## Clarendon College mini-courses offered

For the past few years Clarendon College has offered a very popular minicourse. This concentrated two week course is an effective means of earning 3 hours of college credit. This year Clarendon College is offering two minicourses. Registration will begin immediately. Because of the special nature of the courses, no late registration will be permitted. Interested students should contact the Office of the Registrar (874-3571) for further information.

The English Department will offer a sophomore level World Literature, English 263, class beginning Monday, May 18. This class will meet Monday through Saturday from 8 a.m. to 12 noon for two weeks and will be completed Saturday, May 30. This survey course is a study of the masterpieces of literature of the western world from the drama of the ancient Greeks through the poetry of the English Romantics. Two semesters of freshman English are the prerequisites for the course. Terry Scoggin will be the instructor. The cost of this course will be \$75 including book for a Donley County resident and \$90 for an Out of County Texas resident.

The Business Department will be offering a two-week course to improve keyboarding (typing) skills from May 18-29. The class will be meeting from 1-5 p.m. Monday through Saturday, but will make necessary adjustments in the time as needed by the individual student. This course is designed for those who wish to improve their speed and accuracy on the keyboard. Students are expected to have learned to use the touch method on the keyboard at some time, but do not have to be able to type over 15 or 20 words a minute currently for the course to be helpful to them. It will be ideal for those who are wanting to apply for a job this summer but need to improve their typing skills first. It will also be of help to those who have never learned to type very fast or accurately and are finding difficulty in getting information into the computer on onto typing paper as quickly as they wish they could. Students will have option of working on a typewriter or a computer Keyboard during the course.

## Attention, Young readers

It will soon be Texas Reading Club time again, and you are all going to want to have fun reading as many books as you possibly can this summer.

You already know that a library card is necessary in order to check out books from Burton Memorial Library. If you do not already have one, we are encouraging your parents to bring you to the library to obtain a card before the first Reading Club check-out day which will be May 28 so that you may be one of the early starters.

Remember to watch the Clarendon Press for more information concerning the special Reading Club programs on Tuesday mornings, beginning June 30 through the month of July. Library cards will not be issued during the mornings of the special programs, so get yours early and be a Texas Reading Club winner!

By using the scientific approach developed by the world's fastest typist, Cortez Peters, each student takes a set of diagnostic tests to identify the precise problems that he or she may have on the keyboard. This way, each student will follow an individually prescribed set of exercises designed specifically for him/her.

This program has had amazing results. Mr. Peters, who types over 200 words a minute, has personally taught over 12,000 students, and about 600 schools across the nation offer his course using locally trained instructors. Mrs. Pamela Denney, Chair person of the Business Department at Clarendon College, has been teaching this course on campus for 1½ years and will be the instructor for the two-week course this summer.

According to Mrs. Denney, it is not uncommon to find that most students starting in the program make over 20 errors while typing for 5 minutes. Many of the students learn to type for 5 minutes with no more than 1 error before the course is over, and most learn to type with no more than 5 errors per 5 minutes timed writing, which is the accuracy rate desired for most job applicants. Speed is usually increased anywhere from 10 to 40 words a minute.

The cost of this course with book will be \$71 for a Donley County resident and \$86 for an Out of County Texas resident. Come by the Registrar's Office as soon as possible to sign up for this course which has a 20 student limit due to machine availability.

## Little League fund raising campaign meeting May 16

The Little League organization will kick off the season with a fund raising campaign and picture taking Saturday, May 16.

All little league players, their coaches and parents are asked to be at the Little League field, coaches are asked to be there by 8:30 a.m., players at 8:45 a.m. and pictures will be taken promptly at 9 a.m., please do not be late if you would like to have your picture taken.

All players will wear their uniforms. Parents are asked to bring rakes and hoes to do some work on the fields while the players are out on the fund raising.

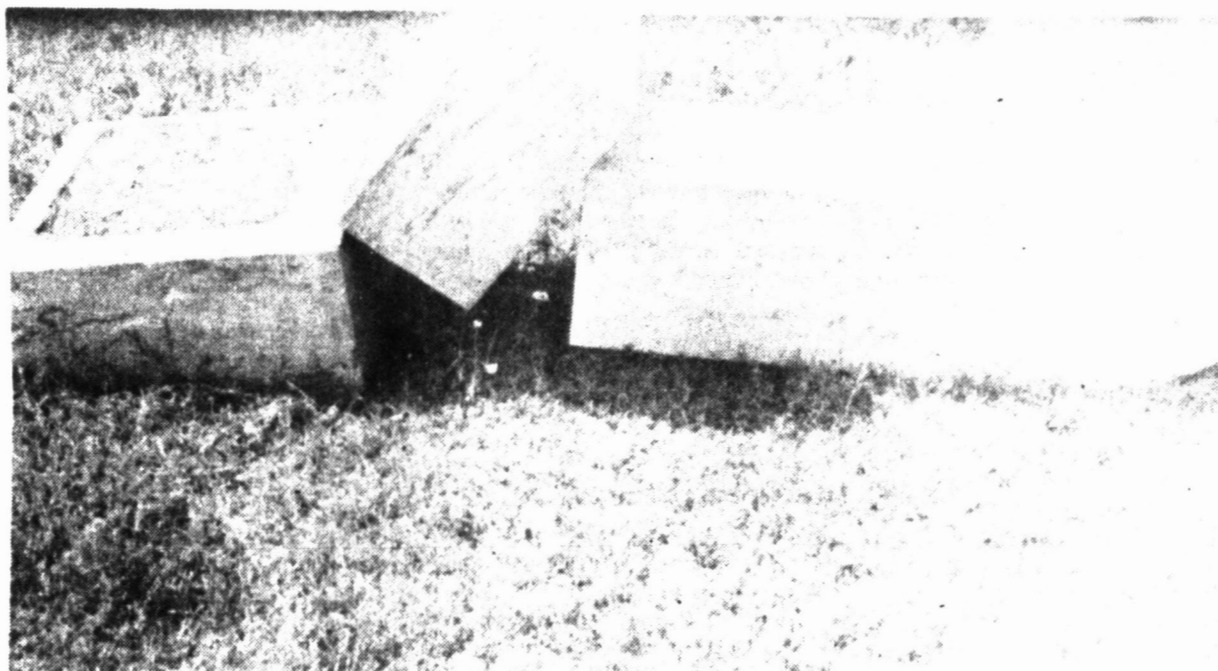

## Cub Scout Day camp

Camp Sessions for Cub Scout Day Camp is scheduled for June 2, 3, 4, 5 at Camp M.K. Brown between Mobeetie and Wheeler. If your son needs transportation, contact Diane Chamberlain at 874-2393 by May 15. Drivers are needed to help transport the Scouts, so please volunteer if you are available.

## Meeting to explain TEAMS tests results will be May 14th

There will be a meeting held for parents that have children in grades 3, 5, 7, and 9. The meeting will be on Thursday, May 14, 1987 at 7:00 p.m. in the school cafeteria. The purpose of this meeting will be to give an overview of the Texas Educational Assessment of Minimum Skills (TEAMS) Test that the students took in February. Only group results will be reported at the meeting. Parents will receive a copy of their child's scores and an explanation of the scores and what they mean.

Questions concerning individual students will have to be arranged through a parent-teacher conference. We would encourage all parents that had a child take the TEAMS test this year to attend the meeting.

ONE OF THE STONES damaged at Citizens Cemetery Wednesday night.

There is a \$200.00 reward for information and conviction of the vandals.

## Vandalism at Citizens Cemetery amounts to thousands of dollars

Wednesday night May 6, person or persons unknown entered Citizens Cemetery and did approximately \$20,000.00 worth of damage, by turning over tombstones, breaking chunks out of stones and curbing.

It is impossible to put a replacement price on some of those fine old stones. Some stones were broken, while others were turned over, others had chunks broken off, even some curbing apparently had been beaten with a hammer. Owen Johnson of Wallace Monument stated, "I counted 31 stones either broken or turned over. I would estimate it will take from \$6,500 to \$12,000 to repair and set the stones back up. There could easily be another \$8,000.00 damage, when every stone has been inspected."

Fred Clifford, president of Citizens Cemetery stated that there is a \$200.00 reward for the arrest and conviction for those responsible. The Cemetery does not carry vandalism insurance and it will be the responsibility of the lot owner to see that the damage is repaired.

"This kind of vandalism is a second class felony, which carries a penalty of 2-20 years in the penitentiary, and/or \$10,000.00 fine." Donley County Sheriff Jimmy Thompson

## What is Older Americans Month?

In 1963 President John F. Kennedy was the first to designate a special month to recognize older people. Originally called Senior Citizen's Month, this annual celebration has been proclaimed by all succeeding Presidents and is widely observed each May as Older American Month. The White House releases an official presidential proclamation to mark the start of this special occasion. In conjunction with this time of special tribute, the administration, staff, and residents would like to invite the residents of Clarendon and Donley County to visit the Medical Center Nursing Home and see the type of care our facility gives. We will also be glad to answer any questions you may have about nursing homes and geriatric care. Please feel free to visit us any time, but especially during this time in May.

## Davis and Long graduate from Amarillo College May 15

Lana Davis and Angela Adele Long will graduate May 15, 1987 from Amarillo College, at 8 p.m. at the Civic Center Coliseum both are associate degree nursing majors.

There are 521 students graduating in Amarillo College's 58th commencement program. Dean Max Sherman of the LBJ School of Public

stated, "Persons responsible will be prosecuted to the fullest extent of the law."

There is not enough adjectives in Webster's Dictionary to describe a person who would desecrate the sanctity of the resting place of the dead.

## Support the American Cancer Society on Memorial Day

Memorial Day is a time for remembering someone held dear and the American Cancer Society announced that it can also become a time for turning losses into victories.

According to Barbara Cosper, Memorial Chairperson for the Donley County Unit of the ACS, Memorial Day is an appropriate time to make a memorial contribution in memory of a loved one lost to cancer. "We call them 'Living Memorials,'" said Mrs. Cosper. "A gift today may spare others tomorrow."

Contributions to the American Cancer Society are used to sponsor the organizations' attack on cancer through balanced program of research, education, patient services and a rehabilitation.

The ACS is the largest source of non-governmental cancer research funds in the country. The current ACS research investment in Texas alone is more than \$6 million in grants at hospitals, universities, and

## 1987 Miss Donley County June 27th

Plans are underway for the 1987 Miss Donley County Pageant to be held June 27th at the Clarendon College Auditorium. All Donley County girls that will be in high school next year are eligible. If you are interested in participating, please pick up an entry form at one of the following businesses: Biven's, Henson's, The Nook, Guys and Dolls; and return it as soon as possible. Each girl will be responsible for obtaining their own business sponsor. We encourage you to participate, to represent Donley County to its best.

Affairs at the University of Texas, Austin will be the keynote speaker.

### Howardwick Friendship Club

The Howardwick Friendship Club will have their monthly supper Friday night at 6 p.m. at Howardwick City Hall.

## Highway Commission approves 65 MPH speeds

Following a public hearing required by Texas law, the State Highway and Public Transportation Commission voted this morning to increase the maximum speed limits on Texas' rural Interstate highways.

Pending action by Gov. Bill Clements, the increased speed limits will go into effect at 12:01 a.m., Saturday, May 9.

Raising the maximum speed limits on rural segments of Texas' Interstate highways brings into effect portions of Texas law that set speeds prior to 1974, the year the national speed limit was reduced to 55 mph. Under the law, large trucks can travel at 60 mph during the day and 55 mph at night. The new provisions will allow automobile motorists to drive 65 mph. These speeds do not apply to any roads other than rural Interstate highways.

After approving the new maximum speed limits, the highway commission informed the governor's office of its actions.

Under Texas law, the governor has seven days to sign a proclamation to implement the increase in maximum speed limits on Texas rural Interstate highways. The increase become effective when highway department crews post the new signs on rural Interstate highways on May 9.

## 1949 reunion

### needs addresses

Margaret Robertson Vines of the Clarendon High School Class of 1949 is trying to gather the addresses of this class for a reunion. There were 49 students in this graduating class. They are: Jeannie Waldrop, LaDelle Cox, Buster Bain, Mae Morris, Valoris Stafford, Nelson Christe, Betty Decker Baker, Kra Jean Estlack, Jimmy McKee, Ann Thompson, Tommy Murphy, Eva June Brock, Edward Sawyer, Mike Smith, Charlene Morgan, Ralph L. Nicholas, Margaret Robertson, Kenneth Jackson, Bobby Johnson, Gene Evans, Betty Louise Swint, Vernon Goldston, Marjorie Brock, Hollis Carroll, Duane Littlefield, Gladylene Emmons, Joe Dilli, Mary Neal Davis, Gene Bulman, Patsy Blair, James Moore, Bobbie Emmons, John Miller Morris, Tommy Gattis, Dorothy Tankersley, La Rue Bristow, Yvonne Putman, Tommy Heatherly, Joveta Maxey, Joyce Dingler, Billy Waddell, Wayburn Wilson, Jeanne Marie Percival, June Salmon, Clyde I. Price, Jr., Ollie B. Sullivan, Robert Talley, Imogene Elliott and Bob Clifford.

Mary Neal Davis Risley stated, "I think we can find all the addresses with the exception of LaRue Bristow, Hollie Carroll, Vernon Goldston, Ralph Nicholes, Louise Swint, Dorothy Nell Tankersley and Billy Waddell."

Anyone knowing the whereabouts, or someone who might know the whereabouts of these class members, please contact Margaret at 1505 Graham, Wellington, Texas 79075 or Mary Neal Risley in Clarendon. Mrs. Vines stated, "We need these to plan a 1949 reunion."

## Hedley Activity Banquet date changed to May 19

The Activity Banquet at Hedley High School scheduled for Thursday, May 14, has been changed to Tuesday, May 19. It will be held in the school cafeteria at 8:00 p.m. The invitations had been sent out, so those who were invited to the banquet should make note of the change.

## BBQ. . . . .

The Black Community will be selling Barbecue Dinners from 11:30-1:30 Saturday, May 16, at the Black Community Building. Proceeds will go to sponsor the June 19th activities. For more information contact Mac Smith at 874-3578.

# Carrie Simpson's essay for national competition

Miss Carrie Simpson, the fourteen year old daughter of Mr. and Mrs. Jimmy Simpson, received word this week from Commissioner of Education W. N. Kirby of the Texas Education Agency that her essay, "What the Constitution Means to Me and My Country," has been forwarded to the national competition.

Carrie wrote the essay for a contest sponsored by the United States Department of Education to commemorate the two hundredth anniversary of the United States Constitution. A state selection committee has chosen fifty-eight of the 1400 essays submitted to be sent on to the national competition. At that level 150 essays will be chosen by the end of this week.

The top 150 essayists and their chaperones will be invited to Washington, D.C., on June 19, 1987, for appropriate awards and recognition. The top 150 essays will be printed in a book entitled *The American Sampler*, and a leather-bound copy of the book, signed by each of the 150 essayists, will be placed in a federal repository. In addition, the book will list the names and schools of all the essayists whose writings will be reviewed by the national selection committee.

Carrie is an eighth grader at Clarendon Junior High School where she is a student of Mrs. Helen Estlack.

CARRIE SIMPSON

# Downer - Crump engagement announced

Marilyn Breland of Amarillo and Larry and Dolores Crump of Clarendon are proud to announce the engagement and approaching marriage of their children Londa Downer and Junior Crump. Londa is a 1983 graduate of Irving Christian Academy. Junior is a 1982 graduate of

Clarendon High School and a 1985 graduate of Clarendon College.

They will exchange wedding vows on May 30 at 4 p.m. at Hedley First Baptist Church.

A special invitation is extended to friends and relatives of the families.

# Youth - centered approach in 4-H

The Youth-centered approach applies to all of 4-H.

Project leaders, organization leaders and parents find the youth-centered approach helpful when working with youngsters, says Terry Floyd, county 4-H program leader with the Texas Agricultural Extension Service, The Texas A&M University System.

The youth-centered approach means that:

- focus is on the interests and needs of youth.
- members set their own goals.
- members make plans to reach their own goals.
- members carry out their plans.
- members assess progress towards reaching their goals.

Goal assessment is done with help, guidance, understanding, encouragement and recognition from leaders and parents.

The youth-centered approach does not mean that youngsters should do whatever they want. Young people need guidance, direction, and help, says Floyd. This approach applies to general club rules, project and activity plans and operations, and special events in which 4-H'ers are involved. 4-H is a youth program, with guidance by adults.

The youth-centered approach en-

courages the youngster's natural curiosity, enthusiasm, inquisitiveness, energy and willingness to do the tasks at hand.

This approach helps leaders and parents to:

- consider individual needs and desires of youth.
- listen to what youth are saying.
- try to see things as a youngster sees them.
- provide a chance for your youngster to be involved in doing something.
- help youth decide what is reasonable.
- make youth feel wanted and respected.
- accept people for what they are rather than expecting them to be what you want.

Leaders and parents using the youth-centered approach for the first time may need to change leadership style, notes Floyd. Different styles of leadership are appropriate at different times. When the group is formed, it usually depends on leaders for structure and guidance. After the initial organizing, a leader can work towards increased group decision making. As the group members gain experience, the leader needs to be more group-centered to allow for maximum development of members.

REGINA MONROE AND RICKEY SPRINGER

# Monroe - Springer will exchange vows May 15

Regina Monroe and Rickey Springer wish to invite their friends to share in the joy when they exchange marriage vows, and begin their new life together on Friday, May 15, at 6:00 p.m. in the Hedley Baptist Church.

# WTU opens power station to public

West Texas Utilities Company will open its new coal-fired Oklahoma Power Station to the public on Saturday, May 16, with an open house from 10 a.m. till 3 p.m.

"We're inviting everyone interested in seeing this new plant to come out and take a tour," said Glen D. Churchill of Abilene president and chief executive officer of WTU.

"We've had many requests from people who've seen the plant from a distance and we know there are many others wanting a close-up view of one of the largest electric generating units in the state," Churchill said.

Both walking and riding tours will be available during the five-hour open house period. Refreshments will be served and souvenirs will be handed out to all visitors, with special favors for children.

Plant Manager Chuck Adams said plenty of parking space will be available and that members of his staff will serve as tour guides.

"We're proud of the plant and we're hoping for a large crowd on May 16," Adams said. He urged visitors to wear casual attire, including comfortable walking shoes.

The Oklahoma Power Station is the largest in WTU's system and the first to burn coal as boiler fuel. The coal comes by train from Wyoming. The plant is situated about eight miles southeast of Vernon and has become a landmark visible from all major highways in the area.

Construction began in May 1982 and the plant was completed and placed in service in December 1986. WTU, a member of the Central and South West System, owns 54 percent of the plant and is the operating company. The remaining ownership is shared by Public Service Co. of Oklahoma and Central Power and Light Co., both CSW companies; Oklahoma Municipal Power Authority and the City of Brownsville.

# 4-H, the People of Tomorrow

Youths of today should be preparing themselves to become leaders for tomorrow, and that's where 4-H can play an important part.

4-H projects allow 4-H'ers to investigate areas that might be career opportunities for tomorrow, points out Terry Floyd, county 4-H program leader with the Texas Agricultural Extension Service, The Texas A&M University System.

Project opportunities are unlimited; they are limited only by a youngster's imagination. Projects allow 4-H'ers to develop skills, ideas and knowledge to the fullest potential.

4-H clubs provide leadership, organizational, educational and recreational experiences. Through these clubs 4-H'ers learn the democratic process, self-expression, self-esteem and group cooperation, Floyd points out.

Through meetings, programs,

recreation and achievement events, 4-H'ers learn to share, to be good sports and to accept recognition gracefully. They learn each time they perform at a club, county and district event that regardless of whether they place first or last, they are winners because they have worked and achieved.

From the first project in home economics and agriculture, youth develop as they progress to bigger and larger projects.

As 4-H'ers round out their years in 4-H, they become mature, self-sufficient, self-confident, self-supporting young adults ready to take their place in society to become worthwhile citizens.

4-H'ers are and will be found in every career field available, notes Floyd.

As 4-H continues into the next decade and the next century, members will be outstanding and easily

recognized because of their vast experience in this worthwhile organization.

4-H today and in the future will continue "to make the best better".

More information on the 4-H program is available at the county Extension office, says Floyd.

# City Minutes

The Board of Aldermen of the City of Clarendon met in regular session on April 28, 1987, in the Board Room, City Hall at 7:00 p.m.

Members present were Mayor David Davidson, Aldermen James Thomas, Steve Smith, Lloyd McCord, Benny Osburn, and Gene White.

Others present were City Secretary Donna Edwards.

Minutes of the April 14, 1987 meeting were read and approved.

Motion was made and carried to have a plaque made and placed over the stone archway at the City Park that identifies the archway as being built by Mr. J.R. Martin in the 1920's, and that the expense will be paid by Mr. Martin's son, Mr. Robert Allison.

After a discussion of street signs for the City, Mayor Davidson said he will look for used sign making equipment, so that the City could make their own street signs.

A general discussion of street maintenance followed. It was decided that the dirt streets should be crowned using the maintainer to allow better drainage.

There being no further City business at this time meeting adjourned.

The Chinese developed the use of paper about 100 B.C.

The Clarendon Press is published every Thursday at 106 S. Kearney and entered as Second Class Mail at the post office at Clarendon, Texas. J. C. and Helen Woody, publishers and editors.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

All pictures used in The Clarendon Press which are not the property of The Clarendon Press must be picked up in 10 days after publishing date.

# capitol comments

STATE REPRESENTATIVE FOSTER WHALEY P.O. BOX 2910 AUSTIN, TEXAS 78769-2910

Every legislator was aware that the 70th Texas Legislature would be the toughest session held in decades. But no one ever dreamed it would be this tough.

The Capitol post office says the volume of mail is astronomical and exceeds past volumes by huge amounts.

Every new gimmick imaginable is used in the lobbying process. For instance, Phillip Morris, some time back, placed literature in each carton of cigarettes. From their responses, they sent back three or four pages of printed stationery to their smokers with a sharp message neatly typed and directed to the State Representative or Senator in their districts, saying smokers' rights were being abused. The messages were varied so all letters didn't sound the same. I have copies of the Phillip Morris correspondence. All these letters must be answered and require considerable time on the part of the legislator and his staff. There is a bill

that addresses segregated smoking in public places. It will never get out of committee.

Lawyers that try cases before district and state judges write strong letters of support for salary raises for the judges and, no doubt, send blind copies of their letter to their judges.

State agencies advise the recipients of benefits that their financial and other aid is about to be terminated unless they contact their legislator. Although strictly prohibited by law, no doubt, much state money is spent on lobby effort. The more money and program growth, the bigger the lobby effort.

Lobbyists who work for different state worker and retiree groups send out propaganda advising their clients there could be a raid on their funds. Later, when their scare stories never come to pass, they take full credit for putting out a fire that never existed.

A best-selling book could be written on this subject.

Clarendon Family Services has moved to highway 287, across from Mary's Country Kitchen.

You've had a heart attack. You were rushed to a hospital for emergency surgery. You received oxygen and blood to help sustain you. You remained in intensive care for many days — doctors and nurses monitoring your vital signs, and administering the prescribed drugs and medicines to help you recover. You finally are able to move out of ICU into a semi-private room. After a bit longer in the hospital, the staff wishes you a fond farewell and sends you home to recover.

Then, they send you the bill.

Financial trauma is a major worry for Americans today who enter a hospital. And for each of us, it's a problem that lurks behind each corner. Our health may be excellent today, but what can happen tomorrow?

Good news! American Bankers' offers a brand new plan to protect you from this nightmare — the INDIVIDUAL MAJOR MEDICAL PLAN! This insurance plan offers you up to \$1,000,000.00 in a wide range of benefits to cover you from the very first ambulance trip. 4 deductibles and 2 choices of coverage help you fit this plan to your needs and your budget.

It's smart to compare! Details are available by mailing this coupon today!

## Contact Lens Care

The first contact lens were the "hard" type and, for a variety of reasons, are still used today by many individuals. The newer "soft" contact lens has, no doubt, made these devices more acceptable. Many product types are available for care of the soft contact lens.

Cleaners: The material from which the soft lens is made collects deposits from hair spray,

cosmetics, and oil from the fingertips. Appropriate cleaning prevents lens shape changes and wearer discomfort. Cleaners contain surfactants, which clean like laundry detergents, or enzymes, which break down protein deposits so that they can be rinsed from the lens.

Disinfectants: Routine disinfection helps prevent eye infection by killing bacteria and viruses that may collect on the lens. With the

"cold" method, the lens is simply placed in a disinfectant solution for several hours. Heat disinfectant involves sterilizing the lens in salt water in an electric unit for 30 to 45 minutes.

Lubricants: Lubricants rewet the eyes and increase lens comfort while lens remain in the eyes. Lubricants are helpful when one is exposed to wind or low humidity.

# 10th Annual Breckenridge Air Show Sunday, May 24

An event that began on Memorial Day weekend in 1978 when a few "old fly-boys" planned a little get-together with their World War II Warbirds for a weekend of fun and fellowship has grown into one of the largest Annual Air Shows in the nation.

The 10th Annual Breckenridge Air Show will be held on Sunday, May 24, at the Stephens County Airport about two miles south of Breckenridge on US highway 183. Gates will open at 9:00 a.m. and the Air Show will begin at 1:00 p.m. with special fly-overs of current military aircraft and will continue until 5:00 p.m. Admission for adults is \$5.00. For children of school age and up to 12 admission is \$3.00. Children under 5 years of age are admitted free.

There will be static displays all day on Saturday, May 23, 1987 as well as tours of the Breckenridge Aviation Museum. Admission to the airport area on Saturday will be \$3.00 a person for everyone over 5 years of age. Proceeds from the admission charges are used to offset the cost of fuel and the staging of the Air Show.

In previous years there have been over 140 vintage Warbirds that have flown in the Air Show. Many of the vintage aircraft will be on display most of the day on Saturday and will continue on display prior to the actual start of the Air Show on Sunday.

In addition to the fly-overs of current military aircraft beginning at 1:00 p.m. on Sunday, the feature of the Air Show will be the reenactment of the air battle depicted in the movie "Tora, Tora, Tora" and will feature a very wide range of aerobatics and flying exhibitions by numerous individuals and teams of aircraft that make up the four hour aerial extravaganza.

The Breckenridge Air Show is sponsored by the Big Iron Squadron of the West Texas Wing of the Confederate Air Force, The Breckenridge Aviation Museum and the Breckenridge Chamber of Commerce.

The Warbirds participating in the Air Show are all in absolutely beautifully restored glory. Their owners and flyers are indeed a very

rare breed. Many of the aircraft in the show every year are usually one of only a few of their type that are still flyable.

It would be difficult to list all of the Warbirds and their owners that are scheduled to be on hand for the 10th Annual Breckenridge Air Show, but we can assure aviation enthusiasts they will thrill in their recognition of the uniqueness of seeing many of these aircraft.

Ed Sealy, General Chairman of the Breckenridge Chamber of Commerce Air Show Committee stated recently in discussing the event, "All of Breckenridge extends a cordial invitation for everyone to make a family day outing of the 10th Annual Breckenridge Air Show. Come early on Sunday, May 24, 1987, view the planes, take pictures, visit with the pilots who will be participating in the show, take time to tour the Breckenridge Aviation Museum, select your favorite souvenirs from the many booths at the Air Show and there will be a variety of food and soft drink booths operating. It is suggested you plan to arrive as early as possible in order to avoid delays in getting into the parking areas.

Tickets may be purchased in advance by ordering from the Breckenridge Air Show, P.O. Box 1466, Breckenridge, Texas 76024, or they may be picked up at the Breckenridge Chamber of Commerce, 112, West Walker.

## Clarendon College Ex-Students meet on Clarendon campus

A smaller than average but enthusiastic group of Clarendon College Ex-Students gathered on the campus the weekend of April 25, 26, 1987 for their annual reunion. Sixty-six attended the Saturday night banquet with sixty-four present for the luncheon Sunday.

Traveling the farthest to be present this year were Sarah Virginia McGowan Bishop and her husband from Bountiful, Utah. Minnie Farebee Halbert of the Class of 1916 represented the earliest-day class. Special classes honored this year were those of 1937 and 1962. At the Saturday night banquet the Class of 1962 had no representation.

Attending from the Class of 1937 were Viola Barker Graham and Anna Moores Swift Simmons of Clarendon; Sarah Virginia McGowan Bishop and her husband of Bountiful, Utah; Helen Louise Green of Canyon; Eloise Hill Moss and her husband of Wichita Falls; Linwood Betts of Borger; Jimmie Lee Cole Matheson of Claude; Mary Graham Rush of Portales, N.M.; D.W. Tomlinson and wife of Bartlesville, Okla.; James Lowell Lafon and wife of Albuquerque, N.M.; and Virginia Williams Faber of Denver, Colo. Anna Moores Simmons entertained this class with a luncheon in the Hospitality Room of the First Bank and Trust Saturday noon and in her home following the banquet Saturday night. Enjoying this joyous occasion with these classmates were Roslyn Bass Poindecker of Allen; Cynthia Mae Eller of Carlsbad, N.M.; and two sisters of Virginia Williams Faber.

A tea was hosted at the Saint's Roost Museum by that board Saturday afternoon. A "thank you" to those who helped make this a memorable occasion.

Janice Johnston of Plainview, presided at the banquet. Allen Estlack gave the invocation and Tex Selvidge, Dean of Students at Clarendon College, welcomed those attending. Speaker for the evening was Gene Parker, West Texas State University, Canyon. Billy Ray Johnston of Amarillo pronounced the benediction.

Rev. James Carter, First United Methodist Church, Clarendon gave the invocation at Sunday's luncheon and Dr. Phil E. Shirley, Dean of Instruction at Clarendon College presented the welcome.

"Who am I?"  
I call but you do not hear, the sound makes no impression upon your ear. I walk by and the sound of my steps you ignore. I reach out but you cannot feel my touch. I cry but the tears are but nothing to you. I can't feel the love that is not expressed in a touch or a sound. Must I walk alone in all the crowds, friends do not feel the need that is always walking beside me.

The world is only a sounding board for the lines that must travel upon its lonely roads. Only a few find that which they seek.

What am I? I call, I have called and yet I still call. I look into the far horizon and see only that which I have already passed through?

Does this little story say a little about your passed life? When you have felt all alone and unloved, we have people who are calling out for someone to help them. If you call yourself a Christian, it is your duty to answer that call for help and lead them into a close relation with the Lord, who can answer all their needs.  
Don Altman

Jerry Hawkins, Agriculture Department, and Pam Denney, Business Department, Clarendon College, reported on the work being done in their respective departments. Donald Smith, Finance at Clarendon College, reported on contributions made to the Student Loan Fund and how the fund has been used through the school year by students attending the College. He also gave a report on the audit of the Association's finances. The report on Scholarships was made by Tex Selvidge.

During the business session the following officers were elected to serve the coming year: Janice Johnston, President; Gloria Gage, Vice-President; Susie Shields, Secretary-Treasurer; Leta Thompson and Allen Estlack, Directors to serve the coming two years.

A memorial tribute was presented by Helen Green in memory of: Inez Weems Montgomery, Johnny Blocker, Harold Hamm, Harold G. Wilson, Gordon B. Jordan, Frank White, Jr., Hobart Ebie Stocking, Nellie Bourland Baldwin, Verna Teel Durrett, Bill Rutherford, William Henry, and Rena Rutherford Williams.

Following the presentation of the President's Plaque to Janice Johnston by Tex Selvidge, Jack Moreman, Ranch and Feedlot Operations, Clarendon College, gave the benediction. Meeting adjourned with the invitation to "Plan to be here next year and bring a friend."

A special "Thank You" to all who contributed in any way to this year's meeting and to Mrs. Claudine Todd who provided the beautiful Blue Bonnets for decoration.

## Clarendon School Menu

May 18-22

**Monday** Steak fingers, creamed potatoes with gravy, hot rolls, green beans, peanut butter and honey, apple sauce, milk.

CHAMBER PRESIDENT DAVID Davidson wishing Wayne Doering of Sam Hill Pit Barbecue good luck.

DAVID DAVIDSON CUTTING ribbon at This and That Arts and Crafts with owners Eda Wallin and Vida O'Neal and well wishers looking on.

## Two ribbon cuttings Saturday

The Chamber of Commerce did two ribbon cuttings Saturday morning. This and That Arts and Crafts had a big crowd to wish Eda and Vida well. Chamber President David Davidson cut the ribbon at 10:30 to officially open the shop.

They had a drawing every hour starting at 11 a.m. winners were: Joyce Blassingame, Josie Burgess, Merle Butts, Owen Goldston, Lenora Karnes, Ellie Wilkenson, Jeannie Owens and Karen Noble.

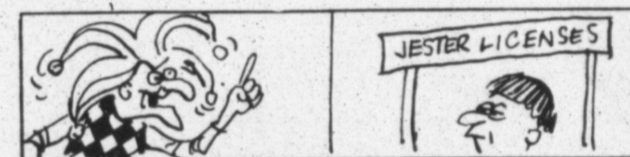

At 11 a.m. David was at Sam Hill BBQ wishing them lots of success. By noon, they had a full house and at 2 p.m. there still wasn't any parking space around the building. They lived up to their motto "Larrupin' Good".

The new B & R Thriftway Store

continued with their grand opening Saturday, by giving away groceries, a BMX Bike, 10 speed bike and a dryer. Winners of these drawings were: Groceries-J.T. Baldwin, Gannon Rhinehart, Cecil Burrow, Pat McAnear, C.H. McQueen, Veta Tims, J.W. Brown, Connie Havens, Connie McKinney, Ruth Hutson,

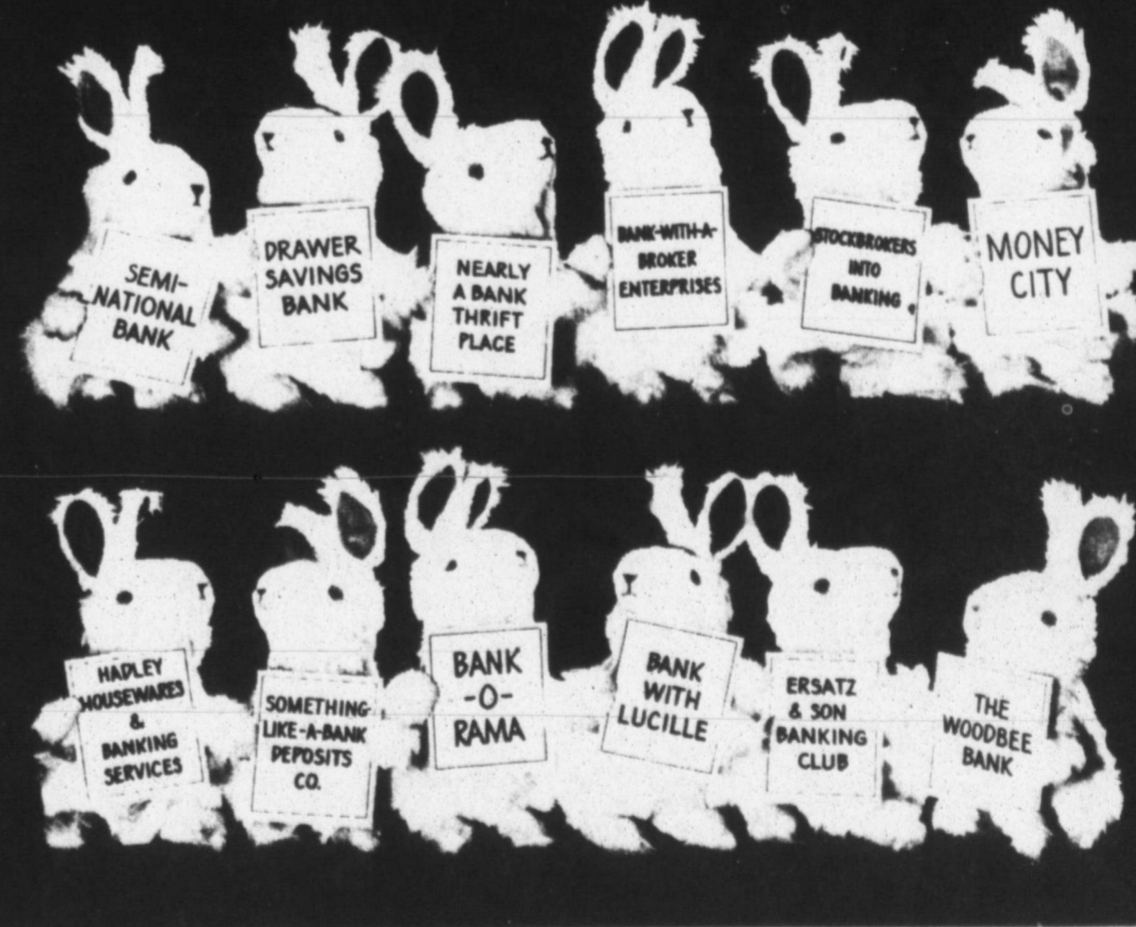

Fern Hall, and A.M. Sparks, all of Clarendon. Winner from Hedley was Johnny Linville. Winner of the BMX Bike was Amilia Encinia, Memphis; 10 speed bike, Barbara Alexander, Clarendon; and the dryer was Suzy Hall, Clarendon.

The Chamber of Commerce wishes these new businesses lots of success.

The 51st state? In 1915 it was proposed in the Texas legislature that a separate state be made of the Panhandle, or northwestern part of Texas. The new state would have been called State of Jefferson.

**WOULD-BE BANKERS  
HAVE BEEN MULTIPLYING  
LIKE RABBITS.**

Don't allow yourself to be misled by apparent similarities. Just because so many others are hopping to include the word "bank" in their names doesn't mean that they are actually bankers. "Savings Banks," "Thrift Banks," "stockbroker" "bank" accounts, etc., try to blur the difference between them and real bankers. But they don't al-

ways offer you the experience or, sometimes, the security of bankers. In fact, the only place you'll find a banker is The Bank, where your deposits are Federally insured up to \$100,000. As for multiplying, our Full Service Bank is always ready and able to offer the newest ideas to help your money reproduce.

THE ONLY PLACE YOU'LL FIND A BANKER IS THE BANK.

## Memphis School of Dance to present recital

Memphis School of Dance is presenting "Put on Your Dancin' Shoes" dance revue on Sunday, May 17 at 2:30 p.m. in the Memphis High School Auditorium. Tickets are now on sale and can be purchased from the students or at the door. Admission is \$1.50 and children 5 and under are admitted free. This program will be wonderful entertainment for all ages. It is Memphis School of Dance's 3rd annual recital under the direction of Diane Nibler.

There will be 70 students in all performing ballet, jazz, singing and tap numbers. Students are from Clarendon, Memphis, Hedley, Childress, Paducah and Lakeview.

Clarendon and Hedley students performing include: Lydia Black, Karli Jo Hill, Angie Longan, Penny Longan, Kendra Martin and Jenny Roberts.

## Pathfinders

Pathfinder Club met Friday, May 8, 1987 at Pathing Club House for the luncheon honoring the President, Mrs. Blaine Butts.

Hostesses were Imogene Brumley, Jessie Adams and Lucy Saye.

Handsome white roses were gracing the serving table. At the quartet tables were bright poppy's and garden flowers. These were from Lucy Saye's garden.

The program was an original poem from the fertile brain of Naomi Green, "Pathfinder History 1986-87".

Pathfinder History 86-87

Here we are at the close of the 1986-87 Pathfinder year. No richer, a bit wiser, but with friendship held dear.

We welcomed new members Gladys and Polly, real contributing individuals they have made by golly.

In September the president's luncheon was a superb pleasure. Naomi Green gave history of Pathfinder and another treasure out of Mrs. Paul Shelton's things, diligent efforts and foresight, lost history of the "Pathfinder Library Minutes" came to light. Hostesses Imogene, Jessie and Lucy made a delectable meal giving our meeting the "Pathfinder approval Seal."

Research of history and restoration of her home by Zell SoRelle was the program in October, presented of course really well. Such enthusiasm and hard work gives our little town a historic tourist attraction and "medallion" for a crown. Club members were urged to provide a "Donley County Medallion" for those qualified. We did partake of culinary

delight provided by hostesses Hamilton and White.

In November Leslie Schnauer came from Clarendon College. Mind control and positive attitudes were added to our knowledge. Some worthy cuisine was provided by VanZandt and Green.

In December Helen Cook told a Christmas story for our pleasure. Katherine Green's music brought us joy beyond measure. Mary Hazel and Gladys decorated reception room and dining with holiday spirits leaving eyes shining.

Our new slate of officers in January turned out to be Cook president, Adams vice, Sawyer secretary as you see. You can look in the book for the rest of the slate they're same as last year - and that is our fate.

Annis Stavenhagen, our local librarian gave us a run down, facts, figures and a summer reading program sound. Computerized we are quite up-to-date, a micro film processor and reader must wait. Don't forget any project begins with something called "You" let us put on our "thinking hats" and see what we can do. Once again we added to our waistlines refreshments served by Myrle and Helen were sublime.

A program of legal information, things we really need to know was brought in February by local Attorney William Lowe. Calories we don't like to mention were added to our diet by Robinson and Henson.

Jeff and Beth Walker's daughter, Sharon, a musician, now a Robinson we allow on condition, she share her nice husband and talent too for members and guests of Pathfinder to

review. Three guests to each member in number present made the Social Committee's endeavors most pleasant.

It is not just a "tale" but a real fact said Presbyterian minister, Rev. Larry Black "The tomb was really empty at Easter Sunrise." "Why should it be such a surprise? The prophesy was there for all to read. How could we believe Christ would not succeed in the triumph God did prepare for each and all of us to share?"

Once again Mary Bray shook our soul with violin music to make us whole. Polly and Nita provided a plate highlight much to our enjoyment and culinary delight.

And here it is May the last meeting of the year hostesses have planned this lunch of good cheer. Once more it is time for the Historian to say, "Adieu" with a Pathfinder history written especially for you.

President for the Presidents Luncheon were members Mary Bray, Nita Shelton, Ruth Robinson, Mary Hazel Van Zandt, Gladys Sawyer, Betty Williams, Helen Cook, Naomi Green, Meryl Butts, Dorothy White, Polly Sarich, Duerelle Stark, Nita Manning Faust and hostesses Imogene Brumley, Jessie Adams and Lucy Saye.

### Seniors honored with

#### Mexican Pile - on dinner

The Clarendon Seniors were honored with a "Mexican-Pile-On" Dinner given by the Senior Mothers of The First Baptist Church. The Baptist Parsonage (Home of the Truman Ledbetters) turned into a festive inhabitant of bright flowers, Mexican table cloth, blankets, and other Mexican decor to help set the theme.

The entertainment of Daron Brown and Jason Fike was enjoyed by everyone. David Walker shared a few thoughts about leaving high school, home and entering a life outside those premises!

A special thanks to the Ledbetters for having us in their home, to Cula Jo and Betty V. for their help and all the others who helped out in any way.

The seniors who came for an evening of entertainment, food and fellowship were: Craig Wright, Jake LaGrone, Calvin Timmons, Gwen Bohannon, Marcus Smith, Whitney Cospier, Tina Hommel, Ken Miller, Chris Leathers, Kim Sharrar, Stephanie Graham, Steven Phillips, Mike Murry, James Ariola, Monte Hollar, Billy Wiggs, Kristen Couch, Bridgett Spier, Kami May, Shanna Cole, Trisha Clifford and Sheri Chamberlain.

## DONLEY COUNTY SENIOR CITIZENS

Caring People...A Lamp to the Community

Have you noticed?? Thanks to our Arts and Crafts group for covering the front windows and door. Nova Neuhaus and Ann Bunyan did a beautiful job of putting it on. We can now sit in the lobby without sun-glinting.

Carmen's doctor appointment fell on the first Tuesday again, so Gwen Hill did the Blood Pressure Clinic on May 5th. She checked forty people. We really appreciate all the good and willing help we get here at the Center to keep our programs alive.

Nine of us rode the bus to enjoy the Senior Citizens Dance on Tuesday, May 5th at Memphis.

Thursday, May 7th was a good Game Night. We had Dominoes, Eighty-four, Skip-Bo and Pinochle.

Friday, May 8th Musical Jam Session was really good. About forty people enjoyed listening to some real good music by our super musicians. Lucille Smith, Forrest Denton, Hugh Neuhaus, Nova Neuhaus, Wesley Thomas, J.B. Yates, Johnny Hancock, Margaret Hancock, Dick Stephens, Melvin Srygley and Fred Fortenberry.

We were pleased to be asked to participate in the Amarillo Senior Citizens Association's Senior Round-Up day on Saturday, May 9th. "Jean's Bunch" played Country and Western music from 3:45 to 4:30 p.m. at the Main Hall in Amarillo. We want to thank the following for making this a very pleasant experience. Lucille Smith, Forrest Denton, Hugh Neuhaus, J.B. Yates and Fred Fortenberry. We also appreciate Maxine Denton, Nova Neuhaus, Veda Elliott, Bradis Ballew, Eva Hammack and Clara Mae Baggett for their support in attending with us.

Thanks for April 1987 Donations. LOVE: Gwenith Goldston, Maude Killian, Raymond Hinkle and Mr. and Mrs. Lacy Nobles, with one beautiful anonymous gift. FACILITY USE: Senior Citizens Dance Club. MEMORIALS: Mr. and Mrs. Truett Behrens and Mr. and Mrs. Barney Baten in memory of Freida Gray, Eda Wallin and Mrs. Barney Baten in memory of Katherine Lemons. Senior Citizens Dance Club in memory of William Lett. Mr. and Mrs. C.B. Norton in memory of Freida Gray, Katherine Lemons and Mike McCulley.

Thanks to our Volunteers - they are the greatest. April volunteers are Alta Adkins, Barney Baten, Thelma Behrens, Linda Kay Bell, Ann Bun-

yan, Wanda Clay, Norma Corgill, Thelma Corgill, Lillian Eudy, Gwenith Goldston, Gwen Hill, Lenora Karnes, Amy Lawson, Rosa Mears, Marie McCracken, Kerry Pasco, Dorothy Pitts, Marie Sides, Verdie Tipton, Eda Wallin, Annie and Don Wooten and Carmen Wright. Thank you all very much - we love and appreciate each of you.

Tuesday, May 19th is the 3rd Tuesday Dance with live music by Melvin Srygley and the Offbeats. At the Community Building from 8 p.m. to 11 p.m.

### Calendar of Events

May 14-20

Thursday Exercise 11 a.m., Game Night 6 p.m.

Friday Exercise 11 a.m., Musical Jam 7 p.m.

Monday Exercise 11 a.m., Dance Practice 7-9 p.m.

Tuesday Exercise 11 a.m., Blood Pressure clinic 9 a.m.-1 p.m., 3rd Tuesday Dance Community Building 8-11 p.m.

Wednesday Exercise 11 a.m., Hearing Aid Test and Service 10 a.m.-12 noon, Nutrition Program 11:45 a.m., Arts and Crafts 1 p.m.

### Menu

May 14-20

Thursday, Chicken and dressing with giblet gravy, cranberry sauce, fried squash, blackeye peas, ambrosia salad, egg custard, bread, milk, tea, coffee.

Friday Fried fish with tartar sauce, parsley potatoes, harvard beets, coleslaw, chocolate cake with frosting, hushpuppies, milk, tea, coffee.

Monday Swiss steak, buttered cauliflower, carrots, 3 bean salad, bread pudding, dinner rolls, milk, tea, coffee.

Tuesday Pork roast, sweet potatoes, brussel sprouts, carrot and raisin salad, prune cake, dinner rolls, milk, tea, coffee.

Wednesday Salmon patties, scalloped potatoes with cheese, fried okra, coleslaw, apple cobbler, bread, milk, tea, coffee.

Brown 'n serve rolls owe their beginnings to a volunteer fireman. Answering a fire call, he pulled his half-baked rolls out of the oven. After later baking they proved to be delicious. The rest is history.

1,

TODD McANEAR, Lynn Wiggs, Derek Howard, Renee Campbell and Monte Hollar.

## F.F.A. Parent - member banquet

By LYNN WIGGS

The Clarendon Chapter of F.F.A. held their annual F.F.A. Parent and Member Banquet Tuesday, May 5, at 7:00 p.m. It was a great success!

The banquet was kicked off by the invocation by Richard Graham. Following the invocation was the meal which consisted of: barbecue chicken, potato salad, pickles, onions, cherry peppers, bread, peaches, beans, and coke. The meal was wonderful. It was prepared by Steve Reynolds, Ted Shaller, Ronald Gooch, Ronnie McAnear, and Roddy Klinnert. To show our appreciation we thanked them with a pen and pencil set.

After the meal the banquet was called to order by Derek Howard, president. The opening ceremony was performed by the 1986-87 Clarendon Chapter Officers which are as follows: President-Derek Howard, Vice-President-Linda Hill, Secretary-Tina Hommel, Treasurer-Jay Gage, Reporter-Renee Campbell, Photographer-April McCary, Student Advisor-Todd McAnear, Sentinel-Jason Klinnert, Advisors-Ronnie Edwards and Monty Adams.

The welcome was given by Linda Hill. Next were the accomplishments of 1986-87. Jr. and Sr. Chapter Conducting teams did not do all that well but everyone learns from mistakes that they make. Hopefully we

will do better next year. Our judging teams did a great job. The teams were: Dairy, Dairy Products, Poultry, Livestock, Horse and we had one Exempt speaker, Renee Campbell. There were a lot of livestock showmen who made a good showing at the Donley County Show, Ft. Worth, and Houston. Congratulations!!

Proficiency Awards were given to the following: Horse-Monte Hollar, Home and Ranch Improvement-Tina Hommel, Poultry-Joseph Jaramillo, Sheep-April McCary, and Specialty Livestock-Jimmy Hobbs. Last week the Clarendon Chapter took nine awards to the Area 1 Leadership Conference. Out of nine six will be going to state. They are: Todd McAnear-Fiber, Oil Crop, Diversified Crops, and Forage; Derek Howard-Dairy Production, Billy Wiggs-Turf and Landscape. Good luck to all of these at state.

Next we had our Star Greenhand award which was awarded to Lynn Wiggs a freshman. Then the Star Chapter Farmer was awarded to Todd McAnear a sophomore. The Star Lone Star Farmer went to Derek Howard a senior. Derek Howard, Monte Hollar, and Billy Wiggs all had three applications advanced to state and they will all receive their Lone Star degrees this summer in Ft. Worth, Texas.

Each year a Scholarship Pen and

Leadership Pen are given out. This year recipient of the Scholarship Pen was Renee Campbell a junior, the Leadership Pen was awarded to Monte Hollar a senior. Linda Hill was the 1986-87 Clarendon Chapter Sweetheart. You did a wonderful job, Linda!

As always the Clarendon Chapter picks two men to be inducted into the chapter as Honorary Members. This year's Honorary Chapter Farmers were Delmar Wiggs and Bob Howell. Congratulations!

The 1987-88 officers were also installed at the annual banquet. The new officers are: President-Renee Campbell, Vice-President-Joseph Jaramillo, Secretary-April McCary, Treasurer-Joe Bilbrey, Sentinel-Jason Klinnert, Reporter-Lynn Wiggs, Student Advisor-Todd McAnear, Chaplain-Richard Graham, Chapter Advisors-Monty Adams and Ronnie Edwards. The new officers closed the banquet with the official closing ceremonies.

The Clarendon Chapter would like to encourage any upcoming students to enroll in our Chapter. It is a lot of fun and you learn a great deal.

Thanks to everyone who has showed their support! We really appreciate it!

In memory of Mr. and Mrs. D.M. Ferebee by Lydia Ferebee Wilkin-son.

## Business loans available for Texas rural residents

Authority is available to guarantee loans for Texas rural residents for use in creating new business or expanding existing enterprises, J. Lynn Futch, FmHA State Director, said Monday, May 4, 1987.

"Although the Farmers Home Administration guarantees a loan made by a commercial lender, we are interested in the economic health of our rural communities and welcome inquiries about this program," Futch said. "Our business and industry program was created primarily to provide jobs in rural communities and towns up to 50,000 in population."

"There may be many people in rural areas of Texas who are not familiar with the opportunities available under the B & I program, especially the fact that we can guarantee loans for a variety of sizes of business, including family-size enterprises," he added.

"We are especially interested in anything we can do to help improve job opportunities for farmers who are trying to find new occupations."

Mr. Futch said information about the program can be obtained from the FmHA office located at 416 South Kearney, Clarendon, telephone number is 874-3552.

BOB HOWELL AND DELMAR WIGGS Honorary Chapter Farmers.

In this wonderful world of "High-Tech"

Isn't it good to know that there are some things that just don't change... they are constant and true... you can depend on them! Simple things like the joy of friendship, the love of family, and the promises of God found in His Holy Word, the Bible! But the thing about these precious values is that, as with all things worth having, they must be sought! Sadly enough there are many in our world today who are so madly in pursuit of material possessions, social standing, political power and worldly wealth that they no longer have time for such simple things! They are all caught up in our fashionable, high-tech world and have virtually cast aside all the true values that will endure throughout time and eternity for the sake of fleeting pleasures that only last for a little while and then leave them more empty, desolate, lonely and frustrated than ever before.

But Jesus said, "I came that they might have life and have it abundantly!" - John 10:10 Now we can either choose that and seek that, or we can ignore that and continue to plunge headlong into even greater heartache and ruin. Why not leave the mad rush down that broad path to destruction and give "life" a chance, "love" a chance, "God" a chance... His love for you is constant and His promises are true!!!

## Watt's Happening In Hedley by Peggy Watt

I didn't find out much of what was happening in Hedley because Fred and I received word that his brother-in-law, Collier Heater had died suddenly in Dalhart. Su-San, Fred, and I went up there Sunday. Fred spent Sunday night there with his nephew J.W. Heater. Su-San and I went back to Hartley and spent the night with Hubert and Paulene Green. We all attended the funeral in Dalhart Monday morning. We got home just in time to see Keith off to Amarillo where he took his physical for the Army National Guard Tuesday.

Ora Pearl Farris visited Woodrow's sister, Nella Gamble in the Memphis Convalescence Center Thursday.

Sis Martin spent a night in Hall County Hospital last week. Kendra continues to recuperate from a tonsilectomy and other treatments in St. Anthony's Hospital in Amarillo. I think Matt was the only one in the family who kept well last week.

Mrs. Golden Johnson of Amarillo spent Mothers Day with her mother, Mrs. Mollie Dickson. They attended worship services at the Methodist Church Sunday morning.

Red and Dean Hill went to Wichita Falls Saturday for the graduation ceremony at Midwestern University where their daughter, Neva Lewis received her degree at the school of nursing.

Paula Clendennen of McLean spent Sunday with her parents, Tom and Opal Clendennen.

Chester and Beatrice Hill of Lefors spent several days at their Hedley home. They divided their time between Hedley and their home in Lefors.

Leon came from Lueders Friday to fetch Linda and Langly home. They had spent the week in Memphis with her parents, Albert and Edith Ivy. They spent Saturday night with us and attended worship services at

the Methodist Church Sunday morning.

Fred and Guy treated me to Mother's Day lunch at the Branding Iron Restaurant in Memphis Sunday. We saw Virgil and JoAnn Johnson and Bobby, Travis and Inez Bland, Roy, Jr. and Sue Brown, Susan and Cindy there.

Woodrow and Ora Pearl Farris spent the weekend in Wichita Falls with their children, Don and Erma Lee Young, Landon and Melissa. They came home Sunday evening.

Gail and S.J. Johnson, Dorothy Brinson, and I attended the Eastern Star Friendship meeting in Clarendon Thursday evening. We enjoyed a delicious meal followed by a regular meeting. Other visitors included members from Hereford, Amarillo, Childress, and Wellington. Mrs. Lucille Polk Naylor received her fifty year membership certificate.

Neal Taylor spent Mother's Day in Hedley with his grandmother, Mrs. Othel Bolin, and aunt, Mary Farris. He came down with his cousin, Shane Farris.

The Memphis School of Dance will be presenting their spring recital Sunday, May 17 at 3:00 p.m. in the Memphis High School Auditorium. Students participating from Hedley include Lari Hill, Kendra Martin, Angie Longan, Jenny Roberts, and Penny Longan. Their teacher is Diane Nibler.

### Hedley School Menu

**Monday** Spaghetti with meat, spinach, sliced carrots, hot rolls, honey, butter, milk.

**Tuesday** Tacos and cheese, salad, buttered corn, picante sauce, graham crackers and peanut butter, milk.

**Wednesday** Red beans, hash browns, cooked cabbage, cornbread, dill relish, onions, pears, milk.

**Thursday** Hamburgers, sliced cheese, French fries, lettuce, tomatoes, onions, pickles, chocolate cake, milk.

**Friday** No school. End of school field trip.

### Hedley Senior Citizens Menu

**Hedley Senior Citizens menu**  
May 14-20

**Thursday** Steak with gravy, mashed potatoes, zucchini, hominy salad, roll-oleo baked apple, milk, tea, coffee, juice.

**Friday** Turkey with dressing, cranberry sauce, giblet gravy, broccoli, raw veg. salad, purple plums, milk, tea, coffee, juice.

**Monday** Fish oven fried with tarter sauce, French fries, green peas, cabbage-apple slaw, corn muffin-oleo, fruit cup, milk, tea, coffee, juice.

**Tuesday** Ham, sweet potatoes, green beans, lettuce and tomato salad, roll-oleo, apple crisp, milk, tea, coffee, juice.

**Wednesday** Steak with gravy, whole new potatoes, harvard beets, sliced pineapple/cheese salad, roll-oleo, bread pudding, milk, tea, juice, coffee.

### Rieken - Crump exchange wedding vows

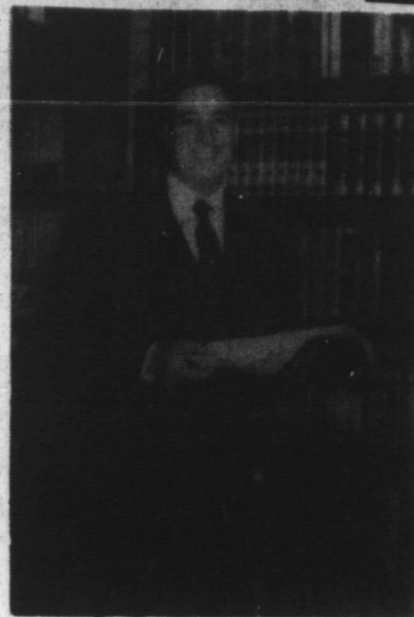

Don Rieken and Paulette Crump were married Tuesday, April 14 in Memphis by Rev. Tom Posey.

The bridesmaid was Charlotte Ritchie of Lakeview as witness.

Don works for Kirby Company in Memphis and Paulette works for Home Health of Dumas.

They will reside at 215 N. 14th in Memphis.

## From The PEN of PASTOR PINION

"HOW TO HANDLE AN EVIL REPORT"

In Proverbs 26:22 we are told, "The words of a talebearer are as wounds, and they go down into the innermost parts of the belly." One of the most subtle methods employed by Satan to defile christians is through the use of gossip, slander, and whispering campaigns. He uses these poison-tongued people to discredit spiritual leadership, multiply conflicts in the body of believers and cause division between christian brethren. It also causes lost people to mock the church and reject Christ. It is said that Ghandi, the father of modern India, once said he would have been a christian had it not been for the christians he had met. The world figures if christians cannot love one another, they certainly will never love a stranger.

Beware the gossip and the slanderer. His spirit is marked by bitterness, pride, deception and envy. He will test your spirit before giving you an evil report of someone to be sure you are a willing recepticle. He will do this by dropping a negative comment to see your opinion of the person he is able to slander. If you enter into the criticism, he will show all he knows and more he has supposed. It is difficult to understand why people make a practice of criticizing and gossiping about others. Possibly if they can tear someone else down, it makes them look better. Or possibly it is an attempt to make others think they are more important because they have the scoop on someone else. What ever the motivation the result is also the same; division, strife and hurt too often innocent persons.

So what should you do when approached by such a person. First of all ask them reason for telling you.

(Widening the circle of gossip only compounds the problem.) Second ask them where they got their information. A refusal to identify the source is a sure signal of an evil, false report. Third ask if they have gone to the person involved. (Even criminals have a day in court.) And finally ask if you can quote them if you check out their story. Do not be taken in by the claims of confidentiality or the line, "I didn't want to hurt anyone." If that is true the person should be talking to the Lord about the situation and not to you.

### Medical Center News

Beautiful weather and decorations were enjoyed by residents, staff and volunteers as 36 of the 43 residents, celebrated, by having their Annual May Day Picnic Friday, May 8.

The residents and guests began gathering in the dining area around 3:00 p.m. They were pleasantly entertained by the Band consisting of Creed and Jake Smith of Clarendon, John and Margaret Hancock of Memphis, Forrest Denton of Goodnight and J.D. Yates of Memphis as they brought back the sound of yesteryear on the piano, guitar, violin and fiddle and harmonica, the home came alive with the sound of song and laughter.

The residents talked about the picnics and good times they used to have, so a special day has been set aside by Medical Center, just for this occasion.

They planned, by choosing their meal, the entertainment and decorations. This year they chose to have grilled hamburgers, trimmings, chips and homemade ice cream, music by the Band, and the traditional May Pole dance.

The dining room was decorated with the colors of spring, with tissue decor hanging from ceiling in yellow, blue, pink, orchid, and peach, with large tissue balls to match. The patio was decorated with large yellow, pink, white, green and peach bows with clusters of green balloons hanging from the ceiling. A great meal of grilled hamburgers, by Buster, Hazel, Jimmie and Pat, with all the trimmings was enjoyed by all present.

We wish to thank our entertainers for the wonderful western music: Mr. and Mrs. Creed Smith, Mr. and Mrs. John Hancock, J. B. Yates, and Forrest Denton. Also we wish to extend a special thank you to Buster, and Hazel Campbell, Jimmie and Pat McAneer for fixing the delicious hamburgers on Buster's famous grill. A SPECIAL thanks to the employees that worked so hard to make this occasion a huge success.

We enjoyed our May Pole dance, of course the residents beat the staff and visitors. Residents operated their wheel chairs and they wound

the ribbons around the May Pole. Everyone present had a wonderful time.

Thanks to all our wonderful volunteers for their service in helping make Donley County Medical Center a pleasant place to live for our residents.

### LOOK WHO'S NEW

WILLIAM SCOTT BETTS

Grett and Renee Betts of Clarendon are proud to announce the arrival of a son, William Scott Betts, born April 10, 1987 in Amarillo. The young man weighed 6 lbs. 12 ozs. and was 20 inches long. He was welcomed home by his sister Brandi Jill.

Proud grandparents are Sherman and Barbara Cosper of Clarendon, Jerry Johnson of Vega, Butch Betts of Ft. Lauderdale, Florida. Great-grandparents are Jessie Adams of Clarendon, Ada Cosper of Panhandle, Henry and Ida Scott of Vega, Horace and Oakie Betts of Adrain. Maternal great-great-grandmother is Stella King of Clarendon.

HENRY SETH SHIELDS

Jeremy Shields is proud to announce the arrival of a new baby brother on March 18, 1987 named Henry Seth. Seth weighed 5 lbs. and 11 1/2 oz. and was 17 1/4 inches long.

Seth was welcomed by parents Johnny and Lisa Shields, grandparents Buster and Jerry Shields, James and Pat McAneer, and Ketha Clark. Great grandparents are Hester and Sue Shields, James and Juanita McAneer, Johnnie and Della Linville, and Mary Holder.

### Lion's Tail

The Clarendon Lions Club met in their regular meeting at noon, Tuesday 12, 1987 in the Lions Hall. There were 25 Lions present, the Lion Sweetheart and two visitors. After a delicious meal the Liantamer P.C. Messer, introduced the guests as follows: David Smith, who was guest of Lion Smith, and Mr. Earl Hartman of Clarendon, who was guest of Lion Larry Hicks.

The Boss Lion JEM Simmons opened the meeting in due form and after an announcement, recognized Lion Smith as chairman of the broom sale. Lion Smith assigned the different groups streets and business to see and wished them good luck. There being no further business Boss JEM Simmons closed the meeting.

## KOW KANDY

Cattle show a grazing preference for KOW KANDY because its high protein and sugar levels enhance its palatability. KOW KANDY is a superior multi-purpose sorghum-sudangrass for spring and summer production. This excellent forage crop, with its sweet, juicy stalk and abundant succulent leaves is a very palatable and nutritious livestock feed. It produces excellent results when used for pasture, green chop or hay production, and when fed in large or conventional bales. Fast and abundant regrowth make KOW KANDY a maximum TDN producer. Its rapid regrowth and drought tolerance enable this superior hybrid to produce several cuttings per season.

THE WORKS OF NATIONALLY acclaimed western artist, Melvin C. Warren will be featured in the 1987

season program of the "TEXAS" Musical Drama which plays nightly except Sunday from June 10 through August 22 in Palo Duro Canyon near Amarillo.

## "TEXAS" features Melvin C. Warren

"TEXAS" features nationally acclaimed artist, Melvin C. Warren, in the 1987 souvenir program for the musical drama that begins its 22nd season on June 10 in Palo Duro Canyon near Amarillo.

Warren is one of 23 "Cowboy Artists of America," whose aims include perpetuating the culture of

Western American, and whose contemporary western work is recognized all over the world.

Collectors and fans of Warren's paintings include: John Connally, former governor of Texas, and

former president, Lyndon Baines Johnson. Johnson once commissioned 30 paintings in one year, but after discovering the impossibility of such a task settled with Warren for 20 paintings in three years.

A bronze, commissioned by the Texas Ranger Commemorative

Foundation, titled "Rangers on Patrol" helped to finance the proposed Ranger Hall of Fame in Waco through the sales of 150 numbered casts of the piece.

The proceeds from another 85 castings of a piece, "Alamo Bell,"

went to help fund the building of Nita Steward Haley Memorial Library in Midland.

"TEXAS" is proud to welcome Melvin Warren as the 1987 featured program artist.

"TEXAS" begins June 10, 1987 and plays nightly except Sundays at 8:30 p.m. through August 22 under the stars in spectacular Palo Duro Canyon State Park.

For reservations call the "TEXAS" office in the city of Canyon from 8:30 a.m. through 4:30 p.m. at 806-655-2181 or write Box 268, Canyon, Texas 79015.

## Buster Emmons 'Renaissance or Universal man'

Due to the fact that there are no instruments or gauges capable of measuring performance, it becomes necessary for ones peers to step forward and ensure that the stellar accomplishments of a colleague are recognized. We, the Latent Print Examiners of the Houston Police Department, feel that it is incumbent upon us to reveal to you the individual personally responsible for expanding our knowledge in the detection and enhancement of fingerprint evidence.

Mr. B.W. "Buster" Emmons, an Arson Investigator with the Houston Fire Department, is worthy of the title of "Renaissance or Universal man". It is fittingly bestowed upon those few individuals whose creativity and talent are manifest in several branches of art, science, and technology. Mr. Emmons has incorporated his diverse skills and has truly transformed crime scene research to an art form. In addition to his duties as an Arson Investigator, he is a certified Latent Print Examiner proficient in photographic aspects vital

in evidence preservation. He is fully aware of the problems we encounter in the field and has designed several ingenious methods of capturing, enhancing and photographing latent prints that would otherwise have gone undetected. We have been the fortunate recipients of Mr. Emmons multi-dimensional talents. There has been an unselfish transfer of knowledge, time, equipment and innovative techniques that have been instrumental in sharpening and refining our individual skills. We are now able to apply his maverick lighting techniques (unique use of florescent and ultra violet light) to our workplace with anticipatory promise.

## Tobacco budworm resistance to pyrethroids can be managed

Cotton growers could face serious problems with tobacco budworm (TBW) resistance to pyrethroid insecticides unless they uniformly follow management strategies suggested by entomologists in areas where resistance is a growing threat. That's the assertion of Dr. Frank Carter, associate director of agricultural research at Cotton Incorporated's Research Center, Raleigh, N.C.

"Pyrethroid insecticides are the most effective and environmentally safe chemicals that cotton farmers have ever used," explains Carter. "But in recent years tobacco budworms have become increasingly tolerant of pyrethroids. Last year this was documented in parts of Texas, Louisiana, Arkansas and Mississippi. This has the potential to develop in other areas of the Cotton Belt wherever the tobacco budworm is a problem."

Insect resistance is nothing new to cotton farmers. Boll weevils, bollworms and tobacco budworms have all developed resistance to certain classes of insecticides within the last 25 years. In the late 1970's when cotton growers were faced with serious bollworm and tobacco budworm control problems, emergency use of new synthetic pyrethroid products was granted. This led to rapid adoption of pyrethroid insecticides in widespread use today.

Since those days, researchers have learned a lot about the genetics of pyrethroid resistance, says Carter. And he feels that if growers follow pyrethroid guidelines to dampen tobacco budworm resistance, pyrethroids may be used effectively for years to come.

Two sets of guidelines have already been formulated—one for the Mid-South states of Mississippi, Louisiana and Arkansas, and another for Texas, particularly around the Uvalde and San Angelo areas.

"The better the cooperation, the more effective these programs will be," he points out. "If half of the farmers decided not to follow the guidelines, while the other half did, it could cause even more problems."

"For example, if half the cotton farmers in an area decided to apply pyrethroids early in the season, the tobacco budworms would begin to build resistance and convey that characteristic to future generations," explains Carter.

Carter points out that a similar plan was put into use by Australian growers in 1983 when a bollworm species developed pyrethroid resistance.

"The Australian growers had a good resistance management plan and followed it," he notes. "Their guidelines are still being followed, and I've heard of no reports of a resurgence in resistance since then."

"There's no question that pyrethroid resistance in tobacco budworms poses a serious potential problem for U.S. cotton growers," says Carter. "But what's even more serious is the potential for losing the effectiveness of pyrethroids prematurely. Pyrethroid resistance can be delayed if we follow the guidelines of experts who have based their recommendations on solid research."

Equal to his contributions in the field of lighting techniques has been his procedures for dealing with burned objects. This still has proven invaluable, as in leading to the arrest and conviction of those responsible for the murder of Rice University coed Cindy Rounsaville. The ability to secure workable, identifiable latent fingerprints from charred remains is a tribute to the perseverance and dedication of Mr. Emmons.

If we could only harness his drive and those rare, enviable qualities that enable him to proceed in the face of seemingly insurmountable obstacles, our results would be magnified. He seems to thrive on obliterative evidence, it is his catalyst. We are of the opinion that Mr. Emmons is a criminalistic magician.... one who is able to pull evidence out of obscurity. He realizes that his ingenuity is his most vital asset in overcoming what appears to be limited scientific solutions. His adaptive procedures are simply the by-products of creative instinct and an almost single-minded preoccupation with achieving results.

It is imperative that we recognize the contributions of this prominent Houston Fire Department employee. The positive impact he has had on our criminal investigations can never be repaid in words. It is the consensus of the Latent Print Section of the Identification Division to commend Mr. B.W. Emmons for outstanding service and recommend he be given the Chief's Commendation Award.

Mr. B.W. Emmons was raised in Clarendon, attended Clarendon School and is the son of A.J. and Bertha Emmons of Clarendon.

## Federal Home Land Bank serves savings institution customers

"Many consumers often don't know where to turn when they have questions or complaints about a savings institution," says Bob Vickers, "manager of the Consumer and Corporate Affairs Department at the Federal Home Loan Bank of Dallas.

Answers to these questions or complaints about institutions in five states -- Arkansas, Louisiana, Mississippi, New Mexico and Texas -- will often be found in the Consumer and Corporate Affairs Department of the Federal Home Loan Bank of Dallas.

The department works to resolve complaints from consumers of savings institutions, handles charters and bylaws and branching requests, interprets FSLIC insurance regulations and answers questions ranging from how adjustable rate mortgages work to how interest is computed on certificates of deposit, Vickers says.

The department receives about 60 telephone calls per week from consumers and about 20 written complaints. "Most of our telephone calls are requests for general information or queries as to whether a specific institution is covered by FSLIC insurance," says Vickers. "Consum-

ers telephoning in complaints are asked to send a brief letter and copies of any documentation that may help explain any conflict." The department checks every complaint that is filed for possible regulatory violations. A copy of the complaint is sent to the savings institution involved. In cases that may involve regulatory violations the institution is asked to respond directly to the department prior to the bank's attempting to solve the problem for the consumer.

"Most complaints that come to our office arise from a lack of communication between the institution and the consumer," he said.

The department works to resolve consumer complaints to the mutual satisfaction of the consumer and the institution. The Dallas Bank advises institutions to appoint a Complaint Resolution Specialist within the institution "to act as a traffic manager, directing customers with questions or problems to the proper person within the organization to provide answers and hopefully arrive at a satisfactory resolution," Vickers says.

Institutions regulated by the Federal Home Loan Bank of Dallas are

federally chartered or state chartered institutions insured by the Federal Savings and Loan Insurance Corporation. These institutions are commonly known as savings and loan associations, savings banks, home-stead associations and savings associations.

The Bank is also responsible for providing a central source of credit for its member savings institutions, and within a national framework of the Federal Home Loan Bank System, ensuring that these institutions are operated in a safe and sound manner in accordance with applicable laws and regulations.

Consumers with questions or complaints about federally insured savings institutions in Arkansas, Louisiana, Mississippi, New Mexico or Texas, may call (214) 570-6828, or write the Federal Home Loan Bank or Dallas, Consumer and Corporate Affairs Department, P.O. Box 619026, Dallas/Fort Worth, Texas 75261-9026.

"Age doesn't matter unless you're a cheese." Billie Burke

## NOTICE OF RIGHT TO NOMINATE BY PETITION

The Farmers Home Administration (FmHA) is accepting nominations for County Committee elections for the area Committee of Donley, Armstrong, and Gray counties. This notice is issued to inform eligible voters of the right to nominate candidates by petition. Copies of the petition and instructions on its completion can be obtained from your local FmHA office.

Persons nominated should be currently engaged in the operation of a farm, have their principal farming operation within the County or area in which activities of the County or area Committee are carried out, derive the principal part of their income from farming (that is more than 50 percent of their gross income must come from agricultural production), be a citizen of the United States or an alien lawfully admitted to the

United States for permanent residence, not have an FmHA insured or guaranteed loan, and be well qualified for committee work. Nominations must be received in the FmHA office, 416 South Kearney, Clarendon, Texas no later than June 10, 1987. FmHA committee elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap.

Form FmHA 2054-5 (3-86)		U.S. DEPARTMENT OF AGRICULTURE - FARMERS HOME ADMINISTRATION		PETITION MUST BE RETURNED BY:

## What Camping Means To Scouts At Clarendon Greenbelt Lake

Work is still going on at the Scout Camp at the Greenbelt Lake.

Clarendon Scouts and Leaders wish to thank the following people for their help and support on the Conservation Project at the Scout Camp.

The Greenbelt Lake personnel for terracing and grading the hill side. The Soil Conservation office for

supplying the 60 trees to put out. A.L. Hartzog of Farwell, Texas for supplying the native grass seed; Evans Fertilizer Co. of Hedley, 200 lbs. of oats and 300 lbs. fertilizer; David Lane for going to Amarillo to pick up the 12 ft. gates; James Ashcraft for carrying the 2 big gate

poles to the lake; Local employees of General Telephone Co. for their help; Eddie Floyd for lifting the poles into the holes to set them; Jim Griffin for giving 2 tall gate poles and corner posts; and A.R. Henson and Dude Cornell Service for tires to mark trees.

## Farm News

### Special Haying and Grazing of 1987 ACR

Donley County has been granted authority to approve request to hay and graze 1987 ACR during the 5 months non-grazing period. When requested by the farm's operator, approved cover on ACR in the county may be:

1. Grazed by the producer's own livestock.
2. Grazed by another producer's livestock with the enrolled producer's permission.
3. Mechanically harvested for hay, green chop, or ensilage for:
  - a. Feeding to the producer's own livestock.
  - b. Feeding to another producer's livestock.
  - c. Current use, or for storage for future use.

Producers shall:

1. Not charge for grazing ACR.
2. Not charge for the value of vegetative growth mechanically harvested when used by another producer.

After grazing out or haying approved cover, producers may establish a later approved cover for haying and grazing.

### Final date to report small grains May 15, 1987

The last day to report small grains (wheat, rye, barley, oats), ACR acreage with a small grain cover, and conserving use acreage (CU) with a

small grain cover is May 15, 1987. This applies to farms not participating in the 1987 Farm Program as well as participating farms.

If there is a doubt as to the acres of a crop, I encourage you to make use of the measurement service available in this office. Incorrect acreage reports will result in loss of program benefits plus liquidated damages for not complying with provisions of the contract.

### Reduced ACR

If your projected 1987 payments exceed the \$50,000 payment limitation, you are eligible for a reduction in required ACR. If you are interested in reducing your ACR, you must file and sign a request before June 1, 1987.

### Custom Farming

Producers should be aware that custom farming on a farm in which you have any interest will result in a combined entity. The custom farmers and the person for whom custom farming is being performed will have one payment limit.

This same rule is true on CRP farms. If you farm land not in the CRP Program on a farm that has some land in the CRP, you cannot custom farm the CRP land without being combined with the owner.

**Disposition dates for small grains**  
Producers who desire to not destroy their small grain cover on ACR or CU have until May 15, 1987 to come to this office and file a request (Cost \$10.00) to leave small grain standing. The acres may not ever be harvested. If this request is not made the small grain must be substantially grazed out, bailed or destroyed by May 15th.

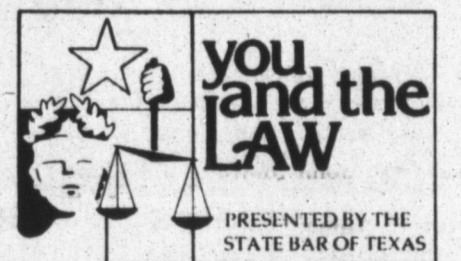

It is important to remember that any volunteer small grain standing on May 15th, will be considered as grain. If these excess acres are not substantially grazed down by this date you will have to plow, shred, or pay the \$10.00 fee to leave them standing.

### Failed acreages & prevented acreage

Before baling, grazing or plowing failed acreages, you must file a claim (ASCS-574) for disaster credit in order to be given credit for the crop.

Producers who are prevented from planting program crops for reasons beyond their control should file prevented planting claims within 15 days of the final recommended planting date for the crops. Approvals of the prevented planting claims can protect crop history and affect future year crop acreage bases. No payments are authorized for approved claims.

**NOTE: The ASCS news in May 7th paper was for Collingsworth County. This week's ASCS News is for Donley County.**

**Q: My 14-year-old son keeps cutting class. Am I responsible for keeping him in school? Whatever happened to truant officers?**

**A:** Although some counties have specialized juvenile authorities, any law enforcement officer may enforce the delinquency laws. Unexcused voluntary absence on 10 or more parts of days within six months, or three or more parts of days within four weeks, constitutes conduct indicating a need for supervision. If your son is found by a court to be in need of supervision, then he may be placed in a foster home or other juvenile facility. Although you might not be responsible for keeping him in school, if your son is found to need supervision outside the home, the court may order you to contribute child support.

**Q: Is there a "grace" period in which I won't get penalized for forgetting to have my car inspected? I heard we had the first five days of the next month before we would be ticketed.**

**A:** State law provides that a motor vehicle can operate on the highways for five days after the inspection certificate expires. After the fifth day, however, the driver may be ticketed and found guilty of a misdemeanor offense.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

# PAYNE LOWERS PRICES

**NOW'S THE PERFECT TIME TO REPLACE YOUR OLD INEFFICIENT AIR-CONDITIONING SYSTEM.**

Not buying a new Payne air-conditioning system now is costing you money. At a time when prices have increased sharply for practically everything, Payne has actually lowered prices!

There are other good reasons to purchase Payne:

- \* Payne is designed for quality. It will outlast older models and it's exceptionally quiet.
- \* Payne is engineered for economy. Payne is highly efficient so it uses less electricity to operate.
- \* Payne is installed and serviced by Allen Estlack Heating and Air Conditioning. We supply that convenient and friendly service you deserve.

The best reason of all to buy Payne high efficiency air-conditioning system? It's the way it keeps your home cool and comfortable without the worry of high utility costs!

Don't delay. Contact your Payne Air Management Specialist today.

## "SAM HILL" PIT BBQ

A SPECIAL THANKS TO EVERYONE

We want to express our grateful appreciation to everyone who helped make our grand opening such a stunning success. In addition to many, many local patrons, we had guests from as faraway as California, Virginia, and Washington.

We want to especially thank the banks for the beautiful flowers, Stavenhagen Furniture for the lovely pot plant, and Harlan's for delivering them. We also want to thank the grocery stores for their donations, Henson's for having everything we needed when we were remodeling.

We want to thank Mr. B.J. Land for his assistance, Bobby and Sherri Sims for their fine work, Fred Row and his son Ricky, and Mickey's, where we ate while we were working on the business.

We also want to apologize--The demand was so great we simply ran out of food and so had to close early Saturday, Sunday, and Monday.

Again, to the good people of the Donley County area....**THANK YOU**  
Wayne and Sammie Lou

**THANK YOU**  
The family of Cody McNear would like to express our sincere thanks to the many people across the panhandle who ministered to him and to us during his miraculous recovery from his heart attack. We are especially thankful to Dr. Richard Gilkey and his staff, to the Clarendon Emergency Medical Association and members Phillip Vargas, Connie McNear and Jody Mincey whose dedication and professional skill most surely resulted in the saving of his life. For all your thoughtfulness, visits, generosity, staying up with Cody and many other acts of kindness. We are especially grateful. But particularly for all the prayers that was offered in his behalf are we truly thankful, the highly proficient medical staff of N.W.T.H., having done all that was humanly possible will surely attest that, the offered fervent prayer of the righteous availeth much.  
The family of Cody McNear
