We hope that helping at home at this young age will teach the girls necessary cooperation and skills that will benefit parents, too.

Colts Corral

by TRISHA CLIFFORD

Hi all you Colt fans!! The mighty Colts didn't have a game last week but this week they play Shamrock and we hope both teams win!! Good luck guys!!

This week was six weeks tests and we hope everyone did well on them.

We have all been doing better about not running to lunch, being neater in the cafeteria, etc. Keep up the good work, everybody!!

Colt fans!! The mighty Colts played Shamrock again last week. Once again, the eighth grade made Irish stew, licking them 14-0. James Ariola, #12, scored a touchdown. So did Marcus Smith, #27. The rest of the boys played excellent defense, preventing them from scoring. The 7th grade were overcome this time, but we're still very proud of them and are backing them all the

way!!
Last week the pep squad did a fun new project called Guardian Angels. Everyone enjoyed writing notes to the football guys and coaches, decorating their lockers, writing them notes, etc. We'd like to thank Mrs. Mondragon, Mrs. Wiley, and Mr. Guinn for letting us do that. It was lots of fun and we hope the guys liked it too.
Now for the Colt gossip from Sheri.

Gina S.-Graceful!!
Whitney C.-T.D.!!!
Linda H.-Fruit of the looms!!
Trisha C.-The incredible, invisible basketball player??
Tina C.-Vernie baby??
Kim S.-Poor little rich girl!!
Mrs. Thornberry-Come to class prepared to stutter!!
Shanna C.-Fun at a fire drill??
Mike M.-Telephones!!

Stephanie G.-Now you're in here so don't say I never put you in here!!
Sheri C.-Where's the ball!!
Trisha C.-Our lunch!!
Jake L.-How do you get rid of flies in the kitchen??
Linda H.-Don't say we never put you in!!
Briggett S. and Shanna C.-Wearing one leg warmer??
Neal B.-Act your age!!

7th Graders loose to Shamrock 18-8

On a blustery, windy October day, the Colts started off by doing little right. The offense sputtered and the defense fell. So to the luck of the Irish they led our Colts 12-0.

At half time the coaches taught the Colts how to kick

and kick they did. Behind strong running of Brad Shadle and strong arm of Wes Hatley, the Colts came roaring back. After a 48 yard pass completion to #86, the Colts again threw a strike to #20, Shawn Hermesmeier for a touchdown. On the 2 point conversion attempt there was a little confusion but the quarterback tugged it under and out ran the defense on the right side for a quick 2 points. Before the Colts could get their hands on the ball again the clock expired ending the half.

The second half saw sev-

eral Colt defenders make outstanding plays. It's so hard to get all their names and numbers so we just give them all a big salute for a game well played.

14-0 Win over Irish for the 8th

The 8th grade picked up where the 7th grade left off. The Irish offense seems ready to revenge an early defeat by the Colts. The Irish marched to the Colt 10 yard line before the defense digs in and 4 plays later the Irish are backed up to the 27

yard line. In the second quarter the Colt's offense got untracked and started forward. Colt quarterback, James Ariola hit #81, Monty Hollar with a 30 yard pass to the Irish 10 yard line. With no time to spare (6 seconds), a dive play to Marcus Smith and the Colts are on top for good, 6-0. Then on the conversion attempt the same play worked again to Marcus Smith for 2 points. At the half the Colts led 8-0.

The Colt's kicked off to start the second half. Two plays later the Irish are again smelling pay dirt on the Colt 1 yard line with a first and 10. However Mr. defense again stands up and on the first play created a fumble, breaking the backs of the Irish threat. After 3 plays the offense is stymied and must punt from their own 10 yard line. Jimmy Phillips is called to do this chore. He met this task well by booting it 65 yards.

The defense held Shamrock and the Irish defense held the Colts except for one more play. It looked like the Texas Longhorns Oky reverse except the Colt quarterback bootlegs right for 50 yards untouched to pay dirt. The conversion however was no good. Colts were on top 14-0.

The defense continued to hold the Irish for the remainder of the game.

JV loses to Irish 26-7

The Broncos were in the midst of changing players from one position to the other and things just didn't quite get worked out.

The offense was held in check all evening and except for one long run for 40 yards and a touchdown by Randy Crump, the Broncos offense was held in check.

The defense was thoroughly tested through out the night. They bent and bent and occasionally broke but there was several outstanding plays made. Brett Har-

ber intercepted a pass and recovered a fumble to thwart Irish drives, but on this night the Irish defensive speed and size had the Broncho offense under control. Mark Luttrell intercepted an Irish pass and returned it to the Irish 30 yard line, but three plays later the Broncos are looking at 4th down and 15 to go for a 1st down, so again they must punt. On the next play the

Irish ran lift for an 80 yard touchdown.

This Irish team sure looked different from the one we ran over just 2 weeks ago, but on this night our Broncos were just out played. This will give us something to play

and work for next year, because in the end we all know the Broncos shall prevail.

Pugh - Mills exchange wedding vows

Tina Marie Pugh and James Kent Mills were united in marriage Sept. 4 at the First United Methodist Church of Texhoma.

The bride is the daughter of Mr. and Mrs. John Pugh, Jr., Texhoma, and the groom is the son of Mr. and Mrs. James Wesley Mills, Clarendon.

The Rev. Troy Pults officiated at the double ring ceremony.

The bride, given in marriage by her parents, chose a formal length gown of white Chantilly lace and chiffon. The sheer lace bodice was edged with lace and scattered with pearls.

The high neckline and long sleeves were accented with lace ruffles. The full lace skirt fell from the natural fitted waistline. The skirt and full chapel train were bordered with a crystal pleated flounce.

To enhance her gown, the bride wore a walking length veil of bridal illusion scattered with appliques. The veil extended from the back of a lace covered Juliette cap which was accented with pearls.

Attending the bride were Bobby Jacobs, cousin of the bride from Pampa, as maid of honor; bridesmaids were Kim Klepper Crippin, Texhoma; Lori Rawson, Tex-

homa; and Stephanie Borth, Minneola, Kan.

The female attendants wore formal length gowns of dusty pink embellished by jackets of ribbon weave in the same hue. The long sleeves were enhanced with ruffles falling from the wrists.

The best man was Chris Ford, Clarendon, and groomsmen were Jeff Topper, Clarendon; Wade Pugh, brother of the bride, Goodwell, and Carl Watson, cousin of the groom, Clarendon. Ushers were Matt Pugh, brother of the bride, Stratford, and Gerald Mills, cousin of the groom from Clarendon.

The flower girl was Alisha Kuykendall, and the ring bearer was Lance Gaillard, both of Texhoma.

Lighting the tapers were

Janna Jacobs and Kirk Jacobs, cousins of the bride from Pampa.

Attending the guest book was Adenia Mills, sister of the groom, Clarendon.

The bridal bouquet was made up of burgandy and pink rose buds, baby's breath and burgandy orchids in a cascade style. The bridesmaids carried colonial style bouquets of pink daisies, burgandy orchids and baby's breath. The flower girl wore a hairpiece of pink miniature carnations with burgandy streamers.

The groom wore a pink rose bud with baby's breath and the groomsmen, fathers, grandfathers and soloist wore pink carnations.

The mother of the bride wore a street-length dress with a tulip skirt. The long sleeves of the apricot dress ended with ruffles at the wrist.

The mother of the groom chose a street-length dress of mauve print voile.

Each of the mothers wore corsages of catleya orchids. The grandmothers wore silk corsages of burgandy orchids and pink miniature carnations.

The church was decorated with two brass spiral candelabra, two seven-branch brass candelabra and there were two bouquets of burgandy and pink flowers. The aisles were decorated with pink and burgandy bows and streamers. A unity candle was lighted by the couple as part of the ceremony.

Music was provided by pianist Sybil Hensley and organist Ginger Roach, both of Texhoma. Soloist was Dan Hall, Clarendon, who sang "The Wedding Song" and "Time in a Bottle".

A reception was held at the church immediately following the ceremony. Retta Woodward and Fran Quimby, both of Texhoma, and Beth Grabeal, Griggs, assisted in serving the guests. The rice bags were distributed by Susan and Sarah Yates, Texhoma.

Grandparents of the bride, Mr. and Mrs. James Lockett, Guymon, and Mr. and Mrs. Bill John Pugh, Texhoma, were present for the ceremony.

MR. AND MRS. JAMES KENT MILLS

Mr. and Mrs. L.A. Watson, Clarendon, grandparents of the groom were also in attendance.

For her going-away ensemble the bride chose a beige sundress topped with a jacket of a deeper hue.

Following a wedding trip to Red River, N.M. the couple is now at home in

Stinnett. The groom is an electrician, and the bride recently graduated with honors from Clarendon Junior College and is now a licensed cosmetologist.

Among the pre-nuptial festivities was a bridal luncheon on Sept. 3 served by Annette Gaillard, Kathy Yates and Voncille Hale.

MEDICINE MYSTIQUE...

In the past, physicians wrote prescriptions for various "potions and remedies" using Latin words and abbreviations unknown to the typical patient. The Code of Ethics of the Royal College of Physicians in 1647 stated, "Let no physician teach the people about medicines or even tell them the names of the medicines. This under penalty of forty shillings."

Today, however, physicians, pharmacists, and other health care providers appear to be more concerned about educating their patients about medicines. Governmental programs have been conceived to provide printed information about drugs as well as diseases. Pharmacists provide printed materials to their patrons for select prescription medicines. Many nonprescription medicines contain leaflets describing product use and cautions. The radio and television broadcast media as well as newspapers and magazines often dedicate much time or space to medicine-related topics.

Does the public really need such information? Perhaps so. Researchers tell us that medicines are taken only about half as often as recommended by physicians and that one out of three prescriptions is taken incorrectly. When you have questions about your medicines, never hesitate to ask.

Thanks to the constant support of a local dancer, Mark Lanham, the Lone Star Ballet will be hosting six dancers from the San Francisco Ballet in a performance Thursday, October 14, at 8:00 p.m. in the Branding Iron Theatre on the WTSU campus.

Mr. Lanham is a principal dancer with the San Francisco Ballet, which is performing in Fort Worth this weekend. After the performances, the dancers then have a week's vacation, and Mark was able to persuade five of them to come home with him to perform.

Lelia Lake News

By JEANIE LAUDERDALE

J.B. and Yvonne Belle Hedley last week. They were asked to lead the Hedley McDaniel were honored by

Cotton Festival Parade Saturday. J.B. and Yvonne Belle, with Patrice Shields and Deena Green carrying the flags, lead the parade beautifully on J.B.'s Palomino horses. The McDaniel's haven't missed riding in the Hedley Parade

since it began 31 years ago, that's quite a record. Thank you Hedley for making J.B. and Yvonne Belle so proud and happy with your request. Roy Lee and Barbara Helms attended the parade to watch their daughter Marci play with the Clarendon Jr. High Band.

Hester Shields attended the breakfasts at Hedley Friday and Saturday. Sue Shields made it back Saturday. She's been gone two weeks with their daughter, Becky and A.K. King, to Seattle, Washington visiting Becky and A.K.'s son, Mr. and Mrs. Denny King. Sue really enjoyed it. She said the foliage was gorgeous. They saw literally herds of antelope in Wyoming. It snowed on them in Utah but really snowed in South Fork, Colorado. They ate fresh salmon. She also got to see some of her cousins in the Seattle area that she hasn't seen since 1930 and 31. Now Hester, see what all you missed by not going.

Leo and Mary Jane Smith, their daughters, Mr. and Mrs. Larry Wade and Roger, Mr. and Mrs. Winifred Self of Kearney, Arizona, and granddaughter, Christie and Larry Shade of San Manuel, Arizona, all met in Albuquerque for the weekend to visit and watch the balloon races. Mr. and Mrs. Earl Shields went to Lubbock Sunday to see Terry Cole. Terry was in a car accident and is in the hospital.

Mrs. Joyce Jackson of Smyer, Texas attended the Hedley Cotton Festival and visited with J.B. and Yvonne Bell McDaniel.

Richard Lewis accompanied his daughter, Hazel and Herbert Shields, to Lampasas, Texas Friday. They went to visit his other daughter, Johnny and Alvis Woolam. Herbert and Hazel returned Sunday. Mr. Lewis stayed for an extended visit. Mr. and Mrs. Hollis Bannister hosted a shower for their grandson, Bryan Leeper and his fiancée, Debbie Barnett, Saturday.

Mr. and Mrs. Ray Catlett and son, Curtis of Kress, visited with Henry and Nadine Hasteley, Tuesday. While they were there, Barry

Hasteley and Rhonda, Pat Allen, Brad and Andree came out to visit with them. The are old friends.

Mr. and Mrs. Kenneth Godwin of Tulsa visited Sunday with his brother Mr. and Mrs. J.B. Godwin.

The Phil Lauderdales visited and had supper Sunday with the Jerry Knoot family.

Mary Castner and Avos Henderson shopped in Amarillo Monday.

I'm happy to report that Mamie Mills is doing better. She is able to eat some now, but still has good days and bad days.

Ferrel and Altha Floyd visited in Amarillo Tuesday with Bessie Reynolds.

Kari and Samara Shields visited with Katrina and Christina Leathers Sunday.

Both of Ronnie and Wanda Deen's girls were in the Hedley parade. Tammy was Saints Roost Queen and Christie was in the Clarendon Jr. High Band.

Eddie Floyd visited his parents, Mr. and Mrs. Ferrel Floyd, Sunday.

Frances Nicosia of Independence, La., is visiting with her daughter Sadie and Coleman Shields. Lisa Knighton and fiancée, Michael Douglas of Amarillo visited Wednesday afternoon.

Nina and Donald Carroll and Donald's brother, Gary, Havon Knighton and sons Phillip and Paul all of Amarillo came Sunday to visit and be with their grandmother Frances.

Alena Nelson spent last weekend in San Antonio visiting with their son, Jay Nelson.

Donald and Debbie Shields and girls attended Debbie's mothers, Wood, family reunion at the Chamberlain Community Center Saturday and Sunday. Debbie wasn't sure how many were there but she especially enjoyed getting to visit with her sister, Barbara and San Thompson and their two children from Durant, Okla.

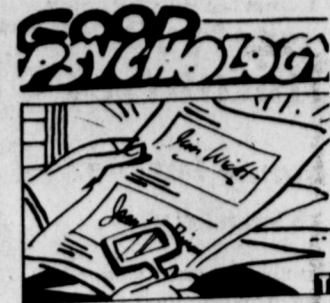

R.O. and Alena Nelson met their son George and his children, Lynn and Summer, from Dimmitt in Amarillo Friday. Lynn and Summer came home with them for the weekend.

Ronald Castner and Lacy Noble went to the Wellington sale Thursday. Ronald bought a rooster.

Lacy and Mary Lee Noble went to Amarillo Thursday night to pick up Mary Lee's brother, Cordell Buchanan, from Encino, Calif. He is visiting with them and other relatives in Texas.

Weekend visitors with Lacy and Mary Lee Noble, attending the Windy Valley reunion, were Mr. and Mrs. Clyde Fletcher, San Pablo Calif.; Mr. and Mrs. Cub Fletcher, Turlock, Calif.; Mr. and Mrs. Bud Fletcher, Clovis, N.M.; Mrs. Jennie Fletcher Durette, Citrus Heights, Calif.; Mrs. Mattie

Fletcher Tucker, Winter Haven, Calif; Mr. and Mrs. John Fletcher, Crosbyton; Orville Dodson, Texarkana; Herman Dodson, Emony, Tx; Buck Noble and daughter Denise Stacey, Haltville, Calif; Gladys Seago, Waco; Mr. and Mrs. Bo Noble, Dumas; Wilma Matson, Waco; Mr. and Mrs. Sug Noble, Amarillo; Jimmie Lee Matheson, Claude; Cordell Buchanan, Encino, Calif; Mr. and Mrs. Lloyd Leeper, Lacy Lee Noble and Yvonne Belle McDaniel also attended the reunion.

Many psychologists feel that our signatures are as individual as our fingerprints. No two are ever alike. Indeed, some of the most important events in our lives are signified with our signatures. In fact, when we sign something, such as our wedding certificate, or a check, or a mortgage contract, it has a special—actually binding—meaning.

Fish Tales

By KATIE DVORAK

There are known "hot spots" in any lake, and the magazine, "Colorado Outdoors", the May 1979 issue, has suggested a terrific way to locate your own "hot spot".

By finding the anatomy of Greenbelt lake, you can find your best fishing areas. "Colorado Outdoors" suggests that submerged island is a definite hot spot; if you

can find this type of structure, fish it. I believe there are many submerged island-type structures in Greenbelt. Brushy banks are good early and late feeding areas. Submerged rock piles are good areas for crawdads and some types of fish feed on them.

Any point into the lake will be a good fishing spot, especially with brush, weeds and the like continuing on into deeper water.

A shallow weedy bar is an excellent choice for early and late in the day because weeds usually harbor food fish.

Cliffs are great holding and feeding areas. Game fish will school on shelves and even spawn here. All types of forage inhabit these areas. There are two major areas at Greenbelt that qualify here.

Drop offs and steep structures usually produce best during winter or bad weather. Fish tend to hold on the edges of drop-offs and will dart into deeper water at the first sign of danger.

Inlets create a natural feeding location since food will be washed into the lake in this area. If these areas are combined with weeds or drop offs or other structures,

you can bet the fish are there too. Sloping points with a drop off are good feeding areas with excellent escape routes. This situation is similar to the submerged island. A point sloping into deep water provides a home 365 days. If the forage is available, the point will produce consistent results as many fish will call this structure home.

Greenbelt is a good lake providing many of these structures as part of its anatomy. Another great place and one Greenbelt provides in proficiency is trees and stumps. This is spinnerbait country; however, the plastic worm will also produce around this structure. Excellent feeding area, spawning grounds and holding areas are found around trees and stumps. Crappie and bass will spend a lot of time in this type structure.

Get with a friend who owns a depth finder and plot the lakes' bottom. Look closely at the shore line to determine if there might be slopes or drop offs. Ask around and look into the anatomy of Greenbelt to help you make your fishing trip more than a gamble. Make it a calculated hunt!

A beautiful cake baked and decorated by her granddaughter Geneva McAfee was served after everyone sang Happy Birthday.

Twenty-three Lionesses enjoy feast

Lioness International, Hedley club recently enjoyed a wonderful feast provided by Lionesses Crawford, Carson, Coffman, Hill and Dvorak. They brought chicken and noodle casserole, tossed salad, banana pudding (sorry Marty, but get your dessert before some other certain people get in line) sliced ham and tomatoes and a corn and vegetable mess in a crock pot. Everyone enjoyed what was there, but there are now so many Lionesses that the food doesn't seem to go quite as far as it once did.

A very brief business meeting was held concerning the forthcoming cotton festival activities. This group of 23 ladies will be absolutely busy, active and fatigued! They all will be working on Lioness projects, class projects AND Lion projects!

The climax of the evening came when President Weatherly produced a box full of purple and gold Lioness vests with chevron and a pocket on each. We look so grand now. This is the first time the club has done anything for ourselves. We trooped over to the new renovated Post Office to put fancy final touches for the chili supper Friday. There were several strange men already there puzzling over metal shelf kits. A good work party was then enjoyed by all.

THE CLARENDON COLLEGE LVN CLASS

Tea honors LVN students from Clarendon College

The LVN Association honored the new LVN students at Clarendon Junior College with a tea Friday, October 8 at 3:00 in the Calvary Baptist Church. The LVNA holds a tea every year for the students. For the tea they usually have a skit. This year's skit was "No, No Annette!" Peggy Cockerham was the correct nurse, Marie McCracken was the Patient and Betty was Annette. Betty did all the wrong things for a nurse to do. She wore curlers, had on

a red slip under a very thin uniform, chewed gum and wore shoes not even fit for fishing. The purpose of the skit is to show the students the correct way of nursing. Refreshments were served to the students and LVNs before the skit. Punch, cookies, fruit snacks and finger snacks were served. Hostesses for the tea were Betty Goodwin, Peggy Cockerham, Marie McCracken and Betty Molder. Mrs. Sullivan attended the tea as a guest.

BETTY MOLDER plays No No Annette, with Peggy Cockerham, as correct nurse and Marie McCracken as patient in a skit for the new LVN class at Clarendon College.

News from Texas Parks and Wildlife

The Texas Parks and Wildlife Commission has adopted split hunting seasons for both ducks and geese for the upcoming 1982-83 seasons. Meeting in Austin Thursday (Sept. 2), the commission set a duck season of Nov. 2, 1982 through Jan. 23, 1983 for counties in the High Plains Mallard Management Unit in roughly the western third of the state. Goose

season west of U.S. Highway 81 is the same as for ducks in the High Plains Mallard Management Unit.

No changes were made in the 100-point system of duck bag limits, but the daily limit for dark geese was amended to include black brant. West of U.S. Highway 81, the daily bag limit is five geese, not to include more than two Canada or white-fronted geese or black brant in the aggregate. Possession limit is 10, not to include more than four Canada or white-fronted geese or black brant. East of Highway 81, the daily bag limit is five light geese (snow, blue and Ross) and daily bag limit for dark geese is one Canada or black brant and one white-fronted goose. Possession limit is twice the daily bag.

Shooting hours remain the same for ducks and geese, at 30 minutes before sunrise to sunset, except during the Sept. 11-19 teal duck season, when the legal hours are sunrise to sunset.

The sandhill crane hunting season was set for Oct. 30, 1982, through Jan. 30, 1983 in Zone A. The Zone B season is Dec. 4, 1982 through Jan. 30, 1983. As in the past, a special permit, issued free by the department, is required for sandhill crane hunting. The daily bag limit remains at three; possession limit six. Shooting hours are one half-hour before sunrise to sunset.

The season for common snipe (also known as Wilson's or jacksnipe), is Nov. 1, 1982 through Feb. 13, 1983. Shooting hours are one half-hour before sunrise to sunset, and the daily bag limit is eight; possession limit 16. Woodcock season is Nov. 27, 1982, through Jan. 30, 1983; shooting hours are one half-hour before sunrise to sunset; daily bag limit five; possession limit 10.

The falconry season for waterfowl was set at Oct. 16, 1982, through Jan. 23, 1983.

Heat's On By KATIE DVORAK

Italian cooking is an art that most of us from the Southwest simply can't achieve. We are used to the heavier spices of Mexican flavored foods. But, to try your hand at the finer skills of Italian cookery, here are some ideas.

WINEGROWER'S CASSEROLE

2 cans (20 oz.) red or white kidney beans
1 C red wine
2 large cloves garlic, minced
8 oz. muenster cheese, sliced
minced parsley

Combine beans, wine and garlic in an ovenproof casserole. Bake at 400 for 20 minutes.

Arrange cheese evenly on top and return to oven until cheese melts. Sprinkle generously with parsley.

Serve in soup plates with French bread, a green salad and red wine.

THE ULTIMATE FETTUCCINE

1 lb fettuccine (egg noodles)
1/4 lb (1 cube) unsalted butter
1/2 lb. fresh mushrooms, washed and sliced
1/4 C. white wine

1/4 lb. blue cheese, crumbled
Boil fettuccine in lightly salted water until hard white center of ribbons disappears. Do not over cook. Drain at once.

Melt butter, add mushrooms, saute a couple of minutes, add fettuccine and toss. Add wine and cheese; toss again.

THREE CHEESE RACLETTE

1/2 lb. monterey jack cheese with caraway
1/2 lb. brick cheese
1/2 lb. sharp cheddar cheese
24 small potatoes (golfball size) boiled in jackets
1 bunch celery, washed and trimmed

Stand 3 wedges of cheese on a fire-proof pan and place close to an open fire in fireplace or outdoor grill. Scrape down surfaces of melting cheese and serve on hot plates with potatoes.

Small pickles are a traditional accompaniment, but their vinegar conflicts with wine, so crisp celery is suggested to take their place. Serve with white wine.

1926 Book Club holds meeting

The 1926 Book Club met in regular session at 4:00 p.m., October 5, 1982, at the Patching Club House. Hostess for the occasion was Susie Shields who had decorated the club room for Autumn. She served coconut cake and beverages with the assistance of some volunteers. Hearty thanks is extended to those who helped.

A short business meeting followed. The dues were discussed. For the present they will remain unchanged.

Brother Tom Harguess, pastor of the Church of Christ, was introduced as the speaker for the occasion. He presented excellent thoughts upon the daily-ness of living the Christian life. Serving Christ is not a weekly nor an occasional, but a daily process. He read from IT'S BEEN ONE OF THOSE DAYS. LORD, by Bob Brown, to conclude his remarks. We hope he will give us other programs in the future.

Members present were Dorothy White, Betty Veach,

WHY SMOKE?

Research has established a definite link between smoking and duodenal ulcers. It puts cigarette smoking right at the top of the list of culprits associated with this disease.

It affects the development, severity, healing and recurrence of ulcers. Among the facts recently defined:

- Cigarette smokers are about 1.7 times as likely to have duodenal ulcers as nonsmokers;
- Ulcer disease is more common among heavy than among light smokers;
- Ulcers do not heal as rapidly in heavy smokers; and
- Death due to ulcer disease is about twice as common among smokers.

If you smoke and have chronic stomach pain, you should see a doctor to find out if you have a duodenal ulcer.

This information comes from Smith Kline & French Laboratories, discoverers of the prescription drug "Tagamet".

NOTICE

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record.

The fact that you can smell natural gas is because we add a harmless chemical to it as a safety feature. Otherwise, it would be completely odorless.

If you are outdoors and smell gas, call your local Lone Star Gas office.

If you are indoors and detect faint whiffs of what you think may be gas, investigate. It may be that a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

If your equipment seems to be working properly and the odor persists or intensifies, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house. You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.
