Funding Though Foundation Grant Sought for Saints' Roost Museum

Saints' Roost Museum Sept. 1985

Proposed Floor Plan

The new floor plan provides for an arts and crafts area where the old operating and scrub rooms were located. The original ward is to be converted to the board room and general meeting room for any large group who needs this type of facility.

The kitchen will be fully equipped to serve refreshments or meals in the spacious board room. There will be an area for permanent exhibits, traveling exhibits and other display areas. Ample storage space is available making possible frequent

change of permanent exhibits. A vault room is planned for security of valuable acquisitions. Note how doorways and partitions have been engineered for ease of traffic flow.

Grant Letters Near Completion

Grant proposal letters are nearing completion and will be in the mail by Oct. 1 for funding for the renovation and conversion of Adair Hospital to Saints' Roost Museum. Doubtless many of you will remember the general floor plan of the old hospital. On this page is a floor plan for Saints' Roost Museum when remodeling is complete.

This plan has been formulated by a commercial architect. It is the hope of the present board that by utilizing professional assistance from the beginning, accreditation from the American Association of Museums will be eventually achieved.

The Board of Directors at this time wishes to extend an invitation to one and all to "Own A Share of History" by becoming members of Saints'

Roost Museum. An application for membership is printed on this page. Please clip and mail to obtain your "Share of History."

Origin of the name Saints' Roost

Saints' Roost Museum Oct. 1984

The name Saints' Roost comes from the nickname for Clarendon that the old timers used facetiously. Old Clarendon was established as a Christian Colony by L. H. Carhart, a Methodist minister, and no saloons were allowed. It was soon dubbed Saints' Roost and legend has it that two drunken cowboys arrested in Old Tascosa were sentenced to a weekend in "Saints' Roost."

Board of Directors

The Board of Directors of Saints' Roost Museum is dedicated without equal, to the preservation of the rich heritage of Clarendon and Donley County. The directors includes Mrs. Bill Craft-President, Mr. Ernest Kent-First Vice President, Mr. Wes Henson-Second Vice President, Mrs. Paul Hancock-Secretary-Treasurer, Mrs. A. R. Henson, Mrs. J. C. Woody, Mr. James Owens, Mr. Bobby Boston and Miss Phebe Ann Buntin.

Law suit filed against county

A \$12 million law suit has been filed against Donley County, County Sheriff Jimmy Thompson and former Sheriff's deputy Faylon Watson in U.S. District Court by a Memphis man, Sherman Irons.

The suit asked for \$1 million in punitive damages from Watson and \$1 million in punitive damages from Thompson. It also asks for \$10 million in compensatory damages to be awarded "jointly and separately"

from all three defendants, and also asks for attorney's fees.

The law suit stems from an incident on October 10, 1984 about 5:40 a.m. when Watson stopped Irons and two other men at Third and Buckley Streets, after the description of the truck in which the three were riding matched a bulletin for burglary suspects issued by the Potter County Sheriff's Department. Irons was wounded in the incident.

Area Democrats seek party change

Donley County Democratic chairman, Billy Ray Johnston, wishes to announce that a 31st Senatorial District Democratic meeting will be held at Tulia on Saturday, October 5, at the Swisher Memorial Building.

The meeting will start at 10:00 a.m., lasting until 3:00 p.m. with luncheon served.

The statewide and district officials of the Texas Democratic party have been invited and several are expected to attend. In addition, the Young Democrats organization (YD) representatives and national, state and district Democratic leaders will attend to map out strategy for the upcoming 1986 elections. Area Democrats seeking to change the recent trend in the policy of the state and national Democratic party, want to make the Democratic party and its platform to reflect more accurately the views of the traditional Democrats of the Texas Panhandle, who historically have been moderate to conservative. Because of the irresponsible action of a few radical and splintered groups of the Democratic party that have captured the headlines, the public spotlight has been dimmed on illuminating the true purpose of the Democratic party. It is felt that this district meeting will be very informative, formulating and educational for not only the party activist, but also for the general public. All precinct chairpersons are urged to attend. If you plan to attend, please call and let Billy Ray know so he can give the hosts a number to cook for from Donley County. Call 874-2622 or after 5:00 p.m., 874-2384.

A special invitation is extended to our students, high school or college, that would be eligible for membership in the Young Democratic Organization.

West Texas Gin in Hedley gins the first bale free, and it is bought by the Hedley Lions Club and will be given away to some lucky winner during the Hedley Cotton Festival. W.B. Wiggins is gin manager and Orgelio Briano and Phillip Wiggins were the ginners.

Eagles blank Bronchos 37-0

The Clarendon Broncos traveled to Fritch Friday night and found the Eagles as tough as their pre-season predictions said they would be. Fritch won the coin toss and elected to defend the north end and have the strong north wind to their back. The Broncos could not move the ball against the strong Eagles and the wind. The Eagles quickly gained good field position on the Bronco 40 yard line, after the first Bronco punt, and they moved the ball to the 15 yard line and scored from there to make the score 6 to 0. Fritch added a field goal and a TD to go ahead 16-0.

The Broncos came to life in the closing minutes of the first quarter when Leland Howell hit Robert Youngblood with a pass good for 50 yards. The Bronco drive died inside the Eagle 20 yard line. The Eagles scored twice to make the halftime score 30-0.

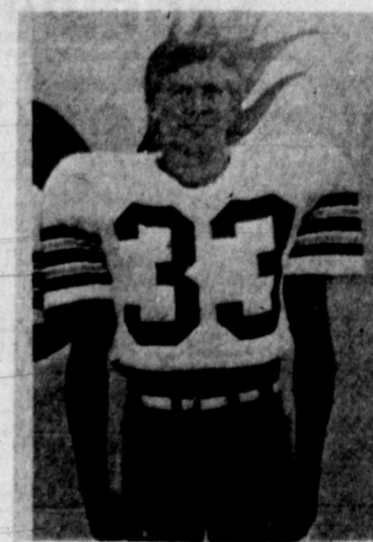

The Broncos showed the kind of defense the third quarter they displayed last Friday at Floydada by holding Fritch to only 1 first down. The Broncos saw two drives die in Eagles end of the field by turnovers. The Broncos had 6 turnovers while the Eagles played without any. In the fourth quarter, the Eagles added a TD to bring the final score 37-0.

Leland Howell led the Bronco offense from quarterback and runningback positions. He was named the offensive player of the week and Robert Youngblood was the defensive player of the week. Howell and Youngblood both had 165 tackles.

The Broncos return home next Friday in a homecoming game against Boys Ranch at 8:00 p.m.

Bronchos host Boys Ranch Friday

Clarendon High School has its homecoming Friday, September 27. The Broncos play Boys Ranch at 8:00 p.m. Boys Ranch is 0-3 losing to Panhandle, Friona, and Vega. The Ranch has played good defense but has not got their offense untracked yet.

LELAND HOWELL - offensive player of the week

ROBERT YOUNGBLOOD - defensive player of the week

The college continues to Celebrate Clarendon

Fifty of Clarendon's finest residents are currently enrolled in the Clarendon College Celebrate Clarendon Community Education course. Anyone wishing to join this group in learning about Clarendon's proud heritage may do so at anytime during the semester. Eleven excellent programs still remain on the schedule making the \$20 registration fee a bargain. This week's program "Conflict of Cultures" will be held on Monday, September 30 due to the speaker's teaching commitment at West Texas State University. Dr. Fred Rathjen will present this program. Fred grew up in Clarendon, and his parents were long time residents here and a part of our early history. The class meets in Room 102 at 7 p.m., and you may register at that time.

New from ASCS office

COOPERATING GINNER'S AGREEMENT

Representatives of all operating Donley County Gin's have certified to Commodity Credit Corporation (CCC) that all bagging and bale ties that are used on cotton which may be pledged to CCC for loan will meet CCC specifications.

FEDERAL CROP INSURANCE

September 30 is the final date to apply for crop insurance for barley and wheat in Donley County for the 1986 crop year. A new crop insurance plan, called Actual Production History (APH), is available this year. To find out more about the plan, producers should contact a local, authorized agent. To select an agent, producers may check the list maintained in this office.

"RED TAPE" STRIKES AGAIN

New law makes it mandatory that all liens be filed with the Secretary of State. We are now required by regulation to call the Secretary of State's Office prior to making a loan. The Secretary of State's Office will not tell us what the lien is on, only the lien holder. All liens must have a waiver on file with this office before a loan can be made. If you have liens, get a waiver prior to applying for a loan. This will save us both time.

END OF NON-GRAZING PERIOD

Acreage designated for ACR, can be grazed beginning October 14th, without a request being filed in this office. This does not allow you to bale the ACR acreage without filing a request and paying the \$10.00 inspection fee. Please remember that your ACR must be maintained through December 31, 1985. Weeds must be controlled and an approved cover established. Those of you who reported that you intend to seed the ACR to a small grain this fall will be expected to do so. Failure to maintain your ACR acreage could result in penalties and loss of program benefits.

MEASUREMENT SERVICES

We are now in the process of completing your measurement service requests. Upon completion you will receive a notice of measured acres and you have 5 working days from the date of the notice to make adjustment and come to the office and certify those acres. If you fail to do so, a late filed charge will apply.

Don't forget bonfire

A bonfire will be held Wednesday night at 9 p.m. at the Ronnie McAnear farm. Everyone is invited to attend to show their support for the Broncos. The fire department will stand by for safety measures. For anyone who does not know where the McAnear farm is, you go out Highway 70 and it is the first house on the left after you pass the cemetery.

We also have students from three other area schools who are rodeoing with us this year.

There will be a concession stand at both performances. We would love for you to come out and eat with us, whether it be a hamburger cooked over mesquite, a Frito pie, or homemade goodies such as brownies or Rice Krispies. We'll also have drinks, coffee, and tea. Support your local team, and see rodeo at its finest!

Sorority news

Xi Lambda Xi

The "Rush" party for Beta Sigma Phi, Xi Lambda Xi chapter was at Doris Ekleberry's home on her veranda on Monday, September 9, 1985. The mood was of a Mexican fiesta with the meal being a "pile on" of various foods. Everyone looked as if they had just come in from "south of the border." Several ladies have been invited to join Xi Lambda Xi this year. Accepting our invitation this evening were Judy Anderson, Nova Mooring, Fay Vargas, and Barbara Fagerlund. The evening began with each member introducing themselves and telling a little about themselves, then the guests were asked to do the same thing.

Doris Ekleberry, president, told a little about our sorority. Then the members retired to the house to get ready for our entertainment. We all came out humming and broke into the "Mexican Hat Dance." Our rendition of the famous dance providing our own music.

Afterwards sisters and guests divided into teams to play "Trivial Pursuit." Marj Ekleberry and Suzzette Henson were the question-callers. After much fun, team 3 consisting of Maurine Butts, Fay Vargas, and Carol Hinton came in 1st place; team 2 - Betty Veach, Barbara Cosper, and Susan Henson placed 2nd; team 4 - Beth Walker, Judy Anderson and Frankie Henson placed 3rd; the other 3 teams tied for 4th place. The evening was enjoyed by all.

Attending were Beth Walker, Sandra Mooring, Doris Ekleberry, Maurine Butts, Carol Hinton, Nancy Watson, Barbara Cosper, Genella Eads, Carol Grady, Pat McCombs, Frankie Henson, Susan Henson, Charlene Mays, Betty Veach. Guests were Judy Anderson, Nova Mooring, Barbara Fagerlund, and Fay Vargas, Marj Ekleberry and Suzzette Henson.

Our next meeting will be at Frankie's home with the Model Meeting, September 23.

Would-be bankers are multiplying like rabbits.

Everybody is hopping to include the word "bank" in their names, but that doesn't mean that they're actually bankers.

"Savings banks," "thrift banks," stockbroker "bank" accounts, and credit unions, etc. all try to pose as real bankers. But they don't always offer you the experience or, in some

cases, the security of bankers.

In fact, the only place you'll find a banker is The Bank, where your deposits are Federally insured up to \$100,000.

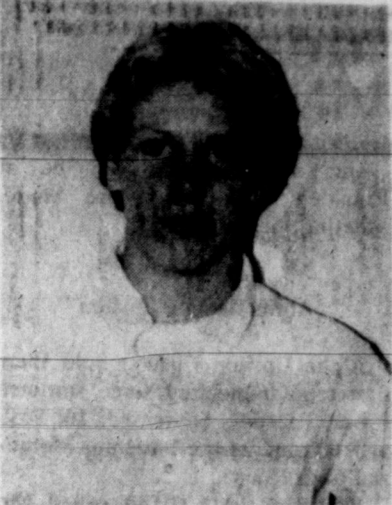

Now, that's the best financial security there is! And a Full Service Bank offers the newest ideas to help your money reproduce.

THE ONLY PLACE YOU'LL FIND A BANKER IS THE BANK.

TONY LESLIE

O'NEIL DAWKINS

Bulletin

The two Clarendon College students who traveled the greatest distance to attend our school this semester are Tony Leslie and O'Neil Dawkins.

Nineteen year old Tony Leslie is the son of Assembly of God missionaries who served in Peru for eight years. Tony and his older sister attended a boarding school in Quin-to, Ecuador. He speaks Spanish and enough Quechua to be understood by Ecuadorian natives. When asked how he heard about Clarendon College, Tony gave the standard answer, "Well, I met a girl..." The girl who was unofficially recruiting for Clarendon College was Jennifer Lindsey, daughter of Steve and Kay Pfeiffer Lindsey who work for Halliburton in South America. Jennifer told Tony of the glories of the Texas Panhandle, and here he is working his way through Clarendon College by housesitting and working at The Grocery Store. Tony's parents are presently on extended furlough in California with his younger sister while his father is completing work on his PhD. Tony's favorite subjects

at Clarendon College are chemistry, psychology, and P.E. He is available to be invited to be fed home cooked meals at almost anytime because while he is accustomed to living away from his parents, he is not yet accustomed to his own cooking.

O'Neil Dawkins of Trenchtown in Kingston, Jamaica arrived in the United States last January "on the day of the Superbowl game". O'Neil has long had the dream of living in the United States. As the fourth son in a family of six children, he believed that an athletic scholarship was his best means of obtaining that dream. At an early age O'Neil chose to play basketball instead of soccer which was more popular in his country because he knew basketball was played more in the states. He had natural ability, height, determination, and encouragement from a good coach during his high school days. When some of his friends received scholarships to Wayland, they told their new coach about O'Neil. Wayland sponsored O'Neil as an international student and reshifted him his first semester so he

still has four years of college eligibility. Mark Adams, Wayland coach, and Joe Mondragon worked out an arrangement that O'Neil could play on the Clarendon team and receive the personal attention and playing time at our junior college so he would be in top shape for Wayland his junior and senior years. O'Neil can be recognized by his lovely Jamaican accent and the arrow part in his hair. While he says he has not really gotten homesick, he definitely looks forward to his mother's regular letters and to spending Christmas in Oklahoma with the family of his roommate Vincent Mason. O'Neil's favorite subject is Spanish which he hopes to learn to speak well. His presentation on Jamaica in his speech class this week will probably include a sample of the Jamaican dialect his family and friends speak. He is the first member of his family to attend a college and is an interested and interesting addition to the student body of Clarendon College. Our local students are fortunate to have classmates like Leslie and Dawkins to learn about and with.

Bronco JV

loses to

Boys Ranch

The Clarendon Bronco junior varsity football team was defeated by Boys Ranch 0-28. The Broncos were up against a stronger and quicker Roughrider team. The Bronco offense was stopped in the first half, while the Roughriders came up with two big pass plays that scored. The Bronco defense, in the second half, toughened and slowed the opponents big play offense. The Bronco offense was held to less than fifty yards throughout the game, making Boys Ranch work hard on every play. "The boys have improved a lot in the last two weeks and we will continue to improve from game to game," said Coach Lovell.

The juniors and sophomores that played were Monte Hollar, Derek Howard, Billy Wiggs, Wesley Hatley, Danny Gaines, Walt Thompson, Arthur Harris, Todd Phillips and Shawn Hermesmyer.

The freshmen that played were Jason Klinnert, Randy Gaines, Danny McCampbell, Clemmon Weatheron, Richard Graham, Donnie Chambliss, Jeff Henson, Mone Jordan, Nugget Bland, Toby Hatley, Michael Moore, Chris Ward, Jason Green, Chad Hommel, Russell McAnear, Dale Phillips, and Jason May.

The Broncos travel to Wellington today and play at 7:30. Come and support our tough junior varsity.

K-9 Korp Kapers

By ELIZABETH McANEAR

With the new classes that began a few weeks ago, the Donley County 4-H K-9 Korp has been buzzing with activity and lots of work with their dogs in obedience, confirmation and junior showmanship.

We have several new members in 4-H who have also joined us in the K-9 Korp. They are David Lane, Amy Koontz, Robert Lee, Kimberly Stavenhagen, and Chad Strickland. Welcome to 4-H!

We also have many adults who are taking their dogs through the basic obedience course. They are Bob and Vera Andis, Tiny Alderson, Melinda McAnear, Judy Cole, Bud Moore, Katherine Ariola, Janan Koontz, Max Rodriguez, and Brenda Rodriguez. We hope they enjoy their class. It is being taught by Annette Brooks of Canyon, Texas. She is the president of the Amarillo Obedience Club.

The Korp members are being instructed in confirmation and junior showmanship by Jan Phillips also of Canyon, Texas. She is a professional handler and is really helping these members learn the basics of showing and presenting their dogs to the judges at dog shows. These Korp members are Mike Moore, Jennifer Davis, Steven Davis, Georgie Klatenhoff, Gwen Tolbert, Debbie Tolbert, Wil Burlin, Todd McAnear, Elizabeth McAnear, Shannon Myers, Scott Myers, Christie Smith, Todd Stavenhagen, Craig Wright and Juan Rodriguez.

We invite everyone to come to the Community Center on Wednesday nights at 6:30 and watch these kids and adults work with their dogs. Even though its lots of work, we have lots of fun. Join us!

Health Hints for Today

By R.L. GILKEY, M.D., A.B.F.P.

Fall is here. Hay fever and sinus is at its worst this time of year. You can now buy many previously prescribed drugs over the counter. My favorites are Actifed and Dimetapp Extentabs. There are many other good ones, just ask your pharmacist.

With Dr. Hudson moving his office, we may be a little busier the next few weeks. We shall certainly help his patients if we possibly can. As for my patients, I'm sure they'll understand if I occasionally am in a rush. Now is the time to take the flu vaccine. We've had virtually no reactions to this vaccine the past five years other than a sore arm for one day. For the first time the pneumonia vaccine is now available to all high risk groups. I needed it last winter. It could have saved me several days in the hospital. This vaccine lasts three to five years.

Preventing disease is better than treating it. The two major killers are cigarettes and alcohol. Nicotine chewing gum is now available and really helps kick the smoking habit. If you really want to quit, this gum will help.

Think healthy - helps you to be healthy.

Was This YOU Last Winter?

Be Ready for Cold Weather This Year with an Electric Heat Pump.

Don't wait for cold weather to set in again to start shopping for a new heating system. Start shopping today, and start with an electric heat pump.

The electric heat pump is the most efficient system for heating and cooling your home. One of the main reasons it is so efficient is because it MOVES heat rather than producing it.

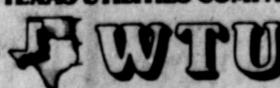

There's heat in the air all the time... even in the winter! The electric heat pump pulls heat from the outside air in the winter and pumps it into your home. In the sum-

mer, it reverses the process and pulls the heat OUT of your home, so you get even comfort year round.

You'll not only save money in home energy bills with an electric heat pump, but WTU WILL PAY YOU A CASH BONUS FOR INSTALLING ENERGY EFFICIENT EQUIPMENT that meets the E.S.P. requirements in your home.

For more information on the electric heat pump or the Energy Savings Plan, call your local WTU office or any factory-trained electric heat pump dealer today.

The home of Dennis and Loretta Harrison served as the center of activities and each person attending did their part in making this reunion a huge success. Eating, visiting and picture taking were the traditional activities. Senior citizens news

Carmen had fifty to come by for blood pressure checks on Tuesday, September 17th.

Thanks to Annie Wooten for some needed dish cloths for the kitchen.

The dance group enjoyed the third Tuesday dance at the community building on September 17th with good music, good crowd and lots of goodies to eat. We appreciate all of our area friends that come out to make this an enjoyable evening.

I'm pleased with the results of our nutrition program evaluation by participants for the 1985 program. A total of ninety (90) were handed out. Sixty-seven (67) were returned. This is a really good return, and I want to thank each of you for helping. The completed program is on file at the Center if anyone would like to review it.

I was in Amarillo last Wednesday, September 18th representing our Center as a delegate on the Panhandle Area Agency Advisory Council. I also presented our application for a grant to help with our nutrition program for fiscal year 1986. Our application was recommended at this meeting and will now go to the PRPC Board of Directors for approval or rejection.

Arts & Crafts group was busy last week getting things going for items to be made for their booth at the Christmas in November Bazaar.

Also, getting their donation tickets ready on the queen size quilt they made for a drawing to be held at the Bazaar. We hope you will make a donation on this quilt when someone approaches you with a little pink ticket.

Seventeen came out on Thursday, September 19th to enjoy game night.

Friday's jam session was a little light. Thanks to Hugh Neuhaus, Truett Behrens and Jack Davidson for keeping it alive -- yes, me too. I plunked along most of the evening. Eighteen came out for the evening and several joined in the singing. We had a good time.

Our float was selected as second place in the miscellaneous category at the Hall County Parade in Memphis on Saturday, September 21, 1985. The following sure enjoyed the day. Skinnie Putman drove the van, Barney Baten acted as his co-pilot. Arts & Crafts group was represented by Nova Neuhaus, Don and Annie Wooten and Woody and Louise Argo. Hugh Neuhaus, Alta Adkins, Lucille Smith and Thelma Behrens played forty-two at the game table. Frank and Goldie Barbee, Manual and Willie Creager and Jack and Ilene Davidson represented the dance group. I was the music box holder. Thanks to you all for helping in this event.

Many business people and professionals have no idea that they -- and all they've worked for -- are exposed to costly private lawsuits.

In fact, the very hallmarks of success -- from yachts to handsome homes -- make business people tempting targets.

Civil lawsuits have increased from an estimated 10 million in 1967 to projected 14 million for 1982. By 1979, the average award in a fatal accident case was over \$350,000.

Yet the standard homeowners insurance policy typically provides liability coverage of only \$100,000. So a major lawsuit might endanger savings, a home, even future earnings.

Knorrp Insurance believes that people with important assets should consider personal liability umbrella policies. These policies will not protect against liabilities incurred in business -- but they will close some of the gaps that other types of coverage leave open.

Knorrp Insurance umbrella policy offers as much as \$10 million in protection -- and a million dollars in coverage costs as little as \$100.

KENT, ELIZABETH, and ASHLEY McElROY

Kent McElroy family going to Africa

Kent McElroy, his wife Elizabeth and their daughter Ashley have been in Texas for the past six weeks visiting his family and friends. Kent and his family have been studying in Switzerland for the past 3 years to prepare for the mission field.

Kent came to Clarendon with his parents Mr. and Mrs. Wayne McElroy when he was 6 years old. He graduated from Clarendon High School in 1972 and entered the U.S. Army later that year. Kent was licensed to preach in December 1973 at the First Baptist Church in Clarendon.

While in the army, stationed in Colorado, he did a lot of work and associated pastor work. Kent stated, "I knew that the Lord had called me to preach."

While stationed in South Korea he became acquainted with some British missionaries stationed there. Through them he gained knowledge of a Bible School in Swansea, South Wales.

After his discharge, he went to South Wales where he attended the Bible College of Wales in further preparation for the ministry. While in South Wales he met Elizabeth, who was studying Bible at the same school. They were married in 1977 in Belfast, Ireland.

After graduation they returned to the States. While here they pastored churches in the Denton area. While in Denton their daughter Ashley was born in 1981.

Wanting to become foreign missionaries they became associated with Worldwide Evangelization for Christ (WEC) in Ft. Washington, Penn. In July 1983 they left for Switzerland where they were to study Bible and learn the French language. They attended a school in Neuchatel, Switzerland for one year and studied another year in Emmaus Bible Institute in St-Legier, Switzerland.

Ashley attended a morning class for 3 hours each day and speaks fluent French and perfect English without any trace of an accent in either language. The McElroy family will be leaving for Dallas, Monday, September 30 and fly to London for three days. Then they will journey to Nairobi, Kenya for one week. While there they will conduct business then be flown by a Missionary Aviation Fellowship (MAF) plane to Zaire, East Africa. The first four months they will be at the mission station in Poko, while they learn the trade language called Bangala. The only other white person will be a 75 year old missionary lady from New Zealand. She will be helping them learn the trade language, African culture and African life.

While there Kent will have to hunt their meat much in the same fashion as our forefathers did on the early frontier. He will be hunting buffalo and antelope. They also must raise their own fruit and vegetables.

In January they will be going to Isiro Bible Institute which is a 4-year Bible College where Kent will be a professor. He will give all his lectures in French, which is the national language of Zaire. Approximately 40 students attend the college.

Elizabeth will be working with the student wives, teaching them and other women in Bangala language. Kent, Elizabeth and Ashley will adapt to the East African culture as much as possible. "We are not going to Africa to change their culture but to teach them Biblical truth," Kent stated.

All the students will be preparing for the ministry and will be working their way through the Bible College by working on a Mission owned coffee plantation, as well as other jobs.

The McElroys will be living only 4 degrees north of the equator which is hot all year long, with an average of 90 degrees. Elizabeth laughingly said, "They have two seasons, hot and dry, and hot and wet."

The family will be living with very little electricity. They will have solar panels and a little electricity from a 12 volt battery. They will be staying in another missionary's family home while they are on furlough. Elizabeth will teach Ashley and the 4 other Missionary professor's children in a home corresponding course. The wives of the other professors will also help teach the children.

After teaching in the college for four years, the McElroy family will return to the United States for a year furlough. After that has expired they hope to return to East Africa. This time they will build their own home.

The amazing thing about this missionary family is they receive no salary. They are totally supported by love offerings sent to them by friends and churches through WEC.

All gifts are sent to WEC International, Box 1707, Ft. Washington, Penn 19034. If you desire to help this young missionary family, you may do so by sending your contribution to the above address and mark it for the Kent McElroy family. WEC will see that they receive all love offerings.

Elizabeth stated, "One reason it is so easy for us to go is our families. Especially Kent's mother, who helps us in so many ways and trusts the Lord to help us. We are taking her only grandchild so far away. We just love and appreciate her so much." Kent's mother is Aliene McElroy, and anyone knowing this lovely lady can understand just what Elizabeth was saying.

Kent stated, "Living conditions to our standards will be so primitive to our way of life, so many hardships, but to the East African way of life it

will be considered very good. But the people are so loving and so appreciative of our being there. It is one of the most rewarding lives anyone could live. We would like to thank all of our Clarendon friends who give us so much support, financially and prayerfully. Each of them are a special part of our ministry and work. We will be so far away from home, and we really appreciate hearing from home folks. We get our mail about twice a week on a MAF plane and our address is P.O. Box 21285, Nairobi, Kenya, East Africa."

While in Clarendon the McElroy family has been visiting his mother Aliene, his brother and sister-in-law Jimmy and Kathy, as well as other relatives and friends.

Royce and Thelma Hall came home Tuesday from the Duane Naylor

home at Thalia where they got to see their newest great grandchild Kinsey Nicole and her sister Haley and parents Rhonda and Ronnie Naylor of Granbury. Danny and Cindy Naylor and Meagan of Stillwater were also guests of the Duane Naylors.

Marcia and Lindsay Watts of Lakeside, Calif. visited with Mr. and Mrs. H.A. Green enroute to Dallas to visit her relatives. They had been on a tour of Canada.

Richard Dingler's daughters came this weekend to put some phones by his chair and bedside as his knees don't respond to orders quite as fast as they used to. Glenda and Robert Cash of Topeka, Kansas, Joyce and Bobby Watkins from Odessa, Gene and Frances Gremland of Amarillo worked until supper time and then brought Richard and Ethel to the Warren Hardin home for supper. Younger family members to join them there were Donna June and Mitch Chappell and Paula and Lane Garvin and daughters from Silverton and Jo Ellen and Billy Cowan of Tullis.

Glenda and Richard Patterson enjoyed the company of Melissa and Christy Howard last week. Joy Nell of Borger came for them on the weekend.

The Bob Havens family attended the fair in Amarillo Saturday - that is if they did not get rained in.

Over four inches of rain put the community center road and some others under water and the salad supper was postponed. I guess until we need another rain.

Watt's Happening in Hedley

by Peggy Watt

Alfred Johnson had surgery in Amarillo last week. Viola and Wilma were with him. I talked to Walter Sunday and he told me Alfred would probably be home Monday or Tuesday.

Mother was called to Wellington last week to Collingsworth General Hospital where her brother, Titus Hoover, is seriously ill.

Fred and I took Guy, Keith Brinson, and Robert Gilbert to the Tri-State Fair in Amarillo Wednesday. It rained, of course. Fred and I managed to get into the livestock barn before we got wet, but the boys didn't mind the water. In fact, when the rain stopped, they rode the 'Wet and Wild' ride.

There were several new attractions at the fair this year. I saw a kangaroo for the first time in my life. It was at the 'Petting Zoo'. For 50 cents you could buy a little cup of feed and go into the pen and feed the animals. I didn't feed them but watched them through the fence. There were camel, llama, zebra, ostrich and several other animals that aren't native to the Texas Panhandle.

Dorothy Whitaker took Oressa Delaney to Amarillo to the doctor last week. I understand Oressa either taught Dorothy when she was in school or was in school with her.

Darrell and Clara Holland took their family to the fair Friday. T. and Nancy Mullins, Steve and Dan, went Saturday. Steven will never be the same. He got to meet all the Statter Brothers and even stayed at the same motel they did. He ate breakfast with Don Reid Sunday morning. How lucky can you get!

J.T. and Helen Lamberson and Jack and Sue Nivens went to the sale at Wellington Thursday. So did Bill and Kay Talley, Anthony and Vicki Knowles, Jack Stafford, Gerald Bland, and Woodrow Farris and Otis.

Fred and I went to Wellington Thursday. I visited my uncle, Titus Hoover, who is ill there. He's been moved from the hospital to the nursing home there.

Our daughter, Su-San, came home Sunday from vacationing in San Antonio and points of interest in South Texas. She didn't get to stay too long. She's taking a Medical Aide course at Amarillo College and didn't get to leave until Wednesday. All she brought me was a cup that says 'World's Greatest Mother'. She knows that's not what I wanted.

Mr. Charles Clark from Amarillo visited the United Methodist Church Sunday morning on behalf of the Giddeons. The Giddeons are a group of businessmen who, at their own expense, travel around the country giving away Bibles. They give them to school children, nurses, and anyone else who wants one. They place them in hospitals, motels, hotels, and other public places.

Seven month old Cierra Whitaker flew in an airplane all the way from Yakima, Washington to bring her father, Bill, to visit his parents, Murrell and Dorothy Whitaker. Sunday they attended a family reunion at Lefors. Murrell's aunt, Mrs. Leona Dorsey, hosted the event which was held in the Lefors Community Center.

R.L. and Marie Norton of Memphis spent Saturday evening with her parents, Roy and Juanita Brown. Marie was celebrating her birthday and Roy treated her to cake and ice cream. I don't know how old Marie is but know exactly how old R.L. is.

Laqueta Cox and Amelia Holly visited Pick Cox at Stinnett last week. Carl came home for the weekend. He had been cast in the play which Amarillo College will be presenting this year. He is one of two freshmen to get parts in the production. Congratulations Carl.

James Potts and James Edward Potts left Monday for Corpus Christi to get their cotton pulling equipment.

Tode and Mattie Laura Hill were in Memphis last week for Tode to get his driver's license renewed. I hope he remembers that he's supposed to take things easy after suffering from a heart attack.

Ed and Ruby Lovelady came from Phoenix, Arizona to be with her parents, Mr. and Mrs. Elmo Kennedy when he has to have eye surgery later this week. They will be here for about a month.

Johnny Hoggatt of Tulsa visited his parents, Bud and Betty Hoggatt and James last week. Johnny works with the State Parole Office.

Clarence and Wilson Stephens received word last week that their brother, O.D. Stephens of Roswell, New Mexico was in the hospital there suffering from a heart attack.

Mike and Cindy Chilton, Kandi and Kristi of Pampa visited her parents, Otis and Margaret Holland during the weekend. The girls attended church at the Baptist Church Sunday morning.

Leon Foster is home from the hospital in Amarillo where he underwent tests last week. Drucilla McBryer came to be with him. He will start treatments later this week.

Eva Canada had surgery in Amarillo Monday morning I understand.

Jane Wood and Lorene McCrary, Shawna and Shanna enjoyed Saturday's performance of the Ice Capades.

Sue Weatherly took two Hedley floats to the Hall County celebration parade Saturday. Otis Holland drove the bank float with an 'I Love America' theme. Miss Cindy Lee, the Little Future Queen, and the Future Queen contestants rode it and Ricky Springer drove the Lion's Club float with Queen Tammy Osborne and the queen contestants, Susan Phelps and Tina Shields riding it. I didn't hear if they won any prizes, but know that Sue Weatherly has built some beautiful floats during the past years.

Shirley Johnson spent several days working on her ranch in Childress County last week. I think she discovered muscles in places she didn't even know she had places.

Mike Darnell is working in Miami but is living in Mobeetie at the present time. He was working in Spearman, not Stinnett or Stratford. Oh well, I knew he wasn't living and working at Hedley.

Marty and Sis Martin took their kids, Matt and Kendra, and their parents, Mrs. Nellie Martin of Childress, and Blackie and Shirley John-

son to the fair in Amarillo Friday. Blackie and Marty took the little ones to the mid-way while the ladies enjoyed the George Strait show. Blackie was too chicken to ride any of the rides, but Marty wasn't. He got sick!

The West Texas Gin ginned the first bale of cotton for the season last week. The cotton belongs to Jack and Sue Nivins. It weighed 1800 pounds and turned out a 430 pound bale with 820 pounds of seed. It was hand pulled by Jack, Forrest Morton, Keith Brinson, Guy Watt, and Vernon Patton. There might have been others helping. Flossie Wood intended to help, but I don't know if she got to or not. The day I went to take her picture, she wasn't there. I suppose this is the bale that the Lion's Club will buy to give away at the Cotton Festival.

Speaking of Cotton Festival it will take place in downtown Hedley on October 13 and 14. Blackie Johnson is in charge of the entertainment and he has some really nice entertainment lined up. Everyone in town is getting ready for it. The school classes are planning their booths, the queen contestants are busy selling tickets on the bale of cotton to be given away and Sue Weatherly is working overtime on the floats. I sneaked a peek at them, and they are bound to be the prettiest ones she's ever built. I'm going to take some lessons from her and build one for myself.

The tutorial program which is now required by the State of Texas was put into practice Monday, September 23. Any child who is making grades below 70 in any subject may receive tutoring from the teacher before or after school. It is the responsibility of the parent to see that the child gets to and from school. Notices were sent home from school by every child who is currently making grades below 70 in one or more subjects. These notices are to be signed by the parents and returned to the school.

The Senior class of Hedley High met recently and elected officers for the school year. Those elected were Ricky Springer-President, Tony Monroe-Vice President, Stephanie Holland-Secretary, Kelley Harmon-Reporter, Kyndle Longan-Treasurer. Mrs. Cheryl Pickard is the Senior sponsor.

The classes are getting ready for the Cotton Festival. As usual, the Seniors will have the Bingo Booth. If you have any white elephants you would like to donate to this project, you may take your donation to the school or give them to any senior.

The Junior class will have a food booth at the Cotton Festival. They haven't decided exactly where yet but will have prominent signs to designate the location. Mr. Collins is the Junior sponsor.

The FFA and FHA will have a food booth selling barbeque sandwiches, cold drinks, coffee, and chips. Their booth will be located in the old post office building. Mr. Pickard is the FFA advisor and Mrs. Pickard is the FHA advisor.

The Vocation Advisory Committee met in the Homemaking room Monday, September 23. The committee consists of Bill Hill, Mary Clubb, Peggy Watt, Cheryl Wiggins, Jose Andiverdi, Dana Bell, and Ben Carson. Bill Hill was elected chairperson of the committee. The purpose of the committee is to work with the vocational teachers in providing a link between the vocational programs and the community in establishing better relationships. They will assist in evaluating the adequacy of the school facilities, equipment, and supplies in obtaining needed equipment, and determining who will receive the FFA-FHA scholarship which is awarded each year to a graduating student who has met certain requirements set forth in the guidelines of the scholarship. The funds for this scholarship are being held at the Security State

Bank, and any interested person may contribute to it there.

Bill Hill, Mary Clubb, Peggy Watt, and Cheryl Wiggins were present. Mr. Carson, Mr. Bell, and Mr. Andiverdi were unable to attend.

The FFA advisor Mr. Hoss Pickard and the FHA advisor Mrs. Cheryl Pickard were also present.

From The PEN of PASTOR PINION

Charles Spurgeon was once asked to describe the characteristics of a genuine revival. He named the following:

1. An uncommon eagerness to hear the Word of God, and an unusual readiness to speak and be spoken to about the interests of the soul.
2. An unusual sense of sin and personal unworthiness, together with a readiness to unite in prayer for pardon and holiness.
3. A deep appreciation of the atoning sacrifice of Christ, and a joyful acceptance of Him as personal Savior.
4. Personal consecration and covenanting with God in the Spirit of grace, accompanied by reformation of life and manner.
5. Great delight in secret and social prayer, and in all the ordinances of God.

6. An uncommon sense of the nearness of God, with joy in the Holy Ghost, and abounding thanksgiving and praise.

7. Increases fervor of love and deepening sense of unity among Christians.

8. An extraordinary concern for the salvation of others, and boldness in testifying to the grace of God in His Son.

Wouldn't it be wonderful if our city, state and nation would experience genuine revival?

The Lion's Tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Thirty members, Lion Sweetheart Jessie Adams, assistant secretary Lisa Winsor and six guests were present. Following the regular opening ceremony Boss Lion Winsor made a noble attempt to read the names of the guests who were Lion Mel Roush of Alma, Michigan, guest of Lion Sharrar, Larry Boston, Farm Bureau representative from Amarillo, guest of Lion Spier, and the following who were guests of the club in connection with the program today: Maurice Risley, Bill G. Thornberry, Dennis Rattan and H.C. Shaw. Program chairman Smith introduced Maurice Risley who told us some of the accomplishments of the Clarendon football team of 1940. The four Clarendon guests were members of this team. He also had a list of Clarendon merchants who took an ad supporting the team that year.

PUBLIC NOTICE TO THE PEOPLE OF DONLEY COUNTY

There has been some confusion about dumping trash, for the rural area of Donley County. The way the trash dumping system is set up to work is as follows: The people within Clarendon City Limits who have trash that will not go in their dumpster, take their trash to **ROLL-OFF CONTAINER** across the railroad tracks, north of Gibsons and dump their trash in there. Howardwick, Greenbelt and Hedley have their own dumping facilities. The people of the rural, out of city limits, take their trash to the **ROLL-OFF CONTAINER** on the southwest corner of the old dump grounds. The rural **ROLL-OFF CONTAINER** operates by a compactor system. Trash is dumped into the hopper only, and is compacted into the large **ROLL-OFF CONTAINER**. Any article larger than hopper must be reduced in size before compacting. This is the responsibility of the person dumping into the hopper. **PLEASE** help us keep our dumping area clean.
