City sales tax rebate taxes

up 1%

State Comptroller Bob Bullock Thursday said rebates of the optional one-percent city sales tax this month total \$37.9 million.

The March payments will raise 1981 payments to date to more than \$162.5 million, up \$23.8 million over the first quarter totals last year.

Clarendon received \$4,874.71 this period. For the same period last year the amount was \$9,120.90.

However 1981 payments to date are \$23,143.46 up over \$22,896.22 for 1980 to this date.

This is up 1% for the 1981 period to date.

Bullock said most cities received smaller payments this month compared to March of last year because of the change in the agency's accounting period and processing timetable but that generally 1981 payments to cities are running well ahead of the 1980 rebates for the first three months.

The city tax is collected along with the state tax by merchants and businesses and rebated monthly to the cities in which the tax is collected by the Comptroller.

Day Care issue tabled

About 30 persons attended a meeting slated for the citizen input concerning the use of Revenue Sharing Funds held at 10 a.m. in the Donley County courthouse annex.

A variety of uses for the money was offered, the most frequent and controversial being the purchase of a building for the use of the Donley County Day Care Center. The Day Care and Learning Center were completely burned out a few weeks ago when the building in which they were housed was a total loss from the fire.

At the March 9, 1981 meeting of the Donley County Commissioners Court a motion was made to offer \$27,000 for the Clarendon Rest Home property for the Day Care Center. The Center would have paid rent to the county in the amount of \$400 a month for the building. The commissioners were split in their vote on the issue at that time.

This action was taken when the Day Care Center was temporarily instated in the building which is on the market, for sale. No other facilities are available which meet the needs and state requirements for licensing of the center.

Approximately 190 signed letters in favor of the county purchase was presented at the meeting along with approximately 20 letters against the step.

Democrats to honor Bob

Slagle in Pampa

Bob Slagle, Texas Democratic Chairman will be honored with a reception to be held Saturday, March 28, 1981 at 7:30 p.m. at the Pampa Country Club, north east of this city.

Hostesses Ruth Osborne and Jimmie K. Williams extend an invitation to all area Democrats to attend and urge precinct chairmen and other office holders to be present to meet Bob Slagle. Other officers are Georgia Mack, pres. and Lois Robertson, v-pres.

Great Zogi to appear for Hedley benefit

Excellent family entertainment in the form of Zogi the Great, magician and hypnotist, sponsored by the Hedley Lion's Club will be featured in the Hedley gym, April 1, at 8 p.m.

Proceeds from this entertainment will go to pay for the Community Fire Truck. Everyone is welcome to attend.

Highway Dept.

to build new bridge near

Giles

A new bridge on Spiller Creek in the southeast part of Donley County has been approved by the State Highway and Public Transportation Commission, according to Childress District Engineer Lewis H. White of the State Department of Highways and Public Transportation.

The bridge is located on a County road 0.5 mile east of U.S. Highway 287 near the Giles Community.

"We have inspected and load rated all of the County and City bridges in District 25 and the Spiller Creek bridge was deficient enough to qualify for replacement," said White.

The Commission approved a 100-project, \$18.9 million Program to replace deficient bridges not on the regular state-maintained road system.

The program is part of a Federally aided activity which calls for replacement or rehabilitation of deficient bridges under control of local governments.

The projects are in every part of the State. The work will be done under the supervision of the State Department of Highways and Public Transportation with local governments providing 20 percent of the cost.

White said that detail plan preparation would get underway as soon as possible.

Don Wooten

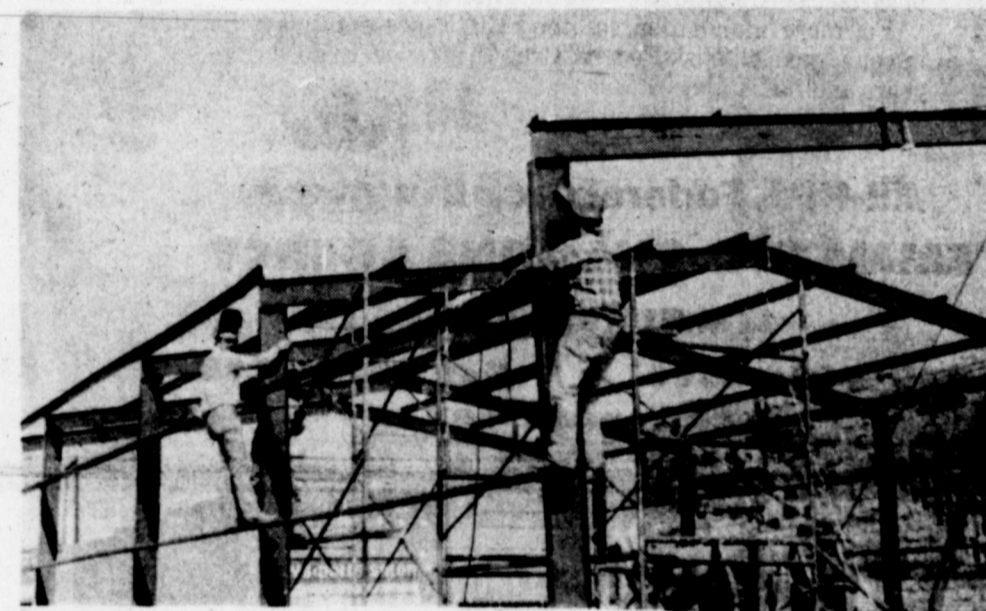

breaks kneecap

in fall

Don Wooten, of Don's Exxon Service Station in Clarendon suffered a broken kneecap in a fall at his station early Monday, March 23.

His wife reported that surgery to correct the shattered kneecap was scheduled earlier this week.

Friends and customers wish him a speedy recovery.

BARRY PHILLIPS, left and worker on Steve Rogers steel building.

Barry Phillips owner of Phillips Gin Service

Barry Phillips, owner of Phillips Gin Service and builder Steel buildings, is currently engaged in the construction of a steel building for Steve Rogers on the site of Steve's Garage which was a total loss in a recent fire. His services are reatively new in Clarendon.

Constructed of ribbed steel the exterior will have tan walls and a white roof, cover 2400 square feet and be completely insulated.

The front portion of the building will be used for the office and parts. At the rear will be the shop where the vehicles and mechanics will be.

Five members on the crew is about maximum, according to Phillips who stated the number of men working depends in great part on the type of work being done at the time.

For easy access moving large tractors and trucks into the shop the building will have two 10' x 10' overhead doors and one 14'6" x 16' door.

There will be easy accommodation of chain hoists also to lift heavy motors etc. during overhauling and repair.

The building materials are welded together in the construction and Phillips is using local help.

Although a steel building of this proportion and exterior design is new to downtown Clarendon the use of these buildings is gaining widespread popularity.

Phillips was born and raised at Memphis and has been welding since 1961. In June 1978 he was employed as manager for Donley County Farmers Co-op Association. He spent a year with

the firm and shortly after this time went into business for himself.

His territory includes New Mexico, Texas and Oklahoma and his work is cotton gin repairing and the construction of steel buildings.

Phillips relates that Steve Rogers building has generated much local interest and a number of persons are waiting for his services.

Mr. and Mrs. Phillips

make their home in Clarendon and have three children, a son who is a senior student in Childress High School; Dale, in Clarendon Elementary and Terri, in Clarendon Junior High School.

The Phillips family are members of the First Baptist of Clarendon and Barry and Becky are involved in the childrens activities such as Cub Scouts and Little League.

Dear Mr. Neece:

We are extremely pleased to inform you that the Awards Committee of the J. Frank Dobie Library Trust has awarded you a grant for the purchase of books in the amount of \$2,262.50.

There were many deserving libraries among the 32 applications we received and the decisions were very difficult. We congratulate you that among so many good applications, yours was outstanding.

The checks for the awards will be presented at the first General Session of the Texas Library Association in Houston, Wednesday, April 1st at 3:30 p.m. on the Mezzanine level of the Convention Center. If you, or someone else representing your library, will be present to receive the check, we hope you will contact us right away and give us the name of the person who will be there. We have been allotted only a small amount of time for the presentation, and we haven't been asked to be prompt and to be seated near the front of the room so that little time will be lost in getting to the stage.

If it is not possible for someone to be present to accept the check, notify us and the check will be mailed to you.

After the money has been received and spent, the Awards Committee would appreciate receiving an informal report from your

library on how the money was spent. We hope to hear from you soon and look forward to meeting you at the T.L.A. Conference.

Sincerely yours,

We reported in the February 5th issue of this column that our Library was invited, and did submit an application to the J. Frank Dobie Foundation for a \$2,000 grant.

We received a letter from this foundation last Thursday. It reads in part:

We are extremely pleased to inform you that the Awards Committee of the J. Frank Dobie Library Trust has awarded you a grant for the purchase of books in the amount of \$2,262.50. There were many deserving libraries among the 32 applications we received and the decisions were very difficult. We congratulate you that among so many good applications,

yours was outstanding. The books which we asked for, and will spend the grant check to purchase include:

- "The Illustrated Encyclopedia of Mankind" (20 volumes)
- "Rand McNally Family World Atlas" (1 volume)
- "Disney's Wonderful World of Knowledge" (22 volumes)
- "Something About Authors" (16 volumes)
- "Child Craft (The How and Why Encyclopedia)" (15 volumes)
- "How It Works (The Illustrated Encyclopedia of

This grant will make a wonderful difference in the reference material available in our library. We are very grateful to the J. Frank Dobie Foundation for this addition to our collection. Thanks go to Sam Whitten, Mary Rice and James Love, who serve as the Awards Committee of this foundation.

What a delightful pleasure to have all these new sets of encyclopedias to put on the shelves of our library come moving day.

The carpet for our new building has been received, however it was decided by the Library Board to wait until the April 11th party and dance is over to put the carpet down.

ALEX K. COOKE (r) and his wife with E.L. Short, of Taboka who sponsored the resolution.

Texas Senate honors Lubbock businessman

Honored recently by the Texas Senate, was Alex K. Cooke, former Clarendon resident, for his founding of the South Plains Dialysis Center and other accomplishments.

Following is the resolution drafted on his behalf by prominent Lubbock Citizens.

By: Short

S.R. No. 225

SENATE RESOLUTION

WHEREAS, Alex K. Cooke is a prominent Lubbock businessman and a noteworthy civic leader and has served as an inspiration for many years to the citizens of the South Plains area; countless people are grateful to him for his leadership and guidance; and

WHEREAS, Born January 12, 1916, Mr. Cooke was reared in Clarendon, Texas, and was a star on the 1933 Clarendon High School championship football team; he went on to Clarendon Junior College where he was valedictorian of his class in 1938, and then he interrupted his formal schooling to attend aircraft school in Wichita, Kansas, where he was president of his class and the top graduate of 30 students; and

WHEREAS, Following his graduation from aircraft school, this outstanding gentleman went to work for Beechcraft where his job was considered high priority because of World War II; in 1944, he decided to take a more active role in the war and he joined the United States Navy where he served as a petty officer; and

WHEREAS, Continuing his tradition of excellence in all endeavors, Mr. Cooke entered Texas Tech University after his military discharge and graduated with a degree in business administration, magna cum laude, in 1947; while at Texas Tech University, he lettered on the golf team, pledged the Silver Key Club, and was a charter member of the Phi Delta Theta fraternity; and

WHEREAS, In 1947, this fine man started work in the bookkeeping department of Homer G. Maxey & Company, a distributor of heating, plumbing, air-conditioning, and electrical supplies, and by 1948, he was Secretary-Treasurer of that company; the company changed names to Field and Company in 1963, and Mr. Cooke became President in 1966 and Chairman of the Board in 1977; he is today a co-owner of the company; and

WHEREAS, Although Mr. Cooke was told 32 years ago that he had a terminal kidney disease, this remarkable man continues to astound medical experts with his hard-fought battle against supposedly insurmountable odds; through his courage, he has destroyed many of the myths associated with kidney disease, and he has participated in experimental research programs which resulted in the saving of many lives; he has also counseled new kidney and dialysis patients, and he has been instrumental in making the legislature aware of a need for Medicare for kidney patients; he and his wife, Verna, are the founders of the South Plains Dialysis Center, which opened in August, 1980; and

WHEREAS, This extraordinary individual has held positions in the Wholesale Distributors Association and the American Supply Association, and he was named "Boss of the Year" by both the FBX operators and Women in Construction; in 1979, the Lubbock Sales Executive Association named him Lubbock's "Executive of the Year"; and

WHEREAS, Mr. Cooke has devoted a tremendous amount of energy to various civic organizations; he served on the Tax Board of Equalization, and he is a member of the Lubbock Symphony, the Tech Museum Association, the Ranch Heritage Center, the Texas Tech Ex-Students Association, the Red Raider Club, and the Texas Tech Letterman's Association; he is also a lifetime member of the Century Club and the "Old Red" Club, and he helped organize the Lubbock Swim Club; and

WHEREAS, An active member of St. Paul's Episcopal Church, Alex Cooke is one of Lubbock's most notable citizens, and he is truly an asset to his industry, to the city and state, and to all who have had the privilege of knowing him; now, therefore, be it

RESOLVED, That the Senate of the State of Texas, 57th Legislature, commend Alex K. Cooke on his numerous contributions and accomplishments and extend best and warmest wishes for his continued success in future years; and, be it further

RESOLVED, That a copy of this resolution be prepared for Mr. Cooke with highest regards from the Texas Senate.

W.P. Hobby
President of the Senate

I hereby certify that the above Resolution was adopted by the Senate on February 9, 1981.

Pathfinder Club Met

The Pathfinder Club met at the Patching Memorial Club House March the 13th for a program relating to the Intermediate Care Facility here at Medical Center. The Administrator, Mr. Billy Ray Johnston gave some interesting information. The building which was intended for a

hospital has forty three beds. All are filled and there is a waiting list of twenty five. Approximately \$140,000 is collected in taxes which goes to pay off the bonds and interest on the building.

There are sixty persons on the payroll. The payroll is

Bluebonnet Trail

The Highland Lakes Bluebonnet Trail will be April 4 and 5, April 11 and 12, 1981. For many years, the communities of Austin, Lago Vista, Marble Falls, Burnet, Buchanan Dam, Kingsland, and Llano have been celebrating the blooming of the Texas State Flower with arts and crafts exhibits and community festivals. And they again invite everyone to come, to take a pleasant drive through the area to view the bluebonnets, and to stop at the special activities.

A special treat this year will be the Bluebonnet Bus Tour conducted by Austin Tours, the company that does the daily Austin sight-seeing tour. This tour will depart on April 11 at 9:00 a.m. and return at 5:30 p.m. It will follow the Bluebonnet Trail through the various communities, stopping to participate in some of the arts and crafts exhibits. A seafood platter luncheon will be enjoyed at the Fleets Inn Oyster Bar in Duchanan Dam. The cost of the tour, including the luncheon, is \$20.00 each. To make reservations, contact Austin Tours at (512) 282-1122.

The community of Lago Vista, northwest of Austin on

Lake Travis, will for the first time be participating in the Bluebonnet Trail activities. Under the theme, LagoFest, they will be sponsoring an arts and crafts exhibit, a Multi-Hull Regatta, Country-Western Dance, a Fish Fry and Fiddlin'-Fest, and other activities.

The Bluebonnet Festival in Kingsland will begin with a Roadrunner Bass Tournament, weighing in eligible fish caught in four different lakes. The following weekend is a flea market, pet show, and tournaments in horseshoe pitching, 42, and golf, as well as an arts and crafts show.

Marble Falls, Burnet, Buchanan Dam, and Llano will be sponsoring special arts and crafts exhibits during the Bluebonnet Trail weekends. Llano will also host an Old Fiddler's Contest and a Golf Tournament.

For a free brochure and map of the places and events in the Bluebonnet Trail, write the Highland Lakes Tourist Association, P.O. Box 1967, Austin, TX 78767.

\$308,000 per year. One registered nurse is employed who puts in four hours a week and food supervisor consultant lives at Memphis. The nurses are LVN's (Licensed Vocational Nurses). There are also Green thumb workers. This facility is known throughout the Panhandle as a very fine one.

In 1967 nationwide there were 13,000 nursing homes; in 1976 there were 16,000 facilities with 1,000,000 patients; now 18,000 homes with 1,300,000 patients are in existence. Donley County residents on the waiting list are given preference.

Spring flowers of tulips and daffodils were used in the Pathfinder room and the dining room. Refreshments were served in the dining room to twelve members and the guest speaker, Mr. Johnston.

Howardwick City Council Meets

The city council of the City of Howardwick met in regular session at the city hall on Saturday, March 14, 1981 at 8:30 a.m. Members present were Mayor Waldon Moore, Alderman Carol Cole, Neal Mann, Leon May, Melville Mills and Lawrence Whitehead. Others present were City Attorney Pat Slavin, City Secretary Connie Milam and approximately forty (40) guests.

Moore called the meeting to order, welcomed the guests and called on Whitehead to lead the invocation.

Moore introduced John Wiley of Southland Properties and Mr. Wiley introduced Larry Harris, president of Southland Properties. Mr. Harris presented his company's plat, proposed restrictions and specifications for street construction for their new development known as Nocona Hills. He stated that Southland will pay to the city the annual maintenance assessment of \$45.00 per lot on each lot until each lot is sold. After a lot is sold, the assessment will be payable by the buyer. He also stated that Southland will deed two (2) lots to the city, 1 lot for a boat ramp and 1 lot for a fire station, and that Southland Properties will construct a concrete boat ramp and a fire station conformable to the fire station that the city now has.

City Attorney Pat Slavin stated several city proposals of changes to the restrictions presented by Southland. Mr. Harris stated that they do agree to all of these changes and that they would be made a part of the restrictions. A motion to give the city's approval of the plat, the restrictions with the added changes and the street construction specifications for Nocona Hills was made by Alderman Carol Cole and seconded by Alderman Melville Mills. The motion carried by unanimous vote.

A motion to buy three (3) suits of protective fire clothing for the fire department was made by Mann and seconded by Cole. The motion carried by unanimous vote.

A motion to give the fire department to apply for fire defense assistance through the Texas Forest Service was made by May and seconded by Cole. The motion carried by unanimous vote.

Instructions were given to follow the policy established last year on mowing and city park maintenance and to hire the needed personnel to do this work and the street maintenance work.

The minutes of the February 14, 1981 regular monthly meeting were read by the city secretary. A motion to approve these minutes as read was made by Whitehead and seconded by Mills. The motion carried by unanimous vote.

The February 1981 financial report was read by the city secretary. A motion to approve this report as read was made by Alderman Leon May and seconded by Alderman Whitehead. The motion carried by unanimous vote.

Whitehead reported that Red River Authority of Texas is making progress in their plans for a central sewerage system within the City of Howardwick and that the initial plan calls for this system to be in operation in 1983. He stated that Red River is planning to have their water tanks and pumps fenced within a 2 to 10 week period and that then they will have engineers working on the sewerage system.

Mr. J.C. Barefoot requested permission from the city council to place a used house on his lot #487 Arrowhead. The council responded that city ordinance allows only new construction in sections which are zoned for houses only. A motion to have the city attorney to draw up an ordinance amending the city zoning ordinance to include the moving in of used houses with certain regulations to be followed and to present it to the council for consideration of approval was made by May and seconded by Cole. The motion carried 4 voting yes and 1 (Mann) voting no.

A motion to adjourn was made by Whitehead and seconded by Cole.

A motion to accept Albert J. Bursleson's resignation as chief of police was made by Mann and seconded by Cole. The motion carried by unanimous vote.

A motion to accept Albert J. Bursleson's resignation as chief of police was made by Mann and seconded by Cole. The motion carried by unanimous vote.

Should I Go To Church?
 Continued from March 19
 Used by WAYNE NAYLOR
 In Book of Matthew 18:17 we have these words, "And if he shall neglect to hear them, tell it to the church." Question: If Christ does not mean an organized church here, how can you "tell it to the church?"

Next Matthew 18:20 says, "For where two or three are gathered together in my name, there am I in the midst of them." Question: Would you like to be with two or three or more, and have Jesus in the midst of you? You would if you love Him. Go to church, then.

Let us find out next about the custom of Christ as it related to the assembly of saints. Luke 4:16 "And as His custom was He went into the synagogue on the sabbath day."

Let us look at the custom of the early church to gather with the assembly of the saints. Acts. 20:7 "And upon the first day of the week, when the disciples came together to break bread, Paul preached unto them." Heb. 10:24, 25 also supports this idea.

In Matthew 26, Luke 22 and 1 Corinthians 11, you will find that Christ wants us to keep the Lord's Supper in remembrance of Him. If you stay away from the assembling of the saints, how can you?

Conclusion: Christ wants the organized church to strengthen the faith of His disciples, to equip them for their task on earth, and to prepare them for heaven above. We all need the strengthening of our faith and this provoking unto good works. All the more urgent the need of it, when we consider that the day of Our Lord is approaching. If you want to be a follower of Christ, you should belong to an organized church. Never soothe your conscience by saying that the Bible doesn't ask you to go to church. It does. If you don't want to go to follow Him and prefer the pleasures of this world, say so. But don't say, "I can be a Christian without going to church."

Class of 1926 reunion
 Plans are underway for the 55th Reunion of the Clarendon High School Class of 1926, according to Loyd Johnson, one of the four 1926 Exes working out details of the event to be held October 3 and 4, 1981.

Officials of Clarendon College have given permission for the event to be held again in the College Cafeteria. Registration will begin at 10 a.m. Saturday. There will be a banquet that evening at 6 o'clock and a luncheon Sunday, October 4 at 12:30 p.m.

The event is not restricted to 1926 graduates and their families. Friends and relatives of the graduates as well as members of the Class of 1925 and 1927 are invited to participate.

Twenty-eight members of the Class of 1926 attended the 50th Reunion in 1976. Fourteen have died during the 55 year period.

Others assisting with the details of the Reunion are Mrs. Walter Fraser of Groom, Paul Montgomery of Memphis and Kenneth Fink of Childress. Any of these may be contacted for other details of the Reunion.

SBA loans available until April 13, 1981
 The deadline for farmers and ranchers to file physical crop loss disaster loan applications under the Small Business Administration (SBA) declaration #1900 is April 13, 1981. Businesses have until July 13, 1981 to apply for Economic Injury Disaster Loans. This declaration covers the drought and extreme heat conditions during the 1980 crop production season.

If a Farmers Home Administration (FmHA) borrower suffers a disaster loss, it is suggested the borrower apply first with FmHA. An applicant cannot receive the total amount of his eligibility from both FmHA and SBA for the same disaster loss to his crops. Under SBA guidelines, should an applicant not receive his full eligibility from FmHA, he could apply with SBA for the difference provided his application is received by the April 13, 1981 deadline.

For applications to be accepted, they must be received by the close of business or postmarked before midnight of the deadline date.

They number about 17 or 18 and are in the 1st period consumer math class. This is the first year they have participated in the stock exchange exercise and Mrs. Howell, instructor, reports a great deal of interest and enjoyment is evidenced by her students.

The money won't be burning a hole in the students' pockets, however. It's purely a hypothetical amount, available to them to invest during Baylor University's annual Stockmarket Game.

The game was first developed in New York as a method of teaching students about the operations of the American economy and financial markets. Schools in 10 states throughout the country now participate each year, vying for state and regional cash prizes and trophies.

Sponsor teacher of the team from Clarendon High School is Carrie Howell.

Baylor and the Securities Industry Foundation of Texas launched the competition in Texas last year, attracting "investments" from more than 100 schools statewide. This year, nearly 200 schools in Texas are participating.

The students start out with their imaginary investment of \$100,000 and try to turn a profit by playing the stock market. They are responsible for buying or selling shares each day based on previous day's closing prices in the newspaper.

Their "transactions" on the stock exchanges are reported daily to a teacher sponsor who sends them weekly to Baylor. The transactions are analyzed by the Baylor Computation Center and a weekly statement is issued to each school, giving the status of their teams after brokerage fees and interest charges are calculated.

The team which has made the biggest "killing" on its original investment at the end of the 10-week game will win the regional prize. Prizes also are awarded for the team with the best record across Texas.

Shirley L. Thomson, assistant director of economic education programs at Baylor, says the game gives students a unique opportunity to compete in "a real-world setting," with a chance to win, lose or stay even with their money.

"They are forced to compete in a business-type fashion just as investors do daily in the United States."

"There are all too few opportunities for intellectual competition available to high school students. This is one of the best. By continuously analyzing the stock market, students are able to learn economics as they see the forces of the free-enterprise system working on a day-to-day basis."

Some impressive "paper profits" were reported by students who took part in the Stockmarket Game last year. A two-man team from one New York high school turned a profit of \$49,000 during the 10-week competition, while many school teams showed profits of between \$10,000 and \$20,000 in their individual investments.

One Texas team captain, reporting a profit of \$23,000, said, "We just happened to hit the market at the right time." Another member of a successful Texas team described the Stockmarket Game as "the best thing that has happened to our school since football."

The Securities Industry Foundation of Texas paid the initial cost of developing the game and adapting it to the Texas situation. The foundation also pays for the regional and statewide prizes, as well as the game workshops for the teacher sponsors and the awards banquet for winning students.

Concert membership campaign

The Roger Wagner Choral, America's Choral Ensemble, will highlight the next concert season in Pampa, and the Pampa Community Concert Association invites the people of the Clarendon area to join during their annual membership campaign.

The memberships are \$14.00 for adults, \$7.00 for students (under 18), and a family membership is \$35.00

(2 adults, 2 children of family, 18 or under, or more). Memberships may be obtained by calling Naomi Phelan, 874-3571 (College) 874-3396 (home).

The campaign closes April 11th, and no memberships are sold after that date. Also, no tickets are sold for individual concerts. Admittance to concerts is by membership card only.

"trespassers welcome!"

Are they a bunch of sinners?

Most emphatically, the answer is YES. Episcopalians not only believe in sin, they too-often indulge in it. "If we say we have no sin, we deceive ourselves." (1 John 1:8)

But Episcopalians also believe in the grace of God... His acceptance and forgiveness. Confession of sin and the declaration of God's forgiveness play a large part in the worship service. The aim of the Episcopal Church, therefore, is to help ordinary people live a more-Christian life... and to assist them in finding God's loving forgiveness and inspiration.

Episcopalians have a pretty good rule-of-thumb on this subject: "Trespassers welcome!"

STATE REPRESENTATIVE
FOSTER WHALEY

Last week we considered several bills in the Constitutional Amendments Committee that dealt with patching up S. B. 621 passed in the 1979 session. This was the bill that forced all taxing entities into one common appraisal district. This bill would cause all property to be appraised on 100 percent of real value with a few exceptions. Land would be taxed on a productive basis.

Four of these bills were carried by Representatives that voted for S. B. 621 in 1979. Many other problems in S. B. 621 were left untouched.

Representative Wayne Peveto is supposed to have a long list of patchwork amendments for the bill later.

A Dallas City Councilman and several other officials from different taxing entities were testifying in fear of a grass roots tax rebellion in 1982 by the voters. Most of these same groups lobbied heavily for the bill behind closed doors in 1979. Dallas prematurely invoked the 100 percent value this last summer and it got to be such an issue that only one official survived the summer political heat.

In my opinion, this will be a red-hot campaign issue in the 1982 elections of legislators. A legislator that voted for this in 1979 will be in a bad position. The bill is to take full effect in 1982.

I am very proud of my 1979 "No" position on this issue.

Those Crazy Episcopalians

At St. John the Baptist Episcopal Church, 3rd and Park St., we have room for anybody. During Lent, (the 40 days before Easter) services and a meditation will be held at 5:00 p.m. every Wednesday. This would be a great time to meet the Vicar, the Rev. J. Scott Turner and ask that burning question you've always wanted to.

FOR A SMALL MONTHLY CHARGE, SHE COULD'VE ANSWERED IT BY THE DRYER.
 Every time Barbara Phillips' phone rings, it's long distance—the distance from her to her phone, that is.
 If you spend a lot of time running to the phone, maybe you're in the running for an extension phone. For much less than you'd expect, you can start reaching for your phone. Whether you're stuck in the laundry room, glued to the TV or deep in sleep.
 What's more, you know you've got a phone that's as reliable as the phone company. So the next time you run to the phone, call your General Telephone business office. And make it the last time.

Daze of Lives

By JEAN BURCHETT
 To be all things to all people you've got to FEEL like a winner. I told myself this when I staggered home from an all-night hospital sit-up with Hubby to find the john had split its tank and flooded the bathroom.
 The first plumber said he could get to me a week from Thursday. The second just grunted, and the third said, "Are you kidding, lady? I don't even have time to take this phone call."
 By the time I had the coathanger bent around the float to strangle the fountain's flow the phone was ringing. "Honey," Hubby said feebly, "what are you doing?"
 The question here is whether to spare the sick or let him have it. "Oh," I sighed, "just...ripping up wet carpet."
 The statement rolled right over his head, he needed help with his bath.
 I hung a sign over the john: "PLEASE USE AUXILIARY UNIT! REPEAT...DO NOT TOUCH." (The girls, Tanya, 16, and Tracey, 14, were live-ins then. Boy, were they ever!) Tracey called the hospital. "Mama, what does A-U-X...hey, did you know the pot was busted?"
 "Is it running?" I drew my breath.
 "Clean to the..."
 "You've let them have the truck," Hubby accused and tried to sit up. "And now they've wrecked IT!"
 "Plumbing," I mumbled to which he relaxed and said, "Get a plumber."
 I will always be grateful to the fireman who set the new fixture, but why did he have to set the old one on the front porch?
 "When Daddy sees that thing there," Tanya said, "all you'll have to do is make a U and take him back to the hospital. Let's put it in the back of the truck and I'll take it to the alley. Tracey, you sit on it to keep it from sliding around."
 Now, how long would you think it would take to drive around half a block? Twenty minutes? Thirty? I was ready to send up a flare when the truck hit a pothole and bounced into the alley. Tracey, eyes glazed, hair pasted to one side of her head, grasped the side of the truck bed with both hands and appeared to be nailed to the tilted john. Tanya, giggling hysterically, brought the truck to a lurching halt.
 Before I could begin my interrogation, Tracey catapulted from her precarious perch, pulled Tanya from the cab and creamed her right in the mouth. "THAT!" she screamed, tears and fists flying, "is for getting me on that thing in the first place. And THAT!" she punched her again. "is for blowing the horn all the way down main street! And THAT! is for driving around the Dairy Queen fifty times so all the kids could see! And THAT!..."
 Hubby said how good it was to get home where it was quiet. "You wouldn't believe," he sank into his recliner, "the confusion in that place."
 "No," I said wearily. "I guess I would have just had to be there."

Creation vs. Evolution

A bill requiring public schools to give the same exposure to the theory of creationism that is given to the theory of evolution was introduced into the Texas House of Representatives last Thursday by the Honorable Mike Martin (R) of Longview.

The creationism theory supports the notion that the earth and its inhabitants were created by a supreme being. Evolutionists contend that the earth and its inhabitants are the result of accidents and adaptive processes that have shaped them over the ages.

Martin's spokesman, Gregg County GOP Chairman Wayne House, said that the bill addresses all sides of the issue and should be satisfactory to both sides because it provides that the theories be taught without reference to any religion or religious writings.

House, an instructor of Biblical studies at LeTourneau College in Longview is credited with much of the research work and writing that went into drawing up the bill.

The two men feel that this legislation is necessary to provide an academic climate wherein students have an opportunity to examine available scientific data and make up their own minds about which to accept or reject. They agree that there is scientific data to support both sides but oppose the idea of teaching evolution theories only in the schools.

They also feel that the exclusion of factual material relating to creation theories is a serious threat to academic freedom.

Martin believes his bill has a good chance of passing because it calls for a non-religious and balanced presentation of factual evidence. He cites growing numbers of serious scientists supporting creation theories as an indication that he has the support necessary to push his bill through the legislative mill.

The bill is identified as H. B. 1901 and has not yet been assigned to a committee for study. Similar bills are pending in about 20 other states. Polls indicate that the public favors the teaching of both theories, and a lawsuit has been filed seeking to force the teaching of creationism alongside evolutionism in California schools.

Although freshman legislators generally have a tough time getting anyone to pay attention to their bills Martin said he will push until he gets the support he needs to get his bill passed. The twenty-nine year old ex-carpenter has a reputation for winning and surprised old-line politicians by beating a well-entrenched three-time incumbent in the last election. He is the first Republican to represent Gregg County (District 13) since Reconstruction days.

BEWARE OF MONDAYS

For certain people, Monday may be more than just the beginning of another workweek.

A recent study reported in the *Journal of the American Medical Association* considered the fates of 3,983 men who, in 1948, had been considered physically fit for pilot training. During a 29 year period, 152 of these men died suddenly. Of those men having no history of ischemic heart disease (lack of blood supply to the heart), death came more often on Mondays than on any other day of the week. The high death rate on Mondays could not be explained as a chance happening.

The researchers speculated that the men may have had a restful weekend followed by Monday's increased physical activity, occupational stress, and exposure to pollutants.

Many of us have been suspicious of Mondays for some time. Although a three-day-weekend could alter this problem, it would probably create others. In the meantime, we will continue to beware of Mondays.

By **WILLIAM LAWRENCE**
 "These are weeks without water, clouds blown away by the wind." Feb. 2:17
 When rains finally come to this part of the State we know that certain things have had to converge together in just the right proportions for

emotional, physical and spiritual blends have to be right for successful living. These blends make up our attitude toward life. To pep up our attitudes we must start with ourselves. Remember that inside us there are qualities of tenderness and compassion put there by

God. It is good to try to recapture the excitement and purity of childhood instead of dwelling on the pretensions of society. Look at each person with the intention of finding his good qualities and soon we will find ourselves identifying with him in his situation. This will lead naturally to a reaching out to others instead of withdrawing to ourselves. There is such a satisfying feeling when we know we have helped another person, even in a small way. It builds up our confidence that we really are needed by other people, which of course is

true. Unless we develop this positive approach to others we may find ourselves to be merely wells without water or clouds which the winds blow away. The Bible calls this unstable character spots and blemishes upon our communities. Life does not have to be this way. We are capable of becoming deep wells with pure water to give out to others. We can be moisture laden clouds which pour out generous rains upon the dry earth. We are capable of being whatever we want to be if we develop the right attitude toward others.

Letter to the Editor

To the Citizens of Donley County,

We have been asked by several to clarify some questions about Day Care.

One of the questions asked most often is "What will happen if we lose Title XX?"

We had a day care for 2 years before Title XX came into being and we are sure we will continue even if Title XX goes.

Title XX does not fund just day care, it helps fund Senior Citizens programs, and other social services. Federal funds are only a small portion of Title XX. The rest is state monies. We have heard as has everyone else that Title XX will be cut approximately 25% by next year. This will mean that all the programs receiving Title XX will be cut some. But state funds have not been mentioned in this cut. We have been told in the past that probably what will happen is the budget will not be increased. In other words the budget will stay around \$35,000.

Title XX Funds are matched monthly by the local board. We send our 30% to Austin and they match this with 70% and return us a check for the full amount, 5% administration money is on top of this.

We have been reassured in writing from Title XX personnel that we can expect \$400 a month rent. This is not figure out of someone's hat. The rent is figured on a ratio of so many square feet per child. With the enrollment sitting at 34 on this years Title XX contract 400 is a legal amount to pay.

The reason we asked for help with buying the building is, its a big hassle to re-license with each move. We know we have lost two homes in the past three years. We hope to make this move permanent. We have been licensed by the state for 51 and hope to find a way to increase our enrollment to this figure.

Another question raised is "Will the day care hurt private baby sitters?" We operate on a sliding scale and not many sitters would be interested in keeping 2 to 3 children for 25c a week instead of \$5.00 per day per child.

Day Care is necessary for several reasons, (1) mothers or fathers in College need reasonable priced child care (2) working mothers need reasonable rates for care (3) one parent families must cut corners to survive. Our sliding scale is a corner that can fit their income. (4) Any new industry will ask if there are facilities for child care for their prospective workers before deciding to locate here or else where.

We have been told that an airport is essential to new industry. If the workers don't have a place to leave their children, what good will an airport do new industry?

Since a portion of Revenue Sharing can be spent on social services, we thought maybe we would be entitled to a small part and at the same time be giving the county \$400 a month income even after the building was paid for. We have always been able to keep up with general repairs. We admit that the county would have to pay the insurance, but both former landlords can tell you that they were never asked for help with repairs.

We hold no hard feelings with anyone and their view on day care. We pay taxes, too and understand.

Another point we need to make is, the Day Care Center is a local non-profit entity operated by the Donley County Learning Center, Inc. Donor board. The board is comprised of local parents, interested citizens and grand parents, who know who would be baby sitting if there was no day care.

Daylight Savings Time went into effect in the United States for the first time on March 31, 1918.

Clarendon Press, Thursday, Mar. 26, 1981
 In years past Texas Panhandle Community Action Corp. was involved, as they paid 1/2 the director's salary and 1/2 the assistant director's salary. The center has now become self contained. Robbie Hill is now completely T.P.C.A.C. and Pat Foster is director and has been for the past 16 months. Robbie Hill and Eureka Mays serve on the donor board and continue to work hard on fund raisers and are very involved with keeping a day care.

 We want to stress that whether the county buys the building or someone else buys the building we will continue to operate the day care.
 Sincerely yours,

The Lions Tale

By **GENE ALDERSON**
 The Clarendon Lions Club held its regular meeting at the Lions Hall at noon on Tuesday. Twenty-one members, Lions Sweetheart Viola Graham, and five guests were present.

Jim Braddock of Cornell and Braddock Shell was the guest of Lion Leffew. Homer Bones, who operates Homer Bones Shop, was the guest of Lion Carter. Terry Ashcraft, who is with Greenbelt Electric Co-op, was the guest of Lion Allen Estlack. The guests were introduced by Lion Tamer Messer. Lion McCombs presided over the meeting. The singing was led by Lion Johnston, the Pledge to the Flag by Lion McCombs, and the prayer by Lion Messer.

Lion Selvidge was in charge of the program, but since he was among the missing, Lion McCombs called on Alderman Shirley Clifford to introduce Gene Barber who is with the engineering firm of Merriam & Barber Consulting Engineers, Inc., Pampa, Texas. Mr. Barber gave us a considerable amount of information on the proposed bond election for improvements to the city water system.

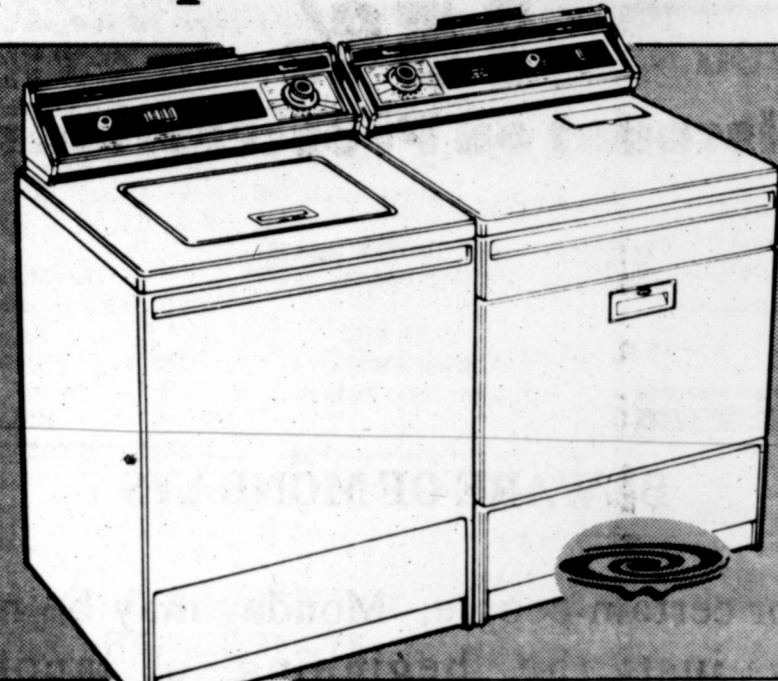

Following the program Lion Henson reminded us about the Blood Drive being held at the Clarendon College Gym today. He also said that Lion Selvidge was in charge of it and that was why he wasn't at the Lions Club today.

Spring Amarillo Bantam Show

Roger, Russell and Allen Estlack participated in the largest Spring Bantam Show ever held by the Amarillo Bantam Club Saturday, March 21st. Two weeks before the show, Show Officials started calling their largest exhibitors to cut back on their entries and bring

only their very best birds. Even this didn't prevent some exhibitors being turned away. We hope enough money can be raised for cages to move the chicken show into a new building at the fair grounds and be completely separated from the rabbits at this Falls Tri

State Fair. With over 700 entries Russell showed the 1st place Black Cochin Cockerel, 2nd on Cock and Hen, 2nd place pullet and 1st place young trio. Roger exhibited the 1st place Plymouth Rock Cockerel, Hen, young trio and 2nd place pullet. His Cockerel was judged the Best Opposite of Variety and the Best

Varsity boys track team

Jr. High track results

The Clarendon Broncos Varsity Boys Track Team won their second meet in as many weeks with an exciting victory at the Shamrock Irish Relays. The Broncos held off strong challenges by Wheeler and Wellington to win the meet. The Broncos scored 155 pts. to 148 for Wheeler and 117 1/6 for Wellington. The victory was truly a team effort as every member of the squad scored points in the well earned victory. The meet was run in brutal weather conditions with high, bone-chilling winds which hampered the trials and distances. Broncos who participated and scored points are as follows:

Shot put-Brad McGuire 2nd place 45'2", Chuck Brogdon 5th place 42'2 1/2" and Arlis Thomas 6th place 41'11 1/4".

Pole vault-Alton Gaines 1st place 13' and Ted Sawyer 3rd place 11'.

Long jump-Alton Gaines 1st place 19'8".

Discus-Brad McGuire 3rd place 128'1 1/2", Brian Hill 4th place 117' and Blake Bryant 6th place 115'5".

High jump-Lance Thornberry 1st place 5'8" and Brad Thompson 4th place 5'6".

400 meter relay-Craig Shields, David Weatherton, Glen Weatherton, Bobby Weatherton 3rd place 46.74.

3200 meter run-Shawn Heil 3rd place 11:18.23 and Ronnie Perry 5th place 11:58.87.

110 meter high hurdles-Lance Thornberry 2nd place 15.97, Keenan Shields 5th place 16.99, and Drew Thornberry 6th place 18.0.

1600 meter relay-Randy White, Keenan Shields, Drew Thornberry and Craig Shields 2nd place 3:58.9.

The next Bronco meet is on Saturday, March 28th at Memphis. Come out and support these young men in their efforts. They will give you an enjoyable afternoon of entertainment as they seek to keep their winning streak alive.

TROUBLE SLEEPING?

If you are one of those people who have occasional trouble sleeping, the Better Sleep Council offers these tips for better rest:

- Don't drink coffee within a few hours of going to sleep since caffeine can disturb your sleep; the same is true of alcoholic beverages, especially in excess.

- Try to go to bed and get up at the same time every day; a regular schedule is conducive to good sleep.

- Make sure that your bed is in good condition and provides proper support for your shoulders and hips. It should also be large enough for you to stretch out and change positions easily.

- Do everything you can to promote restful sleep. Sleep in a cool, darkened room and try to block out or eliminate noise.
