Cotton Ginning Total Nears 10,000 Bales With End Of Harvest In Sight

Following a check Wednesday morning with West Texas Gin at Hedley, the Paymaster Gin at Lelia Lake and the Paymaster Gins here and at Martin, the total number of bales of cotton ginned to date was 9,486 with 80 bales on the gin yards to be ginned. When the ginning season ends, the total is expected to be close to 10,000 bales which is approximately 2,000 bales less than the number ginned by the above mentioned gins last year. This is a better crop average than was anticipated back during portion of late summer and in view of harvesting conditions earlier this fall. The brightest outlook right now is the moisture to start the new year and many of our farmers are still putting in long, hard hours running stalk cutters and chiseling their land to hold moisture and prevent blowing in preparation for an anticipated better crop next year. Holiday visitors in the Joe Goldston home were Dr. and Mrs. Manly Bryan and boys of Canyon, Mr. and Mrs. Allen Bryan and Mrs. J. M. Lotz of Amarillo.

Funeral Services Held For Mrs. Elizabeth Morrow Cobb

Funeral services for Mrs. Elizabeth Morrow Cobb were held Wednesday afternoon at the First Christian Church in Amarillo with Dr. Newton J. Robison, pastor, officiating, assisted by the Rev. Barrett Moore, assistant pastor. Graveside rites were held in Citizens Cemetery, Clarendon. Mrs. Cobb, 74, died at her home in Amarillo Sunday afternoon. She was a member of the First Christian Church and the Kumb-Dubl Sunday School Class. She had lived in Clarendon 45 years before moving to Amarillo and while here was a correspondent for the Donley County Leader writing the Martin News column. Survivors include her husband; three sons, Pete Morrow of Odessa, Roy Morrow of Sweetwater, and Ralph Morrow of Amarillo; two step-daughters, and six grandchildren, three step-grandchildren, two great-grandchildren; and four sisters, one of whom is Mrs. Clarence Ayers of Lelia Lake.

MERLIN, THE MAN OF 1,000 MYSTERIES

Awe, skepticism, and bewilderment are just some of the thrills in store for those who attend the performance of "Merlin, the man of 1000 Mysteries". This fascinating figure of the entertainment world is being brought to Clarendon by the Lions Club. The Merlin show is a colorful, fast-paced performance, using more than a ton of special equipment and presented by a top-notch entertainer who has amused and befuddled audiences for years by, among other things, reading the minds of people right in their own seats in the audience. If you can concentrate, Merlin claims to be able to read your mind and hypnotize you. It is said that he has often hypnotized individuals with a single glance. Merlin has made a special study of Oriental Mysteries. The Orient has always been considered the home of the mysterious, the unknown and the uncanny. What is the secret of the fabled Hindu Rope Trick? For more than 400 years, strange tales have been told of the mysterious occurrences from India in which a Hindu Mystic takes a long rope, coils it, and sets it on the ground. He ties a knot in one end of the rope. Slowly and mysteriously, the knotted end begins to ascend upward, until it is perhaps 50 feet in the air; the lower end still touching the ground. Then a small boy climbs the rope to the top and disappears. The rope falls limply to the ground. What is the strange secret of this and other mysteries of the Orient? How is it possible for one solid object to pass through another solid object? What is the secret of Levitation? Of hypnotism and mind reading? Many of these secrets have been carefully guarded for hundreds of years. All these and many more are mysteries at which Merlin is a past-master. Curtain time for Merlin, The Man of 1000 Mysteries, is 8:00 P.M. at the College Auditorium, Wednesday, January 20th. Advance tickets will be \$1 per person or \$1.25 per person at the door. Student tickets will be available at the door.

Former Resident Buried Here Wednesday

Funeral services were held in Kerrville Tuesday for Mrs. Roxie Williams and graveside rites were held here at Citizens Cemetery Wednesday afternoon with Rev. W. R. Lawrence officiating. Arrangements were under the direction of Murphy Funeral Home. Mrs. Williams, 81, wife of former County Judge W. J. Williams, died at Kerrville Monday. Judge Williams preceded her in death here Nov. 11, 1952. Mrs. Williams was a member of the Clarendon First Baptist Church and local chapter of the Order of Eastern Star. Survivors include two daughters, Mrs. Theresa Steen, Modesto, Calif.; Mrs. Mae L. Schofield, Kerrville; a son Stanley B. Littleton, Newton, Alabama; one brother, Charles Huddleston, Austin and eight grandchildren.

1965 LICENSE PLATES GO ON SALE FEBRUARY 1

Sheriff Bill Cornell, reported today the tax office would begin Monday, February 1, issuing 1965 automobile registration plates. He is also reminding all property tax payers that January 31st is the deadline for paying taxes without a penalty being added. He pointed out also that all discounts were now off. Discounts were offered during October, November and December. Leader Out-of-County Rate — \$4.50 a Yr.

FARM NEWS

from County ASCS Committee

EMERGENCY GRAZING AND HAYING

The Secretary authorized ASC committees in all the counties presently authorized for seasonal haying and grazing to extend permission to graze and harvest hay on soil bank land through March 31, 1965.

If the cover is grazed to the extent that it is destroyed, it will have to be re-established at the expense of the producer.

1965 ACP

We have \$50,700 available for ACP during the current year. If you have been putting off a conservation practice, now is the time to reconsider. If you have never participated in a program, but would like to know of its benefits, we would like to have the opportunity to discuss it with you.

YOUR COUNTY COMMITTEE

Your County Committee has done a tremendous job in administering all of the programs handled through the ASCS Office. We believe farmers and ranchers in Donley County are very fortunate in having Lacy, Horace, and A. B. working for you.

LISTING AND CHISELING

Some of the farmers in our county are still in the process of harvesting cotton. If you will have any cotton for harvest in 1965, come in and let us talk with you about cost-share assistance for listing and chiseling.

DATES TO REMEMBER

- January 22 — Closing date for filling applications for new farm cotton allotments.
January 31 — Closing date for filing applications for price support.
February 23 — Final day to obtain CCC Grain Loans.
March 3 — Final day to request additional cotton.
March 3 — Final day to release cotton.
March 18 — Final day for county committee to complete reapportionment of released cotton.

COLLEGE BULLDOGS TO BE BUSY THIS WEEK

The Clarendon College Bulldogs began a very busy week Tuesday night when Lubbock Christian College visited the local gym. Amarillo College invades the local gym on Saturday night, January 9, at 8:00 p.m. for the traditional game of the season.

The Bulldogs journey to Roswell, New Mexico, on January 12, to play New Mexico Military Institute. The next game will be with Frank Phillips College in the local college gym on January 26.

Remember the special basketball game on January 15, 1965, in the College Gym that features the Harlem Stars. Game time is 8:00 p.m.

CITY COUNCIL APPROVES BUDGET OF \$124,512

In a meeting of the City Council Tuesday, a proposed budget prepared by City Administrator, M. B. Mitchell, was approved in the amount of \$124,512. An article will be published in the Leader next week explaining the proposed budget, anticipated income etc. in more detail.

The Council approved a motion to change the set up of the Corporation Judge whereby in the future, the Judge will be a city employee and all fines collected will go into the general fund instead of being divided between the arresting officer, Judge and the City. The Council also entered a bid for one of the Police cars advertised by the County.

Bank Deposits Reach An All Time High In Donley County Banks

According to financial statements of the two local banks here and one at Hedley, deposits hit an all time high for the fifth year in a row with nearly 14 million dollars on deposit at the close of business December 31, 1964.

The total figure for the three banks at this time was \$13,745,649.25 which is an increase of \$4,306,068.20 over the 1963 total.

The loan figure for all three banks shows an increase for the same period of time with a total \$4,306,068.29 over the 1963 total, business December 31, 1964, which is an increase of only \$123,450.15 over the 1963 total of \$5,424,699.30. Residents of this area are fortunate in having the modern banking facilities which are available to the public here in Donley County.

RESULTS OF DONLEY COUNTY FAT STOCK SHOW ANNOUNCED

The annual Donley County Fat Stock show was held at the fair grounds Saturday, January 2, with a heavy Angus calf shown by Susan McAnear being declared Grand Champion of the show. Breeder of this heavy weight Angus was T. W. McAnear. Susan is a member of 4-H. Henry Hermesmeier showed the Reserve Champion, a light weight Hereford bred by Jake Hess of McLean. Henry is also a 4-H member. The champion Shorthorn was shown by David McAnear and was bred by Jake Hess of Fletcher, Okla. David is a member of FFA.

Placings down the line were: Angus—Heavy Weight, 1st Susan McAnear, 2nd David McAnear, 3rd David McAnear; Light Weight, 1st David McAnear, 2nd Susan McAnear, 3rd John Hermesmeier. Hereford — Heavy Weight, 1st Jerry McFall, 2nd Scotty Martin, 3rd James Potts, 4th Henry Hermesmeier; Middle Weight, 1st Susan McAnear, 2nd Jane Martin, 3rd John Hermesmeier; Light Weight, 1st Henry Hermesmeier, 2nd Mike Martin, 3rd Henry Hermesmeier, 4th Pete Campbell. Shorthorn, Light Weight, David McAnear.

Carroll Lewis and Bill Mooring classified the 18 calves entered according to their size, took recordings, and handed out the prize money. Our thanks go to these men and all other people of Clarendon who helped make this show possible by giving money to be used as prize money. We want to thank J. R. Gilham for giving the trophy for the Grand Champion calf of the show. Mr. Beerwinkle, Animal Husbandry professor and Livestock Judging Team Coach at West Texas University was the judge for this year's show. We would like to remind you of the Donley County Pig show to be held Thursday, January 21st at 4p.m. at the show barn.

# 1965 March of Dimes Is Launched To Score Birth Defects Knockout

A "one-two" punch will be aimed at the problem of birth defects this January during the annual March of Dimes campaign across the nation.

"The objective of the drive is twofold," explained Dr. Daniel Bergsma, director of the medical department of The National Foundation-March of Dimes. "More than 250,000 seriously defective children are born each year in this country—one every other minute. Given the facts, the American public will recognize the problem of birth defects for what it is—a national emergency that requires immediate action. We invite the public to help us meet this emergency."

"The second goal is money. With public contributions to the January March of Dimes, we expect to establish the additional March of Dimes-supported birth defects centers desperately needed for the faster diagnosis, evaluation and improved treatment of these defects which cripple or disfigure a child before it's born. Funds are also needed to enable scientists to continue their search for the causes and possible ways to prevent birth defects."

To support medical and scientific workers in the front lines of the battle against birth defects, The National Foundation-March of Dimes has a behind-the-lines army two million strong. These are volunteers from the more than 3,000 March of Dimes county chapters throughout the 50 states—men, women and teenagers, too, who dedicate their efforts to the success of the January campaign and the year-round programs of The National Foundation.

**Visit 15 Million Homes**  
To acquaint families with the aims of The National Foundation-March of Dimes, these volunteers will join the Mothers' March at the end of the month during which some 15 million homes are visited. Other volunteers will address about 30 million informative mailers. March of Dimes volunteers also organize fund-raising events to support the work of local chapters.

**SQUARING OFF** for a knockout blow at birth defects is Mickey Heinicke ("Mickey") Leo Heinicke, 4, Denver, the 1965 National March of Dimes Child.

Her parents' persistence paid off for 4-year-old Mickey Heinicke, the 1965 National March of Dimes child. Mickey was born with a spinal deformity that paralyzed her from the waist down. At one time it seemed unlikely that she could ever walk.

Yet today the spunky youngster goes darting around with pint-sized crutches and braces. Not perfect—but certainly an improvement over crawling. The increased mobility means an expanded world to little Mickey and her family. In research within the past few years, scientists supported by March of Dimes funds produced new or improved tests to detect inborn errors of metabolism, so that prompt treatment can prevent permanent

good wholesome books are in the famous writer, Balzac's words, "Literary Garbage!"

There is an article in the December "American Heritage" about L. Frank Baum, author of the "Oz" books. Your young people would probably enjoy having it read to them before you start reading them "The Wizard of Oz." If some of you feel that you are too busy to read to your young ones, now is a good time to quit gaging over the gnat.

Besides the above article there is one about Dr. Suess in "McCall's" plus one in the "Life" magazine, all of them about children's books.

Unless our children here are different from what they are in other parts of the country, which I very much doubt, some one has slipped up. The literary experts from all over the United States once a year select the so called best in juvenile book to receive the "Newberry Award." Other than "The Island Of The Blue

Dolphin," made into a movie, our young readers shun "Newberry" winners as they would poison. If these books are so good why aren't they read? Could it be the same reason none of we older readers read any of the classics?

Some of the high school and college students have been checking out Leo Tolstoy's "War and Peace" and it is not even required reading. Before some get all excited about Tolstoy being a Rus-

sian let me hasten to say that he died in 1910 but if he had been alive when the communist took over he would have been one of their bitterest enemies, because although he was a titled nobleman he fought the injustices and brutality inflicted upon the little

people by the Czar, Czarina etc. until his death then his books lived on to continue the fight.

Another thought for the New Year has to do with another paper back collection from this column ... It would contain thoughts from column scrapbook over the past few years ... If as a reader you would be interested please drop a postcard to Uncle Zeb in care of this paper real soon. Our first collection published in 1962 is just about sold out. Perhaps just about enough for those who order it during the first part of 1965... It has been a wonderful experience-not much money wise - but rich in joyful experiences with our readers... Bless You All .....

We heard about the social climber who married the broker-pretty soon he was....

Our Christmas Cards were a joy to our hearts this year as the stack grew higher and higher. It seemed they were more beautiful than ever before, and many of the messages printed on them were very inspiring. But, the greatest thrill comes from the little personal notes that are hurriedly written by friends... May the Good Lord Bless you all for the happiness you shared with my wife and myself during the holidays....

As we look forward into the New Year it seems the proper thing to do that we make some resolutions. I suppose we always fail to keep them but there must be some good in making a better beginning. This year these thoughts seem uppermost in our mind; First: to be a better friend to our friends ... Second: to try and be more helpful to someone in a way that they cannot help

themselves. Third: to help spread a little sunshine into the dark corner in the life of some deserving folks along life's pathway during 1965 ...

Someone told us about the student who thought the Red Sea was the third line on their report card.

### TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

#### LEGISLATIVE PROPOSALS TO BE REINTRODUCED

The convening of the 89th Congress closes one phase and begins another in the dramatic and fascinating process of our American governmental system. With the election over, and having determined the priorities of his program and policies, the President turns to the Congress with a series of requests for legislation to accomplish results he seeks. Public attention will be shifting to Capitol Hill, to the actions of the House and Senate. But it is doubtful that any quick action will come on any substantial legislative matters. The organization of the new Congress must be completed. Committees must prepare their agendas and begin hearings. New Members of Congress—92 in the House and eight in the Senate—must settle into harness. And the great ceremony of a Presidential inauguration will command the spotlight through January 20.

Along with new proposals to be introduced, those backed by the President and his administration as well as those offered by House and Senate members on their own, many legislative measures not acted upon in the 88th Congress of 1963-64 will be reintroduced in the 89th Congress. If they are to receive consideration, these measures must be introduced again because all measures not acted upon in the 88th Congress died upon its adjournment.

These are among the measures which I introduced in past ses-

sions of the Congress and which I am preparing to submit again:

1. An amendment to the tax laws to increase personal and dependents' income tax exemption from \$600 to \$1,000.
2. A bill requiring that all decisions of the U. S. Supreme Court be participated in by the full Court, and that any vacancies or absences in the membership of the Court shall be temporarily filled by circuit judges.
3. An amendment to the Interstate Commerce Act to insure the adequacy of the national railroad freight car supply.
4. Amendments to the Communications Act to prohibit the rule-making powers of an independent agency from being used for changing basic law and policy. It is my belief that changes in basic law and governmental policy should be made only by the people through their duly elected representatives.
5. A bill to authorize establishment of the Alibates Flint Quarries and Texas Panhandle Pueblo Culture National Monument near the site of the Canadian River Dam.
6. A resolution providing for a thorough Congressional investigation of State Department personnel and policies.
7. An amendment to the Constitution to permit Congress, by a two-thirds vote of both houses, to overturn decisions of the Supreme Court declaring Federal or State laws to be unconstitutional.
8. An amendment to the Constitution to permit the House of Representatives to have a voice, with the Senate, in ratifying treaties.
9. A bill to close ports of the United States to all ships engaged in trade or commerce with Communist Cuba.
10. A resolution providing for an investigation of the production, distribution, and exhibition of obscene motion pictures and their advertising.

These are a few of the measures I have introduced in the past. I will continue to advocate their adoption. All will be reintroduced so that the appropriate committees of the House may give

## MILLS-BRADSHAW WEDDING ANNOUNCED

Miss Cecilia Ann Mills, daughter of Mr. and Mrs. Cecil Mills of Lelia Lake, Texas, and Douglas Wayman Bradshaw, son of Mr. and Mrs. G. W. Bradshaw of Clarendon, Texas, were united in marriage in the home of Mr. and Mrs. W. R. Bradshaw Friday evening, January 1.

Vows were read by Rev. W. R. Lawrence before wrought-iron candelabra enhanced with white mums. Tapers were lighted by Barbara Mills, niece of the bride, and Pat Bradshaw, nephew of the groom. Along with the traditional music, Mrs. John Payne sang "Because."

The bride, given in marriage by her father, was attired in a wedding gown of Chantilly lace over satin fashioned with long tapered sleeves and a scooped neckline. She carried a bouquet of white carnations centered with an orchid atop a white Bible.

Miss Jeanette Rampy was maid of honor and Buddy Wooten was best man.

A reception was held immediately following the wedding.

Immediate members of the family and close friends attended.

## YOUNG HOMEMAKERS MEET

The Clarendon Young Homemakers met Tuesday afternoon in the Homemaking Department for their regular scheduled meeting.

Mrs. Frank White Jr. brought a most interesting program on landscaping. Slides of different landscapes in our city were shown and discussed. Everyone saw that if you just take the time to look around in Clarendon, you can see all the beauty in trees and flowers that some people may travel hundreds of miles to see. Mrs. White explained the best time to set out trees and several different girls voiced some very beautiful pictures of different tree scenes they have seen and been raised around.

In the business meeting Audra Beth Garland was elected new treasurer, Donna Tipton was elected chairman of money raising projects and two other girls to assist.

Donna Tipton and Harlene Phillips served refreshments to our guest speaker Mrs. Frank

White Jr., Members, Velma Bourland, Gay Cole, Barbara Orsak, Ginny Garland, Audra Beth Garland, Pat Reed, Jo Schollenberger, Wilma Lindley, Roxie Barbee, Peggy Maxcey and guests, Rava McKinney, Nancy Kidd, Mrs. Headrick and Mrs. Dale Burris.

## LEAGUE OF WOMEN DEMOCRATIC VOTERS MEET

The first meeting of the new year was held in the hospitality room of the Farmers State Bank January 5th with a good attendance of the Donley County League of Women Democratic voters.

Mrs. Byrd Adkins gave a report on several bills which are going to be introduced by Walter Rogers in the House of Representatives. Mrs. Rolle Brumley gave a summary on President Johnson's "State of the Union" message. The next meeting will be Feb. 2, 1965 at 7:30 in the hospitality room. All members are urged to attend.

## F.H.A. BANQUET HELD RECENTLY

"Wonder Land by Night" was the theme of the Christmas banquet of the Clarendon Future Homemakers of America when they crowned their FHA Sweetheart recently. A large Christmas tree was the focal point for the coronation, and golden-haired, choir robed angels descending golden stairs, led one's eyes to fleecy white clouds where other angels seemed to complete the mystical host gathered to help celebrate the occasion. Table appointments and decorations included haloed angels and soft white tapers in the traditional red and white colors of the Future Homemakers. Place settings were marked with miniature red roses.

Miss Karen Hill, high school senior and daughter of Mr. and Mrs. Omer Hill, was crowned FHA Sweetheart for 1964-65 by Miss Audrey Shields, Sweetheart for 1963-64. Miss Dolphia Vallance, first runner-up, presented a charm to Miss Shields as a remembrance from the Chapter for her year's representation. The Sweetheart and her court were elected by FHA members earlier in the month.

In addition to this royalty, the following girls and their escorts were presented: Ann Mills and Douglas Bradshaw, Jill Benson and Bobby Cain, Pamela Palmer and Rod Stone, Ann Allen and Gerald Welch, Charlene Gray and Leon Gibbs, Sue Hill and Richard Thornberry, Linda Palmer and Jimmy Roberts, Lynn Bourland and David Moreman. Sweetheart Karen Hill was escorted by Wayne Lewis, Miss Vallance by Gene Branum, and Miss Shields by Presley Yarbrough. A prom and several parties completed the evening of fun.

Guests for the occasion included Mr. and Mrs. Morris Ledger, Mr. and Mrs. Kenneth Vaughan, Honorary members; honored parents who have contributed three or more years of service to Future Homemakers; and the ladies who prepared the meal. Mothers who served included Mesdames Gene Martin, Koontz, Hicks, Longan, Greene, and McAnear.

APARTMENT DINING—Cotton brightens a dining room in this design by David Eugene Bell of Bloomingdale's. A striking cotton print with pink blossoms is used on walls and draperies while a pink and olive striped cotton is used on chairs.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

A budget trimmed to fit available revenues, so there will be no need for new taxes or for doubling college tuition, was sent to members of the Texas Legislature by Gov. John Connally.

A \$96,000,000 surplus in the state's general revenue fund makes expansion possible without new taxes, said Connally. However, if the Legislature decides to grant the request of the Texas State Teachers Association for a \$45 a month pay raise for public school teachers, some new form of taxation will be necessary.

Connally's budget was hitched to his main thesis—that higher education needs to be improved. He urged the Legislature to pour many new millions into the state's colleges and universities and the junior college system.

But he said he would withdraw the recommendations for added spending for the 22 state colleges and universities if it is not accompanied by his proposal for reorganization.

Connally wants a strong central coordinating board, with authority to decide which colleges shall teach what courses and to control their building programs. Unless such a board is created, the Governor said he will withdraw his proposals for higher salaries for college administrators and teachers, designed to bring them to \$11,000 a year average, or 10 per cent above the national figures.

Major changes in Connally's budget include (1) expansion of funds to increase vocational and technical training both in high schools and junior colleges; (2) more college buildings; and (3) extension of parks and water-based recreation developments.

All would be done with Federal matching funds.

In over-all figures, the present total state budget, including the 25 per cent which comes from Federal aid, is \$3,200,000,000. Connally suggests spending \$3,600,000,000 during the two years starting September 1, 1965.

**STATE HOSPITAL INVESTIGATION**—State Department of Public Safety is conducting an investigation at Austin State Hospital to see if any law has been broken there, insofar as its operation is concerned.

Investigation was requested by the Board for State Hospitals and Special Schools, following its hasty acceptance of Dr. Sam Hoerster Jr.'s resignation as administrator of the Austin Hospital. Hoerster is an A&M graduate and holder of a University of Texas medical degree. He began his state service in the Big Spring State Hospital. He was administrator at Austin State Hospital for nine years.

Hoerster's resignation and the DPS investigation are said to have been tied to charges by Rep. Paul Haring of Goliad that immoral and illicit practices (including narcotics thefts by employees) existed at the Austin Hospital for the mentally ill.

However, the Hospitals Board has not elaborated, except to say that Hoerster's resignation was the result of differences over "matters of administrative policy" between him and the Board.

**SCREW WORM MONEY SHORT**—Leaders of the screw worm eradication program notified Governor Connally that their funds will be gone by April 1 unless they get supplemental appropriations. They need about \$530,000 in state or private money to run

**PERSONNEL CARRIER**—The XM-571 personnel carrier is loaded aboard a CH-47A CHINOOK at Fort Bragg, N. C. The amphibious vehicle is designed to carry payloads of 2,000 pounds over virtually all types of terrain under the most adverse weather conditions. Gross weight of the XM-571 and its cargo during compatibility tests at Fort Bragg totaled over 7,500 pounds. Canadair produces the XM-571; the CHINOOK is manufactured by Boeing Company, Vertol Division.

the program between April 1 and July 1 when the new fiscal year begins.

U. S. Department of Agriculture will ask a supplemental appropriation, too, the group told Connally.

Only 224 cases of screw worm have been reported in Texas cattle this year, compared with 4,898 in 1963 and 50,000 in 1962 when the program began. Federal, state, and livestock industry appropriations have financed the \$13,600,000 program.

**REDISTRICTING ORDERED**—Governor Connally expressed confidence that the Legislature will redistrict itself by the new court-fixed deadline ... August 2, 1965.

A special three-judge federal court at Houston declared present legislative districts (in both House and Senate) unconstitutional. It ordered reapportionment on a basis of population. Decision had been expected since June 15 when the U. S. Supreme Court handed down similar ruling in five other states.

**DREDGING ORDER ENTERED**

—Parks and Wildlife Commission permitted dredging within 300 feet of live oyster beds in Texas bays, subject to its authority to regulate excessive siltation.

Far-reaching order said shell dredging outside that limit will not harm oysters or fish. Commission also said shell deposits are vital to coastal industries. Dredgers formerly were prohibited to operate within 1,500 feet of live oyster reefs.

Ruling was on application of Heldenfels Brothers of Corpus Christi to take 100,000 cubic yards of submerged shell from Copano Bay near Bay Side. Opponents said granting of the application would damage fishing and tourists attractions.

An earlier similar order for Galveston and Trinity bays now is on appeal.

**RECREATION STUDY COMPLETED**—A nine-member water recreation study committee has recommended an \$11,000,000 a year federal-state program to improve pleasure facilities on Texas waters.

Committee, headed by Marvin

Watson of Daingerfield, said the Parks and Wildlife Commission should have more power to develop a recreation plan for a population expected to double in 35 years.

Concluded the group: Gulf Coast Waters, as well as inland lakes, should be included in the plan; boat users should pay a gasoline tax without refund privileges; and fishermen and water skiers should be separated by zoning.

State share of developments costs, the committee said, should come from general revenue appropriations, sand and gravel revenues and gasoline taxes.

Governor Connally, who received the report, said he is studying a reorganization of all state's water programs including those under the Texas Water Commission, Water Pollution Control Board and Water Development and Water Conservation

**JOB TRAINING BOARD**—Governor Connally named J. R. (Bob) Thornton of San Marcos Cecil Ruby Sr. of Austin and Buda and Dr. Arleigh B. Templeton, president of Sam Houston

State College, Huntsville, to the board of Texas Educational Foundation, Inc.

This non-profit educational corporation will govern operation of the Camp Gary job corps training center near San Marcos.

Center will be the first major

unit in the war on poverty program in Texas.

**Valiant's also the lowest-priced car made in America with this 5-year/50,000-mile engine and drive train warranty:**

Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

**CARDS OF THANKS**

Ouh heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful.

Mr. and Mrs. Dee Blankes  
Mr. and Mrs. W. P. Jacks

We wish to express our sincere thanks and appreciation to our many friends for the kindness and sympathy shown us during our time of bereavement.

The family of G. D. Hillis

It is with grateful hearts that we take this means of expressing our appreciation for the cards, flowers, visits and many other kindnesses extended us during George's illness. We would like to give a special word of thanks to those who helped gather our crop and any others who may have helped us in any way.

Mr. and Mrs. George Self

**THE MINIMUM WAGE PROBLEM**

The head of the AFL-CIO union declares that an increase in the minimum wage to \$2 an hour is needed. Congress will be asked to approve that figure, or one approaching it, when it convenes next year.

Many people who are sincerely concerned with the problems of the low-income groups will probably look favorably on this proposal. But there is much more involved than meets the superficial eye. There is every danger that an excessive minimum wage may seriously harm the interests of those it is supposed to help.

Various businesses have room for people whose skills are ex-

remely limited. Retailing is a prime example. It offers employment to youngsters just starting out in the business world, to part-time housewives, and to others whose value to the store is slight. If the minimum wage is boosted to the point where the productivity of these workers cannot justify it, one result is certain—store operators will be forced to seek ways and means of getting along with fewer marginal workers. Then the unskilled will find it harder and harder to get jobs and to obtain the experience that would qualify them for higher pay.

It may be argued that the stores could use a part of their profits to take care of higher

costs. But these profits are a great deal less than is generally believed. Food chains, for instance, commonly earn only a trifle more than a penny on each dollar of sales. There's just no margin for absorbing wage increases.

What it all comes down to is that worker productivity and wage levels are inseparably related. A law which ignores that fact must do more harm than good.
