Bronchos Travel To Groom For Game With Tigers Friday Night

The Clarendon High School Bronchos, with only one football victory in four starts this season, will travel to Groom Friday night to meet the Groom Tigers. Game time is slated for eight o'clock.

The Bronchos and Tigers should be fairly evenly matched with Groom being a slight favorite. The Tigers have not won a game in four outings this season, but have played four strong Class A teams and have fared better against their two mutual opponents than have the Bronchos. Gruver defeated the Bronchos, 42 to 12 and won over Groom by a 24 to 0 score. The Bronchos went down under the power of the Panhandle Panthers, 32 to 6, but the same Panthers were able to beat Groom only 22 to 8 a week later. Groom's other games were against Lefors and McLean. Lefors defeated the Tigers 31 to 0 and McLean edged them, 19 to 8. The Bronchos' only win of the season came at the expense of Class B Claude, 23 to 6.

The weights of the two teams should be about even. Both Groom and Clarendon are light this year. Groom seems to have a little better defense and more speed in the backfield than the Bronchos. This will be the last non-conference game for the Bronchos. They have an open date on Oct. 12 and will meet McLean here on Oct. 19 for their first conference game.

FORMER RESIDENT RECEIVES PROMOTION TO LT. COLONEL

Led Jay, son of Mr. and Mrs. Andrew Jay of this city, received a promotion to the rank of Lt. Col. this past week. Mr. Jay is now connected with the Army Terminal at Oakland, Calif., and has been connected with Transportation the past several years. He is planning on retiring from the service in 1963 if the world situation permits.

More 1963 Model Cars On Display Today

Last week, two car lines, Chevrolet and Ford, were presented to the public and are being followed this week by a greater number of 1963 models. The Dodge line went on display at Bartlett Motor Co. Tuesday of this week.

Showing their new models today will be Estlack Machinery Co., Chamberlain Motor Co. and A.A.A. Motor Co. On display at Estlack Machinery Co. will be the 83 Olds and the F-85. Chamberlain Motor Co. will be featuring both the Buick and Pontiac line today and the Tempest to be presented next Thursday. A.A.A. Motor Co. will be featuring two lines also, the Plymouth and the Valiant.

Many new changes have been made in the various lines of cars and you will surely want to look them over at the above mentioned Dealer's showrooms today.

FARM NEWS

from County ASCS Committee

Now Is Conservation Time

The next few weeks would be an ideal time to carry out "postponed" farm conservation work. Many acres at this time are not devoted to crops, as they are normally, because of diversion under the 1962 feed grain and wheat stabilization programs, as well as the Conservation Reserve program. So, the fall is a particularly opportune time to get conservation work done while the land is clear and before the winter sets in.

Whether or not the acreage is to be used for crops during the coming year, the ACP program almost surely includes an appropriate practice, which should help conserve or improve the land, for the program is designed specifically to meet local needs and conditions.

If the land is to go back into production, now is the time to put in or plan such measures as terracing, contour farming, or erosion control dam, to prevent or check erosion and control water.

Whatever the conservation needed on the individual farm, the farmer who wishes ACP cost-sharing should first check with the ASCS county office, to see if assistance would be available to him on carrying out the practice.

Undesirable Varieties of Wheat Subject To Discount

I am sure you probably know that again in 1963, there will be a deduction or discount from wheat loans where you have seeded, harvested, and offered for loan in 1963, undesirable varieties.

It has been determined that a \$0.20 per bushel discount from the applicable support price shall be made for the varieties of wheat which have been named as undesirable and which are (See FARM NEWS on Page 8.)

Zogi Revue To Be Presented Here Oct. 15

Delbert Roberson, president of the Jaycees, announces that his organization was successful in securing the Zogi Revue for a personal appearance at the College Gym here on Monday, October 15th.

The Zogi Revue features "Stars of Today" and Prince Zogi in person. Zogi has been a favorite of the state for a quarter of a century and has completed successful engagements in the heart of the entertainment world on both coasts.

The show promises to be full of humor, fantasy, music, illusions and exotic excursions into the world of make believe.

Roberson says, "We are most happy to be able to bring a Revue of this size to Clarendon. And we are confident that we have selected one of the best."

Members of the Junior Class will handle all advance ticket sales for the Jaycees. The adult tickets during the advance sale will be \$1 and the door price will be \$1.25. Children tickets will be sold only at the door the night of the show.

HOSPITAL NOTES

Patients as of Wed., Oct. 3: Roy Beverly, Mrs. Thad Rodgers, Mrs. Fletcher Curry, Allene Estlack and D. T. Smallwood.

Dismissals: H. T. Burton transferred to Amarillo; H. E. Bartley, Albert Boyett, Mrs. Peggy Childress and baby boy, Maria Gonzales and baby girl, Melvin Housden, Mrs. W. L. Jordan, Mrs. Ida Mace, Edward Smith, Mrs. R. O. Thomas and Mrs. R. N. Walls.

COTTON FESTIVAL QUEEN

MISS SARA SPALDING

Hedley's 11th Annual Cotton Festival Slated For October 12 & 13

Miss Sara Spalding will reign as Queen over the 11th Annual Cotton Festival to be held in Hedley Friday and Saturday, Oct. 12th and 13th. She is the 19 year old daughter of Mr. and Mrs. A. B. Spalding who farm at Hedley.

She was the Hedley Lions Club Queen for 1961-62 and represented the Hedley Club at the district convention at Pampa last year. A graduate of Hedley High School she is now attending Draughon's Business College at Amarillo.

The Festival, Hedley's way of giving thanks for the cotton harvest promises to be still bigger this year. However they can still use attractions of any kind and parade entries. Anything with wheels or can walk will be welcomed in the parade. The big parade is at 1:30 p.m. Saturday, the 13th.

The Festival will open at 10 a.m. Friday morning with H. M. (Flip) Breedlove, Master of Ceremonies. Friday morning's activities will be invocation, introductions, announcements and the registration of Old Settlers. The program will start at 1 p.m. that day with the Old Settlers' portion of the program with Bob Ayers as M.C. and will be continuous both day and night from then on.

James Evans will be M.C. for Friday night's activities and until the Festival closes with the Queen's Coronation, Old Fiddlers' Contest and street dancing Saturday night.

The exhibits and Midway will be open Thursday, Friday and Saturday. The Midway will be operated by Central States Shows of Hazelton, Kansas, and they will have eight or nine rides and numerous booths and concessions.

The Festival is sponsored yearly by the Hedley Lions Club and is one of the greater Lions events of the area.

Jack Seale To Make Appearance Tomorrow

Jack Seale and the SEALE FOR CONGRESS COMMITTEE will arrive in Clarendon Friday, October 5th, at 4:00 p.m. Many persons in Donley County have indicated that they would like to meet and talk with Mayor Seale. It is expected that he will hold an outside meeting on the courthouse lawn. In the event of rainy weather, the meeting place will be Lions Club Hall.

Dissatisfied with the voting record of the present congressional representative from this district, Jack Seale has formulated a platform which he believes more nearly represents the individual beliefs and desires of each person in this district.

Homecoming Group Elects New Officers Saturday Afternoon

An enthusiastic group of Clarendon High School ex-students met in the College Auditorium Saturday afternoon to elect new officers for the coming year. Basil Smith was elected president to guide the group. He will be assisted by Cherry Shadle, vice-president; Genella Eads, secretary; Kay Bain, Assisting secretary; Jo Ann Benton, treasurer; and Rosa Lee Rhodes, historian.

Alan Pittman of Jesup, Georgia, traveled the greatest distance to attend and T. J. Cope of Parnell was the oldest class member present. He represented the class of 1899. Mrs. Marguerite Goodner of Amarillo was recognized as the teacher present having taught in the Clarendon schools for the longest period of time.

The classes of 1918 and 1928 were honored. Charlie Bell of Kerreck, Texas, was the only member of the class of 1918 to be present. Five members of the class of 1928 were able to attend. They were: Mary Slater Mann, Nola Mae Baskin Johnson and Edna Crain Wagner, both of Amarillo; Agatha Taylor Darnell of Borger; and Ethel Crain Lewis of Canyon.

To conclude the business meeting R. E. Drennan led the group in an old fashioned sing-song; then, class meetings were held.

The Ex-student Banquet was held in the new Cafeteria with 155 in attendance. The invocation was pronounced by Bill Bradshaw. R. E. Drennan was master of ceremonies for the evening, and Morris Ledger, High School Principal, welcomed the guests. Entertainment was provided by Misses Lynn and Beth Bourland, accordianists, accompanied by Mrs. Dennis Bradshaw. The reunion was climaxed by a dance at the College Gymnasium with music by the Charlie Grimes orchestra of Amarillo.

Registration was under that of last year which was expected. The majority of those registering were from out of town and many expressed disappointment that so few local people attended. Plans are already being made for the reunion next year when we hope to see you and yours.

MAYOR H. T. BURTON IN AMARILLO HOSPITAL

Mayor H. T. Burton, who was injured in a fall from a ladder at his home some two weeks ago, is reported in a serious condition at this time and was scheduled for surgery Wednesday afternoon. He was transferred from Adair Hospital here to Northwest Texas Hospital in Amarillo Tuesday. It was reported that all indications point to a blood clot in his head as a result of the injury received in the fall from the ladder. His many friends wish him a speedy recovery.

Mr. and Mrs. Alan Pittman of Jesup, Georgia, visited in the M. L. Pittman home Saturday. Alan won the prize for having traveled the farthest to attend Clarendon High School Homecoming.

Jaycees To Launch Polio Drive This Sunday At County Courthouse

Shamrock Beats Bronchos, 35-7

The big Shamrock Irish, after having trouble with the light but game Clarendon Bronchos the first half, finally broke loose the last half and scored an impressive 35 to 7 win over the Bronchos here last Friday night.

The visiting Class AA Shamrock team, outweighing the Bronchos by an average of 28 pounds per man, scored on their first series of downs in the early minutes of the game. After receiving the opening kick-off they marched for their first score with halfback Dickie Reeves making the last two yards on a right end run. Ronnie Rainey kicked the first of his five conversion kicks. Clarendon received the kick-off following the touchdown and fumbled on their own 21 yard line. The Irish recovered and marched to their second touchdown with Bray Benson getting the last two yards. This put the Bronchos in a hole that they could never get out of.

The Bronchos fought back and scored their only touchdown in the second quarter. They forced the Irish to punt from deep in their own end of the field. John Greedy, sophomore halfback, gathered in the punt and raced 55 yards for the score. Dwight McAnear kicked the extra point and that was the only time the Bronchos got close to the Shamrock goal line.

The Bronchos fought off the Irish for the remainder of the first half, but they came back for one touchdown in the third quarter and two in the fourth to hand the Bronchos their third defeat of the season.

The Irish had a heavy edge in the statistics. They rolled up 241 yards rushing and connected on 10 of 20 passing attempts for another 133 yards for a total of 374 yards. The Bronchos were able to gain only 38 yards rushing and completed three of 10 passing attempts for 17 yards for a total of only 55 yards from scrimmage. Shamrock made 18 first downs to Clarendon's six.

CAKE WALK AT ASHTOLA SAT. NIGHT

The public is invited to a Cake Walk and "42" party at the Ashtola Community Center Saturday night, October 6, at 7:30 p.m. Each family in Ashtola Community is to bring a cake and dominos.

Everyone come and bring your dimes and walk for a good, fresh homemade cake.

This Sunday, October 7th, the Clarendon Jaycees are offering the Sabin Oral polio vaccine Type I. It will be given at the Donley County Courthouse between two and five p.m.

For those unable to enter the courthouse, the vaccine can be dispensed to the person in a car parked nearby. For those persons who do not have transportation to the courthouse, Jaycee courtesy cars will be available by calling the sheriff's office, phone 2233. They Jaycees encourage all persons in Donley County to participate in this vaccination program. Type I will not be available for such immunization at a later date. Make plans to be there, now.

An article of questions and answers regarding this vaccine may be found on another page of the Leader.

GRASSROOTS OPINION LEESBURG, FLA., DAILY COMMERCIAL: "It's an old story, going back to the dawn of time when the first tribesman planted a seed: the farmer standing beside his withered crop with his eyes on the horizon looking for a sign of rain . . . Each year in our widespread land there are some of those in agriculture who face the drought crisis. In these days of 'sharp-pencil' operation in any business, including agriculture, such a misadventure is perilous indeed. And it is a credit to those farmers who, as did those who tilled the soil before them, pull in their horns and somehow or other worry through it."

1963 Plymouth Has Look To Match Go

One of 26 new models which Plymouth introduces in the low-priced field for 1963 is the Sport Fury 2-door hardtop above. All Plymouth models have an appealing new styling with a wider, longer look to match the car's famous get-up-and-go performance. Fully unitized bodies are made even better this year by additional corrosion protection, seats are more comfortable and durable, and surer starting at low temperatures is assured by an improved starter.

There are four series, Savoy, Belvedere, Fury and Sport Fury. The engine line-up includes the 225 cu. in. inclined Six, the 318 cu. in. Fury V-800, both standard power plants and both retaining their celebrated economy features; a new 361 cu. in. power pack engine, and a high-performance 383 cu. in. Golden Commando V-8 engine. All 1963 Plymouths will carry a new warranty for five years or 50,000 miles on major power train components.

GRASSROOTS OPINION
CALHOUN FALLS, S.C., NEWS: "The best defense against Communism are the churches of America. The Communists have a god and that god is the state, and everything possible to blank out the real God is undertaken by the Communist state. Before our churches can be truly effective in the fight to prevent the communization of the United States of America, though, there must be a universal realization by the churches that Socialism is finally nothing but Communism."

Home Ceremony Unites Miss Tice - Mr. King

Miss Barbara Tice, daughter of Mr. and Mrs. T. J. Tice became the bride of Fred Allen King, son of Mr. and Mrs. Fred King, in a double-ring ceremony at the home of the groom's parents Friday evening, September 28. The Rev. W. R. Lawrence, pastor of First Baptist Church, officiated.

The bride was lovely in a blue street-length dress accented by bone accessories. She carried a bouquet of white carnations with white satin streamers tied in love knots.

Miss Jeannie Gibbs was maid of honor. She also wore blue complimented by black patent accessories.

Parents and relatives of both families attended. Following the ceremony guests were invited to the dining area where they were served cake and punch from a table laid with a white cloth and highlighted by a beautiful three tiered wedding cake topped with a miniature bride and groom and decorated with hearts and doves.

The bride attended Clarendon Schools. The groom is a graduate of Clarendon High School and has served three years in U.S. Armed Forces. The couple will be at home in Phandle, Texas. —Rep.

Shields-Proctor Vows Exchanged In Church Ceremony

Wedding vows were spoken by Inelda Ruth Shields and Sp-4 Kenneth Loyd Proctor Thursday evening, September 13, in the Church of Christ, Hedley, Texas. Minister Dixon Latham performed the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Newel Shields. Mr. and Mrs. C. H. Proctor of Avery, Texas, and formerly of Hedley are parents of the groom.

Baskets of dahlias and asters decorated the altar. Pews were marked with pink satin bows. A background of traditional wedding selections was played.

The bride wore a gown of satin and chiffon fashioned with a molded basque bodice which dipped to a point at both the front and the back. The sweetheart neckline was outlined with a frosting of chiffon and lace ruffles, a white rose accenting the center front. The long sleeves tapered to points over the wrists.

The bouffant skirt of white chiffon was overlaid with white satin caught up by four clusters of white roses and white satin streamers. The floor length skirt dipped into a flowing train of chiffon. Her fingertip veil of nylon tulle was held in place by a headpiece of lace flowers sprinkled with seed pearls and rhinestones. She wore silver slippers overlaid with white lace and carried a bouquet of white carnations with satin streamers tied in love knots.

Miss Leeta Shields attended her sister as maid of honor. She wore a dress of blue organza over taffeta designed with a scoop neckline, cap sleeves, and a fitted bodice accented at the waist by a blue satin belt and flat bow to the front. The bouffant skirt was floor length. She wore white accessories and carried a bouquet of pink and white flowers.

Don Batson attended the groom as best man. Ushers were Darrell Holland and Keith Mann. Lometa Shields, sister of the

bride registered the guests. The bride's mother wore a dress of pink crepe and black accessories. The groom's mother wore a dress of orchid lace with white accessories. Each wore a corsage of white asters.

Following the ceremony, Mr. and Mrs. Newel Shields were hosts at a reception at their home. The refreshment table was laid with a lace cloth over pink. Highlighting the table was a beautiful three tiered wedding cake ornamented with pink roses and crowned by a miniature bride and groom. Mrs. Peggy Latham served the cake while Mrs. C. C. Ayers dispensed punch.

For the wedding trip to Arkansas, Louisiana, and other points of interest the bride wore a red wool dress accented by gold trim and gold accessories.

The bride is a graduate of Hedley High School and will attend Clarendon Junior College. The bridegroom is also a graduate of Hedley High School and is now serving in the United States Army. He is stationed in Germany.

MRS. VELMA WEAVER ATTENDS STATE MEET

Mrs. Velma Weaver, state music chairman of the Gamma Iota Chapter of Delta Kappa Gamma Society, attended a meeting of the chapter at Plainview last Saturday.

The Chapter celebrated its birthday on the occasion of the meeting.

Saturday evening a banquet was held in the Hilton Hotel dining hall where Mrs. Ethel G. Sloan was the guest speaker. She spoke on "Challenging Women in a Changing World." She brought out that the number of career women will increase an estimated 30% in the next 10 years. In the field of education alone; Mrs. Sloan said, there were 30 million full time teachers in 1950; the number had increased to 48 million in 1960 and is estimated to increase to 65 million by 1970.

Delta Kappa Gamma members are a part of the millions of women who are advancing in a modern world. The Delta Kappa Gamma Society now has 80,000 members with 10,000 in the state of Texas. The membership of this society is composed of women teachers.

Many school administrators were present at the banquet Saturday night as guests of the society.

TEMPORARY WINTER PASTURES IMPORTANT

COLLEGE STATION — Most sections of Texas will soon need temporary winter pastures for normal grazing and to fill the gap created by the severe summer drought, points out Ted Trew, extension pasture specialist.

Green forage that animals can get in no other way can be supplied by these pastures, says Trew. These cool weather crops also allow summer grasses to rest before being grazed again, and they protect and improve the soil.

In planting the pastures, allow an acre for each animal unit to be grazed. However, if land is not available, Trew says, plant as much as you can and ration the grazing. The time of planting is very important in winter pasture production, says the specialist. Planted too early, your crop may get caught by hot, dry weather but if planted too late, it will not provide grazing until spring.

The newer varieties of oats are Moregrain, Suregrain, and Alamo-X. They will each provide early grazing but only the first two named resistant to leaf rust. Elbon and Gator are rye varieties which produce early grazing of good quality. However, since they mature early, they do not provide grazing all winter.

Gulf ryegrass has proved itself as a forage producer in Southeast Texas, says Trew. He adds that two new vetch varieties, Lana Woolypod and Oregon Woolypod, are both earlier than hoary vetch.

In many areas, fertilization will be necessary to get the most production from the winter pasture. A soil test will be necessary. A soil test is the best guide for determining the amount and kinds of plant food needed, says Trew. Top dressing may also be beneficial for stimulating early and late spring growth. And don't be too anxious to graze the pasture once it is up, explains Trew. Allow oats to get 6 inches high before grazing and when they are grazing down give them 4 to 5 weeks for regrowth, he says.

can take up where summer pastures leave off if they are planted at the right time and given good management. Trew suggest a visit with the local county agent for details on winter pasture programs.

LAYING FLOCK INCOME IS AFFECTED BY MANY FACTORS

College Station — Any egg producer will agree that the most important criterion used in selecting a strain of egg production birds is the amount of income they will return over feed and chick cost. This is fine, but what are the factors that influence this net income figure?

Analysis of the Fifth Texas Random Sample Performance Test has shown that rate of lay and body weight are the two economic traits most affecting net income, reports Bill Cawley, assistant extension poultry husbandman.

The analysis showed that rate

of production was three and one-half times more important in determining income than was any other trait. Each egg laid contributed two and one-half cents to the gross income figure.

On the other hand, every pound of body weight decreased gross income by 36 cents, says Cawley. This would seem a reasonable figure because body maintenance requires approximately eight pounds of feed for each pound of liveweight per year, he explains.

Of course, flock livability is also important to income. However, when rate of lay is calculated on an eggs-per-house basis, livability or mortality is taken into consideration, the specialist explains.

Although rate of production and body weight are not the only factors affecting net income, they are important and should be given careful consideration when an egg producer is selecting a strain of birds, Cawley concludes.

1963 Valiant Has Fully New Design

Valiant's completely new design for 1963 as shown in this Signet 200 two-door hardtop marks the first major styling change in the popular compact field since the fall of 1959. Two new convertibles have been added for '63 to the Valiant line, Chrysler Corporation's lowest price compact entry. All Valiants are longer with many quality interior refinements, added seat comfort and durability, new heater and fresh air

ventilation system, improved starter, increased alternator reliability, and a five year or 50,000 mile warranty on major power train components. The standard engine is the economical 170 cu. in. slant six, biggest in its field. A Peppy Super 225 cu. in. six is optional. The Valiant body is a more-efficient, all-welded structure for 1963. Fuel tank size has been increased from 14 to 18 gallons.

Requirements Govern Removal Of Cattle From Livestock Market

After cattle are purchased and before removal from livestock markets, it shall be the joint responsibility of the purchaser and the livestock market operator to have all cattle, subject to brucellosis tests or vaccinations, tested or vaccinated.

1. All cattle — except steers, spayed heifers, calves under 8 months of age and official brucellosis vaccinates under 30 months of age — leaving this market to premises in any county in which Type II Brucellosis Work is being conducted or has been completed, will have to comply with the following:

a. Cattle originating in a Modified Certified Brucellosis County or Certified Brucellosis Free Herds and accompanied by a

health certificate, when kept separate and apart from other cattle in clean pens used for that purpose ONLY, can move without further tests.

b. Cattle from other than Modified Certified Counties accompanied by official health certificate showing negative to brucellosis test within 30 days, kept separate and apart from other cattle in clean pens used for that purpose ONLY, can be moved directly to owners premises, under quarantine, retested in not less than 30 nor more than 60 days, and, if negative, released.

c. Cattle that don't comply with Paragraph a or b must be negative to a brucellosis test before leaving the livestock market. They can then be moved to owners premises, under quarantine, retested at his expense in not less than 30 nor more than 60 days, and, if negative, released.

2. In the event laboratory facilities are not available in the town where the livestock market is located, the livestock market will be required to furnish space and install necessary brucellosis testing equipment required under regulations of the Texas Animal Health Commission.

3. The veterinarian, before conducting and certifying to results of brucellosis tests at the livestock market, shall be specifically approved to conduct such tests. —Texas Animal Health Commission.

CARDS OF THANKS

We wish to thank all our good friends for the kindnesses shown us during my stay in Adair Hospital and for all the beautiful gifts, cards, and flowers. I also wish to thank the doctors, nurses, and all of the hospital staff for the good care I received. We realize how much our many friends really mean to us.

Please accept our grateful thanks for all these deeds of kindness. It was appreciated more than any word of thanks can ever express.

BLOWIN' Out the CORNERS

Speaking of the columns which we often write from the comments in the letters we receive—last week we received a letter that had been forwarded to two addresses in Amarillo before finally making its way to our box. This is almost unbelievable. We think the post office departments deserve to be complimented for this sort of a job of hunting a person up . . . After all their trouble we didn't even find any money in the letter . . . We did appreciate this kind of service by the post office . . .

We so very often quote from Mrs. Nancy Morckel of Floydada and the column which she writes. She says: "That no matter how big our foot is, we can always get it in our mouth." Ain't it so??

She also came up with the following: "Money can't buy friendship, it must be earned. It will not buy a clear conscience, square dealing is that price tag. Money can't buy health, right living is the secret to that. It can't buy happiness, that is a mental attitude. Money won't buy sunsets, nor singing birds, for they are as free as the air we breathe. Neither will it buy inward peace, nor will it buy character . . . Stop and make a list of your priceless possessions which money can't buy . . ."

Naomi Ruth Field, a shut-in pen-pal and reader of our column from 903 Alston Ave. in Ft. Worth writes that: "Some folks collect this thing and that, even jobs, but my hobby is collecting friends." What could be more wonderful than to make a hobby of making new friends? . . . Did you ever stop to count your real friends? Likely as not we would be disappointed if we knew just how many, or perhaps we should say how few friends we have made.

Many of you receive the little bulletin put out monthly by Faith City Mission in Amarillo, especially if at any time you have visited there or made some gift. In this month's issue, Mrs. Bee Hogan, wife of the founder and a real power behind the work had an original poem that we think was so very good. She so very often uses her own inspirations in the form of well written poetry. This one was called:

Reached down in our hearts and gave a jerk,
 Said to us — all trembly and low —
 "I just don't have nowhere else to go."
 Nowhere else to go! So we took him in,
 And we washed him up, and watched him grin;
 Watched him gain on good food and love,
 "Till one day God took him on up above.
 We miss that brother, He was like our own.
 He had brightened the corners of our home.
 But we fancy him saying (as we sit here below)
 "Jesus, I just don't have nowhere else to go."
 Nowhere else to go! So He takes us in,
 Washes and makes us so we can grin;
 Feeds us and loves us and watches us grow.
 I'm glad we don't have nowhere else to go.

Facts About The Sabin Oral Vaccine

Is polio always caused by the same virus?

There are three different types of polio virus. In order to be protected against polio, an individual must be protected against all three types. There are separate vaccines against all three types of the poliovirus.

What is the oral vaccine?
 It is a live virus vaccine which helps the body develop immunity. Unlike many other vaccines, however, it can be taken by mouth.

What is the difference between Sabin Oral Vaccine and the Salk Vaccine?

The Salk vaccine is a killed virus vaccine. Although the three types are combined into one vaccine, four shots are given over a period of 3 to 15 months. With the Sabin oral vaccine, each type is given separately by mouth, four to eight weeks apart. The vaccine works fast, usually within one week.

How extensively has the Sabin Oral Vaccine been used?

The Sabin vaccine has been given to more than 100 million people throughout the world with satisfactory results. Millions of doses have been given in the United States.

How Effective is the Sabin Oral Vaccine?

The oral vaccine acts to produce an intestinal barrier against the poliovirus as well as antibodies in the bloodstream. Thus, it is expected that the vaccine will help prevent vaccinated persons from carrying the disease as well as help protect them from the poliovirus.

Should you have the oral vaccine if you have already had the Salk Vaccine?

Yes, it is wise to take the oral vaccine. It will increase your protection and help protect other persons in the community.

How is it given?

A dose of the vaccine can be mixed with distilled water and taken by cup or spoon; it can be given to infants by dropper or put on a sugar cube for older children and adults.

Who may take the oral vaccine?

The vaccine may be given to persons three months of age or older. In this immunization program, it will be given only to those age three months or older.

Where and when will it be given?

The Sabine Type I vaccine will be given at the Donley County Courthouse Sunday, October 7th, between two and five p.m.

How much will it cost?

The Junior Chamber of Commerce which is sponsoring the program will charge nothing. They request donations to defray the cost of the drug. It will be given free to those who can afford no donation. The actual cost of the total administration of the drug will be between twenty-five and fifty cents per dose.

Is there any danger to taking the oral vaccine?

There is no danger to Sabin Types I & II. At this time Sabin Type III is not recommended to adults unless they specifically desire to take it.

Every minute of every hour of every day the "data logger" at the WTU Oak Creek plant scans the condition of all electrical and mechanical equipment. From the tiniest malfunction to a major emergency is noted and timed on the recorder to the left. The recorder on the right types the daily log.

The electronic scanning system, or brain, at Oak Creek is a major factor in helping to locate trouble whenever the data logger indicates something is wrong. STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — A campaign to pass the water conservation amendment on which Texans will vote this November (No. 4 on the ballot) got under way at a meeting of the Statewide Water Committee in Austin. Committee is composed of just about everybody who is interested in water

conservation and development. Proposed amendment would permit the State Water Development Board to acquire storage space in reservoirs built either by local or Federal agencies and conserve storm and flood waters for beneficial uses.

Well Developing and Repair. PEERLESS PUMPS EDWIN EANES Naylor Route, Clarendon

Gov. Price Daniel addressed the meeting and thanked the committee for its "dedicated efforts" in promoting Texas water program.

John Vandertulip, the State Water Commission's chief engineer, reported on the broad plan for meeting the State's water needs in 1980. Marvin Nichols of Fort Worth, chairman of the Development Board, discussed the lending program through which water projects have been finan-

ced. And Joe Carter, chairman of the Water Commission, explained the proposed amendment in detail and emphasized the need for its approval.

The Statewide committee urged its members to back the amendment and approved the Water Commission's proposed budget. It also commended Governor Daniel for his "courageous, bold and dynamic leadership" in bringing about "the greatest and most comprehensive water resources conservation and development program in the history of Texas."

Ben Carpenter of Dallas was named chairman of the finance committee for the conservation amendment campaign.

TICK SURVEY — The U. S. Department of Agriculture has turned up five kinds of ticks which are suspects as fever carriers in a survey currently being conducted in Texas.

The Lone Star tick, believed a carrier of Rocky Mountain spotted fever, Q fever and tularemia and also a transmitter of Bullis fever and tick paralysis, has been found in Robertson, Rusk, Colorado, Medina, Kerr, Comal, Nueces, Karnes, Harris and Hays Counties.

The Cayenne tick, found only in South Texas and a producer or transmitter of Q fever, has been discovered in Kenedy County.

The Gulf Coast tick, blamed for tick paralysis, has shown up in Washington County while its imitator (amblyomma imitator), rarely seen in the U. S., was found in Nueces County.

The spinoze ear tick (only soft tick of the five), suspected in Q fever and anthrax, has been identified in Randall, Wichita and Comal Counties.

EXPORTS — Texans can start thinking of themselves as exporters in big style.

Nobody had counted it up before, but now the University of Texas Bureau of Business Research finds that Texas is exporting to foreign countries \$837,000,000 worth of manufactured products, \$446,000,000 of agricultural products and \$31,000,000 of other products, mainly sulphur, salt, talc and fishery products.

Petroleum exports came to \$177,000,000 and chemicals to \$247,000,000 . . . showing how the petro-chemical industry has turned Texas' sales of oil abroad from a raw to a manufactured product.

SCHOOLS — The men and women who run the schools — board members and administrators — come to Austin on September 30 for their annual conventions. They plan searching looks at the problems of schools, many of which sum up into five letters — M-O-N-E-Y.

Overhaul of the ad valorem tax system was proposed by a series of clinics held by schoolmen earlier this year.

Problems of textbook selection and teaching Americanism will be aired.

The textbook panel will review recent criticisms, as well as prospective legislation which may be recommended by a study committee.

BLONDE HOUSE — The Tex-

as House of Representatives is becoming a blonde.

Eleven coats of varnish, applied over the years since 1888, have been peeled off the oak woodwork in the House chamber. Earlier, workmen had done the same peeling job on paneling on the ground floor of the Capitol.

Beauty of the original wood was thus restored. So a new light blond look has taken over the Capitol.

Lower Chamber also is getting new flooring and carpets. The House gallery, where so many Texans have sat in hard chairs watching legislation move through the House, is getting new upholstered chairs to make the taxpayers more comfortable. Rep. Will Smith of Beaumont, whose Rules Committee chairmanship puts him in a general supervisory position on the work of the State Board of Control, thinks it will be finished by November 1.

OLD FOLKS — Board for State Hospitals and Special Schools, faced with a report that 3,000 of its "patients" in state mental hospitals aren't sick — but just old — will ask the Legislature to something about it.

Reports indicate county judges are "committing" aged persons to state hospitals mainly because they and their families can't care for them.

Board suggests the State pay part of the cost of placing such persons in privately-owned nursing homes. Sons and daughters would be required to pay the balance. Problem is one of welfare, rather than psychiatry, says the Board . . . "We now have older persons crowding facilities that are supposed to be used for the mentally ill."

WHAT IT COSTS — Texans who pay taxes to the state gov-

ernment got an idea of what new school and welfare programs are costing when Comptroller Robert S. Calvert added up costs for the fiscal year which ended August 31.

State aid to public schools and colleges came to \$533,541,099, up nearly \$100,000,000 over the \$431,974,434 of the previous year. Welfare spending went up from \$188,875,904 to \$212,765,629. Increased Federal aid for welfare paid most of the increase.

Highway construction and maintenance totaled \$371,870,298. This is about the same as the previous year.

In all, the state spent \$1,307,623,666, up \$115,000,000 from the previous year.

RECORD YEAR — The State Securities Board closed a record fiscal year, having registered more than \$375,000,000 in securities in that period.

Forty-one permits to sell \$35,958,648 in securities were issued in August, Commissioner William M. King has reported.

The Board, now five years old, has registered in excess of \$1,000,000,000 in securities.

BATTLE LOOMS — Changes in criminal court procedure being proposed for the next legislature by a State Bar committee are in for rough sledding. Dist. Judge A. R. Stout of

Waxahachie has announced his intention to carry his protests to the Legislature if the State Bar's proposals are introduced in January.

Judge Stout asserts that defense attorneys are dominating the committee's proposed court changes. He further stated that the Legislature would do better to adopt recommendations previously made by a committee on law enforcement.

1900 HURRICANE STORY — Gov. Price Daniel and a group of prominent Austinites got together early this month to do some reminiscing about the 1900 hurricane which destroyed Galveston.

September marks the 62nd anniversary of that big and disastrous blow.

HIGHLIGHTS . . .
(Continued from Page 10.)

One casualty of that hurricane was the South Texas Baptist College at Waller, the school which the Governor's father was attending.

Mrs. Stuart Purcell presented the Governor with a photo of the 1900 graduating class, of which M. P. Daniel was a member.

BANKERS FIGHT — A new organization, Association of Texas State Chartered Banks, has been formed to fight for preservation of the dual banking system and the independence of state banks.

P. B. (Jack) Garrett, vice-chairman of the board of the Texas Bank and Trust Company of Dallas was elected president of the new association.

ROSY PICTURE — Austin and Dallas have the best employment pictures in Texas.

Texas Employment Commission says the two cities had only 3.7 per cent unemployed of the total labor force during July, the month covered in the latest report.

This 3.7 per centage also compares most favorably to the overall Texas average of 4.9 per cent.

SCHOOL BUS PASSING — Texas Department of Public Safety says it will crack down this year on motorists who illegally pass a school bus stopped to take on or discharge children.

State law requires the driver of any vehicle to stop upon approaching from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging school children.

TWO BANKS OKAYED — State Banking Board has approved application of two banks, Wolforth State Bank near Lubbock, and Homestead State Bank at Houston.

At the same time the Board also deferred action until October 4 on an application by Hillcroft State Bank of Houston.

SHORT SNORTS
Texas Water Pollution Board has deferred until November action on Wilson County's resolution that a public hearing be held on "pollution of the San Antonio River by improper sewage treatment by the City of San Antonio."

Governor Daniel has proclaimed September, October and November as United Community Campaign Months.

Six more cases of polio have been reported. Paralytic cases were in Potter, Travis and Jones Counties, the latter having two.

Bids were taken by the State Highway Department for construction or improvement of 324 miles of state highways and farm roads.

Mrs. Boyce Henderson Wimberly of Woodsboro, a relative of Texas' first governor, James Pickney Henderson, presented a portrait of him to the State Library.

With the coming change in attorney generals, Will Wilson's assistants are moving to new jobs. Latest is Tom McFarling, formerly of New Braunfels, who becomes city judge in Austin.

County Atty. Ward Markley of Jasper was advised by the attorney general that a sheriff cannot let prisoners go to church, or go home to sit up with a sick relative, without a guard.

There is an urgent need for greater emphasis on driver education courses in Texas schools, says J. O. Musick, general manager of the Texas Safety Association.

State quota for Texas draft boards in October calls for 160 men, Col. Morris S. Schwartz, state Selective Service director, has announced.

These nine members have been appointed to the Texas Surplus Property Agency by Governor Daniel: Ed Riedel, Austin; Theo S. Morck, Seguin; C. A. Roberson Jr., Odessa; and Eastland School Supt. Wendell T. Siebert.

State Board of Education has moved toward a policy change in November to provide state school bus aid to city pupils without adequate public transportation service.

Statistical evidence is now overwhelming that cigarette smoking is a serious detriment to good health and long life, says the Texas Department of Health.

A report by the Texas Research League on its program and management study for the Texas Game and Fish Commission has won a first place award from the Governmental Research Association.

I had an uncle who considered himself quite a philosopher. He had many sayings among which was the following, "there are more ways to kill a cat than stuffing it on butter." I think this axiom could be applied to Castro and the present Cuban situation.

Much has been said about the possibilities of a blockade. A blockade, as such, under international law is an act of war.

Whether or not a war would be precipitated by a physical blockade is unknown. Such action would involve the calculated risk incident thereto. However, it is my opinion that if a physical blockade procedure is followed, this Country should be ready, able and willing to go to war so that there would be no misunderstanding on the part of the American people. It is my personal feeling that Cuba now constitutes a cancer on the Western Hemisphere that must be removed — a job that can be done with great success just as a skillful surgeon would remove the cancer from a human body if the matter is properly approached.

In pursuing this thought which I have tried to study very carefully, I decided during the early part of this year that efforts must be made to prevent trade with Cuba at every turn. Prior efforts on the part of a number of us in Congress had produced the discontinuance of the sugar purchases as well as several other economic sanctions. The Interstate and Foreign Commerce Committee, of which I am a member, gave approval to a bill introduced by my good friend and colleague, Congressman Paul Rogers. This measure prohibited the shipment of Cuban goods into the United States and in interstate commerce. The bill cleared the House by an overwhelming vote but has not yet been passed upon by the Senate.

It would express to the world the opinion of the House of Representatives on this subject.

It is apparent that the United States alone cannot solve this problem so long as the nations friendly to us continued shipments to Cuba. Many of these nations were receiving foreign aid from this Country, while ships owned by nations of these countries are listed on the registry of those countries were continuing to ply the seas in trade with Cuba. My next thought was to limit the authority of our government to pay foreign aid to the countries permitting such practice. Hence I offered an amendment to the Foreign Aid Appropriations Bill which has met with favorable comment all over this Nation. This Amendment would simply give to a foreign country authority to receive aid from this Country the choice of permitting this continuing trade with Cuba or accepting our foreign aid, grants and loans. The amendment would, therefore, help to solve one of the major problems and afford us the opportunity of seeing just who our friends are in this scrap.

However, a country could say the preferred to trade with Cuba and turn down the foreign aid, or some countries, friendly to us

but not receiving foreign aid, would not be effected. Efforts were being made and had been made in our diplomatic circles to persuade friendly nations to cease this trade with Cuba. It was the opinion of many that if effective results could be brought about by agreement with these nations, it would be more helpful in the solution of the overall problem. However, as time ran on, it became apparent that all the foreign nations were not going to make such an agreement. In recent weeks several of such nations freely voiced publicly their intention not to cease this trade. Consequently, it was my opinion that it was time for the Congress to act on this subject. Therefore, I introduced HR 13214 which reads as follows:

"That all ports of the United States hereby closed to all vessels while engaged in trade or commerce with Cuba (except United States installations therein), or while engaged on any voyage during which such vessel has engaged in trade or commerce with Cuba (except U. S. installations therein), except where such vessels are required to enter ports of the U. S. for repairs or emergencies recognized

as such under international law. Sec. 2. Any vessel which enters or attempts to enter any port of the U. S. during a period when the ports of the U. S. are closed to it under the first section of this Act shall, together with such cargo, be forfeited." Much could be said about this law but space here will not permit. Suffice it to say that if this proposal can be enacted into law, it will be one of the most effective weapons that has been employed in the cold war.

According to Advertising Age, the top 100 national advertisers spent \$1.7 billion for publication and TV advertising last year.

SHOUT IT FROM THE HOUSETOPS

The Russian diplomats and high officers of state, at every opportunity proclaim the superiority of communism over our capitalistic free enterprise system. By comparison, our own public officials are woefully silent in broadcasting the merits of our private enterprise economy.

Commenting on this shortcoming David Lawrence says: "What

is needed is a courageous avowal of the merits of the American system and a constant reiteration of the fact that, with all its faults, it still has produced a higher standard of living and greater personal freedom for more human beings than has any other system for any other people in the history of the world." Instead of exaggerating our faults, let's lay a much heavier emphasis on our virtues.

NOW...GO CHEVROLET FOR ONE-STOP SHOPPING IN '63 IT'S EXCITING!

This is about the best thing that's happened to buying cars since Chevrolet started building them—four entirely different kinds of cars to choose from at your Chevrolet dealer's One-Stop Shopping Center. If you're a luxury-lover, you'll probably want to go no further than those 13 plush new Jet-smooth '63 Chevrolets. Want to give your budget an even bigger break? Step over and see what's new with those 10 nifty models of the '63 Chevy II. Or maybe you've been eyeing sports-car caps, in which case have a go at a sporty new '63 Corvair (8 of them, including three snazzy bucket-seat Monzas and those big Greenbrier Sports Wagons). There's even something for the all-out sports-car set—the daring Corvette Sting Ray. Picking a new car has never been easier. (Unless you'd like to own them all!)
