Beef Cattle Association Plans Sale Of 82 Registered Bulls December 4

Eighty-two head of top registered bulls are now entered in the Rolling Plains fifth annual bull sale. The sale will be held on the 4th of December at the Fair Grounds in Clarendon. Auctioneer Walter Britten will start the bulls through the sale ring at 12:30 p.m. sharp. Flip Breedlove, County Agent and Secretary-Manager of the bull sale, says that most of the bulls are ready for service and will feature top blood lines and some good herd bull prospects as well as some top beef producing bulls for the commercial breeder.

The registered breeder and the commercial breeder will both be interested in this sale says Bill Bradley, the president of the association. Mr. Bradley calls your attention to the consignors of the different breeds as listed below and you will know that only top bulls will be in the sale. There will be 10 Angus bulls, 54 Hereford bulls, and 18 Galloway bulls. Consignors by breeds are:

Angus Division — Geo. Saunders of McLean; T. W. McAnear of Clarendon; Buford Holland of Hedley; G. C. Brinson of Hedley; Roger Stone of Clarendon; and Caprock Angus Farms of Memphis.

Hereford Division — Clyde Magee of McLean; Alex Born & Sons of Follett; Walter Camp of Wellington; J. W. Lindley of Lakeview; Tommie Potts of Memphis; T. G. Millican of Panhandle; Fred Watt of Hedley; Robert Newton of Lark; Wayne Maddon of Miami; Gene Floyd of Hedley; Bill G. Thornberry of Clarendon; Castleberry Bros. of Clarendon; E. L. Sitter of McLean; James R. Ross of Quail; Howard Gault & Son of Hereford; Wilson W. Boyd of McLean; 3 Cookes Cattle Co. of Quail; and Fred W. Bourland of Quail.

Galloway Division — P. C. Hale of Cloverdale, California; Philip Finch of Clarendon; Roger Finch of Clarendon; Richard Finch of Clarendon; Prosperous Valley Farms of Greenville, N.M.; Hugh Castleberry of Alanreed; H. A. Green & Cap Morris of Clarendon; Bernie Green of Clarendon; and Larry Green of Clarendon.

The new sales arena is all heated and will be comfortable in any kind of weather. Regardless of the weather you will be warm and comfortable all during the sale. Free coffee will be served all during the sale by the Farmers State Bank of Clarendon.

Mr. Bradley says that the judging of the bulls will be on the 3rd of December and they will be classified for sales order. The judging will be at two p.m. on the third. Everyone is invited to attend the judging as well as the sale on the 4th of December. Remember the sale date and time and we are sure you can find a good bull that will fit your needs and help you in the improvement of your beef cattle herd.

Sheriff Reports Very Quiet Halloween

Sheriff Truett Behrens reports the best Halloween ever during his tenure as Sheriff of Donley County.

Sheriff Behrens stated that he wished to join local citizens in commending the youth on their exceptionally good conduct on Halloween night. Our young folks had lots of fun in spite of the blowing rain and we appreciate the fact that they limited their activities to good clean fun instead of a destructive manner.

Mr. and Mrs. Auford Jay and Mrs. J. L. Allison visited Sunday with Mr. and Mrs. Clifford Allison at McLean.

Services Today For Miss Eula Haley

Funeral services have been set for 4:30 p.m. today for Miss Eula Haley at the First Baptist Church with Rev. W. R. Lawrence, pastor, officiating.

Miss Haley, 94, died Tuesday afternoon in the Groom Memorial Hospital. She was born July 4, 1869, in Alabama. At the age of one she moved with her family to Collin County. She moved to Donley County in 1912 and had lived here since that time with a nephew, Dudley Wilson and a niece, Mrs. Frances Smith. She was a member of the First Baptist Church and was active in church work and community activities until only a few years ago.

Survivors include a nephew, Dudley Wilson of Clarendon; six nieces, Mrs. Frances Smith, Clarendon, Mrs. C. L. Wilson, Canyon, Mrs. Lucille Davis, Dalhart, Mrs. Claudine Green, Arizona, and Miss Thyra Haley of Amarillo; two sister-in-laws, Mrs. Sallie Haley, Clarendon and Mrs. W. T. Haley, Canyon.

Palbearers will be Bruce Riley, Alvin Hicks, H. L. Riley, Pete Riley, Glenn Williams, and Ed Dishman.

Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Services Held Monday For W. L. Landers

Funeral services for William Lee Landers, 86, were held Monday afternoon in the Blackburn-Shaw Memorial Chapel with the Rev. Noel Thompson, associate pastor of Polk Street Methodist Church, officiating. Mr. Landers died Friday night in an Amarillo hospital following a lengthy illness. Burial was in Liano Cemetery, Amarillo.

Mr. Landers, a retired farmer-rancher, was born Feb. 23, 1877, in Brazos County. He was a resident of Donley County 27 years prior to moving to Amarillo 13 years ago. He was a member of Polk Street Methodist Church, Amarillo. He was a cowboy on the XIT ranch from 1899 to 1904.

Survivors include his wife, Helen Cornelia Landers, of Amarillo; a daughter, Mrs. Bill Dooley of Amarillo; two sons, Alvin Landers of Clarendon and Mike Landers of Boise, Idaho; a sister, Mrs. Wren Ringer of Lampasas; three brothers, John Landers and Jim Landers, both of Lampasas; and Narrell Landers of Roscoe; two grandchildren and three great-grandchildren.

Palbearers were Homer Reeves, A. E. Nickles, Ivan Stokes, Carl Periman, W. E. Clifford and Bill Greene.

Water Development Board To Hear Water Authority Application

The Texas Water Development Board has agreed to take the Greenbelt Municipal and Industrial Water Authority's application for a loan to finance the dam, filtration plant and pipeline, it was announced last week by Dr. S. H. Townsend, president. Dr. Townsend and Sen. Andy Rogers of Childress, Bill Lowe of Clarendon and Roland Walden of Quanah met with members of the Development Board in Austin last Wednesday. "This does not mean that we have secured the money but that the board has agreed to take the application," Dr. Townsend said.

The total loan will be for around \$10,000,000 for the water supply and the state will be asked to participate in the cost of water storage. "Our application will be the first under which the state will be asked to participate in the storage of water for future use and not all of the rules under which the Development Board will operate have been made," Dr. Townsend said.

Also it is necessary that engineers for the Greenbelt present more information to both the Water Development Board and Texas Water Commission, which must recommend the application to the Development Board.

W. Carroll Knorr, local director of the Authority, reported Monday that a check had been received in the amount of \$50,264.53 which is advance planning money for engineer expense, etc. "Engineers planned to start this week on figuring costs of the pipeline," Dr. Townsend said. "Preliminary work was done several months ago. We are to meet with lawyers of the landowners on which the lake will be located this week in an effort to work out a reasonable price," he added.

The lake, which will average 30 feet in depth and be one of the deepest in the state, will cover nearly 4,500 acres. It is estimated that it will be necessary to buy around 10 sections of land for the lake and damsite.

"Once again I am sure that the residents in the cities of the Greenbelt are wondering why something is not being done," Dr. Townsend said. "It might not show but something is being done and as fast as it can be done."

Date when the application of the Greenbelt Authority will be made has not been set but is expected within the next two months, Dr. Townsend concluded.

D. C. MOROCCO

Missionary Rally To Be Held At Assembly Of God Church

The Assembly of God Church has announced a special Missionary Rally to be held Wednesday and Thursday, November 13-14. Services will be held twice daily, 10 a.m. and 7:30 p.m.

Guest speaker, D. C. Morocco, Assembly of God missionary to India, will sing in the Indian language and you will hear some of his experiences in the mission field. Rev. Morocco is an Indian himself and has been a missionary to his people for the past several years. He has also served as a missionary in Korea.

Assisting Rev. Morocco will be Rev. and Mrs. Jimmy Beggs, appointed Assembly of God Missionaries to Tanganyika, Africa. The Beggs will leave for their new post in May of 1964. They were formerly pastors in Morton, Texas.

Everyone of all denominations is cordially invited and urged to attend these special services, and learn first-hand of the great tasks and sacrifices our missionaries face as well as what they are doing in foreign lands.

Keys Moves Barber Shop Location

Ralph Keys Barber Shop was moved the first of the week to the building first door north of the Mulkey Theatre from the Clifford Building where the business had been located for a long number of years. The move was necessitated due to an expansion and remodeling project by the W. E. Clifford Grocery.

Plans Completed For Best Ex-Student Reunion Ever

Plans have been completed for the annual ex-student reunion. The reunion this year promises to be the best ever. The Clarendon Bronco-Memphis Cyclone football game will get the ball rolling Friday evening, November 15, and as all of you exes know the game is always a hard fought battle. Game time will be 7:30 p.m.

Registration will begin at 9:30 a.m. Saturday morning, November 16, in the new high school. Coffee will be served, visiting enjoyed, and class meetings held. Details will be available at the registration desk. Registration will continue until 3 p.m. when a business meeting will be held. Fee for registration is 50c.

A banquet will be held in the cafeteria at 7 p.m. Advance tickets are \$1.25 per person or \$1.50 at the door. Following the banquet there will be a dance at the Legion Hall. Tickets will be \$1 per person advance or \$1.25 at the door.

Honor classes this year will be those of 1919, 1929, 1939, 1949, and 1959. Members of these classes will be recognized at the banquet and may register free. Free baby sitting has been arranged.

There will be a Kappa Tea and Style Show in the home of Mrs. Glenn Wallace at 1 p.m. Saturday afternoon, November 16.

Ex-students still have time to order advance tickets. Write or contact Basil Smith or Genella Eads, Clarendon, Texas.

Santa Claus Has A ZIP Code Number

Everyone else has a ZIP Code Number, so why shouldn't Santa Claus. This year the young people may address their letters to Santa Claus at the following address:

SANTA CLAUS
NORTH POLE 97071

These letters should be mailed no later than December 10th to allow enough time for Santa to write a reply before Christmas. The writer must include their ZIP Code Number in their return address, and make sure the return address is clearly legible. Keep in mind the Clarendon ZIP Code Number is 79226. Each letter written to Santa at the above address WILL BE ANSWERED.

Amendment Election Saturday, November 9

Texas voters will go to the polls this Saturday, November 9th, to vote on four amendments to the Constitution of Texas. In general, the vote is expected to be light, but all qualified voters especially concerned about the abolishment of the poll tax should make a special effort to go vote Saturday.

All voting places in the county will be open for this election and the two voting places in Clarendon will be the Youth Canteen and the County Court House. Voting hours will be from 8 a.m. until 7 p.m.

Absentee voting has been light with a total of six absentee ballots being cast up until Tuesday afternoon.

There has been some confusion in regard to how to vote for keeping the poll tax. If you want the poll tax to remain as is, then scratch the portion which says "For."

The four constitutional amendments will be concerned with:

Proposition No. 1: Repeal of the poll tax as a requirement for voting.

Proposition No. 2: Concerns the elimination of residence requirements and allows more expenditures from state funds for needy aged, blind, children and disabled persons.

Proposition No. 3 would authorize retirement funds in political subdivisions within Jefferson County.

Proposition No. 4 would increase the Veterans Land Fund by \$150,000,000 increasing the rate and extending the life of the program.

A Sample Ballot will be found in this issue of the Leader on page 4.

J. H. Howze Reires After 45 Years Service

J. H. Howze, local agent for the Fort Worth & Denver Railway Co., retired October 29th after completing 45 years service with the organization.

Mr. Howze started out with the Fort Worth & Denver in 1918 at Dalhart, Texas, while still attending school. He filled assignments at Dalhart and Lubbock prior to moving to Clarendon in 1933 where he has been stationed since.

LOCAL LADY JOINS WTSU HONOR SOCIETIES

Mrs. Billie Jean Moore of Clarendon was initiated into Alpha Chi, National Honorary Society, last Sunday at West Texas State University. She was also informed that she had met the requirements to become a member of Iota Theta Chapter of Kappa Delta Pi, national honor society in Education. Initiation will be held Thursday evening, November 21. Mrs. Moore is a senior student at the University where she is majoring in secondary education in the fields of English and Speech. She will be a candidate for the Bachelor of Science degree in the spring. Students must maintain a 2.2 grade point average to be eligible for membership in these two honorary societies.

HOSPITAL NOTES

Patients as of Wed., Nov. 6: Beverly Edgett, Mrs. Frank Hommel and Cap Morris.

Dismissals: Donna Hill, Mrs. A. B. Johnson, W. W. Raney, Mrs. Janis Ruth and J. W. Sullivan.

The Clarendon Bronchos will take to the road again Friday night to tangle with the Skyrockets at Wellington at 7:30 p.m. This is the last game away from home on the Broncho schedule and also the next to last game of the season. The final contest will be played here next week against the Memphis Cyclones.

Coach Jack James stated that he was well pleased with the way the Bronchos played last week against Lefors and is optimistic in predicting that they can beat the Skyrockets if they play as well Friday night. The Bronchos showed well on defense as well as offense last Friday night and even though the Rockets are big and post a good record for the season, the Bronchos have the ability to take them down a notch Friday night, James added.

Coach James is changing up his backfield some this Friday night with Longan running in the full-back slot, Richard Bell at right half, Graham at left half and Mooring at the quarterback position.

His probable starting lineup for the line will be Dennis Stewart and Lester Welch or McCord, ends; Douglas Bradshaw and Larry Gray, guards; Ronnie McAnear and Steve Shelton, tackles; and Kenneth Price at center.

Funeral Services For Mary Sue Rhoades Held Monday

Miss Mary Sue Rhoades, age 22 years, daughter of Mr. and Mrs. Hubert Rhoades of Ashtola, passed away in the Adair Hospital in Clarendon, Saturday, November 2, at 8:00 p.m. after an illness of three weeks.

Mary Sue was born in Amarillo, Texas, September 13, 1941, and had lived her entire life in the Ashtola Community.

Surviving are her parents; her grandparents, Mr. and Mrs. J. M. Graham of Ashtola and Mrs. Austin Rhoades of Borger; also several aunts and uncles.

Last rites were held Monday, November 4, at 2:30 p.m. in the First Methodist Church of Clarendon with Rev. J. V. Patterson, pastor, officiating. Interment was in the Citizens Cemetery with arrangements under the direction of the Murphy Funeral Home.

Palbearers were Slaton Mahaffey, John White, J. R. Brandon, Grady Henson, Warren Hardin and Vance Gray.

Services Today For W. W. McDowell, Jr.

Funeral services will be held this afternoon (Thursday) at 2 p.m. in the Goodnight Baptist Church for William Walter McDowell, Jr., with Rev. O. C. Edwards and Rev. Dan Beltz officiating. Burial will be in the Goodnight Cemetery with the Murphy Funeral Home in charge of arrangements.

Mr. McDowell, 55, construction worker, died of an apparent heart attack Tuesday afternoon while working near Cladde. He had been a resident of Goodnight since 1911 until three years ago when he moved to Cladde. He was a member of the Goodnight Baptist Church.

Survivors include two sisters, Mrs. W. R. Clack of Borger and Mrs. John Crain of Austin; and one brother, Joe W. McDowell of McLean.

Palbearers will be Steve Donaid, Judge Davis, Terrell Christian, Dan Thornberry, Bob Ashworth and Richard Morris.

Postmaster's Corner

It isn't too early to start trying to avoid the Christmas rush. The Postal Department has forecast the heaviest volume of mail ever. The period November 1 to November 20 has been designated for the mailing of Christmas parcels by surface transportation to members of our Armed Forces overseas. For airmail parcels the period is December 1 to December 10. Greeting cards for the Armed Forces overseas should be mailed within the periods designated for parcels if they are to have a reasonable expectation of delivery prior to Christmas.

Special attention should be given to the wrapping of packages, both domestic and overseas. All articles should be packed in boxes of wood, metal, solid fiberboard, or strong double faced corrugated fiberboard. All fiberboard boxes should be securely wrapped in heavy paper which

materially strengthens the package. Each box should be securely tied with strong cord. Unless completely packed and tightly filled, boxes are likely to be crushed. Sufficient cushioning material should be used to prevent any rattling or loosening of articles within the package. A slip showing list of contents and addressee should be enclosed in the parcel. Address must be legible, complete, and should be prepared by typewriter or pen and ink. Gift parcels for distant states should be mailed before or during the week of December 2nd-7th to insure delivery before Christmas. Greeting cards should be mailed not later than December 10 for distant states and for local delivery not later than December 15th. There will be no delivery of Christmas cards or letters other than special delivery on Christmas Day.

I want to urge everyone to use the addressee ZIP Code Number when known. This is also a good time to advise your once a year correspondents of your own ZIP Code Number. I also want to point out the advantage of Spe-

cial Delivery and Special Handling Service. Special Handling Service on mail provides speedier transmission between post offices. Special Handling is transported and handled in transit along with first class and other preferential mail. Special Delivery articles will be delivered on Christmas Day or on the day of arrival up to the limits of the local night time delivery times. For late mailers of gift parcels and greeting cards during the week immediately preceding Christmas, airmail may be your solution for delivery by Christmas. Business and personal mail will still take priority over greeting cards.

Patrons are invited to take note of special notices that will be posted under the letter drops in the Post Office. Before too long the trains will start running behind schedule as usual this time of the year; consequently, it would be well to check your mail box again later in the day. If mail is allowed to accumulate, especially in the small boxes, it is difficult for the clerks to work the boxes with any degree of speed.

day, November 2. The opening session was held in the Lovett Memorial Library downtown Pampa. Dr. Sarah Law Kennerly, Professor of Library Science, North Texas State University, gave the title address, "Library Co-operation," following a short business meeting.

The afternoon luncheon session was held in the Coronado Inn. Sister Jane Marie, President of the state Texas Library Association, and Head of the Library Science School, Our Lady of the Lake College, was the main speaker.

The meeting was attended by librarians from school, public, college and special libraries throughout the Panhandle and South Plains area.

OVER THE COKE

Roses to the Student Government for the great Halloween party at the canteen... Special "thanks" to the Jaycees for sharing in the decorations... Party afterthought: How did Danny Ray and John Cearley keep their heads in those punks? ... Sadie Hawkins Day is November 15th... go to it girls the odds are with you... Just think mid-semester tests next week, back to the midnight oil...

MEET THE FACULTY

The college has a new Dean this year, but a familiar face having completed his public and junior college schooling here at Clarendon. Mr. Weldon Day went on to West Texas State University and the University of California at Los Angeles. After serving five years in the United States Air Force he returned to Clarendon teaching mathematics in the high school and the college. He and his wife, Pat, from Hedley have two children, Debra, five and David, two years old. Aside from a lot of hard work he finds time for his hobbies, coin collecting and woodworking along with an interest in fishing. Mr. Day is a member of the First Baptist Church where he teaches in the Youth Department, and the Lions Club. —Claire Matlock, Editor

LOCAL RESIDENTS AMONG TEXAS A&M STUDENTS

COLLEGE STATION — Four Texas A&M University students are listed as residents of Donley County, a newly-released report of Registrar H. L. Heaton indicates.

Among the more than 8,100 Texas Aggies enrolled for the Fall Semester are residents of 244 counties of Texas, 44 other states plus the District of Columbia and 48 countries around the world. There are a record 356 foreign students enrolled.

The registrar's report lists the following students from Donley County:

David Eugene Moreman, James E. Robinson, Carl Mack Talley, and Frank Bob White.

PARK VISITATION UP 2.7 PERCENT

AUSTIN — Texas' 46 state parks logged a 2.7 percent gain in visitors during the 1962-1963 fiscal year according to J. Weldon Watson, executive director, Parks and Wildlife Department.

Most of the visitors were Texans, however 112,932 of the 2,362,211 automobiles checked in the parks were of out-of-state registration.

Top park in number of visitors was McKenzie, near Lubbock, with 1,891,334, closely followed by Garner with 1,047,156 and Huntsville with 614,335.

Garner Park was first in campers with 172,683 followed by Huntsville with 93,310 and Inks Lake with 38,811. Other parks with more than 25,000 campers for the twelve month period were Lake Brownwood, Palo Duro Canyon, Possum Kingdom and Tyler.

"Our last year's parks attendance of 7,291,062 set an all time high," said Watson. "It's indicative of what we can expect in the future and challenges all Texans with our need to move forward with a well-planned park development and improvement program."

CLAYTON, N.M., LEADER:

"The bureaucrats and their politician 'Boy Fridays', are increasingly resentful, and almost invariably present a 'who dare to criticize Caesar?' attitude when confronted with the growing groundswell of unfavorable public opinion resulting from their usurping powers never intended under the American constitution. Any individual or organization who sticks a thorn in the sensitive hide of the usurpers is subjected to ridicule or implied association with political action groups, and if these fail his or her character is assailed. Objections to their omnipotence could only originate from extremists, ultra-rightists or the 'lunatic fringe'."

BLOWIN' OUT THE CORNERS

The other night my wife was reading from some publication and came across this gem; "I thought I had the world by the

tail and a downhill pull, and turned loose to grab the moon, and wound up without anything." So often this very thing happens to us. Just when the goose is hanging high and in modern day English "We have it made," this can really be the dangerous time in our life. In the Bible we find it stated something like the following: "Let him that thinketh he standeth take heed lest he fall."

Along with Harold and Sybil

Cobb we enjoyed the Foliage Tour to Lake Marvin and the Canadian, Texas, area. It was beautiful, but the folks along the Wheeler, Shamrock, and McLean countryside could well do some bragging, too. Then, we took a side trip to McClellan Lake and found the foliage there simply gorgeous. There can be no beauty to equal that of Mother Nature at her best.

The squabble over the sale of wheat to Russia will certainly last over into the 1964 elections. Those who oppose point out that the subsidy alone would be equal to a fifteen dollar tax on each and every Texan. It's a hard one to figure out. There is no doubt but that in filling in their needs we are lending aid and comfort to the success of their plan. On the other hand, if we don't sell to them, either some of our friends will or innocent people will go hungry. We can remember that Russia has never paid us the World War II debts or

even returned our merchant ships which we loaned them. Japan sent our scrap iron back in bullets. But, to refuse the selling of food does seem a bit different. We sort of get going in circles when we try to reason the thing out. There are worse things to argue over.

When we were young the days seemed long. As we searched for something to get into. Now that the days go by with a rush, it's the nights that are hard to get through.

How long the days seemed when we were too small to go along with the men folks to the field. The minutes seemed like hours as we would sit by the front gate looking down the road for adventure. Fancy pipe dreams for the future would help some as we would help the sagging front gate to sag further by swinging back and forth for hours. Then, finally we could go to the cotton patch and the hours seemed even longer as we looked at the world from between two cotton rows.

Now it seems that the months go by like days. We hardly get one set of bills paid until another arrives. Even tax-paying time surely must come twice every year.

and tide waits on no man."

Our regular contributor to this column from Florida sends in a collection of thoughts on the subject of Time. Some are old and others new but all show that down through the ages time passes too swiftly for all men. We quote from the past.

"Man that is born of woman is of few days and full of trouble." Job 14-1.

In response to an appeal from delegates representing the four counties, the Highway Commission last December had authorized the Highway Department to begin advance planning aimed at upgrading U.S. 287 to expressway standards through Hardeman, Childress, Hall and Donley counties.

By March, Hall County officials announced their county was ready to finance its share of right of way costs on the project. The Highway Commission im-

mediately authorized split-the-cost agreement right of way.

Early this month it announced that right of way had been secured. Today Chairman Herbert C. Childress, Hall and Donley counties.

NEW CHEVELLE!

BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen show up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertible sport coupes, sedans, wagons, even Super Sport mode with front bucket seats. Like the fact that (and see this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price.

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

AUSTIN — A Houston federal court's order wiping out present State congressional district lines and directing all Texas congress-

men to run at-large until the legislature redistricts on the basis of population alone is on appeal to the U.S. Supreme Court.

Atty. Gen. Waggoner Carr's request for a stay of the Houston judges' decision pending final disposition of the appeal was granted by Supreme Court Justice Hugo Black.

Gov. John Connally conceded that the present line-up is unfair, with districts ranging from 213,000 to 960,000 population. But he argued that it's the responsibility of the legislature, not the federal courts. He felt that the action by the Republican majority on the court was politically planned.

GOP members filed the lawsuit attacking the population imbalance among districts.

The Governor pledged to fight the order to the last legal ditch. He termed it "ridiculous" and unprecedented. Connally stated he would call no special session on redistricting "until all other avenues of action are closed." He felt it would be a waste of their time and \$400,000 in tax money.

His belief was that such a complicated measure could not be worked out in 30 days, especially since there have been no decisions of the U.S. Supreme Court to show what, if any, rules will

be placed on Congressional redistricting.

A Georgia case will be argued in November. This may provide guidelines.

Connally believes that once the filing deadline has passed in February the Supreme Court will not interfere with the 1964 elections.

Top ranking Republicans found the Governor's tough words "shocking."

State AFL-CIO President Hank Brown said "complete and total anarchy" is going to be the result of failure to redistrict before the February 3 filing deadline.

The Governor drew blasts of criticism from major cities, which are under-represented in Congress. But there was approval from rural areas. They will lose strength in Congress when the districts are re-adjusted to be more equal in size, population-wise.

THE COURTS SPEAK — Aside from congressional redistricting, the courts had plenty to say last week. State Supreme Court held that the City of Haskell can spend municipal tax money to fight building of a dam by the North Central Texas Municipal Water Authority. Its decision upheld a Court of Civil Appeals finding but overruled

the trial court verdict for the Authority.

The city considered the proposed dam on Miller Creek would be detrimental to its water supply. Cities in the Authority's territory are Seymour, Knox City, Munday, Goree, Haskell, Rule and Rochester.

Third Court of Civil Appeals agreed with Travis County District Court that the State's 1961 dedicated reserve natural gas tax is unconstitutional and prohibited by the U.S. Constitution's "commerce clause." Tennessee Gas Transmission Company and Panhandle Eastern Pipe Line Company contested the tax.

WILDLIFE COMPROMISE — Parks and Wildlife Commission compromised on applications for free shell-dredging access to oyster reefs in Trinity and Galveston bays. It permitted dredging within 300 feet of live oyster reefs, as opposed to the usual 1,500-foot distance. But it denied dredging near five major reefs on one bird island.

Commission said in a statement, "It is reliably estimated that these revisions in regulations will make available up to two years' supply of shell to relieve current emergency needs."

Then it ordered a widespread study of shell and aggregate re-

sources which contribute \$1,500,000 a year or 25% of the department's income. It concluded that without this important revenue the Commission, in all probability, would be forced to substantially increase fishing and hunting license fees."

FEEL RICHER? — Texans incomes were at an all-time high in 1962 at \$20,360,000,000, reports the U. S. Department of Commerce. This was 4.4% above 1961. It means that 4.6% of the dollars earned by all Americans belonged to Texans.

But when the massive figures are put into averages, Texans fall back. Texas ranks third in population, but sixth in total personal income. New York's \$50,990,000,000 and California's \$49,180,000,000 means that people in those states have higher average incomes than Texans.

However, back in 1929 the total personal income of Texans was \$2,700,000,000. Now it's nearly 10 times as much.

SLANT-HOLE OIL WELLS — Roy D. Payne, field supervisor for the Railroad Commission, now reports that there are 900 oil wells shut down in the giant East Texas Field, and about 300 of them have been found to be deviated.

Payne estimated that thou-

sands of barrels of oil from deviated wells is in storage. He said operators are being given the choice of putting it back into the reservoir, or giving it free to the county from which it came for use on roads.

WATER RECREATION — Governor Connally's committee charged with working out plans for full recreational use of Texas lakes plans to meet the third Monday of each month.

Committee headed by Marvin Watson, chairman of the Northeast Texas Municipal Water District, asked the Texas Water Commission to make a recreation survey of all Texas lakes. But it would be such a mammoth undertaking the commission's liaison man, Lewis Seward, demurred.

However, the State Water Development Board already has stated it will take recreational potential in account when voting on loans for community water projects.

State Highway Department has just authorized construction of 29 more boat-ramp projects, in addition to the 56 now built or programmed. Each ramp project includes a parking area, access road, incinerator, signs and landscaping.

AMARILLO ART LEAGUE PRESENTS PROGRAM FOR LES BEAUX ARTS CLUB

Miss Mable Mongole, vice-president of Les Beaux Arts Club, called the meeting to order Friday afternoon, November 1, at which time the Amarillo Art League presented a guest day program.

Mrs. O. J. Swan did chalk paintings while Mrs. Carney Wyrick, president of the Art League, accompanied her at the piano. Mrs. Swan used ultraviolet and radiation chalk with fluorescent lighting on her paintings. The themes of her drawings were "Friendship of Life," and "Let The Lower Lights Be Burning." Mrs. O. M. Spurlock of Panhandle answered questions on finishing antique furniture.

Miss Mongole reminded all members to please bring their Christmas gifts for the Wichita Falls Mental Hospital to her home, 802 S. Carhart, by November 30th. Please don't forget the unfortunate children, women, and men.

Guests from Amarillo were Mrs. Crump, Mrs. Swan, Mrs. Wyrick, and Mrs. Spurlock of Panhandle. Fifty guests and members were present.—Rep.

CHAMBERLAIN MEETS AT COMMUNITY CENTER

The Chamberlain Community met Saturday night, November 2, 1963, for their annual Bingo Party meeting. We had a real nice crowd in attendance. Sandwiches, chips, cookies and coffee were served all during the evening by the ladies of the community as hostesses.

We deeply appreciate all the visitors who came and helped us enjoy the party and made it a happy and lively affair, also made it a profitable one.

The Community made approximately \$250.00 to add to the building fund. The president, Richard Dingler, in behalf of the Community wishes to thank all the merchants, businessmen, and both the banks for their donations that made our party a success.

The next meeting will be Friday night, November 15. Everyone is invited to come and have Thanksgiving dinner with us and enjoy fellowship together. The Community members will host this occasion with turkey, dressing and the trimmings. Don't forget the date as this is the last reminder before our meeting: November 15 at 7:00 p.m. You'll come! —Rep.

SIX PLentiful FOODS LISTED FOR NOVEMBER

COLLEGE STATION — November, 1963, finds Texas grocery markets and food trade channels brimful of good things to eat, reports the Texas Agricultural Extension Service.

It has been another banner year on our farms. Packers, processors, transporters and handlers have been busy preparing the farm produce to your liking. They have it readily available for your kitchen and table.

Six popular fall foods are particularly abundant, this Thanksgiving Month. They make up the U.S. Department of Agriculture's official list of plentiful because supplies actually exceed our normal needs, as determined by USDA's Agricultural Marketing Service.

Turkeys and cranberries, naturally enough, are featured on the list.

IN FAVOR—Inspired by the French schoolgirl smock is the model coat of pale blue cotton denim. Smocked across the yoke, it sports jumbo patch pockets and can be worn belted or flowing free. Sprigged cotton adds a soft touch to the Peter Pan collar and long sleeves of this Swirl design.

Apples, grapes, potatoes and Maine sardines also will be plentiful all month. So look for lots of these typical fall foods, at modest cost. Serve them often.

The marketable supply of turkeys, many from this area, is expected to be about the same as last year's large crop. A cranberry harvest of 1,317,600 barrels is the third-largest of record.

Apple production forecast at 122.2 million bushels is higher than average. California's grape crop of 620,000 tons compares to 578,000 tons in 1962. Fall production of potatoes, estimated at 190.3 million hundredweight, is almost equal to last year's huge harvest and well above average. And current inventories of Maine sardines, the small ones, is almost 50 percent more than what is considered normal for this time of year.

Visitors in the Van Knox home Sunday were Mr. John A. Simmons, Mrs. Frank Henderson, Mr. and Mrs. J. C. Henderson and son, all of Dimmitt.

HEDLEY NEWS

Mabel Bridges

James Evans is recovering from an operation of last week. He is in Room 256, Northwest Texas Hospital at Amarillo.

The Hedley Post of the American Legion will hold open house for all veterans Monday, Nov. 11th, starting at 11 a.m.

L. Petty is reported in good condition after an operation at Amarillo last Friday. He is in Room 443, St. Anthony's Hospital.

The Hedley Lions Club had 61 present at their Ladies' Night Halloween Party last week.

There is a crew from Freeze and Nichols Engineering firm surveying the route from the dam site of the Greenbelt Dam into Hedley now. The large water storage tower will be located in the east part of town.

Supt. Kenneth Sams attended the State TSTA meeting at Fort Worth recently. He was the Donley County delegate.

Sympathy is extended to Mrs. R. A. Shaw and family in the death of her mother, Mrs. Nancy James, of Electra.

Several from Hedley attended funeral services for C. C. Carter and Mrs. Cap Morris in Clarendon last week.

Mr. and Mrs. Collier Heater and J. W. of Dumas spent a week end with the lady's father and brother, the Fred Watts.

Mrs. Anna Riddle of Amarillo spent a week end with her parents, the Walker McCrackens.

Tom Tate is still hospitalized. He suffered another heart attack Thursday morning. We wish him a speedy recovery.

Mr. and Mrs. Alfred Spaulding spent several days last week in Amarillo where Alfred received special medical care.

Mr. and Mrs. J. M. Baker were recent visitors in Perryton.

Howard Tims returned to his home in Chickasha, Okla., after a visit with his aunt, Mrs. Mae Sims.

Mrs. Joe Miller spent Friday in Canyon with her daughter and family, the Welshs.

Pete Newman of Memphis was in town Saturday visiting friends.

Mr. and Mrs. Lesley Long of Los Angeles, Calif., visited Mr. and Mrs. Johnny Long Monday and Mrs. W. I. Rains and Ike. They worked with the Rains in 1915 before going into the Navy in 1917. He is retired. He and Mrs. Long have been on a vacation tour since May.

Mrs. Wood attended graduation of the nurses of Northwest Texas Hospital. Her daughter-in-law, Mrs. Jo Wayne Wood, received her diploma as a RN.

Mrs. Alfred Spaulding received word Monday that her aunt had passed away in Waco. She attended the funeral Wednesday.

Mrs. Lois Moffitt visited Mr. and Mrs. Arch Wood in Vashti Sunday.

REGION ONE NEWS NOTES

SAN ANGELO — Farm Pond owners would do well indeed if they matched the San Angelo Hatchery's fish production of 440 pounds of channel catfish per surface acre and 300 pounds of black bass per surface acre during the summer growing season. Catfish fry were fed chopped meat scraps daily during their growth period and as the baby fish approached 4 inches in length, 200 pounds of meat scraps a day were required to sustain them. Bass fry were not fed directly, but rearing ponds were fertilized with commercial fertilizer every 15 days to stimulate plant, insect and plankton growth on which the bass eagerly fed.

Parks and Wildlife Department fishery crews plan to stock 200 miles of irrigation drainage canals around El Paso this month to improve fishing in this sunny corner of Texas. Several thousand large fingerling catfish will help control high rough fish populations now present in the drainage canals in addition to providing fishing sport for El Paso citizens.

Drouth conditions have dried up, or drastically reduced, many farm ponds and small lakes throughout Texas this year and fish hatcheries have produced more fish than Texas could use. Since there is a small surplus of hatchery fish (both in State and Federal hatcheries), public waters in the Trans-Pecos can expect additional stocking. Care

will be taken not to overstock lakes and streams and cause stunting of game fish already present. Balmorhea, Toya Creek, Imperial and Redbluff are Trans-Pecos lakes to receive fingerlings.

Goose hunters on the High Plains should have better shooting than last year, particularly around Buffalo Lake near Canyon, Texas. Hunting areas on private property around the National Waterfowl Refuge on Buffalo Lake will offer better shooting opportunities since frequent rainfall has forced lake water outward toward the Refuge boundaries in closer proximity to bordering hunting areas. Geese should leave the Refuge to feed at lower altitudes, affording hunters better shooting.

Sportsmen should be warned about the serious threat of fire this fall since most of West Texas has experienced unusually dry weather. Game Wardens throughout Region I are cautioning everyone about the danger of range fires, particularly in the high and lower plains areas.

Mrs. Dollie D. Bain left Friday for Denver, Colo., where she will visit her son and wife, Mr. and Mrs. Bob Spencer.

Week end guests in the home of Mr. and Mrs. J. R. Brandon were Mr. and Mrs. J. D. Brandon and W. D. Brandon of Plainview, also Mrs. Ada Demere of Merkel, Texas.

HOSPITAL FUNDS APPROVED

— State Board of Health has approved \$11,200,000 in applications for federal Hill-Burton hospital aid funds on 21 projects. Grants usually finance half the construction cost.

Allocations include: Leon County Hospital, Buffalo, \$160,000; Lee Memorial Hospital, Giddings, \$100,000; Community Hospital, Luling, \$295,000; Huth Memorial Hospital, Yoakum, \$250,000; Sabine Area Home for Older Adults, Carthage, \$225,000.

Grants totaling \$1,000,000 or more each were awarded hospitals in Houston, Corpus Christi, Fort Worth and El Paso.

The Water Pollution Control division of the Health Department found that the U.S. Congress had voted \$340,000 more than earlier announced for community sewage treatment plant projects. It is finding funds for several projects in addition to the 38 originally requested.

TALK OIL PROBLEMS —

Representatives of five independent oil associations have asked Governor Connally to examine the "serious condition" of the Texas crude oil producing business. They pointed out that other States have formed economic study groups for this purpose.

Represented in the talks with Connally were Texas Independent Producers and Royalty Owners Association, Panhandle Producers Association, Permian Basin Petroleum Association and organizations from West Central and North Central Texas.

'FISH-TO-MARKET' ROAD

— Increased requests to the State Highway Commission for "farm-to-market-type" roads, connecting towns with reservoirs, caused Highway Chairman Herb Petry, Jr., of Carrizo Springs to jokingly suggest a new road classification, "Fish-to-Market roads."

Latest on the list of lake builders is Brady, Texas. It will lose an old mail and school-bus route just west of town when recently-completed Brady Lake is filled. The town wants \$200,000 to build a new road around the lake and over the dam.

SHORT SNORTS — Governor Connally appointed Gene Lehmann of Kerrville to the Upper Guadalupe River Authority; John Thompson of Beaumont to the Governor's Statewide Water Recreation Study Committee; Donald G. Austin of Chappell Hill and Charles A. Guy of Lubbock to the Texas Commission on Alcoholism. This past week Governor Connally dedicated the new Owens-Corning Fiberglass Corporation plant in Waxahachie; visited Boys Ranch at Old Tascosa dedicated a historical marker at Panhandle on the Carson County Court House lawn; spoke at a dinner honoring him in Amarillo and at a Lubbock Chamber of Commerce meeting. Republican State Chairman Peter O'Donnell, Jr., announced that the GOP has a new state public relations director, John Knaggs, formerly with United Press International's Capitol Bureau. State Rep. Olen Petty of Levelland is the fourth member to resign from the 58th Legislature. Others include former Reps. Bob Hughes and Bob Johnson of Dallas and Rep. Jack Ritter of Austin. Rep. Dick Cory of Victoria is the new chairman of the Gulf States Marine Fisheries Commission. Governor Connally has proclaimed November 3-9 as Texas Public Employees Week. Large undeveloped ground-water resources are available in Refugio County, Texas Water Commission reports. Architects and newsmen will work together at an unusual conference on "the press and growth cities" at the University of Texas November 10-13.

House Speaker Byron Tunnell and Lt. Gov. Preston Smith are scheduled speakers at the 11th annual meeting of Texas Research League here Friday (Nov. 1). Texas State Bar is distributing a "bill of responsibilities," a what-to-do list for those interested in performing the duties of good citizenship.

SHORT SNORTS — Shipment by the State Library of Braille books and "Talking Books" for blind people reached all-time highs in September, according to Dr. Dorman H. Winfrey, State Librarian.

Bureau of Business Research statisticians are conducting a detailed study of seasonally-adjusted indexes of Texas business activity, with an eye to determining whether the 30-month upward climb on the business barometer has run its course.

The Railroad Commission ordered oil field brine pits in Stephens, Shackelford, Eastland and Callahan counties be abandoned by March 1.

Lee Thomas was promoted to general counsel of Texas Employment Commission to succeed C. M. Turlington of Marshall, who resigned.

Texas aeronautics Commission's 14th annual "Fly-A-Thon" covered a 34-city and 3,000-mile tour of the state.

State Highway Department is offering a free 16-page calendar of 448 events that are scheduled for Texas towns during the fall and winter months.

Mrs. Winnie Wester and Rick-ey of Canyon visited Saturday afternoon in the home of Mr. and Mrs. C. W. Martin.

Executive Vice President Lee Shield of the American Life Convention warns, "Slavery can be the lot of any people who drift far enough down the road of government-in-business. When government combines economic power with a vast political power, it has the means of telling us where we will work, where we will live, and what we will say and do."

Before work could begin on the present granite Capitol in Austin, Texas, the Legislature set aside three million acres of land, located in the Texas Panhandle, to finance it.

THE NEWSPAPERS OF TEXAS HAVE HELPED YOU KEEP FREEDOM IN YOUR FUTURE

For years, the great newspapers of Texas have given your government free space in which to advertise U. S. Savings Bonds. You have seen the ads. Lately, their message has been Keep Freedom in Your Future with U. S. Savings Bonds.

These ads have sold an impressive number of bonds in Texas. And they have helped, and are now helping, your government defend freedom at a moment in history when freedom urgently needs defending.

"THE NEWSPAPERS OF TEXAS have earned the gratitude of the people of this State," says Ed Gossett, Chairman of the Texas Savings Bonds Committee.

"When you buy U. S. Savings Bonds, you serve well the cause of liberty. You enable your country to build up her defenses without doing damage to her economy. The space occupied by the ads that pointed out these important truths was donated to your government — and that means to you — by the newspapers of Texas. We are grateful, and we think you will be too."

INTRODUCING THE DEPENDABLES FOR '64

We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500. You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Silt-to-silt carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it. Perhaps our approach to power will further illustrate the point.

With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our wallowing, all-out 426 cu. in. Ramcharger V8. Compromise? Nope. We just feel that a freedom of choice is the surest road to your approval. That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with.

Your Dodge Dealer will be glad to demonstrate the point.

Bronchos Lose To Lefors Pirates, 13-6

The Clarendon Bronchos traveled to Lefors and tangled with the high rated Lefors Pirates in State Stadium Friday night. The Bronchos played one of the finest games of the season despite the fact that they were rated underdogs by the sports officials of the area. The weather in Lefors was chilly but the fans who

attended witnessed one of the sharpest appearances of the Bronchos this season. Tremendous improvement, both defense and offense, was shown by the Bronchos over their last two games.

In the first half neither team was able to push inside their own 20 yard line. The Broncho defense finally allowed a Pirate touchdown midway of the 3rd quarter when Terry Bromlow scored from the two yard line. Don McCool kicked the conversion.

With only four seconds left to play in the 3rd quarter the Bronchos completed a pass from their own 38 yard line for their only touchdown. Mooring tossed the pass to Graham who reached paydirt with a 42 yard run. The extra point attempt failed as Mooring tried a pass to Bell in the end zone.

Lefors scored their second touchdown in the 4th quarter as Bromlow reached paydirt from the four yard line. The extra attempt was stopped with a fine tackle by Mike Horton.

A number of excellent tackles were executed by the Bronchos with defensive halfback, Bobby Cain, getting the majority with 13.

Some of the Donley County producers who are now carrying out ACP practices are:

C. R. Shields - Rye seeding
Homer Hardin - Rye seeding
Henry Mann - Rye seeding
Don Altman - Cotton burs
Deimar Kooniz - Rye seeding
J. T. Trev - Water well
Leon Doherty - Rye seeding
W. P. Doherty - Rye seeding

Grazing Diverted Acres
Remember! The diverted acres were released on October 1 for grazing purposes only. Harvesting by any other means is prohibited.

Our Thanks To Farmers

Let us take this opportunity to send our special thanks to each of the farmers who have brought in some of their farm products for us to enjoy — watermelons, cantaloupes, peaches, squash and okra. Also thanks to Ernest Kent and Richard Finch for the delicious candy.

All of these were enjoyed by each of us and we do appreciate your thoughtfulness.

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

Sugar Showdown

The Sugar Fight — a battle of importance to Panhandle-area farmers and United States agriculture in general — will be renewed next year. It's time that citizens with a direct and indirect stake in the outcome be thinking about the question of how much of our sugar is to be supplied by domestic producers and how much of it is to be imported from foreign countries. I predict you'll be seeing more and more about this situation in newspapers and magazines.

Again, the "sugar trust" — the combine of U.S. and foreign sugar interests which has been effective in dictating past and present U.S. sugar policies — will attempt to keep a substantial portion of the supply out of the hands of our own farmers. These powerful interests once again will stand firmly on the side of foreign producers.

The issue will come to a head in 1964 because import quotas established in 1962 will expire Dec. 31 next year. The 1962 Act made allocations of the 3 million tons of sugar imported from Cuba trade was shut off with the Castro regime. Of that 3 million tons, about half was assigned to friendly sugar-producing countries and the other half was assigned to all friendly sugar-producing nations desiring to export to us on a first-come, first-served basis. Not one pound of the former Cuban supply was allotted to American farmers.

I fought this unfair situation vigorously when the 1962 Act was before the Congress. I will be among the leaders next year in

seeking to obtain for our own farmers a much larger share of the sugar market open in their own country.

It seems obvious to me that American farmers should be given first priority in supplying American requirements. Here are some other economic points to consider:

*Each acre of land devoted to sugar beet production, with proper cultivation and adequate moisture, will produce approximately 2½ tons of sugar.

*If only one-third of the 3-million-ton sugar supply previously imported from Cuba were allotted to American growers, about 400,000 acres of land could be put in sugar beets.

*Diverting 400,000 acres of land to sugar beets would bring a substantial reduction in acreage now producing grain crops in surplus.

*The capital investment required to provide processing plant capacity for one ton of sugar beets is about \$300. Thus, an investment opportunity totaling approximately \$300 million would be provided for American free enterprise — if as little as one-third of Cuba's former imports could be produced here at home.

*Several thousand new jobs could be opened for Americans in the processing plants.

*By producing more of our own sugar and importing less from abroad, another step would be taken to reduce the balance-of-payments deficit.

When the United States severed diplomatic relations with Cuba in July, 1960, that month's New York average wholesale price of refined sugar stood at 9.47 cents per pound. The price in the same month one year later was 9.4 cents. In June, 1962, the month before new import quotas were enacted, the average wholesale price was 9.6 cents. It was the same in July, 1962, when Congress set up the quotas. In

August, 1962, the price rose to 9.85 cents. Thirteen months later, in September of this year, the New York wholesale price was 11.62 cents. This year has brought a wide fluctuation in the wholesale price; between January and June the range was from 9.9 cents to 16.3 cents (the top reached on May 23 to the fanfare of bold headlines in the press). I am convinced that less dependence on international sugar market conditions would restore stability to the sugar market — and American housewives, I'm sure, would find this gratifying.

The production of more of our sugar by more of our own farmers would not — repeat, would not — increase the cost of sugar to American housewives above the price they have been paying.

Here's the breakdown of our present sugar supply: Domestic beet sugar, 2.6 million tons; mainland cane sugar, 9 million tons; Hawaii, 1.1 million tons; Puerto Rico, 1.1 million tons; Virgin Islands, 15,000 tons; Philippines, 1 million tons; miscellaneous foreign nations, 1.2 million tons; "global quota" (amount reserved for Cuba when that nation is again free and independent, and now available to other nations), 1.6 million tons.

I am continuing my efforts to acquaint my colleagues in the Congress with this situation, in the hope that when the matter again is before us the position of the "sugar trust" will be understood in its truly fallacious light. Facts and figures will show that it is in the best interests of the United States to produce the major portion of its sugar within the United States and in its territories and possessions.

Mr. and Mrs. Frank E. Jones and Jeffrey Allen of Amarillo spent the week end with Mr. and Mrs. B. E. Jones.
