The Christmas Season is near. To some it means happiness and joy; others sadness and disappointments. Many families will not be permitted to be together at Christmas. No matter what the season means to each individual, it is Christ's Birthday. Why not find peace and good will in our hearts by rededicating ourselves to live more Christ-like each day. May the true Christmas spirit be with each of you at this Holiday Season.

The thoughts you tuck in with it
Can make it ten feet tall!

Give of yourself this Christmas
And God will surely bless

THE FACULTY

We, the faculty, would like to express our appreciation to the student body for their splendid cooperation on "dress-up" day which was Wednesday. We just wish that every person in our community could have been in our school Wednesday to have seen our fine looking young adults. They always look nice, but when all the students wear "dress-up" clothes at the same time, they really shine! Dress-up Day coincided with the visit of the band from McMurry College. Mr. Bynum and his band members were certainly favorably impressed with the appearance and conduct of our students. We want to congratulate our students on the nice compliments they warranted and received. We are proud of our fine student body.

PLAN SHOPPING IN ADVANCE
COLLEGE STATION — With Christmas now only days away, the shopping list grows longer with essential items for the holiday.
The food shopping list also becomes more important, as homemakers consider the extra ingredients needed for holiday baking, dinners and parties. It can save both time and money to prepare an adequate shopping list before visiting the supermarket, reminds Mrs. Gwendolyn Clyatt.
Supplies of high quality eggs continue plentiful this week, a fortunate situation for Christmas baking and other uses, says the Extension consumer marketing

specialist.
There are attractive price tags on cuts in both the pork and beef sections of the market. Boston butts, pork shoulder roasts and chops, sausage and bacon are a good choice. Other featured items are beef steaks, chuck and rib roasts, ground beef and stew meat.
Poultry meats — turkeys, fryers and chicken hens — continue at the same attractive levels as last week.
Apples continue as top quality fruit choices, and cranberries and avocados are in good supply.
Among best vegetable choices this week are mustard greens, cabbage, cauliflower, carrots, celery, eggplant, turnips and greens.
Motto of the state of Georgia is "Wisdom, Justice, Moderation."

Dishwasher's Eyes

Buy her a portable electric dishwasher for Christmas. There's no installation and it comes on rollers for convenience of moving. Later on, if you wish it can be permanently installed.

With an automatic dishwasher your lovely wife can relax after dinner over a second cup of coffee instead of jumping up to face a hot steamy sink full of dirty dishes and harsh detergent. Besides all this men, face it... a soggy dishtowel is no substitute for the sports page or your favorite TV program, and an automatic dishwasher doesn't drop a dish.

OVER THE COKE

For Christmas!
—by Lucille Cooper

Ann Weatherly wants a doll for a toy.

With all these boys and she wants a toy!

Claire Matlock wants a soggy snowball fight.

Mollie Floyd and Susan Cox have already had one, right!

Lucille Cooper wants to snow ski. She'll probably come back with a tree.

John David West wants to go home.

Where he used to roam.

The Engineer Drawing class wants blocks.

So they won't have to use a box. The choir wants the quietest of noise.

So don't give them any noisy toys. The teachers want a long rest.

But how can they when they have to make test.

The students wouldn't mind.

If the test would slip their mind. The boys want more student girls. So at dances they can have more whirls.

The girls don't want any more. Heck, what for.

Everyone wants to forget school. Some have already made it their rule.

When everyone returns, They should be willing to learn.

The students of CJC, Want to wish the administration and faculty,

A very Merry Christmas, And a New Year that will be prosperous.

STAFF TO TAKE HOLIDAY

This will be the last article for

1963 and we will return to this spot on January 9th. So have a safe holiday and drive carefully.

GLEN RIDDLE, PA., ROCK-DALE HERALD: "Henry Ford was a restless, ambitious man — unwilling to be satisfied with the 'status quo'. As a result, he didn't do the things we'd consider normal. He didn't ask for subsidies

or research funds from the government. Instead he worked hard, for very long hours, looking for ways to improve upon the 'status quo'. And as a result of his restless ambition, he discovered a way to put one of America's most precious luxuries within reach of every American family (the automobile)."

column we will have made a very poorly prepared talk to the Lefors Lions Club Ladies Night... There is no way that we can keep them from being disappointed. Folks read after Uncle Zeb for a long time and finally decide that he must surely talk better than he can write. They invite him over and then are almost bound to be let down...

Speaking of the above talk—my foot doctor, James C. Meade, has promised to send me a brand new nice clean funny joke all special for the occasion. Some folks say that jokes of this classification just don't exist. We shall see. Dr. Meade makes quite a few

talks and we are thankful for his borrowed joke.

On the subject of jokes for speakers my good friend Tomie Potts of Memphis told me a couple the other day at the Rolling Plains Registered Bull Sale at Clarendon. But before I agree to use them I want to try out with a couple just a bit on the safer side. Thanks Tomie, just the same. They were funny, especially at a bull sale...

Someone has said that a Conservative is a fellow too cowardly to fight, and too fat to run...

Going to court usually means losing a cow for the sake of a cat.

The way of the world is to praise dead saints and persecute the live ones...

When winter snow covers the ground, And we rest from our summer labors. 'Tis then our lawn looks just as good, As that of our hard working neighbors.

We wrote the above while thinking about what Uncle Fid used to tell his neighbors when they were knocking themselves out trying to win the summer battle with weeds; "Just let them alone for awhile and the frost will kill them all."

The fellow who never picks up the check could be said to have an impediment in his reach.

The girl who swears she has never been kissed, might really

have something to swear about.

A fine is said to be something which we have to pay for doing wrong, a tax is what we have to pay for doing all right.

We owe it to ourself to become a success, after that we owe it to the tax collector.

What Mother Nature is so generous in giving us, before we dream of such a thing Father Time is taking it away...

An auction sale is a place where we can get something for nothing. Once another person and myself spoke across the ring

while a high priced bull was being sold. Their bid for \$500.00 was taken...

Jupiter is the largest of the planets.

Princeton University's mascot is a tiger.

MRS. WILLIAM CHAMBERLAIN

Lane-Chamberlain Vows Solemnized In Turkey Church

The wedding of Miss Brenda Lane, daughter of Mr. and Mrs. Bill Lane of Turkey, and William Chamberlain, son of Mr. and Mrs. Will Chamberlain of Clarendon, took place recently in the Church of Christ in Turkey in a 10:00 a.m. ceremony.

Officiating minister at the double ring service was Jack Hutton, Turkey Church of Christ minister. Traditional wedding music was presented and Jake Lacy, soloist, sang "The Lord's Prayer."

The kneeling bench at the altar was topped with an orchid bow with candle. White baskets graced each side with arrangements of

orchid and white mums with orchid bows.

Given in marriage by her father, the bride wore a floor length gown of Chantilly lace and satin peau de soie. Her shoulder length veil of illusion fell from a white crown. The bouquet of white orchids and lily of the valley was carried atop a white Bible covered with Chantilly lace and satin.

The traditional something old was a pearl necklace; the new, her dress; a borrowed veil; a blue garter and a penny in her shoe.

Honor attendant was Miss Wanda Barnhill, a friend of the bride. She wore a dress of orchid crystal peau de soie, copied from the bride's gown.

The bridesmaids, Jeanette Lane of Turkey, a cousin of the bride, and Betsy Chamberlain of Clarendon, sister of the groom, were

dressed identically. They wore orchid pillbox hats and carried bouquets of orchid and white carnations.

Flower girls were Suzanne Lane, sister of the bride, and Susan Sperry of Idalou, cousin of the bride. They wore white polyester and cotton trimmed dresses with nylon net and orchid sash. They wore matching pillbox hats and carried baskets of orchid mum petals. The ring bearer was Scott Lee Davis of Amarillo, cousin of the bride.

Best man was Ted Shaller of McLean, a friend of the groom. Ushers were brothers of the bride, Billy Don Lane and Jerry Lane. Groomsman were Wondall Luttrell of Clarendon, a friend of the groom, and Mike Chamberlain of Turkey, cousin of the groom.

The mother of the bride wore an exotic blue sheath with an orchid corsage, and the groom's mother wore an olive green suit with a white orchid. The wedding dress, mother's dress and flower girls' dresses were all designed and made by the bride's mother.

Following the ceremony a reception was held in the home of Mr. and Mrs. Euman Lyles.

The bride's table was covered with a white lace cloth over orchid with the bridal bouquet centering the arrangement. The three-tiered wedding cake was topped with a miniature bride and groom.

Miss Gale Lane, cousin of the bride, was in charge of the guest book. Two aunts of the bride, Deborah McKay and Renee McKay of Quitaque, served.

The bride's going away attire was a pink and white wool suit. She wore a cultured pearl necklace, a gift from the groom. Her accessories were the orchid from the bridal bouquet, black patent shoes and purse.

Following a short wedding trip to Clovis, New Mexico, the couple are at home in the Brice community where the groom is employed by the estate of Mrs. W. J. Lewis.

The bride is a graduate of Turkey High School and is employed at Lyles Insurance in Turkey where she will continue to work. The groom is a graduate of Clarendon High School.

SELLING A HOUSE IS THE BIGGEST FINANCIAL TRANSACTION FACED BY THE AVERAGE FAMILY, NEXT TO BUYING A NEW HOME.

When the time comes to sell, the two most important considerations will be to sell it quickly and at the best possible price. Home economists suggest that home owners consider these points that can help to do both: Best time to sell, how to get the best price, how to determine the price, professional selling vs. self-selling, selecting a realtor, and the prospective buyer.

Holiday Travelers Should Use Caution

The Texas Highway Patrol investigated four accidents on rural highways in Donley County during the month of November, according to Sergeant J. W. Wilson Highway Patrol Supervisor of this area.

These wrecks accounted for an estimated property damage of \$2,085.00.

The rural traffic accident summary for this county from January through November shows a total of 23 accidents resulting in one person killed, 15 persons injured and an estimated property damage of \$23,433.00.

The veteran patrol supervisor announced that every effort will be put forth, including a rigid enforcement program, to try and stem the tide of traffic deaths during the holiday season. We find ourselves confronted with the alarming fact that the past five year average indicates some 238 persons will be killed in traffic crashes in Texas this December. During the month of December for the past five years there has been 1191 traffic deaths. Of this number, 432 or 36% occurred during the holiday season. The sergeant stated, "It is almost certain that the death toll in traffic in Texas for 1963 will be the greatest on record, exceeding the all time record of 2611 in 1956."

The sergeant gave some tips for driving during the holiday season: 1. Know and obey all traffic laws, 2. Do not drive after drinking, and 3. Plan your trip so as to have rest periods about every 100 miles to combat fatigue. By complying with these tips, it will help you to arrive at your destination alive.

May I take this means of thanking all who remembered me with flowers, visits, cards, and other kindnesses while I was in the hospital for surgery and during my convalescence. Your thoughtfulness is sincerely appreciated. Mrs. H. T. Warner

We wish to thank all of you who extended kindness and assistance during Mr. Lumpkin's illness and stay in the hospital and for the many expressions of sympathy in the loss of our loved one. Your thoughtfulness will always be remembered and cherished. May God bless each of you. Mrs. F. H. Lumpkin, Jim Lumpkin, Mrs. May L. Prewitt

We are sincerely grateful to friends and neighbors for their many kind acts of sympathy during our sad bereavement. Our appreciation cannot be adequately expressed. The Family of J. D. Brandon

hospital into a "Little Capitol." Now the Governor is "officing" in the Mansion, across the street from the big state-government complex. His staff is working out of his business office in the Capitol.

People around the Statehouse say that Connally seems to enjoy working under stress. The month he came into office, he was forced to undergo a hernia operation. He ran the executive department from a hospital room then, too, and later from the Mansion.

It will be six months before doctors know for sure whether Connally will regain full use of his bullet-shattered right arm. It must remain in a heavy cast for 90 days.

He will be unable to see visitors for several weeks.

SMITH PRAISES JOHNSON—In commenting on Governor Connally's return to Austin Lt. Gov. Preston Smith said "...in our grief, we can be thankful for

two things: The life of our own governor was spared, and our new president is probably the one man in the country who could have taken hold of the reins of our national government so quickly and firmly."

Smith said he had been assured that President Johnson "will respect the rights and responsibilities of state and local government." He added, "This is a favorable situation in Texas and other states where states' rights are still valued."

WATER-FUN HEARINGS SET—Governor Connally's Study Committee on Water Recreation has set public hearings in four parts of the state.

They will be held in Abilene on February 3; Dallas, February 4; Houston, February 10; and San Antonio, February 11.

Vice-Chairman John Babcock, research and development supervisor for the Lower Colorado River Authority said, "Nine men sitting around a table can't really know what the people want, so we want to hear from the people of Texas." He said sportsmen's groups, as well as private citizens, are invited to testify.

At present about 100 local water authorities — municipalities, water districts and river authorities — have jurisdiction over reservoirs in Texas of 5,000 acre feet or more, but lack legal authority to prescribe water recreation facilities.

Nine state agencies and nine federal agencies play some part in water recreation programming, but there is no central plan. Many have policies which conflict with those of cooperating agencies.

Babcock said, "The Governor's committee will endeavor to pull all efforts into the uniform state plan which can be operated by state agencies." Minnesota has incorporated all efforts under one agency, and the U.S. Congress is making a move in this direction on the federal level.

SULPHUR RIVER APPOINTMENTS — At the suggestion of the Texas Water Commission, Governor Connally reappointed Lynn Chapman of Sulphur Springs to the Sulphur River Conservation and Reclamation District, and named five new members.

They are Dr. Gaza Janes of Cooper, Fennell Johnson of Cooper, Truett Peek of Commerce, Jack Coker of Naples and R. J. Miesch of Clarksville.

GAS-RATE HEARING POSTPONED — Five cities near Port Arthur, which have turned down Southern Union Gas Company's request for a rate hike, won a postponement of the hearing of the gas firm's appeal to the Railroad Commission.

Hearing ran for three days. Then attorneys for the cities of Port Neches, Groves, Lakeview, Nederland and Pear Ridge complained they had not received copies of Southern Union's appeal exhibits in time to question witnesses about them.

Hearings will resume on January 7.

All five cities refused the request to raise gas rates approximately 10 percent. When the request was made last year, Port Arthur and Griffing Park agreed. They instituted a monthly hike of about 19 cents per minimum bill. If the Railroad Commission instructs the other five to approve an increase, the cities may have to absorb the cost of the appeal. Then gas customers will pay about 29 cents more per monthly minimum.

HISTORICAL NOTE — When the State School Land Board looked over the list of goodfaith claimants at its meeting this week, it noted that one man who claimed 9.59 acres of mesquite-dotted rangeland in Zavala County is the grandson of the man who served as Land Commissioner more than a century ago.

He is Murray G. Smyth, Jr.

whose grandfather, George William Smyth, was Land Commissioner from 1848 to 1852.

Board also noted that their assessors set the value of the Zavala County land, and other land in that area, at about \$30 an acre, whereas goodfaith claims on land in rich-soil Houston County was set at \$69.50 an acre.

PADRE ISLAND DEED — The red-leather-and-velvet bound parchment deed which conveyed title from Texas to the United States on 90,000 acres of state-owned, submerged land surrounding Padre Island National Seashore Park is on display in the Texas State Library building in Austin.

Land Commissioner Jerry Sadler presented this copy to the State Library and an identical copy to the National Archives in Washington, D.C.

NEWS CENTER — Austin will become a world news center now that a Central Texan has become president.

When the Lyndon Johnsons come home to the LBJ Ranch near Stonewall, Austin will be the news center for the White House correspondents who accompany the President wherever he goes.

Telephone company workmen are beefing up lines to the Johnson Ranch to handle the crush of communications which follows the President.

WATER POLLUTION STUDIED — A congressional subcommittee conducted a two-day hearing on Texas water pollution problems.

Governor Connally, in a written statement, told the subcommittee the state has an active pollution control program in which it has help of all units of government, industry and public groups. There is ample room for federal research on the problem "so that we may be helped to help ourselves," Connally said.

Texas Manufacturers Association and Texas Mid-Continent Oil and Gas Association spokesmen emphasized existing industry programs to protect streams and water supplies against pollution.

BANK APPLICATIONS — State Banking Board has agreed to rule January 19 on applications for two Midland bank charters, Texas Bank and Trust and First State Bank.

A charter was granted for

Howe State Bank in Grayson County.

Applications were denied for Security Bank and Trust Company of Canyon, City Bank and Trust Company and Pan American Bank and Trust Company, both of San Antonio.

SHORT SNORTS — Texas business activity increased four percent for October on the University of Texas Bureau of Business Research index.

The Attorney General advised the Texas Water Commission that all its proposed rules and regulations must be published in a newspaper of general circulation in each of the three water divisions defined by state law.

Nearly 1500 telephones in state agencies have been switched over to a new "Centrex" system

consolidating 31 separate switchboards and permitting direct dialing among the agencies.

John McLeod of Jasper, president of the County Superintendents Association of Texas, named a committee to work on legislative proposals to create a unit of school administration between local schools and the State Board of Education. Proposed unit would replace the office of county school superintendent.

AUSTIN — Gov. John Connally is "back home" in Austin, after a 13-day stay in Parkland Hospital in Dallas. He has had what he termed "amazing" recovery from critical wounds inflicted by President John Kennedy's assassin.

As everyone knows, the governor didn't spend much time being purely a patient. Within a few days he had converted the

Feed Grain Program For 1964

The 1964 Feed Grain Program is basically the same as the 1963 program. The base acreages will still be based on the years 1959 and 1960. However, the normal yields will be based on the years 1959 through 1962. Notices of your base acreage, normal yields and payment rates will be mailed as soon as possible. You will have 15 days from the date of such notice to appeal and prove your yield. Proven yields will consist of the four years 1959 through 1962. The signup date will be February 10 through March 27, 1964. The minimum diversion will still be 20 percent of the feed grain base, and the maximum will be 50 percent of the base. If you choose to divert 40 percent or more the diversion payment will be based on the additional rate for all the acres diverted. No diverted acre payment can exceed 20 percent of the value of the land.

Commodity loans may be obtained through January 31, 1964. Loans on wheat and grain sorghum will mature March 31, 1964. We would like to take this opportunity to wish you a MERRY CHRISTMAS and a HAPPY AND PROSPEROUS NEW YEAR.

A Christmas Letter From Germany Sent To Homefolks

A Christmas card and letter were received at the Leader office Monday of this week from Ted and Marilyn Swindle. Marilyn will be remembered here as the former Marilyn Ayers, daughter of Mr. and Mrs. C. C. Ayers. Ted Swindle, her husband, is serving as a Specialist 4th Class with the U.S. Army in West Berlin, Germany, and they are making their home there at present.

We share with you their letter: "Hello Everyone at Home: "From 6,000 miles away this letter comes home to express our heartfelt wishes to all for a very Merry Christmas and a joyous New Year. The past year and a half for us have been both exciting and rewarding in that worldwide crisis has blended with daily demands so that each moment has made us better citizens and Americans for our experiences. But here at this time, this crisp, cold season when hearts are warm with friendship even within the walls of this great and courageous city, divided free from slave by a heinous barrier of stone and barbed wire, we hold in our memories of those who are at home and of home itself the strength and conviction that our job and purpose is right."

Our hardships, though quite real to us now, are for us short lived, and because we will be home next summer, we feel the season's passing as a milestone in our stay.

"It is our intent, however, to bridge the distance between us and everyone at home with this letter and to express our season's greeting from the Outpost of Freedom, Berlin, Germany."

Ted and Marilyn Swindle Wildpfad 5, Berlin-Dahlem Berlin, Germany"

Mr. and Mrs. Walker Jones of Lampasas and Mr. and Mrs. M. W. Hatley visited Sunday with Mr. and Mrs. J. D. Jones.
