A Common Paper for Common People

Third Law Suit Filed Here In Connection With CJC Elections

The "big hat and boot" crowd has filed their third law suit pertaining to the Clarendon Junior College enlargement and tax election. They refer to this as an injunction suit. The allegations are practically the same as in the other two suits already filed.

The plaintiffs in this action are: Charles F. Derrick, L. T. Shelton, E. L. Lamb, L. D. Littlefield, William E. Cushing, W. S. Montgomery, Lee Palmer, Forrest E. Sawyer, B. N. Head, Andy Brown, Don Grady, H. S. Hardin, W. K. Hardin, G. W. Selman, Jack Stewart, John W. Minairk, H. T. Luther, Tony Burson, Glenn Cleveland, Mrs. Bray Cook, Jimmy C. Hill, True Burson, Howell Smith, M. H. W. Ritchie, T. L. Roach, Jr., T. L. Roach, L. R. Hagy, and Mattie Hedgecock Properties.

The defendants are the present Board of Trustees of Clarendon Consolidated Independent School District and Clarendon Junior College. They have also employed another law firm: Foley, Snodgrass & Calhoun of Amarillo, Texas.

It appears that the "big hat and boot" group has decided to finally use their names on a suit instead of using the names of local residents as a front. The first suits filed are scheduled to come up in District Court here Monday, April 8.

Interest Mounting In School Trustee Election

Interest is mounting in the Clarendon School trustee race as the election date draws nearer with the candidates taking a back seat in the face of the issue involved. Two candidates are running for re-election who are definitely for the continuation of Clarendon Junior College and their opposing candidates have expressed themselves previously as being against the College. This appears to be the main issue in the forthcoming election which will be held Saturday, April 6th. Warren Hardin and F. E. Chamberlain, Jr., are the two candidates seeking re-election to the board. Bill Craft and Lee Palmer are the two new candidates who are being supported by the group who have filed against the schools which could possibly bring about the closing of the Junior College here. With the opposition already on the board of trustees, the election of two new members who are opposed to the college, would give the balance of power on the board to the opposition group. Considerable campaigning is expected by both sides within the next week.

H. D. Bugbee Dies; Services This Morning

Harold Dow Bugbee, prominent Cowboy Artist, died in his sleep at his home here Wednesday morning. His death was attributed to a heart ailment.

Funeral services for Mr. Bugbee will be held at 10 o'clock this morning at St. John the Baptist Episcopal Church with Rev. Charles C. Carmen officiating. Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Harold Dow Bugbee was born Aug. 15, 1900, in Lexington, Mass. He came to Texas with his parents the late Mr. and Mrs. Chas. H. Bugbee, in 1914. In 1919, on the advice of Bert Phillips of Taos, Bugbee enrolled in the Cummings School of Art, Des Moines, Iowa, where he studied for the next two years.

Beginning in 1921, and continuing for several years, he returned to Taos each fall where with Ralph Meyers, Herbert Dutton, Leon Gaspard, Frank Hoffman and others, he painted and sketched. It was in this same year that he sold his first painting and received a commission from Col. Ernest O. Thompson, owner of the Amarillo Hotel, to paint 14 oils for the Hotel's "Longhorn Room."

In 1933, Bugbee began doing illustrations for national magazines. For the next 18 years he did hundreds of pen and ink illustrations for stories and articles appearing in these publications. It was during this period that he also illustrated more than thirty books.

Since 1951, Mr. Bugbee has been Curator of Art for the Panhandle-Plains Historical Museum. His murals in the Museum at Canyon will live as a tribute to this great artist, as will his many paintings and sketches.

It has been requested that no flowers be sent and memorials be made to the Museum at Canyon or to the organization of your choice.

Mr. Bugbee is survived by his wife, Mrs. Olive Vandruuff Bugbee.

ANNUAL JAYCEE BANQUET FRIDAY NIGHT

Plans are all complete for the Jaycees Annual Installation Banquet Friday night at the school cafeteria. New officers for the ensuing year will be installed at this time.

Melvin Munn, noted speaker, of Pampa will be the main speaker for the banquet and visiting delegations from surrounding clubs are expected to be present.

Golf Tourney Set For April 7

The first golf tourney of the spring season will be held Sunday, April 7, at 1:45 p.m. This will be a one-day, 18 hole tourney. Entry fee is \$2 and those interested may contact John Payne or Billy Mac Hicks. All entries must be in by Tuesday, April 2nd, so pairings may be selected.

Rules to be followed are: Members in good standing may participate; entry fee paid by April 2; play medal low ball — 18 holes; High school and college players may enter; Winter rules applied; no handicap used; partners picked by committee; each team must be on their appointed hole by 1:45 and play will start immediately with a shotgun blast; no one late will be permitted to play; only one ball will be hit on the tee box that you hit your first ball from; play must be in foursome unless committee allows otherwise.

This is regarded as one of the best planned tourneys to be held here. No other golfers will be allowed to play the afternoon of the tourney as each hole will be occupied by tourney players. Get your name on the list now at John's Mens Wear or Phelps-Hicks Barber Shop.

Polio Vaccination This Sunday

The Clarendon Jaycees wish to remind the residents of Donley County that the Sabin Oral Vaccine, Type III, will be administered this Sunday, March 31st. As with the previous vaccinations it will be given at the Donley County Courthouse, between the hours of two and four in the afternoon.

The controversial Type III vaccine is recommended for those 30 years of age or under, persons traveling abroad, pregnant women, and those person traveling in epidemic areas. The vaccine is available to any person over thirty who desires it. It has been found that the Type III vaccine is as safe to take as the Type I.

The Jaycees urge you to use the registration blank found elsewhere in this paper and to have it filled out in order to save time at the courthouse. Please remember to bring one of your previous vaccination cards with you so that it may be appropriately stamped for the Type III vaccine.

This Sunday — at the Courthouse — 2 to 4 p.m.

Mrs. G. L. Jones of Wellington, mother of Harvey Jones, is visiting in Clarendon.

FARM NEWS

from County ASCS Committee

Wheat Performance

The initial wheat measurements are now complete in the field and will be completed in the office within the next few days.

We want to thank each of you for the cooperation you gave Mr. C. H. Long and Mr. Shy Johnson when they visited your farm to measure the wheat and diverted acres.

1964 Wheat Program

Wheat growers are reminded that the upcoming referendum on the kind of wheat program they want for 1964 and succeeding years will be held within 60 days after proclamation of the national wheat marketing quota, which will not likely be announced until late March or early April. The program will become effective if at least two-thirds of the growers voting in the referendum approve the program.

While technical details of the 1964 wheat program are still in the development stage, it is now known that the referendum will give wheat growers a choice of two programs. The first would limit production of wheat to market and export needs, provide price support at an average of \$2 per bushel for most wheat marketed, and offer payments for See Farm News Page 5

Services Pending For Mrs. Darden

Funeral arrangements are pending with the Murphy Funeral Home for Mrs. Minnie Walker Darden, 79, who died at her home here Tuesday afternoon.

Mrs. Darden, 79, had been a resident of Clarendon 23 years, moving here from Spur, Texas. She was a member of the First Baptist Church.

Survivors include one daughter, Miss Chloe Darden of Pampa and one son, Ray W. Darden of Clarendon.

HOSPITAL NOTES

Patients as of Wed., March 27: Mrs. R. L. Womack, Mrs. Cap Morris, C. C. Carter, Mrs. W. C. Jones, Pete Bromley, Mrs. Oliver Abel, Mrs. W. W. Raney.

Dismissals: R. L. Womack, Mrs. R. O. Thomas, R. O. Thomas, Charlie Smith, Sammy Shoels, Mrs. Guy Mills, Mrs. I. J. Moore, Mrs. Pete Land, Donna Hill, Billie Ruth Gaines and baby boy, Mrs. Georgia Calloway and baby girl, and Ruby Jean Calloway.

Services Today For Grover C. Heath

Funeral services have been set for 2 p.m. today, Thursday, at the First Baptist Church for Grover Cleveland Heath with Rev. W. R. Lawrence, pastor, officiating.

Mr. Heath, 73, died Wednesday morning in Adair Hospital. He had been a resident of Donley County since 1918 and had lived in Clarendon since 1937 when he moved here from Hedley. He had been in the car business in Donley County since 1919. He was a native of Wise County. He was a member of the Baptist Church.

Survivors include his wife, Mrs. Lucy May Heath of Clarendon; two daughters, Mrs. F. M. Murray, Hedley and Mrs. Frank Tyler of Clarendon; one son, Hershel Heath of Clarendon; two sisters, Mrs. H. L. Kinslow, Amarillo and Mrs. Ed Wyninegar, Sulphur Springs; two brothers, Oscar Heath of Bridgeport and J. P. Heath of Pampa; six grandchildren and two great-grandchildren.

Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Donley Co. Red Cross Drive Is Lagging

The fund drive of the Donley County Chapter of the American Red Cross is lagging. Mrs. H. S. Hardin, Fund Drive Chairman, states that the total funds so far received are but 29% of the County's goal.

"Donley County has consistently met its goal in the past and I'm sure it will not fail this time, even though it is off to a slow start," said Mrs. Hardin in asking that everyone give generously when the Red Cross Volunteer calls.

YOUTH REVIVAL TO BEGIN MARCH 31

A Youth Revival is scheduled to begin March 31 and continue through April 7 at the Assembly of God Church. Mrs. Jimmy Biggs of Morton, Texas, will conduct the services each night at 7:30. A special invitation to all young people is extended by the pastor, Roy Eason.

LITTLE LEAGUE BUSINESS MEETING TONIGHT

A Little League business meeting will be held tonight, Thursday, at 7 o'clock at the City Hall. All managers, umpires, directors and other interested persons are urged to attend. This will be an important planning meeting to get set up for the busy season that is near at hand.

Leader Out-of-County Rate - \$3.57 a Year

City Voters To Elect Mayor In Election Tuesday, April 2nd

Date Set For Annual Agriculture Clinic Here

The Annual Agriculture Clinic for Donley County will be held on April 16 in the Community Room of the Farmers State Bank, which is just in the rear of the main lobby of the bank.

The Agriculture Clinic is planned by the Program Building Committee for Donley County and in their regular meeting December 18th, decided the following program would be of great benefit to all farmers and ranchers in the County. Breedlove says that the program will start promptly at nine o'clock in the morning and each part of the program will start exactly as shown on the program.

9:00 a.m. to 10:00 a.m. — The 1964 Wheat Program, discussed by Mr. Albert Marshall, Field Man for Dist. 2, ASC State Office.

10:00 a.m. to 11:00 a.m. — Fertilizers and Their Use, James Valentine of the Extension Service A&M College, Lubbock Experiment Station, and Soil Testing Laboratory.

11:00 a.m. to 12:00 a.m. — Grain Sorghums, Varieties for this Area, Culture, Bill Gunter, Agronomist, Texas A&M College, Extension Service.

1:15 p.m. to 2:15 p.m. — Insect Control of Wheat, Cotton and Grain Sorghums, John Thomas, Extension Entomologist, Texas A&M College.

2:15 p.m. to 3:15 p.m. — Feed Lot Experiments, Starting Feed Lots and Protein Supplements for Range Cows, Paul Marion, Superintendent of Texas A&M College, Spur Experiment Station.

3:15 p.m. to 4:00 p.m. — Range Management of Native Grasses, adapted Varieties and Planting, Bright Newhouse, WUC for the SCS, Clarendon.

Breedlove is urging everyone to attend this Agriculture Clinic and if you can not attend the entire clinic, then pick out the topic you need the most help on, and attend for that hour. It will start exactly on time.

HIGH SCHOOL CHORUS TO PRESENT CONTATA

The Clarendon High School Chorus under the direction of Willard Edgett will present an Easter contata "The Seven Last Words," Good Friday evening, April 12, at the First Presbyterian Church. The public is invited to attend.

The chorus will also take part in the Easter contata "For He Is Risen" presented through the cooperation of the Ministerial Alliance and the churches represented at the evening services Easter Sunday at the First Baptist Church.

Considerable interest has mounted in the City Mayor's race the past two weeks and Clarendon voters will go to the polls Tuesday, April 2nd, to choose a Mayor from a list of three candidates.

It had been announced there would be a change in the voting place for the election but according to election laws, the location could not be changed as there was not enough time to advertise the alternate location. Election notices must be posted at least 30 days prior to the election. The City election Tuesday will definitely be held at the City Hall as first specified and not at the Youth Canteen.

The three candidates for Mayor are Major B. Hudson, C. J. (Jerry) Lohoefer and S. W. Lowe. Hudson has previously served the City as Mayor and Lowe served as County Judge back in the '30's. Lohoefer is running for his first public office here.

If you are a qualified voter, be sure to go vote next Tuesday, April 2nd, at the City Hall. Pick out the candidate you think is best qualified to serve the residents of Clarendon and give him your support.

Greenbelt Survey Nears Completion

Core drilling and a survey of the dam site for the Greenbelt Municipal and Industrial Water Authority north of Lelia Lake is almost complete. Dr. S. H. Townsend, president of the authority announced last Thursday. "Engineers report that the site is the best yet selected for the dam and that a thorough survey of the area above the dam shows no deposits of gypsum," Dr. Townsend stated.

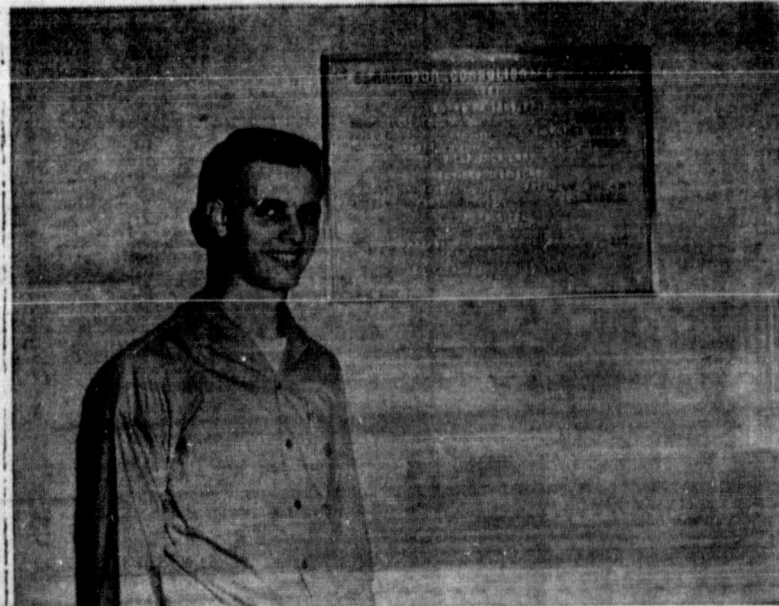

"We have been assured by engineers that the project will be ready for a vote on the bonds by the participating cities, this summer," he said.

"Tests of both the water and soil below the present site showed too much gypsum which would ruin the water for human consumption. "I do not think any of us want to repeat what happened to Wichita Falls when the water in Lake Kemp was ruined by the gypsum content of the soil," he added.

Engineers for the project have assured Greenbelt directors that moving of the site to the new location would not reduce the amount of water.

"I am of the opinion that we can now say that the Greenbelt Municipal and Industrial Water Authority, once it is voted by the people, can be providing an ample supply of good water to member towns before too many months," Dr. Townsend added.

Sabin Oral Sunday — March 31st

Mr. Larry Hicks was the winner in the drawing contest sponsored by the Texas Panhandle Heritage Foundation. The Heritage Committee chose the most historical events to be drawn, which were "The First Ranch" and the "First Christian Colony." Larry drew the first church in Old Clarendon which was a red See Winner Page 8

Top 5 candidates for Lions Club Queen were (left to right) Regina Borden, Audrey Shields, Connie Grady, Jeannine Lowe and Connie Sue Martin. Miss Grady (center) was chosen queen. Photo Courtesy of Barrett's Portrait Salon

These two members of the Clarendon High School Band were honored at the annual banquet last Saturday night as being the most outstanding members by Band Director, Willard Edgett. Shown are James Bates and Sharon Henson.

MEMBERS OF

Texas & Panhandle Press Associations

HIGH COST OF FLYING — Another attempt to cut a specific recommendation out of the budget bill almost was successful.

Rep. James Cotten of Weatherford tried to get the House to "ground" the State Land Office airplane. He pointed out that \$100,000 is appropriated annually for operation and maintenance of a high-powered Land Office plane.

Cotten showed a photostatic copy of the plane's flight log for the year ended October, 1962. He stated, "In a year's time, only 68 flights were recorded. Sixteen were test flights to familiarize the pilot with the plane before he broke the propeller when he collided with another plane in a hangar and then he had to take eight more test flights to familiarize himself with the new propeller!"

Rep. Joe Chapman of Sulphur Springs disagreed. He said that the plane is necessary for aerial surveys and photographs to confirm the 1941 state land survey.

Cotten insisted that the Land Office should hire commercial aerial photographers, as the Texas Water Commission does.

Cotten's amendment to strike out the plane appropriation failed by narrow 72-68 vote.

LOW COST OF EDUCATION

Complaints about too-low appropriations came from members who said allotments for higher education in 1964-65 are too small. The last legislature appropriated \$159,600,000 from the State General Revenue Fund for high-

er education in 1962-63. State college administrators requested \$243,000,000 for the coming two years. Former Gov. Price Daniel and the Legislative Budget Board recommended \$226,000,000. Gov. John B. Connally recommends \$225,000,000. Paducah Rep. Bill Heatly's appropriations bill allows for \$187,600,000 to educate the bumper crop of war babies that is expected to begin to flow into state colleges next year.

Rep. Hugh Farmer of Fort Worth claimed the Heatly committee had slashed Arlington State College's library budget so drastically, the school might not be accredited next year.

So, Farmer and Rep. Don Gladden of Fort Worth begged for an amendment to raise Arlington's appropriation. It failed by a vote of 94-41.

The \$172,000 needed to make the Texas Maritime Academy in Galveston a reality was absent from the appropriations bill. But Governor Connally said, "I have real hope of getting the Legislature to restore the maritime money." He didn't say whether he had any hope of getting the allotment for higher education boosted.

COUNTY BUYING MAY BE EASIER — Rep. Vernon Beckham of Denison got a green light from the House Committee on Counties on his bill to raise the amount a county purchasing agent may spend on emergency purchases without advertising for competitive biddings.

Since 1925, the amount that may be spent without competitive bidding has been \$150. Beckham said this is unrealistic in the view of rising costs. He proposed it be raised to \$500. However, the subcommittee set it at \$300.

Reps. Henry Grover and J. C. Whitfield of Houston won approval from the House State Affairs Committee on their bill to require competitive bidding on public school purchases above \$1,000.

SALES TAX FREEZE FAILS

An attempt by Rep. John Allen of Longview to pass a constitutional amendment to freeze the state sales tax at two percent and keep food and drugs

exempt failed by a 72-64 vote. However, food may remain safe from the sales tax if a measure by Rep. Ben Atwell of Dallas and Rep. Charles Wilson of Trinity passes. They have proposed legislation to simplify sales tax bookkeeping for grocers. Since grocers have been the ones fighting for a blanket tax, this bill may satisfy them.

TUITION RAISES PROPOSED

Representative Atwell picked up a recommendation by the Commission on Higher Education to double state college tuition, and filed a bill to raise it from \$50 to \$100 a semester.

Governor Connally has ignored the commission's suggestion. Rep. Dick Morgan, Republican from Dallas, chose "a good compromise." He introduced a bill to raise tuition to \$75 a semester.

Children of members of the Texas National Guard who have been killed in the "cold war crisis" since 1950 will be provided free tuition in state colleges, if a bill by Representative Farmer is passed.

STATES RIGHTS STAND

The House passed a resolution to ask Congress to call a constitutional convention to leave legislative reapportionment to state legislatures. Rep. Bill J. Parsley of Lubbock said, "This may be the last time the state can take a stand on what may be the last of state's rights."

If the proposed amendment is adopted by a sufficient number of states, Texas could insure a rural - dominated legislature, despite urban growth.

LICENSE PLATE HIKE ASKED — Sen. Criss Cole of Houston proposes to increase the annual motor vehicle registration fee by \$1 with the income going to our state parks.

If the Legislature approves Cole's license plate cost increase, the question will be submitted to voters at the general election of November, 1964.

MOTOR EXPRESS SERVICE PROPOSED — Sen. Franklin Spears of San Antonio has introduced a bill to expedite freight shipments in Texas.

Bill permits the creation of a special class of motor vehicle carriers to be known as "Restricted Motor Express Common Carriers."

Service would follow regular routes and schedules, using van-type equipment. Special emphasis would be on small shipments from one to 100 pounds. Rates would be "pick up-and-deliver"

service would be provided. Supervision would be in the hands of the Railroad Commission.

Mildred Tomlinson of Phillips visited Mr. and Mrs. Carl Barker Thursday.

FACT AND OPINION

ODESSA, TEX., AMERICAN: "It is not possible for one man to control the energy of another. One man may impose his energies on another in such a way that, through force, he can prevent the other man from using his energy as he might otherwise use it. But this is proof that the man using force cannot control the energy of the other. Were it possible for him to control that energy, no force would be necessary. He would simply will that the other person perform in such and such a manner and it would be done — exactly the same as when a man wills that his own arm be raised, or his own fingers bent, or his own mind engaged in a particular manner."

Rudolph Hess, Nazi Deputy Fuhrer, landed in Scotland by plane on May 10, 1941.

Sugar rationing in the United States ended June 11, 1947.

Band Banquet Heads Week End Activities

The annual Band Banquet was held Saturday evening, March 23, at the High School Cafeteria. Hosts for the occasion were members of the Band Parents organization. Food was prepared by ladies at the Cafeteria and served by band mothers.

"Rendezvous of the Stars" was the theme carried out in decoration using pink and white with gold accents. The officers' table was marked with an arrangement of pink carnations with pink candles and other tables were accented by pink carnations in bud vases and pink candles. Nut cups were silver stars. The program was outlined in a miniature band hat with plumes serving as place cards. Colored lighting added mystery and charm to the atmosphere.

The invocation was pronounced by the Rev. Charles Carman. Sharon Henson was mistress of ceremonies. Mrs. Jake Roberts gave the Welcome with her son, Jimmy, presenting the response. On the lighter side, Dolcia Vallance and Jill Benson narrated a series of jokes.

Highlight of the program was the presentation of awards and jackets by the band director, Willard Edgett. Those to receive the awards were: Most Progressive — Dolcia Vallance and Donny Helton; Citizenship — Maudeana Self and Mike Stewart; Musicianship — Janis Smith and Bill Hutton; Most Dependable — Jill Benson and Barry Hudson; Most Outstanding — Sharon Henson and James Bates. These awards were made on individual performance and group cooperation throughout the year. Jackets

were presented to ten students. Those who had been in the CHS Band two years were Donny Helton, Gary Lowrie, Melissa Patterson, Jimmy Roberts and Barry Hudson. Those serving in the band four years were Jill Benson, Dolcia Vallance, Sharon Henson, Clydean Gilbreth, James Bates, and Larry Hight.

Following the meal tables were cleared and dancing provided entertainment for the remainder of the evening. Music was by the "Faros" of Turkey. All high school students were invited to the dance. Approximately eighty Band Students and their guests attended the banquet.

FHA GIRL OF THE MONTH

Miss Patricia Green has been chosen FHA Girl of the Month for the Clarendon Chapter. Patricia is president of the local chapter and is vitally interested in promoting the youth program in our school. She entered the Wool Contest and County Fair. She has adopted a Senior Citizen for the year and she has worked on all projects sponsored by the Chapter to date. Patricia has just completed her application for a State Home-maker Degree. If her application is accepted, she will be a delegate to the State Convention when they meet in Dallas April 19-20. Patricia is the first junior in the history of the Clarendon Chapter to complete requirements for State Degree. Usually girls complete these requirements in their senior year. Patricia will be giving up going to the Jr.-Sr. Banquet and Prom to attend the Dallas FHA meeting. She will also be asked to help judge State Degree applications next spring.

Shown above are the twelve contestants for Lions Club Queen. All are students of Clarendon High School. Miss Connie Grady was selected as Queen from the group.

BRIDAL SHOWER HONORS NANCY ASHCRAFT

Friday afternoon, March 14, the home of Mrs. Ollie Thompson was the scene of a bridal shower honoring Nancy Ashcraft, bride-elect of Paylon Watson.

The table was laid with a blue linen cloth and centered with an arrangement of blue and white carnations under a blue net heart and white wedding bells. Crystal appointments completed the setting. Refreshments of cake, mints and punch were served by Melissa Patterson, Johnnie Shields and Clydene Gilbreth.

Maudeana Self presided at the register. Thirty-six registered and several sent gifts. The bride received many lovely and useful gifts. The hostesses for the occasion were Mrs. Ollie Thompson, Mrs. Odell Osburn, Mrs. Pete Land, Mrs. Raymond Waldrop, Mrs. W. D. Higgins, Mrs. Dub Smith, Mrs. Steve Reynolds, Mrs. Richard Cannon Mrs. L. L. Waldrop and Mrs. Joanne Benton. —Rep.

Miss Priscilla Wright of Amarillo visited Mrs. John Goldston Monday afternoon.

ASHTOLA NEEDLE CLUB MEETS

The Ashtola Needle Club met Thursday, March 21, at the Center and quilted two quilts. Everyone brought a covered dish, and after the noon feast everyone with much misgivings resumed their quilting, except those who don't quilt and they washed dishes.

In the absence of the President, Laura Mahaffey, the Vice President, Ruby White, presided at a short business meeting.

Next meeting will be March 29. J. F. White of Phillips will show his pictures made in Europe last fall when he was elected by the Lions Club of Pampa to receive the free trip to the Lions World Convention in Europe. Let's everyone make a special effort to go see these pictures. Bring sandwiches and your choice of sweets. We will have supper after the show. This will be the community meeting.

The next club meeting will be the Easter program and Vena Hudson will be the leader. The date is April 4. Everyone come and bring someone with you. —Rep.

PATHFINDER MEETING HELD FRI. AFTERNOON

Pathfinder Club met Friday afternoon, March 22, at Patching Club House. Mrs. John Bass and Mrs. Dick Shelton were hostesses. The spring motif was carried out in room decoration and in refreshments. The social hour preceded the business session and program.

Mrs. Heckle Stark called the meeting to order and prayer was offered by the Rev. Baldwin Stribling who was guest speaker for the afternoon. His theme was "God Is Ruler of the World" and he used as his text Acts XIII beginning with the sixteenth verse. His program was interesting and informative and enjoyed by all.

During the business session Mrs. John Bass was elected delegate to the District Federated Club Women's meeting to be held in Amarillo April 2-3.

Attending were one visitor, Mrs. Pete Kunz and members Mesdames C. E. Bairfield, George Benson, Fred Buntin, T. M. Caldwell, Jr., L. N. Cox, Joe Goldston, Wm. S. Greene, Lee Holland, J. H. Howze, Morris Ledger, Genoa Lowe, S. W. Lowe,

Heckle Stark, Frank Phelan, Jr., Miss Mable Mongole and the hostesses Mrs. John Bass and Mrs. Dick Shelton. —Rep.

FUTURE HOMEMAKERS OF AMERICA

The Future Homemakers of America met in Clarendon School cafeteria March 25, 1963, Monday night at 6:30 p.m. Mr. and Mrs. Robert Null were the FHA's guest. Mr. Null showed slides and gave a talk about his stay in Holland. Mr. Null was a summer exchange student from Oklahoma. Mr. Null spent two and a half months in Holland. The slides were beautiful and his talk was very interesting.

Mollie Floyd, Beth and Lynn Bourland gave their reports on

the FHA Area Meeting which was held Saturday, March 16, 1963, in Lubbock. A bus load of Clarendon FHA girls attended the meeting.

Next week April 1-6 is FHA Week. Sunday is Red Rose Day for the FHA girls at church, Monday is Publicity Day, Tuesday we have a party, Wednesday is a Coke Party and officers are elected, and Thursday is Teacher Appreciation Day.

We are always happy to have visitors with us. With us Monday night were Mr. and Mrs. Robert Null from Oklahoma, Mrs. Ira Self from Wellington, Mrs. George Self, Mrs. Chuck Longan, Mrs. Mark Allen, Mrs. Clyde Gilbreth, and Mr. Fred Bourland. —Rep.

DUPLICATE BRIDGE CLUB TO BE ORGANIZED

Mrs. Fred L. Thompson invites all persons interested in joining a Franchised Duplicate Bridge Club to be present at a meeting at 7:30 p.m. Monday, April 1st, in the Hospitality Room of The Farmers State Bank.

HAT MAKING DEMONSTRATION TUES.

There will be a free demonstration on hat making, given by Mrs. Vernon Hall of Pampa, Tuesday, April 2nd, at 7 p.m. in Room 109 (Art Room) at Clarendon Junior College. Everyone interested is invited.

MRS. CARTER HOSTS CHAMBERLAIN CLUB

Chamberlain Club met last time with Clara Mae Carter as hostess. Two quilts were tacked. Refreshments were served to Bradis Ballew, Vivian Allen, Eunice Mann, Ethel Dingler, Earnestine Bates, Mabel Stone, Mary Mann, Laura Ivey and the hostess.

Next Club meeting will be held March 28 with Ethel Dingler as hostess. All members are urged to come as we are quilting a quilt to be given away.

HUDGINS CLUB MEETING HELD MARCH 19

The Club met March 19th with Harlene Phillips as hostess. Delicious refreshments of cake, cookies, tea and coffee were enjoyed by all.

Those present were Cora Elliott, Ruth Lindley, Mammie Mills, Ruth Hudson, Frankie McAnear, Veda Goad, Wilma Lindley and Jay Pauline Koonitz and Paula Helms, and Martiel Webb, one visitor, Mrs. Joy Martin.

Our next meeting will be April 2nd with Ola Bradshaw as hostess. —Rep.

ASHTOLA COMMUNITY CENTER NEWS

There will be a picture show at the Ashtola Community Center next Friday night, March 29. Mr. and Mrs. J. F. White of Phillips will show the pictures they made in Europe last fall while on their tour of the continent. J. F. was a lucky boy. He won this trip for his work with the Lions Club at Pampa and his wife accompanied him. They enjoyed the trip so very much and took a lot of pictures, some, we are told, are quiet humorous. So if you enjoy a good laugh come on out and laugh with us. J. F. is the son of Mr. and Mrs. John White of Ashtola.

Mr. and Mrs. Warren Hardin will host the party. Everyone is invited. Come and bring someone with you. Bring sandwiches and sweets of your choice for your group. We will have supper immediately after the show which will start at 7:30. —Rep.

YOUR FAIR SHARE . . .

Most Texans, we believe, are fair-minded folks. They believe in fair play, square dealing, and mutual respect for personal and property rights. Those who want to take advantage of their neighbors are the exception.

Sometimes it may be hard to define "a fair share." This can occur in dividing oil or gas production, when two or more landowners are involved.

As we all know, oil and gas don't pay any attention to fence lines.

Here in Texas many wells have been allowed to produce more oil or gas than they should have because they were drilled on very small tracts. That extra oil or gas came from under the neighbors' land.

Some oilmen made a regular practice of this type of operation. Obviously, one owner got more than his fair share — others, less.

People in 26 out of 29 oil-producing states have found a way to divide their oil and gas so that each owner gets what is rightfully his. They simply put their small acreage together and share the costs and income. This system is known as POOLING.

Such a system is needed in Texas. It is proposed in a bill now before the Legislature, HOUSE BILL 510. When the neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected . . . all costs and proceeds equitably divided.

Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done.

Ask your Senator or Representative at Austin to support House Bill 510 — so Texas, too, will have a reasonable and legal way to assure to each landowner his FAIR SHARE. (This ad paid for by Committee for Equitable Development of Texas Oil & Gas Resources, 341 Mellie Esperson Building, Houston 2.)

CHAMBERLAIN CENTER SCENE OF MEETING

Chamberlain Community met at the Center March 15 with a very good attendance. "42" was enjoyed by all.

All members are urged to be present for the next meeting April 5. This will be election of new officers for the coming year.

Hostess will be Mrs. Jess Ivey and Mrs. D. R. Lindley. Cake and fruit will be served. —Rep.

GOLDSTON QUILTING CLUB MEETING

Goldston Quilting Club met with Bonnie Davis March 21. Those present were Joy Roberson, Minnie Roberson, Irene Pritchard, Nora Helm, Connie Talley, Ola McBrayer, Blanche Gray, and we are glad to report Mrs. Vaughn as a new member. One quilt was quilted.

Refreshments of coffee, Kool-Ade and cookies were served by the hostess, Bonnie Davis. Our next meeting will be with Minnie Roberson at the Center on the afternoon of April 4. —Rep.

MARTIN QUILTING CLUB MEETING

The Martin Quilting Club met Thursday, March 21, at the Community Center with Hazel Eden as hostess. One quilt was quilted. Those present were Sallie Christie, Veda Elliott, Velma Hearn, Blanche Higgins, Oddie Moss, Edna Osburn, Elsie Sibley, Lois Stevenson, LaVern Thompson, Annie Waldrop, Margaret Waldrop, Rose Lee Watson, Lorene Helton and hostess.

Our next meeting will be Thursday, April 4, at the Center with Elsie Sibley as hostess. —Rep.

GOOD NEIGHBORS CLUB MEETING

The Good Neighbors Club met Friday, March 22nd, in the home of Rosa Bingham for a covered dish luncheon and an all day quilting.

Present were one visitor, Mrs. Edd Wheeler, and members, Della Barker, Eula Butler, Emma Davis, Maggie Easterling, Florence Harp, Blanche Gray, Bessie Helton, Nova Barker, Ruby Jordan, Carrah Mixon, Lida Warren, Alta Spradlin and the hostess, Rosa Bingham. Blanche Gray received a polyantha gift. One quilt was quilted.

Our next meeting will be April 12th in the home of Maggie Easterling. —Rep.

WITH SISTER IN FT. WORTH

Mrs. Glenn White is in Fort Worth to be with her sister, Mrs. R. E. Hilburn, who is critically ill. Mrs. Hilburn is also a sister of Jo McMurtry of Clarendon and has visited here on numerous occasions. Her son, Robert, is a Washington correspondent for the Star-Telegram.

The Clarendon Fire Department for the past few years has been answering an increasing number of Rural Fire Calls.

This is largely due to the soil bank land and the abundance of tall grass in our pastures. However, it is also noted from our records that the past three years we have had an increase in our Rural Dwelling Fires. Over all we are answering more rural fires than City Fires. This is true in most of our near by towns.

Last year we answered 9 fire calls in the City and 63 rural calls. So far this year we have answered 6 grass or trash fires and 2 dwelling fires in Clarendon. We have had 11 grass fires and 1 dwelling fire in the country.

The local Department is facing a problem which all our neighboring towns have faced. That is having the proper equipment that can give better service to the new and increasing problems of rural fires.

In looking over different trucks that our neighboring towns have recently bought we have selected a truck that is maneuverable and one that can carry an ample water supply. By getting a truck that can get around easily we can fight the fires more effectively.

In talking with a number of farmers and ranchers we have been given a lot of encouragement that truck can be purchased through their help.

If we are able to secure this truck it will surely take every ones' help before it becomes a reality. We definitely need this truck in order to cope with rural fires and in order to lengthen the life and use of our present equipment which wasn't designed for rural use.

We want to bring all the information that we can before each of the various rural communities. We want to visit with our farmer and rancher friends and if possible we would like to get the truck here in order for each to have an opportunity to see it in use.

Think this over and visit with any fireman. We will be glad to answer any question that pertains to this truck just as we are glad to help fight your fires when ever called upon.

A large grass fire was reported at 12:45 Monday on the Griffin and Bromley ranches. The local Fire Department answered the call. It was such a large fire and in rough terrain that special grass fire fighting equipment from McLean and Hedley was summoned to help. The cooperation of these three departments and that of other volunteers brought the fire under control in about 2 hours.

The Clarendon Fire Department wishes to thank the McLean and Hedley departments for help in this emergency. We all stand ready to help whenever an emergency arises.

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that came to us at the time of our recent bereavement.

The Family of Mrs. Mark C. Raney

I would like to thank the various fire departments and the volunteers who assisted in extinguishing the grass fire on my ranch Monday. Your efforts were sincerely appreciated.

Mrs. E. W. Bromley

We would like to thank each and everyone for their assistance in fighting our grass fire.

Mrs. Cathleen C. Griffin Craig Morris

Russian aircraft plants have promised to turn out next year 200,000 streamlined chrome-plated baby carriages.

FARM NEWS . . .
(Continued from Page 1.)

wheat acreage diverted to conservation use. It would maintain the farmer's income from wheat at the average of recent years. Marketing quota penalties would continue to apply to "excess" wheat.

The alternative program would provide no limits on production or marketing, and price support — only to growers who stay within their allotments — would be available at 50 percent of parity, about \$1.20 per bushel national average. It would result in increased wheat production and a sharp decrease in income for wheat growers.

It is most important that small wheat operators of 15 acres or less understand that only those operators who register their intention to participate in the 1964 wheat program will be eligible to vote in the referendum. The deadline for such registration will be set later, but it will be some time prior to the wheat vote.

Through the program for 1964 and following years, farms on which "excess" wheat was not subject to marketing quotas because of the 15 acre wheat exemption will get an allotment based on their average acreage for 1959, 1960 and 1961, but not in excess of 15 acres. If these operators participate in the wheat program, they will receive marketing certificates and price support just as larger producers do. They will also earn diversion payments.

Operators of such "small allotment" farms who do not wish to participate in the wheat program may — without penalty — plant an acreage of wheat based on their 1959, 1960 and 1961 average wheat acreage but not over 15 acres. However, growers on these farms will not be eligible for price support, wheat certificates, land-diversion payments, or to vote in the referendum.

Cub Scout News

One hundred and sixteen people attended the Monthly Pack Meeting of the Cub Scout. The opening was held by the boys presenting the colors, followed by the Pledge to the Flag and a prayer by Ass't. Cubmaster Rev. Paul Hancock. Den No. 1 presented a skit, "2000 A.D., the Robots," directed by Mrs. Eddie Floyd, Mrs. Joe Shadle and Pat Robertson. A film from the Amarillo Library, brought by Mr. Delbert Robertson, entitled "Flight of Friendship 7" was shown.

Awards were presented by Mr. Emmet O. Simmons to the boys. He is now our award chairman. All awards are turned into and presented by him.

The Honor Den Banner was presented by Ass't. Cubmaster Sid Pointer to Den No. 1 who had 41 present.

A Bobcat Induction Ceremony was held for the following new boys: Mickey Grady, Gale Baker, Rickey Page, Gary Brown, Tommy Shields, Mike Garrison and David Owens.

Mr. Dub Tyler, Pack Committee Chairman, made the closing announcements.

There is a District Training Session for all Cub Scout Den Mothers and Cub Leaders and Boy Scout Adult Leaders. This first session will be held tonight at the First Methodist Church in Wellington, starting time will be 7:30 p.m. The following two sessions will be April 4 and 11.

Guests through the week end in the home of Mr. and Mrs. Jack Owens and family were Mr. and Mrs. Roland Shields and children of Goldston, Mr. and Mrs. C. R. Briggs and Pete Winters of Amarillo, Mr. and Mrs. John White of Ashtola, Miss Ardelle Briggs of Lefors, Mr. and Mrs. Bill Wormsbaker of Alameda, Calif., Mr. and Mrs. J. C. Owens and grandson of Leoti, Kansas, and Mr. and Mrs. Richard Cannon of Clarendon.

J Lynn Jones, son of Mr. and Mrs. Harvey Jones, underwent an appendectomy at Odum Hospital in Memphis.

Call Mission Collect If Screwworm Found

Knowing immediately where every screwworm case in the Southwest is located has become so important to the eradication program that arrangements have been made so livestockmen can call the Mission headquarters collect when an infestation is detected.

County Agent Flip Breedlove says when a screwworm case is found, officials would like producers to do two things: (1) collect about 10 worms from the wound, place them in water or alcohol and hold for further instructions and (2) report the infestation to eradication officials by calling collect to Justice 5-1646 (Mission). No telephone call should be made unless a sample is available. Bottles for worms are available at Breedlove's office.

The following information should be available at the time the call is made:

- 1. Name
- 2. Address and telephone number where producer can be contacted
- 3. Date when sample was collected
- 4. Location of farm or ranch where case was found
- 5. Location of wound on animal

Producers are urged to call day or night, whenever the infestation is found. At night or on week ends, the information will be relayed to eradication officials, who will contact the producer for further information and instruct him to either mail the sample or hold it to be picked up by a livestock inspector.

From the information received, a determination can be made as to the action that is necessary. In many cases, a screwworm livestock inspector will be sent to the premises to pick up the sample and obtain additional information. If the sample is identified as a true screwworm, sterile flies will probably be dispersed in the area.

The key to the system, officials said, is that sample of worms be collected at the time the wound is detected. Without the sample, they won't know whether the infestation was from a screwworm or from some other maggot, similar in appearance and characteristics. Screwworm infestations are now at a minimum, the eradicator said, and through prompt reporting, action can be taken to prevent the infestation from mushrooming into a large scale outbreak.

HEDLEY NEWS

Mabel Bridges

Mrs. Anna Riddle and Mrs. Mary Hulsey of Amarillo spent the week end with the Walter McCrackens.

Mr. and Mrs. Don Carson and children of Borger spent the week end with the lady's parents, the Tom Tates.

Mr. and Mrs. Olin Suelson of Cears, Calif., are visiting their aunt, Miss Jessie Davis. They spent the week end in Amarillo with the Frank Davis family.

Mrs. W. I. Rains and Mabel Bridges visited Mrs. E. W. Bromley at her ranch Saturday afternoon. Mrs. Bromley is not

feeling too well.

We have been having quite a few grass fires due to high winds and dry weather. Hedley fire boys are to be commended. So far not too much damage has been done due to the quick work of the fire boys.

Mrs. Minnie Jennings of Trinidad, Colo., is visiting her brother, Mr. and Mrs. Herman Kirkpatrick.

Mrs. Malcolm Glass came home Tuesday from an Amarillo hospital. She is doing fine after surgery. She will return to Amarillo for special medical care Monday.

Mr. and Mrs. L. A. Wall returned home Monday after a two week visit in Hereford and Dumas with their children. C. T. Van Zandt of Wheeler

spent several days looking after his ranching interest here. Mrs. Ed Morton spent several days in Amarillo with her daughters.

Bob Kidd of Pueblo, Colo., visited his sister, Mrs. T. J. Cherry, Friday night.

Mr. and Mrs. Oscar Knowles, Mrs. H. C. McMan and Charles Dent of Lubbock and Mr. and Mrs. Sila Knowles of Borger visited their mother and grandmother, Mrs. Roy Darnell.

Mr. Rube Sargent spent last week at Spur visiting old friends. He says he enjoyed the visit very much.

Alfred Spaulding suffered a heart attack. He was carried to Goodall Hospital in Memphis. He is not doing too well. We wish him a speedy recovery.

Mrs. Bill Scales is a patient in Odom Hospital with flu. She was able to come home Sunday.

Mr. and Mrs. Cecil Hunnicutt and children of Amarillo spent the week end with the lady's parents, Mr. and Mrs. Carl Ried.

Mrs. Lucile Tremble passed away in Garland, Texas, Sunday in a hospital there after a long illness. Funeral and burial were in Strawn Tuesday.

Mrs. Tremble was a resident of Hedley a number of years. She and her late husband, L. P. Tremble, were in the dry goods business here. Mr. Tremble preceded her in death 12 days.

Their many Hedley friends extend deepest sympathy to her only sister, Mrs. Elizabeth Waugh of Strawn, and other relatives.

The new line was adopted by the Highway Department's Travel Division after scores of suggestions had been studied and re-studied.

By the same token the promotion campaign was built around findings gleaned from a nationwide survey.

The study asked prospective visitors what they would least expect to find in Texas. They stressed lakes and rivers, mountains, forests and greenery, beaches and water sports, tall buildings and a cultural atmosphere.

Taking its cue from the replies, the new brochure is filled with 76 full color pictures, most of them devoted to those features the state is not expected to possess yet which it offers in abundance. A case in point are numerous shots of water and water sports, emphasis not out of place since Texas has more inland water than any state except Alaska.

Care has been taken to give equal representation to all parts of the state. As a guide to the uninitiated, the brochure divides Texas into six regions with double page spreads devoted to each.

Another portion discusses the variety of attractions common to the entire state or to more than one region: historical shrines, fine foods, superb accommodations, metropolitan bustle, wide open spaces, international flavor, amusement parks and sports.

There is also a section dealing with hunting and fishing information, highway safety and the extensive tourist services provided by the Highway Department through its mail operation and its eight Tourist Bureaus.

Enclosing the 9 by 12 inch brochure.

SOIL CONSERVATION DISTRICT NEWS

Windbreaks

A windbreak is planting nar-

chure is a bright panoramic cover painted by a Texas artist. It contains several dozen of Texas' better-known attractions, all arranged in an imaginative tapestry woven about the "Today's Fun-tier" theme.

The new book, six months in preparation, will complement the existing "Texas" brochure which the Highway Department brought out in October, 1960. Since its introduction nearly 700,000 copies have been printed and distributed throughout the world.

Like the earlier book, the new publication will be sent on request to persons contemplating Texas visits. Although designed primarily for the out-of-state resident, Texans too are likely to find something new about their state from its pages.

"We have every confidence that tools such as this brochure and its companion pieces will help dispel the gross misconceptions many people have about Texas," said Greer. "And when they find we have something more to offer than desert wasteland, there is every likelihood our tourist industry will attain the stature we expect of it."

row belts of trees or shrubs for the purpose of protecting soil resources, control snow deposition prevent wind damage to farmsteads, to provide shelter for livestock, and food and shelter for wildlife. Windbreaks are applicable when they are adjacent to farmsteads where wind damage is likely to occur, and where rows of trees or shrubs will provide protection in pastures or grazing area for livestock shelter.

In site preparation formerly cropped land or grassland is to be planted to a windbreak, and where erosion is a hazard, a dead litter cover shall be established or a mulch applied, except where complete irrigation and tillage to control erosion is planned. The methods of planting should be as follows. Plant seedlings February through April. Plant only healthy, vigorous, well-rooted seedlings. After planting and the seedlings are established, keep the competing vegetation away from the young seedlings for the first growing season. Where wind erosion is a hazard, a cover crop should be planted for winter protection.

The windbreak should be well protected from livestock and fire in order to get it established. Replace seedlings as needed to insure an effective barrier. The Donley County Soil Conservation Service will provide any needed assistance on the planting of windbreaks.

State Releases New Travel Brochure

AUSTIN — Tourists unfamiliar with Texas are expected to get an eye-opening look at the state as the result of a colorful new travel brochure released today by the Texas Highway Department.

The 32-page booklet, "Texas—Today's Fun-tier," is one of several devices used by the State Highway Department to assist Texas in winning a fair share of the burgeoning national travel market.

"Texas realized \$471 million from tourism in 1962, an increase of \$31 million over 1961," explained D. C. Geer, state highway engineer. "But the potential is far greater."

"Before our state can command this potential, however, we must overcome some unfortunate misconceptions about Texas. This new brochure is dedicated to this end."

One of the most prevalent misunderstandings is that Texas is all a vast desert, arid and highly uninviting as a vacation land. The new brochure, coupled with the state's first series of travel posters and the holiday-oriented 1963 highway map, punctures this idea.

Together they emphasize Texas as a land of infinite variety with its riches in gaiety and excitement. The concept is embodied in the theme that yesterday's frontier has yielded to "today's fun-tier."

Services Held Tuesday For Lee Roy Shores

Lee Roy Shores, 84, died at 2:50 p.m. Sunday at Northwest Texas Hospital in Amarillo where he had been hospitalized for twelve days.

Funeral services were conducted at 3 p.m. Tuesday at the First Baptist Church in Claude, with Dr. J. H. Crawford, pastor of First Methodist Church in Plainview officiating, assisted by Rev. Clarence W. Garrison, pastor of First Baptist Church, Claude. Interment was in the Claude Cemetery under the direction of Murphy Funeral Home.

Mr. Shores was born in Illinois September 7, 1878. He married Clara King April 3, 1899, in Johnson County, Nebraska. She died May 19, 1958.

He moved to Ashtola in 1908 and to Goodnight in 1919 and moved to Claude in 1943 from

Goodnight. He was a retired farmer.

Mr. Shores was a member of the Goodnight Baptist Church. Survivors are one son, Alba Shores of Lefors; six daughters, Mrs. Eunice Morris of Amarillo, Mrs. D. S. McDowell of Lefors, Mrs. J. P. Matheson of Claude, Mrs. Paul Talley of Amarillo, Mrs. Howard A. Bailey of Franklin, Louisiana, and Mrs. F. B. Massie of Claude; one brother, Alvin H. Shores of Basin, Wyoming; eleven grandchildren and four great-grandchildren.

Pallbearers were Palmers A. Quarles of Amarillo; Davis Burrow and Mack Justiss, both of Claude; Ralph Justiss and C. M. Hudson, Jr., both of Goodnight; and Joe B. Roy of Borger.

Misses Edgar Mae and Mable Mongole visited in the J. L. Colville home in Pampa through the week end.

Mr. and Mrs. C. A. Pitts spent the week end in Roswell, N.M., where they visited their son, 2nd Lt. Donald Pitts.

SCHOOL CAFETERIA MENU

Week of April 1-5
 Monday: Hamburgers, cheese slices, lettuce, tomatoes, pickles, onions, potato chips, sliced peaches, cake, 1/2 pint milk.
 Tuesday: Baked ham, candied sweet potatoes, green peas, stewed apricots, hot rolls, butter, 1/2 pint milk.
 Wednesday: Turkey pie, creamed potatoes, green beans, enriched bread, fruit jello with cream, 1/2 pint milk.
 Thursday: Tamalies, chili beans, green salad, cornbread, butter, blue plums, 1/2 pint milk.
 Friday: Fish sticks, buttered potatoes, blackeyed peas, brown bread, cherry pie, 1/2 pint milk.

Mr. and Mrs. James Dean Howze and James Murray of Lubbock visited the week end in the home of Mr. and Mrs. J. H. Howze.

Leader local rate — \$3.06 a year

To The Voters City of Clarendon

A FEW FACTS WE FEEL YOU SHOULD CONSIDER WHEN YOU GO TO THE POLLS NEXT TUESDAY TO CAST YOUR VOTE FOR A MAYOR TO SERVE OUR LITTLE CITY.

C. J. (Jerry) Lohoefer has been a resident of Clarendon 14 years and has operated a business here the greater portion of that time. He has real estate property here which naturally would encourage him to promote the betterment of Clarendon and this area. He is young enough to serve the citizens of Clarendon, yet he is old enough to use good, sound judgement in the handling of City business affairs. He is vitally interested in the progress of Clarendon and is aware of the fact that it will take time and study to be able to reap the most good from the tax dollar and other revenue which is available. He has ample time and good, common business knowledge to devote to the job of Mayor. He is aware of the responsibilities of the office and the fact that it will take full cooperation of his office and that of the City Commissioners to render the best service to the residents of Clarendon.

When you go to the polls next Tuesday, we ask that you consider Jerry Lohoefer and his qualifications and cast your vote for him as your next Mayor.

The above paid for by interested taxpayers, City of Clarendon.

Mr. and Mrs. Van Knox visited Granddad, Mr. Albert Crain, and daughter, Nell Parks, of Panhandle Sunday p.m.; also Mr. and Mrs. Sam Stewart of Claude.

LEADER CLASSIFIEDS GET RESULTS

These are part of the band members who received honors at the annual banquet Saturday night. Left to right — standing, Bill Hutton, Janis Smith, Dolfia Vallance, Maudene Self; seated, Mike Stewart and Melissa Patterson.

Little League Senior Division Meeting Sun.

There will be a meeting at 4 p.m. Sunday afternoon at the ball park of the Clarendon Braves. The following boys are urged to be present if they want to play baseball this summer. There will be some practice games starting next month with the Angels. Come out now and earn a position on this team. All boys on this list, regardless of age or size will be given equal chance to play. Bring your gloves, stated Hubert Kidd, Mgr.

James Brackett, Pete Campbell, Dale Childs, Ray Fields, Lawrence Gardner, Larry Green, Phil Hart, Larry Helms, Henry Hermesmeier, Mike Horton, Joe Jaramillo, Don Johnson, Tildon Kirkpatrick, Dwayne Lamberson, Monte Land, Ronald Lowrie, Glenn Mann, Mike Mears, Ernest Moreland, Jessie McCrary, Jimmy McElroy, Max Osburn, Ray Pinkerton, Roland Renner, Jim Riley, Ronnie Sims, Mike

Sloan, Mike Spier, Mike Stewart, Joe Don Sursa, Richard Thornberry, Calvin West, Harry Williams and Robert Bell.

TO THE CITIZENS OF CLARENDON

Time will not permit me to see each of you personally before election day but I do want you to know I will sincerely appreciate your consideration on election day.

If elected, I assure you I will extend every effort for the betterment of our city and your cooperation will be most welcome. Your support and vote in my behalf for Mayor will be appreciated. I urge you to vote Tuesday, April 2nd. Sincerely,
 Major B. Hudson

Mrs. Eva Humphrey has returned home after spending the past three months with her son, Mr. and Mrs. Earl Humphrey, in California.

production done in charcoal of the Methodist Episcopal Church in 1878. The building was moved to Dalhart in 1902, and a Methodist Episcopal church organized there. Later it was enlarged and is known today as the Pine Street Methodist Church in Dalhart. The first minister was Mr. L. H. Carhart, and he is shown standing by his horse in front of the church in Larry's drawing.

This drawing was very good and was chosen over the others because it could easily be duplicated in stone, and the committee thought the subject matter quite appropriate for Donley County.

Other runner-ups in the contest were: 2nd, Farol Shelton, 3rd, Steve Allen, and 4th, J. Lamberth. These students all had very good drawings, and the committee wishes to thank them for their efforts too.

Larry Hicks is a Junior in Clarendon High School and is the son of Mr. and Mrs. Olace Hicks. His drawing will be reproduced in stone at the entrance of the theater in Palo Duro Canyon, and he will take part in the dedication ceremonies.

GIVE TO THE RED CROSS.

Did you ever see a kind, sweet and gentle rattlesnake? Well, I haven't... At least I have never seen one that I would want to trust. Just about every time I have seen one it was all coiled up and ready to strike...

To me, Mr. Khrushchev has many of the characteristics of a rattlesnake, and his capers in Cuba bear out our contentions. Yet, many of our leaders seem

to want to refer to him as a nice kind old rattler... Let's take a good look at his behavior in Cuba...

When faced with a big stick he agreed to remove his missile fangs out of Cuba... Some of our leaders complimented his actions and seemed to praise him for his backing up... Let's ask ourselves why was he there in the first place. Could we think for one minute that this smart old rattler was there by accident or tricked into being there.

He even began pulling out a few of his soldiers... Again we were so pleased with his kind and considerate disposition, or at least some of our leaders gave that impression. But why had he sneaked them in knowing that we once stood by our Monroe

Doctrine... Oh yes, he agreed to remove them. Six months has passed and some have gone home. But, they have stayed on long enough to train Mr. Castro's troops to do things their way. We remain patient and even complimentary at times of his slippery and snaky tactics.

No, not even by the stretch of one's imagination can one find an excuse for his being in Cuba, except to promote his plan to take over the Western Democracies in due time... When will we ever learn that like the Texas Rattlesnake he can not be trusted to be on our side, but can always be counted on to follow true to form and strike away at everything that gets in his way — everything that is an obstruction to his plan of world domination... Good Old Rattler, Pooh...

We couldn't find the time to make the trip all the way to Austin to see the Claude Girls play in the state tournament, but as a consolation trip we did get to go to the St. Patrick's Day Celebration in Shamrock. Our biggest thrill there each year is to meet again our old school

friends of yester-year... Congratulations both to the girls and to the officials at Shamrock for doing their very best at the job assigned to them...

Unless we want to be disappointed, we should never think too well of those who appear to be at the top of the ladder of life, nor should we think too little of those who seem to be at the bottom of life's heap...

The one tax cut that we can be sure of is the one that cuts a good sized chunk out of our income...

Worry is said to kill more people than work, but by the same token work kills more worry than it does people...

We will never appear well-dressed unless we wear a friendly expression on our face.

Our big opportunity in life may be only the result of taking the best advantage of all the little opportunities that come our way.

Home is said to be the place a man goes when he is tired of being nice to people.

Why can't the weighty problems of life all come when we are young enough that we think we know all the answers...

SOIL CONSERVATION DISTRICT NEWS

More than half the agricultural land of Texas is now under cooperative agreement with soil conservation districts, says H. N. Smith, State Conservationist, Soil Conservation Service of Temple. More than 180,000 farm and ranch operators have completed conservation plans for more than 20,000,000 acres. An additional 47,000 operators are in the process of completing their plan on another 26,000,000 acres according to reports from soil conservation districts over the State.

During 1962, 14,000 operators completed their plans for more than seven and one-half million (7,500,000) acres, continued Smith. In addition, more than 8,100 farmers and ranchers revised their conservation plans during the year to bring them up to date to include changes in land use and treatments.

The State head of the Soil Conservation Service said that a conservation plan is like a blueprint for a house to be built. It charts a sound and practical course of action for the operator and the agencies assisting the landowner to apply a conservation program on his land.

The objectives of farmers and ranchers in developing a plan for applying conservation on their land are well expressed in

a basic policy adopted by the National Association of Soil and Water Conservation Districts. Smith cited the policy in part:

"There is a need for a complete conservation plan for every farm and ranch in the nation to provide a conservation and land use program fitted to the resources of each operating unit. As a matter of good business, a farmer or rancher can do a better job of farming or ranching with a conservation plan than without one. Piecemeal and uncoordinated efforts cannot be fully effective. When each acre is protected according to its individual needs, the cost of production is reduced and per acre yields are normally increased."

Landowners and operators are assisted in developing complete conservation plans for their units with technical assistance from the Soil Conservation Service provided through their local soil conservation district. There are now 182 such districts in Texas, which include 98.7% of the land area of Texas, as reported by Arthur Leesch, Chairman of the State Soil Conservation Board.

When a farmer or rancher requests assistance from his district, a technician of the Soil Conservation Service goes over the unit with the operator. The soil, water, and plant resources are studied in detail, and the conservation problems and needs are analyzed. Alternative treatments are developed that would result in getting the needed protection and desired production on the land.

Information from all sources is considered in developing the alternatives. Research data of the Texas Experiment Stations and research foundations, and the experiences of the operator and his neighbors are used in developing possible solutions. Financial assistance available from various sources, such as the cost-sharing of the Agricultural Conservation Program and loans from the Farmers Home Administration are considered in the ways and means of applying the plan. Crop allotments are important in developing possible cropping systems.

Some of the soil conservation districts have equipment, seed, and other materials that may be made available for the conservation job. In the Great Plains area of 95 counties in the northwestern part of the State, cost-sharing assistance may be available for certain permanent-type practices through a contract arrangement with the Soil Conservation Service, stated Smith.

From the alternatives or possible solutions, the cooperators select those treatments that best fit their individual needs and resources. Decisions made by the operator are recorded into a conservation plan, which is the blueprint for doing the job. The cooperator signs an agreement with the local soil conservation district, which indicates his willingness to apply the plan with assistance from the district.

A conservation plan encompasses many things, Smith said. It considers increasing agricultural

income and efficiency through proper land use and treatment; protecting land against all forms of soil deterioration; rebuilding eroded and depleted soils, building up soil fertility; stabilizing critical runoff and sediment-producing areas; improving grasslands, woodlands, or wildlife lands; developing recreational areas; conserving water; proper agricultural drainage and irrigation where these are needed; and reducing floodwater and sediment damage.

Farmers and ranchers who have developed plans and are applying conservation programs on their land are dedicating themselves to the well-being and betterment of their family, community and nation. If we are to remain a strong and leading nation of the world, we must conserve our natural resources, concluded State Conservationist Smith.

Under the Joint resolution of Congress March 1, 1845, Texas may subdivide into four states.

CRUTCHFIELD TEXACO SERVICE

BOY CRUTCHFIELD, Owner PHONE 874-3982

36 days that proved Ford's total performance!

- RIVERSIDE, CAL. January 20**
In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-holding.
- MONTE CARLO January 23**
The '63 1/2 Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather, they placed 1st and 2nd in class. Besides this... one Sprint defeated every entrant in the Rallye's six special stages.
- PURE OIL TRIALS January 27**
In a competition designed to test all-around performance, Fords were overall winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.
- DAYTONA, FLA. February 24**
Daytona "500" history was made when '63 1/2 Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eyewitness proof that Ford's total performance design can endure the maximum in automotive punishment.

... and here are the 63 1/2's that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the results are important to you. On every slippery surface you need the kind of roadability that placed five Fords out front in

the Daytona "500." On every busy cross street—you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. The winning competition car is bound to be a great road car—and Ford is the big winner!

If it's Ford-built, it's built for performance... total performance

PALMER MOTOR COMPANY CLARENDON . . . TEXAS

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

THE PROPOSED WHEAT PROGRAM

Wheat growers in the Panhandle, and all across the nation, are studying provisions of the wheat program proposed for 1964, evaluating it so that they will be able to cast ballots in the coming wheat referendum. Agriculture Secretary Freeman is expected to set the election date soon. A May election is likely, giving farmers more time than in past years to make plans for the coming year. The decision is squarely up to the farmers.

Each wheat grower must ask himself: "What would be the consequences for the United

State and for me if the wheat referendum were approved or defeated?"

A favorable vote by two-thirds or more of the growers participating in the referendum would put this program in effect for the 1964 crops: A national marketing quota would be set at about 1.2 billion bushels, based on the national need for wheat. The national acreage allotment expected to be announced in several weeks will be approximately 49.5 million acres, and each wheat grower would have an allotment under the program. Producers with 15 acres or less would share in special "small farm allotments." Approximately 80 percent of normal production from allotted acres would receive farm marketing allocation — and for these allocations, whether marketed or placed under price support, growers would receive about \$2 per bushel. Wheat in excess of the marketing allocation would return to farmers about \$1.30 per bushel, either through the market or price support. According to the Agriculture Department, this price is close to the world price and to the feeding value of the wheat.

One phase of the proposed 1964 program is aimed at holding production to desirable levels by diverting wheat land to other uses. Diverted acreage would be in two categories: (1) mandatory diversion of about 10 percent of the 1963 allotment with payments at 30 percent of the support rate, and (2) voluntary diversion in addition up to 20 percent of the 1964 acreage allotment, with payments at 50 percent of the support rate. The diverted land could be put to conservation crops such as grass

or legumes; it might be fallowed; or it could be planted to crops designated by the Secretary of Agriculture as not being in surplus supply. A land use penalty would apply, however, if diverted acres were planted to crops not permitted by law.

Obviously, the adoption of this program means a continuation of rigid government control over American wheat production. Each wheat grower must decide for himself whether or not he believes his government should exercise these proposed controls. If more than one-third of wheat growers vote "no" in the referendum, these results may be expected: Wheat price supports would drop to 50 percent of parity, or about \$1.20 per bushel for growers who plant within their acreage allotment. The national acreage allotment would not be changed. Wheat growers who planted more than their allotments would not be eligible for price support loans, but there would be no penalties.

Agricultural economists from land grant colleges and universities who've studied the 1964 program say that the effect of a "no" vote in the referendum would be these: Growers could be expected to plant up to 70 million acres or more of wheat compared with 49 million acres planted in 1962; harvested acreage would be about 65 million acres compared with 43 million acres in 1962; and wheat production would total about 1.5 billion bushels; about 300 million bushels more than could be used at home or exported. Wheat prices would drop to a level based on wheat's value as livestock feed, probably about \$1.10 with a feed grains program in effect and about 90 cents with no feed grains program. At these price levels, feeding of wheat to livestock might increase to about 100 million bushels a year, causing additional sorghum grain, corn, and barley to be placed under government price support. The economists estimate that at these prices and quantities, total farm income from wheat would drop from \$2.3 billion in 1961-62 to about \$1.6 billion. On the international market, a "no" vote

might force the United States prices lower than minimum prices under the international wheat agreement, probably making necessary an expanded government role in controlling wheat exports.

Government programs involving wheat have three purposes: (1) To support wheat prices and farmers' income. (2) To export more wheat (despite the fact that every bushel of wheat exported involves a subsidy or some other payment by the government). (3) To hold down wheat production (an objective only partially achieved in past years). Each wheat grower participating in the referendum should form an opinion concerning these objectives and the part the proposed 1964 program would play in meeting them. If you'll drop me a card, I'll be happy to send you a copy of a four-page Agriculture Department publication explaining the program in more detail.

20/200 vision or less in the better eye with corrective glasses. That and an eye report signed by a physician are the only requirements. Anyone who is interested can get addresses, etc., from the library here.

It is hoped that you all will keep the March issue of your "Ladies Home Journal" for a reference book as another article in it is "Teen Age Marriage Craze." This writer says that more and more children even in Junior High School are going steady. Doesn't it strike you as ridiculous that children of twelve, give or take a year, are dating much less going steady. When this is allowed we are in-

deed robbing children of some thing pretty special, their right to be children.

Remember "The Plot to Abolish Childhood," in the June "Redbook"? It is still in the library and anyone is more than welcome to read and re-read it.

Of course going steady or early dating are not the only reason for so many teen-age marriages but in everything written about such marriages these are a way up high on the list. One of the tragic consequences is so many of these early marriages end in divorce.

Doctor Norman Q. Brill, from the psychiatry department at the University of California, in

a speech in Dallas, "The divorce rate between couples under 25 years of age is twice as high as between those over 25."

For those of us who have no children shrug and say, "So what," it might be well to point out that all of us are responsible for the happiness and well being of our little piece of the world and no country has ever succeeded where family life has broken down. So it would be well for each of us to not only read all we can find on the subject but do something about it. Since whether we like it or not this is everybody's business.

LIBRARY NOTES:

EDITH BARNES

Thank you members of the 1926 Book Club for your generous check! The library is most fortunate in having such good friends. New books for the children and teen-agers have already been ordered.

How many of you know that the Texas State Library furnishes braille books as well as talking books for the blind at no cost. They even pay the postage. For those who want the talking books and have no record player one is furnished free. The applicant must be legally blind, that is

In addition to the tremendous investment in equipment and regular customer service, West Texas Utilities spends another \$400,000 a year maintaining the vast complex of machinery to keep the power flowing. Here you see the hood being pulled from giant turbine.

\$400,000 a year to keep the power flowing

Workmen replace blading veins which become eroded due to high-pressure steam flow. Highly skilled technicians are on call night and day. The moment trouble starts, their work begins. Much of the equipment is repaired on a regular maintenance schedule, before trouble appears.

The repaired unit is lowered back into its bearings by huge cranes, and the alignment minutely inspected before the bolts are secured — just one of the countless jobs performed regularly by West Texas Utilities' maintenance crew to assure you an uninterrupted flow of electrical power.

Ready to go! In the generating room at Oak Creek plant, the gigantic turbine does its job to generate power for West Texas Utilities customers in the vast West Texas area. Because the flow of electrical power is so dependable, you can enjoy living better electrically.
