FATE PASSES OFFENDERS INTO ARMS OF THE LAW WITHOUT DELAY

On the night of March 21 of this year, the service station of the Donley County Consumers at the east edge of town on Highway 370 was burglarized. A small radio, several auto tires and two tractor tires, grease guns, cigarettes and other articles were missing next morning when manager Thompson Wright came to open up and found the locked door had been broken open.

Two days later, two young men had stopped on the highway near Abernathy. Two highway patrolmen coming up, sensed that familiar "hunch" well known to men whose profession leads them to seek offenders of the law. Answers to questions, and the character of the cargo of the coupe aroused further suspicion. About a third of the goods stolen here is said to have been found in the car, and the two young men were arrested on suspicion, prior notice of the crime having been relayed to the patrolmen.

The suspects gave their names as Clinton Kyle, 29, and Lindsey Blane, 23, both claiming Paducah as their home. In making confessions later, the accused stated that the other portion of the loot had been sold in Amarillo the day following the burglary.

These young men pled guilty to two charges each here Tuesday, felony theft and burglary, and Judge Moss gave them four years each on each count, the terms to run concurrently.

They are said to be wanted at other places for similar crimes, and are being held here for officers of the south plains.

COUPLE HAS THIRTY-NINE GRANDCHILDREN

Moving back to the Holland farm near Martin are Mr. and Mrs. W. J. Holland. They have been in Amarillo for some time. They have been married 49 years, have 39 grandchildren and 10 great grandchildren. They are already planning their golden wedding anniversary next February 7th.

PROMINENT WINDY VALLEY FARMER IN HOSPITAL

Mr. I. M. Noble was brought to Adair hospital Monday suffering from a complication of ailments. He is said to be showing some improvement at this time. Mr. Noble has resided in the Windy Valley section of Donley county for more than twenty years.

COUNTY OFFICIALS OF TEXAS ASKED TO COOPERATE IN ANTI-USURY FIGHT

Two hundred fifty-four county judges and commissioners' courts and three hundred thirty-five district and county attorneys in Texas have been advised by the Texas Anti-Loan Shark Committee that, according to the Committee's investigation, the loan sharks take over \$40,000,000.00 in usurious interest from the wage earners and small borrowers of Texas annually ranging from 240 per cent to 1,200 per cent per annum.

This amount of money, the Committee states, would pay thirty million dollars in old age pensions, over seven million dollars state automobile license tax, two and a quarter million dollars executive and administrative expense of the state and a half million dollars in proposed \$3,000.00 annual salaries for members of the legislature.

House Bill No. 420, the Committee states, will save this money for Texas.

ARMSTRONG PIONEER DIES IN CALIFORNIA

Mrs. R. D. Doak of Riverside, California died Friday, the 7th.

Mrs. Doak was formerly a resident of Claude. She and the late R. D. Doak were pioneers of Armstrong County, moving there from Missouri in 1895. She leaves a daughter, Mrs. R. A. Moore of Riverside, and two sons, J. L. and Hugh, both of Claude. Funeral services were held in Riverside Monday.

ATTEND CHURCH MEETING

Rev. R. S. McKee and Ed Dishman left Tuesday to attend an official meeting of the Presbyterian church in Dallas. The Presbyterian will be in session several days.

Shall Bossie Be Arrested?

The matter is squarely up to you. If the family milk cow, or any other animals get out and molest your affairs, call the City office. City Marshal R. T. Brown has been instructed to take charge of the animal, put it in the "pound" and charge a dollar for its release.

Fruit Damage Is Slight

The recent freeze failed to kill the fruit crop as was first surmised. The damage was heavier on the lowlands, as usual, but on the higher elevations, the damage will be less than 25 percent, informants state.

Late blooming apricots had not blossomed. Cherries, peaches, pears, apples and plums appear to have escaped with a general average of 75 percent.

OLD TACK RINGS THE BELL IN HIS COLUMN TODAY

"Have you read 'Old Tack's' column this morning?" remarked Rev. J. Perry King as he came to the Leader office this morning. The minister was thoroughly in accord with the wisdom expressed by the noted columnist of the Amarillo News. He had shown the column to several. And so had the editor of the Leader.

A large number of Clarendon citizens compliment Old Tack for his fine article, and advise others to read Old Tack's explanation of the war situation and its probable effects.

INDIGENT BURIAL PRICE IS SET BY COMMISSIONERS

At a meeting of the County Commissioners Tuesday, the price of pauper burial expense to the county was set. The maximum for grave digging, dress and other expense for adults is set at forty-five dollars, and for children, the county will pay up to twenty-two dollars. Seldom is the county ever called upon to bear an expense of this nature.

REPAIRS BEING MADE ON MITCHELL RESIDENCE

Damaged by fire several months ago, the residence on East First street owned by Mrs. Irene Mitchell of Dallas, has remained just as the fire left it. This week Mrs. Mitchell came to supervise the repair of her property. Speed Bros., well known contractors and builders, have charge of the work that is to restore this property to a very presentable appearance.

PRESS CONVENTION MEETS IN AMARILLO FRIDAY

Tomorrow and next day will see a gathering of the publishers and printers from all over the Panhandle in their 30th annual convention.

Harry Koch of Quanah, L. D. Shaw of Higgins and Frank R. Jamison of Denver, pioneer newspaper men of this section, will be special honor guests of the Convention.

ROWE RANCH BREEDING STOCK CHOICE PANHANDLE PRODUCTS

The Rowe ranch of approximately 55,000 acres, is not really a ranch. It is a business institution located principally on the north side of Salt Fork. W. J. Lewis is the owner. He appears to be a prosperous business man rather than a rancher. No boots, broad brim hat or other western regalia. Just plain and common sense.

Mr. Lewis is a friendly sort of fellow, has the largest single-handled ranch properties owned by one individual in the Panhandle, and knows his cattle thoroughly. Just recently Mr. Lewis purchased around 1,400 head of good breeding cows from the celebrated Coon & Culbertson ranch near Dalhart. His purchases from this ranch alone will run around \$200,000 annually, it is said. Of course cattle are being sold off the Rowe ranch most any time the market is right.

Mrs. Lewis is the author of "Between Sun and Sod," an authentic history of ranches and ranch history of the Texas Panhandle. The book is really the most accurate of any yet written, according to the opinion of a large number of old-time ranchers who have read the book.

LOCAL MEN ARE SEEING CANADA THIS WEEK

A personal report from Detroit would indicate by great odds that Messrs. Elmer Palmer and Cap B. Morris are seeing things. They have "done" all the sights on the states side of the line, and had transferred over to Canada at last accounts late Wednesday. They are guests of the Ford motor company.

CALIFORNIA FOLKS HERE

Mr. and Mrs. C. L. Smith of Los Angeles are visiting her parents, Mr. and Mrs. R. C. Weatherly. They are accompanied by Mr. and Mrs. Frank Murray, personal friends. Mr. Murray has a strong penchant for seeing the JA ranch at first hand.

W. A. POOVEY

Having served as chairman of the County Board of Education for some twenty years is a feat of which any man might well be proud. In the election April 1st, Mr. Poovey led the field of four candidates. He received more votes than all the others combined. That may be another record-breaker.

Voters "take" their choice in Donley county in affairs of this nature. There is no one to "run" for a place on this Board. The other candidates to receive substantial votes of confidence were R. L. Duckworth of Bray, W. M. Pickering of Midway and Supt. H. T. Burton of the Clarendon schools.

Legion To Present Child Welfare In Memphis Program

Members of the American Legion and Auxiliary for the 18th District will meet in Memphis, Wednesday evening, April 19th, in their regular monthly meeting. Memphis boasts one of the largest legion halls in the district and is expecting to entertain 400 visitors.

The meeting is to be dedicated to Child Welfare and Dr. E. W. Jones of Wellington will speak on the subject of Child Welfare and Health. He will be introduced by Mrs. Roy Guthrie, local Child Welfare Chairman. A report from the 25 units of the district on progress made in child welfare, will be given.

Mrs. John Deaver, Auxiliary President, and Chas. Maisel of Pampa, District Commander, will preside at the business session.

PINK PARISH OF LUBBOCK DIES MONDAY

Former state senator Parish, 58 and native of Jack county, died Monday of double pneumonia following a leg amputation Friday preceding. He was county judge of Crosby county, mayor of Lubbock and one of West Texas' leading politicians during his active career.

CHILD IS PAINFULLY BURNED HERE SATURDAY

Jesse Cleo, 4, a son of Mr. and Mrs. J. E. Bureh, was painfully burned Saturday when he fell upon a bath-room stove at his home. The left side of his face was affected most. Prompt medical attention is bringing the little man around to normal again in a hurry.

METHODIST CHURCH GETS NICELY DRESSED UP

Much needed improvements have been in the dining room and kitchen of the Methodist church recently in the basement. Attention is now being given to the main auditorium where Carl Tyree has charge of the painting and decorating. The walls will be of a light ivory. Those who have looked at the work in progress, are highly pleased with the appearance and the skill employed.

MRS. E. A. SLOAN HAS BEEN ILL THIS WEEK

Reports indicate that Mrs. Sloan is not improving at this time as her friends would like to see. She is being cared for by her daughter, Mrs. Bess Rolfe.

Mrs. Sloan has been in failing health practically ever since the death of her husband some two years ago.

Hospital Notes

Among those listed at Adair hospital this week is Miss Gladys Holly of Ashtola.

Mrs. F. E. Sawyer is a hospital patient at this time.

I. M. Noble of Windy Valley, admitted Monday, is reported doing very well today.

CLARENDON SCHOOL IS HONORED AGAIN

For the fourth consecutive year, no objections have been raised against the standard of work of the local school when passing muster for a place on the honor roll of membership in the big Association. The following letter is self-explanatory:

State Department of Education, April 4, 1939
Mr. H. T. Burton
Clarendon, Texas.

Dear Sir:
I am very pleased to notify you that at the annual session of the Southern Association of Colleges and Secondary Schools held in Memphis from the 27th through the 29th of March, your high school was elected to membership in that body for the current year.

The action of the Membership Committee with regard to your school is significant in that not a single criticism was voiced against your high school. May I not indulge the hope that you will continue to improve the status of your high school from year to year and thus justify a continuous membership in the Southern Association.

Yours very truly,
J. W. O'Banion, Chairman
State Committee.

NEW COTTON PLAN

Mr. Hudson at the County Agent's office, today was notified that 1939 conservation program has been amended.

"From this wire we assume that producers will be paid on their cotton acreage allotment regardless of whether any cotton is planted in 1939, provided farming operations are carried out on the farm."

Baby Beef to Strut His Stuff While Public Guesses Weight

That baby beef that will be seen on the street here Saturday will be the center of an advertising stunt on the part of the Russell Markets. Look at the steer and guess his weight dressed. Fred Russell is advertising the fact in this issue of the Leader. He says the nearest guess gets a ten-pound roast free. If more than one guesses the exact weight, each guesser will get a free roast. There is no strings to the stunt. You don't have to buy a thing. Just register your guess at either of the stores named in Mr. Russell's advertisement.

Union Church Service To Compliment Pastor

Every Woman Here A Marshall

"Tell the good women of our town that every one of them is hereby appointed a City Marshall with full authority to behead stray poultry molesting their flower or vegetable gardens," Mayor Connally stated Wednesday.

"And you might further tell them that since they are executioners, they can eat or otherwise dispose of the bodies of the chickens or poultry as they see fit," stated the Mayor by further clinching the bargain.

Many a flower lover and home beautifier will regard that information as the most important that has come from the Mayor's office in Clarendon in a long number of years.

POPULAR PHYSICIAN WITH FAMILY VISITS HERE

By phone call and personal visits, friends of Dr. and Mrs. Oscar L. Jenkins and daughter Margaret Ann, made their Easter visit in Clarendon most enjoyable. His many friends will be glad to know that the good doctor is making some progress toward regaining his normal health. They returned to their home in Dallas Tuesday. They expect to spend the summer here, it was learned.

His agreed birth date is April 11, 1849.

TRIBUTE TO "CAL" ATEN

"When I think of the last great roundup, on the eve of eternity's dawn, I think of the host of cowboys who have been here and have gone. And I wonder if any will greet me on the banks of that evergreen shore, with a hearty "God bless you old fellow," that I've met with so often before.

Boys, as the sun slowly sinks into the western horizon, the hoof prints all point toward the Home Ranch over the Great Divide—a land from whence no rider of the range has ever returned."

The beautiful sentiments expressed above were brought to me by an old cowpuncher on the XIT who knew and worked with Cal Aten years ago. So many other old-time cowpunchers who knew Cal Aten wish to pay his memory proper tribute. That tribute may be short, but a portion of a cowboy song perhaps, but the world long ago learned to class those kind of tributes as the most sincere ever written or spoken by man since the dawn of the Christian era.

Who knows most about Building cars?

Ford has built more than one-third of all the automobiles ever built in the world

Look at these FORD FEATURES

- **STYLE LEADERSHIP**—The luxury car in the low-price field.
- **V-TYPE 8-CYLINDER ENGINE**—Eight cylinders give smoothness. Small cylinders give economy.
- **HYDRAULIC BRAKES**—Easy-acting—quick, straight stops.
- **TRIPLE-CUSHIONED COMFORT**—New flexible roll-edge seat cushions, soft transverse springs, double-acting hydraulic shock absorbers.
- **STABILIZED CHASSIS**—No front-end bobbing or dipping. Level starts, level stops, level ride.
- **SCIENTIFIC SOUNDPROOFING**—Noise hushed for quiet ride.
- **LOW PRICES**—Advertised prices include many items of desirable equipment.

THERE are more Ford cars in use today than any other make. And there are more Ford V-8s than any other 8-cylinder car.

The 1939 Ford V-8 represents the broadest experience in building cars any manufacturer ever had. You will find values in it far beyond what any other maker can put into a car at the low Ford price.

Ford performance, traditional for a generation, has reached new heights in the 1939 V-8.

And now Ford style leadership is equally outstanding. "The smartest cars on the road" is the way owners describe their new Fords. Smartest in action. Smartest in appearance. Leaders, as they deserve to be.

TEMPLE OF TRUTH

By the Apostle

It's pretty darn tough when you come to think of it, that our national leaders continue to pet along the worst depression we have ever had, when otherwise, we could be devoting all our time to dabbling in foreign affairs.

A government expert has solved the flood problems of the Ohio Valley. He suggests that all the folks move into the hills back of town. But who wants to miss the excitement?

A bombing plane that can circle

the earth is the ultimate possibility, says a noted airplane mechanic. This in case the nazis take the earth and we want to knock ourselves out.

THE SECRET IS OUT.

We have often heard the remark made of a girl who married an unprepossessing young man. "For heavens sake what did she see in him?" A local woman who might be numbered among this class answered the question recently. "When I was home I had no rights that any one respected. My sisters wore my clothes without permission and my family upheld them in it. My brothers were constantly hounding me for money. My room afforded no privacy. My personal mail was opened and read. Everything I did was criticised and picked at. I married the first man that came along ten years ago and he has never failed to show me more respect and consideration than my family did." This may be the answer in many instances to the often asked question: Why do girls leave home?

WORSE THAN CALF STEALING.

A delinquent taxpayer is far more of a criminal than a murderer or gangster. If you don't believe this, look up the record of Al "Scarface" Capone. He had committed every form of crime on the statute books and could be sent to prison only for failure to pay an income tax.

FINGER WAVE—Signal by a lady driver that she is either about to turn to the left, the right, back up or merely knock the ashes off her cigaret.

Well, here's ex-King Zog with a batch of gold braid and a depleted mustache showing up at Doorn and saying, "move over Bill, it's my turn at the saw."

Did you know that in some cities that as soon as an old house becomes an antique, the authorities boost the taxes accordingly? Who started this antique craze, anyhow?

GEMS OF MEMORY.

In the sunset of life when two boys grown old with marks of time against them, still maintain that devoted friendship through the years, others may take new hope from the brave spirits who keep alive the Brotherhood of Man. Just a few days ago, a very fine citizen brought to my desk a tribute to a former friend and cowboy with whom he worked on the XIT ranch in the long ago. "I just wanted to pay Cal a tribute," he said. "Fix it up just like you think it ought to be, and that will be alright with me and the other fellows who knew and liked Cal Aten." That article appears in this issue just as he wrote it out. He thought of the old songs and therein found expression for his

thoughts. I shall agree with him that the words are gems within the memory of every old-time cowhand. Change that tribute? Never! There is all the sincerity of human association wrapped up in every word. What more could one ask? And this good man remarked as he left: "Just sign it 'By XIT Friends' and leave my name out." That's typical of the sincerity of the frontier man. He asks no plaudits from his fellow man because his actions are based upon sincerity alone.

Fate often puts all the materials for happiness and prosperity into a man's hands just to see how miserable he can make himself or to what extent he will prosper. It is not necessary to be endowed with qualities of a genius, when an organized life and a willingness to do the things that MUST be done, prove such a good substitute.

Eugenia Noland Becomes Bride of Robert William Boston Here Sunday

Miss Eugenia Gayle Noland, attractive daughter of Mr. and Mrs. Eugene H. Noland, became the bride of Robert William Boston in an impressive ring ceremony Sunday morning at 9 o'clock with only a few relatives and close friends attending.

The nuptial vows were spoken at the home of the bride's parents with Dr. G. S. Hardy, Methodist minister, officiating. Dr. Hardy also performed the ceremony uniting the bride's parents 35 years ago.

Easter lilies, sweet peas and ferns in tall vases and tall white tapers

burning in candelabras furnished the background for the ceremony.

Before the nuptials were read, Miss Vera Noland, sister of the bride, lighted the candles. Then the bride and groom entered to the strains of the wedding march from Lohengrin, which was played by Mrs. Lloyd Benson, life-long friend of the bride. "I Love You Truly" was played softly as the vows were spoken.

The bride wore a becoming dress of navy triple sheer crepe with tulle and chartreuse accessories. Her corsage was of gardenias.

Immediately following the ceremony, the couple left for Roswell, New Mexico and other points of interest.

The bride is a graduate of Clarendon High School where she was very popular among her classmates, being Pep Squad leader for three years and attended Clarendon Junior College. For the past year she has been employed in the County Agent's office here.

"Bob" Boston, son of Mr. and Mrs. U. J. Boston of Clarendon, is also a graduate of Clarendon High School and of New Mexico Military Institute. He will receive his B.B.A. degree from the University of Arkansas in June where he is now attending school and is a member of Sigma Alpha Epsilon fraternity.

They were hidden in two groups, one for the small children from three on, and one for the boys and girls from three up to eight.

Each one carried a lovely colored basket, which little Miss Annesse Rattan and Master Larry Nichol were rewarded of finding the most.

Mrs. Andrew Robertson and Mrs. Lois Percival arrived a little late for the hunt, but it was arranged that all the children found eggs.

There were twenty-five present which all enjoyed the warm afternoon.

At the close of the meeting, Sunshine Pal gifts were distributed to each member by Mrs. Fink. The club will meet at the home of Mrs. W. A. Davis Friday, April 21 at 2:30 p. m. Betty Lewis Becomes Bride Of Thomas Slick on Saturday

The wedding of Miss Betty Lewis, daughter of Mr. and Mrs. William J. Lewis, 5433 Gaston, and Thomas Baker Slick, Oklahoma City, son of Mrs. Charles F. Urschel and the late Thomas Slick, Oklahoma City, held Saturday at 12:30 p. m. in Dallas, was one of the most interesting nuptials of the spring, for the couple and their parents have prominent positions in the social and civic life of their two cities.

The marriage was performed at the Lewis home with members of the family, guests from out-of-town and the bridesmaids and groomsmen in the large wedding originally planned attending. Arrangements for the church wedding were changed because of the recent death of the father of Mrs. Lewis, Lee Newbury.

Decorations at the Lewis home were done in the colors and design of the plans of the church wedding. The altar represented a corner of a formal garden with evergreens outlining its oval shape. In front was a crisp hedge of boxwood over which peeped red geraniums. Dr. Umphrey Lee, president of SMU, officiated.

The bride, who was given in marriage by her father, wore a lovely gown, in a regency model, of deep ivory satin. Over the sweeping train fell billows of illusion that were brought to the head by a small hat trimmed with rosepoint lace flowers. The lace was from the wedding gown of Mrs. Lewis. Mrs. Slick's handmade lace handkerchief was woven in a French convent and belonged to Miss Sara Cowart, at whose private school Mrs. Lewis was educated. The bridal bouquet of white orchids completed her costume.

Miss Anne Lewis, the sister of the bride, attended her as maid of honor. She wore a chartreuse frock with a flared skirt and tailored bolero.

Her off-the-face hat, patterned with large geranium leaves, was topped with a tiny bouquet of scarlet geraniums and swathed in veiling. Her flowers were a full bouquet of yellow jonquils mixed with red tulips.

The youngest sister of the bride, Miss Joan Lewis, and Miss Betty Slick, Oklahoma City, the sister of the bride-groom, were bridesmaids. Their frocks were fashioned like the maid of honor's and they carried muffs of the geranium leaves tipped

with a tiny cluster of the red flowers.

Earl Slick, Oklahoma City, attended his brother as best man and the groomsmen were Charles Urschel Jr., Oklahoma City, and William J. Lewis Jr. A quartet of male voices furnished the wedding music.

The bride went to Mrs. Taylor's Primary School, Hockaday and last June she was graduated from Vassar. This season she was one of Dallas' most popular debutantes.

The bridegroom went to Exeter and received his degree at Yale Uni-

versity in June '38. He is a Phi Beta Kappa.—Dallas News.

As a result of a swine production program started by the Clarendon F.F.A. Chapter two years ago, the local group is recognized throughout the state today as having the most extensive and successful program of any chapter in the state. Starting with six registered females, two years ago, the program has grown until over 50 registered gilts and sows bred for fall pigs are now owned by chapter members. The number of registered females is evenly divided between the Hampshire, Poland-China, and Duroc Jersey breeds.

With the aid of E. S. Ballew, a local Hampshire breeder, the chapter has been able to secure outstanding hogs from a number of world champion blood lines. A son of High Scorer, many times world champion Hampshire boar, has been used by the chapter in its program, and Johnnie Leathers, a chapter member owns a son of Smooth-Goin, reserve world champion Hampshire boar in 1938. Ballew has been prominent in aiding the club boys in their work, as all breeding females have been secured either directly or indirectly from his stock, and the major portion of the Hampshire stock was bred by Ballew.

The chapter owns three registered boars, one of each of the three breeds, its members own. The Duroc Jersey boar was secured from the Texas Agricultural Experiment Station, and the Poland-China was secured from a Panhandle Club boy who showed the Grand Champion Barrow at one of the recent Amarillo Fat Stock Shows. The boar club plan was inaugurated last year. The

chapter buys the boars and places them with some individual member who cares for the boar for two breeding seasons, at the end of which time the boar becomes the individual property of the boy caring for him. Members who breed their females to the boars pay a nominal breeding fee to build up a fund to replace the boars at the end of the period of their usefulness.

Over 500 pigs have been fed as F.F.A. projects during the current school year. Self-feeders are used extensively in feeding, with a total of 42 in use by the forty chapter members. Home grown rations are featured with kafir and milo forming the basic grains. Tankage, cottonseed meal, and alfalfa are used as supplements to balance the rations along with proper minerals. The grain sorghums have proved equally as effective as corn in results secured by the youthful feeders.

CORRECTION!

Due to an error on the part of the typist cutting the stencil of the list of contributors to the 1939 Donley County Fat Stock Show the names of Watson & Antrobus \$5.00, and Frank Whitlock \$1.50 were omitted from the mimeographed list. The directors of the show wish to thank these gentlemen for their generous donations to the premium list and to express their apologies for the error.

Mrs. Lena Antrobus, Mrs. Maher and daughter Marilyn spent the week end visiting her daughter, Mrs. Stargel in Okla. City.

Oscar Castleberry attended to business in Okla. City over the week end.

Farris Dozier of the CC camp at Burnett is at home again.

Mrs. Virgil Cheves is visiting her sister in Dumas.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Had a good day at McKnight Sunday. Pastor preached in the morning and Bro. Biggs in the evening. Had nearly a full house in the evening and signs of much deep thought. Our revival services through the week had many drawbacks. The wind blew, clouds threatened, the rain came, and the snow fell. The pastor was sick and unable to attend from Tuesday evening until Sunday morning. The attendance was far below what it should have been, but only one evening services was wholly vacated and that on account of rain. Bro. Biggs made a good impression on the people and his messages enjoyed by all who heard him. Think we can safely say that if he had even had a chance he would hold a mighty good revival. Many thanks to him for his faithful services. Don't forget the District Conference at Wheeler the 18 inst. We want Clarendon Circuit to have the largest delegation of all and be able to get a full share of inspiration, and return to Clarendon Circuit with new zeal and determination for the prosecution of our work. We have much to do and a very short time to do it in. In the name of the Lord Jesus only can we be able to do it. Next Sunday afternoon all the stewards and as many others as will attend are called to Memphis to hear Bro. Nichols our Conference Lay Leader. Let's all hear him. Next Sunday we go to Goldston.

We are always anxious for the time to come. A month is too long for a pastor who loves his people to be away. No one who loves his pastor and the Lords work will absent himself from the services except for good honest reasons. We beg that you take an new life and recoverment with the Lord to be more faithful. Not many have been to see the good work that has been done on parsonage yet. Maybe you think we are just joking. Come and see.

TOURIST TRADE BOOSTS PROSPERITY

Maybe We Can Help You 'Make Up Your Mind' There Is a Solution to Every Electrical Problem

Your Electric Servant Offers these

FREE SERVICES

"I wish I could make up my mind" is a common complaint. It is then that you need the seasoned experience of an expert if your problem concerns electrical usage. That is why Your Electric Servant maintains a staff of trained men and women at vantage points throughout West Texas, available to you almost at a moment's notice. Their services are FREE. They want to help you. In addition to industrial power engineers, serving cotton ginners, oil and gas producers, and similar industries, this company offers you the service of lighting advisers, air conditioning experts, and home economics specialists to assist in planning your all-electric kitchen. Either telephone, or mail the clipping below, to our nearest local manager if you need any of the free services listed here.

F. H. A. INFORMATION—In most cases you can include modern kitchen equipment in F. H. A. loans for building or reconditioning homes. Electric appliances, giving you an ALL-ELECTRIC kitchen with the cost included in the F. H. A. loan, may be purchased on this low-interest, long-term arrangement.

KITCHEN PLANNING—If building a new home or remodeling, let us help arrange the kitchen to save steps, time and labor. Complete plans in color will be drawn (free of charge) so that you may have an exact picture of your kitchen before construction begins.

ELECTRIC COOKERY—One of the home economists is located in your vicinity to help you obtain all the many benefits of the electric range. Her service is free. She gladly will visit your home and provide any information you may need, i. e., home-canning, menu-planning, operation of the range, or similar varied usages.

AIR CONDITIONING—If you plan to air condition either one room or your entire home, office or business firm, let us help make a free survey and obtain for you complete information about equipment and costs. It is particularly desirable to "plan ahead" if building or remodeling. You can save on wiring and air duct expense.

LIGHTING ADVISORS—Educational work in the lighting field, helping you to eliminate glare, injurious to eyesight, and the proper placement of I E S lamps and usage of lamp shades, as well as information as to proper-sized bulbs, is a free service.

ELECTRIC REFRIGERATION—It is essential to plan for the future. The size of the refrigerator and its location should be based on your individual requirements with regard to convenience and step-saving. Our refrigeration engineers will assist you with either residential or commercial problems. Their services are free.
