## Sales tax receipts up 19.28%

County sales tax is up for the third month in a row, according to State Comptroller of Public Accounts, Bob Bullock.

Bullock said Friday that Texas cities can expect handsome revenue from their local sales taxes as the Texas economic recovery continues to pick up steam.

This month's city allocation checks showed a 23.5 percent increase over June 1987, a growth rate too high to attribute to the broadened sales tax base. "Local governments will continue to see a health increase in revenues from their sales taxes as the state's economy mends and consumer confidence grows," Bullock said. Texas' economic outlook will continue to improve, barring a national recession or a collapse in oil prices, according to Bullock.

"This increase is too great to be attributed to the Legislature's broadening of the sales tax base, which was estimated to bring in an extra 3.5 percent in local revenues," Bullocks aid.

Bullock projected that local sales tax revenues statewide will continue to increase at an average rate of more

than eight percent a year through 1991. Donley County is up 19.28% over the same period last year.

Clarendon received \$8,033.22 for 1988, they received \$3,893.52 for 1987. This is a 24.12% over the same period last year. Clarendon has

## Booth Space Available at County Fair

Once again the Donley County 4-H Clubs are sponsoring the Country Craft Fair, held on the courthouse lawn on July 4, 1988.

Booth space is available for \$10.00 per space, and the 4-H'ers will receive all the proceeds from the rentals.

To reserve your space, contact the County Extension Office at 874-2141. There will be someone there in the mornings, but the office does close at noon. The only guarantee is that your booth will be located on the courthouse lawn, we cannot promise you that you will have shade. To insure that you will have shade, perhaps

you might bring a tractor or patio umbrella, tarp, or something else that can be put up to provide shade.

You are not guaranteed a booth until we receive the \$10.00 booth rental fee, and any booths will be rented on a first come, first served basis.

## Turtle Race July 2nd

### Social Security office changing schedule

The Amarillo Social Security office has announced it is changing the visit schedule to Clarendon.

"A continuing reduction in office staff and a decrease in the number of residents seeing our representative made it necessary to revise the schedule," said Jim Talbot, District Manager.

Beginning in July, the representative will be in Clarendon on the first and third Mondays of each month from 1:00 p.m.-2:00 p.m. in the Donley County Courthouse.

"Service to the area residents will continue to be high," assured Talbot. He emphasized use of the telephone to conduct business. "We can conduct all Social Security business by phone." Teleservice gives the caller an opportunity to take care of Social Security matters in the comfort of the home.

Appointments to file applications for Social Security benefits are an added service. "Appointments assure the applicant of filing an application by phone on a designated day and time," said Talbot.

Area residents wishing to take advantage of teleservice and appointments are encouraged to call the Amarillo Social Security office at (806) 376-2241.

**DONLEY COUNTY SENIOR CITIZENS**

Caring People...A Lamp to the Community

We had a good crowd at Dance Practice on Monday, June 13th, being the second Monday we had the business meeting. Jean gave the report for May as Thelma is enjoying a vacation tour. It was noted that some of the old members have not paid dues for this year, we encourage you all to come in and pay your dues as it's getting close to our annual social party for Members only.

Game Night on Thursday has been slow for the past two weeks - I'll agree six o'clock seems like the middle of the evening - how about 7 p.m. through the summer, we can go back to six during the winter months.

Musical Jam Session on Friday June 17th was a dandy. There were thirty-four listening and twelve making the music - a total of forty six people present, isn't that good. Musicians present were Lucille Swain, Hugh and Nova Neuhaus, Floyd Crofford, Jack Davidson, Forrest and Maxine Denton, Fred Fortenderry, Cecil Munden, Creed Smith, Forrest Munden, Dee Williams and I had a ball beating the drums.

Don't forget next Tuesday, June 28th is Birthday/Anniversary salad supper. Bring your favorite pot luck dish and join us for an evening of fun and fellowship. We have a short program planned after supper, so plan to be here. It's not long till our 4th of July St. Roost Celebration. We want to let you know the Center will be Closed on Monday, July 4, 1988.

Deuteronomy 6:7-9  
A Matter of Perspective

By JON LEGGETT

Rearing its rugged, rocky head directly from the desert floor, having virtually no foothills, mighty El Capitan, one of Texas' tallest mountains, never fails to impress travelers along U.S. 180 near Pine Springs, some 100 miles east of El Paso.

El Capitan's base forms a sort of rock skirt surrounding, and gradually sloping upward to, a massive, near-vertical tower which soars to 8078 feet. One could pile adjective upon adjective to describe the effort-majestic, awesome, monumental, frightening-and still not do justice to the scene.

Behind El Capitan, and from many angles hidden by it, stands Gadalupe Peak. Guadalupe is much less angular, has a rounded peak, and looks, at least in comparison to El Capitan, rather dowdy, and considerably lower. Dowdy, possibly. Lower, absolutely not. For Guadalupe's crown rises to 8751 feet, easily Texas' Tallest, and nearly 700 feet higher than its impressive neighbor. It's all a matter of perspective.

Our relative position and distance from any object or situation determines, at least in part, how we view that object or situation. This is certainly true in the spiritual world as well as in the physical. Let's look at several situations from God's Word, and see what a difference it makes when we see things from God's perspective.

Joseph's brothers, repentant at last for selling him into slavery, and fearing reprisal at the hand of their now-powerful brother, fell on their faces in his presence. But Joseph, looking back over all that God had done in his life, said, "... Ye thought evil against me; but God meant it unto good, to bring to pass, as it is this day, to save much people alive" (Genesis 50:20). It's all a matter of perspective.

As the armies of Israel covered in fear of the Philistines, and especially of Goliath (I Samuel 17), the soldiers were saying, "How can we win against such an enemy?" David was thinking, "How can I miss such a big target?" It's all a matter of perspective.

tive.

As the Lord prepared to feed the five thousand, the disciples looked at the five loaves and two fishes which had been found, and said, "... What are they among so many" (John 6:9)? Jesus, on the other hand, saw an opportunity not only to meet the physical needs of the crowd, but also to teach us that little is much in the hands of God. Against, a matter of perspective.

And in a wonderful example of heavenly perspectives, we see Jesus calling his disciples from all walks of life, seeing a capability and a potential in them that no one else saw. Jesus saw in two rough fishermen personalities that, by the touch of His transforming hand, would become "fishers of men" (Matthew 4:19), and Peter and Andrew became just exactly that.

Jeremiah, after visiting the potter's house, wrote, "And the vessel that he made of clay was marred in the hand of the potter; so he made it again, another vessel, as seemed good to the potter to make it" (Jeremiah 18:4). God, from His marvelous perspective, still sees in us -- in you -- the beautiful vessel that can, and should, appear. Let His perspective, His power, the touch of His hand, remake you into what you ought to be.

From what vantage point are you looking at life? Your perspective makes all the difference in the world. Do you see things from the correct angle, or, like looking up at El Capitan from Pine Springs, do you get a distorted picture of the size and importance of things?

A song we sing rather often offers some good advice for correcting our spiritual perspective:

"Turn you eyes upon Jesus, Look full in His wonderful face, And the things of earth will grow strangely dim In the light of His glory and grace." Obit

There is something missing from my life today as I came to church, I looked around, did not see you.

My prayers is that you are well, and I want you to know when you are not here in the Lord's house, I miss you and feel the loss of the fellowship as a Church Family that we enjoy together.

May God bless you in his love.

Your Church Family in Christ

## Give your family: THE BEST

We, as parents, are continually striving to do the best that we can for our children. We want them to be in the best of health; We want them to obtain the best education possible; We want to do what we can to provide the best of this world's goods... But Jesus said,

"For what does it profit a man to gain the whole world and forfeit his soul? For what shall a man give in exchange for his soul?"

MARK 8:36&37

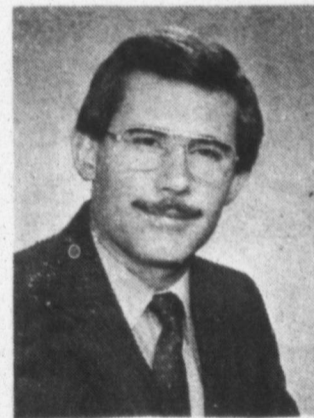

Even if we do manage to give our children the best this old world has to offer, and yet we do not give them what they need to obtain eternal life... we have failed them miserably!

Why not give your family the VERY BEST: An education in the Word of God and a genuine faith in the Lord Jesus Christ... nothing else can give them "abundant life" in this present world and the hope of "life eternal" in the world to come!!!

### Howardwick Neighborhood Watch

The program on neighborhood watch, scheduled for last Friday's monthly Friendship Club Supper, had no program, as the featured speaker failed to show up. However, the speaker, Stan Kroff, from Canyon DID turn up Saturday night. Somewhere down the communication line broke down, and he had in his date book, Saturday, August 18. Mr. Kroff, on invitation, went to the home of Joe and Margaret Wells, the Clayton Srygley and the Dr. Louis Haydon's were "rounded up" and those 3 couples were so impressed with the small presentation he gave, that he was extended an invitation to return to Howardwick on August 19th (the regularly scheduled Friendship Supper night). The 3 aforementioned couples sincerely hope that many many Howardwick residents will plan to be in attendance! Hopefully, they can then set up a real program of Neighborhood Watch.

### Medical Center

BY VERA JOHNSON

The residents of Medical Center enjoyed another Vacation Bible School 6-10 of June. This is the second year we have had V.B.S. We use our commencement exercises for our parents Day Celebration Program.

Last year we studied the life of Moses and the 10 commandments was our memory work.

This year we studied the Holy Spirit in the Life of Christ, and the 9 Beatitudes was our memory work.

All the families of the residents were mailed invitations to come honor their parents on June 10 at 3 p.m. Everyone enjoyed hearing their parents sing and give the salute to the U.S. and Christian Flags and the Holy Bible.

Larry White, our administrator, gave the welcome to all the visitors, and after the program was given, he gave each resident a V.B.S. Diploma. Twenty-one received diplomas. Refreshments of punch, cookies and fruit were served to all present.

We wish to give Joan Kidd special thanks for playing the piano each morning and Nell Vitarelle for registering the guests, also Harlan Flowers for the beautiful vases of flowers for our tables, and to Grace Youngblood for our diplomas and attendance and First Baptist Church for film strips.

Jeanie Formway led in the memory work study and pledges, and Vera Johnson led in the Bible Study. All had a lovely week. We had 21 guests and 26 residents present.

**Glucose Control in Diabetics**  
Control of blood glucose levels is absolutely essential in the person with diabetes. If levels get too high, for any reason, the body may start to break down fat. The ketones that are produced, when fat is broken down over a period of time, are toxic to the body. High ketone levels can cause upset stomach, vomiting, deep and hard breathing, and stomach cramps. In addition to these problems, some antiinfective and antifungal medicines are rendered ineffective in the presence of high blood glucose levels.  
If, on the other hand, blood levels of glucose get too low (often due to excessive doses or too frequent dosing of medication), the diabetic may experience profuse sweating, confusion, headaches, pounding of the heart, nervousness, irritability, and even loss of consciousness.  
In order to maintain blood glucose at the correct level, the diabetic should always eat a proper diet at the right time of day, exercise after meals or eat a snack before exercising, and take insulin or oral diabetes tablets at the correct times. The diabetic should also consider purchasing a portable blood glucose meter and learning how to monitor blood glucose levels.
