Four places on Hospital Board up for election

Four of the seven Board of Directors for Donley County Medical Center will be up for election in the May 7th election. The positions which are up for election are Johnny Leathers, Place 4; Chuck Roger, Place 5; C. C. Ayers, Place 6 and Ronald Castner, Place 7.

The directors of the Donley County Medical Center are responsible for seeing that the facility is efficiently run to give the best possible service to the residents and use the tax dollars to the very best advantage.

This is a big job, and requires dedication, responsibility and a willingness to work with the other directors to get the job done.

The qualifications required to run for a position on the Board of Directors are: you must be a resident of Donley County, a property owner and a registered voter. The positions requires no filing fee, nor is the director paid a salary or compensated for their time in any way, except for the satisfaction they receive from performing a civic duty.

Houston Livestock Show Feb. 17 - March 6

Twenty-six 4-H members from Clarendon will be joining 4-H and FFA members from throughout the state for showing competition at the Houston Livestock Show, to be held Feb. 17 through March 6.

Competing in the Astrotball complex, these young exhibitors are vying for prizes in the junior show, where 1988 entries are expected to exceed 15,000. These junior show entries combine with open show and horse show entries to make the Houston Show the world's largest livestock show.

Junior exhibitors will be representing 809 Texas 4-H clubs and FFA chapters while open show exhibitors, primarily professional breeders and ranchers, arrive from all over the world.

The following students will compete: Codilee Adams, Monty Adams, Bridget Bland, Nugget Bland, Chad Campbell, Renee Campbell, Donald Gooch, Buddy Howard, Donny Howard, Jodi Kidd, Elizabeth McAnear, Jennifer McAnear, Scott Myers, Robert Stotts, Kenny Tolbert, Jared Estes, Justin Ham, Jeff Henson, Joe Jaramillo, Joseph Jaramillo, Jan Kidd, Jason May, Todd McAnear, April McCary, Michael Shadle and Debra Tolbert.

Junior show and open show exhibitors will compete for millions of dollars in prize monies and premium auction prizes.

Long before the Show starts, committee volunteers contact auction buyers to guarantee that each animal sold at one of the four junior show auctions will bring a price above the current market value.

Junior exhibitors show a variety of animals, including beef and dairy heifers, breeding sheep, goats, commercial steers, breeding rabbits and market lambs, steers, poultry and barrows.

The directors meet once a month and on occasions they will meet in a called session, depending on the business which requires their attention.

If you have the qualifications required to be a director on the medical Center Board, and wish more information you are urged to contact Larry White, the Administrator at Medical Center and let him explain any question you might have about the facility, so you may decide if you would like to file for one of these directorships. Medical Center like all businesses needs interested, qualified and informed citizens to serve on their board of directors.

Break-ins spurn \$5,000 reward

The Sheriff's office has been kept busy for the past few weeks investigating several burglaries. On Jan. 31 the Kerr-McGee Station was broken into, approximately \$50.00 was taken with some damage done to windows and a cash register.

Then on Feb. 5th Bob Kidd's Service Station was broken into, approximately \$170.00 was taken, with damage to a window and their cash register.

On the same night Petty's Service was broken into, although no money was taken, there was damage to a window and a cash register.

On Sunday or Sunday night, Feb. 7th someone gained entry into the Clarendon Post Office. Several bottles of drugs were taken, these drugs were heart medicine and mild tranquilizers, but the drugs could be very dangerous and could cause death if taken without a doctors supervision, especially in small children.

The Post Office is offering a \$5,000 reward leading to the arrest and conviction of the person or persons responsible for the burglary. If you have any information you may call the inspector in charge at 817-885-1111 or call Lubbock inspector at 806-762-7821, or notify Donley County Sheriff Jimmy Thompson.

Cotton meeting to be held February 16 at Clarendon College

A meeting on profitable cotton production will be held Tuesday, February 16, according to County Extension agent Ronald Gooch. The meeting will be held in Room 102 of the Classroom Building at Clarendon College starting at 1:30 p.m.

Speakers for the meeting include Dr. James Supak, Cotton Specialist, Texas Agricultural Extension Service, Lubbock. Dr. Supak will be discussing the cotton outlook and profitable cotton production practices. Dr. Michael Hickey, Extension Soil Chemist, Texas Agricultural Extension Service, Lubbock, will discuss cotton fertilization and soil

testing. Cotton insect management and control practices will be discussed by Dr. Carl Patrick, Extension Entomologist, Texas Agricultural Extension Service, Amarillo.

The Donley County ASCS office has received additional information on the 1988 Farm Program. Edwin Campbell, Donley County CED, will discuss details of the 1988 cotton program.

Anyone interested in cotton production is invited to attend. For additional information contact Ronald Gooch at the county Extension office, phone 874-2141.

Series E Savings Bonds stop earning interest at 40 years

Persons holding Series E U.S. Savings Bonds, issued in 1948, should redeem or exchange them for Series HH Bonds since they reach final maturity in 1988 and stop earning interest.

Anyone holding 40-year-old Series E Bonds have two options; cash them in and declare the interest on their 1988 tax return or exchange them for Series HH Bonds and defer Federal taxes for another 10 years. An example: A \$1,000.00 Series E Bond issued in January 1988 with a net purchase price of \$750.00 will cease earning interest in January 1988 with a net total value of \$5,256.40. This Bond has \$4,506.40 of accrued interest which must be reported as income on the 1988 tax return unless it is exchanged for a Series HH Bond and this interest deferred.

Owners are encouraged to roll these 40-year-old Series E Bonds over into Series HH Bonds. This roll-over option must be accomplished within twelve months of final maturity of the Series E. Roll-over will tax-defer the \$4,506.40 interest for an additional 10 years while providing the owner with current income from the Series HH Bond at a rate of 6.0 percent.

The Department of the Treasury

urges all holders of Series E Bonds which are 40 years old to redeem them or exchange them for Series HH Bonds.

For additional information about U.S. Savings Bonds, contact your local bank or dial 1-800 U S BONDS.

Trisha Clifford named to Dean's List

Trisha Elizabeth Clifford of Clarendon has been named to the Dean's List for the fall semester at McMurry College, according to Dr. Paul Jungmeyer, dean of the college. To be named to the Dean's List, a student must be enrolled for at least 12 semester hours and must have a grade point average of 3.5 or better for the semester.

Trisha is a 1987 graduate of Clarendon High School and is majoring Elementary Education at McMurry. Her grade point average for the semester was 3.7647.

Trisha is the daughter of Fred and Connie Clifford of Clarendon.

ASCS updated programs

1988 updated Wheat program
1. A \$4.23 per bushel target price and a national loan rate of \$2.21 has been established. This was reduced from the original national loan rate of \$2.76 per bu. 2. No paid land diversion program. 3. Maximum acreage of wheat you will be permitted to harvest is 72.5 percent. 4. You must devote to ACR (set-aside/layout) an acreage of eligible cropland equal to 37.93 percent of the wheat acreage planted for harvest and any conserving use (CU) acres for payment. 5. The estimated deficiency payment is \$1.53. \$1.47 is subject to the payment limitation and \$0.06 is not subject to the limitation. 6. The advanced payment will be \$0.612. 50 percent will be paid with cash at the time the farm signs into the program and 50 percent in commodity certificate paid after May 15, 1988. 7. A "0/92" reduction program will be available. More details about this program will follow in this letter.

1988 Updated Feed Grain Program

1. Target prices for feed grains have been established as follows: corn/\$2.93 bu.; grain sorghum/\$2.78 bu.; barley/\$2.51 bu.; oats/\$1.55 bu. National loan rates are: corn/\$1.77 bu.; grain sorghum/\$1.68 bu.; barley/\$1.44 bu.; oats/\$0.90 bu. This has been reduced from: corn/\$2.21 bu.; grain sorghum/\$2.10 bu.; barley/\$1.80 bu.; oats/\$1.13 bu. 2. An optional paid land diversion will be available for corn, grain sorghum, and barley. You may divert an additional 10 percent of the crop acreage base for: corn/\$1.75 bu.; grain sorghum/\$1.65 bu.; barley/\$1.40 bu. 3. The maximum acreage you will be able to plant for harvest will be: 80 percent of the combined corn/grain sorghum crop acreage base. 80 percent of the barley crop acreage base and 95 percent of the oat crop acreage base. If you participate in the optional paid land diversion program the maximum acreage you will be able to plant for harvest will be: 70 percent of the combined corn/grain sorghum crop acreage base. 70 percent of the barley crop acreage base. 4. You must devote to ACR (set-aside/layout) an acreage of eligible cropland equal to 25 percent of the corn, grain sorghum, and barley planted for harvest and any conserving use (CU) acres for payment. 5.26 percent of the oats planted for harvest and any conserving use (CU) acres for payment for this crop must be diverted. If you participate in the optional paid land diversion program the factor for corn, grain sorghum, and barley will be 28.57 percent. 5. The estimated deficiency payment is: corn/\$1.10 bu.; grain sorghum/\$1.08 bu.; oats/\$0.30 bu. Of this payment the amount subject to limitation is: corn/\$0.72 bu.; grain sorghum/\$0.68 bu.; barley/\$0.71 bu.; oats/\$0.30 bu. The amount not subject to limit is: corn/\$0.38 bu.; grain sorghum/\$0.40 bu.; barley/\$0.05 bu.; oats/na. 6. The advanced payments will be: corn/\$0.44 bu.; grain sorghum/\$0.432 bu.; barley/\$0.304 bu.; oats/\$0.12 bu. 50 percent will be paid with cash at the time the farm signs into the program and 50 percent paid with certificates after May 15, 1988. 7. A "0/92" reduction program will be available. More details about this program will follow in this letter.

1988 Updated Upland Cotton Program
1. A target price of \$0.759 per pound and a national loan rate of \$0.5180 per pound has been established. 2. No paid land diversion program. 3. Maximum acreage of upland cotton that you will be permitted to plant is 87.5 percent of the crop acreage base (CAB). 4. You must devote to ACR (set-aside/layout) an acreage of eligible cropland equal to 14.29 percent of the cotton planted acreage and any conserving use (CU) acres for payment. 5. The estimated deficiency payment is \$0.16 per pound. All is subject to the \$50,000 payment limitation. 6. The advanced payment will be \$0.064 per pound. 50 percent will be paid with cash at the time the farm signs into the program and 50 percent will be paid with certificate after May 15,

1988. 7. A "50/92" reduction program will be available. Participation will be determined when the acres of cotton are certified on the ASCS-578. If at least 50 percent of the permitted acreage of cotton is planted and certified and the farm has enough eligible land for the required conserving use (CU) acres, the farm will earn a deficiency payment on 92 percent of the permitted acreage.

Additional Program Instructions

The farm program sign-up will be February 16, 1988 through April 15, 1988. A "sign-up within a sign-up" (February 16, 1988 through March 11, 1988) will be held for producers of wheat and feed grains wishing to participate in the "0/92" reduction program. Producers wishing to participate in "0/92" reduction must do so during the "sign-up within the sign-up". You must submit an offer to devote all or a portion of your wheat or feed grains permitted acreage to conserving uses (CU).

Payments for "0/92" will be limited to: (a) The smaller of your intended planted acres from the CCC-477 or the planted acres certified on the ASCS-578. (b) The smaller of your intended conserving use (CU) acres on the CCC-477 submitted on the "0/92" offer or the CU reported on the ASCS-578 and allocated to the crop. Payments will be guaranteed to be at a rate not less than the estimated deficiency payment rate for the crop.

A system will be established for appraising the economic impact of acreage idled under "0/92" and other conservation programs. After the March 11th sign-up you will be notified how many of your offered acres will be accepted and will earn payment. Producers that do not enroll in "0/92" during the "Sign-up within a sign-up" or who elect to cancel their "0/92" contract will not receive the CU payment credit for wheat and feed grains.

At this time ACR and CU acres for pay cannot ever be hayed or grazed during the 5 month non-grazing period (May 15th through October 14th).

Conservation Reserve Program

The next Conservation Reserve Program Sign-up will be held February 1, 1988 and end February 19, 1988. Donley County will not hold a sign-up because we have already accepted all acres into the program that we are permitted to accept. Acreage is not eligible to be offered for land physically located in this county or any other county which has reached their limit. Eligible acres physically located in another county that is still accepting offers but administered in this county will be accepted.

Natural Fibers Showcase to be held March 5

The Natural Fibers Showcase provides an exciting opportunity for homemakers, youth and others to exhibit skills while promoting natural fibers produced in Texas.

The Natural Fibers Showcase will be held at the South West Farm and Ranch Exposition in Fort Worth, Texas, in the Amon G. Carter Exhibit Hall. The contest and public showing will be on Saturday, March 6, 1988. Sponsors of the Natural Fibers Showcase include the Texas Agricultural Extension Service, the South West Hardware and Implement Association and The Progressive Farmer.

If you are interested in knowing more about this event, rules, how to register, etc., call the Extension office at 874-2141.

Heusner-Hall united in marriage

Andrea Rene Heusner, daughter of Mr. and Mrs. Jerry Hill of Claude, and Dan Hall, son of Mr. and Mrs. Doyle Hall of Clarendon, were united in marriage on Friday, January 8, 1988, at 7:30 in the evening in the Calvary Baptist Church, at Clarendon, Texas.

The candlelight ceremony was high-lighted with three candelabra which held 40 peach candles, and a peach unity candle, all decorated with winter greenery and peach bows. The Rev. Tony Colburn officiated, with Mrs. Teresa Colburn playing the piano. Music was provided by Dan Hall, the groom, who sang a solo, "Love in Any Language" and Dan and Andrea sang "Household of Faith" after the ceremony was performed.

The bride wore a white gown designed by bridal designer, Bill Blante, of New York. Her gown featured a Queen Anne style collar of chantilly lace. The bodice was embellished with beadwork, and lace designs were decorated with pearls and sequins. The sleeves were French chantilly lace scalloped with lace intervals in organza. Her skirt featured medallions of lace rosettes in front, bordered at the hem with Queen's organza, displayed with a triple cascade of embroidered lace flowing down the center and sides. Her gown was a queen's court cathedral length.

Julie Heusner, sister of the bride, was the maid of honor. She wore a peach silk, tea length dress with scooped neckline, a v-back, and ruffled bodice.

Both bride and maid of honor carried cascade bouquets of peach and navy flowers, accented with silver and peach ribbons and strings of draped pearls.

The candle lighter was Keena Ellis, daughter of Mr. and Mrs. Steve Ellis of Clarendon. The flower girls were Brittney and Candice Hall, daughters of the groom.

David Smith, of Clarendon, served

as best man. Ushers were Roger Boyle of Amarillo, and Dr. George Boyle, of Conroe, Texas, uncles of the bride.

A reception followed the ceremony, decorated with the bride's and groom's table.

The bride is attending Clarendon Junior College, majoring in math education. The groom is currently engaged in farming in Clarendon, Texas.

The couple traveled to Farmington, New Mexico and Durango, Colorado for a week to ski for their honeymoon.

Parents Beware!

Parents, we have been informed that a form of a tattoo called Blue Star is being sold. It is a small sheet of white paper containing blue stars. The stars are about the size of a pencil eraser and each star is soaked with LSD.

The stars are removed from the sheet and placed in the mouth; however, the LSD can be absorbed through the skin simply by handling the paper! There are also brightly colored paper tabs the size of postage stamps that have pictures of Superman, clowns, butterflies, Mickey Mouse and other Disney characters.

These stamps are packaged in a red cardboard box wrapped in foil. This is a new way of selling ACID by appealing to our young children.

A young child could happen upon these tattoos or stamps and have a fatal "trip." It has been learned that little children are being given free "tattoos" by older children who want to have some fun, or by others cultivating new customers.

A red stamp called Red Pyramid is also being distributed along with Micro Dots in various colors and another kind called Window Pane, which has a grid that can be cut out.

ALL THESE ITEMS ARE LACED WITH DRUGS.....Please warn your children about these new drugs and how dangerous they are. If you or your children see any of the above, DO NOT HANDLE THEM! THESE

DRUGS ARE KNOWN TO REACT VERY QUICKLY. Some of these items have been found to be laced with strychnine.

Symptoms are: hallucinations, severe vomiting, mood change and change of body temperature. Get to the hospital as soon as possible and make sure you call the police.

Campaign workers urged: "Don't Mess With Texas"

The highway department is cautioning political campaign workers not to "mess with Texas" in their zeal for victory.

As the presidential campaign's March 8 Super Tuesday approaches, more and more political signs are appearing along highways throughout the state. The department wants to be sure workers don't disobey the law when they plant a candidate's signs.

Political signs may be found wanting in two ways. If the signs do not comply with outdoor advertising sign regulations, they violate state or local laws. In addition, the placards can be considered litter under the Texas Litter Abatement Act (Article IV of Article 4477-9a, VTCS).

"We want to let political candidate dates know that placing signs within the highway right-of-way is prohibited," said Charles Clinger of the Right of Way Division of the State Department of Highways and Public Transportation.

"Signs placed within the highway right-of-way will be removed by our maintenance crews and disposed of," he cautioned.

According to Clinger, the department has two reasons for making sure the Texas Litter Abatement Act is not violated. One, of course, is a desire to keep Texas highways beautiful. The other has a more tangible motivation.

"If there's an indication that the act is not being enforced, the Federal Highway Administration can extract a 10 percent penalty from our federal highway funds. That means less money for highway construction," he said.

But littering isn't the only trouble a campaign's signs can get into. "Signs placed outside and along highway right-of-way must meet certain spacing, size, construction, license and permit requirements," added Clinger.

Two years ago, the state Legislature made the department responsible for controlling outdoor advertising in unincorporated areas. Under House Bill 1330 (Article 6674v-3, VTCS), individuals or groups wanting to erect such signs have to obtain a permit from the department for each sign.

"It is important that candidates contact the district office for specific requirements before placing any signs," Clinger said.

Along interstate and federal-aid primary highways, the highway department's responsibility for regulation extends outward 660 feet from the right-of-way in urban areas and to any sign visible from the road in rural areas.

Along all other highways and rural roads in unincorporated areas, control extends to any sign visible from the roadway.

"We feel sure the political candidates want to help maintain the beauty of our state," Clinger said. "It's important that they realize how serious we are about enforcing these laws regarding our roadside areas. It would be a shame to mar the beauty of this spring's crop of wildflowers with campaign clutter."

Window treatments

save energy and money

Like a thief in the night, your windows may be robbing your home of valuable heat and comfort. A typical home can lose between 20 and 50 percent of its heat through windows. A single-paned window can conduct 20 times as much heat from your home as a comparable area of well insulated wall.

Movable insulation is one way to reduce this heat loss. Hinged or removable opaque insulating shutters can be pressed into place over your windows at night and popped out in the morning. During the day when the insulation is not being used, you receive full benefit from the window including solar heat gain. At night with the insulation in place, you will have reduced heat loss, improved comfort near windows, and privacy.

Insulating shutters should be constructed of lightweight, insulating material for easy handling. The panels can be covered with decorator fabrics to enhance the character of the window. Cork or other natural insulating materials are attractive and often can be used in their natural state.

Panels made from foamboard insulation should be covered with a sheet metal skin as protection from the toxic fumes given off by certain types of foam in the presence of fire. The skin would also prevent panels from becoming unsightly due to deterioration of the unprotected foam.

Insulating shutters can be purchased or easily made by the do-it-yourselfer. The insulating value (R-value) of the various shutters depend on the R-value of the insulating material used and the air-tightness of the shutter when in place. Commercially available shutters range from about R-4.73 to R-8.00.

Information about this and other energy-saving window treatments is available free from the Texas Energy Extension Service's Energy Hotline. Call toll-free 1-800-643-SAVE.

Nugget Bland to compete in Houston Livestock Show and Rodeo

Nugget Bland, a 17-year-old FFA member will compete in the 1988 Houston Livestock Show and Rodeo calf scramble on March 5 in the Astrodome.

The calf scramble is an exciting part of Houston rodeo action, featuring The Statler Brothers as part of that evening performance's activities.

Nugget, the son of Donald and Judy Bland, will compete for one of the 252 calf purchase certificates to be awarded at the 1988 rodeo. Additionally, as many as 20 youngsters from each of the 18 rodeo performances are awarded "hard luck" certificates for their heroic efforts in attempting to catch a calf, resulting in 36 more certificates actually given.

Known as an entertaining event with an educational purpose, the Houston Livestock Show and Rodeo funds agricultural scholarships and research projects all over Texas through its annual next proceeds.

The calf scramble, a yearlong activity, also is one of the Show's major programs benefiting Texas youth. Beginning with athletic competition in the Astrodome, the programs end with top-notch competition in the Astrodome showing.

The event itself involves 28 energetic youngsters who are turned loose with half as many wild calves in the Astrodome arena. Those who manage to capture a calf, halter it and drag it across the finish line receive a \$600 calf purchase certificate.

The certificate, donated by a generous sponsoring firm or individual, is used to purchase a purebred registered beef or dairy heifer.

The calf is raised by the winner for special showing competition in the Astrodome at the following year's Show. Each project is closely supervised by a vocational agriculture teacher or county extension agent.

Additionally, the winners are required to submit to the calf scramble office accurate financial records, essays, photographs and a scrapbook detailing the progress of the venture.

Proper livestock evaluation techniques, efficient cattle feeding and production methods, principles of economics and money management are realistic learning experiences for the youngster who's managed to get a firm hold on a calf.

To date, the Houston Livestock Show and Rodeo calf scramble program has put 10,796 animals valued at more than \$2 million into the hands of Texas youth.

Colt Basketball

By PAULETTE KIDD

The Colt Basketball teams traveled to Shamrock for three exciting games.

The seventh grade boys had an exciting victory with a score of 39-11. Hatley was high point with 10, Johnson 8, Ward 6, Sims 3, Davis, Wright, Havens, Bilbrey and Lane 2 each.

The eighth girls started out with a bang. At the half they led 12-1. Shamrock got with it and caught up to within 6 points but the girls played hard and came out on top 18-12. Scoring for the girls were Smith 6, Kidd and Hermesmeier 4, Calloway and Edwards 2 each.

The boys played a super game beating Shamrock 40-15. Milhoan and Wilson scored 8 each, Camacho 6, Mooring, Bivens 4 each, Vaquera 3, Gage, Ashcraft and Hankins 2 each.

There will be four games Thursday February 11 starting at 4:00 p.m. Clarendon will host Memphis. This will be the last game of the season.

A pep rally will be held at noon Thursday in the gym. If you haven't seen these kids play, come out and see what you've missed.

Facts and Myths about the Elderly

Pat Kaiser of Resource Development for PRPC has asked if The Clarendon Press would do a series of articles on the Elderly. These articles will be taken from a book by Ronald F. Pollack, Executive Director, The Villers Foundation published Jan. 1987. This series of articles will deal with five myths. Myth 1: There is little poverty among the elderly. Myth 2: The elderly live better than others. Myth 3: The elderly are busting the federal budget. Myth 4: The elderly poor are adequately protected by safety net programs and Myth 5: Social Security and Medicare provide some help to the elderly poor, but these programs mainly subsidize the wealthy.

Myth 1: "There is little poverty among the elderly".

Some of the elderly are affluent, and more of the elderly are economically secure than was the case a generation ago. A welcome development, and an accomplishment of which our society should be proud. But it's a myth that poverty among the elderly has all but vanished. The fact is that millions of the elderly are poor, and millions more are living in economic circumstances virtually indistinguishable from poverty.

According to the Census Bureau, some 3,456 million elderly Americans (over 65) were poor in 1985. This was an increase of 126,000 from the year before, and the elderly were the only age group to experience such an increase. Still when we consider that the total elderly population in 1985 was 27,322 million, the number living in poverty many seem reassuringly low. But it is important to know how that number is calculated beginning with the basic definition of poverty.

"The federal government's definition of poverty, as applied to the elderly, is strict indeed. The official "poverty line" for an elderly individual in 1985 was \$5,156. That is an elderly person living alone was considered poor only if his or her income for the year fell below the level. For an elderly couple, in 1985 poverty line was \$6,503."

Fact: Poverty among the elderly is more widespread than in any other adult age group. The Census Bureau calculates the incidence of poverty within many different age groupings. The poverty rate among children under 18 is very high: 20.7 percent. The population of children under 18 is approximately 63 million, more

than twice the size of the elderly population. Nearly two out of every five poor people in the U.S. in 1985 were under 18. That fact drives up the poverty rate for the entire under 65 population.

Fact: Poverty is very high among significant groups of the elderly. Poverty is an especially widespread and deep-rooted problem for some segments of the elderly population: for minorities, compared to whites; for women, compared to men; for the "oldest old" compared to the rest of the elderly. Minorities: The risk of being poor is typically two to three times as great for elderly minority-group members as for whites. 31.5 percent of elderly blacks were poor in 1985, compared to 11 percent of the elderly whites. The poverty rate is also extraordinarily high among elderly Hispanics - 23. percent in 1985.

Women: Poverty is much more prevalent among elderly women.

among elderly men. Women constitute 58.7 percent of the total elderly population, but they account for 72.4 percent of the elderly poor. Elderly women have a poverty rate nearly twice that for men. 15.6 percent of all elderly women were poor in 1985, compared to 8.5 percent of all elderly men.

Elderly black women experience a form of "triple jeopardy" because of their age, race and sex. The poverty rate for elderly black women in 1985, was 34.8.

Poverty also takes an especially heavy toll among the "oldest old" about 18.7 percent of all persons 85 years or older are poor. The elderly have a substantially higher poverty rate than the general population when poverty is measured across time. For the elderly poverty is likely to be long-term -- that is, both resistant and inescapable.

Next week Myth 2:

Tax changes affecting return

Agricultural producers need to keep in mind the more significant changes of the Tax Reform Act of 1986 as they prepare to file their federal income tax returns, points out Ronald Gooch, Donley County Extension Agent.

These changes include the following:

1. Tax rates have been reduced and tax brackets have been expanded. For example, the marginal income tax rate for a married couple filing a joint return is 15 percent on taxable income between \$3,000 and \$28,000.

2. Personal exemptions have been increased from \$1,080 to \$1,900.

3. The standard deduction for a married couple filing a joint return has increased by \$90 to \$3,760, but is scheduled to increase to \$5,000 in 1988.

4. A self-employed individual is allowed to deduct 25 percent of what he or she pays under an insured or self-insured family health plan. This is not available if the self-employed person participates in a health plan furnished by his or her spouse's employer.

5. Capital purchases of up to \$10,000 on eligible property may be deducted in the year of purchase.

6. Limits have been placed on the amount of prepaid farming expenses that can currently be deducted if you use the cash-basis method of accounting. The limitation applies to prepaid expenses in excess of 50 percent of the nonprepaid farming expenses.

7. Deductions for IRA contributions are phased out for middle- to high-income individuals who are covered under another qualified pension plan.

Items that have been eliminated by tax reform legislation include the following:

1. Two-earner deduction for married couples.

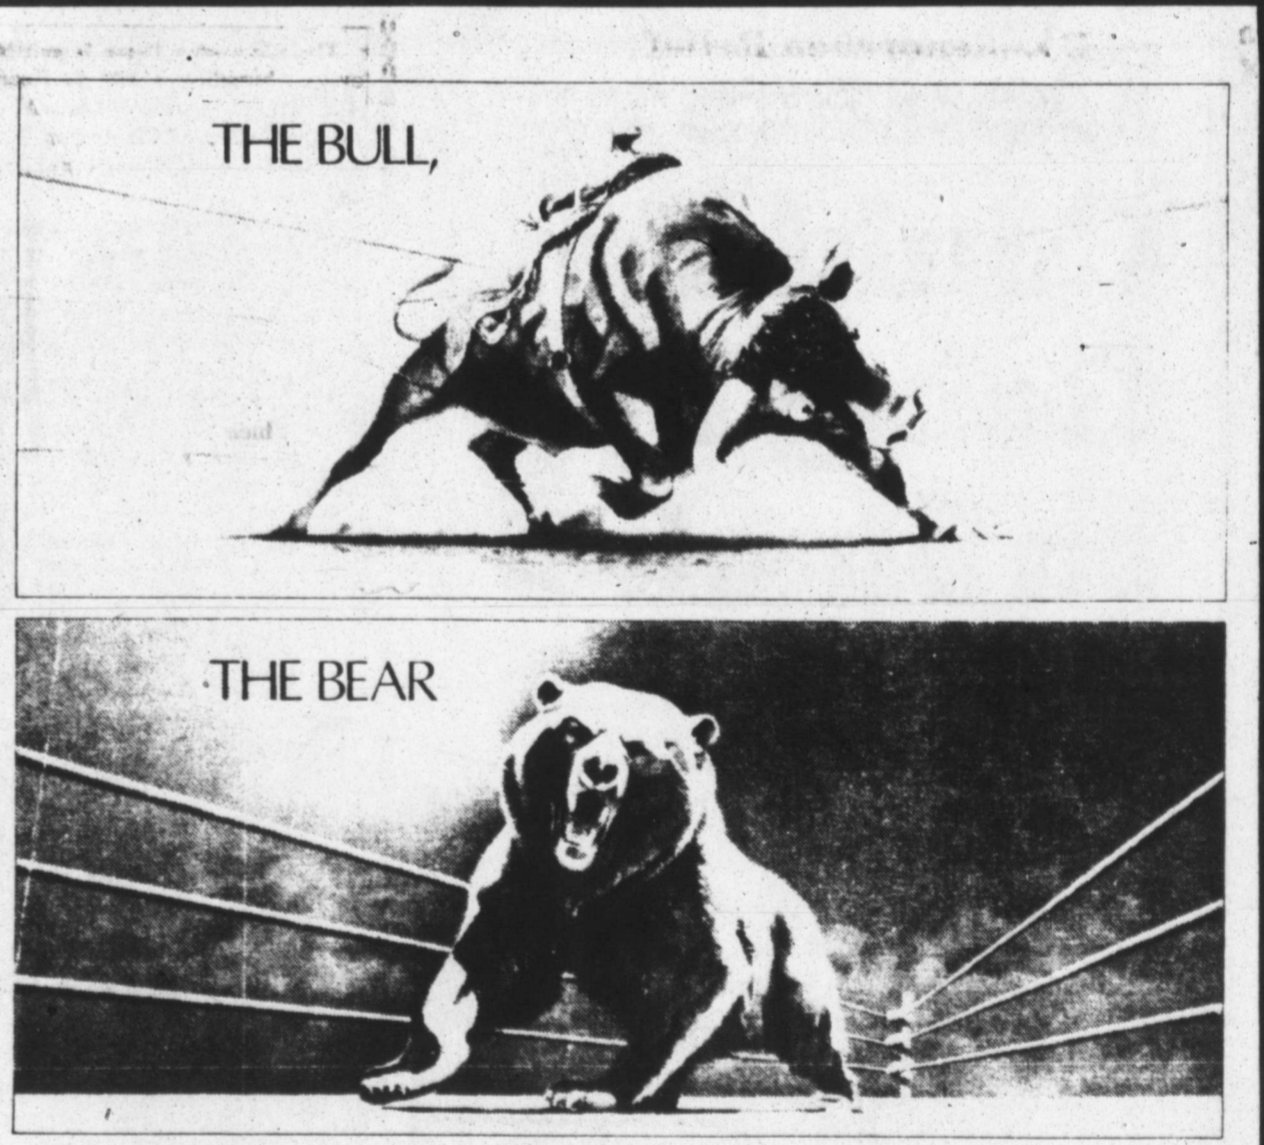

2. Income averaging.

3. Capital gains exclusion. (There are special rules for participants in the dairy herd buy-out program.)

4. Land clearing expenses. Conservation expenses must be part of an approved plan.

5. Dividend exclusion.

6. Charitable contributions. These must now be included with other itemized deductions.

...OR THE BANKER?
Stock market investments can be very inviting. Everybody, it seems, knows "this guy" who knows "this other guy" who made a real killing in a big bull market. Of course, behind every Cinderella story there's another tale—of uncertainty and vulnerability.
Unfortunately, the stock market often takes a downward turn. The rampaging bull can become a lumbering bear, changing dreams of an easy "killing" into half reality.
Not so at our bank. In addition to an impressive range of investments—such as our new money market accounts—we offer things that stocks and mutual funds can't. Like risk-free protection of principal. Assured rates of interest. And the soothing security of Federal Deposit Insurance by the F.D.I.C.
So, while we won't promise to make you rich overnight—we will place a risk-free guarantee on your tomorrow.
That's the bare facts. With no bull.

K-9 Kapers

BY AMBER DUNHAM

On Wednesday, January 20, 1988 the Donley County 4-H K-9 Korp had a monthly meeting. We had two visitors Dr. Dehyle and Debbie Myers from Amarillo. Debbie is with the Heart Guard Association. Debbie gave an excellent program on heartworm. She told us how heart worm is gotten and how it is treated. She gave a very organized program. We really enjoyed her program and would like her to come back.

Also Terry Floyd gave a short program over the state show and the 4-H program coming up. She also awarded President, Joe Bilbrey the gavel for the 4-H window. We enjoyed both of their programs.

Alpha Upsilon Epsilon

The members of Alpha Upsilon Epsilon met January 11, 1988 at 6:00 in the home of Trisha Floyd. President, Sandra Shields called the meeting to order. Everyone stood for the Opening Ritual. Recording Secretary, Jana White did the roll call and read the minutes of the last meeting. Treasurer, Becky McAnear gave the treasurer's report.

Trisha asked if we could change the meeting time to 6:00, everyone was in agreement. We all updated our yearbooks and drew names to see who would be in charge of the monthly socials. We also discussed what kind of Sweetheart banquet we wanted. Everyone was in agreement to have it out at the Country Club and to have a D.J. play music to dance to.

There being no further business, the meeting was adjourned and all stood for the Closing Ritual. Refreshments were then served by

Sandra Shields and Becky McAnear. Terri Floyd then presented the program for the night. We all wrote down answers to 40 questions she presented to us, sealed them up in an envelope and will be kept until next year. Everyone enjoyed the program.

Those present were Sandra Shields, Rose Lemley, Trisha Floyd, Diane Koetting, Terri Floyd, Leslie Fincher, Jana White, Rhonda Coats, Becky McAnear. Our guest for the evening was Sandra Anderburg.

Beta Sigma Phi

BY SHANDRA SHIELDS

The City Council of Beta Sigma Phi met Friday, January 15, 1988 at Sam Hill's BBQ to discuss the upcoming Sweetheart Banquet. Those present were Patsy Leffew, Susan Henson and Leslie Schnauffer of the Xi Lambda Xi chapter and Sandra Shields, Jana White and Terri Floyd of the Alpha Upsilon Epsilon chapter.

The Sweetheart banquet will take place February 13, 1988 at the Clarendon Country Club at 7:00. Dinner will be a Mexican buffet. Jim Shadle will be the D.J. following the dinner and presentation of the Sweethearts of each chapter. Each member of both chapters will need to help decorate Friday night, February 12, 1988 at 7:00.

Leslie Schnauffer reported on the two girls who received the scholarships. Both are doing good at Clarendon Jr. College. Leslie also reminded the two sororities that we should invite the girls to a meeting so that they might see what Beta Sigma Phi is all about.

Patsy Leffew mentioned that we might be thinking about a party for the senior girls to choose the recipient of our scholarship.

There being no further business, Patsy adjourned the meeting.

Young Homemakers

The Young Homemakers first meeting of 1988 was held January 25 at the home of Denise Bertrand. The meeting was called to order by President Missy Kidd. Minutes from the previous meeting were read and a treasurer's report was given.

It was decided to have the baby pageant with proceeds going to the Edie Robertson Scholarship fund. Which will be given to a Clarendon Senior in fine arts. Tentative date for the pageant is April 9.

After the business meeting our program was given by Patrick Robertson on Pediatric Emergencies.

Refreshments were served by the officers to members and guests.

Members present were Tammy Taylor, Denise Bertrand, Debbie Hollan, Kathy Holland, JoDee Mincey, Sharon Adams, Nancy Kidd, Missy Kidd, Fay Vargas, Diana White, Betty Veach, Rhonda Newhouse, Kathy Benavidez, Annette Osburn, new members Julie James, Ann Calloway and guests Leslie White, Robin Dooley, Jinay Helms, Connie McAnear, Tara Bradley, Christine Williams, Lucy Quimby, Kirsten Bertrand, Anndria Kidd, Edie Mincey and Patrick Robertson. Your Energy Dollars Could Be Going Up In Smoke!

Fireplaces are built to draw. Even when there's no fire, this massive column is drawing air from inside your home - air you have paid to heat.

Closing the damper in your fireplace when it's not in use keeps winter heat from escaping up your chimney. This reduces the natural draft created by warm air inside the house as it rises. It also prevents any down drafts.

A glass fireplace cover can also help save you energy and money by decreasing the amount of inside air going up the chimney. When selecting glass door covers check for the following: air tightness, glass thickness (3/16" to 1/4"), frame strength, frame insulation and be sure they are heat tempered.

Hedley News

BY NINA RIDDLESPURGER

We in the Hedley area were sorry to learn of the death of Lizzie Ray. Mrs. Ray died February 3 at Hall County Hospital in Memphis. Funeral services were at Robertson Chapel in Clarendon on Friday the 5th of February. Burial was at Clarendon. Mrs. Ray lived in Hall County from 1925 to 1942. In 1942 they moved to Hedley. Our deepest sympathy to the Ray family.

Kate Stone recently enjoyed a visit from her granddaughter. She is Barbara Brice from Pampa.

Visitors to Harold and Mary Ruth White over the weekend were Roger, Tanya, Tara and Tamra Gibson from Perryton. Also joining them were Gary, Renee, Carrie, Heather and Landon Shields from Lelia Lake.

February 8th was the birthday of John Fisher. He was 17! I think that needs to be turned around. Happy Birthday John.

Pick and Jaquita Cox recently paid a visit to their daughter and family of Crosbyton, Texas. They are Linda, Elgie, James, Willie, Elwyn and Wyman McCleskey.

Pick was to go into the hospital in Amarillo on the 7th of February for surgery to his leg. This is the 4th time Pick has had to have surgery on this same leg.

Pick broke his leg on the 18th day of June in 1984 from a fall from a horse. He broke his leg again last April and has been on crutches ever since.

Our prayers and best wishes to Pick and his family. We hope he has a speedy recovery from this surgery.

Shorty Crawford went to Amarillo last Tuesday to visit her daughter and family. They are Ronnie, Carolyn and Shanda Blackwell. Shorty came home on Thursday.

Monday the 8th of February is Raymond and Nora Hoppers 44th wedding anniversary. Congratulations to Raymond and Nora.

Chuck Hill came home from the hospital in Amarillo on February the 2nd. Chuck had been in the hospital for a week following surgery. Best wishes to Chuck for a speedy recovery.

In their motor home and touring pickup, Murrell and Dorothy Whitaker left Hedley on Friday after Thanksgiving and drove to Hereford where on Saturday they attended a wedding anniversary of J.W. and Inez Witherspoon which was held at the lovely Senior Citizens Center there. On Sunday they attended church and then visited her sister and brother-in-law, the Owen Stagners who live in Hereford.

On Monday they drove to Leveland to visit a cousin, Mrs. Ernest Whitaker and her daughter and son-in-law Mr. and Mrs. Doyle Henderson. Three days later they drove on to Big Bend National Park for several days enjoying the mountains and trails and meeting many people.

From the park they went to Fort Stockton for one night and then to the spectacular caverns of Sonora. From there to Fredericksburg where it poured down rain, the first bad weather of their trip. At Kerrville they toured Lions Club supported Crippled Children's Camp and also an antique car museum. By that time it was close to Christmas so they drove to Alvin and Spent a couple of days with their son Vic Whitaker and family.

They drove on to Goose Island where they were for New Years. They at blackeyed peas at Corkys Restaurant in Rockport. Their next stop was in Harlingen at Sunshine R.V. Park, where they stayed for 11 days and enjoyed every minute. They took drives to Edinburg, McAllen, Mission, Brownsville, Port Isabel and the South Padre Island. In Port Isabel they climbed to the top of a very old light house. When they left Harlingen they drove back to Goose Island for a few days and then to Richmond U.S.A. R.V. Park which is just out of Houston, Alvin and Rosenberg where their children live.

On January 26th Murrell had a checkup in Park Plaza Hospital in Houston and they started home

Friday the 29th and spent the night at a lovely park out of Mineral Wells and drove on home on Saturday. They had a wonderful trip and only a few problems. It was good to be home and see all their friends again. After more than two months in their motor home their home really seemed larger than when they left. Everyone is glad to have Murrell and Dorothy back in Hedley.

Nancy Mullins had a birthday on February 11. Happy Birthday Nancy!

Candidate Rally successful

BY EVELYN MESSER

On the evening of February 7, 1988, the Main Street of Hedley was lined with cars, cars of candidates, cars of residents, cars of out of town visitors. The cause was 20 candidates had come on invitation of the Hedley Senior Citizens Assn. and people were there to listen to these men and women who are running for office "speak their peaces". An enlightened voter can do much to effect changes for the better in daily lives. These people gave a thumb nail sketch of what they hoped to accom-

plish if they are elected. Blackie Johnson, local constable who is unopposed, gave a report on the highlights of the 37 months he has served. It was an enlightening and impressive report.

There are four candidates for commissioner in Precinct 3. They are Buford Holland, incumbent; Junior Hill, Otis Holland and T Mullins.

Three candidates for county office are Wilma Lindley, County Tax Assessor/collector and Pam Fletcher Treasurer. Steve Reynolds for County Commissioner Precinct 1. They are unopposed.

As well as the local candidates, we also had the following who attended: Congressional candidates-Ed Lehman D; Bill Sarpalius D; Ron Buffum R; Bob Price R; and Jim Brandon R; State Senatorial Candidates: Nancy Garms D and Brian Poff D; State Representative Candidate: J. J. Barlow Jr. D; Warren Chisum D; Tom Christian R and Gary Ivey R.

The Senior Citizens Assn. raised \$1790 from the pie supper held in conjunction with the candidate rally. Jack Moreman auctioned the pies; he did a terrific job. The pies ranged in price from \$10.00 to \$55.00. As is always true the competitive bidding keeps the crowd in a jovial and generous mood from 6:30-10:30 p.m.

The whole community is to be commended for their efforts and contributions to make the event highly successful. Jean Taylor, Senior Citizens manager, had worked hard and successfully to get the wheels moving.

The reason for trying to raise money at this time is that all Senior Citizens groups have been warned that government support will be cut for next year. The local organization is trying to build a nest egg before the slash in funds occurs. The members are trying to shut the door before the horse gets out.

The Senior Citizens Assn. of Hedley are sincerely grateful for the excellent turn-out. Every pie that was baked as well as every dollar that was spent and every ear that was tuned to listen, every mile that was driven is appreciated.

The crowd was a cross-section of society at one extreme there was a baby under a year old, a grandson of Jim Brandon, great grandson of Manford and Wilma Snelson and great grandson of Alfred Johnson and at the other extreme was Hedley's own Mollie Dickson who is 94 years young (as Jack puts it) but she was there bright-eyed as a squirrel, with a plate of fried pies that made the mouth water. Mrs. Mary Cloy, too, was present, but, of course she is just a young chicken at 84.

Owl Basketball

The Lady Owls started the second round of district play with a win over Silvertown. The Ladies rode out a close contest of 54-46. Cheryl Glover had 25 points while Amy Lambert had 11 points and Carol Glover had 10 points. Tina Davis had 6 points and Susan Byars had 2 points. This gave them a 4-0 district lead.

The Lady Owls welcomed Lakeview to Hedley for the second meeting this year. The Lady Owls handed the Lakeview Eagles their 5th district loss of the year with a 63-36 victory. Amy Lambert was high with 19 points, Carol Glover had 15 points, Cheryl Glover had 11 points, Scheli Holland had 10 points and Tina Davis had 8 points. With Silvertown beating Valley in their scheduled district contest. This give the Lady Owls the district championship before playing the Valley Patriots on Tuesday night.

Hedley Lioness Club

The Hedley Lioness Club honored their husbands with a Valentine Party on February 4, 1988 at the Lioness Hall. The Hall was decorated and tables were beautifully decorated for the Valentine season.

Thirty members and guests enjoyed a fun filled evening, beginning with a delicious meal of ham and all the trimmings and ending with a game of "Win, Lose or Draw". There were some pretty good artists in the group and then there were some that weren't-well-too good, but everyone reported having a great time.

Hedley School Menu

Hedley Young Homemakers

The Hedley Young Homemakers held their monthly meeting Monday, February 1. They elected new officers for 1988. President: Cheryl Pickard; Vice President: Tammy Brinson; Secretary: Nancy Stephens; Treasurer: Debbie Hill; Reporter: Vicki Knowles. They set the annual Volleyball Tournament for March 17, 18, and 19. The next meeting will be February 29 at 7:00 p.m.

RAYMOND AND NORA HOPPER Celebrated their 44th Wedding Anniversary Monday, February 8th. Raymond and the former Nora Lockhart were married at Memphis, Texas in 1944.

SHOWN HERE WITH ONE OF THE NEW street signs being put up in Hedley are Mary Ruth White, Betty Morgan, Raymond and Nora Hopper. These street signs are being put in place by the Hedley Lioness Club. They have already put up 12 signs and according to the Chairman of the Street Sign Committee Nora Hopper, they have ordered 18 more signs. Those on the committee are Nora Hopper, Sharon Ferguson, Mary Ruth White and Mildred Lett. These street signs really look nice and will be a big help to located where people in Hedley live.

Senior Citizens Assn. of Hedley

The Senior Citizen Assn. of Hedley, contrary to what its name might indicate, is the most active and exciting entity in the community.

Its aims and purposes seem to be unlimited. The achievements are impressive. The fruits of its labor benefit practically everyone.

No one would question that the winter of 1987-88 has been a monster. To travel anywhere was hazardous whether from the house to the waste barrel or from Hedley to Timbuctoo. But not one day did the elderly and/or handicapped people

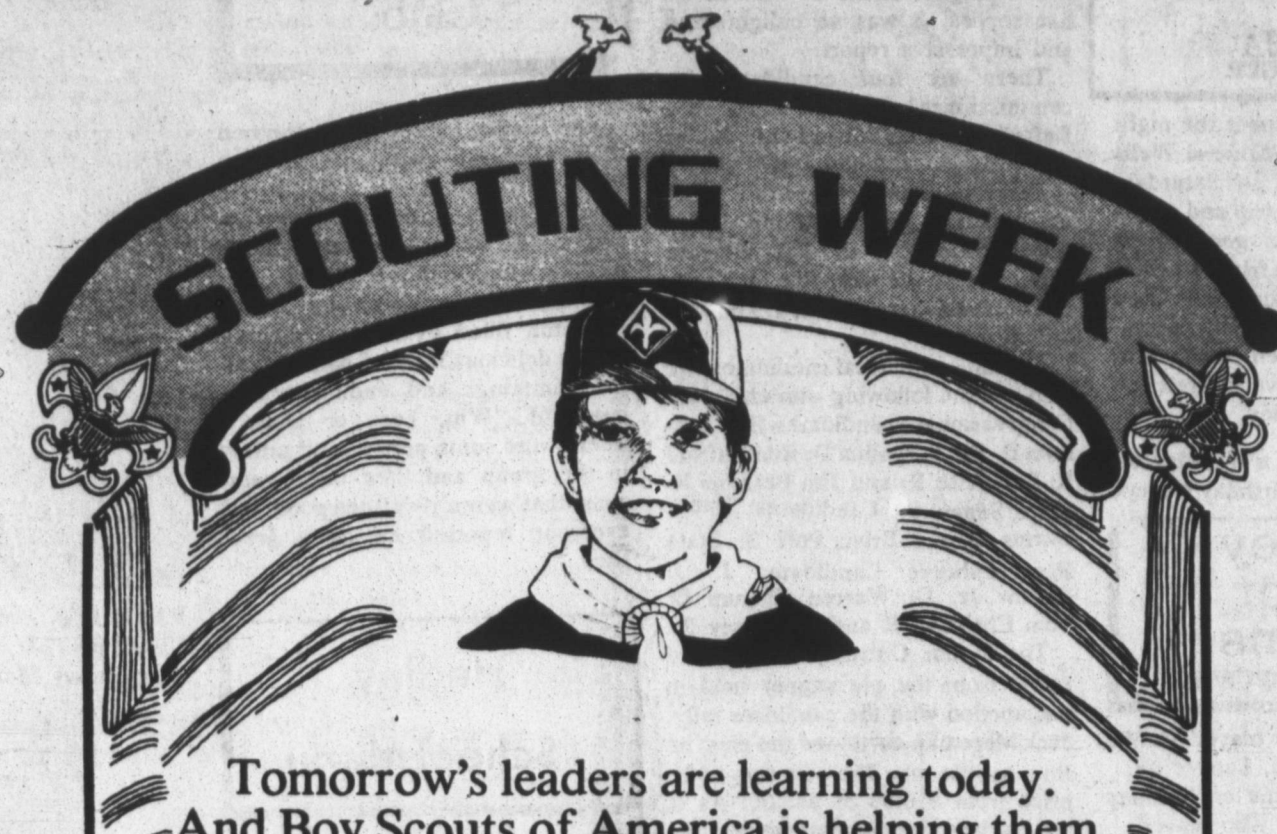

who depend on their lunches to be delivered have to be disappointed. That Senior Citizen van made its round daily. This not only gave the necessary food for survival, it gave the recipients a contact with the outside world. Many of these people live alone; the bright spot of their day is the two minutes or so that they see another human being and hear the voice of someone when their lunch is brought to them.

Everytime I saw the van stop across the street I felt grateful and I pondered the fate of the people it

served. What would these people do for food? How could they manage on their own in the weather such as it was? What if one of them had fallen? Just their knowing that someone would be there between 11 and 12 o'clock was a comfort to those who do not have families to check on their welfare.

It is very easy to be critical of things we know little about. But when we take time to learn the real purpose or nature of things we usually can find some good - many times more than bad. We'll look at this evaluation later.

Evelyn Messer

Tomorrow's leaders are learning today. And Boy Scouts of America is helping them. They're learning from leaders how to be leaders. Millions of Boy Scouts earn badges by practicing useful skills they've learned. More importantly, their character is built as a result of constantly striving to live the Scout Oath and the Scout Law. We could all take a lesson from the Scouts. If every American learned and lived the Scout Oath, we would all be better citizens, helping our country to stay the strong nation it is.

Scout Oath or Promise
 On my honor I will do my best
 To do my duty to God and my
 country and to obey the Scout
 Law; To help other people at all
 times; To keep myself physically
 strong, mentally awake, and
 morally straight.

The Scout Law
 A Scout is trustworthy, loyal,
 helpful, friendly, courteous, kind,
 obedient, cheerful, thrifty, brave,
 clean and reverent.

THRIFTWAY

Laker Homemakers

BY POLLY SARICH

Twelve members and one guest, Terry Floyd enjoyed this afternoon meeting.

Our president Joyce Combs opened the meeting with a saying "I Don't have to Worry", which is so very true.

Business included the Treasurer's Report, the Quarterly publication of the "Messenger", a report from Terry on the purchase of a refrigerator and usage of a computer system for future use. Also the subject of house numbers was discussed. These would be of immense help to the Ambulance members when they are needed out here. A committee of three were appointed - Wanda Rogers, Margaret Pettit and Lela Whitehead will check the availability and cost for this project.

Joyce read a lovely letter from a former member, Alice Hood and also gave a Museum Report - the next meeting will be on February 17th.

Nell Derr read a beautiful Essay on Howardwick which she had written.

It was decided that our "Woman of the Year" would be selected by secret ballot and these were given to Terry to take care of. Our dinner will be on February 26th. The Club will furnish the meat and each member will bring a covered dish.

Terry gave a very interesting program on Microware Cooking. Thank you Terry.

The hostesses Lela and Margaret outdid themselves decorating the tables and serving delicious sandwiches and cakes depicting Valentines Day.

Joyce closed the meeting with the following poem - THE MAN IN THE MIRROR

When you get what you want in your struggle for self,

And the world makes you king for a day,

Just go to a mirror and look at yourself,

And see what THAT man has to say,

For it isn't your father or mother or wife,

Whose judgement you must pass,

The fellow whose verdict counts most in your life

Is the one staring back from the glass.

Some people might think you are straight-shootin' chum,

And call you a wonderful guy,

But the man in the glass says you're only a bum

If you can't look him straight in the eye.

He's the fellow to please, never mind all the rest

For he is with you clear up to the end,

And you passed your most dangerous difficult task

If the guy in the glass is your friend. You may fool the whole world down the pathway of years, And get pats on the back as you pass, But your final reward will be heartaches and tears - If you've cheated the Man In The Glass.

Pathfinders

A most interesting program was given Friday, February 5, 1988 by world travelers, Genevieve and Red Caldwell. This latest trip was to the very large Republic of China. We enjoyed seeing slides taken by Mr. Caldwell showing the many wonders of this very old culture. The trip was made with Dr. Charles Allen of Houston Travel Group for three weeks, by air; by boat up a picturesque river; by rail to a far northwestern city and by bus. In the cities, natives traveled by bicycle to their jobs. The travelers were greeted by smiling friendly people who were pleased to have their pictures taken.

Hostesses for the travel party were Mrs. Joe Robinson, Mrs. Rolle Brumley, Mrs. Clarence Hamilton and Mrs. J.P. Rhodes. Decorations were in Oriental designs of arrangements of flowers and bonsai tree done by Mrs. Carol Hinton, daughter of hostess Mrs. Hamilton.

Mrs. Caldwell's collection from

her trip of lovely silks; cut work linen embroidered table cloth; handsome cloisone' vases about 2 ft. tall, bowls of cloisanne, carved ivory and carved agate figures, and many wonders in artistic fans all added to the feeling of the trip to China and its ancient culture.

Guests were Dee Williams, Nova Mooring, Dorothy Breedlove, Naomi Phelan, Jean Chamberlain, Mrs. Earnest Kent, Carol Hinton and granddaughter.

Pathfinder Club members present were Mrs. Goodwin Bray, Mrs. Blaine Butts, Mrs. Rolle Brumley, Mrs. Paul Cook, Mrs. Clarence Hamilton, Mrs. Joe Robinson, Mrs. John Sarich, Mrs. Forrest Sawyer, Mrs. Heckle Stark, Mrs. C.J. Van Zandt, Mrs. Frank White and Mrs. Royce Williams.

Les Beaux Arts Club members present were Jo Baldwin, Kathryn Cain, Elmonette Bivens, Cindy Courtney, Pam Fletcher, Cy Foxall and Virginia Browder of Memphis, Glendora Green, Maxine Hardin, Anna Beth McNabb, Cennet Rhodes, Ruth Robinson, Cindy Shelton, Anna Moores Simmons, Zell SoRelle, Bobbie Thornberry, Pat Thornberry, Lea Tyler and Mrs. Frank White.

BY LIGE SMITH

Where were you last night? Clarendon College Homecoming!! If you stayed home to watch TV last night you missed two great ballgames. Clarendon College made a clean sweep to win both games over El Reno, Oklahoma in Homecoming Night.

The Lady Bulldogs won by fifty-four (54) points 99-45. I didn't receive any statistics on points but all the Ladies played. It sounds like the game was lopsided, but it really wasn't. El Reno played a pretty good game, but our ladies just couldn't miss.

At half time of the Men's game the Homecoming Queen and King of Clarendon College were crowned. Kelli Kelly was named Queen and Gonzalo Oters was named King.

The Mens game was a sight to see with Clarendon leading all through the game, but El Reno came in close several times.

Fast breaks and full court presses turned the tide for Clarendon (and a few technical fouls) until the last two minutes when El Reno's coach received a big "T" and pulled his entire team off the floor.

Coach Joe Mondragon said after the game "I like to win games, but I sure don't like to win that way." After he talked to the El Reno coach in the locker room for a little while (I hope) the coach from El Reno was a little calmer. He is a grand coach and he has some real good athletes. Statistically El Reno had 35 fouls and Clarendon had 30. The referees made some real close calls and that is a little high for total fouls, but they did a good job overall.

Peter Sam had 2 points with 4 personal fouls; Mark Spain had 3 points with 2 personal fouls; Mike Olisa had 0 points with 1 personal foul; Alvin Degraftenreed had 5 points and 1 personal foul; Randy Rengins had 7 points and 4 personal fouls; Darrell Johnson had 4 points and 1 personal foul; Vincent Samuels had 16 points and 4 personal fouls; Cleveland Phelps had 16 points and 0 personal fouls; Tommy French had 31 points and 3 personal fouls; Russ Winters had 1 point and 2 personal fouls; Gonzalo Oters had 3 points and 2 personal fouls; Tim Barnes had 0 points and 2 personal fouls.

Clarendon stole the ball 11 times with 35 rebounds, and 4 blocked

shots. The only lead note was the Bulldogs had 17 turn overs which could mean 15 to 18 points against us.

I did notice a few new faces in the stands and sure hope everyone enjoyed the game.

Clarendon goes to Borger Thursday night to play Frank Phillips but we have another home game next Monday when we meet South Plains here at 6 p.m.

Like I said last week these are good young men, and they need your support. There are only 3 more home games. Come out and enjoy the game.

The Ladies are also real nice young ladies and deserve your support. They play at 6:00 and you won't be sorry if you watch them.

The cheerleaders re doing a fantastic job in keeping the stands going, and they had the gym looking great for Homecoming.

An aid to locating vital records records

Vital records are just that...vital. We need access to them.

In this age of bureaucratic documentation, everyone has need of copies of records of birth, death, marriage or divorce. An application for benefits from the Veterans Administration or Social Security, a passport or marriage license must have the information contained in these records and sometimes copies of the records themselves.

All these records are stored permanently by municipalities, counties, states and the Federal government.

The Consumer Education Research Center, a national non-profit consumer group, found that there was little uniformity on where the records were available and the costs. In some states, birth records are kept by the city and in others by the county or state. To further complicate matters, often older records are held in a different place than current ones. In addition, the addresses where the records are kept are changed quite often.

The consumer group found many people had difficulty in locating the records they needed. In many cases it was necessary to make expensive long distance calls just to find out where to write, what information was required and how much money to send. For that reason CERC is publishing a book entitled WHERE TO WRITE FOR VITAL RECORDS which contains a state-by-state listing of the addresses and telephone numbers of where each record can be found, the cost of a copy of the document and sample form letters containing all the information needed to get these and other vital documents.

To obtain a copy of this useful book, send \$5 to CERC, Documents, 439 Clark Street, South Orange, N.J. 07079 or 1-800-872-0121 for credit card orders.

For those whose records are in foreign countries there are instructions on where to write for birth and death records of U.S. citizens as well as birth records for alien children adopted by U.S. citizens.

Robert L. Berko, executive director, of CERC says that originally the book was published to satisfy the needs of persons applying for various benefits but many others have found it useful. He has received letters from librarians, coroners, law enforcement, social agencies, credit grantors, collection agencies, stock ownership tracers, lawyers, persons searching for missing heirs and even those interested in searching their family roots. All these and others have found use for a book that helps them locate and prove the status of individuals.

Many times documents can be used to prove things other than what they record. For instance, one woman wrote to the group telling them that a birth certificate for her child proved her residence at that time in the United States and helped her in efforts to become a citizen.

Forums set for transportation 2020 project

What kind of highways do you want to take you into the next century?

Through a project called Transportation 2020, the highway department, with the Highway Users Federation, Texas Good Roads/Transportation Association, and other public interest groups, will make it easy for Texans to make their wishes known.

The groups will host one-day forums in five Texas regions and a statewide forum in Austin in February. The forums will give local citizens and their elected officials a chance to discuss transportation needs and get suggestions for meeting them on the record.

Tentative dates for the Texas forums are as follows: February 2, San Antonio; February 4, Houston; February 9, Arlington; February 11, El Paso; and February 17, Lubbock. The statewide wrap-up forum will be on February 25 in Austin.

The highway department will announce the time and place of each meeting well in advance, and the public will be invited to submit suggestions.

To get ready for transportation in the 21st Century, the American Association of State Highway and Transportation Officials created the Advisory Committee on Highway Policy. The highway officials gave the committee a four-part charge: identify transportation needs, define ways to meet those needs, reach agreement on the best program, and follow the program through in state and federal legislation.

The advisory committee is made up of more than 100 organizations. Lester P. Lamm, president of the Highway Users Federation, is chairman. The committee will work with state and local groups in all 50 states in the Transportation 2020 program. The regional forums are the first step.

Firebelles

On January 23, 1988, a called meeting was held by the Clarendon Firebelles for the purpose of installation of officers and other pressing business. The meeting was preceded by a salad supper.

Connie McAnear was M.C. for the installation. Installed for 1988 were: Wanda Smith, President; Annette Osburn, V.P.; Tammy Taylor, Secretary/Reporter; Nancy Watson, Treasurer; Connie Pitts, Chaplain, and Rene Stroud, Historian.

Nancy Watson presented each of the 1987 officers with a china bell in appreciation of their service.

Wanda Smith presented Nancy with a silver fire hat charm as gift from the membership for her service as 1987 President.

Discussion was started on honorary membership requirements but was tabled. The matter will be taken under advisement by the Executive Board on February 1st.

Everyone was reminded to bring rice krispie treats or brownies to the volleyball tourney.

Minutes of the previous meeting were read and approved.

Treasurer's report was read and approved.

Dates were confirmed for the tourney.

The toy drive was discussed and tabled.

Requirements for Firebelles of the Year were discussed and tabled until after the Executive Board meeting. Meeting was adjourned.

Members present were Dianne Bentley, Venita Sharrar, Becky Lane, Annette Osburn, Nancy Watson, Wanda Smith, Connie Pitts, Rene Stroud, Connie McAnear, Debbie Hollan and Tammy Taylor. Guests were Linda Lindley and Fredi Walker.

EMS news

The EMS Association will meet at 7:00 p.m. Monday, February 15, at the fire station.

Weight Watchers begins search for Members of the Decades

When is it possible to lose, yet still be considered a winner? When does "mod" refer to something other than a pair of white go-go boots? If you can answer these offbeat questions, you may be just the person Weight Watchers is looking for.

As part of an intriguing, first-time ever event, local Weight Watchers officials have announced they will be part of a world-wide search to find six individuals, who have lost weight during the past three decades--and kept it off--by following the Weight Watchers Program.

The six individuals, known as the Members of the Decades, or MOD, will represent the three decades that have passed since the founding of Weight Watchers by Jean Nidetch in 1963. Two people from the 60's, two from the 70's two from the 80's will be selected based on a number of criteria, the most important being they lost their weight in the decade they will represent, and are currently within their goal weight range.

"Members of the Decades is one of the most exciting events to take place in Weight Watchers history," said Weight Watchers Area Director Sheila Falk. "And locating possible candidates should be very interest-

ing--we're especially depending on the public to become involved in the search." The reason for this, explains Falk is obvious. "Since the beginning of Weight Watchers, more than 30 million people have attended a meeting--that's a lot of people to track down! The more people who know about the search for Members of the Decades, the better. We can submit as many local candidates as we wish. So we'd like everyone's help in finding candidates."

Members of the Decades is not a competition, but rather a selection process. After Weight Watchers chooses its local candidates, their names and weight loss accomplishments will be passed along to Weight Watchers International headquarters, where the final selection will take place by a distinguished panel representing a cross-section of the Weight Watchers worldwide organization.

If anyone would like further information, or knows of a present, former or Lifetime Weight Watchers member that may be eligible to be one of the Members of the Decades, they should call toll-free 1-800-692-4329. Deadline for entries is March 30, 1988.

A burglary occurred over the weekend at the Post Office. The Post Office will pay up to \$5,000.00 reward leading to the arrest and conviction of the person or persons responsible for the burglary. Inspector in charge 817-885-1111 or Inspector in Lubbock 806-762-7821.

St. Valentine's Day

February 14, 1988

Again I address you Elmonette and Paul
My entry won't do - It wasn't fair to all.
It doesn't even rhyme and makes no sense
I'll be darned if I enter your darn contest.
I'm thoroughly disgusted and threatening to see
Nobody knows what I called you two.
When G turns to Y
Then bug them to buy.
I will admit the typewriter is worn
I will acknowledge the ribbon is short,
But Horace proof read
He says that I said
"You two were hit by a "bug"
Never again will I feel so smug.
Forget about the contest, forget about the prize
Just deliver me forever from "typewriter surprise".

Naomi

February 14th is Sweethearts Day for many
Some have lots of sweethearts and some don't have any.
But I have six sweethearts that make my heart glad
One is my special husband - we all call him Dad.
One is my son, a wonderful boy
And into our lives he's brought gladness and joy.
One is my daughter, she came two years after
And into our lives she's brought sunshine and laughter.
Now they're both grown up and have gone on their way
I pray they are like their Father - what more can I say?
Two grandsons and one granddaughter they've given to me
To add three precious branches to a small family tree.
As the years roll on by I find all the more reason
To be thankful and happy because Love is in season.
To smile and be joyful and to all I do say
I hope you have a wonderful Valentine's Day.

Fetsy Robertson

Oh St. Valentine with your cupid's and darts.
You get lovers from all over right in the heart.
We give candy and cards all done up in lace,
With an "ear-to-ear grin" all over our face.
Then we store our gifts in some favorite spot,
And start dieting again to lose our new pot!
But my Valentine still loves me and says I'm "just right",
My clothes did some shrinking and got a "bit tight".

Eleanor L. Munden

My Mom

My Mom is old and
her hair is gray
Her eyes are periwinkle
She always tells what
is true,

But sometimes teases too.
I love her almost all
the time
And I want her to
be my Valentine.

David Tyler

MY THREE LOVES

Numero Uno, NUMBER ONE, with Jesus, fun is really fun.
I made Him first years ago and He's never ever let me go.
Oh, I have wandered here and there but He drew me back with
tender care.
Before I knew Him, it is true, He shed His blood and rose
anew.
He sends the help I need each day to walk WITH JOY along the
way.
And because He loves eternally, He sent NUMBER TWO to be
with me.
A mate, a help in a world of woe to make it heaven here below.
What more could we need to be complete as we sit and worship
at His feet?
Together we three will face what comes, me, my sweetheart
and our NUMBER ONE.
P.S. But Mom, can't I be a sweetheart too, your little boy He
sent to you?
Yes you are, I can most definitely say, but another will win your
heart someday.
I promise though until she does...Jesus, Ken and David will
be....

MY THREE LOVES By: Velma Tyler

When we talk about love, we usually say -
Remember first dates, senior prom, our wedding day?
Yet there's really much more that shows our heart,
And keeps any love from falling apart.
Kind words, patience, commitment, are three,
And unconditional acceptance sets us free.
For love isn't something we turn off, then on.
It's not to be used in a game like a pawn.
When love is wronged, it hardly knows,
And forgives all things as it beautifully grows.
True love looks for good, and forgets the bad,
Never considering what it might have had.
We were given the best example from above -
That laying down one's life shows perfect love.
For we must learn; love is not only what we feel.
It's the caring, the action, that makes love real!

By Jeanette Loveless

We're having a contest
For better or worse
So hurry up
And write us a verse
As early as possible
Get it turned in
'Cause that's the only way
You can win!

All of us from time to time
Remember our first Valentine.

The housewife midst the folding clothes
with thoughts of youth and forgotten beaux.

Her High School sweetheart her first crush
How did life get in such a rush.

It seems like life has past her by
She's no longer young, no longer shy.

But the up side to all of this
Is not worrying about her first kiss.

Or gangly legs and acting coy
Or being taller than that special boy.

So here's to Modern Maturity
Youth ain't all it's cracked up to be.

Jeanette Cates

Roses are red, violets are blue
Grown-ups like Valentines and we kids do too.

We girls like flowers and a big candy heart
That gets the day off to a very good start.

If you ask how I know this, the reasons are many
But mostly it was with the help of my mom and
my Granny.

Thelma Hollan
7 years old

Valentines Day is finally here
I've been waiting for it all year.
Because it never gets too old to tell
My friends that I love them so well.
Why can't it come twice a year
Now that Valentines Day is here?

Lindsay Green

Valentine's Day is for Sweethearts
You see it everywhere you look.
There are many, many kinds,
Enough to fill a book.
We all had our share, some
more than another.
But the one whose always there
is your own dear Mother.
They come in all shapes,
colors and sizes.
She could be a Jane, Maria,
Su Ling or Louisa.
Look them all over and
pick out your own.
You're sure to find the very
Heart of the home.
Giving so much of patience,
strength and her time.
It takes a lot of tears if she's
anything like mine.
To think of such a being,
resisted at every turn.
When her only motive is
to help you to learn.
What makes a pit-bull,
hanging on to the end.
Always praying, hoping,
just around the bend?
A box of chocolates or a
lacy red heart?
A "night on the town", or
fancy jewels, so smart?
No! I'll tell you, if you
really want to hear.
But then, you've always
known from your first year.
It's Love unending, eternal
and true
And it will always be there
just for you.
Stop in this Season for
Romance and say,
I Love You too, Mom, on
This Sweetheart Day.

Howardwick -- beautiful and peaceful

BY MRS. NELL DERR

Have you ever known a Howardwick? Well I have.

Howardwick is a small village community, surrounded by a beautiful lake, called Greenbelt Lake. Some of Howardwick sits upon a hill, and some down in the valleys. Howardwick is a place, most blessed by God. First and utmost is its people. They love and care for one another. And see to each other's needs when there is sickness. Jesus said "All men, shall know that ye are my disciples, if you love one another" and I have found that Jesus has some disciples in Howardwick.

There is an old saying that you are nearer to God's heart in a garden. So there are people in Howardwick near the heart of God, for there are always lots of beautiful gardens in Howardwick. You can walk down the streets in the summertime as I have since I've had heart trouble 2 years ago, and see apples, cherries, pears, peach, plum trees loaded with fruit, and grapes growing on the fences or up a tree.

There are 139 species of wild flowers in Howardwick. There are three flowers in Nacona Hills that date back to old Bible days. The butterfly bush, which bloom a deep orange. The Cypress Vine with the lacy leaves that runs on the ground and bloom a deep purple. And there are the Sumac flowers - the people of Lebanon dry the Sumac flowers and

put them in their bread, which they bake on a round disc. I have walked every nook and cranny of Howardwick early in the morn and you can see wild turkeys, quails, roadrunners, rabbits, squirrels, porcupines, a few snakes including the diamond back rattlesnake, and all kinds of and colors of beautiful butterflies.

There are all kinds of beautiful birds - robins, bluebirds, yellow warblers, brown warblers, mockingbirds, sandpipers, 7 kinds of humming birds, wrens, barn swallows, black swallows, redtail hawks, swan-son hawks, ruffel grouse, ringneck pheasant, morning dove, ground doves, kingfisher, barn owls, pygmy owls, owls, whippoor-wills, chimney swifts, red bellied woodpecker, acorn woodpeckers, larks, swallows, purple martins, chickadees, gray catbirds, redbirds, grackle birds, orange breasted orioles, gray long legged cranes, white legged cranes and wild honey bees and yards full of beautiful flowers and roses.

It is very beautiful and peaceful to walk down to the lake shore late in the afternoon and watch the sun go down upon the water. No wonder Jesus chose the seashores, and the lake shores to do his sermons.

And I sit there and think what a beautiful place it would be for Jesus and his disciples to have preached their sermons. Christ said "he didn't dwell in temples made with hands.

but in the hearts of men and women". There is nothing wrong with church, but we have lost sight of the beautiful places where we can preach Christ.

I feel so fortunate that I have known a Howardwick and very proud, that I live in Howardwick, and if Howardwick had a cemetery, I would be buried in Howardwick.

Friends and people if you have never known a Howardwick, you have missed a lot in life.

Children's Hospitals Get Boost From Stars

Hitching their wagon to the stars are the Shriners Hospitals for Crippled Children. In a newly launched public service campaign, some of Hollywood's best-known stars will promote the free, expert medical care available at Shriners Hospitals. The spots, sent to television and radio stations across the country feature such stars as Burt Reynolds, William Shatner, Jack Klugman and Ed Asner. Here, actor Burt Reynolds receives a plaque from Shrine officer Everett Evans in recognition of his efforts to promote the hospitals.
