of the altar. The white unity candle, which was lit by the bride and groom at the end of the ceremony, stood on a flower-encircled pedestal to the right of the altar.

An organ prelude was presented by Dan Knight who also accompanied vocalists and played the traditional processional and recessional. Mrs. Bennie Harvey, great-aunt of the bride, sang "Just You and I" prior to the exchange of vows. Mr. Clyde Becker, grandfather of the bride, sang "The Lord's Prayer" at the conclusion of the ceremony. The bride presented a burgandy silk rose to her

mother as she approached the altar and an identical rose to her new mother-in-law as she left the altar.

The bride was given in marriage by her parents and escorted to the altar by her father. She wore a formal gown of candlelight satin, which softly gathered at the waist and extended into a chapel length train. The sheer front and back yoke was edged with appliqued lace and lace ruffles accented the wrists of the long, satin sleeves. The stylish English riding hat of lace and seed pearls completed the bride's attire. She carried a cascading bouquet of burgandy roses interspersed with baby's breath.

The traditional "something old" was a penny in the bride's shoe and "something new" was her wedding gown. The "something borrowed" was a diamond ring of her mother's and "something blue" was a garter.

Sherry Barrett of Amarillo was Maid of Honor and Linda Calkins also of Amarillo was the Bridesmaid. Both were dressed in identical floor length dresses of burgandy with rounded necklines and puffed sleeves of burgandy lace. Each girl carried cascade bouquets of pink roses and baby's breath.

Candlelighter was Karl Becker, brother of the bride. Rick Acord served as Best Man and Groomsman was Ronnie Calkins both of Amarillo. The men all wore grey tuxedos trimmed in burgandy except the groom who wore a black tuxedo.

Immediately following the ceremony a reception, hosted by the bride's parents, was held in the Fellowship Hall of the Beautiful Savior Lutheran Church. The two main serving tables and several small serving tables were covered with lace cloths with pink floral centerpieces. The three-tiered wedding cake of traditional ivory frosting was decorated with fresh pink roses on each tier and was topped with an upturned champagne glass enclosing

MRS. STEVE STAVENHAGEN

small rosebuds and supporting a bouquet of pink roses, baby's breath and greenery. Fruit punch, pastel mints, and mixed nuts were served from silver and crystal serving dishes. Champaign punch was served at a separate table from a crystal punch bowl.

Members of the house party were: Nancy Connelly, Mary Kay Weser, Teresa Beasley, Rita Homer, and Kim Connelly.

Following a wedding trip to Las Vegas, the couple will be home in Amarillo where she is employed by the American Quarter Horse Association and he by Luxury Living Mobile Homes.

Pre-nuptial courtesies included a miscellaneous shower hosted by Nancy Connelly, Carol Tietgens and Ellen Goodson of Amarillo. A lingerie shower was

hosted by Mary Kay Weser and Debbie Black also of Amarillo. A kitchen shower-brunch was given at the home of Mrs. Jim Hayes in Clarendon and catered by Katherine Green. Hostesses were Ethelyn Grady, Betty Veach, Kay Hayes, and Katherine Green.

## FTA met during October

The FTA met October 4 at 6 p.m. in Room 104 at Clarendon High School with Annette Watson presiding.

Items discussed: Leadership conference for officers; spirit chain; officers planning to run for district office: Tim Cole, President, Kim Formway, Vice President, Lynn Alderson, Treasurer and Annette Watson, State President; money making projects and other projects and planned officers meeting for Thursday at 8 a.m.

The FTA met on October 11 with Annette Watson presiding.

Items discussed: officers dues; reported on spirit chain; state convention; district convention committees, Kim's Committee: Gina S., Muzzy H., Mitch J.,

Lynn R., Jamet R. and Gayla C.; Tim's Committee: Wayne C., Dyron H. Arlis T., Gayla C., Tish R., and Lynn R.; Lynn's Committee: Tim C., Russell A., Bryan S., Arlis T., Shaun H., Renee K., and Pam H.; Annette's Committee: Dyron H., Gina S., Tish R., Kim F., Mary H., and Toni M.

People on the scrapbook committee are: Wayne C. in charge, Sheri Chamberlain, Russell Alexander, and Gina Smith.

The F.T.A. met October 18 with Annette Watson presiding.

Items discussed: raised \$322 on FTA spirit chain; Juniors won it! Sophs came in 2nd!; campaign meetings were set; state convention; voted to stay at Hyatt Regency in Austin.

September FTA'er of the month is Dyron Howell, senior, QB on football team, captain of football team, NHS and FTA.

September FTA teacher of the month is Fuzz Mooring, 2 years teaching, Speech I and II, Drama and English II.

## Clarendon College receives donation from Canadian Oil Man

A gift of \$715,752.39 from Canadian oil man Malouf "Oofie" Abraham, will go to the Amarillo Area Foundation for distribution among a dozen named institutions and causes.

Abraham's gift was accepted Wednesday at a meeting of board of directors of the foundation, which will be responsible for distributing the funds, handling any paperwork involved and monitoring use of the funds to be sure Abraham's intent is carried out.

Specifically, funds will go to: Amarillo College, \$20,000 for scholarships in business administration; Carson County Square House Museum, \$10,000 for the museum's permanent fund; city of Canadian, \$25,000 to pay for construction of baseball diamonds in the park area; Clarendon College, \$10,000 for scholarships in

business administration; Girltown U.S.A., \$10,000 to be used as needed; McMurry College, \$10,000 for scholarships in business administration; Texas State Technical Institute, \$10,000 for scholarships in business-office education; Texas Tech University, \$150,000 for scholarships in business administration; Trinity University, \$100,000 to establish a scholarship for junior and senior pre-med students honoring Malouf Abraham, Jr., M.D.; Wayland Baptist College, \$20,000 for scholarships in business administration; West Texas State University \$50,000 for scholarships in business administration; and Canadian YMCA, \$200,000 grant to be matched dollar for dollars between Oct. 13 and Dec. 15, 1983, to finance construction of the Canadian Area Family YMCA.

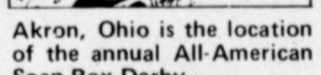

A remaining \$100,752.39 will be held in trust by the Area Foundation to be used upon request by qualifying charities and with Abraham's approval.

In accepting the gift, Jack Cromartie, executive director, said, "The foundation is very pleased Mr. Abraham has chosen us to serve as administrator for this major gift."

In recent years, Abraham and his wife, Iris, have donated hundreds of thousands of dollars to charitable projects in the area, in addition to establishing a \$1.5 million trust fund which will channel more than \$2.5 million in grants to Panhandle institutions and causes in the next 20 years.

In July, Abraham donated \$100,000 to Texas Tech University to begin funding of a \$4 million study of the human brain.

Abraham, son of pioneer Canadian merchant Nahim Abraham, grew up in Canadian, attended schools there and is a graduate of Texas Tech University. He is a former mayor of Canadian and served as a state representative from 1966 to 1970. He is an independent oil operator and also is in the real estate business.

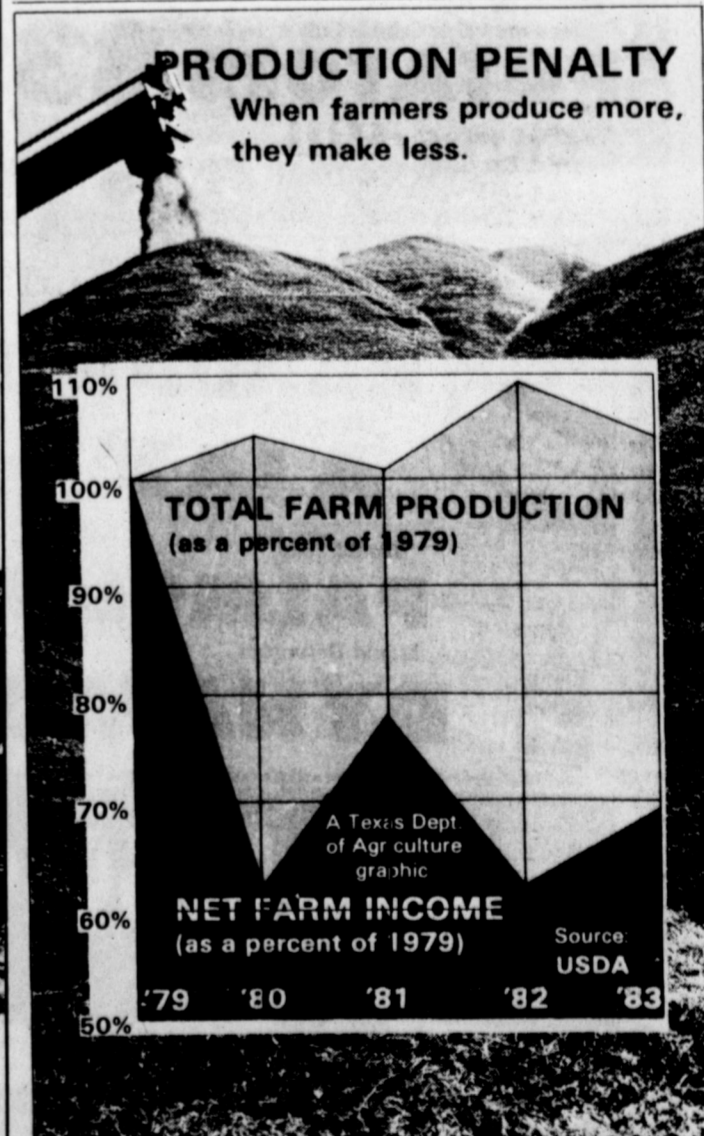

Akron, Ohio is the location of the annual All-American Soap Box Derby.

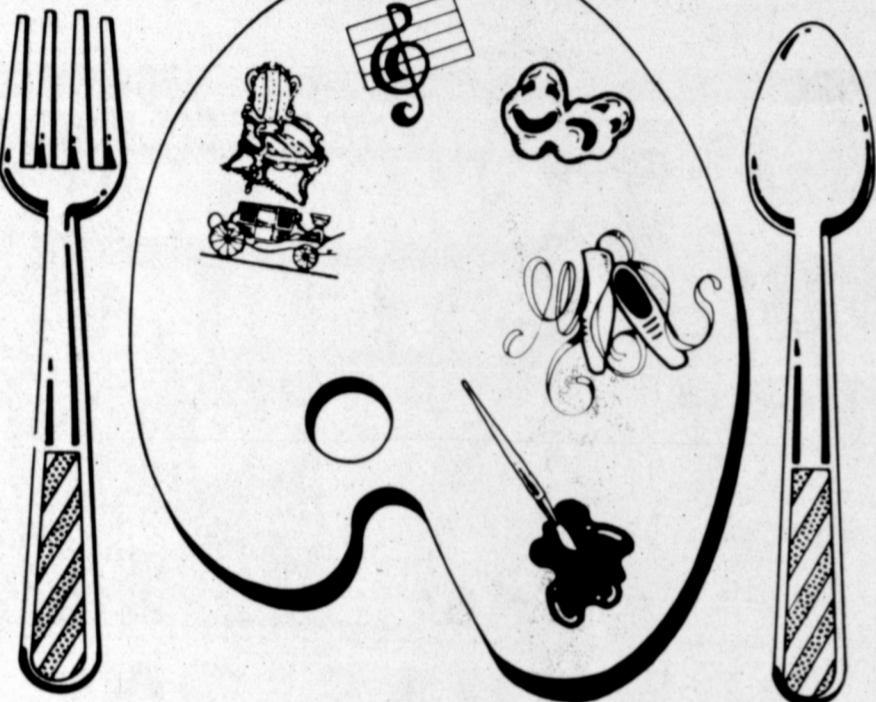

## GENERAL ELECTION DAY NOVEMBER 8

### TDA Flashfacts

Statistics that shape Agriculture, from the Texas Dept. of Agriculture

"It is a bitter fact of economic life that American farmers are being hurt by their own productivity," says Texas Agriculture Commissioner Jim Hightower. "Current government policies have forced commodity prices down, so farmers have no choice but to produce even more to make up for the lower prices. But the extra production forces prices even lower. As a result, net farm income has fallen every time total production has risen, punishing our farmers for their productivity. That's why it is essential to build effective production controls into American farm policy."

## TASTE THE ARTS

Spend an enjoyable day savoring this delightful smorgasbord of the arts available to Panhandle residents. Dancers, musicians, actors — performers of all kinds. ## SEASON'S BOUNTY

A seasonal change gives life a new perspective. Hunters learn to appreciate the bounty of the land and farmers, a time for preparing the soil. Many of us simply appreciate the turn of nature.

A seasonal change offers a time for a fresh outlook. Our attitudes become more positive — our daily routines more pleasant.

At Vernon Savings we believe in positive outlooks and pleasant attitudes. We offer that to our customers first. Then we offer them the best in financial service. That never changes, whatever the season.

# Ashtola-Martin News

By NAOMI GREEN

Mayon and Edna Johnston of Las Cruces, N.M. were guests of the Lloyd Risleys last week. Sunday they included Tom and Louise Shadle in a family luncheon.

Tuesday Buela and Durell Hall of Hedley spent the day with Mr. and Mrs. Royce Hall.

Brooke Garvin was a weekend guest of her grandparents, the Warren Hardins. Paula and Lane and Kurby Garvin picked Brooke up Sunday.

Montie, Mindy and Carline Holler attended the 4-H awards banquet at the high school cafeteria Saturday night.

Chris Jewett spent the weekend with his grandparents, the Clifford Jewetts.

Bud Butler of Lelia Lake spent Sunday afternoon with the Bill Bennetts.

Stella Jewett made a business trip to Amarillo Monday to take all four of her grandchildren "trick or treating".

Mrs. Florine Bennett and Mrs. Naomi Green attended

Pathfinder guest day Friday. Burl Holler spent several days in Oklahoma City at the horse sales.

Hazel and J.R. Brandon made a business trip to Amarillo Wednesday.

Barbara Helms, Cauline Koozts and Flossie Reynolds went to Amarillo Wednesday.

Mrs. Winona Martin and Mr. and Mrs. Albert Romine from Borger were guests in the Charlie Hearn home Friday.

Mr. and Mrs. J.R. Brandon entertained four tables of 42 players Saturday evening. Those present were Mr. and Mrs. Burl Clinton of Canyon, Mr. and Mrs. Don Matherson of Claude, Mr. and Mrs. Quinn Aten, Mr. and Mrs. D.E. Leathers, Mr. and Mrs. Oscar Thomas, Mr. and Mrs. John Sarich and Clara Gillham and Ann Kennedy.

Lawrence and Dorthie Scott, Cindy, Jason and Kelley Bunyon of Amarillo along with Steve and Dorothy Reynolds and Ann Bunyon were

dinner guests Saturday in the home of Flossie Reynolds.

Roslie Watson visited with Flossie Reynolds Saturday morning.

Mr. and Mrs. L.A. Watson and Gay Cole attended the funeral service for Eldon Bradfoot in Panhandle Monday.

Mrs. Chester Gregory of Borger visited with the Charlie Hearn Saturday.

Arlie Wood of Montevista, Colo. is visiting several days with the L.A. Watsons while his wife, Claudeane, and daughter, Carol, seek medical attention at Oklahoma City.

Mr. and Mrs. C.I. Casteel spent Friday evening visiting with Roslie Watson while L.A. and Larry's family attended the ball game.

Ashtola Community plans a Thanksgiving pot luck supper the 19th of November. Time of day for the meal will be determined at a later date.

Playing cards were used as money by early Canadian colonists. The back of each card was signed by the French colonial governor.

## Obituaries

**Mrs. Linnie Lee Braddock**  
Mrs. Linnie Lee Braddock, 82, passed away Tuesday evening, October 25 in Memphis Convalescent Center. Funeral services were Thursday, October 27 in Spicer Funeral Home Chapel with Rev. ### PUBLIC NOTICE

The County of Donley has completed Form F-28A, for the U.S. Census Bureau, which reports the actual expenditures of Revenue Sharing for the fiscal year ending September 30, 1982. These expenditures show \$3,147,000 used for operating expenses of the County; \$81,541.00 including interest used to pay balance on jail construction. (This money was appropriated from accumulation of Revenue Sharing for jail construction the year before); and \$8,822.00 used for repair work on the Old Courthouse Building. The public is invited to review the documents of these expenditures in the office of the County Judge during the office hours.

### THANK YOU

Medical Center wishes to express its appreciation to the Sheriff's department and the Volunteer Fire Department for their assistance in locating a resident who wandered too far from where they were supposed to be. We did experience some anxious moments but thanks to those helping the resident was found still walking but safe and well. The person who found the resident was Fred Williams. Thank you Fred and all who participated in the search.

### ORDINANCE

An ordinance prohibiting the parking or stopping of motor driven or other vehicles in a certain described alley in the City of Clarendon, Donley County, Texas, and providing a penalty for such an offense, and declaring an emergency, and providing for the publication thereof, and providing an exemption.

**BE IT ORDAINED** by the City Commission of the City of Clarendon, Donley County, Texas:

**WHEREAS**, there is a pressing need for an ordinance by the City of Clarendon regulating the parking or stopping of motor driven or other vehicles in the alley running through Block No. 8, in the Original Town of Clarendon, Donley County, Texas, according to the recorded map and plat of said town on file in the Clerk's Office of Donley County, Texas;

**WHEREAS**, the practice of parking or stopping motor driven or other vehicles in such alley creates a hazard to and restricts or prevents the ingress and egress of ambulances and other emergency vehicles.

**THEREFORE, BE IT ORDAINED** by the City Commission of the City of Clarendon, Donley County, Texas, that it shall be unlawful for any person, firm, or corporation to park or stop of cause to be parked or stopped any motor driven or other vehicle in the alley in Block No. 8; and that any person so parking or stopping or causing the parking or stopping of a motor driven or other vehicle in said alley above described shall be deemed guilty of a misdemeanor, and upon conviction shall be fined a sum not less than \$20.00 nor more than \$200.00; and that each time such a vehicle is so parked or stopped in said alley shall become a separate offense and be punishable as above described.

**PROVIDED** nothing herein shall apply to commercial vehicles loading or unloading freight into or out of any store building or place of business abutting on said alley during the period of time necessary to accomplish such loading or unloading only.

**WHEREAS**, because of the urgent need and necessity of prohibiting such practice of parking or stopping such vehicles in said alley because same creates a hazard to and restricts or prevents the ingress and egress of ambulances and other emergency vehicles, there is an urgent need and necessity of prohibiting such practice of parking or stopping such vehicles in said alley because same creates a hazard to and restricts or prevents the ingress and

egress of ambulances and other emergency vehicles,

**WHEREAS**, because of the urgent need and necessity of prohibiting such practice of parking or stopping such vehicles in said alley because same creates a hazard to and restricts or prevents the ingress and egress of ambulances and other emergency vehicles, there is an urgent and imperative public necessity that the rules requiring ordinances to be read on three separate days before final passage be suspended, and it is ordained and enacted that this ordinance shall take effect and be in force immediately upon its

passage, and publication in a paper as contemplated by Article 1013, Revised Civil Statutes of Texas, and the law regulating such matters. Passed and approved this the 25th day of October, 1983.

### PUBLIC NOTICE

Pursuant to the Gas Utility Regulatory Act, Lone Star Gas Company hereby gives notice of the Company's intent to implement a new schedule of rates effective November 9 1983

to be charged for natural gas service to residential and commercial customers in the environs area (outside incorporated limits) of

Clarendon, Texas  
The rate schedule is expected to furnish a 2.24 percent increase in the Company's gross revenues in the environs of Clarendon, Texas

A Statement of Intent has been filed with the Railroad Commission of Texas and is available for inspection at the Company's business office located at 315-A South Kearney, Clarendon, Texas.

Any affected person desiring to contest such changes in rates can file a complaint with the Director of the Gas Utilities Division, Railroad Commission of Texas, 55 North-I.H. 35, Austin, Texas, 78711.

with "Max", Teresa Percival with "Honey", Dawn May with "Bear", Judy McCully with "Bit O'Honey". Contact the Donley County Agents' office 874-2141 for information concerning classes.

## Music program at Medical Center

DANNY MULLINS on drums

BOB ASHER, KAREN HARMON, BILLY MULLINS AND STEVE MULLINS.

The residents of the Medical Center Nursing Home were treated to a musical program on Saturday, October 29, 1983. The Homebrew Band from Hedley played and sang for an hour. The band consists of Billy Mullins-lead singer and rhythm guitar, Bob Asher-lead guitar, Steve Mullins-bass guitar, Karen Harmon-singer, Danny Mullins-drums, Tony Clendennen-electrical manager.

The band played a selection of country and western songs.

The band is managed by Su-San Couch and Linda Ivey and sponsored by Mr. and Mrs. T. Mullins, Mr. and Mrs. Jerry Linebaugh and Mrs. Fred Watt.

The bank hopes to be able to come to the nursing home often. They were invited to come every Saturday afternoon that they could. They will start playing about 4:00 p.m. Anyone who wishes to hear this young group is welcome to visit.

These young people are greatly appreciated for giving their time to the nursing home residents.

### INVITATION FOR BIDS

The Housing Authority of the City of Clarendon, Texas, [hereinafter called the Local Housing Authority], issues this invitation to submit information on the Architectural and Engineering Services required to design, inspect and coordinate all work items for the Comprehensive Improvement Assistance Programs Project TEX 162-903.

Work items within this modernization program includes modernization and additions to Site Improvement and Dwelling Structures. A copy of the C.I.A.P. Program including a list of all work items is on file at the office of the Housing Authority of the City of Clarendon, P.O. Box 945, Clarendon, Texas 79226.

All proposals will be received in the Office of the Executive Director, on or before 4:30 P.M., C.S.T., December 1, 1983. [Submit following information.]

- 1.) Firm legal name and mailing address.
- 2.) Information about your firm including your staff, experience and work load.
- 3.) Mechanical, Electrical and Structural Engineers employed by your firm.

4.) Years experience of your firm in HUD MODERNIZATION PROGRAMS.

5.) Information in regards to previous work accomplished under the HUD MODERNIZATION PROGRAM [C.I.A.P.] by your firm, including examples of similar work done in the past five years.

6.) A total amount of fee for Architectural and Engineering services will accompany this proposal listing the total amount for each of the following categories:

- a) Schematic Design Phase
- b) Construction Document Phase [including plans and specifications]
- c) Contract Award Phase
- d) Construction Phase [including inspection]

The Local Authority reserves the right to reject any or all proposals or to waive any informalities in the bidding.

No proposal shall be withdrawn for a period of sixty (60) days subsequent to the opening, without consent of the Local Authority.

A Brazilian palm can claim the largest leaves in the plant kingdom. Its fronds are sometimes over 70 feet long and 19 feet broad.

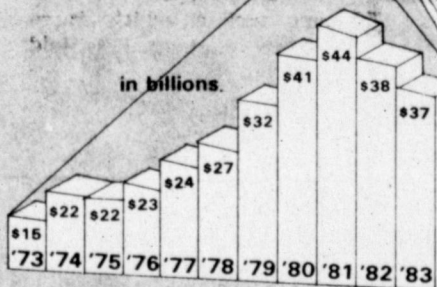

Sixty different kinds of proteins are known to exist in blood plasma.

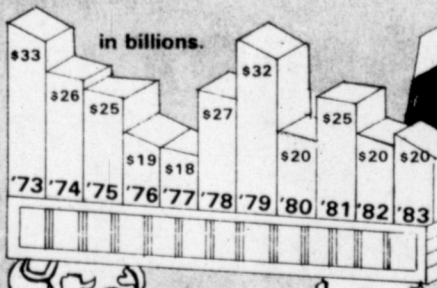

Statistics that shape Agriculture, from the Texas Dept. of Agriculture

## Exports Fail to Boost Farm Income

### Farm Exports Up 143% Since 1973

### Farm Income Down 40% Since 1973

'83 figures are estimates. Source: U.S.D.A.

The current administration has proposed a continuation of an export-based farm policy, but "the facts show that increased farm exports haven't increased the farmer's income," said Texas Agriculture Commissioner Jim Hightower. "Agriculture exports have helped to diminish the U. S. international trade deficit, and have boosted the income of many export firms, but farmers have seen their commodity prices fall and their income plummet to the lowest level in 50 years."

## Ladies Night Banquet at Lions hall

by GENE ALDERSON  
The Clarendon Lions Club celebrated its 61st anniversary with a Ladies Night Banquet at the Lions Hall at 7:00 p.m. on Tuesday, October 25, 1983. Twenty-six members, Lion Sweetheart Jessie Adams and fifty guests were present. The meeting was called to order by the Boss Lion, A.R. Henson. Song leader, Dan Bentley led the group in several songs. Following the Pledge of Allegiance, David Davidson gave the invocation. An excellent turkey dinner was enjoyed by everyone. Lontamer P.C. Messer handled the introduction of guests. Special guests included District Governor Pat Tunnell, Deputy District Governor Troy Moore and Zone Chairman Paul Bivens. Pauline Morris, Clara Gilham, Anne Kennedy and Tennie Smith, who widows of former members were also guest of the club.

Each Lion then introduced his guests.

Boss Lion Henson announced that the club was honored to have a member present who had been a member of our club for fifty years. That member, Lion R.E. Drennan then received a standing ovation.

District Governor Tunnell presented Key Member Awards for securing two new members to Mike Butts, Gene Alderson and Billie Christal. He also presented the following perfect attendance awards: Fred Carter, 6 years; P.C. Messer, 12 years; R.E. Drennan, 12 years; Allen Estlack, 17 years; G.W. Estlack, 29 years; and Homer Estlack, 37 years.

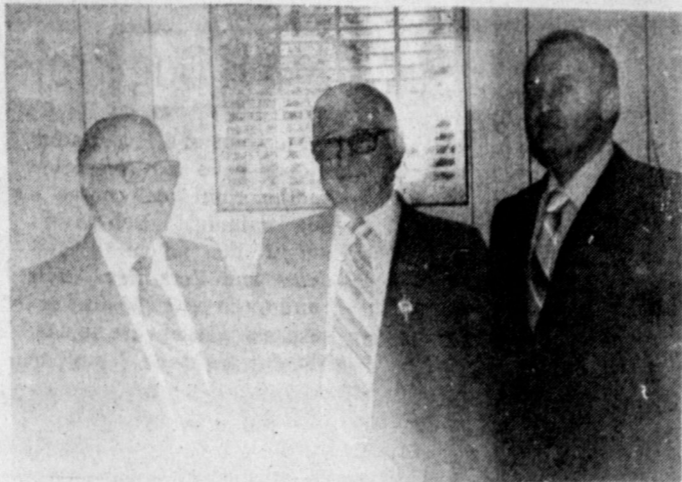

Program Chairman Billy

Ray Johnston then introduced our program which consisted of violin selections by Mary Bray accompanied by Jessie Adams and vocal selections by Jim Shadle accompanied by Gayla Davidson.

Our special thanks go to those on the program. Beautiful table decorations were handled by Mrs. A.R. Henson who was assisted by David Davidson and Paul Bivens.

Following a short speech by our honored fifty year member, R.E. Drennan, the meeting was adjourned with the Benediction given by A.R. Henson.

The Clarendon Lions Club holds its regular meeting at noon on Tuesday, November 1st at the Lions Hall. Twenty-four members, Lion Sweetheart Jessie Adams and five guests were present. After a fried chicken dinner, Boss Lion Henson called the meeting to order. Following the regular opening ceremony, Lontamer Messer introduced Melvin Crabtree of Clarendon who is with the Farmers Home Administration and who was the guest of Homer Estlack. David Smith of Clarendon was the guest of his father, Don Smith. Our program consisted of musical selections by Joburta Helms, Choir Director at Clarendon College. Melaney Gilbert and Jack Smallwood, Clarendon College Students. Jack also accompanied the group on the guitar. Lion Henson mentioned the names of a number of people in our community who were in need of prayer due to health problems.

G.W., HOMER AND ALLEN ESTLACK received 29, 37 and 17 years 100% attendance pens at Lions Club Banquet.

### Board scheduled meetings

Clarendon Independent School Board meets the second Thursday of each month at the High School Administration Building at 7:30 p.m.

Clarendon College Board of Regents meets the second Tuesday of each month at the College Administration Office. The time varies, if you would like to attend call the administration office.

The Board of Alderman for the City of Clarendon meet the second and fourth Tuesday of each month at the City Hall at 7 p.m.

The Donley County Commissioners Court meets every second Monday at 10 a.m. in the new courthouse board room.

The Donley County Hospital Board meets the second Tuesday of each month at 7 p.m.

Howardwick City Council meets on the second Saturday of each month at the Howardwick City Hall starting at 8:30 a.m.

Hedley City Council meets on the first Thursday of each month at 7 p.m. at the Hedley City Hall.

Hedley Independent School Board meets the third Monday of each month at the Hedley School at 7 p.m.

The times of these meeting may vary for summer and winter months. If you are interested in attending these meetings you should call and verify the time.

These meetings are open meetings, anyone can attend to listen in. If you want to speak at any of the board meetings you should call at least a week before so you may be placed on the agenda.

There are times however, when a board goes into an executive session, and you may be asked to leave.

Most information collected, assembled or maintained by these boards is public information and available to the public during normal business hours.

However there are several exceptions where information is not public information.

## Howardwick News

By ALICE HOOD

Jim and Peggy Cockerham's eleven month old grandson, Joshua Sheer, was in Childrens Hospital in Houston, last week. He will have surgery later.

Ray and Aundra Green had visitors last week from Fresno, Calif. Tom and Mary Damerson came in Sunday and left Wednesday.

Charles and Lucille Boren spent the weekend in Snyder, Texas visiting Lucille's sister and to check on her parents graves.

We had a nice turn-out for the Fire Department Open House Saturday, October 29. Many residents were out of

town for the weekend, therefore, were unable to attend. There were several donations to the Emergency Medical Technical Squad of Howardwick. These donations are gratefully appreciated. A special thanks is extended to the Clarendon Fire Department and Paramedics for coming out.

Fire Chief, Stony Craft, took blood pressure, one of the demonstrations performed by the chief that he has learned in training.

The Howardwick Volunteer Fire Department Ladies Auxiliary will meet November 7. Officers have been elected.

## FANCY THAT!

One man, who might be called a modern day Noah, saved his livestock in 1886 by sharing his cabin with two chickens, two goats, two pigs and a pair of uninvited chipmunks during a snow storm that lasted 40 days and 40 nights.

To help people gear up for this year's icy blast of winter weather, Canadian Club has come up with recipes for some bracing potions. They are described as "The Best Drinks in a Century of Winters." There's everything from a tangy Apple Frost and hospitable Reception Punch, to a warming Luminous Coffee.

We speak of a herd of cattle, we have an army of frogs, a clutter of cats, and a skulk of foxes.

In the forties, disc jockeys were called "pancake turners."
